### OPENING EXTENSION TO HIGH BRIDGE PARK, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

#### In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board; and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title for use as a public park and as an addition to High Bridge Park, as heretofore duly laid out on the map or plan of The City of New York, all the land within the following-described boundaries:

Beginning at a point in the easterly line of Edgecombe road, where it intersects the land of the Croton Aqueduct, near the southerly line of West One Hundred and Fifty-ninth street, produced easterly; thence northerly along the easterly line of Edgecombe road to a point opposite the northerly line of West One Hundred and Seventy-second street; thence easterly to the westerly line of the land of the High Bridge Park; thence southerly along said line until it meets the land of the Croton Aqueduct at the centre line of old West One Hundred and Seventieth street; thence southerly along the westerly line of the land of the Croton Aqueduct to the point or place of beginning, the easterly line of Edgecombe road, near West One Hundred and Fifty-ninth street.

And it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 16th day of February, 1904, all the members present voting in favor thereof.

Attest:

Bernard Downing, Secretary.

Approved this 17th day of February, 1904.

JOHN F. AHEARN,  
President of the Borough of Manhattan.

The estimated market value is \$296,250.

The tax value for 1903 is \$237,000.

REPORT No. 1759.

FEBRUARY 27, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted on February 16, 1904, by the Local Board of the Washington Heights District, Borough of Manhattan, recommending that title be acquired to the land bounded on the east by Croton Aqueduct and High Bridge Park, and on the west by Edgecombe and Amsterdam avenues, and extending from West One Hundred and Fifty-ninth street to West One Hundred and Seventy-second street, the same having been laid out upon the map of the City as an extension to the High Bridge Park.

This addition to the High Bridge Park was placed upon the map of the City on December 11, 1903, and in reporting upon the same at that time, attention was called to the following features:

"The land which it is proposed to add to the park area comprises a strip ranging in width from 3 feet to about 260 feet, and extending from a point south of One Hundred and Fifty-ninth street to a point about opposite the north line of One Hundred and Seventy-second street, a distance of about 3,700 feet. The easterly bound of this area is the land of the Old Croton Aqueduct and land already acquired as a part of the present High Bridge Park, while Edgecombe and Amsterdam avenues form the proposed westerly boundary.

The area may be considered as being naturally divided into two parcels, each with distinctive features, the line of separation being located about 450 feet north of One Hundred and Sixty-sixth street, where the width of the land to be taken is only about 10 feet. The area north of this line contains four parcels, two of which have one owner, while the ownership of a third is unknown; on this section there are one frame dwelling, a frame shed and a frame stable; it is valued at \$140,000. The land is generally wooded, the trees at the northerly end being larger and more numerous than in the southerly portion. The ground is sufficiently flat for utilization for park purposes or for improvement by its present owners, and its dimensions are such as to adopt it for either of the above uses.

South of the division line already alluded to the tract is narrow and its surface is rough, dropping precipitously from or near the line of Edgecombe avenue down to the conduit lands, generally 15 to 20 feet below. The area is divided into small parcels; it is of such a rough character that its treatment as a park would undoubtedly consist largely of the preservation of the present picturesque conditions, which do not admit of use as a public playground.

The map shows a parcel having a depth of 10 feet as comprising the frontage on Edgecombe avenue from about One Hundred and Sixty-second street to the northerly end of the proposed park. I understand that this was originally included in Edgecombe road, which was reduced in width from 100 feet to 80 feet before title to it had been acquired by the City. The original owners seem to have recognized the street as at first proposed, and deeded property accordingly, leaving some uncertainty as to the ownership of this strip. The map also shows that a street has been laid out to traverse the property at the northerly end, but it is not in use, and title to it has not been acquired."

The area is divided for purposes of taxation into 56 parcels, the same having an aggregate value, as assessed for 1904 taxes, of \$271,000. This valuation, including that of one parcel owned by the City and estimated to be worth \$5,000. Improvements have been erected upon six of the parcels, the same having an aggregate valuation of \$15,200; these include five frame dwellings, two brick dwellings, one frame stable and one shed, none of which are of any great value.

The City having committed itself to the purchase of this land, the institution of proceedings to acquire title to it is, in my judgment, proper.

In my previous report, already referred to, however, attention was also called to the fact that a large part of the property has a very shallow depth, and that if it were to be acquired under condemnation proceedings the City would probably be subjected to a great expense, and it was urged that an effort be made to secure the same by private agreement, if possible, and that if this method should fail, the wisdom of acquiring the land might be doubtful.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the extending of High Bridge Park, as shown on a map filed in the office of the Register of the City and County of New York, December 21, 1903, in accordance

with the plan adopted by the Board of Estimate and Apportionment December 11, 1903, and approved by the Mayor December 18, 1903, in the Borough of Manhattan, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the said extension of High Bridge Park, in the Borough of Manhattan, City of New York.

Resolved, That the cost and expense of said proceedings shall be borne and paid by The City of New York.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan and the President of the Borough of Brooklyn—13.

#### LOCATION AND GRADES OF EAST ONE HUNDRED AND SEVENTY-SEVENTH STREET AND TREMONT AVENUE, THE BRONX.

In the matter of the proposed locating and laying out of East One Hundred and Seventy-seventh street, from Boston road to the Bronx river, and Tremont avenue, from the Bronx river to the Eastern Boulevard, etc., affidavit of publication was presented, showing that the matter had been duly advertised. Nobody appearing in opposition to the proposed layout, the hearing was closed.

The Comptroller moved the approval of so much of the map as is east of Bronx Park avenue, and west of the Bronx river, and the following resolution was adopted:

Whereas, At a meeting of this Board, held on the 25th day of March, 1904, resolutions were adopted proposing to change the map or plan of The City of New York so as to locate and lay out East One Hundred and Seventy-seventh street, from Boston road to the Bronx river, and Tremont avenue, from the Bronx river to the Eastern Boulevard, etc., in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 22d day of April, 1904, at 10.30 o'clock A. M., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 22d day of April, 1904; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 22d day of April, 1904; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by locating and laying out East One Hundred and Seventy-seventh street, from Boston road to the Bronx river, and Tremont avenue, from Bronx Park avenue to the Eastern Boulevard, etc., in accordance with a certain map or plan prepared by the President of the Borough of The Bronx, bearing date March 12, 1904; that portion of Tremont avenue lying between the Bronx river and Bronx Park avenue to remain as laid out on the map approved by the Board of Estimate and Apportionment November 28, 1902, and by the Board of Aldermen January 27, 1903, in the Borough of The Bronx, City of New York, does hereby favor the same, so as to locate and lay out the aforesaid streets, as follows:

The grades at the intersection with Virginia avenue and Public place to be 16.5 feet and 17.0 feet above mean high-water datum.

The grade at the intersection of Public place and unnamed street to be 21.0 feet above mean high-water datum.

The grade at the intersection of Westchester avenue and Public place to be 18.5 feet above mean high-water datum.

The grade at the westerly intersection of Fourteenth street to be 20.0 feet above mean high-water datum.

The grade at the southeast curb intersection of Avenue E to be 26.0 feet above mean high-water datum, as heretofore.

The grade at the northwest curb intersection of Twelfth street to be 29.0 feet above mean high-water datum, as heretofore.

The grades at the northwest and southeast curb intersections of Avenue D to be 24.5 feet and 24.0 feet respectively above mean high-water datum.

The grade at the eastern intersection with Eleventh avenue to be 27.5 feet above mean high-water datum.

The grade at the western intersection of Tenth avenue to 30.0 feet above mean high-water datum, as heretofore.

The grades at the northwest curb intersection of Castle Hill avenue to be 40.0 feet above mean high-water datum.

Thence easterly to a point distant 150 feet from the previous grade, the grade to be 45.0 feet above mean high-water datum.

The grade at the eastern intersection with Ninth street to be 46.5 feet above mean high-water datum, as heretofore.

The grades at the northwest and southeast curb intersections of Avenue B to be 37.0 feet and 36.0 feet respectively above mean high-water datum, as heretofore.

The grade at the eastern intersection with Seventh street to be 25.0 feet above mean high-water datum, as heretofore.

The grade at the northwest curb intersection of East One Hundred and Sixty-second street to be 18.5 feet above mean high-water datum.

On motion of the Comptroller, the following resolution was then adopted:

Resolved, That the balance of the plan be referred to the Chief Engineer and the President of the Borough of The Bronx, to prepare a plan which will conform as nearly as possible to the lines already acquired.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of The Bronx—14.

#### CLOSING CREEK STREET AND LAYING OUT NEW STREET, QUEENS.

In the matter of the proposed closing of a portion of Creek street in the Borough of Queens, and laying out a new connection with Borden avenue as a substitute for the portion closed, affidavit of publication was presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to the proposed change, the following resolution was adopted:

Whereas, At a meeting of this Board, held on the 25th day of March, 1904, resolutions were adopted proposing to change the map or plan of The City of New York so as to close and discontinue a portion of Creek street and to lay out as a substitute for the portion which is closed a new connection with Borden avenue, in the Borough of Queens, City of New York, and appointing a hearing at a meeting of this Board to be held on the 22d day of April, 1904, at 10.30 o'clock A. M., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 22d day of April, 1904; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 22d day of April, 1904; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by closing and discontinuing a portion of Creek street and laying out as a substitute for the portion which is closed a new connection with Borden avenue, in the Borough of Queens, City of New York, does hereby favor the same so as to change the aforesaid street as follows:

##### Portion of Creek Street to be Closed.

Beginning at a point formed by the intersection of the northerly line of Borden avenue and the westerly line of Creek street, as the same is laid down on the Commissioners' map of Long Island City, dated December 31, 1875, and running thence northerly along the westerly line of Creek street twenty-five (25) feet; thence easterly and parallel with Borden avenue sixty (60) feet to the easterly line of Creek street; thence southerly along the easterly line of Creek street twenty-five (25) feet to the northerly line of Borden avenue; thence westerly along the northerly line of Borden avenue (if the northerly line of Borden avenue were prolonged across Creek street) sixty (60) feet to the point or place of beginning.

##### Portion of Creek Street to be Opened.

Beginning at a point on the northerly line of Borden avenue as the same is laid down on the Commissioners' map of Long Island City, dated December 31, 1875, which said point is distant sixty-five (65) feet west of a point formed by the intersection of the northerly line of Borden avenue with the westerly line of Creek street, and thence running westerly along the northerly line of Borden avenue sixty (60) feet; thence running northerly and parallel with Creek street ninety (90) feet; thence easterly and parallel with Borden avenue one hundred and twenty-five (125) feet to the westerly line of Creek street; thence southerly along the westerly line of Creek street sixty-five (65) feet; thence westerly and

parallel to Borden avenue sixty-five (65) feet; thence southerly and parallel to Creek street twenty-five (25) feet to the northerly line of Borden avenue, the point or place of beginning.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of The Bronx—14.

#### LAYING OUT OF LINCOLN AVENUE, RICHMOND.

In the matter of the proposed laying out of Lincoln avenue, from Southfield Boulevard to New York Bay, in the Fourth Ward, Borough of Richmond, affidavit of publication was presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to the proposed layout, the following resolution was adopted:

Whereas, At a meeting of this Board, held on the 25th day of March, 1904, resolutions were adopted, proposing to change the map or plan of The City of New York so as to lay out Lincoln avenue, from Southfield Boulevard to New York Bay, Fourth Ward, in the Borough of Richmond, City of New York, and appointing a hearing at a meeting of this Board to be held on the 22d day of April, 1904, at 10.30 o'clock A. Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 22d day of April, 1904; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out Lincoln avenue, from Southfield Boulevard to New York Bay, Fourth Ward, in the Borough of Richmond, City of New York, does hereby favor the same so as to lay out the aforesaid street as follows:

Beginning at the intersection of the southeasterly line of Southfield Boulevard with the southeasterly prolongation of the northeasterly line of Lincoln avenue as the same exists northwest of said Southfield Boulevard, the last mentioned line being 2.16 feet distant northeasterly at right angles from the monument near the north corner of Southfield Boulevard and Lincoln avenue.

1. Thence southwesterly along the southeasterly line of Southfield Boulevard for 51.29 feet.

2. Thence easterly and deflecting 102 degrees 52 minutes 36 seconds to the left for 376.47 feet.

3. Thence southeasterly and deflecting 10 degrees 40 minutes and 16 seconds to the right 1,433.55 feet.

4. Thence still southeasterly and deflecting 0 degrees 13 minutes and 58 seconds to the right 2,947 feet, more or less, to the line of mean high-water of New York Bay.

5. Thence northeasterly along the last-mentioned line for 50 feet, more or less.

6. Thence northwesterly parallel to and 50 feet distant northeasterly from the fourth course for 2,947 feet, more or less.

7. Thence still northwesterly parallel to and 50 feet distant southeasterly from the third course and deflecting 13 minutes and 58 seconds to the left for 1,437.32 feet.

8. Thence westerly parallel to and 50 feet distant northerly from the second course and deflecting 10 degrees 40 minutes and 16 seconds to the left 369.71 feet to the point of beginning.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of The Bronx—14.

#### NEW STREET, BETWEEN WILLIAM AND BEACH STREETS, RICHMOND.

In the matter of the proposed laying out of a street lying between William and Beach streets, and running from St. Paul's avenue to Jackson street, in the Second Ward, Borough of Richmond, affidavit of publication was presented, showing that the matter had been duly advertised.

Messrs. Turner, Rolston and Horan appeared in favor of the proposed street, nobody appearing in opposition.

On motion of the President of the Borough of Richmond, the following resolution was adopted:

Whereas, At a meeting of this Board, held on the 25th day of March, 1904, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out a proposed street, between William street and Beach street, and extending from St. Paul's avenue to Jackson street, Second Ward, in the Borough of Richmond, City of New York, and appointing a hearing at a meeting of this Board to be held on the 22d day of April, 1904, at 10.30 o'clock A. Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 22d day of April, 1904; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out a proposed street, between William street and Beach street, and extending from St. Paul's avenue to Jackson street, Second Ward, in the Borough of Richmond, City of New York, does hereby favor the same so as to lay out the aforesaid street, as follows:

Beginning at a point on the northwesterly line of Jackson street 522.15 feet northeasterly from the corner formed by the intersection of the northwesterly line of Jackson street and the northeasterly line of Beach street, running thence northeasterly along the northwesterly line of Jackson street 50 feet; thence northwesterly and deflecting 90 degrees to the left 213.12 feet to the northeasterly line of St. Paul's avenue; thence southwesterly along the last mentioned line and deflecting 83 degrees 44

minutes and 55 seconds to the left 50.30 feet; thence southeasterly and deflecting 96 degrees 15 minutes and 5 seconds to the left 218.60 feet to the point of beginning, being a strip of land 50 feet in width extending from Jackson street to St. Paul's avenue.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### LAYING OUT HAMLIN STREET, BROOKLYN.

In the matter of the proposed laying out of Hamlin street (formerly Henry street), between Neptune and Canal avenues, in the Borough of Brooklyn, affidavit of publication was presented, showing that the matter had been duly advertised.

A property owner appeared in opposition to the proposed change.

The President of the Borough of Brooklyn moved that the matter be referred back to him, which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of The Bronx—14.

#### PARK BOUNDED BY FIRST AVENUE, SHORE ROAD, WAKEMAN PLACE, ETC., BROOKLYN.

In the matter of the proposed laying out as a public park the property bounded by First avenue, the Shore road, Wakeman place, New York and Bay Ridge avenue, in the Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

The President of the Borough of Brooklyn moved that the hearing be adjourned for two weeks, which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### CHANGE OF LINES OF BRADLEY AVENUE, QUEENS.

In the matter of the proposed closing of a portion of Bradley avenue, from Borden avenue to Greenpoint avenue, in the Borough of Queens, affidavit of publication was presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to the proposed change, the following resolution was adopted:

Whereas, At a meeting of this Board, held on the 25th day of March, 1904, resolutions were adopted proposing to change the map or plan of The City of New York so as to close and discontinue a portion of Bradley avenue, from the southerly line of Borden avenue to the northerly line of Greenpoint avenue, as same is laid down on the Commissioners' Map of Long Island City, made pursuant to chapter 765 of the Laws of 1871, in the Borough of Queens, City of New York, and appointing a hearing at a meeting of this Board to be held on the 22d day of April, 1904, at 10.30 o'clock A. M., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 22d day of April, 1904; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 22d day of April, 1904; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by closing and discontinuing a portion of Bradley avenue, from the southerly line of Borden avenue to the northerly line of Greenpoint avenue, as same is laid down on the Commissioners' Map of Long Island City, made pursuant to chapter 765 of the Laws of 1871, in the Borough of Queens, City of New York, does hereby favor the same, so as to close and discontinue the aforesaid avenue as follows:

Beginning at a point formed by the intersection of the southerly side of Borden avenue with the westerly line of Bradley avenue, as laid down on said Commissioners' map, and running thence southerly on the westerly line of Bradley avenue, as laid down on said Commissioners' map, to the northerly line of Greenpoint avenue; thence easterly and on a continuation of the northerly line of Greenpoint avenue 40 feet; thence northerly and parallel with the westerly line of Bradley avenue and 40 feet therefrom to the northerly line of Borden avenue; thence northwesterly on a continuation of the southerly line of Borden avenue 52.40 feet to the point or place of beginning, the intention being to reduce the width of Bradley avenue, from Borden avenue to Greenpoint avenue, from 100 feet to 60 feet.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### WIDENING ROEBLING STREET, BROOKLYN.

The following resolution of the Local Boards of Bedford and Williamsburg, Borough of Brooklyn, and report of the Chief Engineer were presented, and the matter was laid over for two weeks:

##### In the Local Board of the Bedford and Williamsburg Districts.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bedford and Williamsburg Districts, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

MARTIN W. LITTLETON,

President of the Borough of Brooklyn.

REPORT No. 1879.

APRIL 15, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a joint resolution, adopted by the Local Boards of the Bedford and Williamsburg districts, Borough of Brooklyn, on March 21, 1904, recommending an alteration in the map of the City, by widening Roebing street, between the plaza of the Williamsburg Bridge, at South Fourth street and Union avenue, by adding 20 feet to its westerly side.

This is the revival of a proceeding inaugurated last year, and upon which the former Board of Estimate and Apportionment gave a public hearing on September 30, 1903. On that date the matter was laid over until November 13. Consideration was again deferred until December 1, when the resolution was laid upon the table, and no further action was taken.

Considerable difference of opinion was developed at the hearing. The original petition was signed by several hundred people, while one anonymous protest came with the resolution of last year. The resolution now before the Board was prompted by a petition presented by the "Young Men's and Taxpayers' Association of the Eastern District," which is said to have contained 140 names, although only a few of these appear on the copy sent by the Borough President with the resolution. Two protests against the proposed change, however, accompany the resolution, one by Samuel W. Crawford and the other by Charles C. Johnson.

Roebing street is now 60 feet in width, and it is proposed to make it 80 feet in order that it may adequately provide for the traffic parallel with the East river, between the Williamsburg and Greenpoint sections of the Borough of Brooklyn and Long Island City.

As was pointed out in the report submitted by the former Board of Estimate and Apportionment, the widened street would end at what is known as McCarren Park, the southerly boundary of which is Union avenue, so that its outlet to the north would be anything but satisfactory. This proposed park is already traversed by several street car lines, and it has been proposed that the widened Roebing street, which it is assumed will be an important street railroad thoroughfare, together with some of the other streets now traversing the park, be carried beneath it in a tunnel. The elevation of the present surface, however, is so low, varying from  $8\frac{1}{2}$  to less than 14 feet, that the building of a satisfactory tunnel under the park would be very difficult, if not impossible.

The assessed value of the lots fronting upon the westerly side of Roebing street, all of which would be affected by this widening, is \$334,000, of which \$142,200 is for land, and the remainder for buildings. The widening covers 15 blocks and affects 72 different parcels, nearly all of which are built upon.

The values given above appear to be very low for property of this character, and it is very difficult to estimate in the most approximate way what would be the cost of acquiring the land necessary for the widening. Although only 20 feet is supposed to be taken from the front of these lots, I believe it safe to predict that the cost of the proceeding would be much greater than the present assessed value of the entire property affected.

It is recommended that a public hearing be given. A map for this purpose has been furnished, and the technical description is included in the resolution of the Local Board.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

#### OPENING INDIANA AVENUE, RICHMOND.

The following resolution of the Local Board of Staten Island, Borough of Richmond, and report of the Chief Engineer were presented:

*In the Local Board of the Staten Island District, Borough of Richmond.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board; and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

To open the street indicated as Indiana avenue on a map entitled "Map or plan showing layout and grades of certain streets in the First Ward, Borough of Richmond, The City of New York," approved by the Board of Estimate and Apportionment on the 30th day of September, 1903, as shown on said map, between Jewett avenue and a point one hundred and ninety-eight feet and eight hundredths of a foot (198.08 feet) westerly from Wooley avenue.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Staten Island District on the 15th day of March, 1904, all the members being present and voting in favor thereof.

Attest:

Maybury Fleming, Secretary.

Approved this 16th day of March, 1904.

GEORGE CROMWELL,

President of the Borough of Richmond.

REPORT No. 1880.

APRIL 15, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Staten Island District, Borough of Richmond, adopted on March 15, 1904, initiates proceedings for acquiring title to Indiana avenue, between Jewett avenue and a point 198.08 feet westerly from Wooley avenue.

Indiana avenue is one of the bounding streets of the Prohibition Park, or Westerleigh sections, a plan of which was adopted by the Board of Estimate and Apportionment after a public hearing on September 30, 1903. It has a width of 70 feet, and the proposed opening covers the entire length of the street shown on the plan referred to, or nine blocks.

There is no reason why the resolution of the Local Board should not be approved, and it is recommended that open proceedings be authorized, and that, in accordance with the policy adopted by the former Board of Estimate and Apportionment for the opening of streets over 60 feet in width, five per cent. of the cost be assumed by the City at large, and that the remainder be assessed upon the property deemed to be benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970, of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Indiana avenue, between Jewett avenue and a point 198.08 feet westerly from Wooley avenue, in the Borough of Richmond, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Indiana avenue, between Jewett avenue and a point 198.08 feet westerly from Wooley avenue, in the Borough of Richmond, City of New York.

Resolved, That 95 per cent. of the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby, and the remainder of such cost and expense shall be borne and paid by The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### LAYING OUT WEST ONE HUNDRED AND EIGHTY-SEVENTH STREET, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

##### *In the Local Board of the Washington Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Washington Heights District, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment the laying out on the map or plan of The City of New York West One Hundred and Eighty-seventh street, from Amsterdam avenue to New avenue bounding High Bridge Park, and establishing suitable grades therefor; and it is hereby further Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 15th day of March, 1904, all the members present voting in favor thereof.

Attest:

Approved this 16th day of March, 1904.

JOHN F. AHEARN,

President of the Borough of Manhattan.

REPORT NO. 1882.

APRIL 16, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on March 15, 1904, recommending that the map or plan of The City of New York be altered by laying out West One Hundred and Eighty-seventh street, from Amsterdam avenue to the "new avenue" bounding High Bridge Park on the west.

This resolution has been adopted at the request of the owner of a large amount of property affected by the proceeding, and it is also accompanied by the protest of four owners of property on One Hundred and Eighty-sixth street and that of the owner of thirty-three lots, most of which are located on One Hundred and Eighty-seventh street, between Amsterdam and Audubon avenues, the others not being affected by the proceeding. The resolution originally before the Local Board and which resulted in this protest being made, also contemplated the laying out of West One Hundred and Eighty-sixth street.

The location of One Hundred and Eighty-seventh street, as proposed, is a continuation of the lines of the street as now laid out west of Amsterdam avenue. It will subdivide a block which now has dimensions of approximately 750 feet by 275 feet. The lines of the street east of Amsterdam avenue are not indicated in any way upon the ground, nor is there any road at present in use. A one-story frame building is located within the lines of the street, although, lacking a survey, I am unable to state positively whether the proceeding extends far enough east to indicate the same.

I believe that the proposed change is a desirable one, and would recommend the same for adoption. Herewith is transmitted a map showing the extension of the lines of the street as proposed and a technical description of the same for use at the public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out West One Hundred and Eighty-seventh street, from Amsterdam avenue to the "New avenue" bounding High Bridge Park on the west, and establishing grades, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point in the easterly line of Amsterdam avenue distant 489.66 feet northerly from the northerly line of West One Hundred and Eighty-fifth street; thence easterly and parallel to said street, distance 266.92 feet to the westerly line of the New avenue west of High Bridge Park; thence northerly and curving to the left on the arc of a circle whose radius is 594.25 feet, distance 83.84 feet; thence westerly and

parallel to the first course, distance 242.07 feet to the easterly line of Amsterdam avenue; thence southerly along said line, distance 80 feet to the point or place of beginning.

#### GRADES.

Beginning at a point in the easterly line of Amsterdam avenue and the centre line of the new West One Hundred and Eighty-seventh street, elevation 191.88 feet above City datum; thence easterly along the centre line, distance 256.04 feet to the westerly line of the New avenue west of High Bridge Park, elevation 173.48 feet.

The land for the new streets is found in section 8, Block No. 2149 of the Land Map of the Borough of Manhattan, City of New York.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### ABOLISHING GRADE CROSSINGS OVER LONG ISLAND RAILROAD, QUEENS.

The following report from the Chief Engineer was presented:

REPORT NO. 1856.

APRIL 6, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a communication addressed to the Mayor of the City by Mr. George W. Aldridge, Secretary to the Board of Railroad Commissioners of the State of New York, calling attention to the dangerous condition of the existing grade crossings on the line of the Long Island Railroad at Metropolitan avenue and Fresh Pond road, in the Borough of Queens.

The letter is accompanied by a plan for the elimination of these crossings by the depression of the tracks and the raising of the grades of the streets to establish overhead crossings. The Secretary of the Commission calls attention to the provisions of section 62 of the Railroad Law, which provides that either the municipal authorities or the railroad company affected may apply to the Board of Railroad Commissioners for the elimination of grade crossings.

Under the Railroad Law, the State will pay one-quarter of the expense, the City one-quarter, and the railroad company one-half. The Secretary further states that there is not at the present time money available to pay the State's proportion, and the Board cannot pass upon the matter at the present time, but it is expected that the Legislature will make an appropriation from which the State's proportion can be paid, and the Board can then determine that the crossings shall be eliminated if an application is presented to it.

Under section 66 of the Railroad Law, the Board of Railroad Commissioners has power to take the initiative, but it prefers that the application shall be made either by the municipal authorities or the railroad company.

The crossings are unquestionably dangerous. Metropolitan avenue and Fresh Pond road cross each other within a few feet of the points where the two streets cross the railroad tracks. Both streets are occupied by double-track surface railroads, operated by the Brooklyn Rapid Transit Company, and it is extremely probable that serious accidents will occur at this crossing if the present conditions be permitted to continue.

The plan which accompanies the letter provides for the depression of the tracks of the Long Island Railroad 14 feet at Fresh Pond road, and 13.5 feet at Metropolitan avenue, and for the raising of the grades of the two streets some 6 or 7 feet. The plan is accompanied by a detailed estimate of the expense, which estimate was prepared by the Engineer of the State Railroad Commission, and amounts to a total of \$245,996; so that the City's share of the improvement would be about \$61,500.

I have had some correspondence with the Secretary of the Commission, and have commented upon some of the items included in the estimate, which I was disposed to consider extravagant, and also upon the fact that there has been included in this estimate the work of changing the present grade of the Long Island Railroad for a distance of some 3,000 feet beyond what is absolutely necessitated by the elimination of the grade crossings. It seemed to me that this is a betterment of the Long Island Railroad, to which the City should not contribute. In contrast with this, the estimate refers to some \$12,500 worth of work in the paving of the approaches to the new bridges as an expense which should be borne wholly by the City. This I consider an essential part of the plan, and believe that the expense should be borne in the same manner as the remainder of the work.

The plan also shows Fresh Pond road as 50 feet in width, while a map of the Masspeth section recently adopted makes it 80 feet in width, and proceedings to open the street for its full width have already been commenced.

The plan and estimates are only tentative, and final plans would be decided upon and approved by the State Railroad Commission when the elimination of the crossings is authorized.

The improvement seems a most desirable one, and I beg to recommend that the Board, by resolution, apply to the Railroad Commission of the State of New York, under the provisions of section 62 of the Railroad Law, for the abolition of these two crossings; and it is further recommended that if this action be taken, the Engineer of the Board be authorized to carefully examine any plans which may be submitted, and to suggest to the Railroad Commission such amendments, both as to plans and apportionment of expense, as may seem proper to protect the interests of the City.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Whereas, It appears that the present crossings of the Long Island Railroad at Metropolitan avenue and Fresh Pond road, in the Borough of Queens, which are at grade, are extremely dangerous,

Resolved, That application be made to the State Board of Railroad Commissioners to have the said grade crossings abolished by depressing the tracks of the railroad company and raising the street grades.

Resolved, That the Corporation Counsel be requested to represent the City before the State Board of Railroad Commissioners.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### CLOSING EIGHTH STREET, BROOKLYN.

The following resolution of the Local Board of Prospect Heights, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### *In the Local Board of the Prospect Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused

a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Prospect Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To close Eighth street, from Gowanus Canal to Second avenue, as shown on the accompanying map and more particularly described as follows:

Beginning at the intersection of the western line of Second avenue with the northern line of Eighth street, as the same are laid down on the map of the City.

1. Thence southerly along the western line of Second avenue 60 feet to the southern line of Eighth street.

2. Thence westerly along the southern line of Eighth street 925.74 feet to the eastern line of Gowanus canal.

3. Thence northerly along the eastern line of Gowanus canal 60 feet to the northern line of Eighth street.

4. Thence easterly along the northern line of Eighth street 925.74 feet to the point of beginning.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Prospect Heights District on the 21st day of March, 1904, Commissioner Brackenridge and Aldermen Redmond and Gunther voting in favor thereof.

Attest:

John A. Heffernan, Secretary.

Approved this 24th day of March, 1904.

MARTIN W. LITTLETON,

President of the Borough of Brooklyn.

REPORT No. 1887.

APRIL 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Prospect Heights District, Borough of Brooklyn, adopted on March 21, 1904, initiating proceedings for closing Eighth street, between Gowanus canal and Second avenue.

The papers accompanying this resolution include a communication from the Corporation Counsel bearing date of January 23, 1903, showing that the title to this block was vested in the City under condemnation proceedings on March 15, 1858, and that, while under chapter 849 of the Laws of 1871 the Common Council was authorized to close the street between the limits named, no action was taken under such authorization. He states that any buildings or obstructions within the lines of the street are encroachments upon the same, which should be removed.

There are also submitted affidavits from two residents of Eighth street and one business man familiar with the locality, all of whom certify that during forty years there has been no act of the City which has indicated ownership or recognition of the street as being a public highway; one of the affiants further states that for more than twenty years the street has been fenced off from public use.

The action of the Local Board is in compliance with the petition of the Tartar Chemical Company, which owns property fronting on Ninth street and extending across the lines of Eighth street to the Seventh street basin of the Gowanus canal.

An inspection of the locality shows that the block bounded by Second avenue, Ninth street, Gowanus canal and the Seventh street basin, the latter being about 120 feet north of Eighth street, is practically exclusively occupied for business purposes, the same including, among others, several coalyards and the works of the Tartar Chemical Company. Several buildings have been erected within the lines of the street, the same including a new two-story brick building, just erected, on Second avenue, and a large new brick extension of the Tartar Chemical Company's plant. I believe that all of these industries would be very materially damaged by the placing of this street in use, although it is possible that some of the owners of property on the block may be injuriously affected by closing it.

Neither the resolution nor any of the papers indicate a desire to make compensation to the City for the discontinuance of the street as proposed. It is my belief that the City's title is limited to an easement for highway purposes. If this is the case, the discontinuance of the street and the removal of it from the map would probably at once restore title to the original owners of the land.

I would recommend that a public hearing be given, but that before action is taken either a basis of compensation be fixed and agreed upon, or that there be given satisfactory assurances of release from any claim for damage which might be made upon the City.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing Eighth street, between Gowanus canal and Second avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the western line of Second avenue with the northern line of Eighth street as the same are laid down on the map of the City;

1. Thence southerly along the western line of Second avenue 60 feet to the southern line of Eighth street;

2. Thence westerly along the southern line of Eighth street 925.74 feet to the eastern line of Gowanus canal;

3. Thence northerly along the eastern line of Gowanus canal 60 feet to the northern line of Eighth street;

4. Thence easterly along the northern line of Eighth street 925.74 feet to the point of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### ACQUIRING LAND FOR FORDHAM HEIGHTS BRIDGE, BRONX.

The following communication from the Commissioner of Bridges and report of the Chief Engineer were presented:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,  
April 8, 1904.

Hon. Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I beg to call your attention to the fact that your resolution, passed February 26, 1904, approving and authorizing the acquisition of land required for Fordham Heights Bridge, and directing the Corporation Counsel to institute proceedings for the acquisition of the same, will acquire for the City two strips of land fifteen (15) feet wide on either side of the site of the bridge approach, but will not acquire any land upon which to build the structure itself.

Referring to my letter to the Honorable Board of Estimate and Apportionment, dated January 28, 1904, and the report of Chief Engineer Lewis, both of which are printed in the proceedings of February 26, I think it will appear clearly that this Department requires immediately not only the two strips of land above mentioned, but also such additional lands as appear on a plan submitted by me and dated January 20, 1904. I therefore beg that you will authorize the acquisition of said property, and instruct the Corporation Counsel to take proceedings for the acquisition of the same immediately. That there may be no further misunderstanding as to the lands required, herewith follows a technical description of the necessary land not yet provided for:

Parcel No. 1—Beginning at a point on the south side of the Fordham Landing road, adjoining land of the Spuyten Duyvil and Port Morris Railway Company, running thence westerly by said Fordham Landing road forty and twenty-nine one hundredths feet (40.29'); thence still westerly by Fordham Landing road three and seventy-nine one hundredths feet (3.79'); thence southerly two hundred fifty-eight and twenty-eight one hundredths feet (258.28'); thence westerly two hundred twenty-five and ninety-nine one hundredths feet (225.99'); thence southerly eighty-feet (80'); thence westerly thirty-one and twenty-two hundredths feet (31.22') to the United States bulkhead-line of the Harlem river; thence southerly by the last said bulkhead-line fifty and thirty-four one hundredths feet (50.34'); thence easterly two hundred sixty-nine and fifty-five one hundredths feet (269.55') to the land of the Spuyten Duyvil and Port Morris Railway Company; thence northerly by said land four hundred and thirty one hundredths feet (400.30') to the place of beginning.

Parcel No. 11—Beginning at the northeast corner intersection of East One Hundred and Eighty-fourth street and the Harlem River terrace, and running thence easterly by the northerly line of East One Hundred and Eighty-fourth street two hundred fifty and twenty-six one hundredths feet (250.26') to the westerly line of Cedar avenue; thence northerly by said westerly line of Cedar avenue twenty-four and fifty-seven one hundredths feet (24.57'); thence westerly on a line parallel to East One Hundred and Eighty-fourth street and distant therefrom twenty feet (20') two hundred fifty-one and thirty-seven one hundredths feet (251.37') to the easterly line of Harlem River terrace; thence southerly by said easterly line of Harlem River terrace twenty-three and ninety-four hundredths feet (23.94') to the place of beginning.

Parcel No. 111—Beginning at the northeast corner intersection of East One Hundred and Eighty-fourth street and Cedar avenue, running thence easterly by the northerly side of Cedar avenue two hundred fourteen and eighty-three one hundredths feet (214.83'); thence northerly by the westerly side of East One Hundred and Eighty-fourth street two hundred eighty-three and eighty-seven hundredths feet (283.87') to the easterly side of Fordham Landing road; thence southwesterly by the easterly side of said Fordham Landing road one hundred forty-four and eight one hundredths feet (144.08'); thence easterly forty-three and ten one hundredths feet (43.10'); thence southerly by a line parallel with East One Hundred and Eighty-fourth street and distant therefrom twenty feet (20') one hundred fifty-seven and sixty-nine one hundredths feet (157.69'); thence southwesterly still parallel with East One Hundred and Eighty-fourth street and twenty feet (20') distant one hundred ninety and eighty-four one hundredths feet (190.84') to the easterly line of Cedar avenue; thence southerly by said easterly line twenty-four and fifty-seven one hundredths feet (24.57') to the place of beginning.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

REPORT No. 1889.

APRIL 18, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying communication from the Commissioner of Bridges, dated April 8, 1904, calls attention to the fact that the resolution adopted by the Board of Estimate and Apportionment on February 26 last, directing the Corporation Counsel to institute proceedings to acquire certain property needed for the construction of the new Fordham Heights Bridge across the Harlem river, does not cover all of the land required, but that it includes simply the strips 15 feet in width lying on both sides of the proposed bridge, and does not include the land which will be occupied by the bridge itself.

In the report accompanying the former application of the Commissioner, it was recommended that "steps be taken to acquire all the land lying between the westerly line of the proposed right of way of the New York Central and Hudson River Railroad and the United States Pier and Bulkhead Line, which is included within the lines of the bridge and the approach thereto from Exterior street, as shown upon the plan approved by the Board of Estimate and Apportionment on December 4, 1903, together with such additional lands as are indicated upon the plans submitted by the Bridge Commissioner, with his approval, dated January 20, 1904." The intent of this recommendation was to provide all the land required for the construction of the bridge. The Bridge Commissioner, however, described by metes and bounds only the strip outside of the bridge proper, the purchase of which he recommended for the protection of the bridge and to facilitate its construction.

The Commissioner of Bridges now submits a description by metes and bounds which covers not only the necessary bridge site, with the narrow strip outside of it, but which includes the portion of Exterior street which is needed to gain access to the bridge, and the land needed for the widening of East One Hundred and Eighty-fourth street, from the railroad tracks to Fordham Landing road.

East One Hundred and Eighty-fourth street having already been opened at a width of 60 feet, it is assumed that the cost of the widening of this street to 80 feet as a proper approach to the new bridge should be a charge upon the City, and not be assessed upon the property-owners in the neighborhood.

It is therefore recommended that the resolution adopted on February 26, 1904, be rescinded, and that in its stead another resolution providing for the acquisition of the property described in the accompanying letter of the Commissioner of Bridges be adopted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, By the Board of Estimate and Apportionment of The City of New York, that the resolution adopted by said Board on February 26, 1904, approving and authorizing the acquisition of certain land for the use of the Department of Bridges, for the Fordham Heights Bridge, be and the same hereby is rescinded.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

Whereas, The Commissioner of the Department of Bridges has selected certain property, more particularly described below, to be acquired for the use of said Department; and

Whereas, The Commissioner has filed maps showing the property so selected, in accordance with the provisions of the Greater New York Charter;

Resolved, That the Board of Estimate and Apportionment hereby approve and authorize the acquisition, for the use of the Department of Bridges, of the property so selected, more particularly described as follows:

Parcel I.—Beginning at a point on the United States pier and bulkhead line on the east side of the Harlem river and distant two hundred sixty-eight and fourteen hundredths feet (268.14') from the southerly side of Fordham Landing road; thence

running southwardly by said United States pier and bulkhead line one hundred sixty-one and eight hundredths feet (161.08'); thence eastwardly making an angle with the last mentioned line eighty-three degrees twenty minutes and fifty-four seconds (83° 20' 54") two hundred sixty-seven and twenty-seven hundredths feet (267.27') to the land of the Port Morris and Spuyten Duyvil Railway Company; thence northwardly by said land making an angle with the last mentioned line one hundred five degrees one minute and fifty-eight seconds (105° 1' 58") four hundred fifteen and eighty-three hundredths feet (415.83') to the southerly side of Fordham Landing road; thence westwardly by said southerly line of Fordham Landing road forty and twenty-nine hundredths feet (40.29'); thence still westwardly by said Fordham Landing road three and seventy-nine hundredths feet (3.79'); thence southwardly parallel to the land of the Port Morris and Spuyten Duyvil Railway Company and distant therefrom forty feet (40') two hundred forty-two and seventy-five hundredths feet (242.75'); thence westwardly, making an angle with the last mentioned line of one hundred five degrees, one minute and fifty-eight seconds (105° 1' 58") two hundred fifty and sixteen hundredths feet (250.16') to the place of beginning.

Parcel II.—Beginning at the intersection of the easterly line of Harlem River terrace and the northerly line of East One Hundred and Eighty-fourth street; running thence eastwardly two hundred fifty and twenty-six hundredths feet (250.26') to the westerly line of Cedar avenue; thence northwardly by the said westerly line of Cedar avenue twenty-four and fifty-seven hundredths feet (24.57'); thence westwardly parallel with East One Hundred and Eighty-fourth street and distant therefrom twenty feet (20') two hundred fifty-one and thirty-seven hundredths feet (251.37') to the easterly side of Harlem River terrace; thence by said easterly side southwardly twenty-three and ninety-four hundredths feet (23.94') to the place of beginning.

Parcel III.—Beginning at the intersection of the easterly side of Cedar avenue and the northerly side of East One Hundred and Eighty-fourth street; running thence eastwardly by said northerly side of East One Hundred and Eighty-fourth street two hundred fourteen and eighty-three hundredths (214.83') feet; thence northwardly by the westerly side of East One Hundred and Eighty-fourth street two hundred eighty-three and eighty-seven hundredths feet (283.87') to the Fordham Landing road; thence southwestwardly by the easterly side of Fordham Landing road one hundred forty-four and eight hundredths feet (144.08'); thence eastwardly along the southerly side of Fordham Landing road, produced, forty-three and ten hundredths feet (43.10'); thence southwardly parallel with East One Hundred and Eighty-fourth street and distant therefrom twenty feet (20') one hundred fifty-seven and sixty-nine hundredths feet (157.69'); thence westwardly parallel to East One Hundred and Eighty-fourth street and distant therefrom twenty feet (20') one hundred ninety and eighty-four hundredths feet (190.84') to the easterly side of Cedar avenue; thence southwardly by said easterly side of Cedar avenue twenty-four and fifty-seven hundredths feet (24.57') to the place of beginning.

Resolved, That the Corporation Counsel be and he hereby is directed to institute proceedings for the acquisition of the above described property.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### DEED OF CESSION IN THE MATTER OF OPENING MEEKER AVENUE, BROOKLYN.

The following petition and report of the Chief Engineer were presented, and the matter was referred to the Corporation Counsel:

*Board of Estimate of The City of New York.*

In the Matter  
of

The application of The City of New York, relative to acquiring title to Van Dam street, from Meeker avenue to Bridgewater street, in the Seventeenth Ward of the Borough of Brooklyn, City of New York.

The petition of J. Sergeant Cram respectfully shows to this Board that your petitioner resides at No. 17 East Forty-fifth street, in The City of New York, and that he is a trustee under the Last Will and Testament of Henry A. Cram, deceased.

That said Henry A. Cram on or about the third day of January, in the year one thousand eight hundred and fifty-six, purchased at a foreclosure sale made by Englebert Lott, Sheriff of the County of Kings, various plots, pieces or parcels of land, situated in the Seventeenth Ward of the Borough of Brooklyn, the deed for which is recorded in the Office of the Register of the County of Kings, in Liber 413 of Conveyances, page 86, on the 8th day of January, 1856, and that said Henry A. Cram and the trustee of Henry A. Cram have ever since and still continue to own said real property.

That said Henry A. Cram died on or about the 9th day of April, 1894, leaving a Last Will and Testament which was duly admitted to probate by the Surrogate of the City and County of New York, and which was thereafter duly recorded in the Office of the Register of the County of Kings.

That said real property is free from all incumbrances and that there are no mortgages, liens or judgments of any description of record or not of record against the same.

That The City of New York, by condemnation proceedings is about to acquire a part of said real property for street uses, i. e., Van Dam street, as shown above, the Commissioners of which proceeding have already been appointed and are as follows: John Watson, Esq., Thomas D. Hoxsey, Esq., and that said Commissioners will have their first meeting on the 4th day of April, 1904.

That your petitioner desires to facilitate said taking and desires to cede to The City of New York for a nominal consideration or consideration of one dollar, so much of said property as will be taken in this proceeding, the diagram of which is hereto annexed and the part about to be taken shown in colors, colored red.

Your petitioner therefore prays that this Board shall pass resolutions as follows:  
First—Permitting your petition to cede to The City of New York, for a nominal consideration or consideration of one dollar, so much of petitioner's real property as such trustee, as is about to be taken for the bed of Van Dam street, as shown on annexed diagram, under section 994 of the Charter of The City of New York and the statutes in such cases made and provided.

Second—That such Board of Commissioners of Estimate and Assessment, John Watson Esq., Thomas D. Hoxsey, Esq. and such other and further commissioners as may be from time to time appointed, and the Corporation Counsel of The City of New York, be authorized, ordered and directed to accept said cession of said real property upon your petitioner's filing with the said Board of Commissioners of Estimate and Assessment has written consent to accept said nominal award of one dollar, and further to pay his proportionate share of any assessment in this proceeding down to the confirmation of coming in of the report herein:

And your petitioner will ever pray.

SERGEANT CRAM.

State of New York, County of New York, ss.:

J. Sergeant Cram, being duly sworn, deposes and says: That he is the petitioner in the above entitled proceedings: that he had read the foregoing petition and knows

the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters, he believes it to be true.

J. SERGANT CRAM.

Sworn to before me this 30th day of March, 1904.

Walter S. Kennedy, Commissioner of Deeds, New York City.

REPORT No. 1874.

APRIL 12, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In the accompanying petition from J. Sergeant Cram, bearing date of March 30, 1904, a request is made that the Corporation Counsel of The City of New York be authorized, ordered and directed to accept a deed of cession of property for which the petitioner is a trustee, located within the lines of Vandam street, between Nassau avenue and Bridgewater street, Borough of Brooklyn, the consideration to be paid for the same to be nominal, and with the understanding that the petitioner shall pay any proportionate share of the assessment which may be levied in connection with the proceedings now pending for opening the street. The petitioner's property seems to include half of the block adjoining Bridgewater street.

The opening of Vandam street, between Meeker avenue and Bridgewater street, was authorized by the Board of Estimate and Apportionment on January 16, 1903, and the oaths of the Commissioners of Estimate and Assessment were filed on September 23, 1903. The proceeding includes a length of two blocks, through which no street system is in use. With the exception of an encroachment of an inexpensive shed there are no buildings upon the land to be acquired.

I am advised at the office of the Corporation Counsel in the Borough of Brooklyn that all of the land to be taken under this proceeding had previously been mapped as a street by its owners, and that for this reason the awards for each parcel taken will probably be nominal.

The request of Mr. Cram is made under the provisions of section 994 of the Charter, under which the City is given power to agree with the owners of land to be taken for street opening purposes as to the damage which they will sustain, and as to the amount of benefit which will accrue to them. I do not understand that in this case the petitioner will be financially benefited by the acceptance of such a deed as he proposes to give, nor do I understand from the Charter that the Board of Estimate and Apportionment has power to act in the matter the officer charged with responsibility for the acceptance of such a deed and with the negotiations as to the terms under which it can be given, not being named in the section of reference, although, from other sections relating to the deeding of streets to the City, it would appear that the Corporation Counsel is the only officer empowered to act in such a case.

I would recommend that this petition be referred to the Corporation Counsel for his opinion as to the proper steps to be taken if it be deemed desirable to grant the request of the petitioner.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

LAYING OUT WEST ONE HUNDRED AND SIXTY-SIXTH AND WEST ONE HUNDRED AND SIXTY-SEVENTH STREETS, MANHATTAN.

The following communications and report of the Chief Engineer were presented:

WASHINGTON HEIGHTS PROPERTY OWNERS' PROTECTIVE ASSOCIATION,  
No. 548 WEST ONE HUNDRED AND SIXTY-FIFTH STREET,  
NEW YORK CITY, March 30, 1904.

DAVID WELCH, Esq.:

DEAR SIR—On behalf of the officers and members of the above association, I beg to inform you that at a meeting of the Executive Committee I was empowered to request that the Board of Estimate and Apportionment open One Hundred and Sixty-sixth and One Hundred and Sixty-seventh streets, from Broadway to Fort Washington avenue, and that a change in the map of the City be made without delay to obtain that result. The Board of Estimate and Apportionment will find on record in the office of the President of the Borough of Manhattan, and also upon the files of its own office, various petitions signed by upwards of two hundred persons, property owners of Washington Heights, and representing upwards of \$10,000,000 in property in that immediate locality, praying that these streets be opened for reasons in said petition set forth. I beg also to state there are not over six persons residing in the immediate vicinity of the ball grounds, representing property value of upwards of \$100,000, who have protested against opening the streets. Churches of all denominations, the Deaf and Dumb Institution, the largest of its kind in the State, and others have petitioned that these streets be opened, as the locality is being injured beyond redemption by the streets remaining as they are, and which permits the establishment of a baseball ground thereon, to the disgrace and injury to the property owners and citizens of the locality by reason of the rowdiness and gross offenses against law and order, and which have occurred, and will continue unabated unless prompt measures are taken by the officials of the City to protect the interests of the property owners in that section who are unanimous in their opinion of the great injury that has been placed upon them.

You are authorized to attach this communication to your petition as and for the act of the Association.

Yours respectfully,

JOHN A. PICKEN, Secretary.

DAVID WELCH, ATTORNEY AND COUNSELLOR AT LAW,  
No. 35 NASSAU STREET,  
NEW YORK CITY, March 30, 1904.

Board of Estimate and Apportionment of The City of New York:

SIR—I beg to send herewith a petition signed by Messrs. Charles T. Barney, Whitehouse & Porter, J. Romaine Brown, L. J. Phillips & Co., George R. Read, Andrew J. Connick, John A. Picken, and other well known and representative property owners, praying for a change in the map of the City by extending One Hundred and Sixty-sixth and One Hundred and Sixty-seventh streets, from Broadway to Fort Washington avenue, and which petitioners represent an ownership of real estate of several million dollars in value.

By recent amendment to section 442 of the Greater New York Charter, your Honorable Board, together with the Mayor, has exclusive jurisdiction in the premises.

In presenting the petition, my only request at this time is that your Board give notice of this proposed action to make some change in the map, in the manner as required by the section hereinbefore recited. At the same time and place specified in such notice, I, and those I represent, will be prepared to make known fully and in detail the reasons why such change should be made, and will submit additional petitions which will embrace substantially every property owner in the said locality praying for such change.

We have been endeavoring for quite a year at various times to have your Board pass upon this matter, but thus far without success, and I trust, therefore, you will grant us an early hearing, as a great and irreparable injury will result to your petitioners should the relief to which we are so justly entitled be denied.

Awaiting your early acknowledgment,

Yours respectfully,

DAVID WELCH.

To the Board of Estimate and Apportionment of The City of New York:

We, the subscribers, taxpayers of The City of New York and freeholders, owning the properties stated opposite our names respectively, conformable to section 442 of the Greater New York Charter, do respectfully petition your Honorable Board to change the map or plan of The City of New York so as to lay out two new streets by extending West One Hundred and Sixty-sixth street and West One Hundred and Sixty-seventh street from Broadway westerly to Fort Washington avenue.

Dated March 24, 1904.

REPORT No. 1675.

APRIL 12, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a communication from John O. Baker and a number of other property-owners on Washington Heights, through Mr. David Welch, their attorney, requesting the Board to lay out upon the map of the City West One Hundred and Sixty-sixth and West One Hundred and Sixty-seventh streets, between Broadway and Fort Washington avenues.

This proposed change in the map of the City was brought to the attention of the last Board of Estimate and Apportionment in July of last year by a petition similar to the one now presented. In reporting thereon, on July 14, 1903, it was recommended that the matter be referred to the Local Board of the District for a public hearing and such action as they might determine to be wise.

The first petition included West One Hundred and Sixty-eighth as well as West One Hundred and Sixty-seventh street. The Local Board adopted a resolution for the laying out of West One Hundred and Sixty-eighth street, which was transmitted to the Board of Estimate and Apportionment, and a report was submitted under date of November 11, 1903, but owing to lack of time no action was taken. The Local Board declined, however, to lay out the other two streets, and on October 27 adopted the following resolution:

"Whereas, This Board has heretofore, by a majority vote, after a full hearing, denied a petition for the laying out and opening of West One Hundred and Sixty-sixth and West One Hundred and Sixty-seventh streets, from Broadway to Fort Washington avenue; therefore be it

"Resolved, That this matter be referred back to the Board of Estimate and Apportionment without recommendation from this Board."

A report was written upon this resolution on November 12, 1903, but it was not considered by the last Board of Estimate and Apportionment.

The property-owners in this neighborhood appear to be very much exercised by the alleged nuisance caused by the location on the plot traversed by these two streets, of the baseball grounds occupied by the Greater New York Baseball Association, and they have again appealed directly to the Board of Estimate and Apportionment for relief.

The property has been leased to the baseball association, and large sums have undoubtedly been expended in grading it and in the erection of grand-stands to fit it for the uses to which it is now put. The petitioners claim that the effect upon the values of property in the neighborhood has been very marked, a great depreciation having taken place.

While the Board of Estimate and Apportionment undoubtedly has, under the Charter, the right to take the initiative in changing the City Map, I beg to recommend that the matter be referred to the Local Board of the Washington Heights District for its consideration, and to suggest that in connection therewith the Local Board consider the advisability of laying out West One Hundred and Sixty-seventh street, from St. Nicholas avenue (or the old Kingsbridge road) to Fort Washington avenue. This would extend the street one very short block further east, cutting off the end of a small triangular block. The laying out of this short block was proposed in connection with the opening of West One Hundred and Sixty-seventh street, from Amsterdam avenue to St. Nicholas avenue, but it was thought unnecessary to include the short block at that time, as the street went no further. If, however, it is to be extended to Fort Washington avenue, it should, in my judgment, be made continuous.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The President of the Borough of Manhattan moved that the matter be referred to him, which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### DISCONTINUING PROCEEDINGS FOR OPENING OCEAN AVENUE, QUEENS.

The following resolution of the Local Board of Jamaica, Borough of Queens, and report of the Chief Engineer were presented:

Whereas, It has come to the knowledge of the Jamaica Local Board of Improvements of the Borough of Queens that the Board of Public Improvements of The City of New York adopted a resolution to the end that proceedings for the legal opening of Ocean avenue, from Rockaway avenue to the Old South road, in the Fourth Ward of the Borough of Queens, be instituted; and

Whereas, It has been ascertained that proceedings for the legal opening of said Ocean avenue, from Rockaway avenue to the Old South road, have been instituted; and

Whereas, There is no official map or plan of the street system and grades of this section of the said ward of the Borough of Queens; therefore be it

Resolved, That this the Jamaica Local Board of Improvements of the Borough of Queens, in meeting assembled this 1st day of February, 1904, do hereby recommend that all and every resolution and proceeding relative to the legal opening of Ocean avenue, from Rockaway avenue to the Old South road, in the Fourth Ward of the Borough of Queens, be annulled and discontinued; and be it further

Resolved, That a copy of this resolution be transmitted to the Board of Estimate and Apportionment for its approval.

REPORT No. 1846.

MARCH 30, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Jamaica District, Borough of Queens, adopted on February 1, 1904, recommending the discontinuance of proceedings to open Ocean avenue, between Rockaway avenue and the Old South road, Fourth Ward.

These proceedings were instituted by the Board of Public Improvements on October 16, 1901; the Commissioners of Estimate and Assessment were appointed on December 22, 1903, but their oaths have not yet been filed. I am advised at the office of the Corporation Counsel that the expenses of the proceedings up to March 1, 1904, aggregate \$180.85 for Commissioners' fees and office expenses.

This street consists of two roads, each 50 feet wide, located one on each side of the New York and Rockaway Beach Railroad, and extending from Aqueduct station, at the Old South road, northerly about 5,000 feet, or approximately two-thirds of the distance to Ozone Park station. The street was laid out on June 12, 1901, but no provision was made for a general street layout in this vicinity, and the resolution now submitted is at the suggestion of the Topographical Engineer of the borough, who states that in his opinion the proceedings should be discontinued until the topographical map of this section of the borough is completed.

I concur in the suggestion of the Topographical Engineer, and would recommend favorable action upon the resolution.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, by the Board of Estimate and Apportionment, in pursuance of the provisions of section 1000 of the Greater New York Charter, That the Corporation Counsel be and he hereby is requested to take the necessary steps for discontinuing the proceedings for acquiring title to the lands and premises required for the opening of Ocean avenue, between Rockaway avenue and Old South road, Fourth Ward, Borough of Queens.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### DISCONTINUING PROCEEDINGS FOR OPENING FERRY STREET, QUEENS.

The following resolution of the Local Board of Jamaica, Borough of Queens, and report of the Chief Engineer were presented:

Whereas, It has come to the knowledge of the Jamaica Local Board of Improvements of the Borough of Queens that the Board of Public Improvements of The City of New York adopted a resolution to the end that proceedings for the legal opening of an extension of Ferry street, from Broadway to the Old South road, in the Fourth Ward of the Borough of Queens, be instituted; and

Whereas, It has been ascertained that proceedings for the legal opening of said Ferry street, from Broadway to the Old South road, have been instituted; and

Whereas, There is no official map or plan of the street system and grades of this section of the said ward of the Borough of Queens; therefore be it

REPORT No. 1847.

MARCH 30, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of Jamaica District, Borough of Queens, adopted on February 1, 1904, recommending that the proceedings to open Ferry street, between Broadway and the Old South road, in the Fourth Ward, be discontinued.

This street is located in Woodhaven. It was laid out upon the map of the City on June 5, 1901, to have a width of 60 feet and a length of about 2,800 feet. The map of the borough shows that three streets cross its line, although none of them have yet been formally placed upon the map of the City.

The opening proceedings were authorized on October 16, 1901, and the oaths of the Commissioners of Estimate and Assessment were filed on November 14, 1903. I am advised at the office of the Corporation Counsel that the expenses incurred to March 1, 1904, aggregate \$188.76.

The Local Board action has been requested by the Topographical Engineer of the borough, who states that in his opinion the street should not be opened until after a definite topographical map of this part of the borough has been prepared.

I concur in this opinion, and would recommend that the resolution now offered be approved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, By the Board of Estimate and Apportionment, in pursuance of the provisions of section 1000 of the Greater New York Charter, that the Corporation Counsel be and he hereby is requested to take the necessary steps for discontinuing the proceedings for acquiring title to the lands and premises required for the opening of Ferry street, between Broadway and Old South road, in the Fourth Ward, Borough of Queens.

#### DISCONTINUING PROCEEDINGS TO OPEN WILLETT STREET, QUEENS.

The following resolution of the Local Board of Jamaica, Borough of Queens, and report of the Chief Engineer were presented:

Whereas, It has come to the knowledge of the Jamaica Local Board of Improvements of the Borough of Queens that the Board of Public Improvements of The City of New York adopted a resolution to the end that proceedings for the legal opening of an extension of Willett street, from Carleton avenue to Kaplan avenue, in the Fourth Ward of the Borough of Queens, be instituted; and

Whereas, It has been ascertained that proceedings for the legal opening of Willett street, from Carleton avenue to Kaplan avenue, have been instituted; and

Whereas, There is no official map or plan of the street system and grades of this section of the said ward of the Borough of Queens; therefore be it

Resolved, That this the Jamaica Local Board of Improvements of the Borough of Queens, in meeting assembled this 1st day of February, 1904, do hereby recommend that all and every resolution and proceeding relative to the legal opening of Willett street, from Carleton avenue to Kaplan avenue, in the Fourth Ward of the Borough of Queens, be annulled and discontinued; and be it further

REPORT No. 1848.

MARCH 30, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Jamaica District, Borough of Queens, on February 1, 1904, recommends that the proceedings to open Willett street, between Carleton avenue and Kaplan avenue, in the Fourth Ward, be discontinued.

This street is located at Dunton. It was laid out upon the map of the City on June 12, 1901, to have a width of 60 feet and a length of about 650 feet. Two streets appear to cross it, but neither has been laid out upon the City map.

The opening proceedings were instituted under a resolution of the Board of Public Improvements of September 18, 1901, and the oaths of the Commissioners of Estimate and Assessment were filed on November 14 last. The expense already incurred under these proceedings up to March 1, 1904, aggregate \$189.31.

The action of the Local Board has been taken at the request of the Topographical Engineer of the borough, who recommends that the proceedings be discontinued for the reason that the topographical map of this section of the borough has not been completed.

In my judgment this action is a proper one under the conditions named, and the approval of the resolution is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, by the Board of Estimate and Apportionment, in pursuance of the provisions of section 1000 of the Greater New York Charter, that the Corporation Counsel be and he hereby is requested to take the necessary steps for discontinuing the proceedings for acquiring title to the lands and premises required for the opening of Willett street, between Carleton avenue and Kaplan avenue, Fourth Ward, Borough of Queens.

CHANGE OF LINES AND GRADES OF ST. NICHOLAS AND HILLSIDE AVENUES, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Washington Heights District, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that the map or plan of The City of New York be changed by laying out on same an alteration of the lines and grades of St. Nicholas avenue and Hillside avenue at their intersection with Nagle avenue and Dyckman street, in the Twelfth Ward, Borough of Manhattan, as more fully shown and described on the accompanying plan and profiles; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 22d day of March, 1904, all the members present voting in favor thereof.

President of the Borough of Manhattan.

REPORT No. 1859.

APRIL 6, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on March 22, 1904, recommending that the map or plan of The City of New York be changed by an alteration in the lines and grades of St. Nicholas avenue and Hillside avenue, at their intersection with Nagle avenue and Dyckman street.

This change has been requested by the Rapid Transit Commission, for the reason that under the plan now being carried out the subway will come to grade at a point just south of Dyckman street, and will here change from a surface to an elevated structure. The railroad line, as adopted, crosses the street layout at this point in such a way as to fully occupy and close a portion of the street, and it is to avoid such a condition that the change is proposed, the same consisting of a shifting of the line of St. Nicholas avenue to the east and that of Hillside avenue to the west.

The portion of the street to be discontinued will be very largely required as a portion of the railroad viaduct.

St. Nicholas avenue has been graded, curbed and flagged, the fill along the section where the change is to be made ranging from a few feet up to about 15 feet. Hillside avenue has not been improved in any way, and there are no buildings in the immediate vicinity.

Herewith are transmitted a map and technical description showing the change proposed, this change being hereby recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out on same an alteration of the lines and grades of St. Nicholas avenue and Hillside avenue, at their intersection with Nagle avenue and Dyckman street, in the Twelfth Ward, in the Borough of Manhattan, City of New York, more particularly described as follows:

*The Closing and Discontinuing of Parts of Hillside Avenue and St. Nicholas Avenue.*

Beginning at a point in the southerly line of Hillside avenue distant 118.59 feet westerly from the westerly line of St. Nicholas avenue, formerly Eleventh avenue; thence northeasterly from the southerly to the northerly side of old Hillside avenue

and deflecting to the right 153 degrees, 9 minutes and 18 seconds, distance 110.72 feet; thence easterly along the northerly line of old Hillside avenue, distance 46.15 feet to the westerly line of old Eleventh avenue; thence northerly along said westerly line and in a curve line, distance 47.12 feet, to the new line of Hillside avenue; thence northeasterly along said new line, distance 160.06 feet; thence southerly and curving to the right, radius 817.60 feet, distance 418.22 feet, to the first tangent in the old line of Eleventh avenue south of Dyckman street; thence northerly and curving to the left from the last tangent mentioned, radius 241.94 feet, distance 163.59 feet to the southerly line of old Hillside avenue; thence westerly along said old line, distance 118.59 feet, to the point or place of beginning.

*The Laying Out of the Extension of Hillside Avenue and St. Nicholas Avenue, at the Intersection of Nagle Avenue and Dyckman Street.*

Beginning at a point in the northerly line of Hillside avenue, distant 704.96 feet as measured along the northerly line of said avenue from the easterly line of Ellwood street; thence deflecting to the left 26 degrees, 50 minutes and 42 seconds, distance 304.81 feet, to the southerly line of Nagle avenue; thence easterly along the southerly line of Nagle avenue, distance 8.37 feet; thence curving to the right from the last tangent, radius 11.65 feet, distance 4.43 feet; thence easterly and tangent to the last curve, distance 50.23 feet; thence southerly and parallel to the first course mentioned above, distance 354.17 feet, to the southerly line of Hillside avenue; thence northeasterly across the said Hillside avenue to the northerly line of said avenue, distance 51.40 feet, to the point or place of beginning.

Also, beginning at a point in the easterly line of St. Nicholas avenue, formerly Eleventh avenue, the said point being the second tangent on the easterly line of the old avenue and distant 491.83 feet, as measured on said line from Dyckman street; thence northerly and in a curved line deflecting to the left from the last tangent, radius 917.60 feet, distance 479.11 feet, to the southerly line of Dyckman street; thence westerly along the southerly line of Dyckman street, distance 7.17 feet; thence westerly and deflecting to the left 74 degrees, 18 minutes and 41 seconds, distance 98.24 feet to the easterly line of new Hillside avenue; thence southerly and in a curved line parallel to the first course and distant 100 feet westerly therefrom, radius 817.60 feet, distance 418.22 feet from the tangent first mentioned; thence at right angle across St. Nicholas avenue, distance 100 feet, to the point or place of beginning.

*Grades.*

The grades for Hillside avenue are as follows:

Beginning at a point the intersection of Hillside avenue and Ellwood street, elevation 44 feet above City datum; thence easterly through the centre line, distance 737.86 feet, elevation 30.49 feet; thence through centre line, distance 348.20 feet, to Nagle avenue, elevation 10.90 feet.

*The Grade of St. Nicholas Avenue.*

Beginning at a point in the centre line of St. Nicholas avenue and the southerly line of Dyckman street, elevation 10.34 feet; thence southerly along the centre line, distance 33.80 feet, elevation 11.50 feet; thence southerly, distance 443.79 feet, elevation 57.40 feet, to meet old grade.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

LAYING OUT NORTH STREET, BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For laying out on the map of The City of New York North street, as shown on the map of the Craighead and Partridge property, from Jerome avenue to Aqueduct avenue, East, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 16th day of March, 1904, Alderman Morris, Alderman Murphy, Alderman Stumpf, Alderman Dougherty and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

REPORT No. 1860.

APRIL 6, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on March 16, 1904, recommending a change in the map or plan of The City of New York by laying out North street, from Jerome avenue to Aqueduct avenue, East.

This street, if laid out, would have a width of 60 feet, and would subdivide the three blocks bounded by West One Hundred and Eighty-fourth street on the north, Jerome avenue on the east, Evelyn place on the south and Aqueduct avenue, East, on the west, the proposed street being parallel with West One Hundred and Eighty-fourth street and distant about 315 feet therefrom, and with Evelyn place and distant

about 200 feet therefrom. Each of the three blocks now has a dimension of approximately 375 feet by 200 feet. If the change proposed be carried out, three of the resulting blocks will be approximately 200 by 200 feet, while the other three will be approximately 200 by 315 feet.

From the report of the Topographical Engineer of the borough, it appears that the street has been laid out upon a map filed by a property-owner. I find, however, that the street is not in use in any way upon the ground, nor can its lines be distinctly located. I am of the belief that there are no buildings within the lines of the proposed street, but, lacking the evidences of a survey, I am unable to make a positive statement in this particular.

There seems to be no reason for the location of a street as proposed, the blocks not being at present of extravagant dimensions, and the same not being required as an outlet for any existing building.

Herewith are transmitted a map and technical description showing the proposed alteration, for use at a public hearing if the same be deemed desirable.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out North street, as shown on the map of the Craighead and Partridge property, from Jerome avenue to Aqueduct avenue, East, in the Borough of The Bronx, City of New York.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### OPENING WEST ONE HUNDRED AND SEVENTY-SIXTH STREET, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to the lands necessary for West One Hundred and Seventy-Sixth street, from Harlem river to Sedgwick avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 16th day of March, 1904.

Alderman Morris, Alderman Murphy, Alderman Stumpf, Alderman Dougherty and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

REPORT No. 1862.

APRIL 6, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on March 16, 1904, initiating proceedings for acquiring title to West One Hundred and Seventy-sixth street, between the Harlem river and Sedgwick avenue.

This street is laid out upon the map of the City to have a width of 60 feet. It is not in use upon the ground, and no improvements have been made upon the abutting property. The proceeding seems to have been initiated for the purpose of securing an outlet to a sewer, a resolution for the authorization of which is now before the Local Board.

The street crosses the Spuyten Duyvil and Port Morris Branch of the New York Central and Hudson River Railroad and the New York and Putnam Railroad.

I would recommend that a date be fixed for the consideration of this resolution, and that the proper officers of the railroad companies be notified.

The cost of the proceeding should be assessed upon the property to be benefited.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The Comptroller moved that a hearing be fixed for May 20, 1904, and that the railroad company be notified in accordance with the provisions of the Railroad Law.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### CHANGE OF LINES OF EAST ONE HUNDRED AND SIXTY-FIRST STREET, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented, and the matter was laid on the table:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice

to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For amending, altering or changing the map of The City of New York so as to remove therefrom the curved line or boundary at the northeasterly corner of East One Hundred and Sixty-first street and the Grand Boulevard and Concourse, and in lieu thereof there be substituted a direct straight continuation of the easterly side of the block bounded by said Grand Boulevard and Concourse, East One Hundred and Sixty-second street, Sheridan avenue and East One Hundred and Sixty-first street, to intersect a direct straight continuation of the northerly side of East One Hundred and Sixty-first street in said block, so that such continuation will intersect each other as shown on the diagram accompanying this resolution; and that the portion of said Grand Boulevard and Concourse between said curved line and said proposed boundaries be closed, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 10th day of February, 1904.

Alderman Harnischfeger, Alderman Murphy, Alderman Stumpf, Alderman Dougherty and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

President of the Borough of The Bronx.

REPORT No. 1864.

APRIL 7, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a resolution adopted by the Local Board of the Morrisania District, Borough of The Bronx, on February 10, 1904, providing for changing the map of the City by substituting for the curved corner at the northeasterly corner of East One Hundred and Sixty-first street and the Grand Boulevard and Concourse a rectangular corner.

The present City map provides that this corner should be formed by a curve having a radius of 50 feet. It is at the beginning of the Grand Boulevard and Concourse, and such a curved line was introduced with the idea of making the entrance to this important driveway convenient and satisfactory.

The Topographical Engineer of the Borough of The Bronx, in reporting to the Borough President says: "I believe that the proposed change will materially deteriorate the plan of having an imposing entrance to the Grand Boulevard and Concourse and I recommend that the petition be denied." Notwithstanding this report, the resolution was adopted.

The petition is signed by Charles L. Doran, of No. 1015 Walton avenue, and six others, including A. C. and G. W. Hottenroth, attorneys for petitioners. It is difficult to understand what interest all of these petitioners can have in substituting a rectangular for a curved corner, unless it be that they have signed such petition in order to oblige one of their number or some one else whose name does not appear who owns the corner lot and who wishes to add a few square feet to his property.

I believe that the change would be unwarranted and unwise, and would recommend that the resolution of the Local Board be not approved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

PARK AT BARCLAY STREET AND EAST RIVER, QUEENS.

The following resolution of the Local Board of Newtown and report of the Chief Engineer were presented:

*In the Local Board of the Newtown District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For the laying out and establishment of a park along the shore of the East river, between Barclay street and the bulkhead line in the East river, and from Hoyt avenue to Ditmars avenue, in the First Ward of the Borough of Queens.

And it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 16th day of March, 1904, Alderman Koch, Alderman McCarthy and Joseph Bermel, Commissioner of Public Works, voting in favor thereof.

President of the Borough of Queens.

REPORT No. 1866.

APRIL 9, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a resolution adopted by the Local Board of the Newtown District, Borough of Queens, on March 16, 1904, providing for changing the map of the City by laying out a public park along the shore of the East river, between Barclay street and the bulkhead line, and extending from Hoyt avenue on the south to Ditmars avenue on the north.

A resolution similar to this was presented to the last Board of Estimate and Apportionment, and a public hearing was given on December 22, 1903. No action was taken at that time, the matter being laid over until December 29, and again no conclusion was reached. The project is revived in the same form by the present resolution.

The new resolution, like the last, is prompted by a petition signed by Sacket M. Barclay and A. D. Julliard and others. As stated in my previous report, the proposed park will include six city blocks, three of which, lying along the water front, are very shallow, while the other three have an average length of over 950 feet and a width of from 600 to 800 feet. The ground is advantageously located for park purposes, sloping upward from the river, while the southerly and easterly portions are wooded, although most of the tract is not covered with timber. There are three or four houses within the limits of the proposed park, but they are of little value.

Three streets pass through the plot. One of these—the Boulevard—extends for its entire length north and south, being located near the river front, and is not in use at the present time. The other two cross the proposed park approximately at right angles to the river. One of them, namely, Woolsey avenue, is in use at the present time, and the other—Potter avenue—appears to have been roughly graded, but is now practically impassable.

It was stated in my previous report that the proposed "New York Connecting Railroad," which is designed to furnish a connection between the Long Island Railroad and the railroads leading to the north and east, would be located about one block north of the northerly limit of the park. I find, however, that the present plan contemplates the placing of this railroad between Potter and Ditmars avenues, which would bring it within the limits of the proposed park. This might be considered objectionable.

The assessed value of the property included, for 1903, was \$283,825, and the records of the Tax Office indicate that nearly all of it is the property of Henry S. Pratt and A. D. Julliard, the latter being one of the petitioners for the laying out of the park.

It is said that the erection of a large number of houses in this vicinity is contemplated, and that the owners of the property are anxious to have the question of the location of a water-front park in this neighborhood definitely determined before they proceed with their improvements.

Few parks have yet been laid out in the Borough of Queens, and while it would undoubtedly be desirable to determine at as early a date as possible the location of park reservations, it is very difficult to properly estimate the value of any one park without a comprehensive study of the entire situation. It is recommended that a public hearing be given.

The Commissioner of Parks for the boroughs of Brooklyn and Queens has been advised of the resolution before the Board, and a copy of this report has been sent to him.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out and establishing a public park along the shore of the East river, between Barclay street and the bulkhead-line in the East river, and from Hoyt avenue to Ditmars avenue, First Ward, in the Borough of Queens, City of New York, more particularly described as follows:

Beginning at a point formed by the intersection of the southerly line of Ditmars avenue with the westerly line of Barclay street, as the same is laid down on the Long Island City Commissioners' map, and running thence southerly along the westerly line of Barclay street 2,873.89 feet to the northerly line of Hoyt avenue; thence westerly along the northerly line of Hoyt avenue, 1,013.5 feet to the bulkhead or pierhead-line established February, 1903; thence northerly along the bulkhead-line 3,012.16 feet to the southerly line of Ditmars avenue; thence easterly along the southerly line of Ditmars avenue 765.53 feet to the westerly line of Barclay street, the point or place of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20 day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### LAYING OUT ADDITION TO HIGHLAND PARK, BROOKLYN.

The following report of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### In the Local Board of the Bushwick District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by laying out as an addition to Highland Park the property bounded by Sunnyside avenue, Force Tube avenue, Jamaica avenue, etc., as shown on the accompanying map and more particularly described as follows:

Beginning at a point in the northerly line of Sunnyside avenue distant 42.54 feet westerly from the westerly line of Warwick street;

1. Thence easterly along the northerly line of Sunnyside avenue 2,031.54 feet, more or less, to the westerly boundary line of the National Cemetery;
2. Thence southerly along the westerly boundary line of the National Cemetery 285 feet, more or less, to the northerly line of Jamaica avenue;
3. Thence westerly along the northerly line of Jamaica avenue 2,067 feet, more or less, to a point 400 feet easterly from the easterly line of Barbey street;
4. Thence northerly at right angles to Jamaica avenue 115 feet, more or less;
5. Thence easterly parallel with Jamaica avenue 7.21 feet, more or less;
6. Thence northerly 108 feet, more or less, to a point in the southerly line of Sunnyside avenue distant 57.69 feet westerly from the westerly line of Warwick street;
7. Thence northerly 62 feet, more or less, to the point of beginning.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

President of the Borough of Brooklyn.

REPORT No. 1867.

APRIL 9, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution, adopted by the Local Board of the Bushwick District, Borough of Brooklyn, on March 2, 1904, provides for changing the map of The City of New York by laying out as an addition to Highland Park, the property bounded by Sunnyside avenue, the National Cemetery, Jamaica avenue and an irregular line lying about 65 feet west of Warwick street and approximately parallel therewith.

The agitation for the laying out of this addition to Highland Park was begun last year, and it was presented to the Local Board of the District, but the resolution did not reach the Board of Estimate and Apportionment in time for any action by it.

Highland Park—or Ridgewood Park, as it is sometimes known—occupies the high ground between the Cypress Hills Cemetery and the Cemetery of the Evergreens, and included within its limits is the Ridgewood Reservoir, which supplies almost the entire Borough of Brooklyn with water. The park is reached by what is known as Highland Boulevard, an extension of the Eastern parkway, skirting the edge of the hill along the Cemetery of the Evergreens, and gradually rising until it reaches the summit upon which the reservoir and surrounding park are located. The only other approach to or exit from this park is by way of Force Tube avenue, a street owned by the City, and laid out to accommodate the great force mains leading from the Ridgewood pumping station to the reservoir. The grade of this street, which is really a park road, is excessively steep, making the approach to the park rather difficult.

The southeasterly boundary of Highland Park is the northwesterly line of Sunnyside avenue, so that one street 60 feet in width, and one block with a width of about 225 feet, intervene between the park and Jamaica avenue, which is the street lying at the foot of the hill, and which is an important thoroughfare connecting Brooklyn with Jamaica and other centres of population in the Borough of Queens.

The addition would undoubtedly make the park more available and more symmetrical. The westerly limit of the present Highland Park is Warwick street, but it is proposed to carry the extension a few feet west of this street to the old farm line. The additional land which would be taken, however, contains no buildings.

On the first block between Warwick and Cleveland streets there are two frame barns, one stable, two small outbuildings and one very old stone house. On the next block, between Cleveland and Linwood streets, there is one two-story frame house, two frame stables in one plot, and one very old two-story frame house and several frame outbuildings on another plot. Between Linwood and Force Tube avenues there is one two-story frame house, with outbuildings; this house is not new, but it is in fairly good condition. Between Force Tube avenue and the National Cemetery there are no buildings.

There are a few trees on the property, but it is generally bare, as is also the park land adjoining, which has not yet been improved. The proposed addition, lying at the foot of the hill, is more nearly level, and could be used more readily than could the adjoining area already included within the park.

The present assessed value of the property which it is proposed to take is \$143,000, of which \$108,200 is for land and \$34,800 for improvements. The total area is 13.4 acres, or 297 city lots 20 by 100 feet, which is the standard city lot in the Borough of Brooklyn. It will be seen that the total assessed value, therefore, is at the rate of a little less than \$500 a lot. It is difficult to estimate what would be the probable cost of acquiring the property, but I am advised that the owners agreed with the former Park Commissioner of the Borough of Brooklyn to sell at a reasonable price.

It is recommended that a public hearing be given.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out as an addition to Highland Park the property bounded by Sunnyside avenue, Force Tube avenue, Jamaica avenue, etc., in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at a point in the northerly line of Sunnyside avenue distant 42.54 feet westerly from the westerly line of Warwick street;

1. Thence easterly along the northerly line of Sunnyside avenue 2,031.54 feet, more or less, to the westerly boundary line of the National Cemetery;
2. Thence southerly along the westerly boundary line of the National Cemetery 285 feet, more or less, to the northerly line of Jamaica avenue;
3. Thence westerly along the northerly line of Jamaica avenue 2,067 feet, more or less, to a point 400 feet easterly from the easterly line of Barbey street;
4. Thence northerly at right angles to Jamaica avenue 115 feet, more or less.
5. Thence easterly parallel with Jamaica avenue 7.21 feet, more or less.
6. Thence northerly 108 feet, more or less, to a point in the southerly line of Sunnyside avenue distant 57.69 feet westerly from the westerly line of Warwick street;
7. Thence northerly 62 feet, more or less, to the point of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

#### AMENDING STREET SYSTEM EAST OF BRONX RIVER, BRONX.

The following communication from the President of the Borough of The Bronx and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
March 18, 1904.

Board of Estimate and Apportionment, Hon. GEORGE B. McCLELLAN, Chairman:

DEAR SIR—I transmit herewith for the consideration and adoption by the Board of Estimate and Apportionment, in accordance with its resolution of January 29, 1904, a map or plan entitled "General Map or Plan Amending the General Map or Plan of the Street System of the Borough of The Bronx, East of the Bronx River, Adopted by the Board of Estimate and Apportionment May 29, 1903, Where Additions to the Existing Park Areas Were Proposed." Dated March 11, 1904.

I also send herewith copy report of the Principal Assistant Topographical Engineer, dated and approved by the Chief Engineer of the Borough of The Bronx, March 11, 1904.

Respectfully,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

REPORT No. 1868.

APRIL 9, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—With the accompanying letter from the President of the Borough of The Bronx, dated March 18, 1904, is submitted a plan amending the general map or plan of the street system of the Borough of The Bronx east of the Bronx river, adopted

by the Board of Estimate and Apportionment on May 29, 1903, by excluding therefrom certain irregular park areas shown upon that map lying on both sides of the Boston road where it is crossed by Rattlesnake creek and including the Seton Falls. This action is taken in accordance with a resolution adopted by the Board of Estimate and Apportionment on January 29, 1904, requesting the Borough President to prepare such an amendment to the general plan adopted in May of 1903.

The amendment consists simply in carrying through the greater part of the proposed park area, the system of streets which was laid out adjacent to it. These streets, however, are not carried across the portion of the proposed park lying between East Two Hundred and Thirty-third street, Pratt avenue and Schieffelin lane, this territory being exceedingly rugged, and it is thought wiser not to suggest any street plan for it until time can be had for a more careful study.

This plan is designed to carry out the express wish of the Board, and it is recommended that a public hearing be given, and plan and technical description for this purpose being herewith submitted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by striking therefrom a certain park area and substituting a system of streets, in the Borough of The Bronx, City of New York, more particularly described as follows:

The area within which the street system is laid out is bounded on the north by Nelson avenue or East Two Hundred and Thirty-third street; on the east by Pratt avenue and an unnamed street connecting Pratt avenue with the Boston Post road and an unnamed street connecting Boston Post road with Reed's Mill lane, Reed's Mill lane and an unnamed street to Syracuse avenue; on the south by Syracuse avenue and on the west by an unnamed street running from Syracuse avenue to Boston Post road near the western shore of the ice pond, Schieffelin's lane and an unnamed street to Nelson avenue or East Two Hundred and Thirty-third street.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The following communication from the President of the Borough of The Bronx and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
March 18, 1904.

Board of Estimate and Apportionment, Hon. GEORGE B. McCLELLAN, Chairman:

DEAR SIR—In accordance with the resolution adopted January 29, 1904, by the Board of Estimate and Apportionment, requesting and authorizing the President of the Borough of The Bronx to prepare a new general map or plan for the district east of the Bronx river, which will not show additions to the park area, except what may be necessary to straighten the easterly line of Bronx Park, I submit herewith for consideration and adoption by the Board of Estimate and Apportionment, two studies marked "A" and "Aa," entitled "General Map or Plan amending the General Map or Plan of the Street System of the Borough of The Bronx, east of the Bronx river, adopted by the Board of Estimate and Apportionment, May 29, 1903, where additions to the existing park area were proposed. Dated March 15, 1904."

Copy report of the Principal Assistant Topographical Engineer, dated and approved by the Chief Engineer, dated March 16, 1904, is also inclosed.

Respectfully,

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 1869.

APRIL 9, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On January 29, 1904, the Board of Estimate and Apportionment requested the President of the Borough of The Bronx to prepare amendments to the general street plan of that portion of the Borough of The Bronx lying east of the Bronx river, which was adopted by the former Board of Estimate and Apportionment on May 29, 1903, by omitting therefrom certain park areas, one of these being the park indicated upon said map which included Seton Falls, and the other being an extensive addition to Bronx Park on its easterly side. The amendment to the Seton Falls Park has been submitted and already reported upon.

Two plans are submitted with the accompanying letter, affecting the territory lying east of Bronx Park between East One Hundred and Eightieth street on the south and the Bronx and Pelham parkway on the north.

The general plan adopted on May 29, 1903, indicated that the entire territory lying between what is now Bronx Park avenue and White Plains road, as straightened, should be added to the park area, including all of the old village of Bronxdale, consisting of several score of houses.

Both of the new plans provide for a widening of Bronx Park avenue to form a bounding street along the park on its present easterly side. They both provide for a straightening of the White Plains road, and they differ from each other only in that Plan "A" provides for a north and south street between Bronx Park avenue and Morris Park avenue, from East One Hundred and Eightieth street to East One Hundred and Ninety-third street, while Plan "Aa" omits this intermediate street and lays out blocks the ends of which front on Bronx Park and the long dimensions of which are at right angles thereto. There are some other minor details in which the plans differ, but they are not material, and their relative merits can be determined only by a more intimate knowledge of the local conditions and the improvements already made than is possible to any one other than the borough Engineers.

It seems to me that Plan "Aa," in its general arrangement, is preferable, in that a greater number of streets are provided leading directly to the park, permitting the residents on these streets to gain easy access to it, while they are not shut off by long intervening blocks.

It is recommended that a public hearing be given on the two plans, in order that the Board may decide which to adopt after such hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by striking therefrom an addition to Bronx Park, as laid out by this Board on May 29, 1903, and by laying out a system of streets, as shown on the map or plan submitted by the President of the Borough of The Bronx, designated as Map "A," and dated March 15, 1904, in the Borough of The Bronx, City of New York, more particularly described as follows:

The area within which the street system is laid out on Map "A" is bounded on the north by the Boston Post road and the Bronx and Pelham parkway; on the east by the extension southerly of that part of White Plains road lying northerly of The Bronx and Pelham parkway, Oakley street, Morris Park avenue and its extension between Hancock street and the Bronxdale and Unionport road; on the south by East One Hundred and Eightieth street and on the west by the existing eastern boundary of the Bronx Park.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by striking therefrom an addition to Bronx Park, as laid out by this Board on May 29, 1903, and by laying out a system of streets, as shown on the map or plan submitted by the President of the Borough of The Bronx, designated as Map AA, and dated March 15, 1904, in the Borough of The Bronx, City of New York, more particularly described as follows:

The area within which the street system is laid out covers the same ground as the one described for the map marked "A," but shows a different treatment by laying out more streets running towards the Bronx Park, while on Map "A" the attempt is made to lay out the streets more parallel to the eastern boundary of Bronx Park.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### CHANGE OF LINES OF EXTERIOR STREET, BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For reducing the width of Exterior street from 100 feet to 80 feet in width, from One Hundred and Thirty-eighth street northerly to One Hundred and Forty-fourth street, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 3d day of March, 1904.

Alderman Harnischfeger, Alderman Morris, Alderman Stumpf, Alderman Murphy, Alderman Dougherty and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Henry A. Gumbleton,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 4th day of March, 1904.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 1865.

APRIL 7, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on March 3, 1904, providing for reducing in width from 100 to 80 feet, Exterior street, between East One Hundred and Thirty-eighth and East One Hundred and Forty-fourth streets.

A resolution providing for reducing the width of this street, between East One Hundred and Thirty-eighth and East One Hundred and Forty-ninth streets, was presented to the last Board of Estimate and Apportionment, and considered at the meetings of September 16 and December 1, 1903. It was found, in considering the former resolution, that Exterior street had already been discontinued from East One Hundred and Forty-fourth street northerly to East One Hundred and Forty-ninth street, by a plan adopted by the Board of Public Improvements in 1898. The present resolution, therefore, limits the change to East One Hundred and Forty-fourth street on the north.

The borough authorities felt that so important a street along the water front should have a roadway of liberal dimensions, and it was informally agreed with if the width of the street were reduced to 80 feet and the sidewalks were made 15 feet in width instead of 19 feet, as customary on an 80 foot street, leaving thereby a roadway of 50 feet, there could be no possible objection to the change.

As the power to regulate relative widths of sidewalks and roadway is vested wholly in the Board of Aldermen, it would not be proper to include in the resolution

for reducing the width of the street, any reference to the sidewalks. The proposition to narrow the street is, however, entirely unobjectionable, and it is recommended that the resolution be approved after the necessary public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by reducing the width of Exterior street from 100 feet to 80 feet, from One Hundred and Thirty-eighth street northerly to One Hundred and Forty-fourth street, in the Borough of The Bronx, City of New York.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 20th day of May, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 20th day of May, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### OPENING THE "SPEEDWAY," MANHATTAN.

The following report from the Comptroller was presented:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
April 9, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Regarding the application of Mr. Clark Bell that the Board of Estimate and Apportionment authorize the immediate payment of moneys awarded to him in condemnation proceedings for lands taken for the Speedway, I have the honor to report as follows:

In his application herewith, Mr. Bell states:

"The subscriber respectfully petitions your Honorable Board to pass a resolution authorizing and directing the Commissioners aforesaid (Commissioners of Estimate and Award) to separate their report and to proceed with the preliminary report which was made May 21, 1903, to its final confirmation, so that the same may be paid by the City when duly confirmed, and that they have leave to consider and make another and final or preliminary report on the remaining claims filed since that date, which they now have under consideration and which the City is contesting."

I am informed by Mr. Nelson P. Lewis, Chief Engineer of the Board of Estimate and Apportionment, that the City has been in possession of the property in question for more than ten years, and during that time the award has been drawing interest at the rate of 6 per cent.

I would respectfully recommend, as a matter of economy to the City, the Board of Estimate and Apportionment adopt a resolution authorizing the Commissioners of Estimate and Appraisal to make a preliminary report of awards in this matter and to file the report in order that proper steps may be taken to adjust the claims.

Respectfully submitted for approval,

MORTIMER J. BROWN.

Approved:

Edward M. Grout, Comptroller.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby authorizes the Commissioners of Estimate and Award, in the proceedings to acquire the land for the "Speedway," in the Borough of Manhattan, City of New York, to separate their report and file a preliminary report of awards, and to notice the same for confirmation.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

#### VIADUCT ACROSS JEROME PARK RESERVOIR, THE BRONX.

The following communication from the Corporation Counsel was presented:

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, March 25, 1904.

To the Board of Estimate and Apportionment:

GENTLEMEN—I have before me a letter from your Secretary, dated December 14, 1903, and addressed to my predecessor, inclosing a copy of a resolution of the Local Board of Morrisania, adopted April 30, 1903, asking that the map of the City be changed by laying out a new street or viaduct across the Jerome Park Reservoir. A copy of a report of your Engineer, dated September 14, 1903, is also inclosed. The Board of Estimate and Apportionment requested the advice of the Corporation Counsel as to whether or not they have the authority to lay out the street or whether the matter is within the jurisdiction of the Aqueduct Commission.

The proposed viaduct would run across the Jerome Park Reservoir from Jerome avenue at East Two Hundredth street to Sedgwick avenue at its junction with Boston avenue.

Title to the land of the Jerome Park Reservoir was acquired by the City through the exercise of the right of eminent domain under authority of the new Aqueduct Law (chapter 490 of the Laws of 1883). It was acquired through the procedure established by the Act of 1883 as a part of and necessary for the water supply system of The City of New York. The Aqueduct Commissioners made a contract on behalf of the City for the construction of the reservoir and that work is still going on under their supervision.

The power given in the Charter to the Board of Estimate and Apportionment to change the map or plan of the City by laying out new streets, parks, bridges, and tunnels is very broad, and, in general, practically unrestricted.

I think I should hold, therefore, here, that the Board of Estimate has the power to change the map by laying out the proposed street or viaduct. At any rate, in case of any doubt upon this subject, I think the inclination should be on the part of the City's representatives to uphold the power.

Furthermore, in the present case, no harm could result if the Board should take the action proposed.

It would not follow, however, by any means, that the situation as to the construction of the viaduct would be at all altered. I do not think that the viaduct could be constructed at the present time except under the authority of the Aqueduct Commissioners. The Aqueduct Commissioners, as the agents or representatives of the City and the contractors at work under them have possession and control of the land and the physical changes that are being made thereon. While the matter is in the present situation, it could hardly be that another agent or representative of the City could proceed to construct another structure thereon entirely different from, and more or less inconsistent with, the work in process of construction.

I have little doubt, however, that the Aqueduct Commissioners could construct the proposed viaduct if they saw fit to do so, but I doubt whether they would be bound to construct it upon the lines laid down by the Board of Estimate and Apportionment.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

On motion of the President of the Board of Aldermen, the following resolution was adopted:

Resolved, That the matter be laid over for two weeks, and in the meantime the Aqueduct Commissioners be requested to furnish this Board with their opinion on the subject.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

#### LAYING OUT PARK AT EAST ONE HUNDRED AND TWENTY-THIRD STREET AND EAST RIVER MANHATTAN.

The President of the Borough of Manhattan submitted the following report from the Park Commissioner, which was placed on file:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,  
THE ARSENAL, CENTRAL PARK,  
April 5, 1904.

Hon. JOHN F. AHEARN, President, Borough of Manhattan, City Hall, City:

DEAR SIR—I beg to acknowledge the receipt of your recent inquiry based upon the resolution of the Local Board of the Harlem District, recommending the establishment of a public park within the following area:

From the northerly street line of East One Hundred and Twenty-third street to the southerly street line of East One Hundred and Twenty-fifth street, and from the easterly street line of First avenue to the westerly line of the marginal street or wharf easterly thereof.

I have made a careful inspection of the proposed site and the surrounding neighborhood, and have had the report of the Landscape Architect of this Department and other officials upon the question. I have also considered the facts as presented in the report of the Chief Engineer to the Mayor, as Chairman of the Board of Estimate and Apportionment.

I am thoroughly in favor of the establishment of small parks in greater numbers in the congested districts of the city where they are needed for the health, comfort and recreation of the people. But the proposed site is not, in my opinion, called for, at least, as long as so many districts where the necessity is greater are neglected.

The estimate that it would cost in the neighborhood of two million dollars to acquire this property, to which expense must be added the cost of buildings and park improvement, convinces me that much more of public advantage would be obtained from the expenditure of these sums in other directions.

It should be remembered that Thomas Jefferson Park is only nine blocks away to the southward, that Mount Morris Park is within comparatively easy reach, and that the proximity of the Harlem river gives to the neighborhood of the proposed park a splendid supply of fresh air. When these conditions are considered, as compared with other districts of the city, it will be seen that the necessity for small park improvement is much greater in many other places.

I have in mind particularly the fact that on the west side of the city, from DeWitt Clinton Park at Fifty-second street to the Battery, there is no adequate breathing place or recreation ground. The most ambitious effort to supply the park needs of this crowded and extensive district is a St. John's Park at Hudson and Leroy streets. This is a very small park and out of reach of the great majority of the residents of the district referred to.

In view of these conditions, I regret very much to find myself unable to join in the recommendation of the Local Board for the laying out of a park in the area described.

Very respectfully yours,

(Signed) JNO. J. PALLAS,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

#### VESTING TITLE TO WILLINK ENTRANCE TO PROSPECT PARK, BROOKLYN.

On motion of the Comptroller, the following resolution was adopted:

Whereas, The Board of Estimate and Apportionment, on the 12th day of December, 1902, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public to the lands, tenements and hereditaments that shall or may be required for the purpose of laying out an addition to the Willink entrance to Prospect Park, in the Borough of Brooklyn, City of New York, more particularly described as follows:

##### Parcel A.

Beginning at the intersection of the easterly line of Flatbush avenue with the northerly line of Malbone street, as the same are laid down on the map of the City; running thence northerly along the easterly line of Flatbush avenue four hundred seventy-seven and twenty-eight one-hundredths (477.28) feet, more or less, to the line of the East Side Lands; thence easterly along the East Side Lands seven hundred sixty-three and fifty-five one-hundredths (763.55) feet, more or less, to the westerly line of Washington avenue; thence southerly along the westerly line of Washington avenue five hundred sixty-nine and thirty-six one-hundredths (569.36) feet, more or less, to the northwesterly line of the Brooklyn and Brighton Beach Railroad; thence southerly along the northwesterly line of the Brooklyn and Brighton Beach Railroad five hundred forty-five and thirty-six one-hundredths (545.36) feet, more or less, to the northerly line of Malbone street; and thence westerly along the northerly line of Malbone street one hundred ten (110) feet, more or less, to the point of beginning.

##### Parcel B.

Beginning at the intersection of the northerly line of Malbone street with the westerly line of Washington avenue, as the same are laid down on the map of the City; running thence westerly along the northerly line of Malbone street one hundred sixty-three and eighty-three one-hundredths (163.83) feet, more or less, to the southeasterly line of the Brooklyn and Brighton Beach Railroad; thence northerly along the southeasterly line of the Brooklyn and Brighton Beach Railroad three hundred eighty-one and sixteen one-hundredths (381.16) feet, more or less, to the westerly line of Washington avenue; and thence southerly along the westerly line of Washington avenue three hundred ten and fifty-nine one-hundredths (310.59) feet, more or less, to the point of beginning.

Whereas, The said Board has received notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to the above described premises, and that the oaths of said Commissioners of Estimate and Assessment were duly filed, as required by law, on the 21st day of February, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 25th day of April, 1904, the title to each and every piece or parcel of land lying within the above described boundaries, in the Borough of Brooklyn, City of New York, so required, shall be vested in The City of New York.

## SEWERS AT CONEY ISLAND, BROOKLYN.

The following report from the Chief Engineer was placed on file:

REPORT No. 1881.

NEW YORK, April 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment, held on April 15, 1904, the President of the Borough of Brooklyn presented a resolution adopted by the Local Board of the Bay Ridge District, Borough of Brooklyn, on April 14, 1904, providing for the construction of sewers in the following named "walks" in Coney Island:

Steeplechase walk, from the Bowery to a point about 225 feet southerly therefrom; Kensington walk, from Surf avenue to a point about 325 feet south of the Bowery; Van Bergen walk, from Surf avenue to a point about 325 feet south of the Bowery; Buschman's walk, from Surf avenue to a point about 325 feet south of the Bowery; Schweichert's walk, from Surf avenue to a point about 325 feet south of the Bowery;

Stratton's walk, from the end of the existing sewer north of the Bowery to a point about 300 feet south of the Bowery;

Jones' walk, from Surf avenue to a point about 550 feet south of Surf avenue; and Swan walk, from Steeplechase walk to Tilyou's walk.

In view of the urgent need of these sewers and of the necessity of constructing them if possible before the busy season begins, the Board of Estimate and Apportionment approved the resolution of the Local Board, contingent upon a report from the Engineer of the Board to the effect that there is no obstacle to the work, and that it is a proper improvement.

On February 26, 1904, the Board authorized the Corporation Counsel to take steps to acquire easements permitting the building of sewers in a number of these narrow streets or walks in Coney Island. The resolution of April 14 covers a number of walks, but not all those for which easements were to be acquired, those included being such as are already shown upon a drainage map of this district approved by the Board of Public Improvements. There can be no question as to the urgent need of these sewers.

Upon inquiry at the Street Opening Bureau of the Corporation Counsel's office, I am informed that the Commission to acquire the easements has not yet been appointed, but the rule map has been furnished, and it is expected that the Commission will be named within a very short time.

It seems, therefore, that inasmuch as it is important to save every day possible in beginning this work, it would be proper for the President of the Borough of Brooklyn to act upon the resolution of the Local Board approved by the Board of Estimate and Apportionment, and advertise for bids for doing the work.

The approximate amount of work involved is as follows:

5,050 linear feet of 9-inch pipe sewer on piles.

50 manholes.

The estimated cost of the improvement is \$36,000 and the assessed value of the real estate within the probable area of assessment is \$750,400.

This report is submitted in accordance with the instructions of the Board of Estimate and Apportionment, in order that it may form a part of the record in this proceeding.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

## REGULATE AND GRADE EIGHTY-FOURTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

## In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate and grade Eighty-fourth (84th) street, between Third (3d) avenue and Fourth (4th) avenue, in the Borough of Brooklyn, and to set or reset curb, and pave or repave sidewalks of said street where not already done.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 24th day of March, 1904, Commissioner Brackenridge and Alderman Malone voting in favor thereof.

Attest:

John A. Heffernan, Secretary.

Approved this 29th day of March, 1904.

MARTIN W. LITTLETON,

President of the Borough of Brooklyn.

REPORT No. 1875.

APRIL 12, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on March 24, 1904, initiating proceedings for grading, curbing and flagging Eighty-fourth street, between Third and Fourth avenues.

The street is not in use through the block covered by the resolution, although both of the adjoining sections have been improved. Proceedings to open Eighty-fourth street are now in progress, the oaths of the Commissioners of Estimate and Assessment having been filed on September 4, 1902. The proceeding is divided into four sections, one of which includes the portion between First and Fourth avenues. Title to some of these sections has already been vested in the City for the purpose of making improvements which have been authorized. There are no buildings upon the property abutting upon Eighty-fourth street in the block for which this improvement is proposed, and the street seems to be approximately at the established grade.

The approval of the resolution is recommended, the work to be done comprising the following:

2,000 cubic yards of grading.

1,460 linear feet of curbing.

7,300 square feet of cement sidewalk.

The estimated cost of construction is \$3,700 and the assessed valuation of the property to be benefited is \$24,000.

It is recommended that the title to this street between First and Fourth avenues be vested in the City on June 15, 1904.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

"Whereas, The Board of Public Improvements, on the 9th day of November, 1900, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening

and extending Eighty-fourth street, from First avenue to Fourth avenue, from Seventh avenue to Tenth avenue, from Twelfth avenue to Seventeenth avenue, and from Eighteenth avenue to Stillwell avenue, in the Borough of Brooklyn, City of New York; and

"Whereas, It appears to the Board of Estimate and Apportionment from the surveys made and information furnished to it that there are no buildings upon the lands that shall or may be required for the purpose of opening and extending said Eighty-fourth street; and

"Whereas, The said Board has received notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said Eighty-fourth street, and that the oaths of said Commissioners of Estimate and Assessment were duly filed, as required by law, on the 4th day of September, 1902; therefore be it

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of June, 1904, the title to each and every piece or parcel of land lying within the lines of said Eighty-fourth street, between First avenue and Fourth avenue, in the Borough of Brooklyn, City of New York, so required, shall be vested in The City of New York."

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

## In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 24th day of March, 1904, and approved by the President of the Borough of Brooklyn on the 29th day of March, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate and grade Eighty-fourth (84th) street, between Third (3d) avenue and Fourth (4th) avenue, in the Borough of Brooklyn, and to set or reset curb, and pave or repave sidewalks of said street where not already done,"

--and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$3,700; and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$24,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

## SEWER IN FORTY-NINTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

## In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct sewer in Forty-ninth (49th) street, between Seventh (7th) and Eighth (8th) avenues, in the Borough of Brooklyn, and outlet sewer in Eighth (8th) avenue, from Forty-ninth (49th) to Fiftieth (50th) streets; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 25th day of February, 1904, Commissioner Brackenridge and Aldermen Malone and Lundy voting in favor thereof.

Attest:

John A. Heffernan, Secretary.

Approved this 29th day of February, 1904.

MARTIN W. LITTLETON,

President of the Borough of Brooklyn.

REPORT No. 1876.

APRIL 12, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on February 25, 1904, initiating proceedings for the construction of a sewer in Forty-ninth street, between Seventh and Eighth avenues, and an outlet sewer in Eighth avenue, between Forty-ninth and Fiftieth streets.

This improvement affects a length of one block of Forty-ninth street and one block of Eighth avenue. Title to neither of these streets has been vested in the City under formal proceedings, but an opening proceeding is now in progress affecting Forty-ninth street, between the old City line just west of Eighth avenue and West street, the oaths of the Commissioners of Estimate and Assessment having been filed on January 8, 1902.

The resolution is accompanied by affidavits from owners of property on each of these streets, certifying that both, within the limits named in the resolution, have been dedicated to public use, and that such dedication has been accepted by the City.

I find that Forty-ninth street, between Seventh avenue and the City line has been graded and paved, and that water and gas mains have been laid. Between the old City line and Eighth avenue the street is in use but has not been graded. A row of buildings is now being erected on the southerly side of the block for which this sewer evidently is desired. The roadway is in use on Eighth avenue, although it has not been shaped, and the water and gas mains have been laid.

I believe that the dedication of both streets is sufficient to justify the assumption of sufficient title for the construction of the sewer, and do not deem it necessary to vest title for this purpose in the small portion of Forty-ninth street which is now being opened.

The remaining outlet sewer has been constructed and the approval of this resolution is recommended, the work to be done comprising the following:

- 260 linear feet of 24-inch pipe sewer.
- 50 linear feet of 15-inch pipe sewer.
- 700 linear feet of 12-inch pipe sewer.
- 10 manholes.
- 3 receiving basins.

The estimated cost of construction is \$6,300 and the assessed valuation of the property to be benefited is \$119,550.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 25th day of February, 1904, and approved by the President of the Borough of Brooklyn on the 29th day of February, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvements, to wit:

"To construct sewer in Forty-ninth (49th) street, between Seventh (7th) and Eighth (8th) avenues, in the Borough of Brooklyn, and outlet sewer in Eighth (8th) avenue, from Forty-ninth (49th) to Fiftieth (50th) street,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$6,300; and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$119,550, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

*TEMPORARY SEWER IN GARFIELD STREET, THE BRONX.*

The following resolution of the Local Board of Chester, Borough of The Bronx, and report of the Chief Engineer were presented:

*In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing a temporary sewer and appurtenances in Garfield street, between Jackson avenue and the Harlem river branch of the New York, New Haven and Hartford Railroad, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 16th day of March, 1904.

REPORT NO. 1873.

APRIL 12, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on March 16, 1904, initiating proceedings for the construction of a temporary sewer in Garfield street, between Jackson avenue and the Harlem River Branch of the New York, New Haven and Hartford Railroad.

This street has never been legally opened, although the report of the Engineer of the Borough shows that the roadway has been in use for many years, has been maintained by the City for the last seven years, and is included in the street layout recently adopted for the district. An inspection of the ground shows that the roadway is in use, that a board walk has been built on the northerly side, and a cinder walk on the southerly side, and that the abutting property on the southerly side has been improved by the erection of a frame building.

A temporary sewer was authorized on January 9, 1903, for the remaining portion of Garfield street, extending from Jackson avenue westerly to Morris Park avenue. The approval of the resolution now submitted is recommended, the work to be done comprising the following:

- 125 linear feet of 12-inch pipe sewer.
- 2 manholes.

The estimated cost of construction is \$700, and the assessed value of the property to be benefited is \$2,950.

Herewith is also transmitted a map showing the proposed sewer, and its approval is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of The Bronx, entitled "Temporary Sewer and Appurtenances in Garfield street, between Jackson avenue and the Harlem River Branch of the New York, New Haven and Hartford Railroad," and dated March 23, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 16th day of March, 1904, and approved by the President of the Borough of The Bronx on the 17th day of March, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For constructing a temporary sewer and appurtenances in Garfield street, between Jackson avenue and the Harlem River Branch of the New York, New Haven and Hartford Railroad, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$700; and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$2,950, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

*PAVING PINE STREET, BROOKLYN.*

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bushwick District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

REPORT NO. 1877.

APRIL 15, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a resolution adopted by the Local Board of the Bushwick District, Borough of Brooklyn, on March 16, 1904, providing for paving Pine street, between Fulton street and Ridgewood avenue, with asphalt on a concrete foundation.

A resolution authorizing the regulating and grading of this street was adopted on April 8, 1904, and in connection therewith affidavits were submitted showing the complete dedication of the street to public use. These affidavits were found to be borne out by the facts, and inasmuch as the amount of grading on the street is very slight (being limited to about 500 cubic yards), there seems no reason why the laying of the asphalt pavement should not be authorized and immediately follow the regulating and grading. It is therefore recommended that the resolution of the Local Board be approved.

The approximate amount of work involved is the laying of 1,430 square yards of asphalt pavement on a concrete foundation, at an estimated cost of \$3,600, while the assessed value of the property, exclusive of improvements, within the probable area of assessment is \$30,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT NO. 1567.

APRIL 14, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted by the Local Board of the Newtown District, Borough of Queens, on March 16, 1904, initiating proceedings for the construction of a sewer in Pomeroy street, between Jackson and Washington avenues, in the First Ward.

The street is laid out upon the map of the City as Eighth avenue, its former name having been Pomeroy street, and title to the two blocks for which this sewer is proposed was vested in the City under opening proceedings on April 25, 1900. The roadway is in use, and about four houses have been erected upon the line of the improvement.

The sewer is laid out upon the drainage map of the City and the outlet sewer in Jackson avenue has recently been authorized. I see no reason why the improvement now proposed should not be authorized, and would recommend the approval of the resolution.

The work to be done comprises:  
175 linear feet of 15-inch pipe sewer.  
800 linear feet of 12-inch pipe sewer.  
7 manholes.

The estimated cost of construction is \$2,500 and the assessed valuation of the property to be benefited is \$12,090.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

JOS. CASSIDY,

President of the Borough of Queens.

APRIL 14, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Newtown District, Borough of Queens, adopted on February 24, 1904, provides for the construction of a sewer in Webster avenue, between Jackson avenue and Fifth avenue (Briell street), in the First Ward.

A roadway is in use through the four blocks covered by this resolution, and three houses have been erected upon the abutting property. The construction of the outlet sewers required in Jackson avenue and in Bartow street was provided for on March 11, 1904. I see no reason why the sewer proposed under this resolution should not be authorized, and would recommend such action.

The work to be done comprises the following:

780 linear feet of 12-inch pipe sewer.

4 manholes.

The estimated cost of construction is \$1,900, and the assessed valuation of the property to be benefited is \$26,975.

Proceedings to open Webster avenue, between the East river and Jackson avenue, were authorized on March 1, 1899, and the oaths of the Commissioners of Estimate and Assessment were filed on April 25, 1900. I would recommend that title to the four blocks between the westerly side of Fifth avenue (Briell street) and Jackson avenue, be vested in the City on May 14, 1904.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

"Whereas, The Board of Public Improvements, on the 1st day of March, 1899, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Webster avenue, between the East river and Jackson avenue, in the Borough of Queens, City of New York; and

"Whereas, It appears to the Board of Estimate and Apportionment, from the surveys made and information furnished to it that there are no buildings upon the lands that shall or may be required for the purpose of opening and extending said Webster avenue; and

"Whereas, The said Board has received written notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Webster avenue and that the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law, on the 25th day of April, 1900; therefore be it

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 14th day of May, 1904, the title to each and every piece or parcel of land lying within the lines of said Webster avenue, between the westerly side of Fifth avenue (Briell street) and Jackson avenue, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York."

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 24th day of February, 1904, and approved by the President of the Borough of Queens on the 24th day of February, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

REPORT No. 1883.

APRIL 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on April 12, 1904, initiating proceedings for the construction of a sewer in St. Nicholas avenue, east side, between West One Hundred and Eighty-first and West One Hundred and Eighty-second streets.

Title to this block has been obtained under regular opening proceedings. The street has been graded, curbed, macadamized and flagged. With the exception of one dwelling erected on the easterly side of the street, no improvements have been made upon the abutting property.

The outlet sewer has been built, and the approval of the resolution is recommended, with the understanding, however, that before the work is begun a map be submitted providing for the incorporation of the sewer on the drainage map of the City.

The work to be done comprises the following:

152 linear feet of 15-inch pipe sewer.

2 manholes.

The estimated cost of the improvement is \$1,500 and the assessed valuation of the property to be benefited is \$68,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT No. 1884.

APRIL 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Prospect Heights District, Borough of Brooklyn, adopted on March 21, 1904, initiating proceedings for grading and curbing Douglass street, between Plaza street and Underhill avenue.

Title to this block has been legally vested in the City. The street has never been placed in use, the ground now being about 15 feet above the established grade. Other resolutions have been adopted by the Local Board providing for the building of sewers and for paving.

The locality is developing very rapidly, and, in my judgment, the improvement is a desirable one, and its authorization is hereby recommended.

The work to be done comprises the following:

70,000 cubic yards of grading.

960 linear feet of curbing.

The estimated cost of construction is \$30,300 and the assessed valuation of the property to be benefited is \$101,200.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

A copy of a resolution of the Local Board of the Prospect Heights District, duly adopted by said Board on the 21st day of March, 1904, and approved by the President of the Borough of Brooklyn on the 25th day of March, 1904, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate and grade Douglass street, between Plaza street and Underhill avenue, in the Borough of Brooklyn, and to set or reset curb of said street where not already done,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$30,300; and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$101,200, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized; and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

REGULATE AND GRADE GREENWOOD AVENUE, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate and grade Greenwood avenue, between Coney Island avenue and Gravesend avenue, in the Borough of Brooklyn, and to set or reset curb, and pave or repave sidewalks of said street where not already done.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 16th day of March, 1904.

REPORT No. 1885.

APRIL 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on March 16, 1904, initiating proceedings for grading, curbing and flagging Greenwood avenue, between Coney Island and Gravesend avenues.

The limits named in this resolution include the entire length of Greenwood avenue, a distance of eight blocks. Title to this street has never been acquired under formal proceedings, but affidavits are submitted showing that it has been dedicated to public use for more than ten years.

Between Gravesend avenue and East Second street the roadway is in use, and the sidewalk on the southerly side has been shaped; the northerly side of the street is somewhat above grade, and does not seem to have been used by the public; the lines of the street through this block, however, have been fenced off apparently on the proper lines. Between East Second street and Coney Island avenue the roadway is in use for its full width, although it has not been graded. The sidewalks are in use, although unshaped in sections, while in other sections they have already been flagged. Shade trees have been planted along a portion of the street, and a large number of houses have been erected upon the abutting property. The sewer has been built through the entire length of the street, and the water-main has been laid. The gas-main has been provided through all but the westerly block, and the street is lit by arc lamps.

I believe that the evidences of dedication may be considered as sufficient to justify the assumption of title, and would recommend that the work proposed be authorized, the same including the following:

8,000 cubic yards of grading.

4,800 linear feet of curbing.

14,000 square feet of cement sidewalk.

8,000 square feet of flagging relaid.

The estimated cost of the improvement is \$10,100, and the assessed valuation of the property to be benefited is \$145,200.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

REPORT No. 1886.

APRIL 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on March 16, 1904, initiating proceedings for the construction of a sewer in Greenwood avenue, north side, between Coney Island avenue and East Second street.

Title to this street has not been vested in the City under formal proceedings, but on this date, in reporting upon a resolution for grading Greenwood avenue throughout its entire length, attention was called to the fact that affidavits had been submitted to establish the dedication of the street to public use, and that these affidavits apparently conform with the evidences to be obtained on the ground.

A sewer has already been built in the street, the same, however, being of small size, and designed for house drainage only. The sewer proposed is required for the removal of surface drainage, and is requested at this time as being necessary prior to the paving of the street, a resolution for which has already been adopted by the Local Board. The outlet sewer is under construction, and the approval of this resolution is recommended, the work to be done comprising the following:

- 920 linear feet of 36-inch brick sewer.
- 50 linear feet of 30-inch brick sewer.
- 278 linear feet of 18-inch pipe sewer.
- 1,220 linear feet of 15-inch pipe sewer.
- 100 linear feet of 12-inch pipe sewer.
- 10 receiving-basins.

The total estimated cost of construction is \$19,900, and the assessed valuation of the property to be benefited is \$1,956,185.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT No. 1888.

APRIL 18, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Harlem District, Borough of Manhattan, adopted on February 9, 1904, providing for paving that part of Park avenue lying between a line 20 feet north of the northerly side of East One Hundred and Thirty-second street and the southerly side of East One Hundred and Thirty-fifth street with sheet asphalt, including the setting and resetting of curbstone, but omitting from the area to be paved that portion of the street lying between East One Hundred and Thirty-second and East One Hundred and Thirty-third streets which was paved with granite block in 1883, it being proposed to provide for the repaving of this with asphalt out of the bond issue available for repaving purposes.

Park avenue was opened in 1853. The sewer has been built; the water mains have been laid on the west side of the avenue between One Hundred and Thirty-second and One Hundred and Thirty-fourth streets and on the east side from One Hundred and Thirty-second street for one-half block north; gas mains have been laid for the entire length of the improvement on the west side of the street and for one block on the east side.

A resolution to improve this street was presented to the former Board of Estimate and Apportionment, but the limits were so described as to include a portion of the street over which the President of the Borough had no control. In its amended form the resolution calls for an improvement which is not only perfectly proper, but is very much needed. The attention of the Borough President has been called to the fact that the water main is incomplete, and he has communicated with the Commissioner of Water Supply, Gas and Electricity, who advises him that his Department would be glad to lay these mains before the pavement is laid, and if funds are provided by the Board of Estimate and Apportionment he will undoubtedly do so. This statement was made on March 18, and it is assumed that the Commissioner of Water Supply, Gas and Electricity will have the funds necessary for this small amount of work.

It is recommended that the improvement of the street be authorized, with the understanding that the pavement be not put down until the water main has been completed. It is extremely improbable that the gas main on the portion of the east side of the street, where now lacking, will be required.

The approximate amount of work involved is as follows:

- 1,000 linear feet of old and new curb to be set.
- 6,734 square yards asphalt pavement on a concrete foundation.

The total estimated cost of the improvement is \$18,500 and the assessed value of the property within the probable area of assessment is \$339,375.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Murray Hill District, Borough of Manhattan, adopted on March 22, 1904, initiating proceedings for the construction of a sewer in East Twenty-first street, between Lexington and Fourth avenues.

This resolution has been adopted pursuant to a recommendation of one of the Sanitary Inspectors of the Department of Health, who calls attention to the fact that there is no public sewer in a part of the block and that the drain in use is a defective one located in the rear of the buildings.

The outlet sewer has been constructed, and the approval of this resolution is recommended, with the understanding, however, that before the work is undertaken a map will be submitted providing for the incorporation of the sewer upon the drainage plan of the City.

The work to be done comprises the following:

110 linear feet of 3 feet 6 inches by 2 feet 4 inches brick sewer.

2 manholes.

The estimated cost of the improvement is \$1,700 and the assessed valuation of the property to be benefited is \$196,000.

REPORT No. 1858.

APRIL 6, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Harlem District, Borough of Manhattan, adopted on March 15, 1904, initiating proceedings for the construction of sewers in Second avenue, east and west sides, between East One Hundred and Ninth and East One Hundred and Tenth streets, with alteration to the curves at the southeast and southwest corners of East One Hundred and Tenth street and Second avenue.

The property abutting upon this block has been solidly built up with four-story apartment buildings. This proceeding has been initiated on the recommendation of the Commissioner of Public Works, for the reason that there is no public sewer in the block. The occupancy of the street by the elevated and surface electric roads necessitates the construction of sewers on each side of the street. The sewers have been incorporated on the drainage plan of the City, the outlet sewer has been constructed and the approval of the resolution is recommended.

The work to be done comprises the following:

370 linear feet of 15-inch pipe sewer.

6 manholes.

The estimated cost of the improvement is \$2,500 and the assessed valuation of the property to be benefited is \$306,500.

Respectfully,

REPORT No. 1861.

APRIL 6, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on March 16, 1904, initiating proceedings for regulating, grading, curbing and flagging West One Hundred and Sixty-third street, between Ogden avenue and Woodycrest avenue.

Title to this block has been vested in the City under formal opening proceedings. A wagon trail is in use at the Ogden avenue end for reaching one dwelling, which has been erected upon the property abutting upon the northerly side of the street. The ground is several feet above the established grade.

This improvement is, in my judgment, a desirable one, and its authorization is hereby recommended, the work to be done comprising the following:

5,850 cubic yards of earth and rock excavation.

615 linear feet of curbing.

2,450 square feet of flagging.

The estimated cost of construction is \$9,600, and the assessed valuation of the property to be benefited is \$31,430.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 16th day of March, 1904, and approved by the President of the Borough of The Bronx on the 18th day of March, 1904, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating and grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in West One Hundred and Sixty-third street, between Ogden avenue and Woodycrest avenue, in the Borough of The Bronx, City of New York."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$9,600; and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$31,430, having also been presented; it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

*MACADAMIZING NELSON AVENUE, THE BRONX.*

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

*In the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For paving with telford macadam pavement the roadway of Nelson avenue, from West One Hundred and Sixty-fourth street to Boscobel avenue, and setting curbstone where necessary, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 16th day of March, 1904.

Alderman Morris, Alderman Murphy, Alderman Stumpf, Alderman Dougherty and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Henry A. Gumbleton,

Secretary to Local Board of Morrisania, Twenty-fourth District.

Approved and certified this 18th day of March, 1904.

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 1863.

APRIL 6, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on March 16, 1904, initiating proceedings for curbing Nelson avenue, between West One Hundred and Sixty-fourth street and Boscobel avenue, and for macadamizing the roadway.

The street is in use through the seven blocks included within the limits of the resolution, and has been graded, curbed and flagged, title to the same having been acquired under opening proceedings in 1895. The section is entirely residential in character and the abutting property has been improved by the erection of at least a few houses on each block, the northerly end, however, being more sparsely built up than is the southerly section. The sewer has been built and the water-main has been laid. The gas-main is complete, with the possible exception of the block between One Hundred and Sixty-ninth and One Hundred and Seventieth streets.

The estimated cost of this improvement is \$20,000 and the assessed value of the property to be benefited is \$469,660. The improvement is requested by thirty-five owners of property abutting upon the street.

I see no reason why a more substantial pavement should not be provided, the property being abundantly able to defray the cost of the same, and would recommend that the resolution be returned to the President of the Borough of The Bronx for amendment in this particular.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The Comptroller moved that the matter be referred to the Chief Engineer, with a request that he confer with the Borough President, which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

*SEWER IN FORTY-FIRST STREET, BROOKLYN.*

*In the Local Boards of the Bay Ridge and Flatbush Districts.*

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Boards of the Bay Ridge and Flatbush Districts, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a sewer in Forty-first (41st) street, between Tenth (10th) avenue and Fourteenth (14th) avenue, in the Borough of Brooklyn; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Boards of the Bay Ridge and Flatbush Districts on the 24th day of March, 1904.

REPORT No. 1870.

APRIL 12, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted on March 24, 1904, at a joint meeting of the Local Boards of the Bay Ridge and Flatbush districts, initiating proceedings for the construction of a sewer in Forty-first street, between Tenth and Fourteenth avenues.

Title to this street, between Tenth and Thirteenth avenues, has been vested in the City, under formal opening proceedings. Between Thirteenth and Fourteenth avenues the roadway has been roughly shaped, and is in use as a wagon trail; the sides of the roadway are lined with young shade trees. The resolution is accompanied by affidavits certifying to the dedication of the street to public use, and, in my judgment, title to the block which has not yet been opened, is sufficient to warrant its occupation for the purpose of constructing the sewer.

Between Tenth and Twelfth avenues a large number of houses have been built upon the abutting property, while between Twelfth and Fourteenth avenues there is but one building. The outlet sewer has been constructed, and the approval of the resolution now submitted is recommended.

The work to be done comprises the following:

765 linear feet of 24-inch pipe sewer.

780 linear feet of 18-inch pipe sewer.

828 linear feet of 15-inch pipe sewer.

715 linear feet of 12-inch pipe sewer.

6 receiving-basins.

The estimated cost of construction is \$19,000, and the assessed valuation of the property to be benefited is \$149,300.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct a sewer in Forty-first (41st) street, between Tenth (10th) avenue and Fourteenth (14th) avenue, in the Borough of Brooklyn."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$19,000, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$149,300, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

REPORT No. 1878.

APRIL 15, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a resolution adopted by the Local Boards of the Flatbush and Bushwick Districts, Borough of Brooklyn, at a joint meeting held on March 16, 1904, providing for paving with asphalt, on a concrete foundation Sherlock place, between Herkimer street and Atlantic avenue.

A resolution authorizing the regulating and grading of this street was approved by the Board of Estimate and Apportionment on April 8, 1904, in connection with which the complete dedication of the street by more than ten years of use was satisfactorily shown.

A number of buildings have been erected upon the block, and a surface improvement is needed as well as the mere regulating and grading. The water main has been placed under contract and the sewer and gas main have been provided. The amount of grading being trifling—only 600 cubic yards—there seems no reason why the asphalt pavement should not be immediately authorized, and the approval of the resolution is therefore recommended.

The approximate amount of work involved is the laying of 1,240 square yards of asphalt pavement on a concrete foundation at an estimated cost of \$2,900, while the assessed value of the property, exclusive of improvements, within the probable area of assessment is \$19,100.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Boards of the Flatbush and Bushwick Districts, duly adopted by said Boards on the 16th day of March, 1904, and approved by the President of the Borough of Brooklyn on the 21st day of March, 1904, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave with asphalt, on concrete foundation, Sherlock place, between Herkimer street and Atlantic avenue, in the Borough of Brooklyn."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$2,900; and a statement of the assessed

value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$19,100, having also been presented, it is

On motion, the report of the Committee on Transfers was approved.

At the request of Commissioner Day, the Chief Examiner appeared before the Commission and explained the manner in which recent examinations for original appointment and promotion in the uniformed forces of the Fire and Police Departments had been conducted, and particularly the method used in preparing the questions in such examinations. The matter was discussed at length, and after the Chief Examiner had retired, on motion of Commissioner Day, it was

Resolved, That the Chief Examiner be and is hereby instructed, before setting the questions for the examinations held in future, to submit to the Commission the scheme upon which he proposes to conduct the examination and a statement as to the general character of the questions to be used.

The Secretary presented a recommendation of the Chief Examiner that the applications of the following-named person be rejected under the provisions of Rule VII., paragraph 14 "for false statement in reply to the question as to whether they had ever been examined for a position in the service of The City of New York":

Valentine S. Early, Clerk, 4508.

Minnie Brogan, Police Matron, 1662.

Catherine Nevill, Police Matron, 1602.

Theresa A. Cray, Police Matron, 1550.

Sarah F. Darby, Police Matron, 1776.

Bella Johnson, Police Matron, 1755.

Emma Stockmar, Police Matron, 1773.

On motion, the applications were referred to the Secretary for further investigation and report.

The Chief Examiner submitted the following report of examinations held during the month of February, 1904:

No. of Examinations.	No. of Candidates.
1 mental competitive .....	1
2 mental promotions .....	17
3 .....	18

On motion, the report was ordered filed.

The report of the Chief Examiner upon uncompleted examinations was ordered filed.

The Secretary presented the report of the Character Examiner on the cases of Francis McConville and Robert Beck, whose reassignment to duty as Laborers in the Department of Water Supply, Gas and Electricity was referred to in a letter addressed to the Commission by the Deputy Commissioner of that Department on February 24. The Character Examiner stated that he had ascertained that Mr. McConville had been under suspension since March 24, 1903, as a result of charges preferred against him, but upon which no decision was rendered by the Commissioner before whom he was tried, and that McConville was restored to duty by the present Commissioner on January 12, 1904. In the case of Robert Beck, the Character Examiner had secured the certificate of a physician to the effect that Mr. Beck was ill during the time that his name did not appear upon the pay-roll of the Department.

On motion, the Secretary was instructed to pass the pay-rolls of Messrs. McConville and Beck for services rendered by them since their reassignment to duty.

The Secretary presented the report of the Character Examiner upon the case of G. L. Sinclair, candidate for the position of Court Attendant, who had protested against the inclusion of his name on the list of those eligible for appointment in the Borough of Manhattan and claimed to be eligible for appointment in the Borough of The Bronx. The report showed that Mr. Sinclair had written his business address in the Borough of Manhattan on his application, because he desired to have notices, etc., sent there, but that he resided in the Borough of The Bronx, and recommended that his name be included on the eligible list for the latter borough.

On motion, the Secretary was instructed to place the name of G. E. Sinclair on the list for Court Attendant, Borough of The Bronx.

The Secretary presented the following communication from the Corporation Counsel, with reference to the power of the Commission to cancel applications for positions in the Labor class which have been on file for less than two years:

"March 3, 1904.

"Municipal Civil Service Commission:

"Sirs—I am in due receipt of a communication from Mr. Henry Berlinger, Secretary to your Commission, bearing date 18th February.

"I am by no means certain that I understand what questions are intended to be asked by the communication of Mr. Berlinger, because while the exact question propounded by him is a perfectly simple one, it has no necessary relation to a number of matters stated by him in his communication regarding the provisions of past and existing rules, and as to forms made under those rules. The exact question contained in his letter is this:

"The Commission requests \* \* \* that you let it have your official opinion as to its power of canceling all applications for positions in the Labor Class, which have been on file less than two years."

"Of course, if this is the exact question intended to be asked, the answer to it is very simple, that in canceling applications for positions in the Labor Class you must be governed entirely by your rules, and that there is no power to cancel such applications, except in compliance with those rules.

"People ex rel. Van Patten vs. Cobb, 13 App. Div., 56.

"People ex rel. Kittenger vs. Board of Civil Service Commissioners, 20 Misc., 217.

"The foregoing, I think, furnishes an answer to the exact question asked by Mr. Berlinger, but there are other matters, as I have already stated, contained in his communication, upon which an opinion is possibly requested, but as the exact point to be decided is not stated, and as there may be several questions raised by the matters set forth by him, I would ask you if you need a further answer than that already given in this letter to inform me of the exact question supposed to arise.

"Yours respectfully,

"JOHN J. DELANY, Corporation Counsel."

On motion, the Secretary was instructed to proceed in accordance with the opinion of the Corporation Counsel.

The Secretary presented the following communication from the Labor Clerk:

"March 8, 1904.

"Henry Berlinger, Esq., Secretary:

"Dear Sir—Referring to your communication of the 3d inst., I desire to inform you that all applications on file prior to April 1, 1902, have been canceled and the applicants notified to file new applications.

"I beg to recommend that the receipt of applications from all persons be resumed on the following dates:

"Applications for positions in Part III., on and after March 28.

"Applications for positions in Part II., on and after April 4.

"Applications for positions in Part I., on and after April 11.

"Respectfully submitted,

"F. A. SPENCER, Labor Clerk."

On motion, the recommendations of the Labor Clerk were adopted, and he was

instructed to accept applications for positions in the Labor Class commencing on the dates stated.

A letter was presented from the State Civil Service Commission, informing the Commission of its disapproval of the following resolutions:

(a) Including in the Exempt Class, Department of Taxes and Assessments, sixty Deputy Commissioners;

(b) Including in the Exempt Class, Department of Water Supply, Gas and Electricity, the position of Superintendent of Ponds and Reservoirs;

(c) Amending Civil Service Rule XIX. in order to provide for the registration of all applicants for positions in the Labor Class by designated boroughs;—and requesting additional information with reference to the resolution including in the Non-competitive Class the position of Printer; and the resolution striking from the classification of positions in the Labor Class the titles "Driver, with cart and horse" and "Driver, with wagon and team."

On motion, the Secretary was instructed to forward to the State Commission the additional information requested.

A letter was presented from Bellevue and Allied Hospitals, requesting that the classification be amended by including in the Non-competitive or in the Exempt Class the positions of Admitting Physician, Director of Pathological Laboratories and Assistant Director of Pathological Laboratories.

On motion, the Secretary was instructed to hold a public hearing on these requests, in accordance with Rule III.

A letter was presented from the Fire Department, requesting that the position of Superintendent of Fire Alarm Telegraph be included in the Exempt Class.

On motion, the Secretary was instructed to request the Fire Commissioner to submit a statement of his reasons for making this request, and upon receipt of such statement to make arrangements for a public hearing, in accordance with the provisions of Rule III.

A letter was presented from the Fire Commissioner, communicating a copy of a letter addressed by the Chief of the Fire Department to the Fire Commissioner, with reference to the physical and mental examination for Fireman.

On motion, the Secretary was instructed to call the attention of the Commissioner to the fact that the rules already provide for the physical requirements suggested by the Chief, and to state that his suggestions with reference to the mental examination would be taken up when the date for the next examination is fixed.

A letter was presented from the Fire Commissioner, communicating a recommendation of the Chief of the Fire Department to the effect that candidates for the position of Engineer of Steamer be required to serve at least three months in the Repair Shops of the Department and pass an examination conducted by three of the higher officers of the Department who had served in the position of Engineer of Steamer, before becoming eligible for admission to the Civil Service examination for such position, and making other recommendations with reference thereto.

On motion, the Secretary was instructed to inform the Commissioner that the examination could not be restricted in the manner suggested by the Chief, and that the Commission could not take any cognizance of any examination conducted by officers of the Fire Department, but to state that the Commission would be glad to receive any other suggestions with reference to the examination when it is set.

A letter was presented from the Fire Commissioner, communicating a letter from Michael F. Ruddy, candidate for promotion to Assistant Foreman, alleging that he had performed certain meritorious acts on or about December 17, 1899, and requesting that he be given credit therefor in the examination.

On motion, the matter was referred to the Character Examiner, and he was instructed to ascertain particularly whether the acts referred to by Mr. Ruddy had been made a part of the official records of the Fire Department.

A letter was presented from the Commissioner of Parks, Borough of The Bronx, requesting authority to reassign persons laid off during the winter months, without reference to the provisions of section 1543 of the Charter.

On motion, the matter was laid over, pending a conference with reference thereto between the Secretary and the Corporation Counsel.

A letter was presented from the Art Commission, requesting authority to employ without examination an expert librarian for a limited period.

On motion, it was Resolved, That the Art Commission be and is hereby authorized, under the provisions of Civil Service Rule 12, paragraph 6, to employ a person engaged in private business to render services as an expert librarian, the amount of his compensation not to exceed \$250 in any one year.

A letter was presented from the President of the Borough of Manhattan, with reference to the re-employment of Mr. Edward Kierski, formerly an Inspector of Regulating, Grading and Paving in the Bureau of Highways. The Secretary reported that on October 31, the Commission had been notified that Mr. Kierski's name had been dropped from the roll, that his whereabouts were unknown and that he had last served the City on June 6, 1903. On motion, the Secretary was instructed to place Mr. Kierski's name on the preferred list for reinstatement in the position of Inspector of Regulating, Grading and Paving, in accordance with section 1543 of the Charter.

A letter was presented from the Superintendent of Sewers, Brooklyn, requesting authority to employ Lewis Ennis as an "Assistant Gas Maker" in his borough. The Secretary stated that Mr. Ennis had been appointed on November 1, 1901, in the former Department of Sewers, but was never notified to report for duty, though he had requested such notice. On motion, the Secretary was instructed to inform the Superintendent of Sewers that Mr. Ennis is not eligible for employment, the list upon which his name appeared having been terminated.

The Secretary presented a letter from the Department of Finance, accompanied by a communication addressed to the Comptroller by Mr. William H. Hale, complaining against the employment of John P. Worstall and Joseph P. McNamara as Superintendent and Assistant Superintendent of Public Baths, etc., in the Borough of Brooklyn. The Secretary also presented a letter from Mr. Hale, directed to the Commission, with reference to the same matter. On motion, the Secretary was instructed to inform the Department of Finance that Messrs. Worstall and McNamara were being employed in pursuance of the provisions of the Civil Service Rules.

A letter was presented from the Department of Health, informing the Commission that at a meeting of the Board held February 24, a resolution was adopted granting a leave of absence to Louise Eaton, M. D., Medical Inspector, "from March 1, 1904, to February 28, 1905, inclusive, without pay, for the purpose of travel and medical study, pending the consent of the Municipal Civil Service Commission thereto." On motion, the Secretary was instructed to inform the Department of Health that the Commission could not, under the rules, authorize a leave of absence in such a case for more than thirty days.

A letter was presented from the Commissioner of Public Works, Borough of Brooklyn, requesting the Commission to recognize his action in granting to Mr. A. H. Wood, an employee of his Department, leave of absence with half-pay from February 15 to March 15, and without pay from February 1 to February 15. The Secretary stated that this matter had been presented to the Commission at a previous meeting and that he had been instructed to inform the Commissioner of Public Works that a leave of absence without pay had been authorized. On motion, the Secretary was instructed to inform the Commissioner of Public Works that under the provisions of Civil Service Rule 13, paragraph 2, the Commission could only approve a leave of absence without pay.

The President called the attention of the Commission to the fact that Daniel F. McLoughlin, a candidate for promotion to the grade of Roundsman in the Police Department, who was unable to appear for examination when notified, being in attendance at court under subpoena, and whose appeal for special examination had subsequently been denied by the Commission under the provisions of Rule VII., paragraph 11, had obtained from the Hon. Josiah T. Marean, Justice of the Supreme Court, an order directing the Commission to give him such special examination. The Corporation Counsel, on February 24, advised the Commission to comply with the order, and the date has been set for Mr. McLoughlin's examination. The President called the attention of the Commission to the following portion of the communication of the Corporation Counsel:

"In connection therewith I direct your attention to the language of the Court of Appeals in the case of People ex rel. Nugent vs. Police Commissioners (114 N. Y., 245). The provision in the Charter of 1873 providing that 'any member of the Police Force who shall be absent from duty without leave for the term of five days shall, at the expiration of said five days, cease to be a member of the Police Force,' was before the court. Nugent was absent more than five days, but it seems that his absence was in-

forced by command of the law, and it was therefore held that his absence was not within the intentment of the statute. The Court says (p. 248):

"It is both unreasonable and unjust to the citizen to hold that in any case he is subject to a penalty imposed by law for non-performance of a duty which such performance, without fault on his own part, is prevented by law. It is far more agreeable to reason to construe such a statute as containing an implied undertaking on the part of the State that performance shall not be hindered or prevented by any legal authority within the limits of the State, and, as a necessary consequence, that when thus hindered and prevented the statute shall not operate as against the citizen or officer thwarted in the attempt at performance. The principle which justifies and demands such a construction of this statute, as will relieve the relator from the penalty of enforced non-performance, by the act of the law, is sanctioned by elementary writers and in adjudged cases. 'When performance of a condition is prevented by the act of God or law, it is excused.'"

"Inclosed you will find the writ contained in letter of the 15th inst.

"Respectfully yours, etc."

The President stated that in view of the order of Justice Marean and the opinion of the Court of Appeals quoted in the communication of the Corporation Counsel, it would be necessary in his judgment to amend the 11th paragraph of Rule VII., and suggested that the following be substituted in place thereof:

"No person shall be granted a special examination or a re-examination unless the grounds of his appeal therefor are submitted in the form of an affidavit and are satisfactory to the Commission, and such affidavit is accompanied by the certificate of a physician where illness is stated to be the cause of the appellant's failure to appear for or to complete the general examination. In every case where such an appeal is granted the Commission shall set forth the reasons therefor in its minutes."

On motion, the Secretary was instructed to arrange for a public hearing, in accordance with the provisions of Civil Service Rule III.

The following temporary appointments, made for five days under the provisions of Rule XIX., paragraph 11, were duly approved:

Fordham Hospital, February 16, 20 and 22, 1904.

Letters were presented from the following-named persons, who were certified to the Department of Bridges from the preferred eligible list for Laborer and declined appointment on account of illness, requesting that their names be restored to the list:

James Sweetman.  
Daniel J. Meaney.  
David Dooley.  
Rocco Bonomasso.

On motion, the letters were referred to the Assistant Secretary for a report.

A letter was presented from Edward J. Drake, requesting that his name be certified for the position of Stenographer and Typewriter. The Secretary stated that Mr. Drake's name had been placed on the eligible list established June 12, 1902, and that on February 10, 1904, a new list was established.

On motion, the Secretary was instructed to inform Mr. Drake that inasmuch as the eligible list on which his name appeared had been terminated his request could not be granted.

A letter was presented from Minnie V. Kennedy, requesting that her application for Typewriting Copyist be accepted. Miss Kennedy also submitted an affidavit to the effect that she had mailed her application at 11 o'clock on the morning of February 23, 1904, from No. 17 State street, New York, and that it should therefore have been received before the closing hour.

On motion, her request was granted and the application was accepted.

A letter was presented from Mary K. Merrifield, requesting that her application for Police Matron, received here after the expiration of the time fixed for the receipt of such applications, be accepted, and submitting a statement of the facts upon which her request was based.

On motion, the matter was referred to the Assistant Secretary for investigation.

The Secretary recommended that applications be received for a new examination for the position of Fireman. He stated that the present eligible list, announced February 9, 1904, originally contained 395 names; that 52 persons had been appointed, and that the names of 250 others were now being considered by the Fire Commissioner.

On motion, the recommendation of the Secretary was adopted.

A letter was presented from R. A. Hawkes, requesting that his name be placed on the eligible list for Janitor. The Secretary stated that Mr. Hawkes, through inadvertence, had been admitted to both the examination for Janitor and that for Janitor-engineer, and that he had subsequently been informed that it would be necessary for

him to elect which list he wished to have his name placed upon. In the communication before the Commission, in response to such notice, he requested to be placed on the list for Janitor.

On motion, the request of Mr. Hawkes was granted, and the Secretary was instructed to place his name on the eligible list for Janitor.

A letter was presented from Edwin F. Merwin, communicating copy of a letter addressed to the Commissioner of Charities, under date of March 4, by him, protesting against the appointment of George W. Meeks to the position of Superintendent of the Bureau of Dependent Adults.

On motion, the letter was ordered filed.

A letter was presented from R. G. Deacon, No. 41 Tenaflly road, Englewood, N. J., requesting that the requirement of residence be waived in his case, and that his application for Architectural Draughtsman be accepted.

On motion, the request was denied.

A letter was presented from Katherine Malone, requesting that her application for Police Matron, which was filed on \_\_\_\_\_ and which was returned to her for the reason that she is not yet thirty years of age, be accepted, in view of the fact that she will reach that age on \_\_\_\_\_.

On motion, the request was granted, and the Secretary was instructed to record the application.

The Law Committee presented the following report:

"With reference to the proposed bills before the Legislature, copies of which have been forwarded to the Commission by the Corporation Counsel with the request that he be communicated with regarding them at the Commission's earliest convenience, the Law Committee makes the following recommendations:

"Senate Bill, Int. No. 504, entitled 'An Act to amend an Act entitled 'An Act in relation to the civil service of the State of New York and the cities and civil divisions thereof,' relative to power of removal in counties, provides that 'In every county of the State wholly included within the limits of the city, but not comprising the whole of such city, no regular clerk or head of a bureau, or person holding a position in the classified State civil service, subject to competitive examination, shall be removed until he has been allowed an opportunity of making an explanation,' and goes on to give all such employees the rights conferred by section 1543 of the Charter upon employees of the city.

"As the Commission has no jurisdiction over county offices, the Committee recommends that no action be taken with reference to this bill.

"Senate Bill, Int. No. 460, amends sections 20 and 21 of the Civil Service Law with reference to the rights of veterans. The Committee recommends that the Commission take no action with reference to this bill.

"Senate Bill, Int. No. 461, amends the Civil Service Law with reference to the manner of holding examinations. The Committee believes that the conditions imposed by it, if advisable, can be better provided for in rules and regulations, and recommends that the Secretary be instructed to inform the Corporation Counsel that the Commission is not in favor of the passage of the bill."

On motion, the report of the Law Committee was adopted.

The Commission then adjourned, to meet Wednesday, the 16th inst., at 3 P. M.

HENRY BERLINGER, Secretary.

## DEPARTMENT OF CORRECTION.

#### CONDITION OF SALE.

The sale will begin with Parcel No. 1 on the catalogue and continue in the order there enumerated.

All fences and outhouses not mentioned in the catalogue will be sold with the premises to which they heretofore belonged.

The sale is on condition that the buildings or parts of buildings sold shall be removed by the purchaser on or before the 10th day of June, 1904.

The purchaser shall pay the amount of the purchase money to the Auctioneer in bankable funds on the ground at the time of sale, or the building, etc., not so paid for will be resold. He shall also pay to the Auctioneer at the time of sale a fee of ten dollars on each parcel bought by him.

The purchaser shall also pay over to the Auctioneer, on the ground at the time of the sale, a deposit by certified check, payable to the order of the Comptroller of the City of New York, or in bankable funds to the amount of one hundred dollars (\$100) on each parcel purchased, as enumerated in the catalogue, as security for the faithful performance of the work of removing the building and parts of buildings as herein required.

If the purchaser fails to remove the buildings and parts of buildings within the time herein specified, he shall forfeit ownership of the same, together with all moneys paid therefor, and the moneys deposited as security for the removal of the same, and the President of the Borough of Manhattan will resell such building or parts of building.

Every purchaser of buildings or parts of buildings shall cause to be erected in front of the premises purchased by him a fence or barrier, not less than four feet in height and of not less than three (3) boards, during the time of taking down and removing the purchase, and he shall leave upon the ground the said fence in good order. Such fence may be made from material from the old building so purchased.

If the purchaser shall faithfully perform the removal of the building or parts of buildings herein specified, the amount of deposit as security for removal shall be returned to him. All buildings and parts of buildings must be taken down on a level of the curb lines of the street.

Bidders are requested to examine the catalogues and maps on file in the office of the Commissioner of Public Works, Bureau of Highways, No. 21 Park row, showing the buildings and parts of buildings to be sold.

### SALE OF FERRY FRANCHISES.

PETER F. MEYER, Auctioneer.

**THE FRANCHISES OF FERRIES AS MORE** particularly hereinafter described will be offered for sale by the Commissioner of Docks at public auction to the highest bidder, at Pier "A,"

Battery place, at 12 o'clock noon, on the 3d day of May, 1904, for a term of ten years from September 1, 1903, with the privilege of renewal for a further term of ten years.

1st. From and to a point between East One Hundred and Thirty-fourth and East One Hundred and Thirty-fifth streets, Borough of The Bronx; thence to North Beach, and thence to the foot of First street, Third Ward, Borough of Queens, in the late Village of College Point.

2d. From and to a point in the vicinity of East Ninety-ninth street, East river, Borough of Manhattan, City of New York; thence to the foot of First street, Third Ward, Borough of Queens, in the late Village of College Point, together with the following described wharf property belonging to the City: The bulkhead extending from the northerly side of East Ninety-ninth street, East river, extended northerly a distance of 170 feet, measured along the bulkhead line and extending inshore a distance of 50 feet, and the land under water in front of said bulkhead at present occupied by ferry houses, platforms, bridges, racks, etc., used in connection with and for the operation of said ferry.

#### TERMS AND CONDITIONS OF SALE.

The lease will be sold subject to the approval of the term thereof by the Commissioners of the Sinking Fund.

No bid will be received which shall be less than the upset price, namely, for the first term three and one-half (3½) per cent. of the gross receipts of said ferries, but not less than \$4,000 per annum for the said franchises, together with the wharf property belonging to the City; the rental for the renewal term to be fixed as follows:

Three months before the expiration of the first term the Commissioner of Docks and the Commissioners of the Sinking Fund shall appoint a person to act on behalf of the City as arbitrator, and the New York and College Point Ferry Company shall appoint a person to act in its behalf as arbitrator, and the arbitrators so appointed shall determine upon a fair and reasonable amount to be paid as rental under the lease, annually, during the renewal term, in quarter yearly payments in advance. In case the arbitrators are unable, within thirty days, to agree as to the amount to be paid as rent for the renewal term, they shall appoint a third person to act as umpire, and if they are unable to agree within thirty days upon such umpire, then, at the request of either of the parties, he shall be appointed by the Presiding Justice of the Appellate Division of the Supreme Court of the State of New York, First Department, and the decision of two of said parties so selected shall be conclusive and binding upon both of the parties to the lease, but in no case during said renewal term shall the rental be less than \$4,400 per annum, the rent to be payable quarterly in advance.

The purchaser will be required at the time of the sale to pay, in addition to the auctioneer's fee (viz., \$50), to the Department of Docks and Ferries, \$1,000 as security for the execution of the lease, which \$1,000 will be applied to the payment of the rent first accruing under the lease when executed or will be forfeited to the Department if the purchaser refuses or neglects to execute the lease, with good and sufficient surety to be approved by the Commissioner of Docks within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier "A," North river, foot of Battery place.

Two sufficient sureties, to be approved by the Commissioner of Docks, will be required under the lease to enter into a bond of obligation, jointly and severally with the lessees, in the sum of \$8,000, for the faithful performance of all the covenants and conditions of the lease.

The lease will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Board of Aldermen relative to ferries, and shall provide that the lessees will maintain and operate the ferries during the whole term, and will provide ample accommodations in the way of safe and capacious boats and sufficiency of trips; that if at any time during the term hereof the Commissioner of Docks, or the person or persons then performing the duties now exercised by the Commissioner of Docks, shall be of the opinion that the boat or boats furnished by the party of the second part, or that the number of trips do not conform to the requirements of this lease, he may direct the party of the second part to make such improvements, construct such new boat or boats, or increase the number of trips as in his opinion the service demands; and in the event of the failure of the party of the second part to comply with such directions within a reasonable time, a commission shall be appointed, composed of the Mayor, the President of the Borough of Queens and the Commissioner of Docks, on behalf of the City, and three other persons selected by the party of the second part, which commission shall be known as the Arbitration Commission, and in case of their failure to agree as to the improvements to be made in the service, they shall appoint a seventh person to act as umpire, and if they are unable to agree within five days upon such umpire, then, at the request of either of the parties hereto, he shall be appointed by the Presiding Justice of the Appellate Division of the Supreme Court of the State of New York, First Department, and the decision of four of said seven persons so selected shall be conclusive and binding upon both of the parties to this lease; also conditions that the lessees shall dredge the ferry slips, etc., as required by the Commissioner of Docks; that during the term of the lease they will erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order, all and singular the floats, racks, fenders, bridges and other fixtures of the landing places, and in the event of any damage to the bulkheads or piers from collision by the ferryboats or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition free of cost to The City of New York; that if at any time during the term of the lease the Commissioner of Docks shall require any of the wharf property used for ferry purposes in order to proceed with the water-front improvements in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damages whatever, upon written notice being given to the lessees three months in advance of the intention of said Commissioner; shall, by the said notice, terms of description, or by reference to the plans and specifications of the proposed work of improvement, specify the character of the alterations and improvements to be made in regard to said water front, affecting the property and rights hereby authorized to be demised, and upon receiving such notice the lessee may elect to terminate the lease of said ferry privilege or franchise by serving notice of such election upon the Commissioner of Docks within one month after receiving such notice from the Commissioner of Docks of his intention to improve the water front in the vicinity of the ferry landings; also that in case only a portion of said wharf property shall be required for the purposes aforesaid, then a reasonable reduction will be made from the rent reserved by said lease; that sworn returns of the amounts of ferry receipts shall be made to the Commissioner of Docks when required by said Commissioner, and that the books of accounts of the ferry shall be subject to the inspection of said Commissioner, or to any person designated by him in writing.

The lease will contain a covenant providing that upon the expiration or sooner termination of the said term of ten years the lessee may, and

upon demand, in writing, by the Commissioner of Docks, or other proper officer or Department of The City of New York thereto duly authorized shall, at the cost and expense of the lessee, forthwith and at the utmost practicable speed wholly remove from the premises hereinbefore described buildings, platforms, floats, bridges, ferry racks, piling and fixtures which shall have been erected or placed by the lessee, its successors or assigns, upon or within the limits of the wharf property leased, so that there shall be in the slip adjacent to the hereinbefore described wharf property used for the purposes of said ferry, and in every part thereof, from the bulkhead out, at least ten feet of water at mean low water.

The rates of ferrage and charges for vehicles and freight shall not exceed the rates now charged on the ferry to and from the foot of East Ninety-ninth street, Borough of Manhattan, from and to College Point, Borough of Queens.

The lessees shall provide such lifeboats, floats, rafts and life preservers as may be directed by the Commissioner of Docks.

The form of lease which the purchaser shall be required to execute can be seen at the office of the Commissioner of Docks.

The right to reject all bids is reserved, if deemed by the Commissioner of Docks to be for the best interests of the City so to do.

By order of the Commissioner of Docks.

The foregoing terms and conditions of sale were duly approved by the Commissioners of the Sinking Fund under resolution adopted October 16, 1903.

May 1, 1954	May 1 and November 1.	<p>The said bonds and stock are free and exempt from all taxation in the State of New York, except taxation for State purposes, pursuant to the provisions of section 169 of the Greater New York Charter, as amended.</p> <p>The principal of and interest on said bonds and stock are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to resolutions of the Commissioners of the Sinking Fund adopted June 9, 1898, and April 18, 1904.</p> <p>CONDITIONS OF SALE.</p> <p>As provided for by the Greater New York Charter.</p> <p>1. Proposals containing conditions other than those herein set forth will not be received or considered.</p> <p>2. No proposal for stock shall be accepted for less than the par value of the same.</p> <p>3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the stocks or bonds bid for in said proposal.</p> <p>No proposal will be received or considered which is not accompanied by such deposit.</p> <p>All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.</p> <p>4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stocks or bonds awarded to him or them at their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.</p> <p>5. Upon the payment into the City Treasury by the persons whose bids are accepted of the amounts due for the stock or bonds awarded to them, respectively, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.</p> <p>6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids."</p> <p>Under this provision, the condition that the bidder will accept only the whole amount of bonds or stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the stock or bonds offered for sale.</p> <p>7. It is also provided by the Charter that these bonds, if issued in registered form, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."</p> <p>8. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.</p> <p>EDWARD M.
