Sanitary Bureau.

The following is a record of the work performed in the Sanitary Bureau for the week ending September 9, 1882:

The total number of inspections made by the Sanitary and Assistant Sanitary Inspectors was 1386, as follows, viz.: 2 public buildings, 619 tenement-houses, 68 private dwellings, 39 other dwellings, 19 manufactories and workshops, 27 stores and warehouses, 36 stables, 55 slaughter-houses, 2 public sewers, 1 brewery, 24 sunken and vacant lots, 52 yards, courts and areas, 54 cellars and basements, 140 waste-pipes and drains, 182 privies and water-closets, 36 street gutters and sinks, 14 dangerous stairways, 2 smoky chimneys, 5 cesspools, and 7 other nuisances.

The number of reports thereon received from the Inspectors was 538.

During the past week 213 complaints were received from citizens, and referred to the Sanitary Inspectors for investigation and report.

82 permits were issued to the consignees of vessels to discharge cargoes, on vouchers from the Health Officer of the Port.

138 permits were granted scavengers to empty, clean, and disinfect privy-sinks.

The Disinfecting Corps have visited 42 premises where contagious diseases were found, and have disinfected and fumigated 39 houses and 39 privy-sinks, together with clothing, bedding, etc.

Two cases of contagious disease were removed to the hospital by the Ambulance Corps.

Bureau of Vital Statistics.

The certificates of 509 births, 52 still-births, 237 marriages, and 609 deaths, reported to have taken place in this city, were received by this Bureau during the week ending Saturday, September 9, 1882. This shows a decrease of 41 births, 5 marriages and 11 deaths, and an increase of 5 still-births when compared with the number received during the preceding week, but when compared with the corresponding week of the year 1881, there was an increase of 73 births, 9 still-births and 75 mar-

riages, and a decrease of 257 deaths. Compared with the mortality reported during the preceding week, the deaths from measles decreased 4; scarlatina, 6; diphtheria, 11; croup, 7; erysipelas, 2; typhoid fever, 2; cerebro-spinal fever, 1; puerperal diseases, 2; diarrhoeal diseases, 22; inanition, 1; cancer, 2; marasmus, tabes, mesenterica and scrofula, 4; convulsions, 3; gastritis, enteritis, and peritonitis, 4; cyanosis and atelectasis, 3; premature and preterm births, 4; while the deaths from whooping cough increased 7; malarial fevers, 10; alcoholism, 3; rheumatism and gout, 3; phthisis pulmonalis, 24; pneumonia, 3; aneurism, meningitis and encephalitis, 8; apoplexy, 1; all diseases of the brain and nervous system, 2; cirrhosis and hepatitis, 4; Bright's disease and nephritis, 4; suicide, 3; drowning, 3. The number of deaths from bronchitis, and hydrocephalus and tubercular meningitis was the same in the two successive weeks.

Deaths from the principal Zymotic Diseases, Phthisis Pulmonalis, Pneumonia, Bronchitis, and Children under five years of age, reported during the week and compared with the three preceding weeks.

From Jordan L. Mott, George E. Babcock, and others, recommending Thomas McKenna for appointment.

The following resolutions were adopted :

Resolved, That Wm. H. Wilson and Thomas McKenna be and they are hereby appointed laborers on the parks.

Resolved, That this Department consents, so far as its power extends, to the construction, by Mrs. Dunn, of a box-drain to lead the water from the roof of her premises on One Hundred and Forty-first street, near Morris avenue, to the Mott Haven canal; the work to be done under the direction of the Acting Superintendent of Twenty-third and Twenty-fourth Wards.

Resolved, That the bill of P. W. Ryan, amounting to \$30, for services rendered to the Department as stenographer, be approved and sent to the Finance Department for payment.

Resolved, That in compliance with the provisions of section 2, chapter 360 of the Laws of 1880, the Commissioners of the Department of Public Parks hereby authorize and direct the Counsel to the Corporation to take immediate and proper proceedings for the acquirement of a right of way over, under, or through the lands shown to be required for drains on a certain map filed in this Department by the Board of Health of the Health Department of the City of New York, entitled : "Map showing the locations of drains and the land required for the construction thereof, within the district bounded on the north by One Hundred and Forty-ninth street, on the west by Trinity avenue, on the south by St. Mary's street, and on the east by Beach avenue and Southern Boulevard, in the Twenty-third Ward of the City of New York, caused to be made by the Board of Health of the Health Department of the City of New York, by resolution passed April 4, 1882, in pursuance of the provisions of chapter 360 of the Laws of New York, passed May 22, 1880, signed Walter De F. Day, M. D., Sanitary Superintendent, and known as the "East Morrisania District."

Resolved, That in compliance with the provisions of section 2, chapter 360, of the Laws of 1880, the Commissioners of the Department of Public Parks hereby authorize and direct the Counsel to the Corporation to take immediate and proper proceedings for the acquirement of a right of way over, under, or through the lands shown to be required for drains on a certain map filed in this Department by the Board of Health of the Health Department of the City of New York, entitled, "Map showing the location of drains and the land required for the construction thereof, within the district bounded on the east by a line 100 feet east of and parallel to the easterly line of Bremer avenue, on the north by Orchard street, and the continuation of the line thereof westerly from Ogden avenue to the Harlem river, on the south by Union and Wolf streets, and on the west by the Harlem river, in the Twenty-third Ward of the City of New York, caused to be made by the Board of Health of the Health Department of the City of New York, by resolution passed April 4, 1882, in pursuance of the provisions of chapter 360 of the Laws of New York, passed May 22, 1880," signed Walter De F. Day, M. D., Sanitary Superintendent, and known as the "Highbridge-ville District."

Resolved, That the Topographical Engineer be directed to report to this Board regulations for establishing a house and stoop line for constructions on the line of Riverside avenue.

Resolved, That the Acting Engineer of Construction be directed to prepare and submit to this Board for approval, plans, specifications and form of contract for the following works :

Sewer and appurtenances in Westchester avenue, from Brook to Third avenue, with branch in One Hundred and Fiftieth street, between Third and Courtland avenues, and in Third avenue and Bergen avenue, between Westchester avenue and One Hundred and Forty-ninth street.

Resolved, That James Carr, James Curran, Richard Foley, Michael Quinn, Edward J. Finlay, laborers on the parks, and Patrick Nevin, laborer in Twenty-third and Twenty-fourth Wards be and they are hereby restored to duty.

Resolved, That the Acting Engineer of Construction be directed to proceed with the work under the contract for the eastern abutment of Madison Avenue Bridge by driving piles, as recommended in his communication of date 3d July last.

Resolved, That the Auditing Committee be requested, in future, to make and deposit their report with the bookkeeper on the day before the meeting of the Board at which the report is to be presented.

Resolved, That the following-named assessment lists for "Constructing sewer and appurtenances in One Hundred and forty-first street, from Third avenue to Alexander avenue, with a branch in Alexander avenue;" "Fencing two vacant lots on the northerly side of East One Hundred and Thirty-fourth street, commencing one hundred and thirty-one feet six inches easterly from Alexander avenue," and "Laying crosswalks at the intersection of Mott avenue and East One Hundred and Forty-fourth street," and also the several statements of the amounts and costs of the work therein mentioned, be approved and signed by the Commissioners of the Department and transmitted to the Board of Assessors.

Resolved, That the Counsel to the Corporation be and hereby is authorized and directed to commence and prosecute proceedings on behalf of the Mayor, Aldermen and Commonalty of the City of New York, for the purpose of acquiring title, wherever the same has not been heretofore acquired, to that part of Bailey avenue commencing at Sedgwick avenue and running to its junction with the north line of Boston avenue, in the Twenty-fourth Ward, as the same has been heretofore laid out and designated as a first class street or road by this Department, and that the Commissioners of the Department are authorized to sign a petition to the Supreme Court for that purpose.

Resolved, That the plans of entrances to Morningside Park, and of the parts thereof now proposed to be constructed, as also of the seven octagonal bays overlooking the park, now submitted by the Architect of Morningside Park, be approved, the same being portions in detail of the general plan adopted August 15, 1881; and that the said Architect be authorized to prepare forthwith the necessary working drawings and specifications to enable this Department to contract for the same.

Resolved, That Daniel Whalen be and he is hereby appointed a gatekeeper on the force of the Department.

Resolved, That the Acting Engineer of Construction be directed to prepare and submit to this Board for approval, plans, specifications and form of contract for constructing a sewer and appurtenances in One Hundred and Forty-ninth street, from Mill Brook to Courtland avenue, with branch in Bergen avenue, between One Hundred and Forty-eighth and One Hundred and Forty-ninth streets.

Resolved, That the several executive officers of the Department be directed and urged to prosecute with special vigor all work dependent upon the season before the setting in of inclement weather.

Resolved, That the Superintendent of Parks be directed to proceed at once with the work of necessary repairs to the Battery park walks and sea-wall.

Resolved, That Chandler Withington be appointed an Assistant to the Topographical Engineer at a compensation of \$2 per day.

Whereas, On the 14th day of June, 1882, certain buildings and other structures standing upon the lands and premises taken in the matter of One Hundred and Thirty-eighth street and other streets and avenues in the Twenty-third Ward of the City of New York, confirmed by the Supreme Court on the 16th of November, 1880, were sold at public auction with the condition that the same should be removed within twenty days from the date of sale; therefore, be it

Resolved, That a printed notice be posted upon each of such buildings or structures, and left on the premises for the owner or occupant thereof, that if the same are not removed forthwith, that they will be removed by this Department, and that the accompanying form of notice both for poster and circular be adopted.

Resolved, That the Acting Superintendent Twenty-third and Twenty-fourth Wards be charged with the execution of this order.

CITY OF NEW YORK, DEPARTMENT OF PUBLIC PARKS.

To all persons, owners, or occupants of the buildings, sheds, fences, etc., on the lands and premises hereinafter described.

NEW YORK, Sept. 12, 1882.

DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
Room 6, No. 31 CHAMBERS STREET,
NEW YORK, September 20, 1882.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A SEALED
envelope, with the title of the work and the name
of the bidder endorsed thereon will be received at this

office until 12 o'clock M., Monday, October 2, 1882, at
which place and hour they will be publicly opened by
the head of the Department and read, for

PAVING WITH GRANITE-BLOCK PAVEMENT
ELEVENTH AVENUE, BETWEEN FORTY-
SECOND AND FORTY-SIXTH STREETS.

BIDDERS WILL PLEASE TAKE PARTICULAR
NOTICE OF THE CLAUSE IN THE CONTRACT
AND SPECIFICATIONS WHEREIN THE COM-
MISSIONER OF PUBLIC WORKS RESERVES THE
RIGHT TO LIMIT THE AMOUNT OF SAID WORK,
SO THAT IN ANY CASE THE QUANTITY TO BE
DONE SHALL NOT EXCEED ABOUT 4,700 SQUARE
YARDS OF PAVEMENT AND 1,400 SQUARE FEET
OF BRIDGE STONE, BUT THE QUANTITY OF THE
WORK TO BE DONE MAY NOT EXCEED ABOUT
3,500 SQUARE YARDS OF PAVEMENT AND 1,200
SQUARE FEET OF BRIDGE STONE.

Each estimate must contain the name and place of resi-
dence of the person making the same, the names of all
persons interested with him therein, and if no other per-
son be so interested, it shall distinctly state that fact.
That it is made without any connection with any other
person making an estimate for the same work, and is in
all respects fair and without collusion or fraud. That no
member of the Common Council, head of a department,
chief of a bureau, deputy thereof, or clerk therein, or
other officer of the Corporation is directly or indirectly
interested in the estimate or in the work to which it re-
lates or in the profits thereof.

Each estimate must be verified by the oath, in writing,
of the party making the same, that the several matters
therein stated are true, and must be accompanied by the
consent, in writing, of two householders or freeholders in
the City of New York, to the effect that if the contract is
awarded to the person making the estimate, they will,
upon its being so awarded, become bound as his sureties
for its faithful performance; and that if he shall refuse or
neglect to execute the same, they will pay to the Corpora-
tion any difference between the sum to which he would be
entitled upon its completion, and that which the Corpora-
tion may be obliged to pay to the person to whom the con-
tract shall be awarded at any subsequent letting; the amount
to be calculated upon the estimated amount
of the work by which the bids are tested.

The consent last above mentioned must be accompanied
by the oath or affirmation, in writing, of each of the per-
sons signing the same, that he is a householder or free-
holder in the City of New York, and is worth the amount
of the security required for the completion of the con-
tract, over and above all his debts of every nature, and
over and above his liabilities as bail, surety, or otherwise,
and that he has offered himself as surety in good faith,
with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by
either a certified check upon one of the national banks of
the City of New York, drawn to the order of the Com-
ptroller, or money, to the amount of five per centum of the
amount of the security required for the faithful perform-
ance of the contract. Such check or money must not be
inclosed in the sealed envelope containing the estimate,
but must be handed to the officer or clerk of the
Department who has charge of the estimate box, and no
estimate can be deposited in said box until such
check or money has been examined by said officer or
clerk and found to be correct. All such deposits, except
that of the successful bidder, will be returned to the per-
sons making the same within three days after the contract is
awarded. If the successful bidder shall neglect or refuse,
within five days after notice that the contract has been
awarded to him, to execute the same, the amount of the
deposit made by him shall be forfeited to and be retained
by the City of New York, as liquidated damages for such
neglect or refusal; but if he shall execute the contract
within the time aforesaid, the amount of his deposit will
be returned to him.

Blank forms of bid or estimate, the proper envelope
in which to inclose the same, the specifications and agree-
ments, and any further information desired can be ob-
tained at the office of the Water Purveyor, Room 1,
No. 31 Chambers street.

HENRY H. PORTER,
Commissioners of the Department of
Public Charities and Correction

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be endorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of one thousand dollars.

The Engineer's estimate of the quantity of the material necessary to be dredged in order to secure at the premises mentioned the depth below mean low water, named in the specifications, is 10,000 cubic yards.

N.B.—As the above-mentioned quantity, though stated with as much accuracy as is possible, in advance, is approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantity, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract and the entire work is to be fully completed on or before the 31st day of October, 1882, and the damages to be paid by the Contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law; and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

WILLIAM LAIMBEER,
JACOB VANDERPOEL,
JOHN R. VOORHIS,
Commissioners of the Department of Docks.

117 AND 119 DUANE STREET
NEW YORK, Sept. 8, 1882.
TO CONTRACTORS.

(No. 166.)

PROPOSALS FOR ESTIMATES FOR REPAIRING THE BULKHEAD AND PLATFORM BETWEEN PIERS 20 AND 21, EAST RIVER, AND THE PIER AT THE FOOT OF THIRD STREET, EAST RIVER.

ESTIMATES FOR REPAIRING THE BULKHEAD AND PLATFORM BETWEEN PIERS 20 AND 21, EAST RIVER, and for repairing the pier at the foot of Third street, East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Nos. 117 and 119 Duane street, in the City of New York, until 12 o'clock M., of

MONDAY, SEPTEMBER 25, 1882,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work, or for either class thereof, shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be endorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Engineer's Estimate of the Nature, Quantities and Extent of the Work, is as follows:

	CLASS 1.	CLASS 2.
	Bulkhead and Platform between Piers 20 and 21 East river.	Pier at Third street, East river.

2. 8x8-inch Yellow Pine, feet, B. M.	470	427
3. 5x12-inch Yellow Pine, feet, B. M.	250
4. 5-inch Yellow Pine plank, feet, B. M.	16,350
5. 4-inch North Carolina Yellow Pine or Spruce plank, feet, B. M.	7,800
6. 3-inch North Carolina Yellow Pine or Spruce plank, feet, B. M.	3,900	56,376
7. 5x12-inch White Oak, feet, B. M.	2,600
8. 3x4-inch White Oak, feet, B. M.	224
NOTE.—The above quantities are exclusive of extra lengths required for scarfs, laps, etc., and of waste.		
9. Spruce, Pine or Cypress Piles, 45 to 55 feet long.....	5	17
10. Oak Fender Piles, 45 to 50 feet long.....	11	12
11. Mooring Posts.....	6
12. Oak Cleats.....	4
13. Half-round Oak Fenders.....	9
14. Logs, Ties, etc., about.....	116
15. Iron Bolts, Spikes, Chain, Cast-Iron Washers, c., lbs.	2,444	7,700
16. Rip-rap Stone, about cubic yards.....	147
17. Sand, about loads.....	20	4
18. Labor and materials in Class 1, of moving and replacing sheds and buildings on Platform in accordance with the Specifications.
19. Labor in each class respectively, of framing and carpentry, including all moving of timber, joining, planing, bolting, spiking and labor of every description
20. Labor in each class respectively, of removing from the premises all the old material, except that to be used in the work under this Contract.

Estimates may be made for one, or both, of the above two classes.

N.B.—As the above mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

(1) Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2) Bidders will be required to complete the entire work contracted for to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, in each class, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of five hundred dollars for class 1, and in the sum of one thousand dollars for class 2, and in case the contract for both of the above named classes be awarded to him, in the sum of the aggregate amount required for the two classes.

The work to be done under the contract in both classes is to be commenced within five days after the date of the contract, and all the work to be done under Class 1 is to be fully completed on or before the 15th day of November, 1882, and all the work to be done under Class 2 is to be fully completed on or before the 1st day of December, 1882, and the damages to be paid by the contractor for each day that the contract, or any part thereof may be unfulfilled after the time or times fixed for the fulfillment thereof has expired, Sundays and holiday not to be excepted, are, by a clause in the contract, fixed and liquidated at fifty dollars per day.

All the old material taken from the said pier and bulkhead, and platform, to be removed under the contract, will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done in either or both of the above two classes, respectively, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each of the two classes of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

NOTICE.

DEPARTMENT OF DOCKS,
NOS. 117 AND 119 DUANE STREET,
NEW YORK, April 22, 1882.

RULES AND REGULATIONS ESTABLISHED for the government and proper care of piers, bulkheads, slips, and other wharf property, under the provisions of subdivision 7 of section 6 of chapter 574 of the Laws of 1871, by the Board of the Department of Docks, and published, to take effect on and after

MAY 1, 1882.

The said subdivision 7, among other things, provides as follows:

"The violation of or disobedience to any rule, regulation, or order of said Board shall be a misdemeanor, punishable by a fine not exceeding five hundred dollars, or by imprisonment not exceeding thirty days, or by both such fine and imprisonment, on complaint of said Board."

And every person guilty of a violation of or disobedience to any of the following rules or regulations, in addition to the penalties thereby fixed and imposed, to be recovered in civil actions, is liable to be prosecuted for a misdemeanor and to be punished by such fine and imprisonment, or by both.

No. 1.—No piles shall be driven, nor shall any platform be erected, nor shall any filling-in of any kind be made on any part of the water-front of the city, without a written permit therefor being first had and obtained from the Board, under a penalty of two hundred and fifty dollars, for every such offense, to be recovered from the owner, lessee, or occupant of any pier or bulkhead, or of any water-front property or right, who shall cause or permit any such work to be done upon his premises before such permit therefor has been obtained, and under the further penalty of fifty dollars for each and every day which shall elapse before any piles so driven, or platform so erected, or material so filled-in, without such permit being first obtained, shall be removed, after the expiration of the time which may be allowed for such removal, by a notice served upon such owner, lessee, or occupant, by the Corporation Wharfinger for the district, to be also recovered from such owner, lessee, or occupant.

No. 2.—No shed, building, office, tally-house, or other structure shall be erected, nor shall any derrick, hoisting-mast, coal-hopper, sign, or advertising device, or other erection or obstruction of any kind be placed or maintained upon any pier, bulkhead, or other wharf structure, nor upon any reclaimed land, without a written permit therefor being first had and obtained from the Board; and if the owner, lessee, or occupant of any such

premises, or the owner, lessee, or agent, of any such structure, erections, or obstructions, shall fail to comply with a notice served by the Corporation Wharfinger for the district to remove any such structure, erection, or obstruction, after the expiration of the time allowed by such notice for the removal, such owner, lessee, occupant or agent, shall forfeit and pay a penalty of twenty-five dollars per day for each and every day, which shall elapse before any such structure, erection or obstruction, shall be removed, after the expiration of the time for the removal thereof specified in said notice.

No. 3.—No cargo shall be discharged from any vessel upon any bulkhead or wharf structure, at which such vessel is being unladen, after service by the Corporation Wharfinger for the district, upon the owner, consignee, master, or other officer, or stevedore, of such vessel, of a notice that such bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of two hundred and fifty dollars for every such offense, and a further penalty equal in amount to the damages of every description which shall be caused by the further discharging of cargo upon such bulkhead or wharf structure, after the service of the said notice, both of such penalties to be recovered from such owner, consignee, master or other officer or stevedore, severally and respectively.

No. 4.—All goods, merchandise, and materials of every kind, landed or placed on any pier, bulkhead, or other wharf structure, or upon reclaimed land, must be removed therefrom without unnecessary delay, and within twenty-four hours after the Corporation Wharfinger for the district shall have served upon the owner, shipper or consignee, of such cargo, a notice to remove the same, under a penalty of fifty dollars per day for each and every day, during which any part of said cargo shall remain upon such pier, bulkhead, structure, or land, after the expiration of the said twenty-four hours, to be recovered from such owner, shipper, or consignee, severally and respectively.

No. 5.—All goods, merchandise and materials of every kind encumbering any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Board to any warehouse or yard, at the sole risk and expense of the owner of any such property, and all expense incurred for such removal and storage or otherwise, shall be and become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.

No. 6.—No person shall construct or maintain any engine-house, tally-house, or other small structure, under a permit of the Board, on any unshedded pier, or other wharf structure, unless the same be placed on wheels so as to admit of easy removal thereupon when required, and to prevent the accumulation of dirt or refuse thereunder, under a penalty of twenty-five dollars per day for each and every day which may elapse before the discontinuance of such offense.

No. 7.—No vessel of any kind shall be loaded or discharged by horse power, nor shall stones or similar cargo be discharged from any vessel, upon any pier, bulkhead or other wharf structure, unless proper planking be provided to protect the surface of such pier, bulkhead or other wharf structure from injury consequent upon the travel of the horse, or the throwing of the stones or similar cargo thereupon, under a penalty of five dollars a day for each horse so employed, and of twenty-five dollars for each offense of discharging such stones or like cargo, upon such pier, bulkhead, or other wharf structure, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 8.—No sand shall be discharged from any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unladen, to prevent the falling of the sand into the water, and if the surface of any such wharf structure is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered on account of sand discharged upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered on account of sand discharged upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 9.—The owners, lessees and occupants of every pier, wharf and bulkhead in the City of New York shall keep the same in good repair, and the slips adjacent thereto properly dredged; and whenever, in the judgment of the Board, it shall be necessary so to do, written notices, signed by the President or Secretary of said Board, shall be served upon the owners, lessees or occupants, or collector of wharfage of any such pier, wharf or bulkhead, or the slip adjoining the same, on or in which repairs or dredging are required by said Board, specifying the nature and extent of the repairs or dredging so required, and the time within which such repairs must be made, or such dredging done; and in case the owners, lessees or occupants so notified, fail to comply with the terms and requirements of such notice, they shall forfeit and pay a penalty of fifty dollars per day for every day which shall elapse before they comply with such notice.

No. 10.—No ashes, refuse, offal, fruit, vegetables or any other substances, shall be thrown into the waters surrounding or adjacent to any pier or bulkhead, or any other part of the water-front of the city, under a penalty of twenty-five dollars for every such offense, to be recovered from the owner, lessee, or occupant, severally and respectively, of any pier, bulkhead, wharf structure, or other property, from which any such substance shall be thrown, or from the person actually throwing the same; or if any such substance be thrown from any vessel lying in waters within the jurisdiction of the Department, whether berthed or not, then such penalty to be recovered from the owner, consignee, or master of such vessel, severally and respectively.

No. 11.—No snow or ice shall be dumped into the waters adjacent to the water-front of the city, except from the piers, bulkheads and other places designated from time to time, by the Board, for such dumping, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, lessee or occupant of any pier, bulkhead or other wharf property, from which any such snow and ice shall be dumped, or from the person actually dumping the same, severally and respectively.

No. 12.—All lumber, brick, or other material in bulk discharged on any bulkhead not shedded, shall be at once removed, or, if not so removed, shall be placed at least twenty feet from the edge of the bulkhead, pending removal, under a penalty of fifty dollars per day, for each and every day such lumber, brick or other material shall remain on the bulkhead, to be recovered from the owner or consignee of such lumber, brick or other material, or from the person placing, or causing the same to be placed, on such bulkhead, severally and respectively.

No. 13.—The charges for wharfage and dockage of all vessels admitted to any of the piers or bulkheads constructed under the new plans adopted by the Department, shall be at the same rates as are now, or shall hereafter be, fixed and established by laws of this State, until otherwise ordered by the Board.

No. 14.—The term "Board," when used in the foregoing rules and regulations, shall be taken to mean "The Board of the Department of Docks of the City of New York," and the term "Corporation," when so used, shall be taken to mean "The Mayor, Aldermen and Commonalty of the City of New York."
