Bellevue and Allied Hospitals.

An adjourned regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Thursday, June 28, 1917, at 2:30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. Paulding, Sachs, Robbins, Stern, O'Keefe and Farley, Trustees. Excused—Mr. Kingsbury, Commissioner of Public Charities.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows:

Viola Edwards and Gudwin Solberg, pupil nurses, were transferred to the Minto Hospital on June 8th and 9th, respectively, suffering from diphtheria; Anna Keyes, affiliating nurse, was transferred to the Minto Hospital on June 27th, also suffering from diphtheria. These nurses had all been exposed to the disease,

having cared for children who developed it after admission to the hospital.

The boat "Huddleston" has been transferred to the 28th street pier; this was made necessary by reason of the improvement of the sea wall at Corlears Park. The school will be closed during the summer months and it is hoped that the classes can be provided for in September, either on the boat or at the hospital, pending the completion of the sea wall. The clinics will be cared for in the new Out-patient Department of Gouverneur.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent, as follows:

The transfers of Viola Edwards and Gudwin Solberg to Minto Hospital were approved.

COMMITTEE REPORTS.

The President presented a report of the bids received at the office of the Central Purchase Committee: On June 14, for fish, stock fruits and vegetables; June 18, butter for storage; June 25, gasoline and kerosene, and Mr. Farley presented a tabulation of bids received at the office of the Central Purchase Committee on June 21, for butter and cheese; bread and rolls; meats and poultry.

A letter, dated June 28, from the Purchasing Agent to the General Medical Superintendent, relating thereto, was presented, and on the recommendation of the Committee on Supplies, contracts were awarded for butter, cheese, bread and rolls. Awards on the remaining items were made to the low formal bidders subject to the approval of the Comptroller of the department's request for additional funds, with the following exceptions: Butter for storage and lobsters, which bids were rejected on account of the high prices. Awards on item 37, for meats and poultry, were made to Wilson and Company.

Mr. Farley presented a tabulation of bids received at Bellevue Hospital on June 23, for the installation of wire screens for pavilions A and B, Bellevue.

Permission was obtained from the Board of Aldermen on June 12, to purchase the wire screens in the open market, without public letting, at an estimated cost of \$7,000. Reports relating thereto, dated June 25 and June 28, from the Purchasing Agent were presented by the Building Committee. After consideration, on the recommendation of the Building Committee, it was considered to the best interests of the City to award the

contract to the Chamberlain Metal Weather Strip Company, in the sum of \$7,100.

Dr. Brannan reported that he had inquired into the complaint of E. D. Wender, transmitted by the Mayor's office under date of June 12, against Fordham Hospital, and that he had found that the patient had been properly cared for and that there was no harshness or unnecessary delay in the treatment of the patient, and that a report thereon was sent to the Mayor under date of June 22. On motion, duly seconded and carried, the report was approved.

Dr. Brannan referred to the noise made by the elevators at Harlem Hospital and recommended that rubber bumpers be installed in all the elevators in the department and take such other measures as may be necessary to eliminate or reduce the noise made by the elevators, which matter was referred to the General Medical Superintendent.

The President referred to the reports received from the dental service and particularly to the large number of patients from the Out-patient Departments that are treated in the dental clinics. After discussion, it was moved, seconded and carried to instruct the Director of the Dental Service that in view of the fact that the dental clinics were opened primarily for children, and secondly, for the adults of the hospital, that no patients be admitted from the Out-patient Department except in unusual cases and then only upon the approval of the General Medical Superintendent.

Mr. Farley presented a communication from McKim, Mead & White, dated June 11, transmitting a sketch plan of an additional elevator in pavilions A and B, the estimate cost of which is \$29,000. In view of the high cost, it was moved, seconded and carried to defer action for the time being.

Mr. Farley reported on the application for final payment of James McCullagh for the installation of plumbing fixtures in the new building for the Out-patient Department of Gouverneur Hospital and presented a letter, dated June 14, from McKim, Mead & White, relating thereto. As the work was substantially completed at the expiration of the contract time, it was moved, seconded and carried, on the recommendation of the Building Committee, to accept the work under the contract and authorize the final payment.

Mr. Farley reported that he had inquired into the application of the National Surety Company, dated May 26, for final payment on the contract for the completion of the abandoned contract of the International Gas and Electric Fixture Company for the installation of lighting fixtures in pavilions I and K and presented communications relating thereto from the Department of Water Supply, Gas and Electricity, under date of May 18, and from McKim, Mead & White under date of June 4. Owing to the delays for which the contractor was not at fault and for the reasons set forth in the communications from the Department of Water Supply, Gas and Electricity, the Building Committee recommended that the work be formally accepted by the Trustees and payment authorized in full. After discussion, on motion, duly seconded and carried, this report was approved.

Mr. Farley reported that it is necessary to extend the salt water pump suction pipe at Neponset Beach Hospital, on account of the change in the water line and presented an estimate from D. Donegan Co., for \$700, and that there were no funds in our appropriation for the work. After discussion, it was moved, seconded and carried to authorize the work provided funds can be obtained for it.

Mr. Farley referred to the need of providing a place at Gouverneur Hospital where the visiting physicians can leave their automobiles while making rounds. After discussion, this subject was referred to the General Medical Superintendent.

Mr. Farley also referred to the lack of elevator service at Harlem Hospital, particularly as two of them are not running on three afternoons of the week on account of the lack of employees. After discussion, it was moved, seconded and carried to authorize the engaging of the employees required for full elevator service at Harlem Hospital.

Mr. Sachs referred to the situation created by the war in that a great many physicians and surgeons connected with private and public hospitals are called to military service. After discussion, it was moved, seconded and carried to inform the Medical Boards of the Department that it is the desire of the Trustees to have all the hospitals properly staffed at all times and to present nominations for temporary appointments to the places made vacant by reason of the men being called into service and to have one or two men in reserve for every position to be filled, the men to hold temporary appointments, and the appointments to be made as prescribed by the rules of the department.

COMMUNICATIONS.

A letter, dated June 14, was presented from the Mayor's Committee on National Defense in regard to the rates to be paid for the treatment of naval patients in New York City. Dr. Brannan reported that he had answered this communication, and it was moved, seconded and carried that if it meets with the approval of the Mayor's Committee and is consistent with the requirements of the charter, the Trustees are willing to accept navy patients at the rates mentioned.

A letter, dated June 28, was presented from N. Gilbert Seymour, in regard to providing a place for the children's open-air school heretofore conducted on the boat "Huddleston." This subject was considered in connection with that part of the General Medical Superintendent's report relating to the transfer of the "Huddleston" for repair to the pier at the foot of East 28th street. After discussion, it was moved, seconded and carried to inform Dr. Seymour that the Trustees regret that it is impossible to allow the use of the roof of the new building for the Out-patient Department for school purposes and that it would be impossible to give positive assurances that the boat would be ready for use early in September, as it will depend entirely upon the completion of the seawall where the boat was moored. The Trustees however resolved to make a special request of the Commissioner of the Park Department to exact from the contractor the early completion of at least that portion of the seawall so as to permit the boat to be put in place by the first week in September.

A letter, dated June 23, was presented from the Reverend Thomas Worrall, Episcopal Chaplain to Bellevue Hospital, tendering his resignation. On motion, duly seconded and carried the resignation was accepted.

A communication, dated June 19, was presented from the Protestant Episcopal City Mission Society nominating the Rev. E. V. Collins as Chaplain to Bellevue Hospital to succeed Mr. Worrall. On motion, duly seconded and carried, this nomination was approved. The minutes of the Executive Committee of the Medical Board of Bellevue Hospital for June 13 were presented. On motion, duly seconded and carried, the nominations for appointment and reappointment were referred to the Conference Committee of the respective divisions. The resignations of Rolfe Floyd, Assistant Visiting Physician, First Division, and Warren Coleman, Visiting Physician, Second Division, were accepted with regret. The recommendation that Frank S. Meara be made a member of the Executive Committee and Walter L. Niles as Alternate was approved. The nominations of Catherine Merritt for one year's appointment on the house staff from July 1, 1917, and Charles W. Dunn, as interne for six months from Jan. 1, 1917, and as Resident Surgeon from July 1, 1917, were approved, as was also the granting of certificates for six months' pathological service to the following men: Drs. Mahon, Blanton, Ingberman, Healy, Wood and Townsend. The recommendation that the heads of the various services be permitted to ask for voluntary aides who are not connected with the hospital to come to the hospital on certain days at certain definite hours and help carry on the work of the house staff to be done in each instance only after the approval of the General Medical Superintendent was approved by the Trustees.

A communication, dated June 27, was presented from the Executive Committee of the New York County Chapter of the American Red Cross requesting the department to obtain from each employee a donation of one day's pay during the year 1917 for the Red Cross. On motion, duly seconded and carried, it was resolved that it is the sense of the Board that it would be inadvisable to ask the employees of the department to make such a donation, particularly as they are paid low wages and the department is experiencing great difficulty in retaining employees, also that it is a question as to whether the Trustees would be justified in placing such a proposition before the employees in the absence of information regarding the policy adopted by the City administration.

Reference was made to the department's request for special revenue bonds to meet the deficits of the department presented to the Board of Aldermen under date of May 25 and subsequently addressed to the Comptroller. On motion, duly seconded and carried a communication was authorized to the Board of Aldermen in accordance with the suggestions set forth in a letter from the Comptroller under date of June 23.

A letter, dated June 21, was presented from W. M. Polk, Dean of Cornell University Medical College, in regard to the nomination of Walter L. Niles to take the place of Dr. Coleman on the Executive Committee, in the absence of Dr. Meara. As a similar communication was referred to in the minutes of the Executive

Committee, this letter was ordered placed on file.

Four letters, dated June 12, June 18, June 21 and June 25, were presented from the Board of Estimate and Apportionment (a) waiving specifications for the purchase of coal until again put in force by the Board; (b) approving modification of salary schedule No. 2094; (c) procedure to be followed in conducting the business of the Board of Estimate during summer months; (d) revision of salary schedule No. 2052; (e) accepting the legacy of \$10,000 of William Washington Cole.

Two resolutions from the Board of Aldermen adopted (a) June 12, authorizing the purchase in the open market, without public letting, of eggs and sugar in amounts not exceeding \$1,000 each; (b) June 12, authorizing the purchase in the open market, without public letting, of wire screens for pavilions A and B, Bellevue Hospital.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."
