TO CONTRACTORS

SEALED BIDS OR ESTIMATES FOR LAYING new walks and repairing old walks in the City Hall Park, in said city, with cement, Neufchatel, or other pavement, will be received at the office of this Department until Wednesday, the 6th day of August, 1879, at 9 o'clock A. M., at which time such bids or estimates will be publicly opened by the head of said Department and read.

Each bid or estimate must be enclosed in a sealed envelope, endorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates. Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them thesein; and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful

performance, and that if he shall omit or refuse to execute the same, they will pay to the corporation any difference between the sum to which he would be entitled on its completion, and that which the corporation may be obliged to pay the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; that he has offeredfhimself as a surety in good faith, and with an intention to execute the bond required by section 27, article 2, chapter 8 of the Revised Ordinances of 1859, if the contract shall be awarded to the person or persons for whom he consents to become surety.

The adequacy and sufficiency of the sureties offered to

the person or persons for whom he consents to become surety.

The adequacy and sufficiency of the sureties offered to be determined by the Comproller.

The contract for the work, if awarded at all, will be awarded to the lowest bidder, whose proposal, considering the price, quality, and durability of the pavement which he offers to lay will, in the opinion of the Department, be most advantageous to the city.

But the Department reserves the right to reject all the bids received in response to this advertisement if it shall deem it for the interest of the city so to do, and to readvertise until a satisfactory proposal shall be received. But the contract, when awarded, will be awarded to the lowest bidder, with adequate security, for the particular kind of pavement which shall be adopted by the Department.

ment.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract, within forty-eight hours after written notice that the same has been awarded to his or their bid or estimate; and in case of neglect or refusal so to do, he or they will be considered as having abandoned it and as in default to the corporation.

same has been awarded to his or their bid or estimate; and in case of neglect or refusal so to do, he or they will be considered as having abandoned it and as in default to the corporation.

The work to be done is the grading and paving of such portions of the walks and foot-paths in said park as the Commissioners of said Department shall designate on the map and ground, and is estimated to amount to about 41,000 square feet.

This estimate is only approximate, and not to be held as entitling the contractor to any claim for damages, should the actual amount of work be greater or less. He understands that he contracts with reference to the actual amount of space to be paved or repaved, so designated on the map or plan of the park and on the ground. Each bidder must furnish with his bid or estimate full and complete specifications for the work, showing the mode of making and laying the pavement he proposes to lay. A copy of the specifications, furnished by the bidder to whom the contract may be awarded, will be annexed to and form part of the contract.

Bidders will state in writing and also in figures, a price per square foot for laying the pavement. This price is to cover the furnishing of all the necessary materials, tools, and labor, the removal of old walks (where there are any), the excavation and grading of the bed for the pavement, and the full and entire performance of the whole work set forth in the contract and specifications. The time allowed to complete the whole work will be ninety days, and attention is called to the claim of the contract, by which the damages for delay beyond that time are fixed and liquidated at \$100 per day.

The amount in which security is required for the performance of the contract, is five thousand dollars.

The form of the contract which the successful bidder will be required to execute and with reference to which all bids must be made, can be seen at the office of the Department. Further information as to the nature and amount of the work, the forms of proposals, etc., if
