COMPTROLLER'S OFFICE,  
April 24, 1893.

*To the Board of Estimate and Apportionment :*

At the meeting of this Board on April 7, 1893, there was referred to the Comptroller a communication from the Commissioner of Public Works requesting an issue of bonds to the amount of \$50,000 under the authority of chapter 189 of the Laws of 1893, being "An act to provide for the sanitary protection of the sources of the water supply of the City of New York."

The act provides that the salaries and compensation of the persons employed to carry out the provisions of the act, in preparing the necessary surveys, plans and estimates, and in directing, supervising and inspecting the work done, together with the other necessary expenses, shall be paid by the Comptroller upon the certificates of the Commissioner of Public Works, who is authorized to acquire or take title to all or any real estate, or to acquire or extinguish any interest therein that may be necessary for the sanitary protection of the city's water supply in Westchester, Putnam and Dutchess Counties. The maps and statements to be prepared of the various water courses and the parcels of real estate that are on or near these sources of water supply, are to be certified by the Commissioner of Public Works, filed in his office, and to be open for inspection; and these maps and statements are to be so detailed in preparation that they shall be the maps according to which the Commissioner shall acquire, take, or extinguish the real estate and interests thereon. And the authority is also granted to enter upon any land for the purpose of making such surveys, etc. A duplicate copy of each of these maps is to be filed in the office of the County Clerk or Registrar of each county where the real estate as thereon shown shall be located.

The Commissioner of Public Works, with the approval of the Board of Estimate and Apportionment, may agree with the owners or persons interested as to the compensation to be paid for any real estate as laid down on these maps; and should the property to be taken belong to the State, or to a town, or to a school district, the amount of compensation to be paid therefor may be determined upon agreement between the Commissioner of Public Works and the Commissioners of the Land Office, or the supervisors of any such town, or the trustees of the school district.

Commissioners of Appraisal are to be appointed, upon application of the Counsel to the Corporation, by the Supreme Court of the Second Judicial District, who are to determine the compensation to be made to the owners, etc., of the real estate on these maps as proposed to be taken, the application for the confirmation of the report of the Commissioners to be made to the Supreme Court of the Second Judicial District. The owners of the real estate are to be paid by the City of New York within four calendar months after the confirmation of the report, the amounts awarded, with interest from the date of filing the oath of the Commissioners. The bonds are to be known as "Additional Water Stock of the City of New York," to bear interest not exceeding four per cent. per annum, to be redeemed in not less than ten nor more than fifty years, and the amount necessary to pay the interest thereon and to redeem them at maturity shall be raised, from time to time, by tax upon the taxable property of the city. These bonds may be exempted from city and county taxation if the Commissioners of the Sinking Fund deem it for the interests of the city so to do.

I offer for adoption the following resolutions to authorize the issue of the bonds as requested, and also to request the Commissioners of the Sinking Fund to exempt the said bonds for city and county taxation.

Respectfully,  
THEO. W. MYERS, Comptroller.

*And offered the following :*

Resolved, That, in pursuance of the provisions of chapter 189 of the Laws of 1893, the Comptroller be and hereby is authorized and directed to issue bonds in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as "Additional Water Stock of the City of New York," as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of fifty thousand dollars (\$50,000), redeemable at such period as the Comptroller shall determine, not less than ten nor more than fifty years from the date of issue, and at a rate of interest not exceeding three per cent. per annum, the proceeds of which bonds are to be applied to pay the expense of labor, services, materials, etc., required in carrying out the purposes of said act, as certified to by the Commissioner of Public Works, under date of April 5, 1893; and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote :

There are fifteen inspectors at \$4.50 per day, and one general inspector at \$5 per day, employed at different localities where new buildings are being erected, a total for the six months of \$10,059.50, so that the total amount is

I offer the following resolution to authorize the issue of the bonds requested.

Respectfully,  
THEO. W. MYERS, Comptroller.

Resolved, That, in pursuance of the provisions of chapter 264 of the Laws of 1891, the Comptroller be and hereby is authorized and directed to issue School-house Bonds in the name of the Mayor, Aldermen, and Commonalty of the City of New York, to be known as Consolidated Stock of the City of New York, as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of twenty thousand two hundred and thirteen dollars and ninety-eight cents (\$20,213.98), to run for such period as the Comptroller shall determine, not longer than twenty years from the date of issue, and at a rate of interest not exceeding three per cent. per annum, the proceeds to be applied to the payment of the wages of the inspectors and draughtsmen employed in the construction of new school buildings, as specified in the resolution adopted by the Board of Education on April 5, 1893; and

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote :

The Comptroller presented the following :

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,  
NOS. 49 AND 51 CHAMBERS STREET,  
April 10, 1893.

Hon. THEO. W. MYERS, Comptroller :

SIR—I have the honor to inform you of the adoption of the following resolution at a meeting of the Board of Parks held on March 30 :

“Resolved, That, pursuant to the provisions of section 8 of chapter 102 of the Laws of 1893, the Department of Public Parks hereby certifies to the Comptroller of the City of New York that the sum of ten thousand dollars (\$10,000) is necessary and required to carry on the work of making preliminary surveys, maps, plans, etc., for the construction of the driveway provided for in said act, and requests the issue of bonds to that amount as authorized by section 9 of the act cited.”

I have also to inform you that the map or plan showing a public driveway between One Hundred and Fifty-fifth and Dyckman streets, as laid out and established by the Commissioners of the Department of Public Parks, in pursuance of the provisions of chapter 102 of the Laws of 1893, was duly approved by the said Commissioners on March 30, and that copies of said map or plan were filed in the manner described in said act on April 4. The Counsel to the Corporation has this day been requested to initiate a proceeding, as provided by section 4 of the act cited, to acquire title, in the name of the Mayor, Aldermen and Commonalty of the City of New York, to the lands embraced within the lines of said driveway as shown on said map.

Very respectfully,

CHARLES DE F. BURNS, Secretary, D. P. P.

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
April 24, 1893.

To the Board of Estimate and Apportionment :

I present herewith a resolution adopted by the Board of Parks, on the 30th of March, 1893, requesting the issue of bonds to the amount of \$10,000, under the authority of chapter 102 of the Laws of 1893, for the purpose of carrying on the work of making the necessary surveys, maps, plans, etc., for the construction of a driveway between One Hundred and Fifty-fifth and Dyckman streets.

Section 1 of the act provides that the Department of Public Parks shall lay out and establish a public driveway within one month after the passage of the act, which received the approval of the Executive on March 8, 1893; and on March 30, 1893, maps or plans and profiles of the driveway were certified to by the President of the Department of Public Parks, and filed on April 4, 1893, in the manner described in the act.

Section 9 of the act provides that “the Comptroller of the City of New York shall issue bonds from time to time for the purpose of paying the expense of the construction of the public driveway” authorized by it; and the request for the issue of \$10,000 of bonds for the preliminary surveys, etc., is based upon the legal construction given by the Counsel to the Corporation in the case of the bridge over the ship canal on the line of the Kingsbridge road, chapter 232 of the Laws of 1892, where he states in an opinion dated September 16, 1892, that “the Board of Estimate and Apportionment would be justified in granting the request \* \* \* for appropriations for the preliminary expenses to be incurred. \* \* \*”

It is evident that the actual work of construction could not be proceeded with or approximate quantities be determined until the preliminary surveys, maps or plans, etc., had been prepared from actual data obtained on the ground itself; and if this preliminary work could not be undertaken under authority of law, the construction of the driveway could not be accomplished. The Counsel states also, in the opinion quoted: “I think it very much more within the spirit of the act that preliminary surveys and examinations should be carefully and fully made and paid for as part of the necessary cost of the construction. \* \* \*”

I offer therefore for adoption the following resolution to authorize the issue of the bonds as requested by the resolution of the Board of Parks, dated March 30, 1893.

Respectfully,

THEO. W. MYERS, Comptroller.

And offered the following :

Resolved, That, pursuant to the provisions of chapter 102 of the Laws of 1893, the Comptroller be and is hereby authorized and directed to issue stock of the City of New York in the manner provided by law, to an amount not exceeding ten thousand dollars, bearing interest at a rate of not exceeding three per cent. per annum, and redeemable in not less than ten nor more than fifty years, the proceeds of the sale of such bonds to be applied to the payment of the expenses to be incurred by the Department of Public Parks in making surveys and doing other preliminary work for the construction of the public driveway provided for in said act, which stock shall be denominated “Consolidated Stock of the City of New York.”

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following :

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,  
COMMISSIONERS' OFFICE, No. 66 THIRD AVENUE,  
NEW YORK, April 7, 1893.

Hon. THOMAS F. GILROY, Mayor, and Chairman of the Board of Estimate and Apportionment :

SIR—I have the honor to transmit the following proceedings of the Board of Commissioners of Public Charities and Correction, at a meeting held this day :

Whereas, The bid for “Electric Plant, etc., Ward's Island,” together with the Architect's fees in connection with same, exceeds the amount of the appropriation by \$1,145, therefore

Resolved, That the Board of Estimate and Apportionment be respectfully requested to transfer this amount from the appropriation entitled “Buildings, Repairs, etc., Ward's Island,” which is in excess of the amount required therefor, to the appropriation for “Electric Plant, etc., Ward's Island,” which is insufficient.

By order,

G. F. BRITTON, Secretary.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,  
COMMISSIONERS' OFFICE, No. 66 THIRD AVENUE,  
NEW YORK, March 30, 1893.

Hon. THEO. W. MYERS, Comptroller :

SIR—Proposals were received to-day for electric-light plants on Ward's Island and at Central Islip. The appropriation for Ward's Island, as fixed by the Board of Apportionment, July 28, 1892, was as follows :

Buildings, repairs, etc. . . . . \$108,419 00  
Electric plant . . . . . 25,000 00  
Two brick pavilions to accommodate 240 patients . . . . . 70,000 00

Total . . . . . \$203,419 00

The lowest bid for the Ward's Island plant was \$24,900, exclusive of Architect's fees, with which exceed the amount set apart for the electric plant by \$1,145. As this was the second time that we have received proposals for the work, and it being important that it should proceed as soon as possible, I would respectfully ask if the Architect's fees cannot properly be charged to the item “Et Cætera,” in “Buildings, Repairs, etc.,” for \$108,419?

Very respectfully,

H. H. PORTER, President.

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
April 10, 1893.

To the Board of Estimate and Apportionment :

I present herewith a resolution adopted by the Board of Commissioners of Public Charities and Correction on the 7th of April, 1893, requesting that the sum of \$1,145 be made applicable to the appropriation of \$25,000 made to the said Department on July 28, 1892, for the electric plant, etc., on Ward's Island, which appropriation was made in pursuance of the provisions of chapter 537 of the Laws of 1892. After having advertised the work for the second time, the lowest bidder agrees to do it for \$24,900, which, with the Architect's fees at five per cent. of this sum, brings the total cost to \$26,145, leaving the amount of \$1,145 to be provided for. It is deemed important that the work be proceeded with as soon as possible, and I offer for adoption the following resolution to grant the request.

Respectfully,

THEO. W. MYERS, Comptroller.

And offered the following :

Resolved, That the sum of one thousand one hundred and forty-five dollars be and the same is hereby made applicable to the item of the appropriation made to the Department of Public Charities and Correction for the year 1892, entitled “At Ward's Island—Electric Plant, etc.,” which is insufficient for the purposes and objects thereof, from the item of the said appropriation made to the said department for the year 1892, entitled “At Ward's Island—Buildings, Repairs, etc.,” which is in excess of the amount required for the uses thereof.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller offered the following :

Resolved, That the amounts following be and hereby are appropriated from the “Excise Fund,” under the provisions of section 210, chapter 410, Laws of 1882 (New York City Consolidation Act of 1882), for the support of children, in the month of March, 1892, committed by magistrates to the institutions named, pursuant to law :

From the Department of Public Parks—

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,  
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,  
April 22, 1893.

Hon. THEODORE W. MYERS :

DEAR SIR—In the appropriation for the Park Department for 1893 there was a special item of \$15,000 for asphalt walks. When the President of the Department of Parks appeared before the Board of Estimate it was understood, I think, that the improvements in Washington Square, which were specially mentioned in reference to the extra appropriation of \$15,000, included the resurfacing of the roadway which is under the control of that Department, between Fourth street and the circle, connecting with the roadway between Fifth avenue and South Fifth avenue. The wording of the appropriation, I think, is not in accordance with the intention manifested by the Park Department at the time it was made and approved, according to my understanding, by the Board of Estimate.

Is it not competent for the Park Department to devote a portion of this money to the improvement of the roadway in Washington Square as well as to the improvement of the walks?

Respectfully yours,

PAUL DANA, President, D. P. P.

Referred to the Comptroller.

The said “Contingencies” claims amount to \$1,530. The “Contingencies, 1892,” balance available is only \$117.08. The unexpended balance of “Salaries, 1892,” is \$5,017.16, or, deducting an unaudited claim of \$333.33 for the Attorney's salary, a balance over all other claims of \$4,683.33.

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS,  
TWENTY-THIRD AND TWENTY-FOURTH WARDS,  
No. 2622 THIRD AVENUE, CORNER 141ST STREET,  
COMMISSIONER'S OFFICE, April 19, 1893.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—On August 17, 1892, the Commissioner of this Department addressed a communication to your Board calling attention to the provisions of chapter 305 of the Laws of 1892, entitled "An Act to provide for the repaving of Third avenue, from the Harlem river to East One Hundred and Seventieth street, in the City of New York," and requesting your immediate attention in relation thereto.

Since the enactment of the law above referred to, the plans for the construction of a bridge over the Harlem river at Third avenue have been adopted, showing the widening of said avenue, from the Harlem river to East One Hundred and Thirty-eighth street, for the northerly approach to said bridge.

For the reasons above stated (the widening of Third avenue and the construction of the approach to the bridge) and for the purpose of other amendments now deemed advisable, it becomes necessary to change the original plans for repaving Third avenue, from the Harlem river to East One Hundred and Seventieth street. I therefore request the return of the plans for repaving, which were filed with your Board, in order that I may modify them to meet the present requirements, and respectfully suggest that the entire matter be referred back to the Commissioner of Street Improvements for alteration.

Respectfully,

JOHN H. J. RONNER,  
Deputy and Acting Commissioner of Street Improvements  
of the Twenty-third and Twenty-fourth Wards.

Referred to the Comptroller, with the request that he comply with the suggestion contained therein.

On motion, the Board adjourned.

## TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office on Monday, May 1, 1893, until 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR THE NECESSARY MATERIALS AND LABOR FOR BUILDING A FENCE AROUND THE PROPERTY BELONGING TO THE CITY OF NEW YORK, at Fifty-sixth street and Twelfth avenue.

No. 2. FOR SEWER IN NINETY-EIGHTH STREET, between West End avenue and Boulevard.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National

banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. ## TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage), on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

MICHAEL T. DALY, Commissioner of Public Works.

## ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,  
 STAATS-ZEITUNG BUILDING, TRYON ROW,  
 NEW YORK, April 19, 1893.

PROPOSALS FOR ESTIMATES FOR MATERIALS AND WORK FOR ALTERATIONS AND REPAIRS TO THE SHIP "NEW HAMPSHIRE" IN USE AS AN ARMORY FOR THE FIRST NAVAL BATTALION, STATE OF NEW YORK.

PROPOSALS FOR ESTIMATES FOR FURNISHING the materials and work for the Alterations and Repairs to the ship "New Hampshire" in use as an Armory for the First Naval Battalion, State of New York, will be received by the Armory Board, at the MAYOR'S OFFICE, CITY HALL, UNTIL 10.30 O'CLOCK A. M. OF THE 30 DAY OF MAY, 1893, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for supplying the Materials and Work for Alterations and Repairs to the ship 'New Hampshire,' New York City," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of FIVE THOUSAND \$5,000 DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of TWO HUNDRED AND FIFTY DOLLARS (\$250). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board, who has charge

of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit shall be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt on contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the City of New York.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined and specifications and blank forms for bids or estimates and all detailed information obtained, by application to the Inspector, John Guy, at the ship "New Hampshire" now moored at the foot of East Twenty-eighth street, New York City, after one o'clock each day.

Bidders will be required to complete the entire works to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the works and the plans therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair and without collusion or fraud; and that no member

of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. **ESTIMATES FOR DREDGING AT THE ABOVE** named place on the North river will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 10 o'clock P.M. of

THURSDAY, MAY 11, 1893.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Four Thousand Six Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged, in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

ON THE NORTH RIVER.

At Pier, new 15 (south side)..... 23,000 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the locations of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 1st day of July, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day. Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the esti-

mate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

**THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.**

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the day of , 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.
