PUBLIC NOTICE.

Department of Water Supply, Gas and Electricity,
City of New York, March 23, 1909.

On Friday night, March 26, at 12 o'clock midnight, changes will be made to the 36-inch water main on the easterly side of Jerome avenue, south of Burnside avenue, necessitating the shutting off of the water pressure in the said 36-inch water main between Belmont and One Hundred and Ninetieth streets, which will cause a loss of pressure and lasting 48 hours, in the following section:

Fordham road and Aqueduct avenue, east to One Hundred and Seventieth street and Lind avenue, Lind avenue to Sedgwick avenue, Sedgwick avenue to Jerome avenue, Jerome avenue to One Hundred and Sixty-first street, One Hundred and Sixty-first street to River avenue, River avenue to One Hundred and Fifty-third street, One Hundred and Fifty-third street to Morris avenue, Morris avenue to One Hundred and Forty-ninth street, One Hundred and Forty-ninth street to Melrose avenue, Melrose avenue to One Hundred and Fifty-fifth street, One Hundred and Fifty-fifth street to Elton avenue, Elton avenue to One Hundred and Fifty-ninth street, One Hundred and Fifty-ninth street to Courtlandt avenue, Courtlandt avenue to One Hundred and Sixty-first street, One Hundred and Sixty-first street to Park avenue, Park avenue to One Hundred and Sixty-fourth street and Brook avenue, Brook avenue to One Hundred and Sixty-second street, One Hundred and Sixty-second street to Third avenue, Third avenue and St. Anns avenue to Westchester avenue, Westchester avenue to Stebbins avenue, Stebbins avenue to Boston road, Boston road to Southern boulevard, Southern boulevard to Pelham avenue, Pelham avenue and Fordham road to Aqueduct Avenue East.

Southern boulevard, from One Hundred and Seventy-second street to Home street, Home street to Bryant street, Bryant street to One Hundred and Seventy-second street, One Hundred and Seventy-second street to Southern boulevard.

Southern boulevard and Simpson street, from Home street to Hunts Point road, Hunts Point road to Garrison avenue, Garrison avenue to Bryant avenue, Bryant avenue to Spofford avenue, Spofford avenue to Tiffany street, Tiffany street to Garrison avenue, and Garrison avenue to Hunts Point road.

M. F. LOUGHMAN, Deputy Commissioner.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,
Certification Bureau,
New York, March 25, 1909.

Enclosed is eligible list for Stenographer and Typewriter (female), to be published in the CITY RECORD.

POLICE DEPARTMENT.

Sanitary Company (Boiler Squad),
March 16, 1909.

To the Police Commissioner:

Sir—In compliance with orders relative to engineers' certificates issued by me under section 312 of chapter 410, of the Laws of 1882, as amended, the following report will show the names of the persons to whom licenses were issued, class of license and location for the same, during the twenty-four hours ending 12 midnight, March 15, 1909:

First Class.

William H. Lane, No. 233 West Eighty-third street; Horatio N. Young, No. 26 Liberty street; Frederick W. Smalley, No. 671 First avenue; Frederick Haight, New York avenue and Avenue E, Brooklyn.

Second Class.

Herbert V. Weeks, No. 135 Plymouth street, Brooklyn; Thomas Moran, No. 147 Leonard street; William Senn, No. 214 East Thirty-fourth street; John R. Murray, Fort Kane avenue, Rockaway Beach; Andrew Finnman, No. 33 Union square.

Third Class.

Harry A. Johnson, Second street and Gowanus Canal, Brooklyn; John W. Holmes, No. 28 Fulton street, Brooklyn; August H. Zetterblom, Thirty-eighth street and First avenue; Cornelius C. Dugan, No. 373 Ralph avenue, Brooklyn; Arthur E. Jones, No. 147 East One Hundred and Twenty-fifth street; William Hoffman, No. 22 East Twenty-ninth street; Roland DeNoie, Clarkson street, Brooklyn; Ferdinand Anthony, No. 217 Starr street, Brooklyn; Edward Meltzer, No. 149 West One Hundred and Twenty-fifth street; Charles A. Rohrmann, Pennsylvania and Stanley avenues, Brooklyn; William C. Kniss, No. 552 West Thirty-third street; Henry Weber, No. 2638 Park avenue; Philip Masterson, No. 25 Broad street; Thomas P. Corcoran, No. 410 West Thirty-fourth street; Joseph A. Farley, No. 170 Broadway; John Edmunds, No. 59 Pearl street; Joel Mathews, No. 70 Montrose avenue, Brooklyn; William Stimpson, No. 16 West Thirty-second street; John E. Lafferty, No. 1192 Broadway; John C. Pound, Forty-eighth street and Park avenue; Walter A. Hitchcock, No. 41 Park row; Thomas McGuinness, No. 11 Fifth avenue; Edward C. Farrell, Fiftieth street and First avenue; William B. Anderson, No. 257 West Fortieth street.

Special.

John Cannon, No. 136 Eighth street, Long Island City; Matthew P. Fitzpatrick, No. 363 Broome street.

Respectfully,
HENRY BREEN, Lieutenant in Command.

POLICE DEPARTMENT.

Sanitary Company (Boiler Squad),
March 17, 1909.

To the Police Commissioner:

Sir—In compliance with orders relative to engineers' certificates issued by me under section 312 of chapter 410, of the Laws of 1882, as amended, the following report will show the names of the persons to whom licenses were issued, class of license and location for the same, during the twenty-four hours ending 12 midnight, March 16, 1909:

First Class.

Louis Meyer, No. 897 Broadway; Warner Paxson, No. 51 Madison avenue; Howard W. Wright, No. 366 Fifth avenue; John P. Martin, One Hundred and Thirty-ninth street and Amsterdam avenue; Frederick Orr, No. 50 West Seventy-seventh street.

Second Class.

Herman Boehme, No. 36 West Fifty-ninth street; Peter Corcoran, No. 36 Broadway; John C. Hoaggreef, No. 111 East Fifty-eighth street; John Schultz, No. 115 Fulton street; Julius Norkus, No. 91 Nineteenth street, Brooklyn; Adolph Polson, No. 549 Broadway; Gustave A. Brackley, No. 874 Broadway; William Storms, Barren Island, Brooklyn; Stephin Nevins, Forty-sixth street and Second avenue; Fred Mack, No. 1425 Union street.

Third Class.

Michael Coumbis, Bowne and Richard street, Brooklyn; Patrick McArdle, No. 620 West Fifty-seventh street; William Byrne, No. 103 West Forty-ninth street; John D. Murray, East Two Hundred and Thirty-third street and Kingsbridge road; William L. Roehr, No. 306 East One Hundred and Twenty-eighth street; Thomas M. Loughery, No. 30 Fletcher street; Walter Logan, Thirty-sixth street and Seventh avenue; Henry McLain, No. 44 Broadway; Peter F. Murphy, No. 431 West Fourteenth street; Bernard Delaney, No. 471 Park avenue; George Barr, Third street and Van Alst avenue, Long Island City; Ole A. Stiansen, No. 17 Battery place; Conrad J. Wolf, No. 61 West Forty-fourth street; Joseph Mannion, No. 247 Fifth avenue; Peter A. Persons, No. 84 William street; Patrick Cooney, Jackson avenue and Fifth street, Long Island City; Andrew Savage, foot of West Fifty-fifth street; James Gray, No. 59 Pearl street; Louis Huethwohl, No. 513 Flushing avenue, Brooklyn; Philip E. Weigele, No. 812 Gates avenue, Brooklyn; Thure Soderstrom, No. 293 Douglass street, Brooklyn; George Blackwood, No. 17 Battery place; Frank Beattie, Bushwick avenue and Garden street, Brooklyn; James F. Hanifan, Greenpoint avenue and Long Island Railroad, Queens; William Henderson, No. 413 East Twenty-fifth street; Robert Weber, No. 99 Bedford avenue, Brooklyn; Henry Schildknecht, Jr., Marcy and Flushing avenues, Brooklyn; Gottfried Mauritson, No. 116 Elizabeth street; Fred Forster, No. 537 West Twenty-fourth street; Henry S. Johnston, No. 21 State street, City; Henry Heather, No. 462 Eleventh avenue; John Keegan, Eighteenth avenue and Fifty-fifth street, Brooklyn; Matthew Fraas, No. 23 Sixteenth street, College Point.

Special.

Frank H. McNichol, No. 160 Chambers street; Frederick J. Bessinger, No. 221 East Seventy-fifth street.

Respectfully,
HENRY BREEN, Lieutenant in Command.

POLICE DEPARTMENT.

Sanitary Company (Boiler Squad),
March 18, 1909.

To the Police Commissioner:

Sir—In compliance with orders relative to engineers' certificates issued by me under section 312 of chapter 410, of the Laws of 1882, as amended, the following report will show the names of the persons to whom licenses were issued, class of license and location for the same, during the twenty-four hours ending 12 midnight, March 17, 1909:

First Class.

Joseph Bates, foot of Blackwell street, Long Island City; Benjamin B. Burnham, No. 129 Crosby street; Edward Bennett, No. 29 East Twenty-ninth street; Daniel Cunningham, No. 264 Fifth avenue; Frank Lay, No. 177 Stagg street, Brooklyn; Charles Seidler, No. 333 West Forty-fourth street.

Second Class.

John Lamparter, No. 203 Bushwick avenue, Brooklyn; James W. Blackett, Arsenal, Central Park; Hugh Meehan, Review avenue and River street, Long Island City; William Rockefeller, No. 197 East Broadway; Philip W. Rogers, No. 356 West Fortieth street; Paul W. Sawyer, No. 1013 Grand street, Brooklyn.

Third Class.

Patrick Sweeney, No. 923 Seventh avenue; William Sweeney, No. 83 Sixth avenue, Long Island City; Edwin Neff, No. 105 Maujer street, Brooklyn; Herbert Witherspoon, No. 240 Lorraine street, Brooklyn; Fisher Eaton, Astor place, Bible House; William O'Connell, No. 110 Wall street; William Sherwood, No. 399 Madison avenue; James Cushing, Greenbridge, Staten Island; Thomas J. McGuire, Fifth avenue and Fifty-fifth street; Edward J. McGrane, Jr., Municipal Department Building, Brooklyn; Joseph Ziesat, No. 533 West Forty-first street; George F. Dornbush, Mariners Harbor, Staten Island; John J. Creamer, White and McKibben streets, Brooklyn; Frederick W. Rudolph, No. 200 West One Hundred and Thirteenth street; Charles Schultz, No. 49 First street; Bernard Murtha, No. 202 Greene street; Hilding J. Haraldson, No. 149 East Twenty-fifth street; Philip McGuinness, No. 11 Broadway; Ralph Bloomfield, No. 840 Gerard avenue, The Bronx.

Special.

Martin J. Boyne, No. 280 Spring street, Manhattan.

Respectfully,
HENRY BREEN, Lieutenant in Command.

BOROUGH OF MANHATTAN.

BUREAU OF BUILDINGS.

Operations for the Week Ending March 13, 1909.

Plans filed for new buildings (estimated cost, $2,521,050)	27
Plans filed for alterations (estimated cost, $224,775)	66
Buildings reported unsafe	45
Buildings reported for additional means of escape	19
Other violations of law reported	88
Unsafe building notices issued	88
Fire escape notices issued	35
Violation notices issued	146
Unsafe building cases forwarded for prosecution	3
Fire escape cases forwarded for prosecution	2
Violation cases forwarded for prosecution	45
Iron and steel inspections made	3,917

EDWARD S. MURPHY, Superintendent.

William H. Class, Chief Clerk.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

REPORT FOR THE QUARTER ENDING MARCH 31, 1908.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
New York, January 11, 1909.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—In compliance with the provisions of section 1554 of the Greater New York Charter, I beg to submit report of the transactions of this Department for the quarter ending March 31, 1908. The several Deputy Commissioners, Engineers and heads of the different divisions and bureaus of the Department have compiled their reports, in which they discuss in detail the work accomplished by their respective bureaus. I submit each of these statements in order that you may clearly see the actual amount of work and business conducted by the Department and take occasion to refer only to the most important.

BOROUGHS OF MANHATTAN AND THE BRONX.

The daily average consumption of water in the Boroughs of Manhattan and The Bronx was 330,000,000 gallons, as compared with 342,000,000 gallons for the corresponding period of last year. The total rainfall over the Croton watershed was 14.11 inches, and The Bronx and Byram rainfall was 15.76 inches. There has been a net gain of water stored as compared with the first quarter of 1907, of 8,014,000,000 gallons. The Sanitary Patrol was increased and Laborers were added to the force, which enabled the Department to remove all drift wood and objectionable matter and clean the shores. Thirty-four cases of violation of the Sanitary Code were found and the owners or lessees of the property were notified to abate the nuisance, and with the assistance of the State Board of Health the Department secured prompt action.

Thirty-two thousand linear feet of mains, ranging from 16 to 60 inches, were laid, with 92 additional hydrants and 304 gates. All this work was done under contract. The Department's own gangs laid about 1,300 feet of mains and set 52 new hydrants.

There being some question as to the correctness of the maps showing the distribution system and the hydrants connected therewith, an inspection was made to determine to which mains the hydrants were attached. This being ascertained, the maps were marked accordingly and the Fire Department was furnished with a set, which can be reduced to battalion districts for the convenience of that Department.

The engines in the pumping stations were properly cared for. The constant operation of same makes frequent repairs necessary. New boilers have been furnished in several cases. The cost of pumping a million gallons was $0.128, and including repairs, the expense was $0.172.

The distribution pipes connected with the high pressure system were completed about the close of last year and there remained to be set about 200 hydrants out of a total of 1,300. The entire line of mains was filled with water and kept at low pressure so that the Fire Department had the services of the 1,300 hydrants within the district between Chambers and Twenty-third streets. The electrical installation connected with the motors in the Oliver and Gansevoort streets stations was practically completed and the telephone boxes, numbering 214, were set in place. Several conferences were held at my office with the members of the Board of Fire Underwriters, representatives of insurance companies, and the Merchants' Association, to discuss the advisability of connecting house standpipes and inside sprinklers systems with the high pressure mains, the advantages and disadvantages of which were discussed at length, and it was agreed by all to await the result of the operation of the high pressure system on the plan originally laid out.

The total collections for the Borough of Manhattan was $787,450.18. Water meters were ordered in business establishments and the reinspection of the entire Borough for the purpose of locating large consumers and places where the supply of water should be paid for by meter measurement was continued, and the prompt repair of meters which had stopped registering was strictly enforced. The neglect of property owners to promptly repair water meters is the direct cause of a large number of disputed water bills.

The collections in the Borough of The Bronx were $68,213.99. Additional meters have been installed and the same system of inspection to detect the illegal use of water is being followed as in the Borough of Manhattan.

BOROUGH OF BROOKLYN.

One of the two stations constructed by Contractor Silas W. Titus was started in January, and to March 31 there had been an average daily delivery of 1,700,000 gallons of water. An additional supply of water was obtained from several of the driven wells at Lynbrook and Rockville Centre. The work of sinking these wells was done by the Department men.

The wells at Springfield, Baiseleys and Oconee stations were completed, adding about 5,000,000 gallons of water. At several other points along the Brooklyn conduit the Department has contracted for the sinking of wells and work at most of the stations is nearly finished. At the Jameco station, which Contractor Titus has been operating since March, 1906, there has been an averaged daily delivery of nearly 5,000,000 gallons of water. The analyses of the water from all the wells and streams show about the same quality as had been furnished during 1907.

Maps describing the lands between Clear Stream and Amityville, which property will be required for the extension of the 72-inch pipe line now completed between Ridgewood and Clear Stream, were submitted to the Board of Estimate and Apportionment. The contract and specifications for the construction of the 72-inch pipe line to occupy this land were prepared. No bids were requested pending the adoption by the Board of Estimate and Apportionment of the property maps.

Many suits have been brought against the City by property owners, who claim that by the operation of several of the pumping stations and the infiltration gallery water has been diverted from their lands. In previous actions the courts have invariably sustained the property owners, but I have established a special corps of trained engineers and men who are qualified to give expert testimony in answer to the claims and the Corporation Counsel has selected, I believe, one of his most competent assistants to defend these suits. I feel satisfied that in the earlier cases the City's case was not properly presented.

Eleven thousand linear feet of new mains were laid and 45 hydrants installed. Five thousand six hundred feet of old mains were removed and replaced by larger pipes. All the hydrants, water gates, valves, etc., were frequently inspected and repaired when necessary. The complaints of house owners and water consumers of an insufficient supply of water were found upon investigation to be due, in most cases, to defective plumbing within the building or to corroded service pipes.

At the Coney Island high pressure station three alarms of fire were received and the pumps were in operation on an average of fifteen minutes for each fire. One hundred thousand dollars have been appropriated for the extension of the high pressure water system and the installation of hydrants within the district to be controlled by this station.

The high pressure pumping stations covering the dry goods district are practically completed. The reserve station has been operated and on several tests it has been demonstrated that this station alone is capable of delivering water under a pressure of 300 pounds to the square inch to the most distant hydrants in the district. The minor details in the construction of the engines and the painting of the motors and buildings will not be finished for some months.

Revenue.

The total collections for metered and unmetered water, taps, etc., were $218,526.59, an increase of $8,337.04 over the corresponding period of last year.

Suits were brought, enjoining the Department from installing water meters in several business houses. The question before the court was whether the installation of the meter was not a proper charge upon the City. The Appellate Division held that the Department was justified in ordering the metering of water furnished for business use, and that it did not violate any law in compelling any owner to purchase and install an instrument for measuring water. With this point definitely settled the Department proceeded, under its former rule, to order the setting of meters.

BOROUGH OF QUEENS.

Several pipe-laying contracts were awarded, but the contractor met with financial difficulties, and the work did not proceed as fast as was anticipated. The main supply to this Borough is furnished by private water companies and, owing to the lack of appropriation, the Department has been unable to invade any of the districts supplied by these companies. The tunnel improvements by the Pennsylvania Railroad Company and the construction of the Blackwells Island Bridge have somewhat disturbed the distribution mains and definite plans cannot be drawn until these projects are finished.

In the First Ward, which is supplied solely by water from the Citizens' Water Supply Company, the consumption has been so great that the Department, anticipating a shortage in the appropriation, has applied for Special Revenue Bonds to meet the deficit. Some of the money will be devoted to the payment of rental on additional hydrants to be set in the outlying districts.

Ten thousand linear feet of mains have been laid. A large number of new hydrants have been installed and defective ones repaired. The pumping stations have been kept in good order, and the Department contemplates improving the pumps so as to obtain the full yield of the several wells.

Collections.

The total amount of revenue derived from the sale of water for all purposes was $42,930.80. Large consumers of water who had previously paid the annual rate are now charged for the actual supply delivered, and bills are rendered in accordance with the registration of the meters. This method of charging for water has added considerably to the revenue.

BOROUGH OF RICHMOND.

In anticipation of the delivery of water by the Hudson County Water Company the Department prepared several contracts for the laying of distribution mains, but the question of the right of the Jersey Company to deliver this water is still unsettled and, pending the final decision of the court, I have withheld the award of these contracts.

The Tottenville Pumping Station is kept in as good repair as possible, the appropriations being limited to the extent that improved machinery cannot be installed. However, the station is delivering more water than heretofore.

In the agreement entered into by the City, the Crystal Water Company and the Staten Island Water Supply Company, the Department exercises supervision over the stations controlled by these companies, and wherever necessary orders the repair and installation of new machinery. The total receipts for water furnished from the Tottenville Station were $2,004.52.

Gas and Electricity.

The re-location of street lamps has resulted in considerable saving. Lamps have been abandoned where there did not appear to be any necessity for same and re-located on other streets. The Department's control over the installation of lights in the new public buildings has also resulted in a great saving. In most cases it has been found that the architects for these buildings provided for an unusual number, and oftentimes unnecessary lights. The plan of the lighting is amended to conform to the changes suggested by this Department.

The installation of electric wires and appliances receive the close attention of the Department, and the strict enforcement of the Department rules, I believe, has prevented what perhaps might have ultimately been disastrous fires. Special attention has been paid to the wiring and operation of the machines in moving picture establishments.

Respectfully submitted,
JOHN H. O'BRIEN, Commissioner.

OFFICE OF CHIEF ENGINEER.

Department of Water Supply, Gas and Electricity,
Office of Chief Engineer, Nos. 13 to 21 Park Row,
City of New York, April 15, 1908.

Hon. JOHN H. O'BRIEN, Commissioner:

Sir—I beg to submit herewith report showing the condition of the water supply in the Boroughs of Manhattan, The Bronx and Queens, for the quarter ending March 31, 1908; the expenditures provided for under the tax levy, as well as under the appropriations made by bond issues and balances remaining on April 1, 1908.

Expenditures, Quarter Ending March 31, 1908.

BOROUGHS OF MANHATTAN AND THE BRONX.

Contracts Entered Into During the Quarter Ending March 31, 1908.

BOROUGHS OF MANHATTAN AND THE BRONX.

Rafferty Brothers—Furnishing materials, repairing and restoring artificial stone sidewalks and curbing and resetting natural stone curbing, $1,350.

Frank H. D'Ossone—Furnishing, repairing, placing and emptying vault pans, etc., at Mt. Kisco, Westchester County, N. Y., $3,563.

The Manhattan Supply Company—Furnishing and delivering miscellaneous supplies for laboratory, $2,498.37.

Patrick Goodman—Excavating and removing rock in hydrant trenches, etc., $5,750.

BOROUGH OF QUEENS.

A. J. & J. J. McCollum—Furnishing, delivering and storing anthracite coal in the following amount: 2,000 gross tons of anthracite coal, $8,380.

Water Supply, Boroughs of Manhattan and The Bronx, Average Daily Consumption in Million Gallons.

Croton.	January.	February.	March.	Average.
New Aqueduct	241	264	256	253
Old Aqueduct	62	58	53	58
Effect on consumption of gain or loss in distribution reservoirs	+2	—3	....	—1
	305	319	309	310
Bronx and Byram	20	20	20	20
Total, Manhattan and The Bronx	325	339	329	330
For the corresponding quarter, 1907	336	350	342	342

The Borough of The Bronx consumes all the supply from the Bronx and Byram Rivers, and also about 20 million gallons daily of Croton water delivered through the old aqueduct.

Rain fell on 28 days at Croton Lake during the quarter.

Water wasted over new Croton Dam during quarter, 40,581 million gallons.
Water wasted over Kensico Dam during quarter, 1,430 million gallons.

Work Done on Watersheds and Aqueducts During the Quarter.

Division No. 1.

The work on this division has been: Cleaning Croton Lake of driftwood, also shore of same of bushes, weeds, etc.; screens in new gate house raised and cleaned and kept in good working order; water samples above and below Old Croton Dam daily (except Sundays) collected; shore of lake regularly patrolled.

Division No. 2.

The work on this division has been: Building, repairing and painting fences; regrading gutters, rebuilding culverts, relaying walks, painting pipes in meter house, cutting and hauling telephone poles, clearing snow and ice from culverts, gutters and crosswalks, patrolling aqueducts.

Division No. 3.

The work on this division has been: Building, repairing and painting fences; keeping culverts, gutters and crosswalks free of ice and snow.

Division No. 4.

The work on this division has been: Building, repairing and painting fences; excavating earth for retaining wall; cleaning the aqueduct line, crosswalks, gutters, culverts, drains, etc.; building retaining wall at the Hasbrouck place.

Division No. 5.

The work on this division has been: Repairing and painting fences; building stone walls; cleaning machinery, etc.; keeping culverts, gutters and crosswalks clean of snow and ice.

Division No. 6.

The work on this division has been: Repairing and painting fences; cleaning machinery, etc.; removing trees and stones, and keeping culverts, gutters and crosswalks clean of ice and snow.

Division No. 7.

The work on this division has been: Repairing and painting fences; cutting out and repointing brick work in High Bridge tower; hoisting coal; cleaning bridge, steps, gutters and crosswalks of snow and ice.

Division No. 8.

The work on this division has been: Patrolling Central Park Reservoir and pipe lines; keeping the gulls out of the reservoir; installing gas pipes in south gate house chamber; painting fences; cleaning gate houses; repairing screens; keeping the surface of water clean, and keeping crosswalks and gutters free from snow and ice at Central Park and One Hundred and Thirty-fifth street gate house.

Boyds Corners.

The work at this reservoir has been: Cutting brush, weeds, etc., on land below the dam; cleaning vaults, oiling stop-cocks, etc.; patrolling the shore of the reservoir and collecting water samples for the laboratory.

West Branch Reservoir.

The work at this reservoir has been: Cutting brush, weeds, etc., along the shore of the reservoir; building stone wall; repairing post and rail fences; patrolling the shore of the reservoir; flashboards placed on lip of dam March 29; collecting water samples.

Middle Branch Reservoir.

The work at this reservoir has been: Cutting weeds, brush, etc., along shore of the reservoir; cleaning and oiling stop-cocks; cleaning tunnel; collecting water samples for laboratory; flashboards placed on lip of dam, March 28.

White Pond Reservoir.

The work at this reservoir has been: Patrolling the pond and collecting weekly water samples.

Electrozone Plant.

The plant has been in continuous operation during the quarter. The two smoke stacks have been repaired.

East Branch and Bog Brook Reservoir.

The work at these reservoirs has been: Cutting brush, weeds, etc., along the reservoirs and East Branch of the Croton River and Brewster Village; cleaning gate houses, stop-cocks, vaults, etc.; cleaning snow and ice from gutters, walks, etc., in Village of Brewster; collecting water samples for the laboratory.

Titicus Reservoir.

The work at this reservoir has been: Cutting brush, weeds, etc., along the reservoir; rebuilding stone walls and repairing and painting post and rail fences; repairing culverts; cleaning gate house and stop-cocks; patrolling reservoir; collecting water samples for laboratory; flashboards placed on lip of dam March 28.

Muscoot Reservoir.

The work at this reservoir has been: Cutting weeds, brush, etc., along the reservoir; repairing and painting post and rail fences; rebuilding retaining wall on west side of reservoir and rebuilding stone walls; cleaning gate house and stop-cocks; flashboard placed on lip of Muscoot Reservoir March 28; collecting water samples for laboratory; all meteorological records are complete to date.

BRONX RIVER DIVISION.

Williamsbridge Section.

The work on this section has been: Repairing fences and Keeper's house, and hauling stone, gravel pipe, etc.

Kensico Section.

The work on this section has been: Cutting and burning brush, weeds, etc.; repairing fence walls; removing old walls; clearing the channels of ice, etc.; collecting water samples for laboratory; patrolling lakes and streams.

Sanitary Patrol and Inspection of Watershed.

During the quarter there were 46 "notices to abate nuisances" served, 21 of which have been properly abated.

Fourteen dead animals were reported and properly disposed of, 48 examinations made of suspected nuisances.

In a number of cases letters have been written to persons maintaining nuisances, calling their attention to same, with the result that the persons so offending promptly corrected the nuisances.

There has been but one case of typhoid fever reported.

Laboratories.

Report for Quarter Ending March 31, 1908.

Total Samples of Water Analyzed by Laboratories.	
Mount Prospect Laboratory	383
Mount Kisco Laboratory	1,007
Jerome Park Laboratory	156
Total	1,546

Total Samples of Water Analyzed by Boroughs.	
Manhattan	1,242
The Bronx	142
Queens	162
Total	1,546

Physical examinations	883
Chemical examinations, complete	221
Chemical examinations, partial	371
Microscopical examinations	573
Bacteriological examinations	1,304
Bacteriological examinations, coli tests	1,312

Miscellaneous Analyses.

Coal	16
Oil	9
Metals and alloys	1
Boiler compound	1
Special tests and experiments	116

Distributing System.

Average Analyses for the Quarter.

The average condition of the Manhattan Water Supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
One Hundred and Thirty-fifth street gate-house	3	23	.108	.030	2.1	260	430
Jerome Park Reservoir	5	25	.121	.023	2.1	368	221
High Bridge Reservoir	4	25	.102	.017	2.1	318	245
Central Park—							
New Reservoir	5	26	.121	.016	2.1	320	324
Old Reservoir—							
North Basin	4	26	.120	.013	2.1	334	256
City Hall Tap	2	25	.092	.011	....	156	192

The figures show the same general analyses as were obtained during the corresponding quarter of the year 1907, with somewhat lower figures for micro-organisms and bacteria.

The average condition of The Bronx water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
Williamsbridge Reservoir—							
Influx	5	21	.132	.036	2.8	223	263
Efflux	5	21	.110	.023	....	215	276

The analyses show that the water is of the same quality as during the corresponding quarter of the year 1907, with, however, a slightly increased color and a considerably lower number of micro-organisms.

Distribution System.

BOROUGHS OF MANHATTAN AND THE BRONX.

Laying Water Mains.

Contracts for laying water mains in the following streets have been completed during the quarter:

Summit place, between Boston and Heath avenues; One Hundred and Sixty-third street, between Brook and Melrose avenues, One Hundred and Thirty-ninth street, between Broadway and Riverside drive.

Linear Feet of Pipe Laid.	
60-inch	104
48-inch	7,804
36-inch	1,495
30-inch	1,123
24-inch	30
20-inch	1,751
16-inch	4,190
12-inch	8,240
8-inch	320
6-inch	6,649
Total	31,706

Gate Valves Set.	
48-inch	2
30-inch	2
20-inch	8
16-inch	3
12-inch	81
8-inch	2
6-inch	106
Total	304

Hydrants Placed.	
Double nozzle, Standard New York.	92

Work Done By the Pennsylvania, New York and Long Island Railroad Company, at Their Own Expense:

Eight Hundred linear feet of 12-inch pipe laid, replacing old 6-inch pipe, one 20-inch gate valve set, two 12-inch gate valves set, two 6-inch gate valves set, two double nozzle, standard New York hydrants set.

Work Done By the Hudson and Manhattan Railroad Company at Their Own Expense.

Three hundred and forty-two linear feet of 12-inch pipe laid, six 12-inch gate valves set, one 12-inch gate valve reset, three 6-inch gate valves set, two double nozzle standard New York hydrants set, replacing old double nozzle "B" hydrants, one double nozzle standard New York hydrant set, replacing old No. 1 hydrant.

Repairing and Renewal of Pipes, Stop-cocks, etc., by the Regular Repair Companies:

Additional hydrants set	15
Hydrants set in place of defective hydrants	275
Old hydrants repaired	2,707
Double nozzle New York standard hydrants replaced	1
Double nozzle New York hydrants removed	3
New gate valves set in place of those defective	8
New 4-inch gate valves set	8
New 6-inch gate valves set	11
6-inch gate valves replaced	1
Old gate valves repaired	384
Croton mains repaired (leaking or broken)	251
Taps shut off at main (service pipes defective)	303
Hydrants found improperly closed (closed properly)	702
Linear feet of pipe used in repairs to mains	295

Permits Issued.

To place taps, less than 1-inch, on Croton mains:

Manhattan	171
The Bronx	168
	339

To place taps less than 1-inch, on Croton mains, all to be metered:

2-inch	17
3-inch	3
4-inch	1
	21

No repairs have been made during the quarter to horse troughs owned and maintained by the City. The water was shut off from these troughs on December 1, 1907, and will not be turned on again until the first week in April, 1908.

During the severe weather, on complaint of the Fire Department, 154 hydrants were found frozen. These hydrants were thawed out and re-salted by the Foremen of the various districts, and left in good condition.

Work was continued during the quarter on the map of the distribution system (scale 100 feet equals 1 inch), and three parties have been engaged in making shut-offs to obtain data to fill gaps in the maps of the Fourth and Fifth Districts, in locating hydrants that are being put in on new work and locating valves, in checking up the work on the maps of the First and Second Districts and in making surveys in the Fifth District.

During the quarter a gang has been stationed at night patrolling the 36-inch main on Mott sreet, which was endangered by the excavation for sewers made by the Rapid Transit Commission, and also the 36-inch main on Lafayette street, at the excavation made at Centre street.

Repairing and Renewal of Pipes, etc., by the Emergency Gangs.

Linear feet of new 4-inch mains laid	9
Linear feet of new 6-inch mains laid	1,142
Linear feet of new 8-inch mains laid	6
Linear feet of new 12-inch mains laid	160
Additional 8-inch gate valves set	8
Additional 12-inch gate valves set	1
Additional double nozzle standard New York hydrants placed	52
6-inch mains repaired	19
12-inch mains repaired	4
16-inch mains repaired	1
20-inch mains repaired	2
24-inch mains repaired	1
30-inch mains repaired	1
36-inch mains repaired	3
6-inch gate valves repaired	16
8-inch gate valves repaired	1
12-inch gate valves repaired	3
20-inch gate valves repaired	2
24-inch gate valves repaired	1
30-inch gate valve repaired	1
Double nozzle New York case hydrant repaired	1
Double nozzle New York standard hydrants set in place of double "A" hydrants	2
Double nozzle New York standard hydrant set in place of double nozzle New York case hydrant	1
Double nozzle New York hydrant set in place of single nozzle "A" hydrant	1
Double nozzle "A" hydrant removed	1
Connections made on large mains without shutting off the water	2
Taps changed from old 6-inch to new 12-inch mains	52
Additional taps made	2
Taps shut off	2
6-inch gate valves inspected, cleaned and greased	218
12-inch gate valves inspected, cleaned and greased	109
20-inch gate valves inspected, cleaned and greased	13

24-inch gate valves inspected, cleaned and greased	1
30-inch gate valves inspected, cleaned and greased	6
36-inch gate valves inspected, cleaned and greased	3

BOROUGH OF QUEENS.

The general condition of the distribution system is fairly good.

The construction of the tunnel and other improvements by the Pennsylvania Railroad Company, as well as the work on the erection of the Blackwells Island bridge, has considerably interfered with our system at various points, but the work has not yet progressed sufficiently to allow the proposed rearrangement of the mains.

Owing to the pressing demand for additional supply we have prepared plans of the extension of the distribution system, the costs of which will be about $270,000.

With regard to the extension of mains by private water companies, we have been restricted in this matter in order to keep within the appropriations available for that purpose.

Application for the issue of special revenue bonds to the amount of $80,000 has been made to meet the payments for water purchases and hydrant rents during this year. If this appropriation be allowed we shall be in a better position to meet the demands made upon us. We have at present applications calling for the setting by private water companies of over 300 hydrants, with the necessary mains.

In the First Ward normal pressures are still maintained, but we practically depend on the supply received from the Citizens' Water Supply Company.

The work of the telephone, electric light and private water companies is rapidly increasing in this Bureau. I would therefore recommend that two competent Inspectors be appointed to supervise and report on such work.

The work on the contract at the College Point standpipe and at station No. 1 is practically completed. A few minor repairs only are necessary before allowing final payment.

The two contracts awarded to James P. Graham are making slow progress, as already reported.

On February 4 the Board of Aldermen concurred in the resolution of the Board of Estimate, dated July 8, 1907, granting the appropriation of $225,000 for the filtration and utilization of the waters of Oakland Lake and enlarging and remodelling of the Bayside pumping station in the Third Ward, under the plan already described in the Annual Report for last year.

The following table shows the kind and amount of work performed by the repair gangs; also of work under contract, etc.:

Work Done by Repair Gangs in the First and Third Wards, Borough of Queens.

	First Ward.	Third Ward.
Number of taps made	115	23
Number of leaks repaired	8	8
Number of stop-cocks repaired	10	10
Number of hydrants repaired	103	18
Number of gate boxes repaired	..	2
Number of stop-cocks reset	3	2
Number of hydrants reset	6	7
Number of gate boxes reset	29	4
Number of hydrants removed	13	2
Number of pressures taken	15	8
Number of shut-off notices served	19	18
Number of times water was shut off and turned on	20	..
Number of linear feet of water main lowered	200	..
Number of meters repaired	8	..
Number of leaks investigated	5	..
Number of valve boxes located and valves investigated	25	..
Number of times water was turned on new pipe lines	10	2
Number of valves removed and street repaved	14	..
Number of excavating and backfilling made	19	..
Number of lamp posts removed	2	..
Number of service lines located and repaired	7	..
Number of taps located and shut off	9	..
Number of times regulating water pressures	88	..
Number of samples of water taken	31	..
Number of dead ends blown out	16	..
Number of new hydrants set	..	1
Number of linear feet of water main laid by contract	7,950	1,200

MECHANICAL DIVISION.

BOROUGHS OF MANHATTAN AND THE BRONX.

Ninety-eighth Street Pumping Station.

No repairs were made at this station during the past quarter.

One new set of grate bars was furnished. The station is in good repair.

One Hundred and Seventy-ninth Street Pumping Station.

During the past quarter the following work was done in the boiler room at this station:

On each of the boilers 1, 2, 3 and 4, new wrought iron stud levers and supporting brackets were fitted to the grates for the shakers. New covering bars were provided for boilers 2 and 3, and a broken bolt was removed and replaced in a manhole plate on No. 1. The bridge walls of all boilers were freed of clinkers, tubes cleaned and scaled, and new gaskets fitted to all manhole and handhole plates. All fittings were cleaned and repacked where necessary. The safety valves were ground and set. New joints were made on the stop valves and elbows, and a leaky 4-inch spool piece was replaced on the safety valve of each boiler 2 and 3. The internal portion of the feed pipe was renewed on boiler No. 2, and on boilers 1 and 2 the blow-off pipes were renewed with extra heavy pipe and fittings. The steam connections on the gauges of boilers 2, 3 and 4 were renewed. All brickwork was pointed up and repaired and new door linings were installed and the seams were calked on boilers 2 and 3. The fronts were cleaned and painted. The boilers were tested by the Police Department and approved.

On boilers 5, 6, 7 and 8 the stop valves were ground and new joints made on the bonnets and flanges. The internal feed pipe on No. 5 boiler was renewed with extra heavy pipe. All manhole and handhole plates were taken off and the tubes and tube sheets were sealed and cleaned. New joints were made under the plates. Clinkers were removed from the bridge and sidewalls of boilers 5, 6 and 8, and linings were rebuilt in boilers 5 and 7. New front anchor bolts were placed and all loose brace rivets removed and replaced on the front and back heads of boilers 6 and 8. All leaky tubes were rolled and expanded in the back header of No. 8 boiler, and the connections on the water columns of all boilers were renewed with extra heavy pipe. A new one-half-inch asbestos packed cock was fitted on the water column blow-off of No. 6 boiler, and new joints were made on the main blow-off cocks of boilers 6 and 7. The cast iron fronts of all the boilers were drilled and patched, and new door liners were provided for all four boilers, and the seams were calked on boilers 7 and 8. The grate bars were all overhauled and No. 6 received a new section.

A new front separator bar was installed in boiler No. 7. A new diaphragm and valve body was provided for the damper regulator. The brick settings were cleaned and the cracks pointed. The flue connections were thoroughly cleaned and painted. The fronts were also scraped and painted.

On boilers 9, 10 and 11, all leaky tubes were expanded and beaded, and the ash pans in the combustion chambers renewed in sections. The bridge wall frame of No. 9 was patched and anchor brackets fitted to keep it in place. The manhole and handhole plates were removed for the purpose of cleaning the tubes and sheets and replaced on new gaskets. The bridge wall was rebuilt in each boiler.

Connections were made from the auxiliary feed line to each boiler with a tee and valve for the attachment of a boiler compound feeder. The steam gauges were all adjusted. New joints were made on the bonnets of the stop valves and the blow-off to the sewer was renewed with extra heavy pipe. All stop valve stems were repacked.

In the engine room, repairs were made to the following extent: On No. 1 engine the rock shaft which drives the air pump was removed, the bearings scraped and all lost motion taken up and the air pump was overhauled. The dash pots on the engine were fitted with new check valves and springs and the rods were adjusted. The high and intermediate pressure link rods from the rock shaft were keyed up, the lagging was repaired and replaced where necessary, and new water valves and fifteen springs were installed. All sand and mud was removed from the water cylinders and a split tube was removed from the condenser. Stop and throttle valve stems and plunger rods were repacked. A new tee and nipples were fitted to the intermediate jacket return pipe.

On engine No. 2 new joints were made on the bonnet of the main throttle valve, and a 6-inch cross on the new steam line. The water cylinders were cleaned, all valves adjusted and weak springs replaced. The attached air pump was overhauled and a new set of valves and springs were installed. The engine dash pots were cleaned and four new springs and check valves put on and bolts were renewed in the low pressure dash pot rod. All stems were repacked. A new supporting bracket was fitted to the jacket pipe on the low pressure cylinder cover. The drip pans on the top of the water cylinders were cleaned and the oil return pipe was cleaned out.

No. 3 engine: The water cylinders were cleaned and twelve new valves and springs put in. New joints were made on all covers and the studs overhauled. The indicator motion was repaired and cards were taken. The dash pots were cleaned and the valves and springs overhauled, all lost motion in the rods being taken up. The lubricators and oil cups were all overhauled and cleaned. A new feather was fitted to the low pressure bottom steam valve stem, the top steam valve stem on the intermediate cylinder was removed and the slot trued up and five new steam and exhaust valve stems and brackets were fitted. The condenser heads were removed and one split tube taken out.

No. 4 engine: Hardened steel toe pieces were fitted to the lower valve stem cams on the intermediate cylinder and new trip springs were also attached. The threads on the studs of the high pressure stuffing box were trued up and the boxes repacked. The attached air pump rock shaft was removed and refitted and the valves and springs in the attached air pump and in the compressor were renewed. A leaky tee was removed from the lubricator steam connection and replaced with an extra heavy tee. The piston rods were repacked and the dash pots cleaned and repaired.

No. 5 engine: A new accumulator pump was set up and connected and the old one repaired, new piston and rings, plunger rods and crossheads, valve motion, links and springs being fitted. The low pressure jacket gauges were tested and adjusted and new piping cut and fitted to connect the gauges on the main gauge board. New valves were put in the steam line to the accumulator pump and the accumulator and compensating cylinders, and distributing pipes were packed twice during the quarter. The water cylinders were opened and a large number of eels removed from the suction end. Fifteen new valves and springs were installed and all glands packed. The attached air pump was overhauled, valves and springs renewed and rods packed. A split elbow was replaced in the air pump suction line. An additional Westinghouse air compressor was installed for furnishing air for the balancing tanks and also for blowing boiler tubes.

No. 6 engine: The low pressure trap was overhauled and a new joint made on the cover. The low pressure jacket gauges were tested and adjusted and connected to the main gauge board on the engine. New nipples and valves were put in on the intermediate receiver connections and new joints were made on the heads of the high pressure cylinder and of the high pressure receiver. The balancing tank was cleaned and a three-fourths-inch drain fitted up to it. The lubricators were removed and cleaned. The water cylinders were cleaned and the valves and springs examined and repaired.

The accumulator pump was taken down and repaired and reset on the foundation, new pipe connections being made and all boxes packed. The plunger of the attached air pump was packed and the valves and springs overhauled and new piping fitted to the by-pass from the discharge to the suction end. The independent air pumps were repacked and a new flange coupling was placed in the auxiliary steam line to the Westinghouse air compressor.

The following work was done on the steam piping in this station: One length of 8-inch pipe was removed from the by-pass between the main of the aqueduct boilers and the main of the Blake boilers, and replaced with a short length and a gate valve in order to permit of shutting off the line in sections when repairs are necessary. An 8-inch 45-degree elbow which was leaking was replaced with a special elbow. Four new joints were made on the steam line to the coal dock and a leaky 4-inch stop valve was removed from the auxiliary line and replaced with an extra heavy globe valve which had been repaired and tested.

An 8-inch globe valve on the line to the head house shaft No. 25 was removed and the line cut out by putting a blank flange on the end of the line over the aqueduct boilers. A drain pipe was fitted and hung around the loop of the new steam main in the engine room and connected to the high-pressure trap. A new angle valve was put in the jacket return from engines 1 and 3.

High Bridge Pumping Station.

In this station during the past quarter the shaking bars in boiler No. 1 were straightened and the grate bars in boiler No. 2 were adjusted to move more freely.

On pump No. 1 a new 20-inch elbow was placed in the discharge pipe and the air pumps were dismantled and the packing and springs renewed. New joints were made on the cylinder heads, the plunger rods were packed and three patches were put on the suction line between the air pump and condenser. All link pins and bushings were renewed on the engine and new bonnets were installed on the foot valves. The low pressure pistons were removed, the rings expanded and new joints made on the heads and on the right hand valve chest. A new joint was also made on the right hand high-pressure cylinder on the crank end head. All joints on the piping to the steam jackets were renewed and the lubricator piping was renewed. The throttle and main valve stems were repacked.

The main steam pipes to the tower pumps were tapped for lubricators and the lubricators installed. A new valve stem was installed in the valve on the exhaust line from the tower pumps and hand wheels were placed on all drip valves.

Jerome Avenue Pumping Station.

The repair work done at the Jerome Avenue Pumping Station during the past quarter was as follows:

New keys were fitted in the rock shaft of No. 2 engine; a link was repaired and new joints made on the high-pressure cylinder heads. The water end of engine No. 3 was examined and broken springs and valves were replaced. New joints were made on the low-pressure receiver head of No. 3 engine.

The tee head on one of the compensating cylinder plungers of engine No. 3 was repaired, the plunger packed and the accumulator ram also packed.

New joints were made in the old steam line in the engine room and the line made ready for service. A valve in the water end of one of the feed pumps was replaced.

The contract for the installation of sashes and glass in the ventilators on the roof was completed.

BOROUGH OF QUEENS.

FIRST WARD.

Pumping Station No. 1.

The boilers in this station were cleaned every month and all valves repacked, water columns and gauge cocks overhauled. The lining of the furnace of No. 2 boiler was renewed and new grate bars were installed. New jamb blocks, fire clay, arches, fire brick and hard brick were furnished for repairs to the furnace of boiler No. 1.

Engine No. 2 received a new set of valves and piston rods; the drip pipes on the steam cylinders were renewed and covered.

Slight repairs to the roof of the boiler house were made by the Department Carpenter.

The iron railing and concrete wall around the station are erected and the contract completed.

Pumping Station No. 2.

At this station the boiler was reported leaking and unsafe and for purposes of inspection the plant was shut down. Upon examination the interior of the shell and the surface of the tubes proved to be in excellent condition and the boiler was ap-

proved by the Police Inspector. A hydrostatic test developed a slight leak on the front head which was speedily remedied by rerolling four tubes. But one pint of kerosene oil is fed into this boiler daily.

The engine was overhauled and all glands packed. The boiler feed pipe was also cleaned.

The contract to wall and roof the receiving well at this station was completed satisfactorily.

A 10-ton Fairbanks platform scale was installed.

The station is in good condition and properly operated.

Pumping Station No. 3.

The boilers were thoroughly cleaned and sealed and one new tube was put in boiler No. 1. All valves on the boilers were repacked, the water columns overhauled and all gauges and cocks cleaned The furnace linings were repaired and a stock of fire brick, arches, etc., was obtained for future use.

The feed water heater was overhauled and repaired and a new 2-inch waste pipe was put in.

The engines were overhauled and repacked and new piston rods and plungers for the Fairbanks & Morse feed pump were installed. New piston rings were furnished later and the valves and seats in this pump were scraped and fitted with new springs.

The fire doors on the engine room and boiler house were rehung by the Department Carpenter and the windows were repaired with putty and new sash cord.

THIRD WARD.

Flushing Pumping Station.

The scales at this station were tested and proven correct. The boilers were thoroughly cleaned and sealed, new joints were made on the 5-inch stop valve and all valves and fittings on the boilers were cleaned and repaired. Three new gauge cocks were fitted to boiler No. 1 and new furnace door liners were fitted to both boilers.

Two new fire hoes and new centre grate bars were furnished and the bonnet on a 5-inch E. H. Chaoman valve was repaired. The 1½-inch brass check valve on the feed line was also repaired. The boiler room walls were cleaned and whitewashed.

The engines were overhauled and repacked. The air compressor was also repacked where necessary.

On engine No. 2 a broken bolt was drilled out of the crank end of the connecting rod. Six new finished bolts were furnished for the strap end of this rod and twelve new bolts were furnished for the flanged valve on the feed line.

Department employees repaired the roof and chimney of the residence adjoining the station and put new wainscoting and hung a new door in the engine room.

The pond was freed from a considerable amount of vegetation and is now in a clean and wholesome condition.

Bayside Pumping Station.

The boilers and fittings were thoroughly cleaned and sealed and furnace doors relined. New grate bars were furnished for boiler No. 2 and one new fire hoe provided. The boiler room walls were cleaned and whitewashed.

The Carpenter repaired the engine room floor and storm shed.

Oakland pond was thoroughly cleaned and freed of vegetation, and the wall around the pond was repaired and topped with cement. A bulkhead of 3 by 9 spruce was built for 100 feet at the north end of the pond and a sluiceway was constructed, connecting the two ponds A new gate and screen were built at the mouth of the 12-inch pipe line leading to the engine house.

The engine was overhauled and repacked. The air pump and boiler feed pump were also repacked.

Whitestone Pumping Station.

The station scales were tested and the boilers cleaned and fittings overhauled each month. A new stop valve was placed on the feed line and a new 1½-inch blow-off pipe installed. A new set of shaking grates was ordered for boiler No. 2 and the engine was overhauled and repacked.

College Point Standpipe.

A 4-inch gate valve on the drain from this standpipe burst from freezing on February 12. Temporary repairs made that night were followed by the substitution of a new valve.

The contract for constructing a concrete gate house and wall around the standpipe has been satisfactorily completed and the inclosure has been graded and prepared for grass seed.

HIGH PRESSURE FIRE SYSTEM.

Distribution System.

The laying of the high pressure mains was practically completed during 1907, the only work remaining to be done being the setting of about 200 hydrants which the City had delayed in furnishing the contractor. The work of setting the hydrants was started the latter part of March and will be completed as rapidly as the weather conditions permit.

The Middle District was accepted on January 10, 1908, and final estimate for the Northern District was given March 2, 1908.

In the lower part of the city the Department has found considerable difficulty in locating the hydrants, as on practically all corners the property owners have built vaults under the sidewalk out to the curb line. This has required the construction of small brick recesses in these vaults, often at considerable trouble and cost both to the Department and the owner.

All the mains and hydrants were placed in service as a low pressure system during the quarter, the connection to the Croton system being through a 20-inch roundabout off the 48-inch main at Fifth avenue and Twenty-first street. This gave over 1,000 additional hydrants in the centre of the city available for fire service and all fed by large mains.

Permits for the placing of the telephone call boxes connected with the high pressure stations are now being obtained and within the next month the entire telephone system, consisting of 214 call boxes, will be in operation.

The telephone system is divided into two sections at Houston street; all boxes north of that street are connected to the Gansevoort street station switchboard and all boxes south of Houston street are connected to the Oliver street station switchboard.

There is now under consideration a portable telephone outfit with 500 feet of cable attached which can be plugged with the call box and the telephone instrument brought close up to the location of the fire so that the officer in charge can have all the apparatus under his eye and still be in direct communication with the pumping station.

Fire Boat Connections.

Owing to the great length of the piers surrounding the city, it has been found necessary to fix the minimum size of these connections at 12 inches diameter in order to keep the friction loss as low as possible.

This has eliminated several of the locations called for on the original plans, as it would be impossible to place such a large main either on or below the floor without interfering seriously with the use of the pier. We are endeavoring to find locations where, one side of the pier not being open to boats, we may be able to place the main along the stringpiece with a suitable connection for the fireboat.

HIGH PRESSURE PUMPING STATIONS.

Oliver and South Street Station.

During the past quarter the building for this station has been completed, except for the terrazzo floor and the setting of the entrance doors, which will require about three weeks further work. Work has been commenced on cleaning up the yard and sidewalks, all of which will be finished in the next few weeks, when the construction of the sidewalks and fence will be started.

The heating plant has been installed and heat turned on in the building.

The bus bar and oil switch compartments have been completed. All bus bars, oil switches, switchboard, meters, etc., have been set and completed for operation; all motors are set and all cables to main motors and motor operated valves have been put into place and tested. All Edison high and low tension cables have been connected to busses and tested and break down test has been put on bus bars and apparatus.

All pumps, piping, valves, etc., have been installed complete and three pumps are ready for operation.

The two 24-inch and the 12-inch Venturi meters have been installed and connected to the distribution system and the registering apparatus has been installed.

The three vacuum pumps have been installed and are being made ready for operation.

The fresh water suction entering the south side of the building has been completed and water turned on and rapid progress is being made with the line entering the north side.

The salt water suction lines have been completed and connected up to the pumps, the street has been repaved and the contractor has removed his plant to the Gansevoort street job.

The gate vault for the two 24-inch Venturi meters is about 95 per cent. completed and should be finished in the next ten days.

The telephone system has been completely installed and is in active operation.

One of the pumps was turned over by its own power without water on February 16 and on March 16 three pumps were operated under power and delivered water under pressure.

The gate vault for the two 24-inch Venturi meters is about 95 per cent. completed and should be finished in the next ten days.

Gansevoort and West Street Station.

This building has been completed with the exception of the terrazzo floors in the main building, the cement floors in the bus bar and oil switch rooms and about ten feet of the tiling on the roof of the electrical bay; also the main entrance doors are yet to be hung.

The heating boiler has been set and about twenty-five per cent. of the steam piping is in place.

All main motors have been placed, all conduits are in place and work has been started on the bus bar and oil switch compartments. All electrical apparatus of every kind has been received at the station and the contractors are working night and day on its erection.

The five pumps have been placed, all piping and about sixty per cent. of the valves have been received and are in course of erection.

The three vacuum pumps have been received in the station and will shortly be erected.

All that remains to be done to complete the salt water suction lines is about one hundred feet of double 36-inch pipe and the screen chamber at the foot of Gansevoort street.

Outside Standpipes for Water Curtains and Connections with Inside Sprinklers.

When the high pressure fire system was designed, the installation in connection therewith of outside standpipes for water curtains and inside sprinklers was discussed with the representatives of the Fire Department, the Fire Insurance Exchange, Board of National Fire Underwriters and other insurance interests, the Merchants' Association of New York, etc., and this Department took the position that it was not called upon to decide whether or not these outside standpipes, with or without sprinklers or inside sprinklers, should be installed and permanently connected with the high pressure fire system, especially as there was considerable divergence of opinion among the insurance companies and underwriters as to the advisability of permanently connecting with the high pressure fire system these outside standpipes and inside sprinklers, and they have this matter still under study. We held that these were properly fire appliances, the study and adoption of which, therefore, was without our jurisdiction and coming exclusively within that of the Fire Department and the Bureau of Buildings, and that when the question has been decided by these Departments we would simply be called upon to co-operate with them and act in accordance with their decision.

We stated that, in our opinion, the proper mode of procedure would be as follows, i. e., that the Bureau of Buildings would order, and perhaps make it a part of the Building Code, that standpipes should be installed in buildings say 100 feet or over, and to be of such form and in such manner as they might deem advisable; such a requirement being in force in some of our other cities. The Fire Department should prepare the specifications for such standpipes and also provide for periodical tests, say every two or three months by said Department, so as to insure their being kept in proper repair. The mode of permanent connection of these standpipes with the high pressure mains should also be specified by the Fire Department, as well as the location of the controlling valve (whether outside or inside of the buildings) and the mode of controlling the supply to the standpipes, which would be exclusively under the jurisdiction of that Department. With the question thus decided, it would be the province of this Department simply to allow the connections to be made with the high pressure fire mains and to supervise the work so that the mains would not be injured or their efficiency impaired, or the water used for illegitimate purposes. This would be, therefore, the last step to be taken in carrying out the installation of these outside standpipes or sprinklers.

These views, which were stated with considerable detail at the meeting held for that purpose before the Commissioner of this Department, were unanimously concurred in by the representatives of the Fire Department and of the various interests who were present.

However, on December 9, 1907, the Chairman of the Committee on Insurance of the Merchants' Association of New York addressed a communication to the Commissioner of this Department advocating the installation of outside sprinklers and requesting the issue of an order permitting the connection of outside standpipes for outside sprinklers with the high pressure mains.

After ascertaining the views of the representatives of the Fire Insurance Exchange and other insurance interests, which were by no means favorable to the proposition made by the Committee on Insurance of the Merchants' Association, the Commissioner of this Department determined to thoroughly investigate the matter and called, for that purpose, a conference at his office, to be held on February 6, 1908, to which he invited the Commissioner of the Fire Department, the Superintendent of Buildings, the Chairman of the Committee on Insurance of the Merchants' Association and the Manager of the New York Fire Insurance Exchange, the President of the Continental Fire Insurance Company, the President and General Agent of the National Board of Fire Underwriters and the Superintendent of the New York Board of Fire Underwriters, all of whom attended.

The Commissioner stated the position hitherto taken by the Department in this matter and added that he saw no reason to depart therefrom. The Chairman of the Committee on Insurance of the Merchants' Association presented his proposition and explained it at considerable length, and was answered by the representatives of the various insurance companies and underwriters present, all of which opposed the permanent connection of these outside standpipes and inside sprinklers with the high pressure fire system. They alleged that the various problems with regard to the installation of these outside standpipes and inside sprinklers were still under study, and had by no means been satisfactorily solved; that the insurance engineers by no means agreed as to the advantages of the desired connections; that the testing out of the high pressure system could only be satisfactorily accomplished by "actual use under the different conditions produced by varying demands and emergencies, and only after such demands have been fully met, if then it would seem safe, to face the complications which might result through fixed building connections." Hose connections made by the Fire Department to standpipes and sprinkler equipments could be as readily made from the high pressure hydrants.

The representatives of the insurance interests were unanimous in declaring that the installation of permanent connections with these outside standpipes and sprinklers was premature, and that it was the part of prudence to wait for the results to be obtained from the operation of the high pressure fire system, as planned, and avoid the risk of overburdening it, at the very start, with increased demands and unforeseen or needless complications. The representatives of the Fire Department and of the Bureau of Buildings concurred in these views.

As a result of this conference, no action was taken on the application of the Chairman of the Committee on Insurance of the Merchants' Association of New York. The Department maintains its attitude in regard to this question, as previously announced and outlined above.

FILTRATION DIVISION.

Jerome Park Experimental Station.

For the first six weeks the filter sand was "sized" by the use of the Blaisdell Washing Machine, equipped with long teeth. The operation was successful, increasing the effective size of the sand from 0.21 mm. to 0.33 mm. The filters were then placed in service, filtering Croton water without previous treatment, and four such runs were made.

Respectfully submitted,
I. M. de VARONA, Chief Engineer.

Department of Water Supply, Gas and Electricity,
Office of Deputy Commissioner,
Brooklyn, September 14, 1908.

Hon. JOHN H. O'BRIEN, Commissioner Water Supply, Gas and Electricity:

Dear Sir—I beg to transmit herewith report of the transactions in this Borough for the quarter ending March 31, 1908.

The report, as submitted, covers the work of the Engineer's Bureau, of the Bureau of Water Rates and of the Bureau of Electricity and Gas. I have no report from the Bureau of Lamps and Lighting, but am not holding this quarterly report on that account, as I understand Mr. Lacombe presents the statement of the work of his Bureau to you direct.

Very truly yours,
WM. C. COZIER, Deputy Commissioner.

Department of Water Supply, Gas and Electricity, Borough of Brooklyn,
Bureau of Water Rates,
April 2, 1908.

Hon. WILLIAM C. COZIER, Deputy Commissioner:

Dear Sir—I have the honor to submit herewith a detailed statement of the receipts for water rents for the quarter ending March 31, 1908, and statement of the receipts for the corresponding term of 1907.

Receipts for the Quarter Ending March 31, 1908.

REPORT OF CHIEF ENGINEER, BOROUGH OF BROOKLYN, FOR QUARTER ENDING MARCH 31, 1908.

Department of Water Supply, Gas and Electricity,
Chief Engineer's Office, Municipal Building,
Brooklyn, April 15, 1908.

Hon. WILLIAM C. COZIER, Deputy Commissioner:

Dear Sir—I submit herewith report showing the condition of the water supply in the Borough of Brooklyn, the work done in connection with the same, and the receipts and expenditures for the quarter ending March 31, 1908:

RECEIPTS AND EXPENDITURES.

Receipts.

Regular water rates	$34,306 72	
Metered water rates	172,914 23	
Penalties, arrears, etc.	42,515 59	
Total collections by Water Registrar, to credit of "Water Revenue, Borough of Brooklyn"		$249,736 54
Setting meters (credited to Water Meter Fund)		1,215 12
Total receipts		$250,951 66

Expenditures.

Appropriations Accounts—	
Administration, office of Deputy Commissioner, salaries and wages, 1908	$3,062 49
Distribution—	
Water registration, permits, etc., salaries and wages, 1908	12,221 25
Water registration, permits, etc., supplies and contingencies, 1908	184 00
High pressure fire service, salaries and wages, 1908	4,146 05
High pressure fire service, supplies and contingencies, 1908	34 00
Rental of fire hydrants, 1907	7,112 50
Total, appropriation accounts	$26,760 29
Water Revenue Accounts—	
Administration:	
Office of Deputy Commissioner, salaries and wages, 1908	$2,849 98
Office of Chief Engineer, salaries and wages, 1908	5,274 99
Water Revenue Accounts—	
Distribution:	
Water registration, permits, etc., salaries and wages, 1908	5,805 46
Maintenance, salaries and wages, 1908	75,842 85
Maintenance, pipes, hydrants, etc., 1908	799 76
Maintenance and distribution of water supply, rental of fire hydrants, etc., 1908	4,200 52
Supplies and contingencies, 1908	104,621 54
Collections and storage:	
Watersheds, aqueducts, etc., salaries and wages, 1908	26,089 11
Watersheds, aqueducts, etc., repairs and renewals, 1908	34 23
Pumping stations, salaries and wages, 1908	144,027 23
Pumping stations, repairs and renewals, 1908	1,885 54
Maintenance and distribution of water supply, 1905	7,538 32
Maintenance and distribution of water supply, 1906	9,802 29
Maintenance and distribution of water supply, 1907	107,451 42
Total water revenue accounts	$496,223 24
Corporate Stock Accounts—	
Construction and establishment of High Pressure Fire Service	$90,691 01
Water Fund, Brooklyn	426,365 58
Total corporate stock accounts	$517,056 59

Special Accounts.

Water meter fund	$2,849 97

Summary of Expenditures.

Appropriation accounts	$26,760 29
Water revenue accounts	496,223 24
Corporate stock accounts	517,056 59
Special accounts	2,849 97
Total expenditures	$1,042,890 09

Average Daily Consumption, U. S. Gallons.

Sources.	January.	February.	March.	Three Months.

Hempstead Storage Reservoir	3.29	3.17	1.77	2.64	3.27	4.76	8.33	10.57

Condition of the Supply.

On January 1 the contents of the distributing reservoirs were about normal, and continued normal until about the end of January, when the increase in consumption due to the extreme cold weather caused a heavy draft upon same, decreasing the contents from a total of 315,785,000 gallons on January 27 to a total of 205,125,000 gallons on February 14, a loss of 110,000,000 in the three weeks. During the second half of February and all of March, however, there was a gain in the contents of the reservoirs, so that by the end of the quarter the amount stored was only 17,646,000 gallons less than that on January 1. On the other hand, there was a constant gain in the contents of the Hempstead Storage Reservoir during the quarter, amounting on March 31 to 104,129,000 gallons, and this in spite of the fact that we found it necessary to draw upon said reservoir on February 20, and continued to do so till the end of the quarter. The average daily consumption has continued to increase, it being 142,913,000 gallons for the quarter, or 7,300,000 gallons more than that for the year 1907; it reached a maximum of 161,320,000 gallons on February 4.

During the quarter one of the two pumping stations to be established by Mr. Silas W. Titus within the Borough limits, was started by Mr. Titus. Pumping from this plant was begun on January 11, and the amount of water pumped up to March 31 was 138,124,610 gallons or an average daily of 1,700,000 gallons.

Progress is being made upon the installation of the new driven well stations at Lynbrook and at Rockville Centre. It is confidently expected that both these stations will be started during the coming quarter. Considerable work was done by the Department driven well gangs at various driven well stations, with the result that the yield from said stations has been increased.

The total waste from the ponds on the old and new watersheds was as follows:

	January.	February.	March.	Total.
Baiseleys	103,793,400	186,420,200	139,021,300	429,234,900
Springfield	8,659,400	64,122,600	7,162,200	79,944,200
Conselyeas	83,809,100	117,206,000	118,571,000	319,586,100
Watts Pond	30,772,500	103,686,100	110,528,000	244,986,600
Smiths Pond	27,849,400	116,344,800	126,125,100	270,319,300
Millburn	.....	7,005,100	.....	7,005,100
East Meadow	1,096,200	62,867,100	1,626,800	65,590,100
Newbridge	365,300	12,268,800	.....	12,634,100
Wantagh	3,964,400	18,922,500	.....	22,886,900
Massapequa	.....	16,970,100	1,954,400	18,924,500
Total	260,309,700	705,813,300	504,988,800	1,471,111,800

Quality of the Supply.

The analyses made of the water supplied to consumers during the quarter showed that the quality of the water in the entire distribution system was approximately the same as that for the corresponding quarter of 1907. The amount of color and the number of bacteria were somewhat increased, but the amount of microscopic organisms was much reduced. Especially was this noticeable in the Mount Prospect Reservoir in which the microscopic organisms had been decreasing during the past year.

SUPPLY—EXTENSION AND IMPROVEMENT.

Driven Wells—Work Under Contract.

The work of extending and improving the driven well systems done under contract during the quarter was as follows:

Contract for furnishing and driving or sinking deep wells, Grant Rohrer, contractor; dated May 21, 1907. Work was continued at Springfield, Baiseleys and Oconee Pumping Stations. At Springfield the wells have been completed, eleven in all, driven to an average depth of 196 feet. All the wells have been pumped and tested; they cleared quickly and showed a very satisfactory yield. During the quarter 225 feet were driven at this station.

At Baiseleys the work is also finished. There are 16 wells, with a total depth of 3,509 feet, or an average depth of about 219 feet. These wells give very satisfactory results under test. If, when in use, they give 60 per cent. of the yield shown in the test, this station will furnish an additional 5,000,000 gallons per day. 796 feet were driven during the quarter at this station.

At Oconee, of the 15 wells to be placed, 3 are yet to be driven; 2 wells have been pumped and tested, showing good results. During the quarter 844 feet were driven at this station, making a total of 1,863 feet driven under this contract.

Contract for furnishing and driving shallow wells, P. H. & J. Conlon, contractors; dated May 31, 1907. Work has been carried on under this contract at Rockville Centre and St. Albans Pumping Stations. At Rockville Centre 22 wells are completed, with a total depth of 2,036 feet, or an average depth of 92 feet. In order to obtain satisfactory material, it was found necessary to exceed the limit of depth provided for in the contract in some cases. 2,001 feet were sunk during the quarter at this station.

At St. Albans 8 wells have been completed, with a total depth of 627 feet, or an average of 78 feet to the well. The work is completed here, and 6 wells are in use. During the quarter 481 feet were sunk at this station, or a total at both stations of 2,482 feet.

Contract for developing the deep wells at Jameco Pumping Station, Silas W. Titus, contractor; dated March 28, 1906. During the quarter the contractor continued to pump from 15 of the 21 deep wells, as follows:

Average daily pumping in January	4,808,915
Average daily pumping in February	3,834,363
Average daily pumping in March	5,838,234
Average daily pumping during quarter	4,848,991

The contractor has removed the 16-inch by 18-inch temporary compressor, for which the City furnished steam, the permanent equipment in the contractor's plant having been installed and put into service. The Worthington pump at the station is still employed, however, to lift the water from the central well into the conduit. The permanent plant consists of two 250 horsepower Sterling boilers, two compound steam duplex double-acting air compressors, with condensers, air receiver, feed pumps and feed water heater.

Contract for two pumping plants within City limits, Silas W. Titus, contractor; dated July 15, 1907. The contractor has continued the work of installing the plants both at Sixth street and at Trotting Course lane.

At the Sixth Street Station the contractor has added one 100 horsepower locomotive boiler and an 18¼ by 29-inch by 16-inch by 18-inch Worthington pump, which now consists of the following:

Two 100 horsepower locomotive boilers, one 75 horsepower locomotive boiler, one 35 horsepower vertical boiler, three 12-inch by 16-inch compressors, one duplex double-acting 16-inch by 10½-inch by 12-inch Dean pump, one duplex double-acting 16-inch by 8½-inch by 10-inch Worthington pump, one duplex double-acting 18¼-inch by 29-inch by 16-inch by 18-inch Worthington pump.

The contractor has sunk and connected two wells on the property bought by him, three in the north side of Sixth street, between the property and Fourth avenue, and four more in Fifth, Sixth, Seventh and Eighth streets, just east of Fourth avenue. These wells are in the roadway, about 18 inches from the curb; three of the wells driven in Fourth avenue have been abandoned owing to their interference with the proposed subway and pipe galleries.

The contractor started pumping from the two wells on his property on January 11, 1908; two wells have been added since that date. The water is delivered into the distribution system through a 20-inch main running in Sixth street to Fourth avenue, where it connects with the 20-inch main in said avenue. The amount delivered is measured by a 20-inch meter; daily readings of this meter are taken, as well as of the pump counters, water and steam pressures. Samples of the water are taken for bacteriological and chemical analyses weekly.

The amount of water pumped during the quarter was as follows:

	Gallons.
January	27,566,940
February	48,806,230
March	61,751,440
Total	138,124,610

—or a daily average of 1,726,558 gallons.

The rate of delivery at the end of the quarter was approximately 2,250,000 gallons per day. The quality of the water is good.

On March 5, 1908, general plans and specifications for the permanent building, pumping engines, boilers, compressors and all appurtenances were submitted by the contractor; these have not as yet received approval until more detailed plans are furnished and other requirements as to the equipment are complied with. The contractor, however, started work on March 12, on the foundations for the building, machinery and stack, at his own risk.

At the Trotting Course Lane Station, eleven wells have been driven to their final depth, about 230 feet; seven of these wells are completed and have been cleaned; four are fitted with strainers, but have not been cleaned. At present there are seven well-driving machines at work on other wells, the sixteenth well having been started.

A temporary plant, housed in a frame building, has been installed by the contractor at this station. It consists of the following:

Two 40-horsepower vertical boilers; one 18-horsepower vertical boiler; one 75-horsepower locomotive boiler; one 12-inch by 16-inch compressor; one 16-inch by 18-inch compressor; one 16-inch by 8½-inch by 10-inch Worthington duplex pump.

Contract for delivering water, Queens County Water Company, contractors; dated August 22, 1903. Under this contract the water company have continued to deliver without interruption the 3,000,000 gallons called for. The accuracy of the 20-inch meter used for measuring the amount of water delivered was tested on January 6, 1908.

Contract for sinking shallow wells and laying suction mains at the Canarsie and Gravesend Pumping Station, Isaac Harris Company, contractors; dated May 20, 1907. No work was done by the contractors during the quarter. There has been great delay in carrying out the work under this contract, and I will be compelled to recommend that the contract be declared abandoned and the work readvertised if no better progress is made by the contractors during the coming quarter.

Driven Wells—Work Done By Department Men.

Ridgewood Pumping Station—Seven 6-inch test wells were driven on the site of the proposed new pumping station, to determine the stratification at the site. These test wells have an average depth of 27 feet.

St. Albans Pumping Station—Three of the old 6-inch strainer shallow wells at this station, which were found choked with oxide of iron and in bad condition, were pulled up.

Clear Stream Pumping Station—A number of the old 2-inch wells at this station were pulled up, and in their place there were installed seven 6-inch earthen pipe wells, driven to an average depth of 52 feet. These wells all have 30 feet of 4-inch suction, and it is expected they will show good results. Work on deep well No. 4 at this station was also started.

Matowa Pumping Station—On the east leg of this station two deep wells (Nos. 9 and 11), were driven, with 6-inch Johnson strainers. Well No. 9 was driven to a depth of 84 feet 7 inches, and No. 11 to a depth of 81 feet. These two wells are completed and ready to be connected up; also deep well No. 7 has been driven to a depth of 430 feet.

Seaford Pumping Station—Two (2) deep test wells have been driven at this station, one to a depth of 762 feet and the other to a depth of 1,012 feet. The material encountered was chiefly fine sand, silt clay and lignite; at about 700 feet the Lloyd gravel was reached. The water overflowed the pipe at a height of 3 feet above the surface, which indicates that a great supply of water can be had at that depth.

Wantagh Gallery—At the east end of this gallery a deep test well was driven from a depth of 342 feet to a total depth of 717 feet. Fifteen 2-inch test wells were pulled up and redriven in the vicinity of Lynbrook, Rosedale, Springfield, Valley Stream and Watts Pond.

In the vicinity of Bellmore, Seaford and Wantagh, the following new test wells were driven and old test wells driven deeper, in order to obtain exact data as to the depression of the water table caused by the Wantagh and Massapequa galleries:

One hundred new 2-inch test wells driven; forty old 2-inch test wells driven deeper.

Pumping Stations—Work Under Contract.

Contract for remodeling the Ridgewood North Side Pumping Station: Fuller & O'Connor contractors; dated April 3, 1907. Nothing was done during the quarter on this contract, except some excavating and the driving of some steel piling. Some material was also delivered on the ground, but progress on the work in general was very unsatisfactory.

Contract for furnishing, delivering and erecting new pumping plant in the remodeled Ridgewood, North Side Pumping Station: Davis & Farnum Manufacturing Company, contractors; dated November 28, 1906. Good progress was made on the work of constructing the new pumping engines. A great deal of shop work was done during the quarter, both at Walton, Mass., on the pump ends, and at Hamilton, Ohio, on the steam ends.

Contract for furnishing, delivering and erecting eight water-tube boilers in the remodeled Ridgewood, North Side Pumping Station: Heine Safety Boiler Company, contractors; dated February 5, 1907. All the shop work on the boilers has been practically finished. Little more can be done on these boilers until the work on the building is sufficiently advanced to permit of their erection.

Contract for furnishing, delivering, erecting and connecting four (4) water-tube boilers at the new Ridgewood Pumping Station: Ralph J. F. Gerstle Company, contractors; dated January 2, 1906. The work on this contract having been abandoned by the contractors, a contract for the completion of the work has been prepared and advertised. Bids for this contract were received on April 1, 1908.

Contract for furnishing and erecting two new brick chimneys at the new Ridgewood Pumping Station: H. R. Heinicke (Inc.), contractors; dated September 21, 1905. The east chimney has been completed for some time, but the Department has been unable to turn over to the contractor the west chimney to raze. As soon as the new pumping engine and the new boilers have been completed and put in operation, the said contractor will be permitted to proceed with the work of tearing down the old west chimney and erecting the new one.

Contract for two pumping engines at the new New Lots Pumping Station: Marine Engine and Machine Company, contractors; dated December 15, 1905. The contractors have submitted one of the engines for test, and they are at work on the second, which they expect to have ready for testing within a few days.

Contract for erecting one pumping engine at the new Gravesend Pumping Station: the Snow Steam Pump Works, contractors; dated Sptember 26, 1905. The contractors have completed all the work on the engine that it is possible for them to do, pending the completion of the steamfitting and the making of the proper connection to the suction pipe from the driven wells. As soon as these connections are made, the contractors will be enabled to complete the engine and offer it for the required tests.

Contract for erecting two boilers and one economizer at the new Gravesend Pumping Station: Thomas F. Purcell, contractor; dated January 28, 1907. The work on this contract is nearly completed, and the boilers are practically ready for the necessary tests.

Contract for erecting the necessary steamfitting at the new Gravesend Pumping Station: William Horne Company, contractors; dated November 2, 1905. The contractors for this work have made very good progress on same, and the work is nearing completion.

Contract for erecting a concrete culvert and doing all grading, etc., at the new Gravesend Pumping Station: Walter N. Bristow, contractor; dated April 26, 1907. Work on this contract was resumed on March 4. About 5,000 cubic yards of material were taken out of the well trench west of the Brighton Beach Railroad tracks, thus completing this part of the trench to subgrade. Work is now being carried on at the eastern portion of the trench.

Contract for erecting the Canarsie Pumping Station: Richard Whalen & Co., contractors; Henry Newman, assignee; dated July 15, 1905. Little work was done on this contract during the quarter. The forms for the concrete roof are, however, in place for about one-half of the roof, which will soon be completed. A lage part of the cornices and gutters have been put in place.

Contract for erecting concrete coal shed and culvert and doing all grading, etc., at the Canarsie Pumping Station: Newman Construction Company, contractors; dated October 12, 1906. The work on this contract is more than half completed. During the quarter about 8,000 cubic yards of material were excavated out of the well trench.

Contract for erecting two pumping engines at the Canarsie Pumping Station: Marine Engine and Machine Company, contractors; dated June 22, 1905. The contractors for this work have both the pumps at their shops practically completed, but although notified to proceed with the work of erecting the foundations for the engines, they have not as yet made an actual attempt to do so.

Contract for erecting three boilers at the Canarsie Pumping Station: B. Franklin Hart, Jr., & Co., contractors; dated June 5, 1906. The contractors have delivered and erected the boilers and superheaters, and have finished the erection of the breeching. No further work can be done by them until the building is roofed in.

Contract for erecting the necessary steamfitting at the Canarsie Pumping Station: Blake & Williams, contractors; dated June 6, 1906. No work was done on this contract during the quarter, and none can be done until the building is roofed in and the pumping machinery is installed.

Contract forms, specifications and plans have been prepared for replacing the old chimneys at the Millburn Pumping Station (one of which is dangerously cracked), with radial brick chimneys of larger diameter and somewhat greater height. Plans and specifications have also been prepared for the removal of the old boilers at this station and the installing of a new up-to-date equipment of water-tube boilers. The old boilers will be used to replace old locomotive and vertical types in some of the temporary line stations.

Contract forms, specifications and plans are now ready for the installation of a new ten million gallon triple expansion pumping engine at the Mount Prospect Pumping Station.

Contract forms, specifications and plans have been prepared and printed for installing additional pumping stations along the conduit line.

Plans and specifications are being prepared for erecting the necessary steamfitting and breeching at the remodeled Ridgewood, North Side Pumping Station.

Pumping Stations—Work Done by Department Men.

At Aqueduct Station, the Morris centrifugal pump was removed to make room for the new four-million gallon Deane engine. This engine was delivered on the ground during the latter part of the quarter and was placed on its foundation. It is now being connected to the 72-inch steel pipe line and will shortly be placed in service.

At Oconee Station, the Davidson engine was removed to make room for the new four-million gallon Deane engine to be installed here. The foundation for same has been built and the engine will be erected in a short time.

At St. Albans Station the shallow wells driven by Contractors P. H. & J. Conlon were connected up to the suction line and are now in service.

The shallow wells driven at the Clear Stream Station by the driven well gang are being connected to the suction line.

The work of building the Lynbrook Station and erecting and connecting the boilers, engines, etc., is now well under way. It is expected that this station will be placed in service early in the coming quarter.

Additional Pipe Conduit.

The 72-inch steel pipe line from Ridgewood to Clear Stream has continued to be used as an auxiliary to the old conduit, several of the driven well stations having been connected with it.

The contract forms and specifications for the extension of the line to Amityville have been prepared and were forwarded for approval and printing on January 15, 1908. All the detail plans for this work have been completed and approved. As soon as maps of the lands necessary to be acquired have been adopted by the Board of Estimate and Apportionment and the Commissioners appointed, the contract can be advertised.

Infiltration Galleries.

Wantagh—No work was done during the quarter on this gallery. The plant has been shut down and it still remains in the hands of the contractors.

Massapequa—No work was done during the quarter. The contractor began to pump on March 31 in order to prepare the trench for pipe laying. The wooden flume between Station 80 and Station 100 was taken down and stored near the Central Station.

The water pumped into the conduit during the quarter was as follows:

Central Station—

	Gallons.
January	69,219,000
February	.....
March	21,762,000
Total	90,981,000

A section map of the Wantagh gallery has been prepared, showing the hydraulic grade, etc.

In order to determine upon the location of proposed infiltration galleries, a profile map of the conduit lands from Rockville Centre to Bellmore has been prepared.

Surveys.

The base line work along the centre line of the conduit from Spring Creek to Clear Stream, together with locations of monuments on the side lines of the conduit lands, has been completed. This base line is being co-ordinated for the purpose of plotting and calculating the areas of recent purchases. A new map will be prepared to the scale of 50 feet to 1 inch, showing not only the new purchases, but the full width of our property.

Surveys were made of lands at Unqua and Pines Streams for the purpose of fencing said properties. Survey of John Kinsey's farm, Springfield, was made. The maps, together with all records to be used in this suit for damages, have been completed.

Survey was made of F. Reisert's farm, adjoining Watts Pond Pumping Station, Valley Stream; the maps and records for this case are in course of preparation.

Millburn Reservoir.

Contract forms and specifications have been prepared for the work of lining this reservoir and making it water-tight. A survey of the reservoir is now being made and as soon as same is completed the necessary detail plans for the work will be prepared.

Contracts.

The following contracts for work on the extension and improvement of the supply were prepared during the quarter, and forwarded for approval, printing and advertising:

January 15—For furnishing, delivering and laying a 72-inch steel pipe line and appurtenances, from Valley Stream to Amityville, L. I.

March 16—For furnishing and delivering well driving machines.

Supply—Maintenance and Repairs.

Pumping Stations—Operation and Maintenance.

Mount Prospect—For 60 days during the quarter engine No. 4 at this station was operated in order to furnish an additional supply for the Mount Prospect Reservoir service. This engine pumped, during its operation, an average of 2,816,000 gallons per day.

On the tower service, the pumping has been further increased from a daily average during 1907 of 6,642,000 gallons to a daily average during the first quarter of 1908 of 7,942,000. The tower service consumption is increasing so rapidly that the installation of the new pumping engine at this station, forms of contract for which are now ready, is urgently needed.

A new valve plate was placed in engine No. 1 during February. Since that time this engine has worked very satisfactorily. Engines Nos. 2, 3 and 4 are all in good condition. Engine No. 5 was overhauled during the quarter; the condenser was retubed and the coil in feed water heater repaired.

The boilers at this station are in good condition. A balance draft system was attached to the furnaces of the boilers during the quarter, the consent of the Commissioner having been obtained by the makers for its installation and trial.

The roofs, gutters and leaders of the buildings were repaired and painted, and the interior of the station is being painted.

Gravesend—The average amount of water pumped per day at this station during the quarter was 3,190,000 gallons, about the same as that pumped last quarter. The machinery at this station requires a thorough overhauling and repairing, but this can not be done until the new station is completed and put into service.

New Utrecht—The average daily pumping at this station during the quarter was 1,382,000 gallons.

The engines at this station are in fairly good condition. The boilers, however, are in need of extensive repairs. Boiler No. 2 has been condemned by the Police Department, so that only one boiler, No. 3, can now be used, No. 1 having been previously condemned.

New Lots—Old Station—During the quarter this station was kept in continuous operation; only minor repairs were necessary, the engines being in good condition. Feed pump No. 1 was overhauled and repaired. All rod boxes were repacked and the water end refitted with new valves and springs. Rods and piston boxes of feed pump No. 2 were also repacked. Each boiler was washed and cleaned in turn.

New Lots—New Station—The water end of engine No. 1 was overhauled, and water valves, valve springs and plates renewed. Engine No. 2 was also overhauled. plungers repacked, and a number of new valves, springs and plates were placed. The Davidson feed pumps were repacked, and new brass linings were fitted in the water ends. The Worthington pump was overhauled, all rods repacked and water ends fitted with new valves.

The boilers at this station are in good condition; only minor repairs to them were necessary during the quarter. The average daily pumping at the New Lots Stations during the quarter was 6,769,000 gallons, about the same as that for the last quarter.

Ridgewood, North Side—The engines at this station were all kept in almost constant operation during the quarter, only minor repairs being made to them.

Triple Engine No. 1—A new set of compensating cylinder glands and a new set of tee heads were fitted to this engine. A new compensating cylinder ram was also fitted to the engine. The usual repackings and pump examinations were made, and defective valves renewed.

Triple Engine No. 2—The condenser on this engine was partially repaired, and a number of defective tubes removed from same and new ones put in. The usual packings and pump examinations were made.

Triple Engine No. 3—The condenser on this engine was repaired, and the reheater on the intermediate pressure cylinder taken out and repaired. The main exhaust heater was also repaired and fitted with a number of new tubes.

Beam Engine—This engine was kept in continuous operation until March 23, when it was shut down on account of the condition of the west foundation wall of the engine room. During this enforced shut down the engine will be thoroughly overhauled and painted.

Davidson Engines—The work of remodeling the steam ends of these engines and making other repairs to same was completed during the quarter by the contractor, M. T. Davidson. These engines have been repainted. No other repairs were necessary.

Morris Boilers—During the quarter Boiler No. 3 was refitted with 84 new tubes and No. 5 with 48 new tubes. Hackett shaking bars were installed under Boilers Nos. 2, 7 and 10, making six boilers of this battery now fitted with said bars. These boilers were cleaned and washed regularly, and safety valves, gauges, gauge cocks, etc., repaired from time to time.

Davidson Boilers—The superheater of Boiler No. 20 was removed and will be replaced with a new one when boiler is put back into Davidson service; superheater of Boiler No. 19 was repaired and the feed pipes on all boilers were fitted with new valves.

The coal conveyor at this station was out of service for two days during the quarter, undergoing repairs; a number of new links and shafts were placed.

Ridgewood, South Side.

Worthington Engine No. 1—Steam valves were repacked and jacket pipes repaired. The air compressor and trunion pipes were also repaired. The compressor was fitted with new valve chamber, new steam valve, new valve rod and two air valves. The accumulator was repacked.

Worthington Engine No. 2—All compensators on this engine were repacked, water ends examined and new valves placed. Two new pins were also placed in valve stems.

Worthington Engine No. 3—All compensators and piston rods on this engine were repacked and a new gland was placed on the injection valve.

Worthington Engine No. 4—All compensators, steam and water rod boxes were repacked, the water ends examined and the accumulator repacked and repaired. The counter on this engine was removed, repaired and reset. The steam jacket was repaired.

Worthington Engine No. 5—Only a few minor repairs were necessary on this engine during the quarter.

The steam and water ends on engines Nos. 1, 2, 3 and 4 are in need of repairs. As soon as the new 20-million gallon pump at this station has been placed in service each of these engines will be taken out of service in turn and put in repair.

Strong Boilers—Little was required in the way of repairs on this battery during the quarter. Each boiler was taken off in turn, thoroughly cleaned and washed and they are all now in good condition.

Babcock and Wilcox Boilers—Boiler No. 23 of this battery was fitted with a new set of shaking grates with ¾-inch space, and new 2-inch gate valves were placed on boilers Nos. 23 and 24. Braces were placed under the superheater pipes of both boilers. All these boilers were examined, washed and cleaned during the quarter and are in excellent condition.

Locomotive Boilers—These boilers were in continuous operation until March 23, when the beam engine at the North Side Station was shut down. As these boilers need repairing, advantage will be taken of this shut down to place them in good condition.

Spring Creek—Engine No. 1 at this station was overhauled during the quarter; all water and steam rod boxes were repacked and the engine was refitted with new valve rods and new high pressure piston rings. Engine No. 3 was overhauled and supplied with new water valves, spring guards and plates. The boxes of the valves and the piston rods of the feed pumps were repacked and the water ends were refitted with new valves. Boilers Nos. 1 and 2 were tested by the Police Department during the quarter and were found in good condition. The boilers were washed and cleaned and fitted with new furnace linings, and the feed lines fitted with new check and globe valves. The portable scales at this station were repaired twice during the quarter.

Woodhaven—Pump rods of engines were repaired and rocker shafts fitted with grease cups. The feed pump was repacked and old valve guards were removed and replaced with new ones. The boiler was cleaned and washed and is now in excellent condition.

Aqueduct—Engine No. 1 at this station needed only minor repairs. The boilers were washed, cleaned and examined and in good condition. A new smokestack has been placed on boiler No. 1.

Shetucket—The engine and pump rod boxes were repacked, and a number of new valves were placed in water ends. The boiler was washed and cleaned, and is now in good condition. A steam-heating coil was installed in the engine room of this station during the quarter.

Oconee—The plungers of engine No. 2, at this station, was refitted with new leathers, and the valve and piston rod boxes were repacked. The feed pump was refitted with a new piston. The boilers were washed and cleaned and examined, and are in good condition.

Morris Park—The valve and piston rod boxes of the Worthington engine at this station were repacked, and the water end overhauled, and refitted with a number of new valves. The water pistons were also repacked. The plant was shut down twice during the quarter to allow the boiler to be washed and cleaned. The boiler is now in good condition.

Baiseley's—This station was shut down during the entire quarter. Minor repairs required were made to engines and boilers.

Jameco—The Worthington engine at this station was overhauled during the quarter. All rod boxes were repacked and the water end refitted with a new set of valve guards and plates, and with a set of new rubber valves. The filter engine was overhauled and fitted with new crank pin brasses. All rod boxes of the Davidson engine were repacked and the water piston refitted with new leathers. The feed pump was repaired and refitted with new springs and valves. Furnace doors on boilers Nos. 1 and 2 were refitted with new linings. Each boiler was examined, cleaned and washed during the quarter. The boilers are in fair condition.

St. Albans—All rod boxes and the water piston of the Worthington engine were repacked; all rod boxes on feed and air pumps were also repacked and the water end of the feed pump was refitted with new valves. The boilers were inspected and passed by the Police Department. They were washed and cleaned.

Springfield—The water piston of the Davidson engine was removed and refitted with new leathers, and the plunger rod boxes were repacked. The filter engine at this station was overhauled during the quarter. The boilers were washed and cleaned, and are in good condition.

Rosedale—Only minor repairs were required on the engines at this station during the quarter. Valve and piston rod boxes were repacked; new main stop valves were put on the boilers. The latter were tested and passed by the Police Department, and are in good condition.

Forest Stream—Both engines at this station were overhauled during the quarter, and all necessary repairs made to them. The boilers were washed and cleaned, and are now in excellent condition.

Clear Stream—All necessary minor repairs were made to both engines at this station during the quarter. All water and steam ends were repacked, water ends examined and a number of new valves placed. The boilers were washed and cleaned, and are in fair condition.

Watt's Pond—Only minor repairs were required on the engine at this station during the quarter. Rod boxes were repacked and a number of new valves were placed in the water end. The air pump was overhauled and refitted with a new steam chest, new valve rods, new spools and valves and new springs and guards in the water end. The boilers were washed and cleaned.

Smith's Pond—The rod boxes of engine No. 1 were repacked; the water end examined and refitted with two new valve guards, 56 valves and 92 springs, and the water piston was fitted with new leathers. Engine No. 2 was overhauled, the rod boxes repacked, the water end refitted with 71 valves and 72 springs and the water piston refitted with new leathers. Both air pumps were overhauled and repacked, and refitted with new valves and springs. Both boilers were washed and cleaned. This station is now in excellent condition.

Millburn, Engine No. 1—The lubricator on this engine was refitted with a new plunger chamber; the water end examined and refitted with a few new valves.

Engine No. 2—The drip piping on this engine was altered and two new angle valves were placed in same; the water piston was refitted with new leathers; the water end was repacked and a number of new valves and springs placed.

Engine No. 3—The water end was examined and new valves and springs placed where necessary. The jacket pumps and jacket connections were repaired and refited with new angle valves. The feed pumps were repaired. Crank pin and cross-head brasses of same were renewed, new valve rods placed and piston and valve rods boxes repacked. Only minor repairs were required on the boilers at this station during the quarter. Some defective grates in the west battery were removed and replaced with new ones, and all the boilers were washed and cleaned. They are in good condition.

The six stations east of Millburn were in operation only four and one-half days during the quarter, as the abundant surface supply was sufficient to keep Millburn station running to its full capacity.

The machine, pipe, blacksmith and carpenter shops have been kept busy during the quarter, doing a large amount of work on repairs, pipe and steamfitting, etc., for Ridgewood and all the line stations.

Filter Plants, Operation and Maintenance.

The Baiseleys and Springfield mechanical filter plants were operated regularly during the quarter. The Forest Stream beds were not in operation during February and March, as the beds needed cleaning; as the water was not required, no attempt was made to clean them during the cold weather. The Hempstead beds were operated until January 26, when they were shut down as per your instructions. The amount of water filtered during the quarter was as follows:

	Baiseleys.	Springfield.	Forest Stream.	Hempstead.
January	77,206,640	69,508,760	107,547,300	28,559,500
February	68,889,010	41,695,290	.....	.....
March	85,589,280	71,142,000	.....	.....
Total	231,684,930	182,346,050	107,547,300	28,559,500

Ponds, Conduits and Reservoirs.

The usual work of patrolling and cleaning the ponds and streams on the watersheds, and of protecting the supply from pollution was carried on during the quarter.

The following table shows the work done during the quarter in cleaning closets and cesspools to prevent surface pollution of the supplies:

Closets and Cesspools Cleaned.

Near Fosters Meadow Stream	545
Near Springfield and Baiseleys Streams	2,263
Near Valley Stream and Pine's Brook	389
Near Millburn Stream and Schodack Brook	354
Near Wantagh and East Meadow Streams	327
Near Hempstead	678
Along conduit line	784
Total	5,340

The total cost of this work during the quarter was $1,728.

Contracts, Supplies.

The following contracts for supplies for pumping stations, repair yards, etc., were forwarded for approval and printing, during the quarter:

For furnishing and delivering miscellaneous machine tools and machines.

For furnishing and delivering 81,200 gross tons of anthracite coal.

The following are the contracts for which bids were received, together with the names of the lowest bidders and the amount of their bids:

For furnishing and delivering brass composition castings, Walker M. Levett Company, $2,068.75.

For furnishing and delivering iron castings, New Jersey Foundry and Machine Company, $818.

For furnishing and delivering hay, straw, oats, etc., Gasteiger & Schaefer, $11,049.25.

For furnishing and delivering engineers' and draughtsmen's supplies, Eugene Dietzgen Company, $1,259.23.

For furnishing and delivering lumber, A. C. Jacobson & Sons, $3,764.05.

For furnishing and delivering brick, cement, etc., Stephen & Duffy, $1,510.25.

For furnishing and delivering bar iron, machine and tool steel, etc., William E. Burke, $1,029.50.

For furnishing and delivering corporation cocks, Southern Brass Works, $3,757.50.

For furnishing and delivering rubber boots and coats, Manhattan Supply Company, $2,115.50.

For furnishing and delivering packing, H. W. Johns Manville Company, $3,260.50.

For furnishing and delivering cotton waste, Cavanagh Brothers & Co., $1,586.

For furnishing and delivering lubricating and illuminating oils and lubricating grease, J. Edward Ogden Company, $7,326.

Distribution System, Extension and Improvement.

Extension of System.

The work of extending the water mains has been continued as far as it was possible under the existing contracts for hauling and laying mains; some work was also done by the Department gang of an emergency nature.

During the quarter 73 applications for the laying of water mains in various streets were investigated and reports on same forwarded.

The work done on the extension of distribution during the quarter was as follows:

Work Done by Contract.

Contract for hauling and laying water mains, Robert Carter Company, contractors; dated February 14, 1907:

Size of Main.	Linear Feet Laid.	Gates Set.	Hydrants Set.
8-inch	7,867	19	..
6-inch	259	37	..
Total	8,128	56	36

Contract for hauling and laying water mains, Isaac Harris Company, contractors; dated June 4, 1906.

Size of Main.	Linear Feet Laid.	Gates Set.	Hydrants Set.
6-inch	49	7	6

Work Done by Department Men.

Size of Main.	Linear Feet Laid.	Gates Set.	Hydrants Set.
12-inch	257	..	..
8-inch	..	2	..
6-inch	6	1	..
Total	263	3	1

Removal of Old Mains.

The work done during the quarter in replacing the old tuberculated mains by new and larger mains was as follows:

Contract for replacing mains in Bedford, Greenpoint, Harrison avenues, etc., James H. Holmes, contractors; dated October 9, 1907:

Work on the above contract, which was discontinued on December 29, 1907, owing to the condition of the weather, was resumed on March 18, 1908. The following mains have been completed:

20-inch main in Provost street, from Huron street to Greenpoint avenue.

16-inch main in Oakland street, from Box street to Greenpoint avenue.

12-inch main in Meserole avenue, from Guernsey street to Leonard street.

The work done during the quarter was as follows:

Size of Main.	Linear Feet Laid.	Linear Feet Removed.	Gates Set.	Gates Removed.	Hydrants Set.	Hydrants Removed.
20-inch	1,502	....	4	....	....	....
16-inch	2,531	....	10	....	....	....
12-inch	520	....	2	....	....	....
8-inch	838	....	24	....	....	....
6-inch	260	3,756	33	14	....	....
Total	5,651	3,756	73	14	30	7

Other work on the improvement of the distribution system done during the quarter was as follows:

Contract for laying mains in Eighth, Eleventh, Coney Island avenues, etc., James L. Carey & Co., contractors; dated July 15, 1907:

Size of Main.	Linear Feet Laid.	Gates Set.	Hydrants Set.
16-inch	1,771	1	..
12-inch	7	1	..
8-inch	264	2	..
6-inch	516	5	..
Total	2,558	9	5

Contract for laying and removing force mains at the Ridgewood pumping station, John F. Mead, contractor; dated August 9, 1907:

Size of Main.	Linear Feet Laid.	Gates Set.
48-inch	62	1
42-inch	5	..
36-inch	110	1
30-inch	112	1
Total	289	3

Distribution System, Maintenance and Repairs.

The work of maintaining the distribution system in good condition and of repairing gates, hydrants, etc., was carried on regularly and systematically during the quarter.

The number of permits issued and the taps placed was as follows:

Street opening permits issued	613	Cement sidewalk permits issued	30
Extension permits issued	47	Draw tap and plug permits issued	25
Taps driven and inspected	279	Special water permits issued	10
Old and new building permits issued	227		

The work done by the repair yards was as follows:

Western District Repair Yard.

Fire Hydrants Repaired, etc.

New fire hydrants set in addition to service	8
New fire hydrants set in place of useless ones	17
Good fire hydrants set in place of useless ones	67
Fire hydrant valves closed	49
Fire hydrant nipples recalked	55
Fire hydrant service joints recalked	5
Fire hydrant stuffing boxes repacked	2
Fire hydrants blown off until clear	26
Fire hydrants cleaned and oiled	363
Fire hydrants moved	1
Fire hydrants salted	487
Fire hydrants pumped and salted	3,767
Fire hydrants thawed, pumped and salted	409
New nipples put on fire hydrants	65
New caps put on fire hydrants	205
New valves put on fire hydrants	59
New bolts put on fire hydrants	27
New latches put on fire hydrants	12
New casings put on fire hydrants	9
New tops put on fire hydrants	2
New facings put on fire hydrants	2
New handles put on fire hydrants	15
New crossbars put on fire hydrants	6
New rods put on fire hydrants	5
New screws put on fire hydrants	4
New top nuts put on fire hydrants	36
New jam nuts put on fire hydrants	11
New spindles put on fire hydrants	1
New binders put on fire hydrants	1
New springs put on fire hydrants	5
New washers put on fire hydrants	1
New sockets put on fire hydrants	17
New seats put on fire hydrants	3
New chains put on fire hydrants	203
New guides put on fire hydrants	3
New stuffing boxes put on fire hydrants	1
New nuts put on fire hydrants	8

Drinking Hydrants.

Shut-off cock at stop-cock	3
Shut-off at main	2
In charge plumbers	2

Gates.

New gates set, 6-inch	8
New gates set, 6-inch (to replace broken ones)	2
New gates set, 6-inch (to replace abandoned 4-inch)	1
Gates repacked, 6-inch	2
Gates opened	6
Gates closed	3
New gate boxes set	8
Gate boxes set to grade	20
Gates tightened	5
New gate box covers	5
New necks	1
New discs	1
New screws	3

Miscellaneous.

Reflaggings	41
Repavings	38
Pressures taken	31
Excavations filled in	18
Service pipes blown out	44
Taps drawn and cleared	1
Districts shut down for contractors	4
Patent sidewalks repaired	1
Curbs reset	2
Second alarm fires answered	9
Third alarm fires answered	7
Fourth alarm fires answered	1

Special Work.

Connected main in St. Johns place and Underhill avenue to 20-inch force main.
Connected mains in Hudson avenue and Marshall street.
Connected mains in John street and Hudson avenue.
Connected mains in Front street and Hudson avenue.
Laid new 20-inch main in Fourth avenue and Sixth street.
Raised 8-inch main in Fourth avenue and Sixth street.
Calked two 16-inch joints and put in rods at high-pressure pumping station, St. Edwards street.
Put in 6½ feet of 12-inch pipe opposite No. 58 Joralemon street.
Shut down 20-inch main and deadended 12-inch main at Flatbush avenue and Ashland place; no connections.
Opened up district at Flatbush and Fourth avenues; filled 20-inch line.
Capped 12-inch line and 20-inch salt water line at Flatbush and Atlantic avenues.
Altered 12-inch main at Joralemon street and Willow place.
Cut out 12-inch offset at Flatbush avenue, oppoosite Nevins street.
Put 2-inch nipples and cap in main at Degraw street, between Third and Fourth avenues.

Taps.

One-half-inch taps put in	2
Three-quarter-inch taps put in	1
One-inch taps put in	25
Two-inch taps put in	2
One and one-half-inch taps put in	9

Branches.

Put in 6 by 6 3-way branches	2
Put in 8 by 6 3-way branches	3

Air Cocks.

Put in 1-inch air cocks	4

Eastern District Repair Yard.

New fire hydrants set in place of useless ones	23
Good fire hydrants set in place of useless ones	41
Fire hydrant service pipes repaired	4
Fire hydrant nozzles recalked	44
Fire hydrant pressures taken	28
Fire hydrant valves closed	52
Fire hydrant casings reset	3
Fire hydrants flushed	7
Fire hydrants repacked	11
Fire hydrants cleaned and oiled	22
Fire hydrants thawed and pumped out	390
Fire hydrants examined and pumped out	3,064
New sockets put on fire hydrants	14
New nozzles put on fire hydrants	9
New caps and chains put on fire hydrants	61
New packing boxes put on fire hydrants	2
New tops put on fire hydrants	4
New handles put on fire hydrants	5
New screws put on fire hydrants	2
New latches put on fire hydrants	2
New top nuts put on fire hydrants	21
New gaskets put on fire hydrants	1
New casings put on fire hydrants	2
New jam-nuts put on fire hydrant	1
New seats put on fire hydrants	10
New spring nuts put on fire hydrants	4
New valves put on fire hydrants	20
New rods put on fire hydrants	14
New guides put on fire hydrants	9
New waste rods put on fire hydrants	2

Leaks.

Service Pipes.

Owners or agents notified	27
Shut off at main	7
Plugged	3
Abandoned pipes plugged	1
Abandoned service pipes plugged	1
Abandoned service pipes shut off at main	6
Abandoned taps shut off at main	8

Mains.

Joints recalked, 48-inch mains	5
Mains repaired, 6-inch	2

Gates.

New gates in place of broken ones, 6-inch	9	
New gates in place of broken ones, 8-inch	1	
		10

Gates Repaired.

6-inch	14	
8-inch	2	
12-inch	3

		21

New large (one-half) gate boxes set	1
Gate boxes set to grade	2
New covers put on gate boxes	2

Miscellaneous.

Sidewalks relaid around fire hydrants	33
Streets repaved over mains and around gate boxes	44
Water shut off for plumber	1
Water shut off for contractors	35
Horse troughs (leaking) shut off at stop-cock	1
Dangerous holes filled in	7

East New York Repair Yard.

New fire hydrants set in addition to service	4
New fire hydrants set in place of useless ones	24
Good fire hydrants set in place of useless ones	22
Fire hydrant valves closed	8
Fire hydrant stuffing boxes repacked	5
Fire hydrant nozzles recalked	23
Fire hydrants moved	3
Fire hydrants blown off	7
Fire hydrants thawed and pumped out	233
Fire hydrants inspected	6,248
New valves put on fire hydrants	33
New handles put on fire hydrants	8
New latches put on fire hydrants	5
New nozzles put on fire hydrants	20
New sockets put on fire hydrants	13
New casings put on fire hydrants	2
New jam-nuts put on fire hydrants	20
New top nuts put on fire hydrants	2
New covers put on fire hydrants	8
New caps and chains put on fire hydrants	35
New screws put on fire hydrants	11
New tops put on fire hydrants	8

Leaks.

Service Pipes.

Taps shut off at main	8
Owners or agents notified	16
Service pipes cut and plugged	5

Mains.

Joints recalked on 30-inch force mains	3
Joints recalked on 36-inch force mains	18
Joints recalked on 42-inch force mains	2
Joints recalked on 48-inch force mains	4
	27

Gates.

New gates set in addition to service	20

Gates repacked, 6-inch	2	
Gates repacked, 8-inch	2	
Gates repacked, 12-inch	1

Gates operated, 6-inch	20	
Gates operated, 20-inch	4	
		24

New large gate boxes set	3
New small gate boxes set	20
Gate boxes set to grade	12

New Branches.

New branches put in, 6-inch by 6-inch 3-way	3

Miscellaneous.

Repaving jobs	13
Dangerous holes filled in	2

Special Work.

Aqueduct Pumping Station.

Laid 243 feet of 12-inch pipe.

Coney Island Repair Yard.

Fire Hydrants Repaired, etc.

New fire hydrants set in addition to service	1
New fire hydrants set in place of useless ones	10
Fire hydrants taken out, repaired and replaced	32
Fire hydrants thawed, pumped, salted and oiled	437
Fire hydrants snow bound, cleared away snow	160
Fire hydrants repaired	689
Fire hydrants reset to grade	1
Fire hydrant valves closed, pumped out, cleaned and oiled	1,615
Fire hydrant caps cleaned and oiled	1,619
Fire hydrant jam-nuts readjusted	57
Fire hydrant drip rods readjusted	35
Fire hydrant wastes and waste cups cleared	22
New valves put on fire hydrants	118
New sockets put on fire hydrants	107
New jam-nuts put on fire hydrants	60
New nozzles put on fire hydrants	37
New rods put on fire hydrants	9
New drip rods put on fire hydrants	7
New guides for drip rods	22
New discs for drip rods	10
New springs and rings put on fire hydrants	11
New caps, chains and S hooks put on fire hydrants	228
New eye bolts and bonnet bolts put on fire hydrants	71
New bonnets put on fire hydrants	2

Leaks.

Service Pipes.

Taps shut off at main	13
Owners or agents notified	28
Taps replaced by new ones, one-half-inch	1

12-inch 3-way	1
	3

Miscellaneous.

Water shut off for contractors	18
Repavings with granite block	12
Repavings with patent brick	1
Cement sidewalks repaired	3

Special Work.

Made connection on Fifth avenue and Forty-fourth street, between the 20-inch and 12-inch mains.

Laid 220 feet of new 6-inch main on West Thirty-second street, south of Surf avenue.

The work done during the quarter by the gang assigned to the regular inspection, operation and repair of gates and hydrants, under the direction of Chief Inspector John P. Mern, was as follows:

Gates Inspected and Operated.

48-inch	3
36-inch	1
30-inch	3
24-inch	28
20-inch	79
16-inch	6
12-inch	21
8-inch	36
6-inch	163
Total	340

Gates Repaired.

6-inch	1
20-inch	2
24-inch	2
30-inch	2
36-inch	1
Total	8

Automatic Gates Equipped with Force Pumps.

36-inch	1
48-inch	3
Total	4

Regular hydrants repaired at yard	101
High pressure hydrants repaired	49
Total	150

The work done by the Inspectors assigned to investigate complaints was as follows:

Complaints of poor pressure investigated	47
Complaints of muddy water investigated	2
Complaints of leaks or waste of water investigated	45
Complaints of damages due to leaks in mains investigated	6

All leaks found were repaired, pressures increased wherever it was found necessary and it was possible to do so, dead ends and hydrants blown off to clarify the water. Complaints of poor pressure were found generally to be due to defective plumbing or to small or corroded service pipes.

The work of testing and sealing meters throughout the Borough has been continued during the quarter, two inspectors being employed steadily at this work. The total number of meters tested and sealed during the quarter was 614.

High Pressure Fire Service.

Coney Island System.

This system has continued to give satisfactory service. There were five alarms received from the protected district during the quarter, the duration of the runs varying from 10 minutes to 25 minutes, with an average of 15 minutes for the five alarms. The work of changing the electrical wiring at the station so that the ignition current can be thrown onto the batteries automatically in case the Edison Company's current fails, as well as the work of installing new switchboards and of changing the electric wiring, has been practically completed. Both the operation and appearance of the station have been materially improved thereby.

An appropriation of $100,000 having been granted by the Board of Estimate and Apportionment "for the construction and extension of the high pressure water service for fire and other purposes in the Coney Island section of the Borough," a form of contract and specifications for this work has been prepared and forwarded for approval and printing. The plans for same are in preparation.

Main System.

Building—The Reserve Station building is completed. Work on the Main Station building at Furman and Joralemon streets, has been continued during the quarter, although progress has been very slow, owing to a strike which took place in consequence of a dispute between two labor unions as to who should do certain work at the station .

Equipment, Main Station—The five 6-stage centrifugal pumps connected to the five 800 horsepower induction motors, as well as the two vacuum pumps and motors, have been placed on the foundations and lined up; the bus-bar and oil switch compartments, bus-bars, operating switch-board, controller, etc., comprising the electrical portion of the equipment, have been 95 per cent. completed; the Venturi meters and the cast steel fittings have been bolted in place; the cast iron piping is about 90 per cent. completed; the valves have been about 90 per cent. completed and 32 of them have been delivered.

Equipment, Reserve Station—The equipment in this station was completed on January 31, 1908, but it was found that the motors were overloaded when the pressures on the pumps were reduced below 300 pounds per square inch. Since the Fire Department were not prepared at that time to handle the high pressures, as ordinarily they need no more than 100 pounds pressure on the mains, and as the specifications for the pumps provided for just this emergency, the contractors have installed pressure regulating valves in the delivery from each pump. By means of these valves any required pressure can be maintained on the pipe system, while the pumps are operating against a constant head. Several tests of the equipment were held during the quarter. These tests have proved that the water could be delivered at the extreme ends of the system, in the volumes and pressure claimed, when the system was designed; in fact, the actual results have been better. During the tests not a single break, blowing of joints or any other trouble was experienced on the 22 miles of pipe of which the whole system consists.

Salt Water Suction Mains—Bids for the work of laying the sale water suction mains for the Main Station were received on January 22, 1908. The lowest bidders were the Phoenix Construction Company, and the amount of their bid was $24,898. The contract has been awarded to them and they have been ordered to begin work on April 6, 1908.

Travelling Cranes—Bids for the work of installing hand travelling cranes at the High Pressure Station were received on January 22, 1908. The lowest bidders were the Cleveland Crane & Car Company, and the amount of their bid was $3,520. The contract has been awarded to them and they have been ordered to commence work on April 13, 1908.

Work of Mount Prospect Laboratory.

During the quarter 1,514 samples of water from the Brooklyn supply were analyzed. The number of examination were as follows:

Physical examinations	896	Bacteriological examinations	1,408
Chemical examinations (complete)	124	Bacteriological examinations (Coli tests)	1,400
Chemical examinations (partial)	586		
Microscopical examinations	263		

The number of miscellaneous analyses made was as follows:

Coal	151	Oil	2
Metals and alloys	25	Special tests and experiments	118
Cement	8		

The average condition of the Brooklyn water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
Ridgewood.							
Average influxes	3	17	.035	.029	10.1	17	397

Department of Water Supply, Gas and Electricity,
Borough of Richmond,
New Brighton, April 5, 1908.

Hon. JOHN H. O'BRIEN, Commissioner:

Dear Sir—I attach hereto report of the condition of the water supply, and the work done in connection therewith (together with financial statement), in the Borough of Richmond, for the quarter ending March 31, 1908.

Respectfully yours,
J. W. McKAY, Acting Chief Engineer.

Financial.

Quarter Ending March 31, 1908.

Water Fund—		
Balance, January 1, 1908		$1,358,691 23
Certified liabilities, as per vouchers:		
Salaries	$4,136 84	
Sundries	817 22	
Total liabilities		4,954 06
Balance, April 1, 1908		$1,353,737 17
Collection and Storage, Pumping Stations—		
Salaries and Wages:		
Appropriation for 1908		$30,000 00
Liabilities as per certified vouchers		6,956 12
Balance, April 1, 1908		$23,043 88
Supplies:		
Appropriation for 1908		$1,500 00
Liabilities, as per certified vouchers		40 90
Balance, April 1, 1908		$1,459 10
Distribution, Maintenance—		
Fire Hydrant Rentals:		
Appropriation for 1908		$360 00
Liabilities		.....
Balance, April 1, 1908		$360 00
Distribution, Maintenance—		
Supplies and Contingencies:		
Appropriation for 1908		$7,500 00
Liabilities, as per certified vouchers		410 51
Balance, April 1, 1908		$7,089 49
Distribution, Maintenance—		
Salaries and Wages:		
Appropriation for 1908		$100 00
Liabilities		.....
Balance, April 1, 1908		$100 00

Regular frontage rates	$207 00
Meter charges	1,761 04
Miscellaneous charges	36 48
Total Receipts	$2,004 52

COLLECTION WELLS AND STORAGE.

Tottenville Pumping Station.

Well No. 1—Connected exhaust pipe from steam cylinder to drain.

Well No. 5—Rebuilt house over same; placed a 6-inch check valve and a 6-inch gate valve in the discharge line from the pump in this well; renewed spring in foot valve of pump; renewed steam and discharge piping of syphon drain of well pump pit; rebabitted main bearings of engine and trued up main pins.

Well No. 6—Placed check and gate valve in 6-inch discharge from pump; renewed syphon drain and piping of pump pit; renewed water piston leathers of pump and flushed out the well; renewed sills of pump house.

Well No. 7—Placed check and gate valve in 6-inch discharge from pump; repaired foot valve in working barrel and flushed well.

Well No. 8—Placed check and gate valve in 6-inch discharge from pump; renewed foot valve spring, water piston leathers and valves.

The placing of the 6-inch check and gate valves in the discharge lines from well pumps Nos. 5, 6, 7 and 8 enables us to pump direct into the distribution system from these wells in the event of it becoming necessary to do so.

Repaired and reconnected drippans under engines of main pumps in the pumping station; renewed all piping to steam and water gauges; attached new combination suction and vacuum gauge to suction of pumps; overhauled and repaired steam and water ends of No. 3 pumping engine which will be set up as soon as foundations for same are ready; this pumping engine, is of one and one-half million gallons capacity, and was formerly in service in the New Lots (temporary) pumping station, Borough of Brooklyn.

Boilers—Repaired grate bars of the three boilers in this station, and regularly cut out boilers and cleaned same. Covered 16 feet of 3-inch steam piping.

Renewed blowoff piping of No. 2 boiler. Cleaned and repaired the automatic damper regulator.

Constructed a three-leg derrick to sink a new well to replace No. 7 well, which was useless.

Repaired tile pipe drain extending 420 feet through the grounds, and flushed out said drain line.

Repaired fences round the grounds. Laid 125 feet of 6-inch cast iron pipe from the 8-inch main in Central avenue into the grounds, and placed a fire hydrant at end of said pipe line; this hydrant in addition to its use in the event of fire, anywhere on the grounds, can also be used to flush the various wells.

Built a large tool box for pipe gang's use; also built three clothes closets for men in the station. All the foregoing results, while briefly reported, represent a great deal of work done for their accomplishment.

Distribution, New York.

John Consalus has completed his contract for furnishing and laying water mains and appurtenances in Amboy road, etc., etc., with the exception of restoring the macadam pavement.

The contractor is negotiating with the Bureau of Highways, with a view to being relieved for a proper consideration from restoring same at this time, it being the intention of said Bureau to repave the roadway, including the line of the pipe trench, in the near future. Water was turned into all the mains during January and February, and they are now in service.

Distribution, Maintenance.

During the quarter the following work was done by the Department men:

Set one new fire hydrant, repaired one fire hydrant, laid 85 feet of 6-inch pipe, set one new stop-cock, repaired two stop-cocks, set 31 water meters.

As yet nothing definite is known as to when the title to the properties, franchise and business of the Crystal Water Company, contracted for October 10, 1906, will pass to the City.

The average daily consumption in Tottenville system during the quarter was 261,783 gallons.

The water supplied by the various water supply systems in the Borough was all of good sanitary quality during the quarter.

A general supervision of the plants of the private companies was in vogue during the quarter, and repairs were made where required to machinery, boilers, wells, etc.

Plans Prepared for New Work.

Prepared plans, specifications and estimates for furnishing, delivering and laying water mains and appurtenances in Morningstar road, from Richmond terrace to Old Stone road, Old Stone road to Yukon avenue, etc., and forwarded same for approval and printing, February 8, 1908.

Prepared plans, specifications and estimate for the erection of a new stack at the Tottenville pumping station and forwarded for approval and printing January 6, 1908.

Respectfully submitted,
J. W. McKAY, Acting Chief Engineer.

Complaint notices issued	1,464
Complaint notices attended to	1,627
Balance open	1,325
Number of incandescent lamps covered by certificates	179,343
Number of arc lamps covered by certificates	2,578
Number of motors covered by certificates	3,014
Horse-power capacity of motors covered by certificates	7,892 5-12
Number of generators covered by certificates	42
Kilowatt capacity of generators covered by certificates	3,252½
Converters	....
Heaters	71
Total number of inspections made by 28 men	27,825

The Inspectors have removed 189,900 feet, or 35.97 miles, of overhead wires without any additional expense to the City.

Respectfully submitted,

H. S. WYNKOOP, Electrical Engineer.

APPROVED PAPERS.

FOR THE WEEK ENDING MARCH 27, 1909.

No. 178.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-four thousand and ninety-two dollars and fifty cents ($24,092.50), the proceeds whereof to be used by the Commissioner of Water Supply, Gas and Electricity for the purpose of meeting the unavoidable expenses of special and efficient work in the inspection and protection of water meters.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 179.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three hundred thousand dollars ($300,000), or as much thereof as may be necessary, the proceeds whereof to be used by and expended under the direct supervision of his Honor the Mayor and such Committee of the Board of Aldermen as may be appointed in the premises, for the purpose of meeting the expenses contingent to the part that The City of New York may take in the Hudson-Fulton celebration, to begin on Saturday, September 25, 1909.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 180.

Resolved, That permission be and the same is hereby given to Edward Numark to parade three men with advertising signs through the streets and thoroughfares of the Borough of Brooklyn, under the supervision of the Police Department. Such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 181.

Resolved, That permission be and the same is hereby given to the Makower Young Men's Aid Society to drive an advertising wagon through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department. Such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 182.

Resolved, That permission be and the same is hereby given to the Merry Climbers, Incorporated, to drive an advertising wagon through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department; such permission to continue only from April 12 to 17, 1909, inclusive.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 183.

Resolved, That permission be and the same is hereby given to Charles Haller to drive an advertising wagon through the streets and thoroughfares of The City of New York, under the supervision of the Police Department; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 184.

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that a watering trough be located and maintained on the southeast corner of Grafton street and Pitkin avenue, in the Borough of Brooklyn.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 185.

Resolved, That permission be and the same is hereby given to the Fed Snyder Company to drive an advertising wagon, with music, through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 186.

Resolved, That permission be and the same is hereby given to S. Kass to erect an ornamental post surmounted by an electric lamp on the sidewalk near the curb in front of his premises, No. 366 Grand street, in the Borough of Manhattan, provided the said post and lamp shall be erected so as to conform in all respects with the ordinance in such case made and provided, not be used for advertising purposes; the work to be done and illuminant supplied at his own expense, under the direction of the President of the Borough; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 187.

Resolved, That permission be and the same is hereby given to Cryder & Co., to parade four men with advertising signs through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department; such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 188.

Resolved, That permission be and the same is hereby given to Philip Dugro to erect, place and keep an awning in front of the premises on the Powers street side of the northwest corner of Powers street and Graham avenue, in the Borough of

Brooklyn, provided the said awning shall be erected so as to conform in all respects with the ordinance in such case made and provided, not be used for advertising purposes, the work to be done at his own expense, under the direction of the President of the Borough; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 189.

Resolved, That permission be and the same is hereby given to the Berkshire Lunch Company, of No. 54 Court street, Borough of Brooklyn, N. Y., to parade six men in costume for advertising purposes through the streets and thoroughfares of the Borough of Brooklyn, under the supervision of the Police Department; such permission to continue only for a period of thirty days from the receipt hereof from his Honor the Mayor.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 190.

Resolved, That permission be and the same is hereby given Emma Mead to erect and maintain a retaining wall, not to exceed five (5) feet in height within the stoop line in front of premises southeast corner of Heath avenue and Summit place, running 76½ feet on Heath avenue, in the Borough of The Bronx; the work to be done at her own expense, under the direction of the President of the Borough of The Bronx; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 191.

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that electric lights be placed at suitable distances apart along the line of Fifth street, Unionport, in the Borough of The Bronx.

Adopted by the Board of Aldermen, March 9, 1909.

Received from his Honor the Mayor, March 23, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

Adopted by the Board of Aldermen, March 23, 1909.

P. J. SCULLY, City Clerk.

BOROUGH OF THE BRONX.

MINUTES OF THE LOCAL BOARD OF VAN CORTLANDT, TWENTY-FIFTH DISTRICT.

Pursuant to call by the Acting President of the Borough of The Bronx, the members of the Local Board of Van Cortlandt, Twenty-fifth District, met in the office of the President of the Borough of The Bronx on Thursday, March 4, 1909, at 2 p. m., in the Municipal Building, Crotona Park.

Present—Alderman Hochdorffer, Alderman Handy, Alderman Crowley and the Acting President of the Borough of The Bronx.

Minutes of the previous meeting were adopted as printed.

Laid Over Matters.

No. 162. Constructing a sewer and appurtenances in Perry avenue, between Gun Hill road and East Two Hundred and Eleventh street, and in Two Hundred and Eleventh street, between Perry avenue and Woodlawn road; Woodlawn road, between Gun Hill road and East Two Hundred and Twelfth street; East Two Hundred and Twelfth street, between Woodlawn road and Jerome avenue; Rochambeau avenue, between East Two Hundred and Twelfth street and Gun Hill road; De Kalb avenue, between Two Hundred and Twelfth street and Gun Hill road; Jerome avenue, between East Two Hundred and Twelfth street and first summit southerly therefrom.

Presented to Local Board on December 23, 1908, January 14, January 28 and February 11, 1909.

Laid over at this meeting awaiting report of the Engineers.

No. 171. Regulating and grading, setting curbstones and flagging sidewalks a space four feet wide, laying crosswalks, building approaches, drains, walls, etc., and erecting fences where necessary, in Van Cortlandt avenue, from Jerome avenue to Woodlawn road, and all work incidental thereto.

Presented to Local Board December 23, 1908, January 14, 1909, and January 28 and February 11, 1909.

Placed on file.

No. 176. Regulating and grading, setting curbstones and flagging sidewalks, laying crosswalks, building approaches and erecting fences where necessary, building retaining walls, laying drains, with basins, etc., constructing drives, walks, steps on the extension of the Grand Boulevard and Concourse, between East One Hundred and Sixty-fourth street and Franz Sigel Park, 75 per cent. of the cost and expense of said work to be borne and paid by The City of New York and 25 per cent. thereof to be assessed upon the property deemed to be benefited.

Presented to the Local Board December 23, 1908, and January 14, 1909; also on January 28 and February 11, 1909.

Laid over at this meeting awaiting report of the Engineers.

Miscellaneous.

Constructing steps and platforms from the abandoned railroad cut of the New York Central and Hudson River Railroad to Kingsbridge avenue.

On motion of Alderman Crowley, the following preambles and resolutions were adopted:

Whereas, On Kingsbridge avenue, in the Borough of The Bronx, City of New York, are located several churches, a private academy and a public library; and

Whereas, These institutions are used by at least three thousand citizens, all residing in that immediate vicinity; and

Whereas, The only access and egress to these institutions in an easterly and westerly direction are separated by at least three blocks, thereby causing a great hardship to the citizens in this neighborhood; therefore be it

Resolved, That the President of the Borough of The Bronx be and he is hereby requested to cause to be constructed a series of steps and platforms from the abandoned railroad cut of the New York Central and Hudson River Railroad to Kingsbridge avenue; and be it further

Resolved, That in the event of the President of the Borough of The Bronx not having a sufficient fund at his disposal for this purpose, that the Board of Estimate and Apportionment be and it is hereby requested to set aside the sum of $150 to properly construct said series of wooden steps and platforms.

Unanimously adopted.

Replacing sidewalks where trees have been planted, Washington avenue.

By Alderman Hochdorffer—

The attention of the Local Board was called by Alderman Hochdorffer to the fact that the sidewalks where trees had been planted on Washington avenue had not been properly repaired.

Mr. William Kearney, Chief Clerk and Acting Secretary, informed the Board that the matter had been referred to the Park Department, Borough of The Bronx (pages 309, 310 and 311, book 3).

Secretary directed to communicate with the Park Department again in reference to this matter.

Lighting Teller avenue, One Hundred and Sixty-seventh street to One Hundred and Sixty-ninth street.

Recommended to the Department of Water Supply, Gas and Electricity.

Condition of Grant avenue, between One Hundred and Sixty-ninth street and One Hundred and Seventieth street.

Alderman Hochdorffer called attention to the unsanitary condition of this section of Grant avenue.

Referred to Department of Health.

Macadamizing Two Hundred and Third street, between Mosholu parkway and the Concourse.

Mr. Wainwright, who made inquiry in regard to this work, was informed that the same would be done in the spring.

On motion, the Board adjourned until March 25, 1909, at 2 p. m.

WM. KEARNEY, Acting Secretary.

MINUTES OF THE LOCAL BOARD OF MORRISANIA, TWENTY-SECOND DISTRICT.

Pursuant to call by the President of the Borough of The Bronx, the members of the Local Board of Morrisania, Twenty-second District, met in the office of the President of the Borough of The Bronx on Tuesday, March 16, 1909, at 11 a. m., in the Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

Present—The Commissioner of Public Works, John F. Murray (Acting as President of the Borough of The Bronx), and Alderman Brown.

Minutes of the previous meeting were adopted as written.

Laid Over Matters.

No. 196. Gilbert place, acquiring title, between Hunts Point avenue and Faile street.

Hearing held March 4, 1909. No opposition at said hearing nor at this meeting. Mr. Fred Johnson and Mr. R. E. Simon appeared in favor.

On motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for acquiring title to the lands necessary for Gilbert place, between Hunts Point avenue and Faile street. Unanimously adopted.

No. 159. Paving with asphalt block on concrete Lafayette avenue, between Longwood avenue and Hunts Point avenue.

No opposition at hearing. Estimated cost, $43,250; assessed value of the real estate included within the probable area of assessment is $560,260. Mr. Fred Johnson and Mr. R. E. Simon appeared in favor.

On motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for paving with asphalt blocks on concrete Lafayette avenue, between Longwood avenue and Hunts Point avenue; setting curb where necessary, and doing all work incidental thereto, and it is further recommended that this work be not commenced until all subsurface improvements are laid.

Unanimously adopted.

Miscellaneous.

Rebuilding sewer in Hunts Point road, between Ryawa avenue and the northerly line of Payne avenue (from about manhole 10 + 145 feet to about manhole 14 + 57 feet, and in Hunts Point road, from about manhole 21 + 100 feet to Whittier street, and in Whittier street, from Hunts Point road to and including manhole 23, making a total length of 1,152 feet of sewer to be constructed. Reports dated September 15 and December 28, 1908, from the Engineer in charge of Sewers, were read.

Estimated cost, $125,000.

On motion, seconded, it was respectfully recommended that the President of the Borough apply to the Board of Estimate and Apportionment for Corporate Stock in the sum of $125,000 for the purpose of doing the work referred to.

Unanimously adopted.

On motion, the Board adjourned until March 25, 1909.

HENRY A. GUMBLETON, Secretary.

CHANGES IN DEPARTMENTS, ETC.

DEPARTMENT OF BRIDGES.

March 26—James Maher, Audubon Park, West One Hundred and Fifty-fifth street, New York City, is transferred from the position of Bridge Mechanic to that of Lineman, at a compensation of $4.50 per day, to date from March 21, 1909, and directed to report to Martin Gay, Assistant Engineer in Charge, No. 103 East One Hundred and Twenty-fifth street, New York City.

James Haley, No. 639 Water street, New York City, is transferred from the position of Laborer to that of Driver and his compensation fixed at 30 cents per hour, to date from March 28, 1909, and directed to report to Archibald McLean, Assistant Engineer in Charge, No. 179 Washington street, Brooklyn.

Michael J. Flannelly, No. 432 East Seventy-seventh street, New York City, is reassigned to duty as Stone Cutter at a compensation of $5 per day, and directed to report to Mr. Olaf M. Kelly, Assistant Engineer in Charge, No. 84 Broadway, Brooklyn.

DEPARTMENT OF DOCKS AND FERRIES.

March 25—Charles P. Greer, of No. 216 Eighty-fifth street, Brooklyn, has declined appointment to the position of Clerk at a salary of $600 per annum, stating that the said salary is insufficient. His name has been dropped from the list of employees of this Department.

The Commissioner has appointed Frank Stevens, of No. 26 Madison street, Borough of Manhattan, to the position of Deckhand, with pay at the rate of $60 per month while employed.

March 26—The Commissioner has transferred Edward J. White from the position of Chainman and Rodman to that of Leveler, with pay at the rate of $1,200 per annum, the promotion to take effect April 1, 1909.

The Commissioner has retransferred Robert S. Russell from the position of Dock Laborer to that of Diver, with pay at the regular rate of $1.25 per hour while employed, the change to take effect at once.

DEPARTMENT OF PARKS.

Boroughs of Manhattan and Richmond.

March 25—Discharged, lack of appropriation, Patrick Corcoran, team, No. 30 West One Hundred and Twenty-first street.

Borough of The Bronx.

March 24—Discharge of the following named Blasters (temporary appointments), to take effect at the close of the day's work, March 26, 1909:

John Collins, Osborne place, One Hundred and Seventy-ninth street.

Cornelius H. Horan, No. 102 West One Hundred and Sixty-ninth street.

Frank Stafford, No. 2 West Burnside avenue.

Appointment of the following Blasters in this Department, at a compensation at the rate of $4 per diem, to take effect March 27, 1909:

John Fitzpatrick, No. 3420 Bailey avenue.

John Collins, Osborne place, One Hundred and Seventy-ninth street.

Cornelius H. Horan, No. 102 East One Hundred and Sixty-ninth street.

March 25—Reassignment of John Kane, No. 153 Summit place, Auto Lawn Mower Engineman, to take effect March 22, 1909

DEPARTMENT OF FINANCE.

March 24—Messrs. Joseph A. Cohn, No. 1650 Madison avenue, Manhattan; William F. Berg, No. 123 First avenue, Manhattan, and Meyer Scheidlinger, No. 193 South Fourth street, Brooklyn, have been appointed as Junior Clerks, with salaries at $540 per annum each, in the office of the City Paymaster of this Department, taking effect March 25, 1909.

BOARD OF EDUCATION.

March 25—At a meeting of the Board of Education held on the 24th inst., action relative to appointments, transfers, etc., was taken as follows:

The action of the Committee on Supplies in appointing James A. Cuffe, of No. 195 East Seventy-fifth street, Borough of Manhattan, as Auto Truck Driver in the Bureau of Supplies, with salary at the rate of $900 per annum, the appointment to take effect upon favorable action being taken by the Board of Aldermen in the matter of the establishment of the position of Auto Truck Driver in the Department of Education, and by the Board of Estimate and Apportionment in the matter of the modification of salary schedule No. 861, was approved and ratified.

The salary of Miss Katherine E. Dempsey, Stenographer and Typewriter, assigned as Clerk to the Local School Boards of Districts Nos. 41 and 42 and to District Superintendent Franklin, was increased from $600 to $750 per annum, subject to financial ability and subject to the necessary transfer of funds and modifications in salary schedules by the Board of Estimate and Apportionment.

The action of the Committee on Buildings in deciding to dispense with the services of Samuel McRickard, Inspector of Repairs, of No. 791 Home street, New York City, who was appointed on May 17, 1893, was approved and it was ordered that on and after 12 o'clock noon on Saturday, March 27, 1909, the services of said McRickard be dispensed with, for the reason that lack of work renders his position unnecessary after said date.

The action of the Committee on Buildings in declaring abolished the position of K. F. Horvay, Architectural Draughtsman, Designer, residing at No. 862 Jennings street, New York City, who was appointed on June 18, 1906, was approved, and it was ordered that the position of said Horvay be abolished as unnecessary at the close of business on April 3, 1909.

The action of the Committee on Buildings in deciding to dispense with the services of the following named Inspectors of Masonry and Carpentry at the close of business on April 3, 1909, for the reason that lack of work renders their positions unnecessary thereafter, was approved and ratified:

James Henderson, Madison avenue, Westchester, N. Y.; date of appointment, October 1, 1906.

Michael F. Walsh, No. 169 Miller avenue, Brooklyn; date of appointment, May 4, 1903.

Denis Walsh, No. 219 Third avenue, Brooklyn; date of appointment, February 19, 1906.

Peter Quinn, No. 2129 Bathgate avenue, New York City; date of appointment, February 18, 1903.

Thomas F. Murphy, No. 350 East Forty-second street, New York City; date of appointment, February 19, 1906.

Charles G. Fairchild, No. 72 Columbia Heights, Brooklyn; date of appointment, June 21, 1904.

Benjamin F. Brindley, Jr., No. 328 East Fifteenth street, New York City; date of appointment, November 14, 1904.

John W. Lenox, Carpenter avenue, Hollis, L. I.; date of appointment, October 24, 1904.

James Mulligan, No. 11 Johnson avenue, Richmond Hill, L. I.; date of appointment, May 8, 1905.

Ross R. Schulte, Mechanical Draughtsman, who has absented himself from duty for more than five days, was considered as having resigned, in accordance with subdivision 2 of Rule XIII. of the Municipal Civil Service Commission, which provides that absence without leave for a period of five days shall be construed as a resignation.

It was decided that the title of Alfred E. Akers, employed in the office of the Secretary, shall appear on the payrolls hereafter as "Cleaner (Messenger)."

The action of the Committee on Special Schools in appointing the following named persons to the positions, at the salaries and on the dates indicated, in the Manhattan Truant School, was approved and ratified:

Thomas Grady, Caretaker, $30 per month with maintenance, February 17, 1909.

Thomas Rodney, Cleaner, $25 per month with maintenance, March 15, 1909.

The action of the Committee on Special Schools in assigning Frederick Ulstein, of No. 517 East Sixteenth street, Manhattan, as a Cleaner in the Manhattan Truant School from February 25 to March 6, 1909, inclusive, with compensation at the rate of $1 per day, was approved and ratified.

The action of the Committee on Care of Buildings in transferring the following named persons to the schools and on the dates indicated was approved and ratified:

William J. Flynn, Janitor-Engineer, from Public School 160, Manhattan, to Public School 119, Manhattan, $4,725, March 16, 1909.

Patrick Dowd, Janitor-Engineer, from Public School 119, Manhattan, to Public School 158, Manhattan, $5,358, March 16, 1909.

Edward Dougherty, Janitor, with knowledge of steam heating, from Public School 33, Brooklyn, to Public School 89, Brooklyn, $2,640, April 1, 1909.

James Barnes, Janitor-Engineer, from Public School 35, The Bronx, to Bryant High School, $1,800, April 1, 1909.

Francis J. Healy, Janitor-Engineer, from Public School 50, Manhattan, to Public School 33, Richmond, $732, April 1, 1909.

John H. Fagan, Jr., Janitor, with knowledge of steam heating, from Public School 33, Richmond, to Public School 50, Manhattan, $1,740, April 1, 1909.

Augustus Ochs, Cleaner, from Public School 17, Richmond, to Curtis High School, $600, April 1, 1909.

The action of the Committee on Care of Buildings in assigning the following named Janitors to the care of public schools, temporarily, they to receive the salary of the position in each case, less the rent allowance, except where otherwise specified, was approved and ratified:

Patrick Freeman, Public School 58, Brooklyn, February 1, 1909.

Thomas J. McGuirk, Public School 108, Brooklyn, February 1, 1909.

Patrick Fox, Public School 98C, Manhattan, March 10, 1909.

Charles T. Wells, Public School 158, Manhattan, February 21, 1909.

Herman A. Hintz, Public School 89, Brooklyn, March 8, 1909.

Edward P. Mullin (with compensation at the rate of $50 per month), Public School 135, Brooklyn, February 20, 1909.

William Calder, Public Schools 97 and 81, Brooklyn, March 14, 1909.

John O'Sullivan (with compensation at the rate of $138.50 for the period from March 16 to 31, 1909, inclusive), Public School 160, Manhattan, March 16, 1909.

The action of the Committee on Care of Buildings in increasing the temporary compensation of the Janitor of Public School 85, Borough of Queens, from $200 to $225 per month, taking effect February 1, 1909, twenty-two class-rooms now being occupied, was approved and ratified.

The action of the Committee on Care of Buildings in reducing the compensation of Herman A. Hintz, Janitor of Public School 152, Borough of Brooklyn, for the care of the Brooklyn Athletic Field, from $75 to $60 per month, taking effect March 1, 1909, was approved and ratified.

The action of the Committee on Care of Buildings in discontinuing the compensation attached to the position of Janitor of Public School 129, Borough of Manhattan, viz., $948 per annum, and in fixing the compensation of the Janitor at the rate of $50 per month, taking effect March 1, 1909, was approved and ratified.

The action of the Committee on Care of Buildings in fixing the compensation attached to the position of Janitor of Public School 163, Borough of Manhattan, at the rate of $75 per month, taking effect March 1, 1909, was approved and ratified.

The action of the Committee on Care of Buildings in allowing James J. Drumm, Janitor of Public School 183, Borough of Manhattan, additional compensation at the rate of $80 per month, from February 23 to March 7, 1909, inclusive, and at the rate of $120 per month, from and after March 8, 1909, was approved and ratified.

The action of the Committee on Care of Buildings in fixing the compensation attached to the position of Janitor of Public School 135, Borough of Brooklyn, at the rate of $720 per annum, was approved and ratified.

The action of the Committee on Care of Buildings in allowing John Fogarty, Janitor of Public School 150, Borough of Brooklyn, the sum of $112, in addition to his regular compensation, was approved and ratified.

The action of the Committee on Care of Buildings in fixing the compensation of Charles D. Gulliford, Janitor of Public School 183, Borough of Manhattan, for his services in connection with the open-air playgrounds located at Avenue A and Sixty-sixth street, Borough of Manhattan, during the summer of 1908, at $612, was approved and ratified.

The action of the President in suspending from duty, without pay, on March 15 1909, David Crothers, Janitor of Public Schools 97 and 81, Borough of Brooklyn, pending the trial of charges, was approved and ratified.

The action of the Committee on Care of Buildings in fixing the compensation attached to the position of Janitor of Public School 8, Borough of Queens, at $792 per annum, and in designating William A. Ley as Cleaner in Charge, to take effect April 1, 1909, was approved and ratified.

The action of the Committee on Care of Buildings in appointing the following named persons to the positions and at the rates of compensation indicated, the same to take effect on the dates specified, was approved and ratified:

James P. Mullaney, Janitor-Engineer, Public School 107, Manhattan, $1,488, April 1, 1909.

Walter J. McNamara, Janitor-Engineer, Public School 135, Brooklyn, $720, April 1, 1909.

John E. Audley, Janitor-Engineer, Sixty-eighth Street Depository, $1,080, March 18, 1909.

Nora Brennan, Cleaner, Morris High School, $360, March 22, 1909.

The action of the Committee on Care of Buildings in fixing the compensation attached to the position of Janitor of Public School 34, Borough of Queens, at $1,668 per annum, less the salary of one Civil Service Cleaner, to take effect April 1, 1909, was approved and ratified.

The action of the Committee on Care of Buildings in discontinuing the compensation of the Janitor of Public School 100, Borough of Brooklyn, for the care of portable buildings used as an annex to said school, viz., $50 per month, from and after January 31, 1909, was approved and ratified.

The action of the Committee on Care of Buildings in fixing the compensation of the Janitor of Public School 105, Borough of Brooklyn, at the rate of $20 per month, from and after February 23, 1909, for the care of two portable buildings, and at the rate of $40 per month, from and after March 13, 1909, for the care of four portable buildings, was approved and ratified.

Hans Thompson shipped as Seaman on board the training ship "Newport," March 23, 1909, at a salary of $30 per month.

At a meeting of the Board of Education held on the 24th inst., Edward J. Farrell, Janitor of Public School 48, Borough of Brooklyn, having been found guilty of charges preferred against him, was dismissed from the service of the Department of Education.

At a meeting of the Board of Education held on the 24th inst., the following resolution was adopted:

Resolved, That the action of the Committee on Care of Buildings in dispensing with the services of the following named Cleaners, to take effect April 1, 1909, their services being no longer required, be and it is hereby approved and ratified, and that the Municipal Civil Service Commission be requested to place their names on the preferred eligible list for the position of Cleaner:

Michael Zrego, Public School 5, Queens.

Louise Ley, Public School 8, Queens.

Frederick Roessell, Public School 20, Queens.

Isabelle McCabe, Public School 47, Queens.

DEPARTMENT OF PUBLIC CHARITIES.

DEPARTMENT OF PUBLIC CHARITIES, FOOT OF EAST TWENTY-SIXTH STREET, NEW YORK.

TO CONTRACTORS.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Department of Public Charities at the above office until 2.30 o'clock p. m. on

MONDAY, MARCH 29, 1909.

FOR FURNISHING AND DELIVERING FOOD BOXES, FOOD WAGONS, UTENSILS, COPPER WIRE SCREENS, ETC., FOR KITCHEN SERVICE BUILDING, CITY HOSPITAL, BLACKWELLS ISLAND.

The time for the performance of the contract is during the year 1909.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price per unit by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder on each class, line or item, as stated in the specifications.

Blank forms and further information may be obtained at the office of the Department, foot of East Twenty-sixth street, Borough of Manhattan.

ROBERT W. HEBBERD, Commissioner.

The City of New York, March 16, 1909.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW, CITY OF NEW YORK.

NOTICE OF SALE AT AUCTION.

ON

WEDNESDAY, APRIL 7, 1909,

at 11 o'clock a. m., the Department of Water Supply, Gas and Electricity will sell at public auction, to the highest bidder, by Samuel Vorzimer, auctioneer, at the East New York Repair Yard, No. 137 Jamaica avenue, Borough of Brooklyn, N. Y., the following:

50 tons scrap iron.
2,000 pounds scrap brass.
600 pounds old rubber.
1 horse.

TERMS OF SALE.

The upset price at which this material will be sold is as follows:

Seven dollars per ton for scrap iron.
Six cents per pound for scrap brass.

No bid below these prices will be considered or accepted.

The sale of the material will be based on delivery on the ground, but the purchaser or purchasers must agree to have the material weighed at the nearest public scale to the point where the material is sold.

Successful bidders must make cash payment in bankable funds at the time and place of sale.

Bids will be received for one or all the items, but no bid will be considered or accepted for less than the entire quantity in each case.

The purchaser or purchasers must remove all the material within thirty days after the sale, otherwise he or they will forfeit the money paid at the time of sale and the ownership to the material, which will thereafter be resold for the benefit of the City. The purchaser or purchasers must remove the material under the supervision of an employee of the Department, and will not be allowed to select material for removal at will.

JOHN H. O'BRIEN, Commissioner.

m26,a7

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, ROOM 1536, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Water Supply, Gas and Electricity at the above office until 2 o'clock p. m. on

WEDNESDAY, MARCH 31, 1909.
Boroughs of Manhattan and The Bronx.

FOR FURNISHING MATERIALS, REPAIRING AND RESTORING ARTIFICIAL STONE SIDEWALKS AND CURBING AND RESETTING NATURAL STONE CURBING, FOR THE COMPLETION OF THE CONTRACT ABANDONED BY THOMAS M. HART.

The time allowed for doing and completing the work will be until August 24, 1909.

The amount of security will be Five Hundred Dollars.

The bidder will state the price, per unit, of each item of work or supplies contained in the specifications or schedule, by which the bids will be tested.

The bids will be compared and the contract awarded for all the work, articles, materials and supplies contained in the specifications or schedule attached thereto.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Department, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, and any further information may be obtained upon application therefor at the office of the Chief Engineer, Room 922, Nos. 13 to 21 Park row, Borough of Manhattan.

JOHN H. O'BRIEN Commissioner.

City of New York, March 17, 1909.

The amount of security will be fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item, and the Police Department reserves the right to award for each item.

Samples will be on exhibition at the office of the Bureau of Repairs and Supplies, No. 300 Mulberry street, Borough of Manhattan, until the bids are opened.

All goods must be delivered at such place or places in The City of New York as may be directed by the Police Commissioner (unless otherwise stated in the specifications). The weight, measure, etc., will be allowed as received at institutions.

Bidders are requested to make their bids or estimates upon the blank form prepared by the

Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner, and any further information can be obtained at the office of the Bureau of Repairs and Supplies of the Police Department, No. 300 Mulberry street, Borough of Manhattan.

THEODORE A. BINGHAM, Commissioner.
The City of New York, March 26, 1909.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before April 27, 1909, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,
PAUL WEIMANN,
JAMES H. KENNEDY,
Board of Assessors.

WILLIAM H. JASPER, Secretary,
No. 320 Broadway.
City of New York, Borough of Manhattan, March 25, 1909.

m26,a6

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

Borough of Brooklyn.

List 9934, No. 1. Regulating, grading, curbing and laying cement sidewalks on Park place, between Rochester and Buffalo avenues.

List 138, No. 2. Regulating, grading, curbing and laying cement sidewalks on Fifty-first street, between Eighth and Fort Hamilton avenues.

List 292, No. 3. Regulating and grading Main street (Eighty-fourth street), between Eighteenth and Fifteenth avenues; curbing, laying crosswalks, paving gutters and laying sidewalks on the south side where not already done.

List 341, No. 4. Regulating, grading, curbing and laying cement sidewalks on Thirty-ninth street, between Fort Hamilton and Thirteenth avenues.

List 423, No. 5. Regulating, grading, curbing, laying cement sidewalks and paving with asphalt on Lynch street, between Bedford avenue and Wallabout street.

List 425, No. 6. Regulating, grading, curbing and laying cement sidewalks on Seventy-first street, between Sixth and Seventh avenues.

List 426, No. 7. Regulating, grading, curbing, resetting brick gutters and laying cement sidewalks on Starr street, from St. Nicholas avenue to the City line.

List 428, No. 8. Regulating, grading, curbing, laying cement sidewalks and paving on Wolcott street, from Dwight street to Otsego street, to connect with Lorraine street.

The limits within which it is proposed to lay the said assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Park place, from Rochester avenue to Buffalo avenue, and to the extent of half the block at the intersecting streets.

No. 2. Both sides of Fifty-first street, from Eighth avenue to Fort Hamilton avenue, and to the extent of half the block at the intersecting streets.

No. 3. Both sides of Main street, from Eighteenth avenue to Fifteenth avenue, and to the extent of half the block at the intersecting streets.

No. 4. Both sides of Thirty-ninth street, from Fort Hamilton avenue to Thirteenth avenue, and to the extent of half the block at the intersecting streets.

No. 5. Both sides of Lynch street, from Bedford avenue to Wallabout street, and to the extent of half the block at the intersecting streets.

No. 6. Both sides of Seventy-first street, from Sixth avenue to Seventh avenue, and to the extent of half the block at the intersecting streets.

No. 7. Both sides of Starr street, from St. Nicholas avenue to the City line, and to the extent of half the block at the intersecting streets.

No. 8. Both sides of Wolcott street, from Otsego street to Dwight street, and to the extent of half the block at the intersecting streets.

All persons whose interests are affected by the above-named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before April 20, 1909, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

ANTONIO ZUCCA,
PAUL WEIMANN,
JAMES H. KENNEDY,
Board of Assessors.

BOROUGH OF RICHMOND.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, BOROUGH HALL, ST. GEORGE, NEW BRIGHTON, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Richmond at the above office until 12 o'clock m. on

TUESDAY, APRIL 6, 1909.

Borough of Richmond.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND REPAVING WITH VITRIFIED BRICK PAVEMENT ON A CONCRETE FOUNDATION THE GUTTERS OF LAFAYETTE AVENUE, SHARP AVENUE, ELM STREET AND MAPLE AVENUE, FROM RICHMOND TERRACE TO HARRISON AVENUE; AND ALSO THE GUTTERS OF TOWNSEND AVENUE, FROM A POINT TWO HUNDRED AND NINETY (290) FEET WEST OF BAY STREET TO CENTRE STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

- 5,223 square yards of vitrified brick pavement, including sand bed, and laid with paving cement joints, with one (1) year maintenance.
- 1,183 cubic yards of concrete foundation.
- 1 cubic yard of brick masonry.
- 500 linear feet of new sixteen (16) inch bluestone curbstone, furnished and set.
- 11,033 linear feet of old bluestone curbstone, rejointed and reset.
- 10 linear feet of twelve (12) inch vitrified culvert pipe.
- 8,160 square feet of old sidewalk, relaid.
- 50 square feet of new flagstone, furnished and laid.
- 72 square feet of old flagstone, recut and reset.
- 3 square feet of four (4) inch bluestone drip, furnished and set.
- 16 square feet of old bluestone drip, recut and reset.

The time for the completion of the work and the full performance of the contract is seventy-five (75) days.

The amount of security required is Eight Thousand Dollars ($8,000).

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND REPAVING WITH GRANITE BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE SOUTH SIDE OF RICHMOND TERRACE, FROM MORNING STAR ROAD TO VAN NAME AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

- 518 square yards of new granite block pavement, including sand bed, and laid with paving cement and gravel joints, for the maintenance of which the railroad company is responsible.
- 1,752 square yards of new granite block pavement, including sand bed, and laid with paving cement and gravel joints, with one (1) year maintenance.
- 405 cubic yards of concrete foundation.
- 840 square feet of new bridgestone, furnished and set.
- 500 square feet of old bridgestone, rejointed and relaid.
- 2,230 linear feet of new sixteen (16) inch curbstone, furnished and set.
- 200 square feet of old sidewalk, relaid.
- 60 square yards of old granite block pavement, relaid.

The time for the completion of the work and the full performance of the contract is fifty (50) days.

The amount of security required is Four Thousand Dollars ($4,000).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND REPAVING WITH VITRIFIED BRICK PAVEMENT ON A CONCRETE FOUNDATION THE GUTTERS OF PROSPECT STREET, FROM BURGER AVENUE TO COLUMBIA STREET; BRITTON STREET, FROM BROADWAY TO END OF STREET; SOUTH STREET, FROM BURGER AVENUE TO BROADWAY; VAN PELT AVENUE, FROM RICHMOND TERRACE TO A POINT ABOUT ONE HUNDRED AND SEVENTY-FIVE (175) FEET SOUTH OF THE STATEN ISLAND RAPID TRANSIT RAILROAD CROSSING, AND VAN NAME AVENUE, FROM RICHMOND TERRACE TO THE STATEN ISLAND RAPID TRANSIT RAILROAD CROSSING, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

- 5,395 square yards of vitrified brick pavement, including sand bed, and laid with paving cement joints, with one (1) year maintenance.
- 1,263 cubic yards of concrete foundation.
- 2 cubic yards of steel concrete.
- 1,225 linear feet of new sixteen (16) inch bluestone curbstone, furnished and set.
- 10,741 linear feet of old bluestone curbstone, rejointed and reset.
- 30 linear feet of ten (10) inch vitrified pipe, in place.
- 6,400 square feet of old sidewalk, relaid.
- 20 square feet of new flagstone, furnished and laid.
- 40 square feet of old flagstone, recut and reset.

The time for the completion of the work and the full performance of the contract is sixty (60) days.

The amount of security required is Eight Thousand Dollars ($8,000).

No. 4. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A REINFORCED CONCRETE RETAINING WALL ON STUYVESANT PLACE, AND OTHER WORK IN CONNECTION WITH THE ST. GEORGE FERRY APPROACH.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

- 6,300 cubic yards of concrete, in place, including forms.
- 100 cubic yards of extra concrete, for foundation (1-3-6).
- 608,000 pounds of steel rods, in place.
- 27,000 pounds of steel (structural), in place.
- 14,200 cubic yards of excavation.
- 250 cubic yards of broken stone for foundation.
- 640 linear feet of granite coping on parapet wall.
- 1,360 square feet of granite facing.
- 4 granite pedestals, Type A.
- 1 granite pedestal, Type B.
- 1 granite pedestal, Type C.
- 1,076 linear feet of eight-inch (8-inch) vitrified drain pipe, in place.
- 324 linear feet of iron fence.

The time for the completion of the work, and the full performance of the contract is three hundred (300) days.

The amount of security required is Sixty Thousand Dollars ($60,000).

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President. The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, New Brighton, Borough of Richmond.

GEORGE CROMWELL, President.
The City of New York, March 19, 1909.

BOARD OF WATER SUPPLY.

TO CONTRACTORS.

CONTRACT D.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, APRIL 13, 1909,

FOR PRINTING AND DELIVERING THE SECOND ANNUAL REPORT OF THE BOARD OF WATER SUPPLY OF THE CITY OF NEW YORK.

Further information is given in the Information for Bidders, forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board reserves the right to reject any or all bids.

A bond in the sum of five hundred dollars ($500) will be required for the faithful performance of the contract. The bond must be signed by the contractor and the surety, who must be satisfactory to the Board. The name and address of the surety offered must be stated in the bid or proposal.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of one hundred dollars ($100).

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of five dollars ($5) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet. This deposit will be refunded upon the return of the pamphlet in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,
Commissioners of the Board of Water Supply.
J. WALDO SMITH, Chief Engineer.

TO CONTRACTORS.

CONTRACT 7.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

WEDNESDAY, APRIL 14, 1909.

FOR THE CONSTRUCTION OF A FIELD OFFICE BUILDING on the north side of Northcastle road, in the vicinity of Valhalla, in the Town of Mount Pleasant, Westchester County, N. Y.

The building is to be two stories and attic, 39 feet 6 inches by 38 feet, in plan, with stone foundations, fireproof concrete or brick vault, frame superstructure, shingle roof and steam-heating, plumbing and electric lighting systems.

Further information is given in the Information for Bidders, forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board reserves the right to reject any or all bids.

A bond in the sum of Two Thousand Dollars ($2,000) will be required for the faithful performance of the contract. The bond must be signed by the contractor and the surety, who must be satisfactory to the Board. The name and address of the surety offered must be stated in the bid or proposal.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of three hundred dollars ($300).

Time allowed for the completion of the work is six months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of five dollars ($5) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or ten dollars ($10) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

CATSKILL AQUEDUCT.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

THURSDAY, APRIL 8, 1909.

For Contract 46 for the construction of a portion of the Catskill Aqueduct, consisting of MILLWOOD, SARLES, HARLEM RAILROAD, PLEASANTVILLE and REYNOLDS HILL tunnels, PUTNAM SIPHON and MILLWOOD SOUTH, SARLES and PLEASANTVILLE cut-and-cover. The tunnels are 17 feet high by 13½ feet wide inside, and aggregate about 3 miles. Of the remainder about 2.5 miles are standard cut-and-cover, 17 feet high by 17½ feet wide inside, and about 2,000 feet are cut-and-cover of special design. The work is located about 4 miles east of the Hudson River, in the Towns of New Castle and Mount Pleasant, Westchester County, N. Y.

An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract. At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board reserves the right to reject any and all bids.

Two or more bonds, the aggregate amount of which shall be five hundred twenty-five thousand dollars ($525,000) will be required for the faithful performance of the contract.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of sixty thousand dollars ($60,000).

Time allowed for the completion of the work is 50 months from the service of notice by the Board to begin work.

Pamphlets containing Information for Bidders, forms of proposal and contract, specifications, etc., and pamphlets of contract drawings can be obtained at Room 1515 at the above address upon application in person or by mail, by depositing the sum of ten dollars ($10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars ($20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,
Commissioners of the Board of Water Supply.
J. WALDO SMITH, Chief Engineer.
THOMAS HASSETT, Secretary.

Note—See General Instructions to Bidders on last page, last column of the CITY RECORD as far as applicable hereto and not otherwise provided therein.

TO CONTRACTORS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, APRIL 6, 1909,

for—

CONTRACT 17—FOR THE CONSTRUCTION OF ABOUT 14,100 LINEAR FEET OF PLAIN CONCRETE CONDUIT KNOWN AS CUT-AND-COVER AQUEDUCT; and

CONTRACT 18—FOR THE CONSTRUCTION OF ABOUT 15,600 LINEAR FEET OF PLAIN CONCRETE CONDUIT KNOWN AS CUT-AND-OVER AQUEDUCT.

The aqueduct will be 17 feet high by 17½ feet wide inside. The work is located in the towns of Shawangunk, Ulster County, and Montgomery, Orange County, about eight miles northwest of Newburg, New York.

Bids or proposals are invited for either or both contracts separately, and for both contracts combined. Any bidder may make a bid for either contract or for both contracts combined. A separate form of proposal will be furnished for the purpose of a combined bid.

An approximate statement of the quantities of the various classes of work and further information are given in the "Information for Bidders," forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board may reject any or all bids.

Two or more bonds, the aggregate amount of which shall be Two Hundred and Sixty Thousand Dollars ($260,000) under each contract, will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of twenty-five thousand dollars ($25,000) for each contract. Only one check for each contract will be required, whether bids are submitted for the contracts separately or combined. Time allowed for the completion of work under each contract is 42 months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of ten dollars ($10) in currency or check drawn to the order of the Board of Water Supply for each pamphlet, or twenty dollars ($20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,
Commissioners of the Board of Water Supply.
J. WALDO SMITH, Chief Engineer.
THOMAS HASSETT, Secretary.

TO CONTRACTORS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, MARCH 30, 1909,

For Contract 25, for the construction of CROTON AND CHADEAYNE TUNNELS, KITCHAWAN AND MILLWOOD NORTH CUT-AND-COVER, and a portion of CROTON CUT-AND-COVER, in the Croton division of the Catskill Aqueduct, in the towns of Yorktown and New Castle, Westchester County, New York.

The tunnels are on the hydraulic gradient and are 3,000 feet and 700 feet long, respectively, and 17 feet high by 13½ feet wide inside. The portions of cut-and-cover aqueduct are of plain concrete, 17 feet high by 17½ feet wide inside, and aggregate 13,200 linear feet. An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board may reject any or all bids.

Two or more bonds, the aggregate amount of which shall be Three Hundred Thousand Dollars ($300,000), will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of thirty thousand dollars ($30,000).

Time allowed for the completion of the work is fifty-two (52) months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of ten dollars ($10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars ($20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,
Commissioners of the Board of Water Supply.
J. WALDO SMITH, Chief Engineer.
THOMAS HASSETT, Secretary.

BOROUGH OF BROOKLYN.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 2, BOROUGH HALL, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

WEDNESDAY, APRIL 7, 1909,

No. 1. FOR REGULATING, PAVING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FIFTH AVENUE, FROM BAY RIDGE AVENUE TO EIGHTY-SIXTH STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

14,110 square yards asphalt pavement, outside railroad area. (Five years' maintenance.)
2,070 square yards asphalt pavement, within railroad area. (No maintenance).
1,980 cubic yards concrete, outside railroad area.
310 cubic yards concrete, within railroad area.
350 linear feet new curbstone, set in concrete.
490 linear feet old curbstone, reset in concrete.
3 noiseless manhole heads and covers.
4,429 cubic yards earth excavation. (Not to be bid for.)

The time allowed for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is Twelve Thousand Five Hundred Dollars ($12,500).

No. 2. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FULTON STREET, BETWEEN HANOVER PLACE AND FLATBUSH AVENUE, AND FLATBUSH AVENUE, BETWEEN FULTON STREET AND FIFTH AVENUE, BOTH SIDES, AND THE EAST SIDE OF FLAT-

BUSH AVENUE, BETWEEN FIFTH AVENUE AND PLAZA STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

21,284 square yards asphalt pavement, outside railroad area. (Five years' maintenance.)
3,006 square yards asphalt pavement, within railroad area. (No maintenance.)
93 square yards old stone pavement, relaid in approaches, etc.
2,967 cubic yards concrete, outside railroad area.
419 cubic yards concrete, within railroad area.
3,846 linear feet new curbstone, set in concrete.
1,854 linear feet old curbstone, reset in concrete.
2 noiseless manhole heads and covers.
20,886 square feet cement sidewalk.

The time allowed for the completion of the work and the full performance of the contract is eighty (80) working days.

The amount of security required is Twenty-two Thousand Dollars ($22,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot, square foot, cubic yard or other unit of measure by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Bureau of Highways, No. 14 Municipal Building, the Borough of Brooklyn.

BIRD S. COLER, President.

No. 1. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON ALABAMA AVENUE, FROM PITKIN AVENUE TO BELMONT AVENUE, AND LAYING CEMENT SIDEWALKS FROM SUTTER AVENUE TO RIVERDALE AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

860 linear feet new curbstone, set in concrete.
40 linear feet old curbstone reset in concrete.
1,750 cubic yards earth excavation.
10 cubic yards earth filling (not to be bid for).
50 cubic yards concrete (not to be bid for).
18,600 square feet cement sidewalk.

The time allowed for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Fifteen Hundred and Fifty Dollars ($1,550).

No. 2. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF CENTRE STREET, FROM HENRY STREET TO HICKS STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,120 square yards asphalt pavement (five years' maintenance).
155 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Eight Hundred Dollars ($800).

No. 3. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF EAST FOURTH STREET, FROM AVENUE C TO CORTELYOU ROAD, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,760 square yards asphalt pavement (five years' maintenance).
385 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required will be Two Thousand and Fifty Dollars ($2,050).

No. 4. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF EAST EIGHTH STREET, FROM JOHNSON STREET TO CHURCH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,870 square yards asphalt pavement (five years' maintenance).
260 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required will be Fourteen Hundred Dollars ($1,400).

No. 5. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF EAST TWENTY-NINTH STREET, FROM FOSTER AVENUE TO AVENUE F, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,660 square yards asphalt pavement (five years' maintenance).
370 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required will be Two Thousand Dollars ($2,000).

No. 6. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON EAST THIRTY-FOURTH STREET, FROM GLENWOOD ROAD TO AVENUE H, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,650 linear feet new curbstone, set in concrete.
40 linear feet of old curbstone, reset in concrete.
1,290 cubic yards earth excavation.
90 cubic yards concrete. (Not to be bid for.)
8,080 square feet cement sidewalk.

The time allowed for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Twelve Hundred and Fifty Dollars ($1,250).

No. 7. FOR REGULATING AND REPAVING WITH ASPHALT ON CONCRETE FOUNDATION THE ROADWAY OF EVANS STREET, FROM HUDSON AVENUE TO NAVY YARD, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

790 square yards asphalt pavement. (Five years' maintenance.)
10 square yards old stone pavement, relaid in approaches, etc.
110 cubic yards concrete.
550 linear feet new curbstone, set in concrete.
10 linear feet old curbstone, reset in concrete.
5 noiseless manhole covers and heads.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Eight Hundred Dollars ($800).

No. 8. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF FORTY-THIRD STREET, FROM SEVENTH AVENUE TO EIGHTH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,680 square yards asphalt pavement. (Five years' maintenance.)
375 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Two Thousand Dollars ($2,000).

No. 9. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON SEVENTY-SIXTH STREET, FROM SECOND AVENUE TO THIRD AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

930 cubic yards earth excavation.
1,510 linear feet cement curb.
4,310 square feet cement sidewalks.

The time allowed for the completion of the work and the full performance of the contract is thirty-five (35) working days.

The amount of security required is Six Hundred Dollars ($600).

No. 10. FOR REGULATING AND REPAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF TREMONT STREET, FROM VAN BRUNT STREET TO RICHARDS STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,710 square yards asphalt pavement. (Five years' maintenance.)
10 square yards old stone pavement, to be relaid in approaches, etc.
240 cubic yards concrete.
610 linear feet new curbstone, set in concrete.
410 linear feet old curbstone, reset in concrete.
3 noiseless manhole covers and heads.

The time allowed for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required is Fifteen Hundred Dollars ($1,500).

No. 11. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF WINTHROP STREET, FROM ROGERS AVENUE TO NOSTRAND AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,510 square yards asphalt pavement (five years' maintenance).
350 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Fifteen Hundred and Fifty Dollars ($1,550).

No. 12. FOR GRADING PORTIONS OF LOTS ON THE NORTH SIDE OF FORTIETH STREET, BETWEEN SIXTH AND SEVENTH AVENUES, KNOWN AS NOS. 58, 59, 60, 61 AND 63, BLOCK 914; ON THE SOUTH SIDE OF FORTIETH STREET, BETWEEN SIXTH AND SEVENTH AVENUES, AND ON THE EAST SIDE OF SIXTH AVENUE, BETWEEN FORTIETH AND FORTY-FIRST STREETS, KNOWN AS LOTS NOS. 6, 7 AND 12, BLOCK 918, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

4,005 cubic yards earth excavation.

The time allowed for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Seven Hundred Dollars ($700).

No. 13. FOR GRADING A LOT ON THE NORTH SIDE OF FORTY-FIRST STREET, BETWEEN SEVENTH AND EIGHTH AVENUES, KNOWN AS LOT NO. 55, BLOCK 919, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

114 cubic yards earth filling, furnished.

The time allowed for the completion of the work and the full performance of the contract is ten (10) working days.

The amount of security required is Fifty Dollars ($50).

No. 14. FOR GRADING A LOT ON THE SOUTH SIDE OF SECOND STREET, BETWEEN FIFTH AND SIXTH AVENUES, KNOWN AS LOT NO. 16, BLOCK 975, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

543 cubic yards earth filling, furnished.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Hundred and Fifty Dollars ($150).

No. 15. FOR GRADING A LOT ON THE SOUTHEAST CORNER OF SEVENTH AVENUE AND FORTY-FIFTH STREET, KNOWN AS LOT NO. 9, BLOCK 750, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

190 cubic yards earth excavation.

The time allowed for the completion of the work and the full performance of the contract is ten (10) working days.

The amount of security required is Fifty Dollars ($50).

No. 16. FOR GRADING LOTS ON THE NORTHEAST CORNER OF SEVENTH AVENUE AND FORTY-SIXTH STREET AND ON THE NORTH SIDE OF FORTY-SIXTH STREET, ABOUT 100 FEET FROM SEVENTH AVENUE, KNOWN AS LOTS NOS. 1 AND 71, BLOCK 750, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

1,783 cubic yards earth excavation.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Hundred Dollars ($300).

No. 17. FOR GRADING LOTS ON THE NORTH SIDE OF FORTY-SIXTH STREET, BETWEEN SEVENTH AND EIGHTH AVENUES, KNOWN AS LOTS NOS. 54, 58, 60 AND 64, BLOCK 750, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

4,369 cubic yards earth excavation.
36 cubic yards earth filling (not to be bid for).

The time allowed for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Six Hundred Dollars ($600).

No. 18. FOR FURNISHING AND DELIVERING SIX HUNDRED (600) TONS OF TWO THOUSAND (2,000) POUNDS EACH OF REFINED ASPHALT, TO BE DELIVERED AT THE MUNICIPAL ASPHALT PLANT, SEVENTH STREET BASIN, NORTH SIDE, GOWANUS CANAL.

The time allowed for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1909.

The amount of security will be Seven Thousand Dollars ($7,000).

No. 19. FOR REGULATING AND PAVING WITH ASPHALT BLOCK ON A CONCRETE FOUNDATION THE ROADWAY OF BAY RIDGE AVENUE, FROM THIRD AVENUE TO FIFTH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,670 square yards asphalt block pavement, outside railroad area (five years' maintenance).
660 square yards asphalt block pavement, within railroad area (no maintenance).
410 cubic yards concrete, outside railroad area.
110 cubic yards concrete, within railroad area.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Twenty-eight Hundred Dollars ($2,800).

No. 20. FOR REGULATING AND PAVING WITH ASPHALT BLOCK ON A CONCRETE FOUNDATION THE ROADWAY OF FORTY-FIFTH STREET, FROM SIXTH AVENUE TO SEVENTH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,400 square yards asphalt block pavement (five years' maintenance).
370 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Two Thousand Dollars ($2,000).

No. 21. FOR REGULATING AND PAVING WITH ASPHALT BLOCK ON A CONCRETE FOUNDATION THE ROADWAY OF FIFTY-FIRST STREET, FROM SECOND AVENUE TO A POINT FOUR HUNDRED AND TWENTY-FIVE (425) FEET WEST OF FIRST AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

3,870 square yards asphalt block pavement (five years' maintenance).
590 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Thirty-two Hundred Dollars ($3,200).

No. 22. FOR REGULATING AND PAVING WITH ASPHALT BLOCK ON A CONCRETE FOUNDATION THE ROADWAY OF EIGHTY-FOURTH STREET, FROM ELEVENTH AVENUE TO THIRTEENTH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

4,050 square yards asphalt block pavement (five years' maintenance).
620 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Thirty-four Hundred Dollars ($3,400).

No. 23. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON AVENUE S, FROM EAST EIGHTEENTH STREET TO OCEAN AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,120 linear feet new curbstone, set in concrete.
40 linear feet old curbstone, reset in concrete.
1,300 cubic yards earth excavation.
65 cubic yards concrete (not to be bid for).
5,180 square feet cement sidewalk.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Ten Hundred and Fifty Dollars ($1,050).

No. 24. FOR FURNISHING AND DELIVERING FIFTEEN HUNDRED (1,500) CUBIC YARDS OF BINDER STONE.

To be delivered at the Municipal Asphalt Plant.

The time allowed for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1909.

The amount of security required is One Thousand Dollars ($1,000).

No. 25. FOR FURNISHING AND DELIVERING SEVEN HUNDRED (700) NET TONS OF LIMESTONE OR OTHER SUITABLE INORGANIC DUST.

To be delivered at the Municipal Asphalt Plant.

The time allowed for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1909.

The amount of security required is One Thousand Dollars ($1,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per ton, cubic yard, square yard or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Bureau of Highways, No. 14 Municipal Building, the Borough of Brooklyn.

No. 1. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWERS IN SIXTY-EIGHTH STREET, FROM FIRST AVENUE TO SECOND AVENUE, ETC.

The Engineer's preliminary estimate of the quantities is as follows:

45 linear feet 15-inch pipe sewer, laid complete, including all incidentals and appurtenances, per linear foot, $1.80	$81 00
1,500 linear feet 12-inch pipe sewer, laid complete, including all incidentals and appurtenances, per linear foot, $1.55	2,325 00
1,855 linear feet 6-inch house connection drain, laid complete, including all incidentals and appurtenances, per linear foot, 75 cents	1,391 25
15 manholes, complete, with iron heads and covers, including all incidentals and appurtenances, per manhole, $50	750 00
1 sewer basin, complete, of either standard design, with iron pans or gratings, iron basin hood and connecting culvert, including all incidentals and appurtenances, per basin, $135	135 00
7,500 feet (B. M.) sheeting and bracing, driven in place, complete, including al incidentals and appurtenances, per thousand feet, board measure, $21	157 50
	$4,839 75

The time allowed for the completion of the work and full performance of the contract will be sixty (60) working days.

The amount of security required will be Two Thousand Four Hundred and Twenty Dollars ($2,420).

No. 2. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER IN AVENUE I, FROM EAST THIRTY-FOURTH STREET TO BROOKLYN AVENUE.

The Engineer's preliminary estimate of the quantities is as follows:

450 linear feet 12-inch pipe sewer, laid complete, including all incidentals and appurtenances, per linear foot, $1.65	$742 50
833 linear feet 6-inch house connection drain, laid complete, including all incidentals and appurtenances, per linear foot, 75 cents	624 75
6 manholes, complete, with iron heads and covers, including all incidentals and appurtenances, per manhole, $50	300 00
	$1,667 25

The time allowed for the completion of the work and full performance of the contract will be thirty (30) working days.

The amount of security required will be Eight Hundred Dollars ($800).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER IN BEAVER STREET, FROM BELVIDERE STREET TO LOCUST STREET.

The Engineer's preliminary estimate of the quantities is as follows:

295 linear feet 12-inch pipe sewer, laid complete, including all incidentals and appurtenances; per linear foot, $2.40	$708 00
3 manholes, complete, with iron heads and covers, including all incidentals and appurtenances; per manhole, $50	150 00
12,500 feet (B. M.) sheeting and bracing, driven in place, complete, including all incidentals and appurtenances; per thousand feet (B. M.), $21	262 50
	$1,120 50

The time allowed for the completion of the work and full performance of the contract will be thirty (30) working days.

The amount of security required will be Six Hundred Dollars ($600).

No. 4. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR

CONSTRUCTING SEWER BASINS ON BARBEY STREET, SOUTHWEST CORNER OF BELMONT AVENUE; BARBEY STREET, SOUTHWEST CORNER OF SUTTER AVENUE, ETC.

The Engineer's preliminary estimate of the quantities is as follows:

7 sewer basins, complete, of either standard design, with iron pans or gratings, iron basin hoods and connecting culverts, including all incidentals and appurtenances; per basin, $130..... $910 00

The time allowed for the completion of the work and full performance of the contract will be thirty-five (35) working days.

The amount of security required will be Four Hundred and Fifty Dollars ($450).

No. 5. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER IN DUMONT AVENUE, FROM HINSDALE STREET TO WILLIAMS AVENUE.

The Engineer's preliminary estimate of the quantities is as follows:

218 linear feet 12-inch pipe sewer, laid complete, including all incidentals and appurtenances; per linear foot, $2.45..... $534 10

3 manholes, complete, with iron heads and covers, including all incidentals and appurtenances; per manhole, $55... 165 00

9,000 feet (B. M.) sheeting and bracing, driven in place, complete, including all incidentals and appurtenances; per thousand feet (B. M.), $21..... 189 00

$888 10

The time allowed for the completion of the work and full performance of the contract will be thirty (30) working days.

The amount of security required will be Four Hundred and Fifty Dollars ($450).

No. 6. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER BASINS IN SECOND AVENUE, AT THE WESTERLY CORNER OF FORTY-FOURTH STREET AND SECOND AVENUE, AT THE WESTERLY CORNER OF FORTY-SEVENTH STREET.

The Engineer's preliminary estimate of the quantities is as follows:

2 sewer basins, complete, of either standard design, with iron pans or gratings, iron basin hoods and connecting culverts, including all incidentals and appurtenances; per basin, $150..... $300 00

The time allowed for the completion of the work and full performance of the contract will be fifteen (15) working days.

The amount of security required will be One Hundred and Fifty Dollars ($150).

No. 7. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER BASIN AT THE NORTHEAST CORNER OF NEWKIRK AVENUE AND EAST TWENTY-THIRD STREET.

The Engineer's preliminary estimate of the quantities is as follows:

1 sewer basin, complete, of either standard design, with iron pans or gratings, iron basin hood and connecting culvert, including all incidentals and appurtenances; per basin, $155..... $155 00

The time allowed for the completion of the work and full performance of the contract will be ten (10) working days.

The amount of security required will be Eighty Dollars ($80).

No. 8. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER BASIN AT THE EASTERLY CORNER OF WAKEMAN PLACE AND SECOND AVENUE.

The Engineer's preliminary estimate of the quantities is as follows:

1 sewer basin, complete, of either standard design, with iron pans or gratings, iron basin hood and connecting culvert, including all incidentals and appurtenances; per basin, $135..... $135 00

The time allowed for the completion of the work and full performance of the contract will be ten (10) working days.

The amount of security required will be Seventy Dollars ($70).

The foregoing Engineer's preliminary estimates of total cost for the completed work are in each case to be taken as the 100 per cent. basis and test for bidding. Proposals shall each state a single percentage of such 100 per cent. (such as 95 per cent., 100 per cent. or 105 per cent.), for which all material and work called for in the proposed contracts and the notices to bidders are to be furnished to the City. Such percentage, as bid for each contract, shall apply to all unit items specified in the Engineer's preliminary estimate to an amount necessary to complete the work described in the contracts.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Bureau of Sewers, No. 215 Montague street, the Borough of Brooklyn.

BIRD S. COLER, President.

Dated March 16, 1909.

☞ See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 2, BOROUGH HALL, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

WEDNESDAY, MARCH 31, 1909.

FOR FURNISHING AND DELIVERING SOAP FOR THE VARIOUS PUBLIC BUILDINGS, BATHS AND COMFORT STATIONS, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

The time allowed for the delivery of the same and full performance of the contract will be 90 days.

The amount of security required will be Two Thousand Dollars ($2,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per gross or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item (class) and awards made to the lowest bidder on each item (class); or the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Bureau of Public Buildings and Offices, No. 29 Municipal Building, the Borough of Brooklyn.

BIRD S. COLER, President.

Commissioner of Street Cleaning.

MUNICIPAL CIVIL SERVICE COMMISSION.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, March 27, 1909.

PUBLIC NOTICE IS HEREBY GIVEN OF the proposed amendment of Rule XIX. of the Municipal Civil Service rules by changing paragraph 2 of clause 9 to read as follows:

"No person shall remain eligible for selection for employment from such list who, on the 1st day of January, April, July or October, in any year, has been carried thereon for one year or longer; but the Commission may, by request or in its discretion, allow a re-examination of all such persons, physically, at the termination of any period of their eligibility, and if they shall again be qualified as the result of such examination their names shall be retained on such list for one year from such quarterly date."

—and by striking from clause 9 the fourth paragraph, which reads as follows:

"Notice shall be sent, with a copy of this clause, to each person whose eligibility, either for appointment from a registration list or for examination, is about to terminate, not less than two weeks in advance of such termination."

A public hearing will be had on the proposed amendment, in accordance with Rule III., at the Commission's offices, No. 299 Broadway, on Wednesday, March 31, 1909, at 10 o'clock a. m.

F. A. SPENCER, Secretary.

m27,30

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, March 23, 1909.

PUBLIC NOTICE IS HEREBY GIVEN that the time for receiving applications for the position of

FIREMAN, FIRE DEPARTMENT,

has been extended to 4 p. m.

THURSDAY, APRIL 15, 1909.

(No application received by the Commission, by mail or otherwise, after 4 p. m. on April 15 will be accepted.)

The subjects and weights are as follows:

Physical development and strength.....	50
Mental test	50

The subjects and weights of the mental test are as follows:

Memory test	2
Government	5
Localities	1
Arithmetic	2

A candidate, to be eligible for appointment, must obtain an average of not less than 70 per cent. on the mental test and 70 per cent. on the physical development and strength. Candidates who obtain an average of over 80 per cent. on physical development and strength and a final average of 75 per cent. shall also be eligible for appointment.

Applications will not be received from persons who are less than twenty-one years of age on April 15, 1909, or who are more than thirty (30) years of age.

Naturalized citizens must attach their naturalization papers to applications.

Applicants must not be less than 5 feet 8 inches in height.

Applicants will be notified later of the dates of the physical and mental examinations.

Application blanks can be had at No. 299 Broadway, Room 1119.

F. A. SPENCER, Secretary.

m23,a15

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, March 16, 1909.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received from

TUESDAY, MARCH 16, UNTIL 4 P. M. TUESDAY, MARCH 30, 1909,

m16,30

MUNICIPAL CIVIL SERVICE COMMISSION, No. 54 LAFAYETTE STREET, NEW YORK CITY, March 3, 1909.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received at the Labor Bureau of the Municipal Civil Service Commission, ground floor, New Criminal Courts Building, corner of White and Centre streets, for the position of BLASTER, beginning at 9 a. m.,

MONDAY, MARCH 22, 1909,

Applicants for this position must be licensed blasters and produce license upon registering.

FRANK L. POLK, President;
R. ROSS APPLETON,
ARTHUR J. O'KEEFFE,
Civil Service Commissioners.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled. No application will be accepted at the office of the Commission, by *mail or otherwise*, after the closing hour for the receipt of same set forth in the advertisement.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission, Room 1119.

The Commission cannot guarantee that applications mailed in response to written requests will be received in time to permit of their being prepared and filed prior to closing hour.

All notices of examinations will be posted in the office of the Commission, and advertised in the CITY RECORD for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news. The scope of the examination will be stated.

No information will be given by telephone, and the Commission will not be responsible for such if given by employees, either as to date of filing applications or upon other subjects.

Specimen questions of previous examinations may be obtained at Room 1108.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

FRANK L. POLK,
President;
R. ROSS APPLETON,
ARTHUR J. O'KEEFFE,
Commissioners.

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FOURTH WARD.

RESTORING AND REPAIRING THE PAVEMENT at the northeast corner of SINEY STREET AND MERRICK ROAD, JAMAICA. Area of assessment: Northeast corner of Siney street and Merrick road, known as Lot No. 45, map page 41, in the Fourth Ward, Jamaica.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same was entered March 26, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before May 25, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 26, 1909.

m27,a9

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.

WASHINGTON AVENUE — REPAIRING SIDEWALK AND PLACING GUARD RAIL on the easterly side, beginning about 75 feet north of One Hundred and Sixty-seventh street and extending about 120 feet. Area of assessment: Easterly side of Washington avenue, 75 feet north of One Hundred and Sixty-seventh street, and known as Lot No. 7, in Block 2372.

TWENTY-THIRD AND TWENTY-FOURTH WARDS, SECTIONS 9, 10, 11 AND 12.

RECEIVING BASINS at the southeast and northeast corners of CRESTON AVENUE AND ONE HUNDRED AND NINETY-THIRD STREET; southeast corner of CRESTON AVENUE AND ONE HUNDRED AND NINETY-SEVENTH STREET; southeast and southwest corners of CRESTON AVENUE AND ONE HUNDRED AND NINETY-EIGHTH STREET; northeast corner of ONE HUNDRED AND SIXTY-SECOND STREET AND SHERMAN AVENUE; southwest and northwest corners of ONE HUNDRED AND SIXTY-FOURTH STREET AND SHERMAN AVENUE, and southwest corner of ONE HUNDRED AND SIXTIETH STREET AND TRINITY AVENUE. Area of assessment: Both sides of One Hundred and Ninety-third street, from the Grand Boulevard and Concourse to Creston avenue; south side of One Hundred and Ninety-eighth street, between Jerome avenue and the Grand Boulevard and Concourse; both sides of One Hundred and Ninety-seventh street, from Creston avenue to the Grand Boulevard and Concourse; north side of One Hundred and Ninety-sixth street, from Morris avenue to the Grand Boulevard and Concourse; both sides of Creston avenue, from East One Hundred and Ninety-sixth street to East One Hundred and Ninety-eighth street; block bounded by Grant avenue, Sherman avenue, One Hundred and Sixty-second and One Hundred and Sixty-third streets; both sides of One Hundred and Sixty-fourth street and south side of One Hundred and Sixty-fifth street, between Sheridan and Sherman avenues; both sides of Trinity avenue, from One Hundred and Fifty-eighth street to One Hundred and Sixtieth street; both sides of One Hundred and Sixtieth street, from Cauldwell avenue to Trinity avenue; east side of Cauldwell avenue, from One Hundred and Fifty-eighth street to One Hundred and Sixtieth street; also Lots 20 and 22 of Block 2630.

—that the same were confirmed by the Board of Revision of Assessments and Arrears on March 25, 1909, and entered on March 25, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affetced thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 24, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 25, 1909.

m26,a8

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

TWENTY-NINE CATCH BASINS to connect with the sewer in JAMAICA AVENUE, between the Boulevard and Steinway avenue. Area of assessment: Both sides of Sherman street, extending about 308 feet north of Jamaica avenue; north side of Jamaica avenue, extending about 100 feet west of Sherman street; north side of Jamaica avenue, from Sherman street to Hopkins avenue; south side of Jamaica avenue, from Sherman street to Ninth avenue;

north side of Jamaica avenue, from Van Alst avenue to Ely avenue; north side of Jamaica avenue, from Academy street to First avenue; north side of Jamaica avenue, from Fourth avenue to Ninth avenue; west side of Hopkins avenue, extending about 100 feet south of Jamaica avenue and about 200 feet north of Jamaica avenue; east side of Van Alst avenue, from about 100 feet south of Jamaica avenue to about 160 feet north of Jamaica avenue; west side of Ely avenue, extending about 270 feet north of Jamaica avenue; west side of Academy street, extending about 650 feet south of Jamaica avenue; east side of Academy street and west side of First avenue, extending about 650 feet south of Jamaica avenue; also block bounded by Academy street, First avenue, Elm street and Jamaica avenue; east side of First avenue, extending about 650 feet south of Jamaica avenue; both sides of Second avenue, Third avenue, Fourth avenue, Fifth and Sixth avenues, from Broadway to Jamaica avenue; east side of Fourth avenue, extending about 675 feet north of Jamaica avenue; west side of Fifth avenue, extending about 850 feet north of Jamaica avenue; east side of Fifth avenue, extending about 850 feet north of Jamaica avenue; both sides of Sixth avenue, from Jamaica avenue to Grand avenue; both sides of Seventh avenue, extending about 400 feet south of Jamaica avenue; both sides of Seventh avenue, extending about 850 feet north of Jamaica avenue; both sides of Eighth avenue, extending about 375 feet south of Jamaica avenue; both sides of Eighth avenue, extending about 575 feet north of Jamaica avenue; and on the west side of Ninth avenue, extending 650 feet north of Jamaica avenue.

—that the same was confirmed by the Board of Revision of Assessments March 25, 1909, and entered March 25, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before May 24, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 25, 1909.

m26,a8

NOTICE TO PROPERTY OWNERS.

NOTICES OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of assessments for OPENING AND ACQUIRING TITLE to the following named street and avenue in the BOROUGH OF BROOKLYN:

TWENTY-FOURTH AND TWENTY-NINTH WARDS, SECTION 5.

CROWN STREET—OPENING, from Albany avenue to East New York avenue. Confirmed December 31, 1908; entered March 23, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the easterly side of Albany avenue with the centre line of the blocks between Montgomery street and Crown street, and running thence northerly along said easterly side of Albany avenue to its intersection with the centre line of the blocks between Crown street and Carroll street; thence easterly along said centre line of the blocks between Crown street and Carroll street to its intersection with the northeasterly side of East New York avenue; thence southwesterly along the northeasterly side of East New York avenue to its intersection with the centre line of the blocks between Montgomery avenue and Crown street; thence westerly along said centre line of the blocks between Montgomery street and Crown street to the point or place of beginning.

THIRTY-SECOND WARD, SECTION 23.

AVENUE L—OPENING, from the easterly side of Nostrand avenue to the westerly side of Flatbush avenue. Confirmed January 11, 1909; entered March 23, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of East Thirty-fourth street where the same is intersected by the centre line of the blocks between Avenue K and Avenue L; running thence easterly and along the centre line of the blocks between Avenue K and Avenue L to the westerly side of East Thirty-sixth street; running thence southerly along the westerly side of East Thirty-sixth street to the centre line of the blocks between Avenue L and Avenue M; running thence westerly along the centre line of the blocks between Avenue L and Avenue M to the easterly side of East Thirty-fourth street; running thence northerly and along the easterly side of East Thirty-fourth street to the point or place of beginning.

Also beginning at a point formed by the intersection of the northerly side of Kings Highway with the easterly side of East Thirty-eighth street; running thence northerly and along the easterly side of East Thirty-eighth street to its intersection with the westerly side of Flatbush avenue; running thence southeasterly and along the westerly side of Flatbush avenue to its intersection with the northerly side of Kings Highway; running thence westerly and along the northerly side of Kings Highway to the point or place of beginning.

The above-entitled assessments were enterd on the day hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of said assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 22, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 23, 1909.

m25,a7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

EIGHTH WARD, SECTION 3.

FIFTY-SIXTH STREET — REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between First and Second avenues. Area of assessment: Both sides of Fifty-sixth street, from First to Second avenue, and to the extent of half the block at the intersecting avenues.

LAYING CEMENT SIDEWALKS on MANHATTAN AVENUE, between Engert avenue and Eckford street; on LEONARD STREET, east side, between Manhattan avenue and Newtown street; on BAYARD STREET, south side, between Union and Graham avenues; on LEONARD STREET, west side, between Richardson and Bayard streets; on RICHARDSON STREET, north side, between Lorimer street and Manhattan avenue; on RICHARDSON STREET, both sides, between Leonard street and Manhattan avenue; on MANHATTAN AVENUE, between Bayard and Frost streets; on MEEKER AVENUE, north side, between Manhattan and Graham avenues, and southwest corner of DRIGGS AVENUE AND SUTTON STREET. Area of assessment: Both sides of Manhattan avenue, from Engert avenue to Eckford street; east side of Leonard street, between Manhattan avenue and Newtown street; north side of Richardson street, between Lorimer and Leonard streets; south side of Bayard street, between Union avenue and Leonard street; both sides of Richardson street, between Manhattan avenue and Leonard street; on Manhattan avenue, both sides, between Richardson street and Bayard street; north side of Mecker avenue, between Manhattan and Graham avenues; south side of Bayard street, between Manhattan avenue and Graham avenue, and southwest corner of Sutton street and Driggs avenue.

SEVENTEENTH WARD, SECTION 9.

HURON STREET—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS from a point 160 feet east of Oakland street to Provost street. Area of assessment: Both sides of Huron street, from a point 160 feet east of Oakland street to Provost street.

TWENTY-SIXTH WARD, SECTION 12.

GRAFTON STREET—PAVING, from Pitkin to Sutter avenue. Area of assessment: Both sides of Grafton street, from Pitkin to Sutter avenue, and to the extent of half the block at the intersecting avenues.

TWENTY-SIXTH WARD, SECTION 13.

SUTTER AVENUE—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between Elton and Berriman streets. Area of assessment: Both sides of Sutter avenue, from Elton street to Berriman street, and to the extent of half the block at the intersecting streets and avenues.

THIRTIETH WARD, SECTION 17.

FIFTY-SIXTH STREET — REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between Fourteenth and Fifteenth avenues. Area of assessment: Both sides of Fifty-sixth street, from Fourteenth to Fifteenth avenue, and to the extent of half the block at the intersecting avenues.

THIRTIETH WARD, SECTION 18.

LAYING CROSSWALKS in FIFTH AVENUE, on all four crossings at BAY RIDGE AVENUE; north and south crossings of OVINGTON AVENUE; at the north and south crossings of SEVENTY-SECOND STREET, and at the north and south crossings of SEVENTY-THIRD STREET. Area of assessment: Both sides of Fifth avenue, from Ovington avenue, northerly side, to Bay Ridge avenue, southerly side, and to the extent of half the block at the intersecting avenues.

THIRTY-SECOND WARD, SECTION 23.

FLATLANDS AVENUE — REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, from Mill lane to Lotts lane. Area of assessment: Both sides of Flatlands avenue, from Mill lane to Lotts lane, and to the extent of half the block at the intersecting streets.

—that the same were confirmed by the Board of Assessors on March 23, 1909, and entered March 23, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics' Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 22, 1909, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 23, 1909.

m25,a7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.

HUNTS POINT AVENUE—PAVING AND CURBING, from the Southern boulevard to Lafayette avenue. Area of assessment: Both sides of Hunts Point avenue, from the Southern boulevard to Lafayette avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same was confirmed by the Board of Assessors on March 23, 1909, and entered on March 23, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 22, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 23, 1909.

m25,a7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

NINTH AVENUE — RELAYING SEWER, between Woolsey avenue and Potter avenue. Area of assessment: Both sides of Ninth avenue, from Woolsey avenue to Potter avenue.

—that the same was confirmed by the Board of Assessors March 23, 1909, and entered March 23, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before May 22, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 23, 1909.

m25,a7

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Manhattan.

Being all those buildings, parts of buildings, etc., now standing within the lines of West One Hundred and Seventy-eighth street, from Broadway to Haven avenue, in the Borough of Manhattan, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, APRIL 7, 1909,

at 11 o'clock a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and

made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised, and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 20, 1909.

m23,a7

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessments for OPENING AND ACQUIRING TITLE to the following-named streets in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SIXTIETH STREET—OPENING, from Broadway to Riverside drive. Confirmed March 2, 1909; entered March 19, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe road with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixtieth street; running thence westerly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with the line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Fifty-ninth street; thence westerly along said parallel line and its westerly prolongation to its intersection with the middle line of the block between Riverside drive and the New York Central and Hudson River Railroad; thence northerly along said middle line of the block to its intersection with the line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-first street; thence easterly along said parallel line to its intersection with the line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with the line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixtieth street; thence easterly along said parallel line and its easterly prolongation to its intersection with the line parallel to and distant 100 feet easterly from the easterly line of Edgecombe road; thence southerly along said parallel line to the point or place of beginning.

WEST ONE HUNDRED AND SIXTY-FIRST STREET—OPENING, from Broadway to Riverside drive. Confirmed March 2, 1909; entered March 19, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet easterly from the easterly line of St. Nicholas avenue with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-first street; running thence westerly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixtieth street; thence westerly along said parallel line to its intersection with the middle line of the block between Riverside drive and the property of the New York Central and Hudson River Railroad Company; thence northerly along said middle line to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-first street; thence westerly along said parallel line to the easterly line of the New York Central and Hudson River Railroad Company; thence northerly along said property line to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-first street; thence easterly along said parallel line to its intersection with the middle line of the block between Riverside drive and the property of the New York Central and Hudson River Railroad Company; thence northerly along said middle line to its intersection with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-second street; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-first street; thence easterly along said parallel line and its easterly prolongation to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of St. Nicholas avenue; thence southerly along said parallel line to the point or place of beginning.

WEST ONE HUNDRED AND SIXTY-SECOND STREET—OPENING, from Broadway to Riverside drive. Confirmed March 2, 1909; entered March 19, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe road with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-second street; running thence westerly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with the line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-first street; thence westerly along said parallel line and its westerly prolongation to its intersection with the middle line of the block between Riverside drive and the land of the New York Central and Hudson River Railroad Company; thence northerly along said middle line to its intersection with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-second street; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-second street; thence easterly along said parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe road; thence southerly along said parallel line to the point or place of beginning.

WEST ONE HUNDRED AND SIXTY-THIRD STREET—OPENING, from Fort Washington avenue to Riverside drive. Confirmed March 2, 1909; entered March 19, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe road and the easterly prolongation of a line parallel to and distant 100 feet southerly of the southerly line of West One Hundred and Sixty-third street; running thence westerly along said easterly prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Fort Washington avenue; thence southerly along said parallel line to Fort Washington avenue to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixty-second street; thence westerly along said parallel line and its westerly prolongation to its intersection with a line midway between the easterly property line of the New York Central and Hudson River Railroad and Riverside drive; thence northerly along said line midway between the easterly property line of the railroad and Riverside drive to its intersection with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixty-fourth street; thence easterly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly of the easterly line of Fort Washington avenue; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet northerly of the northerly line of West One Hundred and Sixty-third street; thence easterly along said parallel line to its intersection with a line parallel to and distant 100 feet easterly of the easterly line of Edgecombe road; thence southerly along said parallel line to Edgecombe road to the point or place of beginning.

The above entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 18, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 19, 1909.

m20,a2

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., lying within the lines of Avenue T, from Coney Island avenue to Ocean parkway, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Sinking Fund Commissioners adopted at a meeting held March 16, 1909, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 1, 1909

at 1.30 p. m., upon the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession, will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and pointed and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 16, 1909.

m18,a1

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., lying within the lines of Seventy-seventh street, between First and Second avenues, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Sinking Fund Commission adopted at a meeting held March 16, 1909, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, APRIL 2, 1909,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and pointed and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 16, 1909.

m18,a2

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for school purposes, in the

Borough of Brooklyn.

(1) Being all of the rear building at No. 117 Carroll street, situated on all that certain plot of ground located on the north side of Carroll street and the south side of President street, distant 125 feet easterly from the easterly side of Hicks street and extending easterly along the north side of Carroll street and the south side of President street, respectively, 150 feet to a point distant 129 feet westerly from the westerly line of Henry street.

Pursuant to a resolution of the Sinking Fund Commissioners adopted at a meeting held March 16, 1909, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 1, 1909,

at 11 a. m. on the premises.

(2) Being all those buildings, parts of buildings, etc., situated upon all that certain plot of ground described as follows:

Beginning at a point on the westerly side of East Twelfth street distant 177 feet 11¼ inches

southerly from the southwest corner of Elm avenue and East Twelfth street; running thence westerly 177 feet 7¾ inches to a point 22 feet 4¼ inches distant from the easterly side of Coney Island avenue; thence northeasterly 184 feet 6⅝ inches to the westerly side of East Twelfth street; thence southerly along the westerly side of East Twelfth street 49 feet 11⅞ inches to the point or place of beginning.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held March 16, 1909, the sale of the above-described buildings will be held by direction of the Comptroller on

THURSDAY, APRIL 1, 1909,

at 12.30 p. m. on the premises.

The above sales will be held upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than 2 feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and pointed and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 16, 1909.

m18,a1

INTEREST ON CITY BONDS AND STOCK.

THE INTEREST DUE ON MAY 1, 1909, ON the Registered Bonds and Stock of The City of New York will be paid on that day by the Comptroller, at his office in the Stewart Building, corner of Broadway and Chambers street (Room 85).

The transfer books thereof will be closed from March 31 to May 1, 1909.

The coupons, that are payable only in New York, for interest due on May 1, 1909, on Bonds and Stock of the present and former City of New York will be paid on that day by the Guaranty Trust Company, Nos. 28 and 30 Nassau street.

The coupons, that are payable in New York or in London, for the interest due on May 1, 1909, on Assessment Bonds and Corporate Stock of The City of New York, will be paid on that day, at the option of the holders thereof, either at the office of the Guaranty Trust Company, Nos. 28 and 30 Nassau street, New York, in United States money, or at the office of Messrs. Seligman Brothers, No. 18 Austin Friars, London, E. C., England, in sterling money at the rate of $4.8780 to the pound.

The interest due on May 1, 1909, on Coupon Bonds of other corporations now included in The City of New York will be paid on that day at the office of the Comptroller.

The interest due May 1, 1909, on Registered and Coupon Gold Revenue Bonds of The City of New York will be paid on that day by the Guaranty Trust Company, Nos. 28 and 30 Nassau street, New York, in United States money, or, at the option of the holder, upon three weeks' prior notice, as stipulated in said bonds, by Messrs. J. S. Morgan & Co., No. 22 Old Broad street, London, England, at the rate of $4.83 to the pound.

HERMAN A. METZ, Comptroller.

m17,ma1

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 7.

WEST ONE HUNDRED AND THIRTY-SIXTH STREET—PAVING, CURBING AND RECURBING, between Amsterdam avenue and Broadway. Area of assessment: Both sides of One Hundred and Thirty-sixth street, from Amsterdam avenue to Broadway, and to the extent of half the block at the intersecting and terminating street and avenue.

WEST ONE HUNDRED AND THIRTY-NINTH STREET—REGULATING, GRADING, CURBING AND FLAGGING, from a point 425 feet west of Broadway to Riverside drive. Area of assessment: Both sides of West One Hundred and Thirty-ninth street, from a point 425 feet west of Broadway to Riverside drive, and to the extent of half the block at the intersecting streets.

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND FIFTY-EIGHTH STREET—SEWER, between Amsterdam and St. Nicholas avenues. Area of assessment: Both sides of West One Hundred and Fifty-eighth street, from Amsterdam avenue to St. Nicholas avenue.

—that the same were confirmed by the Board of Assessors on March 16, 1909, and entered March 16, 1909, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 14, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 16, 1909.

m17,30

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.

TIFFANY STREET—SEWER, between the Southern boulevard and Fox street. Area of assessment: Both sides of Tiffany street, from Southern boulevard to Fox street.

TWENTY-FOURTH WARD, SECTION 11.

HUGHES AVENUE AND OAK TREE PLACE, NORTHWEST CORNER—RECEIVING BASINS. Area of assessment: North side of Oak Tree place, from Arthur avenue to Hughes avenue, and west side of Hughes avenue, from Oak Tree place to East One Hundred and Eighty-second street.

—that the same were confirmed by the Board of Assessors on March 16, 1909, and entered on March 16, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

m9,a1

DEPARTMENT OF FINANCE, CITY OF NEW YORK
December 14, 1906.

UNTIL FURTHER NOTICE AND UNLESS otherwise directed in any special case surety companies will be accepted as sufficient upon the following contracts to the amounts named:

Supplies of Any Description, including Gas and Electricity—
One company on a bond up to $50,000.
Two companies on a bond up to $125,000.
Three companies on a bond up to $200,000
Asphalt, Asphalt Block and Wood Block Pavements—
Two companies on a bond up to $50,000.
Three companies on a bond up to $125,000.
Regulating, Grading, Paving, Sewers, Water Mains, Dredging, Construction of Parks, Parkways, Etc.—
One company on a bond up to $25,000.
Two companies on a bond up to $75,000.
Three companies on a bond up to $150,000.
Four companies on a bond up to $250,000.
New Docks, Buildings, Bridges, Aqueducts Tunnels, Etc.—
One company on a bond up to $25,000.
Two companies on a bond up to $75,000.
Three companies on a bond up to $150,000.
Four companies on a bond up to $250,000.
Repairs, Ventilating, Heating, Plumbing, Etc.—
One company on a bond up to $25,000.
Two companies on a bond up to $75,000.
Three companies on a bond up to $150,000.
Four companies on a bond up to $250,000.

On bonds regarded as hazardous risks additional surety will be required as the Comptroller sees fit in each instance.

All bonds exceeding $250,000 will by that fact alone be considered hazardous risks, no matter what the nature of the work.

H. A. METZ,
Comptroller.

DEPARTMENT OF TAXES AND ASSESSMENTS.

PUBLIC NOTICE IN RELATION TO ASSESSMENTS FOR TAXATION OF SHARES OF STOCK OF BANKS AND BANKING ASSOCIATIONS IN THE CITY OF NEW YORK, IN AND FOR THE YEARS 1901 TO 1907, INCLUSIVE.

PURSUANT TO THE PROVISIONS OF chapter 74, Laws of 1909, public notice is hereby given that the assessments for taxation of shares of stock of banks and banking associations in The City of New York, made for the years 1901 to 1907, inclusive, by the Board of Taxes and Assessments of The City of New York, will be open to public inspection, beginning March 18, 1909, and until October 31, 1909, in the office of the Board of Taxes and Assessments of The City of New York, in the Hall of Records, Borough of Manhattan, City of New York; that applications for reduction or cancellation of said assessments may be made to said Board at its said office, in writing, on or before September 1, 1909, specifying the ground therefor, by any person deeming himself aggrieved by said assessments, and that upon such application a hearing, if requested, will be granted by said Board or by a member or members thereof.

DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, HALL OF RECORDS, THE CITY OF NEW YORK, January 7, 1909.

NOTICE IS HEREBY GIVEN, AS REquired by the Greater New York Charter, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond," comprising The City of New York, will be open for public inspection, examination and correction on the second Monday of January, and will remain open to and including the 31st day of March, 1909.

During the time that the books are open for public inspection, application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the Main Office of the Department of Taxes and Assessments, No. 31 Chambers street, Hall of Records.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Borough Hall, New Brighton, S. I.

Applications for the reduction of real estate assessments must be in writing and should be upon blanks furnished by the Department.

Applications for the correction of the personal assessments of corporations must be filed at the main office of the Borough of Manhattan.

Application in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the Borough where such person resides, and in case of a non-resident carrying on business in The City of New York at the office of the Department in the Borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturday, when all applications must be made between 10 a. m. and 12 noon.

LAWSON PURDY, President;
FRANK RAYMOND,
JAMES H. TULLY,
CHARLES PUTZEL,
HUGH HASTINGS,
CHARLES J. McCORMACK,
JOHN J. HALLERAN,
Commissioners of Taxes and Assessments.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held March 5, 1909, the following petition was received:

Brooklyn, N. Y., March 2, 1909.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Coney Island and Brooklyn Railroad Company, a street surface railroad corporation, organized and existing under the laws of the State of New York, owning and operating a double-track street surface electric railroad in DeKalb avenue, Gold street, Jay and High streets, in the Borough of Brooklyn, hereby makes application to your Honorable Board for the grant of a franchise to construct, maintain and operate a double-track street surface electric railroad, with the necessary poles, wires, conduits, turnouts, cross-overs, switches, sidings and equipment, for the purpose of conveying persons and property upon the following route, in the Borough of Brooklyn, City and State of New York:

Commencing at the intersection of DeKalb avenue and Flatbush avenue; thence northwesterly along and through the centre of Flatbush avenue (the same being the extension of Flatbush avenue northwesterly from Fulton street) to a point at or about Nassau street, where said extension terminates and the plaza to be used in connection with the new Manhattan Bridge begins; thence westerly on Nassau street to a point about thirty-seven feet (37') easterly from the easterly side or line of Jay street; thence northerly across the plaza of the said Manhattan Bridge and parallel with Jay street to a point at or about Sands street, together with two spurs connecting the proposed tracks on Nassau street and the plaza of the said Manhattan Bridge with the tracks of the applicant on Jay street; also for the extension of the double-track street surface electric railroad now on Gold street northerly from Willoughby street to Flatbush avenue at a point near Myrtle avenue (the said Flatbush avenue being the extension of Flatbush avenue northwesterly from Fulton street).

All of which more fully appears on the blueprint plan annexed hereto and made a part of this application.

Together with the right to connect the aforesaid tracks with the existing tracks of the Coney Island and Brooklyn Railroad Company, as shown upon the plan annexed hereto, so as to permit of the operation of street surface railroad cars for the conveyance of persons and property across the Manhattan Bridge.

Respectfully submitted,
CONEY ISLAND AND BROOKLYN RAILROAD COMPANY,
By S. W. HUFF, President.

City and State of New York, County of Kings, Borough of Brooklyn, ss.:

S. W. Huff, being duly sworn, deposes and says that he is the President of the Coney Island and Brooklyn Railroad Company, which is a domestic corporation of the State of New York; that the facts stated in the above application are true of his own knowledge except as to the matters therein stated on information and belief, and as to those matters he believes it to be true, and he is authorized by the Board of Directors to make this application on behalf of said company.

S. W. HUFF.

Sworn to before me this 2d day of March, 1909.
GEORGE P. FORT, Notary Public, Kings Co.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Coney Island and Brooklyn Railroad Company, dated March 2, 1909, was presented to the Board of Estimate and Apportionment at a meeting held March 5, 1909;

Resolved, That in pursuance of law, this Board sets Friday, the 2d day of April, 1909, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

(Brooklyn "Daily Eagle" and Brooklyn "Citizen" designated.)

JOSEPH HAAG, Secretary.

New York, March 5, 1909.

m22,a2

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held March 5, 1909, the following petition was received:

BROOKLYN, N. Y., March 2, 1909.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Coney Island and Brooklyn Railroad Company, a street surface railroad, duly organized and existing under the laws of the State of New York and owning and operating a double-track street surface electric railroad in the Borough of Brooklyn, City of New York,

having this day filed with your Honorable Board an application to construct, maintain and operate a double-track street surface electric railroad along and through the extension of Flatbush avenue, northwesterly from DeKalb avenue to the plaza of the Manhattan Bridge, and over the said plaza and through Gold and Nassau streets, intersecting the said extension of Flatbush avenue, as laid out northwesterly from DeKalb avenue, makes application to your Honorable Board for the right to use two of the street surface railroad tracks upon the Manhattan Bridge when constructed across the East River, together with the necessary terminal, switches, sidings, turnouts, wires and equipment for the operation of street surface railroad cars for the carriage of persons and property from the Borough of Brooklyn, over and across said bridge and approaches thereto at and to the most northwesterly point in the Borough of Manhattan of the plaza and approach of said Manhattan Bridge.

Respectfully submitted,

CCNEY ISLAND AND BROOKLYN RAILROAD COMPANY,

By S. W. HUFF, President.

City and State of New York, County of Kings, Borough of Brooklyn, ss.:

S. W. Huff, being duly sworn, deposes and says that he is president of the Coney Island and Brooklyn Railroad Company, which is a domestic corporation of the State of New York; that the facts stated in the above application are true of his own knowledge, except as to the matters therein stated on information and belief, and as to those matters he believes it to be true, and he is authorized by the Board of Directors to make this application on behalf of said company.

Sworn to before me this 2d day of March, 1909.

GEORGE P. FORT, Notary Public, Kings County.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Coney Island and Brooklyn Railroad Company dated March 2, 1909, was presented to the Board of Estimate and Apportionment at a meeting held March 5, 1909.

Resolved, That, in pursuance of law, this Board sets Friday, the 2d day of April, 1909, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further.

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

(Brooklyn "Daily Eagle" and Brooklyn "Daily Times" designated.)

JOSEPH HAAG, Secretary.

New York, March 5, 1909.

m22,a2

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The New York and North Shore Traction Company, has, under date of December 16, 1908, and January 18, 1909, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway as an extension to its proposed route upon and along various streets and avenues from the Village of Flushing to the Village of Whitestone, in the Borough of Queens, together with certain alternative routes, as set forth in said petition; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on December 18, 1908, fixing January 22, 1909, as the date for public hearing on the first-named petition, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, On January 22, 1909, the public hearing on the petition dated December 16, 1908, was continued until February 19, 1909, and the Board adopted a resolution on January 22, 1909, fixing the date for public hearing on the petition dated January 18, 1909, as February 19, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and the public hearing on the petition dated December 16, 1908, was concluded on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and North Shore Traction Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by the New York and North Shore Traction Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and North Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and North Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the proposed tracks of the Company to be constructed upon a route for which a franchise was granted by a contract dated February 1, 1909, on Chestnut street at Murray lane; thence northerly in and upon Murray lane to Higgins lane; thence easterly in and upon Higgins lane to a point where Ninth avenue if extended would intersect said Higgins lane; thence northerly through private property along the line of Ninth avenue to Fourth street; thence westerly in and upon Fourth street to Eighth avenue; thence northerly in and upon Eighth avenue to Twenty-first street; thence easterly in and upon Twenty-first street to Eleventh avenue; thence northerly in and upon Eleventh avenue to a point about 300 feet north of the north side line of the Boulevard in the former Village of Whitestone, all in the Borough of Queens.

One of the following alternative routes may be used in the place of and upon the abandonment of the portion of the route above described between the intersection of Chestnut street and Murray lane and the intersection of Fourth street and Eighth avenue:

(1) Beginning at and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street at Van Riper avenue, so called; thence northerly in and upon Van Riper avenue to and across Bayside avenue; thence northerly through private property to Higgins lane at a point thereon near the intersection of said Higgins lane with Seventh avenue; thence easterly in and upon Higgins lane from said point to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

(2) Beginning and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street at Brewster avenue; thence in and upon Brewster avenue to and across Bayside avenue; thence northerly through private property to Higgins lane at a point thereon westerly from the intersection of said Higgins lane with Seventh avenue; thence easterly in and upon Higgins lane from said point to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

(3) Beginning and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by contract dated February 1, 1909, in Chestnut street, at a point near the intersection of Central avenue with Chestnut street; thence northerly upon private property, and crossing Bayside avenue; thence, still upon private property, to Higgins lane, at a point thereon near the intersection of said Higgins lane with Seventh avenue; thence in and upon Higgins lane to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

The said routes, with switches and crossovers, are shown upon a map entitled:

"Map showing proposed street surface railway of the New York and North Shore Traction Company in the Borough of Queens, to accompany petition for a franchise to the Board of Estimate and Apportionment, dated December 17, 1908, and also petition dated January 18, 1909, to said Board."

—and signed by John J. Stanley, President, and Charles H. Clark, Consulting Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—It is agreed that the Company before commencing construction on any portion of the routes herein described lying between Chestnut street and the intersection of Fourth street with Eighth avenue, shall notify the Board in writing which one of the three routes herein described between Chestnut street and the intersection of Fourth street with Eighth avenue the Company selects and adopts as the route upon which it shall construct the railway. Upon such notification by the Company to the Board all of the rights and privileges hereby granted upon the routes not so selected and designated shall be considered null and void and of no effect, and the Company shall be deemed thereupon to have waived all rights or franchises which are hereby granted upon the routes not so selected and designated by the Company. The Company further agrees that it shall select and designate its route as herein provided not later than six months from the date upon which this contract is signed by the Mayor.

Second—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Third—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until February 1, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Fourth—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars ($5,000) in cash within four (4) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum, which shall in no case be less than one thousand five hundred and seventy-five dollars ($1,575), and which shall be equal to three (3) per cent, of its gross annual receipts if such percentage shall exceed the sum of one thousand five hundred and seventy-five dollars ($1,575).

During the second term of five (5) years an annual sum, which shall in no case be less than two thousand six hundred and fifty dollars ($2,650), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand six hundred and fifty dollars ($2,650).

During the third term of five (5) years an annual sum, which shall in no case be less than two thousand nine hundred dollars ($2,900), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand nine hundred dollars ($2,900).

During the fourth term of five (5) years an annual sum, which shall in no case be less than three thousand eight hundred and fifty dollars ($3,850), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand eight hundred and fifty dollars ($3,850).

During the remaining term of five (5) years an annual sum, which shall in no case be less than four thousand two hundred dollars ($4,200), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand two hundred dollars ($4,200).

The gross annual receipts mentioned above shall be that portion of the gross earnings of the Company from all sources within the limits of the City as shall bear the same proportion to such gross earnings as the length of the extension hereby granted shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimums shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes, of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fifth—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or any structure in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues hereinbefore described, for street railway purposes, for a distance not exceeding two thousand (2,000) feet, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railway and structures, and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Seventh — The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Eighth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Ninth—The Company shall commence construction of the railway herein authorized within six (6) months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within eighteen (18) months from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time the rights hereby granted shall cease and determine.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structure in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Twelfth — Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten (10) years of this contract, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any

other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

Thirteenth—Upon six (6) months' notice by the Board to the Company all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway, and by the City as above.

Fourteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fifteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by it.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eighteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Nineteenth—Cars on the said railway shall run at intervals of not more than thirty minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board. Provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Twentieth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twenty-first—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-second—As long as the said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-third—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized, be changed at any time after the railway has been constructed, and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—Should, in the opinion of the President of the Borough of Queens, the present roadway of any of the said streets and avenues be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic, provided that no roadway shall be widened beyond the total width of the street or avenue.

Twenty-sixth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner as directed by the City officials having jurisdiction over such public work.

Twenty-seventh—If at any time before or during construction of the railway the Board should deem any of the streets and avenues on which said railway is to be constructed of insufficient width to accommodate both railway and other vehicular traffic, the Company shall either construct and operate its railway upon a private right of way outside of the lines of such streets, or avenues, or shall purchase and cede to the City a strip of land adjacent thereto, for the purpose of widening the same to a width sufficient for the use of a street surface railway and for the accommodation of other vehicular traffic. If such street or avenue is so widened the Company shall grade the roadway thereon as directed by the City official having jurisdiction over the construction of streets and avenues.

Twenty-eighth—Where the bridges, viaducts or culverts encountered in the route are of insufficient width to carry the roadway as the same may be widened as herein provided, or of insufficient strength to bear the additional load of a street surface railway, the Company shall either carry its tracks upon new structures independent of the existing ones, so as not to interfere with the present and future use by the City of such bridges, viaducts or culverts, or shall, without cost to the City, construct new bridges, viaducts or culverts sufficiently wide to carry the roadway as the same may be widened, as herein provided.

Provided, however, that the Company shall not be required to pay the portion of the cost of strenghtening or rebuilding of the existing bridge across the tracks of the Long Island Railroad at Eighth avenue, which the Long Island Railroad Company shall be required to pay, pursuant to law.

Twenty-ninth—The Company hereby agrees that if the City is or shall become entitled to acquire, and shall at any time during the term of this contract acquire, or otherwise come into possession of any of the property on which this Company shall construct railway tracks, on the route herein described, no compensation shall be awarded for the right to have railway tracks thereon.

Thirtieth—The Company shall submit to the Board a report, not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Compay as may be required by the Board.

Thirty-first—The Company shall at all times keep accurate books of account of the gross earnings from all sources, within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear action may be taken by the Board forthwith.

Thirty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-fourth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is authorized to operate.

Thirty-fifth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-sixth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five thousand dollars ($5,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or, in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of five thousand dollars ($5,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-seventh—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-eighth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-ninth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Rail road Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By , Mayor.

[CORPORATE SEAL.]
Attest:
City Clerk.

NEW YORK AND NORTH SHORE TRACTION COMPANY,
By , President.

[SEAL.]
Attest:
, Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and North Shore Traction Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, April 2, 1909, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to April 2, 1909, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York at the expense of the New York and North Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and North Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, April 2, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

("Flushing Evening Journal" and "Long Island City Daily Star" designated.)

JOSEPH HAAG, Secretary.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FAILE STREET (although not yet named by proper authority), from Garrison avenue to a point about 183 feet north of Whitlock avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Michael J. Egan, Anthony J. Oliver and Stanislaus Vanecek, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Michael J. Egan was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of April, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 27, 1909.

MICHAEL J. EGAN,
ANTHONY J. OLIVER,
STANISLAUS J. VANECEK,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND SIXTY-FIRST STREET, as widened, from Brook avenue to Third avenue, in accordance with resolution adopted by the Board of Estimate and Apportionment, January 17, 1908, in the Twenty-third Ward, Borough of The Bronx, The City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Herman F. G. Hartung, Martin C. Dyer and Albert Elterich, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Martin C. Dyer was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of April, 1909, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 27, 1909.

HERMAN F. G. HARTUNG,
MARTIN C. DYER,
ALBERT ELTERICH,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of GARRISON AVENUE (although not yet named by proper authority), from Leggett avenue to Longwood avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Peter L. Mullaly, Henry A. Stadler and Herman A. Rappolt, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and the said Peter L. Mullaly was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of April, 1909, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 26, 1909.

PETER L. MULLALY,
HERMAN A. RAPPOLT,
HENRY A. STADLER,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BRONXWOOD AVENUE, from Burke avenue to Gun Hill road; BARNES AVENUE, from Williamsbridge road to Tilden street, and WALLACE AVENUE, from Williamsbridge road to Gun Hill road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, John V. Sheridan, Philip Harnischfeger and George V. Mullan, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts amendatory thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of April, 1909, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 26, 1909.

JOHN V. SHERIDAN,
GEORGE V. MULLAN,
PH. HARNISCHFEGER,
Commissioners.

JOHN P. DUNN, Clerk.

m26,a7

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BURNETT PLACE, from Garrison avenue to Tiffany street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of April, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of April, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of November, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

The territory bounded by Lafayette avenue, Tiffany street, Spofford avenue, Longwood avenue and the tracks of the New York, New Haven and Hartford Railroad, together with the territory lying on the easterly side of Tiffany street, between the northerly side of Spofford avenue and a line at right angles to the easterly side of Tiffany street opposite a point midway between the intersection of the westerly side of Tiffany street and the southeasterly side of Burnett place and the intersection of the westerly side of Tiffany street with the southeasterly side of Barry street, and extending from the easterly side of Tiffany street to a line 100 feet easterly of the same and parallel therewith.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 26th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 15th day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 10, 1909.

FRED. W. FUHRMAN, Chairman;
JOHN GIBSON,
P. J. KANE,
Commissioners of Estimate;
P. J. KANE,
Commissioner of Assessment.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND EIGHTY-SECOND STREET (although not yet named by proper authority), from Tiebout avenue to Folin street, and for the widening of TIEBOUT AVENUE, from Ford street to East One Hundred and Eighty-third street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, William Henderson, Edward A. Bauer and John V. Sheridan, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the abovementioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the

Clerk of the County of New York on the 17th day of February, 1909, and the said John V. Sheridan was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of openin- and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 25, 1909.

JOHN V. SHERIDAN,
WILLIAM HENDERSON,
EDWARD A. BAUER,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY - FOURTH STREET, from Aqueduct avenue to Undercliff avenue; WEST ONE HUNDRED AND SEVENTY-FIFTH STREET, from Aqueduct avenue to Undercliff avenue; WEST ONE HUNDRED AND SEVENTY - SIXTH STREET, from Aqueduct avenue to Sedgwick avenue; MONTGOMERY AVENUE, from West One Hundred and Seventy-fourth street to West One Hundred and Seventy-sixth street, and POPHAM AVENUE, from West One Hundred and Seventy-fourth street to West One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Sidwell S. Randall, Michael J. Egan and Patrick McGuire, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and the said Sidwell S. Randall was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 25, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of SENECA AVENUE, from Hunts Point road to the Bronx River, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in The City of New York, on or before the 16th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of April, 1909, at 3 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in The City of New York, on or before the 16th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of April, 1909, at 4 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of February, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by a line midway between the northerly side of Seneca avenue and the southerly side of Garrison avenue and the prolongation thereof; on the east by the west side of the Bronx River; on the south by a line midway between the southerly side of Seneca avenue and the northerly side of Lafayette avenue, and the prolongation thereof, and on the west by a line 100 feet west of the westerly side of Hunts Point road and parallel therewith.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in said City, there to remain until the 19th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 15th day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 5, 1909.

J. FREDERICK CRYER, Chairman;
JOHN LANZER,
SIDNEY B. HICKOX,
Commissioners of Estimate.
JOHN LANZER,
Commissioner of Assessment.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of THE SECOND NEW STREET NORTH OF WEST ONE HUNDRED AND EIGHTY-FIRST STREET, from Broadway west to Overlook terrace, and THE THIRD NEW STREET NORTH OF WEST ONE HUNDRED AND EIGHTY-FIRST STREET, between Broadway and Overlook terrace, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 1st day of February, 1909, and duly entered in the office of the Clerk of the County of New York at his office, in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, James D. McClelland, John A. Wrede and William Moores, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said John A. Wrede was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 24, 1909.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND EIGHTY-FOURTH STREET (although not yet named by proper authority), from Broadway to unnamed street (Overlook terrace); and opening and extending said UNNAMED STREET (OVERLOOK TERRACE), from West One Hundred and Eighty-fourth street to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN, THAT BY AN order of the Supreme Court, bearing date the 4th day of February, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, William S. Keiley, Joseph Kuhn and Michael J. Quigg, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and the said Joseph Kuhn was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 12 o'clock noon of that day, to hear the said parties and persons in relation

thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office, in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, John J. Hynes, John M. Ruhl and Robert J. Vane, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Robert J. Vane was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 24, 1909.

JOHN J. HYNES,
ROBERT J. VANE,
JOHN M. RUHL,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of TRAFALGAR PLACE, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 13th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 14th day of April, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 13th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 14th day of April, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of February, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of a line midway between Trafalgar place and Waterloo place with the northerly line of East One Hundred and Seventy-fifth street, and running thence northerly along the centre line of the block between Trafalgar place and Waterloo place and the prolongation of said line to a point distant 100 feet north of the northerly side of East One Hundred and Seventy-sixth street; thence eastwardly and parallel with the northerly line of East One Hundred and Seventy-sixth street to the intersection with a line drawn at right angles to the line of East One Hundred and Seventy-sixth street, and passing through a point on the southerly side of the street midway between Trafalgar place and the Southern boulevard; thence southwardly along the line last described to the southerly line of East One Hundred and Seventy-sixth street; thence southwardly to a point on the northerly line of East One Hundred and Seventy-fifth street, midway between the easterly line of Trafalgar place and the westerly line of the Southern boulevard; thence continuing along the said course to the southerly line of East One Hundred and Seventy-fifth street; thence southwardly at right angles to the southerly line of East One Hundred and Seventy-fifth street 100 feet; thence westwardly and parallel with the southerly line of East One Hundred and Seventy-fifth street to the intersection with a line drawn at right angles to the line of East One Hundred and Seventy-fifth street, and passing through the point described as the point or place of beginning; thence northwardly to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 25th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 16, 1909.

WALLACE S. FRASER, Chairman;
W. GARROW FISHER,
ANDREW J. TIMONEY,
Commissioners of Estimate.
WALLACE S. FRASER,
Commissioner of Assessment.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TWENTY-THIRD STREET, between Laconia avenue and Bronxwood avenue; EAST TWO HUNDRED AND TWENTY-FOURTH STREET, between Laconia avenue and Bronxwod avenue; EAST TWO HUNDRED AND TWENTY-FIFTH STREET, between Laconia avenue and Bronxwood avenue, all of said streets being in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of April, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in The City of New York, on or before the 15th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of April, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 5th day of April, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between East Two Hundred and Twenty-fifth and East Two Hundred and Twenty-sixth streets, and by the prolongation of the said line; on the east by a line 100 feet east of and parallel with the easterly side of Laconia avenue; on the south by a line midway between East Two Hundred and Twenty-third street and East Two Hundred and Twenty-second street, and by the prolongation of the said line, and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Bronxwood avenue, through that portion of its length between East Two Hundred and Twenty-third street and East Two Hundred and Twenty-fifth street, and by the prolongation of the said line.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 19th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 15th day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 24, 1909.

EDGAR HIRSCHBERG, Chairman;
ANTONIO RASINES,
JOHN J. MACKIN,
Commissioners of Estimate.
JOHN J. MACKIN,
Commissioner of Assessment.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY-SIXTH STREET (although not yet named by proper authority), from Amsterdam avenue to St. Nicholas avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 13th day of April, 1909, at 3 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 13th day of April, 1909, at 4 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of December, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by a line midway between West One Hundred and Seventy-seventh and West One Hundred and Seventy-eighth streets; on the south by a line midway between West One Hundred and Seventy-fourth and West One Hundred and Seventy-fifth streets; on the east by a line 100 feet east of the easterly side of Amsterdam avenue and parallel therewith, and on the west by a line 100 feet west of the westerly side of St Nicholas avenue and parallel therewith.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 20th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 15, 1909.

THOS. O'CALLAGHAN, Chairman;
THOMAS S. SCOTT,
FERDINAND LEVY,
Commissioners of Estimate;
THOS. O'CALLAGHAN,
Commissioner of Assessment.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening and extending WOODLAWN ROAD (although not yet named by proper authority), from Jerome avenue to Bronx Park, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

WE, THE UNDERSIGNED COMMISSIONers of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the

owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of April, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of April, 1909, at 10 o'clock a. m.

Second—That the aostract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of April, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to the northerly side of Mosholu avenue and distant 100 feet northerly therefrom with a line drawn parallel to the westerly side of Jerome avenue and distant 100 feet westerly therefrom; thence southerly and southwesterly along said line drawn parallel to the westerly and northwesterly sides of Jerome avenue and distant 100 feet westerly and northwesterly therefrom to its intersection with a line drawn parallel to the southerly side of Gun Hill road and distant 100 feet southerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the westerly side of Steuben avenue and distant 100 feet westerly therefrom; thence southerly along said parallel line to its intersection with the northeasterly side of Mosholu Parkway North; thence southeasterly and southerly along said northeasterly and easterly sides of Mosholu Parkway North to its intersection with the middle line of the block between Bainbridge avenue and Perry avenue; thence northeasterly along said middle line of the block to its intersection with the middle line of the blocks between Mosholu Parkway North and Woodlawn road; thence southeasterly along said middle line of the blocks to its intersection with the northwesterly side of Webster avenue; thence southeasterly along a line drawn at right angles to the northwesterly side of Webster avenue to its intersection with a line drawn parallel to the northwesterly side of Bronx Park and distant 100 feet southeasterly therefrom; thence northeasterly along said parallel line to its intersection with the prolongation southeasterly of the middle line of the blocks between Woodlawn road and East Two Hundred and Fifth street; thence northwesterly along said prolongation and said middle line of the blocks to its intersection with the middle line of the blocks between Woodlawn road and Perry avenue; thence northerly along said middle line of the blocks between Woodlawn road and Perry avenue and said middle line produced northerly to its intersection with the southerly side of Reservoir Oval East; thence northerly on a straight line to its intersection with the prolongation southerly of the middle line of the block between Tryon avenue and Kings College place; thence northerly along said prolongation and said middle line of the block between Tryon avenue and Kings College place to its intersection with the northerly side of East Two Hundred and Eleventh street (North Ridge street); thence northerly along a line drawn parallel to the easterly side of Woodlawn road and distant about 620 feet easterly therefrom to its intersection with a line drawn at right angles to a point on the easterly side of Woodlawn road and distant about 1,845 feet northerly from the northerly side of East Two Hundred and Eleventh street (North Ridge street); thence westerly along said line drawn at right angles to its intersection with a line drawn parallel to the easterly side of Jerome avenue and distant 100 feet easterly therefrom; thence northerly along said parallel line to its intersection with a line drawn parallel to the northwesterly side of Mount Vernon avenue and distant 100 feet northwesterly therefrom; thence southwesterly along said parallel line to its intersection with a line drawn parallel to the northerly side of Mosholu avenue and distant 100 feet therefrom; thence westerly along said parallel line to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to said abstract, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 20th day of May, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 27, 1909.

JOHN DE WITT WARNER, Chairman;
WM. H. McCARTHY,
WILLIAM M. LAWRENCE,
Commissioners.

JOHN P. DUNN, Clerk.

m23,a10

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of KINGSBRIDGE AVENUE (although not yet named by proper authority), from West Two Hundred and Thirtieth street to Broadway, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Max R. Hein, Roderick J. Kennedy and George M. S. Schulz, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said George M. S. Schulz was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, partis and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 10th day of April, 1909, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf the The City of New York.

Dated Borough of Manhattan, City of New York, March 23, 1909.

GEORGE M. S. SCHULZ,
RODERICK I. KENNEDY,
MAX R. HEIN,
Commissioners.

JOHN P. DUNN, Clerk.

m23,a3

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND FORTY-FIRST STREET (although not yet named by proper authority), from Park avenue to Rider avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Thomas R. Lane, George V. Mullan and George W. Kearney, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Thomas R. Lane was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 8th day of April, 1909, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 23, 1909.

THOMAS R. LANE,
GEO. W. KEARNEY,
GEORGE V. MULLAN,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of AN UNNAMED STREET, located about 1,500 feet north of West One Hundred and Eighty-first street, extending from Fort Washington avenue to Northern avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 28th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Joseph W. Keller, Henry Murray and Samuel Prince, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Henry Murray was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 8th day of April, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto, and at such time and place and at such further or other time and place as we may appoint we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 23, 1909.

JOSEPH W. KELLER,
HENRY MURRAY,
SAMUEL PRINCE,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of HILLSIDE AVENUE (although not yet named by proper authority), from Nagle avenue, near Broadway, to Nagle avenue, near Dyckman street, as heretofore laid out on the map or plan of The City of New York, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 4th day of February, 1909, and duly entered in the office of the Clerk of the County of New York at his office, in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Jacob P. Solomon, Thomas A. Clark and Edward V. Nicholson, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Edward V. Nicholson was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 5th day of April, 1909, at 10.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 20, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of the addition to BRONX PARK, on its easterly side, as laid out on the map on July 7, 1905, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONers of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage as to Damage Parcels Nos. 1, 1A, 2 and 2A, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 6th day of April, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of April, 1909, at 10 o'clock a. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 7th day of April, 1909.

Third—That, provided there be no objections filed to said abstract of estimate of damage, our

final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 20th day of May, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage the notice of motion to confirm our final last partial and separate report herein, will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 2, 1909.

SUPREME COURT—SECOND DEPARTMENT.

SECOND JUDICIAL DISTRICT.

In the matter of the petition of Thomas F. Gilroy, Commissioner of Public Works of The City of New York, under and in pursuance of chapter 490 of the Laws of 1883 and the laws amendatory thereof, on behalf of the Mayor, Aldermen and Commonalty of The City of New York, for the appointment of Commissioners of Appraisal under said acts.

CORNELL DAM, EIGHTH SUPPLEMENTAL PROCEEDING.

NOTICE OF FILING AND OF MOTION TO CONFIRM THE EIGHTEENTH SEPARATE REPORT.

PUBLIC NOTICE IS HEREBY GIVEN that the eighteenth separate report of Daniel O'Connell, William Murray and Edmund G. Sutherland, Commissioners of Appraisal in the above entitled matter, was filed in the office of the Clerk of the County of Westchester at White Plains, in said County, on March 5, 1909.

Notice is further given that the eighteenth separate report includes and affects the parcels of land designated as Parcels Nos. 50, 164, 166, 174, 167, 186, 266½, 452, 471, 507, 565, 23¼ (part), 105 (building), 135½, 124, in said proceeding.

Notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Ninth Judicial District, at the Court House, in the Village of White Plains, New York, on the 17th day of April, 1909, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard for an order confirming said report and for such other and further relief as may be just.

Dated New York, March 11, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BROADWAY (although not yet named by proper authority), from its present terminus south of Elizabeth street southwardly in a straight line to Mersereau avenue, joining said avenue at an angle of about 85 degrees, in the Third Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 19th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 23d day of April, 1909, at 12 o'clock m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 19th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 23d day of April, 1909, at 1 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of November, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

The westerly boundary to be a line midway between the westerly side of Broadway as now laid out and in use and the said line produced southwardly, and the easterly side of Richmond avenue, the easterly boundary to be a line midway between the present easterly side of Broadway and the said line produced southwardly, and the westerly line of Heberton avenue and the said line produced northwardly to Richmond terrace; its northerly boundary to be the southerly side of Richmond terrace between the westerly and easterly boundaries above described, and its southerly boundary to be a line parallel with the southerly side of Mersereau avenue and 100 feet southerly therefrom, between the easterly and westerly boundaries above described.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 22d day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 11, 1909.

STEPHEN D. STEPHENS, Chairman;
F. A. BRANIFF,
Commissioners of Estimate;
STEPHEN D. STEPHENS,
Commissioner of Assessment.

JOHN P. DUNN, Clerk.

m26,a14

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending AVENUE R, from Coney Island avenue to East Seventeenth street, omitting land occupied by the Brooklyn and Brighton Beach Railroad, in the Thirty-first Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title, in fee, by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Avenue R, from Coney Island avenue to East Seventeenth street, omitting land occupied by the Brooklyn and Brighton Beach Railroad, in the Thirty-first Ward, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz.:

Parcel A.

Beginning at the intersection of the southern line of Avenue R with the eastern line of Coney Island avenue, as the same are laid out on the map of the City;

1. Thence northerly along the eastern line of Coney Island avenue 80.29 feet;
2. Thence deflecting 85 degrees 7 minutes to the right 1,175.76 feet to the land of the Brooklyn and Brighton Beach Railroad;
3. Thence deflecting 90 degrees to the right along the land of the Brooklyn and Brighton Beach Railroad 80 feet;
4. Thence 1,182.59 feet to the point of beginning.

Parcel B.

Beginning at the intersection of the northern line of Avenue R with the eastern line of East Seventeenth street, as the same are laid out on the map of the City;

1. Thence southerly along the eastern line of East Seventeenth street 80 feet;
2. Thence deflecting 90 degrees to the right 415 feet to the land of the Brooklyn and Brighton Beach Railroad;
3. Thence deflecting 90 degrees to the right along the land of the Brooklyn and Brighton Beach Railroad 80 feet;
4. Thence 415 feet to the point of beginning.

Note—These angles and dimensions are approximate.

The Board of Estimate and Apportionment, on the 14th day of June, 1907, duly fixed and determined the area of assessment for benefit in this proceeding, as follows:

Bounded on the north by a line midway between Avenue Q and Avenue R; on the east by a line midway between East Seventeenth street and East Eighteenth street; on the south by a line midway between Avenue R and Avenue S, and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Coney Island avenue, the said distance being measured at right angles to the line of Coney Island avenue.

Dated New York, March 18, 1909.

FRANCIS K. PENDLETON,
Corporation Counsel.

Hall of Records, Borough of Manhattan, City of New York.

m22,a1

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending FIFTY-NINTH STREET, from Kouwenhoven lane to Thirteenth avenue, and from Seventeenth avenue to West street, in the Thirtieth and Thirty-first Wards, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Fifty-ninth street, from Kouwenhoven lane to Thirteenth avenue, and from Seventeenth avenue to West street, in the Thirtieth and Thirty-first Wards, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz.:

Parcel A.

Beginning at the intersection of the east line of Thirteenth avenue with the north line of Fifty-ninth street, as the same are laid out on the map of the City;

Thence southerly along the east line of Thirteenth avenue 60 feet;

Thence westerly deflecting 90 degrees to the right 2,170.34 feet to the west line of Kouwenhoven lane;

Thence northerly deflecting 86 degrees 31 minutes 59 seconds to the right along the west line of Kouwenhoven lane 60.11 feet;

Thence easterly 2,173.98 feet to the point of beginning.

Parcel B.

Beginning at the intersection of the east line of Seventeenth avenue with the south line of Fifty-ninth street, as the same are laid out on the map of the City;

Thence northerly along the east line of Seventeenth avenue 60 feet;

Thence easterly deflecting 90 degrees to the right 4,772.48 feet to the east line of West street;

Thence southerly deflecting 43 degrees 21 minutes 17 seconds to the right 87.40 feet;

Thence westerly 4,836.03 feet to the point of beginning.

Note—These angles and dimensions are approximate.

The Board of Estimate and Apportionment on the 5th day of June, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

1. Bounded on the northwest by the southeasterly line of Kouwenhoven lane; on the northeast by a line midway between Fifty-eighth street and Fifty-ninth street; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of Thirteenth avenue, the said distance being measured at right angles to the line of Thirteenth avenue, and on the southwest by a line midway between Fifty-ninth street and Sixtieth street.

2. Beginning at a point on a line midway between Fifty-eighth street and Fifty-ninth street distant 100 feet northwesterly from the northwesterly line of Seventeenth avenue, and running thence southwestwardly along the said line midway between Fifty-eighth street and Fifty-ninth street to the westerly line of West street; thence eastwardly at right angles to the line of West street a distance of 180 feet; thence southwardly and parallel with West street to the intersection with a line at right angles to West street, and passing through a point on its westerly side where it is intersected by a line midway between Fifty-ninth street and Sixtieth street; thence westwardly along the said line at right angles to West street to its westerly side; thence northwestwardly along the said line midway between Fifty-ninth street and Sixtieth street to the intersection with a line parallel with Seventeenth avenue, and passing through the point of beginning; thence northeastwardly and parallel with Seventeenth avenue to the point or place of beginning.

Dated New York, March 18, 1909.

FRANCIS K. PENDLETON,
Corporation Counsel.

Hall of Records, Borough of Manhattan, New York City.

m22,a1

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending EIGHTY-NINTH STREET, from Narrows avenue to Third avenue, and NINETY-FIRST STREET, from First avenue to Shore road, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Eighty-ninth street, from Narrows avenue to Third avenue, and Ninety-first street, from First avenue to Shore road, in the Thirtieth Ward, Borough of Brooklyn, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Eighty-ninth Street.

Beginning at the intersection of the east line of Narrows avenue with the south line of Eighty-ninth street, as the same are laid out on the map of the City;

1. Thence northerly along the east line of Narrows avenue 60 feet;
2. Thence easterly deflecting 90 degrees to the right 2,260 feet to the west line of Third avenue;
3. Thence southerly along the west line of Third avenue 60 feet;
4. Thence westerly 2,260 feet to the point of beginning.

Ninety-first Street.

Beginning at the intersection of the west line of First avenue with the north line of Ninety-first street, as the same are laid out on the map of the City;

1. Thence southerly along the west line of First avenue 60 feet;
2. Thence westerly deflecting 90 degrees to the right 443.40 feet;
3. Thence westerly deflecting 28 degrees 1 minute 4 seconds to the left 141.33 feet;
4. Thence northerly deflecting 119 degrees 30 minutes 3 seconds to the right 68.94 feet;
5. Thence easterly deflecting 60 degrees 29 minutes 57 seconds to the right 122.36 feet;
6. Thence easterly 458.36 feet to the point of beginning.

The Board of Estimate and Apportionment on the 10th day of April, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on a line midway between Eighty-eighth street and Eighty-ninth street distant 100 feet southeasterly from the southeasterly line of Third avenue, and running thence southwestwardly and parallel with Third avenue to the intersection with the prolongation of a line midway between Eighty-ninth street and Ninetieth street, as laid out between Second avenue and Third avenue; thence northwestwardly along the said line midway between Eighty-ninth street and Ninetieth street and the prolongation thereof to a point distant 100 feet northwesterly from the northwesterly line of Second avenue; thence southwestwardly and parallel with Second avenue to the intersection with a line midway between Eighty-ninth street and Ninety-first street; thence northwestwardly along the said line midway between Eighty-ninth street and Ninety-first street to a point distant 100 feet southeasterly from the southeasterly line of First avenue, the said distance being measured at right angles to the line of First avenue; thence southwestwardly and parallel with First avenue to a point midway between Ninety-first street and Ninety-second street; thence northwestwardly and always midway between Ninety-first street and Ninety-second street and along the prolongation of the said course to a point distant 150 feet westerly from the easterly line of Shore road, the said distance being measured at right angles to the line of Shore road; thence northwardly and always 150 feet distant from and parallel with the easterly line of Shore road to the intersection with the prolongation of a line distant 100 feet northwesterly from and parallel with the northwesterly line of Narrows avenue, the said distance being measured at right angles to the line of Narrows avenue; thence northeastwardly along the said line parallel with Narrows avenue and the prolongation thereof to the intersection with the prolongation of a line midway between Eighty-eighth street and Eighty-ninth street; thence southeastwardly along the said line midway between Eighty-eighth street and Eighty-ninth street and the prolongation thereof to the point or place of beginning.

Dated New York, March 18, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending BAY SEVENTH STREET, between Benson avenue and Cropsey avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Bay Seventh street, between Benson avenue and Cropsey avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at the intersection of the south line of Benson avenue with the west line of Bay Seventh street as the same are laid out on the map of the City;

1. Thence easterly along the south line of Benson avenue 60 feet;
2. Thence southerly deflecting 90 degrees to the right 1,560.19 feet to the south line of Cropsey avenue;
3. Thence westerly deflecting 90 degrees 11 minutes to the right 60 feet;
4. Thence northerly 1,560 feet to the point of beginning.

The Board of Estimate and Apportionment on the 24th day of April, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the northeast by a line distant 100 feet northeasterly from and parallel with the northeasterly line of Benson avenue, the said distance being measured at right angles to the line of Benson avenue; on the southeast by a line midway between Bay Seventh street and Bay Eighth street and the prolongations of the said line; on the southwest by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Cropsey avenue, the said distance being measured at right angles to the line of Cropsey avenue, and on the northwest by a line midway between Fourteenth avenue and Bay Seventh street and the prolongations of the said line.

Dated New York, March 18, 1909.

SECOND JUDICIAL DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the easterly side of FOREST AVENUE, adjoining Public School 71, between Prospect place and Metropolitan avenue, in the Second Ward of the Borough of Queens, in The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court of the State of New York, bearing date the 15th day of March, 1909, and filed and entered in the office of the Clerk of the County of Queens on the 18th day of March, 1909, William E. Stewart, John A. Rapelyea and Thomas Stuart were appointed Commissioners of Estimate and Appraisal in the above entitled proceeding.

Notice is further given, pursuant to the statutes in such case made and provided, that said William E. Stewart, John A. Rapelyea and Thomas Stuart will attend at the Special Term of the Supreme Court for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, in The City of New York, on the 2d day of April, 1909, at 10.30 o'clock in the forenoon of that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having an interest in said proceeding, as to their qualification to act as such Commissioners of Estimate and Appraisal in said proceeding.

Dated New York, March 19, 1909.

FRANCIS K. PENDLETON,
Corporation Counsel.

Borough of Manhattan, City of New York.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made for the closing and discontinuance of COWENHOVEN LANE, between Twelfth avenue and Fifty-fifth street, in the Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court House in the Borough of Brooklyn, City of New York, on the 1st day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding to ascertain and determine the compensation which should justly be made to the lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises, rights, easements or interests therein taken, affected, damaged, extinguished or destroyed by the discontinuance and closing of Cowenhoven lane, between Twelfth avenue and Fifty-fifth street, in the Borough of Brooklyn, City of New York, as follows:

The northern line of Cowenhoven lane as herewith closed begins at a point on the eastern line of Twelfth avenue distant 134.34 feet southerly from the intersection of the eastern line of Twelfth avenue with the southern line of Fifty-fifth street as the same are laid out on the map of the City; thence easterly in a straight line to a point on the southern line of Fifty-fifth street distant 329.20 feet easterly from the intersection of the eastern line of Twelfth avenue with the southern line of Fifty-fifth street. The southern line of Cowenhoven lane as herewith closed is 33 feet from and parallel with the above-described line.

Note—These dimensions are approximate.

Said Cowenhoven lane as closed and discontinued is shown on a map made at the direction of the Board of Estimate and Apportionment entitled "Map or plan showing the closing and discontinuing of Cowenhoven lane, between Twelfth avenue and Fifty-fifth street, in the Thirtieth Ward, Borough of Brooklyn, City of New York," dated the 15th day of July, 1908, and filed in the office of the Corporation Counsel on the 16th day of July, 1908.

Dated Borough of Brooklyn, City of New York, the 16th day of March, 1909.

FRANCIS K. PENDLETON,
Corporation Counsel.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made for the closing and discontinuance of BENNETTS LANE, from Eighty-fourth street to Gravesend Bay, in the Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court House, in the Borough of Brooklyn, City of New York, on the 1st day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding to ascertain and determine the compensation which should justly be made to the lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises, rights, easements or interests therein taken, affected, damaged, extinguished or destroyed by the discontinuance and closing of Bennetts lane, from Eighty-fourth street to Gravesend Bay, in the Borough of Brooklyn, City of New York, as follows:

Parcel "A."

Beginning at a point on the northern line of Eighty-fifth street distant 333 feet westerly from the intersection of the northern line of Eighty-fifth street with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Eighty-fifth street 34 feet;
2. Thence northerly deflecting 72 degrees 5 minutes to the right 215 feet to the southern line of Eighty-fourth street;
3. Thence easterly along the southern line of Eighty-fourth street 23 feet;
4. Thence easterly deflecting 22 degrees 7 minutes to the right 12 feet;
5. Thence southerly 213 feet to the point of beginning.

Parcel "B."

Beginning at a point on the northern line of Eighty-sixth street distant 248 feet westerly from the intersection of the northern line of Eighty-sixth street with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Eighty-sixth street 34 feet;
2. Thence northerly deflecting 72 degrees 4 minutes to the right 210 feet to the southern line of Eighty-fifth street;
3. Thence easterly along the southern line of Eighty-fifth street 34 feet;
4. Thence southerly 209 feet to the point of beginning.

Parcel "C."

Beginning at a point on the northern line of Benson avenue distant 45 feet westerly from the intersection of the northern line of Benson avenue with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Benson avenue 31 feet;
2. Thence northerly deflecting 79 degrees 32 minutes to the right 386 feet;
3. Thence northerly deflecting 7 degrees 27 minutes to the left 152 feet to the eastern line of Bay Eleventh street;
4. Thence northerly along the eastern line of Bay Eleventh street 106 feet;
5. Thence southerly deflecting 162 degrees 1 minute to the right 255 feet;
6. Thence southerly 394 feet to the point of beginning.

Parcel "D."

Beginning at the intersection of the northern line of Bath avenue with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Bath avenue 19 feet;
2. Thence northerly deflecting 89 degrees 54 minutes to the right 495 feet;
3. Thence northerly deflecting 11 degrees 1 minute to the left 209 feet to the southern line of Benson avenue;
4. Thence easterly along the southern line of Benson avenue 34 feet;
5. Thence southerly deflecting 79 degrees 45 minutes to the right 151 feet to the western line of Sixteenth avenue.
6. Thence southerly along the western line of Sixteenth avenue 551 feet to the point of beginning.

Parcel "E."

Beginning at the intersection of the western line of Sixteenth avenue with the southern line of Bath avenue, as the same are laid down on the map of the City;

1. Thence southerly along the western line of Sixteenth avenue 396 feet;
2. Thence southwesterly deflecting 8 degrees 43 minutes to the right 224 feet to the northern line of Cropsey avenue;
3. Thence westerly along the northern line of Cropsey avenue 34 feet;
4. Thence northeasterly deflecting 102 degrees 40 minutes to the right 309 feet;
5. Thence northerly deflecting 8 degrees 26 minutes to the left 314 feet to the southern line of Bath avenue;
6. Thence easterly along the southern line of Bath avenue 19 feet to the point of beginning.

Parcel "F."

Beginning at a point on the southern line of Cropsey avenue distant 364 feet easterly from the intersection of the southern line of Cropsey avenue with the eastern line of Bay Tenth street, as the same are laid down on the map of the City;

1. Thence easterly along the southern line of Cropsey avenue 34 feet;
2. Thence southwesterly deflecting 102 degrees 5 minutes to the right 372 feet;
3. Thence southerly deflecting 13 degrees 43 minutes to the left 320 feet to Gravesend Bay;
4. Thence westerly deflecting 77 degrees 14 minutes to the right 34 feet;
5. Thence northerly deflecting 102 degrees 46 minutes to the right 332 feet;
6. Thence northeasterly 369 feet to the point of beginning.

Note—All these dimensions are approximate.

Said Bennetts lane, as closed and discontinued, is shown on a map made at the direction of the Board of Estimate and Apportionment entitled "Map or plan showing the closing and discontinuing of Bennetts lane, from Eighty-fourth street to Gravesend Bay, in the Thirtieth Ward, Borough of Brooklyn, City of New York," dated the 26th day of March, 1907, and filed in the office of the Corporation Counsel on the 27th day of March, 1907.

Dated Borough of Brooklyn, City of New York, the 16th day of March, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending LINDEN AVENUE, from East Fifty-seventh street to East Ninety-eighth street, in the Twenty-ninth and Thirty-second Wards of the Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 1st day of April, 1909, at the opening of Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Linden avenue, from East Fifty-seventh street to East Ninety-eighth street, in the Twenty-ninth and Thirty-second Wards, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz.:

Beginning at the intersection of the west line of East Fifty-seventh street with the south line of Linden avenue, as the same are laid down on the map of the City;

1. Thence northerly along the west line of East Fifty-seventh street 100 feet;
2. Thence easterly deflecting 90 degrees to the right 520 feet to the southwest line of Remsen avenue;
3. Thence easterly deflecting 19 degrees 30 minutes 50 seconds, more or less, to the left 113.05 feet, more or less, to the northeast line of Remsen avenue;
4. Thence northeasterly deflecting 16 degrees 9 minutes 23 seconds, more or less, to the left 2,240 feet to the northeast line of East Ninety-eighth street;
5. Thence southeasterly along the northeast line of East Ninety-eighth street 80 feet;
6. Thence southwesterly deflecting 90 degrees to the right 2,240 feet to the northeast line of Remsen avenue;
7. Thence southwesterly deflecting 10 degrees 5 minutes 35 seconds, more or less, to the left 101.57 feet, more or less, to the southwest line of Remsen avenue;
8. Thence westerly deflecting 45 degrees 45 minutes 48 seconds, more or less, to the right 602.35 feet, more or less, to the point of beginning.

The Board of Estimate and Apportionment, on the 6th day of November, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the west by a line midway between East Fifty-fifth street and East Fifty-sixth street; on the north by a line always midway between Lenox road and Linden avenue and by the prolongation thereof; on the east by a line distant 100 feet easterly from and parallel with the easterly line of East Ninety-eighth street, the said distance being measured at right angles to East Ninety-eighth street, and on the south by a line always midway between Linden avenue and Church avenue and by the prolongation thereof.

Dated New York, March 16, 1909.

SECOND DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises in the Borough of Queens, beginning on the easterly side of VERNON AVENUE, north of Harris avenue, and other property hereinafter described, duly selected for bridge purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONers of Estimate and Appraisal in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, Room No. 1405, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Friday, March 19, 1909, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 31st day of March, 1909, at 3 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, March 18, 1909.

JOHN W. BENNETT,
LUCIUS N. MANLEY,
FREDERICK BOWLEY,
Commissioners.

JOSEPH M. SCHENCK, Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of JAY STREET (although not yet named by proper authority), on the westerly side at its intersection with Richmond terrace, in the First Ward, Borough of Richmond, City of New York.

WE, THE UNDERSIGNED COMMISSIONers of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 9th day of April, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of April, 1909, at 2 o'clock p. m.

Second—That the abstract of our said estimate of damage, together with our damage map and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 16th day of April, 1909.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 22d day of June, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 26, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title in fee wherever the same has not been heretofore acquired to the lands and premises required for the opening and extending of PROSPECT STREET, from Hunter avenue to Webster avenue, in the First Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court of the State of New York, bearing date the 15th day of March, 1909, and entered and filed in the office of the Clerk of the County of Queens on the 16th day of March, 1909, George E. Blackwell, Harry Sutphin and Edward T. Kassel were appointed Commissioners of Estimate in the above entitled proceeding; that in and by said order George E. Blackwell was appointed the Commissioner of Assessment.

Notice is hereby further given that pursuant to the statute in such case made and provided, that the said George E. Blackwell, Harry Sutphin and Edward T. Kassel will attend at a Special Term of the Supreme Court for the hearing of motions to be held in and for the County of Kings, in the County Court House, in the Borough of Brooklyn, City of New York, on the 29th day of March, 1909, at 10.30 o'clock a. m. on that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having an interest in this proceeding, as to their qualifications to act as such Commissioners of Estimate, and as such Commissioner of Assessment in the above entitled proceeding.

Dated New York, March 17, 1909.

FRANCIS K. PENDLETON, Esq.,
Corporation Counsel.

Hall of Records, Borough of Manhattan, New York City.

SUPREME COURT—NINTH JUDICIAL DISTRICT.

NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

KENSICO RESERVOIR, SECTION NO. 6.

Second Separate Report.

In the matter of the application and petition of J. Edward Simmons, Charles N. Chadwick and Charles A. Shaw, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905, and the acts amendatory thereof, in the Town of Mount Pleasant, Westchester County, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN THAT the second separate report of Vincent Nellany, John I. Storm and Charles H. Lovett, who were appointed Commissioners of Appraisal in the above entitled matter by an order of this Court, made at a Special Term thereof, held at the Court House in White Plains, Westchester County, N. Y., on July 20, 1907, was filed in the office of the Clerk of the County of Westchester on the 6th day of February, 1909.

Said report bears date February 1, 1909, and affects Parcels Nos. 367, 368, 373, 375, 379, 381, 383, 384, 389, 392, 393, 396, 397, 408, 409, 411, 420, 423, 424, 427, 429, 430, 431, 433, 434, 437, 438, 447 and 448, shown on the map in this proceeding.

Public notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Ninth Judicial District, at the Court House at White Plains, Westchester County, N. Y., on the 3d day of April, 1909, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard, for an order confirming said report, and for such other and further relief as may be just.

Dated March 6, 1909.

FRANCIS KEY PENDLETON,
Corporation Counsel.

NINTH JUDICIAL DISTRICT, ORANGE COUNTY.

NORTHERN AQUEDUCT DEPARTMENT, CATSKILL AQUEDUCT.

SECTION NO. 8.

TOWNS OF CORNWALL, NEW WINDSOR AND NEWBURG.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof to be held at the Judges' Chambers in the City of Poughkeepsie, Dutchess County, N. Y., on the 27th day of March, 1909, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the County of Orange, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the towns of Cornwall, New Windsor and Newburg, County of Orange and State of New York, shown on a certain map entitled: "Northern Aqueduct Department, Section No. 8. Board of Water Supply of The City of New York. Map of real estate situated in the towns of Cornwall, New Windsor and Newburg, County of Orange and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Catskill Aqueduct and appurtenances, from the vicinity of Vailsgate to the vicinity of Coldenham," which map was filed in the office of the County Clerk of the County of Orange, at Goshen, New York, on the 17th day of December, 1908; which parcels are bounded and described as follows:

Beginning at the most westerly point of Parcel No. 369 of real estate Section No. 7, Northern Aqueduct Department (the map of which section was filed in the office of the County Clerk of the County of Orange at Goshen, New York, on the 14th day of December, 1908), said point being also in the southerly line of Parcel No. 370 of the section hereby described, and running thence partly along said southerly line, north 65 degrees 29 minutes 30 seconds west 658.3 feet, on a curve of 75 feet radius to the right, 7.8 feet, and north 51 degrees 53 minutes west 57.1 feet to the most southerly point of Parcel No. 371, in the line between the towns of Cornwall and New Windsor; thence partly along the southerly lines of said Parcel No. 371 and Parcel No. 372, north 51 degrees 53 minutes west 876.9 feet to the southwest corner of said Parcel No. 372, in a road leading from Orrs Mills to Vailsgate; thence along said road and partly along the westerly line of said parcel, north 27 minutes 30 seconds west 8.1 feet to the southeast corner of Parcel No. 973; thence partly along the southerly line of said parcel, along the easterly, southerly, westerly and partly along the northerly lines of Parcel No. 374, again partly along the southerly line of Parcel No. 373, and partly along the southerly line of Parcel No. 375, the following courses and distances: North 89 degrees 19 minutes 30 seconds west 10.4 feet, north 51 degrees 53 minutes west 263.3 feet, south 24 degrees 26 minutes west 174.9 feet, south 40 minutes 30 seconds west 465 feet, north 89 degrees 19 minutes 30 seconds west 484 feet, north 40 minutes 30 seconds east 465 feet, south 89 degrees 19 minutes 30 seconds east 172 feet, north 32 degrees 46 minutes east 361.2 feet and north 51 degrees 53 minutes west 403.7 feet to the most southerly point of Parcel No. 376, in the centre of a road leading from Salisbury Mills to Vailsgate; thence partly along the southerly line of said parcel, along the southerly lines of Parcels Nos. 377, 378, 379, 380 and 381, partly along the southerly line of Parcel No. 382, partly along the southerly and along the westerly lines of Parcel No. 383, along the westerly lines of Parcels Nos. 385, 386 and 387, partly along the westerly line of Parcel No. 388, partly along the southerly and westerly lines of Parcel No. 389, along the southerly line of Parcel No. 390, partly along the southerly line of Parcel No. 392 and along the southerly lines of Parcels Nos. 393 and 394, the following courses, distances and curve: North 51 degrees 53 minutes west 3,345.3 feet, crossing the Newburg short line of the Erie Railroad, the Newburg branch of said railroad and a road leading from Washington square to Vailsgate; south 85 degrees 45 minutes 30 seconds west 490.4 feet, north 6 degrees 15 minutes 30 seconds west 381.9 feet, north 17 degrees 28 minutes west 777.2 feet, north 25 degrees 15 minutes west 588.8 feet, north 34 degrees 18 minutes west 39.3 feet, north 43 degrees 20 minutes west 841 feet, north 20 degrees 44 minutes west 3,369.1 feet, north 25 degrees 5 minutes west 1,143 feet, south 71 degrees 47 minutes west 11 feet, north 15 degrees 36 minutes west 30.5 feet, north 35 degrees 51 minutes west 66.5 feet, on a curve of 100 feet radius to the left, 73.2 feet, and north 77 degrees 49 minutes west 2,776.8 feet, to the most westerly point of said Parcel No. 394, in the centre of a road leading from Salisbury Mills to Little Britain turnpike, said point being also in the southerly line of Parcel No. 395; thence partly along said line and along the southerly line of Parcel No. 396, the following courses and distances: North 77 degrees 49 minutes west 1,225.4 feet, crossing another road leading from Salisbury Mills to Little Britain turnpike, north 56 degrees 33 minutes west 708.1 feet, south 78 degrees 27 minutes west 176.8 feet, north 56 degrees 33 minutes west 250 feet, north 25 degrees 16 minutes west 578.5 feet, north 39 degrees 38 minutes west 302.5 feet, crossing a pond, and north 64 degrees 5 minutes west 548 feet, to the most westerly point of said Parcel No. 396, in the centre of Little Britain turnpike leading from Little Britain to Newburg, said point being also in the southerly line of Parcel No. 399; thence partly along said line, along the westerly line of Parcel No. 398, again partly along the southerly line of Parcel No. 399, partly along the westerly line of said parcel, along the westerly lines of Parcels Nos. 400, 401 and 402, the following courses and distances: North 54 degrees 31 minutes west 725.8 feet, crossing Jackson avenue (leading from Little Britain turnpike to Cochecton turnpike), north 15 degrees 42 minutes east 33.5 feet, north 86 degrees 3 minutes west 158.4 feet, north 8 degrees 17 minutes west 26.5 feet, north 34 degrees 6 minutes west 394.5 feet, north 73 degrees 46 minutes west 160.4 feet, north 16 degrees 25 minutes east 132.7 feet, north 34 degrees 6 minutes west 527.7 feet, north 46 degrees 59 minutes west 377.4 feet, north 39 degrees 22 minutes west 285.1 feet, north 19 degrees 45 minutes west 741.7 feet, north 1 degree 35 minutes west 905.9 feet, north 2 degrees 48 minutes east 233.5 feet, north 9 degrees 17 minutes east 573.1 feet, and north 15 degrees 52 minutes east 468.5 feet, to the most northerly point of said Parcel No. 402, in the centre of before mentioned Jackson avenue, said point being also in the westerly line of Parcel No. 403; thence partly along said parcel line and along the centre line of said avenue the following courses and distances: North 8 degrees 11 minutes west 54 feet, north 12 degrees 44 minutes east 237.4 feet, north 13 degrees 5 minutes west 26.9 feet, and north 7 degrees 22 minutes east 168.4 feet, to the southeast corner of Parcel No. 404; thence along the southerly line of said parcel and partly along the southerly lines of Parcels Nos. 405 and 407 the following courses and distances: North 69 degrees 45 minutes west 239.8 feet, north 47 degrees 36 minutes west 932.2 feet, north 19 degrees 35 minutes west 399.5 feet, north 31 degrees 20 minutes west 246.4 feet, north 63 degrees 26 minutes west 706.9 feet, north 50 degrees 32 minutes west 133.9 feet, and north 37 degrees 38 minutes west 1,936.3 feet to the most westerly point of said Parcel No. 407, in the line between the towns of Newburg and New Windsor, said point being also in the southerly line of Parcel No. 408; thence along said town line and partly along said southerly parcel line north 75 degrees 57 minutes west 391.1 feet, and north 74 degrees 15 minutes west 585 feet to the southwest corner of said parcel; thence partly along the westerly line of same and along the westerly line of Parcel No. 409 the following courses and distances: North 18 degrees 47 minutes east 444.8 feet, north 8 degrees 7 minutes west 488.1 feet, north 37 degrees 38 minutes west 116.2 feet, north 50 degrees 11 minutes west 1,021.2 feet, north 22 degrees 12 minutes west 807.2 feet, north 28 degrees 2 minutes west 20.3 feet, north 33 degrees 53 minutes west 150 feet, south 78 degrees 3 minutes west 201.3 feet, north 19 degrees 50 minutes west 50 feet, north 70 degrees 10 minutes east 180 feet, north 33 degrees 53 minutes west 286.2 feet, and north 83 degrees 55 minutes west 825.5 feet, crossing Drury lane (leading from Little Britain to St. Andrew) to the most westerly point of said Parcel No. 409, in the line between the towns of Newburg and Montgomery; thence along said town line, and continuing along the westerly line of Parcel No. 409 north 16 degrees 7 minutes east 550 feet to the northwest corner of said parcel, said point being also the southwest corner of Parcel No. 295 of Real Estate Section No. 6, Northern Aqueduct Department (the map of which section was filed in the office of the County Clerk of the County of Orange at Goshen, New York, on the 15th day of June, 1908); thence along the southerly line of the last mentioned parcel and the northerly line of before mentioned Parcel No. 409 south 73 degrees 54 minutes east 665.6 feet, recrossing Drury lane, to the northeast corner of said Parcel No. 409; thence partly along the easterly line of said parcel and along the northerly and easterly lines of before mentioned Parcel No. 408 the following courses and distances: South 12 degrees 1 minute east 44.4 feet, south 33 degrees 53 minutes east 510.5 feet, south 2 degrees 5 minutes west 10.4 feet, south 69 degrees 6 minutes east 10.6 feet, south 33 degrees 53 minutes east 321.5 feet, south 28 degrees 2 minutes east 61 feet, south 22 degrees 12 minutes east 650.8 feet, south 50 degrees 11 minutes east 1,092.9 feet, south 37 degrees 38 minutes east 925.6 feet, south 7 degrees 22 minutes west 70.7 feet, and south 37 degrees 38 minutes east 833.5 feet to the northeast corner of before mentioned Parcel No. 407, in the before mentioned line between the towns of Newburg and New Windsor; thence partly along the easterly line of said Parcel No. 407 and along the easterly lines of Parcel No. 406 and before mentioned Parcel No. 405, and partly along the easterly line of before mentioned Parcel No. 404, the following courses and distances: South 37 degrees 38 minutes east 1,763.6 feet, south 63 degrees 26 minutes east 871.6 feet, south 50 degrees 53 minutes east 119.5 feet, south 38 degrees 20 minutes east 1,100.2 feet, south 83 degrees 20 minutes east 106.1 feet and south 38 degrees 20 minutes east 135 feet, to the most northerly point of before mentioned Parcel No. 403, in the centre of before mentioned Jackson avenue; thence partly along the easterly line of said parcel, south 38 degrees 20 minutes east 24.4 feet to a point in the easterly line of said avenue; thence along said line, south 7 degrees 22 minutes west 104.8 feet; thence continuing along the easterly line of Parcel No. 403, and running along the easterly lines of before mentioned Parcels Nos. 402, 401 and 400, the northerly lines of Parcels Nos. 399 and 397, and the easterly line of the last mentioned parcel, the following courses, distances and curve: South 38 degrees 20 minutes east 222.3 feet, on a curve of 250 feet radius to the right, 236.5 feet, south 15 degrees 52 minutes west 924.3 feet, south 4 degrees 38 minutes west 185 feet, south 49 degrees 5 minutes west 39 feet, recrossing before mentioned Jackson avenue, south 9 degrees 17 minutes west 207.5 feet, south 2 degrees 48 minutes west 216.9 feet, south 1 degree 35 minutes east 779.9 feet, south 19 degrees 45 minutes east 755.3 feet, south 39 degrees 22 minutes east 631.5 feet, south 34 degrees 6 minutes east 1,017.9 feet, south 54 degrees 31 minutes east 937.2 feet, again recrossing Jackson avenue, south 64 degrees 5 minutes east 117.4 feet, south 5 degrees 2 minutes west 21.3 feet, south 84 degrees 58 minutes east 55.8 feet, south 64 degrees 5 minutes east 80 feet and south 8 degrees 59 minutes west 45.7 feet to the southeast corner of said Parcel No. 397, in the northerly line of before mentioned Parcel No. 396, said point being also in the centre of before mentioned Little Britain turnpike; thence along the centre line of said turnpike, partly along said northerly parcel line, south 84 degrees 58 minutes east 122.5 feet; thence continuing along the northerly line of said parcel and running along the northerly lines of before mentioned Parcels Nos. 395 and 392, the northerly line of Parcel No. 391, partly along the northerly and easterly lines of before mentioned Parcel No. 390, along the northerly and easterly lines of before mentioned Parcel No. 389, the easterly line of before mentioned Parcel No. 388, and partly along the easterly line of before mentioned Parcel No. 387, the following courses, distances and curve: South 64 degrees 5 minutes east 304 feet, south 39 degrees 38 minutes east 212.3 feet, south 32 degrees 27 minutes east 75.1 feet, south 25 degrees 16 minutes east 365.5 feet, south 56 degrees 33 minutes east 984.4 feet, south 77 degrees 49 minutes east 3,345.7 feet, recrossing the two before mentioned roads leading from Little Britain turnpike to Salisbury Mills, north 79 degrees 19 minutes east 651.2 feet, south 15 degrees 9 minutes east 284.8 feet, south 77 degrees 49 minutes east 26 feet, on a curve of 300 feet radius to the right, 219.7 feet, south 35 degrees 51 minutes east 1,132.2 feet, south 28 degrees 18 minutes east 78.9 feet, south 20 degrees 44 minutes east 226.6 feet and north 71 degrees 17 minutes east 62.9 feet to a point in the westerly line of a road leading from Little Britain turnpike to Vailsgate; thence along said road line, continuing along the easterly line of Parcel No. 387, and running partly along the easterly line of before mentioned Parcel No. 386, the following courses and distances: South 18 degrees 30 minutes east 426.3 feet, south 18 degrees east 562.9 feet, south 24 degrees 21 minutes east 441 feet, south 23 degrees 8 minutes east 697.2 feet, south 16 degrees 8 minutes west 12.5 feet, south 10 degrees 3 minutes east 296.1 feet, south 9 degrees 33 minutes east 139.6 feet, south 18 degrees 34 minutes east 47.4 feet, south 27 degrees 11 minutes east 81.1 feet and south 34 degrees 22 minutes east 94.7 feet; thence continuing along the easterly line of Parcel No. 386 and running along the easterly line of before mentioned Parcel No. 385, partly along the easterly line of before mentioned Parcel No. 383 and along the northerly line of Parcel No. 384, the following courses and distances: South 62 degrees 17 minutes west 16.2 feet, south 20 degrees 44 minutes east 334.7 feet, south 43 degrees 20 minutes east 866.1 feet, south 34 degrees 18 minutes east 102.2 feet, south 25 degrees 15 minutes east 602.5 feet, south 17 degrees 28 minutes east 390.9 feet, south 75 degrees 25 minutes 45 seconds east 248 feet, south 17 degrees 34 minutes east 357.7 feet and north 75 degrees 31 minutes east 466.7 feet, crossing a brook, to the northeast corner of said Parcel No. 384, in the westerly line of a road leading to Washington square; thence along said line and the easterly line of said parcel south 32 degrees 46 minutes east 26.3 feet, to the southeast corner of said parcel; thence along the southerly line of same, partly along the northerly line of before mentioned Parcels Nos. 382 and 381, along the northerly lines of before mentioned Parcels Nos. 380, 379, 378, 377 and 376, the following courses and distances: South 75 degrees 31 minutes west 473.6 feet, recrossing before mentioned brook, south 25 degrees 41 minutes 30 seconds east 378.1 feet, south 51 degrees 53 minutes east 3,350.2 feet, recrossing a road leading from Vailsgate to Washington square, the Newburg branch of the Erie Railroad and the Newburg short line of said railroad, to the most easterly point of said Parcel No. 376, in the northerly line of before mentioned Parcel No. 375, said point being also in the centre of before mentioned road leading from Salisbury Mills to Vailsgate; thence along the centre line of said road, partly along said northerly parcel line north 77 degrees 38 minutes 30 seconds east 17.6 feet and north 65 degrees 53 minutes 30 seconds east 34 feet; thence continuing along said northerly parcel line and running along the northerly lines of before mentioned Parcels Nos. 373 and 372 and partly along the northerly line of before mentioned Parcel No. 371 the following courses and distances: South 16 degrees 46 minutes 30 seconds east 75.9 feet, south 51 degrees 53 minutes east 263.3 feet, north 38 degrees 7 minutes east 60 feet, south 51 degrees 53 minutes east 250 feet, south 38 degrees 7 minutes west 60 feet, and south 51 degrees 53 minutes east 1,205.5 feet, recrossing before mentioned road leading from Orrs Mills to Vailsgate, to the most easterly point of said Parcel No. 371, in before mentioned line between the Towns of New Windsor and Cornwall, said point being also in the northerly line of before mentioned Parcel No. 370; thence partly along said line south 51 degrees 53 minutes east 5 feet, on a curve of 25 feet radius to the left 5.9 feet and south 65 degrees 29 minutes 30 seconds east 727.5 feet, to the most easterly point of said parcel in the northerly line of before mentioned Parcel No. 369 of Real Estate Section No. 7, Northern Aqueduct Department; thence partly along said northerly line and the southerly line of said Parcel No. 370 south 78 degrees 37 minutes 30 seconds west 85.3 feet to the point or place of beginning.

The greatest width of the proposed taking along the line of the Aqueduct is 480 feet, which occurs across Parcels 373 and 374.

The least width of the said taking is 50 feet, which occurs across Parcels 370 to 373, both inclusive, and 375 to 382, both inclusive.

The fee of all the real estate shown on said map is to be acquired by The City of New York, designated as Parcels 370 to 409, both inclusive, except Parcel No. 384, colored dark blue on said map, in which a perpetual easement is to be acquired, being the right to construct and forever maintain the Aqueduct and its appurtenances as provided for by said act and the acts amendatory thereof and relating thereto, on, over or through said parcel.

Reference is hereby made to the said map, filed as aforesaid in the office of the County Clerk of the County of Orange, for a more detailed description of the real estate to be acquired as above stated.

In case any real estate hereinbefore described is used for highway or other public purposes, such use shall continue until such time as The City of New York may acquire the right to close the same.

Dated February 8, 1909.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
