CHAPTER 286.

AN ACT to amend the laws relating to alien immigrants and to secure an improved administration of alien immigration.

Passed April 21, 1883; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Within ten days after the passage of this act the governor, by and with the advice and consent of the senate, shall appoint a commissioner of immigration of the state of New York, who shall hold office for five years and until his successor shall have been appointed and qualified, unless sooner removed, according to the provisions of this act; and whenever a vacancy shall occur in such office, the governor, by and with the advice and consent of the senate, shall appoint a successor thereto for the like term of five years. Any commissioner of immigration, including commissioners ex-officio, may be suspended or removed from office by the governor, whenever in his judgment the public interests shall so require, but in any such case of removal the governor shall file with the secretary of state a statement of the cause of such removal, and shall also report the same thereof to the legislature at its next session. But no such suspension, unless renewed, shall continue for more than thirty days; and in case of the suspension or removal of any commissioner ex-officio, any new president who may be chosen by the society, the president of which shall have been suspended or removed as aforesaid, shall become and be a commissioner of immigration, ex-officio, in the place and stead of the president so suspended or removed.

Sec. 2. Before entering upon the discharge of his duties, every such commissioner of immigration shall take and subscribe the constitutional oath of office and file the same with the secretary of state, and shall execute to the people of this state a bond in the penal sum of fifty thousand dollars, with two or more substantial freeholders of this state as sureties, who shall in the aggregate justify in the amount of one hundred thousand dollars, conditioned for the faithful discharge of the duties of his office and for truly accounting for all property and moneys which may be intrusted to him as such commissioner, which bond shall be subject to the approval of the comptroller and shall be renewed whenever and as often as the same may be required by the governor. The president from time to time of the German Society of the city of New York, a corporation incorporated on the sixth day of April, eighteen hundred and four, and the president from time to time of the Irish Emigrant Society, a corporation incorporated by chapter two hundred and twenty-six of the laws of this state for the year eighteen hundred and forty-four, are hereby constituted and made commissioners of immigration ex-officio, and with the commissioner named in the first section of this act, shall constitute and be known as the board of immigration of the state of New York. Such commissioners ex-officio shall have and possess, in conjunction with the said commissioner of immigration, all the powers and be subject to all the duties, obligations and penalties by this act conferred or imposed upon such commissioner, except as hereinafter provided.

Sec. 3. At the end of five days after the commissioner of immigration first appointed shall have fully qualified as hereinbefore provided, the terms of office of each and every of the present commissioners of immigration, and of all subordinates, employees and agents, shall cease and determine, and all their power, authority, property, rights of property, archives, records and possessions as such commissioners of immigration shall pass to, and become vested in, the said board of immigration and its successors, and thereafter the said board shall be charged with the execution of all laws now existing, or which may hereafter be passed, relating to alien immigrants, and shall have and perform all the powers and duties now imposed upon commissioners of immigration, by virtue of an act entitled "An act concerning passengers in vessels coming to the city of New York," passed May fifth, eighteen hundred and forty-seven, and the various acts supplementary thereto and amendatory thereof; and also such power to contract with officers or agents of the United States of America, as may hereafter become necessary or proper, in respect of the property of this state devoted to the uses and purposes of immigrants, by reason of federal legislation concerning the subject. If, in the opinion of the governor, any such federal legislation shall render unnecessary the continuance of any office provided by this act, he may, in his discretion, suspend the exercise of any such office until after the next session of the legislature, and during the period of said suspension no such suspended officer shall exercise any function of his office, or be entitled to any salary.

Sec. 4. The commissioner of immigration shall keep complete accounts of all moneys received and disbursed by the board and a record of its official acts, and of the business of its office, and such books and records, and all the transactions of his office, and all the departments thereof, shall at all times be opened to inspection and visitation of the president of the principal national society of the city of New York, of any foreign country, or by the state board of health, or by the state board of charities, or by the mayor of the city of New York, or by the mayor of the city of Brooklyn. The board shall also render to the comptroller a quarterly statement of the receipts and disbursements. The commissioner in the first section of this act mentioned shall receive an annual salary of six thousand dollars, and besides this he shall not have or receive to his own use any fees, percentages or allowances of any kind whatever, nor shall he, during his term of office, engage in, or devote himself to any other regular business or employment. Neither of the said commissioners ex-officio shall receive any fees, percentages, allowances or emoluments, or profits, whatever,

directly or indirectly, for their services under this act or any business of the said board, and no commissioner shall be pecuniarily interested or concerned in any business, trade or calling in connection with immigration or immigrants coming to or arriving at the port of New York.

Sec. 5. The board of immigration shall not make any expenditure nor incur any liability (unless the comptroller shall in writing otherwise consent) for any sum in excess of two hundred and fifty dollars, except after publicly inviting and receiving sealed bids and proposals (secured by such deposit as he may prescribe) for the performance of the work or the furnishing of the supplies which may be called for, and upon the due opening of such bids, the right to do such work or furnish such supplies at the prices specified shall immediately vest in the lowest bidder unless within ten days thereafter the commissioner of immigration and the comptroller shall unite in a written certificate to the effect that the best interests of the state require that such contract should not so vest; in which event such contract shall not be made except after new bids and proposals shall have been invited and received according to the provisions of this act.

Sec. 6. The board of immigration, with the approval of the comptroller, shall and from time to time may frame and publish proper regulations and schedules of maximum prices according to which the various classes of service and commodities may be furnished to immigrants within the limits of Castle Garden or any other state depot for the reception and landing of immigrants, and after such regulations and schedules of maximum prices shall have been so made and published, and according to which the baggage or other property of immigrants may be carried from Castle Garden or any state depot to any point within New York city or its vicinity, no greater price shall in any instance be charged or collected, and the board of immigration shall invite and receive sealed bids and proposals for the privilege of furnishing such service or commodity (either exclusively or in common with others, as the case may require) to the immigrants within the state depot for the reception of immigrants or of transporting their baggage or other property, and after the opening of such bids the privilege therein referred to shall vest in and belong to the person offering the most favorable terms for the immigrant and the state, according to the written certificate of the board and the comptroller, to be made within ten days after such bids are opened; and such person shall be entitled to exercise such privilege until the board of immigration, with the written approval of the comptroller, shall certify in writing that the interests of the immigrant or the state require that new proposals should be received for such privilege, whereupon such new proposals shall be invited and received, and the most favorable bidder thereon shall in the same manner as herein provided be entitled to exercise such privilege either exclusively or in common with others as aforesaid. But nothing in this law contained is intended nor shall any part hereof be construed as limiting the power of the board of immigration to arrange with the Irish Emigrant Society and the German Society for a continuance of the management of the labor bureau as the same is now conducted, or to arrange with the various companies for the transportation of passengers for the most advantageous and expeditious carriage of immigrants. All moneys resulting from the sale of privilege shall be devoted exclusively to the maintenance of the office of the board of immigration and of the business thereof. But any person or persons now enjoying privileges at Castle Garden shall not, except with their consent, be deprived thereof before July first, eighteen hundred and eighty-three, and the prices of service and food furnished to immigrants shall be as near cost as may be practicable.

Sec. 7. The commissioner of immigration shall appoint, and may at pleasure remove (provided the cause of such removal shall be first communicated to the governor and approved by him), a first deputy commissioner and a second deputy commissioner, whose respective duties shall be prescribed by him and who shall be under his supervision and control, and all other subordinates, employees or agents, except that on the dismissal or removal of any of such officers, subordinates, employees or agents, he shall file with the board, and also with the comptroller of the state, his reasons, and the causes at length and in detail for such dismissal or removal, and any proofs taken by or through him. Each deputy commissioner shall take, subscribe and file as before provided for the commissioner the constitutional oath of office, and in case of the inability of the commissioner to perform the duties of his office from sickness, absence or any other cause, his duties may be discharged and his powers exercised by either deputy commissioner when so authorized by the commissioner by writing, stating the cause of such delegation of power, and the period during which such delegated power may be exercised unless sooner revoked. Or when so authorized by the governor in any case where he may be satisfied of the inability of the commissioner to perform his duties. The first deputy commissioner shall be general superintendent (under the commissioner) at Castle Garden or other state depot for the reception of immigrants, and shall have general charge of such landing and reception of immigrants, and of the transportation of such as are sick or destitute to the hospital or refuge. He shall receive an annual salary of four thousand dollars. The second deputy commissioner shall be superintendent and (under the commissioner) chief executive officer in charge of the buildings, grounds and affairs connected with or devoted to immigrants or the purposes of immigration at Ward's Island. He shall during his tenure of office occupy a suitable residence belonging to the state on Ward's Island, and in addition to the use thereof shall receive proper fuel and light and an annual salary of twenty-five hundred dollars. All subordinates appointed by the commissioner under this section shall be persons who served in the army or navy of the United States during the late war and have been honorably discharged, in all cases where in the opinion of the commissioner the interests of the state may be best subserved by such appointment.

Sec. 8. The period for which an alien immigrant landing at the port of New York shall be chargeable to the "Immigrant Fund" and be entitled to admission to the state immigrant institutions under the control of the board of immigration, shall hereafter be one year from the date of the first arrival of the said immigrant at the port of New York.

Sec. 9. All moneys received by the said board from any source whatsoever, except from the treasury of the state, shall be paid monthly into the said treasury, and shall be kept as a separate fund to be known as the "Immigration Fund." The said fund and all other moneys in the treasury of the state applicable thereto, or so much thereof as may be necessary for the current expenses and outlays of the said board shall be paid to said board, by the treasurer of the state on the warrant of the comptroller who is directed to draw the same in favor of said board upon the requisition of said board monthly, which requisition of said board shall be accompanied by a detailed statement duly verified of the objects and purposes for which such requisition is drawn and such money needed.

Sec. 10. This act shall take effect immediately.

BIDS OR ESTIMATES, INCLOSED IN A SEALED envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until Wednesday, June 6, 1883, at 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department, and read, for the following:

No. 1. FURNISHING CAST-IRON WATER-PIPES, BRANCHES, AND SPECIAL CASTINGS.

No. 2. FURNISHING, DELIVERING, AND LAYING SIX-INCH AND FOUR-INCH PIPE, to supply water to the Hospitals on North Brothers' Island.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates, or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired can be obtained at the office of the Chief Engineer of the Croton Aqueduct, Room 10, No. 31 Chambers street.

HEALTH DEPARTMENT.

HEALTH DEPARTMENT—OFFICE OF THE SECRETARY,
NO. 301 MOTT STREET,
NEW YORK, May 23, 1883.

PROPOSALS FOR ESTIMATES FOR ERECTING AND FINISHING A SEA WALL ON NORTH BROTHERS' ISLAND, CITY AND COUNTY OF NEW YORK.

ESTIMATES FOR ERECTING AND FINISHING a sea wall on North Brothers' Island, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 2.30 o'clock P. M. of the 5th day of June, 1883, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for Erecting and Finishing a Sea Wall on North Brothers' Island, City and County of New York," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work. The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined and specifications and blank forms for bids or estimates obtained by application to the Secretary of the Board, at his office, 301 Mott street, New York.

NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.
