C., one to each of the representatives of this State in the United States Senate, and one to each representative in Congress from this city, and that the said representatives be requested to use all honorable means to secure the passage of the accompanying bill by the Senate and House of Representatives.

That whereas, The City of New York, in accordance with the wishes of the people assembled in mass-meeting at the Union Square, in the year 1861, appropriated the sum of \$1,000,000 to be disbursed by the Union Defence Committee, composed of the best citizens of New York, for the purpose of moving troops from this city to the seat of war, and supplying them with arms and ammunition, thus saving the government at a critical period when it was unprovided with men, means and arms;

And whereas, The money advanced under similar circumstances by other municipalities and by States has long since been repaid, while there has only been refunded to this city the sum of \$104,429.79, paid as follows, to wit: October 29, 1861, \$66,793.25; May 12, 1862, \$37,636.54;

And whereas, The city has paid out upon the bonds originally issued the sum of \$2,292,659.73, being \$895,570.21 of principal and \$1,397,089.52 of interest; therefore,

Resolved, That the Representatives of this city in Congress be requested to bring this just claim to the attention of Congress, with a view to the reimbursement of the money expended by this city in behalf of the Government, which at the time of the expenditure was without means, but which, through the patriotism and sacrifices of its citizens, has now an overflowing treasury, out of which this just claim can be repaid with positive advantage to the whole nation.

Resolved, That a memorial, setting forth the facts of the above preamble, be prepared and forwarded to the several members of Congress from the City of New York.

Resolved, That the Committee on Law be requested to prepare a bill for the relief of the City of New York, and to transmit the same to Washington for introduction in Congress.

IN COMMON COUNCIL OF THE CITY OF NEW YORK.

To the Senate and House of Representatives, in Congress assembled:

The memorial of the Mayor, Aldermen and Commonalty of the City of New York respectfully shows:

First—That in the year 1861, the Corporation of the City of New York, in accordance with the wishes of the people, in mass meeting assembled at the Union Square, appropriated large sums of moneys, which were disbursed for the purpose of raising troops from this city, sent to the war, aiding the Government of the United States at that critical period, when men, money, arms and equipments were greatly needed.

Second—That the money thus expended by the Mayor, Aldermen and Commonalty of the City of New York, amounted on the first day of January, 1888, to the sum of two millions two hundred and ninety-two thousand six hundred and fifty-nine dollars and seventy-three cents, as follows:

Paid by the City for principal of bonds issued	\$1,000,000 00
Paid by the City for interest	1,397,089 52
Less amount refunded by the United States	\$2,397,089 52
	104,429 79
Total claim	\$2,292,659 73

—with interest from January 1, 1888, until paid.

Third—That, under similar circumstances, the money advanced by other cities and by States has long since been repaid, while there remains due to the City of New York the sum of two million two hundred and ninety-two thousand six hundred and fifty-nine dollars and seventy-three cents, as aforesaid.

Wherefore, your memorialists pray your Honorable Body to consider the above claim with a view to the repayment of the large amount of money disbursed by this city, in behalf of the Republic, which, at the time of the expenditure, was without means, but through the patriotism and sacrifices of its citizens, now has an overflowing treasury, out of which this just claim can be refunded, with great advantage to the patriotic people of the City of New York.

And your memorialists, as in duty bound, will ever pray, etc.

A BILL to provide for the payment of the claim of the Mayor, Aldermen and Commonalty of the City of New York.

Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled:

That the Secretary of the Treasury be and he is hereby authorized and required, out of any money in the Treasury not otherwise appropriated, to pay to the Mayor, Aldermen and Commonalty of the City of New York two millions two hundred and ninety-two thousand six hundred and fifty-nine dollars and seventy-three cents, with interest thereon from January 1, 1888, being the amount paid by said city for principal and interest on bonds issued to the Union Defence Committee of the City of New York in 1861 and 1862 for necessary equipments, outfits and movement of troops engaged in the service in pursuance of the requisition of the President of the United States.

Adopted by the Board of Aldermen, February 7, 1888.
Approved by the Mayor, February 10, 1888.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, February 1, 1888, at 3 o'clock P. M.

Present—Commissioner Spencer, the Commissioner of Public Works, and Commissioners Baldwin, Barnes, Ridgway and Fish; also Chief Engineer Church, Deputy Chief Engineer Rice, and Consulting Engineer Foley; and Chief Engineer Birdsall of the Department of Public Works. The minutes of the stated meeting of January 25 were read and approved.

The Committee of Finance and Audit reported their examination and audit of bills contained in Vouchers Nos. 3336 to 3364, inclusive; and, on motion of Commissioner Ridgway, the same were approved and ordered certified to the Comptroller for payment.

The Committee on Construction presented the resignation of Assistant Engineer Thomas L. Moore, and recommended that the same be accepted, to take effect this day. On motion of Commissioner Barnes, the report of the Committee was approved, and the resignation accepted.

In connection therewith said Committee recommended the adoption of the following resolution: Resolved, That in accepting the resignation of Mr. Thomas L. Moore, as an Assistant Engineer in the Engineer Corps, the Aqueduct Commissioners desire to testify to the efficient and valuable services performed by him during the time he has been in the employ of this Commission; and the Secretary is hereby directed to furnish Mr. Moore with a copy of this resolution. Adopted.

Also reported that the Chief Engineer had made a requisition for the services of three Axemen, which requisition had the approval of this Committee, and they recommended the adoption of the following resolution:

Resolved, That John Kinney, Jacob Munzinger and Stephen M. Lyons, Jr., are hereby appointed Axemen; their pay to commence from the date of their assignment to duty.

The report of the Committee was approved, and the appointments made.

The Committee on Real Estate submitted the following report:

Messrs. Sullivan, Rider & Dougherty, contractors for the main dam and reservoir at Sodomy, have applied for the use of the Armstrong grist-mill and ice-house on Parcel No. 80—the mill for office and store-room purposes, and the ice-house for stabling their horses; for which premises they are willing to pay rent at the rate of \$50 per month, and to insure the buildings.

They also wish to rent the dwelling-house, barns, out-buildings and lands of the Barnum Parcels Nos. 18 1/2 and 18 (except that part of Parcel No. 18 which is now occupied by Mrs. Bennett), for which premises they are willing to pay a rental of \$600 per annum, and to keep the buildings insured and in repair. These buildings are in good order, and the construction of the reservoir will not require the dwelling to be disturbed; and it can be sold when the work is completed. The lands comprise about one hundred acres, mostly good grass and pasture land.

We recommend: 1st. That the grist-mill and ice-houses be leased until May 1, 1889, upon the terms above named, and under restrictions against the sale of liquor on the premises.

2d. That the Barnum property above named be rented on the terms stated until May 1, 1889, under restrictions that the dwelling shall be used only for private family residence, and not for boarding workmen or laborers; that it be kept in good repair, and surrendered in as good condition as it now is, reasonable wear and tear excepted.

On motion of Commissioner Barnes, the report of the Committee was approved and the recommendations therein contained adopted.

A communication was received from the Chief Engineer, recommending that an appropriation of \$125 be made to cover the cost of six special protractors and three Swiss planimeters for use in the Chief Engineer's office.

On motion of Commissioner Barnes, the communication was referred to the Committee on Construction for examination and report.

The Comptroller, under date of January 28, 1888, gave notice of the issue of warrants for the payment of vouchers not certified to by the Aqueduct Commissioners, for—

Which was ordered entered upon the books of the Commission, and filed.

The Secretary presented a statement showing the amount appropriated and expended for the construction of the New Croton Aqueduct during the year 1887, and also the total amount appropriated from the inception of the construction of said work up to and including the year 1887; which was read and referred to the Committee of Finance and Audit.

In connection therewith, Commissioner Barnes moved that the Committee of Finance and Audit be requested and directed to examine the books of the Commission, and report thereon to the Commissioners as soon as practicable. Carried.

The Commissioners then adjourned. JOHN C. SHEEHAN, Secretary.

An estimate of the cost of the structure must accompany each plan in sufficient detail to enable the Commission to modify the plans if desired.

For the plan which may be adjudged by the Commission to be the best, a premium of FIVE THOUSAND DOLLARS will be paid; for the second best, a premium of FOUR THOUSAND DOLLARS; for the third best, a premium of THREE THOUSAND DOLLARS; for the fourth best, a premium of TWO THOUSAND DOLLARS, and for the fifth best, a premium of ONE THOUSAND DOLLARS. But no obligation shall rest upon the Commission to award premiums to any plan which shall not be regarded as meritorious.

The premiated plans shall become the property of the City, and may be used and combined in any manner which the Commission may approve. No obligation shall be created by the acceptance of any plan to employ the author thereof as the architect to construct the building, it being discretionary with the Commissioner of Public Works to determine in what manner the supervision of the building shall be provided for. Each plan submitted shall be marked with such assumed designation as the architect may select, provided there shall be filed with the Mayor a signed and sealed copy of the name of the author of the plan so designated, which will not be opened until after the award of the premiums.

Lithograph copies of the general plans of the building, adopted by the Commission, and the specifications, may be obtained by architects upon application at the Comptroller's Office, Stewart Building, No. 200 Broadway, in the City of New York, together with a pamphlet containing special instructions.
