REPORTS.

The Committee on Law Department, to whom was referred the annexed communication from V. L. Cottman, Lieutenant United States Navy, under date of June 4, 1886, relating to the establishment of a "time-ball" in the City of New York, do respectfully

REPORT:

That, from the information they have been able to obtain, they consider that the establishment and regular operation of a "time-ball," or even of two or more "time-balls," in this city, under the direction and control of the United States Hydrographic Office or Naval Observatory, would be of great importance to the interests of commerce and navigation at this harbor.

The necessary regulation and comparison of ship's chronometers can be most easily accomplished by the aid of a "time-ball" dropped with the utmost scientific precision; and the United States Government offices can secure and be held responsible for such precision.

In this almost indispensable aid to navigation and navigators, our city, considering its prominence as the chief sea-port of the United States, is not adequately equipped.

We are indebted to the Western Union Telegraph Company for the only "time-ball" service we have, the ball on the Western Union building being dropped at a signal from the United States Naval Observatory, but operated by the employees of the telegraph company. The same scientific accuracy and responsibility for errors can therefore not be expected or required as if the apparatus were exclusively controlled by one of the scientific departments of the government.

Your Committee are informed that all the principal sea-ports of Europe are furnished with this branch of government service—two and even three "time-balls" being used where one cannot be placed so as to be visible from all points of the water-front.

In our own country, as your Committee are informed by the "Notice to Mariners [No. 171 of 1885]," issued by the United States Hydrographic office, "A time-ball has been erected by the Hydrographic office at Philadelphia, on the Maritime Exchange building, also at Baltimore, on the tower of the Baltimore and Ohio Railroad building. The Naval Observatory has also erected a time-ball at Hampton Roads, on the east tower of the Hygeia Hotel."

We learn also that a "time-ball" is now operated by the United States Government in San Francisco, Cal.

In addition to its great importance to navigators, your Committee are further of opinion that the establishment and maintenance of a scientific "time-ball" service in our city would be a notable convenience to our citizens in general; and as the matter as now presented does not involve any outlay in money by the City of New York, your Committee emphatically recommend the adoption of the following resolutions:

Resolved, That, in the opinion of this Common Council, the establishment and operation by the Government of the United States, through one of its scientific departments, of a thorough and complete "time-ball" service in the port of New York would be of the highest importance to the interests of commerce and navigation, and a great convenience to our citizens in general.

Resolved, That a copy of these resolutions, together with a copy of the report of the Committee on Law Department of this Board embodying the same, be transmitted to Lieutenant V. L. Cottman, United States Navy, as an answer to his valued communication upon the subject, dated June 4, 1886.

All which is respectfully submitted.

Dated NEW YORK, July 14, 1886.

JAMES T. VAN RENSSELAER,
JAMES J. MOONEY,
BANKSON T. MORGAN,
EUGENE M. EARLE,
JOHN CAVANAGH,

Committee
on Law
Department.

The President put the question whether the Board would agree with said resolutions. Which was decided in the affirmative.

The Committee on Lands and Places and Park Department, to whom was referred the annexed ordinance in favor of establishing the width of the sidewalk on that part of East One Hundred and Fiftieth street between Mott and Walton avenues, in the Twenty-third Ward, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary in order to correct the results of an error made by the surveyor, which, if not done, will involve an alteration and resetting of the curb-stones on each side, and be an unnecessary expense to the owners of property, as the proposed change in width will be only a few inches. This will more fully appear by reference to the accompanying letter from Henry Lewis Morris, addressed to the Chairman of your Committee. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE establishing the width of the sidewalk on that part of East One Hundred and Fiftieth street between Mott and Walton avenues in the Twenty-third Ward of the City of New York.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:
Section 1. The sidewalks or footwalks of that part of East One Hundred and Fiftieth street between Mott and Walton avenues, in the Twenty-third Ward of the City of New York, shall be twelve feet in width on each side.

Sec. 2. This ordinance shall take effect immediately.

JAMES J. MOONEY,

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Comptroller :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
July 14, 1886.

To the Honorable the Board of Aldermen :

I have the honor to submit to your Honorable Body a certificate of the amount to be added to and included in the taxes to be raised upon the real and personal estates subject to taxation within the City and County of New York, in the year 1886, pursuant to the provisions of chapter 597 of the Laws of 1886, and also the amounts of certain appropriations which were included in the Final

Estimate of 1886, and have been revised, by the concurrent vote of all the members of the Board of Estimate and Apportionment, and stricken from the Final Estimate of 1886, pursuant to the authority conferred upon that Board by chapter 660 of the Laws of 1886.

Respectfully,

EDWARD V. LOEW, Comptroller.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
July 14, 1886.

To the Honorable the Board of Aldermen :

I, Edward V. Loew, Comptroller of the City of New York, do hereby certify that, in pursuance of the provisions of chapter 597 of the Laws of 1886, the sum of one hundred and ten thousand dollars (\$110,000) is to be raised by taxation in the year 1886, for the payment of the services of additional Patrolmen, appointed by the Board of Police; and, also, that the sum of two million forty-four thousand dollars (\$2,044,000) is to be deducted from the Final Estimate of 1886, for the amounts of certain appropriations included therein and revised pursuant to the authority of chapter 660, Laws of 1886, as stated in a resolution of the Board of Estimate and Apportionment, adopted July 12, 1886, as follows, to wit :

Whereas, Chapter 660 of the Laws of 1886 authorizes and empowers the Board of Estimate and Apportionment of the City of New York "to revise, by the concurrent vote of all the members thereof, the Final Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York in each department and branch thereof, and of the Board of Education, for the year 1886, by striking therefrom such amounts as have been appropriated therein for the purposes for which there is authority under existing provisions of law to issue bonds of the Mayor, Aldermen and Commonalty of the City of New York"; and

Whereas, The Constitutional Amendment restricting municipal indebtedness, adopted by a vote of the people of the State of New York, November 4, 1884, to take effect January 1, 1885, provides that—

"No county containing a city of over one hundred thousand inhabitants, or any such city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment-rolls of said county or city on the last assessment for state or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided"; and

Whereas, Under this provision of the State Constitution it was held by the authorities of the city that bonds of the City of New York could not be lawfully issued after January 1, 1885, excepting for certain objects and purposes specially therein excepted, and bonds were not issued after that date for several objects and purposes which could otherwise have been issued under the authority of existing laws; and

Whereas, It became necessary on account of this restriction upon the issue of bonds for such objects and purposes, to include in the Final Estimate for the year 1886, appropriations therefor, as follows, viz. :

| | |
|--|----------------|
| "The Fund for Local Improvements"..... | \$500,000 00 |
| "Purchasing and Procuring School Sites for and Erecting New School Buildings and for Additions to School Buildings"..... | 894,000 00 |
| "Construction of a Bridge over the Harlem River"..... | 750,000 00 |
| Total..... | \$2,144,000 00 |

And Whereas, The Court of Appeals of the State of New York has decided in the case of The Bank for Savings in the City of New York against the Mayor, etc., April 30, 1886, that the constitutional prohibition upon the issue of bonds and the increase of municipal indebtedness is not now applicable to the City and County of New York, and, therefore, bonds may now be issued for such objects and purposes; and

Whereas, The Counsel to the Corporation, in an opinion given to the Comptroller upon the powers conferred upon this Board by chapter 660 of the Laws of 1886, states that—

"If the Fund for Local Improvements should, for any reason, be insufficient to meet all probable claims upon it without using some part of the \$500,000 appropriation, then I advise you that it is competent for the Board of Estimate and Apportionment to revise the Final Estimate for this year by striking therefrom so much of the \$500,000 appropriation as will not be needed for the purpose to which it was appropriated"; and

Whereas, As appears by the report presented by the Comptroller, that he considers it advisable, for the reasons stated, and recommends that the sum of one hundred thousand dollars (\$100,000) be retained out of the appropriation of five hundred thousand dollars (\$500,000) to the Fund for Local Improvements and that the sum of four hundred thousand dollars (\$400,000) be stricken therefrom; and

Whereas, In the opinion of the Counsel to the Corporation the Board of Estimate and Apportionment may also strike out the entire appropriation for the purchase of school sites and the erection of new school buildings, etc., and for the construction of a bridge over the Harlem river; therefore

Resolved, That in pursuance of the provisions of chapter 660 of the Laws of 1886, the Board of Estimate and Apportionment hereby revises, by the concurrent vote of all the members thereof, the Final Estimate of the amounts required to pay the expense of conducting the public business of the City and County of New York, in each department and branch thereof, and of the Board of Education, for the year 1886, by striking therefrom the amounts set against each of the following appropriations, aggregating the sum of two million forty-four thousand dollars (\$2,044,000), viz. :

| | |
|---|----------------|
| From the appropriation for "The Fund for Local Improvements," strike out..... | \$400,000 00 |
| From the appropriation for "Purchasing and Procuring School Sites for and Erecting New School Buildings and for Additions to School Buildings," strike out..... | 894,000 00 |
| From the appropriation for "Construction of a Bridge over the Harlem River," strike out..... | 750,000 00 |
| Total..... | \$2,044,000 00 |

Resolved, That the above sum of two million forty-four thousand dollars (\$2,044,000) be deducted from the Final Estimate of 1886; and

Whereas, On June 9, 1886, the Board of Estimate and Apportionment adopted the following resolution, to wit :

"Resolved, That pursuant to the authority conferred upon the Board of Estimate and Apportionment by chapter 597 of the Laws of 1886, an appropriation be and is hereby made of the sum of one hundred and ten thousand dollars (\$110,000), to be entitled 'Additional Police Fund,' chapter 597, Laws of 1886, said amount to be included in the Final Estimate for the year 1886, for the redemption of the Revenue Bonds to be issued for the payment of the services of three hundred additional Patrolmen, appointed by the Board of Police of the City of New York, under the provisions of said act, and in compliance with a resolution adopted by the Police Board on June 7, 1886, requesting such an appropriation"; therefore

Resolved, That the sum of one hundred and ten thousand dollars (\$110,000) be added to the Final Estimate of 1886.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE.

TO CONTRACTORS.

PROPOSALS FOR ONE NEW BOILER AND SURFACE CONDENSER FOR STEAMER "FIDELITY," CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES FOR THE aforesaid job, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third avenue, in the City of New York, until 9.30 o'clock A. M. of Tuesday, July 20, 1886. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for one New Boiler and Surface Condenser for Steamer 'Fidelity,' City of New York," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the per-

formance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of five thousand (\$5,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered, to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department, where the plans will be on exhibition for information of bidders.

Dated, New York, July 7, 1886.

—will be received at the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M., of Tuesday, July 20, 1886. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Crockery, Woodenware, Paints, Lime and Lumber," with his or her name or names and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications and showing the manner of payment, can be obtained at the office of the Department.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
ROOM 127, STEWART BUILDING,
CHAMBERS STREET AND BROADWAY,
NEW YORK, JUNE 1, 1886.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the cause of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING the Police Department with two thousand tons of best quality of Lehigh Coal, will be received at the Central Office of the Department of Police, in the City of New York, until ten o'clock A. M., of Friday, the 23d day of July, 1886.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Coal," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder with adequate security as soon thereafter as practicable.

For particulars as to the quality, kind and size of coal required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price per ton of two thousand pounds for the coal to be delivered (see eighth paragraph of the specifications). The price must be written in the bid, and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of coal is to be delivered within thirty days from the date of the execution and delivery of the contract.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of five thousand dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or

parties making the estimate, that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned, at his office in the Central Department.
