The Secretary presented the following in relation to the improvement of various parks, parkways, etc.

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
ARSENAL, CENTRAL PARK,
May 16, 1902.

Hon. SETH LOW, Mayor:

MY DEAR MR. MAYOR—In accordance with our recent conversation, I am sending you with this letter a schedule of such improvements as seem to me to be of imperative necessity in this department. As I have heretofore explained, all of the requests made in my application for bond issues are important, but as I understand there is little likelihood of such bond issues being authorized, I have tried to ascertain in what manner we could best use the \$50,000 appropriated for this Department by the Board of Estimate and Apportionment. In doing this, I am confronted with so many items that I am impelled to ask whether it will not be possible to raise the allowance of \$50,000 by an addition of \$48,575, in order that I may do the work set forth in the schedule herewith attached.

It will be impossible for me to do some of the things which I might otherwise have done out of maintenance, owing to the fact that my budget was materially cut down when finally submitted.

Respectfully,
W. R. WILLCOX, Commissioner.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 169 of the amended Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by said section 169, to the amount of fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the improvement of the various parks, parkways and drives in the Borough of Manhattan.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Queens and Richmond—13.

The Secretary presented the following in relation to salary of Clinton P. Lovell, Draughtsman, Board of Education:

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, JUNE 14, 1902.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—Referring to your communication of the 11th instant, returning certified copy of resolution adopted by the Board of Education on May 28, 1902, relative to fixing the salary of Clinton P. Lovell, draughtsman, at \$25 per week, I am directed by President Burlington to inform you that it has always been the custom in this Department to pay architectural draughtsmen and building inspectors at a weekly rate of compensation and for actual service. This enables us to dispense with their services from time to time on account of lack of work, etc. To fix Mr. Lovell's salary at an annual rate, as suggested, would establish a precedent, and all the draughtsmen and inspectors would then probably request that their salaries also be fixed at annual rates, which would make it very inconvenient to dispense with their services, if necessary to do so.

I therefore beg leave to return the certified copy of resolution above mentioned, with the request that the Board of Estimate and Apportionment take action in accordance therewith.

Respectfully,
A. EMERSON PALMER, Secretary, Board of Education.

Resolved, That the salary of Clinton P. Lovell, Draughtsman, employed in the

Building Bureau, Board of Education, who was granted a leave of absence for one year from August 1, 1901, and returned to duty May 22, 1902, be and it is hereby fixed at \$25 per week, payable from the proceeds of Corporate Stock, subject to the approval of the Board of Estimate and Apportionment and the Board of Aldermen, as required by section 56 of the revised Charter.

A true copy of resolution adopted by the Board of Education on May 28, 1902.

A. EMERSON PALMER, Secretary, Board of Education.

The following resolution was offered:

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Queens and Richmond—13.

The Secretary presented the following in relation to the contract for trimming scows, Department of Street Cleaning:

As provided by section 544, from the bids received I have selected the bid of Labriola & Molinelli, the acceptance of which will, in my judgment, best secure the efficient performance of the work, and I transmit herewith the said bid for your approval thereof as a part of the terms and conditions.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,

The Secretary presented the following in relation to a site on Evergreen avenue adjoining Public School 85, Borough of Brooklyn.

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
BOROUGH OF MANHATTAN,
NEW YORK, 1902.

To the Executive Committee:

The Committee on Sites respectfully reports that it has considered the matter of sites required in the Borough of Brooklyn for the erection of new school buildings and additions in order to meet immediate necessities as set forth in the recommendations made by the City Superintendent of Schools and presented to the Board of Education in the report of the Special Committee of Five on March 5, 1902 (see Journal, pages 398-407). The Board of Education, on December 26, 1901 (see Journal, pages 1689-91), approved the action of the School Board for the Borough of Brooklyn in choosing and determining sites for school purposes, located as follows:

1. Nostrand avenue and Sanford street, between Willoughby and DeKalb avenues.
2. Evergreen avenue, Eldert and Covert streets, adjoining Public School 85, and determined to take proceedings for the acquisition of the same in accordance with the provisions of chapter 378 of the Laws of 1897. Your Committee is of the opinion that it is inadvisable to acquire the site on Nostrand avenue and Sanford street, between Willoughby and DeKalb avenues, and is also of the opinion that proceedings for the acquisition of the site adjoining Public School 85 should be taken under the provisions of the revised Charter (chapter 466 of the Laws of 1901).

The following resolutions are submitted for adoption:

Resolved, That the resolution adopted by the Board of Education on December 26, 1901, approving the action of the School Board for the Borough of Brooklyn in choosing and determining sites for school purposes located as follows:

1. Nostrand avenue and Sanford street, between Willoughby and DeKalb avenues.
2. Evergreen avenue, Eldert and Covert streets, adjoining Public School 85, and determining to take proceedings for the acquisition of the same, etc., be, and the same is hereby rescinded.

Resolved, That the Board of Education hereby selects as a school site the following-described premises in Local School Board District No. 36, Borough of Brooklyn, adjoining Public School 85, for the purpose of erecting an addition to said school, the assessed valuation of said premises, as stated by the Department of Taxes and Assessments, being \$7,500:

Beginning at the corner formed by the intersection of the easterly line of Evergreen avenue with the southerly line of Eldert street, running thence easterly along the southerly line of Eldert street one hundred and fifty (150) feet, thence southerly and parallel with Evergreen avenue two hundred (200) feet to the northerly line of Covert street, thence westerly along said northerly line of Covert street sixty (60) feet to the land of Public School 85, thence northerly along the land of Public School 85 one hundred and fifty (150) feet, thence westerly and again along the land of Public School 85 ninety (90) feet to the easterly line of Evergreen avenue, thence northerly and along the said easterly line of Evergreen avenue fifty (50) feet to the southerly line of Eldert street, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

Approved by the Executive Committee March 19, 1902.

A true copy of report and resolutions adopted by the Board of Education on March 26, 1902.

A. EMERSON PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
June 6, 1902.

Hon. EDWARD M. GROUT, Comptroller:

Sir—The Board of Education at meeting held March 26, 1902, adopted the following resolutions:

"Resolved, That the resolution adopted by the Board of Education on December 26, 1901, approving the action of the School Board for the Borough of Brooklyn in choosing and determining sites for school purposes located as follows:

1. Nostrand avenue and Sanford street, between Willoughby and DeKalb avenues.
2. Evergreen avenue, Eldert and Covert streets, adjoining Public School 85, and determining to take proceedings for the acquisition of the same, etc., be, and the same is hereby rescinded.

"Resolved, That the Board of Education hereby selects as a school site the following-described premises in Local School Board District No. 36, Borough of Brooklyn, adjoining Public School 85, for the purpose of erecting an addition to said school, the assessed valuation of said premises, as stated by the Department of Taxes and Assessments, being \$7,500:

"Beginning at the corner formed by the intersection of the easterly line of Evergreen avenue with the southerly line of Eldert street, running thence easterly along the southerly line of Eldert street one hundred and fifty (150) feet, thence southerly and parallel with Evergreen avenue two hundred (200) feet to the northerly line of Covert street, thence westerly along said northerly line of Covert street sixty (60) feet to the land of Public School 85, thence northerly along the land of Public School 85 one hundred and fifty (150) feet, thence westerly and again along the land of Public School 85 ninety (90) feet to the easterly line of Evergreen avenue, thence northerly and along the said easterly line of Evergreen avenue fifty (50) feet to the southerly line of Eldert street, the point or place of beginning.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

In reply, I would report that I have had the premises examined and concur in the selection of the proposed school site, and that it is necessary to relieve the congestion at Public Schools 85, 73, 106 and 87.

Negotiations have been made with the respective owners of the several lots comprising this site, with a view to purchasing same at private sale, and have received a just and reasonable offer for a part of the plot.

Lots Nos. 110 and 111, 50 feet by 90 feet, are owned by Henry C. Baur, and are assessed at \$2,500. His asking price is from \$6,500 to \$7,000. This I consider excessive and would not advise it to be purchased at private sale for this sum.

Lot No. 112, 60 feet by 200 feet, is owned by John T. Bogart, and is assessed for \$5,000. His asking price is \$10,500, which is not excessive, and I would advise it be purchased at private sale.

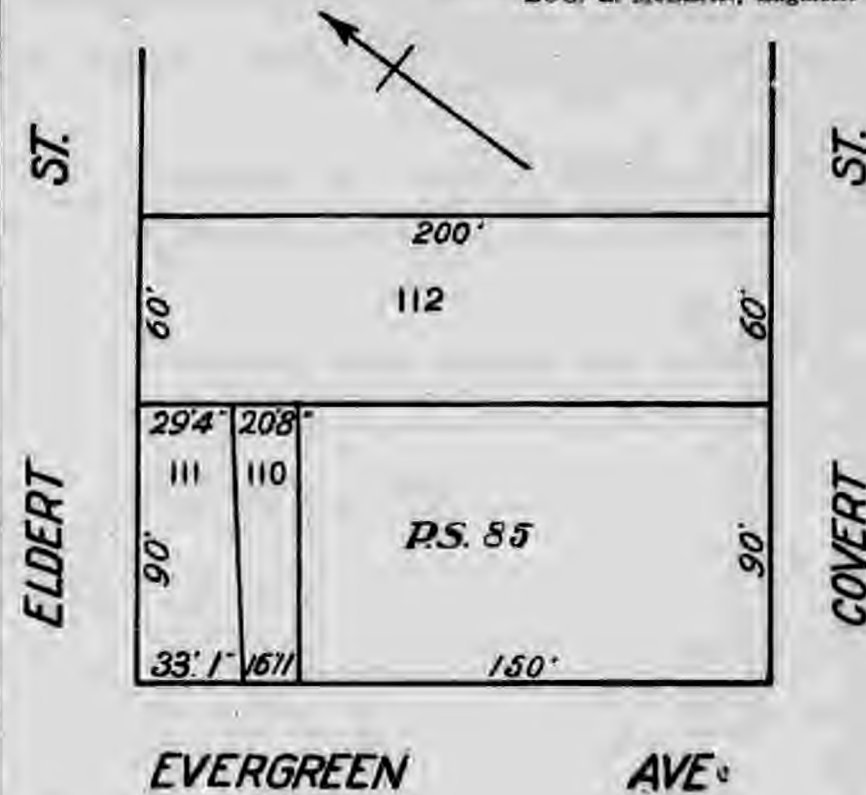

I would therefore make the following suggestions in relation to the proposed school site.

First—That the Board of Estimate and Apportionment, pursuant to section 1436A of the amended Greater New York Charter, authorize the Corporation Counsel to institute condemnation proceedings for the acquisition of Lots Nos. 110 and 111, in Block 128, Twenty-eighth Ward, Borough of Brooklyn, a plot 50 feet by 90 feet, on the north-east corner of Evergreen avenue and Eldert street.

Second—That the Board of Estimate and Apportionment, pursuant to 1436B of the amended Greater New York Charter, authorize and direct the Corporation Counsel to make the necessary agreement for the acquisition of Lot No. 112, in Block 128, Twenty-eighth Ward, Borough of Brooklyn, being a plot 60 feet by 200 feet, extending from Covert street to Eldert street, and 90 feet northerly of Evergreen avenue.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following site in the Borough of Brooklyn, viz.:

Evergreen avenue, Eldert and Covert streets, adjoining Public School 85, in Local School Board District No. 36, Borough of Brooklyn, as more particularly described in resolution of the Board of Education, adopted March 26, 1902;

—and authorizes the Corporation Counsel to institute condemnation proceedings for the acquisition of title to said premises.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the boroughs of Manhattan, The Bronx, Queens and Richmond—14.

The Secretary presented a communication from the Commissioner of Bridges dated June 17, 1902, requesting that the salaries of Samuel A. Livingston, Master Mechanic of the Brooklyn Bridge, and Edward Cunningham, Superintendent of Electric Lights on the Brooklyn Bridge, be fixed by this Board.

Which was referred back to the Commissioner of Bridges for explanation.

The Secretary presented the following in relation to the contract for services of Henry F. Hornbostel, Architect on New East River Bridge:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
June 19, 1902.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In relation to form of contract for services of Henry F. Hornbostel, Architect, upon the New East River Bridge, I would report that the terms and conditions are, in my opinion, just and reasonable, namely:

1. Five per cent. upon the total cost of the work designed, specified and estimated by the architect and erected under his supervision.
2. The partial payments of his fee of 5 per cent., namely:

(a) "For preliminary studies and sketches, consisting of drawings, such as ground plan and general elevation and perspective, one (1) per cent. of the estimated cost of the work designed by the architect, upon the completion and delivery of such preliminary studies, sketches, etc., the amount so paid to be credited on the total commission of five (5) per cent. of the actual cost, whether the estimated cost prove greater or less than the actual cost.

(b) "For a full set of preliminary drawings, including such preliminary studies, sketches, etc., and such additional elevations, plans, sections, general working drawings, specifications and details as are or may be necessary to make such a close estimate of the full cost of the work designed by the architect as shall be necessary for advertising and inviting bids or estimates from contractors for the undertaking of the erection, construction and full completion thereof, a fee of two and one-half (2½) per cent. of the price or sum at which the contract is awarded, or if the award be delayed for more than ninety days, then of the estimated cost.

(c) "For all details, working drawings and models necessary and proper for the working, finishing and decorating of all work designed by the architect, and for its incorporation and adjustment, and for the skillful construction, erection and ultimate completion thereof, a fee of one (1) per cent.

(d) "For all other services, including superintendence, supervision and inspection, the amount remaining unpaid of the total commission of five (5) per cent. of the actual cost as provided for in this contract.

(e) "In case any of the work designed by the architect under this agreement is abandoned, the party of the second part shall be paid only that portion of the commission of five (5) per cent. that he has fully earned under the foregoing schedule of fees." —are all in accordance with the schedule of prices fixed by the American Institute of Architects.

Therefore, I think the Board of Estimate and Apportionment can properly approve the form of contract as presented.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

The Secretary presented the following in relation to the purchase of a site for a Carnegie Library, Nos. 190-192 Amsterdam avenue, Borough of Manhattan:

THE TRUSTEES OF THE NEW YORK PUBLIC LIBRARY,
ASTOR, LENOX AND TILDEN FOUNDATIONS,
NEW YORK, June 20, 1902.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

DEAR SIR—Referring to the resolution of the Board of Estimate and Apportionment adopted May 23, 1902, in which it is referred to the Comptroller with power to negotiate for the purchase at private sale of Nos. 190-192 Amsterdam avenue, for a Carnegie Library site, I beg to report as follows:

The price of \$65,000, which was acceptable to you, was also found to be acceptable to the owners, but when the contract of sale was about to be signed by them it was found that there existed a restriction as to the character of the buildings to be erected on this property, and the owners were unwilling to sign the contract except subject to this restriction. I find also that the two tenants in these buildings have leases which have yet over a year to run, and they seem to be unwilling to accept a mere nominal sum for their leases. After consulting with the Corporation Counsel it seems best that the price be agreed upon and that condemnation proceedings be resorted to in order that the restriction and the leases may be removed. The owners of the property are willing to aid the City in these condemnation proceedings to the best of their ability, and they will agree upon the price to be allowed on such proceedings of \$65,000 clear. I have, therefore, to request that at the meeting of the Board of Estimate and Apportionment to-day, a resolution be presented instructing the Corporation Counsel to acquire this property and that the Corporation Counsel be authorized to enter into an agreement with the owners or their attorneys agreeing upon the amount to be allowed on such proceedings for this property at \$65,000, and for this purpose I have procured and send herewith a survey of the property made by Frank E. Towle, City Surveyor, and your office has procured a certificate of tax valuation thereon.

Respectfully yours,

HANSON F. BRIGGS, Secretary.

CITY OF NEW YORK—DEPARTMENT OF TAXES AND ASSESSMENTS,
STEWART BUILDING, No. 280 BROADWAY,
June 19, 1902.

Hon. J. W. STEVENSON, Deputy Comptroller:

DEAR SIR—I am in receipt of your communication of June 18, in which you ask for the assessed valuations of the properties which it is proposed to acquire by condemnation proceedings as sites for the Carnegie Libraries.

In reply thereto I beg leave to submit the following: Nos. 190 and 192 Amsterdam avenue are respectively known as Lots 34 and 35 on Block 1160, in Section 4, and are assessed at \$17,500 each. Nos. 224 and 226 East One Hundred and Twenty-fifth street are respectively known as Lots 38 and 37 on Block 1789, in Section 6, and are assessed at \$7,000 each.

Yours respectfully,

DEAR SIR—Referring to the resolution of the Board of Estimate and Apportionment adopted May 23, 1902, in which you are authorized to employ a surveyor for the purpose of having the property Nos. 224-226 East One Hundred and Twenty-fifth street surveyed, and having the tax valuation thereon certified in order that the Board of Estimate and Apportionment may present the same to the Corporation Counsel with instructions to commence condemnation proceedings, I have to report that following your instructions I have had a survey made by Frank E. Towle, City Surveyor, of this property and I beg to inclose the same herewith with the request that a resolution be presented to the Board of Estimate and Apportionment to-day instructing the Corporation Counsel to commence condemnation proceedings to secure this property. I understand that your office has procured a certificate of tax valuation thereon.

Respectfully yours,

HANSON F. BRIGGS.

Upon April 10, 1902, chapter 478 of the Laws of 1902, took effect, authorizing the Board of Estimate and Apportionment to "determine, audit and allow the claim of Hugo Schultes, for money expended by him in the employment of special interpreters" in the Supreme Court. Pursuant to the provisions of said act, the claim under consideration was presented.

Said claim comprises the statement and affidavit of said Hugo Schultes, setting forth at length the circumstances by reason of which it became necessary for him to employ said interpreters, and showing the names of said persons, the cost of their said services, and that he has paid each of them the amount of his respective claim; an affidavit of each of said interpreters, setting forth his services, and a list of the cases in which they were rendered, and stating that claimant has paid to him the full amount of his claim for said services; and a general list of all the cases during said period in which it became necessary to employ the services of additional interpreters.

Upon June 3, 1902, the Comptroller examined claimant under oath concerning the justness of his claim. A copy of the testimony given upon said examination is transmitted herewith.

Claimant stated that he has been employed as an interpreter of the Supreme Court, at \$2,500 per year, since 1892; that in the year 1896, when the Court of Common Pleas and the Superior Court were consolidated with the Supreme Court, the number of parts was increased from five to twenty-five; that it became necessary to employ additional interpreters for service in said parts; that Mr. Justice Ingraham, of the Appellate Division, who had been appointed a committee of one "to look into the appointment of two additional interpreters as provided by statute," told claimant to employ such assistance as he might need until additional interpreters could be secured through the channels of the State Civil Service; that owing to the severity of the examinations for said positions, no interpreter qualified or was appointed until 1900; and that during the years 1896 to 1899, both included, claimant employed and paid one interpreter, Joseph L. Langbank, Jr., at an annual salary of \$1,500 per year, an aggregate of \$6,000, and five others, to wit: Andrea Palmeri, Samuel Hess, Emanuel Burlando, Charles Adler and Rudolph Proll, from time to time, at \$6 per day, an aggregate of \$2,100.

In the course of his testimony, claimant produced for inspection a communication from Mr. Justice Ingraham, to the Mayor, recommending the approval by the latter of the legislative bill, authorizing the Board of Estimate and Apportionment to consider said claim, as follows:

"SUPREME COURT—APPELLATE DIVISION,
"FIRST DEPARTMENT,
"NEW YORK, February 19, 1902.

"MY DEAR MR. MAYOR—I understand that a bill has been passed by the Legislature and is before you allowing the City authorities to pass upon the claim of Mr. Hugo Schultes, Interpreter of the Supreme Court, for payments that he made in procuring persons to act as interpreters before an additional interpreter of the Supreme Court was appointed. I do not understand that the bill is mandatory, simply authorizing the City authorities to pass upon the question as to whether Mr. Schultes should be reimbursed for money actually paid by him in procuring the services of persons to interpret in actions in the Supreme Court. After the consolidation of the courts under the new constitution there was but one interpreter in office, although the appointment of an additional interpreter was authorized, the Appellate Division of the Supreme Court making the appointment. The office, however, was under the Civil Service rules and could only be filled after a competitive examination. We endeavored to procure a person who was competent to interpret several languages, including Italian, German and Yiddish, and several competitive examinations were held without producing a single person that the Court considered competent for the position. During the period covered by this bill we were unable to appoint an additional interpreter for the reasons specified, and a large increase in actions in which an interpreter was required, especially in the various accident cases and divorce cases, made it absolutely impossible for Mr. Schultes to perform the work required of an interpreter. We could have procured the services of several gentlemen whom we thought competent, but the salary attached to the office was not sufficient to induce them to attempt a competitive examination, and it was for this reason alone that no appointment was made. We finally had abandoned the idea of procuring an additional interpreter who was familiar with all the languages, and were able to appoint another interpreter. During this period Mr. Schultes did actually employ and pay persons to perform the duty of the additional interpreter, as that was the only way in which the work could be done. The City was saved the salary of this additional interpreter for several years, and it would seem to be an act of justice for the County of New York to pay for the services actually performed for the benefit of the County. Mr. Schultes has been the interpreter of the Supreme Court for many years, is an extremely valuable officer and has performed his duties faithfully and satisfactorily. He employed this additional interpreter and paid him out of his own pocket, as I understand it, rather than to subject the court to the criticism of having trials stopped because no one was present to act as interpreter when he, himself, was actually engaged in other parts of the court performing his duties, and I certainly think he should have an opportunity of presenting to the Board of Estimate and Apportionment the circumstances existing at the time he made these payments. I have made this statement to you because I had charge of the matter at the time in endeavoring to have an examination held which would enable us to appoint a competent person to the place, and, except as to the amount of Mr. Schultes's payments, I had personal knowledge of the facts."

Claimant further stated that he paid said persons in cash, and has neither checks nor receipt as vouchers for said payments.

Examiners John R. Fitzpatrick and Maurice J. Ralph have compared the list of trials furnished by claimant with the statements in the daily copies of the Law Journal, and have found said list to be correct, with four exceptions, as follows:

(1) Under date of January 3, 1898, the case of Tripoldt vs. Mitchell is referred to, whereas the only cases with similar titles are Tripler vs. Campbell, and Sheffield vs. Mitchell. It is obvious that said error is merely one of names.

(2) The same mistake is repeated for January 4, 1898.

(3) Under date of January 26, 1898, the case of Gross vs. Gross is referred to. Said case does not appear in the Law Journal in which report of cases tried on said date is made.

(4) Under date of May 27, 1896, the cases of Wassinger vs. Witner, and Gausz vs. Gausz are referred to. Said date was upon Saturday, and no record of said cases appears in the Law Journal. Claimant Schultes, upon his attention being called to said fact, stated that said cases were continued upon Saturday, the Court desiring to finish them up.

It appears that interpreters in the courts of The City of New York receive salaries ranging from \$1,500 to \$2,500 per annum, to wit: In the Municipal Courts, \$1,500 per annum; in the Courts of Sessions, \$2,000 per annum, and in the Supreme Court, \$2,500 per annum. It would seem, therefore, that the rates of \$1,500 per annum and \$6 per diem, respectively, paid by claimant to said persons, were very reasonable.

It would seem from the foregoing that the claim of said Hugo Schultes is an equitable one for adjustment and audit by the Board of Estimate and Apportionment, for at least the sum of \$8,000, being the amount of the principal, \$8,100, less the sum of \$20 for erroneous calculation and duplication in the amounts paid to Samuel Hess for the year 1896.

As to the interest, it would seem that the phraseology of said chapter 478, Laws of 1902, authorizing the Board of Estimate and Apportionment to "examine, audit and allow" the claim of said Schultes "for moneys paid by him for special interpreters" to aid him "between January 1, 1896, and November 1, 1900," does not admit of any interpretation by which said Board would be authorized to allow interest upon the amount of said expenditures.

Respectfully,
WILLIAM J. LYON, Auditor of Accounts.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 478 of the Laws of 1902, the Board of Estimate and Apportionment hereby audits and allows as a charge against The City of New York the sum of eight thousand and ninety dollars (\$8,090) in full settlement of the claim of Hugo Schultes, for moneys expended in employing special interpreters for the Supreme Court of the State of New York, at Circuit and Special Term thereof, in the First Judicial Department, between the dates of January 1, 1896, and November 1, 1900, and the Comptroller is hereby authorized to pay the same after proper audit by the Department of Finance.

CITY OF NEW YORK—DEPARTMENT OF TAXES AND ASSESSMENTS,
STEWART BUILDING, No. 280 BROADWAY,
JUNE 17, 1902.

Hon. J. W. STEVENSON, Deputy Comptroller:

DEAR SIR—Your communication of even date with inclosure relating to the increasing of the salaries of certain employees of this Department, which the Board of Estimate and Apportionment refers back for explanation in each case, is received.

I beg to inform you that the salary of Henry W. Vogel was fixed at \$500 on February 23, 1898, payable from the Block Tax Assessment Maps Fund. Through error, his salary was placed in the schedule adopted by your Honorable Board April 30, 1902, at \$450 per annum.

The salaries of Hugh J. Kelly and John C. Keating were fixed at the rate of \$1,500 per annum previous to the year 1885, and have so remained ever since. They were also erroneously returned in the said schedule at \$1,200 per annum.

The salary of Kingsley Lloyd, Draughtsman, was increased by the Board from \$1,400 to \$1,500 per annum, and through error was placed in said schedule at \$1,200 per annum.

The salary of Thomas A. Moorehead was increased by the Board from \$1,200 to \$1,500, and was also erroneously entered in said schedule at \$1,200 per annum.

These errors occurred in correcting a previous schedule, and they now necessitate the action of the Board of Estimate and Apportionment to enable said employees to obtain the salaries intended.

With these corrections the Department of Taxes and Assessments is well within the appropriation granted.

Yours truly,

JAMES L. WELLS, President.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, as amended by chapter 435 of the Laws of 1902, that the salaries of the following employes in the Department of Taxes and Assessments be increased as follows:

Hugh J. Kelly, Clerk, from \$1,200 to \$1,500 per annum.

The Mayor presented the following in relation to Horgan & Slattery plans for alterations, etc., of new County Court House:

HORGAN & SLATTERY, ARCHITECTS,
1 MADISON AVENUE, NEW YORK,
JUNE 19, 1902.

Hon. SETH LOW, Chairman of the Board of Estimate and Apportionment, City:

DEAR SIR—We have understood from articles published in the daily papers that the Board of Estimate and Apportionment is under the impression that Horgan & Slattery substituted a new set of plans for the County Court House alterations in place of the original set of plans submitted to Justices of the Supreme Court. We beg to state that such is not a fact, and that we have not submitted a set of plans differing from the original set supplied. The second set was merely better finished than the first set. Confirmation of this statement, or of any explanations you may think necessary relative to plans of the new County Court House, can be had from Supreme Court Justices Seott, Truax and Dugro.

Yours truly,

HORGAN & SLATTERY.

Which was ordered on file.

The Mayor presented the following in relation to an appropriation for supplies for Kings County Jail and Kings County Court House:

OFFICE OF THE SHERIFF OF KINGS COUNTY,
COURTHOUSE, BOROUGH OF BROOKLYN,
NEW YORK CITY, N. Y.,
JUNE 19, 1902.

Board of Estimate and Apportionment, Mayor's Office, Borough of Manhattan, N. Y. City:

GENTLEMEN—Having observed that in the amended estimate the items asked for by me as Sheriff of Kings County, for equipment and supplies for Kings County Jail, namely, \$6,000; also equipment and supplies for the Kings County Court House, namely, \$8,000, has been struck out and omitted from your estimates for this year, I beg to state that I am in receipt already of requests from the Justices of the Supreme Court, sitting in the County Court House of Kings County, for certain repairs, alterations and equipment for the Court House, and that there are also required at the jail alterations and equipment of various kinds, all of which will be necessary, and which alterations and equipments will be begun at once.

I therefore beg that you will authorize the issue of bonds or make such other provision that I may be allowed as follows: For the equipment and supplies of Kings County Jail, \$5,000; for the equipment and supplies of Kings County Court House, \$5,000.

* All of this sum may not be required, and in that case would remain to the credit of said accounts.

Asking for your immediate and favorable consideration of these requests, I am,
Very respectfully yours,
NORMAN S. DIKE, Sheriff, Kings County.

Which was ordered on file.

The Secretary presented the following in relation to the discontinuance of the proceedings for the acquisition of land for dock purposes between Twentieth and Twenty-first streets and Nineteenth and Twentieth streets, North River:

DEPARTMENT OF DOCKS AND FERRIES OF THE CITY OF NEW YORK,
PIER A, NORTH RIVER, NEW YORK,
June 17, 1902.

Hon. Seth Low, Mayor and Chairman, Board of Estimate and Apportionment:

Sir—By act of the Legislature of the State of New York, chapter 511 of the Laws of 1902, the City may take possession of private property for the institution of condemnation proceedings after a resolution has been passed by the Commissioners of the Sinking Fund. Chapter 284 of the Laws of 1900 further provides that these proceedings shall in the first instance be authorized by the Board of Estimate and Apportionment.

In pursuance to the recent conference had between your Honor, the Comptroller, the Corporation Counsel and myself in regard to beginning the new Chelsea improvement, for which funds were recently voted to this Department, this Department hereby requests the Board of Estimate and Apportionment to authorize the institution of condemnation proceedings on the following properties, as shown on the accompanying map:

- 1a. Bulkhead rights extending from the southerly side of West Twenty-third street to the northerly side of West Twenty-second street.
Assessed valuation, \$40,000.
 2. The block bounded by the northerly side of West Twenty-first street, the southerly side of West Twenty-second street, the westerly side of Eleventh avenue and the easterly side of Thirteenth avenue.
 - 2a. The bulkhead rights extending from the northerly side of West Twenty-first street to the southerly side of West Twenty-second street.
Assessed valuation of 2 and 2a combined, \$164,000.
 4. The block bounded by the northerly side of West Twentieth street, the southerly side of West Twenty-first street, the westerly side of Eleventh avenue and the easterly side of Thirteenth avenue.
 - 4a. The bulkhead rights extending from the northerly side of West Twentieth street to the southerly side of West Twenty-first street.

 - 6a. The bulkhead rights extending from the northerly side of West Nineteenth street to the southerly side of West Twentieth street.
Assessed valuation of 6 and 6a, combined, \$203,500.
 7. Bounded by the northerly side of West Nineteenth street, easterly side of Eleventh avenue, southerly side of West Twentieth street and easterly side of marginal street, wharf or place.

 8. Block bounded by the northerly side of West Eighteenth street, southerly side of West Nineteenth street, westerly side of Eleventh avenue and the easterly side of Thirteenth avenue.
 - 8a. Bulkhead rights extending from the northerly side of West Eighteenth street to the southerly side of West Nineteenth street.
Assessed valuation of 8 and 8a, combined, \$95,000.
 9. Bounded by the northerly side of West Eighteenth street, easterly side of Eleventh avenue, southerly side of West Nineteenth street and easterly side of marginal wharf, street or place.
Assessed valuation, \$134,000.
- The valuations given are taken from the Tax Department, but in the cases of blocks which do not coincide with the existing block lines, they are estimated.
- With reference to this property, it appears that condemnation proceedings are now pending on plots marked 7, 4 and 4a on the accompanying map. As the bill in question, under which the Chelsea improvement is to be conducted, does not apply to proceedings already begun, but provides for a prompt method of obtaining possession of property and proceeding with the work of improvement in proceedings hereafter brought, it will be proper to discontinue proceedings now pending on said lots numbered 7, 4 and 4a, and I have so requested the Corporation Counsel, with your approval, as well as for certain other plots.
- This Department has requested the Corporation Counsel to draw proper resolutions concerning the foregoing.

Yours respectfully,
McDOUGALL HAWKES, Commissioner.

PIER A, NORTH RIVER, NEW YORK,
June 14, 1902.

Hon. SETH LOW, Mayor and Chairman of the Board of Estimate and Apportionment:

Sir—I beg to request the Board of Estimate and Apportionment to consent to and authorize the commencement of proceedings by the Corporation Counsel for the acquisition by condemnation of the southerly half of Pier, old 24, and the northerly half of Pier, old 26, East river.

It is the intention of the Department to proceed as soon as practicable with the tearing out of the present structures, which are in a very dangerous and dilapidated condition, and to improve the premises under the New Plan, which will give immediate relief to the crowded condition of this section of the water front and considerably increase the revenues of the Department.

The assessed valuation of the premises for 1902, as shown on the books of the Department of Taxes and Assessment, is as follows:

Southerly half of Pier, old 24, East river, \$23,500.
Northerly half of Pier, old 26, East river, \$17,500.

Yours respectfully,

McDOUGALL HAWKES, Commissioner.

The following resolution was offered:

Resolved, That in accordance with the request of the Commissioner of Docks, dated June 14, 1902, the Board of Estimate and Apportionment hereby authorizes the Corporation Counsel to institute condemnation proceedings for the acquisition of title to the southerly half of Pier, old 24, and the northerly half of Pier, old 26, East river, Borough of Manhattan; and all rights, estates and interests therein not now owned by The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from P. S. Hildreth, dated June 17, 1902, requesting the approval by this Board of the plans made by him for the construction of the extension of the Riverside drive, in the Borough of Manhattan.

Which was referred to the President of the Borough of Manhattan for examination and report.

The Secretary presented the following in relation to a contract between The City of Yonkers and The City of New York for a supply of water to the Twenty-fourth Ward:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
COMMISSIONER'S OFFICE, 13-21 PARK ROW,
CITY OF NEW YORK, June 17, 1902.

Hon. SETH LOW, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—On March 14th ultimo your Board approved, and on March 27 and 20, respectively, the Mayor and the Comptroller signed their separate assents to, the form of contract with the Water Commissioners of the City of Yonkers for continuance during the year 1902 of the water supply on high grounds in the Twenty-fourth Ward, Borough of The Bronx.

The Water Commissioners, through their President, Mr. Joseph H. Beall, objected to the requirement of ninety days' notice of shut-offs, especially temporary shut-offs for repairs. By mutual understanding, after lengthy correspondence, this has been changed by requiring sixty days' notice of permanent shut-offs, and reasonable timely notice of temporary shut-offs for repairs. I have assented to the change in consideration of the impracticability of giving sixty or ninety days' notice in case of necessary shut-offs for repairs, and believe that the City's interests will not be affected by the changes named.

I inclose three copies of the amended form of contract, approved by the Corporation Counsel, for approval by your Board, and the separate assent of the Mayor and Comptroller, who are members of the Board; and inclose, also, for comparison, a copy of the form approved in March last.

Very respectfully,

J. HAMPDEN DOUGHERTY,

Commissioner of Water Supply, Gas and Electricity.

The following preamble and resolutions were offered:

Whereas, The Commissioner of Water Supply, Gas and Electricity has notified this Board that a proposed contract approved by this Board on March 14, 1902, between the Water Commissioners of the City of Yonkers and The City of New York, for the supply of water on high grounds of the Twenty-fourth Ward, was not approved by the Water Commissioners of the City of Yonkers, and

Whereas, A new proposed contract has been submitted by the Commissioner of Water Supply, Gas and Electricity; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby approves of the contract submitted by the Commissioner of Water Supply, Gas and Electricity, under date of June 17, 1902, between the Water Commissioners of the City of Yonkers and The City of New York, for the supply of water as aforesaid, and

Resolved, That the Board of Estimate and Apportionment hereby rescinds the following resolution, adopted on March 14, 1902:

Resolved, That in accordance with the provisions of section 474 of the Greater New York Charter, the Commissioner of Water Supply, Gas and Electricity is hereby authorized to enter into a contract with the City of Yonkers, or its Water Commissioners, for the necessary supply of water in the Twenty-fourth Ward of The City of New York for one year, beginning January 1, 1902.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following in relation to the bid of Dennis Norton for sand for North Eighth Street Corporation Yard, Borough of Brooklyn:

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
OFFICE OF THE COMMISSIONER OF PUBLIC WORKS,
BUREAU OF HIGHWAYS, CHIEF ENGINEER'S OFFICE,
MUNICIPAL BUILDING, June 19, 1902.

WILLIAM C. REDFIELD, Commissioner of Public Works:

DEAR SIR—On June 11, 1902, bids were received by the Borough President for furnishing and delivering 1,000 cubic yards of sand for the North Eighth Street Corporation Yard. For this work Dennis Norton and James F. Carey each bid 80 cents per cubic yard. The other bids ranged from 84 cents to \$1.20. The bid of 80 cents I consider reasonable.

Mr. Norton is an old and experienced contractor and very reliable, and I consider that the City's interest would be best subserved by awarding the contract to him. I would, therefore, recommend that the contract for furnishing 1,000 cubic yards of sand, to be delivered at the North Eighth Street Corporation Yard, be awarded to Dennis Norton in accordance with his price of 80 cents per cubic yard.

Respectfully,

GEO. W. TILLSON, Chief Engineer.

Approved:

WILLIAM C. REDFIELD, Commissioner of Public Works.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby determines that it is for the best interests of the City to accept the bid of Dennis Norton for furnishing and delivering 1,000 cubic yards of sand for the North Eighth Street Corporation Yard, in the Borough of Brooklyn, at 80 cents per cubic yard, and hereby authorizes the President of said borough to accept said bid.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Commissioner of Public Works, Borough of Brooklyn, presented an option for the purchase of a piece of land 10 feet by 97½ feet, known as No. 486½ Hicks street, in the Borough of Brooklyn, for bath purposes.

Which was referred to the Comptroller for examination and report.

On motion the Board adjourned, to meet on Friday, June 27, 1902, at 10 o'clock a. m.

The meeting of this Board was continued for the consideration of Public Improvement matters, the record of which will appear in separate minutes of this date.

J. W. STEVENSON, Secretary.

BOARD OF REVISION OF ASSESSMENTS.

An adjourned meeting of the Board of Revision of Assessments was held at the Comptroller's Office on Wednesday, July 2, 1902, at 11.10 o'clock a. m.

Present—Edward M. Grout, Comptroller; George L. Rives, Corporation Counsel; James L. Wells, President of the Department of Taxes and Assessments.

The reading of the minutes of the meetings of December 23 and 30, 1901, and of June 10, 12, 15, 19 and 24, 1902, was dispensed with.

BOROUGH OF MANHATTAN.

The assessment list for regulating, grading, curbing and flagging Wadsworth avenue, from One Hundred and Seventy-third street to Eleventh avenue, with objections and applications of Wm. J. Beard and others, for awards for damages by change of grade, filed by Charles H. Griffin, attorney, in which matter hearing was given to the objectors on June 12, 1902, and the assessment list laid over to afford Mr. Griffin, attorney, an opportunity of submitting to the Board for its information a map showing the grades of Wadsworth avenue, from One Hundred and Eighty-seventh to One Hundred and Eighty-eighth street, were presented by the Comptroller.

Mr. Griffin appeared and submitted the map of the grades of the avenue and claimed that his clients should be awarded damages for the change in the grades.

No others appearing in opposition, on motion the several objections filed to the assessment were overruled and the assessment list was confirmed, all the members voting in the affirmative.

The assessment list for sewers in Nagle and Tenth avenues, between Academy and Two Hundred and Seventh streets, with branches in Two Hundred and Second, Two Hundred and Third, Two Hundred and Fourth and Hawthorne streets, with objections of Solomon Moses and others, by Walter B. Hopping, attorney, referred back to the Board of Assessors at meeting of June 10, 1902, to afford an opportunity for a further examination of the objections, was presented by the Comptroller, having been returned by said Board under date of June 26, 1902.

The Board of Assessors stated that a further hearing had been given the objectors.

No one appearing in opposition after notice, on motion, the objections filed were overruled, and the assessment list was confirmed, all the members voting in the affirmative.

BOROUGH OF QUEENS.

The assessment list for sewer in Franklin place, about 300 feet east of Summit street, thence westerly to Summit street and thence northerly through Summit street to connect with existing sewer in Maple avenue in the Third Ward, and objections filed by Kellogg & Slosson, attorneys, on behalf of owner of the property known as Map Nos. 1 and 6, Lots 103 and 105, Ward Nos. 29 and 1, in which matter the hearing had been postponed upon request of counsel, were presented by the Comptroller, having been received from the Board of Assessors under date of March 7, 1902.

The attorneys were heard in opposition to the assessment for the reasons stated, that the owner had not been informed of the proceeding to construct the sewer; that it was unnecessary, and that Summit street had never been dedicated to the public and is still a private street.

On motion, the said assessment list was referred back to the Board of Assessors for further consideration, all the members voting in the affirmative.

BOROUGH OF THE BRONX.

The assessment list for paving Mott avenue from the north side of East One Hundred and Thirty-eighth street to the south side of East One Hundred and Sixty-first street with asphalt pavement, and objections—in which case decision was reserved after hearing, and the assessment list laid over at meeting of June 24, 1902—were presented by the Comptroller.

On motion of the Corporation Counsel the assessment list was referred back to the Board of Assessors for further consideration, all the members voting in the affirmative.

The assessment list for sewer and appurtenances in Kingsbridge road from Webster avenue to Valentine avenue, with a branch in Fordham road from Kingsbridge road to Valentine avenue, and objections of Estate of M. L. Berrian and others, by A. O. Salter, attorney; W. H. Valentine, by Salter & Steinkamp, attorneys; Mary A. Hickey, by Joseph A. Flannery, attorney; Andrew J. Dalton and others, by John J. Brady, attorney, in which matter the hearing had been postponed, were presented by the Comptroller, having been received from the Board of Assessors under date of April 10, 1902.

Mr. Salter, attorney, was heard in opposition to the assessments proposed to be charged upon the property of his clients on the ground that the expenses are excessive, the sewer unnecessary for some of the lots, and that the assessments are not in proportion to those charged upon property similarly situated.

No others appearing in opposition after notice, on motion, the objections filed against the assessment were overruled and the assessment list was confirmed, all the members voting in the affirmative.

BOROUGH OF BROOKLYN.

The assessment list for grading and paving with asphalt pavement, curbing and recurbing, flagging and reflagging Caton avenue, between Flatbush avenue and the Brighton Beach Railroad, and objections of Joseph Martin, attorney for Sarah Martin, were presented by the Comptroller, having been received from the Board of Assessors under date of May 23, 1902.

The hearing in the matter heretofore had been postponed to afford the attorney an opportunity of submitting a brief in support of his objections, which was received July 2, 1902.

No one appearing in opposition after notice, on motion the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

BOROUGH OF THE BRONX.

The assessment list for repaving, grading, setting curbstones, flagging the sidewalks and laying crosswalks in Webster avenue from the southerly line of Moshulu parkway to the City line, with objections of Catharine Webb and others, by A. C. Hottenroth, attorney; N. Y. C. & H. R. Railroad Company, by Robert L. Luce, attorney; N. C. Rogers, by Merrill & Rogers, attorneys; L. S. Van Zandt, by H. K. Davis, attorney; John Mullaly, No. 223 East Forty-ninth street; Margaret D. Fulham, by John C. Shaw, attorney; Charles A. Tier and others, by T. H. Baldwin, attorney; Associated Land Company, by Knevals & Perry, attorneys; Mary E. Eliffe and others, by Joseph A. Flannery, attorney, and petitions for awards for damages of Catharine Webb and others by A. C. Hottenroth, attorney; Elizabeth Van Tassel and others, by T. H. Baldwin, attorney; John Mullaly, by W. E. Mulligan, attorney, the hearing of which had been postponed, were presented by the Comptroller, having been received from the Board of Assessors under date of June 12, 1902.

Mr. Baldwin, attorney, was heard and objected to the excessive cost of the contract by reason of the abandonment of the work by the first contractor and the reletting of the unfinished portion thereof at an increased cost. Mr. Baldwin also objected to the expenses for surveying, inspection and interest, and further, that as the avenue was not regulated and graded solely for the benefit of the immediate neighborhood, but for general benefit, a portion of the cost should be borne by the City.

On motion the assessment list and objections were referred back to the Board of Assessors with instructions to submit the same to the Corporation Counsel for his consideration—all the members voting in the affirmative.

The President of the Department of Taxes and Assessments was here excused from further attendance at the meeting.

The assessment list for sewers and appurtenances in East One Hundred and Seventy-first street, from Webster avenue to Clay avenue, and in Clay avenue, from East One Hundred and Seventy-first street to the summit south of East One Hundred and Seventieth street, and objections, laid over at meeting of June 24, 1902, for a further hearing in the matter, were presented by the Comptroller.

Mr. H. A. Shipman, attorney for W. E. M. Zborowski and others, was heard in opposition to the assessment charged against the property of his clients on the ground that the sewer in Clay avenue is from 27 to 60 feet above grade and can never be used by the lots on the east side of Clay avenue, they being the rears of lots fronting on Webster avenue, which have been assessed for the sewers in that avenue.

Mr. Mulqueen, attorney, objected to the excessive assessment upon the property represented by his firm.

Mr. Horace A. Davis, of counsel for Charles A. Kabley, objected to the excessive amount of the assessment on the property of his client, and also to the apportionment of the assessment.

The Board of Assessors stated that at a meeting of said Board held June 12, 1902, it was, on motion,

"Resolved, That in transmitting list No. 7098, for sewer in One Hundred and Seventy-first street, from Webster avenue to Clay avenue, and in Clay avenue, from East One Hundred and Seventy-first street to the summit south of East One Hundred and Seventieth street, to the Board of Revision of Assessments, recommendation be made that substantial relief be granted in this case."

On motion of the Comptroller, the said assessment list was referred back to the Board of Assessors for general reconsideration and revision of the assessment, and that the list as revised be returned to the Board of Revision of Assessments for its consideration, all the members present voting in the affirmative.

BOROUGH OF BROOKLYN.

The assessment list for grading, curbing, flagging and paving with asphalt pavement Grant street, from Flatbush to Nostrand avenue, together with a list of awards for damages caused by a change of grade, with objections of James J. Carpenter and John Rady, by John Z. Lott, attorney, No. 164 Montague street, Brooklyn, and of Mary E. Bollinger, and petitions for awards for damages of William Whalen and others, by Dana & Clarkson, attorneys; Julia A. Smith and others, by Clarence K. McGuire, attorney; Adam Balzer and others, by John Z. Lott, attorney, the hearing in which matter had been postponed, were presented by the Comptroller, having been received from the Board of Assessors under date of June 19, 1902.

Mr. McGuire, attorney, was heard and objected to the inadequacy of the awards for damages to property, Lots Nos. 7 and 36, Blocks 407 and 405.

No others appearing in opposition after notice, on motion, the objections filed were overruled and the assessment list was confirmed, all the members present voting in the affirmative.

BOROUGH OF THE BRONX.

The assessment list for regulating, grading, curbing, flagging, laying crosswalks, etc., in Kappock street, from Spuyten Duyvil Parkway to Johnson avenue, with objections and petition for awards for damages, referred back to the Board of Assessors at meeting of June 12, 1902, with instructions to make a reduction therein of one-third of the ratable cost of the improvement, such reduction to apply to the lots the assessments upon which have not already been reduced one-third, were presented by the Comptroller, having been returned by said Board under date of June 26, 1902.

The Assessors stated that the list had been revised in accordance with the instructions of the Board of Revision of Assessments, and that Mrs. B. Courtney had appeared before it and objected to the revised assessment against her property. Mrs. Courtney was heard in support of her application for a reduction of the assessment. Mr. Walter Cox, attorney, who was heard at meeting of June 12, 1902, appeared and asked that a further reduction of the assessment be made upon the property of his client, Mr. James Mahoney, which request was denied.

On motion of the Comptroller the assessment list was referred back to the Board of Assessors with instructions to reduce the assessment upon the property

of Mrs. Courtney, known as Lot No. 90, in Block 3407, to the sum of \$500, all the members present voting in the affirmative.

At 12.55 o'clock p. m., on motion, the Board adjourned, to meet on Wednesday, July 16, 1902, at 2 o'clock p. m.

HENRY J. STORRS, Chief Clerk, Board of Revision of Assessments.

BOARD OF REVISION OF ASSESSMENTS.

An adjourned meeting of the Board of Revision of Assessments was held at the Comptroller's office on Wednesday, July 16, 1902, at 2.15 o'clock p. m.

Present—Edward M. Grout, Comptroller; George L. Rives, Corporation Counsel; James L. Wells, President of the Department of Taxes and Assessments.

The reading of the minutes of meetings of December 23 and 30, 1901, and of June 10, 12, 16, 19, 24 and July 2, 1902, was dispensed with.

BOROUGH OF MANHATTAN.

The assessment list for paving Edgecombe avenue, from the northerly line of One Hundred and Fifty-fifth street to the southerly line of One Hundred and Seventy-first street, where the same intersects the easterly line of Amsterdam avenue, with asphalt pavement, and objections of Charles H. Shaw, by Isidor Grayhead, attorney; Thomas H. O'Connor and others, by Truman H. Baldwin, attorney; Seth Milliken and others, by Walter B. Hopping, attorney; John O. Baker, by Joseph A. Flannery, attorney; Atlas Improvement Company and others, by Mulqueen & Mulqueen, attorneys, were presented by the Comptroller, having been received from the Board of Assessors under date of June 26, 1902.

Mr. Walter B. Hopping, attorney, was heard in opposition to the apportionment of the assessment for the reason stated, that the property of his clients is separated from the avenue as regulated by the land belonging to the City and used for the Croton Aqueduct, and also that the benefits from the improvement are conferred solely upon the lands fronting the avenue.

Mr. Mulqueen, attorney, was heard in opposition to the assessment on the ground that it is excessive and not in proportion to the benefit derived from the improvement, and that the apportionment has not been equitably made.

No others appearing in opposition after notice, on motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

BOROUGH OF QUEENS.

The assessment list for sewer in Franklin place, about three hundred feet east of Summit street, thence westerly to Summit street, and thence northerly through Summit street to connect with existing sewer in Maple avenue, in the Third Ward, and objections of Henry L. Bogert, filed by Kellogg & Slosson, attorneys, referred back to the Board of Assessors at meeting of July 2, 1902, for further consideration, were presented by the Comptroller, having been returned by the said Board under date of July 14, 1902.

The Assessors stated that at a meeting of the Board held July 10, 1902, after further consideration, it had again overruled the objections filed against the assessment.

Mr. Bogert was heard in opposition to the amount charged against his property for the reasons that the sewer and basin are unnecessary, and that the area of the assessment should be extended.

On motion, the objections filed were overruled and the assessment list was confirmed, all the members voting in the affirmative.

At 3.30 o'clock p. m., on motion the Board adjourned to meet on Monday, July 21, 1902, at 2 o'clock p. m.

HENRY J. STORRS, Chief Clerk, Board of Revision of Assessments.
