FINANCE DEPARTMENT-COMPTROLLER'S OFFICE,) May 12, 1882

To the Commissioners of the Sinking Fund :

GENTLEMEN—A resolution was adopted April 6, 1882, authorizing a lease of the armory for the Eighth Regiment for five years from May 1, 1882, on the same terms and conditions as the old lease of said premises.

On account of a condition in the old lease, providing for an expenditure of \$1,000 to fit up the armory originally, which expenditure is not now necessary, and also to include four months from January 1, 1882, when the old lease expired, another resolution is now presented to modify the new lease accordingly.

Respectfully,

ALLAN CAMPBELL, Comptroller.

Resolved, That the lease of the premises occupied as an armory by the Eighth Regiment, N. G. S. N. Y., authorized on April 6, 1882, for the term of five years, from May 1, 1882, be and the same shall be for the term of five years and four months from January 1, 1882, without the condition in the old lease requiring the lessor to spend one thousand dollars for stoves and other fixtures needed, which amount has been paid, but all other conditions to continue the same.

The report was accepted and on motion the resolution was adopted.

II.

FINANCE DEPARTMENT-COMPTROLLER'S OFFICE, 1 May 12, 1882.

To the Commissioners of the Sinking Fund :

GENTLEMEN — Herewith I submit an application, accompanied with certificates required by the Military Code, from the Ninth Regiment, N. G. S. N. Y., for a new lease of the armory now occupied by it on Twenty-sixth street, between Seventh and Eighth avenues, for the term of five years, from May I, 1882.

More room was desired by the regiment, which has caused delay in making terms with the lessors, but finally they have agreed to give additional space for the accommodation of the regiment, as described in the application, and as stated in the accompanying communication from the lessors ; they agree also to expend the sum of \$1,800 for necessary alteration of the premises, and will lease the same to the city at the yearly rent for the whole, of \$15,000 per annum, for the term of five years from May 1, 1882.

I consider the rent fair and reasonable, and recommend a lease of the premises for the purpose

Respectfully,

ALLAN CAMPBELL, Comptroller.

[Application Filed.]

Whereas, The Commissioners of the Sinking Fund are satisfied that it will be for the interest of the City to lease the premises now occupied by the Ninth Regiment, N. G. S. N. Y., for a further term of five years and that the rent thereof as stated in the Comptroller's Report is fair and reasonable.

Resolved, That pursuant to the provisions of chapter 461 of the Laws of 1880, the Comptroller be authorized to lease the premises situated on Twenty-sixth street, between Seventh and Eighth avenues, for the use of the Ninth Regiment, N. G. S. N. Y., as an armory and drill-rooms, for the term of five years from May 1, 1882, at the yearly rent of fifteen thousand (\$15,000) dollars; and the Counsel to the Corporation is requested to prepare a lease to the city of said premises, containing the usual covenants and special covenants, the same as in the old lease, together with a condition that the lessors shall give the additional space desired for the use of the Regiment and also make alterations and repairs not to exceed eighteen hundred dollars in amount, as agreed; and the Comp-troller is hereby authorized to enter into and execute such lease on behalf of the Mayor, Aldermen and Commonalty of the City of New York, when so prepared and approved by the Counsel to the Corporation, and upon compliance with all the requirements of law applicable to the leasing of property for the use of the National Guard of the State of New York.

The report was accepted and on motion the resolution was adopted.

I have had an examination made of this building, and a report of its dimensions and condition is herewith submitted. Respectfully,

ALLAN CAMPBELL, Comptroller,

Resolved, That the Comptroller be authorized to lease at public auction, for the highest mark-etable price, or yearly rental, after public advertisement and appraisal, in accordance with the pro-visions of the Charter of 1873, for the term of five years from May 1, 1882, the second story of the Centre Market building, and the building corner of Elm and White streets, known as the "City Armory

The report was accepted and, on motion, the resolution was adopted.

The Comptroller submitted the appraisement by S. C. Holmes of the annual rent of Gouver-neur Market and of the school-house and lot at Williamsbridge, to be leased at public auction.

[Appraisement filed.]

Whereupon the following resolution was, on motion, adopted, viz.:

Resolved, That the valuations of the yearly rental of Gouverneur Market and the school-house at Williamsbridge, to be leased, as authorized by resolutions adopted April 6 and 18, be and the same are hereby approved and confirmed.

The Comptroller submitted the following preamble and resolution, which, on motion, were adopted, viz.

Whereas, It appears that several bills are now pending in the Legislature to establish and regu-late ferries between the City of New York and the opposite shores of Long Island, and grant franchises to operate and maintain the same; and

Whereas, The absolute and exclusive right to establish ferries within and around the City of New York, and grant franchises to operate and maintain the same, was granted to and vested in the Corporation of said City by the Dongan and Montgomerie charters, and these charters have been ratified and confirmed by various acts of the Legislature, thereby continuing in full force to the present time the rights and powers in said Corporation to establish such ferries and grant franchises to operate and maintain the same; and

Whereas, The twelfth clause of section 18 of Article 3 of the Constitution of the State of New York expressly prohibits the Legislature from passing a local bill, "Granting to any private corporation, association or individual any exclusive privilege, immunity or franchise whatever;" therefore

Resolved, That the Commissioners of the Sinking Fund respectfully request the Honorable the Legislature of the State of New York, not to pass any bill to establish and regulate any ferry, and grant to any ferry company the right to operate and maintain any ferry within the City of New York, and that the Comptroller be requested to transmit this resolution to the Honorable the Senate and Assembly

The Comptroller submitted the following communication from the Commissioners of Docks, in relation to Senate bill No. 215, providing for extension of pier line between Bushwick and Newtown Creeks, East river, viz. :

Α.

CITY OF NEW YORK-DEPARTMENT OF DOCKS, May 8, 1882.

Hon. WILLAM R. GRACE, Mayor and Chairman of the Board of Commissioners of the Sinking Fund of the City of New York:

SIR--At a meeting of the Board governing this Department, held on May 3, 1882, I was directed to call the attention of your Honorable Board to the provisions of Senate Bill No. 215, which provides for a new pier-line on the Brooklyn side of the East river, between Bushwick and Newtown creeks, and encroaching on the East river some 250 feet.

This Board has addressed a communication to the Senate of the State of New York, protesting and remonstrating against the passage of the bill, on the ground that the present lines were established after careful observation by the most eminent engineers in the service of the U. S. Government, and after years of examination and study of the subject, and also that by narrowing the river at this point it will greatly increase the velocity of the current, and render navigation by sailing vessels more difficult than it is even now, and will have the effect of injuring the commerce of the cut to some extent of the city to some extent.

I am directed by the Board to respectfully request your Honorable Board to unite with them in opposing the passage of this bill.

В.

Very respectfully, your obedient servant,

JOHN T. CUMING, Secretary.

MAY 8, 1882.

Hon. GEORGE G. HOSKINS, President of the Senate, Albany, N. Y.:

SIR—I am directed by the Board governing this Department to address you in reference to the provisions of Senate Bill No. 215, entitled An act to establish the pier line on the Brooklyn shore of the East river, between Bushwick and Newtown creeks, and to respectfully request that their most earnest protest and remonstrance against the passage of the same may be presented to the Senate when the bill shall come before it for consideration. Among the many objections which exist, and which can be urged against the passage of the bill, the Commissioners composing this Board desire to call attention to the following grounds of objection to it:

Ist. That the lines laid down by the Harbor Commissioners for exterior and pier and bulkhead lines were fixed and determined after careful consideration, and from surveys and reports made in relation thereto by the most eminent and distinguished engineers in the service of the U. S. Government at that time, and after years of careful investigation and observation to change the lines now would be injudicious and prove detrimental to the commerce and prosperity of the Harbor of New York, unless after careful examination by competent engineering ability it should be proved otherwis

2d. That the East river at the present time is narrower at the point affected by this bill than at any other point in the vicinity, and to reduce the width of the river by some 250 feet more, as is provided for by this bill, would prove a serious detriment and hindrance to the navigation of the river by sailing vessels, as the velocity of the current would be thereby increased correspondingly.

I beg leave to enclose herewith a map prepared by the Engineer-in-Chief of this Department, of the East river, from Bushwick creek to Newtown creek, showing the existing bulkhead and pier lines on both sides of the river, and also showing how the pier line on the Long Island side is proposed by this bill to be extended into the river. By this map you will perceive that at the foot of Seventeenth street, East river, on the New York side, the bulkhead is extended some 450 feet into the river beyond the bulkhead line established by the Harbor Commissioners. This property was filled in, and the extension made before the present Dock Department was organized in this city.

The report was accepted and, on motion, the resolution was adopted.

IV.

FINANCE DEPARTMENT-COMPTROLLER'S OFFICE,) May 12, 1882.

To the Commissioners of the Sinking Fund :

GENTLEMEN—A part of the second floor of the Centre Market building, formerly occupied by the Fifth Regiment, N. G. S. N. Y., is now vacant, and a part is held under a temporary lease. It seems desirable to lease the whole second story together, for the purpose of some light manufac-It seems desirable to lease the whole second story together, to gether, for the purpose of some night manufacturing business, and I recommend that a lease of the premises be authorized for a term of five years from May 1, 1882, with the condition that the lessee shall take the premises in their present condition, and shall make such alterations and repairs as are needed, at his own cost and without any expense to the city, and also that no heavy machinery requiring steam power shall be permitted to be used on the said market premises, "the walls and roof of the market to be kept in repair by the city.

The building belonging to the city on the corner of Elm and White streets, known as the "City Armory" or Arsenal, is also vacant and no longer required for military purposes.

It may be leased for a storage warehouse, or for a machine shop, or other mechanical business, and I recommend that a lease of these premises be also authorized for the same term and on the same conditions, except as to steam power and machinery.

In conclusion, may I request that due consideration be given to this expression of the opinions of the members of the Board governing this Department in respect to the proposed bill, which it is their unanimous desire may not become a law.

Very respectfully, your obedient servant,

JOHN T. CUMING, Secretary. (Signed),

[Map Filed.]

Whereupon the following preamble and resolution, submitted by the Comptroller, were, on motion, adopted, viz .:

Whereas, The Commissioners of Docks have requested the Commissioners of the Sinking Fund to unite with them in opposing the passage of Senate Bill No. 215, entitled, "An act to establish the pier-line on the Brooklyn shore of the East river, between Bushwick and Newtown creeks;" and

Whereas, The Commissioners of Docks have presented to the Senate a protest against the passage of said act, stating, as objections to its provisions, that the proposed new pier-line of the East river extends about 250 feet beyond the lines between Bushwick and Newtown creeks, Long Island, laid down and established by the Harbor Commissioners as the exterior pier and bulkhead lines, fixed and determined by surveys of the harbor by engineers in the service of the Government of the United States, and that such extension and encroachment into the East river beyond the lines established by the Harbor Commissioners would narrow the width of the river, increase the velocity

of the current and prove a serious detriment to navigation by sailing vessels especially, causing great injury to the commerce of the Harbor of the City of New York ; and

Whereas, Such extension of the pier and bulkhead lines into the East river would be very det-rimental to the public interests, and would only benefit private parties and corporations, owners of the adjoining uplands, by filling in the fronting lands under water and gaining the same out of the East river; therefore,

Resolved, That the Commissioners of the Sinking Fund do hereby unite with the Commis-sioners of Docks in protesting against the passage of said Senate Bill No. 215, and fully concur in and approve of the reasons assigned by them why said bill should not become a law, and that the Comptroller be requested to transmit this resolution to the Honorable the Senate of the State of New Vertex

A communication was received from the Police Commissioners, requesting that the premises located in Old Slip, and now occupied and known as Franklin Market, may be appropriated and set apart for the purposes of a station-house, lodging-house and prison for the First Police Precinct ; which, on motion, was referred to the Comptroller.
