NOTICE

On Wednesday, July 11, 2012, at 10:00 A.M., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the Office of the Deputy Mayor for Economic Development in conjunction with the above ULURP hearing to receive comments related to a Draft Generic Environmental Impact Statement (DGEIS) concerning zoning map changes and zoning text amendments, zoning special permits for a large scale general development (LSGD) consisting of six sites and public parking garages on four sites, authorization to modify signage regulations, City map amendment to map and demap various streets within the project area, the disposition of City-owned property, approval of an Urban Development Action Area Project (UDAAP), and an acquisition for the purpose of relocating the Essex Street Market. The proposed actions would facilitate an initiative by the Office of the Deputy Mayor for Economic Development to allow for the implementation of an approximately 1.7 million gross square feet of mixed-use development on ten city-owned sites. These ten sites are located in

Manhattan Community District 3 generally along Delancey and Essex Streets on the Lower East Side. The zoning map amendment would place a C2-5 commercial overlay on four sites (Block 346, Lot 40 and Block 347, Lot 71) within the proposed LSGD. The zoning text amendments would modify ZR Sections 74-743 and 74-744 to eliminate the planting strip requirement in the proposed sidewalk widening; allow commercial floor area ratio to be shifted from the C6 district to the C2 district; allow Use Group 10, 11A, and certain 12A uses in the C2 zoning district; and, allow the modification of certain signage regulations. Mayoral and Borough Board approval of the business terms with the developer or developers to be selected pursuant to Request for Proposals (RFPs) may also be required, as applicable. Should the discretionary actions subject to ULURP be approved, an RFP process would commence to solicit proposals for development under the approvals. Construction financing for the residential buildings may come from a variety of private and public (local, state, and federal) sources. Comments are requested on the DGEIS and will be accepted until Monday, July 23, 2012. This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 11DME012M.

Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Within Subarea J

This Appendix sets forth additional requirements governing #zoning lots# located within Subarea J over which the #High Line# passes with respect to a #development# or #enlargement# which involves an increase in the applicable basic maximum #floor area ratio# of the #zoning lot# up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas), with respect to: (1) the issuance of a building permit for such #development# or #enlargement# pursuant to paragraph (a) of Section 98-25 (High Line Improvement Bonus); (2) the performance of improvements as a condition of issuance of temporary or permanent certificates of occupancy pursuant to paragraph (d) of Section 98-25; and (3) the option of the Owner to offer to the City an additional #High Line# Support Easement Volume. The term "parties in interest" as used herein shall mean "parties-in-interest," as defined in paragraph (f)(4) of the definition of #zoning lot# in Section 12-10.

- (a) Requirements for Issuance of Building Permit Pursuant To Paragraph (a) of Section 98-25
- (1) As a condition of certification:
 - (i) Owner shall, subject to a deduction pursuant to other provisions of this Appendix F, deposit into the #High Line# Improvement Fund, or secure by letter of credit or other cash equivalent instrument in a form acceptable to the City, a contribution for each square foot of #floor area# which causes the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on [INSERT DATE OF THE EFFECTIVE DATE OF THE TEXT AMENDMENT], up to the amount specified in Section 98-22 (Maximum Floor Area Ratio and Lot Coverage in Subareas) Such contribution shall be \$58.08 per square foot of #floor area# as of [INSERT DATE OF THE EFFECTIVE DATE OF THE TEXT AMENDMENT], and shall be adjusted July 1 of the following year and each year thereafter by the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics.
 - (ii) All parties-in-interest shall execute a restrictive declaration including easements to the City in a form acceptable to the City providing for the #High Line# Support Easement Volumes and addressing the terms described in this paragraph (a)(1)(ii):
 - (a) Locations and Dimensions: The #High Line# Support Easement Volumes shall be sized and located to accommodate the following amenities, all of which shall be located within the #buildings# located within the Tenth Avenue Zone as described in Section 98-423(g)(iii):
 - (1) Exclusive easements for public restrooms for each gender with an aggregate area of no less than 560 square feet (and which need not be more than 700 square feet) located adjacent to the #High Line# with direct access to the #High Line# for each of the male public restroom and the female public restroom;

- (2) Exclusive easements for #High Line# support space with an aggregate area of no less than 2,400 square feet (and which need not be more than 3,000 square feet) of which up to 800 square feet may be located on a mezzanine level, such space to be located adjacent and accessible to the #High Line#;
- (3) Exclusive easements for #High Line# support space located in the cellar level in an aggregate area no less than 800 square feet (but need not be more than 1,000 square feet);
- (4) Exclusive use of a dedicated freight elevator that shall provide access to the cellar level, a shared loading facility at street level, the level of the #High Line bed# and the level of the #High Line# support space described in paragraph (a)(1)(ii)(a)(2); and
- (5) Non-exclusive easements for (i) access between the dedicated freight elevator and (a) the shared loading facility at grade level and (b) the #High Line# support space located in the cellar level; and (ii) use of the shared loading facility as more particularly set forth in paragraph (a)(1)(ii)(b).
- (b) #Use#: The #High Line# Support Easement Volumes shall not be dedicated for use by the general public but rather for use by the City or its designee for storage, delivery of materials and support of #uses# within the #High Line# (and in connection therewith, the fitting-out, operating, maintaining, repairing, restoring and replacement of the #High Line# Support Easement Volumes), except that (i) the public may use the public restrooms, (ii) up to 650 square feet of space adjacent to the #High Line# may be used exclusively for educational and related programming that is at no cost to the public and (iii) if dedicated to the City in accordance with paragraph (d) of this Appendix F, the optional additional #High Line# Support Easement Volume may be accessible to the public as part of concessions or other uses that relate to the #High Line#. The City or its designee shall at all times use, operate and maintain the #High Line# Support Easement Volumes so as not to interfere with the use and enjoyment of the #buildings# located within Subarea J. The #High Line# support spaces described in paragraph (a)(1)(ii)(a)(2) and (3) shall be accessible by a dedicated freight elevator that connects to non-exclusive portions of the #building#, including a loading facility at #curb level#, through which the City or its designee shall be provided with a non-exclusive easement to enable reasonable and customary access.
- (c) Effective Date: The City's or its designee's rights to utilize the #High Line# Support Easement Volumes shall commence on the date that the #High Line# Support Work has been completed in accordance with paragraph (b)(1) of this Appendix F, or in the event of default of Owner in accordance with paragraph (c) of this Appendix F, the date that the City has notified Owner that it intends to perform such #High Line# Support Work in accordance with paragraph (c).
- (d) Notice by the Department of City Planning of its receipt of a certified copy of the restrictive declaration shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any #development# of #enlargement# which causes the #floor area ratio# of a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on [INSERT DATE OF THE EFFECTIVE DATE OF THE TEXT AMENDMENT].
- (iii) Owner shall submit plans for the #High Line# Support Work described in paragraph (b)(1) that demonstrate compliance with the provisions of this Appendix F, and are consistent with New York City Department of Parks and Recreation standards and best practices governing material life and maintenance, for review and approval by the Chairperson of the City Planning Commission.
- (iv) Solely in the event the initial certification made pursuant to Section 98-25(a) is with respect to additional #floor area# to be added to a #building# or portion of a #building# located outside of the Tenth Avenue Zone as described in Section 98-423(g)(iii) only, then Owner shall enter into agreements with the City or its designee, in form reasonably acceptable to the City, to provide interim access in accordance with such agreements to the #High Line# through a non-exclusive loading facility and an existing freight elevator. Such agreements shall provide that any space within the existing #building# may be used by the City or its designee at no cost, except the City or its designee shall be obligated to pay for the proportionate costs of utilities, maintenance and other building expenses associated with its use of such loading facility and elevator, and for any improvements or modifications to such space that may be requested by the City or its designee. Such interim access shall cease upon the date that the City or its designee commences utilization of the #High Line# Support Easement Volumes in accordance with paragraph (a)(1)(ii)(c) of this Appendix F.
- (2) The location of #floor area# which would cause the #floor area ratio# of a zoning lot to exceed the #floor area ratio# of such #zoning lot# on [INSERT DATE OF THE EFFECTIVE DATE OF THE TEXT AMENDMENT] and be subject to the provisions of Section 98-25, shall be considered to be the topmost portion of the #development# or #enlargement# unless, at the time of certification pursuant to Section 98-25, paragraph (a), Owner designates on plans submitted to the Chairperson of the City Planning Commission, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.
- (b) Requirements for Issuance of Certificates of Occupancy Pursuant To Paragraph (d) of Section 98-25:
 - (1) #High Line# Support Work Pursuant to Paragraph (d) of Section 98-25
 - (i) Owner shall perform #High Line# Support Work subject to the provisions of this paragraph, (b)(1). For temporary certificates of occupancy, certification pursuant to Section 98-25, paragraph (d), shall be the substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.
 - (ii) The #High Line# Support Work shall consist of the following:
 - (a) The construction, fit-out and delivery in an operative condition of public restrooms described in paragraph (a)(1)(ii)(a)(1) of this Appendix F, furnished with restroom fixtures, including six waterclosets for women, an aggregate of six waterclosets and/or urinals for men and three sinks in each restroom, and provided with utility connections.
 - (b) The construction of the core and shell of the #High Line# support space described in paragraphs (a)(1)(ii)(a)(2) and (3) of this Appendix F, including the provision of and access to separately metered gas, ventilation, water, sewers, electricity and telecommunications utilities systems commonly available in the #building# sufficient to support the anticipated uses of the support space. Within the portion of the #High Line# support space in the vicinity of the level of the #High Line bed#, the Owner will install a kitchen exhaust duct from such support space to a suitable point of discharge and will provide access to the #building# sprinkler standpipe and fire alarm system. Such support space shall also include access to a storage mezzanine pursuant to a dedicated lift, and there shall be a clear path at least five feet wide from the lift to the dedicated freight elevator described in paragraph (b)(1)(ii)(c) below. The Owner will not be responsible for distributing any utility services within the #High Line# support space or for providing any ancillary equipment for the kitchen exhaust duct.

- (c) The construction of the dedicated freight elevator described in paragraph (a)(1)(ii)(a)(2) of this Appendix F, with a minimum capacity of 3,000 pounds.
- (iii) Following the completion of the #High Line# Support Work described in paragraph (b)(1)(ii), all subsequent costs of operating, maintaining, repairing, replacing and additional fit-out of the #High Line# support space shall be exclusively the responsibility of the City and not the Owner; provided that the Owner shall be responsible for the repair and replacement of any defective #High Line# Support Work for a period of one year after completion thereof.
- (iv) The cost to Owner of the #High Line# Support Work shall not exceed \$2,544,000. In the event that the City requests Owner to perform any additional work in conjunction with the #High Line# Support Work and the Owner agrees to perform such additional work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F.
- (v) Except as set forth in paragraph (b)(1)(v) below, no temporary or permanent certificates of occupancy may be issued pursuant to Section 98-25, paragraph (d), for #floor area# in a #development# or #enlargement# which causes the #floor area ratio# on a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on [INSERT DATE OF THE EFFECTIVE DATE OF THE TEXT AMENDMENT] until the #High Line# Support Work described in paragraph (b)(1) of this Appendix F shall have been substantially completed or finally completed, as the case may be.
- (vi) Notwithstanding anything to the contrary in this paragraph (b)(1), if certification is initially made pursuant to Section 98-25(a) with respect to additional #floor area# to be added to a #building# or portion of a #building# located outside of the Tenth Avenue Zone as described in Section 98-423(g)(iii) only, then the conditions to certification pursuant to Section 98-25, paragraph (d) for a permanent or temporary certificate of occupancy shall not apply to such #building# or portion of a #building# and the following conditions shall apply instead:
 - (a) Owner shall deliver a letter of credit or other security reasonably satisfactory to the City in an amount reasonably determined by the City as sufficient for the City to perform the #High Line# Support Work described in paragraph (b)(1) of this Appendix F, which letter of credit or other security may be drawn or exercised by the City in the event of a default by Owner in accordance with paragraph (c)(ii) of this Appendix F; and
 - (b) Owner shall enter into an agreement with the City in a form reasonably acceptable to the City requiring Owner to commence the #High Line# Support Work described in paragraph (b)(1) of this Appendix F no later than September 1, 2017, subject to force majeure as determined by the Chairperson, and shall thereafter diligently prosecute the same to completion pursuant to an agreed-upon schedule, subject to force majeure as determined by the Chairperson.
- (c) In the event Owner is in default of its obligations pursuant to the agreements required by paragraph (b)(1)(vi) of this Appendix F:
 - (1) the City shall be entitled to draw the letter of credit or exercise the other security described in paragraph (b)(1)(i)(a) and to take possession of the #High Line# Support Easement Volumes following delivery of notice to Owner that the City intends to perform the #High Line# Support Work in accordance with provisions to be set forth in the restrictive declaration described in paragraph (a)(1)(ii);
 - (2) the City shall return to Owner any contribution made to the #High Line# Improvement Fund with respect to additional #floor area# to be added to a #building# or portion of a #building# located within the Tenth Avenue Zone as described in Section 98-423(g)(iii); and
 - (3) no additional building permit may be

- issued pursuant to Section 98-25, paragraph (a) with respect to a #development# or #enlargement# to be located within the Tenth Avenue Zone as described in Section 98-423(g)(iii), nor may any temporary or permanent certificates of occupancy be issued pursuant to Section 98-25, paragraph (d), for #floor area# in such a #development# or #enlargement# which causes the #floor area ratio# on a #zoning lot# to exceed the #floor area ratio# of such #zoning lot# on [INSERT DATE OF THE EFFECTIVE DATE OF THE TEXT AMENDMENT].
- (d) Option to Offer an Additional #High Line# Support Easement Volume:
 - (1) Owner, at its sole option, may elect to offer to the City an easement comprising up to 7,500 square feet of #floor area# within the #building# adjacent to the #High Line# and at the vicinity of the level of the #High Line bed# as an additional #High Line# Support Easement Volume by written notice to the Chairperson of the City Planning Commission, with a copy to the Commissioner of the Department of Parks and Recreation. Such written notice shall be delivered contemporaneously with the Owner's first request for the certification of the Chairperson described in paragraph (a) of Section 98-25 (High Line Improvement Bonus) that relates to a #building# or portion of a #building# within the Tenth Avenue Zone as described in Section 98-423(g)(iii).
 - (2) If Owner elects to exercise such option, the Owner shall provide an appraisal from an appraiser reasonably acceptable to the City who is a member of the American Institute of Real Estate Appraisers (or its successor organization) establishing the fair market value of the additional #High Line# Support Easement Volume to be so dedicated. The term "fair market value" shall mean the price at which such additional #High Line# Support Easement Volume would change hands between

a willing buyer and a willing seller, both acting rationally, at arm's length, in an open and unrestricted market. The appraisal shall determine such fair market value of the additional #High Line# Support Easement Volume based on its highest and best lawful as-of-right uses, valued in an unimproved core and shell physical condition (including any existing structural elements, such as the demising wall separating the #High Line# from the additional easement volume) and considered unencumbered by any leases, mortgages or other matters that will be released or otherwise subordinate to the grant of such additional #High Line# Support Easement Volume to the City. The appraisal shall not assume that as-of-right uses of the additional #High Line# Support Easement Volume may enjoy any access to and from the #High Line#. Any other appraisal assumptions or instructions not set forth herein shall be subject to approval by the City.
 - (3) If such option is exercised by Owner, the City shall have up to 60 days from the delivery of the written notice described in paragraph (d)(1) to irrevocably accept or decline the exercise of the option by written notice to Owner. If the City does not so accept or decline the option within said 60 day period, then the option shall be deemed declined and neither the City nor Owner shall have any further rights or obligations under this paragraph (d).
 - (4) If such option is exercised by Owner and accepted by the City, the restrictive declaration described in paragraph (a)(1)(ii) of this Appendix F shall provide or shall be amended to include the additional #High Line# Support Easement Volume within the grant to the City, and the value of the additional #High Line# Support Easement Volume as set forth in the appraisal shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F.
 - (5) In the event that the City requests Owner to perform any work in conjunction with the dedication of the additional #High Line# Support Easement Volume and the Owner agrees to perform such work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the #High Line# Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F. All costs of fitting-out, operating, maintaining, repairing and replacing the additional #High Line# Support Easement Volume shall be exclusively the responsibility of the City and not the Owner.
