WEDNESDAY, July 29, 1885.

Met in the Mayor's Office, City Hall, Wednesday, July 29, 1885, at 11 o'clock A. M.
Present—Mayor, Comptroller and Commissioner of Public Works.
The Secretary read minutes of previous meeting, which were approved.

The Mayor presented an opinion of the Counsel to the Corporation, which was read by the Secretary, as follows:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, July 24, 1885.

WILLIAM R. GRACE, Mayor of the City of New York:

SIR—I am in receipt of a communication from your office, under date of July 22, 1885, enclosing copy of an advertisement inviting bids for the repaving of Fifth avenue, from Washington Square to Ninetieth street, with the exceptions indicated. It is stated in the letter that certain of the bids

were unaccompanied by plans, as required by the advertisement, and my opinion is asked as to whether the Commission named in the act had a legal right to consider or accept such bids.

The statute, 371, Laws of 1885, which authorizes this work requires, with a view of securing a pavement of granite blocks of the best material and workmanship, to be laid in the most substantial manner, and with the best foundation, that the Commissioner of Public Works should advertise for plans and proposals, with specifications annexed, and the plans, proposals and specifications received were to be submitted, unopened, to a Commission composed of the Mayor, Comptroller and Commissioner of Public Works, and the contract to be awarded to the person whose plan, proposal and specification is, in the opinion of the Commission, best calculated to secure the purpose specified.

In my opinion it is the plain intent of these provisions of the statute, that to enable the Commission to pass upon the questions submitted to it, there must be in each case a compliance with the statutory requirements, and where a proposal has been received unaccompanied by either plan or specification, such proposal, or bid, should not be considered, and no contract should be awarded to the persons submitting the same.

I remain, very respectfully yours,

(Signed)

E. HENRY LACOMBE, Counsel to the Corporation.

The same was ordered on file.

The Comptroller stated that he received protests from Charles Guidet and Matthew Baird, in reference to proposals submitted to the Board without plans.

The Secretary presented the Engineer's estimate of the amount of work to be done, with a statement containing a digest of the proposals submitted, and the estimated amount of each, as follows:

The Secretary read the minutes of the two previous meetings, which were approved.

The Mayor presented an opinion of the Counsel to the Corporation, which was read by the Secretary, as follows:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, August 22, 1885.

Hon. WILLIAM R. GRACE, Mayor, etc.:

SIR—I am in receipt of your communication, under date of August 14, 1885, in which, referring to the recent action of the Commissioners appointed by chapter 371 of the Laws of 1885, rejecting bids together with plans and specifications for the repaving of Fifth Avenue, you ask to be advised how, if at all, all parties may have restored to them the rights and obligations which they possessed prior to the rejection of the bids.

You refer to an opinion lately given by me to the Commissioner of Public Works, construing the first section of the act referred to. In the light of such construction, the resolution of rejection passed by the Board would seem not to be in strict compliance with the requirements of the act. I would advise, therefore, that at the next meeting of the Board such resolution be reconsidered, and that thereupon the Board fix upon some particular day on which they may proceed to consider the bids which may be before them.

You inform me, that since the resolution of rejection, many of the bidders have received from the Comptroller certified checks for \$25,000, required by the act to be deposited as a condition precedent to the consideration of their bids. Whether bidders who have thus withdrawn their deposits are entitled to have their bids considered by the Board is a question open to argument. In whatever way it might be decided by the Board, some dissatisfied party in interest would probably apply to the courts. It would seem eminently desirable to have all legal complications removed before proceeding to the consideration of the bids upon their merits and I would therefore suggest that the following course be pursued: Let the Secretary of the Board notify all the bidders that the Board will proceed to the consideration of the bids before it on the day of , adding in the notice to be given to the bidders who have withdrawn their deposits, the further statement that in accordance with the advice of the Counsel to the Corporation they will decline to consider the proposal of any bidder who has withdrawn his \$25,000. If those who have so withdrawn desire to urge their claims they will undoubtedly apply to the court for a mandamus to compel the Comptroller to receive their deposit, and to compel the Board to consider their bid, upon the theory that they were misled by the action of the city officers. Of course, to this application the city has no opposition to make, otherwise than to secure its protection from the claims of competing bidders who have not withdrawn their deposit. If application therefore were made for a writ of mandamus to accomplish the purpose above indicated, I should immediately proffer to those interested as competing bidders, the opportunity of presenting their views to the court. Upon a judicial determination of the questions raised the Board may proceed to take action in the matter.

I am, sir, yours very respectfully,
(Signed) E. HENRY LACOMBE, Counsel to the Corporation.

The Mayor offered the following preamble and resolution, which was seconded by the Commissioner of Public Works:

Whereas, The Counsel to the Corporation has advised the Mayor in an opinion written to him, dated August 22, 1885, that the action of the Board appointed under chapter 371, Laws of 1885, in rejecting the bids together with the plans and specifications for repaving Fifth avenue, would seem not to be in strict compliance with the act of the Legislature; be it

Resolved, That the resolution rejecting all proposals received for repaving Fifth avenue, passed at the meeting of July 29, 1885, be reconsidered.

Which was adopted by the following vote:
Ayes—Mayor, Comptroller and Commissioner of Public Works.

The Comptroller presented the following resolution, which was seconded by the Commissioner of Public Works:

Resolved, That the member of the Board who made the motion to reject the bids be authorized to withdraw the same.

Which was adopted by the following vote:
Ayes—Mayor, Comptroller and Commissioner of Public Works.

The Comptroller then withdrew the motion above referred to.

The Comptroller stated to the Board that Messrs. Johnson and Dowdney, the two bidders who had withdrawn their deposits, offered to return the same, and that he declined to receive them.

The Commissioner of Public Works presented the following resolution, which was seconded by the Comptroller:

Resolved, That the Board meet in the Mayor's Office on Thursday, September 10, 1885, at 2 o'clock P. M., to consider such proposals, plans and specifications for repaving Fifth avenue, which may be before them, and that the Secretary be directed to notify all the bidders by advertisement in the CITY RECORD, and by written notice through the mail, of the date of such meeting, and to further notify all bidders who have withdrawn their deposits, that the Board have been advised by the Counsel to the Corporation not to consider any proposals made by them.

Which was adopted by the following vote:
Ayes—Mayor, Comptroller and Commissioner of Public Works.
The Board then adjourned.

THURSDAY, September 10, 1885.

Met in the Mayor's Office, City Hall, Thursday, September 10, 1885, at 2 o'clock P. M.
The Secretary read the minutes of the previous meeting, which were approved.

The Comptroller stated to the Board that he was served with an order of the court, in the matter of Abraham Dowdney, directing him to receive the deposit of \$25,000 which had been withdrawn. He accordingly received the same. The Comptroller further stated that in the matter of L. W. Johnson, he received a note from Mr. Johnson's attorney, enclosing a certified check for \$25,000 for re-deposit, but as the same was not accompanied by an order of the court, he declined to accept it.

The Comptroller moved and the Commissioner of Public Works seconded the motion, that the Board adjourn to Thursday, September 17, 1885, at 2 o'clock P. M.

The Board then adjourned.

THURSDAY, September 17, 1885.

Met in the Mayor's Office, City Hall, Thursday, September 17, 1885, at 2 o'clock P. M.
The Secretary read the minutes of the previous meeting, which were approved.

The Comptroller stated that he received an order of the court in the matter of L. W. Johnson, compelling him to receive the deposit of \$25,000 which had been withdrawn, which he accordingly did.

The Comptroller moved and the Commissioner of Public Works seconded the motion, that the proposal of Leonard W. Johnson be rejected for the reason that it was unaccompanied by a plan, and not sufficiently explicit to enable the Board to form judgment in regard to the matter, which was adopted by the following vote:

Ayes—Mayor, Comptroller and Commissioner of Public Works.

The Board then examined the plans, proposals and specifications, as submitted by the following bidders:

Matthew Baird, Abraham Dowdney, Cranford & Valentine, Robert McCafferty Charles Guidet, and W. H. Harrison.

Mr. Waterbury, on behalf of Charles Guidet, and Mr. John C. Shaw, on behalf of Matthew Baird, then addressed the Board.

The Commissioner of Public Works moved, and the Comptroller seconded the motion, that the sense of the meeting be taken as to which of the series of plans, proposals and specifications submitted is preferable for consideration by the Board—the six of Charles Guidet, or the seven of Matthew Baird.

On the calling of the roll, the Mayor and Comptroller voted in favor of Matthew Baird's plans, proposals and specifications, and the Commissioner of Public Works voted in favor of Charles Guidet's plans, proposals and specifications.

The Commissioner of Public Works moved and the Comptroller seconded the motion, that the sense of the meeting be taken as to whether the series of plans, proposals and specifications submitted by Matthew Baird, or the series presented by the bidders, other than Charles Guidet, were more worthy of consideration.

On the roll being called, the Mayor, Comptroller and Commissioner of Public Works voted in favor of the plans, proposals and specifications presented by Matthew Baird.

Mr. Robert McCafferty then addressed the Board, in behalf of the plan, proposal and specification submitted by him.

The Commissioner of Public Works presented the following preamble and resolution, which were seconded by the Comptroller:

Whereas, The Board, composed of the Mayor, Comptroller and Commissioner of Public Works, appointed under chapter 371, Laws of 1885, is required to select the plan, proposal and specification submitted for the repaving of Fifth avenue, from Ninth street to the northerly line of Ninetieth street, except the five blocks from the north side of Thirty-second street to the south side of Thirty-seventh street, which will secure a pavement of granite blocks, of the best material and workmanship, to be laid in the most substantial manner, and with the best foundation; therefore be it

Resolved, That the contract for the repaving of Fifth avenue, from Ninth street to the northerly line of Ninetieth street, except the five blocks from the north side of Thirty-second street to the south side of Thirty-seventh street, be and is hereby awarded to Matthew Baird, whose plan, proposal and specification, marked No. 2, for paving with granite blocks, from curb to curb, with joints filled with paving cement, and with concrete foundation, in our judgment, will best secure the purposes aforesaid.

Which were adopted by the following vote:
Ayes—Mayor, Comptroller and Commissioner of Public Works.

Mr. Waterbury, on behalf of Mr. Guidet, protested against the action of the Board, in awarding the contract to Matthew Baird.

The Secretary of the Board was instructed to prepare a form of contract, to be approved by the Counsel to the Corporation.

The Board then adjourned.

NEW YORK, November 7, 1885.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE
materials and labor, and doing the work required for constructing the steam-heating and power in the building on north side of Sixty-seventh street, commencing 170 feet west of Third avenue, for Engine Company No. 39, Hook and Ladder Company No. 16, etc., for this Department, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 155 and 157 Mercer street, in the City of New York, until 11 o'clock A. M., Friday, November 20, 1885, at which time and place they will be publicly opened by the head of said Department and read.

Each bidder must submit two separate proposals, as follows:

1st. For furnishing and constructing the steam-heating apparatus complete, with steam and exhaust connections to dynamo engine and elevator pump, etc.

2d. For furnishing and setting the boilers, fixtures and flue connections only, required for steam-heating apparatus and power.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications which form part of these proposals.

The work is to be completed and delivered in the time specified in the contracts.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at the amount specified in each contract.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making estimates for the work shall present the same in sealed envelopes, to said Board, at said office, on or before the day and hour above named, which envelopes shall be indorsed with the name or names of the person or persons presenting the same, the date of presentation, and a statement of the work to which they relate.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for his faithful performance in the sum of three thousand five hundred (\$3,500) dollars for the steam heating, etc., complete, and one thousand two hundred (\$1,200) dollars for the boilers, etc., only; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of one hundred and twenty-five (\$125) dollars for the steam-heating, etc., complete, and fifty (\$50) dollars for the boilers, etc., only. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimates, in addition to inserting the same in figures. The forms of the agreements, with specifications and drawings, showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each of the two classes of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect to do so, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state, in their estimates, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for his faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which they would be entitled on its completion, and that which said Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

HEALTH DEPARTMENT OF THE CITY OF NEW YORK,
No. 301 MOTT STREET,
NEW YORK, October 27, 1885.

AT A MEETING OF THE BOARD OF HEALTH of the Health Department of the City of New York, held at its office on the 27th day of October, 1885, the following resolution was adopted:

Resolved, That section 206 of the Sanitary Code be and is hereby amended to read as follows:

Section 206. That no privy-vault, or cesspool, shall be allowed within thirty feet of any tenement or lodging-house, hotel or manufactory in the City of New York, of a greater depth than three feet; nor unless it be connected at the upper end with the Croton water and at the lower end with the street sewer, and provided with an outlet at the lowest point and on the bottom, so as to admit of the complete discharge of the contents whenever the outlet is opened and the vault or sink is flushed with water. The outlet shall be kept closed, except during the process of flushing, with a tight-fitting plug, so as to effectually prevent the escape of gases and offensive odors; and sufficient water shall at all times be kept in the vaults or sink to prevent solid matter adhering to the bottom. The sides and bottom of every privy-vault, cesspool, or school-sink in the City of New York must be impermeable and secured against any saturation of the walls or the ground about the same.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Each bid or estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties

for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the BOND required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the lowest formal estimate be accepted by the Board of Public Charities and Correction, due notice of the fact will be given forthwith upon the receipt of the Comptroller's approval of the estimates, presented by the bidder as consenting to be bound for the faithful execution of this contract, if awarded. Thereupon, if the Board shall not deem it for the best interests to reject all the proposals, the contract for this aforesaid work and materials shall be awarded to this lowest bidder, who shall execute the contract and bond of even date therewith in due form, to the satisfaction of said Board, within five days after the award aforesaid. If the party or parties to whom said contract is awarded neglect or refuse to execute the same as aforesaid, and the Bond accompanying the same, the said contract shall be regarded as having been abandoned, the party or parties notified as in default to the Corporation of the City of New York, and the work and materials will be readvertised as provided in section 64, chapter 410, Laws of 1882.
