Present—John Purroy Mitchel, Acting Mayor; Douglas Mathewson, Deputy and Acting Comptroller; Robert R. Moore, Chamberlain; Ardolph L. Kline, Acting President, Board of Aldermen; Henry H. Curran, Chairman, Finance Committee, Board of Aldermen.

The minutes of the meetings held January 29 and February 17, 1913, were approved as printed.

A communication was received from the Commissioner of Docks, recommending a lease of the marginal street, wharf or place, 50 feet in width, inshore of the bulkhead line, between the northerly side of Pier 65, North River and a point 184.6 feet southerly thereof to the Hamburg-American Line, and the Deputy and Acting Comptroller presented a report thereon recommending that the lease be approved.

Which was laid over.

The following communication was received from the Commissioner of Docks, recommending a lease of pier at the foot of 33d street, Borough of Brooklyn, together with the right to use shed upon said pier; also bulkhead extending 137½ feet north of the northerly side of said pier and bulkhead extending 137½ feet on the southerly side of said pier to the Hamburg-Amerikanische-Packetfahrt Actien-Gesellschaft (Hamburg-American Line).

February 14, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman of the Commissioners of the Sinking Fund:*

Sir—After due consideration I am of the opinion that the interests of the City will be best served, and I beg to recommend that the Commissioners of the Sinking Fund approve of a lease to the Hamburg-Amerikanische-Packetfahrt-Actien-Gesellschaft (Hamburg-American Line), a corporation created and organized by and under the laws of the Empire of Germany, of the following described premises:

A.—Pier, foot of 33d street, Borough of Brooklyn, City of New York, together with the right to use shed upon said pier.

B.—The bulkhead extending 137½ feet north of the northerly side of said pier, and the bulkhead extending 137½ feet south of the southerly side of said pier.

The lease shall commence March 18, 1913, and shall be for a period of ten (10) years.

The lessee shall have the privilege of two renewal terms of five years each upon giving notice in writing to the Commissioner of Docks of a desire for a renewal of the lease as provided for hereinafter; but the City shall have the right to cancel the lease at the expiration of the first term of ten (10) years, or at the end of the first renewal term of five (5) years, provided that the Commissioner of Docks shall give the lessee notice in writing at any time before the two years prior to the expiration of the period at the termination of which the lease is to be cancelled.

The rental for the first month of the first term of ten (10) years shall be $1,562.50; for the second and third months of the first term, $3,125 each, and for the balance of the first term rental to be paid at the rate of $75,000 per annum. The alterations and additions provided for and designated as A, B and C, on page 4 of this recommendation, are to be done and pair for by the lessee, under the supervision of the Department of Docks and Ferries, a sworn statement as to the actual cost of the alterations and additions to be filed with the Commissioner of Docks by the lessee. From the rental for the third quarter of the first year the lessee shall deduct, for the purpose of reimbursement, the actual cost of such alterations and additions hereby agreed upon, but the said deduction is not to exceed the sum of $12,500.

The rental for the second and third terms shall be fixed in the following manner:

Not more than twenty-four (24) months nor less than eighteen (18) months before the expiration of the first term of ten (10) years contemplated by this lease. If within this time the City authorities and the lessee have not agreed upon an extension of the lease upon a rental satisfactory to the lessee and to the Dock Commissioner and approved by the Commissioners of the Sinking Fund, then in the event of the lessee further desiring to negotiate for a renewal term as hereinafter provided, the lessee must within ten (10) days so notify in writing the Commissioner of Docks, which notice shall also designate a representative of the lessee for the purposes hereinafter mentioned. Failure to make such notice within ten (10) days will constitute a waiver of the right to negotiate for renewal as hereinafter provided. Within thirty (30) days after the receipt of such notice the Commissioner of Docks shall appoint a representative upon behalf of the City, and the two representatives so designated shall, within thirty (30) days, determine what would be a fair and reasonable sum to be paid as a rental for the demised premises for the term of five years succeeding the original term of ten (10) years herein mentioned, and certify their decision in writing to the Commissioner of Docks.

In case said two representatives are unable within the said period of thirty (30) days to agree as to the amount of rent to be paid for such renewed term of five years, they shall appoint a third person to act as umpire, and if said two representatives are unable to agree within ten (10) days upon such umpire, then, at the request of either of the parties, an umpire shall be appointed by the presiding Justice of the Appellate Division of the Supreme Court, State of New York, First Department, and said umpire, in conjunction with the two representatives hereinbefore mentioned, shall then decide—the decision of a majority to be final—what would be a reasonable rent for the premises for the aforesaid term.

Within thirty (30) days after the appointment of such umpire, the two representatives and the umpire, or a majority of them, shall certify in writing to the Commissioner of Docks as to what would be a reasonable and proper rent to be paid for said period for the aforementioned term of five years; and within ten (10) days after the receipt of such certification, the Commissioner of Docks shall give notice thereof in writing to the lessee. Thereupon, and within thirty (30) days after the service of such notice by the Commissioner of Docks on the lessee, the lessee must elect by a notice in writing, served upon the Commissioner of Docks, whether it desires a renewal for such term of five years upon the rental so certified. Failure on the part of the lessee to serve such notice of election upon the Commissioner of Docks within the said period of thirty (30) days shall be deemed and considered a waiver and release of all right to a renewal of the lease.

The rental fixed either by agreement or pursuant to certification of said two representatives or said two representatives and umpire, shall be binding upon the City and the lessee as the rental which shall be paid during the period of renewal.

In no event, either by agreement or pursuant to a certification of said two representatives or said two representatives and umpire, shall the rent for a first renewal period of five (5) years be less than at an increase of ten (10) percentum over the rent of seventy-five thousand dollars ($75,000) per annum for the first ten (10) year term agreed upon by this lease.

In the event of the appointment of such representatives and umpire, whether the lessee elect to renew the lease or not, the compensation to be paid to the umpire so to be appointed shall be borne equally by The City of New York and by the lessee.

In the event of the lessee renewing this lease for such first period of five years, the same procedure shall apply with reference to a second renewal term of five years; but, in the event of there being such a second renewal term of five years, the rent, in any event, whether agreed upon or fixed pursuant to the decision of the representatives of the parties or the representatives of the parties and umpire as hereinbefore provided, shall not be less than at an increase of five (5) per cent. per annum over the rental paid for the preceding term of five years.

Certain alterations and additions to the shed on said pier shall be made as heretofore provided and in accordance with plans and specifications agreed upon between the Commissioner of Docks and the representatives of the company, namely:

A.—To construct two openings on each side of the shed to land passengers as per plans and specifications on file with the Department of Docks.

B.—To construct two waiting rooms as per plans and specifications on file with the Department of Docks.

C.—To relocate the office buildings now installed at the entrance to the pier, as agreed upon.

In Schedule A, attached herewith, is set forth the specifications for the above items, A, B and C.

The City shall install at its expense double standard gauge railway tracks throughout the entire length of the pier and overhead wiring and bonding of the rails for the electrical operation; also track connections, within a reasonable time, from the entrance of the pier across the adjacent property now under the jurisdiction of the Department of Docks and Ferries to a point where convenient connections may be made between the tracks of the Bush Terminal Railroad and this connecting track; said connections to be arranged for and provided by the lessee at its expense. The City at its expense shall dredge on the south side of the pier and to the entrance of the channel and the slip on the north side of the pier to 35 feet below mean low water; all dredging on the south side of the pier and to the entrance to the channel shall be completed on or before the date of the commencement of the lease; all such dredging on the north side of the pier shall be completed within thirty days after the commencement of the lease; and thereafter and at all times during the terms of the lease all necessary dredging shall be done by and at the expense of the lessee.

In case the lessee does not avail itself of the privilege of either or both of the renewal terms herein provided for, it shall have the right to remove the movable equipment furnished by it, such as winches, booms, landings, and any other movable property which has been installed on said premises by the company.

In case a pier is constructed by the City at or near the foot of 35th street, South Brooklyn, said pier shall be so constructed so as to leave a basin or slip at least 275 feet in width on the south side of the pier foot of 33d street.

In case a pier is constructed by the City at or near the foot of 35th street, South Brooklyn, and if the said new pier is leased to the company, the company shall have the privilege upon six months' notice in writing to the Commissioner of Docks to cancel this lease, and the company shall have the right to take over and remove all movable equipment such as winches, booms, landings and other movable property which have been installed by the company at its expense, provided the City shall not avail itself of the privilege hereby reserved of purchasing all or any part of such equipment on a valuation based on six and two-thirds (6⅔) per cent. depreciation per annum on the cost of such equipment installed. Also, if the City shall avail itself of the right to cancel the lease as herein provided, it shall have the privilege of purchasing all or any part of such equipment upon the same basis as hereinbefore provided for, or causing the company to remove the same.

The lessee shall have the right to the entire use of the waters of the slip for a distance of 137½ feet on either side of said pier for the berthing of its steamships and for the use of canal boats, barges, lighters and other attendant vessels engaged in coaling or loading or discharging cargo or while going to or from an inside or outside berth for such purpose. The lease of the 137½ feet of bulkhead on the north of the northerly side of the pier and 137½ feet of the bulkhead south of the southerly side of the pier above mentioned as Parcel B is only for the bulkhead alone and carries with it no exclusive rights on the upland adjacent and parallel thereto except as herein provided for. The company may have the exclusive use of the upland adjacent and parallel to Parcel B for a distance of 50 feet inshore until such time as, in the opinion of the Commissioner of Docks, the continuance of this occupancy and use is a hindrance to the proper use of the marginal street, wharf or place or a hindrance to the improvements that may be placed thereon. Such conditional use and occupancy shall not convey the right to shed.

The lessee shall not use or permit to be used or subleased or assigned the whole or any part of the demised premises for any other purpose than the business carried on by the Hamburg-American Line, unless the consent in writing of the Commissioner of Docks shall be first obtained.

The remaining provisions and conditions of the lease shall be similar to those contained in leases of wharf property now used by this Department, except in so far as they are inconsistent with the terms and conditions above set forth, copy of which may be seen and examined in the office of the Commissioner of Docks, Pier "A," foot of Battery place, New York City. Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.

(B)—The bulkhead extending 137 1-2 feet north of the northerly side of said pier, and the bulkhead extending 137 1-2 feet south of the southerly side of said pier.

The lease is to commence on March 18, 1913, which is the date the permit for temporary privileges to the Bush Terminal Company terminates, and to be for a term of ten years, with a privilege of two renewal terms of five years each.

The rental for the first term of ten years to be at the rate of $75,000 per annum, to be paid in four equal quarter yearly payments in advance, except that in order to permit the company to install their equipment, which the company estimates will cost at least $180,000, it is provided that the rental for the first month of the term shall be $1,562.50 and for the second and third months $3,125 each.

The rental for the renewal terms, if not fixed by agreement between the tenant and the Commissioner of Docks, subject to the approval of the Commissioners of the Sinking Fund, is to be fixed by a quasi-arbitration, the lessee after such fixation to have the right to elect whether or not it will take a renewal. In no event, however, shall the rental for the first renewal term of five years be less than an increase of 10 per cent. over the rent of $75,000 per annum for the first ten-year term; and for the second renewal term of five years shall not be less than at an increase of 5 per cent. per annum over the rental paid for the preceding term of five years.

The City is to have the right to cancel the lease at the expiration of the first term of ten years, or at the end of the first renewal term of five years, upon a written notice given two years prior to the expiration of the period at the termination of which the lease is to be cancelled. Also the City is to have the right, upon certain conditions, to cancel the lease at any time, for the purpose of improvement of the water-front by the City.

The rental proposed appears to be reasonable and proper. The terms and conditions of the proposed lease appear to be satisfactory.

I recommend, therefore, the adoption of the proposed resolution approving the request. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve and consent to the execution by the Commissioner of Docks of a lease to the Hamburg-Amerikanischer-Packetfahrt-Actien-Gesellschaft (Hamburg-American Line), a corporation created and organized by and under the laws of the Empire of Germany, of the following described premises:

A. Pier foot of 33d street, Borough of Brooklyn, City of New York, together with the right to use shed upon said pier.

B. The bulkhead extending 137½ feet north of the northerly side of said pier, and the bulkhead extending 137½ feet south of the southerly side of said pier.

The lease to commence on March 18, 1913, and to terminate March 18, 1923; the lessee shall have the privilege of two renewal terms of five years each upon giving notice in writing to the Commissioner of Docks of a desire for a renewal of the lease as provided for hereinafter; but the City shall have the right to cancel the lease at the expiration of the first term of ten (10) years or at the end of the first renewal term of five (5) years, provided that the Commissioner of Docks shall give the lessee notice in writing at any time before the two years prior to the expiration of the period at the termination of which the lease is to be cancelled, also the City shall have the right to cancel the lease at any time, for improvements as provided in the printed forms of leases, now used by the Commissioner of Docks.

The rental for the first month of the first term of ten (10) years shall be $1,562.50; for the second and third months of the first term, $3,125 each; and for the balance of the first term rental to be paid at the rate of $75,000 per annum.

The lease to provide that the following alterations and additions to the shed on said pier are to be made and paid for by the lessee, in accordance with plans and specifications agreed upon between the Commissioner of Docks and the representative of the company, namely:

A. To construct two openings on each side of the shed to land passengers as per plans and specifications on file with the Department of Docks.

B. To construct two waiting rooms as per plans and specifications on file with the Department of Docks.

C. To relocate the office buildings now installed at the entrance to the pier, as agreed upon.

Said alterations and additions to be done under the supervision of the Department of Docks and Ferries; a sworn statement as to the actual cost of the alterations and additions to be filed with the Commissioner of Docks by the lessee. From the rental of the third quarter of the first year the lessee shall deduct, for the purpose of reimbursement, the actual cost of such alterations and additions hereby agreed upon, but the said deduction is not to exceed the sum of twelve thousand five hundred dollars ($12,500).

The City shall install at its expense double standard gauge railway tracks throughout the entire length of the pier and overhead wiring and bonding of the rails for the electrical operation; also track connections, within a reasonable time, from the entrance of the pier across the adjacent property now under the jurisdiction of the Department of Docks and Ferries to a point where convenient connections may be made between the tracks of the Bush Terminal Railroad and this connecting track; said connections to be arranged for and provided by the lessee at its expense. The City at its expense shall dredge on the south side of the pier and to the entrance of the channel and the slip on the north side of the pier to 35 feet below mean low water; all dredging on the south side of the pier and to the entrance to the channel shall be completed on or before the date of the commencement of the lease; all such dredging on the north side of the pier shall be completed within thirty days after the commencement of the lease; and thereafter and at all times during the terms of the lease, all necessary dredging shall be done by and at the expense of the lessee.

If the City authorities and the lessee have not agreed upon an extension of the lease upon a rental satisfactory to the lessee and to the Dock Commissioner and approved by the Commissioners of the Sinking Fund, then upon and within thirty (30) days after a request in writing from the lessee to the Commissioner of Docks, to be made not more than twenty (20) months nor less than eighteen (18) months before the expiration of the first term of ten (10) years contemplated by this lease, which request shall also designate a representative of the lessee for the purposes hereinafter mentioned, the Commissioner of Docks shall appoint a representative upon behalf of the City, and the two representatives so designated shall, within thirty days, determine what would be a fair and reasonable sum to be paid as a rental for the demised premises for the term of five years succeeding the original term of ten (10) years herein mentioned, and certify their decision in writing to the Commissioner of Docks.

In case said two representatives are unable within the said period of thirty (30) days to agree as what would be a fair and reasonable sum to be paid as rent for such renewed term of five years, they shall appoint a third person to act as umpire, and if said two representatives are unable to agree within ten (10) days upon such umpire, then, at the request of either of the parties, an umpire shall be appointed by the presiding Justice of the Appellate Division of the Supreme Court, State of New York, First Department, and said umpire, in conjunction with the two representatives hereinbefore mentioned, shall then decide—the decision of a majority to be final—what would be a reasonable rent for the premises for the aforesaid term.

Within thirty (30) days after the appointment of such umpire, the two representatives and the umpire, or a majority of them, shall certify in writing to the Commissioner of Docks as to what would be a reasonable and proper rent to be paid for said period.

Within ten (10) days after the receipt of such certification from said representatives or from said representatives and umpire, as the case may be, the Commissioner of Docks shall give notice thereof in writing to the lessee. Thereupon, and within thirty (30) days after the service of such notice by the Commissioner of Docks on the lessee, the lessee must elect by a notice in writing, served upon the Commissioner of Docks, whether it desires a renewal for such term of five years upon the rental so certified. Upon the service of such notice of election to accept such renewal terms of five years, the lessee to be bound and obliged to so accept and take such renewal. Failure on the part of the lessee to serve such notice of election upon the Commissioner of Docks within the said period of thirty (30) days or to request the appointment of a representative as above provided, shall be deemed and considered a waiver and release of all right to a renewal of the lease.

In no event, either by agreement or pursuant to a certification of said two representatives or said two representatives and umpire, shall the rent for a first renewal period of five (5) years be less than at an increase of ten (10) per centum over the rent of seventy-five thousand dollars ($75,000) per annum for the first ten (10) year term agreed upon by this lease.

In the event of the appointment of such representatives and umpire, whether the lessee elect to renew the lease or not, the compensation to be paid to the umpire so to be appointed shall be borne equally by the City of New York and by the lessee.

In the event of the lessee renewing this lease for such first period of five years, the same procedure shall apply with reference to a second renewal term of five years; but, in the event of there being such a second renewal term of five years, the rent, in any event, whether agreed upon or fixed pursuant to the decision of the representatives of the parties or the representatives of the parties and umpire as hereinbefore provided, shall not be less than at an increase of five per cent. (5%) per annum over the rental paid for the preceding term of five years.

In case the lessee does not avail itself of the privilege of either or both of the renewal terms herein provided for, it shall have the right to remove the movable equipment furnished by it, such as winches, booms, landings and any other movable property which has been installed on said premises by the company.

In case a pier is constructed by the City at or near the foot of 35th street, South Brooklyn, said pier shall be so constructed so as to leave a basin or slip at least 275 feet in width on the south side of the pier foot of 33d street.

In case a pier is constructed by the City at or near the foot of 35th street, South Brooklyn, and if the said new pier is leased to the company, the company shall have the privilege upon six months notice in writing to the Commissioner of Docks to cancel this lease, and the company shall have the right to take over and remove the movable equipment such as winches, booms, landings and other movable property, which have been installed by the company at its expense; provided the City shall not avail itself of the privilege hereby reserved of purchasing all or any part of such equipment on a valuation based on six and two-thirds percent (6 2-3%) depreciation per annum on the cost of such equipment installed.

Also, if the City shall avail itself of the right to cancel the lease as herein provided, it shall have the privilege of purchasing all or any part of such equipment upon the same basis as hereinbefore provided for, or cause the company to remove the same.

The lessee shall have the right to the entire use of the waters of the slip for a distance of 137½ feet on either side of said pier for the berthing of its steamships and for the use of canal boats, barges, lighters and other attendant vessels engaged in coaling or loading or discharging cargo or while going to or from an inside or outside berth for such purpose. The lease of the 137½ feet of bulkhead on the north of the northerly side of the pier and 137½ feet of the bulkhead south of the southerly side of the pier above mentioned as Parcel B is only for the bulkhead alone and carries with it no exclusive rights on the upland adjacent and parallel thereto, except as herein provided for. The company may have the exclusive use of the upland adjacent and parallel to Parcel B for a distance of 50 feet inshore until such time as, in the opinion of the Commissioner of Docks, the continuance of this occupancy and use is a hindrance to the proper use of the marginal street, wharf or place or a hindrance to the improvements that may be placed thereon. Such conditional use and occupancy shall not convey the right to shed.

The lessee shall not use or permit to be used or sublease or assign the whole or any part of the demised premises for any other purpose than the business carried on by the Hamburg-American Line, unless the consent in writing of the Commissioner of Docks shall be first obtained.

The remaining provisions and conditions of the lease shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, except in so far as they are inconsistent with the terms and conditions above set forth.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks requesting an issue of $50,000 of corporate stock, in addition to the $300,000 already authorized, for the construction of a new steel screw-propelling ferryboat for the Municipal Ferry service:

September 13, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman of the Commissioners of the Sinking Fund:*

Sir—The sum of $300,000, corporate stock funds, was appropriated to this department for the construction of a steel screw-propelling ferryboat for the Municipal ferry service. This fund is designated as CDD-29A, Department of Docks and Ferries, Construction of a New Ferryboat.

A contract, No. 1323, was prepared by this department for the construction of this new ferryboat, and the plans and specifications were approved by the Board of Estimate and Apportionment at a meeting held by said Board on June 27, 1912, at an estimate of $297,400. The contract was duly advertised for a period of about three weeks and on the date fixed for the opening of bids, July 29, 1912, but one bid was received, namely, from the Fore River Shipbuilding Co., at $320,000. After inquiry we ascertained that the reason for the failure to receive more than one bid was due to the fact that the ship-building companies could not furnish the boat within the amount appropriated, and knowing that the department could not entertain bids higher than the available funds for the work they neglected to submit proposals.

It is impracticable to make any changes in the present plans and specifications for the boat, looking to a lower bid. The contract was drawn and the plans designed as economically as possible, consistent with the requirements of speed, strength, and adaptability to the service.

We understand that there has been a great increase in the activity of ship-building due to the proposed opening of the Panama Canal and other causes, and that the prices for the construction of new ships have materially advanced, the cost of both labor and material having increased proportionately.

In view of the conditions and as the department is urgently in need of this new ferryboat, I request that the Commissioners of the Sinking Fund recommend to the Board of Estimate and Apportionment the issuance of additional corporate stock funds in the sum of $50,000 for this work. This will make the total appropriation of $350,000, to provide for the construction and inspection and necessary drafting, drawings, etc. Very truly yours, CALVIN TOMKINS, Commissioner of Docks.

February 21, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman of the Commissioners of the Sinking Fund:*

Sir—On September 13, 1912, a communication was forwarded to you asking that additional corporate stock funds in the sum of $50,000 be authorized for the construction of a new municipal ferryboat, for which work the sum of $300,000 has heretofore been provided.

On December 16, 1912, a letter was sent to you calling attention to the necessity for the immediate construction of an additional boat and asking action in the matter of the request for the additional funds.

Two of the ferryboats now in commission, the "Castleton" and "Stapleton," are twenty-five years old, and the plating and frames of these vessels are very much deteriorated through years of service and exposure. It is reported to me that in fact the frames and plating of these two boats are so much deteriorated that it is doubtful how much longer the United States inspectors will permit them to be operated. Should these boats be retired before other provision is made to replace them the municipal service will be very much crippled, as ferryboats able to maintain the required schedule cannot be obtained unless specially built for the purpose. In addition to the possible retirement of the "Stapleton" and the "Castleton," the remaining eight municipal boats must be put out of commission from time to time for repair purposes. As stated in my former letter to you it will take practically a year to complete a new boat after the execution of a contract therefor.

In view of the urgency of this matter I am writing you again to request that action be taken looking to the authorization of additional funds in the sum of $50,000 for this new boat. Yours very truly, CALVIN TOMKINS, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report of the Corporate Stock Budget Committee and offered the following resolution:

December 16, 1912.

To the Commissioners of the Sinking Fund:

Gentlemen—On September 13, 1912, the Commissioner of Docks requested an issue of $50,000, in addition to $300,000 in corporate stock already authorized for the construction of a steel screw-propelling ferryboat for the municipal ferry service. In connection therewith we report as follows:

A contract for the new ferryboat was prepared by the Department of Docks and Ferries, and the plans were approved by the Board of Estimate and Apportionment at an estimated cost of $297,400. The contract was advertised and one bid of $320,000 was received.

The Commissioner states that the failure to receive more than one bid was due to the fact the ship-building companies cannot furnish the boat within the amount appropriated; and knowing that the department cannot entertain bids exceeding the available funds declined to submit proposals. He also states that it would be impracticable to make any changes in the present plans and specifications for the boat, looking to a lower bid.

Five municipal ferryboats were built by the Maryland Steel Company under a contract awarded by the Department of Docks and Ferries on June 20, 1904. The advertisement requested bids in which this contract was awarded stated in part as follows:

> "Bidders will state a price for one boat, and if they desire to bid on more than one they shall state a price as well for every additional boat built and delivered according to the specifications."

Eight bids were received and the bid of the Maryland Steel Company, on which the contract was awarded was submitted as follows:

One boat	$365,500 00
Second boat	349,200 00
Third boat	341,700 00
Fourth boat	327,600 00
Fifth boat	325,000 00
Total contract price	$1,709,000 00

The extra work done under the contract amounted to $8,191 for each boat, or $40.955 for all five. The actual cost of the construction work on the five boats was $1,749,955. The total construction cost of the fifth boat was $333,191. The cost of engineering supervision and inspection was not included in these prices.

Since the five ferryboats were built under the 1904 contract there has been an increase in the cost of labor and materials. Therefore, an appropriation of $350,00 for the proposed new boat, including engineering supervision and inspection, would appear reasonable.

The department is in urgent need for a new ferryboat, and we recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Resolved, That the Commissioners of the Sinking Fund pursuant to the provisions of sections 47 and 180 of the Greater New York Charter, hereby recommend

that the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911, as follows:

"Resolved, That, pursuant to provisions of section 47 of the Greater New York Charter, as amended, and section 180 of the said Charter and the recommendation of the Commissioners of the Sinking Fund by resolution adopted July 12, 1911, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding three hundred thousand dollars ($300,000) to provide means for one new ferry boat, under the jurisdiction of the Department of Docks and Ferries, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to make the amount authorized three hundred and fifty thousand dollars $350,000.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, recommending that the Board of Estimate and Apportionment be requested to amend its resolutions authorizing issues of corporate stock as follows:

1. Resolution of July 1, 1910, $48,200 for the purpose of providing means to pay the cost of construction of an extension to the pier at the foot of West 134th street, North River, Borough of Manhattan.

2. Resolution of July 17, 1911, $25,000, to provide means for the construction of a pier at Nott avenue, Long Island City, Borough of Queens.

Department of Docks and Ferries, City of New York, Pier "A," New York, January 24, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman Commissioners of the Sinking Fund:*

Sir—This Department has entered into a contract, No. 1292, with the Phoenix Construction Company for the construction of pier and crib bulkhead at the foot of Nott avenue, East River, Borough of Queens.

When this contract was drawn the amount of necessary crib work as determined from borings taken and test piles driven at the time was estimated at 69,800 cubic feet, and the contractors based their estimates on that figure. The information had at the time was the most reliable then obtainable, but subsequent to the award, execution and certification of the contract and as soon as the Department had the authorization therefor, dredging was done at the location. This dredging was greater than the test piles and borings indicated as being necessary and created greater depth of water. The result is that the Department finds a larger volume of crib work will be needed estimated at about 12,000 cubic feet over and above the amount on which the contract was drawn. In the opinion of the Chief Engineer of this Department an allowance of seven cents per cubic foot is fair for this additional work, and this rate is satisfactory to the contractor.

For the work at the foot of Nott avenue the sum of $25,000 was appropriated, C. D. D.—9A. This fund, exclusive of any extra allowance for the additional crib work, has already been encumbered to the extent of $24,971.77, leaving a balance of but $28.23 in the fund, an amount insufficient to meet the extra allowance.

There is an unencumbered balance in C. D. D.—4, for the construction of an extension to the pier at the foot of West 134th street, North River, Borough of Manhattan, amounting to $2,004. The work of extending the pier at the foot of West 134th street has been completed, and there will therefore be no further charge against that code number.

I request that the sum of $1,000 be transferred from C. D. D.—4 to C. D. D.—9A, to provide additional funds for the work at Nott avenue, and I ask that a resolution be adopted recommending to the Board of Estimate and Apportionment that such transfer be made. Yours very truly,

CALVIN TOMKINS, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report of the Corporate Stock Budget Committee and offered the following resolution.

February 6, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On January 24, 1913, the Commissioner of Docks requested a rescindment of $1,000 on a corporate stock authorization of $48,200 for the construction of an extension to a pier at the foot of West 134th street, and that a reslution authorizing $25,000 for the construction of a new pier at Nott avenue, Long Island City, be amended to provide for an additional $1,000. In connection therewith we report as follows:

The Commissioner states that the $1,000 is required on account of extra crib work necessary in constructing the Nott avenue pier. In estimating the cost of pier construction the amount of dredging and crib work is problematical, and at Nott avenue the crib work has been found to be greater than was indicated by test piles and borings. There is an unencumbered balance of $28.23 in the fund for the Nott avenue pier, and it is estimated that the pier can be completed for the additional $1,000. There is an unencumbered balance of $2,004 in the fund for the extension of the West 134th street pier.

We recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President Borough of Manhattan, Corporate Stock Budget Committee.

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, the Commissioners of the Sinking Fund, hereby recommend to the Board of Estimate and Apportionment, that the resolution adopted by said Board on July 1, 1910, and approved by the Board of Aldermen on July 5, 1910, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, and section 180 of the said Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted June 29, 1910, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding forty-eight thousand two hundred dollars ($48,200) for the purpose of providing means to pay the cost of the construction of an extension to the pier at the foot of 134th street, North River, Borough of Manhattan, under the jurisdiction of the Department of Docks and Ferries, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding forty-eight thousand two hundred dollars ($48,200), the proceeds whereof to be applied for the purposes aforesaid."

—be amended to make the amount read forty-seven thousand two hundred dollars ($47,200).

Resolved, That, pursuant to the provisions of Section 180 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment, that the resolution adopted by the said Board on July 17, 1911, and approved by the Board of Aldermen on July 25, 1911, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, and section 180 of the said charter and the recommendation of the Commissioners of the Sinking Fund by resolution adopted July 12, 1911, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars ($25,000) to provide means for the construction of a pier at Nott avenue, Long Island City, Borough of Queens, under the jurisdiction of the Department of Docks and Ferries, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of par value of the stock to be applied to the purposes aforesaid."

—be amended to make the amount read twenty-six thousand dollars ($26,000).

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Commissioner of Docks, recommending that the Board of Estimate and Apportionment be requested to amend its resolution of July 1, 1910, authorizing issue of corporate stock ($16,000) to provide means to pay the cost of construction of the new pier at the foot of Gold street, Borough of Brooklyn, and that the Comptroller be authorized to issue $6,000 of corporate stock to be used to provide means to pay the cost of the necessary towing in connection with the corporate stock work of the Department of Docks and Ferries:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, November 16, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of the Commissioners of the Sinking Fund:*

Sir—This Department requires additional funds for towing in connection with corporate stock work. In the fund for the construction of a pier at the foot of Gold street, Brooklyn, C. D. D.—7, there is an unencumbered balance of $6,966.67, and the pier has been completed. I request that the authorization of corporate stock funds for the construction of pier at the foot of Gold street to the extent of $6,000, be cancelled, and that you recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue additional corporate stock funds in the sum of $6,000 for the hire of tugs, C. D. D.—13.

It is requested that this transfer of funds be made as soon as possible in order that funds will be available to meet the expense of a contract for towing.

Very truly yours, CALVIN TOMKINS, Commissioner of Docks.

In connection therewith, the Deputy and Acting Comptroller presented the following report of the Corporate Stock Budget Committee, and offered the following resolution:

To the Commissioners of the Sinking Fund:

Gentlemen—On November 16, 1912, the Commissioner of Docks requested rescindment of $6,000 from a corporate stock authorization of $16,000 for the construction of a pier at the foot of Gold street, Borough of Brooklyn, and approval of an authorization in the same amount to provide for the hire of tugs.

The $16,000 for the Gold street pier was approved in 1910, and there is a balance of $6,000 available for rescindment. The hire of tugs is necessary for towing in connection with the corporate stock work of the Department. Approval of the request will leave the corporate stock total for the Department unchanged.

We recommend that the request be granted by the adoption of the attached resolutions. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President of the Board of Aldermen; GEORGE McANENY, President of the Borough of Manhattan; Corporate Stock Budget Committee.

Resolved, That, pursuant to the provisions of sections 47 and 180 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby recommend that the resolution adopted by the Board of Estimate and Apportionment on July 1, 1910, and approved by the Board of Aldermen on July 19, 1910, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended and section 180 of the said Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted June 29, 1910, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding sixteen thousand dollars ($16,000), for the purpose of providing means to pay the cost of the construction of a new pier at the foot of Gold street, Borough of Brooklyn, under the jurisdiction of the Department of Docks and Ferries, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding sixteen thousand dollars ($16,000), the proceeds whereof to be applied for the purposes aforesaid."

—be amended to make the amount authorized ten thousand dollars ($10,000).

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter as amended, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock to the amount of six thousand dollars ($6,000), in the manner provided by section 169 of the Greater New York Charter, the proceeds to the amount of the par value of the stock to be used to provide means to pay the cost of necessary towing in connection with corporate stock work of the Department of Docks and Ferries.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Commissioner of Docks recommending that the Board of Estimate and Apportionment be requested to amend its resolutions authorizing issues of corporate stock as follows:

1. Resolution of July 17, 1911—$79,000 to provide means for the construction of a new pier at 135th street, North River.

2. Resolution of July 17, 1911—$12,000 to provide means for the construction of extension to Pier 43, North River.

October 29, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman of the Commissioners of the Sinking Fund:*

Sir—On October 23, 1912, bids were opened by this Department for extending Pier No. 43, North River, foot of Barrow street, to the pierhead line. The lowest bid received was $14,867.

The amount now available for this work is $12,000 C. D. D.—4D. To cover the contract bid and incidentals, an additional sum of about $3,000 is required. Since the preparation of this contract there has been a considerable increase in the cost of both material and wages of dock laborers.

In C. D. D.—4A, for the construction of a new pier at the foot of West 135th street, North River, which work has been completed, there is an unencumbered balance of $7,733.85. The only additional expense in connection with this pier will be the paving of the marginal street approach.

It is requested that this authorization of funds for the construction of pier at the foot of West 135th street, North River, be cancelled to the extent of $3,000 and that the Board of Estimate and Apportionment be requested to authorize the issuance of additional corporate stock funds in the sum of $3,000 for the work of extending Pier No. 43, at the foot of Barrow street, North River. Respectfully yours,

CALVIN TOMKINS, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report of the Corporate Stock Budget Committee and offered the following resolutions:

January 4, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On October 29, 1912, the Commissioner of Docks requested a rescindment of $3,000 on a corporate stock authorization of $79,000 for the construction of a pier at the foot of West 135th street, North River, and an additional authorization in the same amount for the work of extending pier No. 43, at the foot of Barrow street, North River. In connection therewith we report as follows:

The appropriation for the Barrow street work was $12,000. On October 23, 1912, bids were opened, and the low bid was $14,867. The Commissioner states that to cover the bids and incidentals, a total of $15,000 will be required, making necessary the additional allowance. Under an opinion of the Corporation Counsel, dated November 26, 1912, it will be necessary to readvertise the contract.

Approval of the request will make funds available for the improvement without increase in the corporate stock total for the Department.

We recommend the adoption of the attached resolution approving the request.

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Resolved, That, pursuant to the provisions of sections 47 and 180 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that the resolution adopted by the said Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 25, 1911, as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, and section 180 of said Charter, and the recommendation of the Commissioners of the Sinking Fund by resolution adopted July 12, 1911, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seventy-nine thousand dollars ($79,000) to provide means for the construction of a new pier at 135th street, North River, under the jurisdiction of the Department of Docks and Ferries, and that when authority therfor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid.

—be amended to make the amount authorized seventy-six thousand dollars ($76,000).

Resolved, That, pursuant to the provisions of section 47 and 180 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 25, 1911, as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, and section 180 of the said Charter and the recommendation of the Commissioners of the Sinking Fund by resolution adopted July 12, 1911, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twelve thousand dollars ($12,000) to provide means for the construction of extension to Pier 43, North River, under the jurisdiction of the Department of Docks and Ferries, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

—be amended to make the amount authorized fifteen thousand dollars ($15,000).

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease of premises on the northeasterly corner of Forest avenue and 166th street, The Bronx, for use of the Board of Education.

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to the Commissioners of the Sinking Fund under date of January 24, 1913, states that at a meeting of the Board of Education, held January 22, 1913, a resolution was adopted requesting your Board to adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of the lecture room, and the room adjacent thereto, on the first floor of the Forest Avenue Congregational Church, northeasterly corner of Forest avenue and 166th street, Borough of The Bronx, as an annex to Public School 23, for a period from April 1, 1913, to July 1, 1914, at an annual rental of $800, with the privilege of renewal for one or two years thereafter on the same terms and conditions; the owners to furnish heat, light and janitor service, to make all exterior repairs during the term of the lease, and to make all changes and alterations as required by the Department of Health and Buildings.

This is a frame church, and the rooms in question are 28 by 36 feet and 28 by 14 feet, respectively. The rooms have furnace heat, gas and electric light, but at present no water or toilet. The two rooms will accommodate about ninety children on full time, or 180 on part time, and will be used for part-time classes.

The rent of $800 a year is therefore at the rate of $8.88 for each child on full time, or $4.44 a year for each child on part time.

For comparison, the six rooms in St. Anselm's parochial school, in Tinton avenue, The Bronx, recently leased as an annex to Public School 25, were at the rate of $583 a year for each room.

The rooms in the Forest Avenue Congregational Church may be made to accommodate two, and possibly three classes. Public School 23, in 165th street, between Tinton and Union avenues, has 2,258 seats with desks, and 54 seats without desks, including the kindergarten chairs, making a total of 2,312. This school has a total registration of 3,358 and an average attendance of 3,071, and now has 58 classes with 2,384 children on part time, not including the kindergarten classes. The leasing of the church property will therefore afford but slight relief, but it appears to be the best that can be done at the present time.

The Departments of Health and Buildings have certified that these rooms will be suitable for school purposes when certain changes are made, and the owners have agreed to make the said changes.

Deeming the rent reasonable and just, and it being for the best interest of the City, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of the lecture room and the room adjacent thereto, on the first floor of the Forest Avenue Congregational Church, northeasterly corner of Forest avenue and 166th street, Borough of The Bronx, as an annex to Public School 23, for a period from April 1, 1913, to July 1, 1914, with the privilege of renewal for one or two years thereafter on the same terms and conditions, at an annual rental of $800, payable quarterly; the owners to furnish heat, light, water and janitor service, and to install three properly flushed and sewer connected water closets; to remove the sliding doors between the two rooms that are to be used for school purposes; to remove the colored glass in the windows and replace with plain glass; to install proper and sufficient heating service, remove all loose plaster from the ceiling and replace it with new and firm plaster, and place a stairs at the rear door leading to the yard, and to make outside repairs during the term of the lease; the lessee to make such inside alterations and repairs during occupancy as it may deem necessary. Lessor, First Congregational Church of Morrisania, No. 761 East 166th street, Borough of The Bronx. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City, of the lecture room and the room adjacent thereto, on the first floor of the Forest Avenue Congregational Church, northeasterly corner of Forest avenue and 166th street, Borough of The Bronx, for use as an annex to Public School 23, for a period from April 1, 1913, to July 1, 1914, with the privilege of renewal for one or two years thereafter on the same terms and conditions, at an annual rental of eight hundred dollars ($800), payable quarterly; the owners to furnish heat, light, water and janitor service and to install three properly flushed and sewer connected water closets; to remove the sliding doors between the two rooms that are to be used for school purposes; to remove the colored glass in the windows and replace with plain glass; to install proper and sufficient heating service, remove all loose plaster from the ceiling and replace it with new and firm plaster, and place a stairs at the rear door leading to the yard, and to make outside repairs during the term of the lease; the lessee to make such inside alterations and repairs during occupancy as it may deem necessary; lessor, First Congregational Church of Morrisania; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease of premises at Nos. 1253-1255 Ogden avenue, Borough of The Bronx, for use of the Board of Education:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to this Department under date of February 7, 1913, states that at a meeting of the Board of Education held December 26, 1912, a resolution was adopted requesting the Commissioners of the Sinking Fund to approve of and consent to the execution by the Board of Education of a lease of the two stores on the ground floor, 17 by 28 feet each, and the hall on the second floor, 35 by 68 feet, of the premises Nos. 1253-1255 Ogden avenue, Borough of The Bronx, as an annex to Public School 11, for a period from February 15, 1913, to July 1, 1915, with the privilege of renewal for an additional two years upon the same terms and conditions, at an annual rental of $2,000, the Board of Education to install additional sanitary appliances, increase the heating surface, rehang exit doors to open outward and to cut new window and door openings, as required by the Departments of Health and Buildings, the lessor to make outside repairs, pay taxes and water rates and furnish heat, light and janitor service.

The premises in question consist of a 3-story and basement brick building, 50 by 90 feet, on a corner plot 50 by 100 feet, known as the Borough Club. The building has steam heat and gas, but no water supply or toilet on the ground floor, and only one toilet on the second floor.

The property is assessed for the year 1913: Land, $7,500; building, $16,000; total, $23,500.

Appraisal by Division of Real Estate: Land, $8,000; building, $20,000; total, $28,000.

The total rent of the building is $2,800 a year, which is 12 per cent. on the assessed value, and 10 per cent. on the appraised value.

The proposed lease includes a total floor area of 3,332 square feet, and the rate is 60 cents a square foot, including heat, light and janitor service.

Public School 11 has a total enrollment of 1,142, an average attendance of 1,088, and a seating capacity of 1,344. The school now has four classes, a total of 173, on part time. The total number of classes is 29, including one kindergarten. The proposed annex will provide six additional class rooms.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of the two stores on the first floor, and the large hall on the second floor, of the premises Nos. 1253-1255 Ogden avenue, Borough of The Bronx, for a period from March 1, 1913, to July 1, 1915, with the privilege of renewal for an additional two years upon the same terms and conditions, at a rental of $2,000 a year, payable quarterly, the lessor to pay taxes and water rates, make outside repairs and furnish heat, light and janitor service, the lessee to install additional sanitary appliances, increase the heating surface, rehang exit doors to open outward, cut new window and door openings as required by the Departments of Health and Buildings, and to make such other inside alterations or repairs as it may deem necessary. Clark; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

On January 15, 1913, this resolution was amended by omitting some of the clauses and substituting others in place thereof, as the owner refused to execute the lease in accordance with the original resolution. He now refuses to execute the lease as amended, with the renewal clause of three years, and also wishes to have inserted a clause to the effect that no structural changes shall be made without the written consent of the lessor, permission, however, being granted to replace such toilets and sinks as may be necessary, it being understood that these improvements shall become the property of the lessor at the expiration of the lease or any renewal threof.

February 21, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—At a meeting of your Board, held on November 27, 1912, application was made for a renewal of the lease to the City, of a plot of land between Fisher's Landing road and the Hutchinson River, north of Boston Post road, used as an approach to the temporary bridge across the Hutchinson River, during the construction of a permanent bridge at the old Boston Post road, for a term of one year from October 15, 1912, at a rental of $600 a year, payable quarterly, and the said resolution was disallowed on the ground that the rent was excessive.

Upon a reinvestigation of this matter, it has been found that the City occupies, not only the space covered by the temporary bridge, but also the approach thereto, which is of value and importance to the City, as it saves the City from damages for any accidents which might occur with a shorter turnout from the Boston Post road to the temporary bridge. There is serious consequential damage to the remaining premises, which are in the same ownership, by reason of the leasing of these premises.

In view of the above conditions, it seems advisable that the lease should be renewed as requested.

Deeming the rent reasonable and just, under the circumstances, and the City being in possession and compelled to remain, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the following described premises:

Beginning at a point on the northeasterly side of Fisher's Landing road, located 95 feet northwesterly from the intersection of the northwesterly line of old Boston Post road and the northeasterly line of Fisher's Landing road; running thence northwesterly along the northeasterly line of Fisher's Landing road 59 feet; thence northeasterly 107 feet to the shore line of the Hutchinson River; thence southeasterly along said shore line of the Hutchinson River 51 feet; thence southwesterly parallel to and 50 feet distant from the second course mentioned 70 feet to the point or place of beginning, containing an area of approximately 4,230 square feet;

—said premises to be used for an approach to the temporary bridge across the Hutchinson River during the construction of a permanent bridge at old Boston Post road, the lease to be for a term of one year from October 15, 1912, with the privilege of yearly renewals upon the same terms and conditions until the completion of the permanent bridge, at a rental of $600 a year, with the proviso that upon the City acquiring title to 233d street at this point the rent shall be reduced to $300 per annum, payable quarterly. Lessor, Lewis E. Field, room 77, No. 96 Broadway, Borough of Manhattan. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the following described premises, for use of the Department of Bridges:

Beginning at a point on the northeasterly side of Fisher's Landing road, located 95 feet northwesterly from the intersection of the northwesterly line of old Boston Post road and the northeasterly line of Fisher's Landing road; running thence northwesterly along the northeasterly line of Fisher's Landing road 59 feet; thence northeasterly 107 feet to the shore line of the Hutchinson River; thence southeasterly along said shore line of the Hutchinson River 51 feet; thence southwesterly parallel to and 50 feet distant from the second course mentioned 70 feet to the point or place of beginning, containing an area of approximately 4,230 square feet;

—said premises to be used for an approach to the temporary bridge across the Hutchinson River during the construction of a permanent bridge at old Boston Post road; the lease to be for a term of one year from October 15, 1912, with the privilege of yearly renewals upon the same terms and conditions until the completion of the permanent bridge, at a rental of six hundred dollars ($600) a year, payable quarterly, with the proviso that upon the City acquiring title to 233d street at this point the rent shall be reduced to $300 per annum; lessor, Lewis F. Field; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease to the City, of a parcel of land in the Greenville Yard, Jersey City, N. J., for use of the Department of Bridges:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund:

This lease is desired to expedite the work under the contract for the construction of the subway connection for the Manhattan Terminal of the Brooklyn Bridge, which provides, under paragraph BB for partial payments to be made by the City for steel manufactured and delivered at the site ready for erection. On account of lack of space at the site, it is desired in order to hasten the work under this contract, to have the steel manufactured and delivered on land to be leased by the City at the Greenville Yard, Jersey City, New Jersey.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize the Comptroller to enter into a lease with the North-Eastern Construction Company, a corporation of the State of New York, of all that certain piece or parcel of land situate in the Greenville Yard, City of Jersey City, Hudson County, New Jersey, bounded and described as follows:

Beginning at a point distant one hundred and fifty feet northwestwardly from crib bulkhead along New York Bay, said point being also distant sixty-eight feet northeastwardly from a bulkhead along a channel on the south side of said Greenville Yard, and extending thence northwesterly parallel with and sixty-eight feet from said channel bulkhead one thousand two hundred and fifty feet to a point; thence northeastwardly at right angles to last-mentioned course fifty-six feet to a point; thence southeastwardly parallel with first course one thousand two hundred and fifty feet to a point; and thence southwestwardly at right angles to first course fifty-six feet to the place of beginning, containing seventy thousand (70,000) square feet, more or less.

—for use of the Department of Bridges, for a term of one year from December 1, 1912, at an annual rental of $1, payable on demand. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

—for use of the Department of Bridges, for a term of one year from December 1, 1912, at an annual rental of one dollar ($1), payable on demand; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

February 21, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—The Department of Finance, in order to provide sufficient accommodations for the constantly increasing business of the Receiver of Taxes in the Borough of Brooklyn, requests that a lease be secured of Room No. 1, containing 910 square feet, in the Park Building, 385 Fulton street, Borough of Brooklyn. This room is intended to be used for the accommodation of the billing and adding machine operators, for whom no space is provided in their present quarters; and when these machines are not in operation the space is required because of the congested condition existing in this division of the department.

The rent is to be at the rate of $1.25 a square foot, which is the same as paid by the City for Rooms Nos. 8 and 9 in the same building, for use of the President of the Borough. The owners are to build a cabinet, 6 by 15 feet, and instal ten base electric

outlets, furnish heat, light, water and janitor service. The lease is to be for one year from April 1, 1913.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of Room No. 1, in the Park Building, 385 Fulton street, Borough of Brooklyn, for use of the Department of Finance, Receiver of Taxes, for a period of one year from April 1, 1913, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of $1,137.50, payable quarterly; the lessor to build a cabinet, 6 by 15 feet, instal ten base electric outlets, and to furnish heat, light, water and janitor service; the lessee to agree not to alter, change or add to the electric appliances in the premises or in said building, without the written consent of the lessors, and agreeing that the provision in the resolution calling for the lessors to furnish heat, light and water be amended by adding thereto, that the lessors shall not be liable for any temporary interruption due to necessity for repairs or other unavoidable causes, provided the landlord exercise all diligence in making such necessary repairs and in removing the cause of such interruption. Lessors, Mary E. Campbell, Mary Campbell, Sadie Campbell, Susan Campbell Kiernan and Alice Campbell Good; agent, Adrian T. Kiernan, 141 Broadway, Borough of Manhattan. Respectfully,

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease to the City of premises in the Hirschman Building, on Anable street, Long Island City, Borough of Queens, for use of the Law Department:

February 21, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Corporation Counsel in a communication to your Board under date of February 19, 1913, requests that a lease be obtained of 452 square feet of floor surface on the Anable street front of the Municipal Building, situated on the southerly side of Anable street, 150 feet east of Jackson avenue, Long Island City, Borough of Queens, for the use of the Bureau of Street Openings, for a term from April 1, 1913, to July 1, 1915, when the lease for space on the sixth floor, occupied by the Bureau of Street Openings, will expire, at a rental of $339 a year. He states that the work of this Bureau has largely increased and the rooms now occupied on the sixth floor have become overcrowded. The new space will provide offices for two additional assistants.

The rent asked is 75 cents a square foot, which is the rate the City is paying for office space on the sixth and other floors in this building.

These premises have been personally inspected by the Appraiser of Real Estate of this Department, who is of the opinion that the additional space is necessary for the proper conduct of the business of the Bureau of Street Openings.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of 452 square feet of floor space on the Anable street front of the sixth floor, adjoining the rooms of the Division of Substructures, in the Municipal or Hirschman Building, located on the southerly side of Anable street, 150 feet east of Jackson avenue, Long Island City, Borough of Queens, for use of the Law Department, for a period from April 1, 1913, to July 1, 1915, at the annual rental of $339, payable quarterly, with privilege of renewal for five years, lessor to make ordinary repairs, furnish heat, light, elevator and janitor service, pay taxes and water rates, and to grant to the lessee the right to cancel the lease in the event of the erection of a Borough Hall in the Borough of Queens, said clause to state that if the Borough Hall to be erected in Queens is ready for occupancy at any time during the period of said lease, then upon ninety days' written notice that said Borough Hall is ready for occupancy, said lease shall be cancelled and become void. Lessor, Stuart Hirschman, 200 Broadway, Manhattan.

Respectfully, DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Stuard Hirschman, of 452 square feet of floor space on the Anable street front of the sixth floor, adjoining the rooms of the Division of Substructures, in the Municipal or Hirschman Building, located on the southerly side of Anable street, 150 feet east of Jackson avenue, Long Island City, Borough of Queens, for use of the Law Department, for a period from April 1, 1913, to July 1, 1915, at an annual rental of three hundred and thirty-nine dollars ($339), payable quarterly, with the privilege of renewal for five years; the lessor to make ordinary repairs, furnish heat, light, elevator and janitor service, pay taxes and water rates, and to grant to the lessee the right to cancel the lease in the event of the erection of a Borough Hall in the Borough of Queens, said clause to state that if the Borough Hall to be erected in Queens is ready for occupancy at any time during the period of said lease, then upon ninety days written notice that said Borough Hall is ready for occupancy, said lease shall be cancelled and become void; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease to the City of premises at No. 127 Franklin street, Borough of Manhattan, for use of the Board of Water Supply:

February 20, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—The Secretary of the Board of Water Supply, in a communication to your Board under date of February 13, 1913, states that at a meeting of the Board of Water Supply held February 11, 1913, a resolution was adopted asking that a lease be secured of approximately 1,455 square feet of floor space on the fifth floor of the building No. 127 Franklin street, Borough of Manhattan, for a period of one year from May 1, 1913, at an annual rental of $1,000, payable quarterly, for use of the said Board; the lessor to pay taxes and water rates, furnish steam heat, freight and passenger elevator service, and hall and window cleaning janitor service; the City to furnish light and room janitor service.

The Board of Water Supply at the present time occupies the entire fifth floor in this building, 3,800 square feet, at a rental of $2.000 a year, or at the rate of 53 cents a square foot. It is now giving up all of this floor, except a space 48 by 32 feet, and irregular, on the West Broadway front of the building, as shown on the blue print herewith, a total of 1,455 square feet, at a rental of $1,000 a year, or at the rate of approximately 69 cents a square foot.

The reason for the increase in the rate is, that the space to be retained by the Board of Water Supply is well lighted, having four windows facing on West Broadway, while much of the floor given up to the south and west of this space is not so well lighted, and will have to be used principally for storage purposes.

The Comptroller, in a communication to your Board under date of December 9, 1911, recommended a renewal of the lease of this whole floor, for a period from March 1, 1912, to April 30, 1913, at a rental of $2,000 a year. Said report was approved and renewal of lease authorized at a meeting of your Board held December 13, 1911.

Deeming the rent reasonable and just, under the circumstances, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of a room, 48 by 32 feet, and irregular, containing 1,455 square feet, on the easterly side of the fifth floor of the building No. 127 Franklin street, southwest corner of West Broadway, Borough of Manhattan, for use of the Board of Water Supply, for a period of one year from May 1, 1913, at an annual rental of $1,000, payable quarterly; the lessor to pay taxes and water rates, furnish steam heat, freight and passenger elevator service, and hall and window cleaning janitor service; the lessee to furnish light and room janitor service. Lessor, the Barron Realty Company, 127 Franklin street, Borough of Manhattan. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Barron Realty Company, of a room 48 by 32 feet and irregular, containing 1,455 square feet on the easterly side of the fifth floor of the building No. 127 Franklin street, southwest corner of West Broadway, Borough of Manhattan, for use of the Board of Water Supply, for a period of one year from May 1, 1913, at an annual rental of one thousand dollars ($1,000), payable quarterly; the lessor to pay taxes and water rates, furnish steam heat, freight and passenger elevator service and hall and window cleaning janitor service; the lessee to furnish light and room janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

C. Griffin & Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the Secretary of the Armory Board, stating that on January 23, 1913, the Armory Board adopted a resolution requesting a renewal of the lease from the United States Express Company of room No. 1101 on the eleventh floor of the United States Express Building, for use of the Armory Board as headquarters for the Naval Militia, for a period of one year from March 1, 1913, at an annual rental of $550, payable quarterly.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the hiring by the Armory Board of space at 451 4th avenue, Borough of Manhattan, for the storage of army wagons and ambulance attached to the 71st Regiment:

February 19, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Armory Board, in a communication to the Commissioners of the Sinking Fund under date of January 31, 1913, states that at a meeting of said Board held January 23, 1913, the following resolution was adopted:

"Resolved, That the Commissioners of the Sinking Fund be requested to authorize the Comptroller to pay to the Central Express and Transfer Company the sum of $50 per month for the storage of 13 army wagons and one ambulance of the 71st Regiment, in the building No. 451 4th avenue, said rental to be on a month to month basis, without the necessity of a formal lease, and not to exceed five months from October 1, 1912."

Upon inquiry I find that this is a new issue of army wagons to the 71st Regiment by the State of New York.

The storage of these army wagons and ambulance is only temporary, as it is the purpose of the Armory Board in the near future to provide for the storage of the same in their respective armories.

It will be noted in the resolution as adopted by the Armory Board that provision was made for the storage of thirteen army wagons and one ambulance at $50 per month. Upon investigation by the Division of Real Estate of this Department, arrangements have been made with the lessors by which the same can be stored at the rate of $3 per vehicle, making a total of $42 a month, thus showing a saving to the City of $8 a month.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay to the Central Express and Transfer Company, No. 451 4th avenue, Borough of Manhattan, without the necessity of entering into a lease, rent at the rate of $42 a month, for a period not exceeding five months, from October 1, 1912, for the storage of thirteen army wagons and one ambulance attached to the 71st Regiment, under the jurisdiction of the Armory Board. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring, by the Armory Board, of space at No. 451 Fourth avenue, Borough of Manhattan, for the storage of 13 Army wagons and one ambulance attached to the Seventy-first Regiment, for a period not exceeding five months, from October 1, 1912, at a rental at the rate of forty-two dollars ($42) a month; and be it further

Resolved, That the Comptroller be and is hereby authorized to pay the said rental to the Central Express and Transfer Company, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the hiring by the Armory Board of space in the Dakota Stables, 77th street and Amsterdam avenue, Borough of Manhattan, for the storage of army wagons and ambulance belonging to the 12th Infantry:

February 19, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Armory Board, in a communication addressed to the Commissioners of the Sinking Fund under date of January 31, 1913, states that at a meeting of said Board held January 23, 1913, the following resolution was adopted:

"Resolved, That the request of the commanding officer of the 12th Infantry that storage be hired from the Dakota Stable Company at 77th street and Amsterdam avenue, Manhattan, to accommodate twelve wagons and one ambulance belonging to that organization, be granted; that the Commissioners of the Sinking Fund be requested to authorize the Comptroller to pay the rent at $3 per month for each vehicle, said rent to be paid from month to month, not to exceed six months from November 26, 1912, without the necessity of entering into a formal lease."

I find upon inquiry that this is a new issue of wagons to the 12th Infantry by the State of New York.

The storage of these wagons and ambulance is temporary, as it is the purpose of the Armory Board in the near future to provide for the storage of the same in their respective armories.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay to the Dakota Stable Company, 77th street and Amsterdam avenue, Borough of Manhattan, without the necessity of entering into a lease, rent at the rate of $39 a month, on a month to month basis, for a period not exceeding six months from November 26, 1912, for the storage of twelve army wagons and one ambulance, belonging to the 12th Infantry, under the jurisdiction of the Armory Board.

Respectfully, DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring by the Armory Board, of space for the storage of twelve army wagons and one ambulance belonging to the Twelfth Infantry, in the Dakota stables, 77th street and Amsterdam avenue, Borough of Manhattan, on a month to month basis, for a period not exceeding six months, from November 26, 1912, at a rental at the rate of thirty-nine dollars ($39) a month; and be it further

Resolved, That the Comptroller be and is hereby authorized to pay the said rental to the Dakota Stable Company without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

A communication was received from the Secretary of the Armory Board, transmitting resolution adopted by the Board, advising that the space of 1,000 square feet set aside for use of the Armory Board in the New Municipal Building, is entirely inadequate, and requesting that at least 2,000 square feet be set aside.

Which was referred to the Committee on Allotment of Space in the New Municipal Building.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The President of the Board of Trustees of Bellevue and Allied Hospitals, in a communication to the Commissioners of the Sinking Fund, under date of January 16, 1913, states:

The report was accepted and the resolution unanimously adopted.

The following communications were received from the Department of Water Supply, Gas and Electricity, turning over as no longer required, certain lands located on East 15th street, between Avenues U and V, in the Borough of Brooklyn.

New York, January 17, 1913.

JOHN KORB, Jr., Esq., *Secretary, Commissioners of the Sinking Fund,* 280 Broadway, City:

Dear Sir—The President of the Borough of Brooklyn has made application to this Department for the transfer of control over the roadbed of East 15th street, between Avenues U and V, to his jurisdiction to permit of the carrying on of the proposed grading, curbing and flagging of 15th street between these points.

The roadbed of this street is no longer required for the purposes of this Department, and I hereby transfer same to the jurisdiction of the Commissioners of the Sinking Fund. In addition to this land I also transfer the remaining 75 feet of property, which extends from the easterly line of the proposed extension of 15th street to the westerly line of the property of the Brighton Beach Railroad. I attach hereto a diagram describing the property in question. Yours truly,

HENRY S. THOMPSON, Commissioner.

New York, February 31, 1913.

JOHN KORB, Jr., Esq., *Secretary, Commissioners of the Sinking Fund,* 280 Broadway, City:

Dear Sir—Under date of January 14, 1913, the President of the Borough of Brooklyn requested that I address a further communication to the Commissioners of the Sinking Fund, transferring certain property in East 14th street, between Avenues U and V, so that he might make formal application for the release of this property to his jurisdiction, which property he requires for street purposes.

Upon reference to the Department records I find that in a comunication addressed to you, under date of July 3, 1912, there was released to the Commissioners of the Sinking Fund a certain plot of ground within the limits of East 14th street, desired by the Borough President. Under date of July 17, 1912, the Commissioners of the Sinking Fund by resolution attempted to convey this land to the Borough President, but the description of the property given in said resolution refers to certain land which I released to the Commissioners of the Sinking Fund, recommending that it be sold, which property is located on the north side of Avenue V. The Department letter containing a description of this property, which was requested by the Real Estate Division of the Department of Finance, was dated May 31, 1912, and addressed to the Comptroller. As I understand it, the President of the Borough of Brooklyn does not desire the property transferred to his control as described in resolution of the Commissioners of the Sinking Fund, dated July 17, 1912. For the purpose, therefore, of correcting this matter I hereby again release the property in 14th street, north of Avenue V, within the limits shown on the attached blue print, the description of which parcel is as follows:

All that certain piece or parcel of land situated in the Borough of Brooklyn, City of New York, County of Kings, State of New York, as shown on plate 1A of map entitled "Atlas Showing Lands on Long Island, Used for Water Supply Purposes,

Dated 1898," on file in the office of the Commissioner of Water Supply, Gas and Electricity of The City of New York, more particularly described as follows:

Beginning at the northwest corner of Avenue V and East 14th street, running thence northerly along the westerly line of East 14th street 260 feet to a point, 440 feet south from the southerly line of Avenue U; thence easterly at right angles to said westerly side of East 14th street, 30 feet to a point in the centre line of East 14th street; thence northerly along said centre line 80 feet to a point 360 feet south from the southerly line of Avenue U; thence easterly at right angles to said centre line 30 feet to a point in the easterly line of East 14th street; thence southerly along said easterly line 340 feet to the northeast corner of Avenue U and East 14th street; thence westerly along the northerly line of Avenue V, 60 feet to the point of beginning; containing within said bounds 0.413 acres, more or less.

Very truly yours, HENRY S. THOMPSON, Commissioner.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, January 31, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller*, 280 Broadway, City:

February 20, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—On July 17, 1912, the Commissioners of the Sinking Fund assigned to the President of the Borough of Brooklyn, certain lands located at East 14th street and Avenue V, Borough of Brooklyn, which were turned over by the Department of Water Supply, Gas and Electricity as being no longer required.

The description contained in this resolution is incorrect and the President of the Borough of Brooklyn has requested that the resolution be rescinded and another resolution be adopted with the correct description.

In a communication dated January 31, 1913, the Commissioner of the Department of Water Supply, Gas and Electricity releases the property in East 14th street, north of Avenue V, within the limits shown on attached blue print and containing the corrected description. He also turns over, under date of Jaunary 17, 1913, sections of East 15th street, between Avenues U and V, which the President of the Borough of Brooklyn requested to be assigned to him for street purposes.

In addition to this land, the Commissioner of the Department of Water Supply, Gas and Electricity also transfers 75 feet of property, which extends from the easterly line of the proposed extension of East 15th street to the westerly line of the property of the Brighton Beach Railroad.

I therefore respectfully recommend that the Commissioners of the Sinking Fund rescind the resolution adopted on July 17, 1912, assigning to the President of the Borough of Brooklyn certain lands at East 14th street and Avenue V, Borough of Brooklyn, and that they adopt a further resolution assigning to the President of the Borough of Brooklyn, for street purposes, the following described parcels of land:

Also

All that certain piece or parcel of land, situated in the Borough of Brooklyn, City of New York, County of Kings, State of New York, as shown on Plate 1A, of map entitled, "Atlas showing lands on Long Island, used for Water Supply purposes, dated 1898," on file in the office of the Commissioner of Water Supply, Gas and Electricity of the City of New York, more particularly described as follows:

And I further recommend that the Comptroller be directed to derive therefrom whatever revenue he can, and that the final disposition thereof be referred to the Committee on Vacant Property, of the following described piece or parcel of land:

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City of premises in the Hirschman Building, on Anable street, Long Island City, for use of the President of the Borough of Queens:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The President of the Borough of Queens, in a communication to your Board, under date of January 16, 1913 (amended by letter dated February 17, 1913), requests that 596 square feet of space in the front part of the sixth floor in the Municipal Building, Court Square, Anable street, Long Island City, Borough of Queens, be leased for the use of the newly created Division of Substructures, connected with the Topographical Bureau of said Borough, for a period from March 1, 1913, to August 1, 1915, when the lease of the Topographical Bureau, on the fifth floor of said building, will expire. The rental is to be at the rate of 75 cents a square foot, or a total of $447 a year.

This is the same rate paid by the City for other space on this and other floors in this building. The Appraiser of Real Estate of this department has personally inspected the premises and investigated the necessity for this lease, and is of the opinion that the additional room is necessary for the proper conduct of the work of the department.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of two rooms, containing 596 square feet of space, in the northeasterly corner of the sixth floor of the Municipal Building, Anable street, Long Island City, Borough of Queens, for use of the President of the Borough of Queens, for a period from March 1, 1913, to August 1, 1915, with the privilege of renewal for a term of five years upon the same terms and conditions at an annual rental of $447, payable quarterly; said renewal to contain a cancellation clause giving the right to the City to cancel same in the event of the erection of a Borough Hall in the Borough of Queens, said cancellation clause to state that if the Borough Hall to be erected in Queens is ready for occupancy at any time during the renewal of said lease, then, upon ninety days' notice that said Borough Hall is ready for occupancy, said lease shall be cancelled and become void; the lessor to make all repairs, pay taxes and water rates, and to furnish heat, light, elevator and janitor service. Lessor, Stuard Hirschman, No. 200 Broadway, Borough of Manhattan. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Stuard Hirschman, of two rooms containing 596 square feet of space in the northeasterly corner of the sixth floor of the Municipal Building, Anable street, Long Island City, Borough of Queens, for use of the President of the Borough of Queens, for a period from March 1, 1913, to August 1, 1915, with the privilege of renewal for a term of five years upon the same terms and conditions, at an annual rental of four hundred and forty-seven dollars ($447), payable quarterly; said renewal to contain a cancellation clause giving the right to the City to cancel same in the event of the erection of a Borough Hall in the Borough of Queens; said cancellation clause to state that if the Borough Hall to be erected in Queens is ready for occupancy at any time during the renewal of said lease, then, upon ninety days' notice that said Borough Hall is ready for occupancy, said lease shall be cancelled and become void; the lessor to make all repairs, pay taxes and water rates, and to furnish heat, light, elevator and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted, and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered

the following resolution, relative to a lease to the City, of premises at No. 51 Jackson avenue, Long Island City, Borough of Queens, for use of the President of the Borough of Queens:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The President of the Borough of Queens, in a communication to your Board, under date of January 8, 1913, requests that a lease be secured of the second and third floors in the Post Office Building, situated at No. 51 Jackson avenue, Long Island City, Borough of Queens, for use of the Bureau of Buildings, Engineer of Highways, Local Board of Improvements and the Board of Promotions.

The lessor will pay taxes and water rates and furnish light and heat, and grant to the lessee permission to cut any doorways that may be needed to connect the leased premises with the adjoining Borough Hall; the lessee to supply janitor service, and to make such alterations and repairs as it may deem necessary.

The rent is to be $2,100 a year, and the term of lease from March 1, 1913, to December 1, 1916.

The total floor space to be leased is 5,130 square feet, and the rent is therefore at the rate of approximately 40 cents a square foot.

For comparison, the City is paying at the rate of 42 cents a square foot in the adjoining Hackett Building, used as a Borough Hall.

The Appraiser of Real Estate of this department has personally inspected these premises, made an investigation as to the necessity for the lease, and is of the opinion that while these rooms are not necessary for the Local Board of Improvements and the Board of Promotions, they are required for the Bureau of Buildings and the Engineer of Highways.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the second and third floors of the Post Office Building, situated at 51 Jackson avenue, Long Island City, Borough of Queens, for use of the President of the Borough of Queens, for a period from March 1, 1913, to December 1, 1916, at a rental of $2,100 a year, payable quarterly, the lessor to pay taxes and water rates, supply heat and light and to grant to the lessee permission to cut any doorways that are needed to connect these premises with the adjoining Borough Hall, the lessee to furnish janitor service, and to make such alterations and repairs as it may deem necessary; the lease to contain a clause providing that the City shall have the right to cancel the lease upon sixty days' written notice in the event of the erection and completion by The City of New York of a new Borough Hall in the Borough of Queens, said cancellation clause to take effect from the day of occupation of the proposed building. Lessor, William Richensteen, 62 Jackson avenue, Long Island City, Queens. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

New York, February 10, 1913.

MR. JOHN KORB, *Secretary, the Sinking Fund Commission,* 280 Broadway, New York City:

Dear Sir—At a meeting held on February 5, the Commission considered a report of Mr. Leonhard F. Fuld, Examiner, and I was directed to request that the Sinking Fund Commission designate a Promotion Board as soon as possible, in accordance with the provisions of the Civil Service rules.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution adopted November 27, 1912, formulating rules and regulations whereby personal property may be exchanged or sold in accordance with section 1553 of the Charter:

February 19, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—On November 27, 1912, the Commissioners of the Sinking Fund adopted a resolution, formulating certain "rules and regulations", whereby personal property may be exchanged or sold as provided by section 1553 of the Greater New York Charter, as amended by chapter 436 of the Laws of 1912.

The resolution directs that sales or exchanges may be made after the Comptroller has fixed in writing the reasonable value of the property to be sold or exchanged, and the value of the property to be purchased.

For the better working out of the plan I recommend the amendment of the resolution of November 27, 1912, by directing the heads of the Departments to fix a value of the property to be sold or exchanged and submit same to the Comptroller for approval.

Transmitted herewith is a resolution providing for this amendment.

Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the preamble and resolution adopted by the Commissioners of the Sinking Fund November 27, 1912, formulating rules and regulations for the guidance of the heads of all departments of the City government, in conection with the sale, exchange or transfer of personal property belonging to The City of New York, be and the same is hereby amended to read as follows:

Whereas, section 1553 of the Greater New York Charter provides, in part, as follows:

> "All property sold (other than land under water) shall be sold at auction, after previous public notice under the superintendence of the appropriate head of department, except real property including buildings, fixtures and machinery therein, * * * provided that personal property may be exchanged for personal property of the same or greater value or delivered in part payment therefor, or may be sold at private sale without public notice after approval in writing by the Commissioners of the Sinking Fund or pursuant to rules and regulations adopted by the said Commissioners. The proceeds of such sales shall be paid into the general fund for the reduction of taxation."

—therefore be it,

Resolved, That, pursuant to the provisions of section 1553 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby formulate the following rules and regulations for the guidance of the heads of all departments of the City government, in connection with the sale, exchange or transfer of personal property belonging to The City of New York;

(1) Personal property may be exchanged for personal property of the same or greater value or delivered in part payment therefor at an amount fixed and determined by the respective head of the department and approved by the Comptroller. The said head of department shall furnish the Comptroller a full detailed statement of the proposed transaction, complete, giving the exchange value of the property in question and the value of the property to be acquired.

(2) Personal property may be sold at private sale without public notice, at not less than the value fixed by the respective head of the department subject to approval by the Comptroller. Such head of department shall furnish the Comptroller with a full detailed statement of such proposed private sales, complete, including the name of the proposed purchaser, and be it further

Resolved, That the Secretary of the Commissioners of the Sinking Fund, is hereby directed to transmit a certified copy of the above preamble and resolution to the heads of all departments of the City government.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the furnishing by the heads of all departments, of a list of all personal property in the possession of the said departments not required by them, and available for transfer to other City departments or offices:

February 20, 1913.

To the Commissioners of the Sinking Fund:

Gentlemen—The Department of Finance is frequently requested by departments of the City government to ascertain if other departments or offices have in their possession unused personal property for which they have no need, and will not have need, but which other departments may use to advantage. For example, the Department of Finance has, at the present time, a number of roll top desks which it does not need nor want. Some other department can, perhaps, use these desks and save the expense of purchasing new furniture.

Section 1553 of the Greater New York Charter provides that personal property of the City may be exchanged for personal property of the same or greater value. The Commissioners of the Sinking Fund have established a rule that before such exchanges may be effected, the value of the property shall be fixed by the Comptroller.

I suggest that the Commissioners of the Sinking Fund adopt resolutions requesting the heads of all departments or offices to submit to the Sinking Fund a list of all unused personal property available for transfer. When all the lists have been obtained, the complete schedule can be published in the CITY RECORD, and all departments and offices thereby will have notice of all properties available for transfer. In this way, I believe, the City may make use of valuable property that is now going to waste, and save many thousands of dollars that otherwise would be spent for new furniture and other property. I am of the opinion that the departments should retain jurisdiction and physical possession of the property until formal application for transfer is made. I recommend the adoption of the attached resolutions, providing as set forth above. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby request and direct the heads of all City departments and offices to submit to the Secretary of the Commissioners of the Sinking Fund not later than thirty days from the receipt of these resolutions, a list of all personal property in the possession of said departments and offices, not required by them and available for transfer to other City departments and offices, said list to state the approximate value of each article enumerated. And be it further

Resolved, That when all such lists shall have been received, they shall be printed in the CITY RECORD, and all heads of departments and offices are hereby requested to select from said lists all articles desired by them for use in their respective departments and offices, and to make formal application to the Commissioners of the Sinking Fund for proper transfer, and be it further

Resolved, That the Secretary of the Commissioners of the Sinking Fund be, and he is hereby directed to transmit a copy of these resolutions to the head of each City department and office of the City government.

The report was accepted and the resolution unanimously adopted.

Gentlemen—In accordance with the resolutions adopted by your Honorable Body, December 19, 1912, and pursuant to the request of the Comptroller, I have appraised the value of the premises known as Public School No. 80, on the north side of West 41st street between 7th avenue and 8th avenue, in the Borough of Manhattan, and situated as follows:

JOSEPH P. DAY.

New York, January 7, 1913.

Commissioners of Sinking Fund, City of New York, N. Y.

Gentlemen—Pursuant to your instructions on the 19th ultimo, I have examined the premises on the north side of 41st street, beginning 300 feet west from the northwest corner of 7th avenue, consisting of a plot 100 feet front by 98 feet 9 inches in depth on either side, and known by the present street numbers as 223 to 229 West 41st street, on which, at present, there is a public school building; also I have examined the unimproved property fronting on East 11th and East 12th streets, distant 163 feet west of Avenue A, and comprising a plot of 175 feet frontage on both streets by 206 feet 6 inches in depth on either side, as per diagram attached hereto; and in my opinion the value of premises Nos. 223 to 229 West 41st street is $195,000; and the value of the East 11th and East 12th street plot is $196,000.

Very truly yours,

W. J. VAN PELT.

The Hon. Herman A. Metz, a member of the Board of Education, appeared before the Board and urged that the proposed exchange be authorized because it was a good business proposition for the City; that the land to be acquired by the City was worth more than the City's property; that the property belonging to the City was no longer needed for public purposes; that the land owned by the private owners was needed for public purposes and was in the location desired by the Board of Education for new school house and where property would have to be acquired for a school site sooner or later; and that the exchange would obviate the necessity of authorizing an issue of corporate stock to purchase property in the district in which the land now sought to be acquired by exchange was located.

Discussion followed.

The Deputy and Acting Comptroller then presented the following report and offered the following resolution:

February 20, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—On November 27, 1912, the Board of Education adopted a resolution, turning over to the Commissioners of the Sinking Fund as being no longer required for the purposes of the Department of Education, the premises known as Public School 80, on the north side of 41st street, between 7th and 8th avenues, Borough of Manhattan, which it is proposed to exchange for property needed by the Department of Education, consisting of a plot of ground on East 11th and East 12th streets, between Avenue A and 1st avenue, Borough of Manhattan.

On December 18, 1912, the Commissioners of the Sinking Fund, pursuant to section 205A of the Greater New York Charter, as amended, appointed William Lustgarten, Joseph P. Day, and W. J. Van Pelt, three discreet and disinterested appraisers, residing in the Borough of Manhattan, to determine the value of the land owned by the City of New York, on the north side of 41st street, between 7th and 8th avenues, Borough of Manhattan, and the land which it is proposed to exchange therefor, on East 11th street extending through to East 12th street, between Avenue A and 1st avenue, Borough of Manhattan. In this resolution, the land to be acquired by the City is described as:

> "Beginning at a point on the northerly side of East 11th street, which point is distant 163 feet westerly from the corner formed by the intersection of the northerly side of East 11th street with the westerly side of Avenue A; running thence northerly and parallel with Avenue A, 206 feet 6 inches to the southerly side of East 12th street; running thence westerly along the southerly side of East 12th street 150 feet; thence southerly and parallel with Avenue A 206 feet 6 inches to the northerly side of East 11th street; thence easterly along the northerly side of East 11th street 150 feet to the point or place of beginning."

The dimensions should have been 175 feet on the southerly line of East 12th street and 175 feet on the northerly side of East 11th street, instead of 150 feet by 206 feet 6 inches, making it a plot 175 feet by 206 feet 6 inches; and the appraisers appointed by the Commissioners of the Sinking Fund, in making their appraisals considered the larger area. Their appraisals are as follows:

William Lustgarten—	
Land owned by the City of New York	$189,200 00
Land owned by Sol Bloom	$192,500 00
Joseph P. Day—	
Land owned by the City of New York	$198,000 00
Land owned by Sol Bloom	$200,200 00

W. J. Van Pelt—
Land owned by the City of New York..... $195,000 00
Land owned by Sol Bloom..... $196,000 00

The land owned by Sol Bloom, appraised above, are premises on East 11th and East 12th streets, between Avenue A and 1st avenue, Borough of Manhattan, described in the following resolution adopted by the Board of Education on February 3, 1913:

"Resolved, That the Commissioners of the Sinking Fund be, and they are hereby, respectfully requested to take such action as may be necessary and proper to acquire the following-described lands and premises on East 11th and East 12th streets, west of Avenue A, Borough of Manhattan, in exchange for the property formerly occupied by Public School 80, on the northerly side of West 41st street, between 7th and 8th avenues, Borough of Manhattan:

"Beginning at a point on the northerly line of East 11th street, distant 163 feet westerly from the westerly line of Avenue A, and running thence northerly and parallel with Avenue A 206 feet 6 inches to the southerly line of East 12th street; thence westerly along the southerly line of East 12th street 175 feet, thence southerly and again parallel with Avenue A 206 feet 6 inches to the northerly line of East 11th street, thence easterly along the northerly line of East 11th street 175 feet to the point or place of beginning, be the said several dimensions more or less.

"Resolved, That the Comissioners of the Sinking Fund be, and they are hereby, respectfully requested, when title to the above-mentioned premises shall have been acquired by the City of New York, to assign the same to the Department of Education for school purposes."

The Deputy and Acting Comptroller presented a report relative to the sale of a lease at public auction of a plot of ground 25 by 100 feet on the easterly side of 5th street, near the Concourse, Coney Island, adjoining the present Municipal Bathing House.

Which was laid over.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a sale at public auction of the ferry structures, etc., located at the foot of Wall street, East River, Borough of Manhattan:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund, City of New York:

Gentlemen—In a communication dated December 11 last addressed to the Chairman of your honorable Board, the Commissioner of Docks refers to the abandoned ferry formerly operated from the foot of Wall street, East River, Borough of Manhattan.

The Commissioner requests that the ferry structures and contents, bridges and pontoons there located, and of no use to the City, be disposed of at an early date in order that the premises may be utilized for wharfage purposes, and thus add to the revenues of the municipality.

To eliminate the possible dangers of precipitous action, in the absence of official information as to the extent of the City's prerogatives and interests in the premises, the matter was referred to the Corporation Counsel. His opinion rendered on the subject, in compliance with the request of this Department, advises, in effect, that the Union Ferry Company has no interest in the property proposed to be disposed of, and that the City's right to remove the structures in question is, in his opinion, absolute.

That a result most advantageous to the City may be accomplished, it is deemed advisable to make a division of the property in the manner hereinafter mentioned, and to sell with the condition that the purchaser remove the property purchased within 30 days after the date of sale.

No. 1.

One wooden frame awning shed about 82 feet by 33 feet and about 18 feet high, supported upon wooden columns with iron roof beams.

One (1) wooden frame waiting room about 26 feet by 140 feet and about 45 feet high, covered with sheet metal, with toilets, benches, radiators, newspaper and ticket booths, and other furnishings and appurtenances.

Two (2) wooden frame awning sheds over ferry bridges and driveways, about 42 feet by 135 feet and about 45 feet high, covered with sheet metal, with ticket offices, lockers and store rooms, excepting the ferry bridges and pontoons.

One (1) upright, tubular style boiler and iron coal bin, together with gas and steam pipe fixtures and fittings.

No. 2.

Two (2) ferry bridges, each 30 feet wide on the inshore end, 35 feet wide on the outshore end and about 65 feet long, together with pontoons.

In furtherance of the City's interests and by virtue of the authority vested in the Commissioners of the Sinking Fund pursuant to sections 205 and 1553 of the Greater New York Charter as amended, I respectfully recommend that the property hereinbefore specified be sold at public auction or by sealed bids at the highest marketable prices.

To accomplish the object set forth herein a resolution is transmitted herewith and recommended for your adoption. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Whereas, The Commissioner of Docks has requested the sale and removal of the ferry structures and contents, bridges and pontoons located at the foot of Wall street, East River, in the Borough of Manhattan, and used in connection with the ferry now abandoned, but formerly operated from this point; and

Whereas, It is desired to utilize the premises, upon which the above-mentioned property is located, for wharfage purposes, and because of the present condition the area available is materially curtailed; and

Whereas, The Corporation Counsel in an opinion on the subject addressed to the Comptroller under date of February 3, 1913, advises that "the City's right to remove the structures in question is absolute," therefore be it

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids at the highest marketable prices of the ferry structures and contents, bridges and pontoons, located at the foot of Wall street, East River, in the Borough of Manhattan, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, 280 Broadway, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund, at a meeting held October 4, 1910.

The report was accepted and the resolution unanimously adopted.

Yours respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Whereas, The President of the Borough of Brooklyn has requested the removal of the encroachments lying within the lines of Union street, from Utica avenue to Rochester avenue, in the Borough of Brooklyn, and

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a petition of St. Joseph's Institute for Improved Instruction of Deaf Mutes, for the cancellation of certain assessments:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—St. Joseph's Institute for Improved Instruction of Deaf Mutes has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of The Bronx, designated on the official tax map as Lot 45, Block 3058, Section 11.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about March, 1870; that it has owned the above described premises continually since that date and is still owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as home, school, playground, etc., for deaf mutes.

It appears from an examination of the Assessments Rolls that said property has been exempt from local taxation for the years 1907 to date, and the assessed valuation for the year 1913 is $74,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

The records of the Division of Awards show the following awards to the St. Joseph's Institute for the Improvement of Deaf Mutes:

"Opening East 189th street, from 3d avenue to Southern boulevard," Parcel No. 22, Award and Interest; paid January 29, 1904..... $4,515 40
"Opening Lorillard place, from 3d avenue to Pelham ave," Parcel No. 22, Award and Interest; paid January 29, 1904..... 14,713 94
"Opening Bathgate avenue, from East 188th street to Pelham avenue," Parcel No. 1, Award and Interest; paid October 9, 1907..... 47,455 11

The following assessments appear to have been paid, before the two awards first above mentioned were paid, viz.:

"Opening East 189th street, etc.," Lot 20; paid October 3, 1903..... $7,715 76
"Opening Lorillard place, etc.," Lot 20; paid January 5, 1904..... 5,634 43
"Opening East 188th street, etc.," Lot 20; paid January 5, 1904..... 1,911 30
"Opening Hoffman street, etc.," Lot 20; paid January 21, 1904..... 58 52

These assessments were against Lot 20, of which Lot 45, premises under consideration, was formerly a part.

The following assessments also appear to have been paid at or about the time of the payment of the award last above mentioned, viz.:

"Opening Bathgate avenue, etc.;" paid September 17, 1907..... $15,196 18
"Opening Bathgate avenue, etc.;" paid October 11, 1907..... 15,128 21
"189th street, Regulating, etc.;" paid November 11, 1907..... 1,097 09

The assessments last mentioned were against Lots 20 and 45, both lots having been included in Damage Parcel No. 1, for which the foregoing award of $47,455.11 was made.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of St. Joseph's Institute for Improved Instruction of Deaf Mutes, pursuant to the provisions of such section of the Charter, and recommended the liens above set forth, be cancelled upon the payment of ten dollars.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

The total amount involved as principal in the above assessments is $8,855.29. The property affected by these assessments is located in the Borough of The Bronx, at Bathgate Avenue and East 188th street.

The superintendent, Ellen E. Cloak, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $45,455.21, and the expenditure for all objects, $41,026.93, leaving a balance of $4,428.28. There is a mortgage of $90,000 on the property and an indebtedness, unpaid bills, $4.980.17.

Resolved, That upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by St. Joseph's Institute for Improved Instruction of Deaf Mutes, in the Borough of The Bronx:

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a petition of the Archdeaconry of New York of the Protestant Episcopal Church for the cancellation of certain assessments and water charges:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund of the City of New York:

Gentlemen—The Archdeaconry of New York of the Protestant Episcopal Church has presented to you a petition for the cancellation of certain assessments for public improvements and water charges, affecting premises in the Borough of The Bronx, designated on the official tax map, as follows: (1) Section 12, Block 3392, Lot 42; (2) Ward 24, Lot 914-1 of Wakefield; (3) Section 9, Block 2406, Lot 16; (4) Ward 24, Lots 36 and 37 (now 36), McGraw estate; (5) Bronxview Park, Lot 194.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about the following dates:

Lot 42, Block 3392, acquired June 16, 1899;
Lot 914-1 of Wakefield, acquired April 26, 1901;
Lot 16, Block 2406, acquired April 4 and 11, 1902;
Lots 36 and 37 (now 36), McGraw estate, acquired December 15, 1904;
Lot 194, Bronxview Park, acquired June 17, 1907;

that it has owned the above described premises continuously since said dates and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued, except as to Lot 914-1 of Wakefield, which has been only partially exempt during such periods, as will hereafter appear.

Said premises are used for religious and charitable purposes exclusively, except as to Lot 914-1 of Wakefield, a part of which lot is used as a rectory.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation as follows:

Lot 42, Block 3392, exempt for the year 1900 and since;

Lot 914-1 of Wakefield, exempt as to part thereof used as a church since 1903, but not exempt as to part used as a rectory, except to the extent of the usual $2,000 parsonage allowance;

Lot 16, Block 2406, exempt for the year 1903 and since;

Lot 36 and 37 (now 36), McGraw estate, exempt for the year 1906 and since; and

Lot 194, Bronxview Park, exempt for the year 1908 and since.

The assessed valuation of the respective parcels for the year 1913 is as follows:

Lot 42, Block 3392 ..... $10,500 00
Lot 16, Block 2406 ..... 18,000 00
Lots 36 and 37 (now 36), McGraw estate..... 6,500 00
Lot 194, Bronxview Park 9,600 00
Lot 914-1 of Wakefield—
Church 16,000 00
Rectory 2,600 00

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements and water charges were levied against said property and are now open and unpaid on the records of the Department, namely:

1905, McGraw Estate, Lot 36..... 6 00
1906, McGraw Estate, Lot 36..... 9 20

As to Lot 914-1 of Wakefield, it appears that there are erected thereon two connected buildings, used as a church and a rectory respectively. The Department of Taxes and Assessments has exempted the part of the lot regarded as being used for church purposes, and has assessed the part regarded as being used as a rectory, and for that purpose has divided the assessed valuation, but has made no physical apportionment of the lot. Owing to the fact that the buildings are connected, it is impossible to physically change the lines of the tax map so as to separate the church property from the rectory property. For the tax of 1915, as above stated, the assessed valuation of the church is $16,000 and that of the rectory $2,600.

Although the Commissioners of the Sinking Fund have no power, under section 221A of the Charter, to cancel the assessments against said lot, so far as the same affect the rectory, by reason of the fact that the rectory is not entitled to exemption from taxation under article 1, section 4, subdivision 7 of the Tax Law, nevertheless they have the power to cancel such assessments so far as the same affect that part of the lot used for church purposes and exempt under the Tax Law.

A fair adjustment would be to cancel the total amount of the assessments against said lot, upon the payment by petitioner of the proportionate part of such assessments affecting the rectory, such proportionate part to be determined by the relative assessed valuations placed on the church and the rectory by the Department of Taxes and Assessments. The assessed valuation of the church property is approximately 86 per cent. of the total assessed valuation of the lot, and that of the rectory 14 per cent. of the total. The total amount of the principal of the unpaid assessments against said lot is $513.12. On the basis set forth above, these charges should be cancelled upon the payment of 14 per cent. thereof, or $71.84.

The total amount involved as principal in the above assessments and water charges is $1,863.77. The property affected by the foregoing assessments and water charges is located in the Borough of The Bronx, Lot 42, Block 3392, northwest corner of 238th street and Viero avenue, known as St. Stephens Chapel; Lot 914-1 of Wakefield, north side East 219th street, between Carpenter avenue and White Plains road, known as St. George's Chapel; Lot 16, Block 2406, south side East 160th street, west of Melrose avenue, known as St. David's Chapel; Lots 36 and 37 (now lot 36), McGraw estate, east side of Classon Point road, between Westchester and McGraw avenues, known as Chapel of the Atonement; Lot 194, Bronxview Park, northeast corner Barnett place and Louise street, known as St. Martha's Chapel.

In addition to Lot 42, Block 3392, the petitioner has included in its application part of Lot 41 on the same block. Former Lot 41 was a strip fronting on Vireo avenue, a part thereof being between said avenue and Lot 42. It appears that Lot 41 was divided into two lots, Lot 41 of 41 and Lot 41 1-2 of 41. Lot 41 of 41 was part of the strip in front of Lot 42, and was subsequently merged with, and is now a part of, said Lot 42. It appears from the records of this Department that certain assessments against said Lot 41 were included in a tax lien sold to one Samuel Goldsticker on February 19, 1912, represented by transfer of Tax Lien No. 3744. Although, as above stated, part of former Lot 41 is now included in Lot 42, it does not appear that any of the assessments against said Lot 42 hereinbefore enumerated, which it is proposed to cancel, were included in the above transfer of tax lien on Lot 41. As respects Lot 41, however, inasmuch as assessments against the same have been included in such transfer of tax lien, the application of the petitioner, so far as it relates to "part of Lot 41," should be denied.

Petitioner also includes in its application property known as Lot 333, map of Tremont Terrace. From the return of the Collector of Assessments and Arrears it appears that there are no charges open and unpaid against this lot, and for that reason the same is not included in this report.

Rev. George F. Nelson, Archdeacon, has submitted a financial statement made by R. M. Pott, Treasurer, for the year ending November 3, 1910, showing the total receipts from all sources, including balance of $116.30 from the preceding year, to be $6,863.62, expenditures for all objects $6,768.75, leaving a balance of $94.87.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Archdeaconry of New York of the Protestant Episcopal Church, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $81.84.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of eighty-one dollars and eighty-four cents ($81.84), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Archdeaconry of New York of the Protestant Episcopal Church:

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a petition of the Brooklyn Hebrew Orphan Asylum for the cancellation of certain assessments:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—Brooklyn Hebrew Orphan Asylum has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as section 5, Block 1438, Lot 1.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about January 15, 1891; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for the maintenance of an orphan asylum for the care of Hebrew orphan children.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1905, and since, and the assessed valuation for the year 1913 is $292,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Sidewalks, Ralph Avenue, East Side, Between Pacific and Dean Streets" (entered February 28, 1905):	
No. 2, Section 5, Block 1438, Lot 1	$245 76
"Sewer, Dean Street, Between Ralph Avenue and Howard Avenue" (entered September 22, 1908):	
No. 1, Section 5, Block 1438, Lot 1	1,108 70
"Sidewalks, Howard Avenue, West Side Pacific Street to Dean Street" (entered January 2, 1907):	
No. 2, Section 5, Block 1438, Lot 1	196 31

The total amount involved as principal in the above assessments is $1,550.77. The property affected by these assessments is located in the Borough of Brooklyn, on block bounded by Ralph avenue, Pacific street, Howard avenue and Dean street.

The counsel, Meier Steinbrink, in response to a request, has submitted a financial statement for the year ending June 30, 1911, showing the total receipts from all sources to be $76,959.24, and the expenditures for all objects $82,173.18, leaving a deficit of $5,213.94.

Such statement also shows that of the total receipts shown above $52,526.64 thereof was received from The City of New York, and $787.50 from the Board of Education.

It appearing, therfore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien therupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the Brooklyn Hebrew Orphan Asylum, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10.00), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Brooklyn Hebrew Orphan Asylum:

Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a petition of the Sisters of Charity of St. Vincent de Paul and the College of Mt. St. Vincent for the cancellation of certain water charges:

February 20, 1913.

To the Honorable, the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The Sisters of Charity of St. Vincent de Paul and the College of Mt. St. Vincent have presented to you a joint and several petition for the cancellation of certain water charges, affecting premises in the Borough of Manhattan, designated on the official tax map as section 4, block 1033, lots 9 and 52.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner, the Sisters of Charity of St. Vincent de Paul, is a corporation incorporated under the Laws of the State of New York, and that the petitioner, the College of Mt. St. Vincent, is a corporation chartered by the name of the Academy of Mt. St. Vincent by the Board of Regents of the State of New York, the name of said corporation being changed later by said Board to the College of Mt. St. Vincent; that prior to the year 1910 the petitioner, the Sisters of Charity of St. Vincent de Paul, was the owner in fee simple of the above described premises, having acquired the same at various times prior to the last mentioned date; that said corporation, last mentioned, on January 26, 1911, granted and conveyed said premises in fee simple to the petitioner, the College of Mt. St. Vincent, at that time designated the Academy of Mt. St. Vincent; that the petitioner, the College of Mt. St. Vincent has owned the above described premises continuously since the date last mentioned, and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued.

It appears further from said petition that the petitioner, the Sisters of Charity of St. Vincent de Paul, is a corporation organized for benevolent, charitable and educational purposes, and that the petitioner, the College of Mt. St. Vincent is a subsidiary corporation organized by the said Sisters of Charity of St. Vincent de Paul for the purpose of prosecuting and carrying on certain branches of the work of the larger parent corporation, to wit, those branches devoted mainly to educational work; and that the said premises now are and have always been, at all times when the liens hereinafter set forth accrued, used exclusively for the purposes of the corporation, as above set forth.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1910 and since, and the assessed valuation for the year 1913 is: Lot 9, $170,000; lot 52, $150,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following water charges were levied against said property and are now open and unpaid on the records of the Department, namely:

Water Charges.

Holy Cross Academy, Sisters of Charity of St. Vincent de Paul.

1910—Section 4, Block 1033, Lot 9	$69 00
1910—Section 4, Block 1033, Lot 52	82 80
1911—Section 4, Block 1033, Lot 9	119 05
1911—Section 4, Block 1033, Lot 52	84 20

The total amount involved as principal in the above water charges is $355.05. The property affected by these water charges is located in the Borough of Manhattan at No. 342 West 43d street, and No. 349 West 42d street.

The petitioners, through their attorney, Bayard L. Peck, Esq., in order to avoid the delay incident to the consideration of this petition in its regular order, and for the purpose of inducing the Commissioners of the Sinknig Fund to act immediately on the same, has made a proposition to the Comptroller to pay the face of the water charges set forth above, *less interest and penalties,* in full settlement and adjustment of the City's claim therefor.

The only charges which carry penalties are the charges for 1910, such penalties amounting to $19.80 in the aggregate. These penalties were added by the Department of Water Supply prior to the return of said charges to this Department, and such penalties, consequently, are included in the total amounts of the open charges as they appear on the books of this Department. An acceptance of the petitioners' offer, therefore, would involve the deduction of said sum of $19.80 from said principal sum of $355.05 (the total sum of the open charges), leaving the amount to be paid by the petitioners $335.25.

No financial statement, as ordinarily required, has been submitted by the petitioners; but the same is not necessary in this case, in view of their offer, above set forth, to pay the full amount of the face of the open charges, less penalties and interest.

It appearing, therefore, that the petitioners were the actual owners of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioners have presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would therefore, certify my approval of the joint and several applications of the Sisters of Charity of St. Vincent de Paul and the College of Mt. St. Vincent, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $335.25. DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of three hundred and thirty-five dollars and twenty-five cents ($335.25), the Commissioners of the Sinking Fund, by unanimmous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221a of the Charter, to cancel the following water charges levied and assessed against property owned by the Sisters of Charity of St. Vincent de Paul and the College of Mount St. Vincent, in the Borough of Manhattan:

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a petition of the Montefiore Hebrew Congregation, in the Borough of The Bronx, for the cancellation of certain assessments.

February 20, 1913.

To the Honorable, the Commissioners of the Sinking Fund of the City of New York:

Gentlemen—Montefiore Hebrew Congregation has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as Section 10, block 2695, loto 6.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about April 25, 1906; that it has owned the same above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been entitled to exemption from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for religious worship.

It appears from an examination of the Assessment Rolls that said property has been exempt from local taxation for the year 1907 and since and the assessed valuation for the year 1913 is $35,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Opening East 149th Street, from Southern Bouuevard to Harlem River" (confirmed November 20, entered December 14, 1906):	
No. 8982, Block 2695, Lot 6 of 6 of 7 of 13	$9 00
"Opening East 149th Street, from Southern Boulevard to Austin Place" (confirmed May 26, entered November 16, 1908):	
No. 8982, Block 2695, Lot 6 of 6 of 7 of 13	1 20
"Paving Hewitt Place, Longwood Avenue to Leggett Avenue" (confirmed and entered March 5, 1907):	
No. 13, Block 2695, Lot 6	203 13
"Outlet Sewer in Truxton Street, Between East River and Leggett Avenue, Etc." (confirmed and entered December 8, 1911):	
No. 1894, Block 2695, Lot 6	45 00

The total amount involved as principal in the above assessments is $258.33. The property affected by these assessments is located in the Borough of The Bronx, on Hewitt place between Longwood and Leggett avenues.

Although one of the foregoing assessments, to wit: "Opening East 149th street from Southern Boulevard to Harlem River" was confirmed November 20, 1906, and entered December 4, 1906, and, therefore accrued and became a lien prior to the time when the property was first exempted from taxation by the Tax Department (1907), still, in view of the fact that the property was acquired by the petitioner on April 25, 1906, as appears from the petition herein, it was entitled to exemption, by reason of ownership and use, at the time such assessment accrued and became a lien.

The Rev. Alexander Basil, Rabbi, in response to a request, has submitted a financial statement for the year ending October 1, 1911, showing the total receipts from all sources to be $8,514.41 and the expenditures for all objects, $8,439.52, leaving a balance of $74.89.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the Montefiore Hebrew Congregation, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221a of the Charter, to cancel the following assessments levied and assessed against property owned by the Montefiore Hebrew Congregation, in the Borough of The Bronx:

Assessments.

"Opening East 149th Street, from Southern Boulevard to Harlem River" (confirmed November 20, entered December 14, 1906):

"Opening East 149th Street, from Southern Boulevard to Austin Place" (confirmed May 26, entered November 16, 1908):	
No. 8982, Block 2695, Lot 6 of 6 of 7 of 13	1 20
"Paving Hewitt Place, Longwood Avenue to Leggett Avenue" (confirmed and entered March 5, 1907):	
No. 13, Block 2695, Lot 6	203 13
"Outlet Sewer in Truxton Street, Between East River and Leggett Avenue, Etc." (confirmed and entered December 8, 1911):

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a petition of the Corpus Christi Monastery in the Borough of The Bronx, for the cancellation of certain assessments:

February 20, 1913.

To the Honorable, the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—Corpus Christi Monastery has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as section 10, block 2738, lot 1.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same prior to the year 1909; that it has owned the above described premises continuously since said date and is still the owner thereof; and that the same now is and has always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a church, monastery, cloister and burial crypts.

It appears from an examination of the Assessment Rolls that said property has been exempt from local taxation prior to 1912 and since, and the assessed valuation for the year 1913 is $200,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessment.

"Sewer and Appurtenances in Barretto Street, Between Spofford Avenue and Lafayette Avenue" (confirmed and entered December 31, 1912):	
No. 3, Block 2738, Lot 1	$1,295 80

The total amount involved as principal in the above assessments is $1,295.80. The property affected by these assessments is located in the Borough of The Bronx, on Lafayette avenue, between Barry and Tiffany streets.

On November 27, 1912, the Commissioners of the Sinking Fund, by resolution, authorized the cancellation of assessments against this property, amounting in the aggregate to $20,184.22, upon the payment of $10 (see Minutes Commissioners of the Sinking Fund for 1912, page 1047).

The petitioner, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $1,250 and the expenditures for all objects, $8,447.03, leaving a deficit of $7,197.03.

From said statement it appears that the foregoing receipts were made up of two bequests of $750 and $500 respectively; and that the foregoing expenditures comprised the following:

Accrued interest on mortgage for 1912	$3,754 06
Insurance to February 1, 1905	562 50
Repairs, maintenance and improvements	4,130 47

It appears further from said statement that the corporation has no income from the property, and is dependent for all expenses on the benefactions of friends and the sisters' (inmates of the monastery) personal labors.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Corpus Christi Monastery pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10.00.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221a of the Charter, to cancel the following assessments levied and assessed against property owned by the Corpus Christi Monastery, in the Borough of The Bronx:

Assessment.

"Sewer and Appurtenances in Barretto Street, Between Spofford Avenue and Lafayette Avenue" (confirmed and entered December 31, 1912):	
No. 3, Block 2738, Lot 1	$1,295 80

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a petition of the North Presbyterian Church of New York City, for the cancellation of certain assessments and water charges:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—Trustees of the North Presbyterian Church of New York City, has presented to you a petition for the cancellation of certain assessments for public improvements and water charges, affecting premises in the Borough of Manhattan, designated on the official tax map as section 8, Block 2114, Lot 58.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7, of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about January 8, 1904; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now is and has always been entitled to exemption from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a place of public worship and for Sabbath school and parish house purposes only.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1905, and since, and the taxes for 1904 were remitted by the Department of Taxes and Assessments; and the assessed valuation for the year 1912 is $165,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements and water charges were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Broadway, Paving, from West 155th Street to West 169th Street" (confirmed and entered July 2, 1907):
No. 10, Section 8, Block 2114, Lot 58 ..... $45 00

No. 53, Section 8, Block 2114, Lot 58 ..... 42 70

Water Charges.

1904—Section 8, Block 2114, Lot 58 ..... 9 31

The total amount involved as principal in the above assessments and water charges is $97.01. The property affected by these assessments is located in the Borough of Manhattan, north side of 155th st., between Amsterdam avenue and Broadway.

The Treasurer, Robert Gray, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $15,687.34, and the expenditures for all objects, $15,199.87, leaving a balance of $487.47.

The Treasurer also states that bills amounting to $413.38 remained unpaid at the end of said fiscal year, so that the actual balance should have been $74.09.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question, and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Trustees of the North Presbyterian Church of New York City, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221a of the Charter, to cancel the following assessment and water charges levied and assessed against property owned by the North Presbyterian Church of New York City:

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a petition of the Corporation of Emanuel Baptist Church in the Borough of The Bronx, for the cancellation of certain assessments:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—Corporation of Emanuel Baptist Church has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as 24th Ward, Map of Olinville, No. 1, lot 145.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7, of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about July 17, 1888, that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a church,

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1907 and since, and the assessed valuation for the year 1913 is $43,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Temporary Sewers in Former District, South Mt. Vernon" (confirmed and entered April 9, 1907):
No. 1144, Lot 145, Olinville No. 1..... $235 31

"Opening White Plains Road from Morris Park Avenue to City Line" (confirmed January 21, entered June 12, 1908):
No. 3598, Lot 145, Olinville No. 1..... 2,937 83

"Regulating, Grading, Etc., in White Plains Road from Morris Street to City Line" (confirmed and entered March 11, 1909):
No. 150, Lot 145, Olinville No. 1..... 969 76

"Paving in White Plains Road from Morris Street to City Line" (confirmed and entered September 22, 1910):
No. 63, Lot 145, Olinville No.1..... 299 75

The total amount involved as principal in the above assessments is $4,442.65. The property affected by these assessments is located in the Borough of The Bronx, on the westerly side of White Plains road between East 216th and East 219th streets.

Petitioner has included in its application, in addition to said lot 145, two parcels designated respectively as lots 115[1] and 115[3], map of Olinville, No. 1. These two parcels adjoin the church property on the west. It appears, however, that lot of 115[3] is occupied as a rectory, and is not exempt from taxation, except to the extent of the usual $2,000 parsonage allowance, and that lot 115[1] is not used for church purposes, is not and never has been exempt from taxation, and is not entitled to such exemption under article 1, section 4, subdivision 7 of the Tax Law. The Commissioners of the Sinking Fund have no power, under section 221A of the Charter, to cancel the assessments against the lots mentioned. With respect to lots 115[1] and 115[3], therefore, the application should be denied.

The Treasurer, S. W. Benjamin, in response to a request, has submitted a financial statement for the February 1, 1911, year, showing the total receipts from all sources to be $2,245.93, and the expenditures for all objects, $2,421.65, leaving a deficit of $175.72.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the Corporation of Emanuel Baptist Church pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10.00), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Corporation of Emanuel Baptist Church, in the Borough of The Bronx.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a petition of the Church of the Resurrection, in the Borough of Manhattan, for the cancellation of certain water charges:

February 20, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The Church of the Resurrection has presented to you a petition for the cancellation of certain water charges, affecting premises in the Borough of Manhattan, designated on the official tax map as Section 5, Block 1409, Lot 5.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7, of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same prior to 1900; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used for religious services.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1903 and since, and the assessed valuation for the year 1912 is $140,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Water Charges.

1903, Section 5, Block 1409, Lot 5..... $27 60
1904, Section 5, Block 1409, Lot 5..... 16 10
1906, Section 5, Block 1409, Lot 5..... 16 10

The total amount involved as principal in the above water charges is $59.80. The property affected by these assessments is located in the Borough of Manhattan, on East 74th street, between Park and Lexington avenues.

The property covered by this application is not within the territory in which, as a general proposition, the Commissioners of the Sinking Fund will grant applications for exemption on property used for church purposes; but the petitioner, through its Secretary, Charles Lange, as an inducement to the Commissioners to cancel the open charges in this case, has submitted an offer to pay the principal of such open charges, without interest, to wit, the sum of $59.80.

The Treasurer, Charles Lange, in response to a request, has submitted a financial statement for the year ending August 1, 1911, showing the total receipts from all sources (including balance of $1,244.86 from preceding year) to be $5,736.01 and the expenditures for all objects $5,362.65, leaving a balance of $373.36.

Such a statement also contains the following: The balance on hand August 1, 1910, viz., $1,244.86, was in large part contributed to defray expenses to be incurred on account of damages to church in consequence of bursting of water pipe in the neighborhood, costing the church over $1,400, and for which damage there was apparently no recourse. There are unpaid bills amounting to $319.07, which will leave a balance of $54.29 with interest on mortgage $30,500 (6 months at 4 per cent paid annually $610) due October 8, 1911. This church is supported entirely by voluntary contributions, and the present rector receives absolutely no remuneration whatsoever for his services.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the Church of the Resurrection, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $59.80.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of fifty-nine dollars and eighty cents ($59.80), the Commissioners of the Sinking Fund, by unanimous vote hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following water charges, levied and assessed against property owned by the Church of the Resurrection, in the Borough of Manhattan:

Water Charges.

1903, Section 5, Block 1409, Lot 5..... $27 60
1904, Section 5, Block 1409, Lot 5..... 16 10
1906, Section 5, Block 1409, Lot 5..... 16 10

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a petition of the Union Reformed Church of Highbridge, for the cancellation of certain assessments:

February 20, 1913.

To the Honorable, the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—Union Reformed Church, of Highbridge, has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as section 9, block 2518, lot 14.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7, of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in 1865 and 1885, that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the tax law, during the

periods when the liens hereinafter set forth accrued. Said premises are used as a place of worship and Sunday School.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1900 and since, and the assessed valuation for the year 1913 is $31,500.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

The records of the Bureau of Awards show as follows:

"Opening Ogden avenue, from Jerome avenue to Washington bridge, in the 23d and 24th Wards, Bronx. Union Reformed Church of Highbridge, parcels damage Nos. 107, 108, 109; award $4,542.50. Interest from November 18, 1896, to October 15, 1901, on $2,642.50, is $778.21. Total, $5,320.71. Paid November 9, 1901."

The records of said Bureau show further that prior to the payment of the foregoing award to petitioner, certain water charges and assessments aggregating $721.62 were paid, and certain assessments aggregating $77 were cancelled.

The total amount involved as principal in the above assessments is $168.64. The property affected by these assessments is located in the Borough of The Bronx, easterly side of Ogden avenue, between West 168th and West 169th streets.

The pastor, Rev. Simon Blocker, in response to a request, has submitted a financial statement for the fiscal year ending April 1, 1911, showing the total receipts from all sources to be $3,274.59, and the expenditures for all objects, $3,851.65, leaving a deficit of $577.06.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above menioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221a of the Greater New York Charter, and I would, therefore, certify my approval of the application of the Union Reformed Church of Highbridge, pursuant to the provisions of such section of the charter, and recommend the liens, above set forth, be cancelled upon the payment of $10.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That upon the payment of the sum of ten dollars ($10.00), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Union Reformed Church of Highbridge, in the Borough of The Bronx:

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a petition of St. Luke's Hospital, in the Borough of Manhattan, for the cancellation of certain assessments.

February 20, 1913.

To the Honorable, the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—St. Luke's Hospital has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Manhattan, designated on the official tax map as section 7, block 1866, lot 1, formerly known as lots 1 to 24 and 42 to 64 on block 1040, 12th Ward.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law, were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same at various times between February 29, 1892, and April 14, 1892, inclusive; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a hospital.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1893 and since, and the assessed valuation for the year 1912 is $3,000,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"129th Street Outlet Sewer at the Hudson River" (confirmed July 24, entered July 25, 1902):
No. 1735, Section 7, Block 1855, Lot 1..... $72 26
"6th Street Outlet Sewer" (confirmed and entered May 1, 1906):
No. 2165, Section 7, Block 1866, Lot 1..... 178 98

The applicant includes in the application the taxes for the year 1892, but as the property was not owned by it, or used for the purposes of the corporation, on the second Monday of January of that year, it was properly taxable. I do not, therefore, approve of the application in so far as it relates to these taxes.

The total amount involved as principal in the above assessments is $251.24. The property affected by these assessments is located in the Borough of Manhattan, on Amsterdam avenue, 113th street to 114th street.

The report of the Union Trust Company of New York, Assistant Treasurer, in response to a request, has submitted a financial statement for the year ending September 30, 1910, showing the total receipts from all sources to be $338,039.33 and the expenditures for all objects, $351,611.39, leaving a deficit of $13,572.06.

It appears further from said report that the above deficit was made up by the advancement of unrestricted funds from the principal of said institution.

As to the extent of the purely charitable work done by petitioner, and the work for which it receives full or partial compensation, see statement submitted by petitioner, attached hereto, marked "A" and made a part hereof.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221a of the Greater New York Charter, and I would, therefore, certify my approval of the application of St. Luke's Hospital, pursuant to the provisions of such section of the charter, and recommend the liens, above set forth, be cancelled upon the payment of eighty 40-100 dollars.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of eighty dollars and forty cents ($80.40) the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by St. Luke's Hospital, in the Borough of Manhattan:

Assessments.

"129th Street Outlet Sewer at the Hudson River" (confirmed July 24, entered July 25, 1902):
No. 1735, Section 7, Block 1866, Lot 1..... $72 26
"96th Street Outlet Sewer" (confirmed and entered May 1, 1906):
No. 2165, Section 7, Block 1866, Lot 1..... 178 98

The report was accepted and the resolution unanimously adopted.

The following petitions were received from Appollonia Hodges for a release of the City's interest in certain property in the Borough of Richmond:

In the matter of the application of Apollonia Hodges for release of Lots 611, 612, 613, 614, Plot 4, Ward 4, Borough of Richmond, from 1900 tax sale.

To the Commissioners of the Sinking Fund of The City of New York, Borough of Richmond:

Gentlemen—The petition of Apollonia Hodges respectfully shows, alleges and prays as follows:

1. That your petitioner resides at 430 Lafayette street, Borough of Manhattan, City of New York, and that your petitioner became and is seized and possessed of the premises located in the City and State of New York, Borough and County of Richmond, which were formerly described on the Tax Maps of The City of New York as Town of Southfield, Ward 4, Plot 4, Lots 611, 612, 613, 614. That your petitioner and Clara Hodges became seized and possessed of said premises by virtue of a certain deed of Calvin D. Van Name, Referee in foreclosure, to them, dated August 28, 1911, recorded in Richmond County, Liber 311, page 354, and thereafter said Clara Hodges executed a deed of her interest in said property to petitioner, dated September 17, 1912.

2. Upon information and belief that heretofore and without the knowledge of your petitioner, the State of New York did attempt to sell the said premises under a tax sale, and that at said tax sale, which was known as the "Sale of 1900," the said property was bid in by the Comptroller of The City of New York, he believing that the said City of New York had some interest in the premises in question and said premises were therefore conveyed by the State of New York to The City of New York on or about February 10, 1904.

That your petitioner is informed and verily believes that due compliance was not made as to the assessment upon which the tax was based which formed the basis of the said tax sale. That the aforesaid tax was illegal and that the sale thereunder conveyed no real interest in the premises in question, and that the title of The City of New York by virtue of such sale made by the State of New York, is null and void, although the same remains of record as an apparent cloud upon the title of your petitioner.

Wherefore, your petitioner prays that the Comptroller be authorized to execute a release to him of its claim to the premises in question by virtue of said tax sale before mentioned upon payment to the Comptroller of The City of New York of the amount paid by The City of New York on the tax sale before mentioned, plus interest.

That he has read the foregoing petition and knows the contents thereof, and that the same is true to the knowledge of deponent, except as to the matters therein stated to be alleged on informaion and belief, and as to those matters he believes it to be true. That the reason why this affidavit is made by the deponent and not by the petitioner himself is that deponent is attorney for said petitioner, and all of the material allegations of said pleading are within the personal knowledge of deponent.

In connection therewith, the Deputy and Acting Comptroller presented the following report with certificate of the Corporation Counsel, and offered the following resolution:

February 20, 1913.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—Apollonia Hodges in two petitions to the Commissioners of the Sinking Fund, states that she is the owner of certain property in the Borough of Richmond, formerly known as Richmond County, Town of Southfield, Ward 4, Plot 4, Lots 615 and 616, and north half of Lots 603 to 609, inclusive, and Lots 611, 612, 613 and 614.

The records show that the State of New York in the year 1900 purchased these lots for the sum of $175.63, at a sale held for the non-payment of taxes of 1897 and some years prior thereto. In the deed recorded on the 22d day of October, 1904, in the office of the Clerk of Richmond County, the State of New York conveyed among other properties, the lots above mentioned.

It has been the custom of the Commissioners of the Sinking Fund to authorize a release of the interest of The City of New York upon application of the record owners of any of the said parcels, upon payment by them of the amount paid by the City to the State, together with interest at the rate of 6 per cent (6%) per annum, and a fee of $12.50 for the preparation of the necessary papers.

Pursuant to section 205 of the Greater New York Charter, the Corporation Counsel has certified that the interest of the City is a mere cloud upon the title to the property in question.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a release to Apollonia Hodges of the interest of The City of New York in property described on the former tax maps of the County of Richmond, as Richmond County, Southfield, Town of; Ward 4, Plot 4, Lots 615 and 616, and north half of Lots 603 to 609, inclusive, and Lots 611, 612, 613 and 614, acquired under and by virtue of a certain tax deed executed and delivered by the Comptroller of the State of New York to The City of New York, dated February 10, 1904, and recorded in the office of the Clerk of Richmond County in Liber 304 of Deeds, page 313, on October 22, 1904, upon payment by her of the sum of $175.63, together with accrued interest at the rate of 6 per cent. per annum, from December 1, 1900, to the date of the deed, and the additional cost of $12.50 for the preparation of the necessary papers; the deed not to be delivered until all charges for taxes and assessments against the property to be released have been discharged. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

I hereby certify, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, that the interest of The City of New York, in property described on the former tax maps of the County of Richmond as Richmond County, Southfield, Town of, Ward 4, Plot 4, Lots 615 and 616, and north half of Lots 603 to 609, inclusive, and Lots 611, 612, 613 and 614, acquired under and by virtue of a certain tax deed executed and delivered by the Comptroller of the State of New York, to The City of New York, dated February 10, 1904, and recorded in the office of the Clerk of Richmond County in Liber 304 of Deeds, page 313, on October 22, 1904, is a mere cloud upon the title of the owner of said lots, and, therefore, recommend that the interest of The City of New York in said real estate be released by the Commissioners of the Sinking Fund upon such terms and conditions as in their judgment shall seem proper.

Dated New York, January 28, 1913.

G. L. STERING, Acting Corporation Counsel.

Whereas, Apollonia Hodges, in a verified petition addressed to the Commissioners of the Sinking Fund, requests a release of the City's interest in certain property in the County of Richmond, more particularly hereinafter described; and

Whereas, The Corporation Counsel having certified, under date of January 28, 1913, that whatever interest the City of New York may have in the property hereinafter described, is a mere cloud upon the title of the owner of said lots; it is

Resolved, That pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize a release or quit-claim to Apollonia Hodges of whatever interest The City of New York may have in the property described on the former tax maps of the County of Richmond as, Richmond County, Southfield, Town of, Ward 4, Plot 4, Lots 615 and 616, and the north half of Lots 603 to 609, inclusive, and Lots 611, 612, 613 and 614, acquired under and by virtue of a certain tax deed, executed and delivered by the Comptroller of the State of New York to The City of New York, dated February 10, 1904, and recorded in the office of the Clerk of Richmond County in Liber 304 of Deeds, page 313, on October 22, 1904, upon payment by her of the sum of one hundnred and seventy-five dollars and sixty-three cents ($175.63), together with accrued interest at the rate of 6 per cent. per annum, from December 1, 1900, to the date of the deed, and the additional cost of twelve dollars and fifty cents ($12.50) for the preparation of the necessary papers; the deed not to be delivered until all charges for taxes and assessments against the property to be released, have been discharged.

The report was accepted and the resolution unanimously adopted.

The Committee to which was referred the matter of the resolution authorizing a conveyance of the City's interest in certain lands on the easterly side of Park avenue, between 67th and 68th streets, in the Borough of Manhattan, to the Hahnemann Hospital, reported that the Corporation Counsel had not as yet rendered an opinion on the subject, and suggested that the matter be again laid over.

Laid over.

The following communication was received from the Commissioner of Docks recommending the appointment of John M. Phelan, Auditor of the Department of Docks and Ferries, to act on behalf of the City as arbitrator to determine upon a fair and reasonable amount to be paid as rental for the renewal period of the lease to the Erie Railroad Company, of ferry franchise and wharf property in the vicinity of Chambers street, Borough of Manhattan.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 20, 1913.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a petition of the Presbyterian Hospital in The City of New York, for the cancellation of certain water charges:

February 24, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The Presbyterian Hospital in The City of New York has presented to you a petition for the cancellation of certain water charges, affecting premises in the Borough of Manhattan, designated on the official tax map as Lot 21, Block 1385, Section 5.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7, of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about June 13, 1868; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said porvision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a hospital.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1881 and since, and the assessed valuation for the year 1912 is $2,500,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following water charges were levied against said property and are now open and unpaid on the records of the Department, namely:

Water Charges.

1881	$132 25
1882	132 25
1883	132 25
1884	132 25
	$529 00

The total amount involved as principal in the above water charges is $529. The property affected by these water charges is located in the Borough of Manhattan, at Madison avenue, between East 70th and East 71st streets.

It appears from a statement submitted by DeForest Brothers, attorneys for petitioner, that 68 per cent. of the work done by the hospital is purely charitable, and that 32 per cent. is semi-charitable, in the sense that such 32 per cent. is charged $1.50 a day, while the cost of this 32 per cent. is $3.36 a day; that the average number of patients receiving absolutely free treatment per day is 127, and the average number paying on the above semi-charitable basis is 71 a day, and that the same proportion applies as to the occupation of beds, there being 211 ward patients, of which 68 per cent. are absolutely free and the balance semi-charitable. These figures are stated to be based on the last fiscal year's work.

The petitioner, in response to a request, has submitted its 42d annual report for the year ending September 30, 1910, showing the total receipts from all sources to be $193,866,59, and the expenditures for all objects $316,424.50, leaving a deficit of $122,-557.91.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued, and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of The Presbyterian Hospital in The City of New York, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of seventy-four dollars and six cents.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of seventy-four dollars and six cents ($74.06), the Commissioners of the Singing Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following water charges levied against property owned by the Presbyterian Hospital in the City of New York, and designated on the official tax map as Lot 21, Block 1385, Section 5, Borough of Manhattan:

Water Charges.

1881	$132 25
1882	132 25

1883	132 25
1884	132 25
	$529 00

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a petition of the J. Hood Wright Memorial Hospital (Manhattan Dispensary) for the cancellation of certain assessments:

February 21, 1913.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—J. Hood Wright Memorial Hospital (Manhattan Dispensary) has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of Manhattan, designated on the official tax map as Section 7, Block 1986, Lot 28.

This application is made pursuant to the provisions of section 221a of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7, of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in 1895; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now is and has always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used for charitable purposes.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1888 and since, and the assessed valuation for the year 1912 is $100,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

"Amsterdam Avenue, Paving" (confirmed and entered May 26, 1893):	
Nos. 9 to 12 and 136, Section 7, Block 1986, Lot 28	$870 33
"130th Street, Outlet Sewer" (confirmed and entered February 28, 1895):	
No. 663-7, Section 7, Block 1986, Lot 28	16 66
"Amsterdam Avenue, Flagging" (confirmed and entered July 14, 1896):	
No. 1, Section 7, Block 1986, Lot 28	250 73
"155th Street, Viaduct" (confirmed and entered December 15, 1897):	
No. 10702, Section 7, Block 1896, Lot 28	49 78
"130th Street, Regulating and Grading" (confirmed and entered June 23, 1898):	
No. 171, Section 7, Block 1986, Lot 28	63 21
"129th Street, Outlet Sewer" (confirmed July 24, entered July 25, 1902):	
No. 1188, Section 7, Block 1986, Lot 28	17 50
"Riverside Drive and Parkway Opening, from 135th Street to Boulevard Lafayette" (confirmed April 27, entered June 14, 1910):	
No. 11065, Section 7, Block 1986, Lot 28	1 00

The total amount involved as principal in the above assessments is $1,269.21. The property affected by these assessments is located in the Borough of Manhattan, at 131st street and Amsterdam avenue.

This property was first acquired for hospital purposes in 1862. When it was first exempted by the Tax Department in 1888 it was so used, and was known as the "Manhattan Dispensary." The Manhattan Dispensary was succeeded in 1895 by the petitioner, who thereupon became the owner of said property; and, therefore, the property has been used continuously since 1888 and, prior thereto, for charitable purposes.

The Treasurer, W. H. Remick, in response to a request, has submitted a financial statement for the year 1910, showing the total receipts from all sources to be $37,795.39, including cash balance of $3,256.29 from preceding year, and the expenditures for all objects $37,550.74, leaving a balance of $244.65.

The report of the board of managers of said institution for the year ending September 30, 1912, states:

"Eliminating private room patients, 83 per cent., or 1,033 cases in our wards, were this year literally free patients; 176, or 17 per cent., had friends willing to contribute in part for treatment; there were 15,407 days treatment for all patients; 14,833 to ward patients; of these, 13,166, or over 88 per cent., were free, leaving 12 per cent. partly paid for."

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the J. Hood Wright Memorial Hospital (Manhattan Dispensary), pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of one hundred and fifty-two dollars and thirty-one cents.

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of one hundred and fifty-two dollars and thirty-one cents ($152.31), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by the J. Hood Wright Memorial Hospital (Manhattan Dispensary), in the Borough of Manhattan:

Tentative plans were received from the Commissioner of Docks with reference to long piers with proposed alternative locations and estimate of expenses for the different locations.

Laid over.

The Deputy and Acting Comptroller asked for and received unanimous consent for the consideration of the following:

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City, of premises at No. 51 Chambers street, Borough of Manhattan, for use of the Building Committee of the Board of Aldermen:

February 26, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—The Building Committee of the Board of Aldermen is desirous of renting quarters in the Emigrant Industrial Savings Bank Building, 51 Chambers street, Borough of Manhattan. The Superintendent of this building has offered to lease to them, rooms 926 and 927, on the 9th floor, at the rent of $100 a month, and will furnish two dozen arm chairs, two eight-foot tables, one four-foot double flat top desk and one six-foot table desk, for use of the Clerks to be employed by the said Committee.

These rooms contain an area of 781 square feet, and the rent asked is at the rate of $1.53 a square foot.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize the Comptroller to pay to the Emigrant Industrial Savings Bank, without the necessity of entering into a lease therefor, rent at the rate of $100 per month, for the use of rooms 926 and 927 in the Emigrant Industrial Savings Bank Building, 51 Chambers street, Borough of Manhattan, by the Building Committee of the Board of Aldermen, from month to month, for a period not to exceed four months, from March 1, 1913. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to the Emigrant Industrial Savings Bank, without the necessity of entering into a lease therefor, rent at the rate of one hundred dollars ($100) per month, for the use of rooms 926 and 927 in the Emigrant Industrial Savings Bank Building, No. 51 Chambers street, Borough of Manhattan, by the Building Committee of the Board of Aldermen from month to month, for a period not exceeding four months from March 1, 1913.

The report was accepted and the resolution unanimously adopted.

Representatives of the Municipal Art Commission appeared before the Board and were heard in opposition to the proposed removal of the office of the Commission from the City Hall to the New Municipal Building.

It was the sense of the Board that the Municipal Art Commission should be allowed to remain in the City Hall, if possible, and on motion, the matter was referred back to the Committee on Allotment of Space in the New Municipal Building, with a recommendation that the matter be reconsidered with a view of finding a way, if possible, to meet the objections of the Commission.

The Deputy and Acting Comptroller moved that when the Board adjourns it adjourn to meet on Wednesday, March 5, 1913, for the consideration of such matters on the calendar as were not disposed of and such other matters as may be ready.

Motion carried.

Adjourned. JOHN KORB, JR., Secretary.

Proposed Form of Contract.

This Contract, made this day of , 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Stock Quotation Telegraph Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors under the streets and avenues within the Borough of Manhattan and the portion of the Borough of The Bronx lying west of the Bronx River, and to lay, construct, maintain and operate suitable wires or other electrical conductors, and the necessary conduits for the same, under the streets and avenues within the Borough of Brooklyn, and the Borough of Queens, for the purpose of electrically connecting its offices with each other and with other offices and with subscribers, so as to allow of the collection and exchange by means of telegraph instruments, commonly known as "Morse instruments," of general news, financial news and other matters of general interest, and the distribution of the same over the said wires and cables to printing telegraph instruments, commonly known as "stock tickers," and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits, and on bridges, for the purposes aforesaid, shall be held and enjoyed by the Company for the term of fifteen (15) years from January 1, 1913, with the privilege of renewal of said contract for a further period of ten (10) years, upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year after the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

1. The sum of ten thousand dollars ($10,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor.

2. The further sum of five thousand dollars ($5,000) in cash for use and occupation of the streets of the City since October 4, 1911, to be paid within thirty (30) days after the signing of this contract by the Mayor.

3. During the first term of five years, an annual sum which shall in no case be less than forty-five hundred dollars ($4,500) and which shall be equal to three (3) per cent. of its gross annual receipts within the City, exclusive of rentals from its building or buildings, if such percentage shall exceed the sum of forty-five hundred dollars ($4,500).

4. During the second term of five (5) years, an annual sum which shall in no case be less than six thousand dollars ($6,000), and which shall be equal to four (4) per cent. of its gross annual receipts within the City, exclusive of said rentals, if such percentage shall exceed the sum of six thousand dollars ($6,000).

5. During the remaining term of this original contract, an annual sum which shall in no case be less than seventy-five hundred dollars ($7,500), and which shall be equal to five (5) per cent. of its gross annual receipts within the City, exclusive of said rentals, if such percentage shall exceed the sum of seventy-five hundred dollars ($7,500).

6. Such further sum or sums as may be imposed by the Bridge Commissioner for the use of such bridge or bridges under his jurisdiction as he may permit.

The annual charges shall commence from the date on which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date, and provided further that the first annual payment thereafter shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever he percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose, unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electrical system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and the proper restoration of the surface of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Upon completion of any work or construction, the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract, and the location and dimensions of all substructures encountered during the progress of the work; the depth below the street surface of the new structures and of the substructures encountered must be shown, also their location with reference to the nearest curb line and the nearest curb line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues, in any department of the City or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, conductors, connections, instruments and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, conductors, connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). In the Borough of Manhattan and that portion of the Borough of The Bronx west of the Bronx River, such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City, should it succeed to the rights of such company or companies. In the other territory in which the Company is authorized to operate by virtue of this contract, it may construct such subways as are necessary for the accommodation of its cables and wires and no more. If the City shall construct or acquire subways for electrical conductors of the character or tension of those used by the Company or similar companies, in any or all of the Boroughs, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be necessary and available for the operation of the system hereby authorized. No cables or wires shall, in the future, be strung above the surface of the streets and avenues by the Company, and those at present in existence shall be removed and placed underground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—The use of any bridge under the jurisdiction of the Department of Bridges shall be at the discretion of the Bridge Commissioner and in accordance with such terms and conditions and upon such reasonable charges as he may prescribe.

Tenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant. Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets required on account of the construction or operation of the underground conduits herein authorized to be placed in the streets, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the right hereby granted to lay and maintain conduits shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move its conduits and their appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the Company is hereby authorized to operate be changed at any time during the term of this contract, or any renewal thereof, the Company shall, at its own expense, change its conduits and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets or avenues the Company shall take care of and protect its conduits and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Thirteenth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is authorized to operate, by this contract, not in arrears to it for service already rendered, extend its wires to such premises and furnish news or other service to such individual or corporation, provided that such premises are not more than one-half mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-ninth—The words "streets and avenues" or "streets or avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is hereby authorized to operate.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Sec. 3. It is understood that this contract is made without prejudice to any rights which the Company may have heretofore acquired, if any, to operate a telephone, telegraph or ticker business. However, the Company shall not exercise any right or privilege other than that herein authorized and recognized, and in accordance with the terms of this contract, except after final judicial determination in an action to which the City is made a party.

Sec. 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained, unless and until, in an action brought or conducted as hereinbefore provided, the courts shall finally determine that the Company had heretofore acquired the right to carry on its business as now conducted without the necessity of obtaining this franchise or consent from the City.

The Company further promises, covenants and agrees that in the event of a decision in its favor in any action brought, as provided in section 3, it will not claim or attempt to claim or demand any damage, penalty or recompense from The City of New York for any expense, expenditures, suits or other disadvantage incurred by it because of the entering into this contract with The City of New York, and hereby expressly waives and surrenders to the City any such claim or demand.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

New York, February 27, 1913. m1,13

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment, held this day, the following resolutions were adopted:

Whereas, The Brooklyn and North River Railroad Company has under date of January 8, 1912, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double-track street surface railway upon and along Flatbush avenue extension, from Fulton street to Nassau street, Borough of Brooklyn, and upon and over the Manhattan Bridge and its approaches to and connecting with existing tracks in Canal street, Borough of Manhattan; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 11, 1912, fixing the date for a public hearing thereon as May 9, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The Times" and "New York Press," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Brooklyn and North River Railroad Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Brooklyn and North River Railroad Company, containing the form of the proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Brooklyn and North River Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This Contract, made this day of 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Brooklyn and North River Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Brooklyn Heights Railroad Company, the Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and the Coney Island and Brooklyn Railroad Company did, on December 15, 1911, enter into a so-called participating agreement, as follows:

The Brooklyn Heights Railroad Company, the Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and Coney Island and Brooklyn Railroad Company (called participating companies) agree to unite in organizing New Company for purpose of constructing and operating a line running generally from North River via Canal street, Manhattan Bridge and Flatbush Avenue Extension to Fulton street—called Local Railroad—and between termini of Bridge, called Bridge Line.

Capital to be sufficient for construction and equipment of line and to be subscribed for in following proportions by participating companies:

Brooklyn Heights R. R. Co. and Nassau Electric R. R. Co., 25 per cent.

Metropolitan Street Railway Co., 25 per cent.

Third Avenue R. R. Co. and Dry Dock, East Broadway and Battery Railroad Company, 25 per cent.

Coney Island and Brooklyn Railroad Co., 25 per cent.

Fare to be five cents for one continuous ride, except that fare on Bridge Line only will be three cents, with two tickets for five cents.

For fare of five cents on Local Railroad each passenger to be entitled to one transfer to intersecting lines of participating companies, and intersecting lines of participating companies to issue transfers to Local Railroad on payment of five-cent fare. No transfers to be issued upon transfers by Local Railroad, and none by participating companies.

Inasmuch as the principal portion of the business of the Local Railroad is likely to be traffic represented by transfers issued or received on said Local Railroad, and issued or received by said participating companies, in addition to the traffic now carried by said participating companies exclusively, but likely to be diverted to said Local Railroad, and any satisfactory division of receipts from such traffic and of the expense of hauling such traffic is impossible of determination in advance between the New Company and each of the participating companies, therefore, in order to procure the co-operation of all of said participating companies the following arrangement is agreed upon, to wit:

Each participating company shall retain the fares collected upon its lines and represented by transfers to the Local Railroad, and shall have the right to redeem the transfers received by it from the Local Railroad at the minimum rate of 1⅔ cents per transfer thus redeemed.

If, however, at the end of any year's operation any of the participating companies should not be satisfied that the aforesaid minimum rate for the redemption of transfers received by it from the Local Railroad is sufficient, then the New Company shall increase the redemptive value of such transfers to a rate that may be equitable, but not to exceed two cents for transfers thus redeemed, and provided said increased rate thus established shall leave remaining a profit of at least ten (10) per cent. on the stock of the New Company from the operations of its railroad, and in the event that there should be any difference between any such participating company and the New Company as to the rate at which such transfers received from the Local Railroad by the participating companies should be redeemed, such difference shall, at the option of either party, be determined by arbitration in the usual manner, but such arbitration shall not fix the aforesaid redemptive rates at less than 1⅔ cents nor more than two cents per transfer.

Edward A. Maher, General Manager for the Receiver, Third Avenue Railroad Co.; S. W. Huff, President, Coney Island and Brooklyn Railroad Company; T. S. Williams, President, The Brooklyn Heights Railroad Company; C. D. Meneely, Vice-President, The Nassau Electric Railroad Company; Adrian H. Joline, Douglas Robinson, as Receivers Metropolitan Street Railway Company; Edward A. Maher, General Manager for Receiver, Dry Dock, East Broadway and Battery Railroad Company.

December 15, 1911.

Whereas, The New Company provided for in said agreement has been organized by a certificate of incorporation filed in the Office of the Secretary of State on December 30, 1911, under the name of the Brooklyn and North River Railroad Company;

Now, therefore, in consideration of the making of such participating agreement by the said companies, and of the terms thereof, particularly those which relate to the through operation of cars by the New Company from North River, Borough of Manhattan, to Fulton street, Borough of Brooklyn, and the issue and receipt of transfers for a single fare of five (5) cents, and for the purpose of enabling such through operation, issue and receipt of transfers, and in further consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the following rights and privileges:

First—To construct, maintain and operate a double track street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers and property in the Boroughs of Manhattan and Brooklyn, in the City of New York, upon the following route, to wit:

Beginning at a point in Flatbush Avenue Extension at its intersection with Fulton street; thence in and upon Flatbush Avenue Extension to its intersection with Nassau street; thence in, upon and across Nassau street to the northerly side thereof, to a point where connection can conveniently be made with the tracks upon the Manhattan Bridge to be used by the Company, all in the Borough of Brooklyn.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route. Provided, however, that nothing in this contract shall be construed as permitting the construction or existence of more than a double track street surface railway in any portion of the route above specified.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"The Brooklyn and North River R. R. Co. Map showing proposed railways of the Brooklyn and North River R. R. Co., in the Boroughs of Brooklyn, Manhattan, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated January 3, 1912,"

—and approved by Edward A. Maher, President, and Henry J. Kolb, Civil Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Second—To operate the cars of the Company on two tracks when constructed upon the Manhattan Bridge and approaches thereto; such tracks to be assigned to the Company by the Commissioner of Bridges, beginning at a point on the northerly side of Nassau street, where connection can conveniently be made with above tracks in Nassau street; thence upon and along land acquired for the Manhattan Bridge terminal in the Borough of Brooklyn, to the approach to the Manhattan Bridge; thence upon and along said approach to the Manhattan Bridge; thence upon and along the Manhattan Bridge to the approach thereto in the Borough of Manhattan; thence upon said approach to land acquired for the Manhattan Bridge terminal in the Borough of Manhattan; thence upon and along said land to Canal street, and there connecting with the existing tracks or tracks to be substituted therefor in Canal street.

The said route is more particularly shown on the map hereinbefore referred to.

The routes described in paragraphs first and second of this section are to be operated by the Company as a part of a continuous route running from the intersection of Flatbush avenue and Fulton street, in the Borough of Brooklyn, along the Flatbush avenue extension to and across the Manhattan Bridge and its approaches to Canal street, in the Borough of Manhattan, and by means of trackage agreements with other companies along Canal street and other streets to the Desbrosses Street Ferry at the North River.

The said continuous route is shown by red and blue lines on the map hereinbefore referred to.

Third—To operate a local service between the termini of the Manhattan Bridge upon the two tracks referred to in Section 1, Second.

Sec. 2. The grant of the right or privilege to construct, maintain and operate said railway in and upon Flatbush Avenue Extension from Fulton street to the northerly side of Nassau street, is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said six (6) months, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—Nothing in this consent shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions in and upon said Flatbush Avenue Extension from Fulton street to the northerly side of Nassau street,

and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company upon said Flatbush Avenue Extension.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company, upon said Flatbush Avenue Extension, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon said Flatbush Avenue Extension, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to continue such operation until this contract, or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Third—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—The Company shall commence construction of the railway herein authorized within six (6) months from the date upon which the consents of the property owners are filed with the Board, or from the date of the order of the Appellate Division of the Supreme Court, made pursuant to section 174 of the Railroad Law, confirming the determination of the commissioners appointed thereunder that such railway ought to be constructed, and shall complete the construction and place the same in full operation within twelve (12) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court, or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Fifth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued, such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Sixth—The portion of said railway in the Borough of Manhattan and upon the Manhattan Bridge and its terminals shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan; or by electric storage battery power; provided that any other power may be used, except locomotive steam power, horse power or overhead electric power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York. The portion of said railway in the Borough of Brooklyn, except upon the Manhattan Bridge and its terminals, may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Brooklyn; or by electric storage battery power; provided that any other power may be used, except locomotive steam power or horse power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Seventh—No wires for the transmission of power, except trolley wires, shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) conduits not less than three (3) inches in diameter each, for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City, as above.

Eighth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Ninth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of Brooklyn, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Tenth—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Sec. 3. The grant of the right or privilege to operate cars upon two (2) tracks of the Manhattan Bridge and the approaches thereto, upon the route hereinbefore described, and to use other equipment owned by the City upon said bridge is subject to the following conditions, which shall be complied with by the Company:

First—The Company shall use only such tracks and terminal facilities as shall be assigned to the Company by the Commissioner of Bridges, and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks and terminal facilities to such individual or other corporation.

Such tracks, terminal facilities and all electrical equipment necessary for the operation of cars thereon shall be originally installed at the expense of the City, and shall remain the property of the City, but the Company shall pay the cost of keeping and maintaining such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges for the operation of its cars, and the Company shall renew any or all tracks and electrical equipment used by it upon the bridge and its terminals when directed by the Commissioner of Bridges, and in such manner as may be prescribed by him. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars; such system to be approved by the Commissioner of Bridges. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge, in order to facilitate operation of cars by the Company, said Company shall do all the work and furnish all the labor, material and tools necessary for effecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks, terminal facilities and appliances herein mentioned are used by any other individual or corporation, then the Company shall bear only such proportion of the cost or work required by the terms and conditions of this subdivision as the use of such track, terminal facilities and appliances by the Company bears to the entire use of such tracks, terminal facilities and appliances.

Second—Before beginning the operation of the cars, the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate, and a sketch showing clearance dimensions, weight on axles and wheel spacing, or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company, and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges, or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any old or inadequate appliance and the substitution therefor of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platform and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Third—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge, or to affect in any way the control of said Commissioner over such bridge as provided by the Charter of the City.

Sec. 4. The grant of the said rights and privileges to construct, maintain and operate a street surface railway in and upon Flatbush Avenue Extension from Fulton street to the northerly side of Nassau street upon the route hereinbefore described, and upon the Manhattan Bridge and approaches thereto upon the route hereinbefore described, are both subject to the following conditions, which shall be complied with by the Company:

First—The said rights and privileges shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years upon a fair revaluation of the right and privilege to operate over such continuous route and for the right to use the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, and the terminal loop or other terminal facilities which are the property of the City and used by the Company.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding fifteen (15) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of fifteen thousand dollars ($15,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years, an annual sum which shall in no case be less than four thousand dollars ($4,000), but which shall be equal to three (3) per cent. of its gross receipts if such percentage shall exceed the sum of four thousand dollars ($4.000).

During the remaining term of five (5) years, an annual sum which shall in no case be less than seven thousand dollars ($7,000), but which shall be equal to five (5) per cent. of its gross receipts if such percentage shall exceed the sum of seven thousand dollars ($7.000).

The gross annual receipts mentioned above shall be the gross receipts from all sources within the limits of the City, less the sum or sums paid for the redemption of transfers issued, pursuant to this contract, by the Company to the intersecting or contiguous lines of the companies which are parties to the participating agreement dated and executed December 15, 1911, hereinbefore referred to, viz.:

The Brooklyn Heights Railroad Company, the Nassau Electric Railroad Company, the Metropolitan Street Railway Company, the Third Avenue Railroad Company, the Dry Dock, East Broadway and Battery Railroad Company and Coney Island and Brooklyn Railroad Company, or the successor companies of either or any of them.

The rate for such redemption shall not in any case exceed two (2) cents for each transfer so issued and redeemed.

(c) For the use of the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, the sum of five cents for each round trip, or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of cars shall be certified by the Commissioner of Bridges to the Comptroller once each month, in such form as shall be designated by the Comptroller.

(d) The Company shall pay to the City four (4) per cent. per annum upon the cost of any terminal loops or other terminal facilities which are the property of the City and used by the Company; provided, however, that if such terminal facilities are used by any other company or companies, then the Company shall pay only such portion of four (4) per cent. per annum as shall be proportionate to the use of such facilities by the Company. The Commissioner of Bridges shall determine such amounts due the City and certify the same to the Comptroller.

The annual charges shall commence on November 13, 1912.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said agreement, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Sixth—The rate of fare for any passenger upon the railway hereby authorized shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control to any other point thereof or any connecting branch thereof within the limits of the City.

The rate of fare upon the Manhattan Bridge between the termini thereof shall in no case exceed three (3) cents for each single fare. The Company shall, however, at all times sell and have for sale tickets at the rate of two tickets for five (5) cents, each of which shall entitle a passenger to transportation across the said bridge between the termini thereof.

It being the intention and of the essence of this contract:

1. That the railway hereby authorized shall be operated by the Company as part of a continuous line from Fulton street, Brooklyn, to Desbrosses Street Ferry, Manhattan, under the franchise, rights and privileges herein granted and on the route herein specified, and from the termination of the route herein specified at the terminal of the Manhattan Bridge, in the Borough of Manhattan, to Desbrosses Street Ferry, in said Borough, by way of Canal street and other necessary streets, under trackage agreements with such of the companies named in the participating agreement hereinbefore referred to, or the successor companies of either or any of them, as hold valid franchises to operate on said Canal street and such other necessary streets.

2. That transfers shall be exchanged for a single fare between the through or continuous line of railway to be operated as above, and the intersecting lines in the Borough of Manhattan, and intersecting or contiguous lines in the Borough of Brooklyn, of such participating companies and the successor companies of either or any of them.

—it is further provided that the rate of fare for any passenger from any point on such

through or continuous line operated by the Company to any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Manhattan which intersects such through or continuous line, and to any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Brooklyn, which intersects or is operated on a route or routes within five hundred feet of the Brooklyn terminus of said through or continuous line, and from any point on any line of any of the participating companies and the successor companies of either or any of them operating in the Borough of Manhattan, which intersects such through or continuous line operated by the Company, and from any point on any line of any of the participating companies and the successor companies of either or any of them in the Borough of Brooklyn, which intersects or is operated on a route or routes within five hundred feet of the Brooklyn terminus of the said through or continuous line operated by the Company to any point on such through or continuous line operated by the Company, shall not exceed five (5) cents, and for this purpose transfers shall be issued and received by the Company and the participating companies and the successor companies of either or any of them upon payment of said single fare of five (5) cents. But neither the Company nor any of the participating companies shall by this contract be required to issue transfers upon transfers or more than one transfer for said single fare of five (5) cents, nor shall the Company be required by this contract to issue transfers upon the payment of said single fare of three cents or to any passenger tendering a ticket, as above provided, for transportation upon the local service between the termini of the Manhattan Bridge.

The Company shall carry free upon the railway hereby authorized during the term of this contract, all members of the Police and Fire Departments of the City when such employees are in full uniform.

Seventh—No cars shall be operated upon the railway hereby authorized other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway. Provided that no cars for the transportation of express matter shall be operated between the hours of 6 oclock a. m. and 8 oclock p. m. daily, and that the Board may further limit the operation of such cars as public convenience may require.

The rate for the carrying of property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such services than provided for by it.

Eighth—(a) The Company, within three (3) months after the signing of this contract by the Mayor, shall itself execute and procure the execution by the other companies of trackage agreements for the use of such tracks of the companies named in the participating agreement hereinbefore referred to or the successor companies of either or any of them on Canal street and other streets in the Borough of Manhattan as may be necessary for the through operation of its line between Fulton street, Borough of Brooklyn, and Desbrosses Street Ferry, Borough of Manhattan, and shall within the same time file sworn copies of such agreement with the Board.

(b) The Company shall commence through or continuous operation of the railway from Fulton street, Borough of Brooklyn, to Desbrosses Street Ferry, Borough of Manhattan, within the time fixed by this contract for the completion of construction and commencement of operation of the railway herein authorized, and shall continue such through or continuous operation throughout the entire term of this contract, whether original or renewal.

(c) The Company shall carry passengers on its through or continuous line and issue and receive transfers to and from the lines of the participating companies or the successor companies of either or any of them, for a single fare of five (5) cents, as provided by subdivision sixth of this section.

In the event of the failure of the Company to do or perform any of the acts or requirements contained in this subdivision and designated as a, b and c, respectively, and within the time specified, the franchise, rights and privileges hereby granted shall cease and determine and such *ipso facto* forfeiture shall not be waived, prevented or affected in any way by the inability of the Company to procure the execution by any participating company or the successor companies of either or any of them of the trackage agreements, the invalidity of such agreements when executed, the failure or refusal of any participating company or the successor companies of either or any of them to issue or receive transfers, or by the invalidity of the participating agreement dated and executed December 15, 1911, and hereinbefore referred to.

Ninth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter during the term of this contract be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Tenth—All cars which are operated on said railways shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eleventh—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Twelfth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Thirteenth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon the request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.

7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.

17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Fourteenth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Fifteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, except where an *ipso facto* forfeture is provided for, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Sixteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Seventeenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Eighteenth—This grant is upon the express condition that the Company within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars ($10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders and wheel-guards, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars ($10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Nineteenth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twentieth—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement" encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Twenty-first—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 5. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 6. This grant is also upon the further and express condition that the provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 7. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part by its officers thereunto duly authorized has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
