### COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund at a Meeting Held at the Mayor's Office, at 11 o'clock A. M. on Friday, March 11, 1898.*

Present—Robert A. Van Wyck, Mayor; Bird S. Coler, Comptroller; Patrick Keenan, Chamberlain; Randolph Guggenheimer, President of the Council, and Robert Muh, Chairman, Committee on Finance, Board of Aldermen.

The minutes of the meetings held January 14 and February 8, 1898, were read and approved.

The Comptroller presented the following report and resolution in regard to the leasing of offices in the Stewart Building for the use of the Departments of Finance, Law and Bridges:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 7, 1898.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—Section 217 of the Greater New York Charter makes it the duty of the Comptroller to present to the Commissioners of the Sinking Fund, a statement, in writing, of the facts relating to any real estate proposed to be leased, the purposes for which such lease is required by the City, with his opinion and the reasons therefor, and as to the fair and reasonable rent of said premises.

In pursuance of the provisions of this section, I have the honor to report as follows in regard to the following offices which it is proposed to lease for city purposes in the Stewart Building, No. 280 Broadway:

First—In regard to the additional space required by the Department of Finance:

The Charter requires certain offices of the Department of Finance to be maintained in the several boroughs of the City, but, wherever it has been found practicable, I have endeavored to centralize the work of the Department of Finance in the main office of the Borough of Manhattan. This has necessitated obtaining additional space, since, upon my assuming office, I found that even under the old conditions the Department was hampered in its work by reason of insufficient room. The plan which I have adopted is to remove from the first floor of the Stewart Building, the offices of the Bureau of Markets, the City Chamberlain, the Attorney for the Collection of Arrears of Personal Taxes and the Engineering Office.

It is proposed to lease for the Bureau of Markets and City Revenue, the Rooms Nos. 89 and 91, on the second floor, for \$2,400; for the Engineer's office, Room No. 55, on the second floor, at a rental of \$1,400; for the City Chamberlain, Rooms Nos. 63, 65 and 67, on the second floor, at a rental of \$3,950, and for the Attorney for the Collection of Arrears of Personal Taxes, Room No. 203, on the fifth floor, at an annual rental of \$1,250. The additional space required for the Finance Department will therefore cost in the aggregate \$9,000.

I submit herewith reports made to me by the Engineer of the Department of Finance, showing in detail the floor space required, and the amount per square foot of the rental proposed.

The lease of the offices now occupied by the Department of Finance, expires on May 1, 1899, and I suggest that the lease of the new offices be made to expire at the same time.

I also have to request that a lease be authorized of Room No. 105, on the third floor, at a rental of \$1,400 per annum, for the temporary use of the expert accountants appointed by the Comptroller pursuant to chapter 669 of the Laws of 1897. I suggest that for this room a lease be made for a term of one year, terminable by the City, however, on sixty days' notice.

Secondly, in regard to the offices of the Department of Bridges:

The rooms originally asked for by the Department of Bridges were Rooms Nos. 173, 175, 177, 178, 179, 181, 183, 185, 187 and 189, on the fourth floor of the Stewart Building, for which the rental proposed was \$11,000.

In a communication dated February 4, 1898, the Commissioner of Bridges amended his application by omitting Rooms Nos. 185, 187 and 189. From a personal examination which I have made of these rooms, I believe that sufficient space will be afforded the Department of Bridges, if Room No. 183 is also omitted. I believe that the rooms Nos. 173, 175, 177, 178, 179 and 181, containing 3,658 square feet, can be leased for \$6,200 per annum. This would be at a rate of \$1.6949 per square foot, and in my judgment would be, in view of the location, a fair rental to pay for these offices.

Rooms Nos. 178 and 179 are now leased until May 1, 1898, and the new lease as to these rooms would date from that time. The lease of the other rooms should date from the time of occupation, which was January 15 as to Rooms 173, 175 and 177, and February 15 as to Room 181.

The following resolution is offered for the consideration of the Commissioners of the Sinking Fund.

Respectfully,  
BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare leases to the City, of the following rooms or offices in the Stewart Building, No. 280 Broadway:

DEPARTMENT OF FINANCE.

Room No. 55, from February 17, 1898, to May 1, 1899, at an annual rental of \$1,400, payable quarterly.

Room No. 105, from January 17, 1898, to January 17, 1899, at an annual rental of \$1,400, terminable upon sixty days' notice from the City.

Rooms Nos. 89 and 91, at an annual rental of \$1,200 each, payable quarterly from February 10, 1898, to May 1, 1899.

Rooms Nos. 63, 65 and 67, from the date of taking possession to May 1, 1899, at an annual rental of \$3,950, payable quarterly.

LAW DEPARTMENT.

Room No. 203, at an annual rental of \$1,250, payable quarterly, from March 1, 1898, to May 1, 1899.

DEPARTMENT OF BRIDGES.

Rooms Nos. 173, 175 and 177, from January 15, 1898, to May 1, 1899, at an annual rental of \$3,383, payable quarterly.

Room No. 181, from February 15, 1898, to May 1, 1899, at an annual rental of \$1,507, payable quarterly.

Rooms Nos. 178 and 179, from May 1, 1898, to May 1, 1899, at an annual rental of \$1,310, payable quarterly.

And the Commissioners of the Sinking Fund deeming such rents fair and reasonable and that it would be for the interest of the City that leases thereof should be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and resolution in regard to the lease of room No. 161 in the Stewart Building, for the use of the Major-General commanding the National Guard:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 8, 1898.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—The Board of Armory Commissioners, by a resolution adopted February 19, 1898, requested that a lease be made for the term of one year, of the room known as No. 161, on the fourth floor of the Stewart Building, for the use and occupation of the Major-General commanding the National Guard, as headquarters, at an annual rental of sixteen hundred dollars (\$1,600).

I submit herewith a communication addressed to me by Major-General Roe, dated March 4, 1898, stating the reasons which make this lease necessary.

I also submit a report made to me by the Engineer of the Finance Department, in regard to the proposed rental, in which he states that he considers it reasonable and fair for the location in the building.

I therefore offer for adoption the following resolution.

Respectfully,  
BIRD S. COLER, Comptroller.

BOARD OF ARMORY COMMISSIONERS—SECRETARY'S OFFICE,  
STEWART BUILDING, NO. 280 BROADWAY,  
NEW YORK, February 21, 1898.

*To the Honorable the Commissioners of the Sinking Fund:*

GENTLEMEN—At a meeting of the Armory Board, held on the 19th instant, the following was adopted:

Resolved, That the Comptroller be authorized to execute a lease for the term of one year of the room known as No. 161, on the fourth floor of the Stewart Building, for the use and occupation of the Major-General commanding the N. G. N. Y., as headquarters, at an annual rental of sixteen hundred dollars (\$1,600), and that the Commissioners of the Sinking Fund be requested to concur in the same.

Very respectfully,  
THOS. L. FEITNER, Secretary.

HEADQUARTERS DIVISION, N. G., N. Y.,  
NO. 280 BROADWAY,  
NEW YORK, March 4, 1898.

*Hon. BIRD S. COLER, Comptroller of The City of New York:*

DEAR SIR—I am informed that the application made by me to the Armory Board to have rented by the City a room in the Stewart Building for the use of the Headquarters of the Division of the National Guard will come before the Sinking Fund Commissioners and is by law to be reported on to them by you.

I have the honor to make the following statement: This room is to be occupied by myself and the clerical force under my direction, not occasionally, but daily during business hours, in the necessary discharge of the duties of my office.

As nearly two-thirds the National Guard is quartered in the present City of New York, the establishment of a headquarters here is a special convenience to them.

It is particularly desirable to have these headquarters in a place readily accessible to officers of the Guard.

There are no suitable rooms available in any armory of the City to my knowledge, and a location in the Stewart Building would be unquestionably convenient for those called on to transact business with the headquarters.

Respectfully,  
CHAS. F. ROE, Major-General.

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease to the City of Room No. 161, in the Stewart Building, No. 280 Broadway, for the use and occupation of the Major-General commanding the N. G., N. Y., as headquarters, at an annual rental of sixteen hundred dollars (\$1,600), payable quarterly, for a term of one year, from March 1, 1898; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same when prepared by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and resolution in regard to the leasing of offices in the Emigrant Industrial Savings Bank Building, for the use of the Surveyor of the Department of Taxes and Assessments:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 23, 1898.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—The President of the Department of Taxes and Assessments, in a communication dated February 14, 1898, states, that in order to carry on the work of preparing new tax maps of real estate within the territory consolidated by the Greater New York Charter with that of the former City of New York, additional room will be required, and he requests that Rooms Nos. 23, 24 and 26, together with the hall space connected therewith, in the Emigrant Industrial Savings Bank Building, be leased at an annual rental of \$1,600.

I submit herewith a report made to me on this matter by the Engineer of the Department of Finance, with whose conclusions I concur, and the following resolution is therefore submitted for the action of the Commissioners of the Sinking Fund.

Respectfully,  
BIRD S. COLER, Comptroller.

CITY OF NEW YORK,  
DEPARTMENT OF TAXES AND ASSESSMENTS,  
STEWART BUILDING, No. 280 BROADWAY, February 14, 1898.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Section 891 of the Greater New York Charter provides, among other matters, that the Surveyor to the Board of Taxes and Assessments shall "make all new maps which may be required for the more accurate assessment of real estate within the territory consolidated by this act with the municipal corporation known as The Mayor, Aldermen and Commonalty of the City of New York."

To carry on this work additional room will be required; the Surveyor now occupies a floor space of 1,580 square feet in Rooms Nos. 27 to 30, on the fourth floor of the Emigrant Bank Building, at a rental of \$2,635 per annum; an additional floor space of 1,170 square feet, in Rooms Nos. 23, 24 and 26, and a well-lighted hall space, to be inclosed, can be obtained on the same floor.

The work of the Surveyor will be greatly facilitated if the additional room adjoins his present quarters.

The rental asked by the bank for this additional room is \$1,600 per annum.

Very respectfully,

THOS. L. FEITNER, President.

CITY OF NEW YORK,  
FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,  
February 16, 1898.

Hon. BIRD S. COLER, Comptroller:

SIR—The Commissioner of the Department of Taxes and Assessments, in communication of February 14, 1898, to the Commissioners of the Sinking Fund, requests "an additional floor space of 1,170 square feet in Rooms Nos. 23, 24 and 26, and a well-lighted hall space, to be inclosed," for the use of the Surveyor, on the fourth floor of the Emigrant Savings Bank Building.

I am entirely convinced that the additional space asked for will be necessary for the use of the Surveyor in carrying on the extensive work which is before him.

I have conferred with the Comptroller of the Bank, and he informs me that the price proposed, \$1,600 per annum, is the lowest at which the premises can be obtained.

The area of the three rooms is 942 square feet, and, if considered alone, the rent would be at the rate of \$1.69 8-10 per foot per annum, about 3 cents per foot more than the rate of the present lease; but if we consider the 228 square feet of light hall, which will be inclosed and be for the exclusive use of the City, the rate is reduced to \$1.36 7-10 per square foot per annum.

I consider the rent reasonable and fair.

Respectfully,

EUG. E. McLEAN, Engineer.

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease to the City of Rooms Nos. 23, 24 and 26, in the Emigrant Industrial Savings Bank Building, together with the hall space connected therewith, from March 1, 1898, to May 1, 1899, at an annual rental of one thousand six hundred dollars, payable quarterly; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same when prepared by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communications were received:

(2) Premises known as No. 253 Spring street, heretofore leased for the use of the Fire Department, from the Rector, etc., of Trinity Church, on the same terms and conditions as were contained in the previous lease, for one year, from January 1, 1898, at an annual rental of \$540.

(3) First floor of premises known as No. 1786 Broadway, from Mr. Max Minzesheimer, as agent for Mrs. Mary A. Fitzgerald, for one year, from January 1, 1898, at an annual rental of \$1,500, payable monthly, on the same terms and conditions as were contained in the previous lease thereof.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Health Department in regard to a lease of premises Nos. 38 and 40 Clinton street, Borough of Brooklyn:

HEALTH DEPARTMENT,  
NEW YORK, February 11, 1898.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Board of Health of the Department of Health of The City of New York, held February 9, 1898, the following resolution was adopted:

Resolved, That application be and is hereby made to the Honorable the Commissioners of the Sinking Fund for the lease of premises Nos. 38 and 40 Clinton street, Borough of Brooklyn, City of New York, to be used for offices by the Department of Health, upon the following terms: The rent to be at the rate of four thousand five hundred dollars per annum, and the lease to extend from January 1, 1898, to December 31, 1902.

A true copy.

C. GOLDBERMAN, Secretary pro tem.

In connection therewith the Comptroller presented the following report:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 8, 1898.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Board of Health, by a resolution adopted February 9, 1898, requested the Commissioners of the Sinking Fund to authorize a lease of the premises known as Nos. 38 and 40 Clinton street, Borough of Brooklyn, for a term of five years, from January 1, 1898, at an annual rental of forty-five hundred dollars (\$4,500).

I submit herewith a report on this matter made by the Assistant Engineer of the Finance Department, in which he concludes that the full rental for this property would be four thousand dollars per annum, and that a number of repairs should be made by the owner thereof before any renewal of this lease be authorized.

I also recommend that, if this lease be authorized, it be made for three years instead of five.

The following resolution is therefore submitted for such action as the Commissioners of the Sinking Fund may deem proper.

Respectfully,

BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease of the premises known as Nos. 38 and 40 Clinton street, Borough of Brooklyn, for a term of three years from January 1, 1898, from Edwin Packard, lessor, at an annual rental of four thousand dollars (\$4,000), payable quarterly, the lessor to make the repairs specified in the memorandum thereof submitted to the Commissioners of the Sinking Fund by the Board of Health, and also to repair the roof; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 28, 1898.

Hon. BIRD S. COLER, Comptroller:

SIR—The Department of Health, by resolution dated February 9, 1898, made application to the Commissioners of the Sinking Fund for the lease of premises Nos. 38 and 40 Clinton street, Borough of Brooklyn, to be used for offices by the Department of Health; the rent to be \$4,500 per annum, for a term of five years from January 1, 1898. The premises in question have been leased and occupied by the Health Department of Brooklyn since July, 1892.

The building is situated on a lot 46 feet 5 inches by 100 feet, and is a 4-story and basement brick building 46 by 60 feet, with a 1-story extension in rear 46 by 40 feet.

The main building was formerly an apartment-house, containing eight flats. It is heated by a Gorton Boiler No. 3; radiators being in about one-half of the rooms. The extension is heated by a hot-air furnace, a Richardson & Boynton "Perfect." The heating apparatus is in a fairly good condition and is ample to heat the premises.

The building needs a number of repairs, especially painting of interior. The list of repairs furnished by the Health Department should all be made; also, the roof should be made tight.

The assessed valuation of the premises for 1897 is \$25,000, and I consider a fair market value for same to be \$40,000; therefore, in my opinion, the building should be repaired as per list, and when made, a full rental would be \$4,000 per annum.

Respectfully,

CHANDLER WITHINGTON, Assistant Engineer.

On motion of the Mayor, the matter was referred back to the Comptroller, to ascertain whether offices might be found for the Board of Health in the Borough of Brooklyn, in one of the public buildings.

The following communication was received from the Board of Health, applying for a lease of the premises No. 1237 Franklin avenue, Borough of The Bronx:

HEALTH DEPARTMENT,  
NEW YORK, February 11, 1898.

GENTLEMEN—At a meeting of the Board of Health of the Department of Health of The City of New York, held February 9, 1898, the following resolution was adopted:

Resolved, That application be and is hereby made to the Honorable the Commissioners of the Sinking Fund for the lease of the premises No. 1237 Franklin avenue, Borough of The Bronx, City of New York, to be used for offices by the Department of Health, upon the following terms: The rent to be at the rate of one thousand two hundred dollars per annum, and the lease to extend from March 1, 1898, to March 1, 1903.

A true copy.

C. GOLDBERMAN, Secretary pro tem.

In connection therewith the Comptroller presented the following report and resolution:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 8, 1898.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Board of Health by a resolution adopted February 9, 1898, requested the Commissioners of the Sinking Fund to authorize a lease of the premises known as No. 1237 Franklin avenue, Borough of The Bronx, for a term of five years, from March 1, 1898, at an annual rental of twelve hundred dollars (\$1,200).

I submit herewith a report on this matter made by the Assistant Engineer of the Finance Department, in which he concludes that the rental asked is full, but not excessive. Section 1181 of the Greater New York Charter requires the Board of Health to maintain branch offices in the several boroughs.

The following resolution is therefore offered for the consideration of the Commissioners of the Sinking Fund.

Respectfully,

BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease of premises No. 1237 Franklin avenue, in the Borough of The Bronx, from March 1, 1898, to May 1, 1899, at an annual rental of one thousand two hundred dollars (\$1,200); and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Highways, requesting a renewal of the lease of premises on the westerly side of Sedgwick avenue, near Depot place:

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE,  
No. 150 NASSAU STREET,  
NEW YORK, February 21, 1898.

Hon. ROBERT A. VAN WYCK, Mayor, and Chairman, Commissioners of the Sinking Fund:

DEAR SIR—Pursuant to section 217 of the City Charter, I hereby request the Commissioners of the Sinking Fund to authorize a renewal of the lease of part of the premises situated on the westerly side of Sedgwick avenue, near the corner of Depot place, now occupied and used by Engineers in the service of the Department of Highways in the Borough of The Bronx.

The lease of these premises expired December 31, 1897, from which date the renewal should be made. The owner of the premises is Hon. Andrew H. Green, and the rent is \$20 per month.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

In connection therewith, the Comptroller offered the following resolution:

Which was unanimously adopted.

The following communication was received from the Commissioner of Highways, requesting a renewal of the lease of premises at Station place, Williamsbridge:

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE,  
No. 150 NASSAU STREET,  
NEW YORK, March 4, 1898.

Hon. ROBERT A. VAN WYCK, Mayor, and Chairman, Commissioners of the Sinking Fund:

DEAR SIR—Pursuant to the provisions of section 217 of the City Charter, I hereby request the Commissioners of the Sinking Fund to authorize a renewal of the lease of the office at Station place, Williamsbridge, now occupied and used by employees of the Department of Highways in the Borough of The Bronx. The lease of this office expired December 31, 1897, from which date the renewal should be made. The owner of the premises is Mrs. Annie C. Stapleton and the rent is \$18 per month.

In this connection, permit me to recall attention to my letter to you of 21st ultimo, requesting a renewal of the lease of part of the premises situated on the westerly side of Sedgwick avenue, near the corner of Depot place.

The owners in both cases are becoming impatient, as they have not yet received any rent for the months of January and February. I therefore request that early action be taken by the Commissioners of the Sinking Fund.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease to the City of the office at Station place, Williamsbridge, now occupied by employees of the Department of Highways in the Borough of The Bronx, from Mrs. Annie C. Stapleton, for the term of one year from December 31, 1897, at the rental of eighteen dollars (\$18) per month; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Which was unanimously adopted.

SIR—I am directed to transmit the maps for change in length, width and location of the piers to be built between West Twelfth and Twenty-second streets, North river, in accordance with inclosed resolutions adopted at a meeting of the Board of Docks held January 14, 1898.

Yours respectfully,

GEO. S. TERRY, Secretary.

*Technical Description of Proposed Change in Pier Lines between Little West Twelfth and West Twenty-second Streets, North River.*

Resolved, That this Board deems it advisable to discontinue or change the lengths, widths and locations of the nine piers from between Little West Twelfth street and West Twenty-second street, North river, from the lengths, widths and locations thereof, as made by the Board of Docks May 20, 1897, and approved by the Commissioners of the Sinking Fund June 14, 1897, as follows :

The proposed change in lines involves the substitution of eight piers in place of the nine piers, shown on the present plan. The southerly pier of this series is to be at a distance of 200.55 feet northerly along the said bulkhead-line from the northerly side of the pier at Bloomfield street, approved by the Commissioners of the Sinking Fund June 14, 1897. It will extend from the bulkhead-line established in 1897 to the aforesaid pierhead-line parallel with and 200 feet distant northerly from the said pier at Bloomfield street with a width of 60 feet, and with a length on the northerly and southerly sides of 802.22 feet. The next pier northerly of the said southerly pier of this series will lie 360 feet northerly along the bulkhead-line from the northerly side of the said southerly pier. It will be 60 feet wide, and will extend from the said bulkhead-line established in 1897 and at right angles therewith westerly to the aforesaid pierhead-line, and will be 800 feet long. Between these two piers four ferry slips will be provided, with a bulkhead platform 200 feet in width, extending parallel with the said bulkhead-line, and from the northerly side of the southerly pier of this series to the southerly side of the next northerly pier.

The next five piers to the northward will each be 125 feet wide and 800 feet long, and will extend from the bulkhead-line established in 1897 and at right angles therewith westerly to the aforesaid pierhead-line parallel with each other and with intervening slips 250 feet wide. The northerly pier within the said limits of the proposed change is described as follows :

Beginning at a point on the southerly side of West Twenty-second street, where the bulkhead-line established in 1897 intersects the same; running thence southerly along said bulkhead-line 44.57 feet; thence westerly and at right angles with said bulkhead-line 800 feet to the pierhead-line as modified by the Secretary of War May 18, 1897; thence northerly 60 feet along said pierhead-line; thence easterly 501.22 feet on a line parallel with and distant 60 feet northerly from the second-mentioned course; thence northerly and parallel with the said bulkhead-line 100 feet to the westerly prolongation of the southerly side of West Twenty-second street; thence easterly along said westerly prolongation and along the said southerly side of West Twenty-second street 320.31 feet to the point or place of beginning.

All of which is shown on the plan submitted herewith in duplicate by the Engineer-in-Chief.

Resolved, That the Commissioners of the Sinking Fund be and are hereby requested to consent to and approve the change in the length, width and location of the piers between Little West Twelfth street and West Twenty-second street, North river, as above set forth.

In connection therewith, the Comptroller presented the following report of the Engineer of the Finance Department :

CITY OF NEW YORK—FINANCE DEPARTMENT,  
January 28, 1898.

Hon. BIRD S. COLER, Comptroller :

SIR—The Department of Docks, in communication of January 14, 1898, to the Commissioners of the Sinking Fund, transmits maps for change in length, width and location of the piers to be built between West Twelfth and Twenty-second streets, North river, in accordance with resolutions, also transmitted, adopted at a meeting of the Board of Docks held January 14, 1898.

As expressed in the resolutions, "The proposed change in lines involves the substitution of eight piers in place of the nine piers shown on the present plan." In the location of the two southerly piers the changes made appear to me judicious, consisting, principally, in placing the southerly pier parallel to, and distant 200 feet from, the Bloomfield street pier, being 20.55 feet further north on the bulkhead-line. The changes in the next pier north, and the ferry slips, are only those incident to the moving north of the whole system to correspond with the above noted change in the southerly pier.

The radical change proposed by the Department is in the width of the five piers next north and in the width of the slips between. The piers are to be 125 feet and the slips 250 feet in width.

To fully accommodate the great steamship traffic, for which these piers and slips are designed, I am fully convinced that the dimensions proposed will be far more satisfactory than those of the present plan, which contemplate piers of 90 and 100 feet in width, and slips of only 200 feet in width.

In the increased width of slips there is no question in my mind that very great advantage will be gained in doing away with the crowded and cramped condition usually pertaining to the

loading and unloading of these great vessels, and as to the width of the pier, it should, I think, be as great as can be satisfactorily used in this class of traffic, and 125 feet does not appear to me too wide.

The northerly pier of the system, as proposed by the Department, seems to me to be properly placed.

Respectfully,  
EUG. E. McLEAN, Engineer.

Discussion followed, whereupon the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and concur in the changes in the length, width and location of the piers to be built between West Twelfth and West Twenty-second streets, North river, as provided by resolutions of the Board of Docks, adopted January 14, 1898.

Which was unanimously adopted.

The following communication was received from the President of the Examining Board of Plumbers, in regard to a lease of offices in the Aldrich Building, No. 149 Church street:

OFFICE EXAMINING BOARD OF PLUMBERS,  
CITY OF NEW YORK,  
NEW YORK, March 4, 1898.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Examining Board of Plumbers, appointed by the Mayor, on the 28th day of February, under chapter 602, Laws of 1892, respectfully make application for leave to lease Rooms 14, 15 and 16, second floor, Aldrich Building, No. 149 Church street, at an annual rental of nine hundred and sixty dollars, for a term of one year and one month from March, 1898.

The rental of the premises is in charge of H. E. Carrington, Superintendent of the building, on the premises.

The purpose for which the premises are desired, is to be used as an office and workshop for the Examining Board of Plumbers, under the Act aforesaid, and inasmuch as we require a workshop in order to subject applicants to a practical test, it is not possible to obtain suitable quarters in any ordinary office building.

Yours respectfully,  
GEORGE B. BROWN, President.

In connection therewith, the Comptroller submitted the following report and resolution:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 9, 1898.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The President of the Examining Board of Plumbers, in a communication dated March 4, 1898, requests a lease of Rooms 14, 15 and 16 on the second floor of the Aldrich building, No. 149 Church street, at an annual rental of \$960, for a term of one year and one month from March, 1898.

These premises are to be used as an office and work-shop for the Examining Board of Plumbers, and the Engineer of the Finance Department in a report herewith submitted states that the rental is reasonable and fair.

I therefore offer for adoption the following resolution.

Respectfully,  
BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease to the City of Rooms Nos 14, 15 and 16, on the second floor of the Aldrich Building, No. 149 Church street, for a term of one year and one month from April 1, 1898, at an annual rental of nine hundred and sixty dollars (\$960); and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Which was laid over, the Comptroller being requested to communicate with the Department of Buildings in regard to the advisability of leasing premises in this location.

The following communication was received from the Commissioner of Public Buildings, Lighting and Supplies, in regard to the payment of rent for the months of January and February, 1898, of the office at 1264 Broadway, formerly occupied by the Board of Electrical Control:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES,  
COMMISSIONER'S OFFICE, No. 346 BROADWAY,  
NEW YORK, March 8, 1898.

Commissioners of the Sinking Fund, New York City:

DEAR SIR—For three years previous to the first of last January, as one of the Board of Electrical Control, I occupied an office at No. 1264 Broadway, over Roger, Peet & Co's. store, at an annual rental of two thousand dollars (\$2,000).

On the first day of January I was appointed Commissioner of Public Buildings, Lighting and Supplies, and remained in the office, as above stated, having no other place provided for myself and the dozen or more Inspectors from the Board of Electrical Control, as well as a dozen from the Fire Department that were assigned to the new department of which I took charge.

I remained as such tenant for the months of January and February, under an arrangement with the landlord that I could stay for that portion of the year without being obligated for a longer term.

Please pass such resolution as will enable the landlord to collect his rent, or enable me to pay the same, for the two months, January and February, on a basis of \$166.66 per month.

Respectfully yours,  
HENRY S. KEARNY, Commissioner.

The Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized to pay the rental of the office at No. 1264 Broadway, temporarily occupied during the months of January and February, 1898, by the Department of Public Buildings, Lighting and Supplies, at the rate of one hundred and sixty-six dollars and sixty-six cents (\$166.66) per month.

Which was unanimously adopted.

The Comptroller presented the following report and resolution in regard to the lease of offices for the Department of Public Buildings, Lighting and Supplies, in the New York Life Insurance Building:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 9, 1898.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I call to the attention of the Commissioners of the Sinking Fund the request of the Commissioner of Public Buildings, Lighting and Supplies for the leasing of certain offices in the New York Life Insurance Building, for the use of his Department. This request, together with the report of the Engineer of the Finance Department thereon, appears in the minutes of the meeting of the Commissioners of the Sinking Fund, held January 14, 1898.

The rental of these offices is at the rate of one dollar and thirty-eight cents per square foot per annum, which I believe to be fair and reasonable, and I offer for the consideration of the Commissioners of the Sinking Fund the following resolution.

Respectfully,  
BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease to the City of Rooms Nos. 1124 and 1124A, 1125, 1126, 1127, 1128, 1138, 1139, 1140, 1141, 1142, 1143 in the New York Life Insurance Building, No. 346 Broadway, from the date of occupation to May 1, 1899, at an annual rental of six thousand dollars (\$6,000), payable quarterly; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Chief of the Bureau of Municipal Statistics in regard to the leasing of offices in the building of the New York Life Insurance Company:

BUREAU OF MUNICIPAL STATISTICS,  
NEW YORK, March 10, 1898.

To the Commissioners of the Sinking Fund of The City of New York:

GENTLEMEN—Pursuant to sections 133 and 217, chapter 378, Laws of 1897, I have the honor to request that a lease be taken of the three rooms numbered 1032, 1033 and 1034 of the tenth floor of No. 346 Broadway, for a period of thirteen months and fifteen days, or from the 15th day of March next, for the use of the Bureau of Municipal Statistics. The rooms are stated to contain nineteen hundred square feet, and the rental, if taken within a week, will be at the rate of twenty-seven hundred and fifty dollars (\$2,750) per annum, or \$144.73 per annum for each square foot. The rooms are well lighted and ventilated and suitable for the work of the Bureau and Municipal Statistical Commission.

I am, very respectfully, your obedient servant,  
JOHN T. NAGLE, Chief of the Bureau of Municipal Statistics.

In connection therewith the Comptroller submitted the following report:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
March 10, 1898.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Bureau of Municipal Statistics request that a lease be made of rooms Nos. 1032, 1033 and 1034 on the tenth floor of the building of The New York Life Insurance Company, No. 346 Broadway, at an annual rental of \$2,750.

The space included in these rooms is about 1,900 square feet, which I consider to be more than is required for the purposes of this Bureau. I, therefore, do not recommend that this lease be made.

Respectfully,  
BIRD S. COLER, Comptroller.

On motion of the Mayor, the report was unanimously accepted.

The following communication was received from the President of the Board of Public Improvements, in regard to the leasing of offices in the building of The New York Life Insurance Company, No. 346 Broadway:

BOARD OF PUBLIC IMPROVEMENTS—CITY OF NEW YORK,  
No. 346 BROADWAY, BOROUGH OF MANHATTAN,  
NEW YORK, March 10, 1898.

To the Commissioners of the Sinking Fund of The City of New York:

GENTLEMEN—I hereby respectfully apply for permission to lease, for the use of the Board of Public Improvements, on the eleventh floor of No. 346 Broadway, Rooms Nos. 1129, 1130, 1131, 1132, 1133, 1134, 1135, 1136 and 1137, which, with hall space to be used exclusively by this Board, contains an area of four thousand nine hundred and seventy-six (4,976) square feet. The rent will be seven thousand two hundred dollars (\$7,200) per annum, or \$1,446 per square foot per annum.

When the rooms were originally engaged on January 2, 1898, the verbal agreement with the New York Life Insurance Company was that the premises were to be leased for a period of three years from the 1st of January. This arrangement, since then, has been changed, so that the lease will be for a period of sixteen months, beginning January 1, 1898, and expiring on May 1, 1899.

Very respectfully,  
MAURICE F. HOLAHAN, President, Board of Public Improvements.

In connection therewith the Comptroller submitted the following report and resolution:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
March 10, 1898.

The proposed rental is seven thousand two hundred dollars (\$7,200) per annum, and the term of the lease is from January 1, 1898, to May 1, 1899.

I transmit herewith a report of the Engineer of the Finance Department, from which it appears that the number of square feet in the space proposed to be rented is 4,976, and the rental \$1,446 per square foot, which he considers reasonable and fair. I therefore offer for adoption the following resolution.

Respectfully,  
BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease to The City of New York of rooms numbers 1129, 1130, 1131, 1132, 1133, 1134, 1135, 1136 and 1137 on the eleventh floor of the building of the New York Life Insurance Company, No. 346 Broadway, together with the hall space connected therewith, from January 1, 1898, to May 1, 1899, at an annual rental of seven thousand two hundred dollars (\$7,200), payable quarterly; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and resolution on the refunding of Croton water rents paid in error:

The following communication was received from the Commissioner of Public Buildings, Lighting and Supplies, in relation to the leasing of No. 214 East Ninth street, for the Bureau of his Department having charge of the testing of gas meters:

CITY OF NEW YORK,  
DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES,  
COMMISSIONER'S OFFICE, No. 346 BROADWAY,  
NEW YORK, March 3, 1898.

*Sinking Fund Commission, The City of New York:*

DEAR SIRS—In organizing the department in which I am in charge, I have created a bureau for the testing of gas meters, as per section 575 of the new Charter, and will require a large floor area, or building, for the reception, storage and testing of new meters; also the machinery for making said tests, and attaching the necessary tags thereto, as provided for in the above-named section.

I have had a representative looking for a suitable building, and submit to you the result of his investigation, with the request that you authorize leasing said building.

The building best adapted for the purposes, in my estimation, is No. 214 East Ninth street, a four story and basement, 24 feet front and 75 feet deep—the owner being Edward Kearny of No. 130 East Thirteenth street, and the rent demanded is \$2,000 per year. I would suggest that a term of two or four years would be desirable.

Very truly yours,

HENRY S. KEARNEY, Commissioner.

In connection therewith, the Comptroller presented the following report and resolution:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
March 14, 1898.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—I submit herewith a report made to me by the Engineer of the Finance Department in regard to the application of the Commissioner of Public Buildings, Lighting and Supplies for a lease of the premises, No. 214 East Ninth street, for the use of the bureau in his Department which has charge of the testing of gas meters.

For the reasons stated in Mr. McLean's report, I suggest that if a lease of these premises be authorized the rental to be paid should not exceed \$1,500 per annum.

Respectfully,

BIRD S. COLER, Comptroller.

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
March 10, 1898.

*Hon. BIRD S. COLER, Comptroller:*

SIR—The Commissioner of Public Buildings, Lighting and Supplies, in communication of March 3, 1898, requests the leasing of the four story and basement building, No. 214 East Ninth street, for the use of his department, for the reception, storage and testing of new meters, and the machinery for making said tests.

I have examined the building and think it well suited for the purposes described by the Commissioner, there being four floors, or lofts, without divisions, the lower floor being on the level of the street. There is also an eight foot basement, or cellar, which has been used for a stable, having in it now 23 stalls.

The building is rough, having been erected solely for loft use. It has, however, an elevator or lift which will be useful in the business contemplated.

The lot is 24 feet by 75 feet, and the house occupies the whole of it, except about 4 feet in the rear.

The property belongs to Mr. Edward Kearny, No. 130 East Thirteenth street. The rent asked is \$2,000 per annum.

The tax valuation of the property is \$8,000, and the highest valuation I could place upon it is \$17,000.

At this valuation the rent asked would be a little over 11.76 per cent., which I consider too high. I think \$1,500 might be deemed a fair rent.

If the premises can be obtained at this rate, I think a term of two or four years suggested by the Commissioner would be justified, as a considerable amount must be expended in arranging the lofts for the work which is in view.

By the terms proposed the City is to make all repairs and to pay the water rent.

Respectfully,

EUG. E. MCLEAN, Engineer.

Resolved, That the Corporation Counsel be and hereby is requested to prepare a lease to the City, of premises No. 214 East Ninth street, from Edward Kearny, for a term of two years, from April 1, 1898, at an annual rental of one thousand five hundred dollars (\$1,500), payable quarterly, and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease should be made, the Comptroller is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Which resolution was unanimously adopted.

Adjourned.

EDGAR J. LEVEY, Secretary.

The President submitted the matters relative to Marble Hill.

On motion of Alderman Woodward, consideration of the same was postponed until next meeting of the Board.

Councilman Wise offered the following resolution:

Resolved, That the minutes of the Board of Local Improvements of the Nineteenth District of the Borough of Manhattan be printed in the CITY RECORD immediately after each session of the Board.

Adopted.

The President submitted to the Board the following communication from the office of the Commissioner, Department of Highways:

NEW YORK, March 10, 1898.

Hon. AUGUSTUS W. PETERS, President Borough of Manhattan:

DEAR SIR—I inclose herewith a copy of a letter addressed to the Mayor by Mr. Samuel Hunter, No. 254 West One Hundred and Twenty-fourth street, complaining of the defective condition of the sidewalk on the south side of One Hundred and Thirty-fourth street, between Lenox and Seventh avenues.

The letter was referred to me by the Mayor, and I handed it to the Chief Engineer of Highways for investigation. He examined the sidewalk, and found it defective. A notice would have been served on the owners of the abutting property to make the necessary repairs had not the effort made to find the owners of the vacant lots proved unsuccessful.

I submit the matter to you, in order that you may present it to the Local Board of the district for action, pursuant to the provisions of section 393 of the Charter of The City of New York.

Very respectfully,

(Signed) W. N. SHANNON, Commissioner of Highways.

NEW YORK, March 23, 1898.

Hon. ROBERT A. VAN WYCK:

DEAR SIR—I would respectfully call your attention to the condition of the sidewalk on West One Hundred and Thirty-fourth street, between Lenox and Seventh avenues. For a space of about 200 feet on the south side it is in a dangerous condition.

There is probably not another piece of walk in the city in as wretched a state.

Can something be done to make it at least safe?

Yours respectfully,

(Signed) SAMUEL HUNTER.

Councilman Wise offered the following resolution:

Resolved, That the Board of Local Improvements of the Nineteenth District of the Borough of Manhattan recommend to the Board of Public Improvements that the proper department be instructed to proceed to repair sidewalk on West One Hundred and Thirty-fourth street, south side, Lenox and Seventh avenues, and place same in proper condition, where necessary.

Adopted.

The President submitted to the Board the following communications:

COMMISSIONER'S OFFICE,  
No. 150 NASSAU STREET, CITY,  
March 10, 1898.

Hon. AUGUSTUS W. PETERS, President, Borough of Manhattan:

DEAR SIR—I inclose a copy of a letter addressed to me by Mr. Robert S. Sutcliffe, No. 123 West One Hundred and Thirty-seventh street, under date of March 4, making renewed complaint of the defective condition of the sidewalk in the One Hundred and Thirty-seventh street, extending about 200 feet west and east, respectively, from the northwest corner of Lenox avenue and One Hundred and Thirty-seventh street and the northeast corner of Seventh avenue and One Hundred and Thirty-seventh street.

Upon receipt of this letter I caused the sidewalk to be inspected, and I am in receipt of a report from the Chief Engineer of Highways showing that the sidewalk is in a bad condition. In such cases the usual course of procedure is to notify the owners of the abutting property to repair their sidewalks. In this instance the owners cannot be found, therefore notices to improve their sidewalks cannot be served upon them. Under the circumstances, I deem it proper to submit the matter to you in order that you may present it to the Local Board of the district for action, pursuant to section 393 of the Charter of The City of New York.

Very respectfully,  
(Signed) W. N. SHANNON, Commissioner of Highways.

No. 123 WEST ONE HUNDRED AND THIRTY-SEVENTH STREET,  
NEW YORK, March 4, 1898.

WM. N. SHANNON, Esq., Deputy Commissioner of Highways:

DEAR SIR—I acknowledge the receipt of your favor of February 23 regarding the sidewalk of West One Hundred and Thirty-seventh street.

It is now ten days since your letter was written, and there is no evidence that the owners of the abutting property intend to repair the walk. It extends about two hundred feet west and east, respectively, from the northwest corner of Lenox avenue and One Hundred and Thirty-seventh street and the northeast corner of Seventh avenue and One Hundred and Thirty-seventh street.

Hoping and requesting that you will take whatever steps may be necessary in the premises, I am,

Respectfully yours,  
(Signed) ROBERT S. SUTLIFFE.

Alderman Woodward offered the following resolution:

Resolved, That the Board of Local Improvements of the Nineteenth District of the Borough of Manhattan recommend to the Board of Public Improvements that the proper department be instructed to proceed to repair sidewalk West One Hundred and Thirty-seventh street, two hundred feet west and east respectively, from the northwest corner of Lenox avenue, One Hundred and Thirty-seventh street, and the northeast corner of Seventh avenue and One Hundred and Thirty-seventh street.

Adopted.

On motion, meeting adjourned.

I. E. RIDER, Secretary.

#### TWENTIETH DISTRICT, BOROUGH OF MANHATTAN.

MEETING HELD IN THE BOROUGH OFFICE, CITY HALL, MARCH 21, 1898, AT 12.30 P. M.

The roll was called, and the following members answered to their names:

Augustus W. Peters, President, in the chair, and Aldermen William F. Schneider and Thomas F. McCaul.

The minutes of the meeting held March 14, 1898, read and approved.

The President submitted to the Board an ordinance "To provide for the regulating, grading, etc., of One Hundred and Eighth street, from Second avenue to the East river."

AN ORDINANCE to provide for the regulating, grading, etc., of One Hundred and Eighth street, from Second avenue to the East river.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

Section 1. That One Hundred and Eighth street, from the easterly side of Second avenue to the East river, be regulated and graded, curb-stones set and flagged full width, under the direction of the Commissioner of Highways of The City of New York.

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

Mr. Peter A. Cassidy, of No. 245 East Forty-ninth street, owner of the property north side of One Hundred and Eighth street, First and Second avenues, stated that that portion of the street was already flagged.

Alderman McCall offered the following resolution:

Resolved, That the Board of Local Improvements of the Twentieth District of the Borough of Manhattan approve the ordinance to regrade, etc., One Hundred and Eighth street, from Second avenue to East river, and recommend further that said ordinance be so amended in reference to flagging as to read, "flagged on the south side with flagging four feet in width from Second avenue to the river."

Adopted.

The President submitted to the Board the following ordinance:

AN ORDINANCE to provide for the paving of One Hundred and Eighth street, from Second avenue to the East river, and the laying of crosswalks at each intersecting or terminating avenue.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

Section 1. That the carriageway of One Hundred and Eighth street, from the easterly side of Second avenue to the bulkhead-line of the East river, be paved with granite-block pavement and the crosswalks be laid at each intersecting or terminating avenue where not already done, under the direction of the Commissioner of Highways.

Sec. 2. All ordinances or parts of ordinances conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

At the request of Alderman McCall, consideration of the matter was deferred until March 28, 1898, at 12.30 P. M.

The President offered the following petition to the Board:

We, the undersigned, residents and taxpayers of East One Hundred and Fifth street, respectfully petition your Honorable Body to have asphaltum pavement laid on said street, from Third to Fifth avenue. The following reasons are urged for the proposed change:

1. The street is the point of junction of the Lexington avenue cable cars with the Lexington and Lenox avenue trolley cars. The former come to a stop at the south side of One Hundred and Fifth street and the latter at the north side. This gives unimpeded and safe passage for vehicles and pedestrians, and the street at this point has become an artery for travelers to and from between the east and west side, and the traffic is consequently great, all wheelmen preferring the comparative safety of this route.

2. Grammar School No. 72 and the parsonage of St. Cecilia's Church about on this street; both buildings are devoted to objects which render freedom from clamor and dust not only desirable but essential.

We therefore pray your Honorable Body to give this matter your careful consideration and favorable action.

E. A. Allsternum, No. 1904 Third avenue, corner One Hundred and Fifth street, and others.

Mr. S. Sanders, of No. 106 East One Hundred and Fifth street, was heard in support of petition.

Alderman Schneider offered the following resolution:

Resolved, That the Board of Local Improvements of the Twentieth District of the Borough of Manhattan recommend to the Board of Public Improvements that One Hundred and Fifth street, from Fifth avenue to the East river, be repaved with asphalt pavement.

Adopted.

The following ordinance was then considered:

AN ORDINANCE to repave One Hundredth street, from the westerly crosswalk of First avenue to the easterly crosswalk of Second avenue, with asphalt pavement.

Be it ordained by the Municipal Assembly of The City of New York, as follows:

Section 1. That the carriageway of One Hundredth street, from the westerly crosswalk of First avenue to the easterly crosswalk of Second avenue, Borough of Manhattan, be repaved with asphalt pavement upon the present pavement, under the direction of the Commissioner of Highways.

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of the ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

On motion of Alderman Schneider, the matter was laid over until the meeting of the Board, to be held March 28, 1898, at 12.30 P. M.

On motion, meeting adjourned.

I. E. RIDER, Secretary.

Bidders must satisfy themselves by personal examination, and by such other means as they may prefer, as to the nature and extent of the work or materials, and shall not, any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done or materials to be furnished.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

*N. B.—The prices must be written in the estimates and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.*

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received, but the contracts when awarded will be awarded to the lowest bidders.

Blank forms for proposals for the several contracts and information relative thereto, can be had at the office of the Park Board, Arsenal, Central Park, or at the office of the Commissioner of Parks for the Boroughs of Brooklyn and Queens, Litchfield Mansion, Prospect Park, Brooklyn.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received, but the contracts when awarded will be awarded to the lowest bidders.

Blank forms for proposals and forms of the several contracts which the successful bidder will be required to execute can be had at the office of the Department, Arsenal, Central Park.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the nature and extent of the work, and shall not, any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done or materials to be furnished.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section

27 of chapter 8 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N.B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called for, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received, but the contracts when awarded will be awarded to the lowest bidders.

Blank forms for proposals and forms of the several contracts which the successful bidder will be required to execute can be had at the office of the Park Board, Arsenal, Central Park, or at the office of the Commissioner of Parks for the Boroughs of Brooklyn and Queens, Litchfield Mansion, Prospect Park, Brooklyn.

Bidders are required to state in their estimate, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the above work or supplies, and that it is in all respects fair and without collusion or fraud; and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller.

The price must be written in the bid or estimate, and also stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all the bids, if in his judgment, it be deemed best for the interest of the City. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or proposal must be accompanied by a certified check on one of the State or National banks of The City of New York, payable to the order of the Comptroller of said city, for Five Hundred Dollars (\$500), or by money to that amount. On the acceptance of any bid, the checks or money of the unaccepted bidders will be returned to them, and upon the execution of the con-

All bids must be made with reference to the form of contract and the requirements thereof on file at the Department of Street Cleaning, or they will be rejected. **SEALED BIDS OR ESTIMATES FOR THE** aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities, No. 66 Third avenue, in the City of New York, until Monday, March 28, 1898, until 12 o'clock M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Materials and Work Required for certain Repairs and Alterations to Steamer 'Thomas S. Brennan,'" and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

The Board of Public Charities reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal sum of THREE THOUSAND (\$3,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. When more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be

calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Supervising Engineer, No. 66 Third avenue, New York City, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities will insist upon their absolute enforcement in every particular.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Cor-

poration upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners, or be provided for by the specifications.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk thereof, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of this contract, over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine. The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, No. 66 Third avenue, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.
