Introduction

Applicability

The Real Property Transfer Tax (RPTT) is imposed on the consideration for the following conveyances or transfers where the consideration exceeds \$25,000:

- conveyances of real property located in New York City, including grants, assignments or surrenders of leasehold interests;
- transfers of 50 percent or more of an ownership interest (a controlling economic interest) in a corporation, partnership, trust or other entity that owns or leases real property in New York City;
- initial transfers of shares of stock in a cooperative housing corporation located in New York City by a housing corporation or sponsor and on resales of such cooperative housing corporation stock.

The grantor (seller) is normally liable for the RPTT. However, if the grantor is exempt or fails to pay the tax, the grantee (buyer) is liable for paying it. The tax is usually paid as part of closing costs at the sale or transfer of property. For deeded transactions, the tax is payable within 30 days after the delivery of the deed by the seller to the buyer but before the deed is recorded.

The tax is based on the consideration for the real property or economic interest in the property. The consideration includes the amount of any mortgage, lien, or encumbrance on the property, whether or not the indebtedness is assumed. However, for one- to three-family houses and individual residential cooperative or condominium units, consideration does not include a mortgage or other lien that existed before the transfer and remains on the property after the transfer.

The United States and its agencies and instrumentalities and New York State and its agencies, instrumentalities and political subdivisions are exempt from the tax. However, non-exempt grantees from such governmental bodies are liable for the tax.

The following transactions, among others, are exempt from the RPTT:

- transfers by or to the United Nations;
- transfers by or to any non-profit organization formed and operated exclusively for religious, charitable or educational purposes, or for the prevention of cruelty to children or animals;
- transfers by or to a foreign government, a person acting on behalf of a foreign government, or the head of a foreign government's diplomatic mission, as long as the premises are used exclusively for diplomatic or consular purposes;
- transfers from a mere agent, dummy, strawman or conduit to his principal, or a transfer from the principal to his agent, dummy, strawman or conduit;
- transfers that effect a mere change of identity or form of ownership or organization to the extent the beneficial ownership remains the same.

1. New York State imposes a real estate transfer tax on conveyances of real property when the consideration exceeds \$500.

2. Effective on transactions in New York City starting July 1, 2019, the additional base NYS tax and supplemental NYS tax are dedicated to the Metropolitan Transportation Authority for various purposes.

3. Dedicated to the NYC Transit Authority and certain paratransit and franchised bus operators.

Residential. The RPTT rate is 1 percent of the taxable consideration if \$500,000 or less and 1.425 percent if the taxable consideration is more than \$500,000, for the following types of property:

- One- to three-family houses
- Individual residential condominium units
- Individual cooperative apartments

Commercial. For all other types of property, the rate is 1.425 percent of the taxable consideration if \$500,000 or less and 2.625 percent of the taxable consideration if more than \$500,000. The revenue from the tax imposed at the rate of 2.625 percent is distributed as follows: 1.625 percent is payable into the City's general fund and 1.0 percent is payable to the New York City Transit Authority and to certain paratransit and franchised bus operators.

Timeshares

A timeshare is a form of shared property ownership commonly used in hotel or condominium units in which multiple owners hold rights to use the property for a specified period each year.

This report includes timeshare transactions in tables that report on total transactions and liabilities, Tables 1, 2, and 9 and Figure 5. Since timeshare transactions represent part-year ownership with relatively lower median taxable consideration, timeshare transactions are excluded from Tables 3, 4, 5, 6, 7, 8 and 10 and Figures 1, 2, 3, and 4.

2023 Summary

Total 2023 liability was \$1,428.3 million, including \$1,142.0 million dedicated to the NYC general fund and \$286.3 million dedicated to the NYC Transit Authority and certain paratransit and franchised bus operators.

This report includes real property transacted between January 1 and December 31, 2023, regardless of when the transfers were recorded.

Dollar values in this report other than medians are generally expressed in millions, rounded to one or two decimal positions. Sums of these rounded values may not precisely total the individual components because they are computed using the full values.

History

The RPTT was first imposed in 1959 at a rate of 0.5 percent of the sale price. The rate was raised to 1 percent in 1971 and, for commercial transfers with a sale price of \$500,000 or more, to 2 percent in 1982. Legislation expanded the base in 1986 by including transfers of a majority interest in an entity that owns real property in NYC and transfers of certain cooperative apartment shares.

In 1989, legislation was enacted to increase the rate to 1.425 percent for commercial transactions of \$500,000 or less and residential transactions of more than \$500,000, and to 2.625 percent for commercial transactions of more than \$500,000. The same legislation expanded the base to include all resales of cooperative apartment shares; formerly, resales were taxable only if the seller used the apartment in connection with a business.

Starting in 1994, transfers to real estate investment trusts (REITs)¹ are taxed at one-half the otherwise applicable rate if certain conditions are met. In addition, in determining the consideration for a qualifying transfer, the value of the real property is deemed to be its estimated market value as reflected on the most recent notice of assessment issued by the Commissioner of Finance, rather than the sales price, or such other value as the taxpayer can establish to the Commissioner's satisfaction.

Starting in 1997, a deduction for the amount of any mortgage assumed by the buyer on the transfer of oneto three-family homes or individual cooperative or condominium apartments was allowed.

Under 2016 legislation, qualifying transfers by or to housing development fund companies (HDFCs)¹ are fully or partially exempted from the tax if there is a regulatory agreement that restricts more than 50 percent of the property's floor area to residential use, and restricts at least two-thirds of the residential space to use by low-income individuals or families. If less than 100 percent of the property's floor area is to be used by low-income residents, a partial transfer tax will apply based on the percentage of the space that is not so used. The exemption is retroactive to transfers occurring on or after January 1, 2010.

Under New York State legislation effective on July 1, 2019, the New York State real estate transfer tax was amended to impose additional taxes, applicable only to conveyances of property in New York City, as follows: (1) an addition to the base NYS tax of 0.25 percent was imposed on residential transactions with taxable consideration of \$3,000,000 or more and on nonresidential transactions with taxable consideration of \$2,000,000 or more; and (2) a supplemental NYS tax was imposed on transfers of residential real property with taxable consideration of \$2,000,000 or more at tax rates ranging from 0.25 percent to 2.90 percent. For these purposes, residential real property includes a one-, two- or three-family house, an individual condominium unit or a cooperative apartment unit. The additional base NYS tax and supplemental NYS tax are payable to the Metropolitan Transportation Authority for various purposes.

¹ Refer to the Department of Finance's Annual Report on Tax Expenditures (<u>http://www1.nyc.gov/site/finance/taxes/annual-report-on-tax-expenditures.page</u>.) for further details.

1. Transaction involved multiple properties

Figure 5 COMPARISON OF RESIDENTIAL RPTT LIABILITY AND NYC EMPLOYMENT 2006 – 2023

RPTT residential liability has historically been correlated with NYC employment. However, RPTT residential liability slowed in 2023, primarily due to high interest rates.
