HEALTH DEPARTMENT, No. 301 MOTT ST., NEW YORK Sept. 9, 1873. Mr. Joseph C. Pinckney, Clerk of the Board of Aldermen, New York City.

SIR—In compliance with section 112, chapter 335, Laws of 1873, and by order of the Board of Health, I forward herewith to the Board of Aldermen a duplicate of the departmental estimate of the expenditure required in the Health Department for the year 1874. Very respectfully, yours, etc., EMMONS CLARK,

Secretary HEALTH DEPARTMENT, CITY OF NEW YORK.

Departmental Estimate of Expenditure required in the Health Department, with the objects there-of in detail, for the year eighteen hundred and seventy-four, including a statement of each of the salaries of the officers, clerks, employes and subordinates of said Department, in compliance with Section 112, of Chapter 335, of the Laws of 1822. of 1873 :

C.......... \$179,250

This estimate provides for the ordinary ex-penses of the Board and for such special work as has been found necessary during the present summer. Should a serious epidemic actually make its appearance in this city during the year 1874, it would be necessary to establish hospitals, and to incur other incidental expenses. In that were additional emperprinting would be required case additional appropriations would be required, unless the Board of Estimate and Apportionment should think proper to provide at this time for such contingency by an appropriation as a reserve fund.

Approved by the Board, August 29, 1873. C. F. CHANDLER, President. EMMONS CLARK, Secretary.

The following communication was received from the Clerk of the Common Council :

		OFFI	ICE	OF	
TEDE	OF	THE	Co	MION	COUNCI

### No. 8 CITY HALL, NEW YORK, August 23, 1873.

And. H. Green, Esq., Comptroller (tor Board of Estimate and Apportionment):

Estimate and Apportionment): SIR:—In reply to Circular No. 14, from your Department, requiring from me, for the Board of Estimate and Apportionment, an estimate of the amount of expenditure for the year 1874, as provided in Section 112, of Chapter 335, of the Laws of 1873, I have the honor to submit the following: following :

Total for Board of Aldermen for 1874 ..... \$137,000 oc

The compilation and codification of the laws of the State relating to this City and County, and the Ordinances of Common Council into a Municipal Code, is rendered indispensably neces-sary by reason of the many and important changes made in the laws and ordinances since the last revision of the ordinances, by Valentine, changes made in the laws and ordinances since the last revision of the ordinances, by Valentine, in 1866, and the State laws, by Hoffman, in 1869, occasioned, principally, by the passage of the laws of 1870, to reorganize our local govern-ment, of 1871, amendatory thereof; and again to reorganize our local government, passed April 30, 1873. The Board of Aldermen, by resolution adopted May 19, 1873, have ordered the compilation of such a work, and the appro-priation of \$5,000 is respectfully asked for that purpose. purpose.

purpose. The engrossing of the proceedings of the Board of Aldermen has been neglected since the year 1866, with the exception of the year 1872, which, when I took possession of the office, Jan. 6, 1873, was six months in arrears, and which I am now endeavoring to complete, having a clerk, when not otherwise employed, engaged on the work of engrossing for that year. From January, 1866, to January, 1872, a period of six years, this work has not been performed (al-though, I am informed, an engrossing clerk reg-ularly received a salary for the supposed per-

It seems to me desirable that the break of six years in the manuscript records of this office should be closed up, as the series of which they should form a part extend back to the first establishment of a local government for this city, under the Dutch, in 1652-3. The following contains the salaries of each clerk, officer and employe in this office (Board of Aldermen):

J. C. PINCKNEY, Clerk of Common Council.

## HEALTH DEPARTMENT.

REPORT ON CASUALTIES FROM STREET RAIL ROAD CARS. The Sanitary Committee submit the following

report upon casualties occurring to persons get-ting on or off, or falling from the front platform of street cars:

The warden of Bellevue Hospital, Thomas S. Brennan, reports the following list of casualties for the year: George Egan ..... Frank Kiernan ...

Died. Run over by car while getting off front platform; laceration of thigh and leg Run over by car while getting off front platform; fractured right leg, and compound fracture of left.
Recov'd Fell, stepping off front platform of car; injury of hand.
Recov'd Fell, stepping off front platform of car; injury of form car; car went over his foot; injury of front platform of car; car went over his foot; injury of front platform.
Died. Had foot injured, stepping off front platform form chaustion.
Recov'd Fell, getting off front platform define of car; car went over his foot; injury of front platform.
Died. Had foot injured, stepping off front platform by conductor; compound fracture of arm.
Died. Fell, getting off front platform by conductor is compound fracture of arm.
Died. Fell, getting off front platform by conductor received fracture of leg getting off front platform.
Recov'd Received injury to foot by jumping off front platform.
Recov'd Received compound fracture of fracture of fuot platform.
Recov'd Received compound fracture of fracture of fuot platform.
Recov'd Received compound fracture of fracture of blatform.
Recov'd Received compound fracture of fracture of fuot platform.
Recov'd Received compound fracture of fracture of fuot platform.
Recov'd Received compound fracture of fracture of fuot platform.
Recov'd Thrown from car by conductor; received injuries.
Died. Brought from glave, to agth st; run over by car in getting off front platform.
Recov'd Thrown from car by conductor before the car was stopped; received injuries.
Died. Fell from front platform of car.
Recov'd Thrown from car by conductor are while getting off; received injuries.
Died. Fell from front platform of car.
Recov'd Thrown from car by conductor are while getting off; received injuries.
Died. Fell from front platform of car.
</ul John Pye..... John Reilly ..... Joseph Ryan.... as Finley... Carl Dasher ..... Wm. Seaman. Wm. McGrath ... Catharine Cronin James Maher... Lewis Woide ..... Jacob Downey. Thomas Farrell. . James Adams....

Wm. Justice.... May Williams... Alfred Shears....

From this table it appears that eighteen cases from this table it appears that eighteen cases of injury, occurring from falling while attempt-ing to get on or off, or pushed off the front plat-form of the street cars, were admitted to this hospital during a single year. Of these six died, giving a mortality of  $33\frac{1}{3}$  per cent. The nature of the injuries was as follows: Fracture of the thick and lear with locarition of the soft

nature of the injuries was as follows: Fracture of the thigh and leg, with laceration of the soft parts, 6, of whom 4 died; injuries of foot, 4; injury of head and arm, 2; dislocation of hip, 1; dislocation of elbow, 1; injuries, 4, of whom 2 died. Of all the injuries which the surgeon meets, none equal in severity those which occur from the crushing effect of the street cars; when the wheels traverse the limbs the parts are so crushed as to require, with rare exceptions, imcrushed as to require, with rare exceptions, im-

mediate amputation. The victims of these accidents are generally children, or laborers in a state of semi-intexicachildren, or laborers in a state of semi-initiate-tion. In endeavoring to get on or off the front platform while the car is in motion, they seize firmly the hand rail, but miss their footing, and while endeaving to save themselves from falling, the foot or leg is thrust under the forward wheel. In other instances, the platform is so crowded with passengers, that the child or intoxicated person is easily thrust aside and off the steps. To guard against these accidents, the city rail-

in such manner as to render them directly inaccessible to persons on the street, and to prevent persons already upon them from getting off or falling off.

It may be alleged that this is not a proper subject for an ordinance of this Board, as the remedy for the evil complained of is to be found in the courts, where every person suffering from these accidents can obtain redress, and that in attempt-ing to get on or off the front platform of street cars when the car is in motion, the person is him-

cars when the car is in motion, the person is him-self culpably negligent. Admitting the truth of these statements, it does not follow that this Board has no duty to perform in the premises. On the contrary, the statute expressly includes among the powers of this Board "the ordering and enforcing in the same manner as other orders are provided to be enforced \* \* the prevention of accidents by which life or health may be endangered," (last clause Sec. 12 Chap. 74, laws 1866.) In its ordinances the Board recognizes this power, and has ordained: "Nor shall any per-son omit to do any act, or to take any precau-

son omit to do any act, or to take any precau-tions reasonable and proper to prevent or remove danger or detriment to the life or health of any human being," (last clause, Sec. 8 Code of Sani-

The propriety of legislation to prevent acci-dent, by which life or health may be endangered even though such accidents could occur only through the negligence of the individual, has long been recognized. Ferry and steamboat companies are obliged to regulate their course and speed with direct reference to the safety of their processing and the safety of and speed with direct reference to the safety of their passengers. Railroad companies have to use proper precautions at street crossings to pre-vent accidents. Places of amusement, manu-factories, etc., are required to provide against accidents of every description. The Legislature of the State of Missouri seems to have fully ap-preciated its duty and its obligations to prevent the horrible and fatal accidents by street cars, now of such frequent occurrence in this city, by the following enectment, passed February 6, 1866, Sec. 10: No passenger shall be permitted to get on or off any car by the front platform while the car is in motion; and each car shall be furnished with such adjustable gate or guard as shall effectually prevent it. The committee respectfully recommend the

The committee respectfully recommend the adoption of the following ordinance: That each of the several persons and com-

panies that run or cause to be run any car drawn by horses for the transportation of passengers in any part of the City of New York do cause both the front entrances from the street upon the plat-form of the fore end of each of said cars to be form of the fore end of each of said cars to be effectually barred or closed by gate or otherwise while said cars are in motion, so as to prevent access to any portion of the said platform, or the hand-rails or the steps thereof, by any person not upon such car. NEW YORK, Sept. 16, 1873.

### BUREAU OF VITAL STATISTICS, ) September 16, 1873. To the Secretary of the Board of Health:

SIR-In the week ending on Saturday last there were 578 deaths reported. The number reported in the previous week was 635; being 57 in excess of the mortality last week. There was a marked decrease (47) in the deaths by diar-nhead disorders; and the decrease in the number of deaths of children (39) under 5 years of age is wholly due to the abatement of that class of

Diphtheria is charged with 40 deaths last week. against 24 in the week previously, and against an average of less than 5 in the five preceding years. It is just cause for special sanitary care and timely medical attention in the families that suffer from it. There were no deaths from typhus, and only 8 from the enteric or typhoid fever reported last week. Pulmonary consumption is charged with the unusual number of 89 deaths.

The mean temperature, in Central Park, was 64-50 Fahr.; the maximum was 78-2, and the range of temperature extended over 23.7 degrees. The average humidity was at 71, total saturation

The average humidity was at 71, total saturation being 100. There were 306 deaths in that portion of the population over 2 years of age. There is a little less than 16 per 1,000 yearly rate of mortality for that portion of the city population. The abund-ant supply of sound fruits and vegetables, and the improved condition of the markets of the city, seem to be associated with an unusually good state of the public health.

OTHER CITIES.—No epidemic is prevailing in any of the large cities of the United States. Cholera, which has proved very fatal in many towns and villages that were defective in their pure water supply and their sanitary arrange-ments, has done little harm in the larger cities. The death-rate in London, the last week of August, was equal to 23 per 1,000 annually ; in

WOODRUFF, Board of Assessors. OFFICE, BOARD OF ASSESSORS.]

OFFICE, BOARD OF ASSESSORS. NEW YORK, Sept. 8, 1873.

### STREET OPENING.

SUPREME COURT.-IN THE MATTER OF THE application of the Mayor, Aldermen and Common-alty of the City of New York, relative to the opening of Seventieth street, from Fifth avenue to Fourth avenue, and from Third avenue to the East River, in the City of New York

and from third avenue to commissioners of Estimate and We, the undersigned Commissioners of Estimate and Assessment in the above-entitled matter, hereby give notice to the owner or owners, occupant or occupants, of all houses and lots and improved or unimproved lands af-fected thereby, and to all others whom it may concern,

fected thereby, and to all others whom it may concern, to wit: FIRST.—That we have completed our estimate and as-sessment, and that all persons interested in these proceed-ings, or in any of the lands affected thereby, and who may be opposed to the same, do present their objections in writing, duly verified, to Cyrus H. Loutrel, Esq., our Chairman, at the office of the Commissioners, No. 82 Nassau street Room No. 24), in the said city, on or be-fore the 11th day of October, 1873, and that we, the said Commissioners, will hear parties so objecting within the ten week-days next after the said rith day of October, and for that purpose will be in attendence at our said of-fice on each of said ten days, at 12 o'clock M. SECOND.—That the abstract of the said estimate and davits, estimates and other documents which were used by us in making our report, have been deposited in the office of the Department of Public Works in the City of New York, there to remain until the 23d day of October, 1873. Thurp.—That the limits embraced by the assessment
