Martin W. Littleton, President Borough of Brooklyn.  
John F. Ahearn, President Borough of Manhattan.

The President announced that Alderman Morris was unable to attend owing to illness.

The Clerk proceeded to read the minutes of the stated meeting of January 26, 1904.

On motion of Alderman Ware further reading was dispensed with, and the minutes were approved as printed.

### PETITIONS AND COMMUNICATIONS.

No. 135.

By Alderman Lochner—

To the Honorable Board of Aldermen, City of New York:

Gentlemen—The undersigned residents of the Fourth Ward of the Borough of Queens, of The City of New York, do respectfully petition your Honorable Body to rescind Ordinance No. 2662 signed by his Honor the Mayor, December 8, 1903, which among other things prohibits the operation on a street surface railway of any steam or elevated railway car. This has resulted in the withdrawal from Jamaica avenue and Fulton street in said Ward of the elevated railway car service, which we emphatically assert was a boon to our Ward in every respect. Its discontinuance operates to our detriment in the matter of expense, time, and convenience to say nothing of the injury to property values and lessening of inducement to growth of population.

Harry H. Conklin, No. 44 Smith street; F. C. Thornbury, No. 30 Union Hall street; L. Hubbard, No. 553 South street; F. E. Welch, No. 12 Clayton place; L. Welch, No. 12 Clayton place; Lehr R. Wright, No. 23 John street; B. Zellenka, No. 472 South street; Louis Steel, No. 331 South street; Winnie Meyer, No. 460½ Fulton street; Estelle Hall, 6 Clayton place, and many others.

AN ORDINANCE to repeal Ordinance No. 2662 entitled "An Ordinance to regulate the running of cars on the surface of streets in the Borough of Queens."

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. Ordinance No. 2662 entitled "An Ordinance to regulate the running of cars on the surface of streets in the Borough of Queens" is hereby repealed.

Sec. 2. This ordinance shall take effect immediately.

Our Lady of Lourdes' Rectory, Fathers of Mercy,  
No. 1875 Broadway,

Brooklyn, N. Y., January 28, 1904.

To the Board of Aldermen:

Gentlemen—Before deciding to repeal the "near side" car ordinance, please consider the number of fatal accidents which have occurred on account of the old system of cars stopping at the far side. A pedestrian is waiting, e. g., for a car going north to pass by so as to cross to the opposite side, but another car is coming south which he does not see, and as it is not to stop until it reaches the far side, it is still going at great speed at the near side and the pedestrian is run down.

The "near side" ordinance might be amended making it obligatory for cars to stop to take on passengers at both sides.

Respectfully,

J. E. SHEEHY, S. P. M.

Offices of The Brooklyn League, No. 189 Montague Street,

Brooklyn, N. Y., January 27, 1904.

Hon. CHAS. VINCENT FORNES, President Board of Aldermen, City Hall, Man-  
hattan:

Dear Sir—I beg to call your attention, and through you the attention of the Honorable the Board of Aldermen, to a resolution unanimously adopted by the executive committee of the Brooklyn League at a meeting held January 26, 1904, as follows:

Resolved, That the Board of Aldermen be requested by the Brooklyn League to repeal the ordinance causing street cars to stop on the "near" side of the street; and be it further

Resolved, That each member of the executive committee communicate with the Alderman of his district urging him to vote for the repeal of said ordinance.

Yours truly,

JOHN B. CREIGHTON, Secretary.

New York and Port Chester Railroad Company,  
No. 76 William Street,

New York, January 27, 1904.

To the President and the Board of Aldermen of The City of New York, City Hall,  
City:

Gentlemen—On Monday, January 25, 1904, a member of your honorable Board asked for information relative to the ability and intention of the New York and Port Chester Railroad Company to proceed with the construction of its road, in the event that the assent of your honorable body should be granted to this company for the right to cross such streets in the Borough of The Bronx as will be crossed by this road, and the petition and ordinance for which is now before you.

At the termination of the hearings before the Railroad Commission of the State of New York, that Commission held an executive session for the purpose of taking testimony relative to the financial interests, from which the funds were to be secured for the construction of this road. All of the financial interests connected with this railroad at that time appeared before the Railroad Commission and swore as to their several and individual connections, obligations, and also swore that so soon as the legal requisites were consummated, the construction of this road would be commenced by them. This testimony is the property of the Railroad Commission of the State of New York, and application would have to be made to that Commission for anything relating thereto.

At the time of the application of the New York and Port Chester Railroad Company to the Supreme Court, at a Special Term thereof sitting at White Plains, Westchester County, New York, for the right to cross such streets in Westchester County not within the cities of Mt. Vernon and New Rochelle as will be crossed by the line of this road, the Court appointed a commission consisting of two New York bankers by the name of George R. Read and Dallas B. Pratt, to investigate the New York and Port Chester Railroad Company, and to report to the Court whether that Company had the requisite financial ability with which to construct its road. This Commission summoned before it the officers and financiers who were behind the New York and Port Chester Railroad, on the 4th day of March, 1903. An investigation was entered into extending over a period of about an hour and a half. Subsequently the Commission made a report to the Court, of which I enclose you a copy. The original of this report is on file in Westchester County, and should you desire, I will send you a certified copy. You will note that the justice to whom this report is made is the Honorable Martin J. Keogh, and you will also note that it disposes, once and for all, and without any doubt, of the ability of the Port Chester Company to proceed with this work, as well as of its intent to do so.

Should I be able to give you any further information, I shall be pleased to do so at any time.

Yours respectfully,

W. C. GOTSHALL, President.

Supreme Court, Westchester County—In the matter of the application of the New York and Port Chester Railroad Company to cross certain highways, etc.

To the Honorable MARTIN J. KEOGH, Justice of the Supreme Court, etc.:

We, the undersigned duly appointed by your Honor herein, to report upon the good faith of the applicant and its financial ability to build its proposed railroad, do hereby report as follows:

At a hearing held before us in The City of New York on the 4th day of March, 1903, the officers of the New York and Port Chester Railroad Company and others appeared and produced evidence of reputable and responsible parties as to the good faith of the applicant and its financial ability and resources to construct its proposed railroad and put the same in operation. And after such hearing we are satisfied that the New York and Port Chester Railroad Company intends, in good faith, to build its proposed railroad and put the same in operation, and that it has the financial ability and resources with which to do it, and that the franchises applied for are not sought for speculative purposes, but solely for the purpose and with the intent to construct and operate its proposed railroad.

Grand, Sheriff, Broome and Columbia Streets,  
Office, Nos. 504-520 Grand Street,  
New York, January 21, 1904.

P. J. SCULLY, Esq., City Clerk, City Hall, New York City:

Dear Sir—Ever since Mr. Hoe erected the clock on the tower of his works the inhabitants of the neighborhood have been importuning him from time to time to have it illuminated at night, of course for their accommodation, and promised they would get the Alderman of the district interested to such an extent that he would use his influence with the Board to have this done. Not long ago we were approached by an old and respected resident of this Ward, who set forth the value of this timepiece to such an extent that he left the impression that people died by this time; children were born into the world by this time; marriages were registered by this time; and all things requiring

accurate time took place by it. Inasmuch as you are one of the inhabitants of the Seventh Ward, it has been intimated that I would do well in calling your attention to this condition of things and to say that the clock is at the service of the public in general and more particularly the immediate neighborhood; also that Mr. Hoe will have no objection, on the contrary will be quite pleased, if you are instrumental in throwing more light on the clock.

Yours very truly,  
WM. NIXON.

In connection herewith Alderman Poole offered the following resolution:

Resolved, That a copy of the foregoing communication be transmitted to the Commissioner of Water Supply, Gas and Electricity with the request that he give thereto such consideration and action thereon as may be required in the premises. Which was adopted.

Brooklyn, N. Y., January 28, 1904.

Hon. ROBERT F. DOWNING, No. 201 Dean street, Brooklyn, N. Y.:

Dear Sir—Several letters from members of the Brooklyn League have been received complaining of the ordinance which requires surface cars to stop on the near side of the street. At a meeting of the Executive Committee, held in this office January 26, by unanimous vote a resolution was adopted requesting the Board of Aldermen to repeal this ordinance. I have no doubt but that the people of Brooklyn in a considerable majority are against the present law and would appreciate your influence in having it changed.

Yours very truly,  
JOHN B. CREIGHTON, Secretary.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 142.

Department of Street Cleaning, }  
New York, February 1, 1904. }

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I transmit herewith a proposed amendment to the present street cleaning ordinance as adopted by your Board July 31, 1902, and later amended March 10, 1903, so as to amend section 8 thereof.

The object of this amendment is to provide some effective means for the removal of snow and ice, etc., from the sidewalks, a duty which has been greatly neglected during this winter and which under the present ordinance the City Magistrates and the Police have been unable to enforce.

This proposed amendment is particularly needed for the case of sidewalks in front of vacant lots and unoccupied houses.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

AN ORDINANCE to amend an ordinance entitled "An Ordinance regulating the cleaning of streets and sidewalks and keeping them clean, and removing snow and ice, dirt and other materials therefrom in The City of New York."

Be it Ordained by the Board of Aldermen as follows:

Section 8 of an ordinance entitled "An Ordinance regulating the cleaning of streets and sidewalks and keeping them clean and removing snow and ice, dirt and other materials therefrom in The City of New York," adopted the 31st day of July, 1902, and approved by the Mayor the 6th day of August, 1902, as amended by an ordinance adopted the 10th day of March, 1903, approved by the Mayor the 23d day of March, 1903, is hereby amended to read as follows:

Section 8. Every owner, lessee, tenant or occupant of any building or lot of ground abutting on a street or public place, or any agent having charge thereof, who shall fail to remove the snow and ice, dirt or other materials from the paved sidewalk in front thereof, as required by section 6 of this ordinance, shall be deemed to be guilty of a misdemeanor, and on conviction thereof by a City Magistrate, either upon confession of the defendant or upon competent testimony, shall be punished by a fine of not less than three dollars and not more than five dollars for each such offense, or by imprisonment for not less than one day nor more than five days.

Which was referred to the Committee on Laws and Legislation.

The President laid before the Board the following communication from the Board of Rapid Transit Railroad Commissioners:

No. 143.

Office of the Board of Rapid Transit Railroad Commissioners }  
for The City of New York, }  
No. 320 Broadway, New York City. }

To the Honorable the Board of Aldermen of The City of New York:

The Board of Rapid Transit Railroad Commissioners for The City of New York heretofore and on or about the 4th day of February, 1897, submitted to the Common Council of The City of New York as then constituted a report with respect to the proposed rapid transit railroad in the said City.

Since the said report was made the routes and general plan for the rapid transit railroad above mentioned have been duly approved by the municipal authorities of The City of New York and by the Appellate Division of the Supreme Court for the First Judicial Department, and on the 21st day of February, 1900, a contract for the construction and operation of said rapid transit railroad was duly made with John B. McDonald, Contractor, by The City of New York, acting by the said Board. The said contractor is now engaged in the construction of the said railroad pursuant to the terms of said contract.

The said contractor desires, and the said Board having duly made the inquiries and investigation proper in the premises, approves an addition to the routes and general plan for the said railroad as heretofore adopted (such addition being known as the Fort Lee Ferry Extension), and has determined and established the said addition by resolution adopted July 16, 1903, by the concurrent vote of six of its members, and for the purpose of said addition has duly entered into an agreement with the said contractor bearing date the 16th day of July, 1903. A copy of the said agreement containing the resolution of July 16, 1903, is hereto annexed.

The said resolution of July 16, 1903, and the addition to the routes and general plan therein mentioned are now submitted to your Honorable Board for approval if it shall see fit to approve the same.

This additional route is approved by this Board, because, in its opinion, this connection between the Manhattan Street Station of the west side line of the Manhattan-Bronx Railroad, now being constructed by the City, and the entrance to the ferry operated by the New Jersey & Hudson River Ferry Company at the foot of West One Hundred and Thirtieth street will be of great convenience to the traveling public.

This Board has been informed that the Interborough Rapid Transit Company, to which has been assigned the lease for the operation of the Manhattan-Bronx Railroad, has made arrangements with the Ferry Company for the improvement of the ferry service.

In witness whereof this Board has caused its seal to be hereto affixed and these presents to be witnessed by its President and Secretary this 30th day of January, 1904.

[SEAL.]

A. E. ORR, President.

BION L. BURROWS, Secretary.

Agreement of July 16, 1903.

Agreement made this 16th day of July, in the year nineteen hundred and three, between The City of New York (hereinafter called the City), acting by the Board of Rapid Transit Railroad Commissioners for The City of New York (hereinafter called the Board), party of the first part, and John B. McDonald, of The City of New York (hereinafter called the Contractor), and Interborough Rapid Transit Company, parties of the second part, Witnesseth:

Whereas, Heretofore and on the 14th day of January, 1897, and the 4th day of February, 1897, the Board adopted certain routes and general plan for a rapid transit railroad in The City of New York, a portion of which extends under the Boulevard to a point at or near One Hundred and Twenty-fourth street and thence by viaduct along and over the Boulevard to a point at or near One Hundred and Thirty-fourth street and thence further to the north on the westerly branch of the said rapid transit railroad; and

Whereas, Heretofore and on or about the twenty-first day of February, 1900, the City, acting by the Board, entered into a contract with the contractor for the construction and operation of the said Rapid Transit Railroad in The City of New York and otherwise, as therein mentioned, the said contract being hereinafter styled the contract for construction and operation; and

Whereas, The contractor has deposited with the Comptroller of the City certain security for the performance of the said contract for construction and operation on his part and has given certain bonds as further security for such performance, and upon such bonds there are sureties as follows: Rapid Transit Subway Construction Company, the United States Fidelity and Guaranty Company; the City Trust, Safe Deposit and Surety Company of Philadelphia; American Surety Company of New York, National Surety Company and Perry Belmont; and

Whereas, By written instrument bearing date the tenth day of July, 1902, the Contractor, with the written consent of the Board, concurred in by six members thereof, duly assigned the right or obligation to maintain and operate the said Rapid Transit Railroad for the term of years specified in the said contract and all right, included in the leasing provisions of the said contract, together with the obligation to provide equipment for the said railroad, unto Interborough Rapid Transit Company, which Company also guaranteed the performance by the Contractor of the provisions of his said contract not so assigned to it; and

Whereas, It is in said contract for construction and operation provided that the said Board of Rapid Transit Railroad Commissioners shall have the right to require additional work to be done or additional materials to be furnished or both, within the general purview of a rapid transit railroad as therein described, the reasonable value of which should be additionally paid to the Contractor; and

Whereas, The Contractor desires, and the Board approves, a modification of the routes and general plan for the Rapid Transit Railroad referred to in the said contract for construction and operation as set forth in certain resolutions adopted by the Board on the 16th day of July, 1903, a copy of which is hereto annexed, in order to provide for an addition to the said routes and general plan, as in said resolutions and herein described;

Now, therefore, in consideration of the premises, but subject to the consents hereinafter provided, it is agreed that the said contract for construction and operation and the routes and general plan therein contained be, and the same are hereby modified by adding to the said routes and general plan the words following, to wit:

"And also a branch or spur extending from the line of the route aforesaid on Broadway (formerly the Boulevard), at a point about one hundred (100) feet northerly from the north line of One Hundred and Twenty-fifth street, and thence extending northerly along and over Broadway (being in addition to the tracks hereinbefore originally provided along such portion of Broadway) to Manhattan street; thence westerly along and over Manhattan street and under the Manhattan viaduct and over and across the tracks of the New York Central & Hudson River Railroad, West One Hundred and Thirtieth street and the exterior or bulkhead street to the ferry house at the foot of West One Hundred and Thirtieth street, together with proper connections by necessary and suitable switches, tracks and

otherwise, with the rapid transit railroad originally described in said routes and general plan, at and north of One Hundred and Twenty-fifth street, and also including proper connections by stairways and otherwise with the said ferry house.

"The general plan of construction of the route hereby added shall be by elevated structure of the same character and to be constructed in the same manner as is hereinbefore provided for the elevated portion of the rapid transit railroad over and along Broadway (the Boulevard) at One Hundred and Twenty-fifth street. There shall be at least two parallel tracks with the right at any time to add a third track in the discretion of the Board of Rapid Transit Railroad Commissioners. The said connections, switches and tracks shall be so constructed as to make convenient the running of trains without change between the portions of the said rapid transit railroad over and along Broadway (the Boulevard) south of One Hundred and Twenty-fifth street and the part on Manhattan street hereby provided for. Stations and station approaches may be built at the intersection of Broadway and Manhattan street and also at the terminus of the addition hereby adopted at the foot of West One Hundred and Thirtieth street, or elsewhere upon the said addition, as the Board of Rapid Transit Railroad Commissioners may decide.

"In all other respects the provisions of the said general plan of construction adopted January 14th and February 4th, 1897, shall be applicable to the portion of the route hereby added."

And it is hereby further agreed that the said contract be and the same shall hereafter be deemed to be so modified as that the portion of the rapid transit railroad added by the modification aforesaid of the routes and general plan shall in all respects, except as herein otherwise expressly provided, be deemed to be part of the rapid transit railroad originally described in the said contract hereby modified. Provided, however, that the frequency of train service upon the said portion of the rapid transit railroad so added by the said modification shall, from time to time, be determined by the Board; Provided, further, however, that the frequency of such service shall in no case be required to be greater than is in said contract provided for service upon the remainder of the said rapid transit railroad.

And it is hereby further agreed that the reasonable value of constructing that portion of the rapid transit railroad upon the said additional route and including all of the said connections, switches, tracks, stations and station approaches, and all appurtenances of such addition to the said rapid transit railroad shall be deemed a part of the cost of constructing said rapid transit railroad, and shall be ascertained and determined and paid to the Contractor in the manner provided in the contract for the construction and operation of said rapid transit railroad in addition to the amounts in said contract originally agreed to be paid unto said Contractor, and that such additional amounts so paid shall be included in the total cost of the construction of the said railroad in determining the amount of rental to be paid under said contract in like manner as if said additional route had been originally authorized therein;

Provided, however, and it is expressly agreed, that this agreement shall take effect if and when and only when the following consents shall have been duly had, to wit:

The consents as subjoined of Rapid Transit Subway Construction Company, the United States Fidelity and Guaranty Company, the City Trust, Safe Deposit and Surety Company of Philadelphia, American Surety Company of New York, National Surety Company and Perry Belmont; and

Provided, further, however, and it is expressly agreed, that this agreement shall take effect if and when, and only when, the following consents shall have been duly given to the said resolutions adopted by the Board on the 16th day of July, 1903, a copy of which is hereto annexed, providing for the said addition to said routes and general plan: The consent of the Board of Aldermen of The City of New York; the consent of the Mayor of The City of New York; and the consent of the owners of a majority in value of the property along such streets or such portions of streets as are included in the portion of the route added as aforesaid, or if such last mentioned consent cannot be obtained, then in lieu thereof the determination of three commissioners to be appointed by the Appellate Division of the Supreme Court duly confirmed by the said Appellate Division.

The plan hereto annexed entitled "Board of Rapid Transit Railroad Commissioners for The City of New York; Routes and General Plan adopted by resolution July 16, 1903," is intended to illustrate and show in general the addition to and modification of the said original routes and general plan as hereby proposed.

In witness whereof this contract has been executed for The City of New York, by its Board of Rapid Transit Railroad Commissioners, under and by a resolution duly adopted by said Board, concurred in by more than six of its members, and the seal of the said Board has been hereto affixed and these presents signed by the President and Secretary of the said Board, and the said John B. McDonald has hereto set his hand and seal and the said Interborough Rapid Transit Company has caused its corporate seal to be hereto affixed and attested by its Secretary, and these presents to be signed by its President,—all the day and year first above written.

#### COPY RESOLUTION OF 16TH JULY, 1903.

Whereas, This Board did, on the 14th day of January, 1897, and 4th day of February, 1897, adopt certain routes and general plan for a rapid transit railroad in The City of New York, a copy of which is hereto annexed entitled "Copy Routes and General Plan;" and

Whereas, The said routes and general plan were afterward duly approved by the municipal authorities of The City of New York, and were duly consented to by commissioners appointed by the Appellate Division of the Supreme Court, which consent was duly confirmed by the said Appellate Division, in lieu of the consent of the owners of a majority in value of the property along said routes; and

Whereas, Thereafter, and on or about the 21st day of February, 1900, The City of New York did by this Board enter into a certain contract with John B. McDonald for the construction and operation of the said rapid transit railroad; and

Whereas, By written instrument bearing date the 10th day of July, 1902, the said John B. McDonald with the written consent of this Board concurred in by six members thereof duly assigned the right or obligation to maintain and operate the said rapid transit railroad for the term of years specified in the said contract and all rights included in the leasing provisions of the said contract together with the obligation to provide equipment for the said railroad, unto Interborough Rapid Transit Company, which company also guaranteed the performance by the said John B. McDonald as such contractor, of the provisions of his said contract not so assigned to it; and

Whereas, It is the interest of The City of New York, and, in the opinion of the said John B. McDonald, it is likewise in his interest as such contractor, and he desires that said routes and general plan shall be changed in the respect hereinafter mentioned, but without other change in the said Routes and General Plan; now therefore it is

Resolved, That, subject to the consents and approvals to be first obtained as in these resolutions hereinafter mentioned, the said Routes and General Plan heretofore adopted by this Board be and they hereby are modified by adding to the said routes the following, to wit:

"And also a branch or spur extending from the line of the route aforesaid on Broadway (formerly the Boulevard), at a point about one hundred (100) feet northerly from the north line of One Hundred and Twenty-fifth street; and thence extending northerly along and over Broadway (being in addition to the tracks hereinbefore originally provided along such portion of Broadway) to Manhattan street; thence westerly along and over Manhattan street and under the Manhattan viaduct and over and across the tracks of the New York Central and Hudson River Railroad, West One Hundred and Thirtieth street and the exterior or bulkhead street to the ferry house at the foot of West One Hundred and Thirtieth street, together with proper connections by necessary and suitable switches, tracks and otherwise, with the rapid transit railroad originally described in said Routes and General Plan, at and north of One Hundred and Twenty-fifth street, and also including proper connections by stairways and otherwise with the said ferry house.

"The general plan of construction of the portion of the route hereby added shall be by elevated structure of the same character and to be constructed in the same manner as is hereinbefore provided for the elevated portion of the rapid transit railroad over and along Broadway (the Boulevard) at One Hundred and Twenty-fifth street. There shall be at least two parallel tracks, with the right at any time to add a third track, in the discretion of the Board of Rapid Transit Railroad Commissioners. The said connections, switches and tracks shall be so constructed as to make convenient the running of trains without change between the portions of the said rapid transit railroad over and along Broadway (the Boulevard) south of One Hundred and Twenty-fifth street and the part on Manhattan street hereby provided for. Stations and station approaches may be built at the intersection of Broadway and Manhattan street, and also at the terminus of the addition hereby adopted at the foot of West One Hun-

dred and Thirtieth street, or elsewhere, upon the said addition as the Board of Rapid Transit Railroad Commissioners may decide."

In all other respects the provisions of the said general plan of construction adopted January 14 and February 4, 1897, shall be applicable to the portion of the route hereby added; and it is further

Resolved, That, whereas this Board has duly made the inquiries and investigation necessary or proper in the premises, and has determined that the modification aforesaid of the said Routes and General Plan are necessary for the interests of the public and of The City of New York and should be established as herein provided, this Board does hereby determine and establish the said Routes and General Plan as hereby modified, subject to the consents and approvals to be first obtained as hereinafter mentioned; and it is further

Resolved, That the said modifications of Routes and General Plans shall take effect only upon and after the following consents and approvals thereto shall be duly had, to wit:

1. The consent of the Board of Aldermen of The City of New York.
2. The consent of the Mayor of The City of New York.
3. The consent of the owners of a majority in value of the property along streets or such portions of streets as are included in the portion of the routes added as aforesaid; or if such consents cannot be obtained, then in lieu thereof the determination of three Commissioners to be appointed by the Appellate Division of the Supreme Court, duly confirmed by the said Appellate Division.

4. The consent of the said John B. McDonald, contractor, and of his sureties, as follows: Rapid Transit Subway Construction Company; The United States Fidelity and Guaranty Company; The City Trust, Safe Deposit and Surety Company of Philadelphia; American Surety Company of New York; National Surety Company and Perry Belmont, and also of Interborough Rapid Transit Company; it is further

Resolved, That this Board hereby adopts the drawing now produced and entitled "Board of Rapid Transit Railroad Commissioners for The City of New York: Routes and General Plan adopted by Resolution, July 16, 1903," as showing in general the additions to and modifications of the original Routes and General Plan hereby adopted.

(Drawing annexed to original agreements.)

Which was referred to the Committee on Railroads.

#### MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman McCall asked and obtained unanimous consent to introduce the following:

No. 144.

Every building hereafter erected or altered to be used as a theatre, hotel, lodging house, school, jail, police station, hospital, asylum, institution, for the use or treatment of persons, the height of which exceeds thirty-five feet, excepting all buildings for which specifications and plans have been heretofore submitted to and approved by the proper public authorities, and every other building the height of which exceeds seventy-five feet shall be built fireproof, that is to say: They shall be constructed with walls of brick stone, Portland cement, concrete, iron or steel, in which wooden beams or lintels shall not be placed. The stairs and staircase landing shall be built entirely of brick stone, Portland cement, concrete, iron or steel. No wood-work or other inflammable material shall be used in any of the partitions, furrings or ceilings in any such buildings, excepting, however, the doors and windows and their frames and trims, the casings, the interior finish when filled solid at the back with fireproof material, and the floor boards and sleepers directly thereunder may be of wood treated by some process approved by the Board of Buildings or other public authorities, now having jurisdiction in such matters, to render the same fireproof or of wood covered with metal, but the space between the sleepers shall be solidly filled with fireproof materials and extend up to the underside of the floor boards.

Which was referred to the Committee on Buildings, with instructions to hold a public hearing thereon.

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS, RESUMED.

The President laid before the Board the following communication from the President of the Borough of Queens:

No. 145.

The City of New York—Office of the President of the Borough of Queens,  
Long Island City, February 2, 1904.

Hon. CHARLES V. FORNES, President, the Board of Aldermen, Manhattan:

Dear Sir—I herewith forward you resolution for the issue of Special Revenue Bonds for the sum of seventy-five thousand dollars (\$75,000), for the purpose of making repairs and alterations to the Queens County Court House Building at Long Island City.

You are, I presume, familiar with the report of the Grand Jury relating to the condition of said building.

I also send you herewith report of the Building and Sanitary Inspection Company, as made July 22, 1903, showing the absolute necessity of making the repairs and alterations to said building.

Will you kindly have said resolution placed on the calendar for to-day's meeting of the Board of Aldermen, and by so doing oblige,

Yours respectfully,

GEO. S. JERVIS, Secretary to President.

Building and Sanitary Inspection Company,  
No. 76 William Street,  
New York, July 22, 1903.

Hon. JOSEPH CASSIDY, President, Borough of Queens:

Dear Sir—We roughly estimate the cost of alterations required in the Court-house as follows:

To repair and renew plumbing, as advised, without providing any new fixtures in the Jail, about.....	\$15,000 00
If new fixtures are provided in the Jail, about.....	10,000 00
Ventilation, which will involve the remodelling of heating plant, about..	50,000 00
New roof for main, or Court-house, Building, copper, about.....	20,000 00
Repairs to roof of Jail and Administration Building, about.....	2,000 00
Total.....	<u>\$97,000 00</u>

Very respectfully yours,  
(Signed) T. H. ROBINSON, General Manager,  
Per J. T. C.

Building and Sanitary Inspection Company,  
No. 76 William Street,  
Manhattan, July 6, 1903.

Hon. JOSEPH CASSIDY, President, Borough of Queens:

We report as follows the results of a sanitary inspection and survey of the Queens County Court House and Jail made to your order on the 18th, 19th and 21st days of June, and the 1st day of July, 1903:

In making inspections it is frequently found that some portion of the drainage system is located beneath floors, or behind walls, or is covered with casings and cannot be inspected. Reference is made in the report to such conditions, and responsibility for defects in these hidden pipes is not assumed by the company. After the "recommendation" has been carried out there should be a reinspection, and if leaks are still developed, after all visible pipe has been made right, it will be necessary to have the hidden pipes uncovered.

A test with smoke and chemical under light pressure was applied to the drainage systems in the above buildings.

#### Leaks Disclosed by the Test.

1, 2, 3 and 4. At couplings on basin traps in the jury room on the west side, in the jury room on the east side, in the main toilet room on the first floor and in the main toilet room in the basement. Such couplings depend on perishable washers for tightness and are not to be relied upon. These traps should be replaced by "S" traps with screwed-in connections of iron pipe standard and without couplings or unions.

5 and 6. On the branch soil pipes between the cells on the lower tier in the section of the jail used as an administration building there are two openings, one

on each of the branch soil pipes for the east and west sides of the building. These openings should be enlarged and threaded to receive iron plugs, screwed in, in red lead.

7. Smoke escaped through all of the leader connections, indicating that these are not trapped. Leaders should be trapped by accessible traps, placed within the building and provided with one clean-out on the inlet side, closed by heavy brass or iron-bodied ferrules, having heavy brass screw plugs with tapered threads of iron pipe standard.

Note.—Some of the drains for the leaders are exposed to frost. Incidentally to the placing of the traps the branch leader drains should be rearranged and run within the building up to a point opposite the foot of each leader.

Owing to the profuse escape of the smoke and chemical, other leaks, if any exist, may have remained undetected.

#### Obstruction Disclosed by the Test.

No smoke escaped through the soil pipe extending above the roof of the court-house at the southeast corner of the building. There is a long flat offset on the corresponding pipe on the west side where it is exposed, and the presumption is that this pipe is somewhat similarly arranged, and that there is an accumulation of rust scale at the base of the vertical line where it turns at right angles to join the flat offset. This pipe should be cleared, and it and the corresponding pipe at the west side should be rearranged. To prevent future obstructions, and if it is found not to be practicable to so alter these pipes, the portions above the offset should be replaced by pipe less liable to corrosion than iron. For this purpose lead-lined wrought iron or brass may be used.

The drainage system where visible is of extra heavy cast-iron pipe.

Some of the vent pipes are of black wrought iron; generally they are poorly arranged. Many of them can serve as waste pipes in case of obstruction to the latter.

There is one interior private toilet room on the first floor (to which access could not be obtained) that appears to be without ventilation.

The basins are of poor type, with inaccessible overflows, and the fixtures in the kitchen and their surroundings are bad. They are of wood, worn and saturated.

The water supply system is poorly designed and badly installed. The pipes are not covered, and on one of the days of inspection water of condensation was dripping from most of them.

The pump is inadequate to supply the water needed, unless continuously operated at high speed, and under these circumstances it is very noisy. We are informed that on this account the pump cannot be operated while court is in session, and, in consequence, at times the fixtures are without a water supply, and this is of particular importance, as the water closets in the jail are not provided with cisterns to hold water in reserve for flushing.

There is a large and continual waste of water through defective stop cocks, valves and cisterns, which adds to the inconvenience caused by the inadequacy of the pump.

#### General Recommendation.

The water supply system should be renewed throughout under plans and specifications that will secure a good design. New pumps should be provided of sufficient capacity. Steam pumps should not be used on account of their noise. Electric pumps of good design can be installed in such a manner as to be nearly noiseless, and if they are used the present storage tanks may remain, otherwise additional storage tanks will be required, and it is desirable that the water which is largely used for drinking purposes, should not be kept stored in tanks for a long time.

The vent pipe system should be renewed throughout. The new work should be arranged to discharge refuse accumulation, and the branch vent pipes should be arranged above the outlets of the fixtures.

The above and the repairs enumerated under the headings of "Leaks" and "Obstructions" and a considerable part of the repairs given in the itemized list appended are essential changes.

The water closets and urinals in the Courthouse, while of modern types, are of a cheap class, with the exception of a few water closets and the cisterns, metalwork and woodwork in connection with them are in bad order and cannot be repaired so as to be materially improved. Even after a considerable expenditure of money little permanent improvement in their condition could be accomplished, and in a short time they would be as bad or worse than before the repairs. Many of the water closets are set on wooden floors.

The basins throughout are of poor type, already referred to.

Taking the foregoing into consideration, the fixtures should be renewed throughout with the exception of the "Prompto" water closet. The new fixtures should be set open and free from enclosing or surrounding woodwork on marble floor slabs. The fixtures in the hall are in many cases in very bad condition. A number of stop-cocks through which they are supplied with water are bent and broken, and in consequence unflushed and offensive. Some of these stop-cocks can probably be repaired, but most of them will need to be replaced.

An important matter in both court-house and jail is the neglect of unused fixtures. There is a public toilet-room in the basement of the court-house. The basement is not used by the public and ample accommodations seem to be provided for them in the public toilet room on the first floor; in consequence the toilet-room in the basement is very little used. There is an unused sink in a storeroom in the basement. Whole tiers of cells in the jail and whole sections of cells in the administration building are unused. During periods of disuse the water seals in the traps of the fixtures in these cells evaporates, leaving direct openings through which drain air escapes into the building. At the time of inspection the traps of many of the fixtures were found to be absolutely dry, and in many other cases there was not enough water to form a seal.

The basement toilet in the court-house should be dispensed with and the openings into the pipe system closed by iron plugs calked or screwed-in.

The unused sink in the cellar should be similarly cut off.

With regard to the unused tiers of cells in the jail and the unused sections in the administration building, these if possible should be disconnected and the openings into the drainage system closed by iron plugs calked in. If, in anticipation of the need of these tiers and sections it is not deemed advisable to do this, it is imperatively necessary that the fixtures in them should have constant attention, be kept in repair same as those that are in use, and should be freely flushed with water at least twice a week. Unless one of these things is done, the sanitary condition of both buildings will be injuriously affected and a constant nuisance maintained, and the buildings will not be fit for occupancy.

The unused sections of cells in the administration building are not kept clean. The unused cells are littered with rubbish, soiled bed clothing, etc., and food has been left so long that it has become covered with mold. These sections of cells should be thoroughly cleaned and the accumulations referred to removed.

#### Roofs.

The mansard roof extending from the level of the top floor to the flat roof is of galvanized iron, in bad order, and we are of the opinion that it is past repair. It should be renewed and the new roof made of copper. The outlets to the leaders on the roof of the jail and the administration building are obstructed. Water stands in the gutters, in some places, to the depth of nearly a foot, and this has caused corrosion. Through these leaky gutters much of the rain water soaks into the walls. This has already absolutely affected the latter and they are stained and unsightly. The obstructions to the leader outlets should be removed, and new gutters provided for the greater part and repairs should be made on the portions retained. Some of the leaders are corroded through. These should be replaced where defective. The small roof over the entrance at the east side of the administration building is littered with rubbish, and water stands on it. This rubbish should be removed and the leader cleared if it is obstructed.

1. The house tank is not covered. Its overflow is directly connected to a waste pipe. The water of house tanks which may be used for drinking, cooking and toilet purposes should be carefully safeguarded. The tank should be covered with a dust-proof cover having a ventilator protected by wire gauze and cotton. The overflow should be dip-trapped to within a few inches from the bottom of the tank, with a small vent pipe at the crown to prevent siphonage, arranged to discharge over the slop sink on the top floor and provided with a flap valve at the lower end over the sink. It would be advisable to provide a regulating device whereby the pumps might be automatically controlled.

2. The fixtures in the kitchen on the top floor of the courthouse should be renewed by those of non-absorbent material, set open, and the woodwork about them should be removed and replaced by non-absorbent material. The local vent pipes for the soup kettles and other kitchen appurtenances are corroded through and no longer operated. A proper system of local vent pipes of copper should be provided for these fixtures, carried to a heated flue, or an air current should be maintained through them by means of a fan. The steam connections for the soup kettles and other kitchen appliances are leaky. These should be repaired or renewed as required.

3. The stop cocks of the kitchen apparatus generally are leaky. These should be repaired or replaced.

4. Steam drips are connected directly to the drainage system. These should be disconnected and the openings closed by iron plugs, screwed in, and the drip pipes arranged to discharge into a cooling tank from which a valved outlet may be provided to the drain.

5. The joints on the house drain in the engine room have been injured by contraction and expansion caused by the hot drips above referred to, and the drain itself is sagged and out of alignment. These joints should be remade with oakum and lead and the drain should be restored to alignment and properly supported.

6. The trap of the Engineers' sink is not ventilated, and the trap itself is not worth repairing. It should be replaced by a new one with a two-inch galvanized wrought-iron vent pipe connecting with one of the main vent pipes.

7. The floor pavement in the front part of the boiler room is broken. This should be repaired.

8. The lowermost tread of the iron stairs in the corridor is broken and in dangerous condition. A new iron step should be provided here.

9. Water finds its way into the cellar through the walls at several points. Part of this is probably due to the conditions of the roof gutters already described. Some of it may be due to lack of pavement and the improper grading about the building. If water continues to come through the walls after the roof gutters have been repaired, the ground about the building should be regraded and paved so as to discharge water away from walls.

#### Heating and Ventilation.

There is no system of ventilation for the court-house and natural ventilation is depended on for the jail. Air from outdoors is heated and blown by a fan into the courtrooms, but no outlets are provided for removing foul air.

A system of mechanical ventilation should be installed for each building whereby fresh air, warmed in cold weather, would be forced into the buildings and the vitiated air removed. Incidental to the installation of systematic ventilation, the heating system will need to be remodeled.

#### BUILDING AND SANITARY INSPECTION COMPANY, J. W. ROBINSON, General Manager.

Resolved, That the Comptroller of The City of New York be and he is hereby authorized, pursuant to the provisions of subdivision 8, section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of seventy-five thousand dollars (\$75,000) for the purpose of making repairs and alterations to the Queens County Court House Building at Long Island City, Borough of Queens.

Which was referred to the Committee on Finance.

Alderman Marks moved that paper No. 23, being a petition of M. de Fuentes Bustillo and J. Barker Carter to erect shelters and kiosks, which was ordered on file at the meeting held January 26, 1904, be taken from on file.

Which was adopted.

On motion of Alderman Marks the paper was then recommitted to the Committee on Laws and Legislation.

##### Report of Committee on Railroads—

No. 24, 25—(G. O. No. 6).

The Committee on Railroads, to whom was referred on January 12, 1904 (Minutes, page 32), the annexed petition and ordinance in favor of granting assent of The City of New York to the New York, Westchester and Boston Railway Company to operate its road across certain streets, respectfully

##### REPORT:

That, having examined the subject, they therefore recommend that the said ordinance be adopted.

In the Matter of the Petition of the New York, Westchester and Boston Railway Company.

To the Honorable the Board of Aldermen of The City of New York:

The petition of the New York, Westchester and Boston Railway Company respectfully shows:

First—That it is a domestic corporation duly organized and existing under the laws of the State of New York for the purpose of constructing and operating, by electrical or other motive power authorized by law, a four track railroad of the standard gauge, to be built upon and through a private right of way acquired or to be acquired by the company and upon and along a main route and branch line as hereinafter described.

Second—That said petitioner has duly complied with all the provisions of law affecting its incorporation, organization and authority, to construct and operate its said railroad, and has duly and in accordance with law adopted, fixed and designated the route of the main line and branch lines of its said railroad and is lawfully authorized to construct and operate the same along said main route and branch lines, as follows, to wit:

"Beginning at a point near the intersection of the westerly line of Lincoln avenue and the north shore line of the Harlem river, in the Borough of The Bronx, in The City of New York, and running thence in a northerly, easterly and north-easterly direction through the said Borough of The Bronx, as hereinafter more specifically described, and the cities, towns and villages of West Farms, Westchester, Bay Chester, Pelham Manor, Pelham, New Rochelle, Larchmont, Mamaroneck, Rye and Port Chester, to the boundary line between the State of New York and the State of Connecticut, with a branch line leaving said main line at or near Bay Chester and running through the towns, villages and cities of Wakefield, Mt. Vernon, Alameda Park, Fairview Park, Tuckahoe, Arthur Manor and Scarsdale, to White Plains, and with another branch line leaving said main line at or near the southeast corner of Bronx Park and running thence southeasterly to the East river at Clason's Point and running thence northerly and crossing Westchester creek to Ferris avenue, and thence northeasterly and approximately parallel to the east shore line of the East river to and across Fort Schuyler road; thence easterly and southeasterly to and around a loop upon Throgg's Neck on the East river."

That the portions of the said main route and branches of the said railroad falling within the limits of The City of New York, are shown upon a map of the location thereof, which is annexed hereto and made a part of this petition, upon which the route of the main line and branch line of the said railroad and the points of intersection of the streets crossed are approximately indicated by a broken red line.

Third—That the route of the said railroad and of the said branch thereof within the limits of The City of New York intersects the following streets and avenues in said City of New York, said crossings and intersections to be either above or below grade as may be lawfully determined, to wit:

"Beginning at a point near the intersection of the westerly line of Lincoln avenue and the north shore line of the Harlem river; thence running northerly diagonally across Lincoln avenue to a point near the intersection of the easterly line of Lincoln avenue with the northerly line of East One Hundred and Thirty-second street; thence running easterly, crossing Alexander avenue and Willis avenue between the Southern Boulevard and East One Hundred and Thirty-second street to a point near the intersection of the easterly line of Willis avenue with the northerly line of One Hundred and Thirty-second street, in the Borough of The Bronx; thence running easterly to and crossing Brown place, Brook avenue and St. Ann's avenue to the easterly line of St. Ann's avenue between East One Hundred and Thirty-second street and the Southern Boulevard with a branch line to form a loop, leaving the main line at or near the easterly side of Willis avenue and running thence to and across the Southern Boulevard at or near the intersection of the same with Willis avenue; thence running easterly between the Southern Boulevard and East One Hundred and Thirty-fourth street, and crossing Brown place, Brook avenue and St. Ann's avenue and the Southern Boulevard to join the main line at or near the easterly line of St. Ann's avenue, with an intervening connecting line crossing the Southern Boulevard between Willis avenue and Brown place; said main line running thence from the said point of intersection at or near the easterly line of St. Ann's avenue in a northeasterly direction approximately parallel to the Southern Boulevard to a junction with Whitlock avenue and crossing Cypress avenue, East One Hundred and Thirty-third street, East One Hundred and Thirty-fourth street, East One Hundred and Thirty-fifth street, East One Hundred and Thirty-sixth street, East One Hundred and Thirty-seventh street, Willow avenue, East One Hundred and Thirty-eighth street, East One Hundred and Thirty-ninth street, East One Hundred and Fortieth street, East One Hundred and Forty-first street, all between the easterly side of the Southern Boulevard and the westerly side of the avenue or avenues lying next to the eastward of the said Southern Boulevard; thence northerly and crossing the Southern Boulevard or a part thereof, East One Hundred and Forty-second street and Whitlock avenue or a part thereof, and thence running northerly approximately parallel to Whitlock avenue to its intersection with Westchester avenue, running between Austin place and Whitlock avenue, the Southern Boulevard and Whitlock avenue and Longfellow street and Whitlock avenue, and crossing East One Hundred and Forty-third street or St. Mary's place to St. Joseph's street, East One Hundred and Forty-ninth street, Austin place, Timpson place, Legget avenue, Craven avenue, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Fails street, Bryant street, Longfellow street, Aldus street, Guttenburg street; thence crossing Westchester avenue, Home street, Freeman street, Boone street, West Farms road and Jennings avenue, between Boone street and West Farms road; thence running northerly approximately parallel with Boone street to its intersection with East One Hundred and Seventy-sixth street, between Boone street and West Farms road, crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, East One Hundred and Seventy-fifth street and Rodman place, all between said Boone street and West Farms road, and thence crossing West Farms road near its intersection with East One Hundred and Seventy-seventh street and Boston Post road, and such parts of said Boston Post road and East

One Hundred and Seventy-seventh street as may be necessary or convenient to effect a junction or connection with any other railroad line, whether running upon, above or below the surface of the ground, running thence easterly crossing Boston Post road and Bronx street to and crossing the Bronx river; thence northerly to and crossing East One Hundred and Seventy-ninth street, Lebanon street and East One Hundred and Eightieth street, all between said Bronx river and Bronx Park avenue, to or near the southeast corner of Bronx Park; thence running northerly crossing Bronx Park avenue diagonally, and thence northerly approximately parallel to the easterly line of Bronx Park to and crossing Union Port road at a point approximately twelve hundred and ninety-five (1,295) feet west of its intersection with Morris Park avenue; thence running northerly crossing Sagamore street to and crossing Bear Swamp road at a point approximately three hundred and seventy (370) feet east of its intersection with Union Port road; thence to and crossing Bronx and Pelham Parkway at a point approximately eighteen hundred and fifty (1,850) feet west of its intersection with Williamsbridge road; thence northerly to and crossing Williamsbridge road at a point approximately twelve hundred (1,200) feet west of its intersection with Bronx and Pelham Parkway; thence northerly to and crossing Saw Mill lane at a point approximately fourteen hundred and eighty (1,480) feet east of its intersection with Williamsbridge road; thence northerly crossing East Chester road at or near its intersection with Syracuse avenue; thence northerly crossing Syracuse avenue, Birch street, Cedar street, Oak street, Walnut street, Chestnut street and Ash street, all between Syracuse avenue and Kingston avenue, to and crossing Reed lane at a point approximately nine hundred (900) feet east of its intersection with the Boston Post road; thence northerly crossing diagonally Chestnut avenue, Walnut avenue and Oak street or avenue to and across East Chester Landing road and to the boundary line between The City of New York and Westchester County.

Also a branch line beginning at a point on the main line above described at or near the southeast corner of Bronx Park and running thence southeasterly crossing East One Hundred and Eighty-first street, East One Hundred and Eightieth street and Lebanon street to the intersection of Morris Park avenue and West Farms road, crossing both Morris Park avenue and West Farms road, and running thence southeasterly to a point at or near the intersection of Westchester avenue and Clason's Point road, crossing Westchester avenue, and thence running approximately parallel to Clason's Point road and to the eastward thereof to the East river at Clason's Point; thence northerly, crossing Westchester creek to and crossing Ferris avenue at a point approximately fifty-two hundred (5,200) feet southeast of its intersection with the Eastern Boulevard; thence northerly crossing Baxter creek and approximately parallel to the west shore line of the East river or Sound to and crossing Throgg's Neck road at a point approximately fourteen hundred and eighty (1,480) feet southeast of its intersection with Pennyfield avenue; thence easterly to and crossing Fort Schuyler road at a point approximately thirty-two hundred and fifty (3,250) feet southeast of its intersection with Morgan avenue; thence southeasterly approximately nine hundred and fifty (950) feet to the shore line of the East river on the north side of Throgg's Neck; thence southeasterly crossing Throgg's Neck to the shore line on the south side of the Neck; thence northwesterly connecting with the line previously described at a point approximately three hundred and seventy-five (375) feet west of its said crossing of the Fort Schuyler road to form a loop.

Wherefore your petitioner prays that the consent of the Corporation of the City of New York be granted to construct, maintain and operate its railroad across said streets, avenues and highways, as well as any other streets, avenues and highways intersected by the route of said railroad, whether or not the same be formally opened or laid out, such crossing to be either above or below the grade thereof as may lawfully be determined, and that an ordinance to that effect be adopted by your Honorable Body.

NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,  
By WILLIAM L. BULL, President.

State of New York, County of New York, ss.:

William L. Bull, being duly sworn, says that he is the President of the New York, Westchester and Boston Railway Company, the petitioner above named; that he has read the foregoing petition and knows the contents thereof and that the same is true.

WILLIAM L. BULL.

Subscribed and sworn to before me this 8th day of January, 1904.

J. R. WILLIAMS, Notary Public, New York County.

#### Majority Report of Committee on Laws and Legislation.

No. 126. (G. O., No. 7.)

The Committee on Laws and Legislation, to whom was referred on January 26, 1904 (Minutes, page 411), the annexed ordinance in relation to the sprinkling of streets in The City of New York respectfully

#### REPORT:

That, having examined the subject, they believe the proposed ordinance to be necessary. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE in relation to sprinkling streets with water in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The President of each borough may in his discretion cause the streets within his borough, or any parts thereof, to be properly sprinkled with water from the public supply or other source during such part of each year as he may deem to be necessary for the health and comfort of the public; provided, however, that no such sprinkling shall be done at the expense of the City.

Sec. 2. Any resident of the City may make a written application to any such President for authority to sprinkle streets and avenues within his borough, accompanied by evidence satisfactory to such President of the ability of the applicant to perform such service in a proper manner, together with evidence of the desire of a reasonable number of the occupants of premises in such borough that such sprinkling ought to be done; and thereupon such President shall, upon receiving a bond as hereinafter provided for, enter into a contract on behalf of the City with such applicant for the sprinkling of streets and avenues in such borough with such water as may be conveniently available for the purpose.

Such contract shall specify the part of each year during which such sprinkling shall be done, which shall begin not earlier than the 1st of March nor be continued later than the 30th of November; the period of time it shall remain in force, which shall not be more than ten years; the amount to be paid to the City by the contractor, which shall not be less than \$25 per month for each vehicle that shall be employed and use in such service water from a public supply, and a license fee of the same amount as is or may be required to be paid by public truckmen for each such vehicle that shall be so employed, but not use water from a public supply; and the times when and the manner in which all such payments shall be made; and such reasonable regulations relative thereto and to the conduct of said business as to such Borough President shall seem meet.

Such contract may also require the contractor to agree to sprinkle any street or avenue or part thereof on due request and agreement in writing subscribed by at least 25 per cent. of the owners or occupants of a continuous series of not less than 200 feet of premises abutting on any such street or avenue to the effect that they will pay for such sprinkling at the regularly established rates charged to owners or occupants for like services on adjacent premises.

Except in the boroughs of Queens and Richmond, where such street sprinkling shall be done under the supervision of the respective Presidents thereof, all such street sprinkling shall be done under the supervision of the Commissioner of Street Cleaning, subject to such reasonable rules and regulations as may be established by the Commissioner of Water Supply, Gas and Electricity, and in accordance with the terms and conditions of said contract.

Sec. 3. As a condition precedent to the execution and delivery of a contract as hereinafter provided the applicant shall execute and deliver to such Borough President a bond in an amount and with surety or sureties to the satisfaction of such Borough President; and conditioned that the obligor will make the payments as in such contract provided, and shall at all times abide by and perform according to the terms of such contract and indemnify against and hold harmless the said City from all liability from any and all acts or omissions of the contractor under said contract or in any manner connected therewith.

Sec. 4. The powers and authority hereby conferred shall not be exercised at any time or in any manner as to encroach upon any rights now possessed by any person soever relative to street sprinkling in either or any of the boroughs of said City.

ISAAC MARKS, WILLIAM J. BOYHAN, J. RICHARD KFFIN, JOHN V. COGGEY, MOSES J. WAFER, Committee on Laws and Legislation.

#### Minority Report of Committee on Laws and Legislation.

No. 126—(G. O. No. 7.)

The undersigned, a minority of the Committee on Laws and Legislation, report in reference to a proposed ordinance (Int. No. 126) entitled "An ordinance in relation to sprinkling streets with water in The City of New York," as follows:

The proposed ordinance is the same in substance as an ordinance which was adopted by the last Board of Aldermen. Mayor Low, after a well attended public hearing, declared his intention to veto the ordinance, and the introducer thereupon had the usual resolution adopted withdrawing the ordinance from the consideration of the Mayor and placing the same on file. Considerable opposition to the methods of street sprinkling heretofore in vogue has developed from time to time, but it may be assumed that the streets may be sprinkled in a satisfactory manner if the work is properly regulated and supervised. The ideal method of street sprinkling would be for the city to undertake it as one of its administrative functions, in which case the work would be done, in all probability, by the regular agencies of the Street Cleaning Department, or by a general contractor, as in the case of snow removal. It has been demonstrated that for the former course the cost of plant and the wages of additional employees would be prohibitive in the present state of the City's finances. We have had no figures regarding the cost of the work under public contract, but it would probably be large. The advantage of the City's doing the work in either way would be that all parts of the City would be equally benefited, including the tenement sections, which need it most. The old system which it is proposed by this ordinance to re-establish is to grant the privilege of street sprinkling to individuals or corporations who will do the work for the profit to be derived from contracts with the owners and occupants of property abutting on the streets sprinkled. It is manifest that the only streets that will be sprinkled are those on which a sufficient number of such contracts or subscriptions can be obtained, and tenement streets will never be sprinkled. If such privilege for private profit is to be given again, we believe that one of two considerations should govern, either deriving the largest possible revenue for the City (by granting the privilege after public letting) or establishing such maximum charge for the service to citizens as will insure a reasonable cost to them. The proposed ordinance does neither, but leaves the granting of the privilege entirely to the discretion of the Borough Presidents, and it may well be assumed that the total revenue to the City in no case will exceed the figure of \$25 per month for each sprinkling cart which takes water from the fire hydrants or other sources of public supply, or the nominal license fee which is provided for in the case of a cart which does not use water from a public supply. We regard with especial disfavor the provision for using water from other than a public supply, as this will put a premium upon taking water from unmetered premises. We object also to the maximum term of the privilege, which this ordinance fixes at ten years, as this would postpone for that period of time the undertaking of the work generally by the City, which we regard as eminently desirable and as attainable within a very few years.

We therefore report that in our judgment the ordinance should not be adopted.

DANIEL SICKLES, JAMES COWDEN MEYERS.

Which were severally laid over.

#### GENERAL ORDERS.

Alderman Baldwin called up General Order No. 1, being a report and resolution, as follows:

No. 99.

The Committee on Finance, to whom was referred on January 19, 1904 (Minutes, page 289), the annexed resolution in favor of Special Revenue Bonds (\$2,650) for payment of cost of portrait of late Hon. Andrew H. Green, respectfully

In connection herewith Alderman McCall offered the following:

No. 146.

Resolved, That for the purpose of defraying the incidental expenses attending the perfecting and carrying out of the plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition the Commissioner representing The City of New York to the said Exposition may by requisition draw upon the Comptroller for a sum not exceeding one thousand dollars (\$1,000). The Commissioner may in like manner renew the draft as often as he may deem necessary, to the extent of the funds provided for the purpose of said exhibit, but no such renewal shall be made until the money paid on the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Commissioner covering the expenditures paid thereon.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Cullin, Davies, Diemer, Dietz, Donohue, Dougherty, Doull, Downing, Doyle, Gaffney, Gass, Gillies, Goodman, Griffenhagen, Grimm, Gunther, Guthrie, Haenlein, Haggerty, Harnischfeger, Hann, Higgins, Jones, Kenney, Kline, Koch, Lochner, McCall, McCarthy, Malone, Arthur H. Alderman McCall called up Special Order No. 3, being a report and ordinance, as follows:

No. 94.

The Committee on Laws and Legislation, to whom was referred on January 19, 1904 (Minutes, page 286), the annexed ordinance in relation to the removal of snow and ice, respectfully

#### REPORT:

That, having examined the subject, they believe the proposed ordinance to be necessary. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE in relation to the removal of snow and ice from the sidewalks in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

First—Every owner, lessee, tenant, occupant or person having charge of any building or lot (a lot meaning 25 front feet or fraction thereof) of ground in The City of New York shall within four hours after the fall of any snow and within four hours after the forming of any ice on the sidewalk or in the gutter in the front of any such building or lot remove or cause the same to be removed from such sidewalk or gutter under the penalty of three dollars for every such neglect, to be paid by the said owner, lessee, tenant, occupant or person having charge, severally and respectively; but where said snow falls or ice forms between the hours of eight o'clock in the evening and five o'clock in the morning this ordinance will be complied with by removing or causing the same to be removed before nine o'clock in the morning.

The provisions of this section shall not apply to streets or avenues in The City of New York which have not been curbed, guttered or flagged.

Second—In case the ice or snow on the sidewalk shall be so congealed that it cannot be removed without injury to the pavement, the owner, lessee, tenant, occupant or person having charge of any building or lot of ground as aforesaid shall, within the time specified in the last preceding section, cause the sidewalk opposite his, her or their premises to be strewn with ashes or sand under the penalty of one dollar, to be paid by the owner, lessee, tenant, occupant or person having charge thereof, severally and respectively.

Third—All ordinances of The City of New York and of the former municipal and public corporations consolidated into The City of New York inconsistent or conflicting herewith in penalty or otherwise are hereby repealed.

Fourth—This ordinance shall take effect immediately.

ISAAC MARKS, JAMES COWDEN MEYERS, JAMES W. REDMOND, WILLIAM J. BOYHAN, DANIEL E. SICKLES, Committee on Laws and Legislation.

Which, on motion of Alderman Wafer, was recommitted to the Committee on Laws and Legislation.

Which was referred to the Committee on Public Printing.

No. 149.

By Alderman Wentz—  
Whereas, Saturday, February 13, 1904, is a half holiday, immediately following Friday, February 12, 1904 (Lincoln's Birthday); and

Whereas, Many people are desirous of leaving town, and do leave, on the Thursday evening preceding the dates above given and remain away until the Monday morning following; therefore be it

Resolved, That the heads of the several departments of the Government of The City of New York be and they are hereby requested to close their offices on Saturday, February 13, 1904, and all other offices not by law required to be kept open for public business to be kept closed on the said day.

Which, on motion of Alderman Dowling, was referred to the Committee on Laws and Legislation.

No. 150.

By Alderman Owens—  
Whereas, There is a widespread and growing demand for an East Side branch of the Rapid Transit Subway, a demand naturally created by the needs of the thickly populated East Side section of the City and the rapidly growing districts of Harlem and The Bronx; and

Whereas, With the West Side route nearing completion and with the Brooklyn extension assured, the present is the opportune time to consider and act upon this important matter, in order that the actual work on such an East Side subway may begin without unnecessary and consequently dangerous delay; and

Whereas, Both prudence and economy demand early action for the reasons set forth; therefore

Resolved, That the Board of Rapid Transit Commissioners be and it is hereby earnestly requested and urged to heed the appeal of the many thousands who are demanding the same transit facilities on the East Side that are being accorded to the residents of the West Side of Manhattan and to Brooklyn;

Resolved, further, That our Committee on Railroads be and it is hereby instructed to hold public hearings to obtain a consensus of opinion of all interested persons and taxpayers, and to recommend to this Board such local or State legislation as may be necessary to aid in the furtherance of this much desired branch of the rapid transit system.

Which was adopted.

No. 151.

By Alderman A. H. Murphy—  
Resolved, That Emile Vallance, of No. 1012 East One Hundred and Seventy-eighth street, Borough of The Bronx, be and he is hereby appointed a City Surveyor.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Brenner, Bridges, Callahan, Chambers, Collins, Culklin, Davies, Dietz, Donohue, Doull, Downing, Doyle, Gass, Gillies, Gillen, Goodman, Grifenhagen, Grimm, Gunther, Guthrie, Haenlein, Haggerty, Higgins, Jones, Kenney, Koch, Lochner, McCall, McCarthy, Malone, Marks, Arthur H. No. 156.

By Alderman Marks—

Whereas, The Rapid Transit Tunnel Railroad is nearing completion and when done will be the greatest achievement within the history of municipal government; and

Whereas, A work so stupendous in its nature and which could be brought to successful fruition only by a municipality so great as The City of New York has grown to be; and

Whereas, An event so great in character as will be the opening of this enterprise, so destined to enhance the value of life and limb; make greater the prestige of The City of New York and excite world-wide interest in the progressiveness of our people, should be fittingly celebrated; therefore be it

Resolved, That a committee of five be appointed by the President, with power to arrange for a celebration commensurate with the undertaking, to consult with his Honor the Mayor and set such date after conference with the Board of Rapid Transit Commissioners as will be meet and proper in the premises.

Which was referred to the Committee on Railroads.

No. 157.

By Alderman Malone—

Whereas, it appears by a communication from the Fire Commissioner to this Board, dated December 10, 1903, that he is advised by the officer in charge of the making of extensive repairs and alterations to the fireboat "Seth Low," of the Fire Department of The City of New York, boroughs of Brooklyn and Queens, under contract dated August 5, 1903, that certain additional work will be indispensably necessary in connection therewith; and

Whereas, It would be in the interest of the Department and The City of New York to have the additional work performed by the present contractor, to avoid delay, therefore

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-five thousand dollars (\$25,000), the proceeds thereof to be applied to the expense of placing the fireboat "Seth Low" in condition for service.

Resolved, further, That this Board, in pursuance of the authority conferred upon it by the provisions of section 419 of the Greater New York Charter, deeming such course to be for the best interests of the City, hereby authorizes and empowers the Fire Commissioner to have such additional work done without contract at public letting and by the present contractor, the total expenditure therefor not to exceed the sum of twenty-five thousand dollars (\$25,000).

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Davies, Diemer, Dietz, Donohue, Dougherty, Doull, Dowling, Downing, Doyle, Gass, Gillies, Gillen, Goodman, Griffenhagen, Grimm, Gunther, Guthrie, Haenlein, Haggerty, Harburger, Hann, Higgins, Jones, Kenney, Kline, Koch, Lundy, McCall, McCarthy, Malone, Marks, Meyers, Arthur H. No. 158.

By the same—

Resolved, That upon the recommendation of the Local Board of the Bay Ridge District the width of the roadway of Thirty-ninth (39th) street, from the old city line to Ninth avenue, in the Borough of Brooklyn, be and the same is hereby reduced from forty-four (44) feet to thirty (30) feet and the width of the sidewalks on said street correspondingly widened.

Which was referred to the Committee on Streets, Highways and Sewers.

No. 159.

By the same—

Whereas, Many taxpayers of moderate means in the Borough of Brooklyn find grievance and make complaint because of the too drastic application of the Tenement House Laws in said Borough; and

Whereas, A too rigid enforcement of any statute, disregarding the spirit and making only the letter thereof apply, oftentimes entails hardships which are never intended by the framers of the law; and

Whereas, It appears that many of the complaints made are based upon reason and equity, and should be heeded to the extent that, all other conditions being equal, a not too severe enforcement should be the rule rather than the practice; and

Whereas, Many provisions of the said Tenement House Law may be enforced with reason in some sections of the City and not apply in the same degree in the Borough of Brooklyn; therefore

Resolved, That the President be and he is hereby requested to appoint a committee of five members of this Board from the Borough of Brooklyn, to which shall be added the President of said Borough, who shall investigate the problems involved in the application of the said Tenement House Law in the said Borough, consult with the Deputy Tenement House Commissioner in charge, and the Commissioner of Health, and to report to this Board their conclusions thereon, with such remedial recommendations as may in their judgment be meet in the premises.

Which was adopted.

And the Vice-Chairman announced that the Committee would be appointed later.

No. 160.

By Alderman Lundy—

Resolved, That the name of Eighty-ninth street, Borough of Brooklyn, be and the same is hereby changed to and shall hereafter be known as "Convent avenue," and the President of the Borough of Brooklyn is hereby authorized to note the same on the maps and records of The City of New York.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bennett, Boyhan, Brenner, Bridges, Callahan, Chambers, Collins, Culkin, Diemer, Dietz, Donohue, Dowling, Downing, Doyle, Gass, Gillen, Grimm, Gunther, Guthrie, Haenlein, Harburger, Jones, Kenney, Lochner, Lundy, McCall, Malone, Meyers, Arthur H. ## PETITIONS AND COMMUNICATIONS RESUMED.

No. 161

By Alderman James—

Jamaica Avenue Association,  
Fourth Ward, Borough of Queens,  
Jamaica, N. Y., January 12, 1904.

To the Honorable Board of Aldermen, City of New York:

Whereas, A certain petition may be presented to your Board asking that a certain ordinance of your Board restraining the Brooklyn Rapid Transit Railroad Company from operating trains of elevated railroad cars on Jamaica avenue, Fourth Ward, Borough of Queens, be revoked.

We, the Jamaica Avenue Association, kindly request that a public hearing be given on the matter, so that the interest of said association shall be presented to your honorable body.

Respectfully,

JOHN AAIKES, Chairman Executive Committee.

Which was referred to the Committee on Railroads.

## MOTIONS, ORDINANCES AND RESOLUTIONS AGAIN RESUMED.

No. 162.

By Alderman Gillen—

Whereas, Within the last few months numerous people have become fatally asphyxiated by gas; and

Whereas, Some of those deaths have resulted from the turning off of the supply of gas through the night and then having it turned on again while people slept, with no knowledge of what was going on, and with no warning of approaching danger; therefore be it

Resolved, That the Commissioner of Water Supply, Gas and Electricity instruct the gas companies that whenever (whether day or night) they desire to turn off the supply of gas in any locality, whether comprising house or factory, they should notify the occupants of such places.

Which was referred to the Committee on Water Supply, Gas and Electricity.

No. 163.

By the Same—

Resolved, That the Commissioner of Water Supply, Gas and Electricity erect an electric light on Nelson street, between Clinton street and Hamilton avenue, in the Borough of Brooklyn, the poles and facilities being already on said street.

Which was adopted.

No. 164.

By Alderman Davies—

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and requested to change the name of Columbus avenue, from the north side of One Hundred and Twenty-third street north to the commencement of Convent avenue, at or about One Hundred and Twenty-seventh street, to the name of Morningside avenue, and to renumber the houses on the portion so changed to conform to the said change.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bennett, Boyhan, Brenner, Callahan, Chambers, Collins, Culkin, Davies, Diemer, Dietz, Dowling, Downing, Doyle, Gass, Gillies, Goodman, Griffenhagen, Grimm, Gunther, Guthrie, Haenlein, Harburger, Hann, Jones, Kenney, Kline, Koch, Lochner, Lundy, McCall, Malone, Marks, Meyers, Arthur H. Murphy, Owen J. Murphy, Odell, Owens, Redmond, Richter, Robinson, Schappert, Schloss, Shea, Stumpf, Sturges, Tolk, Twomey, Ware, Wafer, Wentz, Wirth; President Cromwell—53.

No. 165.

By Alderman Culkin—

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that two lamp posts be erected, street lamps placed thereon, and the same lighted, in front of the Roman Catholic Church of Our Lady of Guadalupe, No. 229 West Fourteenth street, in the Borough of Manhattan.

Which was adopted.

No. 166.

By Alderman Brenner—

Whereas, The erection of poles on which to string wires for the purpose of conducting electricity is as much a menace and danger in the Borough of Brooklyn as it would be if the practice prevailed in the Borough of Manhattan; and

Whereas, It is manifestly unfair to allow the practice in the former borough and disallow it in the latter, a discrimination apparently warranted by law, but nevertheless against every principle of right, which the citizens and taxpayers of the Borough of Brooklyn should enjoy equally with other sections of the City; and

Whereas, In the granting of permits for the erection of such poles the rights of the people in the Borough of Brooklyn are invaded, and dangers, instead of being minimized, are enhanced, making it necessary that some measure of relief be adopted; therefore be it

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he is hereby respectfully requested to deny all applications for the erection of poles on which to string wires for the purpose of conducting electricity in the Borough of Brooklyn, unless the granting of such permits can be made mandatory on him.

Resolved, further, That the said Commissioner of Water Supply, Gas and Electricity be and he is hereby requested to recommend to this Board, in so far as he is empowered under the Charter, such remedial propositions as will tend to relieve or avert any possible danger in the premises.

Which was referred to the Committee on Water Supply, Gas and Electricity.

Alderman Owens moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, February 9, 1904, at 1 o'clock p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

## BOARD OF ESTIMATE AND APPORTIONMENT.

### (PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held in the old Council Chamber (Room 16), City Hall, on Tuesday, December 22, 1903, at 10.30 o'clock in the forenoon.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond.

The Mayor, Hon. Seth Low, presided.

### OPENING WEST ONE HUNDRED AND THIRTY-FOURTH STREET, MANHATTAN.

In the matter of the proposed opening of West One Hundred and Thirty-fourth street, from Broadway to the Hudson river (across the New York Central tracks), in the Borough of Manhattan, proof of service of notice on the railroad company, as required by law, was presented.

Mr. Luce appeared for the railroad company. Mr. Peter A. Hendrick appeared for property owners, in favor of the opening.

M. Luce stated that the railroad company was in consultation with the City's Engineers, regarding the construction of a bridge at this point, and that the cross-

ing could probably be provided for without application to the State Board of Railroad Commissioners.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of West One Hundred and Thirty-fourth street, from Broadway to the Hudson river, in the Borough of Manhattan, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending West One Hundred and Thirty-fourth street, from Broadway to the Hudson river, in the Borough of Manhattan, City of New York.

Resolved, That the entire cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of Richmond—14.

#### OPENING WEST ONE HUNDRED AND THIRTY-FIFTH STREET, MANHATTAN.

The matter of opening West One Hundred and Thirty-fifth street across the tracks of the New York Central Railroad, which was laid over on December 18, was taken up.

The following report was placed on file:

DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE,  
December 21, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In regard to the opening of West One Hundred and Thirty-fifth street, from Twelfth avenue to the Hudson river, advertised for a hearing before the Board of Estimate and Apportionment on Tuesday, December 22, 1903, I would advise you that a conference between Mr. George A. Harwood, Assistant Engineer, representing the Railroad Company; Mr. N. P. Lewis, of the Board of Estimate and Apportionment, and Mr. Nichols of this office, was held to-day, and the Engineers representing the City are of the opinion that no crossing except that of a grade crossing, is practical at this point at the present time.

However, as the City only desires to obtain access to its water front property, it was proposed that the Railroad Company should furnish a right of way to the City between One Hundred and Thirty-fourth and One Hundred and Thirty-fifth streets, pending the acquisition of the land between One Hundred and Thirty-third and One Hundred and Thirty-fifth streets for the use of the marginal street.

I do not anticipate that this acquisition will be necessary for a number of years to come, but if the City is enabled to reach its property north of One Hundred and Thirty-fifth street by means of such a right of way, there is no immediate necessity for opening West One Hundred and Thirty-fifth street across the railroad tracks.

Mr. Place, general counsel of the New York Central and Hudson River Railroad Company, I am informed, will take up the matter with a view to securing the City means of access without the opening of this street, and I believe that this solution of the problem will be satisfactory to all parties concerned, including the lessee of the bulkhead.

Should the negotiations fail, I am of the opinion that the City should be in a position to immediately apply to the State Board of Railroad Commissioners for a grade crossing at this point, and I would therefore recommend that the Board adopt a resolution authorizing the Corporation Counsel to serve notice upon the Railroad Commissioners of the City's intention, and requesting the said Commissioners to set a time and place for a hearing, pursuant to the provisions of the Railroad Law, that the City and the Railroad Company may both be heard in the matter.

This resolution can then be held in abeyance pending the present negotiations.

Respectfully,

EUGENE McLEAN, Engineer.

After hearing Mr. Luce, representing the railroad company in opposition to the opening, and Mr. Peter A. Hendrick, representing property owners, in favor of the opening, the Comptroller moved that the matter be laid over until the first public improvement meeting in January, 1904, which motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, and the President of the Borough of Richmond—14.

#### REDUCTION OF ASSESSMENT ON PROSPECT AVENUE, THE BRONX.

The following petition, and report of the Chief Engineer were presented:

NEW YORK SUPREME COURT, NEW YORK COUNTY.

In the matter of the application of The City of New York, relative to acquiring title to Prospect avenue, from Crotona Park north, to East One Hundred and Eighty-ninth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

To the Board of Estimate and Apportionment of The City of New York:

The following owners of property, known by the block, ward and benefit numbers, set opposite their names respectively, proposed to be assessed in this proceeding, to the amount respectively recited in the report herein, as against said block and lot numbers:

Hugh E. Connelly and others, Block 2952, Ward 21, Benefit No. 42, and others, by Adolph C. Hottenroth, their attorney herein, respectfully petition your Honorable Board that a portion of the costs of the above entitled proceeding be assumed by The City of New York, for the following reasons:

First—That Prospect avenue as widened and improved is now one of the main arteries granting additional access to Crotona Park. It is a material benefit to the City at large, and is of the nature of a sanitary improvement.

Second—That heavy damages have been awarded in this proceeding by reason of the intended regulating of this street, at large cost and expenses, which cost has been assessed back upon the property in the assessment for benefits levied against the property of the above named owners, by reason of which expense said owners can receive no benefit.

Third—This street is purely a residential street, which class of property receives no benefit by reason of the fee of the street being vested in The City of New York, other than in abutting owners, and the mere widening of the street from fifty to sixty feet is of no financial benefit to property of this class.

Fourth—That the properties proposed to be assessed herein had ample means of access prior to the institution of this proceeding, which proceeding has resulted to their detriment more than the benefit, as it has now become a thoroughfare for the inhabitants of the lower portion of the City, particularly Manhattan Island, to reach one of the main entrances to Crotona Park, thereby causing an undesirable class of people to frequent the street, which was previously a select and exclusive residential avenue.

And your petitioners will ever pray, etc.

Respectfully submitted,

ADOLPH C. HOTTENROTH.

REPORT No. 1657.

November 7, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying petition, submitted through Mr. Adolph C. Hottenroth, attorney, asks that a portion of the expense of opening Prospect avenue, between Crotona Park North and East One Hundred and Eighty-ninth street, in the Borough of The Bronx, be borne by The City of New York. This relief is asked for the following reasons:

1. That Prospect avenue is one of the main arteries furnishing access to Crotona Park, and that its improvement might be called a sanitary measure.

2. That heavy damages have been awarded on account of the intended regulating of the street.

3. That it is purely a residential street, and that the property abutting on it receives no benefit by reason of the vesting of title in the City.

4. That the property owners have heretofore had ample access to their property, and that the opening will cause it to be used by residents of other sections to reach Crotona Park.

The reasons given in the petition, as just summarized, would apply to almost any street in The City of New York, and I do not think they are worthy of consideration.

Nearly a year ago the Corporation Counsel submitted to this Board a list of streets over 60 feet in width and on which opening proceedings were then pending, and your Engineer was instructed to estimate, as nearly as possible, what relief would be given the property owners on these streets by virtue of the rule adopted by the Board on July 25, 1902. On May 2 a preliminary report was submitted covering a number of these streets, the first of which was Prospect avenue, between Crotona Park North and East One Hundred and Eighty-ninth street.

In that report it was shown that the proceedings were authorized by the Board of Street Opening and Improvement on June 18, 1897, and that title to the land was vested in the City on May 9, 1898. The street is 70 feet in width between East One Hundred and Seventy-seventh and East One Hundred and Eighty-second streets, while for the remainder of its length it is 60 feet wide. Between Crotona Park North and East One Hundred and Eighty-second street it includes an old road formerly known as Prospect avenue, while between Grote street and East One Hundred and Eighty-ninth street it includes a road formerly known as Taylor avenue. Several houses were taken under the proceeding and 99 separate parcels were acquired.

The street, as opened, has an average width of 63.45 feet. Ten of the 99 parcels were included in old roads above named and cross streets, for each of which a nominal award of one dollar was made. The area which was considered dedicated would be equivalent to a strip 51.36 feet in width for the entire length of the street, so that there was acquired the equivalent of a strip only 12.09 feet wide between the terminal points.

The average width of the street being only 63.45 feet, if the proceeding were treated as a widening and in the most liberal way possible the City would assume 14.27 per cent. of the expense, while if treated as an ordinary opening under the rule of the Board it would assume 1.81 per cent. As the old roads were entirely local, it is recommended that an average of these two percentages be fixed upon as the amount of relief to be granted to the property owners, and that the City assume 8 per cent. of the cost of the proceedings.

The report is submitted at this time because the proceedings are ready for confirmation, and if any relief is to be granted it must be given promptly.

The total amount of awards when the first report was written in May last was \$73,363.85, while the preliminary assessments amounted to \$79,891.62. It is probable that there has been no material change since that time.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

After hearing Mr. Andrews, representing the petitioners, in support of the application, on motion of the President of the Board of Aldermen the following resolution was adopted:

Whereas, The Board of Street Opening and Improvement of the Corporation known as the Mayor, Aldermen and Commonalty of The City of New York initiated proceedings on the 18th day of June, 1897, for the opening and extending of Prospect avenue, from Crotona Park North to East One Hundred and Eighty-ninth street, and directed that the entire cost and expense of said proceeding should be assessed upon the property deemed to be benefited; and

Whereas, The Board of Estimate and Apportionment of The City of New York deem it to be fair and equitable that the City should assume 8 per cent. of the said cost and expense; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of law, hereby determines that 8 per cent. of the cost and expense of opening and extending Prospect avenue, between Crotona Park North and East One Hundred and Eighty-ninth street, in the Borough of The Bronx, shall be borne and paid by The City of New York, and the remainder of such cost and expense shall be assessed upon the property deemed to be benefited by such proceeding.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan and the President of the Borough of Brooklyn—13.

#### PARK SYSTEM FOR RICHMOND.

In accordance with the resolution adopted on December 11, Commissioner Willcox appeared and spoke in favor of the plan submitted for a system of parks and parkways in the Borough of Richmond.

The matter was laid over.

#### PARK AT DITMARS AVENUE, BARCLAY STREET, HOYT AVENUE AND THE EAST RIVER, QUEENS.

The matter of the proposed laying out of a park bounded by Ditmars avenue, Barclay street, Hoyt avenue and the East river, in the Borough of Queens, which was laid over on December 18, was taken up. Mr. Philbin, representing John D. Crimmins, and Mr. Benner, representing Mr. Juillard, appeared in favor of the proposed park.

No report having been received from the Park Commissioner, the Comptroller moved that the matter be laid over until December 29, which motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn and the President of the Borough of Richmond—14.

#### NEW YORK CENTRAL IMPROVEMENTS—RIGHT OF WAY UNDER ST. MARY'S PARK, THE BRONX.

The following communication from the Corporation Counsel was presented:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, December 17, 1903.

Hon. SETH LOW, Chairman of the Board of Estimate and Apportionment:

SIR—I enclose herewith a form of deed to be executed by you, as Mayor, to the New York and Harlem Railroad Company, conveying a right of way under St. Mary's Park, in the Borough of The Bronx. I have approved this instrument as to form. This form is also satisfactory to the counsel for the railroad company.

When an appropriate resolution has been adopted by the Board of Estimate and Apportionment authorizing the execution of this instrument, the same may properly be executed by you and delivered to the railroad company.

Respectfully yours,  
G. L. RIVES, Corporation Counsel.

The following resolution was then adopted:

Resolved, That the grant of that portion of St. Mary's Park to be conveyed to the New York and Harlem Railroad Company, in accordance with the provisions of chapter 424 of the Laws of 1903, be made by an instrument in writing in the form following; and that the Mayor be and he hereby is authorized to execute such instrument in the name of The City of New York, and on behalf of the Board of Estimate and Apportionment of The City of New York, pursuant to said chapter 424 of the Laws of 1903, and to cause the seal of said City of New York to be thereunto affixed and duly attested

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens—15.

This indenture, made this day of December, in the year one thousand nine hundred and three, by and between The City of New York, a municipal corporation, acting by its Board of Estimate and Apportionment, party of the first part, and the New York and Harlem Railroad Company, a railroad corporation duly organized and existing under the laws of the State of New York, party of the second part:

Whereas, The said New York and Harlem Railroad Company has, in the manner provided by the Railroad Law, altered and changed a part of the route of its branch railroad known as the Port Morris Branch, lying between the northerly side of Westchester avenue and the terminus of said branch railroad on the East river, both said route and the altered or changed route lying wholly within the Borough of The Bronx, County of New York; and

Whereas, The proposed new route passes through St. Mary's Park, in the said Borough; and

Whereas, The said company will abandon that portion of said route which is adjacent to and on the easterly side of St. Mary's Park; and

Whereas, The survey, map and certificate of such alteration or change has been submitted to the Board of Estimate and Apportionment of The City of New York for its approval, and has been approved by the said Board and has thereupon become effective, and the said survey, map and certificate were filed in the office of the Clerk of the County of New York on the 8th day of July, 1903:

Now, Therefore, pursuant to an Act entitled "An Act to provide for the abolition, discontinuance and avoidance of certain grade crossings in The City of New York, and to that end to authorize The City of New York to grant a right of way under St. Mary's Park, in the Borough of The Bronx, in the said City of New York, to the New York and Harlem Railroad Company, and to acquire from the said railroad company a part of its present roadway," being chapter 424 of the Laws of 1903, which became a law May 7, 1903, the following grant is made, and this indenture witnesseth as follows:

The party of the first part, for and in consideration of the sum of one dollar to it paid by the party of the second part, and in order to enable the party of the second part, or its lessee, the New York Central and Hudson River Railroad Company, to depress the Port Morris Branch of the railroad of the party of the second part from the northerly side of Westchester avenue to the terminus of said branch railroad on East river, and to construct the same upon the route and on the grades and in the manner shown in the plans and profiles thereof, submitted in duplicate by the said New York Central and Hudson River Railroad Company to the Board of Estimate and Apportionment of The City of New York for its approval, and approved by said Board on the first day of December, 1903, does hereby grant to the said party of the second part, its successors and assigns, the right to use and occupy for the purposes of its incorporation and during the term of its corporate existence, so much space as a right of way as is shown on said plans and profiles so approved, under the present and proposed surface of St. Mary's Park, a copy of that part of said plans and profiles showing such space being hereto annexed and forming a part of this description. This grant is made upon the condition that the said party of the second part, or its lessee, the New York Central and Hudson River Railroad Company, shall forthwith depress the said Port Morris Branch from the northerly side of Westchester avenue to a point near the terminus of said branch railroad on East river, and shall construct the same upon the route and on the grades and in the manner shown in the said plans and profiles so approved, and also upon the further condition that the said railroad corporations shall and will grant and convey in fee to The City of New York for the consideration of the sum of sixty thousand dollars (\$60,000) all of the real estate forming that portion of the now existing line of the railroad south of One Hundred and Forty-ninth street adjacent to St. Mary's Park which may be abandoned by reason of the alteration or change of route provided for in said chapter 424 of the Laws of 1903, and as shown on the said map, certificate and profile thereof filed on the 8th day of July, 1903.

To have and to hold the said right of way unto the said party of the second part, its successors and assigns forever.

In witness whereof, the party of the first part, acting by its Board of Estimate and Apportionment, has caused its corporate seal to be hereunto affixed and duly attested and this instrument to be signed by its Mayor, the day and year first above written.

#### OPENING HIGHBRIDGE PARK EXTENSION, MANHATTAN.

The following resolution of the Local Board of Washington Heights and report of the Chief Engineer were presented:

#### In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local

Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To acquire title to an addition to High Bridge Park to include therein all the land bounded and described as follows:

Beginning at a point in the easterly line of Edgcombe road, where it intersects the land of the Croton Aqueduct, near the southerly line of West One Hundred and Fifty-ninth street, produced easterly; thence northerly and along the easterly line of Edgcombe road to a point opposite the northerly line of West One Hundred and Seventy-second street; thence easterly to the westerly line of the land of the High Bridge Park; thence southerly along said line until it meets the land of the Croton Aqueduct at the centre line of old West One Hundred and Seventieth street; thence southerly along the westerly line of the land of the Croton Aqueduct to the point or place of beginning, the easterly line of Edgcombe road, near West One Hundred and Fifty-ninth street; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 15th day of December, 1903, all the members present voting in favor thereof.

Attest: GEORGE W. BLAKE, Secretary.

Approved this 16th day of December, 1903.

Estimated Cost, \$337,000.

JACOB A. CANTOR,  
President of the Borough of Manhattan.

REPORT No. 1705.

December 16, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on September 15, 1903, is designed to provide for acquiring title to an addition to High Bridge Park, the laying out of which was recommended by the Local Board; this laying out was approved by the Board of Estimate and Apportionment on December 11, 1903.

The resolution of the Local Board is based upon a petition signed by Theodore S. Gantz and six others, and requests that the entire cost of the proceeding be borne by The City of New York.

The change in plan having been made so recently, and the maps not yet having been prepared for filing, it may not be wise to authorize the acquisition of title at the present time, although it may be taken for granted that the Corporation Counsel could not take any steps in the proceeding until the maps shall have been so filed.

In the report submitted in connection with the change in the map, attention was called to the fact that there were 58 different parcels of land which would be included in the addition to the park, and that south of a point about 450 feet north of One Hundred and Sixty-sixth street, where the proposed addition is only about 10 feet wide, there are 54 of these parcels, all of which are small; and that condemnation proceedings would probably involve a much greater expense than would be incurred if these parcels could be purchased at private sale.

The total assessed value of the proposed addition, according to the tax rolls for 1903, is \$270,800, which includes one parcel now owned by the City and valued at \$5,000.

I assume that no part of the cost will be assessed upon the abutting property, and that there is therefore no legal obstacle to the purchase of part or all of the land desired, by private agreement.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The Comptroller moved that the matter be laid on the table.

Which motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—11.

Negative—President of the Borough of Manhattan—2.

#### LAND FOR FORDHAM HEIGHTS BRIDGE FROM MANHATTAN TO THE BRONX.

The following communication from the Bridge Commissioner and report of the Chief Engineer were presented:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,  
December 14, 1903.

To the Honorable the Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

GENTLEMEN—I transmit herewith a map showing the changes necessary in the map or plan of The City of New York to provide land required for the construction of the Fordham Heights Bridge, from Two Hundred and Seventh street, in Manhattan, to One Hundred and Eighty-fourth street, in The Bronx.

In Manhattan it is necessary to widen Two Hundred and Seventh street by acquiring a strip of land ten (10) feet wide on each side of the street, from Ninth avenue to River street.

In The Bronx it is necessary to acquire land between the bulkhead line of the Harlem river and the right of way of the New York Central and Hudson River Railroad Company, in addition to that shown on the map already approved by you under authority of chapter 423, Laws of 1903, and is, in effect, a strip of land fifteen (15) feet wide, outside of the neat lines of the bridge approach structure, as shown on said map.

This land is necessary in order to build the foundations of the structures and as a fire protection.

I hope you will be able to effect this change in the map or plan of the City without delay, so that steps may be taken immediately thereafter to acquire the whole body of land necessary to this improvement.

Respectfully,  
G. LINDENTHAL, Commissioner of Bridges.

REPORT No. 1706.

December 16, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—With the accompanying letter, dated December 14, 1903, the Commissioner of Bridges submits a map showing changes in the map of the City which he considers necessary to provide land required for construction of the Fordham Heights Bridge over the Harlem river, extending from Two Hundred and Seventh street in the Borough of Manhattan to One Hundred and Eighty-fourth street in the Borough of The Bronx.

The parcels which he wishes to acquire are on both sides of the river, and, in the judgment of your Engineer, involve two distinct methods of procedure. On the Manhattan side it is proposed to widen West Two Hundred and Seventh street from 100 feet to 120 feet by adding 10 feet to each side in order that room may be left for side roadways when the inclined approach leading to the bridge shall have been constructed. This is undoubtedly a change in the map or plan of the City which shall require a public hearing after ten days' advertising, for which the time remaining in the present year is too short.

In the Borough of The Bronx the Commissioner desires to secure a strip 15 feet in width outside of the bridge and its approaches, the plan for which was approved on December 4, 1903, in connection with the elimination of the grade crossings at Fordham Heights. This approval was given under the provisions of chapter 423 of the Laws of 1903, which makes the approval of this plan a change in the map of the City without the action of any other municipal body or officer. It would seem, therefore, that this land could be acquired under the provisions of section 1436 of the Greater New York Charter, although the Commissioner of Bridges has not given the value of the property to be so acquired; in fact, it is very difficult to obtain this value with any degree of accuracy, as the water front property

is assessed in large parcels, and an estimate of the value of the land which it is proposed to take would be mere guesswork.

Inasmuch as it would seem that two separate methods of procedure are necessary, it is suggested that the Commissioner of Bridges provide two separate plans, and address two separate communications to the Board.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The Comptroller moved that a copy of the Engineer's report be sent to the Commissioner of Bridges, which motion was carried by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

#### OPENING ONE HUNDRED AND NINETY-THIRD STREET, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

##### *In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for One Hundred and Ninety-third street, from the Grand Boulevard and Concourse to Jerome avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 3d day of September, 1903, Alderman Peck and the President of the Borough of The Bronx voting in favor thereof.

President of the Borough of The Bronx.

REPORT No. 1549.

October 7, 1903.

##### *Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:*

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on September 3, 1903, initiating proceedings for acquiring title to One Hundred and Ninety-third street between the Grand Boulevard and Concourse and Jerome avenue.

This street, between the limits named in the resolution, was laid out upon a map of the City on April 3, 1903, and has a width of 50 feet. It is not marked in any way upon the ground, and its line includes at least one building and possibly a portion of another. The street will form the northern boundary of St. James Park for the two blocks between Creston avenue and Jerome avenue.

I see no reason to prevent the authorization of this proceeding, and would recommend favorable action, the cost of the proceeding to be borne by the property to be benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of One Hundred and Ninety-third street, from the Grand Boulevard and Concourse to Jerome avenue, in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings in the name of The City of New York to acquire title, wherever the same has not heretofore been acquired, for the use of the public to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending One Hundred and Ninety-third street from the Grand Boulevard and Concourse to Jerome avenue, in the Borough of The Bronx, City of New York.

Resolved, That the entire cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

#### PARK AT AVENUES I AND J, EAST THIRTY-EIGHTH AND EAST THIRTY-NINTH STREETS, BROOKLYN.

The President of the Borough of Brooklyn moved that the matter of acquiring the land necessary for the park bounded by Avenue I, Avenue J, East Thirty-eighth street and East Thirty-ninth street, in the Borough of Brooklyn, which was before the Board on May 1, 1903, and then referred to the Comptroller, be taken up and that a resolution be adopted requesting the Corporation Counsel to take the necessary proceedings to acquire title to the land.

The Comptroller moved that the matter be laid over, which motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller and the President of the Board of Aldermen—9.

Negative—The President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—6.

#### OPENING FOREST AVENUE, RICHMOND.

The following resolution of the Local Board of Staten Island, Borough of Richmond, and report of the Chief Engineer were presented:

##### *In the Local Board of the Staten Island District, Borough of Richmond.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To open and extend Forest avenue, from Brooks avenue to Cherry lane at the Manor road, in the First Ward of the Borough of Richmond, as shown on the map or plan entitled, "Plan and profile showing the location and laying out and the grades of Forest avenue, from Brooks avenue to Cherry lane, at the Manor road, in the First Ward, Borough of Richmond, The City of New York," and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Staten Island District on the 3d day of July, 1903, all the members being present and voting in favor thereof.

Attest: MAYBURY H. FLEMING, Secretary.

Approved this 1st day of September, 1903.

GEORGE CROMWELL,

President of the Borough of Richmond.

REPORT No. 1561.

October 14, 1903.

##### *Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:*

SIR—Herewith is transmitted a resolution of the Local Board of the Staten Island District, Borough of Richmond, adopted on July 23, 1903, initiating proceedings for opening Forest avenue, between Brooks avenue and Manor road.

This street, comprising a length of one block, was laid out upon the map of the City on July 22, 1903, and has a width of 50 feet. The street is in use at the westerly (Manor road) end, where four houses have been erected. There are no buildings upon the land to be acquired.

The authorization of the opening is hereby recommended, the entire expense to be placed upon the property to be benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Forest avenue, between Brooks avenue and Manor road, First Ward, in the Borough of Richmond, City of New York, should be acquired by The City of New York;

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Forest avenue, between Brooks avenue and Manor road, in the Borough of Richmond, City of New York.

Resolved, That the entire cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

##### *In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing a sewer and appurtenances in East One Hundred and Sixty-ninth street, from Clay avenue to Findlay avenue, and in Teller avenue, from the first summit south of East One Hundred and Sixty-ninth street to the first summit north of East One Hundred and Sixty-ninth street, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 11th day of June, 1903, Aldermen Peck, Leitner, Harnischfeger and the President of the Borough of The Bronx voting in favor thereof.

Attest: HENRY A. GUMBLETON, Secretary to Local Board of Morrisania, Twenty-fourth District.

President of the Borough of The Bronx.

REPORT No. 1703.

December 10, 1903.

##### *Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:*

SIR—Herewith is transmitted a resolution adopted on June 11, 1903, by the Local Board of the Morrisania District, Borough of The Bronx, initiating proceedings for the construction of a sewer in East One Hundred and Sixty-ninth street, between Clay and Findlay avenues, and in Teller avenue, from the first summit south of East One Hundred and Sixty-ninth street to the first summit north of East One Hundred and Sixty-ninth street.

A narrow lane is in use along the line of East One Hundred and Sixty-ninth street, but the street has not otherwise been improved. Opening proceedings are in progress through that portion of it extending from Webster avenue to the Grand Boulevard and Concourse, and on this date, in connection with another improvement, recommendation has been made that title to it through the portion for which the sewer is proposed, shall be vested in the City on March 1, 1904.

Teller avenue is in use to the north of East One Hundred and Sixty-ninth street, and several dwellings have been erected upon the abutting property. Proceedings to open this street, between East One Hundred and Sixty-fourth street and East One Hundred and Seventieth street, were authorized on October 30, 1901, by the Board of Public Improvements, and the oaths of the Commissioners of Estimate and Assessment were filed on June 27, 1903; there are buildings upon the land to be acquired. I would recommend that for the purpose of carrying out this improvement, title to all of the land in Teller avenue lying between the northerly side of East One Hundred and Sixty-eighth street and East One Hundred and Seventieth street, be vested in the City on March 1, 1904.

The outlet sewer has been constructed, and the authorization of the work proposed is hereby recommended, the same comprising the following:

- 218 linear feet of 15-inch pipe sewer.
- 1,130 linear feet of 12-inch pipe sewer.
- 15 manholes.
- 3 receiving basins.

The estimated cost of construction is \$15,000, and the assessed valuation of the real estate to be benefited is \$59,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Whereas, The Board of Public Improvements on the 30th day of October, 1901, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Teller avenue, between East One Hundred and Sixty-fourth street and East One Hundred and Seventieth street, in the Borough of The Bronx, City of New York, and

Whereas, It appears to the Board of Estimate and Apportionment, from the surveys made and information furnished to it, that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said Teller avenue; and

Whereas, The said Board has received written notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said Teller avenue, and that the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law, on the 27th day of June, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1904, the title to each and every piece or parcel of land lying within the lines of said Teller avenue lying between the northerly side of East One Hundred and Sixty-eighth street and East One Hundred and Seventieth street, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens—12.

#### IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 11th day of June, 1903, and approved by the President of the Borough of The Bronx on the 13th day of June, 1903, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For constructing a sewer and appurtenances in East One Hundred and Sixty-ninth street, from Clay avenue to Findlay avenue; and in Teller avenue, from the first summit south of East One Hundred and Sixty-ninth street to the first summit north of East One Hundred and Sixty-ninth street, in the Borough of The Bronx, City of New York."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$15,000; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$59,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—13.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

President of the Borough of The Bronx.

REPORT No. 1702.

December 10, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution providing for regulating, grading and building steps in East One Hundred and Sixty-ninth street, between Webster and Clay avenues, was adopted on June 11, 1903, by the Local Board of the Morrisania District, Borough of The Bronx.

This street has been laid out upon the City map to have a width of 30 feet, the grade being too steep to permit of the construction of a roadway, but it is intended to provide an outlet for foot traffic across the very long stretch between East One Hundred and Sixty-eighth and East One Hundred and Seventieth streets.

Proceedings to open East One Hundred and Sixty-ninth street, between Webster avenue and the Grand Boulevard and Concourse, were authorized on June 12, 1903, and the oaths of the Commissioners of Estimate and Assessment were filed on December 1 last. The street is not in use upon the ground, but the improvement being in my judgment a proper one, its authorization is recommended.

The work to be done comprises the following:

- 280 cubic yards of earth and rock excavation.
- 625 cubic feet of cut stone masonry.
- 250 cubic yards of random ashlar and rubble.
- 300 square yards of asphalt pavement.
- 300 linear feet of hand rail.

The estimated cost of construction is \$5,000, and the assessed valuation of the property to be benefited is \$107,150.

There are no buildings upon the land to be acquired, and, inasmuch as a sewer is desired through the two adjoining blocks of East One Hundred and Sixty-ninth street, I would recommend that title to this street, between the westerly side of Findlay avenue and Webster avenue, be vested in the City on March 1, 1904.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Whereas, The Board of Estimate and Apportionment on the 12th day of June, 1903, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East One Hundred and Sixty-ninth street between Webster avenue and the Grand Boulevard and Concourse, in the Borough of The Bronx, City of New York; and

Whereas, It appears to the Board of Estimate and Apportionment, from the surveys made and information furnished to it, that there are no buildings upon the lands that shall or may be required for the purpose of opening and extending said East One Hundred and Sixty-ninth street; and

Whereas, The said Board has received written notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said East One Hundred and Sixty-ninth street, and that the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law, on the 1st day of December, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of March, 1904, the title to each and every piece or parcel of land lying within the lines of said East One Hundred and Sixty-ninth street between the westerly side of Findlay avenue and Webster avenue, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, Comptroller, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—13.

#### IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 11th day of June, 1903, and approved by the President of the Borough of The Bronx on the 13th day of June, 1903, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating and grading, building steps, railing, etc., in East One Hundred and Sixty-ninth street, from Webster avenue to Clay avenue, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$5,000; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$107,150, having also been presented; it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—13.

The following resolution of the Local Board of Newtown, Borough of Queens, affidavits and report of the Chief Engineer were presented:

#### In the Local Board of the Newtown District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Construction of a sewer in Ninth street, from Elmhurst avenue to a point 350 feet south of Lamont avenue, and in Tenth street, from Elmhurst avenue to a point 125 feet south of Lamont avenue, Second Ward, Borough of Queens; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

REPORT NO. 1701.

December 9, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on November 10, 1902, initiating proceedings for the construction of the following sewers:

Ninth street, between Elmhurst avenue and a point 350 feet south of Lamont avenue.

Tenth street, between Elmhurst avenue and a point 125 feet south of Lamont avenue.

Both of these streets have been laid out upon the map of the City, and the sewers are shown on the approved drainage map. The resolution is accompanied by the affidavits of Christian M. Meyer and Bernard Suydam, certifying that each street, between the limits named in the resolution, has been thrown open to public use as a street or highway for a width of 50 feet for more than five years, and that

its dedication to such use has been evidenced by the acts of the owners of abutting property and by those of the public officials.

The roadway of both of these streets has been curbed and macadamized and the sidewalks have been flagged. A large number of frame dwellings have been erected upon the abutting property, and such portions of the outlet sewer as are lacking have been made the subjects of favorable report upon this date.

The evidences of partial dedication, in my judgment, being satisfactory, the authorization of the improvement is hereby recommended. The work to be done comprises the following:

40 linear feet of 12-inch pipe sewer.

2,600 linear feet of 8-inch pipe sewer.

23 manholes.

The estimated cost of construction is \$5,600, and the assessed valuation of the property to be benefited is \$83,500.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 10th day of November, 1902, and approved by the President of the Borough of Queens on the 10th day of November, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"Construction of a sewer in Ninth street, from Elmhurst avenue to a point 350 feet south of Lamont avenue, and in Tenth street, from Elmhurst avenue to a point 125 feet south of Lamont avenue, Second Ward, Borough of Queens."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$5,600, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$83,500, having also been presented; it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

REPORT No. 1700.

December 9, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 2, 1902, initiating proceedings for the construction of a sewer in Sixth street, between Orchard and Ludlow avenues, in the Second Ward.

This street has been laid out upon the map of the City to have a width of 60 feet, and the resolution is accompanied by the affidavits of Christian M. Meyer and S. J. Campbell, certifying that for more than five years the street between the limits named in the resolution has been dedicated to public use for a width of 50 feet, and that this dedication has been marked by the acts of the owners of abutting property and by those of the public officials.

Between Ludlow and Elmhurst avenues the street has been curbed, flagged and macadamized, and the abutting property has been substantially built up with frame dwellings. Between Elmhurst and Orchard avenues the roadway has been roughly graded, but there is no evidence of an acceptance of the dedication on the part of the City, and no houses have been built upon the abutting property. The resolution, however, is accompanied by an easement executed by the owners of the land lying between Elmhurst and Orchard avenues, the Cord Meyer Company, through Christian M. Meyer, its Secretary, granting in perpetuity to The City of New York an easement for the purpose of constructing, maintaining and repairing the proposed sewer. Under an opinion of the Corporation Counsel of December 4, 1903, it would appear that the partial dedication of the street between Elmhurst and Ludlow avenues, as shown by the affidavits, may be considered as a sufficient warrant for the carrying out of the improvement by the City within the width dedicated.

The construction of the necessary outlet sewers has been made the subject of a favorable report upon this date, and the approval of the resolution now submitted is hereby recommended. The work to be done comprises the following:

495 linear feet of 12-inch pipe sewer.  
625 linear feet of 10-inch pipe sewer.  
840 linear feet of 8-inch pipe sewer.  
16 manholes.

The estimated cost of construction is \$4,400, and the assessed valuation of the property to be benefited is \$68,650.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 2d day of September, 1902, and approved by the President of the Borough of Queens on the 2d day of September, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"Construction of a sewer in Sixth street, between Orchard and Ludlow avenues, Second Ward, Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$4,400; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$68,650, having also been presented it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and President of the Borough of Queens—12.

REPORT No. 1699.

December 9, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 2, 1902, initiating proceedings for the construction of a sewer in Fourth street, between Orchard and Ludlow avenues, in the Second Ward.

This resolution covers a length of three blocks of Fourth street, which has been laid out upon the map of The City and for which a sewer plan has been adopted. Title to this street has not been formally acquired, but the resolution is accompanied by the affidavits of Frank M. Walsh and Christian M. Meyer, setting forth that for more than five years this street has been thrown open to public use within the limits named for a width of 50 feet, and that its dedication has been made evident by the acts of the owners of the abutting property and by those of the public officials. I find that the evidences of dedication are not as satisfactory for the block between Orchard and Elmhurst avenues as could be desired, but to remove any uncertainty in this particular an easement has been executed by the owner of the fee of the street, the Cord Meyer Company, through Christian M. Meyer, is Secretary, granting in perpetuity the right to construct, maintain and repair the proposed sewer.

Between Elmhurst and Ludlow avenues the street has been partly curbed and flagged and has been macadamized, and a few buildings have been erected along its line. The street is laid out upon the map of the City to have a width of 60 feet, while the dedication, as already noted, includes only a width of 50 feet. Under an opinion of the Corporation Counsel of December 4, 1903, in the matter of a sewer in Vietor place, it is held that the dedication of a portion of the width of a street is a sufficient warrant for the occupancy of that portion of it by the City in carrying out improvements. It therefore appears that sufficient title has been acquired to warrant the authorization of the proposed work.

A resolution providing for the necessary outlet sewer has been made the subject of a favorable report upon this date, and the approval of the one herewith submitted is recommended. The work to be done comprises the following:

490 linear feet of 12-inch pipe sewer.  
1,054 linear feet of 8-inch pipe sewer.  
12 manholes.

The estimated cost of construction is \$3,400, and the assessed valuation of the property to be benefited is \$33,150.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT No. 755.

December 9, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 2, 1902, initiating proceedings for the construction of a sewer in Seventh street, between Orchard and Ludlow avenues, in the Second Ward.

This resolution is accompanied by the affidavits of Christian M. Meyer and John W. Gimmer, setting forth that for a period of five years this street, between the limits named in the resolution, has been thrown open to public use as a street or highway for a width of 50 feet, and that such dedication has been accepted by the public authorities.

This street was laid out upon the map of Elmhurst, approved by the Board of Public Improvements on May 9, 1900, but the width provided for on the said map is 100 feet, so that the City has acquired an easement through a width of only about one-half the total, which, however, is sufficient for the construction of a sewer, and its occupancy for such purpose is justified under the opinion of the Corporation Counsel of December 4, 1903.

I find, however, that the existing conditions in the block between Elmhurst and Orchard avenues do not justify the affidavits, the street never having been used, and being without any visible mark of dedication. To offset this defect there has been executed by the owners of the land, the Cord Meyer Company, by Christian M. Meyer, its Secretary, an easement granting in perpetuity to the City of New York the right to construct, maintain and repair the proposed sewer.

The roadway is in use between Elmhurst and Whitney avenues, and the same has been roughly graded. Between Whitney and Ludlow avenues, the roadway has been macadamized, sidewalks have been laid, and the abutting property has been very largely built up. The sewer has been laid down upon the drainage map of the City, and the outlet sewers have either been provided or been made the subject of favorable reports upon this date.

The approval of the resolution now submitted is hereby recommended, the work to be done comprising the following:

- 600 linear feet of 2 feet 6 inch brick sewer.
- 35 linear feet of 12-inch pipe sewer.
- 510 linear feet of 10-inch pipe sewer.
- 890 linear feet of 8-inch pipe sewer.
- 17 manholes.

The estimated cost of construction is \$7,100, and the assessed valuation of the property to be benefited is \$51,600.

Respectfully,

REPORT No. 754.

December 9, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 2, 1902, initiating proceedings for the construction of a sewer in Eleventh avenue, between Elmhurst and Lamont avenues, in the Second Ward.

The papers accompanying this resolution refer to the street for which the improvement is proposed as Eleventh street, which apparently is the correct name; I believe that there can be no question as to location of the street, and do not assume that the error in its designation in the resolution can lead to any possible doubt as to the one for which the improvement is intended.

This street is located in what is known as Elmhurst, the sewer is laid down upon a drainage map which has already been approved, and the street itself was placed upon the map of The City of New York on May 9, 1900. The resolution is accompanied by the affidavits of Christian M. Meyer and Bernard Suydam, setting forth that the street between the limits named in the resolution has for a period of five years been thrown open to public use for its full width, and that the dedication has been accepted by the City officials.

I find that a considerable part of the intersection of Lamont avenue and Eleventh street is outside of the property which originally formed a portion of this development, and that it has never been dedicated to public use; the resolution, however, is accompanied by an easement executed by the owner of this land, the Cord Meyer Company, through Christian M. Meyer, its secretary, granting in perpetuity an easement for the purpose of constructing, repairing and maintaining a sewer across the private land at the westerly corner formed by the intersection of Lamont avenue and Eleventh street.

The street has been graded and curbed and a portion of the sidewalk has been laid. The roadway is but slightly used and is in poor condition, but the evidences are sufficient to justify the assumption of the necessary title to carry out this improvement. The lacking portion of the outlet sewers has been made the subject of a favorable report upon this date, and the authorization of the work now proposed is recommended, the same comprising the following:

- 45 linear feet of 12-inch pipe sewer.
- 1,255 linear feet of 8-inch pipe sewer.
- 9 manholes.

The estimated cost of construction is \$2,600, and the assessed valuation of the property to be benefited is \$7,300.

REPORT No. 753.

December 9, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 2, 1902, initiating proceedings for the construction of sewers in Ludlow avenue, between Whitney avenue and Eighth street, and in Eighth street, between Ludlow and Lamont avenues, in the Second Ward.

The streets named in this resolution are located within the limits of the district known as Elmhurst, the street plan for which was adopted by the Board of Public Improvements on May 9, 1900. These sewers are laid down upon a drainage map approved by the Board of Estimate and Apportionment on September 16, 1903.

Eighth street, as incorporated in the map of the City, has a width of 60 feet, which corresponds with the width on the ground. Ludlow avenue was originally laid out, in developing this property, to have a width of 60 feet, but the map adopted by the Board of Public Improvements provides for a width of 80 feet between Eighth street and Charles place, and for a width of about 180 feet between Charles place and Broadway.

With this resolution there are submitted the affidavits of Bernard Suydam and Christian M. Meyer, setting forth that Eighth street, between the limits named for this improvement, has been dedicated by abutting owners to public use for its full width, and that such dedication has been accepted by public officials. There are also submitted the affidavits of Peter Heipt and Christian M. Meyer, setting forth that Ludlow avenue, between the limits named in the resolution, has been similarly dedicated to public use for a width of 60 feet.

It will be noted that the dedication of Ludlow avenue is incomplete, but, under an opinion of the Corporation Counsel of December 4, 1903, the portion dedicated may be entered upon by the City for the construction of a sewer.

Ludlow avenue has been curbed and flagged, and a portion of the roadway lying between the trolley tracks, which extend for its full length, has been paved. Eighth street has been graded, curbed and flagged, the water and gas mains have been laid through both of the streets named, and there are a considerable number of buildings along the line of each.

The outlet sewer has been built, and the disposal works are now being constructed. I would recommend that the resolution herewith presented be approved.

The work to be done comprises:

1,105 linear feet of 15-inch pipe sewer.

980 linear feet of 12-inch pipe sewer.

518 linear feet of 8-inch pipe sewer.

16 manholes.

The estimated cost of the improvement is \$6,500, and the assessed valuation of the property to be benefited is \$54,300.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 2d day of September, 1902, and approved by the President of the Borough of Queens on the 2d day of September, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"Construction of a sewer in Ludlow avenue, between Whitney avenue and Eighth street, and in Eighth street, between Ludlow avenue and Lamont avenue, Second Ward, Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$6,500, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$54,300, having also been presented; it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens—12.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 30th day of July, 1903, hereby determines to initiate proceedings to construct sewer in Fifty-fifth street, between Fifteenth avenue and New Utrecht avenue, in the Borough of Brooklyn.

Estimated cost, \$6,800. Assessed valuation, \$139,800; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 30th day of July, 1903, President Swanstrom and Aldermen Malone and Lundy voting in favor thereof. Attest: JUSTIN MCCARTHY, JR., Secretary.

Acting President of the Borough of Brooklyn and Commissioner of Public Works.

REPORT No. 1520.

October 5, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on July 30, 1903, initiating proceedings for the construction of a sewer in Fifty-fifth street, between Fifteenth and New Utrecht avenues.

This improvement comprises a length of two blocks, title to which has never been formally acquired; the resolution, however, is accompanied by affidavits certifying that it has been dedicated to public use.

On April 3, 1903, the regulating and grading of these two blocks was authorized, the dedication to public use having then been shown to be satisfactory. Both blocks have been improved by the erection of a large number of detached dwellings.

The outlet sewers having been built or placed under contract, and there being no legal obstacle to the authorization of the work now proposed, such authorization is hereby recommended, the work comprising the following:

100 linear feet of 15-inch pipe sewer;

1,380 linear feet of 12-inch pipe sewer;

15 manholes;

1 receiving basin.

The estimated cost of construction is \$6,800, and the assessed valuation of the property to be benefited is \$139,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For regulating and grading and paving with asphalt on a concrete foundation East One Hundred and Forty-sixth street, from Mott avenue to Walton avenue, and setting curb and flagging thereon, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 11th day of May, 1903, Aldermen Peck, Harnischfeger, Leitner and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest: HENRY A. GUMBLETON, Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 13th day of June, 1903.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 1505.

September 28, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on July 31, 1903, there was presented a resolution of the Local Board of the Morrisania District, Borough of The Bronx, providing for grading and paving East One Hundred and Forty-sixth street, from Mott avenue to Walton avenue, with asphalt.

In my report submitted on that date it was shown that both the water main and the sewer were lacking, and it was recommended that the resolution be returned to the President of the Borough for amendment by omitting the pavement, or that it be withheld until after the subsurface improvements had been completed.

The Borough President, under date of August 11, has addressed a communication to the Board stating that there does not seem to be any good reason why the pavement

should not be included in the contract for regulating and grading, as it is probable that no sewer will ever be required in this street, the houses draining into the sewers at both ends of the block, which is a short one.

This seems sufficient reason, and although the Borough President says nothing about the missing water main, which should certainly be laid before an asphalt pavement is put down, favorable action upon the resolution is recommended, assuming that the water main will be laid before the work provided for by this resolution is undertaken.

The estimated amount of work involved is as follows:

2,650 cubic yards of earth and rock excavation;

400 cubic yards of filling;

350 linear feet of new curb;

1,520 square feet of old and new flagging;

620 square yards of asphalt pavement.

The estimated cost of the improvement is \$4,000, and the assessed valuation of the property to be benefited is \$36,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT No. 1558.

October 14, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Staten Island District, Borough of Richmond, adopted on May 11, 1903, initiating proceedings for regulating, grading and macadamizing the following streets:

Hatfield avenue, between Richmond and Nicholas avenues;

Lafayette avenue, between Hatfield and Harrison avenues;

Sharp avenue, between Hatfield and Harrison avenues; and

Elm street, between Hatfield and Harrison avenues.

These streets were laid out on the map of the City on September 30, 1903. They were accepted as public streets in 1897 by the Board of Trustees of the village of Port Richmond at the request of owners of the property fronting upon their lines.

The construction of a sewer in Hatfield avenue was authorized in 1902, and the work has now been completed. The gas and water mains have also been provided in Hatfield avenue. The subsurface improvements are lacking on the three remaining streets affected by this resolution, but there does not seem to be any reason why they should be required, each of the blocks having a frontage of only 200 feet, while the lots face on the cross streets.

There are about thirty houses on the line of Hatfield avenue, the roadway of which is extensively used and has been roughly shaped. The roadways of the remaining streets are used, and each is lit at the expense of the City.

This improvement, in my judgment, is a desirable one, and its authorization is hereby recommended, the work to be done comprising:

600 cubic yards of grading.

300 square yards of dish gutter.

6,650 square yards of macadam.

The estimated cost of construction is \$9,200 and the assessed valuation of the property to be benefited is \$130,150.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

President of the Borough of Richmond.

REPORT No. 1557.

October 14, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Staten Island District, Borough of Richmond, adopted on March 19, 1903, initiating proceedings for regulating, grading, curbing and macadamizing Waters avenue, between Livermore avenue and Jewett avenue.

This street was laid out upon the map of the City on September 30, 1903. The improvement now proposed extends for a length of eleven short blocks. The street has been shaped and graded, a board walk has been provided, and in a few sections cement curb has been laid. Several of the intersecting corners have been improved by the erection of detached dwellings.

The gas main has been laid in but one block. No water main has been provided, nor has a sewer been built. The blocks have a frontage of about 150 feet, and the lots face upon the cross streets, so that there is little probability of subsurface improvements being needed in this street, at any rate for a great many years to come.

Title to the land was acquired in 1897, when it was deeded to the village of New Brighton.

Favorable action upon this resolution is recommended, the work to be done comprising the following:

3,645 linear feet of curbing.

1,710 square yards of brick gutter.

4,450 square yards of macadam.

5,190 linear feet of 4-inch drain pipe.

The estimated cost of construction is \$14,700 and the assessed valuation of the property to be benefited is \$39,750.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Staten Island District, duly adopted by said Board on the 19th day of March, 1903, and approved by the President of the Borough of Richmond on the 23d day of March, 1903, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate and grade Waters avenue, from the west side of Livermore avenue to the west line of Jewett avenue, in the First Ward of the Borough of Richmond, and to pave the roadway thereof with macadam pavement, and to lay brick gutters, and to set bluestone curbs, and to lay pipe drain and appurtenances; as described in a statement entitled: "Statement in relation to regulating, grading and paving with

macadam pavement Waters avenue, from Livermore avenue to Jewett avenue," dated March 14, 1903, and to do such other work as may be necessary to the completion of the work described."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$14,700; and a statement of the assessed value, according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$39,750, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of The Bronx and the President of the Borough of Richmond—13.

The Board then took up the consideration of financial matters.

The bones, etc., to be accumulated by the Department during the year 1904, estimated at 25 tons, more or less, to be received at Storehouse Pier, Blackwell's Island, not less than three times weekly, in a covered wagon, to be transported to and from Blackwell's Island by the boats of the Department, the Commissioner reserving the right to order more frequent removals of the bones if deemed necessary.

Bones, 17 tons (2,000 pounds to the ton).  
Iron-bound barrels, 150.  
Kerosene oil barrels, 100.

Old iron, 10 tons (2,000 pounds to the ton).  
Rags, 8,000 pounds.  
Grease, 33,000 pounds.

All quantities to be "more or less." All qualities to be "as are." All the above (except bones) to be received by the purchaser at Pier foot of East Twentieth street, and removed therefrom immediately upon being notified that same are ready for delivery.

Each successful bidder will be required to pay twenty-five per cent. of the estimated amount of his purchase to me at the time and place of sale, and the balance to the General Storekeeper, at Blackwell's Island, in cash or certified check on a New York City bank, upon delivery of the goods.

The Commissioner reserves the right to order resale of any goods that shall NOT have been removed by the purchaser within TEN days after he shall have been notified that they are ready, and in case of such resale to forfeit to the use of the Department of Correction the TWENTY-FIVE PER CENT. paid in at the time and place of sale. Goods can be examined at Blackwell's Island by intending bidders on any week day before the day of sale.

FRANCIS J. LANTRY,

Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE, January 21, 1904.

BRYAN L. KENNELLY, AUCTIONEER.  
CORPORATION SALE OF REAL ESTATE.  
PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on

THURSDAY, FEBRUARY 11, 1904,

at 12 o'clock M., at the Brooklyn Real Estate Exchange (Limited), No. 189 Montague street, Borough of Brooklyn, City of New York, certain premises situated in the Borough of Brooklyn, and described as follows:

All that certain piece or parcel of land situate on the southeasterly corner of Avenue U and Ocean avenue, in the Thirty-first Ward of the Borough of Brooklyn, beginning at the point of intersection of the easterly side of Ocean avenue with the southerly side of Avenue U; running thence southerly along the easterly side of Ocean avenue 14.90 feet; thence easterly at right angles to Ocean avenue 177.57 feet; thence northwesterly 15.75 feet to the southerly side of Avenue U; thence westerly along the southerly side of Avenue U 174.35 feet to the point or place of beginning being a portion of the premises which were conveyed to the Trustees of School District No. 2 of the Town of Gravesend by Lucas J. Voorhees, by deed recorded in the Register's Office of the County of Kings, in Liber 1336 of Conveyances, page 78.

The minimum or upset price at which the said premises can be sold is fixed and determined by the

Commissioners of the Sinking Fund, at the sum of Seven Hundred Dollars (\$700). The sale of said premises, to be made upon the following

#### TERMS AND CONDITIONS OF SALE.

The highest bidder for said parcel will be required to pay twenty-five per cent. of the amount of his bid or purchase money and the auctioneer's fee of \$25 at the time of sale, and the remaining seventy-five per cent. upon the delivery of the deed, which is to be a bargain and sale deed. The deed for the premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency resulting from such resale.

The Comptroller reserves the right to reject any and all bids which are not for the best interests of the City. The map of the property to be sold may be seen upon application at the Comptroller's Office, Room 157, No. 280 Broadway, Borough of Manhattan, City of New York.

By order of the Commissioners of the Sinking Fund, under resolution adopted January 20, 1904.

—that the same were confirmed by the Board of Assessors on January 21, 1904, and entered on January 22, 1904, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. until 12 M., and all payments made thereon on or before March 22, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WESTCHESTER AVENUE (although not yet named by proper authority) from the Bronx river to Main street, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 31st day of December, 1901, and duly entered in the office of the Clerk of the County of Kings, at his office in the Borough of Brooklyn, in The City of New York, on the 6th day of January, 1902, and in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 17th day of January, 1902, and in the office of the Clerk of the County of Westchester at his office at White Plains, Westchester County, in the State of New York, on the 17th day of January, 1902, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, No. 172, Annexed Territory, Commissioners of Estimate and Assessment, for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of January, 1902, in the office of the Clerk of the County of Kings on the 6th day of January, 1902, and in the office of the Clerk of the County of Westchester on the 17th day of January, 1902, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

Notice is hereby further given that by an order of the Supreme Court, duly filed and entered in the office of the Clerk of the County of Westchester on January 6, 1904; in the office of the Clerk of the County of Kings on January 6, 1904, and in the office of the Clerk of the County of New York on January 7, 1904, and a copy of which order was filed in the office of the Register of the County of New York on the 7th day of January, 1904, the above-entitled proceeding was duly and regularly amended by excluding therefrom the property not required for the opening of said avenue and by including therein certain additional pieces of land, which, together with the lands to be excluded, are more particularly described and bounded in the petition attached to said order.

All parties and persons interested in the real estate taken or to be taken under this order for the purpose of acquiring said street or avenue or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned, Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 3d day of March, 1904, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimants or claimants, or such additional proofs and allegations as may then be offered by such owners or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, CITY OF NEW YORK, February 3, 1904.

## FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to Pier, old No. 18, East river, in the Borough of Manhattan, The City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof not now owned by The City of New York, for the improvement of the water front of The City of New York on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 19th day of November, 1903, and filed and entered in the office of the Clerk of the County of New York on the 1st day of December, 1903, Commissioners of Estimate and Assessment in the above-entitled proceeding for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the wharf property, wharfage rights, terms, easements, emoluments and privileges to be taken herein for the improvement of the water front on the East river, in the Borough of Manhattan, and which said wharf property, wharfage rights, terms, easements, emoluments and privileges so to be taken, are described as follows:

All the interest in the pier known as Pier, old No. 18, East river, near the foot of Maiden lane, in the Borough of Manhattan, City of New York, not now owned by The City of New York, said pier being an undivided half interest; said pier is situated about 7 feet westerly of Maiden lane, and is bounded and described as follows, to wit:

Beginning at a point in the old bulkhead at the foot of Maiden lane, between Piers, old No. 18 and old No. 19, East river, distant 12.5 feet westerly from that point in said bulkhead where the southerly extension of the westerly line of Maiden lane intersects the same, and running thence southerly along the easterly side of Pier, old No. 18, a distance of about 139.5 feet;

Thence deflecting to the west and running still southerly along the easterly side of said pier a distance of 75 feet;

Thence deflecting to the west and running still southerly along the easterly side of said pier a distance of 125 feet;

Thence deflecting to the east and running still southerly along the easterly side of said pier a distance of 50 feet;

Thence deflecting to the east and running still southerly along the easterly side of said pier a distance of 59 feet to the outer end of said pier;

Thence westerly along the outer end of said pier 35 feet to the westerly side of Pier, old No. 18;

Thence northerly along the westerly side of said pier a distance of 60 feet;

Thence deflecting to the east and running still northerly along the westerly side of said pier a distance of 175 feet;

Thence deflecting to the west and running still northerly along the westerly side of said pier a distance of about 21 feet to the present bulkhead between Piers, old No. 17 and old No. 18;

Thence easterly along the present bulkhead or northerly end of said pier 33.75 feet to the point or place of beginning.

All parties and persons interested in the said wharf property, wharfage rights, terms, easements, emoluments and privileges taken or to be taken for the said improvement of the water front of The City of New York on the East river, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice, and we, the said Commissioners, will be in attendance at our office above specified on the 25th day of February, 1904, at 10.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, or at such other or further times and places as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimants or claimants, or such additional proofs or allegations as may be then offered by such owners, or on behalf of The City of New York.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

### NOTICE TO CONTRACTORS.

### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
