M. on Tuesday, June 20, 1893, at which place and hour they will be publicly opened.

No. 1. FOR REGULATING, GRADING, SETTING CURB-STONES, FLAGGING THE SIDEWALKS AND LAYING CROSSWALKS IN WALES AVENUE, from One Hundred and Fifty-first street to Westchester avenue.

No. 2. FOR CONSTRUCTING SEWER AND APPURTENANCES IN ONE HUNDRED AND FIFTY-SIXTH STREET, from existing sewer in Railroad avenue, East, to summit east.

No. 3. FOR CONSTRUCTING SEWER AND APPURTENANCES IN ONE HUNDRED AND FIFTY-SIXTH STREET, from existing sewer in Courtlandt avenue to summit west.

No. 4. FOR CONSTRUCTING SEWER AND APPURTENANCES IN ONE HUNDRED AND SEVENTY-THIRD STREET, from the existing sewer fifty-five feet west of Anthony avenue to Morris avenue.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the City.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any other information desired, can be obtained at this office.

LOUIS F. HAFFEN,  
Commissioner of Street Improvements,

# TO CONTRACTORS.

(No. 449.)

PROPOSALS FOR ESTIMATES FOR PREPARING FOR AND BUILDING A CRIBWORK BULKHEAD ON THE WESTERLY SIDE OF RIKER'S ISLAND, IN THE EAST RIVER, OR LONG ISLAND SOUND.

ESTIMATES FOR PREPARING FOR AND building a Cribwork Bulkhead on the westery side of Riker's Island, in the East river, or Long Island Sound, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 11 o'clock A. M. of

TUESDAY, June 20, 1893,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Sixty Thousand Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

CRIBWORK BULKHEAD.

1. About 3,000,000 cubic feet, more or less, of Cribwork, complete, including Mooring-posts.
2. 263 Spruce, Pine or Cypress Fender Piles, about 45 feet long.
3. Materials for Painting and Oiling or Tarring.
4. Labor of every description for about 4,172 linear feet of Cribwork Bulkhead.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the 1st day of December, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect to do so, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such

deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. ## TERMS AND CONDITIONS OF SALE.

The highest bidders will be required to pay ten (10)  
per cent. of the purchase money and the auctioneer's  
fee on each lot, piece or parcel of land at the time and  
place of sale; thirty (30) per cent. upon the delivery of  
the deeds within thirty days from the date of sale; and  
the balance, sixty (60) per cent. of the purchase money,  
or any portion thereof, may remain, at the option of the  
purchaser, on bond and mortgage for five years, with  
interest at the rate of six per cent. per annum, payable  
semi-annually, the mortgages to contain the customary  
thirty days' interest and ninety days' tax clauses.

The bond and mortgage may be paid off at any time  
within the term thereof, on giving thirty days' notice to  
the Comptroller, or it may be paid by installments of  
not less than five hundred dollars, on any day when the  
interest is due, or on thirty days' notice. The bonds  
and mortgages will be prepared by the Counsel to the  
Corporation, and the sum of twelve dollars and fifty  
cents will be charged for drawing, acknowledging and  
recording each separate mortgage. If more than one  
lot of land is included in any mortgage, the whole

forbidden by law.

The Comptroller may, at his option, resell any lot

fail to comply with the terms of the sale, and the party  
who may fail to comply therewith will be held liable for  
any deficiency that may result from any such resale.

the Mayor, Aldermen and Commonalty of the City of  
New York, their successors and assigns, for the main-  
tenance and preservation of the aqueduct underneath the  
surface of said lands as the same now exists, in certain  
parcels, as noted in the description.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 9, No. 31 Chambers street.

#### TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.

## SUPREME COURT.

In the matter of the application of The Mayor, Aldermen and Commonality of the City of New York, for the appointment of Commissioners of Appraisal under chapter 114 of the Laws of 1892, passed March 9, 1892, entitled "An Act to provide for settling and establishing permanently the location and boundaries of the avenue known as Fort Washington Ridge Road in the City of New York, and in relation to the improvement thereof."

**NOTICE IS HEREBY GIVEN THAT WE, THE** undersigned, Michael J. Mulqueen, Walter Stanton and Charles Place, have been appointed Commissioners of Appraisal under the provisions of chapter 114 of the Laws of 1892, by an order of the Supreme Court, filed in the office of the Clerk thereof, in the City and County of New York, on the 9th day of May, 1893, and that we have made and filed in the said office on the 16th day of May, 1893, the oath required by the twelfth article of the Constitution of the State of New York.

A brief statement of the purposes for which we have been appointed is as follows:

We, the said Commissioners, are to ascertain and determine the compensation which ought justly to be made by the Mayor, Aldermen and Commonality of the City of New York, to the owners or persons interested in the real estate proposed to be acquired or affected for the purposes named in the said act, designated upon the map made, certified and filed by the Commissioners appointed under section 2 of chapter 114 of the Laws of 1892, in the office of the Commissioner of Public Works, on the 4th day of November, 1892, and also in the office of the Register of the City of New York on the said last mentioned date, entitled as follows: "Map showing Fort Washington Ridge road, now called Fort Washington avenue, as approved by the Commissioners appointed under chapter 114, Laws 1892, showing property taken under proceedings confirmed April 21, 1876, and also property to be taken under the act aforesaid, October 31, 1892," which said real estate or lands are described in paragraph ninth of the petition in the proceeding entitled as above, which petition was filed in the office of the Clerk of the City and County of New York on the 8th day of May, 1893.

We, the said Commissioners, also intend to separately ascertain and determine the compensation which ought justly to be made by the Mayor, Aldermen and Commonality of the City of New York to the owners or parties interested in the lands and premises which on the 9th day of March, 1892, had a frontage upon the said road as originally laid out, or which the Commissioners of the Department of Public Parks intended should front thereon, but which has lost or been deprived of such frontage on the road as established by the Commissioners under the third section of said act, or have been otherwise injuriously affected by the action of said Commissioners, or by any proceedings had under said act.

We, the said Commissioners, also intend to separately appraise and designate in our report the compensation which should justly be made to the Mayor, Aldermen and Commonality of the City of New York for any grant or conveyance to the owner of contiguous property of all the right, title and interest of said city in and to the land theretofore acquired for said road, but outside of the lines thereof as established under the said act.

We, the said Commissioners, shall also proceed in the manner required and specified in said act to assess on account of the expenses heretofore actually paid or incurred by the said Mayor, Aldermen and Commonality of the City of New York, for and on account of the work of regulating and grading or otherwise improving said road, and which have also been incurred under and pursuant to the provisions of said act prior to our appointment, all such parties and persons, lands and tenements, as we may deem to be benefited thereby.

Furthermore, we, the said Commissioners, do require all parties and persons, owners, lessees or other persons interested in the real estate taken for the purposes of this act or any part thereof, or affected by the proceedings had under or authorized by this act, and having any claim or demand on account thereof, to present the same to us, duly verified, at the place hereinafter mentioned, with such affidavits or other proof in support thereof as the said owner or claimant may desire, within sixty days from the date of this notice.

We, the said Commissioners, do further state the 18th day of August, 1893, at 12 o'clock M. of that day, and Room 76, at No. 115 Broadway, in the City of New York, as the time and place when said parties and persons shall be heard in relation thereto by us as Commissioners.

In case any such person or claimant shall desire, at the time and place fixed for such hearing, to offer further and additional proofs or testimony, such person or claimant will be heard, or such proofs or testimony will be received by us.

Dated at New York this 5th day of June, 1893.
