# Frequently Asked Questions

## What is a general election?

A general election is when nominees from various political parties compete for government office. This includes winners of the September 10th primaries and candidates running on independent party lines.

New York City has many political parties, and as a voter you must decide which candidate will best serve your interests.

## Can I vote in the November 5th general election?

If you are registered to vote in New York City, you can (and should) vote on November 5th. Polls are open from 6 a.m. to 9 p.m. Registered voters receive a notice in the mail from the BOE with the address of their poll site and other information about voting. If you didn't get a notice, you might not be registered. You can check by calling 866-VOTE-NYC or look up your registration online at [voterlookup.elections.state.ny.us](http://voterlookup.elections.state.ny.us).

## What are ballot proposals?

A ballot proposal is a question placed on the ballot for voters to decide. This year, there are six proposed amendments to the New York State Constitution on the ballot. The State Senate and Assembly have passed these amendments but they are subject to the will of the voters, meaning you can vote to accept or reject them. Learn more about each proposal on pages 22-23.

## What will I be voting on in the general election?

You will be voting to elect the mayor, public advocate, comptroller, borough president, and City Council member in your district. You may also be voting in other races not covered in this Voter Guide, such as Assembly member or District Attorney.

You can vote for any candidate running on any party line for these offices, no matter what party you are enrolled in.

You will also be voting on six NYS ballot proposals that will amend the State Constitution in various ways if approved by the voters.

## How do I register to vote?

It is too late to register to vote in this year's general election (the deadline was October 11, 2013). But if you aren't registered, please register now for future elections! Fill out a voter registration form and submit it in person or by mail with the NYC Board of Elections (BOE). You can download a registration form from the BOE's website, pick one up at your local BOE office, or call 866-VOTE-NYC to request one by mail.

## Could my registration have expired?

Your registration has no expiration date, but it may have been canceled if you moved and did not update your address with the BOE, or if you have not voted in the past two federal elections. Call 866-VOTE-NYC or check online at [voterlookup.elections.state.ny.us](http://voterlookup.elections.state.ny.us).

## What if I moved within New York City since the last time I voted?

When you move, you must change your address with the BOE within 25 days. You do this by submitting a new voter registration form and filling in the information on the form, including information in the box labeled "Voting information that has changed." Fill in your new and old address, check the box for the party you wish to be enrolled in (do this even if you were enrolled in a party at your old address), and provide any other requested information. If you moved but you didn't change your address with the BOE before the deadline, you should go to your NEW polling place and vote by affidavit ballot. Call 866-VOTE-NYC to find out whether your change of address has been processed.

## What if they can't find my name on the list when I sign in to vote?

First, make sure you are signing in at the correct table for your assembly and election district. These district numbers are printed above your name on the mailing label of your Voter Guide and on the mailer the BOE sends to all registered voters each August. You can also ask a poll worker for help, or check [nyc.pollsitelocator.com](http://nyc.pollsitelocator.com).

If you are at the right table but you are not on the poll list, it may be because the BOE did not receive your registration form. If you believe that you are eligible, **you can still vote**. Ask for an **affidavit ballot**, and follow the instructions. After the election, the BOE will check its records and your vote will be counted if you were eligible to vote. If not, you will receive a notice that you were not eligible to vote with a registration form for future elections.

## What if I can't get to my polling place on Election Day?

You can vote by absentee ballot if you are unable to get to your polling place because of occupation, business, studies, travel, imprisonment (other than for a felony conviction), illness, disability, hospitalization, or if you are a resident in a long-term care facility. There are two ways to vote by absentee ballot: by mail or in person.

To vote absentee **by mail**, call 866-VOTE-NYC to request an absentee ballot application or download it at [www.vote.nyc.ny.us](http://www.vote.nyc.ny.us). Fill out the application and mail it to your BOE borough office. Applications must be **postmarked** by October 29, 2013. The BOE will send you an absentee ballot. Fill it out and mail it (postmarked by November 4, 2013) to your BOE borough office.

**Absentee voting in person:** Absentee voting in person begins as soon as the ballots are available (at least 32 days before an election) and ends on Election Day. It is conducted at your BOE **borough office** Mon.-Fri. and on the weekend prior to Election Day, 9 a.m. to 5 p.m., and until 9 p.m. on Election Day.

**Please note:** If the deadline for requesting an absentee ballot by mail has passed and you cannot appear at your poll site on Election Day because of an accident or sudden illness, you can send a representative to your BOE borough office with a written letter of authorization to obtain an absentee ballot on your behalf. A completed application and your completed ballot must be returned to **your** BOE borough office by 9:00 p.m. on November 5th.

## Not sure which city council district you live in?

**Check the cover of this Guide:** Your district numbers are printed above your name and address. You can also visit [nyc.pollsitelocator.com](http://nyc.pollsitelocator.com), call the voter hotline at **866-VOTE-NYC**, or contact the BOE office in your borough.

# About the Voter Guide

This Guide lists all the candidates who appeared to be on the ballot for the general election at press time, even if the candidate did not submit a Voter Guide profile in time to be included in this printed Guide. Because candidates can be removed from the ballot for legal reasons until just before the election, some candidates listed in this Guide may not appear on the ballot. If a primary race was too close to call at press time, or if a runoff election was anticipated, more than one candidate may be listed as running on a particular party line, with a footnote indicating why. However, only one candidate per party line will appear on the General Election ballot. Visit the online Voter Guide at [www.nycfb.info/voterguide](http://www.nycfb.info/voterguide) for up-to-date general election information, or use the BOE's poll site locator at [www.vote.nyc.ny.us](http://www.vote.nyc.ny.us) to view your sample ballot.

The profiles and photos in this Guide were submitted to the CFB by the candidates. All the candidates have affirmed under penalty of perjury that the information in their profiles is true to the best of their knowledge. The information provided by the candidates is reprinted as it was supplied to the CFB, except in the case of egregious errors and minor formatting issues, which may be corrected by the CFB prior to publication. The views expressed in the candidate statements do not represent those of the New York City Campaign Finance Board.

### 1. What is the most important issue in the city you would address if elected?

My top priority will be addressing economic inequality. For far too long, City Hall has catered to the elite while middle and working-class families are dismissed or ignored.

To tackle economic inequality, we must strengthen our education system, expand and protect affordable housing, and create strong jobs across all five boroughs. I am the only candidate who has a plan to create universal early education and after-school programs by asking the wealthiest to pay a little more in taxes.

### 2. What other important issues would you address if elected?

I understand how fragile police-community relations can put both residents and officers at risk, and I have called for true reform of Stop and Frisk and strong legislation to ban racial profiling. I also believe that immigrants have always been an essential part of our city and the next administration must embrace and support our vital immigrant communities.

### 3. What makes you the best candidate for this office?

I have dedicated my career to taking on the elite and powerful, and standing up for taxpayers, families, and everyday New Yorkers. As an outer-borough working dad and public school parent, I care deeply about the everyday issues that are front-and-center to families: economic fairness, job creation, early education and after-school programs, child care, a real living wage, effective and respectful policing, and affordable housing.

# Joseph J. Lhota

**Mayor (R, C, SF)**

**Party Enrolled In:** Republican

**Current Occupation:** Full-time candidate

**Previous Occupation(s):** Chairman & CEO, Metropolitan Transportation Authority; Deputy Mayor and Budget Director, Giuliani Administration; Executive Vice President, Madison Square Garden & Cablevision; Investment Banker

**Education:** Georgetown University, BS 1976; Harvard Business School, MBA 1980

**Organizational Affiliations:** CUNY, Member Board of Trustees

**Prior Public Experience:** Budget Director and Deputy Mayor for Operations, Giuliani Administration; Chairman & CEO, Metropolitan Transportation Authority

## 1. What is the most important issue in the city you would address if elected?

Creating jobs and a vibrant, diversified economy is the key to our City's success. Government can't create jobs, but it is responsible for creating an environment for job growth. Our government must operate more efficiently while reducing taxes

[www.joelhotformayor.com](http://www.joelhotformayor.com)

and the burdensome regulations and fines that are strangling small businesses. We must focus on fostering emerging industries to create quality, good-paying jobs in all five boroughs.

## 2. What other important issues would you address if elected?

Reforming government must be a top priority. We need ethics reform to get rid of corrupt politicians and educational reform to improve our schools. Public safety is also critical to our quality of life. We must ensure the NYPD has the necessary tools and resources to keep us safe from terrorists and violent criminals.

## 3. What makes you the best candidate for this office?

The next Mayor needs to have the experience and vision to lead New York City on Day One. Our City is a \$70 billion enterprise with more than 300,000 employees. I am the only candidate with vast experience leading complex organizations in both the private and public sectors. I have been fortunate to serve the people of this City through some of our best times of growth and transformation, but also through some of our biggest challenges, like 9/11 and Hurricane Sandy. I believe our best days are ahead and as Mayor, I will use my common sense, my vision and my experience to lead New York City forward.

# Adolfo Carrión, Jr.

**Mayor (I)**

**Party Enrolled In:** Unaffiliated

**Current Occupation:** Founder/Managing Director of MetroFutures, LLC.

**Previous Occupation(s):** Small Business Owner, NYC Public School Teacher, City Planner, Community Board Manager

**Education:** Bachelor's Degree- Kings College; Master's Degree in Urban Planning- CUNY- Hunter College

**Organizational Affiliations:** Morris Heights Health Center, County Executives of America, Hudson River Sloop Clearwater Org, Bronx DiVA Talk- Domestic Violence Awareness

**Prior Public Experience:** White House Director of Urban Affairs, Regional Director for the U.S. Department of Housing & Urban Development, Two-term Bronx Borough President, NYC Councilmember, Former President of NALEO (National Assoc. of Latino Elected Officials)

## 1. What is the most important issue in the city you would address if elected?

Reforming education to ensure our young people are prepared to participate in the economy must be a top priority. Education has become more about the needs and wants of a few adults rather than the parents and students who have long been underserved by a failing system.

## 2. What other important issues would you address if elected?

New York City must remain affordable for the middle class and those who would come here to make a better life. It also must be a business-friendly city that acts as an incubator for the industries and jobs of the future. We do that by NOT raising taxes and treating our people and businesses like the government's ATM. Our city must be a safe city and a place where innovation creates opportunity.

## 3. What makes you the best candidate for this office?

I will bring the experience, common sense ideas and independent leadership New Yorkers want and deserve to City Hall. New Yorkers have had enough of special interests and the political establishment running the show. Our city is ready for real results and a bold vision for a New York that works better for everyone. It is the mayor's duty to make decisions that improve the lives of New Yorkers. The decisions are never easy, but my track record shows that putting the people first delivers results.

## 1. What is the most important issue in the city you would address if elected?

Environmental degradation is the most pressing issue facing all New Yorkers. As a New York City native, I recognize, especially after Superstorm Sandy and the 2008 economic collapse, that housing, health care, jobs and education are all impacted by the quality of the environment. A sustainable environment is key to a long and prosperous life for the average New Yorker.

[www.vote Gronowicz.info](http://www.vote Gronowicz.info) | [f VoteGronowicz](https://www.facebook.com/VoteGronowicz)

## 2. What other important issues would you address if elected?

More than 53,000 children in this city lack a permanent home – a 500% increase over 2008. 5% of public school students live in shelters. The majority of these students are Latino and African-American. Many of these students face the prospect of being stopped and frisked by a police department whom the richest mayor in history called "my own army." If elected, I would halt this outrageous practice. In Los Angeles, New Orleans, Dallas and Baltimore, violent crime is down even further in percentage terms than in NYC, without violating numerous provisions of our Bill of Rights. Another key issue is divestment from fossil fuels, essential in stemming the rise in asthma and other respiratory diseases affecting our children. In order to provide a better education, I would cap classroom size at 20, heavily invest in pre-school programs for every child, and bring back gym, art and music. Closing public hospitals and public schools is unacceptable.

## 3. What makes you the best candidate for this office?

I have dedicated my life to serving the needs of the average New Yorker. My concern is steadfastly for the 99%, not the 1% who have disproportionately benefited from an economy based on finance and not one aimed at providing full employment with full benefits.

# Abiodun Samuel Laurel-Smith

**Mayor (AL)**

**Party Enrolled In:** Independence

**Current Occupation:** Artist, writer, publisher

**Previous Occupation(s):** Artist, writer, publisher

**Education:** Studied Fine Art at The Polytechnic Ibadan, Nigeria, then History of Art, Society and Print at Oxford Brookes University, Oxford, UK and History of Art and Heritage Management at The University of Buckingham, UK.

**Organizational Affiliations:** Friends Of Smithies New York (FoSNY)

**Prior Public Experience:** Government service (MOD)

## 2. What other important issues would you address if elected?

Better education at all levels through "HOMEWORKNY" parents and immigrant families could update their skills, assist their kids better at homework and meet the demands of a fast paced and digitally challenging society of now. Provide an after school internet access and hook up for kids from low income families, so they could study after school.

## 3. What makes you the best candidate for this office?

Best because I will continue the non partisan way of Mayor Bloomberg. Will improve by generating revenue for the city through a new source – research, human resources, service sector and technology. Affordable housing developments and problems of health care will be address block by block – that way, my administration will know who lives where and thrives under what condition.

Reprinted as supplied by the candidate. Participating in the Campaign Finance Program.

## 1. What is the most important issue in the city you would address if elected?

First is create alternative source of revenue for the city through safety and SECURITY. Then bring back research, tech. and service industries to the city.

# George McDonald

Mayor (CS)

**Party Enrolled In:** Republican

**Current Occupation:** As Founder and President of the Doe Fund, one of the country's most celebrated nonprofit organizations, George McDonald has proven that providing paid work opportunities to individuals can transform their lives. Together with his wife Harriet and fueled by the belief that "work works," the Doe Fund has helped more than 18,000 individuals from returning veterans to the formerly incarcerated reclaim their lives.

**Previous Occupation(s):** Apparel industry executive with McGregor Sportswear.

**Education:** Throughout his career McDonald has received numerous accolades including the Manhattan Institute's William E. Simon Lifetime Achievement Award in Social Entrepreneurship and an Honorary Degree from Hobart and William Smith Colleges.

**Organizational Affiliations:** ABO

**Prior Public Experience:** In 2005, George chaired the NYS Independent Committee on Reentry & Employment. He currently sits on Gov. Cuomo's Work for Success Executive Committee.

## 1. What is the most important issue in the city you would address if elected?

Jobs, jobs, jobs! Every NYC resident who wants a job should have one, making a dramatic impact on every aspect of city life. As we seek to continue to make our city safer, a job is the last frontier of public safety. As we work to pay for new spending priorities, jobs are the best way to grow city revenues without raising taxes. Finally, by growing jobs and opportunity we can balance our budget by avoiding the costs of entitlement programs.

## 2. What other important issues would you address if elected?

The most important job of the Mayor is to keep our city safe. To do that, we must preserve but also improve the implementation of Stop, Question and Frisk.

## 3. What makes you the best candidate for this office?

25 years ago I went to Grand Central for 700 nights in a row to help feed the homeless. While they appreciated the sandwiches what they said they really needed was "a room and a job to pay for it." I listened and have worked hard everyday since to deliver for them the opportunity to transform their lives through work. As Mayor, I will do the same for all the people of NYC.

# Jack D. Hidary

Mayor (JE)

**Party Enrolled In:** None

**Current Occupation:** Entrepreneur

**Previous Occupation(s):** Chairman and CEO of Dice.com (NYSE: DHX)

**Education:** Studied at Columbia University, Stanley Fellowship in Clinical Neuroscience at the National Institute of Health (NIH)

**Organizational Affiliations:** XPrize.org, Google X Labs, National Renewable Energy Lab (NREL), Clinton Global Initiative (CGI), East Side Community High School

**Prior Public Experience:** None

As an entrepreneur, I have the unique experience needed to grow New York's economy. My first company, Dice.com, has connected more than five million people to their jobs. As a Brooklyn native I believe that we must create economic opportunity not only in the five boroughs.

## 2. What other important issues would you address if elected?

For NYC to continue to grow, we also need great schools, a safe city and affordable housing. A great education is the key to every child's future, but our schools are failing too many of our kids. Having spent years working in education, my plan will innovate the classroom experience and deliver job-ready graduates. A safe city is key to maintaining a record 52 million tourists coming to New York each year and fueling our economy. Finally, affordable housing is critical to keeping low and middle-income families in NYC who are being squeezed out by the high cost of living.

## 3. What makes you the best candidate for this office?

I am not a career politician. I am an entrepreneur who has launched and run several successful business including the nation's leading IT job website, which is a publicly listed company. My strong management experience, combined with my work in schools and low-income economic development has prepared me to lead NYC into an exciting future.

Reprinted as supplied by the candidate. Participating in the Campaign Finance Program.

## 1. What is the most important issue in the city you would address if elected?

Too many New Yorkers are out of work, or are struggling to make ends meet with low-paying jobs. NYC has an unemployment rate of over 9%, which is higher than the national average. My five-point plan will create thousands of new jobs in NYC and provide training for New Yorkers to upgrade to high-paying positions.

I have been a CEO for over 40 years and am the only candidate who is qualified to manage the \$70 billion organization that is our city. I grew up on 135th Street in Harlem and have never forgotten where I came from. I have raised millions of dollars for education and I am running for mayor because I believe that every New Yorker deserves the opportunities I had.

### 1. What is the most important issue in the city you would address if elected?

Offering free 1-year training to all NYC residents (high school seniors, and for all adults, in an adult education program) to enable graduates to obtain jobs anywhere in the US at \$25-60/hr (or \$80-\$100/hr as independent contractors). New internet and computer technology require public schools to change their curriculum to enable NYC residents and small businesses to obtain good jobs, have small business opportunities, and prosper. Curriculum at [carlperson.com/resume03](http://carlperson.com/resume03)

### 2. What other important issues would you address if elected?

Reduced business regulation. Financial transparency with all payments fully disclosed in a website. Workable public campaign financing. Free public transportation (paid from resulting revenues).

### 3. What makes you the best candidate for this office?

I've had 50 years of experience in small business and career-oriented education, and understand the education program needed in NYC to create good paying jobs for NYC's residents. To solve the economic problems for most NYC residents, we should create good jobs first, then worry about college.

## 2. What other important issues would you address if elected?

## 1. What is the most important issue in the city you would address if elected?

The Socialist Workers Party candidates are setting an example for workers of the need to break from the Democratic, Republican, and other capitalist parties, and set a course for independent working-class political action.

The most important issue in the city, and the country, is unemployment. The division in the working class between those working and those not can be overcome by the labor movement fighting for a government-funded public works program to put millions

to work building affordable housing, child care centers, and other things that workers need

## 2. What other important issues would you address if elected?

For working-class unity. Stop the deportations. For a big raise in the minimum wage. Organize the unorganized into fighting unions.

Free the Cuban 5. Five Cuban revolutionaries jailed in the U.S. since 1998 on trumped-up charges of "conspiracy" for gathering information on activities of Cuban-American counterrevolutionary groups operating on U.S. soil with impunity.

Defend a woman's right to choose abortion. No to Washington's wars. For withdrawal of all U.S. troops from Afghanistan, Korea, Guantanamo and elsewhere in the world. Eliminate stop and frisk. I have joined protests demanding prosecution of the killer of Trayvon Martin.

## 3. What makes you the best candidate for this office?

I am the mayoral candidate for the only workers party in the election -- the Socialist Workers Party. I walked the picket line and marched with Amalgamated Transit Union Local 1181 during the school bus drivers and matrons strike last winter. I have a decades-long record of participating in union strikes and struggles against attacks by the bosses and their government.

My top priority will be to fight for a great education for all our children. ### 3. What makes you the best candidate for this office?

## Daniel Squadron

**Public Advocate (D)**

**Party Enrolled In:** Democratic

**Current Occupation:** State Senator

**Previous Occupation(s):** See below

**Education:** Yale University

**Organizational Affiliations:** N/A

**Prior Public Experience:** Before my election in 2008, I served as a top aide to US Sen. Chuck Schumer and co-authored his book. I also worked to secure \$3 billion for our transit system and move money from the bureaucracy to our public schools.

### 1. What is the most important issue in the city you would address if elected?

I'll fight to make our city more livable and affordable so more people can make a life here, especially the most vulnerable.

### 2. What other important issues would you address if elected?

As a new father, I want every child to have the opportunity for a better future. I've fought for more funding and accountability in public schools, and will make sure parents have a voice, the city protects kids in foster care, and no child goes to bed hungry. I wrote legislation that banned military-style assault weapons like the one used in Newtown. I have a perfect 100% record on gun control, standing up to the NRA. I'll fight to get illegal guns off our streets and keep New Yorkers safe. When Sandy struck, I set up relief sites and delivered food to stranded seniors and others in need. I fought for tax relief for homeowners who lost everything. As Public Advocate I'll make sure we're safe and prepared for the next disaster.

### 3. What makes you the best candidate for this office?

I have a proven track record of getting results for everyday New Yorkers - fighting corruption, writing landmark new gun laws, and advocating for affordable housing, parks, and public transportation. I'll make the Public Advocate's office a more effective force for children, seniors, and regular families who need a voice. I'm endorsed by Chuck Schumer, both former Public Advocates, and leaders around the city.

Adoptee Rights, Affordable Housing, Consumer Rights, Ecological Wisdom, Grassroots Democracy, Higher Education, Mass Transit, Nonviolence, Public Health, and Social Justice.

### 3. What makes you the best candidate for this office?

I'm not a career politician, I'm a lifelong resident of New York City that was born in Flushing, raised in Harlem, matured in Hells Kitchen and currently living in Park Slope. During the past 30 years I have maintained leadership roles in military, corporate and internet technology jobs while doing whatever I could in my free time to help promote a secure, sustainable future. As the Green Party candidate for Public Advocate I pledge to serve as the people's watchdog over the mayor and city government because I feel having someone from outside the major two party system will be helpful for a true democracy.

### 1. What is the most important issue in the city you would address if elected?

Housing has been a major issue for New Yorkers. From overcrowded shelters, outrageous rent hikes, and now Hurricane Sandy our City needs a strong Advocate who will deal with the shortage of affordable housing dead on. I believe every citizen of this City should have a place to lay their heads and a stable place to call home.

### 2. What other important issues would you address if elected?

Infrastructure and storm preparedness needs to become a priority for our City, we need to have a clear solution to protect our shores and minimize the damage done by natural disasters. Education reform needs to also be a top priority for the Advocate, we are not in a position to just sit back on our laurels and watch our students revert back into old systems and patterns. Our aim should be to keep the momentum of educational achievement and excellence going from this current administration to the next. Our youth are losing an uphill battle, with little to keep them occupied, they are turning to gangs, drugs, and crime. We need a solution.

### 3. What makes you the best candidate for this office?

I've suffered loss and understand the needs of the people of the true meaning of being an advocate. I believe I not only bring a unique style of leadership to the office, but I know what the people need and require, because I have been in their shoes.

### 2. What other important issues would you address if elected?

One important priority is joining the campaign to free the Cuban Five — Gerardo Hernández, Ramón Labañino, Antonio Guerrero, Fernando González, and René González — Cuban revolutionaries framed up in 1998 on conspiracy charges. All but one remain in U.S. prisons today. The Five were gathering information on activities of Cuban-American counterrevolutionary groups operating on U.S. soil with impunity. Their case has been winning growing support. They are an example of the kind of men and women who made and have defended the Cuban Revolution for over five decades and that will build a revolutionary party that can help lead a working-class fight for political power here.

### 1. What is the most important issue in the city you would address if elected?

Workers are facing everywhere the consequences of the deepening worldwide economic crisis of the capitalist system — the assault on our working conditions and standard of living. To cut across the competition and divisions fostered by capitalism, and build the working-class unity and political strength that is necessary to fight back against the propertied rulers, the Socialist Workers campaign calls for:

A massive government-funded public works program to provide millions of jobs building affordable housing, hospitals, child care centers and other things workers need.

### 1. What is the most important issue in the city you would address if elected?

I will work tirelessly to ensure the City's fiscal health and safeguard every tax dollar. I will aggressively examine city spending, rooting out waste and inefficiency. I will work to grow our pension funds through responsible investments and strengthen oversight of city contracts to prevent fraud and abuse.

### 2. What other important issues would you address if elected?

I will bring new standards of transparency and accountability to government, as I have done throughout my career in public service. From critical oversight of the city budget to auditing agency performance, I will ensure government is working in the best interest of tax payers. I will work to diversify our economy and create jobs for middle class and working families in all five boroughs by finding new ways to support growth opportunities.

### 3. What makes you the best candidate for this office?

Throughout my 20 years in public service, I have been a progressive, reform Democrat who has achieved real results. As Borough President, I exposed out-of-control city spending on outside consultants that cost New Yorkers millions. I uncovered serious failures by the Department of Education in forecasting student enrollment, spurring the construction of badly needed new schools. In a victory for tenants, millions of dollars were secured to repair elevators in public housing after I exposed that 75 percent were failing inspections. As Comptroller, I will bring this same integrity, independence and commitment to standing up for the people of this City.

### 1. What is the most important issue in Queens you would address if elected?

We need to make Queens a great place for middle-class families to live, work and raise a family. That means **creating good jobs in all parts of Queens** by revitalizing vacant industrial areas, **making sure we have high-performing schools and homes that are affordable** for seniors and middle-class families.

### 2. What other important issues would you address if elected?

Smartly rebuilding in the aftermath of Hurricane Sandy will have to be a top priority, so our communities are prepared for the next storm. We also need to **make sure our streets are safe** by reducing gangs and gun violence, **giving kids good after-school options** and **reforming current stop-and-frisk policies** to make them effective and fair. Finally, I will use my experience as Chair of the Council's Land Use Committee to **create more affordable housing** while preserving the character of our neighborhoods.

### 3. What makes you the best candidate for this office?

As someone who was born and raised in Queens, **I'm deeply connected to our borough and happy to be raising my two young boys here.** I've served in City and State government, and worked as Director of Community Boards under Borough President Claire Shulman. **I am dedicated to bringing Queens' varied communities together, finding common ground and delivering progressive solutions that work.**

### 1. What is the most important issue in Queens you would address if elected?

As Borough President it is the responsibility of that position to advocate for the people and champion the causes that will provide a better quality of life for all residents.

**Queens is the window to NYC**, as such, I would advocate for better roads, a program of continued beautification throughout the borough. I would advocate for parks and recreational areas with increased activities for our children throughout our borough.

### 2. What other important issues would you address if elected?

As Borough President you are the Salesman of the borough. It is important to sell the borough to prospective businesses that may want to open up offices in many of our currently vacant buildings. We must also work very hard to gain the resources necessary from the city to improve to quality of education in our borough. **By 2020 we will have the greatest number of enrolled students than any other borough.** If we don't make the right decisions now we will have failed our children.

My experience as a successful leader, my 30 plus years of professional success in the Technology field, my experience and knowledge of Healthcare and the urgent need we have as a borough to establish world class facilities to our residents. **Peter F. Vallone Jr.**  
**Queens Borough President (C)**

As Chair of the Public Safety Committee in the City Council, I worked closely with NYPD Commissioner Ray Kelly to drive crime down by 35% and to take on terrorists, sex offenders and graffiti vandals. As Borough President, I vow to continue fighting to make Queens the safest borough in the safest city in the country.

**2. What other important issues would you address if elected?**

Right now, our small businesses and homeowners are under attack by the city government. Our stores and restaurants are fined for no reason. Our property taxes and water rates continue to climb. In the City Council, I have passed laws to help our small businesses and have been one of the few members to vote against property taxes. As Borough President, I will continue to protect the homes and businesses that are the lifeblood of Queens.

**3. What makes you the best candidate for this office?**

I am the only Democratic candidate in the race who has actual experience both keeping people safe and running a small business. I started my career as a prosecutor and later ran my family's small law firm for 10 years. Government service is noble, but we need leaders with the outside experience and perspective to truly protect what matters to Queens middle class families. Queens voters can trust me because I have been there and understand what's truly important to them.

#### 1. What is the most important issue in Council District 19 you would address if elected?

My top priority is improving educational equality and outcomes for our children by increasing parental, community and educator input in policy planning, stopping overcrowding in our schools, and reducing the misguided reliance on high-stakes testing.

#### 2. What other important issues would you address if elected?

Other priority issues include protecting our neighborhoods from corporate over-development, cutting taxes for middle-class families, securing more funding for our senior centers, parks and libraries, and banning all outside income and employment for Council Members to end the cycle of pay-to-play corruption.

#### 3. What makes you the best candidate for this office?

I was born and raised in Northeast Queens and have spent my entire life working to make the only place I have ever called home a better place to live, work and raise a family. With a decade of experience working in the city, state and federal government, I know what it takes to improve our schools, protect our neighborhoods, improve senior services, and build an economy that produces jobs and reduces taxes for working families.

### Paul A. Vallone 19th City Council District (D, I)

**Party Enrolled In:** Democratic

**Current Occupation:** Managing Partner of Vallone & Vallone, LLP

**Previous Occupation(s):** N/A

**Education:** JD, St. John's Law School Class of 1992; BA, Fordham University Class of 1989

**Organizational Affiliations:** Pres. of the Clinton Democratic Club, First Pres. & founding member of the Bayside-Whitestone Lions Club, counsel & Bd. Member to Auburndale Soccer Program & St. John's Preparatory School, Community Board 7 Member, Queens County Bar Assoc., Knights of Columbus #569, St Andrew Finance Committee & Co-Pres. of the Men's Guild, Scholarship Chairman of Kiwanis & Judge Vallone Scholarship Program, Dir. of Queens Folk Group and CYO Soccer Coach

**Prior Public Experience:** NYC Board of Corrections

#### 1. What is the most important issue in Council District 19 you would address if elected?

We must reclaim our local council office and recreate the bond of accountability and trust. Once we restore and unite the district we must fight to protect and preserve our quality of life while remaining safe in our homes. We must support our local precincts as well as all of our NYPD, FDNY and all emergency services. The restoration and increase of the size of our police force while expanding local police resources within our community.

#### 2. What other important issues would you address if elected?

The demands our small businesses face have forced this critical component our local economy to the brink of closing. I will stand with my fellow small businesses against unfair regulations, abusive fines, and work with the city to develop tax-free zones and zero percent loans to new businesses to help with the start up costs that prevent many new businesses.

#### 3. What makes you the best candidate for this office?

As a father, husband, and small business owner in our community, I have worked hand in hand with my community's organizations. As a member of the Community Board 7, first Pres. and founding member of the Bayside-Whitestone Lions Club, Pres. of the Clinton Dem. Club, CYO soccer coach, counsel and board member of the Auburndale Soccer Club, has helped me every day to stand with our community and fight for issues that effect all of us.

## Dennis Saffran

### 19th City Council District (R, C, REF)

**Party Enrolled In:** Republican

**Current Occupation:** Attorney

**Previous Occupation(s):** Director, Center for the Community Interest, a public interest group that supported Rudy Giuliani's anti-crime and quality-of-life reformst

**Education:** NYU Law School JD; Harvard Univ BA; Forest Hills HS

**Organizational Affiliations:** Vice Pres. Douglaston Civic Ass'n

**Prior Public Experience:** See above

#### 1. What is the most important issue in Council District 19 you would address if elected?

The most important issue in District 19 is preserving and enhancing our special quality of life in Northeast Queens. This includes: **Maintaining Educational Quality.** I will work to maintain high standards and adequate funding in School Districts 25 and 26, and to defend the city's specialized high schools against an NAACP legal complaint that would water down merit selection. **Restricting overdevelopment.** I support downzoning and will fight large commercial and residential projects that

[www.saffran2013.com](http://www.saffran2013.com) | [f](#) Saffran2013 | [t](#) Saffran2013

would drain our resources and change the character of our communities. **Keeping the streets safe.** We must continue the policies of Mayors Bloomberg and Giuliani and Police Commissioner Ray Kelly that have kept our neighborhoods safe and turned our city around.

#### 2. What other important issues would you address if elected?

I strongly oppose the City Council bill to allow noncitizens to vote. I support immigration but believe it is American citizenship that binds us together as a nation of immigrants and that this bill is an attack on the idea of citizenship. I also strongly support "Stop & Frisk." Of course these stops must be respectful and civil. But the bottom line is they get guns off the streets and save lives - typically the lives of poor and minority children.

#### 3. What makes you the best candidate for this office?

I am the best candidate for this job because of my leadership in the fight for the neighborhood quality-of-life and anti-crime reforms that made New York a better place, and my devotion to restoring honesty in government. As a civic leader I worked to uphold Megan's Law and to get guns out of schools, porn shops out of neighborhoods and the mentally ill of the sidewalks and into treatment. And now, when scandal has tarred both parties, I want to restore the bipartisan tradition of integrity set by two of my political mentors and heroes, Sen. Frank Padavan and Assemblywoman Nettie Mayersohn, and to work as hard as they did for our communities.

## General Election | City Council District 20

## Peter A. Koo

### 20th City Council District (D, C)

**Party Enrolled In:** Democratic

**Current Occupation:** Council member

**Previous Occupation(s):** Peter Koo is a Pharmacist who founded and became CEO and President of the Starside Pharmacy chain

**Education:** University of New Mexico - College of Pharmacy, where he earned a Bachelors of Science degree

**Organizational Affiliations:** Peter Koo was an active member of Community Board 7, rhe has served as an advisor of the Queens General Hospital Community Advisory Board; Treasurer, Founder and Trustee of the LaGuardia Community College Foundation; the Flushing Lions Club, Flushing Rotary Club and the American Cancer Society.

**Prior Public Experience:** Served in the New York City Council for four years

#### 1. What is the most important issue in Council District 20 you would address if elected?

During my first term in office I have worked tirelessly to help promote real positive change and have fought to bring necessary services and funding to our community.

[www.peterkoo.com](http://www.peterkoo.com)

I am proud to announce that my office has resolved over 6800 community-based complaints and has secured over \$15 million in City funding for our district thus far. In my first term, I have worked with my fellow elected officials and community leaders to remove illegal commuter buses from our streets, secure funding for much needed security cameras in downtown Flushing, provide free flu shots to those in need, sponsor numerous educational workshops and community events and implement new traffic signals and controls to make our streets safer for motorists and pedestrians alike.

#### 2. What other important issues would you address if elected?

More needs to be done to improve traffic conditions, assist small business, help seniors get the services they deserve, enhance the education experience for students, improve public safety and continue improving the overall quality of life for all residents.

#### 3. What makes you the best candidate for this office?

I will continue to strive to improve our quality of life here in the district, to fight for needed capital projects and to protect vital services. I am proud to have the opportunity to serve you and your interests in the New York City Council and look forward to working with my colleagues to achieve wonderful things for the people of New York City.

## Evergreen C. Chou

### 20th City Council District (G)

**Party Enrolled In:** Green Party

**Current Occupation:** Ultrasound Technologist since 1989

**Previous Occupation(s):** Restaurant worker

**Education:** Bachelor of Science from SUNY: Downstate Medical Center.

**Organizational Affiliations:** Flushing CSA (Community Supported Agriculture); Boy Scout of America; Evergreen Community Garden; Flushing Greens

**Prior Public Experience:** Member of Neighborhood Advisory Board (NAB 7)

#### 1. What is the most important issue in Council District 20 you would address if elected?

The gentrification of Flushing, and the lack of affordable housing. When I first ran for city council it was a big problem, and it's only gotten worse. Candidates have begun to add affordable housing to their speeches, but hundreds of luxury units have been built instead. Many of them sit empty and rusting as owners seek buyers out of state and even out of the country since few Flushing residents can afford them.

[www.voteevergreen.info](http://www.voteevergreen.info)

#### 2. What other important issues would you address if elected?

There are many jobs in Flushing, but the pay is too low to provide a decent standard of living. Residents are being priced out of both residential housing and commercial real estate. Families that start new businesses find themselves with continuously rising rents. If we cannot get living wage jobs in Flushing; then we need to have laws that will help renters and homeowners stay afloat. We must end the notion that banks are too big to fail and we the people are too small to save.

#### 3. What makes you the best candidate for this office?

I know the needs of workers and the middle class; that's what I am. Most local candidates are business people who know only of the bottom line. When it comes to housing, education, jobs and health care, we cannot make choices based on what is most profitable for big business. We must provide what is most needed by the community, and I have faith that the people of the community will thrive given the right opportunities. I will not give away t-shirts; or treat you to expensive meals at the most expensive restaurants in Flushing as I campaign. But I will do all I can to see that you will get an honest day's pay for an honest day's work after I am elected.

## Sunny Hahn

20th City Council District (REF)

**Party Enrolled In:** Republican

**Current Occupation:** Retired

**Previous Occupation(s):** Human rights specialist

**Education:** BA, MM

**Organizational Affiliations:** I resigned from various organizations in order to run for a public office.

**Prior Public Experience:** Too many to mention. All my life I was devoted to serving people and communities I belonged. Latest one was that I served and retired from the NYC Commission on Human Rights as the first and only Korean Community Organizer and served as a community aide for Senator Frank Padavan and served as Advisor to the Korean American Association of Queens, and served as the president of my condominium in downtown Flushing. Also served as a non-voting member of the Flushing BID board for several years.

### 1. What is the most important issue in Council District 20 you would address if elected?

Uncontrolled development

### 2. What other important issues would you address if elected?

Sensible developments with long term benefits, Public transportation, Flushing High School improvement, protection of small businesses near municipal Parking Lot 1.

### 3. What makes you the best candidate for this office?

Because I am the best and the brightest. We need a candidate with the highest integrity and moral rectitude, to do the right things and good things for the people of the district, Queens and NYC. Moral rectitude has to be combined with the highest intelligence. Without intelligence you won't be able to understand all the complexity of the needs and potential of the district you want to represent and lead.

I grew up in this neighborhood, and I have a story for every corner. Now that I'm raising my own family here, I want to ensure that this is the best neighborhood in the city. **Previous Occupation(s):** Residential & Commercial Accounting at PCV/ST, Mailorder & Direct Marketing at TVT Records, Interned at Crosswalks TV (predecessor to NYC TV) for programs related to the 1992 Democratic National Convention, retail and food services.

**Education:** Associates Degree, Queensborough Community College, Radio/TV Broadcasting certificate, Center for the Media Arts

**Organizational Affiliations:** Queens Republican Party, Frank Kenna Republican club of Astoria, New York Young Republican Club.

**Prior Public Experience:** None

### 1. What is the most important issue in Council District 22 you would address if elected?

Public safety continues to be the number one issue for Astoria and all of New York. As councilman, I will continue to make public safety our number one concern, because it affects where we live, how we live, our local businesses and public spaces and every day quality of life issues.

### 2. What other important issues would you address if elected?

Other issues that concern me are quality of life issues, parks and open spaces, traffic patterns and public transportation matters, Mt Sinai hospital and the proposed expansion, regulations and taxes that affect local businesses, zoning and available housing concerns, education, emergency preparedness and of course our current city tax structure and the unnecessary growth of government agencies.

### 3. What makes you the best candidate for this office?

Two reasons: I am not a career politician and I am not a lawyer. I am an outsider. I am more like the average voter who gets concerned on issues that affect me on a day-to-day basis. I've had my difficult financial times and personally paid my way through school from the age of sixteen and on. I understand that the money we deal with is your money, not ours to do as we please, so every effort should be made to make sure funding is done transparently and with community input and awareness.

I would further serve our community by continuing to expand opportunities for affordable senior housing, promoting Work-Study Programs in our area, and fighting to alleviate taxes upon homeowners by taking city waste to task.

As a fourth generation Astorian, I know what works for our community and what doesn't. I take extreme pride in my neighborhood and all of its diverse members. I will always fight to keep our home beautiful, safe, and flourishing. I have spent over 20 years dedicating my time to the youth of Astoria, Long Island City and Jackson Heights. I have volunteered many hours per week, sometimes more than a full time job would require. ### 1. What is the most important issue in Council District 22 you would address if elected?

Sustainable development. Improved waterfront access is great but let's retain some of our industrial zones and invest in green manufacturing jobs. Two proposed developments along the East River could add 11,000 new residents.

These plans must address our already over-burdened schools, hospitals, transit system, sewers and electrical grid. A multi-purpose, multi-generational community center will provide needed educational and recreational opportunities for all.

### 2. What other important issues would you address if elected?

Asthma, diabetes and obesity are on the rise, and our city is still recovering from Hurricane Sandy. We need to ensure access to healthy food and increase our bus and bicycle network. Planting rain gardens in vacant lots will reduce storm water runoff and increase green space. Improving energy-efficiency of our buildings will save money, improve indoor air quality and create good, green jobs that can never be shipped overseas.

Libraries, senior centers, and after school programs must be adequately funded, and our parks deserve a dedicated revenue stream. Expanding recycling, reuse and composting programs will save millions of dollars! Finally, we need to reform our election systems to remove barriers to participation.

### 3. What makes you the best candidate for this office?

I'm an independent community organizer with experience working in government. I offer practical solutions for clean, green neighborhoods and thriving small businesses.

**Education:** BA, English Literature, Cleveland State Univ., Cleveland, OH, 1985; MA candidate and teaching asst., English Literature, Case Western Reserve University, Cleveland, Ohio, 1986-87

**Prior Public Experience:** Treasurer, Green Party Office in Manhattan, 2004-present; State Cmte Member, Green Party of NY State

### 1. What is the most important issue in Council District 22 you would address if elected?

The big problem in New York City today is that very rich people have so much power that they are virtually above the law. That's a disaster for democracy and we have

to do something about it.---Two years ago I filed a complaint against 2009 mayoral candidate Michael Bloomberg. It appears that in October 2009 the Mayor failed to report an expenditure of \$1.2 million for an Election Day operation. A common-sense reading of the Campaign Finance Act suggests that failing to report this expenditure before the election was a violation of the law. Last year, one of four members of the Campaign Finance Board voted to keep the complaint open and continue the investigation.---This is only one example of elected officials apparently breaking the law and getting away with it. If elected, I will do everything I can to end that injustice and turn things around.

### 2. What other important issues would you address if elected?

I support all four bills of the Community Safety Act. Obviously police officers must detain and search suspects when they have probable cause to believe a crime is being committed. But the current Stop & Frisk policy is essentially racist and discriminatory against New Yorkers in low-income neighborhoods and must be ended.---I have long called for popular election of the members of our Community Boards and the expansion of the number of tenants' representatives on the Rent Guidelines Board.

### 3. What makes you the best candidate for this office?

The city needs a big change. It needs a lot more democracy. I can do more on that score than any other candidate.

## General Election | City Council District 23

# Mark S. Weprin

## 23rd City Council District (D)

**Party Enrolled In:** Democratic

**Current Occupation:** City Councilman of the 23rd District

**Previous Occupation(s):** Assemblyman of the 24th District

**Education:** Communications degree from SUNY Albany, Law degree from Brooklyn Law School

**Organizational Affiliations:** District Leader for Eleanor Roosevelt Club

**Prior Public Experience:** Former secretary to the Majority Conference, New York State Assembly, District Leader in AD24

### 1. What is the most important issue in Council District 23 you would address if elected?

My top priorities include the provision of a high-quality education for all New York City children and ensuring that the Department of Education includes parents in the discussions about their child's education. We have to shift the focus to real learning by limiting the influence of standardized test preparation on our children's education.

### 2. What other important issues would you address if elected?

Other important issues to me include open government, which creates a dialogue between the public and elected officials. I want to foster the conversation between the community and its leaders. I will continue with programs such as participatory budgeting, which allows the community to choose local capital spending projects to be funded in City budget.

### 3. What makes you the best candidate for this office?

I am proud of my nineteen years of service in state and local government, and I have always felt honored to represent one of the most diverse districts in the country. I will continue to use my position to bridge the gaps among communities and make District 23 one of the strongest in the city.

## 1 | Get Your Ballot

- » Go to your designated poll site, sign in, and get your paper ballot and voter card from the poll worker.
- » A privacy sleeve will be provided to shield your ballot from view after you have marked it.
- » Go to the privacy booth or request to use the ballot marking device (BMD).

2

## 2 | Mark Both Sides of Your Ballot

- » Mark your ballot by completely darkening the oval next to your choice using the pen provided.

### Correct

### Incorrect

- » Do NOT use an "X" or a "✓", circle the oval, or make stray marks on the ballot.
- » For a write-in candidate, fill in the appropriate oval and write in the candidate's name.
- » Do NOT fold your ballot.

3

## 3 | Scan Your Ballot

- » Take your ballot and voter card to the scanner area.
- » Select your language of choice by touching the corresponding button on the screen.
- » Insert your marked ballot into the scanner to cast your vote. The scanner accepts ballots in any direction and reads both sides. The scanner will notify you when your vote has been cast.

## Using the Ballot Marking Device (BMD)

### The BMD provides two ways for voters to access the ballot:

1. See the ballot on the display screen.
2. Listen to the ballot through audio headphones.

### The BMD provides four ways for voters to mark the ballot:

1. Touch Screen
2. Key Pad (Braille)
3. Sip & Puff Device
4. Rocker Paddle

### Follow these steps to mark your ballot using the BMD:

- » Decide how you will access and mark the ballot.
- » Insert your ballot into the feed tray.
- » Select your preferred language.
- » The BMD will guide you through the process of making your choices and reviewing your selections.
- » To change a selection, select the contest or issue you would like to change and reselect the proper choice. Select "NEXT" to return to the summary screen.
- » Select "Mark Ballot" to print your marked ballot.
- » Take your printed ballot and voter card to the scanner area.
- » If you would like assistance inserting your ballot into the scanner, a poll worker will assist you.

## Important Notes and Solutions to Common Problems!

### Remember...

#### Turn your ballot over!

There may be candidates and/or ballot proposals to vote for on the back.

#### Be sure to vote for every office and every ballot question.

The scanner will not tell you that you failed to mark an oval for one or more races or ballot questions. This is called "undervoting." Look your ballot over carefully before you scan it. Be sure you voted for every race and every ballot proposal. Once the scanner accepts your ballot, you will not get a second chance to vote.

#### Fill in the oval completely.

Do not use "X" or "✓" or circle the oval.

#### Vote for only one person unless instructed otherwise.

In the first column of each row, the ballot will say how many choices you have. In most cases, it will say "Vote for ONE", but in some cases it may say "Vote for any TWO", "Vote for any THREE", etc. Please read the ballot carefully so you do not overvote or undervote.

#### You can vote for a write-in candidate.

If you want to vote for a candidate who is not listed on the ballot, you must:

- (1) completely fill in the oval in the area provided for write-in candidates and
- (2) write or stamp the name of the candidate in that same box.

#### There is more than one scanner at most poll sites.

Hand your voter card to the poll worker and he or she will tell you which scanner to use.

### Problems & Solutions

#### I made a mistake marking my ballot.

Do not try to erase or change your ballot. Ask a poll worker for a new ballot. Each voter can request up to 3 ballots total.

#### I "overvoted" (filled in too many ovals for a contest).

If you overvote, your vote for that office or ballot proposal will not be counted. If you realize you have overvoted before placing your ballot in the scanner, ask a poll worker for a new ballot to fill out. If you insert a ballot with an overvote into the scanner, the display screen will show an error message with two choices. Select "Don't Cast – Return Ballot", and the scanner will return your ballot so you can ask a poll worker for a new ballot to fill out. If you choose "Cast Ballot", the scanner will keep your ballot and your vote will not be counted for the contest in which you overvoted, but the rest of your choices will count.

#### The text is too small; I can't read my paper ballot.

There will be a magnifying sheet available. You can also ask to use a Ballot Marking Device (BMD) or ask a friend to help you.

### Make sure to vote on all six ballot proposals!

- » The questions may be on the **back**.
- » Vote  YES or  NO by filling in the correct oval completely for each question. Go to pages 22-23 to learn more about the ballot proposals.

# New York State Ballot Proposals

On November 5th, you will also be voting **YES** or **NO** on six ballot proposals to amend the New York State Constitution. For each proposal, we have provided the official text of the ballot question; a summary describing it; and reasons to vote yes or no, which were prepared by the CFB based on media coverage and other public commentary and do not necessarily reflect all the reasons to support or oppose each proposal.

For “**pro**” and “**con**” statements from organizations and individuals who support or oppose each proposal, visit the online Voter Guide at [www.nyccfb.info/voterguide](http://www.nyccfb.info/voterguide).

## Proposal 1 | Authorizing Casino Gaming

The proposed amendment to section 9 of article 1 of the Constitution would allow the Legislature to authorize up to seven casinos in New York State for the legislated purposes of promoting job growth, increasing aid to schools, and permitting local governments to lower property taxes through revenues generated.

Shall the proposed amendment be approved?  YES or  NO

An umbrella prohibition against gambling was added to the State Constitution in 1894. The Constitution has since been amended to allow certain forms of gambling – including state lotteries and wagering on horse racing – but casino gambling remains illegal in New York.

This proposal would amend the State Constitution to permit casino gambling at no more than seven facilities statewide for the legislated purposes of promoting job growth, increasing aid to schools, and permitting local governments to lower property taxes through revenues generated. Under a law enacted by the state legislature this year, if the ballot proposal is passed, up to four casinos could be placed right away in three upstate regions: the Hudson Valley-Catskill area, the Capital District-Saratoga area, and the Southern Tier. The law prohibits additional casinos for at least seven years.

Under this law, if this ballot proposal does **not** pass, gambling would be authorized at up to four new video lottery gaming facilities.

### Reasons to Vote **YES**

- » Casinos will jumpstart the economies of economically depressed regions upstate by attracting tourists, creating jobs, and generating revenue.
- » This will generate substantial tax revenues for state and local governments. Most of these revenues would be used to finance public education and lower property taxes.
- » Casino gambling is a fun recreational activity that should be more accessible to New Yorkers.
- » Many state residents already visit casinos in neighboring states such as New Jersey and Connecticut. New York should reap the profits from New York residents’ gambling, not these other states.
- » There should be a coherent, uniform state policy with respect to casino gambling. New York already permits video lottery terminals at racetracks and has five Vegas-style casinos on Native American tribal land, as permitted under federal law.

### Reasons to Vote **NO**

- » Legalized casinos are a predatory scheme to raise money from the poor and vulnerable. They would lead to an increase in compulsive gambling, which has financial and social consequences for victims and their loved ones.
- » Casinos attract illegal activities such as forgery, fraud, theft, embezzlement, and prostitution. These and other problems caused by gambling could cost the state nearly \$400 million per year.
- » We should not permit casinos in New York before we more carefully study their potential impact. Casinos do not guarantee economic development, and sometimes have little overall economic effect.
- » Casinos in New York will not be especially profitable, and will have a limited impact on regional economies, because the Northeast has recently become saturated with casinos.

- » This proposal would have minimal short-term impact downstate because casinos would not be developed in New York City and nearby counties for at least seven years.
- » We’re always promised that new state revenues will go toward education and lowering taxes, but this never seems to happen.

## Proposal 2 | Additional Civil Service Credit for Veterans with Disabilities Certified Post-Appointment

The proposed amendment to section 6 of article 5 of the Constitution would entitle a veteran who has received civil service credit for a civil service appointment or promotion and subsequently is certified as disabled to additional civil service credit at a subsequent appointment or promotion.

Shall the proposed amendment be approved?  YES or  NO

Under the State Constitution, military veterans receive additional credit on civil service exams: 5 points for an original appointment and 2½ points for a promotion. Veterans certified as disabled receive more credit: 10 points for an original appointment and 5 points for a promotion. Currently, civil service credit for military service is applied only once – if a veteran is classified as disabled at a later date, he or she does not receive the higher amount of credit.

This proposal would allow veterans who are certified disabled after having already received credit at one appointment or promotion to receive additional credit one more time after certification of their disability. After being certified disabled, a veteran would be entitled to an additional grant of credit equal to the difference between 10 and the number of points received at the initial appointment or promotion. This would bring the total additional points of civil service credit a disabled veteran can receive to 10 for a subsequent promotion or appointment.

### Reasons to Vote **YES**

- » It should not matter when a veteran is disabled for calculating civil service credit. This proposal closes that loophole.
- » Our veterans have risked their lives for us and deserve our full support when they come home.

### Reasons to Vote **NO**

- » The civil service system already adequately compensates disabled veterans. More compensation is not needed.

## Proposal 3 | Exclusion of Indebtedness Contracted for Sewage Facilities

The proposed amendment to Article 8, section 5 of the Constitution would extend for ten years, until January 1, 2024, the authority of counties, cities, towns, and villages to exclude from their constitutional debt limits indebtedness contracted for the construction or reconstruction of sewage facilities.

Shall the proposed amendment be approved?  YES or  NO

The State Constitution places limits on the debts that may be incurred by counties, cities, towns, and villages. Currently, debts incurred between 1962 through the end of this year for the construction or reconstruction of sewage facilities are exempt from constitutional debt limits. The proposal would extend this exemption for another ten years, to include all such debts incurred through the end of 2023.

### Reasons to Vote **YES**

- » This exemption would allow cities and towns to maintain high-quality sewage systems without exceeding their constitutional debt limitations.
- » This proposal would allow municipalities to continue an appropriate financial-management practice that has been in place for over 50 years.

### Reasons to Vote **NO**

- » This proposal would allow municipalities to accumulate excessive debt that could impose crippling obligations on future taxpayers.
- » This exemption sets a bad precedent by allowing municipalities to get around debt limits. If we think the debt limits are too onerous, then we should revise the debt limits.

#### Proposal 4 | Settling Disputed Title in the Forest Preserve

The proposed amendment to section 1 of article 14 of the Constitution would authorize the Legislature to settle longstanding disputes between the State and private entities over certain parcels of land within the forest preserve in the town of Long Lake, Hamilton County. In exchange for giving up its claim to disputed parcels, the State would get land to be incorporated into the forest preserve that would benefit the forest preserve more than the disputed parcels currently do.

Shall the proposed amendment be approved?  YES or  NO

All of the state-owned land within the Adirondacks must be kept “forever wild” under the State Constitution. For more than a century, the titles to parcels of land in the town of Long Lake, Hamilton County have been in dispute, with both the state and private individuals claiming ownership. The state cannot transfer any of these parcels to a private owner without an amendment to the State Constitution. This proposed amendment would allow the state to give up its claim to disputed parcels in exchange for forest land of greater value, which would be added to Adirondack Park. The potential land exchange would occur only if the Legislature determines that the land to be conveyed to the state would benefit the forest preserve more than the disputed parcels do.

#### Reasons to Vote ● YES

- » This proposal would allow residents living on these disputed parcels to remain while adding more beneficial forest land to the Land Preserve for the public to enjoy.
- » Resolving this decades-long land dispute through the courts would be expensive; the state can potentially save these costs if this proposal passes.

#### Reasons to Vote ● NO

- » The state should not give public land to private owners.
- » According to the Constitution, this land is supposed to be kept “forever wild.” If the state gives up its fight for this land, the entire forest preserve is in jeopardy.
- » The Legislature cannot be trusted to obtain land in exchange that will benefit the forest preserve more than the disputed parcels do.

#### Proposal 5 | In Relation to a Land Exchange in the State Forest Preserve with NYCO Minerals, Inc.

The proposed amendment to section 1 of article 14 of the Constitution would authorize the Legislature to convey forest preserve land located in the town of Lewis, Essex County, to NYCO Minerals, a private company that plans on expanding an existing mine that adjoins the forest preserve land. In exchange, the NYCO Minerals would give the State at least the same amount of land of at least the same value, with a minimum assessed value of \$1 million, to be added to the forest preserve. When NYCO Minerals finishes mining, it would restore the condition of the land and return it to the forest preserve.

Shall the proposed amendment be approved?  YES or  NO

All of the state-owned land within the Adirondacks must be kept “forever wild” under the State Constitution. It is thus necessary to amend the state Constitution in order to transfer any of this land to another owner.

This proposal would permit the state to transfer title to approximately 200 acres of Adirondack Park in Essex County to NYCO Minerals, a private mining company that operates a mine adjacent to the forest preserve. In exchange, NYCO Minerals would transfer to the state at least the same quantity of land, with a minimum assessed value of \$1 million, to be added to the forest preserve. When NYCO Minerals finishes mining, the company would restore the condition of the land it received in the exchange and return it to the forest preserve.

The proposed amendment also would allow NYCO Minerals to test to determine the quantity and quality of the mineral to be mined on the land to be exchanged before the exchange occurs. It would require NYCO Minerals to give the State its test results so that the State can use them to determine the value of the land to be conveyed to NYCO Minerals. The proposed amendment also would require that if, after testing, NYCO Minerals does not want the forest preserve land, NYCO Minerals still must give the State at least the same amount of land of at least the same value of the land that was disturbed by the testing. This land would be incorporated into the forest preserve.

#### Reasons to Vote ● YES

- » Allowing NYCO Minerals to use the land could extend the life of its mine by at least a decade, saving more than 100 jobs in the area. The company’s current mine has only three more years of expected life.
- » The Forest Preserve contains the only viable mining location in the region. Other potential mining sites would be much more difficult and costly to mine.
- » The proposal would not diminish the amount of land available for the public to enjoy in the short term, and would ultimately increase the size of the preserve once NYCO Minerals returns the land it received to the State.

#### Reasons to Vote ● NO

- » This sets a bad precedent because it would be the first swap of Adirondack Park land undertaken for private commercial gain.
- » NYCO should not mine on Adirondack Park land when it could mine at an alternate site two miles away called Oak Hill.
- » Mined lands that will be returned to the Park will have suffered ecological destruction.
- » There are a number of scenarios under which NYCO Minerals might never return the exchanged land to the public trust, or might return it in a damaged state, such as if the company were to go out of business. This could make the land unsuitable for public use or require public dollars to rehabilitate.

#### Proposal 6 | Increasing Age until which Certain State Judges Can Serve

The proposed amendment to the Constitution, amending sections 2 and 25 of article 6, would increase the maximum age until which certain state judges may serve as follows: (a) a Justice of the Supreme Court would be eligible for five additional two-year terms after the present retirement age of 70, instead of the three such terms currently authorized; and (b) a Judge of the Court of Appeals who reaches the age of 70 while in office would be permitted to remain in service on the Court for up to 10 years beyond the present retirement age of 70 in order to complete the term to which that Judge was appointed.

Shall the proposed amendment be approved?  YES or  NO

Judges of the Court of Appeals — the state’s highest court — serve 14-year terms, but under the State Constitution, they must retire once they reach the mandatory retirement age of 70, even if they have not served their terms to completion. The proposed amendment would permit a Judge who reaches the age of 70 while in office to remain in service on the Court for up to 10 additional years in order to complete the term to which that Judge was appointed.

Justices of the Supreme Court – the state’s trial and appellate division courts – also must retire at age 70 under the Constitution, but are permitted to serve up to three two-year terms after they reach retirement age if their services are needed and they are deemed competent to perform the full duties of the office. This proposal would permit Supreme Court justices to serve two additional post-retirement terms, also allowing them to serve until age 80.

#### Reasons to Vote ● YES

- » The current mandatory retirement ages were set in 1869. Considering that life expectancy is now much higher and many senior citizens lead active and healthy lives, it no longer makes sense to force judges to retire at age 70.
- » This proposal will allow the most experienced judges to remain on the bench. Older judges may be more effective than younger judges due to their experience and the fact that their decisions may be less influenced by personal career prospects.
- » Four current members of the U.S. Supreme Court are over 70, and have showed no signs of slowing down. If these judges sat on New York State’s highest court, they would have already been forced to retire.

#### Reasons to Vote ● NO

- » We need younger and more diverse judges to bring a fresh perspective to the courts – not older judges serving longer.
- » This proposal could result in judges serving after they are no longer mentally or physically capable.
- » All judges in New York State should be subject to the same mandatory retirement age. This proposal creates a two-tiered system where statewide judges can retire later than judges in local and specialized courts, whose current retirement age of 70 would be unaffected.

## New York City Campaign Finance Board

is a nonpartisan, independent city agency that enhances the role of New York City residents in elections. The CFB's mission is to increase voter participation and awareness, provide campaign finance information to the public, enable more citizens to run for office, strengthen the role of small contributors, and reduce the potential for actual or perceived corruption.

The CFB's NYC Votes campaign promotes voter registration, voting, and civic engagement through community outreach and partnerships with public and private organizations. For information on programs and events for potential voters, call 212-306-7100 or visit [www.nycctfb.info/nycvotes](http://www.nycctfb.info/nycvotes).

The CFB enforces the Campaign Finance Act, which sets limits and restrictions on campaign contributions to candidates for local office. Candidates are required to disclose exactly where their contributions come from and how the money is spent. The CFB also collects and discloses information about independent expenditures in local elections. The CFB makes this information public on its website, [www.nycctfb.info](http://www.nycctfb.info). Candidates must also abide by "Doing Business" restrictions aimed at reducing the perception of "pay-to-play" in local government. Candidates have the option of joining the voluntary Campaign Finance Program, which provides public matching funds to qualified candidates who agree to abide by strictly enforced spending limits. The public matching funds program allows candidates with sufficient public support to run competitive campaigns without seeking out large campaign contributions or relying on personal wealth.
