OFFICIAL JOURNAL.

VOL. XXI.

NEW YORK, MONDAY, JANUARY 23, 1893.

NUMBER 5,992.

EIGHTH ANNUAL REPORT OF THE SUPERVISORY BOARD OF COMMISSIONERS OF THE NEW YORK MUNICIPAL CIVIL SERVICE.

To the Hon. HUGH J. GRANT, Mayor:

During the year covered by the eighth annual report, 1,763 candidates for office were examined by the Board, 1,490 of whom entered competitive and 273 non-competitive examinations. The 273 persons to whom non-competitive examinations were granted may be classified as follows:

One hundred and eighty-two were attendants upon the insane, appointed on probation at the various institutions under the charge of the Department of Charities and Correction, in accordance with the third paragraph of Rule 33, as amended in 1887:

REGULATION 33.

"In any cases where vacancies shall occur in the Department of Charities and Correction, and there shall not be a sufficient number of applicants for the positions so becoming vacant to enable the Examining Board to hold a competitive examination, a non-competitive examination may be had of such applicants as may present themselves; but no appointment to fill such vacancies shall be made of any person not certified by the Examining Board to be, in their judgment, competent to fill the same.

"Or as a substitute for such examination by the Examining Board, an examination by the Medical Superintendent of the institution in which the vacancy exists shall in such case be sufficient, provided the applicant shall be certified by such Superintendent to be competent to fill the vacancy; but the said substituted examination shall not be held until the Secretary of the Civil Service Boards shall have notified the appointing power that there is at the time no eligible list appropriate to fill such vacancy.

"All vacancies among the attendants in any Insane Asylum shall be filled by the General Superintendent and the Medical Superintendent of the institution in which such vacancies shall occur in such manner as they shall deem best, and the names of all persons so appointed shall be sent forthwith to the Secretary of the Examining Board, and they shall, if not previously dismissed, at the end of a period not exceeding four months, pass a non-competitive examination, in default of which the appointment shall cease."

Thirty-eight were candidates for other positions, chiefly in the same department, viz.: Assistant Physicians, Apothecaries, Matrons, Hall-keepers, etc., to whom non-competitive examinations were allowed under the same rule because of the failure to obtain, through advertisement or otherwise, a sufficient number of applicants to make the examinations competitive. Fifty-one were examined for promotion from lower to higher grades, after being regularly recommended therefor by the heads of the various departments. Under the statute providing that "there shall be non-competitive examinations when competition may not be found practical," such examinations have been allowed to only two persons.

One of the persons so examined was recommended by the Department of Taxes and Assessments for the position of Messenger to Commissioners in said Department, and the reasons given were as follows:

"The position of Messenger in this Department is quite distinct from the ordinary position in the city service, as designated by that title, in that the duties are largely confidential in their character and require the employment of a person well known to the appointing officers for his integrity and trustworthiness. It is necessary to transmit oral messages to the Mayor and other officials and to business men and officers of corporations, and it will readily be seen that a man is required who possesses special qualifications for the place. The duties are of a peculiar nature and we believe that Mr. McCarthy is thoroughly qualified by experience and ability and character to discharge them. As before stated, the duties are largely confidential in their nature, but we do not ask for the exemption of the position on that account, only that a non-competitive examination may be allowed."

The other candidate was recommended by the Board of Police for non-competitive examination for the position of Matron at Police Headquarters, and the letter from that Board set forth that the duties of the position consisted chiefly in the care of lost children; that, in the opinion of the Board of Police, the position did not come under the provisions of the law regarding the appointment of Matrons at the Station-houses for the care of women prisoners; that the candidate (Mrs. Travers) had been temporarily detailed to perform the duties and her services had been very satisfactory, and that, in the opinion of the Police Board, competition would not be practical in this case.

As the granting of non-competitive examinations is alleged by the uncandid to be the form which favoritism takes to evade the Civil Service law, the Board may be allowed satisfaction in recording that, apart from the cases generally provided for, the advantage of non-competitive examination has been extended to only two individuals.

In respect to examinations for promotion the Board reiterates its purpose to restrict them to cases in which the duties of the lower office are analogous to those of the office desired. Of the 51 examined for promotion 40 received the requisite 85 per cent, and were promoted accordingly.

There have been during the year 96 removals, of which, so far as the Board is officially informed, 10 were made for causes affecting the character of the appointees.

As in the nature of things there can be no competitive test of character, reliance must be placed upon the candidate's record and the testimony of his neighbors. The recommendation of four responsible citizens is prerequisite to the admission of any person to examination. A more scrupulous care in signing such recommendations on the part of citizens would be a direct benefit to the cause of good government.

Persons dismissed from office for misconduct are thereby rendered ineligible to appointment in any capacity in any department of the municipal service for a period of three years. This is a salutary rule, and it is essential to its application that the causes of such dismissal should be reported and thus made a matter of record. It would be objectionable practice for heads of departments, out of consideration for individuals, to permit employees to resign under charges in circumstances equivalent to a dismissal for misconduct. Such persons would be, of course, free to apply for examination for another position, their previous experience aiding them in the examinations. In this way, from what would appear mistaken kindness to individuals, the public interests would be made to suffer. Common justice to the city and common fairness to other applicants alike dictate that the consequences of misconduct should be borne by the delinquent and not by others.

The statutes giving preference to veterans of the late war have been equitably and generously administered. In restricting the number of non-competitive examinations and extending the number open to free competition the veterans are naturally those most benefited.

During the year but six clerks were appointed, all of whom were veterans. In the Police Department eight Doormen were appointed, all of whom were veterans. Four veterans were appointed in Schedule F as Doormen and Pilots, and twenty in Schedule D to positions as follows: Foremen of Street Cleaning, 3; Inspectors of Regulating and Grading, 3; of Sewers, 3; of Water Meters, 2; of Paving, 1; of Coal, 1; Sanitary and Steam Engineers, 2; Examiners of Claims, 1; Rodman, 1; Measurer, 1, and Topographical Draughtsman, 1. It will thus be seen that in the positions from which they are not debarred by statutory limit of age, veterans have had full advantage of the preferences accorded them by law.

In former reports the Board has suggested the registration of laborers after the manner in successful operation in Massachusetts. Such a registration, calling for no examination beyond the ascertainment of the obvious physical fitness of applicants, if sanctioned by the statute, would be a continuous record of service, and would furnish a permanent body of capable men available for employment in the several departments.

A modification of this idea has been adopted in the reorganization of the Street Cleaning Department. In the interest of effectiveness and economy such a registration might be general and controlled by one office.

Attached hereto and forming a part of this report are the following appendices:

REGULATION 2.

Schedule B shall include clerks, copyists, recorders, bookkeepers and others rendering clerical services, except type-writers and stenographers.

Schedule C shall include Policemen, both in the Police Department and Department of Parks, and the uniformed force in the Fire Department, and Doormen in the Police Department.

Schedule D shall include all persons for whose duty special expert knowledge is required not included in Schedule E.

Schedule G shall include all persons employed as laborers or day workmen.

Each Schedule shall also include the persons specified under that head in the classification hereto annexed, marked Appendix A.

REGULATION 3.

For the purpose of ascertaining the qualifications of persons seeking or named for positions in the departments and offices of the municipal government, there shall be a Board of Examiners for all positions in Schedules B, C, D, E and F.

This Board shall be composed of not less than six citizens designated by the Mayor, and of the Secretary of the boards.

The Secretary shall be Chairman and Chief Examiner. The Mayor may, at any time, substitute another citizen in the place of any one so designated, and the members of such board shall receive compensation only for the time when actually occupied in the performance of their duties as examiners, as shown by the minutes of such board. The Mayor will employ a suitable person who shall act as the Secretary and Executive Officer of the Examining Board and of the Supervisory Board. The rate of compensation of the members of such board and of the Secretary shall be fixed by the Mayor, who will employ assistance, procure suitable offices, and incur such other expenses as may be required for the efficient performance of the duties imposed upon him by the eighth section of chapter 354 of the Laws of the State of New York for the year 1883, as amended by chapter 410 of the Laws of the said State for the year 1884.

It shall be the duty of such Board of Examiners, by such of its members as the Secretary shall designate, to conduct all examinations called for under these regulations, except as herein otherwise provided, and to ascertain the fitness of candidates for the service of the city, with regard to character, knowledge and ability for the branch of the service into which they seek to enter, and to determine the relative excellence or standing of the persons examined, and to certify the same as herein prescribed.

The Secretary of the boards shall keep minutes of all their proceedings, and all necessary records of the examination, standing and certification of applicants, and a complete record of all persons employed in the several departments to which these regulations apply, and of all appointments, promotions, dismissals, resignations and other changes of any kind therein. When not in attendance upon the boards, the Secretary shall act under the direction of the Mayor.

In addition to the Board of Examiners hereinbefore prescribed, there shall be a Supervisory Board to be composed of three citizens, designated by the Mayor, whose duty it shall be:

First—To aid the Mayor, at his request, in preparing suitable regulations for the carrying into effect the provisions of said act.

Second—To conduct such inquiries as it may deem expedient respecting the examinations in these regulations provided for; to control such examinations and the general administration of the system created by these regulations, and to decide from time to time, subject to revision by the Mayor, all questions arising under these regulations or the construction thereof, and to make an annual report to the Mayor, showing its own action, the regulations and the exceptions thereto in force, the administration thereof, with such suggestions as it may deem necessary for the more effectual accomplishment of the purposes of the said section and of said regulations.

The vouchers for the pay-rolls and all other expenses incurred in carrying these regulations into effect shall be certified to the Mayor by the Secretary and Executive Officer of the Supervisory Board and of the Examining Board, or in the absence or disability or resignation of the said Secretary shall be certified to the Mayor by the Mayor's Secretary.

REGULATION 4.

Appointments to positions in Schedule A may be made without examination; but the appointing officer shall file with the Secretary, within five days after making any such appointment, a formal notification thereof, setting forth the full name of the appointee, the date and place of his birth, length of his residence in the City of New York, nature of previous employment, whether he has ever been in official service before, and if so, when and where; the date of beginning of such service and term for which appointed, salary, name of person in whose place appointed, and such other statistical information as the Supervisory Board may deem proper for registration.

REGULATION 5.

Vacancies in Schedules B, C, D, E and F, not filled by promotion, shall be filled by selection from those who have passed highest in open competitive examinations, subject to the conditions herein expressed, except as hereinafter provided.

REGULATION 6.

Applications of competitors for positions included in Schedules B, D, E and F, and Doorman in Schedule C, must be addressed to the "Secretary of the Civil Service Supervisory and Examining Boards, New York City," and must be accompanied with the following papers:

First—The affidavit of the applicant showing that he is not less than eighteen years of age and a citizen of the United States, giving his place of residence, with the street and number thereof, if any; the place, nature and extent of his education, and of his business training and experience, and stating whether he has ever been in the civil service of the City of New York, or in the military or naval service of the United States, and if so, when and where.

Second—A statement whether such application is limited to any particular office or offices in the service; and in the case of persons applying for positions under Schedule B, a list of the optional subjects upon which he desires to be examined, if any.

Third—The certificate of four reputable persons of the City of New York, that they have been personally acquainted with the applicant for at least one year, and believe him to be of good moral character, of temperate and industrious habits, and in all respects fit for the service he wishes to enter, and that each of them is willing that such certificate should be published for public information, and will upon request give such further information concerning the applicant as he may possess.

In case the applicant resides out of New York City, two of the citizens making such certificate may be residents of the same place.

The requirements as to citizenship and certificates of character, in case of persons applying for positions under Schedules E and F, and the requirements as to citizenship in case of persons applying for positions under Schedule D, may be modified or dispensed with in the discretion of the Supervisory Board.

Registers of all applicants shall be kept by the Secretary of the boards. When the applicants on a register are in excess of such number as can be conveniently examined on the same day, the applicants shall be notified to appear in their order on the register. Whenever the demands of the service may require, the Secretary shall notify the applicants of record, or such number thereof as can conveniently be examined, to appear for examination, giving place, date and hour for such examination.

REGULATION 7.

Applicants for the following positions must, before being admitted to examination, present satisfactory evidence as to the following facts:

First—If the position to be filled be that of Physician, Surgeon, Medical Officer, Inspector of Vaccination, or Sanitary Inspector, that the applicant is duly authorized by the laws of the State of New York to practice medicine and surgery.

Second—If the position to be filled be that of Chemist, or analyzer, that the applicant has received the degree of Bachelor of Sciences, or its equivalent, from some institution duly authorized by law to confer such degree.

REGULATION 8.

In positions where the duties are professional, technical or expert, the candidates will be required to show what preliminary training or technical education they have undergone to qualify them for such situations before they can be admitted to examination.

In all examinations for professional positions, or positions requiring technical knowledge, no person shall be placed on the eligible list who obtains a rating in technical knowledge of less than 60.

A similar form shall be used in stating the result of examination for appointment to positions under Schedules C, D, E and F.

REGULATION 13.

ELIGIBLE LIST.

An eligible list shall be prepared by the Secretary, from time to time, as the needs of the service require, for each of the different grades of every class in Schedules B, C, D, E and F. Upon each eligible list shall be placed only such persons as have been found by the Examining Board to be duly qualified for the positions for which such eligible list is prepared. The candidates shall be placed upon the eligible list, stating the order of merit, as shown by the respective percentages of their aggregate markings upon their examinations, excepting that where the candidate has been honorably discharged from the military or naval service of the United States in the late war, * he shall be preferred over all other candidates though graded lower. Where an examination for any grade takes place before the eligible list for that grade is exhausted, a new eligible list shall be prepared after such examination, to take the place of the former eligible list. The persons upon the former eligible list who have not been examined for the new eligible list shall, unless a period of one year from the date of their original examination has elapsed, be placed respectively upon the new eligible list in the position to which the percentages of their aggregate markings upon their former examinations would entitle them if such markings had instead been given them upon the new examinations.

REGULATION 14.

The actual conduct of every examination shall be under the responsible direction of the Board of Examiners, or of its designated members, free from the interference or participation or influence of the appointing officer, or of any person other than the Supervisory Board, the Secretary, Chief Clerk, Assistant Examiners or experts directly employed by the Board of Examiners or by the Supervisory Board.

The Supervisory Board shall have power to authorize or to order the employment of an expert to assist any Board of Examiners, whether in a special case or in connection with the examinations for any special grade, position or office. The selection of such expert shall be made by the Board of Examiners, with the consent and approval of the Supervisory Board.

All examinations shall relate to such matters as will fairly test the relative capacity and fitness of the persons examined to discharge the duties of that service to which they seek to be appointed. Excepting as these regulations otherwise provide, the Board of Examiners may, in the examinations, give such relative importance to the different subjects or matters of examination as to them may seem fit. Any applicant receiving less than a minimum general rating of 70 per cent. shall not be placed upon the eligible list.

In all examinations for appointment or for promotion to positions for which there is no eligible list, if there be not more than three competitors, no person shall be eligible for appointment or promotion who shall not have received, as the result of such examination, an average rating of 85 per cent., and in the case of examinations for promotions in the uniformed force of the Fire and Park Departments and in the Police Force, 90 per cent.

At or before the commencement of every examination, the weight to be given to every subject included in the examination and the minimum, if any, allowable upon each subject, shall be announced to the applicants. The appointing officer shall state to the Supervisory Board upon its request, the general qualifications or attainments, physical or mental, or both, and the experience he deems necessary or proper in the position for which an eligible list is to be formed, and also within what limits of age the persons on such list should be.

REGULATION 15.

The aggregate results of each examination shall be entered in form as follows upon a

REGULATION 16.

APPOINTMENTS.

Whenever a vacancy shall occur within any grade of any class in Schedules B, C, D, E and F which in the opinion of the appointing officer the business of the city requires to be filled, and which, under these regulations, the appointing officer cannot himself fill by promotion, he shall notify the Secretary of the vacancy.

The appointing power shall state, if the position to be filled is a clerkship, whether it is a minor clerkship or whether any of the special qualifications denoted by the optional subjects are essential, and if so, which. The Secretary thereupon shall, as soon as practicable, certify to the appointing officer for appointment, from the eligible list appropriate to such position as it may then exist, the three persons having the highest standing on such eligible list, indicating such of them, if any, as have been honorably discharged from the military or naval service of the United States in the late war. If the appointing officer shall notify the Secretary of more than one vacancy at any one time, the Secretary shall certify to the appointing officer for appointment the names of as many persons as there are vacancies to be filled with the addition of two names for the first vacancy and one name for every two vacancies in addition to the first. The appointing power shall thereupon appoint to the vacant position as many of the persons so certified as there are vacancies to be filled. If the appointing officer shall signify that attainment in one or more of the optional subjects is essential, the Secretary shall return the names of the three persons whose standings on the denoted optional subjects are the highest (not being below the minimum of seventy). The Examining Board may at any time hold a competitive examination to fill a vacancy of this kind, if in their judgment the eligible list does not contain three persons well qualified to fill the vacant position. The certificate of the Secretary shall state the percentage of the maximum obtained by each of the three persons on his examination, and the names and addresses of the persons certifying to his character and habits, except in cases where such names and addresses are in the possession of the appointing power. The appointing officer shall thereupon appoint to the vacant position one of the three persons so certified to him to the Secretary, and shall, within five days thereafter notify the Secretary of the appointment. Where eligible lists are applicable to more than one Department and names have been certified therefrom in compliance with a requisition from the appointing power, the Secretary shall be at liberty, in case no appointment therefrom is notified within one week from the time such names have been supplied, to certify the same names to any other Department making requisition to fill vacancies in the same position.

Whenever the appointing officer who shall have made a requisition to fill a certain number of vacancies shall appoint to office a number smaller than that of the vacancies named by him, he shall not make the selection therefrom from the whole number certified to him, but only from that number of names standing highest upon the list that would have been certified to him had the requisition stated the number of vacancies which he actually filled.

All positions filled by selections based on optional or special subjects shall be specially noticed in the published list of appointments and in the official registry of qualifications and schemes for examination as being special positions in respect of such qualifications.

This regulation shall not apply to any of the positions for which provision is otherwise made in Regulation 31, or may hereafter be made pursuant to Regulation 32.

REGULATION 17.

A circular letter, in the following form, shall be sent by the Secretary to persons who have given recommendations for those whose applications are on file in the office of the Secretary of the Civil Service Supervisory and Examining Boards:

Every officer under whom any person shall serve during any part of the probation provided for by these regulations, shall carefully observe the quality and value of the service rendered by such person, and shall report to the proper appointing officer, in writing, the facts observed by him showing the character and qualifications of such person, and of the service performed by him, and such reports shall be preserved on file.

REGULATION 38.

Whenever the special qualifications required for a position are such that, in the opinion of the Examining Board, advice and assistance from experts are required, the Supervisory Board may designate, from among the persons in the employ of the department to which the applicant seeks admission, some suitable person to aid the Examining Board in determining such qualifications.

REGULATION 39.

REGULATION 40.

No one dismissed from the service for misconduct shall be eligible to appointment in any capacity in any department of the municipal service within three years.

Any person appointed to, or employed in any position, after due certification for the same under these rules, who shall be certified to the Secretary by the proper authorities to have been dismissed or separated therefrom without fault or delinquency on his part, may be reappointed or re-employed without further examination in the same grade within one year next following such dismissal or separation.

In all cases where the positions are graded according to the compensation received, and such grading determines the character of an examination the appointing power shall, in addition to the foregoing, notify the Secretary of the rate of compensation to be paid to the person appointed.

REGULATION 45.

Temporary appointments may be made from persons not on the eligible list, but only as follows: In the prisons, reformatories, hospitals and asylums temporary substitutes may be appointed without examination for not exceeding thirty days, but such temporary appointment can be made only once. In the Department of Street Cleaning temporary appointments of captains and pilots may be made without examination for a period not exceeding thirty days. REGULATION 46.

No person on the eligible list shall be certified more than three times to the same appointing officer for the same bureau or institution except at his request, nor shall the name of any person remain on the eligible list for appointment or promotion more than one year from the date of examination. No person while remaining eligible on any list shall be admitted to a new examination for a position in the same schedule.

The name of any person may be stricken from the eligible list for cause satisfactory to the Supervisory Board, to be specified in the minutes of the board and subject to revision by the Mayor.

No person while on the eligible list for any position shall be allowed to take his or her name off the said list for the purpose of entering another examination to increase his or her rating, except at the end of one year from the day of examination.

REGULATION 48.

* Persons who have been honorably discharged from service in the army or navy of the United States, in the late war, shall be preferred for appointments to positions in the civil service over all other persons though graded lower as ascertained under these regulations, and the person thus preferred shall not be disqualified from holding any position in the civil service on account of his age nor by reason of any physical disqualification, provided such disability does not render him incompetent to perform the duties of the position applied for.

REGULATION 49.

No question in any examination or proceeding by or under these regulations, shall call for the expression or disclosure of any political or religious opinion or affiliation, and if such opinion or affiliation be known, no discrimination shall be made by reason thereof by the examiners or the appointing power. The examiners shall discountenance all disclosure of such opinion by or concerning any applicant for examination, or by or concerning any one whose name is on any eligible list awaiting appointment.

* Chapter 29 of the Laws of 1886.

REGULATION 51.

Defective applications shall be suspended and applicants notified to amend the same, but no such notice shall be given, or opportunity granted, a second time. Whenever it appears by the application or other satisfactory evidence that the applicant is not within the prescribed limits of age or otherwise not qualified under the regulations, or is manifestly unfit for the service, the application shall be rejected.

PROMOTION.

REGULATION 52.

Promotions from the lower grades to the higher shall be on the basis of merit and competition.

REGULATION 53.

Except as herein otherwise provided the positions in the various schedules shall be filled, when vacant, by the promotion of those in the service in lower grades in the department, office or institution in which the vacancy or vacancies may occur. Promotions shall be made, subject to the provisions of these regulations, by the officer or officers having the power of appointment. If, in the judgment of such officer or officers, there be none found in the lower grades fit to perform the duties in such vacant positions, in that case, and in no other, the positions may be filled in the manner prescribed by these regulations for filling the positions in the lowest grade of the same subdivision and class.

REGULATION 54.

Promotion shall, in all cases, be based upon the positive merit of the person promoted, and upon his superior qualifications as shown by his previous service.

No person in the service who has not passed an examination under these regulations or under those heretofore prescribed, shall be promoted or transferred to any position for which examination is required without passing an examination under the regulations, of the same character as would an applicant for appointment to that position in the service.

No person shall be examined for promotion or transfer from any position in Schedule G.

Fitness for promotion shall be determined by the actual work of the persons named therefor, by the certificates and records hereinafter mentioned and such other information as may be required by, or furnished to, the examining body and by examination.

The appointing power, or where that power consists of more than one person, any one of such persons may direct any subordinate officer belonging to the class from which promotion may be made to be examined for promotion, and it shall thereupon be the duty of such subordinate to make application therefor, and to be so examined, unless sufficient cause to the contrary shall be shown by him to the Supervisory Board.

In all cases of persons applying for promotion or ordered to be examined therefor, it shall be the duty of the officer or officers constituting the appointing power to make and forward to the examining body their joint or several certificates as to the efficiency, character and conduct of the person to be examined during the period of his service in the grade from which his promotion would be made, with such other statements bearing upon the fitness of such person for promotion as the officer so certifying shall deem proper.

Such certificate shall be accompanied by a like certificate of the immediate official superior of the person to be examined, and a copy of the record of said person in the department to which he belongs. The examining body shall have the right to call upon the appointing power for further information upon any of the matters before them, and shall duly consider all communications that may be received by them in relation to the fitness of any candidate.

The Mayor, in any case in which he shall consider it proper so to do, may direct any examination for promotion to be held by the Supervisory Board, instead of by the Examining Board. In such cases the Supervisory Board shall have power to employ experts and special examiners to aid them in conducting such examinations.

The appointing power shall determine by general regulation, who are the immediate official superiors of the officers in each grade in the department.

REGULATION 55.

No recommendation of any person for promotion shall be entertained except in pursuance of the foregoing regulation, and the presentation of any recommendation other than those hereinbefore provided for will be considered an unwarrantable interference with the public service, and the person so recommended may be required to show, before being certified for promotion, that such recommendation was not made by his request or with his connivance.

REGULATION 56.

Examiners of persons named for promotion shall personally question them concerning their office-work and its purposes, in order to ascertain if they have a general and intelligent knowledge of the business in the department in which they are employed, and may require the persons examined to give a written description of the work done by them and its relation to the duties of others.

REGULATION 57.

Subject only to the qualifications required to be ascertained in accordance with these regulations, the power of appointment and the responsibility of selection are in all cases in the appointing officer. The power of any officer to remove is not impaired by anything contained in these regulations.

REGULATION 58.

Complaints of injustice or unfairness on the part of any examiner or examining board, or of any one acting under the Supervisory Board, shall be considered by such Board, which shall have the right to revise the marking and grading on the papers, or order a new examination, or otherwise act as substantial justice in the premises may require.

CONDUCT OF EXAMINATIONS.

REGULATION 59.

Applicants shall be admitted to examination upon the production of the official notification to appear for that purpose. Each applicant shall receive a number, which shall be endorsed upon his notification when produced, and the notifications so endorsed shall be sealed in an envelope. Each applicant shall sign his examination papers with his number, omitting his name, and the envelope shall not be opened until all the examination papers have been received and the markings and gradings made.

REGULATION 60.

All examinations shall be in writing, except such as refer to physical qualities or expertness, and except as herein otherwise provided.

REGULATION 61.

The sheets of questions shall be numbered and shall be given out in the order of their numbers, each, after the first, being given only when the competitor has returned to the examiners the last sheet given to him. In general, no examination shall extend beyond five hours without intermission; and no questions given out at any session, to any candidate, shall be allowed to be answered at another session. Each applicant must complete his examination on the obligatory subjects before taking up any of the optional subjects.

REGULATION 62.

Each examiner shall exercise all due diligence to secure fairness and prevent all collusion and fraud in the examinations.

REGULATION 63.

The time allowed for completing the examination shall be announced before the first paper is given out. For the obligatory subjects the examination shall be confined to a single day.

MARKING.

REGULATION 64.

The examination papers shall be reviewed by each examiner separately, except where otherwise directed by the Supervisory Board, and, in any case of disagreement, the average of the markings made on any question or paper by all shall be the final marking on such question or paper, subject to the regulation as to revision.

REGULATION 65.

Handwriting shall be judged by its legibility, uniform and correct formation of letters, and ease of execution. Upon a comparison of the handwriting of all the competitors the best and worst shall be first agreed upon, and the two extremes of the scale thus fixed; the others shall be marked relatively to such extremes. In writing from dictation or copying from manuscript, the omission, repetition or substitution of words, the erasures, blots and other evidences of carelessness, shall proportionately to their numbers reduce the marking below 100. Spelling shall be marked with reference to the ratio the misspelt words bear to the whole number of words dictated. Making abstracts or summaries of documents and letter-writing shall be marked as in handwriting by agreeing upon the best and worst examples and having marked them, then proportionately marking the others.

REGULATION 66.

Every paper in any examination not formally certified by the examiners shall be signed with his initials in ink by each examiner who has reviewed and marked it.

REGULATION 67.

AQUEDUCT COMMISSION.

A special Board of Examiners shall be organized for the examination of applicants for employment by the Aqueduct Commission in Class 2, Sub-divisions I., II., III., IV., V. and VI., in the classification appended to the preceding Regulations. The said Board shall consist of two Civil Engineers to be designated by the Aqueduct Commissioners and approved by the Mayor, the Civil Engineer of the Examining Board and Secretary of the Boards. The Secretary shall be Chairman and Chief Examiner.

A quorum for the conducting of any examination shall be two, of whom in all cases one shall be an engineer in the employ of the Aqueduct Commission and one a member of the Regular Civil Service Examining Board, and the powers of this Board shall be the same as those given to the Regular Examining Board by these regulations.

It shall be the duty of such special Board of Examiners to conduct all examinations called for under this Regulation, except as herein otherwise provided, and to ascertain the fitness of candidates for the service of the Aqueduct Commission with regard to character, knowledge and ability for the branch of such service into which they seek to enter, and to determine the relative excellence or standing of the persons examined, and to certify the same as prescribed by these Regulations.

Application of competitors for positions in the Aqueduct Commission shall be made in the form to be prescribed by the Supervisory Board.

The general examination for admission to the places in Schedule D (being Part II. of the classification appended to the preceding Regulations) shall be in writing, and on the following subjects:

1. Handwriting (as shown in examination papers).
2. Arithmetic, viz.: Addition, subtraction, multiplication and division.
3. Questions relating to the technical knowledge required for the position sought by the applicant.
4. Experience tending to qualify him for that position. In addition to this, the health and physical vigor of the applicant shall be tested as hereinafter required.

The relative weight to be given to these several subjects in making up the average standing shall be as follows:

1. Handwriting.....	1
2. Arithmetic.....	1
3. Technical knowledge.....	4
4. Experience.....	4
Total of weights.....	10

Those admitted to competition for the superior positions in Schedule D, Part I., shall be examined in writing on the following subjects:

1. The technical knowledge required for the position to be filled, and respecting which the examination is held.
2. Experience tending to qualify the applicant for that position.

As part of the examination as to experience the special Examining Board shall make inquiries in writing of the persons with whom the applicant has studied, or by whom he has been employed, on the following subjects:

1. Efficiency and accuracy in his own work.
2. Character for maintaining discipline among, and getting good work from, his subordinates, and when appropriate anything else in his character or antecedents tending to show his fitness for the position which he seeks.

The relative weight to be given to these subjects shall be as follows:

1. Technical knowledge.....	50
2. Experience.....	50
	100

When competition may not be found practicable to meet an exigency for special work in the positions of Assistant Engineers, Instrumentmen, Draughtsmen, Superintendents and Inspectors, and the fact of the exigency shall be made to appear by the certificate of the Aqueduct Commission, it will be in the power of the Supervisory Board to institute non-competitive examinations to temporarily fill such positions. But no appointment so made shall hold longer than for a period of three months.

Upon the presentation to the Secretary of the following certificate by the President and Chief Engineer of the Aqueduct Commission, and upon the going into effect of this Regulation, all persons employed by the said Commission prior to the 7th day of September, 1886, and who shall be named in such certificate shall be considered as regularly in the employ of the said Commission, but the said Commission may, in its discretion, require any of said persons to pass an open competitive examination in order to be continued in the service.

CERTIFICATE.

The undersigned, President and Chief Engineer of the Aqueduct Commissioners, do certify that the persons whose names are given in the annexed list were employed by said Commissioners after a careful examination into their qualifications for the positions respectively held by them; that we are satisfied, after the experience actually had of their character and conduct, that they are severally qualified for the positions specified in the said list and that in our judgment any further examination as to their qualifications is unnecessary.

Except as in this Regulation otherwise provided the preceding Regulations shall regulate and apply to all appointments made by or under the authority of the Aqueduct Commission.

BOARD OF ARMORY COMMISSIONERS.

MAYOR'S OFFICE, CITY HALL,
NEW YORK, December 14, 1892. }

A meeting of the Armory Board was held this day at the office of the Mayor.
Present—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works and Brigadier-General Louis Fitzgerald.
The minutes of the meeting of November 10 were read and approved.
The following communication was received from the Counsel to the Corporation and was referred to Brigadier-General Louis Fitzgerald for report:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, December 3, 1892. }

Hon. E. P. BARKER, Secretary to the Board of Armory Commissioners:

SIR—I received your letter dated November 11, 1892, informing me that the First Naval Battalion has made application to the Armory Board for an armory, and asking my opinion as to the power and duty of said Board in relation to the matter.

You also transmit a copy of the application which is dated November 9, 1892, and signed by J. W. Miller, Commander.

This communication consists of a certificate that the First Naval Battalion contains a greater number of regularly enlisted men than the minimum number required by law; the application to the Armory Board for a proper armory and drill-room for the said battalion; a statement that said battalion was mustered into the service of the State on June 26, 1891; that it now numbers three hundred officers and enlisted men, and has performed two tours of duty afloat on United States vessels and was called into the service of the State for duty at Fire Island on September 11, 1892.

It also appears that the battalion will probably be able to obtain the United States ship "New Hampshire" for use as an armory.

Your Board is therefore requested to authorize the expenditure of money for heating and lighting the vessel and repairing her, so as to make her suitable as an armory for the battalion.

The question thus arises as to what is the power and duty of the Armory Board in relation to the matter.

The State Naval Militia was organized under chapter 708 of the Laws of 1892.

Section 16 of that act makes certain portions of the Military Code (chapter 299 of the Laws of 1883) as now in force, apply to and govern the Naval Militia.

The last amendment of the Act of 1883 was by Laws of 1890, chapter 360 (see Revised Statutes of New York, volume 5, page 3208).

The Military Code, therefore, applies to the Naval Militia so far as is provided in section 16 of chapter 708 of the Laws of 1892.

Section 15 of the latter act provides as follows:

"Armories of the Naval Militia shall be situated immediately on or near navigable waters of the State in such position as best to promote the efficiency of the service. The word 'armory' as used in this act, or in any part of chapter 299 of the Laws of 1883, as now in force, made applicable to the Naval Militia, shall be held to include a vessel anchored, moored or secured to the land while used only as an armory for the purposes of instruction, drill and defense."

Section 62 of the Military Code as amended by chapter 360 of the Laws of 1890, which is made applicable to the Naval Militia by said section 16, authorizes the Armory Board to make their recommendations to the Commissioners of the Sinking Fund as to the "purchase, rental, erection, enlargement, alteration or furnishing of armories * * * and the Board of Estimate and Apportionment is hereby authorized and directed to include such sums in the final estimate for the tax levy for the next ensuing year," etc.

In the present case it appears that the armory, which under the statute must be held to include a ship, is to be provided by the United States Government without expense to the City of New York.

In my opinion maintenance of the ship, her lighting, heating, furnishing, repairing, altering, etc., may properly be provided for by the Armory Board under the provisions of the statute to which I have referred, if in the judgment of the Board such a course is advisable.

It follows that the Board has the power to recommend to the Commissioners of the Sinking Fund that a sum be appropriated for putting the ship in proper condition for the use of the Naval Battalion as an armory.

Very respectfully,
WM. H. CLARK, Counsel to the Corporation.

A communication was received from J. R. Thomas, Architect, reporting progress on the work of the Seventy-first Regiment Armory. Ordered filed.

The following communication was received from J. R. Thomas, Architect, which was referred to the President of the Department of Taxes and Assessments for report:

NEW YORK CITY, December 2, 1892.

The Board of Armory Commissioners, New York City:

GENTLEMEN—Upon the plans adopted for the Seventy-first Regiment Armory, a carriage-wash and drinking-troughs are located at the northeast corner of the Battery Drill-room in the basement. The intention was to drain these into the Thirty-fourth street sewer, but the sewer does not extend deep enough to permit of this being done. If the wash and troughs are located at the southeast corner of the Battery Drill-room they can be drained into the Thirty-third street sewer.

The Captain of the battery approves of the change. The contractor will make the change without extra charge, and I recommend that you give me authority to order it to be done.

I am, very respectfully, yours,
JOHN R. THOMAS, Architect.

The President of the Department of Taxes and Assessments presented an application and affidavit from P. Gallagher for payment to him of \$13,753, on account of his contract for the erection of the Seventy-first Regiment Armory, with the Architect's certificate that the work has been performed in accordance with the terms of the contract and specifications, and offered the following:

Resolved, That the Comptroller be authorized to pay to P. Gallagher the sum of thirteen thousand seven hundred and fifty-three dollars, as per accompanying voucher, on account of his contract for the erection of the Seventy-first Regiment Armory.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works and Brigadier-General Louis Fitzgerald.

After consideration it was decided to lay the corner-stone of the Seventy-first Regiment Armory on Saturday, the 17th of December, at 10 o'clock A. M.

The following communication was received from the Secretary of the Commissioners of the Sinking Fund:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 8, 1892. }

Hon. EDWARD P. BARKER, President, Department of Taxes and Assessments:

SIR—Herewith I transmit certified copies of resolutions, in matter of a new Armory for Troop "A," N. G. S. N. Y., and in matter of repairs, etc., to Twenty-second Regiment Armory, which were adopted by the Commissioners of the Sinking Fund at a meeting held December 1, 1892.

Respectfully,

RICHARD A. STORRS, Secretary.

At a meeting of the Commissioners of the Sinking Fund, held December 1, 1892, the following resolutions were adopted:

Resolved, That, pursuant to the provisions of section 3 of chapter 91 of the Laws of 1884, the Commissioners of the Sinking Fund concur in a resolution adopted by the Armory Board November 10, 1892, recommending the erection of an armory for Troop "A," N. G. S. N. Y., covering the site heretofore acquired for armory purposes on the easterly side of Madison avenue, adjoining the Eighth Regiment Armory, between Ninety-fourth and Ninety-fifth streets, at an expense not to exceed one hundred and forty thousand dollars (\$140,000), including Architect's fees.

Resolved, That the Comptroller be and hereby is authorized and directed to issue Armory Bonds, to be known as Consolidated Stock of the City and County of New York, pursuant to the provisions of chapter 299, Laws of 1883, and amendments thereto, and as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of one hundred and forty thousand dollars (\$140,000), payable from taxation, redeemable in not less than ten nor more than twenty years from the date of issue, at such rate of interest as he may determine, not exceeding three per cent. per annum, the proceeds thereof to be applied to the payment of the contract or contracts for the erection of an armory for Troop "A," N. G. S. N. Y., including Architects' fees, when duly approved by the Commissioners of the Sinking Fund. The stabling to be provided by the Troop without expense to the City.

And the said stock or bonds hereby are exempted from taxation by the City and County of New York, in pursuance of the provisions of section 137 of the New York City Consolidation Act of 1882 and an ordinance of the Common Council approved by the Mayor October 2, 1880.

RICHARD A. STORRS, Secretary.

At a meeting of the Commissioners of the Sinking Fund held December 1, 1892, the following resolutions were adopted:

Resolved, That the Commissioners of the Sinking Fund concur in the resolution adopted by the Armory Board November 10, 1892, authorizing certain repairs and alterations to the Twenty-second Regiment Armory.

Resolved, That the Comptroller be and hereby is authorized and directed to issue Armory Bonds, to be known as Consolidated Stock of the City and County of New York, pursuant to the provisions of chapter 299, Laws of 1883, and amendments thereto, and as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of six thousand dollars (\$6,000), payable from taxation, redeemable in not less than ten nor more than twenty years from the date of issue, at such rate of interest as he may determine, not exceeding three per cent. per annum, the proceeds thereof to be applied to the payment of the repairs and alterations to the Twenty-second Regiment Armory, as recommended by the Armory Board, and said bonds hereby are exempted from taxation by the City and County of New York, in pursuance of the provisions of section 137 of the New York City Consolidation Act of 1882, and an ordinance of the Common Council approved by the Mayor October 2, 1880.

Ordered filed.

RICH. A. STORRS, Secretary.

The Secretary reported that, in accordance with the instructions at the last meeting, he had filed with the Register of the City and County of New York a survey, map or plan, of the site for the Sixty-ninth Regiment Armory, and a certified copy of the same with the Commissioner of Public Works.

The Commissioner of Public Works offered the following:

Resolved, That the President of the Department of Taxes and Assessments be requested to confer with the Counsel to the Corporation and ascertain his views relative to acquiring, by purchase or condemnation proceedings, title to the lands designated by the Sinking Fund Commissioners and this Board for an armory for the Sixty-ninth Regiment.

Which was adopted.

The President of the Department of Taxes and Assessments submitted specifications for the proposed armory for Troop "A" on the site at Madison avenue, between Ninety-fourth and Ninety-fifth streets. Captain Roe stated that they were satisfactory to his organization.

The Commissioner of Public Works moved that, inasmuch as there would possibly be another company to be provided with quarters, and that such provision could be made in this armory at a small additional expense, that these specifications be referred back to the President of the Department of Taxes and Assessments and Captain Roe for such modification as would be necessary for such accommodation.

The President of the Department of Taxes and Assessments offered the following resolution:

Resolved, That the Commissioner of Public Works be and is hereby requested to make a survey of the plot of land on the easterly side of Madison avenue, extending to the Eighth Regiment Armory building, and from Ninety-fourth to Ninety-fifth streets, said survey to show the grades for use of architects in preparing plans for competition in the erection of an armory on the site for Troop "A," N. G. S. N. Y.

Which was adopted.

On motion, adjourned.

E. P. BARKER, Secretary.

No. 3. FOR REGULATING, GRADING, SETTING CURB-STONES, FLAGGING THE SIDEWALKS AND LAYING CROSSWALKS IN ONE HUNDRED AND SIXTY-SECOND STREET, from the Port Morris Branch Railroad to Courtlandt avenue.

Each estimate must contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any other information desired, can be obtained at this office.

LOUIS J. HEINTZ,
Commissioner of Street Improvements,
Twenty-third and Twenty-fourth Wards.

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
NEW YORK, January 18, 1893.

PROPOSALS TO SUPPLY PRINTED, LITHOGRAPHED OR STAMPED FORMS, BLANKS, PAMPHLETS AND STATIONERY, I. E., OFFICIAL WRITING PAPER AND ENVELOPES, TO THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK.

TO PRINTERS AND LITHOGRAPHERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Printed, Lithographed or Stamped Forms, Pamphlets, and Stationery, I. E., Official Writing Paper and Envelopes, etc., will be received at the office of the Supervisor of the City Record, in the City Hall, until 12 o'clock M. of Wednesday, the 1st day of February, 1893. The said estimates will be publicly opened and read at a meeting of the Board of City Record to be held in the Mayor's office at or about the time above mentioned.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for Furnishing Printed, Lithographed or Stamped Matter," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the

cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be TWO THOUSAND DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for all the printing, lithographing or stamping required by any department or court—all the District Courts being considered as one, the blanks, etc., being similar—unless there be an item involving more than five hundred dollars, or several items each involving the expenditure of a like sum, in which case a contract or contracts will be made with the lowest bidder or bidders on such item or items, and the contract for the remainder of the work for the department will be awarded to the bidder ascertained to be lowest after the deduction of such item or items. The bids must, therefore, be in detail on the items required for a department or court.

The printed or lithographed blanks, etc., must be folded, and be put up in packages by the contractors, according to the directions of the Supervisor of the City Record, and the contractors must complete the delivery of the goods at the office of the CITY RECORD within ninety (90) days from the execution of the contracts.

As many of the printed forms would be made worthless by typographical errors, or by mistakes in the preparation of samples, proofs must be furnished, under an agreement that the contractors shall not be expected to make changes practically altering the character of forms.

Blanks, etc., must be dated "1893," unless otherwise marked; but those of the Bureau of Assessments in the Finance Department shall have only the date "18."

Particular care must be taken that the names of the present incumbents of offices are put upon the blanks, etc., as, for instance, Thomas F. Gilroy, Mayor; Henry D. Purroy, County Clerk; Ferdinand Levy, Register; Michael T. Daly, Commissioner of Public Works; William J. McKenna, Coroner; William M. Hoes, Public Administrator.

The delivery of the work must begin within five days from the execution of the contracts, and be continued in such a manner that the immediate needs of the Departments shall be supplied.

DESCRIPTION OF ARTICLES.

For particulars as to the quantities and kinds of Printing and Lithographing, reference must be had to the samples and specifications on file in the Department of Public Works. The kinds of paper to be used are stated on the samples. Copies of the specifications may be procured from the Supervisor of the City Record.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1890), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

HEALTH DEPARTMENT,
No. 301 MOTT STREET.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISHING One Thousand Tons of White Ash Coal for the Riverside Hospital at North Brother Island, under the charge of the Board of Health, will be received at the office of the Health Department, in the City of New York, until 1.30 o'clock P. M. of the 25th day of January, 1893. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for furnishing Coal for Riverside Hospital," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 64, chapter 470, Laws of 1882, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. The Coal to be of good quality, and the quantity that will be required will be about One Thousand (1,000) Tons of White Ash Coal, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specification attached to and which forms a part of the contract aforesaid.

Delivery to be made at the Riverside Hospital, North Brother Island, in such quantities and at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of THREE THOUSAND (\$3,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and it is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters therein stated are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of THREE THOUSAND (\$3,000) DOLLARS, and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept, but do not execute, the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisition on the Comptroller, and as more specifically and particularly is set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Board of Health.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department, No. 301 Mott street.
