(1090) Case 1021
BOARD OF ESTIMATE AND APPORTIONMENT—COMMUNICATION AS TO REQUISITION FOR STATION NEAR 190TH STREET

The Secretary presented a communication, dated June 28, 1909, from William M. Lawrence, Assistant Secretary of the Board of Estimate and Apportionment of the City of New York, stating that the communication of the Commission requesting an issue of \$350,000.00 corporate stock to provide for the construction of a station near 190th Street on the Manhattan-Bronx rapid transit railroad had been referred to the Comptroller and the Chief Engineer for consideration and report. [See Item No. 1027.]

BOARD OF ESTIMATE AND APPORTIONMENT—RESOLUTION AUTHORIZING ISSUE OF CORPORATE STOCK

The Secretary presented the following communication and resolution from the Board of Estimate and Apportionment, which were ordered filed:

CITY OF NEW YORK, June 29, 1909

MR. TRAVIS H. WHITNEY, Secretary, Public Service Commission for the First District, Tribune Building, N. Y.:

DEAR SIR:—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment June 25, 1909, authorizing an issue of Corporate Stock to an amount not exceeding \$160,000.00 (in addition to the sum heretofore authorized) to meet the expense of extra work, under the contract with John B. McDonald for the construction of the Manhattan-Bronx Rapid Transit Railway, in providing additional station facilities at 181st Street and St. Nicholas Avenue, Borough of Manhattan, with the understanding that the plans be modified without increased cost to the city.

Very truly yours,

(Signed) JOSEPH HAAG,
Secretary.

RESOLVED: That, pursuant to the provisions of section 37 of the Rapid Transit Act (chapter 4 of the laws of 1891) as amended, and the requisition of the Public Service Commission for the First District, duly made by the Chairman and the Secretary of said Commission on April 21, 1909, the Comptroller be and is hereby authorized and directed to issue corporate stock of the City of New York to the amount of one hundred and sixty thousand dollars (\$160,000.00), to provide means for the expense of extra work in providing additional station facilities at 181st Street and St. Nicholas Avenue, Borough of Manhattan, under the contract with John B. McDonald for the construction of the Manhattan-Bronx Rapid Transit Railway with the understanding that the plans be so modified as to provide for double landings, one at the train platform level and one at the overhead bridge level, the cost to the City not to be increased thereby; and be it further

RESOLVED: That the amount of corporate stock hereby authorized to be issued shall not exceed the aforesaid sum of one hundred and sixty thousand dollars (\$160,000.00) in addition to the sum heretofore authorized for the purposes above mentioned.

A true copy of a resolution adopted by the Board of Estimate and Apportionment, June 25, 1909.

(Signed) JOSEPH HAAG,
Secretary.

MOVING PLATFORMS—COMMUNICATION TO THE BOARD OF ESTIMATE AND APPORTIONMENT

On motion, duly seconded, the action of the Chairman was approved in sending the following letter to the Board of Estimate and Apportionment:

July 1, 1909

To the Board of Estimate and Apportionment:

SIRS:—For some time past the Commission has been studying the question of moving platforms with a view to their utilization in connection with rapid transit railroad construction. The Commission has in mind at the present time the establishment of a route in Broadway from about Tenth Street to about Forty-second Street, which can be laid out without interference with other rapid transit routes and appears to be feasible and desirable. At the present time, however, the matter has not reached the stage where it could be either formally or completely submitted to you, but, in view of our early adjournment, the Commission desires to call the general subject to your attention and to suggest the advisability of the reference of this matter to a committee so that it may, if necessary, be taken up with it during the summer months. In this way considerable time may be saved and the whole matter be put in shape for prompt action in the fall.

Respectfully yours,

(Signed) W. R. WILLCOX,
Chairman.

SUBCONTRACT—IRON WORK ON SECTION 9-O-3, BROOKLYN LOOP LINES

The Secretary presented the following communication from the Chief Engineer:

June 30, 1909

Public Service Commission for the First District:

GENTLEMEN:—I am in receipt of the following notification received from the Cranford Company under date of June 29, 1909:

“In accordance with the provisions of our contract, we beg to notify you that we have accepted the proposal of the Snare and Triest Company, No. 143 Liberty Street, New York City, for furnishing and erecting the architectural iron work, including the gratings required on our contract 9-O-3, subject to the approval of the Commission. Kindly notify us of their determination at your earliest convenience.”

I respectfully recommend that the Commission approve the subletting of the above contract to the Snare and Triest Company.

Very truly yours,

(Signed) HENRY B. SEAMAN,
Chief Engineer.

Thereupon, the adoption of the following resolution was moved and duly seconded:

WHEREAS: The Cranford Company, contractor for section 9-O-3 of the Brooklyn Loop Lines, has advised this Commission that it has sublet the furnishing and erection of the architectural iron work including the gratings in accordance with the provisions of its contract with the City, to the Snare and Triest Company, 143 Liberty Street, New York City.

RESOLVED: That the Public Service Commission for the First District approves of the Snare and Triest Company as such subcontractor.

Ayes—Commissioners Willcox, Bassett, Maltbie.

Nays—None.

Commissioner Bassett presented an opinion in regard to the application of the New York and Queens County Railway Company for approval by the Commission of the proposed extension of its road on Debevoise (Second) Avenue, Queens, recommending that the application be approved.

On motion, duly seconded, the opinion was approved, and an Order in Case No. 1125 was thereupon adopted granting the New York and Queens County Railway Company permission and approval under section 53 of the Public Service Commissions Law for the construction of an extension of its road on Debevoise (Second) Avenue from Pierce Avenue to Jackson Avenue in the Borough of Queens and requesting the company, prior to any such construction, to file with the Commission plans and specifications covering the same. [See Item No. 1088.]

(1104) Case 1129
OCEAN ELECTRIC RAILWAY COMPANY—SERVICE ON BELLE HARBOR EXTENSION—COMPLAINT AND HEARING ORDER

On motion, duly seconded, an Order in Case No. 1129 was adopted as to the Ocean Electric Railway Company on the complaint of Nathan Fernbacher with regard to inadequate service on the Belle Harbor extension, directing the company to answer the complaint and ordering a hearing on the complaint and answer on July 16, 1909, at 2:30 P. M. The Chairman designated Commissioner Bassett to conduct the hearing.

(1105) Case 1131
LONG ISLAND RAILROAD COMPANY—CROSSING AT DIVISION AVENUE—COMPLAINT AND HEARING ORDER

On motion, duly seconded, an Order in Case No. 1131 was adopted as to the Long Island Railroad Company directing it to answer the complaint of George Cook with regard to inadequate protection of the grade crossing at Division Avenue, Richmond Hill, and ordering a hearing on the complaint and answer on August 3, 1909, at 2:30 P. M. The Chairman designated Commissioner Bassett to conduct the hearing.

(1106) S. P. 71
BROOKLYN HEIGHTS RAILROAD COMPANY—39TH STREET FERRY-FORT HAMILTON LINE—SPECIAL PERMISSION

The Secretary presented a communication, dated July 1, 1909, from C. D. Meneely, Secretary and Treasurer of the Brooklyn Heights Railroad Company, requesting permission to put into effect one day after filing with the Commission Supplement No. 5 to Tariff P. S. C.—1 N. Y.—No. 1, for an extension in the route of the 39th Street Ferry-Fort Hamilton line.

Thereupon, on motion, duly seconded, Special Permission No. 71 was adopted granting the desired permission.

(1107) S. P. 72
NASSAU ELECTRIC RAILROAD COMPANY—CHURCH AVENUE AND 39TH STREET FERRY-CONEY ISLAND LINES—SPECIAL PERMISSION

The Secretary presented a communication, dated July 1, 1909, from C. D. Meneely, Secretary and Treasurer of the Nassau Electric Railroad Company, requesting permission to put into effect one day after filing with the Commission, Supplement No. 2 to Tariff P. S. C.—1 N. Y.—No. 1, for extensions of the routes of the Church Avenue and 39th Street Ferry-Coney Island lines.

Thereupon, on motion, duly seconded, Special Permission No. 72 was adopted granting the desired permission.

(1108) Case 1133
INTERBOROUGH RAPID TRANSIT COMPANY—APPLICATION FOR FRANCHISES FOR SUBWAY EXTENSIONS

The Secretary presented the following communication from the Interborough Rapid Transit Company, which was referred to the Committee of the Whole:

INTERBOROUGH RAPID TRANSIT COMPANY,
165 Broadway, New York,
June 30, 1909

HON. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District, State of New York, Tribune Building, New York City:

DEAR SIR:—Since the amendments to chapter IV of the Act of 1891, known as the "Rapid Transit Act," passed the recent session of the Legislature, we have been en-

gaged in the study of that act, with a view to presenting for your consideration, and that of the Board of Estimate and Apportionment, the most favorable proposition to improve the rapid transit facilities of this city that the Interborough Rapid Transit Company might be justified in making under the act as amended. We have likewise had under prolonged consideration your letter addressed to us under date of May 26th, ultimo, asking whether we had any plan or proposition to lay before you relative to alternative or additional routes, extensions or additions to the subways, which have not already been considered, and with which your Commission was at liberty to deal under the law as it now stood. The present letter, which is supplementary to our communications of February 8th, and March 10th, ultimo, and which we beg you will take as a response to your inquiry of the 26th of May, is designed to meet, as far as we can with due regard to the financial responsibilities and risks entailed upon our company, the views of your Commission as to the construction of four-track subways on the East and West Sides, in lieu of two-track subways as proposed in our former communications.

In order to lay before you a comprehensive plan for the improvement of the rapid transit facilities of this city—a plan designed not merely to cover the immediate needs of travel, but to meet the necessities of the distant future—we now propose the following additions thereto:

Third Track to Second, Third, and Ninth Avenue Elevated Railroads.

Although it seems to be a reasonable construction of the franchises under which the Second and Third Avenue elevated railroads of this city were built, that those franchises were broad enough to enable the construction of a third track along the Third Avenue and Second Avenue routes, this right upon the Third Avenue line has been contested in court, and we do not feel that we could safely proceed with the construction of a third track upon either of these routes until this right had been confirmed by the Court of Appeals. To obtain such a decision would involve a long litigation and much time. Moreover, the original franchises to construct the Second and Third Avenue railroads are not sufficiently broad to cover the entire amount of construction that will be required to make effective the express service upon those lines.

On the Second Avenue line, to illustrate, two additional tracks must be constructed between Chatham Square and the present City Hall station. Between Chatham Square and Pearl Street these will be upon the same grade as the existing tracks. From Pearl Street to the City Hall it will be necessary to build them above the present tracks. For Second Avenue trains using the West Farms division of the subway, a two-track railroad must be constructed between 143d Street and a connection with the West Farms division of the subway at or about Brook Avenue. A small portion of this line will run through private property, but the greater portion through streets at present not occupied by elevated structures, or covered by any franchises.

On the Third Avenue line, two additional upper-deck tracks will have to be constructed from a point south of Canal Street, crossing over the Second Avenue tracks at Chatham Square, and continuing on to approximately the intersection of Pearl and New Chambers Streets. Across the Harlem River a new double-deck railroad bridge will have to be constructed, two tracks upon the lower level and two upon the upper level. Some of these improvements certainly lie outside of existing franchises.

In order to improve the service upon the Ninth Avenue elevated line an additional third track must also be constructed in Greenwich Street between Gansevoort and Cortlandt Streets. In view of the more limited scope of our Ninth Avenue franchise as contrasted with the other elevated franchises, it becomes important to cover this work by a new franchise to be granted by your Commission.

Under section 53 of the Public Service Law, your Commission, moreover, is given jurisdiction, the full extent of which it is unnecessary at this point to consider, over unused franchises. In view of all these circumstances, seeing that a considerable and very desirable addition to the rapid transit facilities of this city can be effected through building the third tracks above mentioned, with the extensions and modifications thereof as above suggested, and that it is to the great advantage of the traveling public that these facilities should be made available at as early a date as possible, it seems to us advisable that we should apply to you directly for a new franchise grant, under section 24, old section 32-a, of the Rapid Transit Law, to construct the additional tracks upon the Second, Third and Ninth Avenue routes, as hereinbefore outlined. Such a grant of authority might be made in the form of a franchise confirmatory of our existing franchises, or coextensive therewith, becoming a wholly new franchise as to the construction above referred to not fully covered by the original franchises. Whatever form the franchise might take, however, as we construe new section 24 of the Rapid Transit Law, the grants for the construction of additional tracks would pursue the same course as the original grants, and would be indeterminate if those grants, as we assume, are likewise indeterminate. It is our view, furthermore, that such a grant, for reasons which we would be pleased to present to your Commission in detail, would not be subject to the new proviso attached to subsection 1 of this section, authorizing the city to terminate the new grant at any time after the expiration of ten years upon paying the actual cost of the plant and property plus fifteen per centum. We realize, however, that this question is largely theoretical, inasmuch as the right to terminate a new franchise for a partial structure at the end of ten years would be of no practical value to the city. It is, therefore, only necessary to add in this connection that, while the construction suggested seems to be in accord with the spirit of this section as now amended, we have no doubt that, if the proposition to increase the facilities of the Second and Third Avenue lines should be favorably considered by your Commission, an agreement could easily be arrived at between your counsel and ours as to the proper construction of the clause in question. If it should be determined on full consideration that the ten-year proviso were in fact applicable to the construction of third tracks to existing elevated railroads, the grant in justice should provide that upon exercising the option the city should pay for the third-tracking easements acquired by the Manhattan Company.

In view of the very heavy cost that the Manhattan Company will be put to of acquiring additional easements from abutting property owners to operate the third track and the overhead tracks, and, in the places indicated, a complete new structure; that the granting of this new franchise would be largely confirmatory of what undoubtedly seem to be valid and surviving grants; that the construction of the third tracks, except at the West Farms diversion between 143d Street and Brook Avenue, will not occupy any substantially greater portion of the surface of the streets than is in fact occupied by the existing structure; and that the franchises in question can be of no value to any other company than the company owning the existing elevated railways,—we should expect that your Commission would fix the rental for the proposed new third-tracking grant: (1) At not exceeding the terms proposed by the old Board of Rapid Transit Commissioners to the Manhattan Railway Company in 1898, for that portion of the route covered by the wholly new franchises—that is to say, two per centum on the increased receipts derived from the stations lying along this portion; and (2) at such smaller sum as would adequately recognize the value of existing franchises, for that portion of the route covered thereby.

With respect to the foregoing improvements, we are prepared to proceed as soon as the terms of a new franchise can be adjusted between your Commission and the Manhattan Company, the consents of the adjacent property owners obtained, and the necessary easements acquired, by private agreement or condemnation.

We assume that section 36, requiring an advertisement for proposals preliminary to awarding contracts for rapid transit construction, does not apply to an improvement upon railroads operated under an existing franchise.

Lengthening Subway Stations.

The cost of lengthening these stations can be made "extras" under the existing construction Contracts Nos. 1 and 2. We are prepared to proceed with the work of lengthening these stations as soon as your approval is procured and Contracts Nos. 1 and 2 can be modified to include the making of this improvement as "extras" thereunder, and as soon as the necessary appropriation of city funds to cover the cost of making the improvement can be arranged.

Construction of Additional Subways.

Additional subways may be constructed under the law as now amended, on the following plans:

- Under new section 22 of the Rapid Transit Act, relating to "private" construction;
- Under new section 24, relating to the "extension" of existing rapid transit lines in this city;
- Under sections 26 and 27, relating to "municipal" construction;

(d) Under new sections 33 and 34, as "extras" under existing contracts or under a contract substantially the same as the contracts under which the existing subways were constructed.

The most favorable terms the Interborough Rapid Transit Company is able to propose to the city are those which lie within its power to propose under new sections 33 and 34. Under those sections—in view of the great confusion existing in this law as it now stands, I shall state our construction of it—a rapid transit railroad "which is an extension or a continuation in the same general direction of an existing rapid transit railroad, or any portion thereof, constructed wholly or in part at the public expense under the provisions of this act, and wholly or in part in operation," may be constructed by agreement with the Public Service Commission subject to the approval of the Board of Estimate and Apportionment, by the person or corporation having the contract for the construction of the existing railroad as "extra work," under the terms of the original contract. The road may also be constructed under contract with any concern operating such existing railroad as lessee, which contract must be coterminous with the contract under which the existing railroad is constructed and operated. The road may be constructed under either of the foregoing arrangements either at the cost of the city, as were constructed the existing subways, or at the contractor's cost. It may be operated at a fixed rental, as are the existing subways, or under a profit sharing arrangement, whereby, after deducting operating expenses, taxes, payments to reserve and amortization funds, and the return to the contractor of an agreed percentage on the cost of construction, if the cost of construction be assumed by the contractor, the surplus earnings shall be divided between the city and the contractor. In every case the right would remain to the city to take over the property after the expiration of ten years from beginning operations, upon the terms of paying for the equipment and, if the road be built by the contractor, the cost of construction, plus fifteen per centum.

Of these various alternatives, the one immediately open to the Interborough Rapid Transit Company is that which would enable it to build the proposed extensions as "extra work" under Contract No. 1—the contract under which the main trunk lines of the existing subways were constructed. This contract would be modified so as to require the actual physical construction cost to be paid by the contractor, instead of the city, in the first instance,—the title, however, to vest in the city from the beginning, but to be subject to a fully protected right in the contractor to avail of the new construction work as completed for the purpose of raising construction funds thereon. In view, moreover, of the very heavy burdens the Interborough Rapid Transit Company must assume in financing without the aid of the city's credit the construction cost of the new extensions, it is indispensable that the salient features of that contract should be preserved. It would, of course, be incumbent upon the city to provide the right of way and station sites and to assume all liability to abutting property owners except such damage as might be occasioned to them by the negligent execution by the Interborough Rapid Transit Company of the agreed plans. The burden of taxation upon the physical property, including the equipment for its operation, and the franchise taxes, if imposed by the courts, must be assumed by the city. I think it must be conceded that no private company can safely undertake to build new subways with the increased cost of construction now prevailing, unless relieved of the burden of dealing with property owners for the right of way and of the heavy franchise taxes which might be imposed upon the property if privately owned. The favorable construction privileges contained in the original lease must also be extended to the new construction.

Under such an arrangement, the Interborough Rapid Transit Company is prepared to proceed with the construction of four-track subways upon both the East and West Sides, which we suggest should pursue the following routes and plan of construction:

Upon the East Side the line should extend as a four-track subway from a point on Fourth Avenue between 36th and 41st Streets to Lexington Avenue, thence up Lexington Avenue to about 46th Street, thence as a two-track local up Lexington Avenue to 129th Street. At the same time a two-track express subway should be built upon Third Avenue, branching towards the east from the new four-track construction upon Lexington Avenue at about 46th Street to Third Avenue, up Third Avenue to 129th Street, thence under the Harlem River and up Morris Avenue to a junction with the existing subway at 149th Street.

This plan departs from that heretofore proposed by the Rapid Transit Commission, by the diversion from Fourth Avenue to Lexington Avenue, due to the grant of the 42d Street franchise to the Hudson and Manhattan Railroad Company, and by a distribution of the four tracks between Lexington Avenue and Third Avenue, rather than the construction of all four tracks upon Lexington Avenue. Lexington Avenue is such a narrow street that the concentration of the four tracks upon that avenue would undoubtedly entail a heavy responsibility to abutting property owners, which would have to be assumed by the city. This liability would be almost entirely eliminated if two-track subways were built up both Lexington Avenue and Third Avenue. The actual cost of construction of a double system of subways upon Lexington Avenue and Third Avenue would likewise be less than the actual cost of constructing all four tracks upon Lexington Avenue. This distribution of the subway tracks between Lexington Avenue and Third Avenue would, therefore, seem to be to the advantage of the city as well as the Interborough Rapid Transit Company.

Upon the West Side we propose the construction of a four-track system from Times Square through Seventh Avenue to Greenwich Avenue, thence through Seventh Avenue as extended to Varick Street, thence through Varick Street to Canal Street and along Canal Street to West Broadway; thence a two-track extension through the remaining portion of Canal Street to a connection with the city's loop subway in Canal Street, using that subway to Manhattan Bridge, thence across Manhattan Bridge to a connection with the city's loop subway in Brooklyn, thence, using that subway to a connection with the present subway at Nevins Street; also a two-track extension from Canal Street and West Broadway through West Broadway to Greenwich Street and through Greenwich Street to Battery Park, utilizing the present subway loop at Battery Park. This plan departs from that heretofore proposed by the Rapid Transit Commission, inasmuch as it proposes a route from the junction of Seventh Avenue with Greenwich Avenue, through Seventh Avenue as and when it may be extended by the city, to a junction with Varick Street, and from the intersection of Varick Street and Canal Street to the intersection of Canal Street and West Broadway, as against a proposed route from the junction of Seventh Avenue with Greenwich Avenue, through Greenwich Avenue to Clinton Place, thence through private property and under Washington Square to West Broadway. It also provides for the use of the existing loop at Battery Park, instead of the construction of a new loop.

The property when completed would be operated by the Interborough Rapid Transit Company under a lease which, subject to the same renewal rights, would expire October 27, 1954—the expiration date of the existing subway leases.

We are also prepared, should this plan be adopted, to extend, if so desired by your Commission, the Sixth Avenue elevated line from 149th Street along Macomb's Dam, across Macomb's Dam Bridge up Jerome Avenue to 194th Street; this extension for the present to be a two-track railroad, with the privilege of enlarging it to a three-track road between 163d and 194th Streets when the traffic would justify it.

We are likewise prepared to complete and sell to the city the Steinway tunnel at actual cost, or at a cost to be agreed upon between the city engineers and our engineers, or, in the event of their disagreement, by a third engineer to be selected by the city; and to operate the tunnel as a part of the enlarged subway system as herein proposed, with a single five-cent fare between Long Island City and all subway stations. Inasmuch, however, as our estimates show that the increased earnings to the subway from the operation of the Steinway tunnel as a part of the subway system would not for some time bring in any considerable revenue over the cost of operating the tunnel, it becomes necessary to attach to this arrangement the condition that until a period of five years from the beginning of operation has elapsed the rental to be paid by the Interborough Rapid Transit Company should be so adjusted that the Interborough Company should be released from the obligation of paying interest and amortization charges upon the agreed cost at which the tunnel is transferred to the city.

We are also prepared to extend the lines of the Second Avenue road across the Queensboro Bridge, and to operate the bridge extension as a part of the existing elevated system, with a single five-cent fare between Long Island City and all elevated stations.

This combined plan offers several advantages to the city and to the traveling public. It provides a comprehensive system of subway transfers, whereby a citizen of Manhattan may travel from either side downtown to either side uptown and vice versa. An uptown citizen would also have the privilege of a system of transfers which would convey him from one side of the uptown section of Manhattan to the other

side. Citizens of Long Island proceeding from Long Island City or from Brooklyn by the subway extension heretofore proposed would have the choice of transferring to either the East Side or West Side subways, and citizens crossing by the proposed Queensboro Bridge extension of the elevated railroad would have the choice of transferring to either the East or West Side elevated roads; in both cases for a single fare. And, finally, under this arrangement the entire subway system of Manhattan and The Bronx will be turned over to the city under a uniform arrangement at the same point of time and as a homogeneous unit.

In conclusion we have to say that we now separate our proposition for the lengthening of the existing subway stations and for third-tracking the Second and Third Avenue elevated railroads and completing the third track upon the Ninth Avenue line, from the subway extensions, and are willing that the first two propositions should be considered separately to this extent—that we are prepared to third-track the elevated railroads independently of favorable action upon our proposal to extend the subways; although as at present advised we are hardly prepared to go on with the expensive subway extensions herein proposed without the additional support we would derive from the third-tracking of the elevated roads. We feel, moreover, that we must make our propositions with respect to the Steinway tunnel, the extensions over the Manhattan and Queensboro Bridges, and the Jerome Avenue extension of the Sixth Avenue elevated line, which become practicable only if the Interborough Rapid Transit Company can conserve its credit by constructing the subways under the most economical plan possible, contingent upon the acceptance of our present proposition to build four-track subway extensions and to third-track the elevated railroads.

In this letter I have endeavored to set forth the result of the very careful and mature consideration that has been given to this matter, not only by myself but by all the officials and directors of the company. We realize the pressing necessity for increased rapid transit facilities in this city, and the duty resting upon the Interborough Rapid Transit Company, as the principal occupant of that field, to exhaust its utmost efforts to meet that situation. But the burdens and responsibilities which we propose to assume under the terms of this letter are very great, and we do not feel that in justice to our company we can afford to make them larger. We realize, however, that, in a question so complicated as this, there is always room for candid and frank discussion, and we should be pleased, if you so desire, that this letter should be made the basis for further conference between your Commission and ourselves.

Very truly yours,
(Signed) T. P. SHONTS,
President.

HEARINGS

(1114) Case 420
CONEY ISLAND AND BROOKLYN RAILROAD COMPANY—APPLICATION FOR BOND ISSUE OF \$462,000.00

The adjourned hearing at 4:00 P. M., in the matter of the application of the Coney Island and Brooklyn Railroad Company for permission to issue \$462,000.00 additional bonds, was adjourned by Commissioner Bassett to September 15, 1909, at 4:00 P. M. [See Item No. 738.]

(1115) Case 1126
THIRD AVENUE RAILROAD COMPANY—APPLICATION FOR APPROVAL OF ISSUES UNDER REORGANIZATION PLAN

An adjourned hearing was held at 11:00 A. M., Chairman Willcox presiding, in the matter of the application of the Bondholders' Committee of the Third Avenue Railroad Company for approval of certain issues of bonds and stocks by a new company contemplated in the plan of reorganization of the company. Appearances: Oliver C. Semple for the Commission; Bowers and Sands, by John M. Bowers, for the Bondholders' Committee; Frederick W. Whitridge, Receiver of the company, in person; Samuel D. Levy, Edward M. Shepard, by John M. Perry, Louis Lande and Robert R. Perkins for respective stockholders; Henry M. Ward for certificate holders of the Dry Dock, East Broadway and Battery Railroad Company; J. Aspinwall Hodge for the Rapid Transit Committee of One Hundred and a stockholder. Mr. Bowers argued in support of the proposed plan, discussing the statutory provisions for reorganization of stock cor-

porations and powers of the Commission, the existing outstanding obligations of the company to be retired and bonds and stocks to be issued and past and proposed fixed charges, and the purposes for which the proceeds of a bond issue above the amount of existing obligations would be devoted. Mr. Whitridge, called in behalf of the Bondholders' Committee, discussing the proposed plan for reorganization, testified as to the basal facts of the plan, the past and estimated future earnings of the road and of controlled roads, the company's fixed charges under the reorganization plan, the terms of the several obligations proposed to be issued, the necessity for and purposes of expending the proceeds of a bond issue above the amount of the company's existing obligations, the relation of the company's capitalization and obligations to its service and rates of fare, the investments in the company's outstanding obligations, and the disposition of the proceeds of a certain previous increase in the company's bonded indebtedness. Adjourned to July 7, 1909, at 2:00 P. M. [See Item No. 1089.]

THIRD AVENUE RAILROAD COMPANY—APPLICATION FOR APPROVAL OF ISSUES UNDER REORGANIZATION PLAN

An adjourned hearing was held at 2:00 P. M., Chairman Willcox presiding, in the matter of the application of the Bondholders' Committee of the Third Avenue Railroad Company for approval of certain issues of bonds and stock by a new company contemplated in the plan of reorganization of the company. Appearances: Oliver C. Semple for the Commission; Bowers and Sands, by John M. Bowers, for the Bondholders' Committee; Frederick W. Whitridge, Receiver of the company, in person; Samuel D. Levy, Edward M. Shepard, by John M. Perry, Louis Lande and Robert R. Perkins for respective stockholders; Henry M. Ward for certificate holders of the Dry Dock, East Broadway and Battery Railroad Company; J. Aspinwall Hodge for the Rapid Transit Committee of One Hundred and a stockholder. Mr. Bowers made a statement as to the disposition of the proceeds of a certain previous increase in the company's bonded indebtedness for notes given by controlled companies. Mr. Ward commented upon the statements in plan of reorganization as to assets and liabilities of the Dry Dock, East Broadway and Battery Railroad Company. Frederick W. Whitridge, recalled, testified further as to the disposition of the proceeds of the previous increase in the company's bonded indebtedness, the fixed charges for the obligations proposed to be issued, the provision made for retiring the obligations of the Dry Dock, East Broadway and Battery Railroad Company, the company's assets as compared with its capitalization, the statements in the plan concerning outstanding liabilities of the company, the provisions for creditors of the company, the terms of underwriting the securities to be issued, and the mortgages, revenues and assets of the controlled roads of the company in Westchester County. Adjourned to July 8, 1909, at 2:00 P. M. [See Item No. 1115.]

(1117) Case 1126
THIRD AVENUE RAILROAD COMPANY—APPLICATION FOR APPROVAL OF ISSUES UNDER REORGANIZATION PLAN

An adjourned hearing was held at 2:00 P. M., Chairman Willcox presiding, in the matter of the application of the Bondholders' Committee of the Third Avenue Railroad Company for approval of certain issues of bonds and stocks by a new company contemplated in the plan of reorganization of the company. Appearances: Oliver C. Semple for the Commission; Bowers and Sands, by John M. Bowers, for the Bondholders' Committee; Samuel D. Levy, Edward M. Shepard, by John M. Perry, Louis Lande and Robert R. Perkins for respective stockholders; Henry M. Ward for certificate holders of the Dry Dock, East Broadway and Battery Railroad Company; J. Aspinwall Hodge for the Rapid Transit Committee of One Hundred and a stockholder. Mr. Bowers read in evidence a letter to him from Frederick W. Whitridge as to newspaper comments on the plan of reorganization, and gave information as to certain statements in the plan concerning the company's liabilities. Mr. Levy spoke opposing the plan on the grounds that the proposed issue of obligations was in excess of the just liabilities, assets or earning capacity of the company and was inequitable to the stockholders, that the proposed assessment upon the stockholders was without consideration, that the plan was against public policy and that it placed the company's management with the bondholders instead of the stockholders, and he criticised the testimony. Mr. Perkins also opposed the plan, referring to previous increases in the company's capitalization. Mr. Ward gave in evidence a copy of the form of certificate of indebtedness issued by the Dry Dock, East Broadway and Battery Railroad Company. Adjourned to July 9, 1909, 2:00 P. M. (1119) Case 1126
THIRD AVENUE RAILROAD COMPANY—APPLICATION FOR APPROVAL OF ISSUES UNDER REORGANIZATION PLAN

An adjourned hearing was held at 2:00 P. M., Chairman Willcox presiding, in the matter of the application of the Bondholders' Committee of the Third Avenue Railroad Company for approval of certain issues of bonds and stocks by a new company contemplated in the plan of reorganization of the company. Appearances: Oliver C. Semple for the Commission; Bowers and Sands, by John M. Bowers, for the Bondholders' Committee; Frederick W. Whitridge, Receiver of the company, in person; Edward M. Shepard, by John M. Perry, and Alexander C. Lassen for respective stockholders; Henry M. Ward for certificate holders of the Dry Dock, East Broadway and Battery Railroad Company; J. Aspinwall Hodge for the Rapid Transit Committee of One Hundred and a stockholder. Frederick W. Whitridge, recalled, testified concerning

the stockholders of the company, the proposed capitalization, the obligations and earnings of the company and its subsidiary companies, the proposed adjustment bonds, underwriting terms and purposes for which the proceeds of part of the proposed issue would be used, the certificates issued by the Receiver, and the disposition of the proceeds of a certain previous increase in the company's bonded indebtedness. Mr. Semple placed in evidence documents referring to the proceeds derived from the company's mortgage bonds, the company and its subsidiary companies, and the receivership in suits for dissolution of the Yonkers Railroad Company and the Westchester Electric Railroad Company, and copies of the first consolidated mortgage of the company and the lease of its road to the Metropolitan Street Railway Company. William M. Amory testified as to the company's financial condition, the interest charges under the plan, the disposition of the proceeds referred to above, and his former connection with the company. Alexander C. Lassen spoke in favor of a plan of reorganization on a basis of a lesser capitalization than that proposed. Mr. Ward discussed the provision made in the plan for retiring the certificates of indebtedness of the Dry Dock, East Broadway and Battery Railroad Company. Mr. Hodge spoke opposing the plan on the ground that it entailed over-capitalization of the company. Adjourned to July 12, 1909, at 2:00 P. M. [See Item No. 1117.]

BOARD OF ESTIMATE AND APPORTIONMENT—COMMUNICATIONS AS TO BIDS AND CONTRACTS FOR RAPID TRANSIT ROUTES IN MANHATTAN AND THE BRONX AND AS TO A CONNECTION BETWEEN ROUTES NOS. 18 AND 19 IN THE BRONX.

The Secretary presented the following communications from the Board of Estimate and Apportionment, which were ordered filed:

City of New York, July 2, 1909.

HON. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District, 154 Nassau Street, City:

SIR:—I transmit herewith copy of a report this day presented to the Board of Estimate and Apportionment by the Chairman of the Select Committee to which was referred the communication from the Public Service Commission for the First District, requesting to be authorized by this Board to prepare and advertise invitations for bids and forms of contracts for the construction, equipment and operation of certain routes in the several ways as specified in the communication from that Commission, which was presented to this Board at the meeting of June 25, 1909.

I also transmit herewith certified copy of resolution this day adopted by this Board, requesting your Commission to consider the advisability of laying out a route connecting "Route 19" on Westchester Avenue, with "Route 18" on White Plains Avenue, both in the Borough of The Bronx, in such a manner that the White Plains Avenue line can be built and operated in connection with the Westchester Avenue line.

Respectfully,
(Signed) JOSEPH HAAG,
Secretary.

To the Board of Estimate and Apportionment:

GENTLEMEN:—The undersigned, your committee, to which was referred on June 25, the communication from the Public Service Commission for the First District, dated June 24th, relating to the preparation of contracts for the construction of additional rapid transit railways, begs leave to submit the following report:

The communication suggests that the Commission be authorized by the Board of Estimate and Apportionment to advertise for contracts for certain routes in several different ways, as permitted by the recent amendments to the Rapid Transit Law, to wit:

- First, for construction alone;
- Second, for equipment and operation in case of construction alone;
- Third, for construction, equipment and operation with private capital, the ownership of the road to be vested in the city; and
- Fourth, for equipment and operation.

The routes as proposed constitute generally:

1. A longitudinal route in the Borough of Manhattan via Broadway and Lexington Avenue from the Battery to 131st Street, with two branches into The Bronx extending in one instance to Woodlawn Cemetery on the west side and in the other to Pelham Bay Park on the east side.

2. A line from the west side of the Borough of Manhattan through Canal Street across the Manhattan Bridge, Flatbush Avenue extension and Fourth Avenue to Fort Hamilton, with a branch via New Utrecht Avenue and Stillwell Avenue to Coney Island.

3. A loop line by means of the Manhattan and Williamsburg Bridges, Delancey and Centre Streets, in the Borough of Manhattan, Flatbush Avenue extension, Lafayette Avenue and Broadway, in the Borough of Brooklyn.

A meeting of the Committee was held on June 29, and a general discussion of the proposition presented was had. It is not the understanding of your Committee that there is any provision of law which provides that the Board of Estimate and Apportionment must authorize the Public Service Commission to proceed in any particular manner in regard to the preparation of contracts, such being entirely discretionary with the Public Service Commission, and, therefore, no action as asked for by the Public Service Commission is necessary. However, the Commission presumably deems it expedient to obtain from the Board an expression of opinion in regard to the manner in which it shall proceed to advertise these contracts as has been heretofore done by the Board of Rapid Transit Railroad Commissioners.

The time at the disposal of your Committee before the adjournment on July 2 is entirely too limited to permit a study of the proposition as presented, as the same is based upon a series of amendments to the Rapid Transit Law adopted at the last session of the Legislature along lines proposed and suggested by the Public Service Commission—we refer to what is known as the "indeterminate franchise". It would appear, however, that if bids are called for upon all the plans as proposed, the Board would then have before it a variety of offers from which to choose the most advantageous one to the city, and it, therefore, sees no objection to the Commission proceeding in the manner outlined in its communication.

Respectfully submitted,

RESOLVED: That the Board of Estimate and Apportionment hereby requests the Public Service Commission for the First District to consider the advisability of laying out a route which will connect Route No. 19, on Westchester Avenue, with Route No. 18, on White Plains Avenue, both in the Borough of The Bronx, in such a manner that the White Plains Avenue line can be built and operated in connection with the Westchester Avenue line.

City of New York, July 9, 1909.

HON. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

SIR:—Supplementing my communication to you under date of July 2, 1909, I transmit herewith a copy of a report presented by the Chairman of the Select Committee of this Board, relative to the advisability of laying out a route which will connect Route 19, on Westchester Avenue, with Route 18, on White Plains Avenue, Borough of The Bronx.

Respectfully,

(Signed) JOSEPH HAAG,
Secretary.

New York, July 1, 1909

To the Board of Estimate and Apportionment:

GENTLEMEN:—The Committee to which was referred on June 25th the report of the Public Service Commission relative to contracts for certain rapid transit routes was urged to include in its report a recommendation that the Public Service Commission lay out a route which would connect Route No. 19 on Westchester Avenue, or the extension of the present system through West Farms, with Route No. 18 on White Plains Avenue, in such a way that a new line built on Westchester Avenue could be connected directly with the proposed line on White Plains Avenue.

The Committee believed that such a recommendation should not be in any way coupled with its report on the communication of the Public Service Commission, but we would present herewith a resolution recommending to the Public Service Commission that it lay out a route which will accomplish the purpose above outlined.

Respectfully,

H. A. METZ,
Comptroller,
P. F. MCGOWAN,
President, Board of Aldermen,
JOHN F. AHEARN,
President, Borough of Manhattan,
BIRD S. COLER,
President, Borough of Brooklyn,
LOUIS F. HAFFEN,
President, Borough of The Bronx.

RESOLVED: That the Board of Estimate and Apportionment hereby requests the Public Service Commission for the First District to consider the advisability of laying out a route which will connect Route No. 19 on Westchester Avenue with Route No. 18 on White Plains Avenue, both in the Borough of The Bronx, in such a manner that the White Plains Avenue line can be built and operated in connection with the Westchester Avenue line.

PENNSYLVANIA RAILROAD COMPANY—COMMUNICATION AS TO RAPID TRANSIT ROUTES IN MANHATTAN

The Secretary stated that the following communication had been received from the Pennsylvania Railroad Company, and that the Chairman had replied as given below:

Philadelphia, Pa., July 9, 1909

HON. WM. R. WILLCOX, Chairman, Public Service Commission for First District, No. 154 Nassau Street, New York City:

DEAR SIR:—Referring to the many plans regarding new subways in New York which your Commission is now considering, on behalf of the Pennsylvania Railroad Company, I beg to advise you that by next summer our New York tunnel railroad and the station at Seventh Avenue and 33d Street will be opened to the public, and the necessity for subway accommodation in connection therewith is so imperative that we deem it our duty to lay the matter before you.

Since the perfection of our plans for tunneling the North and East Rivers and erecting a terminal station at Seventh Avenue and 33d Street, in accordance with the franchise granted in 1902 by the predecessors of your Commission, we have had constantly in mind the securing of suitable rapid transit facilities to enable the large body of passengers arriving at and departing from our station to reach their places of business or residences uptown or downtown. This station will be one of the great centers of New York City where great numbers of people will daily concentrate and must promptly be distributed to all parts of that city, and, therefore, while we have been engaged in extending the Pennsylvania Railroad System and its connections to this station in Manhattan and beyond to Long Island, we have taken every opportunity to bring before the authorities of the State and City of New York the necessity for proper rapid transit connections, but, notwithstanding the approaching completion of our railroad lines and station, no subway has as yet been constructed.

We have always believed that when the present subway was utilized to its full capacity and new subways required, as is now the case, the most economical and practical course would be to extend the present subway from 42d Street down the west side under Seventh Avenue to the downtown district, connecting with Brooklyn, and up the east side from 42d Street to the Bronx, with suitable crosstown connections, permitting of convenient transfers from one line to the other. From the time that the plan for a West Side subway route was approved by the predecessors of your Commission—the Board of Rapid Transit Railroad Commissioners—who recommended it, the wisdom of that course has been conceded by those who have, not only as a public duty to the city and state, but because of their business affiliations, been observers for many years of the rapid transit situation. That Board, in transmitting to the Board of Aldermen for its approval in May, 1905, the Seventh Avenue route to which I refer, stated that the completion of the Pennsylvania Railroad station, which would bring many thousand travelers hourly from New Jersey and Long Island to the neighborhood of Thirty-second Street between Seventh and Eighth Avenues, should find the municipality prepared to distribute these multitudes to their ultimate destinations in the city.

Your Commission will appreciate that we are not merely observers of the situation, for our own system, including the Long Island Railroad Company, is spending over \$125,000,000.00 for the improvement of transportation facilities in and adjoining New York City, and the largest part of this expenditure is made in the district over which your honorable Commission has jurisdiction, in securing convenient transit in and out of Manhattan Borough. We have provided a station in the heart of New York City at Seventh Avenue and 33d Street, which is unsurpassed in size and accommodations; we have two tunnels from that station under the North River, physically connecting the railroads of New Jersey, Pennsylvania and the western and southern states with the City and State of New York; and, recognizing the fact that the greater number of passengers who will daily use this important station will be citizens of New York, have provided four tunnels from that station, under the East River, directly connecting with the Long Island Railroad and all parts of Long Island. In doing so we improve the commercial, industrial and financial position of the state and city, and materially add to its taxable values. Having done this, it would be too serious a transportation problem for our company to assume the responsibility of furnishing local rapid transit facilities. We now, therefore, respectfully call the earnest attention of your Commission, the body legally existing for that purpose—as we did that of your predecessors—to the responsibility to the citizens of this state, and especially of the City of New York, not only to advocate, but to take all proper steps to secure, the convenient rapid transit facilities on the west side of the Borough of Manhattan which the necessities of the situation imperatively demand, and the importance of providing which at the earliest practical date cannot, I am sure, be overestimated.

We shall be very much obliged if the Commission will kindly advise our company as to its views on this subject, and what measures will be taken to relieve the situation by providing rapid transit subway facilities under Seventh Avenue, which the Pennsylvania Railroad Company through its Pennsylvania Tunnel and Terminal Railroad Company, a corporation of the State of New York, will be glad to further to the best of its ability.

As this is a matter of urgent public interest we will advise the Mayor of the city of the transmission of this letter, and request his co-operation. We also believe

it advisable to allow this letter to be published, and will in due course take such action.

Yours very truly,

(Signed) SAM'L REA,

Second Vice-President.

New York, July 10, 1909

SAMUEL REA, ESQ., Second Vice-President, Pennsylvania Railroad Company, Broad Street Station, Philadelphia, Pa.:

DEAR SIR:—I am in receipt of your letter of July 9th, stating that your company expects to have its New York terminal open to the public by next summer, calling attention to the necessity for accommodation for those who will use that station, and urging the extension of the present subway from 42d Street down Seventh Avenue and up from 42d Street to the Bronx with suitable crosstown connections.

I quite agree with you as to the necessity for thorough and prompt action in order to accommodate the travel that will result from the opening of your railroad and this station, and this Commission has been giving very careful attention to this matter. The impression given in your letter, however, is that the fault for the present lack of actual construction of such necessary additions is with this Commission. That this is not the case may perhaps be clear to you from a brief statement of the actual facts.

It is quite true that the Board of Rapid Transit Railroad Commissioners—predecessor of this Commission—laid out an extension of the present subway from 42d Street down Seventh Avenue in 1906. This route was included by that Commission among the routes that it offered to bidders in April, 1907, but no bids were received for such routes either from the Interborough Rapid Transit Company or from any other company. The Rapid Transit Commission did not possess the power to compel the Interborough Rapid Transit Company to become a bidder, nor has this Commission such power. Nor does the Rapid Transit Act give power to the Commission exercising the powers under that act to compel a company operating a rapid transit line to make an extension; in other words, the initiative for an extension of an existing rapid transit line must come from the company. Accordingly, your criticism of the present situation might more properly have been sent to that company months ago than to this Commission at this time. Although the Interborough Rapid Transit Company began advertising to the public in daily newspapers in April, 1909, that it was ready to go ahead in the matter of an extension down Seventh Avenue, among other proposals specified, it was not until June 30, 1909, that the proposal of that company for any such extension was received by this Commission. It is hardly necessary for me to add that such proposal will have immediate and thorough consideration by the Commission. It has not been put over until fall as indicated by some of the newspapers.

Until extensive amendments were made to the Rapid Transit Act by the last Legislature, approved by the Governor on May 26, 1909, it was not possible for any rapid transit construction to be made other than with municipal funds. In the matter of available municipal funds for rapid transit construction, I have to state that this Commission sent to the Board of Estimate and Apportionment in May, 1908, for its approval, certain contracts for subway construction in Brooklyn, which required an appropriation at that time of about \$3,000,000.00. The Board of Estimate and Apportionment was restrained by an injunction obtained by a taxpayer from taking any action on the application by this Commission, on the ground that the debt limit of the city had been exceeded, and this matter is still finally undetermined by the courts. In view of this, this Commission has not felt it practicable to submit any other proposals to the Board of Estimate and Apportionment requiring municipal funds for construction.

Very truly yours,

(Signed) W. R. WILLCOX,

Chairman.

WEDNESDAY, JULY 14, 1909

TRIBUNE BUILDING, 154 NASSAU STREET
BOROUGH OF MANHATTAN, CITY OF NEW YORK

HEARINGS

(1159) Case 1117
BROOKLYN HEIGHTS RAILROAD COMPANY—CHANGE OF MOTIVE POWER ON MONTAGUE STREET

A hearing was held at 2:30 P. M., Commissioner McCarroll presiding, in the matter of the application of the Brooklyn Heights Railroad Company for approval of change of motive power in Montague Street, between Court Street and Wall Street Ferry, Brooklyn. Appearance: Arthur DuBois for the Commission, W. S. Menden for the company. Mr. DuBois placed in evidence proof of publication of notice of application. Mr. Menden explained the reasons for the desired change from cable to electricity, and testified as to the decrease in traffic on the Montague line, the maintenance of an independent power plant for the existing cable system, the consents of abutting property owners, the character of the construction to be done, and the improvements in car service which would be made in connection with the proposed change. Hearing closed. [See Item No. 1042.]

(1160) Case 1127
SPUYTEN DUYVIL AND PORT MORRIS RAILROAD COMPANY—APPLICATION FOR APPROVAL OF \$20,000,000.00 MORTGAGE

A hearing was held at 11:00 A. M., Commissioner Eustis presiding, in the matter of the application of the Spuyten Duyvil and Port Morris Railroad Company for authority to execute a mortgage to secure bonds not exceeding \$20,000,000.00 and to assume \$2,500,000.00 bonds thereunder. Appearance: A. H. Walker for the Commission, A. H. Harris for the company. Mr. Harris placed in evidence a copy of the proposed mortgage, proof of publication of notice of application, and an order of the Public Service Commission for the Second District approving the execution of the mortgage, and explained the provisions in a lease from the applicant company to the New York Central and Hudson River Railroad Company for expenditures for past and future betterments to the leased property. Frederick H. Meeder, Assistant to the Vice-President of the New York Central in charge of accounts, testified as to expenditures made by the New York Central for betterments, the financial condition of the company, and the cost of its road. George W. Kittredge, Chief Engineer of the New York Central, testified as to improvements proposed to be made on the road. Mr. Harris testified as to the consent of stockholders of the applicant company to the execution of the mortgage, and gave information as to the construction of facilities set forth in the petition, the disposition of bonds to be issued, and the cost of the company's property and its capitalization. A statement as to the expenditures for betterments and the minutes of the Board of Directors relative to an increase of the company's capital stock were received in evidence. Hearing closed. [See Item No. 1084.]

HEARINGS

(1161) Case 1129
OCEAN ELECTRIC RAILWAY COMPANY—SERVICE ON BELLE HARBOR EXTENSION

A hearing was held at 2:30 P. M., Commissioner McCarroll presiding in the absence of Commissioner Bassett, upon the complaint of Nathan Fernbacher as to inadequate service on the Belle Harbor extension of the Ocean Electric Railway Company. Appearance: H. A. Butler for the Commission, C. L. Addison for the company. Nathan Fernbacher, Frank M. Clute and Edward R. Vollmer testified as to the car service on the Belle Harbor extension connecting with the trains of the Long Island Railroad Company at Rockaway Park, the route of the line, its passenger traffic, and the locality served by it. P. J. Ludlam, Assistant Trainmaster, testified for the company as to its car service between Far Rockaway and Lincoln and Washington Avenues passing Rockaway Park, and between Park Avenue and Belle

Harbor and Atlantic Avenue and Belle Harbor, the passenger traffic on the lines, the operating expenses and receipts and the cause of car delays. Mr. Addison stated that the company intended in the fall to remove the tracks from Washington Avenue and place them on Newport Avenue, thereby affording an increase of service past Rockaway Park to Belle Harbor. Hearing closed. [See Item No. 1104.]

(1162) Case 1135
METROPOLITAN STREET RAILWAY COMPANY ET AL.—TRACKS AT SOUTH FERRY
A hearing was held at 2:30 P. M., Commissioner Eustis presiding, in the matter of a general investigation of street railroad corporations, in regard to the street railroad tracks at South Ferry of the Metropolitan Street Railway Company and the Central Park, North and East River Railroad Company. Appearances: Arthur DuBois for the Commission; William J. Clark for the City of New York, Dykman, Oeland and Kuhn, by W. W. Taylor, for the Central Park, North and East River Railroad Company. Mr. DuBois explained that the hearing was the result of an application made by the city, and offered in evidence maps of the layout of tracks at South Ferry and of track layout on Whitehall, Front, State and South Streets, Bowling Green and Broadway, and documents affecting the rights of the South Ferry Railroad Company and successors, the Central Park, North and East River Railroad Company, and the Broadway and South Ferry Railway Company. Mr. Clark also offered in evidence a map of the track layout. George W. Linch, General Manager of the Central Park, North and East River Railroad Company, testified as to the maps in evidence and the track layout and tracks used by the Metropolitan or Central Park Companies, or both, in the vicinity in question, and the practicability of making certain changes in trackage proposed by the city. Austin J. McMahon testified as to documents in the possession of the receivers of the Metropolitan Street Railroad Company concerning the tracks in question. Delos F. Wilcox, Chief of the Bureau of Franchises of the Commission, testified as to the franchise rights of the Broadway Surface Railroad Company and the South Ferry Railway Company and their successor, the Metropolitan Street Railway Company. Adjourned to July 23, 1909, at 2:30 P. M. [See Item No. 1137.]

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY—NOISE CAUSED BY ENGINES AT SEDGWICK AVENUE, BETWEEN 161ST AND 165TH STREETS

An adjourned hearing was held at 3:00 P. M., Commissioner Eustis presiding, upon the complaint of Adolph Alexander and others against the New York Central and Hudson River Railroad Company as to noise caused by engines letting off steam along Sedgwick Avenue, between 161st and 165th Streets. Appearances: Arthur DuBois for the Commission, Alexander S. Lyman for the company. C. D. Van Schaick, recalled, testified as to the practicability of storing the engines further north than the engine house at 161st Street and of enclosures for storing engines, and as to further observations made by him of noises in the vicinity. Adolph Alexander and Michael Schachtel, Jr., recalled, testified as to intermittent noises during the preceding week, and the practicability of enclosures for storing engines. Commissioner Eustis stated that he had personally made observations of the conditions complained against, which showed that the noises made by the engines were not excessive. Adjourned subject to call. [See Item No. 1165.]

(1169) Case 1140
BROOKLYN UNION ELEVATED RAILROAD COMPANY—NEW STATION AT PITKIN AVENUE AND JEROME STREET

An adjourned hearing was held at 10:00 A. M., Commissioner McCarroll presiding, in the matter of a general investigation of street railroad corporations, in regard to a proposed elevated station on the Fulton Street line of the Brooklyn Union Elevated Railroad Company at the corner of Pitkin Avenue and Jerome Street. Appearances: H. H. Whitman for the Commission, W. S. Menden for the company, Robert F. Craig for complainants and the 26th Ward Board of Trade, Jacob A. Livingston for the 22d Assembly District Republican Club, Charles Alt for the 22d Assembly District, John J. Germane for the Jerome Street Station Improvement Organization. Messrs. Livingston, Solomon, Max Manton, Germane, Albert Lachman, H. F. Grim, Craig, Jacob Hymann and Alt spoke of the construction on the Fulton Street elevated line at Jerome Street and Pitkin Avenue of abutments and structures necessary for the erection of a station, the growth of the section of the proposed station, the passenger traffic at the Van Sien and Linwood stations, the area served by, and the distance between, these two stations, the lack of transit facilities in that section south of Pitkin Avenue, and the need for the additional station proposed. Mr. Menden, for the company, spoke of the proximity of stations which would be affected by the erection of the proposed station, the resulting increase of running time of trains, the transit facilities in the section in question north of Pitkin Avenue, the passenger traffic during the past year at the Van Sien station, and the estimated cost of such new station. Adjourned *sine die*. [See Item No. 1140.]

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessments for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WATKINS PLACE (THE FIFTH NEW STREET NORTH OF WEST ONE HUNDRED AND EIGHTY-FIRST STREET)—OPENING, extending from Broadway to first new avenue west of Broadway (Bennett avenue). Confirmed June 28, 1909; entered August 16, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in the City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by a line midway between the northerly side of the fifth new street north of West One Hundred and Eighty-first street and the southerly side of the next parallel street to the north, as shown upon the plan adopted by the Board of Estimate and Apportionment on December 11, 1903; on the east by a line 100 feet east of the easterly side of Broadway and parallel therewith; on the south by a line midway between the southerly side of the fifth new street north of West One Hundred and Eighty-first street and the northerly line of the fourth new street north of West One Hundred and Eighty-first street, and on the west by a line 100 feet west of the westerly side of the first new avenue west of Broadway, or Bennett avenue, and parallel therewith.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty

days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following named avenue in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 12.

PERRY AVENUE—OPENING, from Moshulu parkway to the southerly line of Woodlawn Cemetery. Confirmed April 17, 1903, and February 16, 1909; entered August 16, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of the Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the southwesterly prolongation of the middle line of the block between Hull avenue and Decatur avenue as the same are between Woodlawn road and Moshulu Parkway North, with a line parallel to and distant 100 feet westerly from the westerly line of Moshulu Parkway South; running thence northerly along said parallel line to its intersection with the westerly prolongation of the line midway between East Two Hundred and Sixth street and Bainbridge avenue, as the same are between Woodlawn road and Moshulu Parkway North; thence easterly along said westerly prolongation and middle line to its intersection with the middle line of the block between Woodlawn road and Rochambeau avenue; thence northerly along said middle line to its intersection with the westerly prolongation of a line parallel to and 100 feet northerly from the northerly line of East Two Hundred and Seventh street; thence easterly along said westerly prolongation and parallel line to its intersection with the outer line of the Reservoir Oval; thence northeasterly in a straight line to the point of intersection of the outer line of the Reservoir Oval with a line parallel to and distant 100 feet northerly from the northerly line of Putnam place; thence northeasterly along said parallel line to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of East Two Hundred and Eleventh street; thence northerly along last-mentioned parallel line to its intersection with the westerly prolongation of a line parallel to and distant 200 feet northerly from the northerly line of East Two Hundred and Eleventh street, as the same is east of Putnam place; thence easterly along said westerly prolongation and parallel line to its intersection with the northerly prolongation of the middle line of the block between Hull avenue and Decatur avenue; thence southerly and southwesterly along said northerly prolongation, middle line and its southwesterly prolongation to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

SECOND WARD.

GREENE AVENUE—REGULATING, GRADING, CURBING AND PAVING. from Grandview avenue to Kings County line. Area of assessment: Both sides of Greene avenue, from Grandview avenue to Kings County line, and to the extent of half the block at the intersecting avenues.

—that the same was confirmed by the Board of Assessors, August 10, 1909, and entered August 10, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before October 9, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TENTH STREET, from Jerome avenue to Wayne avenue; WAYNE AVENUE, from Reservoir Oval West to Gun Hill road; TRYON AVENUE, from Reservoir Oval West to Gun Hill road, all of which are in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of

damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 31st day of August, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 9th day of September, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 31st day of August, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 9th day of September, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of June, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northwesterly side of DeKalb avenue, midway between Gun Hill road and East Two Hundred and Tenth street, and running thence easterly to a point on the westerly line of Steuben avenue, midway between East Two Hundred and Tenth street and Gun Hill road; thence easterly and passing through a point on the westerly line of Woodlawn road, midway between East Two Hundred and Tenth street and Gun Hill road, to the intersection with a line midway between Woodlawn road and Wayne avenue; thence northwardly and along the said line, midway between Woodlawn road and Wayne avenue, to the intersection with a line 100 feet northeasterly from and parallel with the northeasterly line of Gun Hill road, the said distance being measured at right angles to the line of Gun Hill road; thence southeasterly and parallel with Gun Hill road to the intersection with the prolongation of a line passing through a point on the southwesterly side of Gun Hill road and through a point on the northeasterly side of Reservoir Oval West, the said points being located midway between Tryon avenue and Putnam avenue, as determined in a course measured along the southwesterly and northeasterly lines of Gun Hill road and Reservoir Oval West, respectively; thence southwardly along the course last described to the aforesaid point on the northerly line of Reservoir Oval West, midway between Tryon avenue and Putnam avenue; thence southwardly along a radial line to a point 100 feet south of the southerly line of Reservoir Oval West; thence westwardly and southwardly and always parallel with and distant 100 feet from the southerly and southeasterly lines of Reservoir Oval West to the intersection with a line at right angles to the northwesterly line of Reservoir Oval West at a point midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street; thence northwardly and along the said line last described and passing through the said point on the northwesterly line of Reservoir Oval West, midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street, to the intersection with a line midway between East Two Hundred and Tenth street and East Two Hundred and Eighth street, through that portion of their length west of and adjoining Woodlawn road; thence northwardly along the said line midway between East Two Hundred and Tenth street to the intersection with the southeasterly line of Steuben avenue; thence across Steuben avenue to a point on the northwesterly line of the said Steuben avenue, midway between East Two Hundred and Eighth street and East Two Hundred and Tenth street; thence northwardly to a point on the southeasterly line of Kossuth place, midway between East Two Hundred and Eighth street and East Two Hundred and Tenth street; thence westwardly to a point on the westerly line of East Two Hundred and Eighth street, midway between Kossuth place and East Two Hundred and Tenth street; thence westwardly at right angles to the line of East Two Hundred and Eighth street to a point midway between East Two Hundred and Eighth street and Moshulu Parkway North; thence northwardly to a point on the southeasterly line of Jerome avenue, midway between Moshulu Parkway North and East Two Hundred and Tenth street; thence northwardly at right angles to the line of Jerome avenue to the intersection with a line 100 feet northw

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, where the same has not been heretofore acquired, to SPOFFORD AVENUE (although not yet named by proper authority), from Longwood Avenue to Tiffany Street, and from Tiffany Street to the Bronx River, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 30th day of August, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 8th day of September, 1909, at 11 o'clock a. m.

Second—That the abstract of our supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 3d day of September, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

"Beginning at a point on the westerly bulkhead line of the Bronx River 100 feet southeasterly from the southeasterly line of Randall Avenue; running thence southwesterly and westerly along a line drawn parallel to and 100 feet southeasterly and southerly from the southeasterly and southerly lines of Randall Avenue to its intersection with a line drawn parallel to and 100 feet southwesterly from the southeasterly line of Leggett Avenue; thence northwesterly along said parallel line to its intersection with the southwesterly prolongation of a line drawn parallel to and 100 feet northwesterly from the northwesterly line of Garrison Avenue (Mohawk Avenue); thence northeasterly along said prolongation and parallel line to its intersection with a line drawn parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Fifty-sixth Street (Craven Street); thence northwesterly along said parallel line to its intersection with a line drawn parallel to and 100 feet northwesterly from the northwesterly line of Whitlock Avenue; thence northeasterly along said parallel line to its intersection with a line drawn parallel to and 100 feet northerly from the northerly line of Lafayette Avenue; thence easterly along said parallel line to its intersection with the southwesterly bulkhead line of the Bronx River; thence southeasterly along said southwesterly bulkhead line to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid."

Fourth—That, provided there be no objections filed to said supplemental and amended abstract, our supplemental and amended final report as to assessments herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 16th day of November, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said supplemental and amended abstract of estimate of assessment for benefit, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, August 8, 1909.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 as amended, and the acts relating thereto. Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District, at the Judge's Chambers, in Nyack, Rockland County, N. Y., on the 25th day of September, 1909, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Westchester, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Towns of Mt. Pleasant and Greenburg, County of Westchester, and State of New York, shown on a map entitled "Southern Aqueduct Department, Section No. 15. Board of Water Supply of The City of New York. Map of real estate situated in the Towns of Mt. NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

SOUTHERN AQUEDUCT DEPARTMENT, CATSKILL AQUEDUCT, SECTION NO. 16.

Town of Greenburg and City of Yonkers.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make ap-

plication to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District, at the Judge's Chambers, in Nyack, Rockland County, N. Y., on the 25th day of September, 1909, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Westchester, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

Second Part.

Beginning at a point in the westerly line of Parcel No. 4, of Real Estate Section No. 1, Southern Aqueduct Department, Hill View Reservoir (the map of which section was filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on the 18th day of February, 1907), said point being the most northerly point of Parcel No. 1161 of the section hereby described, and running thence partly along the easterly line of said Parcel No. 1161, and the westerly line of Parcel No. 4, south 31 degrees 38 minutes east 28.4 feet, to the most easterly point of said Parcel No. 1161; thence continuing along the easterly line of said Parcel No. 1161, and along the easterly lines of Parcels Nos. 1162 and 1163, south 30 degrees 9 minutes west 580 feet, to the most easterly point of Parcel No. 1164, in the easterly line of McLean avenue; thence partly along the easterly line of said parcel, south 30 degrees 9 minutes west 81 feet, to the most easterly point of Parcel No. 1165, in the westerly line of said avenue; thence partly along the easterly line of said parcel, south 30 degrees 9 minutes west 852.5 feet, to the southeast corner of said parcel, in the line between the City of Yonkers and The City of New York; thence along said line, and the southerly line of said parcel, north 68 degrees 36 minutes west 25.3 feet, to the southwest corner of said parcel; thence along the westerly line of same, north

30 degrees 9 minutes east 866.5 feet, to the most westerly point of before-mentioned Parcel No. 1164, in the westerly line of before-mentioned McLean avenue; thence partly along the westerly line of said parcel, north 30 degrees 9 minutes east 81 feet, to the most westerly point of before-mentioned Parcel No. 1163, in the easterly line of said avenue; thence partly along the westerly line of said parcel, and along the westerly line of before-mentioned Parcels Nos. 1162 and 1161, north 30 degrees 9 minutes east 583.2 feet, to the point or place of beginning.

The fee is to be acquired by The City of New York in all the real estate Parcels Nos. 1088 to 1165, both inclusive, contained in the above description, excepting Parcels Nos. 1126, 1135, 1140, 1141, 1142, 1144, 1152 and 1155 to 1165, both inclusive, in which perpetual easement is to be acquired.

The rights sought in Parcels Nos. 1126, 1135, 1140, 1141, 1142, 1144, 1155 to 1165, inclusive, are as follows:

In Parcel No. 1126 a perpetual easement to construct, maintain and use a culvert outlet.

In Parcel No. 1135 the right to construct and forever maintain an aqueduct on, over or through the same.

In Parcels Nos. 1140 and 1141 perpetual easement to build, maintain and use a road.

In Parcel No. 1142 perpetual easement to construct, operate and maintain an aqueduct and appurtenances under the surface, including telephone wires or other methods of communication and electric power wires, or to construct and maintain said wires above surface.

In Parcels Nos. 1144, 1152 and 1155 perpetual easement to construct, operate and maintain an aqueduct and appurtenances under the surface, including telephone wires or other methods of communication and electric power wires, or to construct and maintain said wires above surface.

In Parcels Nos. 1156 to 1165, inclusive, the right to construct, operate and maintain an aqueduct and appurtenances under the surface.

Reference is hereby made to the said map filed as aforesaid in the office of the Register of the County of Westchester for a more detailed description of the real estate to be taken as above described.

The greatest width of the proposed taking along the aqueduct is 650 feet, which occurs across Parcels Nos. 1136 and 1137, and the least width of the said taking is 25 feet, which occurs across Parcels Nos. 1151, 1152, 1153, 1154, 1161, 1162, 1163, 1164 and 1165.

In case any real estate hereinbefore described is used for highway or other public purposes, such use shall continue until such time as The City of New York may acquire the right to close the same.

Dated August 2, 1909.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there,
