MOTIONS, ORDINANCES AND RESOLUTIONS.

By Alderman Dowling—

No. 2521.

The Committee on Finance presents to the Board of Aldermen the following statement of the work performed during the year 1910. In this connection the Committee felicitates the Board on the volume of work which has been accomplished, the rapid manner in which all papers presented have received attention, and the thoroughness with which the members of the Board have considered the matters of moment coming before them.

In the course of the year just passed the Board of Aldermen has received from the Board of Estimate and Apportionment 365 communications concerning financial propositions amounting to \$48,974,278.32. Of this class of resolutions and ordinances this Board has adopted 217, covering expenditures amounting to \$30,462,609.76. It has concurred in 129 resolutions amending corporate stock issues covering reductions amounting to \$15,169,243.22, and has also concurred in 15 resolutions rescinding corporate stock issues amounting to \$2,562,425.34. This Board has effected a saving to the city in the following amounts by rejecting these proposed issues of corporate stock:

\$780,000 for acquiring property at 16th street and Irving place.

28,000 overcharge in cost of public schools 46 and 171.

4,000 for equipment of Educational Alliance Building.

During 1910 the Board of Aldermen has considered and approved 131 applications for Special Revenue Bonds, amounting to \$2,009,763.97. These authorizations have been transmitted to the Board of Estimate and Apportionment, and that body, to date, has approved \$1,475,609.61 of these bond issues.

Upon the recommendation of this Committee, the amount of \$111,500 was deducted from the Budget for 1911 by a vote of this Board.

The other committees of the Board have worked faithfully and given careful consideration to all matters entrusted to them, and the amount of business transacted may be estimated when it is shown that 2,519 papers were introduced, of which 1,503 were passed and approved by the Mayor, and 661 were passed which did not require the signature of the Mayor. Of the remainder 49 were returned disapproved, 170 were placed on file, and 112 are now on General Orders or in committee.

Respectfully submitted,

FRANK L. DOWLING, WM. P. KENNEALLY, FRANCIS P. KENNEY,
CHARLES P. COLE, JOHN DIEMER, MICHAEL STAPLETON, Committee on Finance.

Which was adopted.

Alderman Smith moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, January 3, 1911, at 1.30 o'clock p. m.

PETITIONS AND COMMUNICATIONS.

No. 2522.

New York, December 21, 1910.

Board of Aldermen:

Gentlemen—As one citizen, representing myriads of others of same views, I desire to enter a decided protest against any increase in the speed allowance in congested sections of the City.

It is a noticeable thing that the present rate of travel via autos is decidedly dangerous for every moment during certain hours, on Seventh avenue, Broadway and such streets, the autos rush by at reckless speed.

Many of them do exceed the legal allowance, but there is not the slightest reason why faster travel should be allowed—in fact chauffeurs should be held down to the proper rate of speed.

State of New York, Public Service Commission for the First District, 154 Nassau st., New York, December 21, 1910.

To the Honorable Board of Aldermen of the City of New York, City Hall, New York:

Gentlemen—The Commission is in receipt of your resolution of December 13, requesting a report as to what steps have been taken or what action is contemplated toward doing away with horse cars now operated by the Dry Dock, East Broadway and Battery Railroad Company, the Metropolitan Street Railway Company (Avenue C Division), and the Central Park, North and East River Railroad Company.

Permit me to call your attention to the fact that the Dry Dock, East Broadway and Battery Railroad Co. and the Metropolitan Street Railway Co. are in the hands of federal receivers and have been in that condition practically the entire period during which the Public Service Commission has been in office. A change in motive power has been discussed with the officials, but it seems impracticable to secure a reconstruction of the lines mentioned prior to a reorganization of the companies. When this has been done it is expected that all the lines will be put in first-class condition.

The Central Park, North and East River Railroad Co. is now operating as a separate corporation, its operating agreement having been abandoned by the Metropolitan Street Railway Co. in August, 1908. But the road is in much the same position as the other companies.

Gentlemen—The Commission is in receipt of your resolution of December 13, requesting a report as to what steps have been taken or what action is contemplated toward doing away with horse cars now operated by the Dry Dock, East Broadway and Battery Railroad Company, the Metropolitan Street Railway Company (Avenue C Division), and the Central Park, North and East River Railroad Company.

The Commission has in all cases sought to improve the service upon the horse lines in the City and has encouraged changes of motive power by the receivers in charge. Much work has been done in the matter of securing the removal of abandoned horse car track and generally clearing the way for improvement of the horse car systems in the manner suggested by your honorable Board. Respectfully submitted,
TRAVIS H. WHITNEY, Secretary.

No. 2524.

To the President and Members of the Board of Aldermen, City of New York:

Every administration for years back has come into power with "a seat for every child" pledge—and gone out with a few thousand more half-time children on its hands than it has come in with.

New York City has more half-time school children than all the first-class cities of the country combined—more than all the towns and villages. Cuba, Hawaii and the Philippines has none. Yet a high official writes that it pains him to note that the undersigned is on record as opposed to City subway building.

Well, if the high official, as a boy, had attended a mass meeting in the year 1885 in an attempt to urge the City to build a school in The Bronx—had seen this school completed in the year 1901, overcrowded in the year 1902, and his little boy as a half-time scholar for the year 1909, perhaps the high official might take a broader view of the Subway-School question. (School referred to, No. 32, has 1,200 seats, and about 2,800 scholars.)

The undersigned is not opposed to subway building, but is bitterly opposed to The City of New York attempting to construct railroads while that City admits in writing that it has neither funds nor brains available to furnish the necessary school accommodations for its fifty thousand or so half-time primary school children.

The first moral obligation of a city, town or village is to educate its children—to furnish the necessary educational facilities for its young. When a city, town or village admits its inability to do this then it certainly has no moral or legal right to attempt to furnish motive power and transportation for its adults.

Under these conditions the undersigned respectfully begs to ask each and every one of you, why the undersigned would or would not be justified (with the compulsory educational law embodied in the complaint), in applying to the courts for an injunction, restraining The City of New York from using practically all its available funds or credit for railroad construction? Respectfully,

WILLIAM STONEBRIDGE, 579 E. 184th st., New York.

Bronx Borough, December 23, 1910.

Which was referred to the Committee on Public Education.

No. 2525.

To the Honorable the Board of Aldermen:

We, the undersigned petitioners, do hereby ask that your honorable Board take under consideration and repeal the section of the present Building Laws now in force in The City of New York, relating to the use of fireproof wood in buildings of over 150 feet in height, and for the following reasons, viz.:

First—that the fireproofing of said woodwork is an unnecessary expense to the owner, in that the fireproofing process does not necessarily render the wood fireproof when put in the building, and after comparatively few years (about four or five years) very little of such fireproofed wood is non-inflammable.

Second—That the cost of such process is excessive, owing to the limited number of firms engaged in the business, and the lack of competition therein.

Third—That in case of fire in such a building it is practically always the case that the furnishings, stock, etc., contained therein are the first to catch fire and that the trim of the building forms such a small proportion of the contents, as to have little or no effect in the final outcome of the fire.

Fourth—That all fire insurance companies engaged in business in New York City and also the Board of Fire Underwriters, now recognize so decidedly the uselessness of fireproofed wood in buildings, that they now charge the same rate for buildings where such wood is used the same as if none of the woodwork had been fireproofed.

Fifth—That the cost of building operations in this City is thus greatly increased, and that neither the owner of the building nor the public receives any benefit whatever from such increased cost.

Sixth—That the said ordinance was introduced into the Building Code principally for the benefit of a single industry controlled by patents and in the hands of two or three firms.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen, New York City:

Dear Sir—You have undoubtedly become aware, through the newspapers and otherwise, of the proposed changes in the automobile speed regulations of this City. There is no question but that the requirement of surety bonds from chauffeurs, and indeed from all auto drivers protecting the public against the results of reckless driving, would be the most effective means of curing the evil complained of, and this Company stands ready to furnish these bonds to proper applicants, in the event that such an ordinance be passed.

We beg to suggest that you present this matter to your honorable Body for consideration at an early meeting, and beg to remain, very truly yours,
W. C. ARMITAGE, Vice-President.

No. 2528.

Municipal Court of the City of New York, Borough of Queens, Third District, Glendale, December 20, 1910.

To the Honorable, the Board of Aldermen of the City of New York:

Honorable Sirs—Application is hereby made to your honorable body for an appropriation in the sum of \$2,500.00 for the purpose of purchasing furniture, safe, law library, typewriters, book-cabinets, filing cabinets and cases and other necessary equipment required to properly fit up the court room, Judge's chambers and Clerk's office of the Third District Municipal Court of the Borough of Queens, and that the necessary bond issue be authorized for such purpose.

The Third District Municipal Court of the Borough of Queens is a new Court, instituted January 1, 1910, pursuant to statute.

No appropriation has heretofore been made for said Court, and since January 1, 1910, said Court has been conducted under temporary arrangement.

Application has been made to The City of New York for a permanent lease of the premises now occupied by said Court, 1908 and 1910 Myrtle ave, Glendale, Long Island, and this application is made for the purpose of necessarily and properly fitting up said premises for Court purposes, with adequate law library, safe, desks, typewriters, furniture and also other necessary equipment not furnished under said lease.

A schedule of articles necessary is hereto annexed. Respectfully submitted,

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, 51 Chambers St., Manhattan:

Sir—It has been brought to my attention that on November 1, 1910, a resolution was introduced in the Board of Aldermen recommending the appointment by the Mayor of a special committee to investigate the operations of moving picture shows in the City of New York. This resolution, I understand, was referred to the Committee on Laws and Legislation.

This office has for some months been making a study of moving picture shows in this city, and I believe the appointment of a committee of this kind, consisting of those having special knowledge of the subject in its various branches, would be of the utmost assistance and service. In case this committee is appointed, I shall be very glad to co-operate with it in every way possible.

I believe that in the proposed committee an opportunity is offered to determine the status of the moving picture show business in this city. At the present time, its entire regulation seems to be in a most chaotic condition, due undoubtedly to the fact that no systematic control over it has ever been exercised.

I urge upon you the passage of this resolution. Respectfully,

RAYMOND B. FOSDICK, Commissioner of Accounts.

The Vice-Chairman laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 2530.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Ave. and 26th St., New York, December 23, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request authority from the Board of Aldermen to purchase without public letting the fresh fruits and vegetables required during the year 1911 for the employees in the various hospitals of the Department at a cost not exceeding \$11,200. This request is an annual one and the amount involved is the same as last year. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

The Vice-Chairman laid before the Board the following communication from the Municipal Explosives Commission:

No. 2531.

Municipal Explosives Commission of the City of New York, December 24, 1910.
 Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—This Commission begs to call your attention to the enclosed copy of a proposed ordinance, amending sections 763 and 769 of the New York City Charter. This proposed ordinance was introduced at a meeting of the Board of Aldermen some time ago, and was referred to the Law Committee; but, so far as we are aware, it has not as yet been reported on by that Committee.

We wish at this time to call to the attention of the Board of Aldermen the wisdom of passing as soon as possible the proposed ordinance. The recent disastrous explosion at the Grand Central yards has served to emphasize our inability to handle properly such an important question as the treatment of inflammable gases under pressure (under the powers now conferred upon us by section 763 of the Charter), upon which no regulations whatever were made by our predecessors. We should be in a position to obtain the very best evidence possible, under oath, regarding every phase of this catastrophe; but we are, we regret to state, obliged to depend almost entirely upon our own personal observations, supplemented by the proffered information of some of the railroad officials.

Practically every subject which this Commission is called upon to consider requires serious study and investigation and the possession of all the salient facts having any bearing thereon; and it is well nigh impossible for us to procure this information without the power to administer an oath and to compel the attendance of a witness.

We feel assured that you will agree with us, that our very best endeavors and intelligence should be combined in the work before us, and we feel convinced that the honorable Board of which you are President will afford us the relief asked for as soon as it realizes the present limitations upon our powers of investigation.

Respectfully,

MUNICIPAL EXPLOSIVES COMMISSION; Frederick J. Maywald, Geo. O. Eaton, Sidney Harris, Peter P. Acritelli, Commissioners.

AN ORDINANCE to regulate the manufacture, transportation, storage, sale and use of explosives and combustibles in the City of New York. (Changing section 763 of the Greater New York Charter.)

2. It shall be the duty of the said Commission to formulate and enact such regulations as in its judgment may be necessary to carry out the purposes of this ordinance, and from time to time to add to or to repeal or change or amend in any way such regulations. 8. No person, association or corporation shall manufacture, transport, store, sell, keep, use or give away within the corporate limits of the City of New York any combustible or explosive composition, or any substance or combination of substances, or article, prepared for the purpose of producing a visible or an audible pyrotechnic effect by combustion, explosion, deflagration or detonation, except in the manner and upon the conditions herein provided and under a permit issued by the Fire Commissioner in conformity with the duly approved and published regulations of the Municipal Explosives Commission.

9. 12. All persons, associations and corporations that shall hereafter be required to obtain permits for the manufacture, transportation, storage, sale, use, keeping or giving away of any of the articles mentioned in this section, prior to obtaining such permit shall furnish such information as may be required touching the conditions of any building or other premises, the business therein conducted or to be conducted, and the materials used or to be used in said business.

13. Any person, association or corporation violating any of the provisions of this section is guilty of a misdemeanor, and is punishable by a fine not exceeding five hundred dollars, or by imprisonment in the penitentiary for not exceeding one year, or both.

14. Any person, association or corporation violating any of the provisions of this section shall, in addition to the penalties prescribed in subdivision 13 of this section, forfeit any permit granted under this section; and any article manufactured, transported, stored, sold, kept, used or given away in violation of this section may be seized, destroyed or otherwise disposed of, in the discretion of the Fire Commissioner.

15. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Parks, Boroughs of Brooklyn and Queens:

No. 2532.

The City of New York, Department of Parks, Boroughs of Brooklyn and Queens, Litchfield Mansion, Prospect Park, Borough of Brooklyn, December 27, 1910.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, New York City:

Sir—Herewith I beg to hand you application addressed to the Board of Aldermen for the issuing of Special Revenue Bonds to the amount of four thousand seven hundred and forty-four dollars and thirty-six cents (\$4,744.36) to cover the preliminary expenses necessary to the establishment of the Botanic Garden and Arboretum on park lands in the Borough of Brooklyn. Very truly yours,

M. J. KENNEDY, Commissioner.

The City of New York, Department of Parks, Boroughs of Brooklyn and Queens, Litchfield Mansion, Prospect Park, Borough of Brooklyn, December 27, 1910.

To the Honorable Board of Aldermen of The City of New York:
Gentlemen—At the request of the Board of Trustees of the Brooklyn Institute of Arts and Sciences, I respectfully make application for the issuing of special revenue bonds to the amount of four thousand seven hundred and forty-four dollars and thirty-six cents (\$4,744.36) to cover the preliminary expenses necessary to the establishment of the Botanic Garden and Arboretum on park lands in the Borough of Brooklyn, to wit:

Services of Prof. C. Stuart Gager, Botanist, for six months, July 1 to December 31, 1910, inclusive.....	\$2,000.00
Expenses, D. Barta, Civil Engineer, for services in preparing topographical survey and map of the Botanic Garden and Arboretum grounds, and the location of trees and shrubs thereon.....	412.45
Olmsted Bros., Landscape Architects, Brookline, Mass., for services, traveling expenses of Frederick Law Olmsted to and from Boston, arranging for map of the Botanic Garden and Arboretum, February 2 to May 17, 1910.....	331.91
To Olmsted Bros. for professional services, traveling expenses and labor in completing the preliminary plans for the Garden and Arboretum, including the location of the plant houses and the instruction building, and the plan for the approach to the Museum Building, estimated, not exceeding	2,000.00

\$4,744.36

The establishment of such Botanic Garden and Arboretum was authorized by Chapter 618 of the Laws of 1906, and in pursuance of that law a contract for the establishment and maintenance of the garden was entered into between The City of New York and the Brooklyn Institute of Arts and Sciences on December 28, 1909.

At that date the annual budget of appropriations for the maintenance of the various departments, divisions, bureaus, institutions, etc., for the year 1910 had already been passed by the Board of Estimate and Apportionment and the Board of Aldermen, and no provision was made for the preliminary work requisite to the establishment of the said garden.

During the current year the grounds were selected, the building planned and other preliminaries effected.

The above mentioned services of Prof. C. Stuart Gager, D. Barta and Olmsted Bros. were secured, and it is for the payment of the same that the revenue bonds are asked for. Very truly yours,

M. J. KENNEDY, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Docks:

No. 2535.

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, December 29, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—This Department is now chartering two ferryboats, the "Babylon" and the "Hempstead," from the Long Island Railroad Co., at a rate of \$80 per day for use on the 39th St. Ferry. It is absolutely necessary in order that the ferry operation on the South Brooklyn Ferry can be carried on that the charter of these two ferryboats be continued.

The Department after due investigation found these two boats to be the best available boats that could be obtained.

Extra boats are needed in view of the fact that some of the City's boats are out of commission undergoing repairs, but principally due to the fact that the three boats used on the 39th St. Ferry are to be remodeled to provide additional vehicle space on the lower decks. The money for the remodeling of the boats was included in the recent corporate stock allowance of this Department, and the alterations are now in progress.

It is estimated that outside boats will be required for three months, beginning January 1, 1911, or say, ninety days.

Accordingly I hereby respectfully request and recommend that pursuant to the provisions of subdivision 8 of section 188 of the Charter, a resolution be adopted by you requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in the sum of \$14,400 for the purpose indicated, namely the chartering of ferryboats for the Municipal Ferry service. Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.

No. 2536.

District Attorney's Office, Kings County, Brooklyn, New York City, December 29, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—On the 22d day of December, 1910, the Board of Estimate and Apportionment passed a resolution recommending the establishment by the Board of Aldermen of the position of process server in the office of the District Attorney of Kings County, with a salary at the rate of \$1,000 per annum for seven incumbents.

The establishment of these positions is made necessary by chapter 659 of the Laws of 1910, section 20, which provided that on and after the 1st day of January, 1911, it should be the duty of the District Attorneys in the various counties comprised within The City of New York to cause to be served all subpoenas on behalf of the people for appearance before the Court of Special Sessions, and thereafter the said Court shall be relieved from the duty of serving the subpoenas, and that the persons who were employed by the Court of Special Sessions in The City of New York as process servers should become court attendants.

I respectfully request that a resolution be presented to the Board of Aldermen directing the issuance of special revenue bonds to the amount of \$7,000 to defray salaries of these seven incumbents.

Thanking you in advance for your assistance in this matter, I am respectfully,

JOHN J. CLARKE, District Attorney, Kings County.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On October 25, 1910, the President of the Borough of The Bronx requested the approval of an issue of corporate stock to the extent of \$16,050, for the purpose of providing funds with which to continue the preparation of Drainage and Sewerage District plans during the year 1911. In connection therewith, your Committee report:

The preparation of Drainage and Sewerage District plans has so far progressed that at the present time there remains unfinished a part of The Bronx lying to the east of the Bronx River, which comprises an area of about 11,760 acres. The general study of the area as to methods of sewerage is practically completed; also 65,800 linear feet of trunk sewers designed and a complete lateral system of sewers draining an area of 3,500 acres containing 660,000 linear feet or 125 miles of sewers.

The work of designing sewer systems for the remaining 8,260 acres is progressing as rapidly as the adoption of street system and street surface grades will permit. About 350 miles of sewers will be provided for in this area.

In addition to the drainage work east of the Bronx River, the work of modifying adopted drainage plans for the section lying west of the Bronx River continues. During the year ending December 31, 1909, nine modified plans were completed.

The cost of the work has varied considerably in the past five years. The following table shows the charges against the fund from 1905:

1905.....	\$8,717 14	1908.....	\$16,520 45
1906.....	12,107 19	1909.....	11,007 03
1907.....	13,561 88	1910 (October 31).....	9,468 63

The President proposes to maintain a regularly assigned force to the work during 1911 in order to make all possible progress. He proposes to employ the following staff:

1 Assistant Engineer.....	\$3,000 00	1 Leveler.....	\$1,500 00
2 Assistant Engineers, at \$1,950.....	3,900 00	1 Rodman.....	1,350 00
1 Computer.....	1,500 00	1 Rodman.....	1,200 00
1 Topographical Draftsman.....	1,500 00	1 Axman.....	1,050 00

This force would necessitate an annual payroll cost of \$15,000, in addition to which \$1,050 is requested for General Supplies and Contingencies, making a total of \$16,050.

On October 31, 1910, the force assigned to the work consisted of:

1 Assistant Engineer.....	\$3,000 00	1 Rodman.....	\$1,350 00
2 Assistant Engineers, at \$1,800.....	3,600 00	1 Rodman.....	1,200 00
1 Computer.....	1,500 00	1 Axman.....	1,050 00
1 Leveler.....	1,500 00		

This table shows the present payroll cost is only \$13,200. It appears that the President contemplates increasing salaries of two Assistant Engineers from \$1,800 to \$1,950 each, and an addition to the force of one Topographical Draftsman at \$1,500.

An analysis of the disbursements other than for salaries and wages during the year indicates that the requested sum of \$1,050 for Supplies and Contingencies in connection with the work is needed. From May to November of the present year, \$718.63 was charged against the fund in connection with plans specially required and prepared by order of the President, and in November \$134.01 was expended for charges on account of the fund by the office of the Chief Engineer of Sewers and Highways.

In order to carry out the provisions of the resolution adopted by this Board September 30, 1910, designed to give the Board practical control over increases in salaries and wages paid out of corporate stock, revenue bonds and other funds of a like character, it is necessary to establish a schedule of salaries and wages for each fund, wherever possible. In appropriating funds as requested in this instance, it is practicable to establish a schedule which will guarantee to this Board control of the salaries to be paid out of the fund. We recommend that a schedule of salaries be established for the fund entitled C-PX-25, Drainage and Sewerage District Plans, in accordance with a resolution herewith transmitted. Also we recommend the approval of the request of the President of the Borough of The Bronx to the extent of providing for the existing force at the present rates of compensation, and an additional sum of \$1,050 for supplies and contingencies. A resolution to that effect is transmitted for adoption. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 2539.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment December 22, 1910:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment at a meeting held June 3, 1910, and adopted by the Board of Aldermen June 21, 1910, which reads as follows:

Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred thousand dollars (\$100,000), to provide means for the equipment of the pathological department and men's dormitory for occupancy, in connection with the construction and equipment of the new Bellevue Hospital, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to the purposes aforesaid.

—be amended to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred thousand dollars (\$100,000), to provide means for the equipment and painting of the pathological department and men's dormitory for occupancy, in connection with the construction, equipment and painting of the new Bellevue Hospital, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to the purposes aforesaid.

Department of Finance, City of New York, Bureau of Municipal Investigations and Statistics.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In reference to a request dated November 3, 1910, from the Board of Trustees of Bellevue and Allied Hospitals for the amendment of a resolution adopted by your Board on June 3, 1910, authorizing an issue of \$100,000 corporate stock to provide means for the equipment of the pathological department and men's dormitory, referred to the Comptroller, we report as follows:

It is proposed to amend the resolution by inserting the words "and painting" after the word "equipment" wherever it occurs. It appears that the specifications for the construction of the pathological department building did not provide for painting, although provision for that purpose should have been included.

Plans and specifications, which have been approved by this Board, show that the cost of painting the interior of the building will be \$11,000. In order to avoid asking for a new issue of corporate stock, the Board of Trustees agree that the amount required for painting should be taken from the allowance of \$100,000 for the equipment of the building.

It is recommended that the resolution be amended as requested. Respectfully,
WM. A. PRENDERGAST, Comptroller.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment December 22, 1910:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifteen thousand dollars (\$15,000), for the purpose of providing additional means for the construction of a dormitory on the grounds attached to Willard Parker Hospital, under the jurisdiction of the Department of Health, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifteen thousand dollars (\$15,000), the proceeds whereof to be applied to the purposes aforesaid.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 28, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In the matter of a request presented from the Board of Health that the resolution adopted June 3, 1910, which released, among other items, a corporate stock authorization of \$75,000 for the construction of a dormitory on the grounds of the Willard Parker Hospital, Borough of Manhattan, be amended by increasing said amount to \$90,000 to meet the increased cost of the contract work, I report as follows:

The Board of Health states in its application that the firm of Clinton & Russell, architects, was employed to prepare plans and specifications for the new dormitory; that the plans as prepared were submitted to responsible contractors for estimates as to cost of construction. One firm estimated \$85,000 and the other \$86,000 as the cost of the building, exclusive of architects' fees. The plan was for a five-story building, and the architects are of opinion that it cannot be constructed for less than \$85,000, unless one floor is omitted. This is deemed impracticable by the Board of Health, on account of the number of employees to be housed in the building.

Dr. Robert J. Wilson, physician in charge at Willard Parker Hospital, in speaking of the necessity for prompt erection of a dormitory for the accommodation of Maids, or female Hospital Helpers, said:

"A five-story tenement house at Avenue C and 16th street is used at present to house Maids employed in the hospital. The cost to the City for rental is \$2,000 per annum. Four floors of this building are occupied for dormitory purposes. The first floor is used for storage. There is room for forty persons in the building, at the outside. In April last, when contagious diseases were prevalent, we had 45 Maids in the place. At present there are 22.

"We have another dormitory for Maids on the seventh floor of the administration building. Those rooms were occupied by Nurses, who were turned out in order to find place for 10 Maids.

"A dormitory built for men over the disinfecting station is now occupied by 23 Maids. Last April there were 33 in this place. There is room comfortably for 26 persons. The men formerly in this building were crowded into other quarters.

"On account of lack of accommodations, at certain times of the year a number of the Maids live at home. I think it is bad policy to allow a Maid to go out of the hospital, on account of the danger of her spreading contagion.

"The proposed new dormitory will accommodate about 100 Maids. For the care of the building there will be required 20 Maids, 4 on each floor, 2 at night and 2 in the daytime, who will also be housed in the building."

The sum of \$75,000 for the construction of a dormitory was provided by your Board on June 3, 1910, among other releases of funds, and at the same time \$227,317.77 of previous authorization was recorded under the provisions of the following resolution:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment at a meeting held March 31, 1905, and adopted by the Board of Aldermen April 4, 1905, which reads as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding nine hundred and ninety-five thousand dollars (\$995,000), for the purpose of providing means for the acquisition of sites, construction of new buildings and additions to buildings under the jurisdiction of the Department of Health, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding nine hundred and ninety-five thousand dollars (\$995,000), the proceeds whereof to be applied to the purposes aforesaid.

—be amended to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seven hundred and sixty-seven thousand six hundred and eighty-two dollars and twenty-three cents (\$767,682.23), for the purpose of providing means for the acquisition of sites, construction of new buildings and additions to buildings under the jurisdiction of the Department of Health, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding seven hundred and sixty-seven thousand six hundred and eighty-two dollars and twenty-three cents (\$767,682.23), the proceeds whereof to be applied to the purposes aforesaid.

Under the plans for the dormitory approved by the Board of Health, the sum of \$75,000 provided in the Corporate Stock Budget appears to have been insufficient according to the estimates presented by the contractors. The necessity of retaining the building at five stories and basement seems desirable, in view of the number of female Hospital Helpers to be cared for at present, as well as the future needs of the hospital. The abandonment of the dormitory building at Avenue C and 16th street will mean a saving to the City of \$2,000 per annum in rent.

The balance of \$227,317.77 remaining in the Department of Health Building Fund having been rescinded by this Board on June 3, 1910, the request of the Board of Health for a further allowance from that fund cannot be complied with. However, in view of the facts stated, I recommend the authorization of the issue of an additional amount of \$15,000 in corporate stock, to be applied to the construction of a dormitory on the grounds attached to Willard Parker Hospital, as per the resolution hereto appended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Department of Finance, City of New York, Bureau of Municipal Investigations and Statistics.

December 12, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of this Board held on December 1, 1910, a report presented by the Comptroller on a request from the Board of Health for an additional allowance of \$15,000 for the construction of a dormitory on the grounds at Willard Parker Hospital was referred to the Corporate Stock Budget Committee for examination. We would report as follows:

It appears from the report of the Comptroller that \$75,000 was allowed in the Corporate Stock Budget, on June 3, 1910, for the construction of a dormitory. Estimates of two contractors on the cost of the building have been submitted, one at \$85,000 and the other at \$86,000, exclusive of architects' fees. The Board of Health asks that the amount for construction be increased to \$90,000. The Comptroller recommends the allowance of the \$15,000 additional requested.

In view of the facts stated in the report, your Committee approves of the recommendation of the Comptroller, and submits for adoption a resolution appended

hereto, which provides for the authorization of the issue of \$15,000 additional in corporate stock for the construction of a dormitory at Willard Parker Hospital.

The report of the Comptroller is transmitted herewith. Respectfully,
WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

December 19, 1910.

To the Honorable The Board of Estimate and Apportionment:

Gentlemen—On December 15, 1910, the Board of Education requested funds to the amount of \$5,400 for the purpose of installing four portable buildings on the rear of property located at Spofford ave., between Coster and Faile sts., Borough of The Bronx, \$1,700 of the sum to be made available by the use of unexpended balances of authorizations made in the Corporate Stock Budget for portable buildings in the said borough, and the remaining \$3,700 to be provided for by a new authorization.

This is a matter of special urgency, not only because the schools of The Bronx in the locality mentioned (District 24) are greatly congested, but because the proposed portable buildings are to meet an emergency in the large and newly populated section known as Hunt's Point, for which no provision has hitherto been made. The site at Coster and Faile sts., 200 feet by 200 feet, was acquired in 1909 and a request was made for corporate stock to the amount of \$359,535 for the erection of a 49 classroom building thereon, but no action has been taken in the matter. The children in this section are now attending Public School 39 and Public School 20, the former more than a mile distant and both in a badly congested condition. Public School 39 has 1,279 pupils on part-time out of a total register of 1,813 and Public School 20 has 1,211 pupils on part-time out of 2,612 on register.

In order to relieve the situation the Board of Education proposed to lease the ground floor of a new store building at the southwest corner of Garrison and Faile sts. at an annual cost of \$6,250, but at the suggestion of the Sinking Fund Commissioners this proposition was withdrawn and the plan of installing temporary buildings adopted in its place as being less expensive and more desirable. These temporary structures can be so placed at the rear of the site already owned as not to interfere with future building operations thereon. When no longer needed there, they can be utilized elsewhere.

The Corporate Stock Budget authorized \$10,500 for portable building in The Bronx. Of this authorization there is an aggregate unencumbered balance of \$1,700 in three accounts. It is proposed to rescind this balance of authorization and make a new authorization of this \$1,700 and \$3,700 additional.

In view of the apparently urgent need for school accommodations in the Hunt's Point section, we recommend that the necessary funds for four portable buildings on the Coster and Faile sts. site be provided without delay by rescinding corporate stock already authorized in the sum of \$1,700 as proposed and making a new authori-

zation under section 169 of the Charter to the amount of \$5,400, which is the total amount required. Resolutions to this effect are submitted herewith. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

—be amended by striking therefrom the words and figures, wherever they appear, eighty-one thousand dollars (\$81,000) and inserting in place thereof the words and figures sixty-six thousand dollars (\$66,000).

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 22, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On November 4, 1910, the President of the Borough of Richmond requested an issue of corporate stock in the sum of \$43,500 to complete an appropriation for the construction of a refuse destructor at Clifton. On December 2, the President suggested that transfers be made from three other corporate stock funds to make up the \$43,500 to enable work to be started without delay on the Clifton plant. On these matters your Committee reports as follows:

In the Corporate Stock Budget \$100,000 was appropriated for the cost of acquiring land and the construction of the Clifton destructor. This was on an estimate of \$143,500 for the total cost. On the need for the \$43,500 the President states as follows:

"Of the \$143,500 requested in the Corporate Stock Budget only \$100,000 was then authorized, on the supposition that contracts could only be entered into during the current year to that extent. Our very careful studies and prepared plans, however, show that while we believe the whole work can be carried out for the \$143,500 of original estimate, we should be unable to enter into contracts on a basis of providing less than the whole destructor plant.

"We are now practically ready to call for bids for the building, chimney and furnace, with appurtenances, the revised estimate being:

"Two furnaces with appurtenances.....	\$20,000 00
"Building complete	50,000 00
"Chimney and foundations.....	6,000 00
"Engineering, design and inspection.....	7,500 00

"\$143,500 00

"As the Department of Finance will not register a contract for a total sum unless that whole sum has been fully authorized, we could do no more than call for bids and then withhold awards until such moneys were provided."

The President states it is proposed to let contracts on December 27, 1910, for the two furnaces with appurtenances, the chimney and foundations and the engineering, design and inspection, estimated at a total of \$93,500. The proposed contracts make provision for the mechanical devices to be used in the destruction of refuse, but do not include the building in which the plant is to be set up. It is estimated it will take 125 working days for the machinery to be ready for installation. The President states that unnecessary delay may be avoided in installation by providing for the building at this time.

The President suggests transfers in the event that it may not be possible for the Corporate Stock Budget Committee to recommend an additional authorization of \$43,500 before the 1911 Corporate Stock Budget. He states balances are available as follows:

C.P.R. 7—Street Cleaning, New Stock or Plant, Borough of Richmond..	\$15,000 00
C.P.R. 3c—Refuse Destructor at Tottenville, Borough of Richmond,	
Acquisition of Land and Construction.....	13,000 00
C.P.R. 3d—Stable for Bureau of Street Cleaning at Clifton, Borough of Richmond, Construction	15,500 00

We recommend rescindment of these three balances, as the President suggests, and the authorization of \$43,500 by the adoption of the attached resolutions.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Which were severally referred to the Committee on Finance.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

The Honorable Board of Estimate and Apportionment:

Gentlemen—On September 15, 1910, the District Attorney of Richmond County requested the establishment of the position of Court Interpreter in the County of Richmond, with salary at the rate of \$1,000 per annum. In connection therewith your Committee reports as follows:

It is requested that a salary of at least \$1,000 per annum be fixed for this incumbent.

There is at present no Court Interpreter for this county. The position is recommended for the Budget for 1911.

Your Committee recommends approval of the request by the adoption of the resolution hereto attached. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

No. 2549.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held December 22, 1910:

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment of the position of Process Server in the office of the District Attorney of Kings County, with salary at the rate of one thousand dollars (\$1,000) per annum, for seven (7) incumbents.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 19, 1910.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In relation to a request by the District Attorney of Kings County on October 11, 1910, for the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Subpoena Server, at the rate of \$1,200 per annum, for seven incumbents, your Committee reports as follows:

The request is in compliance with section 20, chapter 659, Laws of 1910, which provides as follows:

"On and after the first day of January, nineteen hundred and eleven, it shall be the duty of the district attorneys of the various counties comprised within the city of New York to cause to be served all subpoenas on behalf of the people for appearance before the court of special sessions, and thereafter the said court shall be relieved of the duty of serving such subpoenas. The persons now employed by the court of special sessions of the first and second divisions of the city of New York as process or subpoena servers shall be continued in the service of said court as members of the clerical force or attendants or shall be transferred to the office of the district attorney of the county in which they reside; provided, however, that such transfer shall be made only upon the consent of such district attorney."

Processes or subpoenas from the Court of Special Sessions, Borough of Brooklyn, are served by seven Court Attendants. Each of these attendants is paid at the rate of \$1,200 per annum. It is stated that 30,000 subpoenas are served every year. After December 31, 1910, this work must be done by the District Attorney, and he requests establishment for seven Subpoena Servers, as at present in the Court. The District

Attorney failed to request that provision for the additional force be made in the 1911 Budget. The District Attorneys of New York and Queens Counties were allowed in the 1911 Budget ten and three Process Servers, respectively, at the rate of \$1,000 per annum, to do this additional work.

We recommend that the request be approved to the extent of establishment for seven Process Servers, at the rate of \$1,000 per annum, by adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President of the Board of Aldermen; Select Committee.

No. 2552.

Court of Special Sessions of the City of New York, Office of the Chief Clerk, Criminal Courts Building, corner Franklin and Centre Sts., January 3, 1911. Honorable Board of Aldermen, City of New York:

Dear Sirs—I hereby make application for permission to draw on the Contingent Account of this Court for the sum of two hundred dollars. Court of Special Sessions of the City of New York, Office of the Chief Clerk, Criminal Courts Building, corner Franklin and Centre sts., January 3, 1911. Honorable Board of Aldermen, City of New York:

Dear Sirs—Pursuant to section 419 of the Charter, application is hereby made to your honorable Board for permission to let without public bidding a contract for the alteration, repairs and supplies for the new part of the Court of Special Sessions of The City of New York, to be installed on the ground floor of the Criminal Courts Building, in place of the old quarters occupied by the Coroners; contemplated expenditure not to exceed \$10,000.

Dear Sir—At the meeting of the Board of Aldermen held on December 13, 1910, the matter of changing the name of Canal ave., Fourth Ward of the Borough of Queens, between Ashland st. and Sutter ave., to Ocean View ave., was referred to the Local Board.

Section 50 of the Greater New York Charter, however, states that:

Enclosures.

TO the Board of Education:

The Committee on Buildings respectfully reports that it has had under consideration the matter of a resolution adopted by the Board of Aldermen on June 20, 1910, recommending that the Board of Education lease a certain building for high school purposes for the benefit of the children residing in Westchester, Unionport, Van Nest, Throggs Neck, Williamsbridge, Wakefield and West Farms, The Bronx.

The matter was referred to the Committee on High Schools and Training Schools, from which, under date of December 19, 1910, the following communication was received:

"I beg to advise you that at a meeting of the Committee on High Schools and Training Schools held on November 21, 1910, consideration was had on a communication from the Committee on Buildings, transmitting a copy of a resolution adopted by the Board of Aldermen on June 20, 1910, recommending that the Board of Education lease a certain building for high school purposes for the benefit of the children residing in Westchester, Unionport, Van Nest, Throggs Neck, Williamsbridge, Wakefield and West Farms, Borough of The Bronx.

"It was decided as the sense of the Committee, in view of the fact that no rate of rental has been submitted and of the statement of the Superintendent of School Buildings that it would cost far too much to fit the building up for high school purposes, that the matter be stricken from the calendar."

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be notified to the foregoing effect.

No. 2556.

To the Board of Education:

The Committee on Buildings respectfully reports that it has had under consideration the matter of a preamble and resolution adopted by the Board of Aldermen on November 22, 1910, stating that Public School 12, The Bronx, is in a very crowded condition, and requesting the Board of Education to instruct its architect to ascertain the cost of an addition to that building and report to the Board of Aldermen, so that action towards securing funds for the erection of the building may be taken.

The matter was referred to the Superintendent of School Buildings, from whom a communication, reading as follows, was received under date of December 27, 1910:

"In reference to the resolution adopted by the Board of Aldermen on November 22, 1910, that

"Whereas, The condition of Public School 12, Westchester, is in a very crowded condition and the children are compelled to attend on part time; therefore be it

"Resolved, That the Board of Aldermen hereby requests that the Board of Education instruct their architect to ascertain what the cost of an annex to the building would be and report to this Board so that action toward securing funds for the erection of a new building may be taken."

"I beg to report as follows:

"Public School 12, Borough of The Bronx, occupies a plot of ground 200 feet front on Second Avenue by 215 feet on each of Madison and Washington Avenues, in the former Village of Westchester.

"At the time of consolidation in 1895 there was an eight-room building on the front of the plot to which subsequently an addition was made, increasing the total number of rooms to twenty-three.

"Recently the number of classrooms was found to be insufficient for school accommodations and there have been added two one-room portable buildings placed upon the playground at either side of the main building, facing Second Avenue.

"These, of course, can be removed and utilized at other points when such may be deemed desirable.

"The plot of ground occupied by the present building is not only centrally located fronting on three streets, and being of large size is admirably adapted for school purposes, but there is only about 25 per cent of its area utilized for building purposes at the present time.

"In considering the future of this locality my judgment would be that in the event of rapid transit reaching Westchester there would be an immediate influx of people which would necessitate practically the rebuilding of the entire district as is now going on lower down the avenue.

"It would be unwise, therefore, to build an addition to the present building which in any way would interfere with its future development into a large structure such as must ultimately become necessary.

"The studies have been made along this line and show an addition of twelve rooms, being four rooms on a floor, erected at the corner of Madison Avenue and Second Avenue with a temporary passage to the present building.

"When further accommodations are needed the building should be completed across the front of the plot and as far down Washington Avenue as may be found desirable.

"The present building is two stories and basement in height, a very uneconomical investment for the City, if the needs of the population should be such as to require a large school building.

"The construction of a new building across the front will necessitate the removal of a part of the old building proportionate to the extent of the new. In other words, the plot is not of sufficient width and size to permit of the construction of a new large building without darkening the present one to the point of rendering it unfit for use.

"The diagram submitted herewith illustrates quite clearly that the proposed new building could be erected in five different sections, totaling if need be, seventy-two classrooms and one assembly room.

"The successive building operations could be carried on in the future as increase in school population may seem to warrant, but each will be a part of a comprehensive plan.

"The estimated cost of the general construction, including plumbing work, for the first portion will be \$85,000.

"This, however, would carry with it stairways which will also serve for the westerly portion of the front section of the building.

"Diagrams are enclosed herewith."

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-five hundred (\$2,500) dollars, the proceeds whereof to be used by the Comptroller of the City of New York for the purpose of paying certain unpaid claims for work done and materials furnished Joseph J. Barth, late Sheriff of Richmond County, during the year 1909.

The Committee on Finance, to which was referred on November 22, 1910 (Minutes, page 737), the annexed resolution in favor of an issue of \$2,500 Special Revenue Bonds to liquidate unpaid claims on former Sheriff Barth of Richmond County, respectfully reports that former Sheriff Barth is dead. In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right, and privilege to construct, maintain and operate certain conduits with the necessary branches and extensions therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, provided that no conduit be of a greater outside diameter than twelve (12) inches, including insulation or other covering; the same to be constructed and operated only beneath the surface of such of the streets, avenues and highways situate within the Borough of Manhattan, City of New York, as are included within the district bounded and described as follows:

Said district being more particularly shown by red lines on a map, entitled:

"Map showing district applied for by Conron Bros. Company to a company petition dated May 25, 1910, to the Board of Estimate and Apportionment, City of New York."

—Signed by Joseph Conron, President, a copy of which is hereto annexed and made a part of this contract.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate, therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

(a) The sum of six hundred and fifty dollars (\$650) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to two (2) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

During the second term of five years, an annual sum which shall in no case be less than three hundred and fifty dollars (\$350), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three hundred and fifty dollars (\$350).

During the third term of five years, an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal

to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five hundred dollars (\$500).

The gross receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) An annual payment of twenty-five cents (\$0.25) for each linear foot of conduit constructed within the limits of any street, avenue or highway, excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31, next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and December 31 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

(d) Before any rights hereby conferred are exercised by the Company and within one (1) month from the date on which this contract is signed by the Mayor, the Company shall pay to the City the sum of seven hundred and fifty dollars (\$750); said amount being due the City by reason of the unauthorized occupation of the streets by the Company or its predecessors.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, in the same streets and avenues, or within the district hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits and appurtenances of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in any of the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets and avenues in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates:

(a) Consumers making monthly contracts: Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet.

(b) Consumers making yearly contracts: Fifteen (15) cents per year per cubic foot of box.

These rates to apply to boxes located not above the first floor of any building.

During the term of this contract, the Board shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

Fifteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within the district hereinbefore described shall extend its conduits to such premises and furnish to said applicant refrigeration at the rates herein prescribed or at such rates as may be hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1911, showing the exact location of all conduit lines and manholes constructed, with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such conduit. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all conduits laid during the preceding year.

Seventeenth—The conduit lines hereby authorized shall be used only by Conron Bros. Company, and for no other purpose than supplying refrigeration.

Eighteenth—The Company shall submit a report to the Board not later than February, in each year, for the year ending December 31, next preceding, and at any other time, upon the request of the Board, which shall state:

—and such other information in regard to the business of the Company as may be required by the Board.

Nineteenth—The Company shall at all times keep accurate books of account of the gross earnings from the privileges granted under this contract, and on or before February 1 in each year shall make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending December 31 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twentieth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the conduits constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board, in case such conduits or appurtenances which may affect the surface of the street shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—The Company shall assume all liability to persons or property by reason of the construction or operation of the conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-third—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company shall pay to the City a penalty of one hundred dollars (\$100) for each violation, which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-fourth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—The words "streets or avenues" and "streets and avenues" wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," included in the district hereinabove described, and under the surface of, or in which authority is hereby given to the Company to construct or maintain its conduits.

Twenty-sixth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authority, officer or officers.

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be of the condition of the property at date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
