SCHOOL FOR NURSES.

THE COMMISSIONERS OF PUBLIC CHARITIES and Correction purpose opening a School for Nurses, at Charity Hospital, on the first day of August next. It is their design to offer to worthy young women, between the ages of twenty and thirty-five, the opportunity to acquire proficiency in a pursuit, which is at once honorable, useful, and remunerative, by educating them in the profession of Nursing. Every effort will be made to elevate the occupation, by a course of careful instruction from competent teachers, and by considerate and generous treatment of the pupils. The course of training will occupy two years, and will embrace lectures upon nursing, food, ventilation, midwifery, and all subjects connected with nursing.

The lectures will be given by Physicians connected with the Hospital, and will include a course of twelve lectures upon each subject every six months, and frequent instruction at the bedside.

At the expiration of two years the Nurses will be examined by a Committee of Physicians, and those who are competent and qualified will receive a diploma, signed by the Commissioners of Charities and Correction and the Examining Committee.

Applications, stating name in full, age, and names of Clergyman and Family Physician, should be addressed to JOSHUA PHILLIPS,

TO CONTRACTORS.

PROPOSALS FOR FURNISHING FRESH BURNT ENGLISH PORTLAND CEMENT.

Sealed proposals for furnishing this material, endorsed as above, and addressed to "Salem H. Wales, President of the Department of Docks," will be received at this office until 11 o'clock A. M. of Monday, June 21, 1875, at which time the bids will be publicly opened and read. The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be well prepared for the business, and shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance.

The Cement required under the contract must be Fresh Burnt English Portland Cement, and fully up to the standard of the best brands imported, and average at least 400 pounds gross weight to the barrel. No Cement will be received that shall have been ground or burnt for a longer period than one month prior to the date of the sailing of the vessel on which it is shipped, and the manufacturer's certificate of date of manufacture will be required with each delivery, and said date must be marked on each barrel with a stencil plate.

The quantity to be delivered under the contract is 5,000 barrels, of which at least one-half will be required to be delivered to the Department within sixty days after the date of signing the contract, the delivery to commence within thirty days after said date; and the time allowed for the fulfillment of the contract will be three months from the date of its execution, and a penalty of fifty dollars per day, as liquidated damages, will be exacted for each day the contract may be unfulfilled after the said time has expired, Sundays and holidays only to be excepted.

Bidders will state in the following proposals the price for each barrel of Cement, by which the bids will be tested. The price is to cover all expenses necessary for the complete fulfillment of the contract.
Should the lowest bidder or bidders neglect or refuse to accept the contract within forty-eight (48) hours after written notice that the same has been awarded to him or their bid, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their proposals their names and places of residence; also that the bid is made without any connection with any other person making any estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

No proposal will be received unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as sureties for its faithful performance; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, taken before a Judge of any Court of Record in this county, that each is a householder or freeholder in the City of New York, and is worth the amount of the security required for the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith. The adequacy and sufficiency of the sureties offered to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.
