middle of Broadway, the said extension or branch to be constructed in such manner as that there will be a single or double track in said street bounding the southerly side of City Hall Park and known as Mail street, from the tracks of said The Bleeker Street and Fulton Ferry Railroad Company in Park Row to any tracks that may be constructed in Broadway, together with such switches, curves, sidings, turn-outs, turn-tables and suitable stands as may be necessary for the convenient working of such road and such extension or branch in connection with the aforesaid road owned by said The Bleeker Street and Fulton Ferry Railroad Company, and which is now used and operated by its lessee; and it is further

Resolved, That the consent of the Common Council is given and granted to said The Bleeker Street and Fulton Ferry Railroad Company for the construction, maintenance and use of the proposed extension of its railroad as aforesaid upon the streets, avenues and route hereinbefore mentioned, expressly upon the following conditions and not otherwise:

First—The said extension shall be constructed according to the most approved plan for the construction of city railroads and with the most approved pattern of steel rails, which shall be laid in such manner as to interfere as little as possible with the use of the surface of the street by trucks, carriages and other ordinary vehicles; and said connections, switches, sidings, turn-outs, turn-tables and suitable stands which shall be necessary for the convenient working of such road and extension shall likewise be constructed after the most approved plan and shall be equal in all respects to the best of their kind now in use on any such railroad in the City of New York.

Second—The said railroad extension shall be operated by horse power only, provided, however, that said company may make use of any motive power suitable for the purposes of street surface railroads, other than locomotive steam power, which may hereafter be consented to by the local authorities and by a majority of the property-owners obtained in accordance with the provisions of chapter 252 of the Laws of 1884.

Third—The said company shall comply with all reasonable ordinances and regulations which the local authorities having control of the streets, avenues, roads or highways in the City of New York shall make as to rate of speed, mode of use of tracks and removal of ice and snow from said extension as the interests and convenience of the public may require. And this consent is likewise given upon the express condition that said company shall not charge any passenger more than five cents for one continuous ride from any point on its road, or any road, line or branch operated by it, or under its control, or operated or controlled by its lessee to any other point thereon, or on any connecting branch thereof within the limits of the City of New York, the intention being that but one fare of five cents shall be charged for the transportation of a single passenger over the whole or any portion of the railroad route of said company when the extension, for the construction which permission is hereby granted, shall be made. And this consent is likewise given upon the express condition that said The Bleeker Street and Fulton Ferry Railroad Company shall also, whenever and as required, and under the supervision of the proper local authorities, have and keep in permanent repair the portion of every street, avenue or highway upon which its tracks shall be extended and constructed pursuant to this consent, between its tracks, the rails of its tracks, and a space two feet in width outside of and adjoining the outside rail of its track or tracks so to be extended and constructed so long as it shall continue to use such extended tracks constructed under the provisions of this resolution and consent.

Fourth—Said The Bleeker Street and Fulton Ferry Railroad Company shall for and during the first five years after the commencement of the operation of said extension of its railroad to be constructed pursuant to this consent and permission, annually, on the first day of November in each year, pay into the treasury of the City of New York, to the credit of the Sinking Fund thereof, three per cent. of its gross receipts for and during the year ending the next preceding thirtieth day of September, and also, after the expiration of said five years, make a like annual payment of five per cent. of its gross receipts into the treasury of said city, to the credit of the Sinking Fund thereof, instead of three per cent.; provided, however, that said The Bleeker Street and Fulton Ferry Railroad Company, or its lessee shall pay such percentage, as aforesaid only upon such portion of its gross receipts as shall bear the same proportion to the whole value thereof as the length of such construction and branch shall bear to the entire length of its tracks, as provided by section 8 of chapter 252 of the Laws of 1884. And it shall be the duty of the President and Treasurer of said The Bleeker Street and Fulton Ferry Railroad Company, on or before the first day of November, in each year, to make a verified report to the Comptroller of the City of New York of the gross amount of its receipts for the year ending the next preceding thirtieth day of September, and the books of said company shall be open to inspection and examination by said Comptroller or his duly appointed agent, for the purpose of ascertaining the correctness of said report as to the said gross receipts.

Fifth—And this consent of the Common Council is likewise given upon the express condition that all the provisions of chapter 252 of the Laws of 1884, pertaining to the extension for the construction of which the permission of the Common Council is hereby given, shall be in all things complied with by said The Bleeker Street and Fulton Ferry Railroad Company or its lessee.

AQUEDUCT COMMISSION.

Minutes of Adjourned Meeting of the Aqueduct Commissioners, held at their office, No. 78 Tribune Building, Tuesday, December 9, 1884, at 12 o'clock M.

Commissioners present—The Mayor, the Comptroller, Commissioner of Public Works, Commissioners James C. Spencer, William Dowd, and C. C. Baldwin.

Also, Chief Engineer Church, and Executive Engineer Feteley, and Chief Engineer Birdsall of the Department of Public Works, and many contractors.

The Secretary reported (verbally) that he had examined the details of each of the bids received, and enumerated all the inaccuracies and irregularities in filling out the bid forms in the manner required by said forms.

On motion of the Mayor, it was

Resolved, That where a discrepancy exists between the written prices and the figures therefor, in the bids of Weber & Wendt for Section A, item "u"; of Smith, Rutter & Ripley, for Section B, items "k," "t," and "v"; and for Section g, item "n"; but where the true intent of the bidder is nevertheless apparent, that said bids are not informal; and that they be estimated and canvassed at the prices evidently intended to be indicated therein by the bidders; that in the bid of Douglass, Dalzell & Douglass for Section r, the omission to name a price for item "w" (18-inch drain pipe) is an informality as to the effect of which the Commissioners are not now prepared to decide, but that for the purpose of canvassing said bid, the said item be calculated at the price named in the several other bids of the said bidders for the same description of pipe.

And on motion of the Mayor, it was unanimously Resolved, That by reason of the failure of Swift & McNamee to name in their bid for Section 9, the sureties to be given by them on their bonds (as required by the public notice and by the forms for bids), the said bid be and the same is hereby rejected for informality; and that the Secretary give notice of the rejection of said bid to Swift & McNamee; and also to the Comptroller, with the request that he return to said bidders the check deposited by them as security for said bid.

The Chief Engineer and Secretary then presented tabulated statements of the bids for the several sections of the New Aqueduct, and on motion of Commissioner Spencer, the Commissioners went into executive session for the consideration of said bids.

Upon resuming the open session, the Commissioners took a recess until 5 o'clock P. M.

Upon re-assembling at 5 o'clock P. M., the Commissioners, on motion of Commissioner Dowd, went into executive session for further consideration of the bids; and upon resuming the open session the Commissioner of Public Works moved to adjourn until 3 o'clock P. M., to-morrow, the 10th instant; which motion was lost.

The Mayor then stated that he had voted against the adjournment because he deemed it the duty of the Commissioners to make awards of the contracts now, and that he wished to make and have entered upon the minutes his protest against any further delay.

On motion of the Commissioner of Public Works, seconded by Commissioner Spencer, leave was granted to the Mayor to make such protest in writing, and to have it entered upon the minutes of this meeting.

The Commissioner of Public Works then stated that he was not now prepared to cast a definitive vote upon an award of the contracts; but required further time for consideration, and for such verification as he might deem necessary for the tabulated statements of bids prepared by the Chief Engineer and Secretary of the Commission; and that as he had a very important engagement awaiting and demanding his presence elsewhere, he felt justified in insisting upon an adjournment.

The Comptroller then moved that the contracts be awarded to Brown, Howard & Co. and O'Brien & Clark, at the prices named in their bids respectively; and amounting upon the Engineer's estimate of quantities, as follows:

To Brown, Howard & Co., contracts for—	
Section "A".....	\$1,053,650 00
" "B".....	1,150,687 00
" 9.....	1,340,862 00
" 8.....	1,071,430 00
" 7.....	1,301,660 00
	<hr/> \$5,918,289 00
To O'Brien & Clark, contracts for—	
Section 6.....	\$578,140 00
" 5.....	701,210 00
" 4.....	1,529,757 00
" 3.....	1,486,700 00
" 2.....	1,721,500 00
	<hr/> \$6,017,307 00

Upon which motion the vote was—

Affirmative—The Mayor, Comptroller and Commissioner Dowd.

Negative—Commissioner of Public Works, Commissioners Spencer and Baldwin.

The Comptroller next moved that the contracts be awarded to Heman Clark, O'Brien & Clark and Brown Howard & Co., at the prices named in their respective bids, and amounting upon the Engineer's estimate of quantities, as follows,

To Heman Clark, contracts for—	
Section "A".....	\$1,051,675 00
" "B".....	1,096,065 00
	<hr/> \$2,147,740 00

To O'Brien & Clark, contracts for—

Section 9.....	\$1,333,237 00
" 8.....	1,157,285 00
" 7.....	1,375,785 00
	<hr/> \$3,867,307 00

To Brown, Howard & Co., contracts for—

Section 6.....	\$599,405 00
" 5.....	720,975 00
" 4.....	1,518,475 00
" 3.....	1,398,050 00
" 2.....	1,653,655 00
	<hr/> \$5,896,560 00

Upon which motion the vote was—

Affirmative—The Mayor, Comptroller, and Commissioner Dowd.

Negative—Commissioner of Public Works, Commissioners Spencer and Baldwin.

At 9.30 o'clock the Commissioner of Public Works renewed the motion to adjourn until 3 o'clock P. M. to-morrow. Which motion was carried.

Comptroller Grant, whose term of office expires with this day, then took leave of his associate Commissioners.

And the meeting adjourned.

JAMES W. McCULLOH, Secretary.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 78 Tribune Building, Wednesday, December 10, 1884, at 3 o'clock P. M.

Commissioners present—The Mayor, the Comptroller (Edward V. Loew, Esq.), Commissioner of Public Works, Commissioners James C. Spencer, William Dowd, and C. C. Baldwin.

Also Chief Engineer Church, and Executive Engineer Fteley, and Chief Engineer Birdsall of the Department of Public Works.

The minutes of the meetings of the 3d and 8th instant were read and approved. The minutes of the meeting of the 9th instant were also read and ordered to be amended, and be re-read at the next stated meeting.

On motion of Commissioner Spencer, the Commissioners then went into executive session for further canvassing of the bids received on the 8th inst.; and upon resuming the open session, Comptroller Loew stated that having just entered upon the discharge of his duties as Comptroller of the City of New York, and having had no opportunity to acquaint himself with the proposed plans for constructing the New Aqueduct, he was not now prepared to act upon a matter of such great importance as awarding contracts upon the bids now under consideration by the Commissioners, and he therefore asked time to examine the plans, and to inform himself with regard to the numerous bids for the work, so far as it was possible so to do without unnecessary delay.

On motion of the Commissioner of Public Works, it was unanimously

Resolved, That in compliance with the request of Comptroller Loew, the further consideration of the bids for constructing Sections A and B and 2 to 9 inclusive, be deferred until Saturday next, the 13th inst., at 3 o'clock P. M.

The Commissioners then adjourned.

JAMES W. McCULLOH, Secretary.

The Commissioners met in pursuance of the adjournment from the 10th instant, for the further consideration of the bids and awarding of the contracts for the construction of the sections of the New Croton Aqueduct, between the Harlem river and the Croton Dam.

On motion of the Mayor, the reading of the minutes of the meetings of the 9th and 10th instant was deferred until the next stated meeting.

DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, ROOM 6, 31 CHAMBERS STREET, NEW YORK, DEC. 9, 1884.

TO CONTRACTORS.

BIDS OR ESTIMATES, IN ACCORDANCE WITH Chap. 476, Laws of 1875, enclosed in a sealed envelope, with the title of the work and the name of the bidder indorsed thereon, will be received at this office until Tuesday, December 23, 1884, at 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department and read for

PAVING STONE STREET FROM BROADWAY TO BROAD STREET, WITH TRAP-BLOCK PAVEMENT.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. This is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or

money has been examined by said officer or clerk and found to be correct. Such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at the office of the Water Purveyor, Room 1, No. 31 Chambers street.

HUBERT O. THOMPSON, Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE.

No. 31 CHAMBERS STREET, NEW YORK, NOV. 1, 1883.

PUBLIC NOTICE IS HEREBY GIVEN TO

property-owners of the City of New York that, by the New York City Consolidated Act of 1882, among other matters relating to Croton water rates and affecting all properties liable for Croton water charges, is embraced the following, in "Title 2, Duties and Powers of the Department of Public Works as to Procuring and Distributing Water":

350. The Commissioner of Public Works shall, from time to time, establish scales of rents. * * *

Such rents shall be collected from the owners or occupants of all such buildings, respectively, which shall be situated upon lots adjoining any street or avenue in said city in which the distributing water-pipe are or may be laid, and from which they can be supplied with water, said rents shall become a charge and lien upon such houses and lots, respectively, as provided by law.

It becomes my duty to state that on and after the first day of April, 1884, all extra charges, such as steam-engines, bakeries, barbers, bathing-tubs, boarding-houses, boarding-schools, building purposes, horses, horse-troughs, hotels, porter-houses, taverns, etc., printing offices, stone cutting or dressing, slaughter-houses, dyeing, water-closets and urinals, laundries, restaurants, soda fountains, extra families, oyster and coffee saloons, water by meter measurement, meters and meter setting, and all other purposes for which the use of Croton water is chargeable according to law, are liens and, unless paid on or before the 30th day of April next shall be

awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at or subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons making the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and, in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

SEALED BIDS OR ESTIMATES FOR FURNISHING nine hundred and twenty (920) tons White Ash Coal, to be required during the year 1885, in accordance with the specifications, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9 o'clock A. M. of Saturday, December 27, 1884. The person or persons making any bid or estimate shall deposit the same in a sealed envelope, indorsed "Bid or Estimate for 920 Tons White Ash Coal" with his or her name or names, and the date of presentation, to the head of said Department, at the office of the Department, before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, and read.

The Board of Public Charities and Correction reserves the right to accept or reject any or all bids, and if deemed to be for the public interest, as provided in section 64, chapter 42, of Laws of 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for the contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of two thousand (\$2,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or she or they neglect or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be deposited in a sealed box until such check or money has been examined by said officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk of the Department. If the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after the contract is awarded, to execute the bond, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are required, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which is deposited with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the architect, James E. Ware, No. 239 Broadway.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the architect, at his office, No. 239 Broadway, New York.

per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be deposited in a sealed box until such check or money has been examined by said officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk of the Department. If the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after the contract is awarded, to execute the bond, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice to that effect has been awarded to him or they, or his or their property or he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be reawarded and relet as provided by law.

Bidders will state the prices for each article, by which the bids will be tested.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department of Public Charities and Correction.

will be required to give security for the performance of the contract by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty (50) per cent. of the estimated amount of the contract.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and bind the bidders, and shall be accepted by them:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incident to the completion of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be reawarded and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person is interested with them therein, and if no other person is also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and that he or she is not a member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, who shall state their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or she or they neglect or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids will be tested; the consent above mentioned shall be accompanied by the oath, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk of the Board. If the successful bidder will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after the contract is awarded, to execute the bond, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are required, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which is deposited with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the architect, James E. Ware, No. 239 Broadway.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the architect, at his office, No. 239 Broadway, New York.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Army Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performance of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it is accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; and also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons to whom the contract is awarded, and its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum which said person or persons would be entitled on its completion, and that which said Corporation or the Army Board may be obliged to pay to the person to whom the contract may be awarded, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the Estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except the successful one, will be returned to the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the architect, James E. Ware, No. 239 Broadway.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the architect, at his office, No. 239 Broadway, New York.

Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the Estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct.
