Armory Board—Approval of Plans, Form of Contract and Specifications and Estimate of Cost in the Sum of \$3,300 for Storage and Locker Rooms in the Armory of the Second Battalion Naval Militia, N. Y.

The Deputy and Acting Comptroller presented the following report of the Director of Bureau of Contract Supervision and offered the following resolution: February 2, 1916.

To the Commissioners of the Sinking Fund:

Gentlemen—On January 17, 1916, there was received by the Bureau of Contract Supervision a communication from the Secretary of the Armory Board, dated January 14, 1916, requesting approval of plans, form of contract, specifications and an estimate of cost in the sum of \$3,550 for storage and locker rooms, in the armory of the Second Battalion, Naval Militia, New York.

The cost of this work is to be paid from a corporate stock fund of \$3,550 authorized by the Commissioners of the Sinking Fund on November 19, 1915, entitled "C. A. B.—52A, Armory Fund, Second Battalion, Naval Militia, Additional Locker Rooms."

On January 25, 1916, there remained in the fund an unencumbered balance of \$3,550.

The plans and specifications provide for the excavation of the unfinished portion of the basement on the north side of the armory, the construction of brick walls to divide this area into four rooms and a corridor, also a cement floor over the entire area. Metal ceilings are to be provided in these rooms and in a portion of the corridor. Necessary painting is also to be done. The plans submitted do not provide for electric lighting.

Owing to the increased cost of labor and materials since the original estimate was made, it was suggested by the Bureau of Contract Supervision that the cement floor in the large storage room be omitted to reduce the cost and that the specifications be amended to omit the cinders under the cement floor, as it is entirely within the building and the soil is sand. These suggestions were agreed to by the Secretary of the Armory Board.

With these amendments the cost of the work is estimated at \$3,300, exclusive of the electric lighting.

I recommend the adoption of the attached resolution approving the form of contract, the plans and specifications, as amended, at an estimated cost of \$3,300.

Respectfully, PETER J. MCGOWAN, Acting Director.

Resolved, That the Commissioners of the Sinking Fund, pursuant to its resolution adopted on October 25, 1911, hereby approves the form of contract, the plans and specifications, as amended, and the estimate of cost of three thousand three hundred dollars (\$3,300) for all labor and materials necessary in the construction of the locker and storage rooms in the Second Battalion Naval Militia Armory, Borough of Brooklyn, the cost to be charged to the corporate stock fund entitled "C. A. B. 52A, Armory Fund, Second Battalion Naval Militia, Additional Locker Rooms," provided that if no bids are received for such work within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Commissioners of the Sinking Fund or any official designated by them, provided that any of the said bids is within the amount authorized and available for such work.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

Board of Estimate and Apportionment—Approval of Resolution of, Adopted January 21, 1916, Waiving, Under Conditions Stated Therein, Rules Adopted September 17, 1915, Governing the Acceptance of Deeds Conveying to the City of New York Real Property Within Its Street Lines.

The following was received from the Secretary of the Board of Estimate and Apportionment:

January 22, 1916.

JOHN KORB, JR., Esq., Chief Clerk, Commissioners of the Sinking Fund:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment January 21, 1915, waiving, under conditions stated therein, subject to the approval of the Commissioners of the Sinking Fund, the rules adopted on September 17, 1915, governing the acceptance of deeds conveying to The City of New York real property within street lines.

Respectfully, JOSEPH HAAG, Secretary.

Resolved, Subject to the approval of the Board of Commissioners of the Sinking Fund, that the rules governing the acceptance of deeds conveying to The City of New York real property within street lines, adopted by the Board of Estimate and Apportionment on September 17, 1915, be waived as to deeds in the possession of or tendered to the offices of the Borough Presidents, the Law Department or the Board of Estimate and Apportionment at the time of the adoption of said rules by the said Board of Estimate and Apportionment, and that such deeds be accepted by the Corporation Counsel under the conditions contained in the sections of the Street Opening Law, and under the terms fixed by the Board of Estimate and Apportionment relating to the acceptance of deeds of cession as these were in force prior to the enactment of chapter 606 of the Laws of 1915.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held on January 21, 1916.

JOSEPH HAAG, Secretary.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 28, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On October 6, 1915, the Commissioners of the Sinking Fund approved the resolution adopted by the Board of Estimate and Apportionment on September 17, 1915, establishing rules governing the acceptance of deeds conveying to the City real property within street lines.

On January 21, 1916, the Board of Estimate and Apportionment adopted another resolution to the effect that these rules be waived as to the deeds in the possession of or tendered to the offices of the Borough Presidents, the Law Department or the Board of Estimate and Apportionment at the time of the adoption of said rules by the Board of Estimate and Apportionment, and that such deeds be accepted by the Corporation Counsel under the conditions contained in the sections of the Street Opening Law, and under the terms fixed by the Board of Estimate and Apportionment relating to the acceptance of deeds of cession as these were in force prior to the enactment of chapter 606 of the Laws of 1915, subject to the approval of the Commissioners of the Sinking Fund.

I therefore respectfully recommend that the Commissioners of the Sinking Fund approve the resolution adopted by the Board of Estimate and Apportionment on January 21, 1916, above mentioned.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the following resolution adopted by the Board of Estimate and Apportionment January 21, 1916:

Resolved, Subject to the approval of the Board of Commissioners of the Sinking Fund, that the rules governing the acceptance of deeds conveying to the City of New York real property within street lines, adopted by the Board of Estimate and Apportionment on September 17, 1915, be waived as to deeds in the possession of or tendered to the offices of the Borough Presidents, the Law Department or the Board of Estimate and Apportionment at the time of the adoption of said rules by the said Board of Estimate and Apportionment, and that such deeds be accepted by the Corporation Counsel under the conditions contained in the sections of the Street Opening Law, and under the terms fixed by the Board of Estimate and Apportionment relating to the acceptance of deeds of cession as these were in force prior to the enactment of chapter 606 of the Laws of 1915.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

National Fair and Exposition Association—Application of, for a Pipe Line Privilege.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

January 28, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—In a communication under date of January 25th, 1916, the Commissioner of Water Supply, Gas and Electricity states that the National Fair and Exposition Association have erected buildings at Dunwoodie, N. Y., for stable purposes, and in order to secure a supply of water to this property it is necessary that their service pipe, leading from the service main of the local water company, be installed across the old aqueduct right of way.

The Commissioner states that the Department of Water Supply, Gas and Electricity has no objection to granting the request, provided certain terms and conditions are complied with as set forth in the communication. As the privilege granted is small (the total area covered by the pipe on the City property being about 240 square feet) I consider the nominal rental of ten dollars (\$10) per annum sufficient.

I therefore recommend the adoption of the attached resolution, which incorporates the terms and conditions suggested by the Commissioner of the Department of Water Supply, Gas and Electricity.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby consent to the granting by the Commissioner of Water Supply, Gas and Electricity of a permit to the National Fair and Exposition Association the privilege of laying and installing a three-quarter (3/4) inch water service pipe across the old Aqueduct right of way at Dunwoodie, N. Y.; that the compensation to be paid to the City for such privilege shall be the nominal sum of ten dollars (\$10) per annum; the work to be done by the National Fair and Exposition Association, under the jurisdiction and direction of the Commissioner of Water Supply, Gas and Electricity, and to be installed without the use of dynamite or other explosive for blasting in case any rock is encountered in the trench, and subject to such conditions as the Commissioner shall prescribe; the privilege to be on condition that said the National Fair and Exposition Association shall be liable for any damage due to laying or maintenance of said pipe, the permit to contain a stipulation that the Commissioner of Water Supply, Gas and Electricity may revoke such permission or privilege at any future time if found necessary in the interest of the City.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

In the Matter of the Sale of the Lease of Certain Property Located Between Division Street and East Broadway Under the Manhattan Approach to the Manhattan Bridge.

The Deputy and Acting Comptroller presented the following report and offered the following resolutions:

Gentlemen—On January 26, 1916, the Commissioners of the Sinking Fund adopted a resolution authorizing a sale at public auction of the lease of certain property located between Division Street and East Broadway, under the Manhattan approach to the Manhattan Bridge. This resolution excluded the clause limiting the liability of the City on any building or other improvement to be erected upon the demised premises to fifteen cents (15c.) per cubic foot measurement.

I therefore respectfully recommend that the resolution above mentioned be rescinded, and in place thereof the attached resolution be adopted, which includes the omission above mentioned.

feet; westerly by the easterly line of New Market Street 141.69 feet; and northerly by the southerly line of Division Street 125.82 feet.

Excepting that portion of the above described plot which is covered by the bridge piers or abutments and the clearance lines around said piers, as shown on map made by the Bridge Department, upon the following terms and conditions:

The lease to be for a term of ten years, with the privilege of renewal for a further period of ten years.

The rental to be paid quarterly in advance.

Each bidder will be required to deposit with his bid the sum of \$2,000 in cash, or a certified check drawn on a State or National bank of the City of New York. All such deposits, except that of the successful bidder, will be returned after the award of the lease. The amount deposited by the successful bidder will be retained and credited on account of rent, except that in case the successful bidder does not execute the lease when so directed then such deposit shall be forfeited.

No bid shall be received from any one who is a delinquent on any former lease from the City, and no bid shall be accepted from any person who is in arrears to the City upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

2. Three months will be allowed from the date of the execution of the lease for the erection of the building, and no rental will be charged for this period.

3. In case the premises should be required for City purposes, the decision of which shall be made by the Commissioner of Bridges, subject to the approval of the Commissioners of the Sinking Fund, at any time after five years from the date of the lease, the same may be cancelled, and the City will pay to the lessee a percentage of the cost of the building erected thereon upon the following basis:

The following was received:

January 21, 1916.

Hon. JOHN PURROY MITCHEL, Chairman of the Sinking Fund Commission:

Sir—On January 5, 1916, the Comptroller requested that a list of all property under the control of this department, which is no longer required for Fire Department purposes, be surrendered to the Sinking Fund Commission. Under date of January 11, 1916, a list containing such information was forwarded to the Comptroller. Enclosed herewith is a copy of the list for the information of your Commission, the property mentioned thereon being hereby surrendered to your Commission. Respectfully,

ROBERT ADAMSON, Fire Commissioner.

Unoccupied Property of No Further Use to the Fire Department.

1—160 East 33d Street, Manhattan (Sec. 3, Vol. 3, Block 888, Lot 46). Formerly occupied as Fuel Depot. Turned over to Sinking Fund Commission December 30, 1914, to take effect April 15, 1915. Sinking Fund Commission notified on February 18, 1915, to disregard letter of December 30, 1914, and that they would be informed when the property would be vacated, which will be when motor fuel wagon is placed in service.

2—Sheepshead Bay Road, Brooklyn (Sec. 21, Vol. 8, Block 7281, Lot 74). Finance Department records show this parcel under jurisdiction of Fire Department. The Fire Department has no further use for this property.

3—Logan Street, near Etna Street, Brooklyn (Sec. 13, Block 4114, Lot 19). In the Corporate Stock request for 1912 funds for a building on this site were asked for and not allowed. Chief Kenlon states that no company will be required in this locality.

4—Marion Street and Reid Avenue, Brooklyn (Sec. 6, Vol. 6, Block 1691, Lot 44). In the 1911 Corporate Stock allowance, money was appropriated for the purchase of this site, but none for the erection of a building on same; request was made in 1912, but not allowed. Chief Kenlon states that no company will be required in this locality.

5—Bedford and Metropolitan Avenues, Brooklyn. This site was turned over to the Fire Department by the Sinking Fund Commissioners on November 4, 1914, for the erection of a building for H. & L. No. 104. The 1914 Corporate Stock request included \$25,000 for this purpose. By installing motor apparatus in the quarters of the Chemical Engine Company at No. 712 Driggs Avenue, Brooklyn, the situation was met and it will not be necessary to secure funds for a new building or to use this site. SFM1914—1043.

6—Washington Avenue, The Bronx (Sec. 11, Vol. 2, Block 2904, Lot 34). This property is unoccupied and is no longer required by the Fire Department.

7—Washington Street, Flushing, Queens (Ward 3, Vol. 4, Block 43, Lot 38). This property was formerly occupied by the Young Americus Hose Co., which has been disbanded. Chief Kenlon states that no company will be required in this locality.

8—Star Avenue, near Howard Street, Queens (Ward 1, Vol. 6, Block 268, Lot 25). This property is unoccupied and no longer required by the Fire Department. See SFM1905, p. 591.

9—Snediker Avenue, Queens, between Yaphank and Quogue Avenues (Ward 4, Vol. 1, Block 58, Lot 34). This property is unoccupied and no longer required by the Fire Department. It was formerly the quarters of the Union Course Hook and Ladder Company, now disbanded.

10—Seaview Avenue and Richmond Road, Richmond, rear of Engine Company No. 159 (Ward 4, Vol. 2, Lots 1 and 4, Garrettson Farm). Part of the plot occupied by Engine No. 159, and in rear of the quarters, size 25 feet by 100 feet, is no longer required by the Fire Department. Description: Beginning at a point located on the southerly side of Seaview Avenue, distant 150 feet easterly from the corner formed by the intersection of the east side of Richmond Road and the south side of Seaview Avenue, and running thence 25 feet easterly along the southerly side of Seaview Avenue, thence southerly and at right angles to Seaview Avenue, 100 feet, then westerly and parallel with Seaview Avenue 25 feet, then northerly to place of beginning.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

Richmond—Seaview Avenue and Richmond Road, rear Engine Company 159, Ward 4, Garrettson Farm, Lots 1 and 4.

DEPARTMENT OF FINANCE.

**WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE
FRIDAY, FEBRUARY 18, 1916.**

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their specific removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
