Hon. WILLIAM L. STRONG, Mayor of the City of New York:

DEAR SIR—In compliance with your request of the 9th inst., this morning received, I beg to transmit herewith a complete list of all of the employees of the Department of Taxes and Assessments of the City of New York, as well as that of the Board of Assessors, at this date.

Inasmuch as the charter for the Greater New York will take from the Department of Taxes and Assessments the Board Assessors, they will be provided for, I presume, under the provisions of the new charter.

The records of this Department are now in a condition whereby they can, at a moment's notice, be separated and divided with the employees employed thereon for the assessment of the real and personal property of the Boroughs of Manhattan and Bronx respectively.

In order to conform with the provisions of the act providing for the Borough offices I would therefore suggest that the records and employees of this Department pertaining to the work of the Boroughs of Manhattan and Bronx be separated and divided accordingly.

Under the new administration the number of employees would depend solely upon the question of administration.

Very respectfully yours,

SCHEDULE "D."

CITY OF NEW YORK,
COMMISSIONER OF STREET IMPROVEMENTS, 23D AND 24TH WARDS,
No. 2622 THIRD AVENUE, CORNER 141ST STREET,
December 15, 1897.

Hon. WILLIAM L. STRONG, Mayor:

DEAR SIR—In accordance with your letter of December 9 last, and in conformity with the provisions of the Greater New York Charter, I transmit herewith a schedule showing proposed assignment of employees of this department, to take effect on and after January 1 next, and I also advise relative to transfer of property.

The proposed transfer of employees, with a few exceptions noted, are for the Borough of the Bronx.

As to the transfer of the books, records, papers and other property of the City now in the custody of this department, I have to recommend that, as the duties of this department will devolve on January 1 next on the Department of Highways, Department of Bridges and Department of Sewers, that the said books, records, papers and other property, which now are almost wholly in the department building in Crotona Park, be placed by resolution at the disposal of the several departments above mentioned—Highways, Bridges and Sewers—on and after said date; and that the said property shall be considered by such resolution as so transferred, except that any desks, tables, chairs or other furniture, office fixtures, books, etc., now in the office of the said Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, New York City, or in the Deputy Commissioner's office, or the Secretary's office, shall be preserved and maintained for the use of the President of the Borough of the Bronx, and be so transferred.

In this connection I append suggestively the following:

Resolved, That the books, records, papers and other property of the Mayor, Aldermen and Commonalty of the City of New York, which are now in the possession or under the control of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, in the municipal building in Crotona Park or elsewhere, be placed at the disposal of the Department of Highways, Department of Sewers and Department of Bridges, as constituted by the Greater New York Charter on and after January 1 next, and they are hereby so transferred; except that any desks, tables, chairs or other furniture, office fixtures, books, etc., now in the office of said Commissioner of Street Improvements, or in the Deputy Commissioner's office, or the Secretary's office, shall be preserved and maintained for the use of the President of the Borough of the Bronx, and that this property herein excepted be and is so transferred.

Respectfully,

LOUIS F. HAFEN, Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
NO. 150 NASSAU STREET,
NEW YORK,
189 .

Memorandum.

The Mayor's letter of December 6, 1897, requests you to recommend what disposition shall be made of the public property and the books, records and vouchers now under the control of and in use in the various Bureaus of the Department of Public Works.

I beg to suggest that the above records, etc., now in use and on file in various bureaus, should be transferred to the respective departments, as created by the Greater New York Charter, which will have control of the work now performed by those bureaus and offices, and also that all records now in the Chief Clerk's office should be deposited in the office to which the present Chief Clerk of the Department will be assigned.

Probably all general records of the Department of Public Works filed in the Chief Clerk's office will be deposited in the office of the President of the Board of Public Improvements; but as reference will continually be made to contracts, letter-books and communications received, and the ledgers containing current appropriations, I think they should be deposited with him (Chief Clerk of the Department of Public Works), as above mentioned.

Approved.

H. DIMSE, Chief Clerk.

CHARLES H. T. COLLIS, Commissioner.

DEPARTMENT OF STREET CLEANING.

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
CRIMINAL COURT BUILDING, CENTRE, WHITE, ELM AND FRANKLIN STREETS,
New York, December 10, 1897.

Hon. WILLIAM L. STRONG, Mayor:

SIR—In answer to your communication of the 9th instant, notifying me that, as required by section 1536 of the Greater New York Charter, the Mayors of the several municipalities consolidated under the said Charter into the City of New York are to prepare and adopt during this month two plans, one for the distribution of the personal property of the said several municipalities and one for the distribution of all the subordinates and employees as above, and requiring me to furnish you in the Mayor's office, in the City Hall, on Friday, December 10, 1897, at 2.30 P. M., or as soon thereafter as possible, a schedule of the property and persons as above, showing how, in my judgment, these should be transferred and reapportioned, I have to say that the notice is too short to furnish the said schedule at the time aforesaid; but I shall furnish the same with as little delay as possible.

Respectfully,

GEO. E. WARING, JR., Commissioner.

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
CRIMINAL COURT BUILDING, CENTRE, WHITE, ELM AND FRANKLIN STREETS,
New York, December 11, 1897.

His Honor W. L. STRONG, Mayor, City Hall, New York:

DEAR SIR—Referring to my letter of December 10 and in further reply to yours of December 9, in which you request me to furnish you with statements of all public property of which the Department of Street Cleaning is either the owner or custodian, and also a statement of the employees of the Department, I beg to hand you herewith thirteen several schedules, as follows:

- Schedule No. 1. List of personal property pertaining to the eleven districts.
" 2. List of personal property pertaining to the stables.
" 3. List referring to Final Disposition.
" 4. Inventory of stationery.
" 5. Inventory of Incumbrance Office furniture.
" 6. Inventory of office furniture at Main Office.
" 7. List of Clerical Force.
" 8. Inventory of personal property used in connection with the removal of snow and ice.
" 9. List of members of the Uniformed Force of employees.
" 10. Inventory pertaining to Mechanical Bureau.
" 11. Inventory of property in store under charge of the Property Clerk.
" 12. Statement of leases held by the Department.
" 13. Miscellaneous.

* Veteran.

† Volunteer Fireman.

The Department records as far back as 1875 have been boxed, indexed and stored in one of the Department stables.

All records since January 1, 1895, I know to be in good order. Records prior to that date have been classified as well as could be.

In my judgment all the property now in use by the Department of Street Cleaning of the City of New York, as it is now, should remain subject to the use of the territory now covered by the City of New York.

In my judgment the employees in general of the Department as it is, should remain as they are. Of course certain heads of subdivisions of the Department might be assigned to like or similar positions in the Department of Cleaning of the greater city.

Respectfully, F. W. GIBSON, Deputy and Acting Commissioner.

DEPARTMENT OF PUBLIC PARKS.

DEPARTMENT OF PUBLIC PARKS—OFFICE OF SUPERINTENDENT OF PARKS,
ARSENAL BUILDING, SIXTY-FOURTH ST. AND FIFTH AVE.,
December 30, 1897.

Hon. SAMUEL McMILLAN, President, Department Public Parks:

SIR—In accordance with your instructions I have considered the letter of the Mayor of December 10, in regard to a "partition between the several departments, * * * of all the public property appertaining to the administration of said departments, etc.," and submit herewith an inventory of the tools, materials and equipments of all kinds in the different sections and bureaus of this Department.

In regard to "the apportionment between the several public departments, * * * and the assignment to service in said public departments * * * of all subordinates and employees * * * in such manner that each person shall be assigned, as nearly as may be, without prejudice or advantage, to perform the same service and in the same part of the city, and to hold the same relative rank or position in the city constituted by this act as he performed and held at the time said plan of apportionment and assignment is determined upon." I would respectfully recommend, in view of past experience, that the department employees and property be assigned and partition to the city created by chapter 378, Laws of 1897, so as to remain where they now are, as the needs of the Department would indicate that the present adjustment is satisfactory.

Respectfully,

SAM'L PARSONS, Superintendent of Parks.

HEALTH DEPARTMENT.

HEALTH DEPARTMENT,
CENTRE, ELM, WHITE AND FRANKLIN STREETS—CRIMINAL COURT BUILDING,
NEW YORK, December 10, 1897.

Hon. WILLIAM L. STRONG, Mayor of the City of New York:

SIR—I am in receipt of your communication of December 9, referring to section 1536 of the Greater New York Charter, which requires the Mayors of the City of New York, the City of Brooklyn and of Long Island City, and the Chairman of the Board of Supervisors of the County of Richmond and the County Judge of Queens County, "to prepare and adopt, during the month of December, a detailed plan for the transfer to and the partition between the several public departments * * * and the public property, books, records, etc., * * * and for the apportionment and assignment to service in said public departments, etc., so far as practicable, of all the subordinates and employees in every branch of the public service in such manner that each person shall be assigned, as nearly as may be without prejudice or advantage, to perform the same service in the same part of the city and hold the same relative position, etc., * * * and requesting that I furnish you with a schedule showing the manner in which, in your judgment, public records and the employees and subordinates in the Health Department should be transferred and reapportioned under the provisions of the section above quoted."

Under the Greater New York Charter, the present City of New York will be divided into two boroughs, viz.: the Borough of Manhattan and the Borough of the Bronx. At the present time the administration of the Health Department of the City of New York covers these two boroughs, all the business being conducted from the central office in the Criminal Court Building and under one set of officers. At the present time there are in the employ of the Health Department five Medical Sanitary Inspectors who reside and work in the Borough of the Bronx, as follows:

E. F. Hurd, M. D., Anthony avenue and One Hundred and Seventy-sixth street.
Charles A. Clinton, M. D., No. 121 West One Hundred and Twenty-ninth street.
Charles F. Spencer, M. D., No. 1182 Tinton avenue.
T. D. W. Pinckney, M. D., Williamsbridge.
W. C. Deming, M. D., West Chester.

These Inspectors now do and should continue to do all the work relative to citizens' complaints, inspection of plumbing and visitation of cases of contagious disease, as well as vaccination when required, in all that part of the present City of New York north of the Harlem River.

One of these inspectors should be detailed as Acting Assistant Sanitary Superintendent (until the appointment of an Assistant Sanitary Superintendent) to take charge of the work in the Borough of the Bronx, and the other Inspectors continue their work under his direction. The Acting Assistant Sanitary Superintendent of the Borough of the Bronx should have his office in the Criminal Court Building until such time as arrangements can be made for an office in the Borough of the Bronx. One of the Clerks at present in the office of the Chief Sanitary Inspector (James O'Connor, No. 75 East Fifty-fourth street), should be detailed to assist the Acting Assistant Sanitary Superintendent in the Borough of the Bronx in the recording of complaints and preparing them for the Secretary's office. One of the Clerks in the Secretary's office (William A. Rooney, No. 401 East One Hundred and Nineteenth street) should be detailed to issue orders on their proper blanks relating to premises within the Borough of the Bronx. One of the Diagnosticians (W. Warren Talley, M. D., No. 137 West One Hundred and Thirty-sixth street) and one of the Disinfectors (Patrick Conway, No. 170 East One Hundred and Twelfth street), one Milk Inspector (Samuel W. Clason, M. D., No. 4 West One Hundred and Twenty-fifth street), three Sanitary Policemen (Andrew Kelly, No. 1413 Washington avenue, John Crinion, No. 850 Tinton avenue, Mark F. Healy, No. 2315 Ryer avenue), and one of the Clerks in the Division of Medical School Inspections (Lena Schumacher, No. 2 Manhattan place), should be detailed for service in the Borough of the Bronx, under the direction of the Acting Assistant Sanitary Superintendent of that borough.

There are at present twelve Medical School Inspectors who reside in, and visit the twenty-nine schools in, the Borough of the Bronx, as follows:

Henry B. Boyle, M. D., Sixth street, Williamsbridge.
Augustus P. Dellett, M. D., No. 706 East One Hundred and Fifty-eighth street.
George A. Elliott, M. D., No. 2077 Washington avenue.
George P. Ferguson, M. D., No. 541 Mount Hope place.
Moosha Fried, M. D., No. 333 Willis avenue.
Joseph J. Henschel, M. D., No. 950 Fleetwood avenue.
William T. Klein, M. D., No. 182 Willis avenue.
Amos C. Lewis, M. D., Fordham Heights.
James H. MacIvor, M. D., No. 716 East One Hundred and Thirty-eighth street.
John Kieglman, M. D., No. 852 East One Hundred and Sixty-first street.
Henry Roth, M. D., No. 667 East One Hundred and Thirty-fifth street.
James T. Smith, M. D., No. 1833 Bathgate avenue.

These Medical School Inspectors should continue this work in the Borough of the Bronx under the direction of the Acting Assistant Sanitary Superintendent of the borough.

On the first day of January, 1898, the books should be opened in the Bureau of Vital Statistics in the Criminal Court Building, and certificates of death issued for those who die in the Borough of the Bronx, by the Clerks who are now employed in the Health Department for that purpose in the present City of New York. There are at present two Clerks detailed for this work for the entire City of New York (which requires eleven hours service per day), and as in the Greater New York the present city is divided into two boroughs, the same two Clerks could do the work, only using two sets of books, one for the Borough of Manhattan and one for the Borough of the Bronx. These Clerks could continue this work until the Assistant Register of Records is appointed, and the books of the Borough of the Bronx can then be transferred to the office to be established in that borough.

All applications for bacteriological research and chemical examinations made to the Acting Assistant Sanitary Superintendent of the Borough of the Bronx should be referred to and the work performed at the present bacteriological and chemical laboratories of the Department. All applications for hospital care and treatment of contagious disease for persons residing in the Borough of the Bronx, made through the Acting Assistant Sanitary Superintendent of that borough, should be cared for in the hospitals of the Department, viz.: the Reception, Willard Parker and Riverside.

In reference to the public records, the Health Department in making its requisition upon the Board of City Record for books, blanks and stationery for the year 1898, has covered and treated the present City of New York as two boroughs, viz., Manhattan and the Bronx, so that on the first day January the Health Department will be prepared to make investigations, issue orders, record birth, death and marriage certificates, and in fact do all of its work in detail in separate boroughs, viz., Manhattan and the Bronx, at the Central Office in the Criminal Court Building, until such time as an office shall be established in the Borough of the Bronx.

Very respectfully,
CHARLES GEO. WILSON, President.

COMMISSIONERS OF ACCOUNTS.

OFFICE OF THE COMMISSIONERS OF ACCOUNTS,
ROOMS NOS. 114 AND 115 STEWART BUILDING,
NEW YORK, December 15, 1897.

Hon. WILLIAM L. STRONG, Mayor:

SIR—In reply to your communication of the 9th instant, we would state that at the present time there are no other officials within the territory which will comprise the City of New York after January 1, 1898, exercising powers similar to those exercised by us.

The Charter of the Greater New York provides for the appointment of Commissioners of Accounts, who are to be vested with powers similar to those exercised by us. We would therefore recommend that all the records and present employees in the office of the Commissioners of Accounts of the City of New York as it at present exists be transferred, on January 1, 1898, to the office of the Commissioners of Accounts of the greater City of New York.

BOARD OF ARMORY COMMISSIONERS.

BOARD OF ARMORY COMMISSIONERS, SECRETARY'S OFFICE,
STEWART BUILDING, No. 280 BROADWAY,
NEW YORK, December 10, 1897.

Hon. WILLIAM L. STRONG, Mayor:

SIR—I beg to transmit herewith, in compliance with your request of the 9th instant, a list of all of the employees of the Armory Board:

Robert Telfer, Assistant Clerk of the Works	\$1,800 00
Lewis M. Sweet, Stenographer and Clerk	1,200 00

I have given my own services, and have borrowed the services necessary from the Clerk to the Armory Board, and all other clerical services, up to this time, from the Tax Department.

The records all pertain to armories located in what will hereafter be known as the Borough of Manhattan, and as the duties that will devolve upon the new Armory Board will be transacted in the Borough of Manhattan, I would not recommend any transfer of employees or records.

Under the new charter the duties of the Armory Board will be so greatly augmented that a reorganization must be made and employees necessary to discharge the additional duties provided.

Respectfully,
E. P. BARKER, Secretary.

LEGISLATIVE DEPARTMENT.

OFFICE OF THE BOARD OF ALDERMEN,
No. 8 CITY HALL,
NEW YORK, December 22, 1897.

Hon. WM. L. STRONG, Mayor, New York City:

DEAR SIR—Your communication, dated December 20, 1897, requesting me to furnish you as soon as possible with schedule, etc., showing the manner in which, in my judgment, the public records and the employees and subordinates in this Department should be transferred, under the provisions of section 1536 of the Greater New York Charter, has just come to hand, and I hasten to reply thereto.

Pursuant to section 28 of the Greater New York Charter, the City Clerk becomes custodian of the records and documents of the consolidated city, and inasmuch as he will designate or appoint the Clerk to the Board of Aldermen, it seems to me that all that will be necessary will be to transfer the records and documents of the Board of Aldermen to such officer when named.

The following is a list of the employees and subordinates of the office of the Clerk of the Board of Aldermen, with the designation of the position to which each is assigned, all of whom.

*Veteran.

I feel justified in saying, are amply qualified and capable of filling the places respectively occupied by them:

John J. Gallagher, Deputy Clerk, Board of Aldermen	\$2,500 00
Michael F. Blake, Special Assistant Clerk	2,100 00
William E. Kurz, Clerk	1,200 00
Frank J. Martin, "	1,200 00
Charles A. Glaser, "	1,200 00
Albert L. Hall, "	1,200 00
Thaddeus C. Wasserman, Clerk	1,200 00
Albert E. Hull, Stenographer and Typewriter	1,200 00
George P. Osborne, Engrossing Clerk	1,000 00
Charles R. Shopland, "	1,000 00
Stuart Harris, "	1,000 00
John N. Chester, "	1,000 00
Philip Baer, Librarian	1,000 00
William F. Byrne, Messenger	900 00
Robert Sweeney, "	900 00
William Donovan, Sergeant-at-Arms	900 00

The Deputy Clerk, Mr. John J. Gallagher, I take pleasure in stating, has been attentive, efficient and conscientious in the performance of his duties, and the Special Assistant Clerk, Mr. Michael F. Blake, has had a long and wide experience, and is therefore well qualified to fill any clerical position in the Department to which he may be assigned.

I desire specially to recommend Clerk Frank J. Martin as more than ordinarily efficient, painstaking and attentive to the duties assigned to him, and to say that he is, in my opinion, competent to fill a position of higher trust and requirements, if such may be assigned to him. It gives me pleasure, even though the opportunity comes late, to testify to his worth and capacity as a public official, and I feel it a duty to recommend for him such consideration as a conscientious performance of duty merits.

Next to Mr. Martin, Clerk William E. Kurz, in my estimation, is entitled to your special consideration.

I also commend to your notice Librarian Philip Baer and Messenger Robert Sweeney, whose attentiveness to duty also deserves recognition. Believe me,

Very respectfully,
WM. H. TEN EYCK, Clerk of the Common Council.

NEW YORK CITY CIVIL SERVICE COMMISSION.

NEW YORK CITY CIVIL SERVICE COMMISSION,
NEW CRIMINAL COURT BUILDING,
NEW YORK, December 10, 1897.

HON. WILLIAM L. STRONG, Mayor of the City of New York:

DEAR SIR—I beg to acknowledge receipt of your communication, dated December 9, addressed to the Hon. Everett P. Wheeler.

I am instructed by Chairman Wheeler to write you to the following effect:

It is his opinion that under the provisions of the Greater New York Charter, the Civil Service Commissions as now constituted, hold over until a new Commission is appointed by the incoming Mayor, and that all employees in the several Commissions are continued in the service, and he would therefore recommend that until the appointment of the new Commission, the present Commissions remain as they have been heretofore constituted, and that the business of the Commission shall be conducted in the manner heretofore carried on, and that no change should be made until the new Commission has been appointed, and the matter of reorganization be left with them.

Further, that the records now on file in the Police Civil Service Bureau of the Police Department, and the records on file in the registration Bureau of the Street Cleaning Department, be transferred to the office of the New York City Civil Service Commission as now constituted, and be placed on the files of this Commission.

The Chairman desires to place your communication before the Commission, and will have some further matters to suggest, which will be presented to you at the earliest possible moment.

Yours respectfully,
S. WILLIAM BRISCOE, Secretary.

NEW YORK CITY CIVIL SERVICE COMMISSION,
NEW CRIMINAL COURT BUILDING,
NEW YORK, December 10, 1897.

HON. WILLIAM L. STRONG, Mayor of the City of New York:

DEAR SIR—It is impossible for me to be present at the meeting at your office to-day in reference to the arrangements to be made for the transfer to the Mayor and other persons holding office under the Greater New York Charter, of the various public offices existing in what is now known as the City of New York. I respectfully submit the following suggestions on the subject:

It seems to me clear that under the language of section 1613 of the Greater New York Charter, the continuity of all the public offices is preserved. This expressly provides that all officers in office when this act takes effect (which, by section 1611, is January 1, 1898), shall remain in office until their successors are respectively elected and appointed, and shall have qualified under the provisions of this act. In reference to the Civil Service Commission, there is a special provision in section 125, as follows:

"Until the appointment of a municipal civil service commission under this act in said city, the municipal civil service commissioners now in existence in any part of the territory of said city shall continue in office, and the civil service rules now in force therein shall continue to be in force until the adoption of new rules hereunder."

My view of the situation, therefore, is this. The present Civil Service Commissioners will remain in office until the Mayor of the Greater New York makes other appointments to that position. The entire machinery of the office will remain until new regulations shall be adopted by the Mayor and approved by the State Civil Service Commission, pursuant to section 123 of the Charter, and to chapter 410, Laws of 1884 (the Civil Service Amendment Act of that year). When new officers are appointed they will, of course, take charge of the office and all the documents therein.

This opinion is strengthened by the language of section 1608, which provides that the Greater New York Charter "is intended to be not a new enactment, but a continuation of the said consolidation act of eighteen hundred and eighty-two, and said other acts, and is intended to apply the provisions thereof as herein modified to the city of New York as herein constituted, and this act shall accordingly be so construed and applied."

Yours respectfully,
EVERETT P. WHEELER.

COURT OF GENERAL SESSIONS OF THE PEACE.

COURT OF GENERAL SESSIONS OF THE PEACE,
CITY AND COUNTY OF NEW YORK, CLERK'S OFFICE, }
NEW YORK, January 7, 1898.

Supervisor, City Record:

DEAR SIR—I beg to report that the following promotions have been made in the clerical force of this Court, said promotions taking effect on January 1, 1898.
Albert Elterich, Record Clerk, salary, \$1,200 per annum, to be Deputy Clerk, salary, \$3,000.
John F. McDermott, Record Clerk, salary, \$1,200 per annum, to be Deputy Clerk, salary, \$3,000.

Yours, respectfully,

JOHN F. CARROLL, Clerk of Court.

AQUEDUCT COMMISSIONERS.

AQUEDUCT COMMISSIONERS' OFFICE, STEWART BUILDING, }
No. 280 BROADWAY,
NEW YORK, December 13, 1897.

Hon. WILLIAM L. STRONG, Mayor:

DEAR SIR—In your communication, dated December 9, you request me to furnish you with a schedule showing the manner in which, in my judgment, the public records and the employees and subordinates in this Department should be transferred and reappointed under the provision of section 1536 of the Greater New York Charter, parts of which are quoted in your said communication.

Section 518 of the Greater New York Charter provides that "nothing in this act contained shall be deemed or construed to repeal or in any wise effect chapter 490 of the Laws of 1883 (known as the Aqueduct Act) * * * or the several acts amendatory thereof, but the said act and its amendments shall remain in full force and effect. * * * The term of office of the Commission appointed and existing under the aforesaid act shall cease and determine on the first day of January, 1901."

From the above it appears that no change is to take place after January 1, 1898, in the existence of the Aqueduct Commission or in its method of work. It appears, consequently, that no plan should be prepared and adopted for the transfer of City property under the jurisdiction of the Aqueduct Commission to any other department and that no reappointment of subordinates and employees should take place.

Yours respectfully,

EDWARD L. ALLEN, Secretary.

THE BOARD OF EDUCATION.

Extract from the Minutes of a Meeting of the Board of Education held December 15, 1897.

Commissioner Anderson presented the following:

To the Board of Education:

The Committee on By-laws and Legislation, to which was referred a communication from the Hon. William L. Strong, Mayor of the City of New York, dated December 9, 1897, to Hon. Charles Bulkley Hubbell, President of this Board, by which the President of this Board was requested to furnish the Mayor, as soon as possible during the month of December, with a schedule showing the manner in which the public records of this Board, the public property appertaining to its administration and its employees and subordinates, should be transferred and reapportioned under the provisions of section 1536 of the new Charter, hereby report:

As far as the title to the lands and buildings embraced within the Boroughs of Manhattan and the Bronx is concerned, that title has heretofore been vested in the City of New York, and by the provisions contained in the new Charter such title will devolve upon the City of New York as created by the new Charter.

As far as the books, records, contracts, surveys, plans for new buildings, vouchers, including also the records of the Superintendents, the Teachers' records, the eligible lists, vouchers of the different departments, and, in general, all papers, whether belonging to the Educational Department or the Building Department of the present Board of Education are concerned, all of these records, books, contracts and other papers should be transferred and delivered to the School Board for the Boroughs of Manhattan and the Bronx when that Board comes into being on the first day of February, 1898.

As far as the books, stationery and other property under the control of the Committee on Supplies is concerned, that property should in like manner be transferred to the School Board of the Boroughs of Manhattan and the Bronx when organized.

As far as the Principals, Teachers, City Superintendent, Assistant Superintendents, Clerks, Janitors and other employees of this Board are concerned, it is provided by section 1536 of the new Charter that their duties shall be apportioned in such manner that each person shall be assigned, as nearly as may be, without prejudice or advantage, to perform the same service in the same part of the city and to hold the same relative rank or position in the city constituted by this act as such person performs and holds at the time the said plan of apportionment and assignment is determined upon. The general purpose evidenced by this section is to leave all of the employees of the present Board of Education in their present positions, with their present salaries and in their present localities, as near as may be.

It may, of course, happen that the Board of Education to be constituted, may appoint some of our present officials to fill positions as officials of the new Board, but the transfers so made will become effective by the action of the new Board and do not appear to require any present apportionment of service by action of this Board.

It may in like manner, by reason of the fact that the new Board of Education is vested with power to disburse the special fund referred to in section 1065 of the new Charter, which is the fund applicable to the acquisition of new sites and the construction of new buildings, be necessary to deliver to the new Board, or to the appropriate committee to be appointed by it, the contracts, plans and other papers relating to the construction of schools; but until the new Board shall have taken action in relation to this subject it would seem that the custody of all these papers should be retained by the Borough Board of Manhattan and the Bronx, which is the natural successor of the present Board of Education.

Your Committee, therefore, report for adoption the following resolutions:

Resolved, That all the books, records, contracts, surveys, plans for new buildings, vouchers, records of the Board of Superintendents, eligible lists, and in general all the papers of this Board, whether belonging to the Educational Department or to the Building Department, be transferred and delivered to the School Board for the Boroughs of Manhattan and the Bronx when that Board shall be organized on or after the first day of February, 1898.

Resolved, That all text books, stationery and other property of this Board under the control of the Committee on Supplies or of the Clerk of this Board, wherever situated, be transferred to the School Board of the Boroughs of Manhattan and the Bronx when that Board shall be organized on or after the first day of February, 1898.

Resolved, That the Principals, Teachers, City Superintendent, Assistant Superintendents, Superintendent of Buildings, Clerks, Janitors and all other employees of this Board remain in the employ of this Board at the salaries fixed by this Board or by its by-laws, subject to the discharge of their duties as now determined, until the first day of February, 1898.

Resolved, That from and after the first day of February, 1898, all of the said employees of this Board shall become employees of the School Board of the Boroughs of Manhattan and the Bronx at the same salaries and subject to the same duties, but also subject in all respects to all powers relating to their employment which are by the new Charter vested in said Borough Board.

Resolved, That the Committee on By-laws and Legislation be directed to submit a copy of these resolutions to Hon. William L. Strong, the Mayor of the City of New York, and to request him to submit them to the executive officers of the various subdivisions which are together to constitute the City of New York under the new Charter, and to recommend their adoption as the disposition which should be made of the records, documents, property and apportionment of employees and subordinates of the Board of Education under section 1536 of the new Charter.

(Signed)

E. ELLERY ANDERSON, } Committee
NATH. A. PRENTISS, } on By-laws and
JOHN E. EUSTIS, } Legislation.
A. P. KETCHUM, }

Commissioner Anderson asked and obtained unanimous consent for the immediate consideration of said report.

The President put the question whether the Board would adopt the resolution attached to the report of the Committee; it was decided in the affirmative.

Hon. WILLIAM L. STRONG, Mayor, New York:

DEAR SIR—I have the honor to acknowledge the receipt of your communication of the 9th instant, addressed to the President of this Commission, in which you call attention to section 1536 of the Greater New York Charter and in which you ask for certain information in regard to the assignment to service in public departments, bureaus, offices, etc.

Under chapter 789 of the Laws of 1896, which authorizes the construction of a bridge over the East river between the Cities of New York and Brooklyn, I have to state that the current expenses of the Commission, and also the cost of the construction of the bridge and its approaches, including land damages, are provided for by the proceeds of the sale of bonds, equally divided between the Cities of New York and Brooklyn, no direct appropriation for this work being made by the municipal authorities of either of these cities.

The property of the Executive office of the Commission consists of the ordinary office furniture, safe, desks, chairs, tables, etc.; of the Engineer's office, which is located in Brooklyn, the usual engineering instruments and appliances, furniture, etc.

In the Executive office are six Commissioners, one Assistant Secretary and one Stenographer, the names of whom are printed upon the accompanying paper marked "No. 1." A list of all the persons employed in the Engineer's office in Brooklyn is also submitted herewith and marked "No. 2."

The services of all these subordinates are necessary for the efficient, economical and proper discharge of the duties assigned to the Commission.

Should I have failed in this letter to communicate all the information you may desire in regard to the operation of this Board, upon being so advised I shall be glad to furnish all that is necessary in addition.

Very truly yours,

S. H. WALES, Vice-President.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, No. 66 Third Avenue, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or any other officer or employee of the Corporation of the City of New York, or any of its departments, is directly or indirectly interested in the estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable, the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. The person or persons to whom the contract may be awarded will be required to execute such contract within five days from the date of the receipt of notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned such contract and as in default to the Corporation, whereupon the Commissioner of Street Cleaning will readvertise and relet the work, and so on till the contract be accepted and executed.

Bidders are required to state in their estimate, under oath, the names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the above work or supplies, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested. Each estimate shall also be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, or a guarantee or surety company, duly authorized by law to act as surety, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to the person or persons making the estimate, they will on its being so awarded become bound as his or their sureties for its faithful performance in the amount of Ten Thousand Dollars (\$10,000), and that if he or they shall omit or refuse to execute the same they will pay to the City of New York any difference between the sum to which he would be entitled upon its completion and that which the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller.

The price must be written in the bid or estimate, and also stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all the bids, if, in his judgment, it is deemed best for the interest of the City. No bid will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or proposal must be accompanied by a certified check on one of the State or National banks of the City of New York, payable to the order of the Comptroller of said city, for Five Hundred Dollars (\$500), or money to that amount. On the acceptance of any bid, the checks or money of the unaccepted bidders will be returned to them, and upon the execution of the contract the check or money of the accepted bidder will be returned to him.
