CITY OF NEW YORK—BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN

that at a meeting of the Board of Estimate and Apportionment, held October 26, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of the City of New York:

The petition of the Nassau Electric Railroad Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the Laws of the State of New York, and has duly made and filed, pursuant to section 90 of the Railroad Law, a statement of the names and description of the streets, roads, avenues, highways and private property in or upon which it is proposed to construct, maintain and operate extensions or branches of its railroad as herein set forth.

2. Your petitioner desires to obtain from The City of New York and hereby respectfully applies for its consent to a grant of the franchise or right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof of extensions or branches of its street surface railroad to consist of a double or single track surface railroad (including necessary connections, switches, sidings, turnouts, crossovers and suitable stands or other structures necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), for public use and conveyance of persons and property for compensation.

3. The following is a description of the said certain streets, roads, avenues, highways, drive-ways or public ground within or belonging to The City of New York, in, through, upon and along which your petitioner desires to extend its railroad, to wit:

Route A.

Beginning at the intersection of Atlantic avenue and Alabama avenue and extending thence southerly on Alabama avenue to Livonia avenue; and on Livonia avenue, from Vesta avenue to New Lots road. From the intersection of Livonia avenue with New Lots road, it is proposed to construct a double track street surface railroad on New Lots road, from Livonia avenue to Berrian street; on Berrian street, from New Lots road to Sutter avenue, and on Sutter avenue easterly to the old Brooklyn City line, at or near Forbell avenue, under and pursuant to franchise granted by the City of Brooklyn to your petitioner by resolution of the Common Council adopted June 19, 1893.

Route B.

Beginning at the intersection of Liberty avenue and Forbell avenue, in the Borough of Brooklyn, and thence extending southerly on Forbell avenue to Spring creek.

Route C.

Beginning at the intersection of Thirty-ninth street and Eighth avenue, in the Borough of Brooklyn, and thence extending southwesterly on Eighth avenue to Seventh avenue; thence southerly on Seventh avenue to Seventy-ninth street, and thence southerly on Seventy-ninth street to Stillwell avenue, connecting at Stillwell avenue with tracks to be constructed thereon by the Coney Island and Gravesend Railway Company, under franchise granted to the said Coney Island and Gravesend Railway Company by the Commissioners of Highways of the Town of Gravesend on August 29, 1893, and by the Town Board of the Town of Gravesend on August 31, 1893.

Route D.

Beginning at the intersection of Thirteenth avenue with Thirty-ninth street, in the Borough of Brooklyn, and extending thence southwesterly on Thirteenth avenue to Bay Ridge avenue.

Your petitioner respectfully represents that additional transportation facilities are greatly needed in those sections of the City and upon the streets and avenues hereinabove described, and this application is made at the request of large numbers of persons residing in those localities. The said routes are extensions of existing routes of transportation and their construction and operation as a part of the railroad system of your petitioner will enable residents of the localities to reach nearly all parts of the Borough of Brooklyn for a single fare of five cents.

Your petitioner has received and caused to be recorded as required by law the consents of abutting property owners owning more than half in assessed value of all the property abutting on said Alabama avenue, between Atlantic avenue and Livonia avenue; on Livonia avenue, between Vesta avenue and New Lots road, and on Eighth and Seventh avenues, between Thirty-ninth and Seventy-ninth streets (exclusive of property on said avenues owned by The City of New York), and upon the other streets and avenues mentioned, your petitioner has received consents of large numbers of property owners and assurances of consents more than sufficient to comply with all legal requirements.

4. Your petitioner proposes to operate the railroad to be constructed upon said streets and avenues by the overhead trolley system or by any other motive power other than steam locomotive power which may be approved by the State Board of Railroad Commissioners and consented to by the owners of property bounded upon said routes as provided by law.

Wherefore your petitioner prays that public notice herein of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all the terms and conditions as to compensation and otherwise in accordance with the provisions of the Greater New York Charter and the Laws of the State.

Dated at the Borough of Brooklyn, City of New York, October 11, 1906.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
