"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● **Win More Contracts, at nyc.gov/competetowin**

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City's PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

JOC-22-EE JOB ORDER CONTRACT FOR EAST REGION ELECTRICAL - Competitive Sealed Bids - PIN# 82622B0014001 - AMT: \$15,000,000.00 - TO: Elmhurst Electric Corp, 140 Miller Place, Hicksville, NY 11801.

BWT-JOC-22-EE: The work under this contract is for Electrical work, under a series of small to medium size construction projects, at various Bureau of Wastewater Treatment (BWT) facilities, within the East Region (26th Ward, Coney Island, Jamaica, Owls Head, and Rockaway Wastewater Resource Recovery Facilities areas).

In addition to large capital construction projects, BWT has an ongoing need to accomplish smaller, straight forward construction projects at its facilities. Without Job Order Contracts, for each such project, the BWT must prepare complete contract documents and execute the required steps through the competitive bid process. Procuring the construction through this traditional design-bid-build process takes considerable time. Many of the projects are essential to maintain the operation of BWT facilities. The considerable time it takes to get contracts in place can jeopardize the continuation of service and, in some cases, permit the problem to worsen and result in additional costs. This Job Order Contract allows BWT to accomplish the much-needed projects in a fraction of the time while paying competitive prices for the work.

The life cycle of a parking or camera violation starts with the issuance process which is the distribution of a violation to a vehicle committing an infraction. Violations issued are entered into the STARS system approximately three to ten days after issuance. STARS is the NYC Department of Finance's (DOF) parking violations computer system. STARS reviews newly entered violations for plate information in the system. If the plate information is not present in STARS, a request is made through a vendor for both DMV registrant and vehicle information. Once vehicle information is entered into STARS, the DMV vehicle information and the vehicle information written on the ticket go through a verification process which is the initial step towards collection activities. DOF is seeking to solicit a vendor via a CSB to manage the out-of-state DMV request/reply processing that is necessary for STARS issuance data verification and collection efforts. The current contract for out-of-state registration services expires on 10/31/2021.

STABILIZATION BEDS FOR STREET HOMELESS INDIVIDUALS - Competitive Sealed Proposals/Pre-Qualified List - PIN#07121P0124010 - AMT: \$15,281,998.00 - TO: Acacia Network Housing Inc, 300 East 175th Street, Bronx, NY 10457.

The New York City Department of Homeless Services (DHS), estimates that there are 3,182 homeless adults currently living on the streets, subways or in other public places. Street homeless clients are not coming into traditional shelter for a variety of reasons. DHS provides temporary emergency housing and related services to individuals and families experiencing homelessness in New York City. DHS' Division of Street Homeless Solutions (SHS) employs street outreach to engage individuals who remain unsheltered. For those individuals living outdoors for an extended period who agree to accept services, stabilization beds provide a less restrictive alternative to traditional

shelter. In this way, stabilization beds provide shelter to the unsheltered and help facilitate ongoing coordinated services with SHS outreach teams to help individuals who were previously residing in the subway and other public spaces get back on their feet. Contracted outreach teams and the Joint Command Center will be the referral sources into Stabilization beds. This will allow an outreach worker the ability to provide an immediate placement option for a street homeless client, without a protracted admissions process. DHS reserves the right to expand the referral source options, based upon DHS need and available capacity.

This is an open-ended RFP for Stabilization Bed, and judgment is necessary in evaluating proposals to ensure the appropriateness of the facility and provision of client services.

To provide financial counseling services for FSS program Citywide. Family Self - Sufficiency Program (FSS), is designed to enable tenants receiving Section 8 Housing Choice Voucher (HCV), assistance to increase their earned income and meet their long-term employment goals. It is available to all HCV participant households. FSS consists of

two core offerings for participants: 1) connections to job training, financial counseling, and other social services in support of either gaining employment or obtaining a higher-paying job and 2) creation of an escrow account that enables participants to start building financial assets as they pay higher portions of their rent. HPD anticipates three (3) contract awards, two (2) for Case Management and Workforce Development Services and one (1) contract award for Financial Counseling Services. The New York City Department of Housing Preservation and Development (HPD) releases an RFP for the Family Self-Sufficiency (FSS) Program, to provide Case Management and Workforce Development Services and Financial Counseling Services to participants during FY22 through FY25.

HPD has determined, this procurement is not practicable or advantageous to the City to use Competitive Sealed Bidding because judgement is required to evaluate which organization can coordinate and provide the multiple services and resources of the organization to service the target population. Proposal evaluation will include experience of staff committed to the program, the organization’s efforts to integrate our participants into their organizational culture, as well as their description of proactive approach to engaging a fragile population. For these reasons it is not practical or advantageous to solicit Competitive Sealed Bid.

06922Y0133-AIM ENTERPRISE MAINTENANCE AND SUPPORT - ASSET WORKS - Request for Information - PIN#06922Y0133 - Due 7-8-22 at 3:00 P.M.

The Human Resources Administration, is submitting a Notice of Intent, to Award a Sole Source contract, to AssetWorks LLC, to provide Maintenance and Support, for the AiM Enterprise system, from 7/1/2022 to 6/30/2023. To assure ongoing management of GSS’ facility operations workflow, while capturing all associated costs, a facilities management software system is an essential tool.

The AiM Enterprise system is a web-based application, configured to run on any device (desktop, laptop, tablet and PDA), with Internet browser capabilities. This internet capability allows staff to enter work requests in the field, as well as check the status of ongoing work anywhere in the world. A major responsibility of GSS is to provide accurate job costing metrics. These metrics are some of the actual costs (materials, labor, maintenance, budget, and contracts), associated with the various design, construction, and renovation projects that GSS undertakes for the Agency. These costs are captured in AiM in a variety of ways; by Project, Work Request, Building, Contractor, Employee, Type of Work, etc., to list a few. A direct result of this accurate cost capture is a greater audit and resource tracking accuracy.

The AiM Enterprise system contains enhanced reporting capabilities, i.e., Drag & drop adhoc reporting that greatly reduces the need for extensive programming/report writing knowledge. End-users can create simple as well as detailed reports with a few clicks of the mouse. This user friendly, report generating capability provides immediate (real-time) project tracking that can be formatted in a graphical (Bar and Pie chart) output for management utilization. Management can analyze projects, via these reports and implement measures that directly target inefficiencies in resource utilization, workflow processes, as well as business rules and thereby reduce overall project costs.

The AiM Enterprise has the capability to have specific data targeted and displayed (dashboard) upon initial login, according to a defined

(configurable) user account role (profile) in the system. The AiM Enterprise system provides GSS with a reliable, space management tool for the tracking of occupied and vacant spaces in our many facilities. With the capability to interface with our many AutoCAD drawings, AiM Enterprise allows us to obtain accurate square footage values by, building, floor and down to a specific room. This capability greatly assists the Agency in addressing future emergency staff relocations, as was experienced during Hurricane Sandy.

Another benefit of this AutoCAD integration in AiM Enterprise is the accurate tracking of "all" Agency assets, such as furniture and staff. AiM Enterprise can provide a direct link within an AutoCAD drawing, via a single mouse click and "all" associated data can be displayed, as well as provided in a report. AiM Enterprise provides GSS with a facilities management, as well as a planning tool that has information "on-demand" and kept dynamic and real-time. All collected data is entered once and shared across the entire enterprise and/or network. Without the essential vendor provided maintenance support contracted services the potential for system module failures, lost data, inaccurate job costing and auditing results, is strengthened tremendously and will have a severely negative impact to the ongoing and future GSS' facilities management oversight responsibilities for the Agency. AssetWorks LLC is the single developer and only licensed distributor of the AiM™ Suite of product(s). AssetWorks does not distribute nor make available any of our product(s) and/or training or professional implementation services to any third party or partner for the purpose of reselling or maintaining this product.

GOOD FOOD PURCHASING PROGRAM - Negotiated Acquisition - Other - PIN#06922N0046 - Due 7-8-22 at 7:00 P.M.

The Human Resources Administration, intends to award a Negotiated Acquisition (NA), to Community Partners for the Center for Good Food Purchasing. This NA will pay for services rendered from 1/1/22 - 6/30/22.

The Mayor's Office of Food Policy, has funds for a procurement for the continued implementation of the Good Food Purchasing Program that could immensely benefit New York City. In 2019, the City adopted the Good Food Purchasing framework Citywide, and is currently working to implement it across its 500 million annual food purchasing budget. The Mayor's Office of Food Policy is the office tasked with leading this initiative and requires support for program management and technical assistance to help City agencies as they continue implementing this program. Since 2019 MOFP, through the Mayor's Fund to Advance New York City, has had contracts with the Center for Good Food Purchasing (the "Center"), and the food and beverage consulting group Karen Karp & Partners (KK&P), to provide data analytics, project management and technical assistance to the Mayor's Office and the seven City agencies that procure and serve food. The Center are owners and creators of the Good Food Purchasing Program and it's corresponding evaluation specification. No external organization is currently capable of providing the services that the Center provides.

The vendor will provide holistic services to disturb, prevent, and reduce gun violence in high-risk neighborhoods, specifically neighborhoods that have been identified as at the greatest risk of the City's gun violence (hereinafter "Impacted Communities"). These efforts are coupled with high-paying employment and training opportunities to

prepare participants for sustainable employment opportunities. Further, since continuity of holistic services as a whole, including PEI, is of utmost importance in addressing the gun violence problem -- as is promoting personal growth for wrap-around service recipients -- the vendor would be available to add additional bridge wrap-around services in the event there is a procurement issue that threatens to disrupt the continuity of services.

The Crisis Management System ("CMS"), is a partnership of more than 70 organizations that promote peace, community stewardship of public safety, and healing in neighborhoods most affected by gun violence. As of 2020, the CMS network is operating citywide in 21 neighborhoods, which account for upwards of 50% of NYC's shooting incidents. CMS is a model of civilianizing public safety, building on the talent, resiliency, and creativity that reside in neighborhoods across New York City.

There is a limited pool of vendors with the network and experience necessary to continue a program with this population and scope of work immediately upon commencement. Therefore, it is critical that there be no disruption to services after the expiration of the Emergency Procurement on March 31, 2022.

COLER HOSPITAL FLOOD MITIGATION - Request for Proposals - PIN#2605 - Due 8-15-22 at 5:00 P.M.

NYC Health + Hospitals/Coler Specialty Hospital (the "facility"), is located on the north side of Roosevelt Island. During Hurricane Sandy in 2012 the facility suffered flood damage to critical building infrastructure. In 2017, NYC Health + Hospitals engaged with Arcadis to perform a feasibility study on floodwall design options to protect the facility and through community input, and the approval of the Roosevelt Island Operating Corporation, a design option of a berm was selected. The berm will encompass the entire campus of the Coler facility. The design will provide protection based on the 500-year Design Flood Elevation. A copy of the Arcadis report is attached hereto as Attachment X. This RFP is seeking services of a consultant to provide the design and engineering plans of the berm and related flood mitigation measures, which include detention tanks and wastewater/sewer upgrades, in order to protect the facility against future flood events (the "Project"). The consultant shall also provide construction administration services for the duration of the project.

AGENCY RULES

HEALTH AND MENTAL HYGIENE

■ NOTICE

Notice of Adoption of Amendments to Chapter 10 of Title 24 of the Rules of the City of New York

In compliance with section 1043(b) of the New York City Charter ("Charter"), a notice of intention to amend Chapter 10 of Title 24 of the Rules of the City of New York was published in the New York City Record on March 28, 2022, and a public hearing was held on April 27, 2022. At the hearing, one person testified, and two other people submitted comments. The two written comments concerned complaints regarding the smell of cannabis smoke from neighbors' dwellings, which is not related to the proposed regulation. The testimony raised a question concerning allowance of smoking of cannabis at on-site consumption facilities. However, adult-use on-site consumption licenses have not been granted as of the date of this proposed rule and therefore there are currently no consumption facilities currently operating in New York City. Accordingly, in response to the testimony and the comments received, no changes have been made to the proposed amendment.

Statement of Basis and Purpose

New York City's Smoke-Free Air Act ("SFAA") prohibits the smoking, including the smoking of cannabis, in a range of locations, with certain other locations being exempt from the smoking prohibition. The New York State Marihuana Regulation and Taxation Act (MRTA) amended section 1399-q of the New York Public Health Law to prohibit the smoking or vaping of cannabis in some of the locations exempt by the SFAA and New York City regulations. To make the exemption provisions consistent between the two laws, DOHMH is amending seven Chapter 10 sections by:

- adding definitions to section 10-01 and,
- amending sections 10-02, 10-04, 10-07, 10-10, and 10-16 to prohibit the smoking and vaping of cannabis in areas that the New York Public Health Law prohibits such smoking and vaping.

The proposed rule also includes some minor plain language revisions.

The amendment is as follows:

New material is underlined.

[Deleted material is in brackets.]

Asterisks (***) indicate unamended text

Section 1. Section 10-01 of Chapter 10 of Title 24 of the Rules of the City of New York is amended to read as follows:

(a) Act. "Act" means the Smoke-Free Air Act, as provided in Chapter 5, Title 17 of the New York City Administrative Code (the "Administrative Code"), as amended by Local Law No. 47 of 2002.

(b) Bar. "Bar" has the meaning set forth in § 17-502(b) of the Act or subdivision (1) of § 1399-n of the New York State Public Health Law, whichever is more inclusive.

(c) Cannabis. "Cannabis" as defined in paragraph 5 of section 3 of New York State's Cannabis Law (as added by L 2021, c 92, § 2, eff. March 31, 2021), also known as the "Marihuana Regulation and Taxation Act" ("MRTA");

[(c) (d) Commissioner. "Commissioner" means the Commissioner of the New York City Department of Health and Mental Hygiene.

[(d) (e) Compensation. "Compensation" means any money, gratuities, privileges or benefits received in return for work performed or services rendered.

[(e) (f) Department. "Department" means the New York City Department of Health and Mental Hygiene.

[(f) (g) Employee. "Employee" means an employee as defined in § 17-502(h) of the Act. There shall be a rebuttable presumption that any person who performs work or renders services for compensation, for any period(s) of time, at the direction of an operator of an entity or facility which is subject to the provisions of the Act, is an employee of such entity.

[(g) (h) Enclosed room. "Enclosed room" means a room which is completely enclosed on all sides by solid floor-to-ceiling walls, windows, or solid floor-to-ceiling partitions, and which complies with all applicable Building Code and Fire Code requirements. Any such windows in such room must remain closed while people are smoking in the room unless the windows open to the exterior. Any doors must remain closed while people are smoking in the room except to the extent necessary to permit ingress and egress to and from such room. Such room must be ventilated in a manner that shall prevent emission of smoke to any other interior part of the facility.

[(h) (i) Entrance. "Entrance" means every means of entering or exiting a room, facility, or premises ordinarily used by the public and/or employees.

[(i) (j) Incidental service and/or sales of food and/or drink. For the purpose of § 10-04 of these rules, service of food and/or drink shall be deemed "incidental" to the purpose of promoting and sampling tobacco products, where such food and/or drink is prepackaged or requires no on-site preparation or monitoring, and there is no service or self-service of potentially hazardous foods, as defined in § 81.09 of the New York City Health Code, within the enclosed room in which the event is held.

[(j) (k) Membership association. "Membership association" has the meaning set forth in § 17-502(ff) of the Act.

[(k) (l) On-site agent. "On-site agent" means an employee designated by a building operator, owner or manager to inform persons that smoking is prohibited on the building premises.

[(l) (m) Open for business. For the purpose of § 23 of Local Law 47 of 2002 and § 10-02(c) of these rules, the term "open for business" includes any time that employees are present in such establishment or any time the establishment is open to the public.

[(m) (n) Overhang. "Overhang" means any roof, ceiling or other complete or partial covering of, or over, an outdoor dining area of a restaurant.

[(n) (o) Outdoor dining area. "Outdoor dining area" means any patio, courtyard, sidewalk cafe, backyard, rooftop or terrace, or other outdoor area of a restaurant, with or without seating, that is designated for the consumption or service of food or drink.

[(o) (p) Repealed.

[(p) (q) Permittee. "Permittee" means a person who holds a valid permit issued pursuant to Articles 5 and 81 of the New York City Health Code to operate a bar, restaurant or other food service establishment or who holds a valid permit issued pursuant to section 17-513.5 of the New York City Administrative Code to operate a non-tobacco hookah establishment.

[(q) (r) Place of employment. "Place of employment" shall have the meaning set forth in § 17-502(m) of the Act.

[(r) (s) Principal owner. "Principal owner" has the meaning set forth in § 17-502(hh) of the Act.

[(s) (t) Rules. "Rules" means Chapter 10 of Title 24 of the Rules of the City of New York.

[(t) (u) Repealed.

[(u) (v) State law. "State law" means Article 13-E of the Public Health Law of the State of New York ("Regulation of Smoking in Certain Public Areas"), as amended.

[(v) (w) Tobacco bar. "Tobacco bar" has the meaning set forth in § 17-502(jj) of the Act.

[(w) (x) Electronic cigarette. "Electronic cigarette" has the meaning described in §17-502(qq) of the Act.

[(x) (y) Restaurant. "Restaurant" has the meaning described in §17-502(r) of the Act.

[(y) (z) Retail tobacco store. "Retail tobacco store" has the meaning described in §17-502(u) of the Act.

[(z) (zz) Retail electronic cigarette store. "Retail electronic cigarette store" has the meaning described in §17-502(rr) of the Act.

Section 2. Subdivision (c) of section 10-02 of chapter 10 of Title 24 of the Rules of the City of New York is amended to read as follows:

[(c) Repealed] (c) Smoking cannabis or using electronic cigarettes to vape cannabis shall be prohibited in the following areas:

(i) Private residences housing child day care centers, as defined in §17-502(d) of the Act, or health care facilities, in accordance with §17-505 of the Act;

(ii) Private automobiles;

(iii) Retail tobacco stores;

(iv) Tobacco bars;

(v) Outdoor dining areas of food service establishments;

(vi) Enclosed rooms in food service establishments, bars, catering halls, convention halls, hotel and motel conference rooms, and other such similar facilities, including the time such enclosed areas or rooms are being used exclusively for functions where the public is invited for the primary purpose of promoting and sampling tobacco products or electronic cigarettes;

(vii) Retail electronic cigarette stores.

Section 3. Section 10-03 of chapter 10 of Title 24 of the Rules of the City of New York is amended to read as follows:

§ 10-03. Smoking Tobacco, and Electronic Cigarette Use to Vape Nicotine, Promotion Public Events.

Smoking tobacco, and using electronic cigarettes to vape nicotine, are not regulated in:

(a) Private residences, provided, however, that smoking tobacco, and using electronic cigarettes to vape nicotine, are prohibited in private residences housing child day care centers, as defined in § 17-502(d) of the Act, or health care facilities, in accordance with § 17-505 of the Act;

(b) Hotel and motel guest rooms;

(c) Private automobiles;

- (d) Registered retail tobacco stores, as defined in 24 RCNY § 10-01(y); and
- (e) Registered retail electronic cigarette stores, as defined in 24 RCNY § 10-01(z), provided however, that only the use of electronic cigarettes to vape nicotine is not regulated in such stores.

Section 4. The introductory paragraph of section 10-04 of chapter 10 of Title 24 of the Rules of the City of New York is amended to read as follows:

Smoking tobacco, and using electronic cigarettes to vape nicotine, may be permitted in an enclosed room, as defined in §10-01(g) of these rules, in a restaurant, bar, cabaret, catering hall, convention hall, hotel or motel conference room, or other such similar facility, where smoking is otherwise prohibited, when the public is invited to attend a specific event held for the primary purpose of promoting and sampling tobacco products or electronic cigarettes, provided that:

Section 5. The introductory paragraph of section 10-07 of Chapter 10 of Title 24 of the Rules of the City of New York is amended to read as follows:

Smoking tobacco or using electronic cigarettes to vape nicotine shall be permitted in tobacco bars, as defined in § 17-502(jj) of the Act and § 10-01 of these rules, which were in existence in the calendar year ending December 31, 2001, and in which ten (10) or more percent of the bar's total gross annual income was derived from the on-site sale of tobacco products and rental of humidors, in accordance with the following terms and conditions:

Section 6. The introductory paragraph of section 10-10 of chapter 10 of Title 24 of the Rules of the City of New York is amended to read as follows:

Smoking tobacco, and using electronic cigarettes that do not contain cannabis, may be allowed in contiguous "outdoor dining areas," pursuant to §17-503(c) of the Act and as defined in §10-01 of these rules provided that each such area:

Section 7. Subdivision (a) of section 10-16 of chapter 10 of Title 24 of the Rules of the City of New York is amended to read as follows:

- (a) Smoking tobacco, and using electronic cigarettes to vape nicotine, [are] is permitted in retail tobacco stores that have registered with the Department in accordance with the following terms and conditions.

Section 8. Subdivision (a) of section 10-17 of chapter 10 of Title 24 of the Rules of the City of New York is amended to read as follows:

- (a) Electronic cigarette use to vape nicotine is permitted in retail electronic cigarette stores that have registered with the Department in accordance with the following terms and conditions.

DESIGN AND CONSTRUCTION

■ NOTICE

The New York City (the "City") Department of Design and Construction (the "DDC") is hereby requesting approval to use the Innovative Procurement method, pursuant to the New York City Procurement Policy Board ("PPB") Rule section 3-12, to solicit and award construction contracts to the participants of the DDC Mentoring Program, as explained below.

DDC intends for this Innovative Procurement method to apply to (1) the method of selecting and enrolling firms for Tier 1 (as defined below) of the Mentoring Program for Cohort 1, as well as Cohort 2, and (2) the bidding process conducted in connection with the solicitation and award of construction contracts to the construction firms participating in the DDC Mentoring Program.

1. The Nature and Requirements of the Procurement Method Being Proposed
 - a. Mentoring Program

Section 1206 of Chapter 55 of the City Charter authorizes DDC to implement, develop, and manage a mentoring program (the "Mentoring Program") for qualified construction Minority and Women-Owned Business Enterprises ("M/WBEs") and small-businesses. The Mentoring Program gives DDC increased capacity to contribute to the growth of the M/WBEs and small businesses that drive the City's economy and stimulate local communities. The City is committed to implementing reasonable procedures to secure meaningful participation of M/WBEs, as well as small business enterprises, in its procurement process. The mission of the Mentoring Program is to provide small businesses and M/WBEs in the construction trades, that are accepted into the Mentoring Program, with the opportunity to acquire knowledge about and experience with DDC construction projects to enable them, in the future, to successfully compete for DDC public work contracts that are independent of the Mentoring Program.

In accordance with Charter Section 1206, the Mentoring Program is open to qualified small businesses and M/WBEs. For Cohort 1, the 2021-2022 inaugural Mentoring Program class, DDC began accepting applications for the Mentoring Program on November 15, 2021, and the application period closed on March 31, 2022. DDC anticipates that the enrollment will be re-opened on an annual basis.

The criteria for firms that are eligible to apply to participate in the Mentoring Program are as follows:

- applicant must be a construction firm;
- applicant must be (1) a business that is independently owned and operated with annual revenue between \$150,000 and up to \$500,000; or (2) a City-Certified M/WBE with annual revenue between \$150,000 and up to \$2.5 million;
- applicant must have at least two reference projects valued at \$25,000, individually, for each trade category for which such applicant desires to be included on a trade list; and
- applicant must have been in operation for one year or more.

At this time, DDC has enrolled 49 firms in the Mentoring Program — with one (1) additional firm pending final approval from the Agency Chief Contracting Officer (ACCO) — into Cohort 1 to meet the annual 25-50 participant enrollment goal. The enrollment size of Cohort 1 is 50 firms.

DDC designed the enrollment and eligibility criteria for the Mentoring Program so that it can maximize the effectiveness of the Mentoring Program. This includes setting an enrollment goal for M/WBEs of specific ethnicity and gender to combat the “disparity within disparity” phenomenon that was documented in the City of New York 2018 Disparity Study. According to the 2018 Disparity Study, Hispanic American, Native American, and Black/African American construction companies have the lowest disparity index, indicating the most significant underutilization. Conversely, non-M/WBEs are overutilized.

Given the results of the Disparity Study that has shown that non-M/WBEs are overutilized in construction projects, this eligibility criteria ensures that the Mentoring Program benefits the entities that face the greatest hurdles in entering into the public construction market. Furthermore, the legislative findings of the enabling legislation focus primarily on businesses owned by minorities, women, and emerging businesses.

In reviewing applications for the Mentoring Program, DDC focused on targeting Black/African American, Hispanic American, and women-owned businesses through focused outreach. Of the 49 firms enrolled in the Mentoring Program, there are 20 Asian American firms, 17 Black/African American firms, and 12 Hispanic American firms. DDC has achieved its goal of 50% enrollment of “disparity within the disparity” vendors in the Mentoring Program.

Cohort 1 consists of two groups: Group A and Group B. Group A consists of 25 firms who met the minimum eligibility criteria, and whose applications were completed and approved first. The firms in Group A were enrolled regardless of their ethnicity or construction trade, provided that they met the minimum eligibility criteria. When Group A was filled, training began for firms in Group A, and DDC began filling up Group B.

The firms enrolled in Group A were predominantly firms that performed general construction work, and not trade work. When selecting firms for Group B, DDC chose firms that met the minimum eligibility criteria, but also firms that performed work within target construction trades, such as Heating, Ventilation, and Air Conditioning Mechanical (collectively, “HVAC”) and electrical. This approach was necessary to ensure that the types of firms enrolled in the Mentoring Program are capable of performing the construction work that DDC expects will be required in order to execute the projects for which construction work will be procured through the Mentoring Program. Additionally, DDC focused on processing and accepting firms that were woman-owned businesses, Black/African American-owned businesses, and Hispanic American-Owned businesses.

When the 25 spots filled up for Group B, all firms that were still under review, firms that did not meet the minimum eligibility criteria, or firms that did not specialize in the type of trade work that was needed to balance the pool of Cohort 1 participants, were rejected. At this time, DDC anticipates that enrollment period for Cohort 2 (2022-2023 Mentoring Program class) will open in late 2022. DDC will follow this approach for selection of Mentoring Program participants for Cohort 2 as it did for Cohort 1.

Once accepted into the Mentoring Program, the participants will be permitted to bid on construction contracts that DDC specifically selects for the Mentoring Program. The contractors participating in the Mentoring Program will be eligible to bid on select public buildings and infrastructure projects, each with an estimated construction cost of up to \$1.5 million (“Tier 1”). Contractors that successfully complete Tier 1 of the Mentoring Program will be eligible to enroll in the next tier to continue their participation in the Mentoring Program (“Tier 2”), which will permit the contractors in the Mentoring Program to bid on Mentoring Program contracts with an estimated construction cost between \$1.5 million and up to \$3 million. (Tier 2 contracts will not be procured under this Innovative Procurement Mechanism.)

Furthermore, while participating in the Mentoring Program, the participants will be mentored by competitively selected mentor firms that will deliver tailored guidance and training, technical assistance, and business development services. These mentoring services will be provided to firms while they are participating in classroom portion of

the Mentoring Program, as well as during the performance of the construction work.

b. Procurement of Construction Contracts

The contracts solicited to the Mentoring Program participants will be awarded to the lowest responsive and responsible bidder. However, the procurement process for the construction contracts selected through the Mentoring Program will not strictly follow Chapter 3 of the PPB Rules. Specifically, DDC, intends to deviate in part from PPB Rule section 3-02 (Competitive Sealed Bidding) for the procurement of the construction contracts selected for the Mentoring Program.

Below is an overview of how DDC, intends to structure the procurement process for the construction contracts bid to the Mentoring Program participants.

When creating a bid list for a specific Mentoring Program contract, DDC will review the scope of the work and the estimated cost of the contract. If the estimated cost of the contract exceeds \$1.5 million, the contract will not be included in the Mentoring Program. The bidding will be conducted only to one bid list determined by the trade that is the predominant trade in the scope of work of the solicited contract. Each bid list will be a subset of the applicable trade list or lists, described below.

For Cohort 1, DDC is developing eight (8) trade lists of Mentoring Program contractors. There will be one list per trade for projects under \$1 million and one list per trade for projects \$1 million and over. The Cohort 1 trades will be as follows

- Concrete
- Electrical
- General Contracting
- HVAC

When creating a bid list for a specific Mentoring Program contract, DDC will add Mentoring Program contractors to such bid list based on the following standards:

- a. Length of time in Mentoring Program
- b. Inclusion on prior bid lists
- c. Status in the Mentoring Program (e.g., active versus suspended)
- d. The Mentoring Program contractor’s capacity, as determined by DDC ACCO and DDC Office of Diversity and Industry Relations
- e. The ratio of firms included on the bid list from the above \$1 million trade list to firms included on the bid list from the below \$1 million trade list for the same category of work.

Once a bid list is finalized, firms included on such bid list will be notified of eligibility to bid and may submit bids following the process that mirrors the Competitive Sealed Bidding.

2. Why This Method Serves the City’s Interest Better Than the Current Rules

DDC would like to address the frequent phenomenon that occurs on DDC’s competitive sealed bids where a small pool of firms tends to win many contracts, while other firms bid, but do not win. It is DDC’s belief that the purpose of the Mentoring Program is to diversify the pool of contractors that can competently deliver City construction projects on time and within an established budget.

The DDC Mentoring Program is as an important tool to address the ongoing significant disparity between the availability and utilization of M/WBEs in City procurement by reducing barriers to ensure that the City’s procurement spending is not affected by discrimination. In administering the Mentoring Program, it is DDC’s goal that upon successful completion of the Mentoring Program, the Mentoring Program participants will graduate with sufficient financial acumen, construction training, construction experience, and the necessary understanding of contracting requirements related to bonding, labor, and reporting in order to participate as prime contractors and subcontractors, not only in the City’s construction projects, but also in other public and private sectors.

3. The Time Within Which This Method Will be Implemented and Utilized

Depending on availability of the construction projects, it is anticipated that the use of this innovative method will result in registered construction contracts beginning in the third quarter of Fiscal Year 2023 (beginning of calendar year 2023). The method will be in use until permanent rules are promulgated governing the Mentoring Program and the selection and award of construction contract to the Mentoring Program participants.

4. Description of the Services to be Procured and Approximate Dollar Value of Contracts

In Tier 1, the contractors participating in the Mentoring Program will be eligible to bid on select Public Buildings and Infrastructure projects, each with an estimated construction cost of up to \$1.5 million.

Based on the above, I have determined that the proposed innovative method constitutes an appropriate procurement method under Section 3-12 of the PPB Rules.

NYC DDC would like to give this opportunity to accept comments and expressions of interest on this proposed method. Comments and expressions of interest may be emailed no later than July 29, 2022, to Michael Ransom, at Ransommi@ddc.nyc.gov.

The first planned procurement to the Mentorship Program will be for Bellevue Men's Shelter Basement Cellular Probes.
