

April 4, 2022

Dear Speaker Adams,

Local Laws 126, 127, and 128 of 2016 require the Mayor's Office of Operations to conduct an annual review of all forms issued by the Department of Social Services (DSS), Administration for Children's Services (ACS), the Department of Homeless Services (DHS), the Department of Health and Mental Hygiene (DOHMH), the Department for the Aging (DFTA), the Department for Youth and Community Development (DYCD), and the Department of Education (DOE), that meet criteria set forth in these laws, and to submit a report to the City Council within 60 days of such review that includes: a list of all forms reviewed, a list of all forms that are eligible for updating to include the demographic information specified in the laws (ancestry and languages spoken; multiracial ancestry or ethnic origin; and sexual orientation and gender identity, respectively), and for any forms deemed not eligible for updating, an explanation as to why the forms cannot be updated.

The criteria for reviewing the forms, as indicated in the local laws, include:

- Forms that are voluntarily completed by persons seeking social services from designated agencies and the agencies' contracted providers of social services;
 - "Social services" (a subset of "human services" as defined in Admin. Code § 6-129), includes but is not limited to: day care, home care, homeless assistance, housing and shelter assistance, preventive services, youth services, and senior centers, and exclusive of other types of human services, such as health or medical services, including those provided by health maintenance organizations; legal services; employment assistance services, vocational and educational programs; and recreation programs.
- Forms that collect the enumerated types of demographic information (specified in each local law);
 - Local Law 126 of 2016 (ancestry groups and languages spoken)
 - Local Law 127 of 2016 (multiracial ancestry or ethnic origin)
 - Local Law 128 of 2016, as amended by Local Law 76 of 2018 (sexual orientation, gender identity and the gender pronoun(s) that an individual identifies with and that others should use when talking to or about that individual)
- Whether the agency has the authority to amend or edit (i.e. update) such forms.

In determining whether or not a named agency has the authority to amend or edit (i.e. update) a form, Operations asked the agency to cite any law, regulation, oversight agency, or contractual restriction that would prevent the agency from editing or amending the form. Operations also separately offered agencies an opportunity to comment if they had any practicability concerns with updating such forms to include expanded Demographic Data questions and response options to reflect those which are in the local laws.

The agencies have evaluated all relevant forms against these criteria and provided them to Operations for review. The results of each agency's findings and Operations' review are included in this report. There are 28 forms that have been deemed eligible for updating, and agencies are in the process of updating those forms.

In accordance with the requirements of these local laws, the Mayor's Office of Operations will, prospectively, conduct this annual review as new forms are created and evaluated, as we look forward to continuing to best serve residents of all backgrounds and identities.

Sincerely,

Daniel Steinberg
Director, Mayor's Office of Operations

2021 Report Overview

The 2021 Form Review Report lists the 80 forms that qualified for review. Of the 80 forms reviewed, 28 were deemed eligible for updating, 24 were not within the agency's authority to edit or amend or were issued by another entity, and 28 did not contain Demographic Data questions associated with the local laws to update.

Of the 28 forms deemed eligible for updating, 7 have been updated to be in compliance with the local laws.

The overall number of forms reviewed in 2021 increased from 74 forms in 2020. Between 2020 and 2021, one form (DOE) was removed from circulation. Seven forms (DSS) were added for review, six of which were deemed eligible to update.

Below is a guide for reading each agency section. Note that each agency section is followed by footnotes with additional detail on any reasons why forms are ineligible.

- For each Demographic Data question type in the tables below, the following classification system is used:
 - **"Yes"** = question is present in the form and eligible for update
 - **"*"** = question is present in the form but not eligible for update
 - **"-"** = question is absent from the form

- Note: Where a form asks the service seeker's name and gender but does not explicitly have a gender-pronoun question, this report automatically lists a positive eligibility under "LL-128 Gender Pronouns" since gender pronouns are typically used when interacting with or referring to that service seeker and might otherwise be assumed.

- If the form is not eligible for updating, the reason is included in the "Eligible for Updating?" column. Refer to the footnotes in each section where applicable for more specific information on form update ineligibility. Reasons forms are not eligible for updating include:
 - **Does not contain any Demo Data questions:** The form does not contain questions related to the demographic categories associated with Local Laws 126, 127, and 128 of 2016 and therefore updating the form is not applicable.
 - **Not within agency's authority to edit or amend:** The form is issued by the City agency; however, Demographic Data questions are at least in part subject to oversight from some other authority (i.e.: state or federal government).
 - **Not a City-issued form:** Although the form in question is used by a City agency, the form is issued by another entity, and as such the agency is dependent on the issuer and unable to alter the form contents.

Administration for Children’s Services (ACS)

Forms that qualify for review: 4

Forms deemed eligible for updating: 0

Other notes:

- ACS utilizes contractors for prevention services and these contractors must use the forms provided by ACS.
- Note that other ACS services (e.g. foster care) are excluded from this form review report as they are mandated and not services that are voluntarily sought.

¹These ACS forms require New York State Office of Children and Family Services (OCFS) approval to amend. See 18 NYCRR § 320.1 (“Local social services agencies shall use forms required by and furnished by the department unless local equivalents thereof are permitted and approved. . . . The use of a local equivalent as a substitute for any such required form shall be approved by the department in advance of its use. Similarly, revisions of a previously approved local equivalent form shall be approved by the department in advance of its use. Approval shall be requested in accordance with the instructions of the department.”) and § 320.4(a) (“Local social services agencies having approved local equivalents of required forms supplied by the department shall be required to resubmit such forms for approval if [] the department makes revisions in the required form[] . . .”). ACS made a request to OCFS for approval to revise these forms in summer 2019, and in fall 2021. OCFS did not grant permission to amend the forms because the forms must be consistent with OCFS's federal data reporting requirements.

²This form is supplied by the New York State Office of Temporary and Disability Services (OTDA). Under 18 NYCRR § 320.1, a local equivalent form may only be used in its place with the approval of OTDA.

Department for the Aging (DFTA)

Forms that qualify for review: 5

Forms deemed eligible for updating: 4

Other notes:

- DFTA implemented an additional section (NYC Demographics) that is now included with all eligible forms listed below. This section includes all the Demographic Data questions and response options specified in the local laws. The responses are stored in a client's profile and can be updated as they apply for new programs or resubmit information. This survey will be part of an annual check-in to get updated information from all clients starting in January 2022.
- DFTA contractors must use the forms provided by DFTA. There are no contractor-issued forms outside of the forms listed below.

Department of Education (DOE)

Forms that qualify for review: 22

Forms deemed eligible for updating: 5

Other notes:

- There are 22 forms listed below, which are mostly intake forms for direct services provided to students and their families by large community-based organizations.
- DOE has excluded forms that are filled out pursuant to the provision of health and mental health clinical services, rather than social services.
- Individual schools may maintain their own contracts. Such contractor forms are not included below.

¹These forms must comply with NYSED Commissioner’s Regulation Part 154. While these forms currently contain questions regarding gender identity, LL-128 does not require the agency to collect such information from persons under the age of 14.

²While these forms currently contain questions regarding languages spoken, NYC DOE’s Home Language Identification Survey was approved by NYSED to serve as our version of NYSED’s Home Language Questionnaire that is defined in CR Part 154-2.2 (k) and mandated as part of the identification process in CR Part 154-2.3 (a).

³While this is a DOE form, it comports with Family Education Rights and Privacy Act of 1974 (FERPA) and related Federal guidance.

⁴These forms must comply with NYSED Commissioner’s Regulation Part 154.

Department of Health and Mental Hygiene (DOHMH)

¹HRSA, the federal funder of the Healthy Start program, has developed standardized data collection forms that all Healthy Start programs must adopt as is. DOHMH is in the process of migrating these forms with updated demographic questions to the new database, which is scheduled to be completed during FY23. After the migration, DOHMH will not have control over the content of these forms.

²The Newborn Home Visiting Program is unable to make any changes to the current forms using the existing case management system. This form will be updated upon completion of the program's new system which is expected to be completed in FY23.

³These are proprietary forms belonging to the Nurse-Family Partnership National Service Office, of which DOHMH operates an affiliate program. Partnership programs must use the forms issued by the National Service Office, a national non-profit organization.

Department of Social Services (DSS): Human Resources Administration (HRA) & Department of Homeless Services (DHS)

Forms that qualify for review: 25

Forms deemed eligible for updating: 11

Other notes:

- DSS anticipates bringing the 11 forms deemed eligible for updating into compliance in Spring 2022 by the mandated deadline.
- DSS identified seven additional forms for review in the 2021 report, six of which are eligible for updating.

¹Data captured by the Consumer Directed Personal Assistance Program Application Form isn't housed within DSS as the back-end is managed by the State Welfare Management System (WMS). Though DSS is able to make front-end updates to the form, changes would not currently propagate to the back-end. DSS is advocating for updates to be made to the State WMS back-end so that front-end form changes are properly captured.

²Changes to these forms would require DSS/HRA's oversight agencies, New York State Office of Temporary and Disability Assistance (OTDA) and New York State Department of Health (DOH), to amend them, in accordance with 18 NYCRR § 320.1. DSS has petitioned for updates to the state forms, which, for example, has resulted in gender identity being updated in several forms.

³Changes to this form would require DSS/HRA's oversight agency, New York State Office of Temporary and Disability Assistance (OTDA), to amend them, in accordance with 18 NYCRR § 320. HRA and its OCSS (Office of Child Support Services) have discussed with OTDA the need to modify the form to include gender option X, and OTDA is considering the modification.

⁴Changes to this form would require the New York State Office of Children and Family Services (OCFS) to amend in accordance with 18 NYCRR §320.1.
