MAYOR'S COMMITTEE ON LIBERTY LOAN.

SUBSCRIPTIONS BY CITY AND COUNTY OFFICIALS AND EMPLOYEES.

STANDING OF THE CITY AND COUNTY DEPARTMENTS.

The figures below are based upon subscriptions received up to 2 o'clock P. M. yesterday at the Comptroller's office, Room 851, Municipal Building, having been in the first instance turned in to the heads of the respective departments and by them transmitted to the Comptroller, as the Chairman of the Mayor's Committee. The Comptroller files a summary statement daily with the Commissioner of Accounts, as Chairman of the Executive Committee of the Mayor's Committee, and the latter calculates the departmental percentages upon the basis of one \$50 bond to the total payroll of each department, as provided in the 1917 budget, thereby fixing the base percentage for each department. In the interest of fairness the smaller boards, commissions, etc., have been grouped together for scoring purposes. Similarly certain county offices of each county have likewise been combined.

Proceedings of the Board of Revision of Assessments at a Meeting Held in Room 737, Municipal Building, at 3 o'clock P. M. on Friday, May 25, 1917.

Present—Albert E. Hadlock, Deputy and Acting Comptroller; Louis H. Hahlo, Assistant and Acting Corporation Counsel, and Lawson Purdy, President, Department of Taxes and Assessments.

The minutes of the meetings held April 30 and May 14, 1917, were approved as printed.

Borough of Brooklyn.

Regulating, Grading, Etc., 84th St., from 24th Ave. to 25th Ave.

The Deputy and Acting Comptroller brought up the matter of Assessment List No. 5425 for regulating, grading, curbing and flagging 84th st., from 24th ave. to 25th ave., the hearing in regard to which was had at meeting held May 14, 1917, and decision reserved.

A brief in support of objections was received from Mr. Philip M. Bromberg, attorney for Michael and Ellen Klinck, owners of Lot 56 in Block 6854.

On motion of the Assistant and Acting Corporation Counsel, the assessment list was referred back to the Board of Assessors with directions to reduce the assessment on Lot 56, Block 6854, to \$128.04, and as so reduced to confirm the assessment, all the members voting in the affirmative.

NOTE—The above action was taken by the Board because of strong equities in favor of the owner of Lot 56, Block 6854—not because the assessment is excessive to that or any other extent, but simply because of the peculiar circumstances under which the owner erected his house.

At 3.30 p. m. the Board adjourned.

The Chief Clerk and Auditor reports as follows:

"The Central Purchasing Committee

has written a letter to this department stating in effect that it has figured the estimated deficit in the appropriation for fuel supplies for the year 1917 and has requested that this department make application to the Board of Aldermen for special revenue bonds. This department will also face deficiencies in the appropriations for food supplies and medical and surgical supplies, and I beg leave to recommend that the application to the Board of Aldermen include also amounts for food and medical and surgical supplies which are estimated approximately as follows: Fuel supplies, \$56,700; food supplies, \$150,000; medical and surgical supplies, \$60,000. Total, \$266,700.

"A more intensive study is to be made of the estimated deficits and the above amounts confirmed or corrected figures will be furnished within a very short time."

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent as follows:

An expression of the Board's deep regret at the death of Miss McCullough was ordered placed on the minutes.

After consideration, it was moved, seconded and carried to request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$266,700 to meet the deficits in the appropriations to the Department for fuel, food and medical and surgical supplies.

COMMITTEE REPORTS.

The President presented a tabulation of bids received at the office of the Central Purchase Committee on April 12 for clothing, dry goods and notions, and on April 16th for (a) milk and cream, (b) eggs, (c) paints and oils. On motion, duly seconded and carried,

this report was approved and the appointments made accordingly.

The bids received on April 2nd for the installation of lighting fixtures in the new building for the Out Patient Department of Gouverneur Hospital were considered.

The Board of Estimate and Apportionment on April 13, pursuant to a request of the Trustees, amended their resolution adopted Nov. 24, 1916, by increasing the estimate of cost to \$2,670. The Building Committee presented a letter from McKim, Mead & White, under date of April 6, and on the recommendation of that Committee, the contract was awarded to the lowest bidder, The Eclipse Lighting Company, in the sum of \$2,670.

Mr. Farley, Chairman of the Building Committee, reported that he had inquired into the application of John H. Parker Company, dated Jan. 22, 1917, for final payment on their contract for the new building for the Out Patient Department of Gouverneur Hospital, contract for which was completed on Jan. 20, and presented a guarantee, dated April 16, from John H. Parker Company regarding several minor defects referred to by the General Inspector of Construction in a report dated April 9, 1917. He reported also that he considered the allowance fair and recommended the acceptance of the building. After discussion, on motion, duly seconded and carried, the building was formally accepted on behalf of the City and final payment authorized.

Mr. A. W. King, under date of April 4, requested an extension of three months' time on his contract for the reduction of the fire hazards in the old building at Bellevue Hospital, on account of delays in obtaining the approval of the plans by the Building Department. A report relating thereto was presented from McKim, Mead & White, under date of April 17th. On the recommendation of the Building Committee, it was moved, seconded and carried, to grant the contractor an extension of sixty days' time.

The Chairman of the Building Committee reported that upon receipt of a letter from the Bureau of Contract Supervision, under date of March 5, suggesting that the department connect the heating system of the new building for the Out Patient Department of Gouverneur Hospital with the boiler plant of the hospital, McKim, Mead & White were asked for their recommendations, which were received under date of April 11. After discussion, it was moved, seconded and carried, to send a copy of this report to the Bureau of Contract Supervision with the information that in view of its contents the Trustees believe it unwise to place an additional load on the old boiler plant at Gouverneur Hospital.

Dr. Brannan referred to the planting of vegetables on the grounds at Bellevue, Harlem and Fordham Hospitals. After discussion, the proposal was approved and referred to the General Medical Superintendent. Mr. Farley was requested to see what could be done at Fordham Hospital.

The President spoke of the students coming into the buildings of the hospital without regard to the rules of the department and recommending that the Trustees adopt a form of card to be given to each medical student to be shown on demand. The Cards are to contain rules governing their conduct while visiting the hospital buildings. The subject was referred to the President and the General Medical Superintendent with power.

On the recommendation of the Medical Board and the Conference Committee of Bellevue Hospital, the following men were appointed to the House Staff on the Tuberculosis Service: Lazarus Marcus and Pliny Fiske as Juniors from July 1, 1917, to be promoted to seniors or residents on Jan. 1, 1918, for six months; Attilio Robertiello and Jacob Lattman as juniors for six months from Jan. 1, 1918, and as residents for six months from July 1, 1918, which appointments, on motion, duly seconded and carried, were approved.

COMMUNICATIONS.

A letter, dated April 17, was presented from the General Superintendent of Training Schools, requesting the Trustees to protest against the amendment to the Nursing Bill, as reported out of the Committee. As the Trustees approved this bill in its original form, which was Senate Bill No. 317, it was moved, seconded and carried, to protest against the amendment on the ground that the very purpose of the legislation would be defeated and that it does not meet with the support of the nurses or the administrative officers of the department, and to request that the bill be referred back to the Committee on Public Health and be reported out with only such amendments as receive the approval of the Regents of the State of New York.

The General Medical Superintendent presented contracts with the New York Telephone Company, amounting to \$7,716.45, which amount is in excess of the appropriations allowed in the budget, but with the cancellation of thirty-five extensions of interior telephones, the total contract price would be reduced to \$7,611.45,

which amount is within the appropriation. After consideration, on motion, duly seconded and carried, the execution of the contracts was authorized.

The minutes of the Executive Committee of the Medical Board of Bellevue Hospital for April 11 were presented. On motion, duly seconded and carried, the nominations of Edmund R. P. Janvrin to the position of Assistant Visiting Physician; Phineas Hillhouse Adams as Physician to Out Patients and Adjunct Assistant Visiting Physician, and Herman Elwyn as Assistant Physician to Out Patients, were referred to the Conference Committee of the First Division. A letter, dated April 11, was presented from W. H. Stewart, through the General Medical Superintendent, asking for permission to have Attilio Rosapepe in the X-Ray Department of Harlem Hospital for a month or six weeks for observation and instruction under his immediate supervision. After discussion, it was moved, seconded and carried, to inform Dr. Stewart that the Board has no objection to granting this privilege, upon the understanding that there would be no charge for the instruction.

A communication, dated March 24, was presented from the John H. Parker Company requesting the Department to make arrangements to have a watchman at the new building for the Out Patient Department at Gouverneur Hospital. NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidders assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
