Dear **Dana Williams**:

The filing period for our Firefighter exam is now open and it's time for you to start your journey to the best job in the world.

Serving as a New York City Firefighter has been one of the smartest decisions that I've made in my life. It's a career where I'm constantly giving back to the community and learning from others, while working a schedule that allows me to spend more precious moments with my family. This Department also provides opportunities for career growth and I experience that first-hand each day when I work as an officer in the firehouse.

As the Department's first Hispanic Outreach Coordinator, I'm here to assist you with any questions that you have about our Firefighter career and hiring process. This is a great opportunity and I want you to remember that it only comes around once every four to five years. Take the next step by submitting your application today. [Click Here](#) You can also visit one of our exam filing sites in-person to get registered. To select a location, check out our interactive [map](#).

Good luck with the application process and I look forward to seeing you at our

upcoming Firefighter tutorials and events!

Lieutenant Leo Tineo

FDNY Hispanic Outreach Coordinator
