DEPARTMENT OF FINANCE.

REPORT ON THE MAINTENANCE OF BELLEVUE AND ALLIED HOSPITALS IN 1914 AND 1915.

September 11, 1916.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, The City of New York:*

Dear Sir—Under date of May 1, 1915, there was submitted to you a "Report on the Maintenance of Bellevue and Allied Hospitals in 1913 and 1914." This contained but little more than the expenditures of the Department from 1905 to 1914, inclusive, a comparison of the detailed costs of 1913 and 1914, and the costs per patient per diem in the several hospitals. It is proposed to preface the present report for the years 1914 and 1915 with a brief history of the hospitals of this department.

1. History of the Various Hospitals Comprised in Bellevue and Allied Hospitals.

Bellevue Hospital.

This institution is probably the oldest hospital in the United States. Originally the hospital department of the New York City Almshouse, its history extends over a period of one hundred and eighty years.

In the early days of the City, the poor were provided for by the Church from voluntary contributions dispensed by the officers of the Church, being for the most part assisted in their own homes. The homeless were housed for a long time in a building on the west side of Broad street, just north of Beaver street. The first hospital appears to have been established in 1658. The population of the town was then about 1,000 persons.

The English followed the Dutch methods of handling the poor until about 1690. In 1691 the Church poor funds were augmented by an allowance from the public treasury, and in the same year mention is first made of the Overseers of the Poor.

In March, 1714, it was first proposed to build a poorhouse, but not until 1734 was final action to this end taken. It was then decided to erect a two-story stone building on the site of the present City Hall. It was finished in 1736. On the Broadway side of this building, on the upper floor, a room about 25 feet by 23 feet was appropriated for an infirmary. It was from this room, containing six beds, that Bellevue Hospital grew.

By 1794 the poorhouse of 1736 had become inadequate, and application was made to the Legislature for permission to raise £10,000 by a public lottery. The new building, finished in 1796, stood on the north side of Chambers street, directly in the rear of the old one. Almost every year, from 1794 to 1805, saw an epidemic of yellow fever, and the great distress so produced rapidly increased the number of the poor. During the mayoralty of DeWitt Clinton (1808-1810) a site for a new almshouse and penitentiary was sought. The plot finally selected was a part of the Kips Bay farm, about six acres, running approximately from the East River along the line of the present Twenty-eighth street to the present Second avenue, then southerly to a point between Twenty-sixth and Twenty-seventh streets and along the line of the Belle Vue place to the East River. The Belle Vue place contained about five acres. It had been acquired by the City in 1794 for the isolation of yellow fever patients. The building standing on this plot was the first to be called Bellevue Hospital. The Bellevue plot cost £1,800 (about $9,000), and the 6-acre plot to the north $22,494.50. In June, 1814, an additional piece, running 50 feet on the East River and 235 feet northwesterly toward Second avenue and Twenty-eighth street was purchased for $3,000.

The new almshouse was first occupied in April, 1816. It contained two hospital pavilions. The total cost of the plant complete, as reported to the Common Council Board on February 9, 1818, was $421,109.16. Additional ground purchased in this year at a cost of $1,000 rounded out the property so that it extended between the East River and Second avenue from Twenty-eighth street to Twenty-fourth street.

In 1836 began the transfer of the different classes of inmates, the male prisoners then being sent to the new penitentiary on Blackwells Island. In 1837 the small-pox patients were taken to a small wooden building erected on one end of this island; in 1838 the female prisoners were removed to the Tombs; and, in 1839, the lunatics were removed to the new asylum on Blackwells Island. It was not until 1848 that Bellevue was relieved of the almshouse department.

In 1845 the Bellevue plot was reduced from seventeen to five acres by the sale of all that portion of the ground between Second and First avenues and Twenty-eighth and Twenty-sixth streets and the plot bordering the river from Twenty-sixth to Twenty-third streets.

In 1849 the newly created Board of Governors of the Almshouse removed the control of the hospital from a resident physician to the Medical Board of the Hospital. The first annual report of this Board is found in the first annual report of the Governors of the Almshouse for that year.

Although the earliest reference to public instruction in this hospital is found in 1804 and although Bellevue, with its many patients, offered a broad opportunity for clinical instruction it was not until 1849 that the first public clinic was held, and not until 1861 that the Bellevue Hospital Medical College was incorporated.

To Bellevue belongs also the honor of first establishing, in 1869, an ambulance service in cities. The organizer, Dr. Edward B. Dalton, who had had extensive hospital experience in the Civil War, based the new ambulance service upon his military experience, and it was to the completeness of the preliminary plans that the new system owed much of its success.

The ambulance service of all the public and private hospitals of the city (except those of the Department of Health) are now under the supervision and control of The Board of Ambulance Service, composed of the Police Commissioner, the Commissioner of Public Charities, the President of the Board of Trustees of Bellevue and Allied Hospitals, and two citizens appointed by the Mayor.

The New York Training School for Nurses Attached to Bellevue Hospital, established in 1873, has been called the mother of training schools in this country. A new building for this school, opened on April 28, 1909, affords accommodations for 300 nurses and their helpers.

In 1902, by section 692 of the City Charter, the control of Bellevue, Fordham, Harlem, Gouverneur and the Emergency Hospital, in East Twenty-sixth street, was taken from the Department of Public Charities and vested in a board of trustees, to be known as the "Board of Trustees of Bellevue and Allied Hospitals."

The first annual report of the Board, for 1902, severely criticised the physical conditions of Bellevue, Fordham and Harlem Hospitals and stated that the only remedy for these conditions was the construction of entirely new hospitals in their stead. Bellevue Hospital, it is to be remembered, was at this time occupying the building erected originally as the City Almshouse, about 1817, and it was really imperative that the hospital's facilities should be enlarged and improved.

In February, 1903, the City appropriated $75,000 for the preparation of plans and specifications for a group of new hospital buildings, on the same general site, to cost about $3,000,000. The City also provided for the condemnation of the entire block lying north of the present hospital site and bounded by First Avenue, Twenty-eight and Twenty-ninth Streets and the East River. It is now estimated that the Bellevue improvements will cost about $8,000,000. Over $5,000,000 have already been expended.

Another interesting feature of this period was the opening to the public, on November 17, 1903, of the Out-Patient Department. Comment upon the origin and growth of this service will be made later.

Pavilions A and B of the new Bellevue Hospital were opened for the reception of medical patients on November 7, 1908. The entire number of beds so made available was 430. The pathological building and men's dormitory were completed in July, 1910. Pavilions L and M, for surgical patients, were completed in December, 1913. Pavilions I and K, containing the operating rooms, accommodations for internes, X-ray department, etc., were accepted for the city by the Trustees in 1914. The next division of the new hospital to be completed will be Pavilions F and G.

Fordham Hospital.

This hospital was established in 1882 at 188th Street and Valentine Avenue. In 1902 the legislature authorized the expenditure by the City of $500,000 for a new Fordham Hospital, and in 1903 the Board of Estimate and Apportionment authorized the issuance of bonds for the erection of the new hospital at the junction of Southern Boulevard and Crotona Avenue. The patients were transferred to the new building on April 29, 1907.

Gouverneur Hospital.

This was established in 1887. It is situated at Gouverneur Slip and Front Street. It was originally a reception hospital for accident cases. When it occupied its present building in January, 1901, it was the only modern fireproof hospital owned by the City. Its capacity at that time was about 100 beds. A new wing to this building was completed in 1908.

Harlem Hospital.

This hospital dates from 1887. Work was begun in 1903 upon a new Harlem Hospital on the east side of Lenox Avenue, between One Hundred and Thirty-sixth and One Hundred and Thirty-seventh Streets, and the patients were safely transferred to the new building on April 30, 1907.

Neponsit Beach Hospital.

The site for this institution was furnished by the City, but the institution itself, constructed and equipped, was given to the City by the New York Association for Improving the Condition of the Poor. It was opened in 1915, and will be devoted to the treatment and care of bone tuberculosis, particularly among children, along the lines followed by similar great seashore institutions of Europe.

Out-Patient Departments.

Reference has previously been made to the opening of an "out-patient" department at Bellevue in 1903. Such work, on a limited scale, appears, however, to date from 1866, when a dispensary was established to furnish medical advice and medicines to persons unable to pay for them. These persons visited the dispensaries. The system was a success as it had been in London and in Paris. Its activites were gradually expanded so that now patients are treated not only at the dispensaries, but in their homes, instruction is given as to methods of preventing and combating disease, and studies are made of home and vocational surroundings for the purpose of eliminating elements prejudicial to health. All of the hospitals of this department except the Neponsit Beach Hospital now provide such service.

Day Camps.

In 1908 it was decided to use the old Staten Island ferryboats "Southfield" and "Westfield" as day camps for tuberculosis patients at Bellevue and Gouverneur Hospitals, respectively. The physical benefit to the patients of the treatment received at these camps was very marked. The use of the "Westfield" was discontinued on October 8, 1915. The patients were then cared for on the roof of the Neighborhood House on Grand Street, cooked food being served to them from the main kitchen at Gouverneur Hospital.

2. Growth of Hospital Service and Present Capacity of the Respective Hospitals.

The great value of the hospitals of this department to the City is well illustrated by the following statistics relative to the number of days of hospital treatment given in 1905, 1910 and 1915.

The foregoing figures do not, of course, include the "Out Patients" treated by the dispensaries or patients treated in the Day Camps on the boats "Southfield" and "Westfield." In the Out-Patient" department in 1915, 175,446 cases were treated, and 483,216 visits made, while in the same period the "Day Camp" service represents total days' treatment numbering 58,977.

The bed capacities of the various hospitals, as set forth in the departments' expense report for 1915, are:

Hospitals.	Bed Capacity, 1915.
Bellevue	1,381
Gouverneur	185
Harlem	208
Fordham	245
Neponsit Beach	120
Total	2,139

Statistics of services rendered are given later in connection with the total and unit costs of such services.

*Opened April 15, 1915.

The increase in Personal Service of 1915 over 1914 is due principally to the opening of the Neponsit Beach Hospital on April 15, 1915. The number of Hospital Helpers changes from month to month in all hospitals. They are mostly paid from temporary schedules.

4. Revenues.

The following statement shows the Revenues of Bellevue and Allied Hospitals for the years 1914 and 1915:

	1915.	1914.	Increase.
Board of Patients:			
Bellevue Hospital	$11,618 00	$7,422 50	$4,195 50
Gouverneur Hospital	482 50	394 50	88 00
Harlem Hospital	1,310 50	578 50	732 00
Fordham Hospital	1,961 50	893 50	1,068 00
Sale of Refuse Material	5,316 10	4,984 27	331 83
Miscellaneous	43 00	83	42 17
	$20,731 60	$14,274 10	$6.457 50

The considerable increase in the revenues of 1915 over those of 1914 is due, it is said, to a closer inquiry into the financial status of patients to determine the propriety of requiring payment for the services rendered to them, and also due to the workmen's compensation law, in connection with which the surety companies pay the charges for injured employees up to sixty days.

5. Expenditures for Maintenance and Operation, 1905 to 1915.

Years.	Cost.	Increase or *Decrease Over Preceding Year.
1905	$618,614 51	.....
1906	698,393 94	$79,779 43
1907	776,576 57	78.182 63
1908	953.388 87	176,812 30
1909	1,114.040 70	160,651 83
1910	1,167,430 50	53,389 80
1911	1,261,537 28	94,106 78
1912	1,383,464 94	121,927 66
1913	1,399,142 24	15,677 30
1914	1,431,443 66	32,301 42
1915	1,529,647 56	98,203 90
Total cost, 1905 to 1915	$12,333,680 77	
Increase in cost 1915 over 1905		$911,033 05
Average cost per annum	1,121,243 70	
Average increase per annum	91,103 30	
Percentage of average increase to average cost		8.12

The heavy increases in 1908 and 1909 appear to be due to the opening of the new Harlem and Fordham Hospitals in 1907 and the opening of Pavilions A and B of the new Bellevue Hospital and the new wing at Gouverneur in 1908. In 1910 a Men's Dormitory and a Pathological Building were completed, in 1911 a new laundry and boiler house, which possibly account for the heavy increases in 1911 and 1912. The large increase of $98,203.90 in 1915, as compared with 1914, is due in part to the $37,816.64 expended in 1915 to maintain and operate the new Neponsit Beach Hospital. The additional increases will be accounted for later.

The increased cost per patient per diem in Gouverneur Hospital is due to an increase in cost of $1,596.43, mostly in personal service, and a decrease in the number of days' treatment. Harlem owes a similar increase in cost to the increased cost of personal service and supplies.

Principal Increases and Decreases.

1a. *Administration—Supervision and General Expenses; Increase,* $1,827.78. Due to increase in personal service. In 1915, one additional chaplain at $450 per annum and one additional clerk at $480 were appointed, and during part of 1914 the position of assistant medical superintendent was vacant.

2a. *Professional Care of Patients—Admitting Wards and Operating; Decrease,* $2,685.42. Due to the smaller amount of replacements, surgical supplies and wearing apparel for patients purchased in 1915. Although there was an appreciable increase in personal service due to the employment of extra hospital helpers in 1915 the decreases in other items overbalanced the personal service increase.

2b. *Convalescent Relief; Increase,* $2,410.74. Due to increase in personal service in 1915 by the employment of two additional nurses at $800 per annum each, one hospital helper at $480 and one hospital helper at $240.

2d. *X-Ray Laboratory; Increase,* $5,358.46. Due to the purchase of x-ray plates and replacements of intensifying screens, transformers and Coolridge tubes, and the employment of an additional nurse at $600 per annum in 1915, on account of the greater volume and broader scope of the work. In 1915 21,505 x-ray exposures were made, as against 15,007 in 1914, an increase of 6,498 exposures, or 45 per cent.

2f. *Training School for Women Nurses; Increase,* $1,438.27. Due chiefly to increase of kitchen repairs, mainly in connection with refrigerator.

2g. *Training School for Men Attendants; Increase,* $2,116.72. Due to increased cost of food and to additional kitchen equipment.

2h. *Training School for Midwives; Decrease,* $319.43. This account shows a decrease in the totals due to the greater amount of repairs and replacements made in 1914; but there is an increase in the expenditures for food supplies in 1915.

3a. *Kitchen, Dining Rooms and Pantries—Doctors' Kitchen and Dining Rooms; Increase,* $2,906.43. Due to increase in cost of food supplies in 1915.

3b. *Dietary Kitchen; Increase,* $1,265.17. This increase is found in the increased cost of food supplies in 1915.

3c. *General Kitchen and Dining Room; Increase,* $16,933.17. Food supplies cost $17,933.42 more in 1915 than in 1914. There were some decreases in household repairs and equipment, replacements and fuel supplies. In 1915 there were 686,929 patient and employee days, as against 655,343 in 1914, an increase of 31,586 days, or 4.8 per cent. The increase in the cost of food was, however, 24.4 per cent.

4a. *Housekeeping—Staff and Employees' Quarters; Decrease,* $387.63. This small decrease is due to the smaller amount of expenditures made in 1915 for replacements to household and general plant equipment and for laundry and cleaning supplies.

4b. *Sewing and Linen Room; Increase,* $103.20. Due to the purchase of an electric marking machine, sewing machine motor and desk fan in 1915.

4c. *General Laundry; Increase,* $1,555.78. Due to increase in personal service through the employment of additional hospital helpers and the transfer in March, 1914, of the laundry help from the nurses' residence to the general laundry.

5a. *Plant Service—Light, Heat and Power; Increase,* $14,567.64. Due to the increased quantity of coal used in 1915, made necessary by the heating of the new Pavilions, I and K, opened December, 1915, and L and M, opened in October, 1915. But certain parts of these buildings were heated prior to these dates. In 1915 20,006 long tons of coal were consumed, while in 1914 but 16,223 tons were used, an increase of 3,783 long tons. The refrigerating supplies also showed an increase in 1915.

5b. *General Structures and Grounds; Decrease,* $1,318.44. This decrease is due to less repairing and painting of buildings in 1915 than in 1914.

6. *Ambulance Service; Decrease,* $5,618.63. This decrease is due to the fact that in 1914 two automobile ambulances were purchased for $4,975, and one electric ambulance for $2,918, a large number of repairs and replacements to the motor ambulances were made, and a considerable amount of motor vehicle supplies were purchased, whereas the only substantial purchases of like nature made in 1915 were two automobile ambulances at $2,400 each.

7. *Out-Patient Department; Decrease,* $645.15. Due to a decrease in personal service.

8. *Day Camp—Boat Southfield; Increase,* $649.91. Food costs increased about $350 and maintenance charges about $300.

Principal Increases and Decreases.

2a. *Professional Care of Patients—Admitting Wards and Operating; Decrease,* $4,175.64. Due to the smaller census in 1915, less food supplies were purchased. In 1915, there were 71,985 patient days, whereas in 1914 there were 75,926, a decrease of 3,941 patient days.

2d. *X-Ray Laboratory; Increase,* $102.38. The increased volume of X-ray work in 1915 necessitated the purchase of X-ray plates. The X-ray exposures made in 1915 numbered 3,928, and in 1914 2,898, an increase of 1,030.

2f. *Training School for Women Nurses; Increase,* $752.08. Due to the increases in the purchases of household equipment in 1915.

3a. *Kitchen, Dining Rooms and Pantries; Increase,* $6,171.18. Although the employee days and patient days decreased 3.4 per cent. in 1915, the expenditures for food supplies increased $6,332.21.

6. *Ambulance Service; Increase,* $272.21. Due to the increases in salaries of two ambulance drivers from $600 to $900 per annum each.

7. *Out-Patient Department; Increase,* $1,456.20. Due to the substitution of ten paid physicians, at $300 per annum in 1915 in place of ten physicians who gave their services free of charge.

8. *Day Camp, Boat Westfield; Decrease,* $3,300.85. The boat Westfield was discontinued on October 8, 1915. On November 7, 1915, the activities of the day camp were resumed on the roof of the Neighborhood House on Grand Street. On May 18, 1916, a new boat, the "John H. Huddleston," was put into operation. The discontinuance of the Westfield caused a decrease in number of patient days. In 1915 there were 26,921 patient days, as against 28,119 for 1914, a decrease of 1,198 patient days.

2b. *Convalescent Relief; Increase,* $208.17. An additional Nurse at $800 per annum appointed in 1915.

2d. *X-Ray Laboratory; Increase,* $1,197.36. Due to the greater volume of work performed in 1915, more X-ray plates were purchased in 1915 than in 1914. It was also necessary to replace in 1915 a rotax interrupter, intensifying screens and Coolridge tubes. In 1915, 5,181 X-ray exposures were made, and in 1914, 4,142, an increase of 1,039 exposures.

2c. *Pathological Laboratory; Increase,* $149.72. This small increase is due to the replacement of general plant equipment in 1915.

2f. *Training School for Nurses; Increase,* $10,283.39. In April, 1915, a new Nurses' residence was opened. In 1914 the Nurses dined in the general dining room, and the food supplies were charged to the general kitchen, whereas in 1915 the food supplies for the maintenance of the Nurses were charged to this activity. There was also transferred from the general kitchen one Cook at $480, and two Helpers at $240.

3a. *Kitchen and Dining Rooms; Decrease,* $4,625.61. In 1915 the food supplies for the Nurses in the training school were charged to "Training School for Nurses," whereas in 1914 they were charged to this activity.

5. *Plant Service—Light, Heat and Power; Increase,* $3,479.36. Due to the lighting and heating of the new Nurses' residence and a new hospital wing more coal was consumed in 1915 than in 1914. In 1915, 3,755 long tons of coal were burned; in 1914, 3,262 long tons, an increase of 493 long tons. Large repairs were also made to engine, pumps and elevators in 1915.

6. *Ambulance Service; Increase,* $4,278.58. Due to the employment in 1915 of an additional Ambulance Driver at $800 per annum and the purchase of two new automobile ambulances at $2,400 each. But for the automobile purchases the cost of this activity would have shown a decrease.

Principal Increases and Decreases.

2a. *Professional Care of Patients—Admitting Wards and Operating; Increase,* $2,274.09. Due to increases in salaries, partly automatic, and increases in the cost of drugs, food supplies and clothing.

2d. *X-Ray Laboratory; Increase,* $956.79. Due to larger purchases of X-ray plates on account of the greater volume of work. In 1915 the X-ray exposures numbered 7,593, in 1914 2,994, an increase of 4,599 exposures.

3a. *Kitchen, Dining Rooms and Pantries; Decrease,* $3,637.33. The decrease shown in the cost of food in this function was $3,626.15. This seems hardly possible, when it is shown in a later statement that the total food costs of this institution increased $465.41.

4a. *Housekeeping—Staff and Employees' Quarters; Increase,* $962.27. Due to replacement of household equipment in 1915.

5a. *Plant Service—Light, Heat and Power; Decrease,* $1,965.60. Due to a decrease in the amount of coal consumed. In 1915 3,137 long tons of coal were consumed and in 1914 3,559 long tons, a decrease of 422 long tons.

5b. *General Structures; Decrease,* $1,574.68. Due to repairs of fire apparatus and replacements of general plant equipment in 1914.

Neponsit Beach Hospital.

This hospital was put into operation on April 16, 1915, and its expenditures therefore cover a period of but 8½ months. The patient day cost of $2.16 in this institution is slightly higher than similar costs in the other hospitals of the department, due probably to the non-utilization of the institution to its full capacity.

7. The Food Supplies.

The food cost forms one of the heaviest items of expenditure in this department. It amounted in 1915 to $396,383.51, out of total expenditures of $1,529,647.56, or 25.91 per cent.

The statement below shows the food costs in each hospital and in each function of each hospital, the percentages of increase in the respective hospitals and the cost of food per patient day in 1915 and 1914. This latter figure, of course, includes the feeding of both the patients and the employees attending them.

Considering the department as a whole there appears to have been no substantial increase in the cost of the various foods in 1915 as compared with 1914. This statement is borne out by an examination of the prices paid by this department for its principal foods, also by Bradstreet's index of food values.

Despite this fact, however, there are increases in the hospitals not explainable by a corresponding increase in the patient days. These increases are pointed out in the following table, the food costs of the maintenance of officers, out-patient department and day camps being omitted for the purpose of securing a better comparative basis:

The cost for food for employees and patients per patient day in each institution for 1914 and 1915 follows:

	1915.	1914.	Increase or *Decrease.
Bellevue	$0.4794	$0.4722	$0.0072

Harlem	.4708	.4476	.0232
Fordham	.4775	.5040	*.0265
Neponsit	.4935	.....	.....

It is natural to expect that Bellevue, with its large census, will show a smaller increase in food cost per patient day than the smaller hospitals, but in view of the showing made by Fordham Hospital more attention should be given to the food costs of Gouverneur and Harlem Hospitals.

8. Recommendations of the Committee on Inquiry Into the Departments of Health, Charities and Bellevue and Allied Hospitals.

The committee referred to was appointed by the Board of Estimate and Apportionment on October 26, 1910, and its completed report was submitted to the Board in December, 1913. This report makes a volume of nearly 800 pages, and is the most complete analysis ever made of the activities of the departments mentioned. At that time New York operated eighteen hospitals: Bellevue and Allied Hospitals 4; Health, 4; Charities, 10. Bellevue and Allied Hospitals were supposed to treat only acute non-contagious cases, but cared, as well, for tuberculosis, pneumonia, typhoid and some other contagious and infectious diseases. Health cared for contagious diseases, and Charities handled the same classes of cases as Bellevue, having, however, more chronic and tuberculosis cases. It was the opinion of the Commission that most of the activities of these three departments could advantageously be centered in one department.

The section of this report upon which it is desired to lay stress, however, is the cost to Bellevue and Allied Hospitals of caring for various classes of persons, aliens and non-residents, for whose maintenance they are not legally liable. An examination made by the committee referred to, covering the period from May 19 to June 18, 1913, showed "that many more aliens were admitted to these institutions than shown by the records, probably owing to the fact that incorrect or insufficient information was secured from the patient or inmate on admission to the institution," that "of the patients admitted to Bellevue Hospital during the month above indicated, 30.6 per cent. acknowledged that they were not citizens of the United States." It was estimated that "the cost of maintaining aliens in Bellevue Hospital alone for a year would aggregate about $265,777."

"The estimated cost of caring for aliens in the municipal hospitals of New York City (exclusive of the hospitals in the Health Department and those on Randall's Island) is about $916,800 annually. The cost of caring for aliens in the Almshouses is about $172,000 annually, or an aggregate cost of over $1,000,000 annually. This amount does not include the cost to the City of supporting aliens in private institutions. The estimated cost to the City of caring for those patients in the foregoing hospials (excluding the Almshouses) who have been in this country less than five years, is $386,700 annually.

"In 1912, according to the records of Bellevue Hospital, there were 2,431 admissions of non-residents of New York City." It was estimated by the Committee, however, after investigation, that the "total entering Bellevue during a year would be in the neighborhood of 5,500, and would cost the Hospital for maintenance at least $112,000. Of the 2,431 admissions of non-residents shown in the records," 47.7 per cent. had been in the city only one month or less, and nearly one-half of these but one day or less.

"Judging by the character of the diseases and the length of time in the City," continues the Committee, "it is strongly probable that fully 67 per cent. of the non-residents had the ailments which caused them to be in Bellevue before they came to New York City."

As to alien dependents, "previous to 1876, the State of New York was in charge of the admission of immigrants, and, from a fund provided by a head tax, agreed to pay for the support of all sick and pauper immigrants within a period of 5 years after landing. The Federal Government took over the Immigration Service in 1882, and thereafter made contracts with the State of New York for the care of sick and pauper aliens, which contracts were in force until 1891, when they were discontinued. Since that time, New York City has received a negligible amount for such aliens from the Federal Government."

In December, 1913, the City was notified that after January 1, 1914, "the Federal Government would not pay for the care of aliens in the municipal institutions who had become public charges from causes existing prior to landing."

As to non-resident dependents, "a dependent person who has not resided 60 days in any county of the State is classed as a State Poor person, and the State assumes the responsibility for the care of such dependents and is supposed to pay for their support in almshouses designated by it as State Almshouses.

"The average number of State Poor annually acknowledged and supported by the State through the agency of the State Board of Charities for the six years preceding 1899 was 2,014. Since 1900 the number acknowledged and supported had gradually decreased, until the average number from 1905 to 1911 was but 575 annually. Thus an increasing number of State Poor are apparently being supported in the institutions of New York City without reimbursement by the State. The City received for such support in 1902, $5,500, and in 1912, $600.

"In 1902, 43 per cent. of the total amount paid by the State Board of Charities for the support of State Poor was paid to New York City. In 1911 New York City received but 14 per cent. of the total amount paid in the State by the State Board of Charities."

To eliminate these defects the Committee recommended the establishment at Bellevue of a bureau estimated to cost $15,240 a year. It stated that the expenditure of this sum "should save Bellevue and Allied Hospitals annually several times the amount expended. It is probable," it says, "that such a bureau, aside from excluding many non-residents who should not be treated by the City, and securing the deportation of aliens afflicted with sickness before entering the country, would collect from other States, from New York State, from subdivisions of New York State, from individuals and from the Federal Government. Such collections would amount to many thousands of dollars annually."

An inquiry into the present status of these matters does not disclose any substantial change.

9. General Remarks.

The maintenance and operation of the Department of Bellevue and Allied Hospitals in 1915 at a cost of but $98,203.90 in excess of the cost in 1914, or 6.86 per cent., may be considered very creditable, inasmuch as the patient days' treatment increased 7.8 per cent., and the out-patient visits 12.3 per cent., while the day-camp treatments, a comparatively small part of the general work, decreased but 1.2 per cent.

The only object of expenditure that increased in a greater percentage than the average increase in expenditures (6.86 per cent.) was supplies. This item exhibits an increase of 7.66 per cent. Examination of its component parts shows an increase in the food costs of 9.55 per cent. The preceding tables indicate that the food costs at Gouverneur and Harlem hospitals, and possibly at Neponsit Beach, should be reduced.

Another matter that should be improved is the character of the statistics furnished by this department. To know in a general way where increases in cost occur is of some worth, but it is not nearly so valuable as specific knowledge of the function or article in which the increase takes place. In this latter respect the reports furnished are not entirely satisfactory. Accurate statements are a first requisite for analytical work of this kind, and it is hoped that the future expense statements of this department will show an improvement in this respect.

The revenues of the department from the "Board of Patients" grew from $9,289 in 1914 to $15,372.50 in 1915, an increase of $6,083.50, or over 65 per cent., due it is said to closer investigation of the ability of the patients to pay.

It would seem from the statements of the Committee on Inquiry into this department, hereinbefore presented, that an effort should be made as well to secure from the Federal and State governments, and from other municipalities reimbursement of the moneys expended by The City of New York in the care of the poor and sick and injured to whom the city is under no legal obligation to extend aid.

Respectfully, ROBT. B. McINTYRE, Supervising Statistician and Examiner.

E. F. BARRETT, Deputy Chamberlain.

Bellevue and Allied Hospitals.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Thursday, Aug. 3, 1916, at 2 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. O'Keeffe, Sachs, Farley and Stern, Trustees. Excused—Mr. Paulding and Mr. Robbins, Trustees, and Mr. Kingsbury, Commissioner of Public Charities.

Mr. O'Keeffe was appointed Secretary pro tem.

The minutes of the meeting of July 13 were held as read and approved.

Dr. George O'Hanlon, the General Medical Superintendent, reported as follows:

Miss Noyes went on her vacation on August 1st, to be absent until September 1st.

Dr. E. M. Connely, Assistant Alienist, and a member of the Medical Reserve Corps, U. S. Army, was ordered to Texas on July 28. It is recommended that Dr. Preston, who has been the assistant, be placed in charge of this service during the absence of Dr. Connely, and that Dr. Gross be appointed temporarily to the position of Dr. Preston.

The St. John's Guild ask for the use of one of the water tanks on the boat "Huddleston," recently purchased from them. This tank will not be used by us and it can well be spared. The boat "Huddleston" was occupied yesterday by the children. The conditions are, however, most unsatisfactory, owing to the Park Department having failed as yet to undertake the work of the water front.

There are 64 cases of Infantile Paralysis under treatment at Bellevue at present, and arrangements are being made for the care of a larger number of patients, as well as for the convalescent care of these cases. This work will, however, make necessary the employment of additional nurses. There are no accommodations at the hospital for their maintenance, and it will be necessary to pay them at least $900 and have them live outside of the hospital. Your authorization for the employment of these nursese is requested.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent as follows:

The appointment of Dr. Preston as Assistant Alienist during the absence of Dr. Connely on military service and the temporary appointment of Dr. Gross to the place held by Dr. Preston were approved.

It was resolved to allow the St. John's Guild to use one of the water tanks on the boat "Huddleston," subject to the approval of the Commissioners of the Sinking Fund.

After discussion, it was resolved to request the Park Department to complete at once the construction of a seawall at the water front where the boat "Huddleston" is moored, and the General Medical Superintendent was instructed to see that great caution is exercised by people in getting on and off the boat "Huddleston" until the seawall is repaired.

The employment of the nurses necessary to care for the cases of Infantile Paralysis at Bellevue Hospital was authorized.

COMMITTEE REPORTS.

The bids received on July 10 for building roadways and curbing around pavilions L and M, Bellevue Hospital, action on which was deferred at the last meeting, were considered in connection with a report from McKim, Mead & White, dated July 25. After consideration, on the recommendation of the Building Committee, the contract was awarded to the lowest bidder, Edward F. Fitzpatrick, in the sum of $4,150.

The Building Committee reported on the request of McKim, Mead & White, dated April 3, 1916, for new contracts for architectural services on certain work at the Neponsit Beach Hospital; inasmuch as the standard form of city contracts was followed in the preparation of the contract submitted to McKim, Mead & White for signature, the Building Committee recommends that the advice of the Board of Estimate and Apportionment be sought in this matter. After consideration, on motion, duly seconded, and carried, this report was approved.

Dr. Brannan reported that in accordance with the authorization of the Board of Trustees at their meeting on June 29th, he addressed a letter to the Board of Estimate and Apportionment under date of July 15th, setting forth the difficulty the hospitals of the department are having in securing and retaining employees, and requesting permission to use the accruals, amounting to about $8,800 for the first six months of 1916, to increase the salaries of hospital helpers for length of service. On motion, duly seconded and carried, this report was approved.

A letter was presented from the Board of Estimate and Apportionment, Bureau of Contract Supervision, dated July 18th, asking for the transfer of $8,800 in salary accruals to the Department of Plant and Structures. Dr. Brannan reported that he had replied to this communication, setting forth that the Trustees are about to make a request of the Board of Estimate and Apportionment for permission to use these accruals to increase the salaries of hospital employees for length of service, in order to retain employees to carry on the activities of the department. On motion, duly seconded and carried, the action of the President was approved and the letter ordered placed on file.

The President and the General Medical Superintendent reported that they had complied with the request of the Medical Board of Fordham Hohpital to assign ward 6, formerly the men's surgical ward for the women's surgical ward, so that all the men patients on the surgical division will be in ward 8. On motion, duly seconded and carried, this report was approved.

Dr. Brannan referred to the condition of the roof of the nurses' home at Harlem Hospital, and called attention to the need of the construction of tile or other style of acceptable roof in the place of gravel, and also to the necessity of erecting an iron fence at the east end of the roof, and the construction of additional balconies. After discussion, these subjects were referred to Dr. Brannan and Mr. Farley, with power.

Dr. Brannan referred to a communication, dated July 31st, from Ellsworth Mills, Consulting Engineer of the Public Service Commission, regarding the lack of screens at Bellevue Hospital, particularly the dining rooms and the morgue. After discussion, it was moved, seconded and carried to direct the General Medical Superintendent to install at once fly screens in the dining rooms at Bellevue, and the morgue of the Pathological Building, and that provisions be made in the departmental estimate for 1917 for screens for all the hospitals of the department. It was further moved, seconded and carried, to bring the letter of Mr. Mills to the attention of Commissioner Kingsbury, and to inform him that although the morgue is under the jurisdiction of the Department of Public Charities, the Trustees have undertaken to screen the windows for the protection of the patients and the staff at Bellevue Hospital.

A statement was made that Miss Noyes had tendered her resignation as General Superintendent of Training Schools, to become effective Oct. 1, 1916. After discussion, it was moved, seconded and carried, to inform the Board of Managers of the Bellevue Training School for Nurses that the Trustees wish they would consider the desirability of appointing Miss Brink as General Superintendent of Training Schools, and suggest that until an appointment is made Miss Brink be designated as Acting General Superintendent of Training Schools for a period of three to six months.

The Chairman of the Building Committee reported that under date of July 3, 1916, he wrote a letter to the Southern Surety Company, calling attention to their great delay in completing the abandoned contract of the Andrews Building Company for the installation of the machine room, coal vault and storage room at Harlem Hospital, and presented a reply dated July 31, setting forth the action of the Surety Company in undertaking the completion of the work, and stating that the Fifth National Bank, who holds the assignments of the Andrews Building Company, have assured them that the work would be completed promptly. In connection therewith a letter was presented from the Fifth National Bank, dated July 31, stating that they made arrangements to complete the contract, and requesting the Trustees to take no action in re-advertising the work until a fair opportunity is given to them to do it. A letter, dated August 2nd, was also presented from them stating that on receipt of further information they find it inadvisable to complete the work, and requesting that their offer of July 31st be considered withdrawn. After consideration, it was moved, seconded and carried, to authorize the Building Committee to take such steps as may be necessary to protect the interests of the city to obtain the prompt completion of this work.

The Trustees at their meeting on June 29th approved the request of the Second Division of Bellevue Hospital for permission to secure the services of a full time anaesthetist, the salary to be paid as at present, in addition to the amount paid by Cornell University. The minutes of the Executive Committee for June 28th set forth that Cornell University contemplates the appointment of either a physician or a nurse for this purpose. On motion, duly seconded and carried, it was

Resolved, To inform the Executive Committee that the Trustees do not approve of the appointment of a nurse for this service, as they desire to have only a properly trained physician.

COMMUNICATIONS.

A letter, dated July 30, was presented from Dr. Edward Waitzfelder, resigning from his service as Visiting Physician to Gouverneur Hospital, in accordance with the rule adopted in the department retiring physicians and surgeons on account of age limitation. On motion, duly seconded and carried, the resignation was accepted with regret, and it was

Resolved, To thank Dr. Waitzfelder for the faithful performance of the duties that were assigned to him during the many years of his service and appoint him Consulting Physician to Gouverneur Hospital.

A letter, dated, June, 1916, was presented from the American Hospital Association, recommending that superintendents of hospitals become members of that association and that the hospital pay the superintendent's expenses to attend the convention annually. As the General Medical Superintendent is a member of the Association it was moved, seconded and carried, that the department pay the railway and hotel expenses of the superintendent to attend these conventions.

A communication, dated July 14, was presented from the Department of Docks and Ferries, stating that they have no outstanding contract for dredging nor funds available for deepening the channel to the north of the pier at the foot of E. 28th st., as requested by the Trustees, the estimated cost of which, as set forth, is $1,800. After consideration, it was moved, seconded and carried, to make provision in the budget for 1917 for funds for this purpose.

Communications, dated July 21, July 24 and Aug. 3rd, from McKim, Mead & White, with plans and specifications for alterations to the Administration Building of Bellevue Hospital for the reduction of fire hazards and the future alcoholic wards were presented. The estimated cost is $17,800. On the recommendation of the Building Committee it was moved, seconded and carried, that the plans and specifications for the fire hazards be presented to the Board of Estimate and Apportionment for approval.

A communication, under date of July 15, was presented from the Reliance Engineering Company, requesting an extension of time on their contract for the installation of power plant equipment at Bellevue Hospital, on account of the delay caused originally by freight congestion. A letter, dated Aug. 3, relating thereto, was presented from John C. Quinn, Consulting Engineer. On the recommendation of the Building Committee it was moved, seconded and carried, to grant the Reliance Engineering Company an extension of time to Sept. 16, 1916, to complete the work.

The Shevlin Engineering Company, contractor for the installation of power plant equipment at Gouverneur, Harlem and Fordham, presented a request dated July 14, for an extension of time to complete the work. The work is practically completed with the exception of certain tests, which cannot be made until the department receives certain kinds of anthracite coal. A letter relating thereto was presented from John C. Quinn, Consulting Engineer, dated Aug. 7. On the recommendation of the Building Committee the contract time was extended to Aug. 15, 1916, to finish the contract.

A letter, dated July 26, was presented from McKim, Mead & White, recommending the acceptance of an estimate from James McCullagh, Inc., for the installation of plumbing fixtures omitted from the new building for the Gouverneur Out Patient Department. On motion, duly seconded and carried, this communication was referred to the Building Committee for recommendation.

A communication, dated July 28, was presented from the Board of Estimate and Apportionment, enclosing a resolution adopted on July 27, denying the application for the retirement of Kate Conway, from active service as pantry maid and assistant cook in the nurses' home at Bellevue Hospital. On motion, duly seconded and carried, this communication was ordered placed on file.

A resolution was presented from the Board of Aldermen, setting forth that city employees who may become volunteers or members of the militia shall receive their salary and leave of absence during their period of service, providing the written consent of the head of the department has been obtained by the one proposing to enlist.

Three resolutions adopted by the Board of Aldermen on July 7th were presented:

a. Granting permission to buy in the open market without public letting surgical instruments required in the ear, nose and throat service, at an estimated cost of $2,600.

b. Authorizing special revenue bonds in the sum of $53,700 to meet the deficit in the appropriations to Bellevue and Allied Hospitals.

c. Granting permission to buy in the open market equipment for the x-ray department, at an estimated cost of $22,500.

On motion, duly seconded and carried, these resolutions were ordered placed on file.

A motion to adjourn the meeting was seconded and carried.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

During the quarter an important decision was rendered by the Supreme Court in the matter of assessments against foreign corporations and non-residents. As stated in the report of this Bureau for the previous quarter, the practice of examining foreign corporations and non-residents in supplementary proceedings was inaugurated. One of these corporations, the Coca-Cola Company, brought a proceeding to vacate the order of examination procured against it. The motion was argued before Mr. Justice Bijur who has just handed down the decision referred to above, denying the same and directing that the examination of the company proceed.

As this move by the defendant placed in issue the right of the City to compel foreign corporations and non-residents to appear before the court for examination in supplementary proceedings to ascertain the nature and extent of their invested capital in this state, Mr. Justice Bijur's decision will have an important bearing upon both the assessment and collection of personal taxes against this form of property.

An appeal taken by the defendant was argued before the Appellate Division on June 16, 1916. In the event of an affirmance many thousands of dollars of taxes heretofore considered uncollectible will be recovered by the City. Respectfully submitted. JOHN P. O'BRIEN, Assistant Corporation Counsel in Charge.
