DEPARTMENT OF PUBLIC CHARITIES.

REPORT FOR THE QUARTER ENDING MARCH 31, 1907.

Department of Public Charities of The City of New York,
Foot of East Twenty-sixth Street,
May 24, 1907.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—I have the honor to transmit herewith, pursuant to the provisions of section 1544, chapter 466, Laws of 1901, the report of the Department of Public Charities of The City of New York for the quarter ending March 31, 1907 together with the reports of the heads of the institutions under the jurisdiction of the Department for the same period.

Census for the Quarter.

The average daily census of patients in all the hospitals, schools for the feeble minded, asylums, homes for the aged and infirm and other institutions of the Department for this quarter has been 8,515, as against 8,433 for the corresponding period for the preceding year, and 505 more than the preceding quarter.

New Buildings, Alterations and Improvements.

Sea View Hospital.

January 7, 1907, Mr. Raymond F. Almirall, architect, was written to in re above hospital as follows:

"New York, January 7, 1907.

"Mr. RAYMOND F. ALMIRALL, No. 51 Chambers Street, New York City:

"Dear Sir—Superintendent FitzGerald, who was deputed to represent me in considering the plans of the proposed Sea View Hospital at Staten Island, reports that, in his opinion, such a hospital as at present planned cannot be constructed for \$2,000,000, with or without the architect's fees. Superintendent FitzGerald further reports as follows:

"The cost as per bids received for the eight ward buildings as projected was in excess of \$1,000,000, without heating, lighting or plumbing.

"Notwithstanding that the architect had modified the buildings somewhat and made certain eliminations, and recommends the omission of two buildings, I doubt that the other six ward buildings could be constructed for \$1,000,000, with heating, lighting and plumbing installed.

"The proposition to build the six ward buildings for \$1,000,000 does not include the conduit from the power station to these buildings nor the overhead inclosed passageway.

"If the six ward buildings cannot be constructed for \$1,000,000, together with the necessary conduits and passageway, it is obvious that the remaining two ward buildings and accessory buildings required for the completion of the institution, namely, the chapel, nurses' home, entertainment hall, dining room building, power house, laundry, ambulance house, stables, administration building, with the required equipment, which would necessarily be a part of the construction, could not be constructed for \$2,000,000.

"To complete the institution as projected will, in my judgment, cost more than \$2,500,000, if the number of patients at present contemplated are to be provided for."

"I desire to have the plans, including all fees, brought within the proposed appropriation of \$2,000,000.

"Further than this, I find in the minutes of the Board of Estimate and Apportionment under date of October 24, 1905, the following, contained in the report of Eugene E. McLean, Engineer of the Finance Department, recommending the appropriation for the hospital:

"The Commissioner requests that the Board of Estimate and Apportionment authorize the full amount, \$2,000,000, for the completion of all the buildings, and I see no reason why the City should not commit itself to the general scheme as outlined by the architect, and I would so recommend, but as it is impossible to expend all the money within a year or two, I would suggest to only provide for a portion of the plant, there being at present \$200,000 available for the purpose. I would suggest that \$800,000 be authorized by the Board, making a total of \$1,000,000; this will provide for the erection of the Administration Building, four of the eight ward buildings, power house and plant, ambulance station, connecting passageways and tunnel, nurses' home and dining hall."

"In order to keep on proper terms with and to have the support of other City officers and departments, it seems to me desirable to follow their views and recommendations as far as possible.

"Kindly give this your consideration and let me know the result as soon as possible, thereby obliging,

"Respectfully yours,

(Signed) "ROBERT W. HEBBERD, Commissioner."

Tuesday, January 29, 1907, the architect, Mr. Raymond F. Almirall, and the Commissioner of Charities visited Blackwell's Island and discussed the location, accommodation and design of the following buildings in connection with the Metropolitan Hospital:

1. Staff house.
2. Dining room.
3. Kitchen and service building.
4. Alteration and extension of present power house and laundry building.
5. Stable and shop building.
6. Pathological and morgue building.
7. Reception building.
8. New hospital building.

The architect was instructed to at once start the sketch drawings for the above buildings on the general ideas that were then agreed upon.

February 1, 1907, suggestions were requested from the President of the Medical Board, Secretary, State Charities Association, and the Superintendent of the Metropolitan Hospital, in the following letter:

"In the Department's next request for an issue of Corporate Stock for improvements in this Department, I am considering the advisability of asking for sufficient funds to construct at the Metropolitan Hospital on Blackwell's Island the following buildings:

- "1. Staff house.
- "2. Dining room, kitchen and service building.
- "3. Alteration and extension of present power house and laundry building.
- "4. Stable and shop buildings.
- "5. Pathological and morgue building.
- "6. Reception building.
- "7. New hospital building.

"Your suggestions as to capacity, size, form and location of structure, together with all the other more general requirements, are respectfully requested at your early convenience."

On February 27 the architect submitted the preliminary sketches for the above buildings in the following letter:

"New York, February 27, 1907.

"In re: Blackwell's Island Buildings.

"Hon. R. W. HEBBERD, Commissioner, Department of Public Charities, Foot East Twenty-sixth Street, New York:

"Dear Sir—I beg to forward herewith the original preliminary sketches and four blueprints of each drawing of the following proposed buildings for the Metropolitan Hospital District: (1) the staff house; (2) the kitchen, service and storage building; (3) the group of the laundry, power house, shop and stable buildings; (4) the morgue and pathological building, and (5) the reception building.

"These buildings have all been carefully studied out to provide economically and properly not only for the present demands, but to anticipate the requirements of the future, in the development for greater hospital purposes of the northern end of Blackwell's Island, though, on account of their simplicity and the low prices approximately estimated, there is not allowed any leeway for extravagance of any kind.

"It is contemplated to face all elevations with stone similar in color, quality and laying up to that of the old buildings; to use practically fireproof construction throughout and to equip them completely.

"All approximate costs are based on present prices of material, labor and equipment.

"1. Referring to the staff house, provision is made in the present design (which permits of extension to double the capacity) for thirty-four (34) doctors and six (6) servants. Its present size is approximately one hundred and two (102) feet in length, forty (40) feet in width and sixty (60) feet in length from top of roof to bottom of footings. It is estimated to cost approximately eighty thousand dollars (\$80,000).

"There is at present no Staff House and the doctors are, in consequence, obliged to live in the hospital buildings, contrary to the accepted best policy for their housing and health and, incidentally, administrative effectiveness.

"2. Referring to the Kitchen, Service and Storage Building, provisions are made for refrigeration and machinery; general storage for meats and food stuffs and general supplies; for dining rooms accommodating about five hundred help (male and female); officers' dining room; for general kitchen, diet kitchen and accessories. Its size is approximately one hundred and seventy (170) feet in length, one hundred and two (102) feet in width and eighty (80) feet in height from bottom of monitor to bottom of footings. It is estimated to cost approximately four hundred and fifty thousand dollars (\$450,000).

"The existing kitchen building is a 'ramshackle' structure, providing the most inadequate service and no storage capacity, diet kitchens, help dining rooms and the like. It is almost up against the Metropolitan Hospital building, a constant and undeniable nuisance and source of discomfort to the patients and, on account of its condition and inadequacy, a menace to the general health of the district.

"3. Referring to the group of the laundry, power house, shop and stable buildings, provisions are made for adequate general laundry and separate staff and nurses' laundries, with proper disinfecting, sorting, mending and store rooms, so that the laundry work may be rapidly and economically handled and mended. The power house provides generally boilers of two hundred and fifty (250) horse power units, pump rooms, machine shop and overhead coal bunkers for direct reception and service of coal to boilers. The shop wing provides generally a large carpenter shop for the manufacture of coffins and repair work, and shops for painting, roofing and metal work, wheelwright and blacksmith work and general storage of such supplies. The stable provides for some thirty horses and suitable accommodations for vehicles, with hostlers' rooms and feed storage above. Office rooms are provided for the chief engineer and superintendents of shops and laundries.

"The grouping of these buildings economizes space. The 'L' wings are joined to the existing laundry and power house and are approximately each thirty-two (32) feet in width, each 'L' eighty-two (82) feet in length on west front and one hundred and

fifty (150) feet in length on the north and south fronts (not including the thirty-two (32) feet width of the west front), and the height is generally forty (40) feet, with the exception of the boiler house, which is fifty-five (55) feet in height, and includes hoisting tower, conveyor and addition to stack. The stable, which closes up the 'L's,' is approximately one hundred and fifty (150) feet in length, forty (40) feet in width and forty (40) feet in height.

"The existing laundry and boiler house is to be altered to accommodate the proposed and proper laundry equipment and extended as described above.

"The estimate of approximate cost of construction of alterations and extensions, exclusive of boilers, laundry and other equipment, is four hundred thousand dollars (\$400,000). It is hardly practicable from the preliminary sketches to determine the cost as yet of the equipment; however, one hundred and fifty thousand dollars (\$150,000) might be allowed for this purpose.

"The existing shops and stable buildings are old wooden sheds, are a danger from fire and must be removed in the development of this district. The existing combined laundry and power house is inadequate in size, accommodations and equipment; provides only one laundry for staff, Nurses, help and patients, and has no disinfecting, sorting, mending or store rooms, and is partly over the boilers, while the boiler room is inadequate in size, the boilers of a smaller unit than is economical under the present conditions, and the coal handling inconvenient and expensive.

"4. Referring to the Morgue and Pathological Building, provisions are made for a Morgue to hold thirty-six (36) bodies; a proper waiting room, undertaker's room and chapel, for those who must necessarily take advantage of them; Surgeons' and autopsy rooms and the laboratories, completing the Pathological Department. Its size is approximately eighty-five (85) feet in length, forty-eight (48) feet in width and forty (40) feet in height from top of roof to bottom of footings. It is estimated to cost approximately fifty thousand dollars (\$50,000).

"A wooden kiosk, like an inclosed band stand, is the present morgue; no autopsy and accessory rooms exist and the laboratories are scattered throughout the buildings.

"5. Referring to the reception building, provisions are made to receive, bathe and examine patients (detention rooms are provided for contagious cases); and to fumigate and store personal effects for both male and female, the sexes being separated throughout, including entrances and exits. Its size is approximately one hundred and forty-five (145) feet in front length, forty (40) feet in width and forty (40) feet in height. Each of the two wings is fifty (50) feet in length, twenty-five (25) feet in width and thirty (30) feet in height, from top of roofs to bottoms of footings. It is estimated to cost approximately one hundred thousand dollars (\$100,000).

"There is a small, inadequate building near the present dock which of necessity is forced to partly serve this purpose, to which it is in no way adapted.

"In this connection, I would bring to your attention the advisability of considering the installation of salt water mains for fire service and the increase in size of the fresh water mains, the substitution of low pressure pipes for heating and the retention of the high pressure steam pipes for cooking and other like services, the proper drainage of the soil and protection from dampness of the foundations of the Metropolitan Hospital, the extension and building of the additional service tunnels and extensions of heating and water mains to and in connection with the new buildings. Proper estimates can be made for this work when the general plan of this district is determined.

"Generally speaking, all of these buildings and work are immediately required, as the present structures serving the purposes are inadequate, dangerous and wasteful, if they exist at all, and it is imperative for the proper housing and care of the patients, help, Nurses and staff, that these accommodations should be furnished as soon as possible.

"In regard to the proposed hospital building, fifty or a hundred thousand dollars should be allowed at present, in order to sign a contract for the preparation of the preliminary drawings, borings, etc.

"Trusting that the sketches and descriptions may be satisfactory to you, I would respectfully advise that the work be pushed as rapidly as practicable to the end that the building contracts may be let this fall, if possible.

"Respectfully yours,

(Signed) "RAYMOND F. ALMIRALL."

Proposed Buildings for Tuberculosis Patients, Blackwell's Island.

On March 7, the architect, Mr. R. F. Almirall, submitted the following statement:

New York, March 7, 1907.

"In re: Blackwell's Island Buildings.

"Hon. R. W. HEBBERD, Commissioner, Department of Public Charities, foot of East Twenty-sixth Street, New York:

"Dear Sir—To properly accommodate the tuberculosis patients now assigned to the infirmary at Metropolitan Hospital and provide for a reasonable growth in the institution, the capacity of the present buildings will have to be greatly increased.

"According to Dr. Mills, who you wished to confer with me about the requirement of the proposed additions, provision should be made for the following:

"1. An operating room with adjoining sterilizing room, etherizing and recovery rooms and dressing rooms for Nurses and Surgeons, with the necessary toilet arrangements.

"2. Surgical wards for fifty men, twenty-five women and twenty-five children, with suitable diet kitchen, utility room, toilets and baths.

"3. Wards for cases requiring dressing to accommodate about one hundred men and twenty-five women, and provide examination rooms off the wards and all other necessary accessories.

"4. Isolated detention ward or private rooms for infected cases and those which are suspicious but undeveloped.

"5. Special wards for children suffering from tuberculosis to provide for about forty boys and fifteen girls.

"6. A reception room for visitors with adjoining waiting rooms and toilets and a room for receiving delicacies brought to patients.

"7. A room for receiving and assigning incoming patients.

"8. An office for Head Nurse, with adjoining private office and room for filing records.

"9. Rooms for visiting physicians, the staff and Nurses; each to be provided with toilet accommodations.

"10. Solariums off wards and wide glass inclosed piazzas on south side of buildings and large elevator located to serve wards on all floors.

"The architectural dissimilarity of the two existing buildings and their irregular location make it utterly impossible to combine and extend them in a satisfactory plan either for utility or appearance; and when a comprehensive layout for the Metropolitan Hospital section of Blackwell's Island is begun, these old buildings will be directly across the line of the only logical approach to the institution. Furthermore their general unfitness for the purpose they are now made to serve, will make their ultimate condemnation but a question of time. It would therefore seem wiser to plan at this time a thoroughly modern hospital for the treatment of all tuberculosis cases under hospital control which will in the future be sent to Blackwell's Island and locate it now with a view to the future lay out of buildings and grounds, and erect such parts of it as immediate needs require and available funds permit. A temporary glass inclosed corridor could connect the new building with the old ones until the latter are demolished and the remaining parts of new group to be known as the infirmary are completed.

"Respectfully yours,

(Signed) "RAYMOND F. ALMIRALL."

In regard to the approximate cost the architect reports as follows:

"New York, March 11, 1907.

"Replying to your letter of March 9, requesting approximate estimate for increasing accommodations at Infirmary of Metropolitan Hospital, the cost must naturally vary with the method adopted.

"If an entirely new group of buildings is erected to substitute present Infirmary and provide the added accommodations desired by Dr. Mills, the cost will be about \$2,000,000.

"If part of such group is now built to provide the accommodations desired immediately, the cost will be about \$300,000, increased about 20 per cent. by the added cost of connecting to old buildings and making necessary alterations in same.

"The serious architectural objections to this last method have already been explained to you and in the end I believe it will not only be the least satisfactory, but quite the most costly."

January 8. The Art Commission approved of the designs and locations of the following buildings, submitted to them December 24 and 27, 1906:

New Coney Island Hospital.

	Estimated Cost.
1. Main building	\$125,000 00
2. Nurses' building	18,000 00
3. Power house	15,000 00
4. Helpers' building	14,000 00
5. Morgue (design not approved until February 5, 1907)	8,000 00
6. Stable	8,000 00
	<u>\$188,000 00</u>

City Hospital.

1. Superintendent's house	\$20,000 00
2. Janeway Hall (staff dormitory)	55,000 00
3. Kitchen and general service building	125,000 00
	<u>\$200,000 00</u>

Home for the Aged and Infirm, Manhattan Division, Blackwell's Island.

1. Two day pavilions	\$50,000 00
2. Two reception houses	60,000 00
3. Operating pavilion	25,000 00
	<u>\$135,000 00</u>

Metropolitan Hospital.

1. New Nurses' Home	\$255,000 00
2. Annex to present old home	40,000 00
	<u>\$295,000 00</u>

On March 28, 1907, preliminary drawings for a two-story and attic, brick building, to be used as a morgue and to contain laboratories for the use of the Pathological Department of the Kings County Hospital, were submitted to the Art Commission.

The State Board of Charities at their meeting held January 9, 1907, approved of the plans, specifications and location of the following buildings, which had been submitted for their approval December 24 and December 26, 1906, respectively.

	Estimated Cost.
1. Five toilet towers for buildings on Randall's Island	\$42,000 00
2. Coney Island Hospital buildings; total estimated cost for the group of six buildings	188,000 00

January 17, plans and specifications of new buildings and alterations to existing buildings were submitted to the State Board of Charities, in accordance with the provisions of the Poor Law as follows:

At City Hospital.

	Estimated Cost.
1. Superintendent's house	\$20,000 00
2. Janeway Hall (staff dormitory)	55,000 00
3. Kitchen and general service building	125,000 00
	<u>\$200,000 00</u>

At Home for the Aged and Infirm, Manhattan Division, Blackwell's Island.

1. Two day pavilions	\$50,000 00
2. Two reception houses	60,000 00
3. Operating pavilion	25,000 00
	<u>\$135,000 00</u>

At Metropolitan Hospital.

1. New Nurses' Home	\$255,000 00
2. Annex to present old home	40,000 00
	<u>\$295,000 00</u>

All of these plans as submitted were approved except those for "Janeway Hall" in which they made the following recommendation: That instead of all sleeping rooms being arranged for two occupants, only two rooms on each floor be made double rooms and the others be arranged for single occupants. This recommendation was made in the plans and as revised were submitted to the Board on February 15, 1907, for their approval.

February 18, the Secretary of the State Board of Charities returned the plans, with the approval of said Board marked thereon.

Board of Estimate and Apportionment.

January 8, new grades of salaries for positions in this department asked for as follows:

January 8, 1907.

To the Honorable, the Board of Estimate and Apportionment, No. 277 Broadway, New York City, N. Y.:

Gentlemen—Permit me very respectfully to request that the following additional positions and grades, with the salaries stated, be established in the Department of Public Charities, under the provisions of section 56 of the Greater New York Charter:

1. Examining Physician—The additional grade of \$1,500 is desired, as the present rate of \$1,000 is insufficient for the services of a competent and experienced physician, who is required to give all his time to the work.

During the past year this officer passed upon over 19,000 cases of patients applying for admission to the hospitals of the department.

2. Superintendent of Institutions—The additional grade of \$1,500 is desired, for the reason that the department has no grade between \$1,200 and \$1,800 and we do not wish to make such a large increase.

3. Watchman—The additional grade of \$720 per annum is desired for the more responsible positions, because we cannot secure men at the present rate of \$500 per annum from the Civil Service lists.

4. Laboratory Assistant—The additional grade of \$1,500 is desired. This employee, who now receives \$1,200 a year, has charge of the General Drug Department, which expends over \$100,000 a year, and supplies all the drugs, medicines and surgical apparatus to Bellevue and Allied Hospitals and the Department of Correction, as well as to this Department. The salary of \$3,000 a year was paid to the Chemist who preceded the present employee in charge of the General Drug Department.

5. Draughtsman—The additional grade of \$1,500 is desired to be paid to this employee, who acts as Department Architect, and has charge of all the minor

building operations. He now receives \$1,350 a year, and on account of the volume of work he is, in my opinion, entitled to an increase.

6. Clerk—The additional grade of \$1,350 per annum is desired for the reason that we have at present no grade between \$1,200 and \$1,500, and do not wish to make such a large increase in making promotions.

7. Visitor—The additional grade of \$1,200 is desired for the reason that this is the salary now paid to the Examiners of Charitable Institutions, who do practically the same work as the Visitors, and it is inequitable to pay the latter, when experienced, any smaller salary.

8. Stenographer and Typewriter—The additional grades of \$900 and \$1,050 are desired because we have at present no grade between \$800 and \$1,000, nor any between \$1,000 and \$1,200, and do not wish to make such large increases in making promotions.

9. Registrar—The grades of \$1,200 and \$1,500 a year are desired for this position. This is a new position desired by the Department, for the reason that it is important to have some one person in each of the three principal offices who shall be personally responsible for the records, aggregating many thousands of documents each year. At the present time these positions are held by persons not qualified under the rules of the Civil Service to continue such service. The importance of this matter will be better realized when it is understood that these Bureaus annually pass upon papers involving payments of several millions of dollars by the City to private institutions.

10. Driver at \$1,050 Per Annum—The present Driver for the Commissioner, who has been in the services of the Department for a long time, receives \$900 a year, and in my opinion deserves promotion to the salary stated.

Respectfully yours,

(Signed) ROBERT W. HEBBERD, Commissioner.

(No action has been taken on this request up to March 31, 1907.)

February 18, 1907, request for transfer of \$10,000 to pay Stokers the prevailing rate of wage was made in the following letter:

"To the Honorable the Board of Estimate and Apportionment:

"Sir—Desiring to pay the Stokers of this Department what is in my opinion a reasonable as well as the prevailing rate of compensation, and having insufficient funds in the Salaries and Wages account to carry out this purpose, I respectfully request the transfer of \$10,000 from the account of Alterations, Additions and Repairs to the Salaries and Wages account for the purpose indicated, to become effective February 1.

"The Department has at the present time 42 Stokers who receive \$1.50 per day and their meals, and 12 Stokers who receive \$2 per day, without maintenance. They have charge not only of the firing of valuable plants, but upon their fidelity depend to a considerable extent the safety and comfort of thousands of patients and inmates during the cold weather. It is proposed to increase the pay of these Stokers fifty cents a day, giving those who now receive \$1.50 the sum of \$2 per day, with their meals, and those who receive \$2 a day the sum of \$2.50, without maintenance.

"That the proposed increase is reasonable and proper will be apparent from the fact that even when made the Stokers of this Department will be paid the minimum rate of pay allowed to employees of this class in the employ of the City.

"Respectfully yours,

(Signed) "ROBERT W. HEBBERD, Commissioner."

This request was granted on March 22, 1907, and all (39) Stokers receiving \$1.50 per diem were increased to \$2 per diem, to date from February 1, 1907; those receiving \$2 per diem, without maintenance, will be increased to \$2.50 per diem as soon as the new grade is established by the Board of Estimate and Apportionment and the Board of Aldermen.

February 19, 1907, a new grade of salaries for Stokers was requested.

"To the Honorable the Board of Estimate and Apportionment:

"Gentlemen—Desiring to increase the compensation of Stokers in this Department who now receive \$2 per day, without maintenance, to the sum of \$2.50 per day, without maintenance, I respectfully request that an additional grade of Stoker at \$2.50 per day be allowed to this Department. There are at the present time twelve employees only who would be affected by this change of grade, and it is not proposed to request any increase in the appropriations of the Department to meet this proposed increase, but to arrange to meet the additional expense by transfer. These employees, as I have already stated, have charge not only of the firing of valuable plants, but upon their fidelity depend, to a considerable extent, the safety and comfort of thousands of patients and inmates during the cold weather. Under these circumstances it is important to pay a reasonable compensation to such employees in order to retain good men in the service. With the increased allowance asked for, the Department will be paying the minimum rate to Stokers of any branch of the City government, and in the interest of good administration it seems important to allow the higher rate.

"Respectfully yours,

(Signed) "ROBERT W. HEBBERD, Commissioner."

This request has not yet been approved by the Board of Aldermen.

March 22 the Board of Estimate and Apportionment adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following positions under the jurisdiction of the Department of Charities, to take effect April 1, 1907:

	Incumbents.	Per Annum.
Confidential Stenographer	1	\$1,500 00
Confidential Inspector of Food Supplies.....	1	1,500 00

March 30 the Board of Estimate and Apportionment notified us as follows:

"Hon. ROBERT W. HEBBERD:

"Dear Sir—I beg to advise you that at a meeting of the Board of Estimate and Apportionment, held March 22, 1907, the following resolution was adopted:

"Whereas, The Board of Estimate and Apportionment on April 20, 1906, upon the request of the Board of Aldermen, determined that applications from heads of departments, etc., for the creation of positions and the establishment of new grades would only be considered in connection with the Departmental Estimates submitted to it for the preparation of the Annual Budget, except for extraordinary causes, etc.; and

"Whereas, Said Board of Estimate and Apportionment is constantly in receipt of such applications; now therefore be it

"Resolved, That the attention of the heads of departments be again called to the aforesaid determination of this Board, and the Secretary is directed to notify them that no further applications for the creation of new positions and grades will be considered prior to the preparation of the Budget for the year 1908."

"Requests for the creation of new positions and establishment of new grades to be provided for in the Budget for 1908 should be submitted to the Board of Estimate and apportionment in a separate communication from that containing the Departmental Estimate.

"Very respectfully,

(Signed) "JOSEPH HAAG, Secretary."

January 22 requested the Civil Service Commission to increase the number of Chaplains allowed to this Department under the exempt positions from 7 to 10, and said request was granted by the Municipal Civil Service Commission at their meeting held February 8, and approved by the State Civil Service Commission on March 8, 1907.

March 25 the Municipal Civil Service Commission notified this Department that promotion examinations would be conducted in the fall of the year only. In place of the old system of requiring heads of departments to make formal application for

such examinations as they desire, the Commission will take the initiative in this regard hereafter and will order and advertise examinations for promotion to each and every grade in the graded service. Notice of such examinations will also be posted in each department of the City. The candidates for promotion will then be required to file written applications in this office, between certain dates, to be designated in the advertisement, in the same manner as persons now apply for admission to an open competitive examination. No candidate who lacks any of the established preliminary requirements for the examination or position for which he applies will be admitted.

Dietary for the New York City Training School for Nurses, City Hospital.

The following was adopted, as far as practicable, on January 14, 1907:

1. When corned beef and fish are served at dinner some other meat should be served at the same time, affording a choice to those who do not care for either fish or corned beef.

2. Mutton and lamb not to be served at more than one meal on the same day.

3. Veal, thoroughly cooked, either as roast or cutlets, to be served once in two weeks.

4. Fresh pork, either as a hot or cold roast or in chops, to be served once a week through December, January and February.

5. Sausages to be served once in two weeks through December, January, February and March.

6. Oysters to be served once in two weeks through the months of October, November, December, January, February and March.

7. Pork and beans to be served once in two weeks through the months of October, November, December, January, February and March.

8. Poultry of any sort not to be served at more than two meals in one week through the months of October, November, December, January, February and March.

9. The preparation of chicken to be varied, as, for example, roast with brown sauce, "panned," fricassee with cream sauce and fried with a sauce.

10. Plain boiled potatoes to be served not oftener than two times in one week; the preparation of potatoes to be more varied than at present; occasional substitutes for potatoes to be served, as, for example, rice and hominy, either boiled or fried or as croquettes, and fried cornmeal mush.

11. Boiled potatoes not to be served with stew when the stew contains potatoes; French fried potatoes or rice cakes or hominy cakes or fried hominy to be served instead.

12. Other supplies to be reduced in accordance with substitutes provided by above recommendations.

Respectfully yours,

(Signed) ROBERT W. HEBBERD, Commissioner.

January 8 the subject of improving the public road directly at the Farm Colony, Staten Island, was again taken up with the Borough President. He, in answer to our letter of July 31, 1906, promised to do this repairing after the appropriation for 1907 became available. The road from Castleton Corners is macadamized to within about one-half mile of the Farm Colony property, and it is this little stretch that we are anxious to get macadamized. If this is done, there will be a first class road all the way from Castleton Corners to New Dorp, and in view of the building operations contemplated at the Colony, the early improvement of this road is very desirable.

The Commissioner of Public Works, Borough of Richmond, notified this Department, under date of January 12, that it was their intention, as soon as they could secure the necessary broken stone, to put this road in fair order, but that they had great difficulty in securing road building materials, but the matter would receive attention at the earliest possible date.

New Municipal Lodging House.

(400 Feet East of First Avenue, on Twenty-fifth Street.)

No work has been done on this building since November, 1906, owing to difficulty in getting a proper foundation for one corner of the building. The contractor encountered quicksand, and claimed an extra allowance of \$49,400 would be required to overcome this difficulty. The matter was referred to the Corporation Counsel for his opinion as to how the Department should proceed in the matter. He rendered an opinion, under date of January 19, 1907, in which he says:

"Under the circumstances disclosed, it seems to me that the proper course to pursue is either to advertise for bids to perform the work required to make the building safe, or apply to the Board of Aldermen, to the end that by a vote of three-fourths of the members elected to such board, permission be given you to have the work proposed by the Church Construction Company prosecuted by them at the figures estimated."

January 28 request was made to the Board of Aldermen for favorable consideration and action upon the following draft of resolution:

Resolved, That, pursuant to the power conferred upon it by the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes and empowers the Commissioner of the Department of Public Charities to execute a supplemental contract with the Church Construction Company for construction of additional foundation in the form of a steel pneumatic caisson under the new Municipal Lodging House, on the south side of Twenty-fifth street, near the East river, without public letting, and calling for a total expenditure of not more than fifty thousand dollars.

This resolution was adopted at their meeting, March 26, 1907.

March 30 we wrote to the contractors as follows:

"The CHURCH CONSTRUCTION COMPANY, No. 949 Broadway, New York City:

"Gentlemen—In regard to your contract for the erection and construction of the Municipal Lodging House, on East Twenty-fifth street, for this Department, we have been informed that your company has gone into a voluntary receivership.

"As you are well aware, the delay already suffered in the construction of this building has been very considerable and we are anxious to know whether the receivership of your company will further delay the work.

"Will you therefore inform us, in writing, at your earliest convenience, what fair assurance you can give us of the company's ability to proceed effectively with the work without further postponement.

"Yours respectfully,

(Signed) "ROBERT W. HEBBERD, Commissioner."

We afterwards received a copy of the Supreme Court order in the matter of the voluntary dissolution of the Church Construction Company and the appointment of Frank A. Palen and Martin S. Pains as temporary receivers of said company.

January 7 the Honorable Comptroller notified this Department that he would refuse to pay any bills of the Joint Committee or the State Charities' Aid Association and the Guild of the Infant Saviour for the care of children placed with the said societies by this Department. This action is based by the Comptroller upon the ground that it is improper to continue such expenditures from the Supplies and Contingencies Appropriation of this Department, and upon the further ground that such payments are not in accordance with the provisions of section 661 of the Greater New York Charter.

Upon the receipt of said notice the president of the Guild of the Infant Saviour and the Secretary of the State Charities Aid Association were notified that, under the circumstances, the agreement between them and this department for the care of children would be terminated on the date named by the Comptroller.

February 14 the Honorable Comptroller was notified that the president of the Guild of the Infant Saviour had informed this department that she will no longer take children from this department for placing out, and that she would as soon as possible turn over to the care of the department those remaining in her care, which she expected to do by March 1, 1907.

Milk Supply.

As the successful company this year for supplying the department with "fresh milk" during 1907 never had the contract before, a request was made on them to

furnish a list of the dairies from which they receive their supply of milk. The list was furnished, and January 17 it was sent to the Department of Health, with a request that they report on the condition of these dairies. February 11 the Department of Health sent us copies of reports of inspections of said dairies, made by Inspectors of the Department of Health, in which certain recommendations in regard to the condition of the dairies were made. We sent for a representative of the company to talk over the recommendations as made by the Inspectors of the Department of Health, copies of which were given to the contractors for their information and attention. They promised to comply in every respect to the changes and improvements which should be made in order to conform to the specifications of their contract with this department. Their attention was especially called to the matter of having the cows carefully inspected in order to make sure that they are not suffering from disease.

The following openings were held during this quarter:

On January 2 bids were opened "For furnishing and delivering 5,850 tons of ice." There were only two bidders. All bids were rejected, because one was informal and the other was excessive, and it was readvertised and bids opened January 15, 1907.

On January 2 bids were opened "For furnishing all the labor and materials required for the erection and completion of two new isolation pavilions on Randall's Island." There were seventeen bidders, and the contract was awarded on January 3 to the lowest bidder, Joseph Naughton, for \$10,747.22.

On January 3 bids were opened "For furnishing and delivering poultry" needed during the year 1907, as all bids for "poultry" received on the opening of December 17, 1906, were rejected because the prices were high, and it was thought for the best interest of the City to reject all bids and readvertise; and the said opinion was borne out by the fact that the prices received on January 4 were lower by several thousand dollars. There were nine bidders, and the contract was awarded on January 4 to the lowest bidder, Hance Bros. Company, for \$21,478.

On January 7 bids were opened "For furnishing and delivering fresh meats, fresh fish, fresh milk, poultry, coal and ice" for the Borough of Richmond. There were only five bidders, and the contracts were awarded January 11, 1907, to the following lowest bidders:

Wm. Horn, meat, at	\$465 50
Thos. F. Quinlan, coal, at	6,371 25
Fred Rohde, corned beef and fish, at	1,669 88
Samuel Strauss, meat and poultry, at	2,827 38

On January 9 bids were also opened "For furnishing and delivering dry goods, metal lockers and filing cabinets." There were sixteen bidders, and the awards were made on January 11 to the following, they being the lowest bidders:

Abraham & Straus	\$199 20
Samuel Lewis	150 00
Chas. B. Flugge	130 20
Merritt & Co.	1,202 50
Siegel, Cooper Co.	813 65
John Wanamaker	12 50
Yawman & Erbe Manufacturing Company	101 25

On January 9 bids were opened "For furnishing all the labor and materials required to remove the present wooden stairs, etc., and to erect a passenger elevator and fireproof stairway in the central portion of the male almshouse at the Kings County Hospital, Borough of Brooklyn. There were eleven bidders, the lowest being A. S. Traub, No. 215 West One Hundred and Twenty-fifth street, for \$16,484, to whom the contract was awarded January 10, 1907.

On January 11 bids were opened "For furnishing and delivering hospital supplies." There were seventy-four bidders. As it was "line" and not "class" bidding, it was not until February 25 that the contracts were awarded to the lowest bidders, of which there were twenty, whose bids on separate lines amounted in the aggregate to \$1,000 or over; this delay was due to the great amount of work required to tabulate the seventy-four individual bids on the 1,374 lines, as called for in the proposals.

On January 15 bids were opened "For furnishing and delivering 5,850 tons of ice." There were only two bidders, and the contract was awarded on January 16 to the lowest, the Foster-Scott Ice Company, for \$16,380, for cargo ice, and to the North River Ice Company for the 150 tons for city delivery, at \$6 per ton.

On February 1 bids were opened "For furnishing all the labor and material required to alter and repair old boiler house, City Hospital, Blackwell's Island." Fifteen bidders, and the contract was awarded on February 2 to the lowest bidder, Fuller & O'Connor, for \$3,075.

On February 4 bids were opened "For furnishing and delivering groceries, provisions, flour, vegetables, fodder, water, ice, building materials and for other miscellaneous supplies." There were fifty-six bidders, of whom thirty-six were successful in securing something, as the awards were made February 11, 1907, to the lowest bidders on the separate lines.

On February 11 bids were opened "For furnishing and delivering fresh milk, yeast, ice and wagonette" for the Farm Colony, Borough of Richmond. There were six bidders, and on February 14 awards were made to Harry Butler for milk, at \$2,800, and to the Fleischmann Company, for yeast, at \$60, they being the lowest bidders. Bids for wagonette and ice were rejected, as the bids were excessive.

On February 11 bids were opened "For furnishing all the labor and materials required for the erection and completion of five toilet towers on Randall's Island." There were ten (10) bidders, and the award was made February 15, 1907, to the lowest bidder, Albert Winternitz, for \$52,400.

On March 13, bids were opened "For drydocking and for furnishing all the labor and materials required to repair the steamer 'Fidelity.'" Eleven bids were received and award was made March 14, 1907, to the lowest bidder, Monad Engineering Company, for \$8,490. Time allowed for the completion of the work, 30 consecutive working days.

On March 13, bids were opened "For furnishing and delivering peanuts, matzoths and peptonoids." There were only five bidders and on March 14, 1907, the awards were made to the Arlington Chemical Company, for the peptonoids at \$1,080, and to Abram L. Hirsch for the matzoths and peanuts at \$1,158.40.

On March 18, bids were opened "For furnishing all the labor and materials necessary to install two new boilers in the power house and make permanent alterations to the existing steam plant at the Kings County Hospital, Borough of Brooklyn." There were nine bidders and on March 19 the contract was awarded to the lowest, G. A. Suter Company, for \$14,900.

GENERAL AND SPECIAL ORDERS.

General Order No. 55.

January 1, 1907.

(Re: Rules and Regulations of the Department of Public Charities Governing the Maintenance of the Families of Officers and Employees.)

Ordered, That maintenance when granted from the stores and supplies of the Department to the families of officers and employees entitled thereto, shall, unless otherwise provided in particular instances by special order in writing, be allowed in accordance with the following rules and regulations, which are hereby adopted, pursuant to the provisions of section 659 of the Greater New York Charter:

1. The families of officers and employees resident at the institutions shall be entitled to maintenance for the heads and minor unemployed children thereof, as may be provided in special orders of appointment in conformity with the provisions of General Order No. 4, adopted January 30, 1906.

2. Such stores and supplies shall be drawn only for use in the departmental quarters respectively assigned to such families and in no other place, and monthly requisition shall be made therefor in accordance with the rules and regulations of the Department as set forth in General Order No. 53, adopted December 17, 1906, and the following schedules based upon the contract or other purchase price to the department:

- (a) Families of two (2), not to exceed the per capita rate of \$4.00 a week.
- (b) Families of three (3), not to exceed the per capita rate of \$3.50 a week.
- (c) Families of four (4), not to exceed the per capita rate of \$3.00 a week.
- (d) Families of five (5), and over, not to exceed the per capita rate of \$2.50 a week.

3. Stewards of institutions and others discharging similar functions are notified that they will be expected to account for all supplies sent to their respective institutions without showing any charges thereupon to the families of officers or employees in these institutions or elsewhere. Supplies for such families will be paid directly to the families from the borough storehouse and none of the supplies sent to the institution for institution use shall be paid out to families except upon the written order of the Commissioner; to take effect January 1, 1907.

(Signed) ROBERT W. HEBBERD, Commissioner.

General Order No. 56.

January 1, 1907.

(Re: Rules and Regulations Governing the Duties of the Secretary of the Department of Public Charities.)

Ordered, That the following rules and regulations governing the duties of the Secretary of the Department of Public Charities be, and they hereby are, adopted pursuant to the provisions of section 659 of the Greater New York Charter, to take effect January 1, 1907:

1. The Secretary shall conduct the official correspondence and keep a complete record of the transactions of the executive offices of the Department, except as otherwise directed by the Commissioner or provided in the rules and regulations of the Department.

2. On or before the 15th day of January of each year, the Secretary shall submit to the Commissioner in writing an outline of the subjects to be treated and the reports to be included in the annual report of the Department, in order that the Commissioner may approve or amend the same and assign the preparation of items to the officers of the Department. The Secretary shall see that reports from the heads of institutions and bureaus of the Department are promptly transmitted for insertion in the annual report, and that such report is ready for transmittal to the Mayor not later than March 1 of the year succeeding that covered by the report.

3. On or before the 10th day of January, April, July and October of each year the Secretary shall submit to the Commissioner, in writing, an outline of the subjects to be treated and the reports to be included in the respective quarterly reports of the Department, in order that the Commissioner may approve or amend the same and assign the preparation of items to the officers of the Department. The Secretary shall see that reports from the heads of institutions and bureaus of the Department are promptly transmitted for insertion in the quarterly reports, and that such reports are ready for transmittal to the Mayor not later than February, May, August and November 15 succeeding the quarter covered by the report.

4. The Secretary shall see that the annual report of the Department required to be made to the State Board of Charities by the first day of December of each year for the year ending September 30 preceding, in conformity with the provisions of the Poor Law is promptly and accurately made on the blanks provided for that purpose and transmitted to said Board.

5. The Secretary shall keep or cause to be kept a record, in form approved by the Commissioner, of each employee of the Department, and in all cases affecting the promotion or discipline of employees their respective records shall be produced for the information of the Commissioner.

6. The Secretary shall, in January and July of each year, as required by section 1528 of the Greater New York Charter, report to the Supervisor of the City Record the names of all employees for the preceding six months, with such other information concerning them as may be required by the provisions of said section.

7. The Secretary shall see that all the reports required to be made to the Commissioner, either by the provisions of the Greater New York Charter or by the rules and regulations of the Department, are duly secured and brought to his attention.

8. The Secretary of the Department shall inform himself thoroughly with relation to the provisions of the Civil Service Law and the rules and regulations of the Civil Service Commission, and shall see that no payroll or other official document is presented to the Commissioner for his signature or approval, in contravention of such provisions, as interpreted by the Municipal Civil Service Commission.

9. Other duties may be devolved upon the Secretary of the Department from time to time as may be provided by the Commissioner or the rules and regulations of the Department.

(Signed) ROBERT W. HEBBERD, Commissioner.

General Order No. 57.

(Re: Rules and Regulations Governing the Duties of General Bookkeeper and Auditor.)

Ordered, That the following rules and regulations governing the duties of the General Bookkeeper and Auditor, amending General Order No. 16, be and they are hereby adopted, to take effect February 1, 1907:

1. The General Bookkeeper and Auditor of the Department of Public Charities shall have charge of and exercise supervision over the bookkeeping and accounts of the Department, which it shall be his duty to see are accurately kept in accordance with the provisions of law and the rules and regulations of the Department. No account shall be presented to the Commissioner or the Acting Commissioner for certification to the Comptroller which does not have indorsed upon it the approval of the Auditor in writing.

2. The General Bookkeeper and Auditor shall establish and maintain a careful and thorough examination and audit of the Court Fund and other miscellaneous accounts of the Department, including the accounts of the Property Clerks, those of the General Drug Department, together with the drug stores at the several institutions and the storehouses of the Department in the several boroughs and the institutions thereof.

3. The General Bookkeeper and Auditor shall make a report monthly on or before the 10th of the month for the preceding month, and also quarterly for the quarterly report of the Department, in such form as may be required by the Commissioner or the rules and regulations of the Department. He shall also make such other special and general reports as may be required from time to time.

4. The General Bookkeeper and Auditor shall pass upon the form and sufficiency of all bonds required by the Commissioner from employees having the custody of money or the persons giving bond to the Department, and shall see that such bonds are renewed without delay, when necessary, in order that the security may be continuously in force.

General Order No. 60.

January 28, 1907.

(Re: Manifold Order Books.)

Ordered, That the following rules and regulations governing the ordering of supplies on granted requisitions be and they are hereby adopted to take effect February 1, 1907:

1. In ordering supplies from storehouses, drug stores and other sources of supplies, on granted requisitions, such orders shall in each case be written and approved on manifold order blanks such as are contained in the manifold order books supplied for that purpose.

2. The original blank (on thin paper) is to remain in the book, and the duplicate of the same number (on thick paper) is to be detached at the storehouse, drug store or other place of supply, and pasted in the scrap book provided for that purpose, which is to be kept on file. These books are to be numbered consecutively at the office of the institution and given out therefrom, a record being kept showing to whom each book is given. Whenever a book is entirely used it is to be delivered at the office of the institution (where it is to be kept on file), and a new book obtained and recorded, as in the first instance.

3. The books and duplicate orders shall be subject to inspection by the Deputy Commissioner and the Auditor of the Department or his representative at all times.

(Signed) ROBERT W. HEBBERD, Commissioner.

General Order No. 61.

February 14, 1907.

(Re: Rules and Regulations Defining and Governing the Duties of the General Storekeeper of the Department of Public Charities.)

Ordered, That the following rules and regulations defining and governing the duties of the General Storekeeper of the Department of Public Charities be and they are hereby adopted, to take effect February 15, 1907:

1. Except as may be otherwise provided in the rules and regulations of the Department, or ordered by the Commissioner or the Acting Commissioner, it shall be the duty of the General Storekeeper to have general charge and oversight of the purchase, care and distribution of supplies. He shall see that the goods delivered are in accordance with duly approved specifications, propositions or orders, reject such supplies as do not conform thereto, and that they are distributed only upon requisitions approved by the Commissioner or the Acting Commissioner in writing.

2. The General Storekeeper shall cause careful and accurate accounts to be kept of all supplies that come under his charge and of their purchase and distribution, in order that information with respect thereto may be readily accessible and forthcoming. He shall certify to the correctness of all bills for supplies actually delivered and accepted and that such supplies in quality, quantity and other respects are in conformity with the specifications, propositions and orders calling for the same.

3. The General Storekeeper shall, except as otherwise provided or directed, condemn all property and supplies and arrange for their disposal by auction or otherwise as the circumstances may warrant.

4. The General Storekeeper shall, on or before the first day of December of each year, submit for the consideration of the Commissioner proposed specifications for supplies to be used during the ensuing year. Unless otherwise directed by the Commissioner or the Acting Commissioner, the amounts specified shall be those which it is estimated by the General Storekeeper are to be consumed during the current year, less the probable excess over all reasonable demands then in store or under contract, with the right to diminish or to increase such amounts by five per cent. Such estimate, unless otherwise directed, shall be based upon the actual consumption to November 1, with the addition of one-sixth to cover the probable consumption during the remaining months of the year.

5. It shall be the duty of the General Storekeeper to see that all goods under contract are, so far as practicable, used in regular proportion each month in order to avoid a deficit or undue excess at the end of the contract period.

6. The General Storekeeper shall make reports quarterly and annually for incorporation in the official report of the Department to the Mayor. He shall make such special and other reports as may be required from time to time by the Commissioner or the Acting Commissioner.

7. The General Storekeeper shall have such other and further duties as may be devolved upon him from time to time by the rules and regulations of the Department or the instructions of the Commissioner or the Acting Commissioner.

General Order No. 63.

February 20, 1907.

(Re Paying Off Employees.)

Ordered, That hereafter, when the City Paymaster or one of his deputies pay off at any institution of this Department, some Clerk employed in such institution shall be designated by the Superintendent thereof to be present to check off on a duplicate payroll or other list of employees the names of the employees as they are paid.

The institution will thus have a correct list of employees who have not been paid, to whom pay orders may be issued, and also may be helpful to the Paymaster in case the deputy's cash should be short or over.

(Re Executions Against Salaries.)

Ordered, That the following communication on the above named subject from Hon. Herman A. Metz, Comptroller, be brought to the attention of all employees for their future guidance:

"February 28, 1907.

"Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities:

"Sir—For some time past there have been filed with this Department writs of execution issued pursuant to section 1391 of the Code of Civil Procedure, against the salaries of employees of The City of New York. This section of the Code provides that such writs can be issued only in cases where the judgments were recovered for necessities furnished the judgment debtor.

"In all cases where such writs are served upon the Comptroller directing him to pay a portion of the salary of an employee of the City to the judgment creditor, it is necessary that the writ be sent to the Corporation Counsel in order that the latter might advise the Comptroller what action he may take in the premises. You will thus see that much time of the Law Department and of the Comptroller is consumed in attending to such matters. This should not be the case. It would seem to me that an employee of any of the departments who refuses to pay for necessities furnished to him and his family should be dismissed from the employ of the City. Some drastic action is absolutely necessary at the present time, owing to the great flood of writs of execution now being filed against employees of all the departments.

"I wish you would take this matter up with the employees of your Department and notify them that they must not permit judgments to be taken against them for necessities. I intend to give you notice from time to time when writs of execution are filed against the salaries of any of the employees of your particular Department.

"Your co-operation in this matter will be greatly appreciated by me.

"Yours truly,

(Signed) "Herman A. Metz, Comptroller."
(Signed) ROBERT W. HEBBERD, Commissioner.

REPORT OF THE SECRETARY.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities:

Sir—I submit herewith report of this office for quarter ending March 31, 1907.

The average daily census of all employees in the Department during the quarter was 2,032, while during the same period there were 1,964 changes made, affecting the thirty monthly payrolls which were "checked off" and O. K'd by the Secretary.

These changes were divided as follows:

Appointments	894
Dismissals	655
Resignations	206
Promotions	196
Transfers	13

Total.....	1,964
------------	-------

Eighty-five per cent. of these changes are in the class of employees receiving from \$5 to \$20 per month.

There were 1,999 letters written and sent out by this office (including 451 signed by the Commissioner); of this number 18 were in answer to information requested by the Department of Finance, in order that they might act on claims filed in the Comptroller's office by former and present employees of this Department.

The following changes in the employees of the Central Office occurred during the quarter:

Edward J. White, appointed January 1, 1907, as Egg Candler.
Joseph L. Cunningham, Confidential Inspector of Food Supplies, resigned January 14, 1907.

I. Bennett Zinn, Stenographer, at \$1,200 per annum, resigned to take effect March 25, 1907, having been granted one week's leave.

Miss E. L. Janovsky, appointed March 18 as Stenographer and Typewriter, at \$600 per annum (from the Civil Service eligible list), in place of Mr. Zinn.

The vertical filing system which was installed in the Secretary's office July 1, 1906, has been extended by the addition of another section of the vertical filing cabinet, as the system has proven a great benefit in the method of filing and the rapidity with which papers can be referred to. The card system for keeping a record of all employees, which was introduced during 1906, has been extended so that now it is up-to-date and has been found most advantageous in "checking off" changes on the thirty monthly payrolls, besides giving in a compact form a complete record of every employee, showing the numerous positions held in this Department by each employee.

The following is a recapitulation of the census:

CYRUS V. KEAN, Auditor.

REPORT OF DEPARTMENTAL DIETITIAN.

March 31, 1907.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—Herewith is transmitted my report for the first quarter of the current year:

Organization.

On January 8 the vacancy in the position of Dietitian at the New York City Home for Aged and Infirm was filled by the appointment of Mrs. Florence Lee, formerly the Dietitian at the Kings County Hospital and Almshouse.

On January 18 Miss Ada Holt was appointed assistant to the Resident Dietitian at the New York City Children's Hospitals and Schools.

On February 16 Miss Gorton, Dietitian, New York City Children's Hospitals and Schools resigned; she was succeeded by Miss Ada Holt, whose appointment was made the same day.

On February 18 Miss Elizabeth Nickerson was appointed assistant to the Resident Dietitian of the New York City Children's Hospitals and Schools.

On February 14 Miss Rogers, Dietitian at City Hospital, was taken ill, her convalescence necessitating absence from the institution. She returned to duty on March 4.

Owing to the increased responsibility given to the Dietitian at Kings County Hospital in the matter of preparing the requisitions, two Pupil Dietitians were requested to render assistance to the Resident Dietitian. The appointments were as follows: Miss Gratia Godfrey, on March 9, and Miss Agnes Bayley, on March 16. Both Miss Godfrey and Miss Bayley are graduated from the Domestic Science Department of the Massachusetts State Normal at Framingham.

All Dietitians have been requested by me to keep a time-book in which they register their hours on and off duty.

As many questions regarding the duties of Dietitians have arisen in the last few months, I suggested to you that a clearer understanding which would be for the good of the department could be brought about by having all of the Dietitians of the department meet me for an hour occasionally for uniform instruction upon their duties and the organization and management of their work. In response to this your promulgation of General Order No. 62, which follows, has made possible several of these meetings, and I have been able to see good results in the work of the Dietitians at all of the institutions.

General Order No. 62.

(Re: Resident Dietitians.)

Ordered, That heads of institutions relieve resident Dietitians from duty for such portion of Monday or Thursday mornings as may be necessary, in order that they may meet the Departmental Dietitian at the principal office of the department, foot of East Twenty-sixth street, for one hour, whenever the Superintendent is so requested by the Departmental Dietitian.

(Signed) ROBT. W. HEBBERD, Commissioner.

Equipment.

The special diet kitchen at the New York City Home for Aged and Infirm was equipped the first of the year, and has been preparing special articles of diet for the hospital patients most in need of these, the cooking being done by one of the Nurses, under the direction of the Dietitian.

Requisitions have been made for equipping the instruction laboratory and special diet kitchen at the New York City Children's Hospitals and Schools. When this is complete the Dietitian will give a course of ten lessons in the Principles of Cookery and Diet for Sick Children to the Nurses in training, who will then be given a service of several weeks each in the special diet kitchen preparing special articles of diet for the patients of the institution.

Food Supplies and Dietaries.

In February arrangements were made to allow canned vegetables, a more liberal supply of cereals, gelatine and raisins for the menus of the Nurses and Orderlies' dining rooms at the New York City Home for Aged and Infirm. Previously no canned vegetables had been allowed, cereals were given at breakfast but twice a week to many of the employees and desserts at dinner but three or four times in the week; with the additional food supply it is possible to give cereals four mornings in the week, dessert at dinner every day and canned vegetables at two meals each week.

It is found that the higher requirements in the specifications for fresh fruits and vegetables for the year 1907 have increased the cost considerably over last year; in some instances the cost has increased as much as 100 per cent. It has been recommended that the money allowed to institutions for fresh fruits and vegetables be increased 40 per cent. to compensate in part for the increase in cost of these supplies, a considerable compensation arising from the economy usage, due to the greatly improved quality of the supply over that of last year.

Teaching of Nurses.

At the Metropolitan Training School Miss McCullough, Dietitian of the Metropolitan Hospital, is now required to give lessons in bacteriology to the Nurses, as well as the regular lessons in cookery and dietetics.

The request that a teacher be supplied for a class of Nurses in dietetics at the Cumberland Street Hospital in Brooklyn was met by the appointment of the pupil dietitians at Kings County Hospital, thus permitting one of the appointees to teach the classes.

At the New York City Training School for Nurses I have conducted the following classes:

Two sections of ten lessons each in the Principles of Cookery applied to invalid diet.

Two sections of ten lessons each in general elementary chemistry applied to household science and hygiene.

Respectfully submitted,

FLORENCE R. CORBETT, Departmental Dietitian.

REPORT OF EMPLOYMENT AGENT.

April 16, 1907.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—I have the honor to submit herewith the quarterly report of the Employment Bureau for the three months ending March 31, 1907, during which period the following is a general summary of the work performed by me as Employment Agent:

January 1, 1907, to March 31, 1907.

Total number of personal and referred applications received at this office	432

Number advised and directed for possible employment	158
Considered undesirable after investigation	118
Placed on waiting list for possible vacancies	18
Number of visits to hospitals, institutions, societies, employment agencies and references for the advancement of the Employment Bureau	149

I have found it necessary to visit the following hospitals, institutions and employment agencies to properly perform the duties incumbent upon me as Employment Agent:

Hospitals.

Tuberculosis Infirmary, Blackwell's Island.
Metropolitan Hospital, Blackwell's Island.
City Hospital, Blackwell's Island.
Cumberland Street Hospital, Brooklyn.
Bellevue Hospital.
Infirmary for Women and Children.
Metropolitan Training School for Nurses, Blackwell's Island.

Carpenters' Employment Bureau.
Bakers' Labor Bureau.
Knights of Columbus Employment Bureau.
Institution of Mercy.

During the past quarter, and practically during the month of March, I have met with considerable difficulty in securing sufficient helpers for the vacancies occurring in the several hospitals and institutions, an unusual number of employees, particularly laundresses and scrubbers having left on pass and failed to report for duty between the dates of March 8 to 31, 1907, and as a number of the labor class (female) are arranging to accept employment out of town for the summer, I have found a great scarcity of desirable helpers to select from, through either personal and referred applications or those registered at the various agencies for the more menial work.

The scale of wages paid in the various hospitals and institutions under the Department of Public Charities has been a great drawback in securing a more desirable class; however, with very strenuous efforts I have accomplished the task assigned me.

The hotels of the City monopolize a greater portion of the more capable workers, and the wages paid, from \$14 to \$18, is, of course, an incentive for them to accept the more remunerative positions.

I would respectfully call your attention to the great need of suitable office space for the Employment Department, the present quarters being wholly inadequate for the increasing work of this Bureau.

Respectfully submitted,

MARGUERITE D. CLAWSON, Employment Agent.

The steamer "Martha" is chartered to take the place of the "Fidelity," which is now undergoing repairs, and when completed she will be in a staunch and worthy condition for some years to come.

Respectfully submitted,

G. HAMILTON, Supervising Engineer.

REPORT OF THE DEPARTMENT ARCHITECT.

CONDITION OF PRESENT CONTRACTS.

Male Dormitory, Metropolitan Hospital, Blackwell's Island.

The work on this building during February was extremely slow owing to the delay in obtaining the few remaining pieces of hardware, therefore the building could not be accepted; but this, nevertheless, did not prevent the Department from occupying the building. It was in the early part of March that the men were moved in, and it was towards the latter part of the month the building was accepted as completed.

Female Dormitory, City Hospital, Blackwell's Island.

The building contract for this work was completed with the exception of the marble and tile work, which could not be completed owing to the delay of the plumbing contractor, who did not complete his roughing work until March 25, therefore the building contract was at a standstill until this date; but from then on until the present time the marble and tile work has been progressing very rapidly. Owing to the tardiness of the plumber, this Department was compelled to purchase the partition legs in the open market. These legs were included in the plumbing contract, but as the plumber had not made arrangements for quick delivery of same and to prevent the discontinuance of the marble work, it was deemed advisable for the Department to purchase same and charge the cost against the plumbing contract. This enabled the general contractor to go ahead with his work, and it is expected that the entire building, with the exception of the setting of the plumbing fixtures, will be completed very shortly.

Remodeling Male Helpers' Dormitory, Randall's Island.

Work on this building has been progressing very rapidly and it would appear as though the entire work will be completed during April. The laying of the composite floors, base, wainscot, etc., was a tedious job but promises to give good satisfaction, and it is therefore well worth the time consumed in laying same.

New Sash and Repairs to Frames, Infants' Hospital, Randall's Island.

This work was entirely completed during the early part of January; the same should have been finished a month or so earlier, but the hardware was rejected three times as it was not the sort specified.

New Fire Escapes, Three Cottages, Farm Colony.

This work, with the exception of the concrete work in connection with the same, is entirely completed and the entire contract would have been closed had the weather been such as to permit of the laying of the concrete; therefore, as soon as the weather allows, the contract will be completed.

REPORT OF THE BUREAU OF DEPENDENT ADULTS.

Department of Public Charities,
Boroughs of Manhattan and The Bronx
May 9, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities,
Twenty-sixth Street and East River, New York, N. Y.:

Dear Sir—In forwarding the report of this Bureau (Morgue included), for the quarter ending March 31, 1907, I beg to call your attention to the following facts:

During said quarter, 2,825 applicants for admission to hospitals were sent to the Examining Physician of this Department for examination as to their eligibility for admission to the hospitals connected with this Department; 273 children sent to institutions for children on Randall's Island; 703 persons sent to the New York City Home for the Aged and Infirm; 10 applications for admission to the New York City Home for the Aged and Infirm disapproved.

There were 316 children discharged from the institutions on Randall's Island.

This Bureau issued 9,325 passes to visit Blackwell's and Randall's Islands; 1,024 tickets for meals were given to persons awaiting disposition of their cases.

Transportation was afforded to 46 sick and destitute persons to reach their homes, thereby preventing them from becoming charges upon the City and County of New York.

There were 11 sick and destitute persons committed to the State Almshouse, Blackwell's Island, for care, awaiting the action of the State Board of Charities.

There were 270 persons sent to the Municipal Lodging House; requests were made for the examination as to the sanity of 145 men and 163 women; 16 deaf-mutes were admitted to institutions for same.

There have also been sent from this Bureau 20 patients to the Craig Colony for Epileptics, Sonyea, N. Y.; 2 to the State Custodial Asylum for Feeble Minded Women, Newark, N. Y.; 4 to the Syracuse State Institution for Feeble Minded Children, Syracuse, N. Y.; 25 to the Rome State Custodial Asylum, Rome, N. Y.; 14 to the New York State Hospital for Incipient Tuberculosis, Ray Brook, N. Y.

In addition, this Bureau has examined 7,184 cases of applicants for admission to hospitals and homes other than our own, to be cared for there at the expense of the City and County of New York, of which 1,398 were rejected as improper charges.

This Bureau has also taken 261 complaints of abandonment, of which 74 were granted requisitions and 187 treated at this office; 78 non-support applications; 78 bastardy cases sent to the Court of Special Sessions; 109 bastardy cases not sent to court; 10 discharges from the Workhouse.

Payments in abandonment and bastardy cases during the quarter ending March 31, 1907, have amounted to \$39,474.43, and disbursements in same, \$41,125.75, thus saving that much to the taxpayers of the City and County of New York.

Total number of cases (including the passes issued to visit Blackwell's and Randall's Islands) handled by the Bureau of Dependent Adults for the Boroughs of Manhattan and The Bronx, Department of Public Charities of The City of New York during the quarter ending March 31, 1907, 22,912.

This Bureau has charge of the Morgue, at foot of East Twenty-sixth street, and the Harlem Morgue, foot of East One Hundred and Twentieth street, both in the Borough of Manhattan. During the three months ending March 31, 1907, 3,030 bodies were received, of which but 1,509 were buried by friends.

Respectfully,

GEO. W. MEEKS, Superintendent.

REPORT OF EXAMINING PHYSICIAN'S OFFICE.

April 2, 1907.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—Herewith is submitted my report for the first quarter of this year: The number of applicants is slightly smaller than for the same quarter of last year. This is partly due perhaps to the prosperous times, and is in part due to the fact that many "rounders" have been deterred from applying here.

There has been some improvement in the more explicit histories of patients transferred from Bellevue to this Department, but there is still room for further betterment in this direction. During the past quarter twenty-one (21) transfer cases have been returned to Bellevue for various reasons, as follows, viz.: Three for "mental examination," three for "more complete diagnosis," seven "refused to go to our hospital," and eight appeared "too ill for transfer."

One thousand two hundred and fifty-five (1,255) of the four thousand two hundred and sixty-three (4,263) were found unsuitable for hospital care and treatment, and a considerable sum thereby saved to the City.

The applicants referred here from the Bureau of Dependent Children numbered thirty-two. Twenty-eight of these, or 87½ per cent., were not disabled, and certificates to that effect sent to the Superintendent of that Bureau, and no doubt resulted in the saving to the City of over five thousand dollars (\$5,000). Each rejected applicant (parent) averaged two children that he or she desired to board out for a year at the City's expense at \$2 per week.

There were eighty applicants for the New York State Hospital for the Treatment of Pulmonary Tuberculosis. Of this number twenty-five were accepted by that institution.

Respectfully submitted,

F. M. BAUER, M. D., Examining Physician.

REPORT OF THE CHILDREN'S BUREAU.

New York, March 31, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities.

Dear Sir—I have the honor to submit herewith the report of the Children's Bureau for the quarter ending March 31, 1907:

During this quarter there were eighteen hundred and forty-one (1,841) children proposed for commitment as public charges, of which fifteen (15) children were recurrent cases. Of this number, after investigation, six hundred and thirty-six (636) children were accepted as proper public charges, for periods varying from one (1) month to one (1) year; thirteen (13) children were sent to institutions with mothers; twelve (12) children were placed to board in family homes; one hundred and six (106) children were referred to private charities for care and one thousand seventy-four (1,074) children were disapproved unconditionally.

During the same period applications were made for the discharge of two hundred and fifty-four (254) children, of which two hundred and twenty-one (221) were approved and thirty-three (33) disapproved of for the reason stated in the statistical portion of the report.

During the quarter we received seven thousand four hundred and ninety-five dollars and forty cents (\$7,495.40) in part payment for children committed to institutions; this is an increase of seven hundred and eleven dollars and ninety-two cents (\$711.92) over the corresponding period for year 1906.

New Institutions:

During this quarter a new institution for the care of Protestant children was opened at Verbank, Dutchess County, New York, the corporate title of the institution being "Hope Farm," to which this Department is privileged to send children at the per capita rates allowed by the Board of Estimate and Apportionment for the care of children. Since its establishment this Department has committed nine (9) children to its care. This institution also receives children committed by the Children's Court.

During the quarter this Department was notified by the Finance Department, Charitable Institutions Division, that the Children's Home at Mineola, Long Island, for the care of Protestant children would also receive children on commitment at the prevailing per capita rates. Since that time twelve (12) children, who had been committed for destitution to the New York Juvenile Asylum were transferred to the Children's Home at Mineola, on transfers of the State Board of Charities.

Fire at St. Agatha's Home.

The large four story brick building at St. Agatha's Home for Children at Nanuet, Rockland County, New York, to which institution this Department commits children and which is in charge of the Sisters of Charity, was totally destroyed by fire on Saturday afternoon, January 26, 1907. The building was used as a dormitory for boys and also contained a number of classrooms. About 3.30 p. m., while the boys were engaged in class work, the fire was discovered. The fire drill was immediately formed and the boys marched out of the building rapidly and in excellent order, with the result that no one was injured or no lives lost. The fire spread rapidly and in spite of the efforts of the local fire company, and of volunteers who, with the boys of the institution, formed many bucket brigades, the building was destroyed. Owing to the destruction of the "boy's building" it became necessary for the Sisters in charge to reduce the male population of the institution, and sixty-three (63) of the older boys were therefore transferred to other institutions.

Guild of the Infant Saviour.

On February 25, 1907, the Guild of the Infant Saviour submitted the names of forty-four (44) infants for the purpose of having the children placed in institutions and for the reason that the said society is about to discontinue the work of caring for foundlings and abandoned children. These children were previously sent to the Guild of the Infant Saviour by this bureau to be placed to board in private families at the expense of the City. Each case was carefully reinvestigated with the following result:

Approved for retention as public charges and to be placed in institutions..... 30

Of the above, a number are the children of parents who have been placed under an order of this Department to contribute towards the cost of the care and maintenance of the children and whose parents are paying quite regularly.

Others are approved for temporary admission to institutions until the opportunity presents itself for their indenture and their names have been referred to the proper placing-out agency.

Disapproved for further retention as public charges..... 14

Of the fourteen (14) children returned to the care of their parents or guardians, quite a few of the parents were reluctant about removing their children even though they were found to be in a position to do so, and it devolved upon the officials of this bureau to enforce the removal of the children by the parents, which resulted in no small saving to the City, as the parents in these instances were of that character who would allow their children to remain public charges upon the City for years to come, were they not compelled to remove them.

Specimen Cases.

As an illustration of the classes of cases with which this bureau is called upon to deal, attention is directed to the following specimen cases:

While, in many instances, in cases of the following class, destitution is due primarily to intemperance on the part of one or both of the parents, the contributory cause, which inevitably follows, if it does not accompany intemperance, i. e.: Lack of industry, thrift or judgment of parents, makes the proper disposition of cases of this class a still more difficult problem to solve.

On March 2, 1907, Mrs. S. applied for the commitment of her two children, J. and H., aged respectively eight years and eight months, stating man had been unemployed for two weeks and that family were in destitute circumstances and threatened with dispossession.

The previous record of this family on file in this Bureau dates from January 16, 1905, and shows that mother has applied on five different occasions and that she and both children have been inmates of several institutions since above date. Each investigation proved that man bore an unenviable reputation for intemperance, and on each occasion he promised to do better. Investigation of the case developed the following information:

Family reside in basement at given address, they occupy three rooms for which they pay eight dollars (\$8) per month. Man up to two weeks ago was employed as

"checker" in one of the prominent restaurants of this city. Rent is now due and family have been served with notice of dispossession. Time extended by Court until March 8, 1907. Mother claims she is now physically able to work and help support children. She is anxious to keep little ones with her and to keep home intact. Her husband, she is positive, will secure employment within a few days. Relatives will not assist family as they are angry with mother for returning to her husband a year ago.

As both parents are living and physically able, with the proper effort, to support their children at home, the case was referred to a private charitable society for temporary assistance with a view of keeping the home together and preventing the children from again becoming public charges.

As will be seen by the following report received from one of the societies which had endeavored to assist the family, in spite of the efforts of the society to keep the home intact, the parents refused to co-operate and the result was they were dispossessed.

"We have known this family for two years and have on occasions aided them. As we know them, the man is intemperate, lazy and has been accused of dishonesty. The wife's record is not so bad, but she appears entirely incapable. They have recently applied to us for aid in rent, but from their previous record, we did not feel it advisable to give this. Man makes no effort to find work; will not avail himself of what we offer him and on two mornings recently has been found in bed between 10 and 11 a. m."

It therefore became necessary to commit one child to an institution; refer the mother to an agency for the purpose of securing a situation as a domestic with the remaining child and to have the father arraigned in Court for failing to provide for his family.

In confirmation of the history of the family furnished by the private charitable society and particularly that part which relates to the fondness of the man to remain in bed to an hour when most industrious men have performed half a day's labor it might be well to state that at the time of the dispossession, about 11 a. m., the Marshal's men found the man still in bed. He refused to leave his bed and it became necessary to summon a policeman in order that the men might complete the removal of the furniture. At the time the man was not under the influence of liquor, pure laziness.

On February 16, 1907, application was made for the commitment of three children in the G. family. F., two years; A., thirteen years, and A., five months, by a banker, on behalf of the father. The applicant stated that the mother had deserted her family.

The Examiner to whom the case was given reported as follows: "Called upon banker who made this application. He said he would show me where this family lived. Found them at No. 8 street, living in three rooms in basement. None of the family speak English. Saw by passport that they arrived in this country August 5, 1905. They have lived at present address all this time. The cause of this application is said to be the desertion of the mother two weeks ago. Father is a laborer at present unemployed. One other child, a boy, sixteen, is also out of work. The oldest girl is very large for her age, also very strong, but is not capable of caring for the baby. Mother was wet-nursing baby when she is supposed to have deserted. The two-year old child can be placed in a day nursery. Father and brother with their combined efforts should be able to support family."

While the statement of the father concerning the desertion of his wife was doubted, still, on account of the tender age of the infant, it was accepted as a public charge and sent to an institution.

In addition to the many new cases received in the interim, the Examiner to whom the case was allotted in the first instance, kept it under observation, and on March 6, 1907, unexpectedly paid a visit to the home of the family and, as was anticipated, found the mother, if she be worthy the name, at home and apparently congratulating herself upon the fact that she had succeeded in relieving herself of the care of her infant, and to which scheme her husband had proven so valuable an accomplice.

The Examiner reports of this visit, in part, as follows: "Found the father at home. Saw a woman sitting sewing on coats. I said to the man, 'I see your wife has come back to you.' He shook his head and replied, 'No wife; sister.' I then went to the housekeeper who informed me that the woman was the mother of the children and the man's wife. The banker who had made the application then appeared upon the scene, he having been sent for. He was greatly surprised to find how the family had tried to deceive this Department and so informed the father and mother. 'Man has been working lately. They have this month's rent paid and seem to be getting along nicely.'"

Both parents were summoned to this office and after being warned, by means of an interpreter, that a repetition of this offense would result in their both receiving the full penalty of the law for the desertion of children, they were compelled to resume charge of their infant.

On March 7, 1907, Mrs. P. applied for the commitment of her three children, aged respectively ten, nine and four, stating that her husband had deserted her.

The following information was obtained on investigation:

"Mrs. P. and three children are residing with cousin, Mrs. L., at given address. Father deserted family seven weeks ago. This is the seventeenth time he has deserted his family. He is a ladies' tailor and can earn as high as \$30 a week. Besides being a chronic deserter, he is an inveterate card player, his entire time being spent in gambling houses. He is in the habit of taking family to distant cities, remaining a few months, then deserting them with the express purpose of having his family returned to New York City by various private charitable societies. It is very doubtful if family have acquired a 'legal settlement' in New York City. These peregrinations mentioned above have covered a period extending over eleven years, and among the various cities in which the family has resided for a few months at a time are included Norfolk, Va.; Rochester, N. Y.; Boston, Mass.; Philadelphia, Pa., and New Haven, Conn. Family are really homeless. Relatives not willing to assume care of one child. Woman will seek position as domestic and care for eldest girl. As family have not gained within past four years a legal residence in any city to which they have migrated and have within stated period been longer in New York City than any other, it may be assumed they are legal residents."

The private charitable society to whom the case was well known reported in part as follows:

"That Mrs. A. P. has repeatedly been deserted by her husband, who is addicted to gambling and who ill-treated her. She has been staying for a short time with her cousin, Mrs. L. at avenue, who has a grocery store and a large family of her own and refuses to keep her any longer."

"We also sent her to New Haven, Conn., where she has a sister who is also in poor circumstances, and whose husband turned Mrs. P. and her children out."

Two children were committed to an institution, the mother to take a position with remaining child as a domestic.

On March 15, 1907, Mrs. P. called, having been directed to inform the Department immediately when she learned of her husband's whereabouts, with a letter written by her husband from Albany, N. Y., addressed to his eldest child, in care of a friend. In the letter he requested the child to send him his clothes, etc., promising her "a nice present" for doing so and stating that he intended going to California. He directed her to address him in care of General Post Office, Albany, N. Y.

Upon this information, the Chief of Police of Albany was immediately communicated with, telling him of the facts of the case and requesting him to co-operate with this Department to the extent of arresting and holding P. until we could send an officer for him.

On March 16, 1907, a warrant was secured for P.'s arrest in the Fourth District Court for non-support on his wife's complaint.

March 18, 1907—Received telegram from Chief of Police, Albany, N. Y.: "H. P. in custody. Send officer for him at once."

March 19, 1907—By special arrangement with Central Office, a detective was sent to Albany with warrant issued by Magistrate Cornell.

March 20, 1907—P. was brought to New York City.

March 21, 1907—P. arraigned before Magistrate Cornell and held in \$300 bail for examination, March 22, 1907.

March 22, 1907—P. arraigned again, and after a hearing the original complaint was dismissed and a complaint charging him with abandonment, under section 287a, Penal Code, made by his wife, was entertained. On this complaint, he was held in \$1,000 bail for trial. Violation of section 287a is a felony, and on conviction is punishable by two years' imprisonment.

When arraigned in Part 2, General Sessions, he pleaded guilty to the charge of desertion of wife and children and was remanded for sentence, and was subsequently released on parole in the custody of Probation Officer by the presiding Justice.

On March 13, 1907, Mrs. F. applied for the commitment of her eleven weeks' old infant, claiming to have one other child, three years old, for whom she intended to provide.

The Examiner, who investigated the case, reported in part as follows:

The mother, a widow, resides with her two children in a furnished room on top floor at address given. Friend, Mrs. S., shares room.

Mrs. F., when visited, stated, through Mrs. S., that she is a widow, her husband having died one year ago. She was left penniless, and up to the birth of her second child earned her livelihood by doing washing, cleaning, etc. Infant was born in Lying-in-Hospital. Has not worked regularly of late and now finds it impossible to support two children. Her relatives are in Europe, and with exception of Mrs. S., she is friendless. Came to America five years ago. Upon being questioned closely, Mrs. S. evinced much nervousness. Examiner asked to see elder child and was more than impressed with striking resemblance to Mrs. S. Examiner remarked same, whereupon Mrs. S. became greatly excited and finally acknowledged that "J," the older, was her child, and the infant was the only child of Mrs. F., the applicant, and that Mrs. F. was never married.

When asked why woman (Mrs. F.) had said that both children were her own, she (Mrs. S.) said that the people in the neighborhood had told them that the "only child" would not be taken, hence the subterfuge.

Needless to say the child proposed for commitment was not accepted.

Resignation.

January 23, 1907—Josephine E. Blaney (Blayne), Clerical Assistant, salary \$420 per annum.

Appointment.

January 24, 1907—Josephine E. Blaney appointed Examiner of Charitable Institutions, salary \$1,200 per annum.

The statistical portion of the report follows, all of which is respectfully submitted.

FREDERIC E. BAUER, Superintendent.

REPORT OF THE MUNICIPAL LODGING HOUSE.

Hon. ROBERT W. HEBBERD, Commissioner:

Dear Sir—I beg to present for your consideration the report of the Municipal Lodging House for quarter ending March 31, 1907.

In addition to tabulated statistics covering this period I beg to say that I had hoped ere this report was due to be able to say that the difficulties encountered by the contractors for the building of our new institution on East Twenty-fifth street had been overcome, and that operations looking to the completion of said building had been resumed. Unfortunately this is not the case; the contractors have exhausted much time and have spent considerable money in trying to solve the problem finding a solid foundation on the northeast corner of the plot for the driving of piles, etc.

After consultation with many prominent builders and civil engineers it was decided that the most practical way was to build a steel caisson at a probable cost of \$49,400. This then brought up a question as to whether the City was responsible for this extra amount of money, or whether the contractors could be forced to assume this liability as part of their original contract to erect this building at a cost of \$273,900.

This question of liability was submitted to the Corporation Counsel, who decided that the expense must be assumed by the City as it did not fall within the terms of the original contract made with the Church Construction Company. The Board of Aldermen, at a recent meeting, authorized and empowered Commissioner Hebbard to execute a contract for the building of this steel caisson at a cost not to exceed \$50,000.

I am informed by competent authority that it will take three (3) months to build and place this caisson in position, and before that is completed little or no progress can be made in any other part of the building. Were we in a position to execute this contract without delay it might be possible, although hardly probable, to take possession of this building on or before November 1 of the year, the date of the expiration of our lease on the building we now occupy. But, again unfortunately, our contractors (Church Construction Company) have passed into the hands of a receiver. Whether he will undertake to complete our building as per original contract, or what will be done in the matter, at the present time seems to be a question of much doubt.

Employment Bureau.

As usual, many of the institutions in our own Department, as well as that of Bellevue and Allied Hospitals, have been supplied with mechanics, helpers, scrubwomen, etc., during this quarter. In order to get as good a class of help as possible for our institutions, I do not send any one to fill a vacancy who has at any previous time (if known to me) been dismissed from any of our institutions for serious cause or whose record on our books is in any way unfavorable. We have supplied from time to time nearly all of our prominent hotels with scrubwomen and cleaners, in fact

the demand for this kind of help at all times exceeds the supply. We also sent, when required, a large number of our able-bodied lodgers, if properly clothed, to the snow contractor's office, where they secured a few days' work shoveling snow.

On occasions of this kind when men are wanted many volunteer to go, but unless they have some kind of an overcoat or a fair pair of shoes on they are not allowed to go, for this very good reason: I remember a few winters ago when, after working for two or three hours, many of these volunteers returned to this institution with frozen toes, fingers and ears, the result of trying to earn an honest dollar. Many of these men were poorly clad and should not have been allowed to go. To encourage such as these to do so would mean not only frozen fingers, etc., but the filling up of our public hospitals later with these men, being treated for pneumonia, etc.

Repairs and Improvements.

During this quarter many repairs of various kinds were found necessary, principally the laying of an asphalt floor in the women's bathing room, repairs to the showers, gas range, fire alarm system, etc.

Precautions Against Fire.

All possible and known means of preventing a fire making much headway in this institution have been adopted. All fire laws and instructions from the Fire Department are strictly carried out. Fire drills take place regularly each and every week at different hours and days for both day and night employees.

Medical Report.

During this quarter 13,448 lodgers were examined by Dr. Levy, our House Physician, of which 1,992 required either medical or surgical treatment. Non-contagious cases needing hospital treatment at once were sent to Bellevue Hospital; cases other than these were sent to the Bureau of Dependent Adults to be admitted to either the City or Metropolitan Hospital.

Contagious diseases are sent to the Willard Parker Hospital. All lodgers not showing a good scar received the benefit of vaccination. The importance of this cannot be overestimated, as the lodgers received come from all parts of the world, and many of them are more than ordinarily exposed to contagion. Of this class it was found necessary by Dr. Levy to vaccinate 4,013.

Charitable Societies.

All communications, requests, etc., to and from all charitable bureaus and interested individuals have been acted upon promptly and courteously.

Very respectfully,

WM. C. YORKE, Superintendent.

REPORT OF THE GENERAL DRUG DEPARTMENT.

April 2, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities, New York City:

Sir—I have the honor to submit herewith a report of the transactions of the General Drug Department during the first quarter of the current year. On March 26 my predecessor, Mr. D. J. Gerrity, resigned, and I took charge of this bureau on April 1.

An important improvement has taken place during the last quarter in keeping the records of this bureau. By your initiative and order, the invoice and distribution books have been supplemented by an extensive and complete stock ledger, which renders an exact account of every single item purchased and distributed. All the articles are arranged in alphabetical order in such a way that, at a moment's notice, it may be ascertained of every one of the more than 4,000 articles what has been bought, distributed, and what remains in stock.

Regular and special requisitions for medical and surgical supplies have been filled for the following institutions:

City Hospital, Blackwell's Island.....	\$4,916 00
City Training School for Nurses, Blackwell's Island.....	60 97
New York City Home for the Aged, Blackwell's Island.....	1,279 11
Metropolitan Hospital, Blackwell's Island.....	4,412 88
Randall's Island Hospitals, Randall's Island.....	1,417 84
Kings County Hospital and dependencies.....	4,490 34
Municipal Lodging House	47 44
Richmond Farm Colony	43 57
Steamboats	6 16
Bureau of Dependent Adults.....	10 12
General Drug Department.....	347 87

Total..... \$17,032 30

The repairs to surgical instruments and apparatus amounted to \$211.53.

The preparation of sterilized catgut for the hospitals has been continued, and the manufacturing bureau has turned out a great variety of pharmaceutical preparations.

Very respectfully,

D. E. ROELKEY, Chemist.

REPORT OF THE NEW YORK CITY TRAINING SCHOOL FOR NURSES.

March 31, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities:

Dear Sir—I respectfully submit the following report of the New York City Training School for the quarter ending March 31, 1907:

January 1, census, 162; March 31, census, 155. Classification was as follows:

	January 1.	March 31.
Officers	5	5
Trained Nurses	12	13
Pupil Nurses	99	86
Probationers	14	18
Orderlies	3	3
Stenographer	1	1
Clerical Assistant	1	2

	January 1.	March 31.
Matron	1	1
Help	26	26
Total.....	162	155

On March 31 the force was distributed as follows:

Eight Trained Nurses (three male), forty-three Pupil Nurses, eighteen Probationers, three male Orderlies, at City Hospital.
Five Pupil Nurses at Maternity Hospital.
One Trained Nurse, twenty-one Pupil Nurses, at Gouverneur Hospital.
One Trained Nurse, ten Pupil Nurses, at Harlem Hospital.
One Trained Nurse, seven Pupil Nurses, at Fordham Hospital.

At the Home:

Two Trained Nurses five men and twenty-one women.

There were eleven Nurses graduated during the quarter, one was dropped for illness, one was reappointed to the roll and one resigned.

During the quarter the work outside the Training School has been chiefly that of trying to adjust the services at the outlying hospitals. An effort was made to take the Nurses from Fordham and Harlem hospitals and transfer them to the Gouverneur wards which are ready to be opened, but so far without success, the reason given being that it was impossible to secure competent Nurses to do the work at either Fordham or Harlem, consequently the new wards of Gouverneur Hospital, with the exception of the children's ward, have remained unopened.

The work at the Home has consisted chiefly during these months of rearranging our theoretical work, trying to take one class at a time through its work, and thus avoid the relieving of so many classes each week. The work seems to be a success, and so far results at the examinations show a higher percentage and better work than when the classes were spread over five months. It has made very hard work for the teachers, which was perhaps a little worse, owing to the fact that Miss LeFebvre, our Assistant Superintendent, was absent three months from her work, all of the quarter.

The force at the Home has remained about the same, with the exception of Miss Greener, who was advanced to the position of Assistant Superintendent, with her salary increased to \$1,050 per annum.

The lectures in massage for the year were begun in January with the graduating class, and completed in March. It was found possible to relieve the intermediate class for their lessons in massage, so their term was arranged to begin the middle of March. The rest of the lectures and lessons were given without change, except as before stated. We were fortunate in securing a very competent instructor in massage, and I have no doubt the hospital will derive benefit from the thorough instruction given.

The entrance examination for the class of the first quarter was held January 2; eleven were notified to report, and took the examination; ten passed, and are now in uniform. March 2 the second quarterly entrance examination was held; eleven were ordered to report, nine took the examination, two of whom were dropped, and the remaining seven are going through the course. Another class has been notified to report in May, instead of August. It is not yet known how many members will be in it. There were sixty-five applicants during the quarter. All seemed eligible.

February 21 a letter was sent in recommending the painting and repairing of the whole of the main building of the Home, which needs it very badly, as nothing has been done in that line since the new wings were added, and as the buildings have settled considerably, the plaster on the walls has severed a great deal.

Respectfully submitted,

MARY S. GILMOUR, R. N., Superintendent Training School.

REPORT OF THE CITY HOSPITAL.

April 10, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities,
New York City:

Dear Sir—I herewith submit to you the quarterly report for the first quarter ending March 31, 1907:

Remaining December 31.....	645	
Admitted since	1,074	
		1,719
Discharged since	990	
Transferred to other institutions.....	44	
Died since	93	
		1,127

Remaining March 31, 1907..... 592

The old boiler house connected with the main building has been dismantled, boilers and pumps broken up but not as yet removed; the interior brick work has been torn down and removed to the grounds adjacent; the old roofing boards have been replaced by new ones, new sashes have replaced the old ones, and the work according to contract is progressing favorably.

The ground tests for the new building have been made and show that all places tested are free from solid, with but one exception, namely the extreme east of the contemplated site of the new doctors' hall, where rock was encountered running north and south at the depth of 2½ feet.

I earnestly call your attention to the condition of the sea wall east side of erysipelas pavilion. It needs to be rebuilt and raised at least 3 feet. The portico of the building adjoining this wall is gradually sinking, and at present the base is at least two inches separated from main building, and should receive immediate attention.

The work of constructing new storm door and new doors for erysipelas pavilion has been recounted in the usual weekly reports.

The work of the other mechanics has been recorded and submitted.

Respectfully submitted,

JAMES D. LAMB, Superintendent.

REPORT OF THE NEW YORK CITY HOME FOR THE AGED AND INFIRM, BLACKWELL'S ISLAND.

April 8, 1907.

Hon. ROBERT W. HEBBERD, Commissioner:

Sir—I have the honor to transmit herewith the quarterly report of this institution for the quarter ending March 31, 1907.

During the quarter just covered the following labor has been performed:

The doctors' quarters, north and south pavilions and the office building have all been painted.

The following improvements have been made with inmate help: A new diet kitchen has been installed in Ward F of the hospital building, and is proving very satisfactory. The small room formerly used for record books in the office building has been turned into an office for Mr. Flick, Deputy Superintendent. A new piazza in the back of Ward L has been built. A confessional in the Catholic Chapel has been built and placed in the chapel. Additional iron and wooden fences and wooden posts have been placed around the grounds of the institution.

The new shower bath established for the inmates is a decided improvement.

The work in the shops is going on in a satisfactory manner, and the buildings, roads and gutters have been kept in repair.

Respectfully,

ROBERT ROBERTS, Superintendent.

The Superintendent reports the following as the present number of inmates:

Mortality—

Main hospital, per cent.....	6
Infirmary, per cent.	21

Improvements.

Male dormitory completed and occupied.

Old pavilion, occupied by the Blackwell's Island stable employees and female help, torn down.

Overhauling of the present fire alarm system in furnishing, installing and connecting to all present stations, a leather-sheathed cable on all exterior lines.

An extra position, at \$240 per annum, allowed for Clothes Presser; also five extra Helpers were allowed, at \$150 per annum each, to watch deportation cases.

A clothes room for the hospital patients has been constructed and opened under Wards T and S.

Recommendations.

It is generally understood that one Helper is allowed to every forty beds. In this institution there are, at the present time, but two Hospital Helpers allowed, and as there are over three hundred beds for employees, I recommend that this number be increased from two to eight.

I should likewise recommend that a male dormitory be allowed, inasmuch as we are still obliged to house over one hundred and sixty people in an old pavilion known as the "bungalow" and in the rooms over the kitchen. These rooms over the kitchen are in such a condition that it is utterly impossible to keep them clean, inasmuch as the woodwork is so rotten and filled with vermin. If we could find accommodation for those who are at the present time over the kitchen it would relieve us temporarily, inasmuch as the pavilion can at least be kept clean.

The solarium and the dining-room hall should be painted inside and outside.

Respectfully submitted,

G. T. STEWART, M. D., Superintendent.

During the quarter the following wards were quarantined:

Ward 36, for mumps, from January 10 to 17; Ward 39, Reception Hospital, for mumps, from January 1 to February 6; Ward 35, for diphtheria, from March 12 to 23; Ward 50, Infants' Hospital, for chickenpox, from March 24 to 31, and a portion of Pavilion K No. 1, for whooping cough, from January 1 to February 12.

At the Infants' Hospital building the contract for furnishing new windows, sashes, hardware, etc., has been completed and 129 square feet of new flooring have been laid.

The new male Helper's dormitory is practically completed, and it is expected that it will be ready for occupancy by the end of April or as soon as the necessary furniture will be delivered.

All walls and ceilings in Pavilions F and H have been painted in two coats, also the dining room of Pavilions A, B and C with kitchen have been painted throughout in two coats and the radiators and pipes aluminized.

Ward 11 has been painted throughout and the radiators aluminized.

Minor repairs of plastering, painting and carpentry have been made throughout the several buildings.

The contract for the erection of poles for outside lighting has been delayed considerably by the severe weather, but is now well under way. Two cables have been laid across the Bronx Kills by the New York Edison Company, and a brick cable station has been built in which will be placed the transformers, switches, etc., necessary to control the electric current.

The Reception Hospital, Gymnasium and Morgue are being wired for electric lighting. This work should take but a short time, as the tubes through which the wires are placed are already in position.

The erection of two isolation buildings and five toilet towers has been commenced March 15 and 18, respectively, and the work is now well under way.

A 32-inch by 57-inch metallic washing machine has been installed at the Infants' Hospital laundry.

At the storehouse, main kitchen and Infants' Hospital buildings 382 feet of pine shelving have been put up.

At the School for Feeble-Minded the entire flooring of playroom, 25 feet by 60 feet, has been taken up and replaced by new yellow pine.

During the quarter 358 lights of common glass and 10 lights of ground glass have been placed in the various buildings.

Fire drills have been held regularly.

Three thousand one hundred and ninety-one tons of coal have been carted from coal dock to boilerhouse and coal pile, and 431 tons of gas coal carted to gas house; hauled 530 loads of ashes from boiler rooms and gas house, some of which has been used in repairing the roads and the remainder hauled to the dumps.

Fourteen thousand five hundred and forty-one quarts of farm milk have been distributed among the different subdivisions of this institution.

Six thousand and ninety-two pounds of bones, 4,045 pounds of grease and 1,510 pounds of rags have been sent to the storehouse, Blackwell's Island; also two calves weighing 28 pounds.

Four bull calves have been slaughtered during the quarter, and two heifer calves sent to the New York City Farm Colony, Staten Island.

The following is a list of the work performed at the Industrial School during the quarter:

REPORT OF THE BUREAU OF DEPENDENT ADULTS, BOROUGH OF RICHMOND.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities, foot of East Twenty-sixth Street, New York City:

Dear Sir—I herewith submit my report for the quarter ending March 31, 1907.

The part-payments by relatives for support of their children in institutions have not been satisfactory during the quarter, from the fact that they were either ill or could not secure steady employment. The investigations for reacceptance of children in institutions have been given strict attention, with the result that the discharge of two children was enforced, and they were returned to their parents; fifteen were reported for indenture, two of whom have been discharged to Children's Aid Society; also two of the children boarding in families (who had become whole orphans) were placed in the Wartburg Home, Mount Vernon, N. Y., by appeal to the local clergyman of that denomination. The investigations will be kept up each month, with the view of compelling parents to support their children when able.

The number of children remaining in institutions and families December 31, 1906, was one hundred and ninety-seven (197). The number remaining March 31, 1907, is one hundred and eighty-six (186), of whom nine (9) are State pupils.

The changes in the Bureau were as follows:

January 21, 1907, Jeremiah Connelly, appointed Superintendent of the Bureau of Dependent Adults, Borough of Richmond (vice Thomas Kenny, Sr., deceased).

March 1, 1907, Edward Boyle, appointed Clerk (vice Jeremiah Connelly, promoted).

Respectfully submitted,
JEREMIAH CONNELLY,
Superintendent of Bureau of Dependent Adults.

REPORT OF THE NEW YORK CITY FARM COLONY.

April 6, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities:

Dear Sir—I have the honor to herewith submit my report for the New York City Farm Colony for the quarter ending March 31, 1907.

The following repairs and improvements have been made during the quarter: The kitchen in the main dormitory was thoroughly renovated and a storeroom erected under stairs leading to same for the storing of supplies used in kitchen.

The dining room walls and ceilings in the main dormitory were thoroughly cleaned and the woodwork and pipes painted and varnished.

A clothes closet has been annexed to the bookcase in the office, a much needed improvement.

The ventilation boards for the windows in the main dormitory are being completed and will be installed in a few days.

Electric lights were installed in the garden cottage and insane pavilion, the buildings before this improvement being lighted by kerosene oil.

The toilets and halls in the old dormitory have been whitewashed and painted, and the toolroom in this building removed to a more suitable place.

The morgue at present is being repaired and whitewashed.

The end of the pigpen was partitioned off as a paint shop; the old one was not suited for the purpose, being too dark. Also the placing of extra partitions in this building for the storing of seeds and tools used on farm.

The old building near the cow barn used for the storing of oil has been torn down and a more suitable place found.

A new partition was placed in the drug room, with shelving and drawers in the back for the storing of drugs and sundries used in the line of an up-to-date drug room. The basin in this room was shifted back of this partition and new long-neck faucets were placed on the basin, making it very convenient for the druggist.

All doors in cottages A, B and C have been overhauled by the carpenter of this institution, and chains have been attached to the keys on fire escape doors; also balustrades have been put on stoops leading from porches to the ground for the support of the inmates going up and down, a very much needed improvement.

Six regulators were installed in the furnaces in cottages A, B and C and seem to add greatly to the distribution of the heat throughout the cottages.

The furnaces and pipes in the cottages are at present being covered with asbestos. On March 28 a very bad fire occurred on the Schmidt farm, starting in the heavy brush and spreading back of the stable, and but for the prompt action of the Superintendent and other employees it might have done considerable damage.

The ice crop was very good, having harvested about 200 tons, of a thickness from 5 to 10 inches, and stored in three icehouses, one at the main institution and two on the Schmidt farm. We have started to use ice during the month of March.

The cow barn has been overhauled and the interior whitewashed and now presents a very neat appearance.

The coal for this year is now coming in, having received about half the amount of the contract, and stored in the different bins about the farm. The coal is of a good quality.

Also a new storehouse is now in course of erection, situated on the pier at the foot of Summerville avenue, Mariners' Harbor, Staten Island, for the storing of goods in case of stormy weather.

Owing to a long and severe winter we are just commencing the building and placing out on the farm new hot beds. Plowing was commenced on March 20.

Easter Sunday, which ends this quarter, was enjoyed by the inmates, they having for breakfast a generous supply of eggs, and all were happy and offered thanks after leaving table.

The inmates this quarter have been employed in grading, whitewashing, painting benches, spreading, manure, general cleaning up of the grounds and various other occupations.

BOARD OF ESTIMATE AND APPORTIONMENT.

EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, JUNE 14, 1907.

Queens Lighting Company.

At the meeting of December 7, 1906, an application was presented by the Queens Lighting Company for a franchise to construct, maintain and use poles, pipes and wires for transporting gas, electricity and steam in the villages and towns of Queens, Hollis and Jamaica, which was referred to the Bureau of Franchises.

The Secretary presented the following:

REPORT NO.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
June 11, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On November 1, 1906, the Queens Lighting Company submitted to the Board of Estimate and Apportionment a petition for the right to lay conductors and distribute gas in the streets and highways in the villages and towns of Queens, Hollis and Jamaica and in any other part of the Borough and County of Queens, including the right to erect poles, string wires, etc., for the distribution of electricity, and also for the laying of pipes and conduits for supplying steam.

It has been impossible to report upon this application up to the present time owing to lack of information concerning the plans of the company.

This information has recently been furnished, and the company has withdrawn its petition of November 1, 1906, and substituted a new petition dated June 4, 1907.

This petition asks for the right only to lay mains and distribute gas in a certain limited territory in the Borough of Queens, instead of supplying and distributing gas, electricity and steam in the entire borough.

The petition is now in the proper form for consideration by the Board, and I beg to recommend that the Board fix Monday, July 8, 1907, as a date for public hearing, prior to which date a report and proposed form of contract will be submitted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,
June 10, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The Queens Lighting Company, under date of November 1, 1906, petitioned the Board of Estimate and Apportionment for the right to lay conductors for conducting gas through the streets and highways in the villages and towns of Queens, Hollis and Jamaica and in any part of the Borough and County of Queens, City of New York, to lay, erect and construct suitable wires with the necessary poles, pipes, etc., in any part of said County for conducting and distributing electricity; also to lay, construct and maintain pipes and conduits for the purpose of supplying steam.

The petition was presented to the Board of Estimate and Apportionment at the meeting of December 7, 1906, and referred to the Bureau of Franchises for investigation and suggestions.

Since the presentation of the petition the Bureau of Franchises has conferred with the representatives of the company, and under date of February 6, 1907, a communication was addressed to the company asking for information which would aid the bureau in suggesting terms and conditions for a form of contract. This information has only recently been furnished.

Under date of June 7, 1907, the company addressed a communication to the Board, stating that it was desirous to withdraw the former petition dated November 1, 1906, and submits a new petition dated June 4, 1907. The new petition is for the right to lay conductors for conducting gas only in certain limited territory of the Borough of Queens, instead of for gas, electricity and steam in the whole Borough of Queens, as requested in the former petition.

I would suggest that the Board fix Monday, July 8, 1907, as a date for public hearing, at which time I shall be prepared to submit a report, together with the proposed form of contract for the franchise.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Queens Lighting Company respectfully shows:

First—Your petitioner is a corporation duly organized and existing under the provisions of article 6 of the Transportation Corporations Law of the State of New York for the purpose, among other things, of manufacturing and supplying gas in the Borough and County of Queens.

Second—Your petitioner desires to obtain from The City of New York its consent to and a grant of the franchise, right and privilege to manufacture and supply gas for the purpose of lighting the streets, public and private buildings and places and to lay conductors for conducting gas through the streets, lanes, squares, highways and public places of the following territory: All that portion of the Borough of Queens, City of New York, lying easterly and bounded by and within a line com-

mencing at Little Neck Bay and Alley creek and running southwardly along West Alley road, Rocky Hill road, Black Stump road, Holliswood avenue, Hillside avenue, Carpenter avenue, Pocahontas avenue, Atlantic avenue, Farmers avenue, Locust avenue, Rockaway road and Three Mile Mill road to Jamaica Bay, as shown upon a map submitted herewith and made a part of this petition.

Wherefore your petitioner prays that the consent of your Honorable Board be granted to it to lay conductors for conducting gas in the territory before described, and that the desired consent, grant or franchise be embodied in the form of a contract in accordance with the provisions of the Greater New York Charter.

Dated, City of New York, June 7, 1907.

QUEENS LIGHTING COMPANY,
By J. MAYNARD KISSAM, President.

State of New York, County of New York, ss.:

On this 7th day of June, 1907, before me personally came J. Maynard Kissam, to me personally known, who being by me duly sworn, deposes and says that he resides in Queens, Long Island; that he is the President of the Queens Lighting Company, the corporation described in and which executed the foregoing petition: that by order of the Board of Directors of such corporation he signed his name thereto, and that he has read the foregoing petition and knows the contents thereof, and that the same is true to his own knowledge and belief.

VINCENT T. COUGHLIN,
Notary Public, New York County.

The following was offered:

Whereas, The foregoing petition from Queens Lighting Company, dated June 7, 1907, was presented to the Board of Estimate and Apportionment at a meeting held June 14, 1907.

Resolved, That, in pursuance of law this Board sets Monday, the 8th day of July, 1907, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

United Electric Service Company.

The Secretary presented the following:

REPORT NO.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
June 11, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The United District Messenger Company petitioned the Board of Estimate and Apportionment on June 28, 1905, for a franchise permitting it to lay conduits, wires, conductors, etc., for the transmission of messages, news and information.

A preliminary hearing was held on June 15, 1905, when the application was referred to the Comptroller for investigation and report.

It was subsequently referred to the Bureau of Franchises, by which Bureau a report was made on November 3, 1905, calling attention to a possible defect in the manner in which the company was incorporated. This question was referred to the Corporation Counsel who, on March 17, 1906, advised the Board that the applicant company should be organized under the Transportation Corporations Law, and accordingly the Board denied the former application, with the suggestion that the company present a new application when properly organized.

This has been done and, under date of June 7, 1907, a new application has been submitted to the Board of Estimate and Apportionment for a franchise, similar to that formerly asked, and, the company meanwhile having been organized as the "United Electric Service Company," it is recommended that the Board fix Monday, July 8, 1907, as a date for hearing, prior to which date a detailed report will be submitted with proposed form of contract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,
June 10, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—Under date of June 28, 1905, the United District Messenger Company petitioned the Board of Estimate and Apportionment for the right or franchise to open streets or pavements to lay tubes, wires, conductors and insulators for the purpose of transmitting, communicating and carrying messages, news and information.

The petition was presented to the Board on June 30, 1905, and a date was set for public hearing, as provided by law.

Such hearing was duly held on September 15, 1905, after which the application was referred to the Comptroller for investigation and report. The application was referred by the Comptroller to the Bureau of Franchises for investigation.

A report was made by the Bureau of Franchises to the Comptroller on November 3, 1905, in which attention was called to the fact that the United District Messenger Company was incorporated under the Business Corporations Law. The question was raised as to whether the City could lawfully grant a franchise to this Company without its being incorporated under the Transportation Corporations Law.

Under date of March 17, 1906, the Corporation Counsel rendered an opinion in which he stated that he was of the opinion that the Board should insist that the applicant, being a corporation, should be properly organized under the Transportation Corporations Law for telegraph and telephone companies. This opinion was presented to the Board at the meeting held April 27, 1906, at which meeting the Board adopted a resolution, as follows:

"Resolved, That said application of the United District Messenger Company be and the same is hereby denied without prejudice to the right of the Company to present a new application when properly organized."

A new company has since been organized under Article 8 of the Transportation Law, known as the "United Electric Service Company," and filed its certificate in the Office of the Secretary of State on June 7, 1907.

This Company has under date of June 7, 1907, made application to the Board of Estimate and Apportionment for a franchise similar to that applied for by the former company.

I would suggest that the Board fix Monday, July 8, 1907, as a date for public hearing, at which time I shall be prepared to submit a report, together with a proposed form of contract for a franchise.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the United Electric Service Company, a corporation, respectfully shows:

First—Your petitioner is a corporation, duly organized and existing under and by virtue of the provisions of the Transportation Corporation Law of the State of New York.

Second—Your petitioner desires to obtain from The City of New York its consent to and a grant or franchise, right and privilege to lay, erect, construct and maintain wires and other conductors, with necessary poles, pipes, conduits and appliances in, over and under the streets, avenues, highways, parks and public places within the territory of The City of New York, according to terms and conditions which the Board of Estimate may now or hereafter determine; said wires to be used in electric operation of electrical call boxes in connection with telephones, telegraph and other systems for providing calls and signals for messages and messengers.

Third—Your petitioner is prepared to distribute from its central station, now in operation, to many points throughout The City of New York.

Fourth—The franchise to be held and enjoyed by the Company and its assigns for a term of twenty-five (25) years, and a renewal thereof for a further period of twenty-five (25) years upon a revaluation to be made by three disinterested freeholders, one of whom shall be appointed by the Board of Estimate and Apportionment, one chosen by the company, and the two thus designated shall choose a third freeholder, and the three shall make a revaluation, which shall be conclusive.

The appointment of the appraisers shall be made at least six months prior to the expiration of the first grant, and they shall report within three months after they are chosen to the Comptroller of The City of New York or his successor.

Fifth—The company and its successors shall pay to The City of New York for such franchise for the first two years, 1 per cent.; 1½ per cent. for the succeeding three years, and 2 per cent. for the remaining term, upon the gross sum received by the company for message and messenger service rendered its commercial or domestic customers within said territory, and for the extension pay the terms fixed by the appraisers.

Payments shall be made on November 1 of each year during the term of the franchise. The first payment shall be made for the portion of the above sum as the time from the grant to September 30, shall bear to the whole year; each fiscal year to end on September 30.

Sixth—The company and its assigns shall maintain and operate the aforesaid wires, conductors, poles and other appliances upon the ways aforesaid, under the supervision and control of the municipal authorities having jurisdiction under the Charter of The City of New York.

All of which is respectfully submitted, and the consideration of your Honorable Board respectfully requested. Dated New York, June 7, 1907.

THE UNITED ELECTRIC SERVICE COMPANY.

By M. W. RAYENS, President.

Attest:

CHAS. H. EHRENSTROM, Secretary.

State of New York, County of New York, ss.:

On this 7th day of June, 1907, before me personally came Michael W. Rayens and Charles H. Ehrenstrom, of the United Electric Service Company, with whom I am personally acquainted, who, being by me duly severally sworn, did each for himself depose and say: The said Michael W. Rayens, that he was the president of the United Electric Service Company, the corporation described in and which executed the foregoing instrument; and that he resided in the City, County and State of New York; the said Charles H. Ehrenstrom, that he resided in the City, County and State of New York, and was the secretary of the United Electric Service Company, the corporation described in and which executed the foregoing instrument; that they know the corporate seal of said company, and that the seal affixed to the foregoing instrument is such corporate seal; that it was affixed by order of the Board of Directors of said company, and that they signed their names thereto by the like order as president and secretary, respectively, of said company, and that they executed the same as the free act and deed of the said company, and for the uses and purposes therein mentioned.

CHAS. L. BROCKHEIM, Notary Public, New York County.

The following was offered:

Whereas, The foregoing petition from United Electric Service Company, dated June 7, 1907, was presented to the Board of Estimate and Apportionment at a meeting held June 14, 1907,

Resolved, That in pursuance of law this Board sets Monday, the 8th day of July, 1907, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing, the expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Queens Borough Street Railway Company.

In the matter of the petition of the Queens Borough Street Railway Company for a franchise to construct, maintain and operate a street surface railroad upon and along Van Alst avenue, from Franklin street to Winthrop avenue, in the First Ward, Borough of Queens, which was presented to the Board at its meeting of December 21, 1906, and referred to the Bureau of Franchises.

The Secretary presented the following:

REPORT No.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
June 11, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On December 7, 1906, the Queens Borough Street Railway Company petitioned the Board of Estimate and Apportionment for a franchise to construct and operate a street surface railroad on Van Alst avenue, from Franklin street to Winthrop avenue, in the Borough of Queens.

An investigation of this petition and of the plans of the applicant company has been made by the Division of Franchises of this office.

The company has been granted by the State Board of Railroad Commissioners a certificate of convenience and necessity, and it is recommended that the Board fix July 8, 1907, as a date for a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
June 10, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—Under date of December 7, 1906, the Queens Borough Street Railway Company petitioned the Board of Estimate and Apportionment for the right to construct, maintain and operate a street surface railroad upon Van Alst avenue, from Franklin street to Winthrop avenue, in the First Ward, Borough of Queens.

The petition was presented to the Board of Estimate and Apportionment on December 21, 1906, at which time it was referred to the Bureau of Franchises for investigation and suggestions.

The Bureau has since made a partial investigation of the matter, and the company has furnished certain information requested.

The company has petitioned the State Board of Railroad Commissioners for a certificate of "Convenience and a Necessity," which was granted on April 16, 1907.

I would suggest that the Board fix July 8, 1907, as a date for public hearing, and that the same be advertised, as provided by law.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Queens Borough Street Railway Company respectfully shws: That your petitioner is a street surface railway corporation duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York entitled The Railroad Law.

That the said corporation proposes to build, construct, maintain and operate a street surface railroad for the public use in the conveyance of persons and property in cars for compensation in the First Ward (formerly Long Island City) of the Borough of Queens of The City of New York, State of New York, upon and along the surface of the following streets, avenues and highways in said Long Island City, to wit:

Beginning at the corner of Franklin street and Van Alst avenue as a starting point, the proposed railroad shall run in a northerly direction along Van Alst avenue to Winthrop avenue, a distance of approximately one and one-tenth (1 1-10) miles.

That the railroad proposed to be built, constructed, maintained and operated by your petitioner, as hereinbefore set forth, is intended to be operated by any motive power, other than locomotive steam power, which now or at any time hereafter may lawfully be used and employed on its route.

Your petitioner further shows that, pursuant to the Laws of this State and to the Charter of The City of New York, it is necessary for it to obtain the consent of the Board of Estimate and Apportionment of The City of New York, to enable it to construct, maintain and operate the railroad aforesaid, and accordingly your petitioner now applies to your honorable body for such consent.

Wherefore, your petitioner prays and makes application to the Board of Estimate and Apportionment of The City of New York for its consent and permission to be granted to your petitioner, its successor, successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use, through, upon and along the avenues, streets and highways above set forth and described, together with all necessary connections, switches, sidings, turnouts, turntables, cross-overs and suitable stands for the convenient working of said railroad, and for the accommodation of the company's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns; and also that consent and permission be granted to your petitioner, its successors, lessees or assigns, to the erection upon said streets, avenues and highways of the necessary poles and the stringing of wires, so that the cars of said company may be moved by the means or power of electricity.

Dated December 7, 1906.

QUEENS BOROUGH STREET RAILWAY COMPANY

By C. E. FINLAY, President.

State of New York, County of New York, ss.:

Charles E. Finlay, being duly sworn, says that he is the president of the Queens Borough Street Railway Company, the petitioner above named; that he has read the foregoing petition and knows the contents thereof, and that the same is true to the knowledge of this deponent, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true. That the reason why this verification is not made by the petitioner is because the petitioner is a corporation; that the grounds of deponent's belief as to matters in said petition not stated upon his own knowledge, are investigations which deponent has caused to be made concerning the subject matter of this petition and information acquired by deponent in the course of his duties as an officer of the corporation petitioner in this application.

C. E. FINLAY.

Sworn to before me this 7th day of December, 1906.

T. J. MANNING, Notary Public, New York County.

The following was offered:

Whereas, the foregoing petition from Queens Borough Street Railway Company, dated December 7, 1906, was presented to the Board of Estimate and Apportionment at a meeting held December 21, 1906.

Resolved, That in pursuance of law this Board sets Monday, the 8th day of July, 1907, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard, and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

New York and Queens County Railway Company.

In the matter of the application of the New York and Queens County Railway Company for a franchise to construct, maintain and operate certain branches or extensions to its existing street surface railway upon and along the surface of certain streets, avenues and highways in the Borough of Queens, which was presented to the Board at its meeting of September 14, 1906, and referred to the Bureau of Franchises.

The Secretary presented the following:

NEW YORK AND QUEENS COUNTY RAILWAY COMPANY,
LONG ISLAND CITY,
NEW YORK, June 11, 1907.

To the Honorable the Board of Estimate and Apportionment, No. 280 Broadway, New York City:

GENTLEMEN—In consequence of the opposition of abutting property owners, this company has found it necessary to make several changes in the routes described in the petition presented to your Honorable Board on September 14, 1906. We therefore beg to withdraw that petition. It is our purpose to present a separate petition for the various routes described in our former application, when the consent of the abutting property owners shall be obtained, and in pursuance of this plan, we present herewith petitions for franchises for extensions to Whitestone and Bayside.

Yours respectfully,

F. L. FULLER, President and General Manager.

Which was ordered filed.

REPORT No.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
June 11, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On July 6, 1906, the New York and Queens County Railway Company asked the Board of Estimate and Apportionment to grant it the right to construct and operate extensions to the existing surface railway in the Borough of Queens, and on September 14 the application was referred to the Bureau of Franchises for investigation.

Several protests have been filed with the Board against the building of these extensions, and it was suggested to the Company that they attempt to secure the consents of the abutting owners before any action should be taken by the Board of Estimate and Apportionment. The company has endeavored to do this, but reports that it has been found impossible to secure a sufficient number of consents at the present time, and the company has asked the Board to permit it to withdraw its original petition and to present two separate petitions for the routes described in the original petition. This has been done under date of June 10, 1907, and it is recommended that the Board fix July 8, 1907, as a date for public hearings under the new applications.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
June 11, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—Under date of July 6, 1906, the New York and Queens County Railway Company petitioned the Board of Estimate and Apportionment for the right to construct, maintain and operate extensions to the existing street surface railway of the company in the Borough of Queens.

The application was presented to the Board September 14, 1906, and was referred to the Bureau of Franchises for investigation and suggestions.

Several protests have been filed with the Board against the construction of certain of these extensions. It was suggested that the Company endeavor to obtain the consents of the abutting property owners along these routes before any further action be taken by the Board. The company has endeavored to obtain these consents, and it has been found that it will be impossible to get a sufficient number of consents at present upon the extensions applied for. In consequence, the company, under date of June 11, 1907, has addressed a communication to the Board, in which it is stated that the company proposes to withdraw the petition presented September 14, 1906, and to present separate petitions for the various routes described in the original petition. The company has presented two petitions covering two extensions, which are designed to take the place of two of the extensions described in the original petition. These petitions are dated June 10, 1907.

I would suggest that the Board fix July 8, 1907, as a date for public hearings upon the new applications, and that the same be advertised as provided by law.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of the New York and Queens County Railway Company respectfully shows:

First—That your petitioner is a street surface railway corporation duly organized and existing under the laws of the State of New York, and now operating a street surface railway in the Borough of Queens, City of New York, and has duly filed, pursuant to section 90 of the Railroad Law, a statement of the extension of its road and branch thereof herein proposed.

Second—That for the purpose of constructing and operating a branch or extension of its present road your petitioner desires to obtain from your Honorable Board, and hereby respectfully applies for its consent to and a grant of, the right, privilege and franchise for the construction, maintenance and operation of a double-track street surface railway as an extension or branch of its existing railway for public use in the conveyance of persons and property for compensation in, upon, along and over the surface of certain streets, avenues, highways, bridges, public places and private property in the Borough of Queens, City of New York, of which the following is a description:

Beginning at and connecting with its present track at the corner of Broadway and Main street in the former Village of Flushing; running thence easterly upon and along Broadway to Whitestone avenue; thence northerly upon and along Whitestone avenue to Chestnut street or avenue; thence easterly upon and along Chestnut street or avenue to and across Flushing place; thence still easterly through private property along the line of a continuation of Chestnut street or avenue to Murray lane; thence northerly upon and along Murray lane to Higgins lane; thence easterly upon and along Higgins lane to a point where Ninth avenue if extended would intersect said Higgins lane; thence northerly through private property along the line of Ninth avenue to Fourth street; thence westerly upon and along Fourth street to Eighth avenue; thence northerly upon and along Eighth avenue to Twenty-first street; thence easterly upon and along Twenty-first street to Eleventh avenue; thence northerly upon and along Eleventh avenue to Thirty-sixth street in the former Village of Whitestone, crossing such other streets, avenues, highways and bridges as may be encountered in said route, and with such connections, turnouts, switches, cross-overs, stands, poles, wires and equipment necessary for the accommodation and operation of said railway by the overhead system of electricity, or by any other motive power that may be lawfully employed upon the same.

Third—That said corporation proposes to operate said extension or branch by the overhead system of electricity, substantially similar to that now in use on its other lines, or by other motive power that may be lawfully employed.

Wherefore your petitioner prays that public notice hereof, and of the time and place when and where this application will be first considered, be given as required by law, and that the desired consent be granted in accordance with the provisions of the Greater New York Charter.

Dated June 10, 1907.

Atlantic Telephone Company, New York Telephone Company and New York and New Jersey Telephone Company.

The public hearing as fixed for this day by motion duly adopted by the Board on June 7, 1907, on the application of the Atlantic Telephone Company for a franchise to construct, maintain and operate poles, wires and necessary appliances to conduct a general telephone business throughout The City of New York, and on the offer submitted by the New York Telephone Company and the New York and New Jersey Telephone Company, was opened.

The Comptroller made a point of order that this matter was still in the Committee of the Whole.

The Chair sustained the point of order.

Upon motion of the Comptroller, the Board resolved itself into Committee of the Whole for the purpose of considering the application of the Atlantic Telephone Company for a franchise, and the offer submitted by the New York Telephone Company and the New York and New Jersey Telephone Company.

The President of the Board of Aldermen took the chair.

The Committee rose, and the Comptroller took the chair.

The President of the Board of Aldermen, as chairman of the Committee of the Whole, reported to the Board that the committee had considered the matter; had heard Edward M. Grout, of counsel for the New York Telephone Company and the New York and New Jersey Telephone Company, and Martin W. Littleton, of counsel for the Atlantic Telephone Company, and recommended that a franchise be granted to the Atlantic Telephone Company upon terms and conditions to be imposed by the Board of Estimate and Apportionment, and requested that such Committee be discharged from further consideration of the matter.

Which report was accepted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The President of the Borough of Manhattan moved that the matter of granting a franchise to the Atlantic Telephone Company be taken up at the close of the calendar of Friday, June 21.

Which motion was agreed to.

The full minutes of the meeting of this day will appear in the CITY RECORD at a later date.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out streets and fix grades for same within the territory comprised by Sections 1, 2, 13, 14, 15, 16, 29, 30 and 31 of the final maps of the Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 28, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on June 7, 1907, notice of the adoption of which is hereby given, viz:—

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out streets and fixing grades for the same within the territory comprised by Sections 1, 2, 13, 14, 15, 16, 29, 30 and 31 of the final maps of the Borough of Queens, in the Borough of Queens, City of New York, more particularly described as follows:

The streets affected by this change are located within the territory bounded by the Brooklyn borough line, boundary line between the First and Second Wards of the Borough of Queens, Thomson avenue, Betts avenue, Maspeta avenue, Grand street, Mt. Olivet and Lutheran cemeteries, Fosdick avenue, Myrtle avenue, Epsilon place, Fresh Pond road, Cypress avenue and Vermont avenue.

The streets comprise a portion of those shown upon a map of that portion of the Second Ward (Town of Newtown) bounded by Jackson avenue, Kelly avenue, Woodside avenue, Fisk avenue, Grand street, Long Island Railroad, Dry Harbor road, Cooper avenue, Myrtle avenue, Manhattan Beach Railroad, Brooklyn Borough line and First Ward boundary line, adopted by the Board of Estimate and Apportionment on November 13, 1903, and upon a map of that portion of the Second Ward (Town of Newtown) bounded by Myrtle avenue, Forest Park drive, boundary of the Second Ward and Manhattan Beach Railroad, adopted by the Board of Estimate and Apportionment on March 31, 1905.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of June, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of June, 1907.

Dated June 15, 1907.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held in the Old Council Chamber, City Hall, Borough of Manhattan, on Friday, June 7, 1907, the following proceedings were had:

Whereas, The Kings County Refrigerating Company has, under date of July 13, 1905, made application to this Board for a grant of a right, privilege and franchise to construct, maintain and operate a pipe line under and along Hall street and across Flushing avenue to the lands of the Wallabout Market, in the Borough of Brooklyn, for the purpose of supplying refrigeration to consumers therein; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on July 14, 1905, fixing the date for public hearing thereon as September 29, 1905, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Kings County Refrigerating Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Kings County Refrigerating Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Kings County Refrigerating Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

KINGS COUNTY REFRIGERATING COMPANY.

Proposed Form of Contract.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and Kings County Refrigerating Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a conduit not to exceed twelve inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, and also into the lands of the Wallabout Market, for the sole purpose of supplying refrigerant to consumers, said conduits and branches to be beneath the surface of each of the following-named streets, avenues and highways, between the points

described in the following route, all situate in the Borough of Brooklyn, City of New York, to wit:

Route—Beginning at a point in Hall street, about 325 feet north of the northerly line of Park avenue; thence northerly in, under and along Hall street to Flushing avenue; thence still northerly in, under and across Flushing avenue to the lands of the Wallabout Market, together with such branches from the pipes laid in the above-described route leading directly into private property or lands of the Wallabout Market as may be necessary for the purpose of supplying patrons of the Company with cold air or refrigerant, said route being shown on a map entitled "Map showing the proposed pipe line of the Kings County Refrigerating Company, to accompany petition to the Board of Estimate and Apportionment, dated July 13, 1905," signed by James J. Phelan, Secretary, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The said right to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessee or successors, for a term of fifteen years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of ten years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and the Board of Estimate and Apportionment, or such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers, and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the Board of Estimate and Apportionment or its successors in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same is renewed, then at the termination of the said renewal term or upon the termination of the rights hereby granted, or for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board of Estimate and Apportionment, or its successors in authority shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five hundred dollars (\$500) in cash within thirty (30) days after the signing of the contract.

2. During the first five years of this contract an annual sum which shall in no case be less than seven hundred and fifty dollars (\$750), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750).

During the second five years of this contract an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

During the third and remaining five years of this contract an annual sum which shall in no case be less than thirteen hundred dollars (\$1,300), and which shall be equal to 7 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of thirteen hundred dollars (\$1,300).

The gross receipts as above shall be the total receipts of the Company from all business of furnishing refrigerant to consumers outside of its warehouse at No. 30 Hall street, and outside of the lands of the Wallabout Market. The minimum sums provided to be paid annually shall include the percentages of such gross receipts as above and also such sums as may be paid under any agreement made with the Comptroller for privileges in the lands of the Wallabout Market.

3. An annual payment of twenty-five (25) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when permit is obtained to open the streets for any section of the work. All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner

in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding; and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure, or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to, or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—The Company shall complete the entire conduit line along the route hereinbefore described, and have the same in operation within one (1) year from the date of the signing of this contract; otherwise this grant shall cease and determine.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said pipe line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the route.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the pipe line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said pipe line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, indorsed by the Commissioner of Water Supply, Gas and Electricity and filed with the Board of Estimate and Apportionment.

Twelfth—During the term of this contract the Board of Estimate and Apportionment or its successor in authority shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigerant at the prices which may be hereafter fixed; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all pipe lines which are authorized by this grant are constructed, or until the right hereby authorized to construct pipe lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line, and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, except as otherwise herein specifically provided, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—The conduit line hereby authorized shall be used only by the Kings County Refrigerating Company, and for no other purpose than for supplying refrigeration by the ammonia process, or such other process as may be consented to by the Board of Estimate and Apportionment.

Eighteenth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigerant to consumers outside of its warehouse at No. 30 Hall street, together with such other information and in such detail as the Comptroller may require.

The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall comply with the existing provisions of Article V. of chapter 566 of the Laws of 1890, and future amendments thereto, except in so far as the same are inconsistent with the provisions of this contract, and provided that all powers of the Company shall be limited by the provisions of this contract.

Twentieth—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of the City of New York may give written notice to the said Company specifying any default on the part of said Company and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy the said default within a reasonable time, said company shall, for each day thereafter during which the default or defect remains, pay to The City of New York a sum of \$50, as fixed or liquidated damages, or the said City, in case such structures, which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-first—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City of New York the sum of five hundred dollars (\$500), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same, with interest from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund, the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of the City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and in default thereof, the grant hereby made may be canceled and annulled at the option of the Comptroller of the City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-second—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

[SEAL.] THE CITY OF NEW YORK.

By..... Mayor.

THE KINGS COUNTY REFRIGERATING COMPANY.

By..... President.

Attest:

[SEAL.]

..... Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provision as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right;

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Kings County Refrigerating Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to July 8, 1907, in the CITY RECORD, and at least twice during the ten days immediately prior to July 8, 1907, in the Brooklyn "Daily Eagle" and the Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor, and published in The City of New York, at the expense of the Kings County Refrigerating Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Kings County Refrigerating Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on July 8, 1907, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Dated June 7, 1907.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held in the Old Council Chamber, Room 16, City Hall, Borough of Manhattan, on Friday, May 24, 1907, the following proceedings were had:

Whereas, The Nassau Electric Railroad Company has, under date of May 29, 1905, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a street surface railroad upon and along Livingston and other streets, in the Borough of Brooklyn; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 2, 1905, fixing the date for public hearing thereon as June 30, 1905, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," newspapers designated by the Mayor, and in the CITY RECORD for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Nassau Electric Railroad Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Nassau Electric Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Nassau Electric Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract, made this day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Nassau Electric Railroad Company, incorporated for the purpose of building, maintaining and operating a railroad (hereinafter called the Nassau Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Nassau Company, subject to the conditions and provisions herein set forth, the right and privilege to construct, maintain and operate a double-track street surface railroad, with the necessary wires and equipment, crossovers, switches and turnouts, for the purpose of conveying persons and property in the Borough of Brooklyn, City of New York, upon the following route:

Commencing at the intersection of Livingston street and Court street; thence through and along Livingston street to Flatbush avenue; thence through and along Flatbush avenue to Lafayette avenue; thence through and along Lafayette avenue to Fulton street, together with the right to connect the aforesaid tracks with the existing tracks of the Brooklyn City Railroad Company upon Court street, Flatbush avenue and Fulton street; with the existing tracks of the Nassau Electric Railroad Company upon Boerum place, and with the existing tracks of the Brooklyn City and Newtown Railroad Company upon Smith street.

The said route, with crossovers, switches and turnouts, is illustratively shown upon the plan and profile herewith attached, entitled "Map showing plan of tracks of Nassau Electric Railroad Company on application for franchise from City of New York," dated May 29, 1905, and signed E. W. Winter, President, approved, Eugene Keapp, Chief Engineer; which plan and profile are to be deemed and hereby are made a part of this franchise. Provided that deviations therefrom and additional crossovers, switches and turnouts which are consistent with the foregoing description and other provisions of this franchise, may be permitted by resolution of the Board of Estimate and Apportionment.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Nassau Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Nassau Company within six months of the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained, the Nassau Company shall, within two months thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate a double track street surface railroad and the connections as herein described shall be held and enjoyed by the Nassau Company, its successors or assigns, for the term of ten (10) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of such right and privilege. Such revaluation shall be of the right and privilege to maintain and operate the said railroad by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the Nassau Company, its successors or assigns.

If the Nassau Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Nassau Company and the Board.

If the Nassau Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board) or the Nassau Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall

be chosen by the Nassau Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgments upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Nassau Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Nassau Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expense of the said appraisers shall be borne jointly by the City and the Nassau Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, the tracks and appurtenances, including sub and superstructure, poles, wires and subways for electrical conduits, constructed pursuant to this contract, within the streets and highways hereinbefore described, may be acquired by the City in the manner hereinafter described, and, if so acquired, the same may be used or disposed of by the City for any lawful purpose whatsoever, or may be leased to any company or individual. In case the City should decide, by resolution of the Board, to acquire said tangible property constructed in connection with and pertinent to the franchise herein conferred, a certified copy of the resolution of the Board declaring such intention shall be served upon the Nassau Company at least six months prior to the termination of this contract; or, if the same be renewed, then at least six months prior to the termination of the said renewal term; or, in case of the termination of this contract for any other cause than by expiration, within thirty days after such termination. If the City (by the Board) and the Nassau Company, after the declaration of such intention by the Board and the receipt of said resolution by the Nassau Company, can agree as to the then value of such tangible property, the amount thus agreed upon shall thereupon be paid by the City to the Nassau Company, and the property thus acquired shall become the property of the City from and after the date of termination of this contract or any renewal thereof. Nothing shall be included in such amount for any value derived from the franchise. In case, however, the City (by the Board) and the Nassau Company shall not agree as to the then value of said property within a reasonable time, such value shall be determined by appraisal in the manner hereinbefore described in connection with the revaluation of the terms of this franchise in case of a renewal thereof. If, however, within the time or times hereinabove mentioned, the City shall not declare its intention of acquiring said tangible property, the Nassau Company shall, at the termination of this contract or of any renewal thereof, remove any and all of its tracks and appurtenances constructed pursuant to this contract in said streets and avenues, and said streets and avenues shall be restored to their original condition, at the sole cost and expense of the Nassau Company. In case the Nassau Company shall neglect, after due notice from the City (by the Board) to remove said tracks and appurtenances after the expiration of this contract or any renewal thereof, then the City shall have the right to make such removal and to collect the expense thereof from the Nassau Company.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways and the right to make the requisite and necessary connections with the tracks of the Nassau Company, its successors or assigns, which shall be constructed under this contract.

The use of the railroad which shall be constructed and maintained in the streets, avenues and highways under this contract including the tracks, wires and other equipment used in connection therewith, shall be permitted by the Nassau Company, its successors or assigns, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways for street railroad purposes, upon payment of an annual sum by such individual or corporation to the Nassau Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railroad, and such proportion of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation, and such proportion of the cost of laying and repairing of pavement and removal of snow and ice, and of all the other obligations imposed upon the Nassau Company by the terms of this contract, in connection with the maintenance or the operation of the said railroad so used, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies using the same. And, in addition to the said annual sum, computed as aforesaid, the Nassau Company shall have the right to charge such corporation or individual a portion of the original cost of said railroad—the amount so charged to be in proportion to the respective use of said railroad, and to be also based upon that proportion of such part of the original cost as the unexpired portion of the franchise shall bear to the entire period thereof.

If at any time during the term of this contract the City shall operate a street surface railroad over the whole or any portion of the railroad which shall be constructed under this contract, the Nassau Company shall allow the City to use the whole or any part of the track and track equipment upon payment by the City of an annual sum, which shall be no greater in proportion to the use than is provided above in the case of the use of said tracks and track equipment by other street railroad companies.

Each individual and corporation shall be charged by the Nassau Company a rental for the use of the aforesaid railroad tracks and appurtenances thereof that shall be uniform in proportion to use with that which the Nassau Company charges any other individual or corporation.

Fifth—The Nassau Company, its successors or assigns, shall pay for the right to construct, maintain and operate the tracks hereby authorized and described for and during the first five years after the commencement of the operation

of this extension, into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent. (3%) of its gross receipts for and during the year ending September 30 next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City, to the credit of the Sinking Fund, of five per cent. (5%) of its gross receipts, such percentages to be paid only upon such portion of the Nassau Company's gross receipts as shall bear the same proportion to its whole gross receipts as the length of its extension shall bear to the entire length of its railroad.

The president and the treasurer of the Nassau Company shall, on or before November 1 in each year, make a verified report to the Comptroller or chief fiscal officer of the City of the gross amount of its receipts for the year ending September 30 next preceding, and the books of such corporation shall be open to inspection and examination by such Comptroller or officer, or his duly appointed agent, for the purpose of ascertaining the correctness of its reports as to its gross receipts, and shall state in such report the total mileage of its extension herein authorized and the total mileage of the Company.

All payments provided for under this paragraph shall be made on or before November 1 in each year.

The annual charges of payments shall continue throughout the whole term of the contract hereby granted, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any parts thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in the statute or in the charter of such assignee or lessee to the contrary notwithstanding; and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim, by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this contract.

The rights and privileges granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by act of the Nassau Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding. And the granting, giving or waiving of any two or more of such consents shall not render unnecessary any subsequent consent or consents.

Nothing in this contract shall interfere with or prevent the Nassau Company making traffic arrangements for cars of the Brooklyn Rapid Transit system, and shall not be construed to prevent other companies or the City operating over the tracks of this extension hereby granted.

All compensation received by the Nassau Company from other railroad companies or from the City for the use of the tracks covered by this agreement shall be included in the amount of gross receipts upon which the Nassau Company is required to pay to the City annually the percentage provided above.

Sixth—The Nassau Company shall commence construction of the railroad herein authorized within three months from the day upon which the consents of the property owners are obtained, or from the decision of the Appellate Division of the Supreme Court, that such railroad ought to be constructed, and shall complete the construction of the same within six months from the same date, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinbefore provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that if the commencement or completion of said construction shall be prevented by legal proceedings in any Court, or by works of public improvement or from any other different cause not within the control of the Nassau Company, the time for the commencement or completion of such construction shall be extended for a period covered by such prevention.

Seventh—The said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided in the Charter of the City.

Eighth—The said railroad shall be constructed and operated in the latest improved manner of street railway construction and operation for overhead trolley railroads, and the railroad and property of the Nassau Company shall be maintained in good condition throughout the term of this contract.

Ninth—The rate of fare charged for any passenger upon such railroad by any corporation operating thereon not to exceed the rate lawfully chargeable by such corporation for any passenger for one continuous ride from any point on its railroad, or of any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting line or branch thereof within the limits of the City.

Tenth—The cars of each of the lines of the Nassau Company shall be run both day and night, as often as the reasonable convenience of the public may require, or as directed by the Board.

Eleventh—The Nassau Company shall attach to each car run over the said railroad proper fenders or safeguards, in conformity with such laws and ordinances as are now enforced, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Twelfth—All cars which are operated on said railroad shall be heated during the cold weather, in conformity with such laws and ordinances as are now enforced, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Thirteenth—The Nassau Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which the railroad shall be constructed under this contract, shall cause to be watered the entire roadway of such streets and avenues, at least three times in every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, and shall provide for such purpose at least one tank car, to be propelled by electric power, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Fourteenth—All cars operated on said railroad shall be well lighted by electricity or by some lighting system equally efficient, or as may be required by the Board.

Fifteenth—The Nassau Company shall at all times keep the streets, avenues or highways upon

which the said railroad is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Nassau Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season or part thereof to clean an equivalent amount of street surface from curb line to curb line.

Sixteenth—The Nassau Company shall pave and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities and whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the corporation to make pavements or repairs after the expiration of thirty days' notice to do so, the local authorities may make the same at the expense of such corporation. The Company agrees that notice printed in the CITY RECORD shall constitute sufficient notice within the meaning of this contract. And the City shall have the right to change the material or character of the pavement of any such street, avenue or highway, and in that event the Nassau Company, its successor or assigns, shall be bound to replace the pavement on the portion of the street it is responsible for in the manner directed by the proper City officer at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, where not otherwise provided by self-executing penalties, this contract may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Nassau Company, or at the option of the Board by resolution of said Board.

Eighteenth—If the Nassau Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed or to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Nassau Company, specifying any default on the part of the Nassau Company, and requiring the Nassau Company to remedy the same within a reasonable time; and upon failure of the Nassau Company to remedy such default within a reasonable time the Board of Estimate and Apportionment shall, after the hearing hereinafter provided for, fix such an amount that said Nassau Company shall pay as a penalty as shall seem just and fair to said Board, or the Board, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Nassau Company, in which case the Nassau Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Nineteenth—The Nassau Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Nassau Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twentieth—This grant is based upon the expressed condition that the Nassau Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City of New York the sum of ten thousand dollars (\$10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Nassau Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of the construction of the railroad; and in case of default in the performance by the Nassau Company of such terms and conditions, the City shall have the right to cause the work to be done and material to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceeding; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Nassau Company. Or in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty to be fixed by the Board of Estimate and Apportionment after the hearing hereinafter provided for.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Nassau Company, through its president, to appear before the Board of Estimate and Apportionment on a certain day, not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Nassau Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board of Estimate and Apportionment shall be in fault, said Board of Estimate and Apportionment shall forthwith impose such an amount as a penalty as appears to it to be just and fair, and without legal procedure instruct the Comptroller to withdraw the said amount of such penalty from the security fund deposited with the Comptroller. In case of any drafts made upon the security fund the Nassau Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars, and in default thereof this contract shall be canceled and null, at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any of the legal rights, remedies or causes of action belonging to the City.

The Company agrees to make application to the Commissioner of Water Supply, Gas and Electricity for permission to string and maintain its electrical conductors in the streets covered by this grant.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right;

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Nassau

Electric Railroad Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to June 28, 1907, in the CITY RECORD and at least twice during the ten days immediately prior to June 28, 1907, in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor and published in The City of New York, at the expense of the Nassau Electric Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Nassau Electric Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 28, 1907, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

PUBLIC NOTICE.

AT A MEETING OF THE BOARD OF Estimate and Apportionment held May 10, 1907, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The City of New York by an ordinance adopted by the Board of Aldermen March 16, 1903, and approved by the Mayor March 31, 1903, granted to the New York City Interborough Railway Company the right to construct, maintain and operate a street surface railroad upon certain routes particularly set forth in Section I. of said ordinance, and which ordinance, including all the terms and conditions thereof, was accepted by said Company by an instrument in writing duly filed with the Comptroller of the City of New York on April 3, 1903; and

Whereas, The said Company has petitioned the Board of Estimate and Apportionment under dates of June 26, 1905; June 21, 1906, and March 12, 1907, for the consent of The City of New York to certain modifications and alterations in said routes, as is fully set forth in said petitions; and

Whereas, The Board of Estimate and Apportionment has, in accordance with the provisions of law, held public hearings on the several petitions, to wit: On September 15, 1905; September 28, 1906, and on April 12, 1907, respectively; due notice of such applications and of such dates for public hearings having been published according to law; and

Whereas, It was provided by Section VI. of said ordinance that the said Company should complete the construction of at least twenty-four miles of double-track railroad on or before July 1, 1905; and

Whereas, Said Company has petitioned this Board under date of May 18, 1906, for an extension of time in which to complete the construction of said twenty-four miles of railroad; and

Whereas, This Board has made inquiry as to the proposed modifications and alterations in the said routes of said Company, and as to the extension of time applied for, and has reached the conclusion that certain of such modifications and alterations are desirable and in the public interest, and that an extension of time is warranted in order to permit of the construction of twenty-four miles of double-track railroad, including such modified or altered routes; now therefore it is

Resolved, That the following form of resolution for the consent or right applied for by the New York City Interborough Railway Company containing the form of proposed contract for the grant of such right be hereby introduced and entered in the minutes of this Board, as follows:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications and alterations in the route of the New York City Interborough Railway Company as granted by an ordinance adopted by the Board of Aldermen on March 16, 1903, and approved by the Mayor March 31, 1903, and hereby consents to an extension of time in which to complete twenty-four miles of double-track railroad, including such modified or altered routes, such modifications and alterations in said routes and such extension of time being fully set forth and described in the following form of proposed contract for the granting thereof, embodying such terms and conditions as modify or alter said ordinance as approved March 31, 1903; which said ordinance otherwise remains unchanged as to all the other terms and conditions expressed therein; and be it further

Resolved, That the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY.

Proposed Form of Contract for Alterations in Routes and Extension of Time for Completion of Construction.

This contract, made the day of _____, 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York City Interborough Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, A certain ordinance, entitled: "An ordinance granting to the New York City Interborough Railway Company the right or franchise to construct and operate a street surface railroad in, upon and along certain streets, avenues, parkways, highways and bridges of The City of New York," was heretofore adopted by the Board of Aldermen, March 16, 1903, and approved by the Mayor of The City of New York on March 31, 1903; and

Whereas, Thereafter the Company on April 3, 1903, filed with the Comptroller of said City written acceptance, executed March 31, 1903, of said ordinance, and of the terms, conditions and provisions thereof, and an agreement to perform and observe the same; and

Whereas, In and by said ordinance the consent of the corporation of The City of New York was granted to the Company for the construction, maintenance and operation of the railroad of said railway company upon certain enumerated streets, avenues, highways, etc., within said City, and across certain streets, avenues, highways, etc., as may be encountered in its route; and

Whereas, On the 10th day of April, 1905, on the 20th day of June, 1906, and on the 11th

day of March, 1907, the Board of Directors of the said Company at meetings of said Board duly held on said dates, and by a vote of two-thirds of all the directors of the said Company passed resolutions amending said routes as are more particularly shown on maps filed on April 25, 1905, on the 20th day of June, 1906, and on the 12th day of March, 1907, respectively, in the office of the Clerk of New York County; and

Whereas, It is the intention of said railway company when the consent of the City has been obtained to relinquish part of the routes as originally granted by the ordinance above referred to, and to substitute such changed or altered routes therefor; and

Whereas, The said Company has applied to the Board of Estimate and Apportionment as the local authorities of The City of New York by verified petitions dated June 26, 1905, June 21, 1906, and March 12, 1907, for the consent of such local authorities for such alterations and for the modification of the said ordinance in accordance therewith; and

Whereas, The Company has presented a petition dated May 18, 1906, for an extension of time in which to complete twenty-four miles of double-track railroad;

Now, therefore, in consideration of the premises, and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the provisions and conditions hereinafter set forth, the right to relinquish routes as heretofore granted to said Company, and to the substitution in the place thereof of certain other routes, all of which are shown on a map entitled: "New York City Interborough Railway Company," signed, Alfred Skiff, President; A. And further grants an extension of time in which to complete the construction of twenty-

four miles of double-track railroad upon the routes of the Company as heretofore granted, and hereby modified, from July 1, 1905, to a time eighteen months after the execution of this contract by the Mayor.

Section 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—That all the terms, provisions and conditions contained in said ordinance approved March 31, 1903, except only the description of the routes which are hereby modified, and excepting so much of said ordinance as related to the completion of twenty-four miles of double-track railroad on or before July 1, 1905, shall apply to the routes of the said Company as described herein with the same force and effect as when they applied to the routes described in said ordinance approved March 31, 1903, and as though said altered routes had been specifically described in said ordinance.

Second—That the Company covenants and agrees to abandon and relinquish, and does hereby abandon and relinquish to The City of New York all its right and franchise to construct, maintain and operate a street surface railroad over the routes marked "Routes Relinquished" in the paragraphs entitled Change First, Change Second, Change Third, Change Fourth, Change Fifth, Change Sixth and Change Seventh in Section One hereof.

Third—That the company covenants and agrees to complete the construction and put in operation twenty-four miles of double-track railroad upon the route described in the ordinance approved March 31, 1903, and as herein modified, within eighteen months from the date of the execution of this contract by the Mayor of the City.

Fourth—That this contract shall not become operative until the Company shall procure to be executed and approved, in proper form for record, and duly deliver to the Board of Estimate and Apportionment an agreement wherein the Union Railway Company of New York City shall agree to waive any right it may have to exclusive franchises by former grants to or now owned by the said Union Railway Company in streets or avenues for which authority to construct railways therein is hereby given, and in which agreement the said Union Railway Company shall further agree to allow the use of its tracks in such streets and avenues by the said New York City Interborough Railway Company, its successors or assigns, The City of New York and any other company to which the City may hereafter grant or lease rights.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation similar rights or privileges upon the same or other terms and conditions in or upon which a railway is herein authorized.

Sixth—That this contract shall not become operative until the Company shall duly execute under its corporate seal an instrument in writing, to be first approved by the Corporation Counsel, and shall file the same in the office of the Comptroller of the said City within thirty days from the execution of this contract by the Mayor, in and by which said instrument in writing said Company shall covenant and agree that the consent of the Board of Estimate and Apportionment to the change of route shall not in any way change, alter or amend any of the terms, conditions and requirements in said ordinance approved March 31, 1903, fixed and contained and heretofore duly accepted by said Company by an instrument filed with the Comptroller of The City of New York on April 3, 1903, except only the description of the routes which are hereby modified, and excepting so much of said ordinance which relates to the time for the completion of twenty-four miles of double-track railroad, and that said ordinance approved March 31, 1903, shall remain in full force and effect, and said Company shall further covenant and agree, in said instrument, to abide by and perform all the conditions and requirements of this contract.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,

By..... Mayor.

[CORPORATE SEAL]

Attest:..... City Clerk.

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY,

By..... President.

[SEAL]

Attest:..... Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, are as specified and fully set forth in the ordinance approved by the Mayor March 31, 1903, as amended by the foregoing form of proposed contract for the consent to such modifications and alterations.

Resolved, That these preambles and resolutions including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York City Interborough Railway Company, and the said form of proposed contract for the grant of said franchise or right containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty days immediately prior to June 21, 1907, in the CITY RECORD, and at least twice during the ten days immediately prior to June 21, 1907, in the "North Side News" and "New York Tribune," two daily newspapers designated by the Mayor therefor, and published in The City of New York, at the expense of the New York City Interborough Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York City Interborough Railway Company, as granted by ordinance approved March 31, 1903, and before consenting to an extension of time in which to complete twenty-four miles of double track railroad, as required by said ordinance, such modifications and consent being fully set forth and contained in the foregoing form of proposed contract for the granting of such franchise or right, and before adopting any such contract will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on the 21st day of June, 1907, at 10.30 a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for bonds or stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the bonds or stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit. All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the bonds or stock awarded to him or them at its or their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted, of the amounts due for the bonds or stock awarded to them respectively, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of bonds or stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of bonds or stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the bonds or stock offered for sale.

7. Bonds or stock issued in Coupon form can be converted at any time into Registered Bonds or Stock, and Bonds or Stock issued in Registered form can be converted at any time into Coupon Bonds or Stock in denominations of \$1,000.

8. The proposals, together with the security deposits, should be enclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York. (No special form of proposal is required, therefore no blanks are furnished.)

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11. EAST ONE HUNDRED AND EIGHTY-FIRST STREET—REGULATING, GRADING, SETTING CURBSTONES, FLAGGING SIDEWALKS, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES, from Third avenue to Boston road. Area of assessment: Both sides of East One Hundred and Eighty-first street, from Third avenue to Boston road, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same were confirmed by the Board of Revision of Assessments, June 13, 1907, and entered June 13, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the

period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 12, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street opening purposes, in the

Borough of Manhattan.

Being the buildings within the area of the proposed Delancey street extension located between Broome and Spring streets, and extending from the Bowery to Elm street, Borough of Manhattan, and which is more particularly described on a map on file in the office of the Collector of City Revenue.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held June 5, 1907, the sale of the above-described buildings and appurtenances thereto will be held by the direction of the Comptroller on

MONDAY, JUNE 24, 1907,

at 10 o'clock a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studs, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made

watertight, where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessments for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.

EAST ONE HUNDRED AND SIXTY-SIXTH STREET—OPENING, from Walton avenue to Morris avenue. Confirmed May 7, 1907; entered June 5, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of the Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the middle line of the block between Teller avenue and Clay avenue with a line parallel to and 100 feet southerly from the southerly line of East One Hundred and Sixty-sixth street; running thence westerly along said parallel line to its intersection with the middle line of the block between Morris avenue and College avenue; thence southerly along said middle line of the block to its intersection with a line parallel to and 100 feet southerly from the southerly line of East One Hundred and Sixty-fifth street; thence westerly along said parallel line to its intersection with the middle line of the block between Gerard avenue and Walton avenue; thence northerly along said middle line of the block to its intersection with a line parallel to and 100 feet northerly from the northerly line of East One Hundred and Sixty-sixth street; thence easterly along said parallel line to its intersection with the middle line of the block between Teller avenue and Clay avenue; thence southerly along said middle line of the block to its intersection with a line parallel to and 100 feet northerly from the northerly line of East One Hundred and Sixty-sixth street; thence easterly along said parallel line to its intersection with the middle line of the block between Teller avenue and Clay avenue; thence southerly along said middle line of the block to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of

seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 5, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessment became a lien to the date of payment.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, ROOM 1536, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

NOTICE OF SALE AT AUCTION.

ON TUESDAY, JUNE 25, 1907,

at 11 o'clock a. m., the Department of Water Supply, Gas and Electricity will sell at public auction to the highest bidder, by William H. Smith, auctioneer, at the Gowanus Pipe Yard, Butler and Nevins streets, Borough of Brooklyn, N. Y., the following parcels of scrap iron:

"A."

125 tons, more or less, scrap iron.
The above material is stored on the grounds of the Gowanus Pipe Yard, and will be sold on the spot.

"B."

50 tons, more or less, scrap iron.
The above material is stored on the grounds of the Western District Repair Yard, North Portland avenue, Borough of Brooklyn, N. Y., but will be sold at the Gowanus Pipe Yard, Butler and Nevins streets, Borough of Brooklyn, N. Y.

TERMS OF SALE.

The upset price at which this material will be sold is as follows:
\$8 per ton for scrap iron.
No bid below this price will be considered or accepted.

The sale of the material will be based on delivery on the ground, but the purchaser or purchasers must agree to have the material weighed at the nearest public scale to the point where the material is sold.

Successful bidders must make cash payment in bankable funds at the time and place of sale. Bids will be received for one or both lots of this material, but no bid will be considered or accepted for less than the entire quantity in each case.

The purchaser or purchasers must remove all the material within thirty days after the sale, otherwise he or they will forfeit the money paid at the time of sale and the ownership to the material, which will thereafter be resold for the benefit of the City. The purchaser or purchasers must remove the material under the supervision of an employee of the Department, and will not be allowed to select material for removal at will.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to the dock or wharf property known as GOUVERNEUR SLIP PIER, EAST, formerly known as Pier (old) 52, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier or any portion thereof not now owned by The City of New York, for the improvement of the waterfront of The City of New York, on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands, pier or wharf property, and all persons interested therein, or in any rights, privileges or interests pertaining thereto, affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment and that all persons interested in this proceeding or in any of the uplands, lands, lands under water, premises, buildings, tenements, hereditaments, pier and wharf property affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, Room No. 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, on or before the 8th day of July, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 10th day of July, 1907, at 11 o'clock in the forenoon of that day.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our

report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, at the office of said Bureau, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 17th day of July, 1907.

Third—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 25th day of July, 1907, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of HAWKSTONE STREET (although not yet named by proper authority), from Walton avenue to the Grand Boulevard and Concourse, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to

all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 24th day of June, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 26th day of June, 1907, at 12 o'clock m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 26th day of June, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of East One Hundred and Seventy-second street with the middle line of the block between Townsend avenue and Walton avenue; running thence northerly along said middle line of the block to its intersection with the southerly line of Belmont street; thence easterly along the southerly line of Belmont street to its intersection with the middle line of the block between the Grand Boulevard and Concourse and Sheridan avenue; thence southerly along said last-mentioned middle line of the block to its intersection with the northerly line of East One Hundred and Seventy-second street; thence westerly along the northerly line of East One Hundred and Seventy-second street to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 25th day of July, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECTION No. 6.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court to be held in and for the Third Judicial District, at the City Hall, City of Albany, N. Y., on June 29, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said act and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Hurley, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Town of Hurley, County of Ulster, and State of New York, shown on a map entitled "Reservoir Department, Section No. 6, Board of Water Supply of The City of New York. Map of real estate situated in the Town of Hurley, County of Ulster, and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of Ashton, south of railroad," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 8th day of May, 1907, and is bounded and described as follows:

THIRD JUDICIAL DISTRICT, ULSTER COUNTY.

ASHOKAN RESERVOIR.

SECTION No. 7.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the City Hall, City of Albany, N. Y., on June 29, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard.

The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under

said act and discharge all the duties conferred by the said act, and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Towns of Olive and Hurley, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing the map.

All the parcels herein described are to be acquired in fee, and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Towns of Olive and Hurley, County of Ulster and State of New York, shown on a map entitled "Reservoir Department, Section No. 7, Board of Water Supply of The City of New York. Map of real estate situated in the Towns of Olive and Hurley, County of Ulster and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of Ashton, north of railroad," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 13th day of May, 1907, and is bounded and described as follows:

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement, for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
