For the Executive Budget Fiscal Year 2021

Bronx

The City of New York
Bill de Blasio, Mayor

FY 2021 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2021 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2021 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

01	101202101C	<p>Request: Renovate or upgrade an elementary school</p> <p>Explanation: Funding for construction of new first floor classroom flooring at PS25 located at 811 East 149th Street. The first floor within PS25, the Bilingual School has deteriorated to such a degree that one classroom floor has buckled and created an unsafe environment for children seeking to learn daily. The Board would like to see the immediate repair of this condition.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: PS25</p>	<p>OMB supports the agency's position as follows: Unable to prioritize funding for this project request at this time.</p>
02	101202102C	<p>Request: Renovate or upgrade an elementary school</p> <p>Explanation: Funding for the placement of critical air circulation and conditioning system in PS1 located at 335 East 152nd Street, the Courtlandt School. Community Board 1 is within the most profound asthma corridor of our City. We voice our concerns about the current conditions for learning in all of our schools. However, in PS1 the air quality and circulation is extremely poor. Its over heated conditions are not conducive for learning and is having an adverse impact on the learning environment for our children. We advocate for the allocation of Capital funding for construction of an air condition system within the school.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: PS1</p>	<p>OMB supports the agency's position as follows: Unable to prioritize funding for this project request at this time.</p>
03	101202103C	<p>Request: Repair or provide new street lights</p> <p>Explanation: Upgrade illumination on existing street lighting in the District. Street lighting throughout the entire District at night does not appear to be providing the proper illumination to support public safety. The Board requests for an upgrade ad increase in foot-candles on the existing lamp poles, including within all pedestrian underpasses in the District.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

04	101202104C	<p>Request: Repair or provide new street lights</p> <p>Explanation: Fund major improvements including additional lighting at the Major Deegan underpasses at Brook, St. Ann's, Lincoln and Willis Avenues. There is a need for additional lighting at the Major Deegan underpasses at Brook, St. Ann's, Lincoln and Willis Avenues as it is dangerous for residents that have to pass through these locations due to inadequate lighting.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: NY State DOT has jurisdiction for the matter covered in this request. We have referred this request to them and have asked that they take appropriate action regarding this matter.</p>
05	101202105C	<p>Request: Repair or build new step streets</p> <p>Explanation: Create a new step street. The development of a Step Street at East 159th Street and ST. Ann's Avenue provides a connection for residents in the area above St. Ann's Avenue. This Step Street is one the Board has advanced over 15 years and continues to support. It's development provides for residents of major developments such as St. Ann's Terrace, a development of 350 units accessibility from this portion of the District. It is important as it will connect an area cutoff from direct walking and connection to bus routes and other features with the important housing corridor of the District.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Address: East 159th St. Ann's Avenue Cross Street 1: East 159th Street Cross Street 2: St. Ann's Avenue</p>	<p>OMB supports the agency's position as follows: Funds are unavailable for this project. 06	101202106C	<p>Request: Rehabilitate bridges</p> <p>Explanation: The reconstruction of the East 153rd Street Bridge. Previously at this location the past Administration had approved a design for a cable-less Bridge at East 153rd Street and the money was taken out of the budget. Due to increased population in Bronx County in Boards 1 and 4 there is a need for a new bridge to be built at this location. The increased density and strained traffic conditions in the District along 149th Street, the Grand Concourse and on to East 161st Street has created limited options for drivers. The East 153rd Street Bridge is presently in the projected Capital Plan. Our Board supports development of the East 153rd Street Bridge which can reduce congestion in our District.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Name: 159th Street Bridge</p>	<p>The agency has not submitted a proposal to increase funding for this project. Therefore, OMB does not take any position.</p>
07	101202107C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Redevelopment of the Garrison Playground located at East 146th Street and Walton Avenue into a Science themed Playground. A component of the City's HPD RFP and selected redevelopment plan for 425 Grand Concourse is an allocation of Capital monies. Additionally, the Borough President's Capital Allocation for FY2017 includes \$500,000 for the reconstruction of the adjacent Garrison Playground. The averse closure and subsequent demolition of the former PS31 in 2015 devastated the educational capacity in the District while also creating a serious void of passive and active recreation space. The theme and the importance of science will uplift and inspire young persons of the District while providing a 21st century recreational and learning experience.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Garrison Playground</p>	<p>OMB supports the agency's position as follows: This project was funded in a prior fiscal year and the project is currently under construction.</p>

Brooklyn

The City of New York
Bill de Blasio, Mayor

FY 2021 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2021 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2021 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

The community has outlined that the need for higher education in the district, is an absolute necessity to prepare our young people for long-lasting career opportunities not minimum wage positions. 11	205202111E	<p>Request: Study land use and zoning to better match current use or future neighborhood needs</p> <p>Explanation: Coordinate with HPD for the Construction of a new Community Center on Livonia Avenue Corridor (corner of Williams Avenue) During the RFP process for development on the first phase of the Livonia Avenue Corridor, Dunn Development was selected as the developer for the housing project and the community was in major support of the proposal submitted by Dunn due to the collaboration with the Boys Club of New York. A newly constructed Boys Club was to be built on the fifth lot which would have balanced the new housing units with adequate community space for the existing and incoming families and children. Since the inception of the housing, the Boys Club has backed out and the proposal still moved forward with no community space to accommodate the new population on the corridor.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Location Address: Livonia Avenue Cross Street 1: Williams Avenue Cross Street 2: Van Sinderen Avenue</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>

CB5 has large mixed-use development that was created to encourage revitalized and walkable commercial areas but rents are too high for local businesses to take advantage of the new spaces. Therefore commercial spaces are left vacant for unnecessary lengths of time with no activity.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

Such amenities could include, but not be limited to, the reintroduction of cobblestone treatments, historic lighting, granite curbs, etc. The scope of the existing street reconstruction project should be expanded to include a full electrical upgrade for all of Red Hook with the goal of burying the vulnerable, above-ground electrical lines and ensuring that the grid is modern and able to withstand future events like Hurricane Sandy which plunged the area into darkness for months.</p> <p>Responsible Agency: Department of Transportation</p>	This request has already been funded.

Red Hook has seen the creation of hundreds of new jobs in the last few years from large-scale retail development, introduction of tourism-related industries, and induced commercial development. Its residential population is in need of a local job center where employment training, recruiting and referral services can be offered in addition to courses that promote local entrepreneurship, and generally support the development of the local workforce preparing them for jobs. Such an array should include the pier shed rooftops, other structure rooftops (such as the cruise ship terminal, containerport and PANYNJ office buildings, etc.), and canopy arrays over parking lots at cruise ship terminal, office buildings, etc. A solar collection array would take advantage of the open space/lack of shadow lines from buildings and trees, to harvest solar energy which would be used to defray operating costs as a clean energy sustainability measure, and can be made available to the community as part of a community microgrid under development (Red Hook Community Microgrid) to help power local critical facilities in the event of an electrical grid failure.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>

It is a vital corridor that links our waterfront to inland points. Deferred public investment increases the vulnerability of this structure as unanticipated structural failures may occur, resulting in increased cost and time of repair and unwarranted impacts on the surrounding community. For the sake of access and mobility through the district, there are only a handful of east-west connectors that span the Gowanus Canal, on which the community is wholly reliant. Deferred investment increases the likelihood of structural failures, more costly repairs, and longer periods of disruption and inconvenience to the community when the bridge is out of service. 29	206202129C	<p>Request: Other transportation infrastructure requests</p> <p>Explanation: Sufficient funds are requested to undertake a replacement of the existing standard-issue cobra head street lights with appropriate historic replica street lights in the neighborhoods of Cobble Hill and Carroll Gardens. Currently, only Atlantic Avenue, Clinton Street and Smith Street in these neighborhoods have such amenities. The balance of the neighborhood's street lights should be replaced to enhance and restore the historic integrity of these landmark districts and historically-sensitive areas.</p> <p>Responsible Agency: Department of Transportation</p>	<p>This request is not recommended for funding.</p>
30	206202130C	<p>Request: Repair or construct new curbs or pedestrian ramps</p> <p>Explanation: In addition to the regular cement sidewalk replacement activity, we request that the department broaden its scope to include the option of restoring by contract those sidewalks which include special treatments, notably bluestone material. Not only is bluestone a more durable material with significantly longer life expectancy, it also serves to enhance the historic integrity and value of the community. Many property owners are willing to pay the extra cost to have this option, especially given the City's ability to leverage lower cost through bulk contracting.</p> <p>Responsible Agency: Department of Transportation</p>	<p>Further study by the agency of this request is needed.</p>

The strategic placement of VMBs can provide important directions, reduce traffic congestion, and otherwise assist NYPD in messaging information to the public. Transportation is one of the most significant obstacles to growth in the region, as our bridges, tunnels and highways experience on a daily basis. Without taking advantage of the area's features - its waterfront and untapped rail potential - further economic growth in the region is threatened. Replacing truck use by rail and barge options should be our top priority. This new street will not only provide additional capacity to handle the new traffic volumes destined for the cruise ship terminal under construction at Pier 12, but will also provide an alternative for the relocation of the Van Brunt Street leg of the City's local Truck Route network in Red Hook. It will ensure that the local street grid is not only not negatively impacted by the cruise terminal traffic but that it will benefit from relieving Van Brunt Street of trucks and removing the existing conflict by directing trucks closer to the industrial section of the neighborhood.</p> <p>Responsible Agency: Department of Transportation</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

These properties are currently in the Department of Transportation's portfolio but they have agreed to release them for the development of a future park to be built there. The tiny cave-like basement cafeteria is the largest open space in the school. The low tin roof and cement walls do little to absorb the loud whir of giant freezers or the noise of the fans used to cool the space due to the lack of air conditioning and window space. When you add more than 350 students during lunchtime the sounds reverberate around the room. The noise drowns out any conversations happening at the tables. By adding wall & ceiling mounted sound panels, extraneous noise will be lessened to manageable levels.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: Unable to prioritize funding for this project request at this time.</p>

02	206202102E	<p>Request: Other expense budget request</p> <p>Explanation: DOE: Sufficient funds are requested to maintain current levels of day care services provided to the district. It had previously suggested that an incredibly disproportionate share of cuts be applied to day care services in the Brooklyn CB6 district. 4 out of the 15 centers citywide slated for closure were specifically targeted to the district. Most of these slots are located in facilities directly adjacent to public housing (Red Hook and Gowanus Houses), whose residents rely on these services to enable them to work and/or attend school. Eliminating day care services removes one of the most important safety nets in the community. There was no attempt to renegotiate day care center leases, or otherwise lower their operating costs, before deciding to eliminate the service altogether</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>

At a minimum, additional funding is sought to help keep pace with cost of living increases which over time take more and more resources away from the base operating budgets from programming and salary monies. Effectively, by not providing for regular, modest increases the senior centers' budgets are being decreased over time as basic costs only go up. Overflowing litter baskets create additional work for the department in discretionary cleaning, contributes to the clogging of catch basins, and results in the unfair issuance of summonses to victims of the strewn litter. 12	206202112E	<p>Request: Other NYPD staff resources requests</p> <p>Explanation: Sufficient funds are requested to recruit and restore police patrol strength to safeguard the impressive strides in public safety over the past decade. Historically, as crime decreases and budget pressures increase, police staff suffers which begins the downward spiral of public safety and increasing crime. Maintaining a strong police force is even more necessary in the aftermath of 9/11 to ensure public safety and restore a high degree of confidence in keeping and attracting residents, businesses and tourists to the City - all essential to the City's economy. Over the past few years we have seen a dramatic decrease in the size of the police patrol strength at the precinct level and this has the community most alarmed.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: The NYPD has implemented the NCO program to address community concerns. Commands under the NCO program have had a sizable increase in staffing compared to prior years.</p>

Current practice involves placing excessive numbers of garbage bags in the street late afternoons, which are sometimes not collected until the next day, which attracts vermin and vectors, creates odors, and has a tendency to attract additional loose litter and debris. Containerized collection would resolve all of these problems and restore neighbor's quality of life.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: NYC public schools receive a high-level of additional DSNY service. 01	208202101C	<p>Request: Provide more housing for extremely low and low income households</p> <p>Explanation: Too many city dwellers are living well below the poverty line. As such, many families are forced to combine households in units that are way too small for the capacity they are designed for. Having additional low-income housing opportunities will help rectify this problem of apartment sharing and overcrowding.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>OMB supports the agency's position as follows: The agency will accommodate this issue within existing resources.</p>
02	208202102C	<p>Request: Provide more housing for special needs households, such as the formerly homeless</p> <p>Explanation: Seniors, the disabled, and the homeless are often left out of housing conversations. As vulnerable populations, they need to be watched carefully and catered to just as much as families. Many seniors and disabled individuals live on fixed incomes of minimal amounts, and are thus unable to afford the current housing market. This leads them to homelessness and homeless shelters. Housing needs to be created specifically for these populations to prevent the vicious cycle of people entering homeless shelters.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>OMB supports the agency's position as follows: The agency will accommodate this issue within existing resources.</p>

Rescue 2 of the FDNY will be relocating from its base at 1472 Bergen Street shortly. The building and land is city-owned, and can be remodeled to support not only the CB 8 district office, but also house meeting space for the Board. This will in turn save the City millions of dollars in rent payments.</p> <p>Responsible Agency: Department of Citywide Administrative Services</p>	<p>The agency has not submitted a proposal to increase funding for this project. 05	208202105C	<p>Request: Renovate or upgrade an elementary school</p> <p>Explanation: Provide a new PA system, new classroom doors, a new cafeteria floor, new curtains for the auditorium, and a new gymnasium floor. The current PA system does not reach the entire building, the doors do not close all the way so they cannot be locked, the tiles are buckling in the cafeteria, and the gym floor cannot be sanded again. These are the specific requests from the school. SCA last year stated that it unable to prioritize funding for these requests. However, in the wake of multiple school shootings and unnecessary student deaths, it is imperative that the PA system and properly functioning doors be provided. These requests were made by the school directly. Last year, SCA stated that funding for part is recommended. What part, and when will it be completed? In the wake of the massive amount of school shootings in recent months, it is imperative that every school be equipped with doors that are able to close and lock in a hurry as this can save lives. How will SCA explain the loss of life if a shooting occurs in a school and tens of children murdered simply because the door to their classroom could not lock?</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: PS 335 Address: 130 Rochester Avenue</p>	<p>OMB supports the agency's position as follows: This request includes more than one proposal. Con Ed has identified that NYCHA developments place most of the strain on the grid. An audit of energy efficiency and environmental performance should be conducted to ensure that NYCHA developments are running efficiently and using as little energy as possible to function effectively. 01	208202101E	<p>Request: Reduce rat populations</p> <p>Explanation: With the large number of development projects scattered throughout the District, and renovation projects ongoing in our historic districts, the number of rodent complaints has skyrocketed with rodents more visible today than at any other time in the last two decades. A greater number of inspectors and exterminators are needed to quickly address baiting concerns and identify rodent havens and burrows for treatment. Residents overwhelmingly also support DOHMH implementing a policy change mandating that developers bait more than just the perimeter of their projects and instead bait a wider berth, as well as the city enforcing harsh penalties (such as liens) on properties that do not perform abatement.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: Rodents go to properties where they can find a food source. Construction debris on its own is not a cause of rat infestation. DOHMH responds to every complaint and follows up with properties that fail both for rodents and conditions conducive to rodents such as garbage and harborage.</p>
02	208202102E	<p>Request: Provide or enhance rental subsidies programs</p> <p>Explanation: As the affordable housing market continues to be stressed by man-made conditions, more financial rental assistance services are needed to assist tenants with maintaining their housing independence.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>
03	208202103E	<p>Request: Expand programs for housing inspections to correct code violations</p> <p>Explanation: As more and more landlords are allowing currently occupied rent controlled and rent stabilized apartments to drift into the ranks of uninhabitability to push out long term tenants, this allows them to then renovate recently vacated apartments to collect higher rents. We need to ensure that enforcement agents use their full power to encourage landlords to make repairs for long term tenants rather than just focusing on improving the habitability for higher rent paying tenants. If landlords are unwilling to make necessary repairs, we urge the City to do so for them and bill them for the repairs, with the threat of vacating their ownership of the property should they not reimburse and pay hefty fines. This in turn will deter illegal tactics to get rid of low rent paying tenants.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>

04	208202104E	<p>Request: Provide, expand, or enhance rental assistance programs</p> <p>Explanation: As rent rates in District 8 continue to increase, more and more families and individuals are on the verge of homelessness. Programs should be expanded to help them avoid entering the shelter system and becoming statistics. Rental assistance programs are in dire need to help cover the gap between affordability and unaffordable. The financial value of housing vouchers should be increased to match the rental rates that are being charged for units.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: Homelessness prevention is one of the Agency's priorities. Funds have been allocated in the budget for these services.</p>
05	208202105E	<p>Request: Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p>Explanation: The stigma of admitting to having a mental illness is great, especially in immigrant and communities of color where sentiments such as "mental illness is not a disease you can afford to have," continue to be a plague. This stigma prevents those suffering from symptoms from seeking help. Programs such as THRIVE NYC are a great start, but the fear of being identified in the community as having an illness prevents many from seeking their services. More education on what mental illness versus what it is not is direly needed to help eliminate the negative stigma that is pervasive in many communities. An understanding of the different ways people can suffer from mental illness can go a long way in helping de-stigmatize the condition and also allow sufferers to seek help.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: DOHMH will review and assess the request regarding these important mental health programs. However, implementation of the requested service will be subject to the availability of the department's limited funds.</p>
06	208202106E	<p>Request: Expand tenant protection programs</p> <p>Explanation: More and more landlords are resorting to illegal tactics to evict tenants from their homes or make conditions so bad that residents elect to leave their homes, thus allowing them to raise rents. We urge the Parks Department to hire additional Park Enforcement Personnel (PEP officers) to enforce the rules of the park such as no littering, no fire (BBQ), and no off leash dogs during specified hours and many others. Funding must be provided in order to rectify these problems and make our parks and playgrounds safe and enjoyable for all.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The Executive Budget includes a city-wide allocation for this work. 08	208202108E	<p>Request: Other community board facilities and staff requests</p> <p>Explanation: In FY 2016, the Boards' budgets were slightly increased to accommodate the collective bargaining agreement. However, the operating budget for Community Boards are still woefully inadequate, not keeping pace of inflation and any increased operating costs. The costs for acquiring much needed newer technology, computer software, upgraded hardware, as well as internet/web access capabilities is expensive. In addition, according to Chapter 70, Section 2800 (21f) of the City Charter, we are required to have experts such as planners to assist us in our Charter mandated duties. We do not currently have the funds available to hire such experts and/or consultants. It is consequently imperative that all the Community Boards' budgets be increased.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	<p>The Administration is currently discussing Community Board Planning needs within the City's current budget climate.</p>

11	208202111E	<p>Request: Provide more HIV/AIDS information and services</p> <p>Explanation: While HIV transmission rates are down citywide, transmission of other non-HIV related diseases is on the rise, and in District 8, we rank in the top 10 in all categories of increased STD infection according to the latest Dept. of Health data. The fear of HIV and other STIs has been lessened over time because of new drugs created to help prevent infection and drugs designed to help a person live longer. Adequate education should be provided regarding the use of prophylactics and engaging in safe sexual practices to prevent the unnecessary spread of the disease.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: Preventing the spread of HIV/AIDS and other STDs is a top priority for DOHMH. We were pleased to announce last year that the number of new adult AIDS cases is declining. Training programs geared toward helping our residents of all ages engage their interests and skills is essential. The creation of a Culinary Arts Program and Culinary Education and Training Facility Space situated in Community District 8 boundaries would address the need and interest for these skills by these businesses and our hospitality industry. Additionally, training programs geared toward different positions in film and theater production is crucial for increasing diversity in the industry.</p> <p>Responsible Agency: Economic Development Corporation</p>	Further study by the agency of this request is needed.
14	208202114E	<p>Request: Promote vaccinations and immunizations</p> <p>Explanation: Unfortunately, erroneous reports not backed by factual data have frightened some parents into declining immunization for their children. This practice puts other children at risk and also has the potential to bring back diseases that could actually be avoided via immunization and education. Factual data regarding the link between immunizations and autism is very necessary to prevent parents from making an uninformed decision that could have major deleterious ramifications on not only their children, but the broader community, especially as their non-immunized children become school age. Education and immunization promotion services are needed to deflate and eliminate these "alternative facts" and erroneous reports not upheld by factual science.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	OMB supports the agency's position as follows: The agency recommends funding this expense budget request in FY 2021, but at this time the availability of funds is uncertain.

Property owners with commercial spaces are often raising rents on commercial properties at lease renewal by astronomical amounts, usually tripling or quadrupling the previous rent rate. The majority of our businesses cannot survive these increases and are forced to close, thus leading to high turnover and vacancy rates. Lease negotiation support for commercial tenants is necessary to assist them in overcoming the greed barrier to remain in their spaces and continue the trend of economic growth in CB 8.</p> <p>Responsible Agency: Department of Small Business Services</p> <p>Supported by: Councilwoman Laurie Cumbo</p>	<p>The agency has stated that they will try to accommodate this request with existing resources. As it stands, existing resources are not sufficient to stem this tide of community blight. Illegal dumping must be stopped and penalties strengthened for those that illegally dump waste. Because current laws target those that dump from vehicles, black market dumpers that use shopping carts and dump near corner baskets are often overlooked. 20	208202120E	<p>Request: Other cleaning requests</p> <p>Explanation: Provide enforcement for proper commercial trash receptacles for mixed-use buildings along primary and secondary corridors. Mixed-use buildings without trash storage receptacles for residential use cause an alarming rate of corner basket misuse. Residential tenants that have no location within their premises to place their garbage, are led to place their household trash in corner baskets, or, in instances when a corner basket is not present, simply leave their trash bags on the sidewalk in an area it does not belong. Proper enforcement of container/receptacle laws will help eliminate this cycle, and also potentially lead to a decrease in vermin along commercial corridors.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>The agency will try to accommodate this issue within existing resources. 23	208202123E	<p>Request: Provide, expand, or enhance adult protective services</p> <p>Explanation: We must keep in mind that our elderly population is at risk for abuse from family members and home health aides seeking to take advantage of their frail emotional and physical states. Our elderly population is the most vulnerable and often forgotten. They require considerable attention to maintain their safety and well-being, thus preventing them from being subjected to unnecessary hardship, pain, and mental aggravation in the form of fear.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: The APS will continue work with clients to ensure that they live safely in the community with the greatest level of independence possible.</p>
24	208202124E	<p>Request: Create or promote programs for education and awareness on nutrition, physical activity, etc.</p> <p>Explanation: District 8 is severely plagued by other health ailments including diabetes, heart disease, asthma, stroke, obesity, and many other conditions that require substantial medical care for those afflicted. The inability to afford healthy food options combined with the lack of healthy food options for residents on the eastern end of the district only compounds these problems. Lower income residents without excess expendable cash should have access to quality fresh food and be trained in healthy living without exceeding their budget. Programs stressing proper nutrition should be provided for families as a preventive measure to stem the development of diseases caused by poor dietary habits and lack of exercise.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>The funding for this request cannot be determined at this time.</p>

25	208202125E	<p>Request: Provide, expand, or enhance educational programs for adults</p> <p>Explanation: Financial education and planning is direly needed in less economically advantaged households. Due to the inevitability of having to stretch their finances even further than they are capable, it is imperative that residents have access to financial planning and budgeting information to learn how to properly plan their monthly spending. They must be educated on what is and is not a priority in order to avoid the inevitable if they are not careful: homelessness. People applying for one-shot deals to cover back rent should automatically be enrolled in such financial planning courses to obtain the tools to prevent them from needing these emergency services again.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: HRA's Career Services provides services to clients to assist them in developing job skills, obtaining employment, financial counseling and building sustainable careers that provide a path out of poverty.</p>
26	208202126E	<p>Request: Provide, expand, or enhance skills training and employment services for high school students at risk of dropping out</p> <p>Explanation: Early intervention is the key to saving the future of our youth. It is well documented that inner-city children have a higher risk for crime, dropping out of school and other educational deficits, gang involvement, drug use, and incarceration. We urge funding for activities that target at-risk youth. Funding for youth development and delinquency and prevention programs is necessary to serve our youth and quell the growing trend toward life-ruining activities.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: DYCD funding is allocated through public solicitations including Requests for Proposals.</p>

27	208202127E	<p>Request: Expand or improve nutritional programs, e.g., school meals</p> <p>Explanation: It is regrettably laughable that the DOE would state that it is committed to providing healthy food choices and maintaining high nutritional standards by offering delicious and attractive menu options, and that their nutritional standards always meet, and many times exceed, USDA Nutrition Standards for school meals. If that were the case, would students be served unappetizing and fattening meals that are moldy, unidentifiable meats, spoiled milk, expired and moldy juice, and foods that are so hyper processed, they cannot even pass as the substance they claim to be? Numerous news exposes based on the 2017 investigation of the DOE food program speak a different tune to what the DOE claims, and this lack of honesty within the agency is disheartening.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: The agency will accommodate this issue within existing resources.</p>
28	208202128E	<p>Request: Assign additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)</p> <p>Explanation: While we are aware that staffing levels are allocated based on graduating classes and Administrative processes, there is an inherent need for undercover officers to assist with the growing gang population on the eastern end of the District, and vice offices to address the increasing sex trafficking operations in CB8. Additionally, an increase in street drugs to compete with not as easily available prescription drugs, has led to more drug houses in our community. Undercovers are needed to infiltrate these rings and close these houses down, thus making the community safer for all. A great benefit of the closure of these drug houses is also the reduction of opioid drugs readily available to the seeking public. Finally, additional detectives are needed to investigate crime.</p> <p>Responsible Agency: Police Department</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>

29	208202129E	<p>Request: Provide or expand NYC organics collection program</p> <p>Explanation: Separate organic collection is useful in diminishing the amount of trash sent to landfills daily. We are highly disappointed that the City discontinued organics collection because it did not properly plan an effective strategy for collection. Organics collection can not only save the city millions of dollars a year, but can actually allow the city to profit from the collection. Organic waste can be broken down by biodigesters and the compost sold to other municipalities for their fertilizer needs. We urge the city to re-institute organics collection.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>
30	208202130E	<p>Request: Provide, expand, or enhance job training</p> <p>Explanation: Not every person lacking job skills and basic training for resume creation and interview success tips lives within a NYCHA development or is eligible to receive cash assistance. Job training opportunities need to be expanded beyond those living in NYCHA housing and receiving cash assistance. These programs are needed to help the underachieving gain self-sufficiency and move away from a life living off of other people and potentially public assistance when they no longer have a support system.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: HRA's Career Services provides services to clients to assist them in developing job skills, obtaining employment, financial counseling and building sustainable careers that provide a path out of poverty.</p>

32	208202132E	<p>Request: Provide, expand, or enhance street outreach services</p> <p>Explanation: A large portion of homeless youth belong to the lesbian, gay, bisexual, transgender, non binary, non conforming, and queer (LGBTQ) population. They are often ostracized and shunned by their families and are forced to choose to either be comfortable with who they are or change/hide/pretend to be someone they are not simply to continue receiving familial support. In order to be true to themselves, they leave abusive situations and are forced to the streets. Efforts should be made to reach out to these youth to remove them from abusive situations and prevent them from becoming part of the growing homeless population.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: DYCD has increased funding in this service area.</p>
33	208202133E	<p>Request: Enhance programs for elder abuse victims</p> <p>Explanation: Too often, our elders are too ashamed or afraid to speak up for themselves, leading them to suffer continued abuse at the hands of caregivers or even strangers. We encourage DFTA to increase outreach efforts and initiate public service announcements to inform seniors of their options and services should they ever come face to face with elder abuse. We also advocate for increased public awareness programs to help people identify the signs and signals of elder abuse.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: DFTA will be launching a public information campaign to raise awareness and understanding about elder abuse and about how to prevent it.</p>
34	208202134E	<p>Request: Increase transportation services capacity</p> <p>Explanation: The elderly have a difficult enough time traveling. Unreliable public transportation options are at times their only choice. AS A RESULT, WE ARE ASKING THAT FUNDING TO RE-INSTATE THE SIGNAGE UNIT BE PROVIDED. Furthermore, additional Sanitation Police Officers are also needed to issue summonses to dog owners who do not clean up after their dogs as canine waste has the potential to create health hazards for humans and other dogs. 38	208202138E	<p>Request: Enhance home care services</p> <p>Explanation: Homebound seniors should not have to live a life of unintentional isolation because they are self-sufficient enough to be able to live on their own still. Medicaid ineligible seniors should not be forced to pay exorbitant out of pocket costs for assistance in day to day needs. We encourage increasing home care services for homebound seniors to include not only basic care and assistance, but also for interactive conversation and companionship to prevent the ails of isolation.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: DFTA is aware of the growing aging population and continues to fund programs in this CD, as well as advocate for increased Federal, State, and City funding to enable seniors to remain independent, and to support homebound frail seniors and their caregivers.</p>
39	208202139E	<p>Request: Provide, expand, or enhance primary prevention services to strengthen families</p> <p>Explanation: Families need certain tools to learn to get along. Intergenerational assistance is needed to help bridge the gaps between younger and older generations that, to be blunt, do not understand each other. Children these days have the mindset that a parent is supposed to be a friend, and because parents are afraid of legal repercussions for reprimanding their children the way they were, attitudes are often left unchecked, which can cause friction in the home. Children, parents, and extended family need to be educated on the modern family structure and what the new social "norm" is for family ties.</p> <p>Responsible Agency: Administration for Children's Services</p>	<p>OMB supports the agency's position as follows: ACS currently offers services for youth and families. For additional information, please call 212-341-0900 and ask for the Office of Intergovernmental Affairs, or check our website at www.nyc.gov/acs.</p>
40	208202140E	<p>Request: Improve public housing maintenance and cleanliness</p> <p>Explanation: All NYCHA developments should be equipped with containers for garbage storage since maintenance staff currently places garbage curbside multiple times per day. Containerized collection will provide a place to house garbage until pickup day.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>OMB supports the agency's position as follows: Securing funding for this request is outside of EDC's jurisdiction; please contact the agency if you have any questions about the EDC budget process.</p>

42	208202142E	<p>Request: Expand access to public health insurance such as Medicaid</p> <p>Explanation: With the federal government extracting every ounce of worth from the Affordable Care Act, now more than ever, individuals in need of health care must have a viable option for health care than the skeleton plans designed to undermine what the ACA was attempting to accomplish. Decreasing eligibility requirements to receive Medicaid, or even having a payment system to make more people Medicaid eligible would help bridge the gap between those with quality health insurance and those without. Costs of private markets are increasing drastically due to cuts in federal subsidies and fewer people are able to afford private insurance. Having Medicaid as an option would allow access to the preventative care many people need to prevent grave illnesses.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: The Agency will continue to send service professionals as it has been done in the past.</p>
43	208202143E	<p>Request: Promote Quit Smoking Programs</p> <p>Explanation: Residents of multiple dwelling units face an oft times forgotten issue: any resident living next to or upstairs from a smoker, is subject to secondhand smoke, which studies have shown is more toxic than the primary smoke inhaled by the smoker. Residents should not be forced to endure health issues brought about by inconsiderate neighbors. As such, we urge the City to eliminate smoking in multiple dwellings and also increase awareness of the dangers of smoking, not only for the smoker, but also those subject to secondhand smoke.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>Further study by the agency of this request is needed. 01	212202101C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: 66th Precinct - Demolish and reconstruct a new 66th Precinct Station House on the footprints of the present site. A new precinct house for the 66th Precinct is one of the oldest budget requests initiated 35 years ago. Funding was eliminated for a project proposal to construct a new 66 Precinct Stationhouse in the FY 12 budget. The 66th precinct must be demolished and a new 66th precinct must be built on the footprints of the present site. Although, some renovations were made, specifically the front entrance to the precinct, the building is still old and there is a need for a new one.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 66th Police Precinct Station Address: 5822 16th Ave</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>
02	212202102C	<p>Request: Other request for services to support low-income New Yorkers</p> <p>Explanation: Community Board 12 is in dire need of an HRA Social Services agency office in this district; to aid residents with social services such as welfare, snap, cash assistance, Medicaid, heap and childcare vouchers. HRA has been consolidating its centers and has shut down the center most often used by CB12 residents. Some of the neediest are unable to access help online and are unable to figure out a way to downtown Brooklyn. The district represents many residents unfamiliar with the English Language and unfamiliar with basic technology; they require in-person assistance.</p> <p>Responsible Agency: Human Resources Administration</p> <p>Supported by: Community Board 12</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. There is an urgent need to install elevators at the D and F lines. Preferably at the 18th Avenue and McDonald station for the F line, where transfers to several bus lines are available, and the 50th Street and New Utrecht Avenue station for the D line, the closest subway station to Maimonides Medical Center, a level 1 Trauma Center as well as one of the most oft used birth centers in New York State. NYCTA should add these stations to their priority lists.</p> <p>Responsible Agency: Transit Authority</p>	For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.

05	212202105C	<p>Request: Reconstruct streets</p> <p>Explanation: 37th Street between 14th & 15th Avenues is dire need of reconstruction. DOT has requested funding for this project (FY2020 212202010C). This would not qualify as a standard street repaving because of the unique aspects of this street, such as the absence of curb cuts. This street is plagued with potholes, sink holes, and cracked streets that are dangerous to motorist as well as pedestrian crossings. The unattended potholes and various depressions lead to flooding with every rainstorm.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Address: 37th street Cross Street 1: 14th Ave Cross Street 2: 15th Ave</p>	<p>Sidewalks are the responsibility of the adjacent property owner. As of now there is no pedestrian crossing for 2/5th of a mile, from Ave. J to Ave. L. It is a matter of public safety to install a traffic light that allows pedestrians for cross safely. A traffic light will slow traffic on this stretch where cars routinely speed up because there are no traffic calming measures in place.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Address: Ocean Parkway Cross Street 1: Avenue K</p>	<p>Sidewalks are the responsibility of the adjacent property owner. Numerous children and adults must cross East 5th Street to go to the other side of the park in order to use the restrooms. This is a highly trafficked street. 01	212202101E	<p>Request: Provide more frequent garbage or recycling pick-up for schools and institutions</p> <p>Explanation: Provide daily garbage and recycling pick-up for Private Schools. CB 12 has about 80 private schools serving approximately 100,000 or more children. The District has 16 public schools which serves approximately a third of the total enrollment of the private schools. The student enrollment in some of the public schools has been dwindling rather than increasing. Most of these private schools have year round lunch programs with perishable foods. However, the private schools only receive two pickups per week while the public schools are picked up daily. The student enrollment in private schools far outnumber the enrollment in public schools in this district and because of the amount of garbage generated from these schools each day, daily pickups must be implemented.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Community Board 12</p>	<p>OMB supports the agency's position as follows: NYC public schools receive a high-level of additional DSNY service. It is the school's responsibility to properly store and manage their waste between the frequent collection service.</p>
02	212202102E	<p>Request: Assign additional traffic enforcement officers</p> <p>Explanation: TCAs (Traffic Control Agents): Our district is in dire need of Traffic Control Agents assigned to float to areas of concern throughout the critical areas in our District, as well as other alternative measures to decrease congestion. Currently, we have none. The areas of specific concern are: 18th Avenue from 45th Street to Ocean Parkway, 15th Avenue from 42nd Street to 45th Street, 14th Avenue from 49th Street to 42nd Street, 13th Avenue from 39th Street to 54th Streets, Avenues I and J from McDonald Avenue to Coney Island Avenue, Fort Hamilton Parkway from 36th Street to 46th Street . These are a few of the notoriously congested areas. The locations are subject to change based on seasonal and other variables. The traffic congestion and horn honking are severe.</p> <p>Responsible Agency: Police Department</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

03	212202103E	<p>Request: Other request for services to support low-income New Yorkers</p> <p>Explanation: In our Capital requests we asked for an HRA service center in our district. Knowing that getting a new HRA Service Center in our district is a big ask, we are requesting that at least HRA send service professionals a few times a month to our office to service our residents, as they have done in the past. In FY2020 HRA responded to this same request (212202003E) saying the 'request has already been funded'. Further communication with HRA clarified that funding is appropriated for training programs- which is not what we are asking. We currently have fully equipped office space that can be used by an HRA staffer who can service individually members of our district who may not have the ability to avail themselves to assistance now.</p> <p>Responsible Agency: Human Resources Administration</p> <p>Supported by: Community Board 12</p>	<p>OMB supports the agency's position as follows: The Agency will continue to explore this request; please contact HRA's Office of Advocacy and Outreach for continued discussion.</p>
04	212202104E	<p>Request: Other expense traffic improvements requests</p> <p>Explanation: NYC.gov states there are 150 HIQA inspectors. Their mission statement includes increas(ing) the level of safety for both pedestrian and vehicle travel and expedit(ing) the flow of traffic, for both pedestrian and vehicular traffic around the construction zones. However, street permit stipulations are ignored more often than not, leading to chaos. It must therefore be necessary to increase the number of HIQA inspectors to ensure compliance. DOT often doesn't send an inspector quick enough to be an effective remedy, more inspectors and thus quicker action will be immensely helpful. Many times HIQA will come hours later- after construction is complete. Further, an inspector should be permanently assigned to the CB12 area and coordinate with the board for effective permit compliance.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Community Board 12</p>	<p>OMB supports the agency's position as follows: In the Preliminary Budget, Citywide personnel/program/ equipment funds are maintained in FY 2021. 05	212202105E	<p>Request: Provide additional patrol cars and other vehicles</p> <p>Explanation: The 66th Precinct Community Affairs Unit's unmarked vehicle is currently in bad shape and keeps breaking down. We are requesting a new unmarked vehicle dedicated to the Community Affairs Unit. Last year, the agency initial response to tracking 212202003C was that this has been or will be completed in 2019. The adopted budget stated that due fiscal constraints, the availability of funds is uncertain. This is a necessary item for the safety of our community.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Community Board 12</p>	<p>The agency recommends funding this budget request, but at this time the availability of funds is uncertain. 06	212202106E	<p>Request: Clean catch basins</p> <p>Explanation: All catch basins should be cleaned on a regularly scheduled basis. Deteriorated catch basins should be repaired or replaced as part of a regular maintenance schedule. There has been an increase in flooding complaints. DEP is under a consent decree to alleviate combined sewer overflow. One of the obvious ways to work towards this is to make sure rainwater drains properly through the catch basins. This does not happen when the catch basins are clogged. There were many areas of repeated environmental concern- such as: 53rd St. from 11th Ave. to 13th Ave., 55th Street & 12th Ave., 51st St. & 12th Ave. And while we are happy to work with constituents in reporting this to DEP- this is only after the symptoms of neglect (flooding!) appear.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Community Board 12</p>	<p>OMB supports the agency's position as follows: The agency will accommodate this issue within existing resources.</p>

13	212202113E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: 13th Ave. is the commercial shopping Mecca in CB12. People come from all over to shop here due to its ethnic flavor. On any given day, more than 10k people traverse this shopping strip. Parking is at a premium. It can take an hour to pass through the 23 blocks of this shopping strip. 13 Ave. hasn't been redesigned in over 21 years and is in dire need of a thorough engineering study to determine the best measures to ease the traffic and parking congestion nightmare, especially during rush hours. We request such a study to determine the feasibility of certain ideas. For instance, the possibility of adding an additional lane with interchangeable direction depending on the time of day or adding turning lanes and maybe eliminating parking at certain times to increase traffic flow.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>

18	212202118E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Funding is needed for Parks Personnel to lock all parks in our district after dusk. Elected officials have contributed huge sums of money to upgrade our parks into state-of-the-art facilities that are pleasant outdoor spaces for children. However, the lack of security attracts an element to the parks that deters youth from wholesome play. However, this increased funding has not yet resulted in actual repairs. We request PARKS repair the sidewalks damaged by trees as they said they would. Some of these areas are extremely dangerous for pedestrians and have been waiting for repairs for a very long time. One such example is the damaged sidewalk on 12th Ave. off 55th street. It was damaged by a falling tree in July 2019 and has not been repaired as of mid-October 2019, despite some reported slip and falls. The sidewalk is lifted several inches off the ground.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Community Board 12</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>
21	212202121E	<p>Request: Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p>Explanation: Under the leadership of the Mayor, NYC made it a priority to improve Mental Health. This effort hasn't succeeded in reaching CB12 residents. This is largely due to language barriers and the stigma associated with mental or emotional difference. Thus, many residents here are left undiagnosed & untreated. This often compounds the necessity of extreme and costly interventions. CBO's within our district are uniquely qualified to understand the culture in this insular community and can work within the parameters of the unique differences inherent in the district. Funding is required for extensive awareness campaigns to eliminate the stigma preventing anyone from asking for such help. This aims to prevent the most vulnerable from falling prey to the opioid epidemic.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p> <p>Supported by: Community Board 12</p>	<p>OMB supports the agency's position as follows: DOHMH contracts with and oversees a wide variety of mental health and substance abuse services throughout NYC. We have multiple vehicles a day going the wrong way southbound from 60th street to 59th Street. Also, signage is needed that cars travelling east and west on 60th Street cannot make turns onto 13th Avenue going northbound. 01	214202101C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: The history of efforts to relocate this aging facility goes back three decades. In 2006, DCAS began property acquisition at 1326 Ocean Avenue and NYPD set aside \$30 million for the property, and OMB stated its commitment to identify additional funding. construction was set to begin in 2013. It did not and the site was lost to a market rate housing development. A scoping study to asses the feasibility of building a new precinct house on site reportedly acknowledges the locational challenges that the current site presents. Relocating the precinct house remains a priority. A new site search must be funded. In the meantime, the current precinct house floods and leaks and does not have adequate lockers, storage, or parking, nor it is handicap accessible.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 70th Precinct</p>	<p>OMB agrees with the agency response as indicated. 03	214202103C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Umma Park is in need of updating - the equipment is antiquated and the surface is in disrepair. There has been a good deal of residential development in the area thus the population in surrounding neighborhood is increasing. This park is in the most dense, and the most socio-economically neighborhood in the District, yet is the only playground in the District to not have been recently rehabilitated. The time has come to address and improve this increasingly important community asset. When CB14 first requested this upgrade, the projected cost was \$1 million. The most recent cost projection is closer to \$2 million. The cost of not taking action is high. Let's get this done before the 255 unit residential building nearby fills with families in need of an outdoor amenity.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Umma Park</p>	<p>It is recommended that this request be brought to the attention of your Elected Officials.</p>

Yet, DOT has not provided information as to funding and timing for repair. 17	214202117C	<p>Request: Provide new facilities such as a firehouse or EMS station</p> <p>Explanation: Expand facilities for training programs. The expansion of classroom space and a parking facility to meet the needs of the growing footprint for training programs for FDNY and EMS is an important investment in our city's safety resources as development and population growth continues citywide.</p> <p>Responsible Agency: Fire Department</p>	Further study by the agency of this request is needed.
18	214202118C	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: CD 14 ranks last in the city in terms of the number of residents who live more than a quarter of a mile away from a park.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	OMB supports the agency's position as follows: More information is needed from the community board before making a funding decision. The community board should contact the agency.
19	214202119C	<p>Request: Other request for services to support low-income New Yorkers</p> <p>Explanation: The poverty rate in CD 14 is 22%. Housing, education, job assistance, health care, and other human services are investments in our human resources that have been underfunded because we are so woefully undercounted. Census 2020 - make Brooklyn Count 100%</p> <p>Responsible Agency: Human Resources Administration</p>	OMB supports the agency's position as follows: The Agency provides services for people who are eligible under certain guidelines.

01	214202101E	<p>Request: Expand street outreach</p> <p>Explanation: Reports on homeless encampments and regarding individuals who appear to be homeless have increased over the past year. Common Ground is the current contractor and provides excellent service. Given the increase in calls to the Community Board, the Police and 311, an increase in outreach services is warranted.</p> <p>Responsible Agency: Department of Homeless Services</p>	This request has already been funded.
02	214202102E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: There have been five vehicle related deaths in the District this year. Coney Island Avenue is a congested corridor that warrants study. The Church Avenue and Caton Avenue truck route study warrants a more urgent focus. Improvements in the vicinity on the 70th Precinct should continue based on previous studies. Flatbush Avenue improvements should be updated. East and West corridor congestion should be addressed. If DOT will not conduct studies, the City should consider requiring traffic studies for all development proposals.</p> <p>Responsible Agency: Department of Transportation</p>	OMB supports the agency's position as follows: Please contact the Borough Commissioner's office to discuss this request.
03	214202103E	<p>Request: Other homelessness prevention program request</p> <p>Explanation: Community District 14 ranks 11th of 59 in the percentage of severely rent burdened household - 35% up from 30% the year before. The District ranks 8th in the percent of renter households that are severely overcrowded. Nearly 35% of renters in the District pay over 50% of their household income on monthly rent. Affordability of rentals (at 80% of AMI) decreased from 2010-2017, from 71.3% to only 49%. These are pressures that lend themselves to homelessness and continued expansion of prevention programs is warranted.</p> <p>Responsible Agency: Human Resources Administration</p>	OMB supports the agency's position as follows: The Agency provides services for people who are eligible under certain guidelines.

04	214202104E	<p>Request: Expand programs for housing inspections to correct code violations</p> <p>Explanation: Four out of five top 311 requests are for HPD inspections and violation enforcement. CB 14 ranks 12th in the city in the number of housing code violations per 1000 residents.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>OMB supports the agency's position as follows: The agency will accommodate this issue within existing resources.</p>
05	214202105E	<p>Request: Inspect water main on specific street segment and repair or replace as needed (Expense)</p> <p>Explanation: There are several locations in the District that flood chronically in rainstorms. These locations have all been brought to DEP's attention and we are awaiting determination as to cause. DCP has provided a limited drop down list from which to choose a budget priority. We ask the DEP respond to the requests pending and advise as to what the respective issues are so that we can identify what budget line these requests fall into. The bottom line is that DEP must provide solutions to these locations because property, businesses and public areas should not have to withstand chronic flooding. Several claims have been filed with the City of New York.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>Further investigation of this request is needed. 07	214202107E	<p>Request: Expand public programming and activation of City-owned sites</p> <p>Explanation: Develop and RFP for Newkirk Plaza. The Plaza is a platform over MTA NYCT's Brighton Line station. However, NYCT does not recognize the street level pedestrian mall as being under its purview. Likewise, while the Plaza offers public access, and serves as walkway flanked by approximately 20 stores, DOT does not include the Plaza in its inventory of sidewalks in the public right of way. Furthermore, DOT will not accept Newkirk Plaza into the DOT Pedestrian Plaza program, despite the fact that Newkirk Plaza is prototypical. Since this is publically owned land, EDC should develop and RFP so that the space can be assumed and programed by an interested party for better maintenance, programming and public benefit.</p> <p>Responsible Agency: Economic Development Corporation</p> <p>Location Site Name: Newkrik Plaza</p>	<p>Further study by the agency of this request is needed.</p>
08	214202108E	<p>Request: Provide more community board staff</p> <p>Explanation: One District Manager, one full time and one part time Community Associate have addressed over 3000 service delivery requests, which require on going casework in addition to thousands of one time, immediate requests, annual events and increasing administrative responsibilities. Additional resources would enable community boards to hire staff and/or temporary specialists, such as planners, policy analysts, and IT assistance, etc. This would enable CBs to introduce more initiatives such as our CBO roundtable and develop longer range projects that build from those gatherings. Ultimately, this enables Community Boards to complement its reactive, complaint driven role with a more proactive, grass roots effort.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	<p>The Administration is currently discussing Community Board Planning needs within the City's current budget climate.</p>

09	214202109E	<p>Request: Assign additional building inspectors (including expanding training programs)</p> <p>Explanation: Too many complaints are closed out due to lack of access while unpermitted work continues to the point of completion. Better timing of inspections, additional attempts and more detailed follow ups would assist in the ability to enforcement myriad violations.</p> <p>Responsible Agency: Department of Buildings</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
10	214202110E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: According to our Youth Conference attendees survey the biggest draw for the 600 youth who attended out annual conference was "jobs". However, it has become increasingly difficult to schedule the conference in tandem with the Summer Youth Employment application deadline because funding is always so uncertain. Given the very small percentage of applicants who are placed in summer jobs, it is imperative that the program be expanded and dependably funded.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: DYCD has increased funding in this service area.</p>
11	214202111E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Flatbush and Midwood boast 11,319 street trees, including 121 different species according to the most recent DPR tree census. Argyle Road between Ditmas and Dorchester Roads is considered the "leafiest" in Brooklyn. We are gratified by improvement in the DPR pruning cycle, but at budget consultations the Commissioner agreed that an even more robust pruning cycle is desirable. Requests for emergency pruning and fallen branches have not subsided in the District.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

12	214202112E	<p>Request: Create or promote programs to de-stigmatize mental health problems and encourage treatment</p> <p>Explanation: There were approximately 657 (per 100,000 adults) psychiatric hospitalizations last year, compared to 743 Brooklyn wide and 684 citywide. In addition alcohol and drug related hospitalizations were 836 and 649 per 100,000 respectively. Many times HOMESTATE teams find that people who are reported as homeless actually have homes but are on the streets to use. Teams specifically geared to engage with mental illness and substance abuse would be a valuable complement to the HOME STAT approach.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: DOHMH funds a variety of services related to mental health, alcohol, drug abuse, and depression. We will review and assess the request for additional programming, which would be contingent upon available resources.</p>
13	214202113E	<p>Request: Reduce rat populations</p> <p>Explanation: CD 14 continues to be among the highest number of rodent complaints in the City and those complaints are on the way to doubling from 300 in 2018 to 600 in 2019. While DOHMH continues to increase the number of inspections performed annually, these efforts are outpaced by conditions contributing to rodent infestations. Increased coordination with DOB's abatement rules for construction sites, with DSNY to address illegal dumping and school collections, and with the public at large to educate people on the down side of feeding feral cats and birds are warranted.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>
14	214202114E	<p>Request: Provide additional patrol cars and other vehicles</p> <p>Explanation: According to NYPD consultations, many vehicles are reaching the end of their useful life which means that more cars are in repair more often and for longer periods of time awaiting parts. Parks and new vehicles must be funded.</p> <p>Responsible Agency: Police Department</p>	<p>The agency recommends funding this budget request, but at this time the availability of funds is uncertain. 15	214202115E	<p>Request: Other services for homebound older adults programs</p> <p>Explanation: Case management, home care, legal services, and transportation services are generally intertwined. There is no way to prioritize the needs of one senior citizen over those of another and it would be folly to provide transportation over home care for a senior who is need of both. The funding of these services must be designed with the approach that support services are inextricable.</p> <p>Responsible Agency: Department for the Aging</p>	<p>Further study by the agency of this request is needed. Therefore, OMB does not take any position.</p>
16	214202116E	<p>Request: Provide more firefighters or EMS workers</p> <p>Explanation: Fund adequate new firefighter, Marshall, EMS and inspector hires. Given the pace of development and the density that is adding to our community, it is imperative that we ensure that staffing remain optimal and that the addition of a 5th firefight on the truck is expanded to firehouses serving our community. Two years ago more than a dozen Fire Marshalls were hired and dedicated to Brooklyn. The increase is useful and should be augmented by additional hires for Marshalls and inspectors in FY 20.</p> <p>Responsible Agency: Fire Department</p>	<p>This item is not eligible for Capital funding. 22	214202122E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: The return of this baseline service to your community after a six-year hiatus was an immediate and noticeable improvement . The service now covers the entirety of our District, not just areas where councilmembers were willing and able to fund this collection on overtime. It has allowed for additional corner baskets on commercial streets now that the District can meet demand with daily service. We urge the Department to continue this funding.</p> <p>Responsible Agency: Department of Sanitation</p>	Due to fiscal constraints, the availability of funds is uncertain.
23	214202123E	<p>Request: Other cleaning requests</p> <p>Explanation: There are 1200 road segments in CD 14. Given the number of dead ends, overpasses, and road bridges, cleaning is a persistent need. The sheer variety of Supervisors' functions in this increasingly densely populated and high traffic district has increasingly demonstrated that additional supervisors would alleviate myriad issues.</p> <p>Responsible Agency: Department of Sanitation</p>	Due to fiscal constraints, the availability of funds is uncertain.
24	214202124E	<p>Request: Other expense commercial district revitalization requests</p> <p>Explanation: The development and restoration of the Kings theater was an EDC project that is owned and managed by a private entity and is a for profit enterprise, the Tow Performing Arts Center is housed at a public institution of higher education but will run ticketed events, the Mayor's Office of Media and Entertainment permitted over 150 film and television productions in our 2.9 square miles of space last year. These enterprises generate a good deal of profit with the support of public space and financing. 25	214202125E	<p>Request: Extend library hours or expand and enhance library programs</p> <p>Explanation: The Community Board supports the continuation and expansion of programs that are so valuable in connecting our community members to literacy and culture. From small children, to teens, adults and older adults, the breadth of library programming is impressive and invaluable. The role that branch libraries will play in the Census 2020 will help ensure that many millions of federal dollars will be rightfully restored to our communities. This should qualify the library to reap some of those funding benefits.</p> <p>Responsible Agency: Brooklyn Public Library</p>	This request has already been funded.
26	214202126E	<p>Request: Increase enforcement of canine waste laws</p> <p>Explanation: Illegal drop offs and dumping at commercial baskets, dead-ends, tree pits, etc is an ongoing complaint. Often the sanitation workers, supervisors and police know who the offenders are but the rules for enforcement require a stake out. Severely affected by Super Storm Sandy, the hospital is currently under renovations and is in the process of constructing a new flood-proof tower. With the new tower underway, Coney Island Hospital should be given the additional funding it needs to become a Level 1 Trauma Center, they currently don't have the equipment needed to designate them as such. CS	215202129C	<p>Request: Provide a new or expand an existing elementary school</p> <p>Explanation: Brooklyn has grown in population at an alarming rate and our school systems have not caught up with the demands. We have several schools in the district that are overcrowded and resources are stretched to the seams. We need to take a good hard look at these schools and seek solutions to either expand classrooms when possible or create a new school to accommodate these very real and growing needs. CS	215202132C	<p>Request: Reconstruct streets</p> <p>Explanation: Gerritsen Beach was a heavily damaged area during Super Storm Sandy. Flooding and Ponding have been an issue in the old section of Gerritsen, (South of Bartlett Avenue), for many years, during the aftermath of Sandy it is critical these upgrades be made. 01	215202101E	<p>Request: Assign additional uniformed officers</p> <p>Explanation: Community Board 15 is in need of additional police officers at our 61st Precinct, located at 2575 Coney Island Avenue. 03	215202103E	<p>Request: Provide rental assistance/vouchers for permanent housing</p> <p>Explanation: Living in New York has become a costly affair. Rents are rising each year and the cost of living increases exponentially. Salaries don't appear to keep up with the rent demands. Our seniors and disabled are on fixed incomes and struggle to pay rent. We need a way to keep our lower income residents safely in their homes and off the streets with some sort of voucher system to aide them. Hotels and shelters aren't permanent housing, they often prove to be a temporary fix and in the long run are not cost efficient. The existing rental assistance programs, such as section 8, which need better policing are over saturated and closed.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: The Agency provides vouchers for people who are eligible.</p>

05	215202105E	<p>Request: Inspect sanitary sewer on specific street segment and repair or replace as needed (Expense)</p> <p>Explanation: Community Board 15 is requesting the installation of back-flow preventors throughout the district. This community experienced many sewer back up issues after Sandy and these preventors would help with the back-ups. The neighborhoods of Manhattan Beach, Sheepshead Bay and Gerritsen Beach are the areas most affected. On Avenue Y from Mcdonald Avenue to Ocean Avenue going south the area was inundated with sewer back-ups and back-flow preventers would prevent that from happening again.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>OMB supports the agency's position as follows: This project was funded in a prior fiscal year and the final design contract has been let.</p>

08	215202108E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. More money needs to be allocated to provide better forestry services to our community, waiting 4 or 5 years is a ridiculously long time to have a tree planted and tree pruning can take 7 - 10 years, allowing it to become a hazard. We need to expedite this procedure, so adequately funding this division with additional trained staff and equipment would help to streamline this too long a process.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

10	215202110E	<p>Request: Provide more firefighters or EMS workers</p> <p>Explanation: Currently Kingsborough Community College at 2001 Oriental Blvd, during the Summer Months from May through October houses an FDNY fireboat. This fireboat is currently not manned 24/7 and we believe it would be in the best interest of the community if it could be. With a dry season, brush fires seem to have been more prevalent this year. Being a beach and boating community, rescues on the water are another challenge that a 24/7 fireboat would be well equipped to assist in. Pulling a boat from further away can be critical when time is of the essence. The area is too congested and the city buses can barely get through. Our commercial area doesn't flow correctly. REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Executive Budget Fiscal Year 2021

Manhattan

The City of New York
Bill de Blasio, Mayor

FY 2021 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2021 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2021 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

CB2 urges DCAS to transfer jurisdiction over this lot to the Parks Dept. without further delay. The neighborhood around Elizabeth St. Garden lacks open space. Little Italy and SoHo account for 23% of CB 2's population but have only 3% of its open space, virtually 100% paved, for an open space ratio of only 0.07 acres per 1,000 residents. 02	302202102C	<p>Request: Provide a new or expand an existing elementary school</p> <p>Explanation: Allocate funds for the 100,000 square foot Bleecker Street School. As part of the New York University 2012 up-zoning, NYU's key community giveback was the option to build the Bleecker School, a 100,000 square foot public school that would serve approximately 600 students. If the Bleecker School is not built, 100,000 square feet of school space reverts to NYU for university use. If the Bleecker School option expires on December 31, 2021, \$65+ million in value transfers from NYC taxpayers to NYU, based on the average price per buildable square foot in Manhattan and arguably higher, due to the lack of vacant land in Greenwich Village.</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: Bleecker Street School</p>	<p>OMB supports the agency's position as follows: Community District is located in a School District with identified seat need. Excessively long pedestrian crossings, poor visibility, motorists driving on the sidewalk, gridlock, blocked crosswalks, hazardous turning movements, intermittent speeding, irregularly angled design and chaotic Holland Tunnel-bound traffic create exceptionally dangerous conditions for the many pedestrians (residential, working, tourists/seniors and children) using this area. Different turning and traffic patterns call for safer pedestrian crossings, while the new bicycle path configuration on 7th Ave. S. has introduced a dangerous conflict for people coming from the subway who expect they can head for the 7th Ave. S. pedestrian island to cross the street, not realizing their vulnerability to bikes. The Grove St. curb edge doesn't align with the southern tip of the 7th Ave. S. island, allowing for a curbside No Parking lane leading directly into the island's protruding southern edge, particularly dangerous for both drivers and pedestrians in the snow with no visibility to avoid the island edge.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Name: Christopher Street Station Triangle</p>	Further study by the agency of this request is needed. 02	302202102E	<p>Request: Other expense budget request</p> <p>Explanation: Allocate funds to hire additional DCA inspectors to work nights and weekends to conduct enforcement and compliance of sidewalk café regulations. A major weakness in the enforcement of the sidewalk cafe rules by the Department of Consumer Affairs is the lack of inspectors working regular shifts on the weekends and at night when many violations occur. These are peak sidewalk cafe times and it is imperative that DCA has inspectors in the field at these times. 24	302202124E	<p>Request: Other educational programs requests</p> <p>Explanation: Allocate and baseline additional funds for increased arts education, faculty and classrooms in our district's public schools based on the CPI. Two recent studies, one by the NYC Comptroller ("State of the Arts") and the other by the Manhattan Borough President ("ArtsForward"), identified deficiencies in arts programs in public schools. While some funds were allocated in FY 2015, we ask the City to baseline that and provide additional funding to hire more dedicated arts faculty and provide adequate infrastructure for arts education.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>

27	302202127E	<p>Request: Improve traffic and pedestrian safety, including traffic calming (Expense)</p> <p>Explanation: Allocate funds to reduce pedestrian/vehicular conflicts at the southwest side of Christopher St. and Greenwich Ave. Pedestrians crossing Christopher St. are endangered by swift-turning motor vehicles from Greenwich Ave., confusing traffic signalization, and obscured visibility. Traffic signal modifications, such as split phase with a dedicated green pedestrian light or a flashing arrow with delayed left turn, and daylighting at the Greenwich Ave. s.w. corner are needed.</p> <p>Responsible Agency: Department of Transportation</p>	Further study by the agency of this request is needed. Therefore, OMB does not take any position.
28	302202128E	<p>Request: Improve the quality/staffing of existing programs offered in parks or recreational centers</p> <p>Explanation: Allocate funds for staffing of gates and expanded hours at Jefferson Market Garden. This garden is one of the truly special gems in CD2. The City should increase funding to it so its hours can be increased and the garden can be enjoyed by more residents in our district.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Due to fiscal constraints, the availability of funds is uncertain.
29	302202129E	<p>Request: Improve the quality of programs offered in parks or recreational centers</p> <p>Explanation: Allocate funding for Washington Square Association Music Fund. 30	302202130E	<p>Request: Improve traffic and pedestrian safety, including traffic calming (Expense)</p> <p>Explanation: Allocate funds to install split phase signalization, and bulb out plus daylight the northeast corner of West 13th St. and Greenwich Ave. Speeding vehicles come west on 13th St. and turn north onto Greenwich Ave. at the same time pedestrians are crossing Greenwich there; the vehicles lack visibility of both pedestrians (who have the Walk signal) and the Walk signal itself, while also advancing continuously without slowing down, enabled to speed through because the turning radius is exceptionally wide, closer to 180 degrees than a true corner turning curve, seriously endangering pedestrians.</p> <p>Responsible Agency: Department of Transportation</p>	Further study by the agency of this request is needed. Therefore, OMB does not take any position.
31	302202131E	<p>Request: Enhance park safety through design interventions, e.g. better lighting (Expense)</p> <p>Explanation: Allocate funds for replace the fence at the Time Landscape and re-think the area completely. Therefore, OMB does not take any position.
32	302202132E	<p>Request: Improve traffic and pedestrian safety, including traffic calming (Expense)</p> <p>Explanation: Allocate funds to conduct a study of the blocks with and/or impacted by design changes related to dangerous traffic conditions on Jane St. btw. Greenwich and 8th Aves. and at the W. 13th St./Greenwich Ave./Horatio St. intersection, including Jane btw. Greenwich and 8th Aves., Greenwich btw. 8th Ave. & Jane, Horatio btw. W. 4th St. and 8th Ave. and W. 13th approaching Greenwich Ave./Horatio St. Recent design, operational and regulatory changes related to increasing pedestrian safety at the Mobil gas station at Horatio St. and 8th Ave. have led to westbound traffic from W. 13th St. having to turn either north or south on Greenwich Ave. resulting in unforeseen increases in vehicular activity and speeding on Greenwich btw. W. 13th and W. 14th Sts. and on Jane St. btw. Greenwich and 8th Aves.</p> <p>Responsible Agency: Department of Transportation</p>	Further study by the agency of this request is needed. 34	302202134E	<p>Request: Provide new traffic or pedestrian signals</p> <p>Explanation: Allocate funds to install louvers on traffic light at Carmine Street on Bedford Street. A traffic light at Carmine St. on Bedford St. which is one block ahead of a hazardous crossing at Downing St. exacerbates the danger crossing Downing as drivers surge past it to catch the Carmine green light. Louvers on the Carmine traffic light would obscure the green signal, eliminating the impetus for drivers to speed up past Downing St.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Friends of Elizabeth Street Garden</p>	<p>The agency will try to accommodate this issue within existing resources. In addition, educational and vocational needs are often unmet, resulting in hostility and distress among the youth as well as our residents. 38	302202138E	<p>Request: Plant new street trees</p> <p>Explanation: Allocate funds to plant new street trees throughout Community District 2 and to examine and assess all tree guards. Trees are very important to the quality of life along our heavily trafficked streets. Many trees have died over the years and have not been replaced. This causes trip hazards to pedestrians and creates an unmanaged appearance. Property owners eventually remove the pits causing the loss of a valuable tree location and an additional cost to the City when the tree is replanted. Regarding tree guards, inconsistent upkeep has also led to dangerous led to dangerous situations for pedestrians and abuse of the trees.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	The agency has stated that they will try to accommodate this request with existing resources. University Pl. has been converted into a shared street btw. 13th and 14th streets and its direction reversed there, resulting in reduced vehicular traffic on University, which already is a quiet street oriented to community life. This program studies how pollutants from traffic, buildings boilers and furnaces, and other sources impact air quality. NYCCAS monitors pollutants that cause health problems such as fine particles, nitrogen oxides, elemental carbon (a marker for diesel exhaust particles), sulfur dioxide, and ozone. 36	304202136E	<p>Request: Provide, expand, or enhance anti-eviction legal services</p> <p>Explanation: Continued Support: Expand HRA Anti-Harassment Legal Services to Manhattan Community District 4. These important homeless prevention programs are only provided in East Harlem and Inwood neighborhoods in Manhattan. While the administration is committed to supporting legal services to prevent harassment in districts that are to be rezoned in the near future, community districts such as CD4 which was subject to three large rezonings in the past decade, need enhanced funding to mitigate the increasing amount of tenant harassment due to the increasing development pressures as a result of the rezoning. Enhanced legal services are needed to represent individual tenants and tenant associations in Manhattan CD4.</p> <p>Responsible Agency: Human Resources Administration</p> <p>Supported by: Housing Conservation Coordinators</p>	<p>OMB supports the agency's position as follows: HRA funds Anti-Harassment Legal Services to work in select neighborhoods across the City with tenants, buildings, and tenant associations to help preserve their housing, protect against harassment or misconduct by unscrupulous landlords, and give representation and legal advice in evictions and other cases. 04	305202104E	<p>Request: Extend library hours or expand and enhance library programs</p> <p>Explanation: Ensure funding to provide minimum six days per week openings and high-quality and diverse programming. We would like to ensure appropriate funding for the expansion of libraries, and to ensure that services and collections are maintained. This is particularly important now that more people rely on library services for myriad things such as early literacy programming, ESOL classes for immigrants and story times for homeless families.</p> <p>Responsible Agency: New York Public Library</p>	<p>The agency recommends funding this budget request, but at this time the availability of funds is uncertain. OMB supports the agency's position.</p>
05	305202105E	<p>Request: Increase resources for other crime prevention programs</p> <p>Explanation: There are currently three construction projects on the north side West 28th Street between Seventh and Eighth avenues, one of which (GDS-NY) also fronts on Seventh Avenue. A fourth project is close to beginning at the long-empty Edison block-through site at the western end of the street. Individuals have taken up day-time residence on Seventh Avenue under the GDS-NY construction shed. In the evening, the sheds on 28th Street serve as gathering places for drug uses and loiterers. Additional patrols will help maintain some semblance of safety and decorum on the street. BIDS and other members of the District have identified an increase in pan handlers, the mentally ill and homeless populating the area around Penn Station and Times Square. This is a very congested area.</p> <p>Responsible Agency: Police Department</p>	<p>The agency will accommodate part of this request within existing resources.</p>
06	305202106E	<p>Request: Expand street outreach</p> <p>Explanation: One of the most pressing issues facing the district is homelessness and many of these individuals congregate in the Pennn Station, FIT and Port Authority area. These individuals have myriad problems including mental illness and drug addiction and additional outreach and services to work with this population can only help with these issues.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>This request has already been funded.</p>

07	305202107E	<p>Request: Provide more frequent garbage or recycling pick-up</p> <p>Explanation: For FIT in particular, we are especially concerned about trash the Megabus drop-off site on Seventh Avenue at 27th Street - the sole drop off for the entire city. (Passengers disembark after 3-6 hour bus rides with significant food garbage, and the trash can at the Megabus site often overflows onto the street.) Also, there appears to be a significant increase in trash in the gutters and on the sidewalks in the district which might be addressed with more frequent street cleaning. Complaints of overflowing baskets are particularly rife on 7th avenue from FIT all the way to 58 Street; West 29 street has also been problematic with one resident claiming not to have seen one street cleaning in almost a year. It would be helpful if we had a schedule of pick up and cleanings.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Further investigation is required. Contact the agency.</p>

Over the past 15-20 years, a loss of Mitchell-Lama, and loss of Section 8 housing, and loss of rent-controlled and loss of rent-regulated housing, have caused areas in CD6 to become increasingly more income segregated. In order to support and retain our existing population and promote economic diversity, we call upon the City to commit at least \$20 Million to provide new or reclaimed low-and moderate-income housing within our district in the forthcoming year.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>Further study by the agency of this request is needed. There are heavily-used stations in and near our district, such as Lexington Avenue-59th Street and 33rd Street, that are not ADA-compliant and are currently not slated for accessibility improvements in the Proposed 2020-2024 Capital Plan. As CD 6 has only one supportive housing facility, Kenmore Hall, CB6 asks that additional supportive housing units be built in CD 6 especially given CD 6's proximity to many public health facilities that support this population. Our waterfront has for many years been a particular priority for Manhattan Community Board Six. Currently our community cannot access large segments of our waterfront because our waterfront esplanade has significant gaps in it. In a city where we all live in such close quarters, our outdoor spaces, especially our waterfronts, are all the more valuable. And for districts like ours, which the Department of City Planning has confirmed has the lowest amount of open space per capita of Manhattan community districts. We feel this need most acutely. 07	306202107C	<p>Request: Install security cameras or make other safety upgrades (Capital)</p> <p>Explanation: For many years, residents of Straus Houses have urged NYCHA to improve security. Most pressing is the need for new front and rear lobby doors incorporating layered access control. The lack of layered access and the general malfunctioning of the doors constitutes a significant safety and security concern for residents and management for example, there have been multiple fires set in the stairwells by non-residents in 2019. Given that neighboring 344 East 28th Street is undergoing a PACT conversion and thus will have its security needs paid for by the new management company, NYCHA should redirect security funding to Straus houses once the 344 PACT conversion occurs.</p> <p>Responsible Agency: Housing Authority</p> <p>Supported by: Solar One</p> <p>Location Site Name: Straus Houses</p>	<p>Approval of this request depends on sufficient Federal/State Funds.</p>

While densely developed, our district has parcels of underutilized land that should be repurposed as park space. Apart from the 276,000 sq ft of privately-owned land that has sat vacant for many years in the middle of our district, at 34th Street, there are two prime waterfront spaces: one is an 11,000 sq ft City-owned property that is current used as a parking lot and the other is a 40,000 sq ft City-owned heliport that adversely impacts the quality of life of nearby residents and was the origin of the helicopter that crashed into a midtown office building on June 10, 2019, killing the pilot. 10	306202110C	<p>Request: Renovate, upgrade or provide new community board facilities and equipment</p> <p>Explanation: For a City agency like CB6, leasing office space from a private landlord can be unreliable, evidenced by CB6's 4 different offices in the past 3 ½ years. The City procurement process to rent office space requires a minimum of 18 months, which is impractical in CD6's real estate market. Additionally, the space limit the City imposes on community board office space is too small to meet our Charter-mandated public meeting needs. CB6 therefore requests a City-owned office space with facilities to accommodate public meetings and events of varying sizes. Such a facility could be used by CB6, City agencies, elected officials, and nonprofit organizations and also serve as a polling place, something CD6 lacks and could be part of NYCEM's Share Your Space initiative in a citywide emergency.</p> <p>Responsible Agency: Department of Citywide Administrative Services</p> <p>Supported by: New York Public Library</p>	<p>OMB supports the agency's position as follows: The Community Board recently relocated to new space.</p>

This data would be valuable for multi-modal planning in CB6 for pedestrians and cyclists, specifically for projects relating to the new Green Wave initiative and other system improvements in CD6. Ideal counters would be able to differentiate between cyclists and pedestrians and distinguish the direction of users. Data would then be made available to CB6 through monthly reports or an online dashboard made accessible by the CB6 Office. This cluster of institutions, in addition to university and training facilities, make our district ideal for construction of additional, affordable research lab space and tech-related incubators. CB6 also notes DFTA's objective to provide innovative senior ctrs and the life-long learning concept clearly fits in the innovative approach. The trauma of homelessness leaves many children unable to reach their full potential and in need of expanded support. In addition, Elementary schools across the entire city are seeing a rise in homeless students, including in Chinatown, Midtown West and Midtown East, with some schools experiencing rates of STH students as high as 27%. 04	306202104E	<p>Request: Enhance park safety through more security staff (police or parks enforcement)</p> <p>Explanation: Park Enforcement Patrol (PEP) officer presence reduces illegal or inappropriate behavior and increases the opportunity for peaceful and safe enjoyment of the parks by both children and adults. CB6 would like more frequent patrols in our district. Current levels of roving enforcement are not sufficient to address quality of life issues in our parks; more fixed patrols are needed. In this vein, we support funding of 1 additional sergeant and 8 additional PEP officers for Manhattan South.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: Parks Department funds are insufficient for this purpose. 05	306202105E	<p>Request: Provide better park maintenance</p> <p>Explanation: CB6 continues to stress the need for increased staffing at parks and recreation centers. Upkeep would improve with specialty staff such as a dedicated district gardener, city parks workers, and additional welders DPR. Current levels of maintenance and operations staff are not adequate to maintain our parks, and our landscaping suffers from lack of gardening and accessibility.</p> <p>It should be noted that non-governmental funding (i.e. conservancies) is not available for any parks in CD6. As a district suffering from lack of park space, maintaining what little we have is crucial.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>
06	306202106E	<p>Request: Enhance educational and recreational programs</p> <p>Explanation: A new senior facility providing meals and services has been requested by CB6 for over a decade. For at least the past four fiscal years, there has been no increase in Community Boards base budgets. CB6 has advocated for additional base budget funding for Community Boards in our last several District Needs Statements. Additional base budget funding would allow Community Boards to hire new staff and retain current staff, allowing for ambitious community planning projects and constituent services. Retention of staff will be vital with term-limited board members, as district offices will become the repository for the institutional memory of districts. CB6 requests that each community board has their base budget increased to at least \$276,411 starting in Fiscal Year 2021.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p> <p>Supported by: Orlando Sanders, Manager, Asser Levy Recreation Center</p> <p>Location Site Name: Community Board Six Office Address: 211 East 43rd Street</p>	<p>The Community Boards received funding from the City Council in FY 20. However, because of a lack of traffic enforcement in our district, those policies and programs are left compromised. Protected bicycle lanes are compromised because of drivers interfering with those lanes. Bus lanes are compromised because other vehicles park in those dedicated bus lanes. Vision Zero is compromised because of vehicles that travel in a dangerous manner, therefore compromising the safety and lives of pedestrians. Additional traffic enforcement officers will be helpful in the carrying out of these initiatives.</p> <p>Responsible Agency: Police Department</p>	<p>The agency recommends funding this budget request, but at this time the availability of funds is uncertain. We understand these programs are effective in preventing children from entering foster care and can include services such as family or individual counseling, parenting classes, substance abuse treatment, domestic violence intervention, home care, and support for pregnant and parenting teens, among others. This method of care is far less expensive than subsidized nursing home care, which is typically the alternative.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: DFTA is aware of the growing aging population and continues to fund programs in this CD, as well as advocate for increased Federal, State, and City funding to enable seniors to remain independent, and to support homebound frail seniors and their caregivers.</p>

All these issues need addressing, but first, CB6 believes that the NYC Department of Transportation needs to perform a comprehensive traffic study that can figure out how to best address these issues. In recent years, 311 and other reports show noise as #1 complain in the district. Aside from noise from late-night revelers and bars/restaurants, CD6 has also experienced increased complaints due to traffic congestion. Our roads are narrower due to bike/bus lanes and we have major approaches in our borders, such as the Queensboro Bridge and Queens Midtown Tunnel. We also host the 34th St Heliport and large construction projects that deserve monitoring. 08	307202108E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: Summer Youth Employment Programs serve several compelling needs. They provide alternatives to gang influence for at-risk youth; provide models and pathways to employment; develop positive work habits and self-esteem; and virtually every dollar earned is spent in the community. In addition, without the availability of this work force, community-based organizations serving children and youth cannot meet their adult-to-child ratios, making those programs less effective. SYEP has finally emerged from a 5-year period in which serial budget cuts all but decimated the program. Thanks to renewed and baselined funding, a record of over 74,000 youth were included in SYEP in the summer of 2018. Nevertheless, some 89,000 applicants were left without a placement.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: DYCD has increased funding in this service area.</p>
09	307202109E	<p>Request: Provide, expand, or enhance after school programs for elementary school students (grades K-5)</p> <p>Explanation: Maintain baseline funding for after-school and OST programs in public schools and in neighborhood CBOs in MCD7. Afterschool programs ensure that children are safe in the hours between the end of school and the end of their families' work day, when they would otherwise be most vulnerable, and provide opportunities for remedial instruction, enrichment, and safe play. Certain of these same programs continue to provide these same safe and affirming environments during school breaks in the summer. Education and NYPD specialists have advised CB7 that an effective means to address increased gang and crew activity, especially in NYCHA campuses and adjacent parks and playgrounds, would be to have safe places for youth and teens to meet and spend time outside the influence of gang activity.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.</p>

10	307202110E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: Baseline the FY20 increase in funds for street litter basket services. CD7's 1,000 litter baskets are never empty and often they are overflowing. The one-year increase in funding allows DSNY to service each basket within a 24-hour period instead of the 36+ hour service that was in place. The current service helps keep streets and sidewalks clean, with fewer incidents of rodent infestation and clogged catch basins and street drains, and reduces floatables in the Hudson River. 11	307202111E	<p>Request: Extend library hours or expand and enhance library programs</p> <p>Explanation: Increase NYPL Staff and Operating Budget. While the operation of branch and research libraries have been stabilized, and 6-day service at most locations has been restored, those restorations were made by the City Council and were not baselined. Branch libraries increasingly serving as a lifeline to vulnerable constituents for services as varied as access to jobs and computer resources to research and recreational reading to safe havens for teens and youth. It is critical that this lifeline that branch libraries represent to the entire community be available 7 days a week in our District. In addition, only in the last one- to two years have branches begun to have sufficient budget room to begin to replace the professional staff lost to reductions and attrition.</p> <p>Responsible Agency: New York Public Library</p>	<p>The agency recommends funding this budget request, but at this time the availability of funds is uncertain. OMB supports the agency's position.</p>

16	307202116E	<p>Request: Other educational programs requests</p> <p>Explanation: Adequate child care is a necessity for working families. The Mayor's initiative to expand all-day pre-K, together with expanded Head Start programming, is funded under the Early Learn initiative, are proven drivers of achievement in school for years to come as well as stability for working families. It is essential that the funding for these programs, baselined in FY15, continue at least at the current programming levels to deliver both the services families need as well as certainty essential to good planning by service providers, families and ancillary services.</p> <p>Responsible Agency: Department of Education</p>	<p>OMB supports the agency's position as follows: Funding for Universal Pre-Kindergarten began in FY 1998 and has increased in each subsequent year since then. As this may be the first place vehicles are actually on NYC streets from their point of origin, it is essential that New York City's rules & regulations be visible to motorists who may not be aware of them. Additionally, there is a paucity of speed limit signage throughout the West Side.</p> <p>Responsible Agency: Department of Transportation</p>	<p>The agency has stated that they will try to accommodate this request with existing resources. 22	307202122E	<p>Request: Other educational programs requests</p> <p>Explanation: Provide Additional Support Funding so that Parent Coordinators and School Social Workers are not diverted from their professional duties and responsibilities. The FY 2020 budget included funds for an additional 285 social workers (Citywide). The budgets for most elementary and middle schools also include line items for Parent Coordinators.</p> <p>It is essential that the funds for these additional social workers be baselined so that the continuity of expert services provided by these professionals is not left to a year-to-year budget negotiation. Funding for a pilot program in Community District 7 that implements the Learning Lab (ENDGBV) model with a dedicated focus on Community District residents is needed to ensure equitable access.</p> <p>Responsible Agency: Mayor's Office of Criminal Justice</p>	<p>This project has already been funded, but the community board should reach out to the Agency with more detail regarding this request.</p>
28	307202128E	<p>Request: Provide better park maintenance</p> <p>Explanation: DPR has more than 8,400 street trees in District 7. This does not include the trees in Central and Riverside Parks. While DPR looks to adjacent building owners to maintain, including voluntary plantings, the beds of street trees, DPR itself does not have any service to maintain the tree beds. In many tree beds, the soil becomes so compacted that water and air cannot reach the tree roots. DPR should have a service that assures that all street trees will thrive. A program in MCD7 addressed, at a minimum, to maximizing the DPR partnership with private neighbors, would demonstrate the importance of tree stewardship; the diversion of rain water away from sidewalks and sewers; and the value of disruption of disruption of rat burrows.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

Due to overcrowding and scheduling changes around curriculum pressures and testing, schools have reduced gym classes and recess time. Most school playgrounds operated by the Dept. of Education are locked after the school day because there is no staff to supervise them. It is recommended that two school playgrounds in the MCD7 receive funding of \$55K for personnel allowing the playgrounds to remain open.</p> <p>Responsible Agency: Department of Education</p>	OMB supports the agency's position as follows: This request is not recommended for funding.
32	307202132E	<p>Request: Other educational programs requests</p> <p>Explanation: Since 2011, New York City Department of Education (DOE) has required students to receive sexuality education as part of their mandatory single semesters of health education in both middle and high school, but reports from students, educators, and DOE itself show that even this minimal requirement is not being effectively implemented. Every young person will one day have life-changing decisions to make about their sexual and reproductive health. 31	310202131C	<p>Request: Renovate or upgrade public housing developments</p> <p>Explanation: As evident the recent public hearings as well as past and recent audits by New York City Comptroller Scott Stringer that exposed failed heating systems, unsatisfactory and dangerous playgrounds, broken building entrance doors, backlogged repairs, and extended vacancies, the needs in New York City Housing Authority (NYCHA) developments are dire and those needs are escalating at an alarming rate. The extent of the problem has caused the federal government to propose appointing a federal monitor to oversee NYCHA. It is not hyperbole for this committee to describe conditions in some NYCHA developments in the district as, inhuman, where children are exposed to the debilitating and toxic effects of mold.</p> <p>Responsible Agency: Housing Authority</p>	This is not a budget request.

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Executive Budget Fiscal Year 2021

Queens

The City of New York
Bill de Blasio, Mayor

FY 2021 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2021 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2021 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

05	401202105C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: Due to multiple issues with the old structure our officers require a larger, cleaner/healthier & efficient space to work in. In past years, our officers have had innumerous floods in their locker rooms from sewage backup during rain. The building was scaffold for approximately 5 years due to deterioration. Our current structure is too small for the number of officers our district requires. 5x5 rooms must be share with multiple users. The building itself is out dated and it would cost more to update versus a reconstruction. With the massive increase in residents and expansion in night life our district requires more manpower. There is no space in the building as it exists to accommodate additional staff we need. When this structure is built parking needs to be considered in the plan.</p> <p>Responsible Agency: Police Department</p> <p>Location Address: 43-16 Astoria Blvd</p>	<p>This request includes more than one proposal. Today, Socrates is an internationally renowned outdoor museum and a designated New York City public park. The seawall is in need of dire repair. These repairs must be made to protect the works of art displayed at the space. Water damage to the space would be catastrophic.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Name: Socratess Sculpture Park Address: 32-10 Vernon Blvd.</p>	<p>OMB supports the agency's position as follows: The Borough Commissioner's office has reviewed this request. 03	404202103C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Residents of the community have been jogging along the outdoor perimeter of Newtown Field (92nd Street and 57 Avenue) for years as no official track exists within the area. However, a mere 3 blocks away, and sitting directly on the border of CB's 4, 5, and 6 is Hoffman Park, a heavily used 3 acre park. The existing underused softball field is a prime location for a proper jogging track. Ideally, funding can also be used to alleviate the prominent floor cracks that can be seen throughout the basketball, handball, and baseball field. Implementation of a dog run would be a benefit to the local community as minimal space exists for this. Additionally, the area surrounding the handball courts is a dark, dangerous, and structurally unsafe (cracks, tree roots lifting floors, etc.)</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Hoffman Park</p>	<p>It is recommended that this request be brought to the attention of your Elected Officials.</p>

Childhood obesity rates have soared within the US over the last three decades. As a community more needs to be done to improve the health of our children. Studies have shown that having recreational afterschool programs greatly reduces childhood obesity, and improves cardiorespiratory health in children. While our bordering Community Boards have Lost Battalion Hall and Al Oerter Recreation Centers, CB4 is sorely lacking in a Parks department operated Recreation Center. From the Horse Brook House of the 1700s, to the discovery of the Iron Coffin Lady, our history is on full display. Corona is also rich with history. Corona Plaza sits on what was formerly the Fashion Race Course, where the first baseball games to charge admission were held in 1858. These games are commonly recognized as the starting point for professional baseball. In recognition of this amazing history, our community would benefit from having more historical looking street lights. We are requesting that our street lights be replaced with Type M Luminaire & Pole, which were first introduced in 1908 and designed to light wide street corners.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: Wattage/lumen changes of street lights are not permissible. CS	404202144C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: William F. Moore Park is a small park in the heart of Corona. The park, adjacent to the famous Parkside Restaurant and the Lemon Ice King of Corona is in need of renovation. Improvements to the existing flag pole, additional shrubbery/plantings, and overall infrastructural improvements would be a welcome addition to the surrounding community. Upgrades to the bocce ball are needed as well as proper drainage for the residual clay from the court that can be seen all throughout the park and its surrounding sidewalk(s). The addition of a performing stage is also needed as this park sees regular programming</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: William F. 04	404202104E	<p>Request: Other programs to address public health issues requests</p> <p>Explanation: Recently NYC was hit with the largest Measles outbreak in almost 30 years. Measles cases in NYC accounted for more than half of the 1,234 confirmed cases nationwide. This public health crisis unfortunately proved how woefully unprepared we are as a city to address epidemics. The outbreak which lasted from October 2018 until August 2019 cost the city over \$6 million dollars. Over 500 New York City employees were deployed to battle the crisis. With so many all over the city, it is obvious that the Department of Health and Mental Hygiene was horribly understaffed. We believe it is imperative to the health of our city to increase funding for DOHMH so that they can increase staffing levels, as well as produce more literature to address the growing anti-vaxxer movement.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>

07	404202107E	<p>Request: Address illegal conversions and uses of buildings</p> <p>Explanation: According to data from NYC Open Data, so far the Department of Buildings has received 22,763 illegal conversion complaints, the top most common complaint. The second most common complaint is Work Without a Permit, which was the subject of 20,852 complaints. The third most common complaint is faulty single-use elevators with only 8,783 complaints. With numbers like these, it is quite obvious that illegal conversions and work without a permit are problems that are plaguing our city. Since 2018, illegal conversion complaints have risen 3,053, and work without a permit complaints have increased 4,587. In order to adequately and promptly address these issues, it is important that DOB receive funding to hire more code enforcement inspectors.</p> <p>Responsible Agency: Department of Buildings</p>	<p>OMB supports the agency's position as follows: This project was funded in a prior fiscal year and the scope is now underway.</p>

Business owners do their best to remove these flyers, but with virtually no enforcement, it is a losing and discouraging battle. Within the last 6 years, the patrol strength of the 104th Pct. has dropped under 130 officers. In 1995, there were approx. 200 officers, exclusive of sergeants & lieutenants for Ridgewood, Maspeth, Middle Village, and Glendale. At least 170 officers are needed for the 104th Pct., plus supervisors, to cope with robbery, burglary, violent crime, domestic violence threats, inadequate response times, speeding, auto theft and rowdy youth conditions often caused by substance abuse. 03	405202103E	<p>Request: Assign additional building inspectors (including expanding training programs)</p> <p>Explanation: Hire Inspectors and Plan Examiners, in Sufficient Numbers, to Cope with Illegal Uses of Property and Questionable Construction. A separate afternoon/evening and weekend inspection team of 10 inspectors for Queens is critical because inspectors very often can't gain access in the daytime during the work-week. Communities throughout Queens have been plagued with illegal apartments posing dangerous conditions, school overcrowding and more pressure on limited City services. Construction inspectors and plan examiners in adequate numbers are needed to curtail contractors building homes larger than the zoning permits. Currently to our knowledge, Queens has 37 plan examiners and 15 construction inspectors usually working in the borough.</p> <p>Responsible Agency: Department of Buildings</p>	<p>OMB supports the agency's position as follows: This project was funded in a prior fiscal year and the scope is now underway.</p>

Funding for after school, evening and weekend delinquency prevention programs should be maintained locally. This is especially critical at a time when far too many children and teenagers are unsupervised by parents or guardians after the school day ends and on weekends. These programs are very critical as they increase self-esteem levels of participants, thereby preventing substance abuse and delinquent behavior. While Beacon Programs are welcome, it is vital that funding for other quality "local" education and recreation programs be a priority. School collection, 5 days per week, is critical during the school year and during the Summer. It is also important that recycling collection at schools be increased. REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Executive Budget Fiscal Year 2021

Staten Island

The City of New York
Bill de Blasio, Mayor

FY 2021 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2021 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2021 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

12	503202112C	<p>Request: Provide a new or expand an existing high school</p> <p>Explanation: Allocate construction funds for a new school in the Charleston Retail Center. The potential for an additional learning complex was created when the Charleston Retail Center was developed. The south shore needs additional schools, especially a high school which would benefit all of Staten Island. This would also be a great site to develop a technical or specialized high school to provide students with alternative further education. Refer to 503199701C</p> <p>Responsible Agency: Department of Education</p> <p>Location Site Name: Charleston Retail Center</p>	<p>OMB supports the agency's position as follows: Community District is located in a borough without identified high school seat need. Location for schools is based upon site and funding availability.</p>
13	503202113C	<p>Request: Evaluate a public location or property for green infrastructure, e.g. rain gardens, stormwater greenstreets, green playgrounds</p> <p>Explanation: Develop a project that will eliminate storm water flooding on all streets south of Hylan Blvd. between Richard Avenue and Swinnerton Ave. The natural geographical properties including small ponds and streams in this area make it suitable to expand and develop the Greenbelt to alleviate storm water flooding for residents in the area. Residents have endured storm water flooding for too long and flooding repairs have put unfair financial burdens on homeowners. Specifically Manhattan Street is storm water flood prone even with an inch or less of rain. Complaints date back for years.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Location Address: Hylan Blvd Cross Street 1: Richard Avenue Cross Street 2: Swinnerton Avenue</p>	<p>Further study by the agency of this request is needed. Therefore, OMB does not take any position.</p>

14	503202114C	<p>Request: Inspect sanitary sewer on specific street segment and repair or replace as needed (Capital)</p> <p>Explanation: Allocate funding for the design and construction of sanitary and storm sewers in Kreisler Street, Androvette Street, Winant Place, etc. Existing cesspools and septic tanks continue to fail. This community has a mixed use zoning of residential and manufacturing. Current conditions, as well as current interest and plans for the future of this area justifies the need. 15	503202115C	<p>Request: Inspect sanitary sewer on specific street segment and repair or replace as needed (Capital)</p> <p>Explanation: Allocate funding for the design and construction of sanitary and storm sewers in Sharrotts Road, Storer Avenue, Carlin Avenue, etc. This mixed use zoning has many thriving business entities as well as residences. The adjacent Clay Pit Ponds State Park Preserve offers bike paths, hiking trails and a visitor center. This is an overlooked older community that is forced to depend on failing septic systems. Also, the lack of storm water management contributes to the premature deterioration of Arthur Kill Road. Refer to 503200211C</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Complaint driven</p>	Further study by the agency of this request is needed. Therefore, OMB does not take any position.
16	503202116C	<p>Request: Inspect sanitary sewer on specific street segment and repair or replace as needed (Capital)</p> <p>Explanation: Manila Ave at dead end (i/f/o 176 Manila Ave) has a flooding problem for years. The street termination abuts Parks Department property. Neither DOT or PARKS has a solution.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Complaint driver</p>	Further study by the agency of this request is needed. 01	503202101E	<p>Request: Other zoning and land use requests</p> <p>Explanation: DCP must develop an expeditious process to map streets or surrender property for a mapped street widening. When an applicant is cooperative and agrees to part with property there should be a quick means to relinquish streets that will not delay an application. Staten Island has a major problem caused by applicant's interpretation of GCL35 and GCL36. Unmapped roads and private roads are being used to bolster density without acceptable infrastructure.</p> <p>Responsible Agency: Department of City Planning</p>	<p>The agency requires additional information from the community board regarding this request</p>
02	503202102E	<p>Request: Provide more community board staff</p> <p>Explanation: Increase the baseline budget for Community Boards so that each Community Board is properly funded to retain their own professional services to assist in land use and development planning.
