## MESSAGES FROM HIS HONOR THE MAYOR.

The Chairman pro tem. laid before the Board the following message from his Honor the Mayor:

No. 2298.

City of New York—Office of the Mayor,  
July 30, 1907.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, enclosed resolution adopted by your Honorable Board, July 23, entitled:

"Resolution suspending Pushcart ordinances during Jewish holiday."

It is not good policy, in my judgment, to suspend the existing ordinances regulating the use of streets by storekeepers, hucksters and peddlers for so long a period as from August 20 to September 29. The suspension of these ordinances generally results in causing inconvenience to the general public, and therefore the period of such suspension should not be unnecessarily extended. While the City should facilitate the proper observance of religious festivals, it should not disregard the necessity of keeping the streets as free from congestion as possible at all times, both as a convenience to traffic and for the purpose of protecting the lives and property of its citizens.

Among the ordinances which this resolution seeks to suspend is the following:

"No licensed peddler, vender, hawker or huckster shall be allowed to cry his or her wares within 250 feet of any school, church, court house or hospital between the hours of 8 a. m. and 4 p. m. on school days." The superintendents and teachers of the public schools have frequently complained that this class of traders block the streets and thereby impede the exit of the children from the schools which, in case of fire, might result in a great loss of life. This ordinance was passed to meet their objection, and I think that it would be highly inadvisable to suspend its operation at any time.

Respectfully,

P. F. McGOWAN, Acting Mayor.

Resolved, That permission be and the same is hereby given to storekeepers, hucksters and peddlers to stand on the sidewalk and in the carriageway near the curb on the streets and thoroughfares of The City of New York for the sale of their wares on account of the Jewish holidays, with the consent of the property owners and the written permission of the Alderman of the district; provided, a free passageway is kept on the sidewalk for all pedestrians and on the carriageway for all vehicles; such permission to continue only from August 20, 1907, to September 28, 1907, inclusive; and the ordinance or ordinances conflicting with the foregoing provisions are hereby suspended for the period of time above mentioned.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Chairman pro tem. laid before the Board the following message from his Honor the Mayor:

No. 2295.

City of New York—Office of the Mayor,  
July 30, 1907.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, enclosed resolution adopted by your Honorable Board July 23, entitled:

"Resolution permitting P. Rabeu to place and keep an advertising barrel."

The passage of a resolution of this character is clearly forbidden by section 50 of the Charter.

Respectfully,

P. F. McGOWAN, Acting Mayor.

Resolved, That permission be and the same is hereby given to P. Rabeu to place and keep a barrel as an advertising sign within the stoop line in front of his premises, No. 88 White Plains avenue, in Williamsbridge, Borough of The Bronx, in accordance with the ordinance in such case made and provided; such permission to continue only during the pleasure of the Board of Aldermen.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Chairman pro tem. laid before the Board the following message from his Honor the Mayor:

No. 2314.

City of New York—Office of the Mayor,  
July 17, 1907.

To the President of the Board of Aldermen:

Sir—The Mayor directs me to transmit to you the enclosed copy of a letter from the Acting Secretary of State of the United States, relative to resolution passed by the Board of Aldermen on April 23, 1907, in regard to certain early records of the Board.

Respectfully,

FRANK M. O'BRIEN, Secretary.

Department of State,  
Washington, July 13, 1907.

His Honor the Mayor of New York, New York City:

Sir—I have the honor to acknowledge the receipt of your letter of the 27th ult., and to say in response that it has given the department pleasure to refer to the American Ambassador at London the resolution, which your letter enclosed, passed on April 23 last by the Board of Aldermen of The City of New York, relative to certain early records of the Board which are thought to be in the possession of the British Government. The Ambassador has been instructed to make suitable inquiry in the appropriate quarter as to the possible recovery of the records in question.

I have the honor to be, sir, your obedient servant,

(Signed) ALVEY A. ADEE, Acting Secretary.

Which was ordered on file.

## PETITIONS AND COMMUNICATIONS.

The Chairman pro tem. laid before the Board the following invitation:

No. 2315.

League of American Municipalities,  
No. 18 Broadway,  
New York, July 24, 1907.

To the Honorable Mayor and Council:

Gentlemen—You are cordially invited to send delegates to represent your city at the eleventh annual convention of the League of American Municipalities, which will be held in Norfolk, Va., September 18, 19 and 20 next.

This convention will be the municipal feature of the Jamestown Exposition, and will be one of the most noted gatherings of municipal officials ever held. The program will be made up of subjects of interest to municipalities and presented by officials of prominent cities and students of municipal problems, and will be thrown open to the convention for general discussion.

Kindly advise the Secretary whether or not your city will be represented at the convention, and the probable number of delegates that will be in attendance.

Yours very truly,

EDWARD F. DUNNE, President.

John Mac Vicar, Secretary.

Which was referred to the Committee on Rules.

The Chairman pro tem. laid before the Board the following communication from the Allied Boards of Trade:

No. 2316.

Allied Boards of Trade and Taxpayers' Association,  
Brooklyn, N. Y., July 22, 1907.

Hon. PATRICK McGOWAN, President of the Board of Aldermen, New York City, N. Y.:

Dear Sir—I have the honor to address you on behalf of the Allied Boards of Trade and Taxpayers' Association in respect to the matter now before the Board of Aldermen to provide additional police for New York City, on the application of Commissioner Bingham, and in respect thereto to urge that such request be granted.

The members of this organization are drawn from a very large section of Brooklyn, including some of the most densely settled parts as well as some of the more open areas, inhabited in all by about 600,000 persons, or about one-half of the entire borough, and it is the unanimous opinion of the organization that more police are required here.

It is fully appreciated that the Force cannot be largely increased without great expense, and though as taxpayers we are anxious to economize where possible, we feel that there is a real necessity for expenditure in this instance, and that provision should be made accordingly.

It is requested that this communication be brought to the attention of the Board.

Sincerely yours,

ALBERT FIRMIN, Secretary.

Which was referred to the Committee on Finance.

The Chairman pro tem. laid before the Board the following communication from the United Civic Association of Queens:

No. 2317.

The United Civic Associations of the Borough of Queens,  
Long Island City, August 14, 1907.

Hon. PATRICK F. McGOWAN, President Board of Aldermen, City Hall:

Dear Sir—I beg to submit herewith a copy of resolution approved by the United Civic Associations at a regular meeting held August 10.

Kindly advise what action, if any, we may expect you to take in the matter.

Yours very truly,

JOHN L. STREEVER, Secretary.

"Whereas, During the past two months, many acts of violence and atrocious assaults have been committed upon the persons of some of the women and children of our borough by unknown assailants, the perpetrators of which hesitate at nothing, even to murder, to hide their crime; and

"Whereas, It shows conclusively that the Police Department is unable to cope with the situation, lacking the necessary facilities in numbers to properly patrol the precincts to which they are assigned, some of the posts in our outlying districts covering a large area; therefore.

"Resolved, That the United Civic Associations of Queens, in session assembled, do hereby respectfully petition the Honorable Board of Aldermen and the Board of Estimate and Apportionment to call a special meeting of those bodies for the purpose of providing the Police Commissioner with additional Patrolmen to properly protect the several localities and the inmates thereof in the Borough of Queens; and be it further

"Resolved, That a copy of these resolutions be forwarded to the Mayor, Police Commissioner, President of the Board of Aldermen, the Sheriff and the District Attorney of the County of Queens, with the request that they at once take such action as will hereafter grant to the citizens full protection for their wives and children in the streets and highways of our borough."

Which was referred to the Committee on Finance.

The Chairman pro tem. laid before the Board the following communication from the Broadway Board of Trade:

No. 2318.

Broadway Board of Trade,  
Hart's Hall, No. 1028 Gates Avenue,  
Brooklyn, N. Y., August 6, 1907.

Board of Aldermen, City Hall, N. Y.:

Gentlemen—In behalf of the Broadway Board of Trade, I beg of you to grant the request of Acting Police Commissioner Arthur J. O'Keefe, to issue at once sufficient Revenue Bonds to provide for 500 additional Patrolmen for a period of five months.

It is, I think, needless for us to call your attention to the very urgent necessity for additional Policemen for the Borough of Brooklyn.

Hoping your Honorable Body will act favorably and grant our petition, we are,

Yours very truly,

NATHANIEL H. LEVI,

President, Broadway Board of Trade.

Which was referred to the Committee on Finance.

The Chairman pro tem. laid before the Board the following communication from the Ozone Park Board of Trade:

No. 2319.

Ozone Park Board of Trade,  
Ozone Park, L. I., August 11, 1907.

Honorable Board of Aldermen of The City of New York, City Hall, New York:

Gentlemen—At the last meeting of the Ozone Park Board of Trade, held on the 6th inst., it was unanimously resolved to enter a most emphatic protest against the proposed widening of the sidewalks (from 15 feet to 20 feet) on both sides of Broadway, of this borough, and the consequent decrease of width of the roadway (from 50 feet to 40 feet), and thereby not only deface a fine thoroughfare, but also adding unnecessary expense on the property owners along the line.

Hoping your Honorable Board will not sanction the above, we appeal to you to protect us in our rights, as we are the only ones concerned.

Trusting you will give this your sincere and unbiased consideration, we are,

Most respectfully yours,

OZONE PARK BOARD OF TRADE,

H. A. Hotte, Secretary.

Which was referred to the Local Board of the District affected.

The Chairman pro tem. laid before the Board the following communication:

No. 2320.

De Witt C. Morrell, Counsellor at Law,  
No. 15 William Street, Corner Beaver,  
New York, August 12, 1907.

Hon. PATRICK F. McGOWAN, Esq., President of the Board of Aldermen, City Hall:

Dear Sir—If the Board of Aldermen purposes passing ordinances respecting automobile travel, after the opinion, just rendered, of Mr. Justice Truax, the New York Automobile Club respectfully asks an opportunity to appear and be heard before your Honorable Board, and also to secure the attendance of automobile manufacturers and dealers, and automobile users in general, and experts in the matter of what constitutes excessive speed, reckless driving, etc.

The New York Automobile Club offers to place at the disposal of the members of your Honorable Board the automobiles of its members, equipped with speedometers, to demonstrate the speed at which the automobile can be safely driven through thoroughfares, the control of the driver over the automobile, etc.

Hoping to get a favorable answer, we remain,

Very truly yours,

LAW COMMITTEE, NEW YORK AUTOMOBILE CLUB.

De Witt C. Morrell, Acting Chairman.

Which was referred to the Committee on Laws and Legislation.

Alderman Gunther moved that the Committee be directed to take up this matter and report to this Board a new ordinance regulating vehicular traffic.

Which was adopted.

The Chairman pro tem. laid before the Board the following communication from the Allied Boards of Trade of Brooklyn:

No. 2321.

Allied Boards of Trade and Taxpayers' Association,  
Bushwick and DeKalb Avenues,  
Brooklyn, N. Y., August 15, 1907.

Hon. PATRICK F. McGOWAN, President of the Board of Aldermen, New York City, N. Y.:

Dear Sir—I have the honor to address you on behalf of the Allied Boards of Trade and Taxpayers' Association in respect to the application of the Register of Kings County for an additional appropriation and to urge that the same receive the approval of your Honorable Body.

The needs of the Register have long been known to this organization, and the members have witnessed with much pleasure his recent efforts to catch up in the work of recording papers, delay in this direction having been the cause of very great embarrassment throughout the administration of his predecessors, and there is no doubt in the minds of any that the appropriation requested is absolutely needed and will be put to good use with advantage to the community.

It is respectfully urged that the Board grant the Register's request.

Very respectfully,

ALBERT FIRMIN, Secretary.

Which was placed on file.

The Chairman pro tem. laid before the Board the following communication from Albert G. McDonald:

No. 2322.

Law Offices of Albert G. McDonald,  
No. 215 Montague Street,  
Brooklyn, New York City, August 14, 1907.

Hon. PATRICK F. McGOWAN, Chairman, Board of Aldermen, City Hall, New York City, N. Y.:

Dear Sir—I am satisfied, after looking into the situation, that the Register of Kings County ought, in the public interest, to have the additional appropriation for which he has made application, in order not to have the copying in his office of deeds, mortgages, etc., longer delayed, as they are already more than half a year behindhand, and the laying off of all the Copyists in his office, by reason of the lack of appropriation, will likely cause a further delay of several months.

For the Bar of Kings County, I would respectfully ask favorable action respecting such appropriation matter.

Yours respectfully,

ALBERT G. McDONALD,

President, Kings County Bar Association.

Which was placed on file.

The Chairman pro tem. laid before the Board the following communication from the Home Insurance Company:

No. 2323.

Home Title Insurance Company of New York,  
Corner of Willoughby and Jay Streets,  
Brooklyn, New York, August 20, 1907.

Hon. PATRICK F. McGOWAN, City Hall, New York City:

Dear Sir—I wish to indorse, in the strongest manner possible, the resolutions contained in the enclosed circular in regard to the work of the Register's office in this county.

For the first time since the administration of Granville Harmon, nearly twenty years ago, have we had a Register who, in my private opinion, has taken a conscientious and intelligent interest in his business.

Mr. Boulton and his Assistant, Mr. Gustav Thompson, are doing all in their power to serve the public, and it would be sheer neglect of the interest of the public if these honorable and efficient officials are not backed up by the Board of Aldermen.

Those interested, as we are, in the prompt dispatch of the record business, feel keenly the risk which the public are subjected to by the failure to promptly receive mortgages which have been left with the Register for record. If politics will be dropped out of mind, I am sure the Aldermen will take action to relieve the situation. As a matter of politics, I did not vote for Alfred J. Boulton as Register of Kings County, but from the results of his work I am sincerely glad that the man I did vote for was not elected. We should judge men by their services, and I am sincerely glad to reward our Register and Deputy Register with my hearty appreciation of their good services.

Hoping that you and your associates and the Board of Aldermen will take this matter up, following the suggestions by Mr. Boulton, I am,

Very sincerely,

HENRY B. DAVENPORT, President.

Hall of Records,

Brooklyn, N. Y., August 1, 1907.

Dear Sirs—I desire to call your attention to a situation in the Register's office which requires prompt action by the properly constituted city authorities, and to ask your co-operation in securing from them the necessary relief.

When I took office in January, 1906, the unprecedented real estate activity had so overwhelmed the office that the copying and returning of papers had fallen behind fifteen months; that is, persons recording documents in the office were obliged to wait fifteen months for their return. I was fortunate enough, however, to secure from the Legislature the passage of an act providing for employment of a force of temporary copyists, to be paid on a per folio basis. Since these additional copyists have been at work, the arrearage in copying has been reduced from fifteen months to less than six.

In making up the Budget last fall, however, the sum provided for this necessary work was considerably less than the amount asked for, and has proved to be wholly insufficient. In fact, the fund has been exhausted, and it has become necessary to discharge all the folio copyists till such time as a special revenue bond appropriation can be made by action of the Board of Aldermen and the Board of Estimate and Apportionment. A resolution asking for such action has been introduced in the Board of Aldermen and has been referred to the Finance Committee.

The next regular meeting of the Board of Aldermen will be held on August 22, and it is extremely important that the Finance Committee shall report the resolution and that favorable action shall be taken by the Board at that time, or at such prior special meeting as may be held. It will also be necessary for Mayor McClellan, who is expected to return to the city about August 15, to have the matter brought up at a special meeting of the Board of Estimate.

This copying of papers is work which will have to be done sooner or later and paid for by the city. To delay it unnecessarily will result only in needless embarrassment to all citizens of Brooklyn who have dealings with the Register's office.

If copies of the following or similar resolutions, or letters along the same line, are sent to your local Alderman, to Hon. John R. Davies, No. 100 Broadway, New York, Chairman of the Finance Committee of the Board of Aldermen; to Hon. Patrick F. McGowan, City Hall, New York, Chairman of the Board of Aldermen, and to Hon. George B. McClellan, it will greatly help toward securing prompt action.

Whereas, We understand that the Register of Kings County has already reduced the arrearage of copying in his office from fifteen months to less than six; and

Whereas, He has found it necessary, because of lack of funds, to discharge the greater part of his force of copyists, thus bringing the work practically to a standstill, therefore, be it

Resolved, That this organization urges the earliest and most favorable action by the Board of Aldermen and by the Board of Estimate; and

Resolved, That copies of these resolutions be sent to our local Alderman, to Hon. John R. Davies, Chairman of the Finance Committee of the Board of Aldermen; to Hon. Patrick F. McGowan, Chairman of the Board of Aldermen, and to Hon. George B. McClellan, Mayor of the City of New York.

The following statement may serve to inform you more fully of the work that has been done in the office:

This would make the number of deeds, mortgages and miscellaneous papers copied by Mr. Dooley in two years 90,139; while Mr. Boulton would be shown to have copied 231,720 papers of the same class during the 18 months ending June 30, 1907.

The Chairman pro tem. laid before the Board the following complaint:

No. 2324.

New York, August 8, 1907.

Board of Aldermen, Committee Room, City Hall, New York:

Gentlemen—This is a complaint against Mr. W. E. Lyon, No. 202 East Forty-sixth street, New York City, for the use of soft coal in the operation of his "iron works" at above mentioned address.

We petitioned you to have the nuisance stopped a year ago and we believe you took action in the matter at the time, for the annoyance was considerably abated for a little while; but this spring and summer we have been harassed by the cinders and the dirt which come from the use of soft coal to an unbearable extent, and we have been considering seriously the advisability of taking suit against Mr. Lyon for this violation of the law in the courts. It is an injustice to all the persons residing in the neighborhood. His own family living in the country need not bear the inconvenience and trouble caused by Mr. Lyon's continued disregard of the law, otherwise perhaps he could be induced through them to quit inflicting people in this way. Now we can only write you and insist upon your prompt action as the proper source to apply to for aid in effectually preventing a further continuance of this tremendous nuisance and this distinct violation against the law.

Yours very truly,

John Anderson, No. 206 East Forty-sixth street.

# COMMUNICATIONS FROM DEPARTMENT AND CORPORATION OFFICERS.

The Chairman pro tem. laid before the Board the following communication from the Department of Public Charities:

No. 2327.

Department of Public Charities,  
Foot of East Twenty-sixth Street,  
July 29, 1907.

P. J. SCULLY, City Clerk, City Hall, N. Y.:

Dear Sir—I am this day sending to the President of the Board of Aldermen, Hon. P. F. McGowan, a letter requesting the adoption of a resolution, with resolution accompanying same, for a Contingency Fund of three hundred dollars (\$300) for the use of the Children's Bureau located at No. 66 Third avenue, Manhattan.

Will you kindly see that the same comes up before the Board at the next meeting for which I will be indebted to you.

Respectfully yours,

J. MCKEE BORDEN, Secretary.

Department of Public Charities,  
Foot of East Twenty-sixth Street,  
July 29, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—For the purpose of defraying any minor or incidental expenses contingent to the conduct of the Children's Bureau (No. 66 Third avenue, Borough of Manhattan), of the Department of Public Charities, such as the monthly carfare and other like bills of the Examiners, as well as for postage stamps, meals for homeless women and children whose cases are awaiting disposition, and as frequently happens, furnishing clothing for children (non-residents) awaiting transportation to other States and cities, I respectfully request authority for Frederick E. Bauer, Superintendent in Charge of the Children's Bureau, Manhattan, by a requisition, to draw upon the Comptroller of The City of New York for a sum not to exceed three hundred dollars (\$300), and that the said Superintendent of the Children's Bureau of the Department of Public Charities may, in like manner, renew the draft as often as may by him be deemed necessary, to the extent of the appropriation, set apart for Supplies and Contingencies of the Department of Public Charities; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified to by the Commissioner of Public Charities, covering the expenditures of the money paid thereon.

We have a Contingency Fund for the use of the Central Office, Manhattan, established under the provision of a resolution of the Board of Aldermen, adopted May 7, 1897, and also one for the Central Office, Brooklyn, established under the provision of a resolution of the Board of Aldermen, adopted June 12, 1906; but no provision being made to cover the expenses of the bureau for which this Contingency Fund is requested, the amount to cover said expenses is drawn upon the fund allowed to the Central Office, Manhattan. This causes very great delay and inconvenience to persons receiving small compensation, and depletes in short time the amount allowed Central Office, Manhattan, hence a request for a Contingency Fund for the Superintendent of the Children's Bureau, Manhattan. I inclose a form of resolution.

Trusting that in this form or in some other form that may seem to you more appropriate, the resolution may be adopted at the next meeting of the Board.

I have the honor to remain,

Respectfully yours,

ROBT. W. HEBBERD, Commissioner.

Whereas, The Commissioner of Public Charities in communication to this Board, dated July 29, 1907, has requested that in order to facilitate the work of the Children's Bureau, Manhattan, of the Department of Public Charities, a Contingency Fund be granted for the Superintendent in charge of said office; therefore be it

Resolved, That for the purpose of defraying any minor or incidental expenses contingent to the Children's Bureau, Manhattan, the Superintendent of said bureau may, by requisition, draw upon the Comptroller for a sum not exceeding three hundred dollars (\$300), and the Superintendent of this bureau may, in like manner renew the draft as often as may by him be deemed necessary to the extent of the appropriation set apart for Supplies and Contingencies of the Department of Public Charities; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified to by the Commissioner of Public Charities, covering the expenditures of money paid thereon.

No. 2333.

Office of the President of the Borough of The Bronx,  
Municipal Building, Crotona Park,  
New York, August 13, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I enclose herewith, for your information and for the action of the Board of Aldermen, a copy of a report made to me by Mr. Charles H. Graham, Engineer in Charge of Sewers, on the subject of the drainage conditions existing in certain sections in Westchester drained by Seabury creek. The conditions are referred to at length in Mr. Graham's report and should receive attention without delay. The subject has also received the consideration of the Department of Health, which department has made certain orders intending to modify conditions which are detrimental to the health of the community. Mr. Graham has made a careful examination of the cost of the proposed work, and has estimated the approximate cost for material and labor at \$12,500. The work involved will consist of covering Seabury creek where the same is now an open waterway, from south of Westchester avenue to a point about 75 feet north of Bear Swamp road; also the construction of box drains in gutters on Purdy street, between Westchester avenue and a point about 400 feet west of Railroad avenue, in Protectory avenue for a distance of about 200 feet, in Castlehill avenue between Westchester avenue and Zerega avenue, in Glebe avenue between Westchester avenue and Glover street, in Glover street between St. Raymond avenue and Rose place, and in St. Raymond avenue between Castlehill avenue and Zerega avenue, and in Rose place between Glover street and Zerega avenue.

For the purpose of providing the means necessary to do this important work, I would respectfully ask that the Board of Aldermen authorize the issue of Special Revenue Bonds in the sum of \$12,500 and that this application be presented to the Board of Aldermen for its consideration at its next meeting.

Yours truly,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

August 9, 1907.

Hon. LOUIS F. HAFFEN, President of the Borough of The Bronx:

Sir—Supplementing mine of August 2, 1907, I have to say that the general purport of the Health Department orders, served on various owners of property in certain sections in Westchester drained by Seabury creek, is that the overflow pipes from cesspools must be discontinued, the opening for such pipe from the cesspool to be sealed water tight, and that said cesspools are to be cleaned and disinfected.

For a long time to come the use of cesspools in this section will have to be maintained, and in the absence of overflow pipes the cost of the frequent cleaning of such cesspools will be particularly burdensome upon the owners of the property concerned.

I have reason to believe that if Seabury creek were covered where it is now an open waterway, and certain street gutters, into which overflows from cesspools have been and are discharging, were also covered, the Health Department orders referred to would be modified so far as refers to the removal of overflow pipes from cesspools.

To accomplish such covering would involve considerable work; and should you conclude to have it done by this bureau it would be necessary to obtain a special appropriation for this purpose, as the moneys available from appropriation for 1907 are not sufficient to undertake this work in addition to other demands upon said appropriation.

The estimated cost of the work is as follows:

187,500 feet (B. M.) of lumber.

Two dozen kegs 20-penny nails.

Two dozen kegs 6-inch spikes.

Labor and superintendence for constructing and covering 7,210 feet of 18-inch box drains and 3,154 feet of drains varying from 4 feet by 2 feet to 7 feet by 4 feet. Total approximate estimated cost for material and labor, \$12,500.

The work involved will consist, as stated above, of covering Seabury creek where the same is now an open waterway, from south of Westchester avenue to a point about 75 feet north of Bear Swamp road; also the construction of box drains in gutters on Purdy street between Westchester avenue and a point about 400 feet west of Railroad avenue, in Protectory avenue for a distance of about 200 feet, in Castlehill avenue between Westchester avenue and Zerega avenue, in Glebe avenue between Westchester avenue and Glover street, in Glover street between St. Raymond avenue and Rose place, and in St. Raymond avenue between Castlehill avenue and Zerega avenue, and in Rose place between Glover street and Zerega avenue.

Respectfully,

CHARLES H. GRAHAM, Engineer in Charge of Sewers.

August 5, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—The following proceedings were this day directed by me:

Whereas, In the Budget of the Police Department for the year 1907, application was made for an appropriation to enable the Police Commissioner to increase the Police Force by 2,000 Patrolmen; and

Whereas, The establishment of a night court and other exigencies of the police service are such that an immediate increase of force is an absolute necessity,

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of Special Revenue Bonds in the sum of one hundred and sixty-six thousand six hundred and sixty-five dollars (\$166,665) to pay the salaries of 500 Patrolmen for five months during the year 1907, at the rate of eight hundred dollars (\$800) per annum, and that the Board of Estimate and Apportionment be and are hereby respectfully requested to concur therein.

#### REPORTS OF STANDING COMMITTEES.

##### Report of the Committee on Finance—

No. 2288.

The Committee on Finance, to whom was referred, on July 23, 1907 (Minutes, page 367), the annexed resolution in favor of an issue of \$64,000 Special Revenue Bonds for Register of the County of Kings to compensate Copyists, etc., respectfully

##### REPORTS:

Register Boulton appeared before the Committee and urged the granting of relief to his office. When he assumed office January 1, 1906, recording of papers was about fifteen months behind; at the present time it is about six months behind. He states that his purpose is to bring business up to date, and to accomplish this, however, he employed between ninety and one hundred temporary Copyists in addition to the thirty-five regular Copyists, and this has entirely consumed the appropriation of \$92,000 which was allowed in the Budget for copying purposes, and the Register states that, by reason of this, he has been compelled to lay off all of the extras and has not money enough left with which to pay the August salaries of the regulars, and the copying work is now at a standstill. The Committee believes that the Register's efforts were in line with good business policy, but it would have been better if he had obtained a special appropriation before engaging in this extra undertaking. The work of the office must be carried on and relief must therefore be given. The Committee would recommend an allowance of \$40,000 for the purpose, \$17,500 of which would be sufficient to pay the thirty-five regulars for the balance of the work, and the balance would be sufficient for paying the extras for the three months commencing October 1, which the Committee believes is the earliest date at which this money can be available.

They therefore recommend that the annexed substitute resolution be adopted.

##### (SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty thousand dollars (\$40,000) for the use of the Register of Kings County, for the purpose of providing a fund for compensation of Copyists and Recording Clerks in his office.

The Committee on Laws and Legislation, to which was referred on July 23, 1907 (Minutes, page 91), the annexed resolution suspending until January 1, 1908, the force and effect of an ordinance relative to electric signs, respectfully

##### REPORTS:

It appearing that there has not been sufficient time for the City officials to prepare for carrying into effect the provisions of the ordinance referred to as set forth in the annexed resolution, your Committee recommends the adoption of said resolution:

Whereas, The Board of Aldermen, at a meeting held June 11, 1907, postponed the time at which the ordinance "regulating the placing of electric signs in The City of New York, and providing that the same shall be duly licensed," should become operative, until August 1, 1907; and

Whereas, Said ordinance exacts that certain requirements of the Bureau of Buildings and the Department of Water Supply, Gas and Electricity be complied with before the necessary license thereunder can be issued by the City Clerk; and

Whereas, Proper compliance with the provisions of the ordinance and determination thereof by the several Departments affected requires a reasonable time; and

Whereas, The City Clerk, because of lack of stationery, and the Bureau of Buildings, Borough of Brooklyn, because of lack of Inspectors, are not yet ready to comply with said ordinance; therefore be it

Resolved, That the force and effect of said ordinance "regulating the placing of electric signs and providing that the same shall be licensed," be and hereby are suspended up to January 1, 1908, in order that persons who maintain such signs may be enabled to comply with the provisions of said ordinance; further

Resolved, That the Police Department, through its various precinct commanders, be and hereby is directed to inform all persons who maintain electric signs of the purport of this resolution, and that upon the expiration of the time herein contemplated, the provisions of the penalty clauses of the said ordinance relating to electric signs will become operative.

B. W. B. BROWN, JOHN R. DAVIES, CLARENCE R. FREEMAN, WILLIAM CLIFFORD, JOHN D. GUNTHER, Committee on Laws and Legislation.

Which, on motion of Alderman Brown, was ordered on file.

Whereas, Mr. Meeker is engaged in a laudable educational and patriotic effort to perpetuate the location of the said Oregon trail by marking it with monuments and milestones; therefore be it

Resolved, That permission be and the same is hereby given to Ezra Meeker to parade through the streets, avenues and thoroughfares of The City of New York with his wagon and ox-team, provided said parade shall not interfere with the usual traffic; the work to be done at his own expense under the direction of the Commissioner of Police; such permission to continue only for thirty days from the date of approval by his Honor the Mayor.

Which was adopted.

No. 2338.

By Alderman Bunting, by unanimous consent—

Whereas, The City paid for said property an exorbitant price many times its true value, this property having been purchased by the firm of Paris & McDougal for \$1,500 an acre, who then offered it for sale for \$1,800 an acre, but subsequently sold it to the City for the enormous sum of from \$7,500 to \$10,000 an acre; and

Whereas, One George Glasser, a resident of Queens Borough, received from the said firm of Paris & McDougal 20 per cent. of the purchase value of the property for "legal fees" in negotiating the sale with the City, this fact being admitted by Glasser in a statement to a reporter of the Flushing "Journal," in which he stated he received over \$60,000 and expected to get a good deal more; and

Whereas, The people of Flushing and Queens Borough are greatly agitated over what they consider a grave public scandal, in which the people of New York City have been imposed upon by a few unscrupulous persons who are willing to enrich themselves at the expense of the taxpayer; be it therefore

Resolved, That a Special Committee of the Board be appointed to investigate this matter.

Which was referred to the Committee on Rules.

No. 2339.

#### REPORTS OF STANDING COMMITTEES RESUMED.

##### Report of the Committee on Codification of Ordinances—

No. 2340.

The Committee on Codification of Ordinances, to whom was referred the Code of Ordinances, adopted September, 1906, and re-adopted October 30, 1906, and approved by the Mayor November 8, 1906, for the purpose of revision and further codification, hereby report:

That they have compiled the General Ordinances and codified the existing Ordinances, including those relating to special localities in this City, and have revised the same up to and including the date August 1, 1907, all of which are herewith presented.

That before proceeding with such revision your Committee caused copies of the Code of Ordinances to be sent by the Clerk of this Board to the head of every City Department, Commission and Bureau, together with a letter requesting them to examine said Code and to submit all suggestions for amendment or revision in writing to said Clerk or to the Chairman of this Committee; your Committee further caused conspicuous notices to be placed in all public buildings throughout the City, that public hearings would be held to receive suggestions concerning said Code, and such notices were also published in the CITY RECORD. Your Committee subsequently held three public hearings for said purpose. A large number of the Departments and several civic organizations and trades, in consequence of such notices, have made various suggestions to your Committee, all of which have been carefully considered. It has been impossible, however, in the present situation, of which some idea is conveyed in what follows, for this Committee to adopt suggestions in many cases where they feel that a revision might properly be made.

The Committee believes that said codification and compilation of revised Ordinances contains the substance of all legal Ordinances found to be in existence on said date, August 1, 1907. The aim of this Committee has been to comprise in one volume of General Ordinances the Ordinances referred to your Committee, at the same time doing away with Ordinances affecting only certain sections of this City and retaining only such provisions thereof as were not already included in said General Ordinances. This has necessitated the subordination of the local Ordinances of several sections of this City to the provisions of the General Ordinances.

It seems to your Committee to be desirable that all Ordinances which may hereafter be enacted shall be general in their character, and so far as possible, shall, when introduced, be introduced as amendments to certain specified sections of the Code, as the same shall be established by this Board.

In compliance with the Laws of 1904, chapter 623, the Sanitary Code, Building Code and Park Ordinances are herewith presented as chapters, respectively, of the General Ordinances of The City of New York. Owing to the conflicting provisions of the old Ordinances of the former City of New York and of several of the General Ordinances with the provisions of the Rules and Regulations of the Municipal Explosives Commission, which is authorized to make its own rules and regulations, your Committee has deemed it wise to adopt such rules and regulations for the reason that the public have come to recognize them as the official guide of their course and conduct, rather than the Ordinances adopted by this Board. This is merely a temporary expedient. It is believed that the condition of affairs, which gives rise to this situation, may be speedily remedied by the revision of the Greater New York Charter. Your Committee find that this City is suffering from too many legislative bodies (seven in all), whose powers and limitations are not accurately defined, and whose efforts to legislate are frequently conflicting, and extremely difficult to harmonize. Your Committee has therefore presented a Codification of Ordinances which, though not perfectly satisfactory, owing to the aforesaid condition, is, nevertheless, the most harmonious collection of local legislation that your Committee is able to produce.

The Code referred to your Committee and the sections thereof are cited as the "former Code" and the sections of same. No changes have been made in the Building Code other than those made by the Bureau of Buildings, except the changes of the words "Commissioner" to "Superintendent" of Buildings, "Department" to "Bureau" of Buildings, and the names of certain other departments referred to in said Code have been changed to comply with the names of said departments in accordance with the provisions of the Charter.

The repealing clause of said Code has been omitted for the reason that the general enacting clause found on the first page of the General Code covers the provisions of such repealing clause. The Sanitary Code contains only such amendments as have been made by the Board of Health and duly certified by the Secretary of said Board to the City Clerk. What is true of the Sanitary Code with reference to amendments is also true of the Park Ordinances, except for a few typographical errors.

For the purpose of calling attention to the new matters which are recommended by your Committee, as proposed amendments or revisions of the Code, your Committee has underlined such Ordinances and portions of Ordinances as contain a change of words or of substance.

This rule has been followed in cases where the matter embodied in the amendment was formerly an ordinance or part of an ordinance, referring to only a portion of the City, but now incorporated by the proposed amendments in some general ordinances.

In several cases your Committee has recommended the repeal of certain ordinances, on the ground that they conflict with the provisions of the Greater New York Charter; or that the provisions of the Greater New York Charter have been found to cover all the provisions of an ordinance, and to have provided for the subject of such ordinance in a more complete way than the provisions of the ordinance itself. There are several instances where your Committee have eliminated certain sections which, in the opinion of your Committee, are mere special resolutions and do not come within the proper definition of an ordinance. Instances of this sort may be found in reference to the establishment of markets, courtyards, certain specified streets, and the appointment by the Mayor of Trustees whom the Mayor would have power to appoint, in any event.

Your Committee has also stricken out the enacting and repealing clause of all amendments, and has adopted the same course which was adopted in presenting the former Code of Ordinances, to wit: the recommendation of a general enacting and repealing clause. This has been found to operate very well in practice, and certainly has the advantage of making our body of local laws definite and certain. In one or two instances your Committee has recommended the adoption of a new ordinance. These instances, however, occur in cases where suggestions have been made to your Committee by some department or official or by some body of citizens who have deplored the lack of some ordinance to cover each point in question.

It will be noted that, in all such cases, the ordinance suggested supplies an apparent defect in the Code or rounds out what is now an incomplete or unenforceable piece of legislation. All such suggestions are merely temporary expedients. It is hoped by your Committee that the adoption of the Code herewith reported will give to this City, so far as possible, a complete and harmonious body of laws pending the change that will undoubtedly take place, when the Greater New York Charter has been revised. For the same reason your Committee have left unchanged many ordinances that might well have been reconstructed, as they answer every purpose of our present needs and may be completely wiped out by such Charter revision.

Your Committee, therefore, respectfully recommend the adoption of the General Enacting Ordinance appearing on the first page of the Revised Code herewith presented.

CHARLES R. FREEMAN, B. W. B. BROWN, FRANK D. STURGES, HERMAN S. FRIED, Committee on Codification.

Which was laid over.

#### GENERAL ORDERS.

Alderman Dowling called up General Order No. 317, being a report and resolution as follows:

No. 1798.

The Committee on Finance, to whom was referred, on April 2, 1907 (Minutes, page 8), the annexed request of the Commissioner of Water Supply, Gas and Electricity for \$76,355.23 Special Revenue Bonds, to replenish his Budget appropriations for 1907, respectfully

#### REPORTS:

Commissioner O'Brien, Deputy Commissioner Goodwin and Assistant Engineer Bull appeared before the Committee and urged the adoption of this resolution. The Committee have had the application investigated by the Bureau of Municipal Investigation and Statistics of the Comptroller's office, and submit herewith a copy of the Bureau's report. At the time the Budget was approved, it was recognized that there would be a shortage in this department and that there would have to be some allowance made during the year to make up this deficiency. The Committee have tried in every way to keep the appropriation down without crippling the Department, but believe, after several months investigation, that unless a substantial allowance is made for the purposes specified, that the efficiency of the Department, especially in its repairing branch, cannot be properly maintained. The Commissioner states that unless some relief is granted now that his department will be crippled for the summer, and for that reason, and upon the Comptroller's report, the Committee recommend the adoption of the annexed resolution.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed seventy-six thousand three hundred and fifty-five dollars and twenty-three cents (\$76,355.23), for the purpose of replenishing the Budget appropriations of the Department of Water Supply, Gas and Electricity for the current year, i. e.:

Department of Water Supply, Gas and Electricity,  
Nos. 13 to 21 Park Row,  
City of New York, March 28, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—Certain appropriations made to this Department for this year by the Board of Estimate and Apportionment are insufficient in amount for the purposes intended. These appropriations were made specifically for salaries and wages of men employed on the work of maintaining and repairing the water system of the boroughs of Manhattan and The Bronx.

The appropriation for Maintenance, Croton Water System, Salaries and Wages, is \$245,000. The payroll of March 1, 1907, shows an expenditure for the year of \$273,432.05, which is \$28,432.05 in excess of the appropriation. The men paid from this appropriation are engaged, under the direction of the Assistant Engineers and the Foremen, in caring for the whole Croton water system from Brewster to Central Park, and I do not see how it is possible to reduce the payroll without impairing the efficiency of the service.

The appropriation for Bronx River Works, Maintenance and Repairs, Salaries and Wages, would be deficient on the same calculation to an amount of \$3,080.95. The men paid from that appropriation are employed similarly to those aforementioned, in caring for and maintaining the Bronx river system.

The appropriation for Repairing and Renewal of Pipes, Stopcocks, etc., Salaries and Wages, similarly calculated, shows an apparent deficiency for the year of \$44,842.23. The men paid from this appropriation are employed in caring for and repairing the distribution system throughout the entire area of the boroughs of Manhattan and The Bronx. Two years ago your Board recommended the adoption of a resolution by the Board of Estimate and Apportionment authorizing the issue of Revenue Bonds to permit this Department to maintain emergency forces in addition to the regular force. Men were appointed for this purpose and the different companies formed, and have since been maintained, but to continue it this year, a further amount, as above stated, will be required. The great advantage to the City in having these emergency forces is shown by the promptness with which breaks in the large mains have been repaired ever since these new companies were formed.

I therefore recommend that your Honorable Board, in pursuance of the provisions of subdivision 8, section 188 of the Greater New York Charter, request the Board of Estimate and Apportionment to authorize the Comptroller to issue Revenue Bonds in an amount sufficient to maintain the present force, as indicated.

The table below shows the amounts asked for in the departmental estimate, the amounts allowed by the Board of Estimate and Apportionment, the payroll of March

1, 1907, continued to the end of the year, and the amounts required in addition to the appropriations:

| Appropriation.  | Amount<br>Asked for<br>1907. | Allowed<br>in Budget<br>for 1907. | Payroll<br>March 1,<br>1907. | Deficiency. |
|---|------------------------------|-----------------------------------|------------------------------|-------------|
| Maintenance of Croton Water System—<br>Salaries and Wages.....          | \$289,519 50                 | \$245,000 00                      | \$273,432 05                 | \$28,432 05 |
| Bronx River Works, Maintenance and Re-<br>pairs—Salaries and Wages..... | 29,187 50                    | 25,000 00                         | 28,080 95                    | 3,080 95    |
| Repairs and Renewal of Pipes, etc.—<br>Salaries and Wages.....          | 385,792 50                   | 280,000 00                        | 324,842 23                   | 44,842 23   |

Very respectfully,  
JOHN H. O'BRIEN, Commissioner.

That the appropriation for Maintenance, Croton Water System, Salaries and Wages, for 1907, was \$245,000, which is nearly \$10,000 less than the actual expenditures for the year 1906; that the Department asked for \$289,519.50; that the Department tried to keep as near as possible to the amount allowed, but finds that the payroll by March 1, was at the rate of \$273,000. This year there has been more or less typhoid in the Croton system, making it necessary to increase the force and to increase the payrolls, also by overtime of the men employed to patrol the district and to prevent nuisances which caused the danger from typhoid.

Then as to Bronx River Works, that the actual expenditures for the year 1906 were \$1,500 more than the amount allowed for 1907, and that for the same reasons it is impossible to keep the payroll within the amount allowed.

As to Repairing and Renewal of Pipes, Stopcocks, etc., that the expenditures for 1906 were only slightly in excess of the amount allowed for 1907, but the increased length of mains and the larger number of hydrants, stopcocks, etc., and the several breaks of large mains which occurred earlier in the year necessitated more work for the men already employed and a larger force.

May 6, 1907.

Hon. HERMAN A. METZ, Comptroller;

Sir—In the matter of the communication dated April 17, 1907, from Hon. John R. Davies, Chairman of the Finance Committee of the Board of Aldermen, asking for information "in relation to request made by the Commissioner of Water Supply, Gas and Electricity for \$76,355.23 Special Revenue Bonds to replenish his Budget appropriations for 1907," which was referred to the Bureau of Municipal Investigation and Statistics for examination, I beg leave to submit the following report:

In his formal request, dated March 28, 1907, the Commissioner of Water Supply, Gas and Electricity furnishes the following table:

| Appropriation.  | Amount<br>Asked for<br>1907. | Allowed<br>in Budget<br>for 1907. | Payroll<br>March 1,<br>1907. | Deficiency. |

| Bronx River Works, Maintenance and Re-<br>pairs—Salaries and Wages..... | 29,187 50                    | 25,000 00                         | 28,080 95                    | 3,080 95    |

| Total.....  | \$704,499 50                 | \$550,000 00                      | \$626,355 23                 | \$76,355 23 |

#### Croton Water System—Salaries and Wages.

The departmental estimate for the account for 1907, submitted by former Commissioner William B. Ellison under date of August 1, 1906, showed that the payroll was then adjusted at the rate of \$248,364.50 per annum, and that \$289,519.50 would be required for the same purpose in 1907—an increase of \$41,155. The wages schedule for 1907 contemplated the appointment of 46 additional employees, or a total of 319, as against 273 at the time the estimate was submitted—an increase of 16 per cent., representing an increase of wages of nearly 17 per cent.

The estimate seems to have been predicated on two assumptions, viz.: that in many instances the employees would work every day in the year—Sundays and holidays—and that in every instance the same number of men and horses would be employed in summer as in winter, regardless of the condition of the weather.

The records of the department show the following disbursements for salaries and wages:

|                         |              |
|-------------------------|--------------|
| 1904.....               | \$172,000 00 |
| 1905.....               | 216,493 43   |
| 1906.....               | 254,744 20   |
| 1907 (to March 31)..... | 63,481 58    |

The following is a semi-annual summary of the payrolls for 1905 and 1906:

|                        | 1905.        | 1906.        | Increase.   |
|------------------------|--------------|--------------|-------------|
| First six months.....  | \$99,099 17  | \$119,651 49 | \$20,552 32 |
| Second six months..... | 117,394 26   | 135,092 71   | 17,698 45   |
| Total.....             | \$216,493 43 | \$254,744 20 | \$38,250 77 |

It will be observed that the payroll for the first six months of 1906 exceeded that of the corresponding period in 1905 by over \$20,000. The department accounts for this by stating that the land acquired for sanitary purposes in the neighborhood of the Muscote river and Cranberry creek had to be cleaned up; and owing to lack of funds this work was delayed until the early part of 1906. The weather conditions being favorable, a great deal was accomplished. Work of a similar character, it was said, had to be done later in the year around Lake Mahopac and Lake Kirk, the headwaters of the Muscote river, which accounts for the increase of over \$17,000 in the payroll for the last six months of 1906 over the corresponding period in 1905.

The appropriation for 1906 for Maintenance of Croton Water System was \$396,554.50, which covered salaries, wages, taxes, repairs, supplies, etc. No specific amount was appropriated for "Salaries and Wages" that year, and for that reason no comparison can be made between the Budget allowance for that purpose in 1906 and the allowance for 1907; but the following figures show the extent to which the allowance for Maintenance Croton Water System (as a whole) in 1907 exceeded that for 1906:

|  | 1907.        |  |
|--|--------------|--|
| Maintenance Croton Water System—<br>Salaries and Wages.....              | \$245,000 00 |  |
| Repairs (exclusive of those done by departmental labor) and Supplies     | 135,000 00   |  |
| Taxes .....  | 56,554 50    |  |
|  | \$436,554 50 |  |
| Maintenance Croton Water System.....                                     | 396,554 50   |  |
| Allowance in 1907 (for all purposes) in excess of allowance for 1906.... | \$40,000 00  |  |

The Bureau of Municipal Investigation and Statistics recommended an appropriation of \$250,000 for salaries and wages 1907, which was \$39,519.50 less than the de-

partmental estimate, and \$1,635.50 in excess of the annual payroll as adjusted at the time the estimate was submitted by the department; but the Board of Estimate and Apportionment saw fit to make a further reduction of \$5,000 by fixing the allowance at \$245,000.

#### Bronx River Works, Maintenance and Repairs—Salaries and Wages.

The departmental estimate for 1907 showed that the salaries and wages were then fixed at the rate of \$28,227.50 per annum, and that \$29,187.50 would be required in 1907 for the same purposes.

The appropriation for 1906, which covered salaries, wages, repairs, tools, supplies, taxes, etc., was.....

|                            |             |
|----------------------------|-------------|
| The estimate for 1907 was: |             |
| Salaries and wages.....    | \$29,187 50 |
| Taxes .....                | 15,000 00   |
| Tools, etc. ....           | 5,000 00    |
|                            | \$49,187 50 |

|  |             |
|--|-------------|
| The appropriation for all purposes was:                                  |             |
| Salaries and wages.....  | \$25,000 00 |
| Repairs (exclusive of those done by departmental labor) and supplies.... | 3,000 00    |
| Taxes .....  | 7,000 00    |
|  | \$35,000 00 |

Below will be found a statement showing the disbursements from this appropriation for salaries and wages, for 1904, 1905, 1906 and for the first three months of 1907:

|                         |             |
|-------------------------|-------------|
| 1904.....               | \$22,250 00 |
| 1905.....               | 21,650 25   |
| 1906.....               | 26,518 50   |
| 1907 (to March 31)..... | 6,575 55    |

#### Repairing and Renewal of Pipes, Stopcocks, etc., Salaries and Wages.

The disbursements from this account for salaries and wages for 1904, 1905 and 1906, and to March 31, 1907, were as follows:

|                         |              |

At the time the departmental estimate was submitted the payroll was adjusted at the rate of \$299,055 a year, and it was calculated that \$385,792.50 would be required in 1907 for the same purpose.

During the year 1905 the Board of Estimate and Apportionment recommended the employment of night and holiday emergency gangs, at an added annual cost of \$97,090, to prevent a recurrence of the flooding of the subway by broken water mains, and to guard against other similar accidents; and further directed increased wages to be paid to Caulkers and others, to meet the provisions of the Prevailing Rate of Wages Law. This added wage cost is fully reflected in the actual cost for 1906, and in the estimate for 1907.

The departmental estimate for 1907 was.....

Allowed by Board of Estimate and Apportionment for 1907.....

Departmental estimate in excess of Budget allowance.....

The appropriation for Repairing and Renewal of Pipes, Stopcocks, etc., for 1906, including salaries, wages, material, repairs, etc., was \$367,010.

The appropriation for the same purposes in 1907 was as follows:

In presenting the above I have not attempted to suggest any recommendations, as the request of the Chairman of the Finance Committee would seem to be fully met by the statement of the facts.

No. 2019.

The Committee on Finance, to whom was referred on May 21, 1907 (Minutes, page 850), the annexed request of the President of the Borough of Richmond for \$20,000 Special Revenue Bonds for Construction Division, Bureau of Engineering, respectfully

#### REPORTS:

The details of this application are fully set forth in the accompanying letter of Engineer Tribus, and in addition he, together with President Cromwell, appeared before the committee and urged its adoption, stating that unless some appropriation was made before the summer they would have to shut down on considerable of their work during the summer. Your committee recommend an allowance at this time of \$10,000 and hope that this amount will be sufficient.

They, therefore, recommend that the annexed resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof shall be applied to augmenting the appropriation allotted to the Construction Division of the Bureau of Engineering of the office of the President of the Borough of Richmond for the year 1907.

Hon. JOHN R. DAVIES, Chairman, Finance Committee, No. 79 Hamilton Place,  
New York:

My Dear Alderman—Since appearing before your committee on matter of our request for \$20,000 Revenue Bonds for the Construction Division of our Bureau of Engineering, I have made further inquiries and find that our present appropriations are not sufficient to completely cover the coming August payroll, though under the

ruling of the Comptroller we may be able to have our appropriation reimbursed by transfers from the Street Improvement Fund sufficient to cover the payroll for that month; but the 1st of September will see us with practically no funds in sight for the remainder of the year except for such other small sums as may be charged against the Street Improvement Fund and thus partially reimburse our appropriation.

As stated before your committee, the greater portion of the \$20,000 asked for would ultimately be returned to the City treasury, through its being charged against Street Improvement Fund after contracts have been registered for specific improvements; though in most instances contracts cannot be registered within the year during which large expenditures have been made for surveys, estimates, reports and plans, the expense for which must necessarily be drawn from annual appropriation.

Will you not kindly, therefore, ask your committee to give this matter the earliest possible and favorable consideration?

Yours very truly,

LOUIS L. TRIBUS, Commissioner.

No. 1349.

The Committee on Public Letting, to which was referred, on December 11, 1906 (Minutes, page 1580), the annexed resolution authorizing the Commissioner of Water Supply, Gas and Electricity to purchase apparatus, etc., to be used in the photometric stations, without public letting, respectfully

#### REPORTS:

That Deputy Commissioner Goodwin appeared before the Committee and stated that the only standard machine used for the testing of gases was made by one manufacturer and therefore public letting would be inexpedient and impracticable. Your Committee, therefore, recommends the adoption of said resolution.

Resolved, That the Commissioner of Water Supply, Gas and Electricity is hereby authorized and empowered, pursuant to chapter 419 of the Greater New York Charter, to expend, without public letting, the sum of fourteen thousand two hundred and fifty dollars (\$14,250), for the purchase of apparatus and supplies to be used in the photometric stations.

A. L. KLINE, DAVID S. RENDT, F. J. O'NEILL, JOSEPH SCHLOSS, Committee on Public Letting.

Department of Water Supply, Gas and Electricity,  
Commissioner's Office, Nos. 13 to 21 Park Row,  
City of New York, December 7, 1906.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen, City of New York:

Sir—Under an act which became a law in 1905, there has been established by this Department ten (10) photometric stations, where the testing of the quality and illuminating power of the gases furnished by the lighting companies throughout the city is carried on. The City is now in actual possession of the quarters to be used as laboratories in conducting these tests. The apparatus which the Department desires installed in these stations, which is the only recognized standard machine used for the purpose of testing gases and can only be procured from one manufacturer, will cost about \$14,250. The apparatus and other appliances used in connection with it consist of a photometer, a test burner, pressure register and barometer. The average cost of these appliances is \$875, and in addition to the above the chemicals used and other incidental supplies for the stations will amount to \$5,500.

It being impossible to obtain these supplies by inviting competition, it is respectfully recommended that I be empowered to secure same without advertising for bids or proposals.

I append hereto for adoption a form of resolution in connection with this matter.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Alderman Krulish called up General Order No. 277, being a report and resolution as follows:

No. 1540—(G. O. No. 277).

The Committee on Finance, to whom was referred on February 5, 1907 (Minutes, page 190), the annexed request of the Commissioner of Parks, Borough of The Bronx, for \$140,000, for maintenance of the park system in the Borough of The Bronx, respectfully

#### REPORTS:

Park Commissioner Berry appeared before your Committee, and made a similar statement to the one made by Commissioner Herrman on the same subject in relation to the park system in Manhattan and Richmond. For the reasons set forth in the report of your Committee on Introductory No. 1541, the Committee believes that an addition of sufficient funds to make an increase of 10 per cent. over the total for 1906 is reasonable, and, therefore, recommends the issuance of Special Revenue Bonds to the amount of \$46,000 for maintenance, as suggested in the Comptroller's report.

They therefore recommend that the annexed resolution be adopted:

Resolved, That in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty-six thousand dollars (\$46,000), the proceeds whereof to be applied for maintenance of the park system in the Borough of The Bronx.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, A. L. KLINE, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

Department of Parks, Borough of The Bronx,  
Zbrowski Mansion, Claremont Park,  
New York, January 30, 1907.

To the Honorable President and Members of the Board of Aldermen:

Gentlemen—On the 27th day of August, 1906, this Department prepared an estimate for the current expenses for the year 1907, and forwarded the same to your Honorable Board and the Board of Estimate and Apportionment.

Among the items of said estimate was one for Maintenance and Construction, \$572,445.

I am advised that my predecessor, in arriving at this amount, eliminated every unnecessary item of expense, and only considered the ordinary maintenance required for the practical purposes of caring for our park system.

The Board of Estimate and Apportionment fixed the appropriation in the sum of \$289,774.68. I have no knowledge of how the said Board arrived at this amount.

When it is considered that the average amount per acre, viz., a little more than \$140, the smallest amount ever appropriated for the maintenance of any park system, was the minimum requested, I believed the estimate a reasonable one.

I therefore request that, for the ordinary expenses of maintenance of our park system your Honorable Board grant an additional appropriation from the Revenue Bond Fund of the sum of \$140,000.

With each recurring year, the area of park territory in The Bronx for public purposes has been very largely increased. Lands have been opened up and developed; new lawns were made, many new bath houses and comfort stations erected, all of which require care and attention. Several miles of new roads have been added during the past year.

The largely increased use of automobiles has very materially increased the cost of keeping our more important parkways in shape, and has rendered it absolutely necessary that Bronx and Pelham parkway be resurfaced throughout its entire length.

The athletic fields have been enlarged and improved, and material additions have been made to the golf links.

All of the above has rendered necessary increased appropriations.

When it is remembered that the item for maintenance is but a trifle greater than it was in the year 1900, you will readily see the necessity for increased appropriations.

In addition to this, there has been appropriated the sum of \$20,000 for the care of trees in City streets. This evidently was intended for the care only of these trees during a period of six months. There should be, at least, \$20,000 additional for this purpose. The amount appropriated for the care of trees last year was entirely inadequate, when the vast number of trees in The Bronx is taken into consideration.

The item of music was also reduced from \$11,000 asked to \$9,000 appropriated. With each recurring year, the necessity for music in our parks becomes greater, and it is sincerely hoped that the additional \$2,000 may be granted.

In the item for forestry work, application was made for \$6,000, which was reduced to \$4,000 for some reason unknown to me, but I find that the sum asked for was, if anything, much less than that required for the large number of trees in our City parks, especially since the advent of the disease that is destroying vast numbers of our chestnut trees.

The small sum appropriated, viz., \$4,000, would go but a little way in the checking of this wholesale destruction, as it is imperative that the trees affected should be removed as speedily as possible. I therefore respectfully request that at least \$4,000 additional be appropriated for use this year.

In the item for Salaries of Engineers, the amount asked for was \$19,210, while the amount appropriated was \$16,030, which amount is insufficient for the payment of salaries for the whole year, of the force now employed. The engineering force in this Department is, at present, barely sufficient for the prosecution of routine work, leaving little or no time for the surveying of the unmapped parks, the most important of which is Van Cortlandt Park, with its area of 1,132 acres. An additional sum of \$4,000 would enable us to employ a sufficient additional force, so that the work of completing necessary surveying and mapping could be completed at the earliest date possible, in order that the work of laying out a comprehensive system of park development may be proceeded with in the near future.

The development of park property throughout the Borough of The Bronx has, I believe, greatly increased the demands for and sale of property, and has been an important factor in the enormous growth of our borough, and has added materially to the increased valuation of real estate.

Appropriations for park maintenance have not kept pace with the large increase of developed property, and, when it is considered that we have a total of upwards of 4,000 acres of parks and parkways, it would seem necessary that additional appropriations be made by the issue of Revenue Bonds for this Department for the present year, and I believe the amount named for maintenance, care of trees, music, forestry work and engineers' salaries, \$170,000, is absolutely necessary.

Trusting that this application may receive early and favorable consideration, I remain,

Yours respectfully,

JOSEPH I. BERRY,

Commissioner of Parks, Borough of The Bronx.

The Chairman pro tem. put the question whether the Board would accept said report and adopt said resolution.

#### BOROUGH OF THE BRONX.

#### MINUTES OF JOINT MEETING, LOCAL BOARDS OF MORRISANIA AND CHESTER, TWENTY-FOURTH AND TWENTY-FIFTH DISTRICTS.

Pursuant to motion of Alderman Harnischfeger, duly seconded by Alderman Mulligan, President Haffen called a meeting of the Local Boards of Morrisania and Chester, Twenty-fourth and Twenty-fifth Districts, in joint session, on Thursday, August 1, 1907, at 3.15 p. m.

Present—Alderman Harnischfeger, Alderman Murphy, Alderman O'Neill, Alderman Dinwoodie, Alderman Mulligan and the President of the Borough of The Bronx.

On motion of Alderman Harnischfeger of the Morrisania Local Board, seconded by Alderman Mulligan of the Chester Local Board, the following resolutions were adopted, and the Secretary was directed to forward a copy of the same to the Sinking Fund Commissioners and the Commissioner of Docks and Ferries of The City of New York, for such action as may be necessary to carry said resolutions into effect:

Whereas, The demands of the growing population in the boroughs of The Bronx and Queens necessitate better and more frequent means of communication between said boroughs for the transportation of passengers and merchandise; and

Whereas, The larger part of the produce consumed in the Borough of The Bronx is raised and furnished by the Borough of Queens, and the consumers of our great and growing borough are placed at serious disadvantage in comparison with those of other boroughs, owing to excessive transportation charges and infrequent service, resultant upon the operation of a ferry owned and operated by private interests; and

Whereas, This condition of affairs has necessarily and seriously hampered the trade of our borough and driven a large part of the business elsewhere, and it has raised the prices of the common necessities of life to our people and retarded the development of an important section of The Bronx; and

Whereas, The commercial relations existing between the boroughs of Queens and The Bronx are each day becoming closer and more necessary, thereby making it imperative that transit facilities between the two boroughs should be of such a character as will insure benefit to the people rather than profit to a private corporation; and

Whereas, Great necessity exists in the Borough of The Bronx, because of our vast and growing population, for the establishment of a public bath and recreation pier; and

Whereas, The New York and College Point Ferry Company owns, operates and controls the only ferry operating between the boroughs of The Bronx and Queens, and possesses the only available landing and dock facilities in suitable places in both boroughs, as well as an ample water front for the permanent location of a public bath, recreation pier, etc., in the Borough of The Bronx; and

Whereas, There is a great demand, voiced by our citizens and civic bodies, for the establishment of the above recreation pier, floating public baths, etc., the establishment of which has so far been rendered impossible through the City not being able to obtain suitable water front in this locality; and

Whereas, The provisions of the Prentice bill empower The City of New York to purchase the above mentioned ferry properties; now therefore be it

Resolved, That the Local Boards of Morrisania and Chester, respectively, urge the Dock Commissioner and the Sinking Fund of The City of New York to forthwith take such steps as are necessary to acquire the properties mentioned herein for a ferry, operated by the Municipality and for the other much needed public improvements, and that when such property is acquired the boats comprising said ferry be so regulated that landings be made on every alternate trip at Clason's Point, Borough of The Bronx; and be it further

Resolved, That the Secretary of the said Local Boards of Morrisania and Chester be and he hereby is directed to forward copies of this resolution to the above named authorities, and also to the President and the Local Boards of the Borough of Queens for their action and co-operation.

Affirmative—Alderman Harnischfeger, Alderman Mulligan, Alderman Murphy, Alderman O'Neill and the President of the Borough of The Bronx—5.

Negative—Alderman Dinwoodie—1.

Sec. 2. The grant of this privilege is in consideration of and subject to and conditioned upon the performance and observance of the following conditions:

First—The said right to lay, construct, maintain and operate pipes, mains or other conductors for conducting gas in the above described territory shall be held and enjoyed by the Company, its successors or assigns, from the date when this contract is signed by the Mayor until the twenty-seventh day of October, nineteen hundred and thirty-one, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate such a gas system by itself, and is not to include any valuation derived from the ownership, operation or control of any other gas, electric or other system used for the purpose of supplying light, heat or power, by the Company, its successors or assigns.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year, before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of this original contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board, one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this original contract, or if the same is renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, if the Board shall so elect, the mains, service pipes and street lamps erected and located by the Company in the territory designated in section 1 of this contract, including all property erected or located by it in the public streets or roads of the City, as the same now exist or may be extended, and in all new streets or roads which may be hereafter opened in that portion of the Borough of Queens, constructed pursuant to this contract, shall become and be the property of the City, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If the Board shall so elect, upon the termination of this grant for any cause, the plant and property erected and located by the Company pursuant to this contract, in that portion of the Borough of Queens as bounded and described in section 1 of this contract, including the buildings, plants, holders, meters, house fittings and all property not situated in the public streets or roads used by the Company in the manufacture and distribution of gas to street lamps and public and private buildings in said territory, shall become and be the property of the City on payment to the Company of the value of the same, as fixed by three disinterested freeholders, appointed and paid in the same manner and with the same powers as appraisers appointed upon any renewal of this original contract, as above set forth, but such valuation shall in no case be greater than the value of such property as shown by the last report submitted by the Company to the Board, as required by the terms of this contract, and shall not include any compensation for any value which such property may have by reason of this grant.

If, however, at the termination of this grant for any cause, as aforesaid, the City, by the Board, shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, mains and conductors from all the streets and public places within the limits of the territory in which it is authorized to operate by this contract.

Third—The Company, its successors or assigns, shall pay for this privilege to the City the following sums of money, to wit:

1. One thousand dollars (\$1,000) in cash within thirty days after the signing of this contract.

2. During the period between the date on which this contract is signed by the Mayor and the twenty-seventh day of October, nineteen hundred and eleven, an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

3. During the succeeding five years of this original contract an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of five hundred dollars (\$500).

4. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to two (2) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

5. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand five hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand five hundred dollars (\$1,500).

6. During the last five years of this original contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and which shall be equal to five (5) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

All the sums herein provided for shall be paid into the treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Fourth—The said annual charge or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any gas or other company providing for payments for similar rights or franchises at a different rate, and no transfer, sale, assignment, lease

or sublease of the rights or franchises hereby granted, whether original or renewal, or any part thereof, shall be valid or effectual for any purpose unless the said transfer, sale, assignment, lease or sublease shall contain a covenant on the part of the transferee, purchaser, assignee or lessee that the same is subject to all the conditions of this contract and that the transferee, purchaser, assignee or lessee assumes and will be bound by all of said conditions, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said transferee, purchaser, assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

It is agreed that any and all payments to be made under the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinances of the City or by any law of the State of New York.

Fifth—The plant, manufactory or works of this Company which may be erected under the privilege contained in and granted by this contract for the purpose of manufacturing and furnishing gas, shall be constructed so as not to be in any way detrimental to the public health, nor otherwise create a nuisance. Before the construction of any plant, holder or other apparatus used in the manufacture or storage of gas the Company shall obtain the approval of the Board to the location and the plans for the construction of the same.

Sixth—The Company shall construct, maintain and operate its gas system, mains, conductors, service connections and pipes subject to the supervision, control and inspection and to the entire satisfaction of the proper authorities of the City who have jurisdiction in such matters, under the Charter or ordinances of the City, or under the provisions of this contract, and the entire expense of such supervision, control and inspection shall be borne by the Company.

Before opening any street, lane, alley or public place to lay or to begin the laying of any mains, conductors, pipes or service connections, the Company shall submit to the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, working plans which shall include and show in detail the proposed location and method of construction of said mains, conductors, pipes or service connections, and the mode of protection or changes in all subsurface structures required by the construction of such mains, conductors, pipes or service connections, and shall obtain from these officials, if such working plans are approved, permits for the construction of such work.

Whenever the pipes or conductors of the Company in any part of the Borough of Queens are to be laid under or adjoining a railroad track, the work of trenching for and laying the same shall be conducted so as to interrupt as little as possible the running of cars thereon, and when the work is finished, the track and street, avenue or public place shall be replaced and repaved by said Company in as good condition as before the commencement of the work.

Whenever the Company shall open any street, avenue or public place in the territory in which it is granted the privilege to operate by this contract, for the purpose of laying pipes or conductors, then the Company, when restoring the pavement of said street, shall do so in accordance with the specifications for the construction of said pavement, and the Company shall also, at its own cost and expense, maintain the same in good condition, and at the proper grade and curvature, for the period of one year from the time of its restoration, whether the same had been restored by the said Company or by the City authorities, as hereinafter provided. When streets paved with improved pavements, on which the contractor's guarantee has not expired through time, are to be paved, the Company shall have the power to arrange with the contractor to open and relay such pavements under an agreement or contract.

If the Company at any time, after five days' notice from the President of the Borough of Queens, shall neglect or refuse to restore, repave or maintain any pavement in accordance with the provisions of this contract, then the President of the Borough of Queens may restore, repave or maintain the same, and the cost of such restoration, repaving or maintenance, with legal interest thereon, shall be a proper charge against, and may be deducted from, the security fund to be deposited by the Company with the Comptroller, as hereinafter provided.

Seventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eighth—Within three (3) months after the execution of this contract by the Mayor, the Company shall commence the laying of mains, and within two (2) years thereafter shall have laid and in operation at least five miles of mains within the streets in the territory in which it is hereby granted the privilege to lay its mains, and shall supply gas through the same to the sections known as Queens and Little Neck. The Company shall also, within ten (10) years thereafter have laid, ready to supply gas through the same, a main or conductor, as follows: Commencing at or near Little Neck Bay, then through Main avenue to Alley road; through Alley road to Springfield road, and through Springfield road to Rockaway road; also, from Alley road, along Rocky Hill road and Hillside avenue to the section known as Holliswood. From and after five (5) years from the date of the signing of this contract the Company shall also lay such further mains as may be directed by the Board. Unless the provisions of this paragraph be fulfilled by the Company, this grant shall cease and determine.

Ninth—In the event that the City finds it necessary to change the grade or line of any street, road or avenue now existing, or which may hereafter be opened in any part of the Borough of Queens, or place therein any new structures, or change the location of any structure therein, the Company agrees that it will make no claim or attempt to obtain any compensation for its expense in relaying or replacing its mains, if the same is necessary to conform to such improvement in or of such street, road or avenue, in the territory in which it is hereby granted the right to lay its mains.

Tenth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its main to such places and along such streets as he may direct, but shall not be required to lay a greater length of main or conductor during any one year than that hereinbefore prescribed, provided, however, that if any public building or public lands that the Commissioner desires to be lighted are situated within one hundred (100) feet of any main or conductor of the Company in a public street, avenue or highway, then and in that case the Company shall be required to extend the same, in addition to the above, in compliance with section 65 of the Transportation Corporations Law (chapter 566 of the Laws of 1890), and a public lamp shall be deemed a building or premise within the meaning of such section.

Eleventh—The gas plant, mains and all appurtenances thereto shall be constructed and operated in the latest approved manner, and shall be operated with the most modern and improved appliances. The gas furnished by the Company shall be of the best quality, and the supply shall be continuous for twenty-four hours in each day during the term of this contract, or any renewal thereof, except for interruption from unavoidable causes over which the Company shall have no control.

Twelfth—The Company shall file with the Board on or before the first day of November in each year a map, plan or diagram, showing the boundaries of the territory in which the Company is authorized to lay its mains by this contract, upon which shall be plainly marked in black the mains laid, up to September 30 of the year preceding, and in red the mains laid during the year ending on the 30th day of September next preceding the date of the filing of such map, plan or diagram. This map, plan or diagram shall have a statement thereon of the number of miles of mains laid up to the 30th day of September of the preceding year, and of the number of miles of mains laid during the year ending on the 30th day of September next preceding the date of the filing of the same, in the words and figures following, viz.:

Number of miles of mains laid up to September 30, 19 : miles, feet.

—and shall be certified by the Secretary of the Company. Copies of this map, plan or diagram shall also be filed in the office of the Department of Water Supply, Gas and Electricity, and in the office of the President of the Borough of Queens.

Thirteenth—The gas to be furnished by the Company shall be of the standard at present fixed by law. Said gas shall have an illuminating power of not less than twenty-two sperm candles of six to a pound, burnings at the rate of one hundred and twenty grains of sperm per hour, tested at a distance of not less than one mile from the distributing holder by a burner consuming five cubic feet of gas per hour by a flat flame burner giving greatest results at not less than four-tenths of an inch pressure at the point of ignition, and each one hundred cubic feet of gas shall not contain more than five grains of ammonia, nor more than twenty grains of sulphur, nor more than a trace of sulphuretted hydrogen. Provided, however, that should a new process be hereafter generally used to manufacture gas of a higher standard than the gas at present manufactured by the Company, then the Company binds itself to furnish gas equal to that furnished by such new process, should the same be ordered by the Board. And the Company further binds itself to furnish gas of superior candle-power and quality to that herein set forth or ordered by the Board whenever required to do so by any general or local act of the Legislature, and such act shall be deemed a modification of this agreement, but no act providing for the furnishing of an inferior quality of gas shall be deemed to in any way affect the provisions of this agreement. The pressure of said gas shall not exceed that fixed by law.

Fourteenth—The Company agrees to provide and furnish to the Department of Water Supply, Gas and Electricity the necessary apparatus and station to conduct tests to ascertain the pressure and quality of the gas furnished by it, if required to do so by the Commissioner of Water Supply, Gas and Electricity. Should any tests made by the said Commissioner of gas furnished by the Company show that said gas is of an inferior quality or other than that specified herein, or is being furnished at a pressure exceeding that fixed by law, the Company shall immediately remedy such defect upon notice from said Commissioner.

Fifteenth—The rates to be charged by the Company in the Borough of Queens for gas furnished by it to the City and to private consumers shall never be in excess of the following, and it is agreed that the same may be reduced by the Board, as hereinafter provided:

The maximum rates herein fixed for public lighting and for repairs and replacements of street lamps and posts, shall continue until October 27, 1911, at which time and at the end of each period of five years thereafter during the term of the contract or any renewal thereof, the Board shall have the power to reduce such rates, provided such reduced rates shall be reasonable and fair.

Nineteenth—The Company shall supply gas to all applicants in the territory in which it is authorized to operate, not in arrears for prior bills, owning or occupying premises on streets in which gas mains or conductors are laid, and where the Company has not laid mains or conductors it shall lay the same upon the application, in writing, of the owner or occupant of any building or premises within one hundred feet of any main laid by it, provided he shall pay all money due from him to the Company. The Company, however, shall not refuse to supply gas to any person owning or occupying premises on the line of its mains or to extend its mains for that purpose if there be any rent or compensation in arrears for gas supplied, or for pipes or fittings furnished to a former occupant thereof, unless such owner applying for a supply of gas shall have undertaken or agreed with the former occupant to pay or to exonerate him from the payment of such arrears, and shall refuse and neglect to pay the same; and if for the space of ten days after such application, and the deposit of a reasonable sum as security, if required, in pursuance of section 66 of the Transportation Corporations Law, the Company shall refuse or neglect to supply gas as required, said Company shall forfeit and pay to the applicant the sum of ten dollars, and the further sum of five dollars for every day thereafter during which such refusal or neglect shall continue; provided that the Company shall not be required to lay service pipes for the purpose of supplying gas to any applicant where the ground in which such pipe is required to be laid shall be frozen or shall otherwise, in the opinion of the Board, present serious obstacles to laying the same; nor unless the applicant, if required, shall deposit in advance with the Company a sum of money sufficient to pay the cost of his portion of the pipe required to be laid, and the expense of laying such portion.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the mains of the Company can apply to the Board to compel the Company to comply with the provisions of this contract, and all

orders of the Board made on the request of any such consumer or person shall be complied with by the Company.

The provisions herein made in regard to a penalty for refusal to comply with the provisions of this subdivision of the contract, and requiring the payment of interest on deposits made by consumers, may, in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

The repeal or amendment of section 65 of the Transportation Corporations Law, requiring the Company to extend its mains to supply gas to any building within one hundred feet of its existing mains, upon application for the same, shall not be deemed to in any way affect the provisions of this contract, except that if such amendment requires the Company to do something in addition to or not inconsistent with the provisions of this contract, then, and in that case, the Company shall comply with both the provisions of this contract and the laws of the State in regard to such extensions.

Twentieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twenty-first—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation, merger or sale of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests, or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporations without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving, or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

In the event of any consolidation, sale or merger with any other gas company operating in the same territory whereby any duplication of plant or mains shall be effected, such duplication shall not be included in the assets on which a return is to be provided in fixing a reasonable rate.

Twenty-second—The Company hereby agrees and stipulates that any and all rights which by its incorporation it may now have or may hereafter acquire, under the law, as it now exists or may be hereafter amended or altered, whereby it may purchase, acquire or hold stock, bonds or other evidences of indebtedness in any other corporation, are hereby waived; but the Company may exercise such rights upon acquiring the consent of the Board so to do, under such conditions as it may impose.

Twenty-fourth—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain the standard fixed by the Board or by law, as set forth above, for the quality of gas furnished by it to the City or private consumers, or exceeds the maximum pressure allowed by law, or fail to maintain its structures

in good condition throughout the full term of its occupancy of such streets, or fail to comply with any provision of this contract, the Board may give written notice to the said Company, specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time said Company shall for each day thereafter during which the default or defect remains pay to the City the sum of one hundred dollars (\$100), as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, or in default of such payment, the same shall be a proper charge against and may be deducted from the security fund to be deposited with the Comptroller as hereinafter provided.

If, for a period of two consecutive weeks, the gas system of the Company shall not be operated, the Board may declare the right and franchise granted by this contract terminated without further proceedings in law or in equity, if it shall appear, in the judgment of said Board, that the same was not operated through the fault of the Company.

The Company shall, in the exercising of any and all the rights conferred on it by this contract, comply with all the provisions of chapter 429 of the Laws of 1907, establishing the "Public Service Commissions" of the State of New York, and all acts amendatory or additional thereto, and shall immediately upon obtaining the same, furnish to the Board, for filing among its records, a copy of the certificate required to be obtained by the Company under section 68 of such act, certified by the Commission having jurisdiction over the Company.

Such report shall contain a statement of the gross receipts from all business done by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

And the said Comptroller shall at all times have access to the plant of said Company and on reasonable notice be provided with an inventory thereof.

Twenty-sixth—In case of any violation or breach of failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on or before ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant, shall thereupon become the property of the City without proceedings at law or in equity.

Twenty-seventh—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of one thousand five hundred dollars (\$1,500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company. The procedure for the imposition and collection of the penalties in the grant shall be as follows: The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in default, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure, withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of one thousand five hundred dollars (\$1,500), and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then, and in such case, such other board, authority, officer or officers shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-ninth—The words "notice," "demand" or "direction," wherever used in this contract, shall be deemed to mean a written notice, demand or direction. Every such notice, demand or direction to be served upon the Company shall be delivered at such office in The City of New York as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at The City of New York. Delivery or mailing of such notice, demand or direction as and when above provided shall be equivalent to direct personal notice, demand or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways of the territory in which the Company is authorized to operate by this contract, and nothing contained herein shall be deemed to affect in any way the right of the City to grant a similar privilege upon the same or other terms and con-

ditions to any other person or corporation in any part of the Borough of Queens.

Thirty-first—Whenever this contract requires the Company to do or refrain from doing something in addition to or not inconsistent with the laws of the State or the ordinances of the City, the Company shall be bound to observe the provisions of the contract or any amendments or modifications of the same. This provision shall be deemed to apply to any and all orders, requests and directions of all local authorities vested with powers by this contract, in addition to those conferred upon such authorities by the laws of the State and the ordinances of the City.

Section 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
