## BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, BOARD OF ALDERMEN COMMITTEE ROOM, CITY HALL, WEDNESDAY, SEPTEMBER 9, 1903.

The Board met in pursuance of an adjournment.

Present—Seth Low, Mayor; J. W. Stevenson, Deputy and Acting Comptroller; Charles V. Fornes, President, Board of Aldermen; Jacob A. Cantor, President, Borough of Manhattan; George Cromwell, President, Borough of Richmond.

Hon. Seth Low, Mayor, presiding.

The reading of the minutes of meetings held June 19, July 1, 8, 15, 22, 29, 31, August 18, 19 and September 2, 1903, was dispensed with.

The Secretary presented a communication from the Corporation Counsel requesting an additional appropriation for "Supplies and Contingencies" for the year 1903.

Referred to the Mayor.

The Secretary presented the following communication and resolution from the Board of Education requesting the Board to recommend to the Board of Aldermen that the salary of the position of Attendant in the Department of Education be fixed at the rate of \$50 per month, with maintenance:

BOARD OF EDUCATION, PARK AVENUE AND FIFTY-NINTH STREET,  
NEW YORK, August 19, 1903.

Hon. SETH LOW, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—In explanation of the resolution adopted by the Executive Committee of the Board of Education this day requesting that the salary of the position of Attendant in this Department be fixed at fifty dollars per month, I wish to bring to your attention the following facts:

In 1900, before the Brooklyn Truant School came under the jurisdiction of the Board of Education, Charles Edward Sackman was appointed under the title of Waiter at a salary of forty dollars per month, with maintenance, was assigned to the duty of overseeing the boys at meal times and elsewhere about the premises during the day when the Principal needed him to aid in the care and oversight of the boys. Since then he has, as I am informed by Associate City Superintendent Meleney, who has charge of the Truant Schools, become indispensable, having developed power and tact in directing the boys at play and at work in the garden and elsewhere.

Mr. Sackman has lately passed the examination for the position of Attendant and stands near the head of the list. He has been offered a position in the City Baths at a salary of \$75 per month and this Department is in danger of losing him. Mr. Meleney informs me that the Brooklyn Truant School would be greatly crippled by the transfer of Mr. Sackman to another Department. He has not only displayed strength, but has acquired a love for the work in which he is engaged. He is the kind of man the Board of Education cannot afford to lose, as he has grown up, so to speak, in the service. It is exceedingly difficult under the present system of making appointments for us to secure and keep the people whose services are needed in the Truant Schools, as the Civil Service classification does not conform to the duties required of our employees.

It is proposed to appoint Mr. Sackman to the position of Attendant, at a salary of fifty dollars per month, with maintenance, and I respectfully urge favorable action by the Board of Estimate and Apportionment upon this matter.

The salary of the position of Attendant in this Department was recently fixed by your Honorable Board at forty dollars per month, with maintenance. This salary is applicable to the position of Attendant in the New York Truant School, where the conditions are quite different. The New York Truant School is in a crowded part of the City, with limited outdoor space for the activities of the boys when under the charge of an Attendant, whereas the Brooklyn Truant School is on a small farm with considerable yard space.

I sincerely hope that your Honorable Board will act promptly and favorably on our recommendation.

Respectfully,

H. A. ROGERS, President.

Doctor Haupt offers the following:

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of the position of Attendant in the Department of Education be fixed at \$50 per month, with maintenance.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan and Richmond—12.

Referred to the Fire Commissioner.

The Secretary presented the following communication from the Coroner of the Borough of Richmond requesting the Board to recommend to the Board of Aldermen that the salary of the position of Clerk to the Coroner in said borough be fixed at the rate of \$1,500 per annum:

CORONER'S OFFICE, CITY OF NEW YORK, BOROUGH OF RICHMOND,  
STAPLETON, N. Y., August 6, 1903.

Mr. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York, N. Y.:

DEAR SIR—At a meeting of the Municipal Civil Service Commission, held on July 2, 1903, the following resolution was adopted:

This resolution was duly approved by the Mayor and by the State Civil Service Commission.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,

August 29, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Department of Bridges of The City of New York requires the premises known as No. 186 Cherry street, in the Borough of Manhattan, as part of a site to be used as an anchorage pier for the Manhattan Bridge.

No. 186 Cherry street is situated 266 feet 8 inches west of Pike street, on the north side of Cherry street, and adjoins the Sailors' Home property, which was recently purchased by the City at private sale. The premises, 19 feet by 72 feet 4 inches by 17 feet 9 inches by 72 feet, with an old three-story brick store and dwelling about 19 feet by 40 feet, is owned by Mrs. Timothy O'Brien, of No. 597 Eleventh street, in the Borough of Brooklyn.

This office has been in negotiation for some time with the attorneys representing the owner for the purchase of this property at private sale, and the owner has finally consented to accept the City's offer of \$13,000 for the property.

I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the Comptroller to purchase this property at \$13,000, which price is reasonable and just.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

The following was offered:

Whereas, The Commissioner of Bridges of The City of New York has requested the purchase of premises known as No. 186 Cherry street, Borough of Manhattan, which is required for the Manhattan anchorage of the Manhattan Bridge; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of the following described premises, with the buildings and improvements thereon erected, bounded and described as follows:

Beginning at a point on the northerly side of Cherry street distant two hundred and forty-three (243) feet four (4) inches from the northeasterly corner of Market and Cherry streets, and at the centre of a party wall between the dwellings on the adjoining lot on the west side of the premises hereby conveyed and said premises, and running thence northerly and partly through the centre of said party wall and parallel with Market street seventy-two (72) feet five (5) inches, and thence easterly and parallel with Cherry street nineteen (19) feet; thence southerly and parallel with Market street seventy-two (72) feet to Cherry street, and thence westerly along Cherry street nineteen (19) feet to the point or place of beginning, be the said several dimensions more or less. Being the same premises conveyed by Mary Gregory and James Gregory, her husband, and Margaret Sutton and John Sutton, her husband, to the party of the first part by deed dated the 1st day of November in the year one thousand eight hundred and eighty-six, and recorded in the office of the Register of the City and County of New York, in Liber 2003 of Conveyances, page 105, on the 4th day of November, A. D. 1886, at 11 o'clock, 22 minutes a. m., together with all the right, title and interest of the owner of said premises of, in and to the street in front thereof to the centre thereof.

—and the Comptroller of The City of New York is hereby authorized to enter into a contract for the purchase of same at a price not exceeding thirteen thousand dollars (\$13,000), said contract to be subject to the approval of the Corporation Counsel as to form.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan and Richmond—12.

The Secretary presented the following report and resolution from the Board of Education requesting the transfer of \$289.31 to "General School Fund—Borough of Brooklyn," for the year 1900:

To the Executive Committee:

The Committee on Finance respectfully reports that the Committee on Care of Buildings has adjudicated upon and allowed a claim of Frank White, Janitor of Public School 36, Brooklyn. The claim is applicable to the year 1900 and amounts to two hundred and eighty-nine and 31-100 dollars (\$289.31). The fund for the Borough of Brooklyn for the year 1900, from which this claim would be paid ordinarily, is totally exhausted, but it is found that a similar fund of the Borough of Manhattan is in excess of its requirements. It is therefore recommended that a transfer be made.

The following resolution is submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of two hundred and eighty-nine and 31-100

dollars (\$289.31) from the "General School Fund," Borough of Manhattan, for the year 1900, which fund is in excess of its requirements, to the "General School Fund, Borough of Brooklyn," for the same year, which fund is insufficient for the purposes thereof.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on August 19, 1903.

FRED H. JOHNSON, Assistant Secretary, Board of Education.

The following resolution was offered:

Resolved, That the sum of two hundred and eighty-nine dollars and thirty-one cents (\$289.31) be and the same is hereby transferred from the appropriation made to the Department of Education for the year 1900, entitled "General School Fund, Boroughs of Manhattan and The Bronx, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department of Education for 1900, entitled "General School Fund, Borough of Brooklyn," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan and Richmond—12.

The Secretary presented the following report and resolution from the Board of Education requesting the transfer of \$5,000 to "Incidental Expenses" for the year 1903:

To the Executive Committee:

The Committee on Finance respectfully reports that the Committee on Supplies has made application for the sum of ten thousand dollars (\$10,000) to be transferred from any available balance to the Incidental Fund of the Board of Education for the current year. At the present time it is not found practicable to recommend a transfer of the entire amount requested by the Committee on Supplies. The Committee on Supplies has itself suggested that five thousand dollars (\$5,000) be transferred from the Supply Fund for the Borough of Queens, said fund admitting of a transfer therefrom. The Committee sees no objections to such transfer, and therefore submits for adoption the following resolution:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of five thousand dollars (\$5,000) from the fund for the current year entitled "Supplies," Borough of Queens, which fund is in excess of its requirements, to the fund for the same year entitled "Incidental Expenses," which fund is insufficient for the purposes thereof.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on August 19, 1903.

FRED H. JOHNSON, Assistant Secretary, Board of Education.

Tenth—Written notices provided by this agreement may be served upon the Commissioner by delivering the same personally to him or to the Deputy Commissioner of the Department of Water Supply, Gas and Electricity for the Borough of Queens, or to the Chief Engineer of said Department, and upon the company by delivering the same personally to any officer of the company or at any business office of the company to the person in charge of said office at the time of such delivery.

Eleventh—The company shall not sublet or assign this agreement or any interest herein or hereunder without the previous written consent of the Commissioner.

Twelfth—This agreement shall have been approved by the Board of Estimate and Apportionment and receive the written consents and approvals of both the Mayor and the Comptroller of the City.

Thirteenth—This agreement shall not be binding or of any force unless the Comptroller of the City shall endorse hereon his certificate that there remains unexpended and unapplied a balance of the appropriation applicable thereto sufficient to pay the estimated expense of executing this agreement.

Fourteenth—This agreement shall respectively bind and run in favor of the respective parties hereto, their respective successors and assigns.

I consider the prices fixed in this agreement reasonable and just, and in my opinion the Board of Estimate and Apportionment may properly approve the agreement proposed, and the Mayor and Comptroller may properly give their written consent and approval of the same in all its details, as required by section 471 of the Greater New York Charter.

Respectfully,

(Signed) EUG. E. McLEAN, Engineer.

CITY OF NEW YORK, August 14, 1903.

J. W. STEVENSON, Esq., Secretary of the Board of Estimate and Apportionment:

Mr. John Vincent, an attorney and counselor-at-law in this City, has stated to me that he represents the Supervisors of the Town of Hempstead, and has requested that action be taken to provide for the third of said payments.

I am advised by the Deputy Commissioner of this Department for the Borough of Brooklyn that he sees no reason why the same action should not be taken at the present time as was taken last year.

Accordingly I submit the matter to you for such action as you may deem proper.

Respectfully,

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan and Richmond—12.

The Secretary presented the following communication in regard to the acquisition of the property on South street, Stuyvesant place and Jay street, in the Borough of Richmond, as a site for a borough hall:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,

September 8, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment, at a meeting held on the 24th day of April, 1903, adopted a resolution selecting a site for the erection of a borough public building, fronting Jay street, South street and Stuyvesant place, in the Borough of Richmond, and authorized the Comptroller to enter into agreements for the purchase of said premises at a price not exceeding \$49,500.

There were contained in this site four parcels of land, one owned by the Richmond Light and Railroad Company, one by the executors of Louis Benzinger, deceased; one by Benjamin Petersen, for which condemnation proceedings have heretofore been authorized. The fourth parcel of land, bounded by Stuyvesant place, Jay street and South street, is owned by the Staten Island Rapid Transit Railway Company, and is 231 feet on South street, 149 feet 4 inches on Stuyvesant place, 227 feet 4 inches on Jay street, and parallel with DeKalb street 216 feet 9 inches.

The President of the Borough of Richmond, in a communication hereto annexed, states that "the discovery of certain lis pendens on file in Richmond County Clerk's office casts a shadow upon the title to the property, which, although slight, prevents the Staten Island Rapid Transit Railway Company from being able to give perfectly clear title to the City."

The Corporation Counsel, in a communication annexed, states: "The premises are affected by two lis pendens, one filed November 2, 1900, in a suit of Robert L. Cutting, as surviving partner of Finlayson & Auld, on behalf of the stockholders of the Staten Island Rapid Transit Railway Company against the Baltimore and Ohio Railroad Company, the Staten Island Rapid Transit Railway Company, Charles E. Lewis, as trustee, John K. Cowen, as trustee; the Standard Trust Company, as trustee, defendants; the other filed March 14, 1903 (Circuit Court of the United States for the Southern District of New York), in a suit of Robert L. Redfield, as ancillary executor of John Cowan, plaintiff, against the Baltimore and Ohio Railroad Company and the Staten Island Rapid Transit Railway Company." The Title Insurance Company refuses to issue a policy insuring The City of New York against the results of these two actions. It will be necessary therefore to obtain a cancellation of the lis pendens before the title is taken by The City of New York.

In a communication from the President of the Borough of Richmond, hereto annexed, he asks that "the Board of Estimate and Apportionment authorize the Corporation Counsel to begin condemnation proceedings for the parcel of land now owned by the Staten Island Rapid Transit Railway Company."

I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the Corporation Counsel to institute condemnation proceedings, under section 1437 of the Greater New York Charter, for the acquisition of the property of the Staten Island Rapid Transit Railway Company.

Respectfully,

JOHN T. CUMING, Bureau of Real Estate.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,

NEW BRIGHTON, N. Y., September 1, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York:

DEAR SIR—I am in receipt this morning of your letter of yesterday, in which you ask me to notify you if there is anything of importance which I desire to have presented to the Board for action to-morrow.

In reply, I wish to say that I consider of the utmost importance the passage of the necessary resolution authorizing the issue of Corporate Stock in the amount of \$49,500 to provide for the purchase of the site selected for the proposed new Richmond Borough Hall, and approved by resolution of the Board on April 24 last.

Another matter of great importance to Richmond I consider the passage of a resolution by the Board to-morrow authorizing the Corporation Counsel to begin condemnation proceedings for the parcel of land now owned by the Staten Island Rapid Transit Railway Company, which is under contract for sale to the City as part of the site of the proposed new Borough Hall. "The discovery of certain lis pendens on file in the Richmond County Clerk's office casts a shadow upon the title to the property, which, although slight, prevents the Staten Island Rapid Transit Railway Company from being able to give a perfectly clear title to the City." I believe the Corporation Counsel has written you fully upon this subject, recommending the initiation of condemnation proceedings. There are no buildings upon the property, and title can vest in the City almost at once.

I ask that you have the necessary resolution prepared for passage by the Board to-morrow, and bring such papers as may be necessary for the Board's consideration.

If the Board will consider public improvement matters to-morrow, I ask that a date be set for a public hearing for the consideration of the map or plan showing the laying out and grades of First street, from Franklin avenue to York avenue, First Ward, Borough of Richmond. This map I am sending to the Engineer of the Board to-day, who is already familiar with all the details of the case.

Yours respectfully,

GEORGE CROMWELL, President of the Borough.

The following was offered:

Whereas, By resolution adopted April 24, 1903, the Board of Estimate and Apportionment approved of the selection of a site for a public building in the Borough of Richmond, located on Jay street, South street and Stuyvesant place, in the said borough; and

Whereas, The Comptroller of The City of New York has informed this Board that it has been impossible to secure the property of the Staten Island Rapid Transit Company, located within the area of the site selected, and has stated that condemnation proceedings will have to be instituted in order to secure this property; therefore be it

Resolved, That the Board of Estimate and Apportionment, having heretofore approved of the selection of the following described premises, and described as follows:

All that certain piece or parcel of land situate at New Brighton, commencing at a point on the southwesterly side of Jay street, distant southeasterly from the south-easterly side of DeKalb street two hundred and ninety-eight (298) feet eight (8) inches, thence running southwesterly on a line parallel with DeKalb street two hundred and sixteen (216) feet nine (9) inches to the northeasterly side of Stuyvesant place; thence southeasterly along the northeasterly side of Stuyvesant place one hundred and forty-nine (149) feet four (4) inches to the northwesterly side of South street; thence northeasterly along the northwesterly side of South street two hundred and thirty-one (231) feet to the southwesterly side of Jay street, and thence northwesterly along the southwesterly side of Jay street two hundred and twenty-seven (227) feet four (4) inches to the point or place of beginning, together with all right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof, being the same premises conveyed to the vendors by Hugh M. Morrow and Maria Morrow, his wife, by deed dated the 21st day of November, 1885, and recorded in the Richmond County Clerk's office on the 28th day of November, 1885, in Liber 161 of Deeds, page 566,

—hereby authorizes the Corporation Counsel to institute condemnation proceedings for the acquisition of the above-described premises, which are assessed for the year 1903 at \$23,000; and be it further

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest that the title to all of said land should be acquired at a fixed or specified time, it is hereby directed that the title to said lands shall vest in The City of New York ten days after the filing of the oaths of the Commissioners to be appointed in accordance with the provisions of section 1437 of the Greater New York Charter.

QUEENS BOROUGH LIBRARY, NO. 101 EAST AVENUE, LONG ISLAND CITY,  
August 6, 1903.

Board of Estimate and Apportionment, No. 280 Broadway, New York City:

GENTLEMEN—On July 16th a resolution was passed by your Board as follows: "Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Assistant Librarian in the Queens Borough Library be fixed at the rate of fifty dollars (\$50) per month."

I would request that the title be made Junior Assistant Librarian, as we have an Assistant Librarian at a different grade, and confusion may arise if the resolution is left as it is.

I would also ask that the resolution permit the increased rating to date from June 1, 1903.

Trusting that you will make this change, I am

Very respectfully yours,

WALTER L. BOGERT, Secretary.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, NEW BRIGHTON, N. Y.,  
September 9, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York:

DEAR SIR—I beg respectfully to request that the Board of Estimate and Apportionment fix the salary of Messenger in my office at \$900 per annum.

The present occupant of this position has been in the Department as Messenger since consolidation and has received during the whole time of his connection with the Department the sum of only \$720. While he is performing similar duty to the Messengers in other City departments he is receiving the lowest salary of all, the others being paid from \$900 to \$1,200. I therefore recommend that his salary be fixed at \$900 per annum.

Very truly yours,

GEORGE CROMWELL, President of the Borough.

P. S.—I beg that the resolution permit of the increase from August 11, 1903.

The President of the Borough of Manhattan presented the following resolution relative to the advertising for patented reflector street sign boxes:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment August 18, 1903, approving of the purchase of patented reflector street sign boxes by the President of the Borough of Manhattan, be and the same is hereby amended to read as follows:

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon, on

THURSDAY, NOVEMBER 5, 1903.

for the right to dump and fill in behind the new bulkhead wall between the northerly side line of West One Hundred and Thirty-first street and the southerly side line of West One Hundred and Thirty-third street, on the North river, Borough of Manhattan, beginning at a point in the rear of the bulkhead wall near the northerly side of the pier at the foot of West One Hundred and Thirty-first street, North river; thence extending northerly along the rear of the bulkhead wall to the southerly side of West One Hundred and Thirty-third street; thence inshore or westerly along the southerly side of West One Hundred and Thirty-third street about 67 feet to the face of the old crib bulkhead thereat; thence extending southerly along the face of the old crib bulkhead to a point where said crib bulkhead intersects the bulkhead near the northerly side line of West One Hundred and Thirty-first street; thence extending westerly about 78 feet along said crib bulkhead, or close row piles, approximately along the northerly side of West One Hundred and Thirty-first street, to the point of beginning.

### TERMS AND CONDITIONS OF SALE.

The filling will be put in to a height of about 5 feet or less above mean high-water mark over the above-described area.

The privilege to fill in the said described area will be sold to the highest bidder, one-half the price for such right or privilege must be paid at the time of sale and the remaining half when one-half of the work of filling in has been completed.

The total estimated quantity to be filled in is about 23,750 cubic yards, more or less. This total estimated quantity of 23,750 cubic yards is approximate only and is estimated without allowance for sinkage or settlement below the mud line.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall, and no allowances will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling may be commenced from the shore toward the crib.

All material must be dumped and filled in only in such manner, at such points and in such order or procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and whenever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the top of the coping at such section, and no higher, unless otherwise directed, and will be placed at such grade at its inshore end as may be directed by the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, and shall be completed within one hundred and fifty days from the date of the receipt of said notification. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling by the reason of the non-completion of the bulkhead wall, or for any other cause that the Commissioner of Docks may deem fit and proper, the time for the completion of said filling shall be extended so much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner may at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper.

The purchaser shall, during the work of filling in and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

The Commissioner reserves the right to reject all bids or estimates if he shall deem it to be for the interest of the City so to do.

Dated THE CITY OF NEW YORK, October 1, 1903.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
