Adopted by the Board of Aldermen, April 10, 1877.
 Approved by the Mayor, April 18, 1877.

Whereas, A thorough and practical knowledge of the affairs of the several Departments of this city government, by the Committees and Members of the Common Council, would inevitably result in increased efficiency in administration; be the means of acquainting our people, particularly the tax-payers, in advance of any proposed action affecting their interests; would encourage wise measures of public polity, while assisting in the repression or prevention of proceedings of a contrary character, and in many other ways would be productive of beneficial results, by securing harmony and concert of action, and giving an opportunity for interchange of opinions between the legislative and executive branches of our local government; be it therefore

Resolved, That the several Standing Committees of this Board, named in connection with any Department, and contained in the list of such Committees, be and they are hereby respectively empowered and directed to visit such Departments, and inspect the operations thereof, and to confer with the Commissioners and heads of such Departments, from time to time, and as often as may be deemed advisable or necessary, with a view of producing a concert of action at least in all measures affecting the public interests, requiring the action of the corporate authorities; and that the said Committees, respectively, in order, if possible, to secure the objects mentioned in the preamble and resolution, are hereby fully invested with the power and authority prescribed in the first, second, and third sections of the act, chapter 39, Laws of 1860.

 Approved by the Mayor, April 18, 1877.

Whereas, Under a contract made with the Suburban Gas Company, previous to the annexation of the Twenty-third and Twenty-fourth Wards to this city, by the town authorities of the territory so annexed, this city is now compelled to pay the sum of \$50 per annum for each lamp so lighted, which is a piece of extortion that should be remedied, if possible, in the interest of all the tax-payers of this city; and

Whereas, It is alleged that irregularities, if not fraud, entered largely into the making of the said contract, which was dated on the 5th day of November, 1870, and is to continue until January 1, 1881, and to such an extent that it is quite susceptible of proof if properly and thoroughly investigated; be it therefore

Resolved, That the Committee on Law Department be and is hereby instructed to inquire into all the facts possible to be ascertained, touching the making of such contract, and report the result of their investigations to this Board at the earliest possible period, together with such recommendations as in the judgment of the Committee may result in relieving our tax-payers from this unjust burden of taxation.

The Engineer's estimate of the work to be done, and on which the bids will be tested, is as follows, viz.:

7,000 cubic yards of earth excavation.
100 " " rock " "
1,800 linear feet of open drains.
2,230 " " covered drains.
2,200 " " blind " "

These quantities are considered as approximate, and any variation of them will not entitle the contractor to any claim for extra time in the completion of the work, or to any other claim for damages, if the quantities of work should prove to be greater or less than here estimated, and the Department of Public Parks expressly reserves the right of increasing or diminishing the said quantities, as in its opinion may be necessary.

Each proposal must state, in figures and in writing, a price per cubic yard, per linear foot, for each of the above-named items, which prices are to cover the whole cost of the work. The time required for completion, which will be tested at the rate of \$3 per day, must also be stated. No proposal will be received which contains prices for other items than those above mentioned.

No proposal will be considered unless accompanied by the consent, in writing, of two responsible householders or freeholders of the City of New York, their respective places of business or residence being named, to the effect that they will become bound as sureties in the sum of five thousand dollars for the faithful performance of the contract, should it be awarded upon that proposal.

Each proposal must state the name and place of residence of the person making the same; the names of all persons interested with him therein; that it is made without collusion with any other person making an estimate for the same work; and that no member of the Common Council or other officer of the Corporation is directly or indirectly interested therein, or in any portion of the profits thereof.

The Department reserves the right to reject any or all proposals. Proposed sureties must verify their consent by affidavit.

DEPARTMENT OF DOCKS.

DEPARTMENT OF DOCKS,
117 AND 119 DUANE STREET,
NEW YORK, April 10, 1877.

TO CONTRACTORS.

PROPOSALS FOR FURNISHING SMALL COBBLE, RIP-RAP AND BROKEN STONE, AND SAND.

SEALED PROPOSALS FOR FURNISHING THESE materials, indorsed with proper title, and addressed "Salem H. Wales, President of the Department of Docks," will be received at this office, until 12 o'clock M., of

MONDAY, APRIL 23, 1877,
at which time and place the bids will be publicly opened by the head of said Department and read. The award of the contract or contracts will be made as soon as practicable after the opening of the bids.

THE ENGINEER'S ESTIMATE OF THE QUANTITIES TO BE FURNISHED IS AS FOLLOWS:

Class 1.—Small Cobble and Rip-rap Stone for Bulkhead or River Wall, to be deposited in place by Contractor.
A—About 16,000 cubic yards of Small Cobble Stone.
B— " 23,000 " Rip-rap Stone.

Class 2.—Broken Stone for Concrete.
About 3,200 cubic yards of Broken Stone.

Class 3.—Sand.
About 1,800 cubic yards of Sand.

Proposals may be made for one or more of the above three classes.

The above material to be furnished in accordance with specifications and to be delivered as called for by orders from the Engineer-in-Chief.

The small cobble and rip-rap stone for the bulkhead or river wall, is to be delivered and properly deposited around and between the piles, and in front and rear of the work. The small cobble only is to be placed between the piles, and the rip-rap is to be placed in front and rear of the foundation, and is to be properly mixed with small cobble.

The broken stone and sand are to be delivered and unloaded upon the scows of the Department or upon piers or bulkheads, at any point along the North river water-

front, south of Fourteenth street, as shall be designated, from time to time, by the Engineer.

All material will be measured, in bulk, on board the vessels, at the place of delivery.

The foregoing are the quantities which have been estimated approximately for the construction of that part of the bulkhead or river wall proposed to be completed during the present calendar year. They form, however, no part of the contract, and persons bidding are cautioned that the Department of Docks do not hold themselves responsible that any of them shall strictly obtain in the construction of the work, and reserve the right to terminate the contract at any time after the delivery of the following quantities, to wit:

Class 1. A—5,000 cubic yards.
B—5,000 cubic yards.
Class 2. 1,500 cubic yards.
Class 3. 1,000 cubic yards.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of ten thousand dollars, in case the whole contract shall be awarded to him; or in the sum of eight thousand dollars for the contract for small cobble and rip-rap stone only, or in the sum of two thousand dollars for the contract for broken stone only; or in the sum of five hundred dollars for the contract for sand only.

This contract is to cease and terminate on the 27th day of December, 1877, and a penalty of fifty dollars per day, as liquidated damages, will be exacted for each day that the delivery of any part of the said materials has been delayed through neglect to furnish the same within five days after the receipt of the necessary order therefor, Sundays and holidays not to be excepted.

Bidders will state in their proposals the price per cubic yard, for either or all of the above three classes of materials respectively, by which the bids will be tested. The price is to cover the expenses of freight, loading and unloading, towing, tools, run-ways, and all other expenses necessary for the complete fulfillment of the contract.

Bidders will write out the price bid, in addition to inserting the same in figures.

Should the lowest bidder or bidders neglect or refuse to accept this contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their proposals their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the proposal shall distinctly state that fact; also that the bid is made without any connection with any other person making any estimate for the same material, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for his faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to any higher bidder to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimate and amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter VIII. of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person for whom he consents to become surety. The adequacy and sufficiency of the sureties offered are to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the proposals is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be had upon application at the office of the Department, Room No. 6.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1876.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.
