PUBLIC NOTICE IS HEREBY GIVEN PURSUANT to law that at a meeting of the Board of Estimate and Apportionment, held March 10, 1916, the following petition was received:

Board of Estimate and Apportionment of The City of New York.

Petition in the matter of the application of The Long Island Railroad Company for the consent of The City of New York to the construction and operation of a branch of its railroad, to be known as the Creedmoor-Flushing Branch, across certain streets, avenues or highways in the Borough of Queens, in The City of New York.

To the Honorable the Board of Estimate and Apportionment of the City of New York:

The Long Island Railroad Company, the petitioner herein, alleges as follows:

I. That it is a domestic railroad corporation organized and existing under and pursuant to the provision of Chapter 178 of the Laws of 1884, the acts amendatory thereof and supplementary thereto, and the Railroad Law of the State of New York.

II. That on April 29th, 1839, an act to amend the Charter of The Long Island Railroad Company was passed by the legislature of the State of New York and subsequently became Chapter 277 of the Laws of 1839. That the third section of said act reads as follows:

"Section 3. The said corporation are hereby authorized to construct such branch railroads in any part of Long Island as they may deem expedient and necessary in cases where the landholders may offer the land required for those purposes, free of expense; but no branch road shall be constructed at the expense of the said corporation until they shall have completed and ready to put into operation the main track of their said road."

III. That on April 21st, 1862, an act to amend said Chapter 277 of the Laws of 1839 was passed by the legislature of the State of New York and subsequently became Chapter 413 of the Laws of 1862. That said act reads as follows:

"Section 1. The third section of the act entitled 'An Act to Amend the Charter of the Long Island Railroad Company,' passed April twenty-ninth, eighteen hundred and thirty-nine, is hereby amended so as to read as follows:

"The said corporation are hereby authorized to construct such branch railroad in any part of Long Island, except the County of Kings, as they may deem expedient and necessary, subject to the provisions of the general railroad law, provided that no such branch railroad be constructed west of the eastern boundary of the village of Jamaica.

"Section 2. This act shall take effect immediately."

IV. That on January 27th, 1916, the Public Service Commission of the State of New York for the First District made an order dated on that day granting to The Long Island Railroad Company the permission and approval of said Commission to the construction of a branch line of railroad from the end of its tracks at Creedmoor to a point west of Lawrence Street, Flushing, all within The City of New York, and to the exercise of such franchise or right as it may possess under the provisions of Section 3 of Chapter 277 of the Laws of 1839 as amended by Chapter 413 of the Laws of 1862. By the terms of said order such permission and approval was conditioned upon and was not to take effect until the said Railroad Company should have obtained from The City of New York the franchise or right to cross certain existing streets, avenues or highways hereinafter named. That the terms of said order, a copy of which is attached hereto, marked "Schedule A," were accepted by the said The Long Island Railroad Company.

V. That on January 31st, 1916, the Public Service Commission of the State of New York for the First District made an order, dated on that day, by the terms of which it determined the manner in which the aforesaid proposed Creedmoor-Flushing Branch of the Long Island Railroad should cross the said streets, avenues or highways within The City of New York above mentioned and hereinafter enumerated. That the terms of said order, a copy of which is attached hereto, marked "Schedule B," are acceptable to The Long Island Railroad Company.

V. That the petitioner herein, The Long Island Railroad Company, desires to construct and operate the aforesaid proposed Creedmoor-Flushing Branch of its railroad in accordance with the authority conferred upon it by its charter as amended by the acts hereinabove specifically enumerated, as well as the Railroad Law of the State of New York, and in accordance with the provisions of the aforesaid orders of the Public Service Commission of the State of New York for the First District, dated respectively January 27th and January 31st, 1916. That the streets, avenues or highways within The City of New York required to be crossed by said branch railroad are Springfield Boulevard (Rocky Hill Road), Black Stump Road, Queens Road, North Hempstead Turnpike, Lawrence Road, Fresh Meadow Road, Underhill Avenue (Jamaica Avenue), Jagger Avenue (Remsen Road), Hammett Avenue (Hillside Drive), and Lawrence Street. That the location of said streets, avenues or highways with respect to the proposed branch railroad of the petitioner and the manner of crossing as determined by the said Public Service Commission are shown upon a blue print accompanying this petition, marked "Schedule C," which blue print is similar to that referred to in the aforesaid order of the Public Service Commission dated January 31st, 1916, as having been received in evidence by the said Public Service Commission on October 28th, 1915, and marked "Exhibit 4," and entitled "The Long Island Railroad Company, Creedmoor-Flushing Branch."

Wherefore, your petitioner prays that the consent of The City of New York may be granted it through your Honorable Board to the construction and operation of the aforesaid proposed Creedmoor-Flushing Branch of its railroad across the above named streets, avenues or highways, in the Borough of Queens, in The City of New York, in the manner provided by, and

in accordance with the determination by the aforesaid order of the Public Service Commission dated January 31st, 1916.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.
