## LAWS OF NEW YORK, 1880.

### CHAPTER 360.

#### AN ACT to provide for the proper drainage of lands in the city of New York.

Passed May 22, 1880; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Whenever in the opinion of the board of health of the health department of the city of New York, the protection of the public health requires the drainage of any lands in said city, by means other than sewers, such board of health may adopt a resolution describing the location of such lands, and directing the proper drainage thereof, and the construction of drains therefor, by the commissioner or commissioners of the department of said city having jurisdiction to construct sewers in that part of said city where such drainage is so required. Such board of health shall thereupon cause a map to be made, whereon shall be shown the location of such proposed drains, and the lands required for the construction thereof. Such resolution shall be entered at length in the records of such board of health and such map shall be filed in such health department. A copy thereof shall be filed in the office of the register of the city and county of New York. Such board of health shall cause another copy of said map, together with a copy of such resolutions, to be delivered to the commissioner or commissioners of the department in said city who shall, by such resolution, be required to construct such drains.

Sec. 2. It shall be the duty of such commissioner or commissioners, upon the receipt of such map and resolution, through the counsel to the corporation of said city, to take immediate and proper proceedings for the acquirement of a right of way over, under or through the lands shown upon said map to be necessary for such drains, and it shall be the duty of such counsel to the corporation immediately to take such proceedings and conduct them to a speedy determination.

Sec. 3. The right of way over, under or through the lands so required for such drains shall be taken and acquired in the manner required by law for acquiring title to lands in said city to be used as public streets. Provided, however, that the time or times provided in such law for the giving or publication of any notice shall, for the purposes of this act, be reduced one-half, and the time for the sitting of the commissioners of estimate and assessment to hear objections to their report is, for the purposes of this act, hereby made two days, in the place of ten days. Any maps, plans or surveys that may be required for the use of the commissioners of estimate and assessment, to be appointed in such proceeding, shall be furnished by the department charged with the construction of the drains, and shall be prepared and made by surveyors in the regular and stated employment of such department; neither the expense of such surveys nor any other expenses, other than the fees of the commissioners of estimate and assessment attending the proceeding, shall be included in the assessment that may be made by such commissioners of estimate and assessment. The counsel to the corporation shall not be entitled to any compensation for services to be rendered by him in such proceeding, other than his stated salary. The commissioners of estimate and assessment shall not be allowed any compensation for office-rent, clerk, or carriage-hire. They shall each be entitled to receive the following rates as compensation for their services in full. Where the drain to be constructed is five hundred feet or under in length, the sum of twenty-five dollars. Where the drain exceeds five hundred feet in length, twenty-five dollars, and in addition thereto, five cents per foot for each running foot of drain in excess of five hundred feet, but the compensation of each commissioner shall, in no case, exceed one hundred and fifty dollars.

Sec. 4. Upon the confirmation by the court of the report of the commissioners of estimate and assessment in such proceedings, it shall be the duty of the board of estimate and apportionment of the city of New York immediately to authorize and direct the comptroller of said city to issue bonds in behalf of the mayor, aldermen, and commonalty of the city of New York, to the amount necessary to pay the damages awarded to owners of lands for the right of way required for such drains, and to pay for the preparation of plans and surveys provided for as aforesaid, and for the fees of the commissioners of estate and assessment, and from the proceeds of said bonds the said comp-

troller shall pay the damages so awarded, in the same manner as in the case of street openings, and the fees of the commissioners of estimate and assessment, and shall also pay the expenses incurred for such plans and surveys as above provided.

Sec. 5. Upon the confirmation of the report of the commissioners of estimate and assessment by the court, the commissioner or commissioners of the department in said city having the charge of the construction of such drains as herein proposed shall have the power and they are hereby directed to make and adopt proper and suitable plans for such drains and to construct them. The necessary cost of such drains, together with necessary expenses of levying the assessment therefor, shall be levied, assessed, and collected in the same manner as is authorized by law for the construction of sewers in said city.

Sec. 6. Chapter five hundred and sixty-six of the laws of eighteen hundred and seventy-one and chapter five hundred and forty-nine of the laws of eighteen hundred and seventy-five are hereby repealed; but such repeal shall not affect any action or proceeding now pending or cause of action existing by reason of anything done under the laws so repealed.

Sec. 7. This act shall take effect immediately.

Section 1. The commissioner of public works is hereby directed, immediately upon the passage of this act, to lay out and establish a street of a width of not less than sixty feet, running from the Tenth avenue to the Avenue Saint Nicholas, with such windings and turnings, course and direction as to him may seem expedient, in that section of the said city bounded northerly by a continuation to the Avenue Saint Nicholas of the northerly line of One Hundred and Thirty-eighth street, westerly by the Tenth avenue, easterly by the Avenue Saint Nicholas, and southerly by the northerly and north-easterly lines of the lands of the Female Academy of the Sacred Heart and the southerly line of One Hundred and Thirty-fifth street continued and extended until it meets the said north-easterly line of the said lands of the said female academy, and to fix and establish the grade thereof. The said commissioner shall make a map or plan showing said street and the location thereof, and another map or plan showing the grade of said street, and shall file said map in his office, and a copy thereof certified by him in the office of the comptroller of said city. Upon the filing of said maps the lands shown and described as a street thereon shall forthwith be deemed to be and be appropriated for public purposes as a street, of the grade specified on said map, and such grade shall not be thereafter changed except with the written consent of a majority of the owners of land in lineal feet fronting on said street. The commissioner of public works is hereby directed immediately upon the filing of said maps to take proceedings in the name and on behalf of the mayor, aldermen and commonalty of said city to acquire title for the use of the public to the land designated and required for said street, and the proceedings to acquire title to such land shall be had pursuant to such acts as shall then be in force relative to the opening of streets, roads and public squares and places in the said city; which said acts, so far as the same are not inconsistent with the provisions of this act, are hereby made applicable to said street in the same manner and to the same extent as if said street had been originally laid down and designated as and for a public street by the commissioners appointed in and by chapter one hundred and fifteen of the laws of eighteen hundred and seven, entitled "An act relative to improvements touching the laying out of streets and roads in the city of New York, and for other purposes." Upon title to such lands being acquired the commissioner of public works shall forthwith proceed to open such new street or road, and render and make it fit for use and travel by regulating, grading, paving or macadamizing it, or in any other way or by any other process or means which may seem to him best for the convenience of the public, and in his discretion curb, gutter, flag and light the same and the sidewalks thereof, and at the earliest practicable time throw the same open for public use, and no ordinance of the common council or other authority than such as is conferred by this act shall be necessary to authorize him to proceed forthwith with such work, the expense whereof shall be assessed as provided by law for laying assessments for local improvements in the city of New York upon the lands, tenements and hereditaments benefited thereby, and all laws in force for the collection of assessments in said city shall apply to the assessments imposed for such work.

Sec. 2. This act shall take effect immediately.

## NOTICE IN RELATION TO JURORS FOR STATE COURTS

**OFFICE OF THE COMMISSIONER OF JURORS,**  
NEW COUNTY COURT-HOUSE,  
NEW YORK, June 1, 1879.  
**APPLICATIONS FOR EXEMPTIONS WILL BE**  
heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.  
Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.  
Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.  
All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.  
Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,  
County Court-house (Chambers street entrance).

## TO CONTRACTORS.

**SEALED BIDS OR ESTIMATES FOR REPAIR-**  
ing the hull and joiner work, and for repairing the engine and boilers of Steamboat Bellevue, or for either, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9 o'clock A. M., of Friday, the 26 day of July, 1880. The person or persons making any bid or estimates shall furnish the same in a sealed envelope, indorsed "Bid or

Estimate" for repairing the hull and joiner work, and the engine and boiler, or for repairing either, as the case may be, and with his or their name or names, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The award of the contract will be made as soon as practicable after the opening of the bids.  
The entire work will be required to be finished within twenty (20) days after the date of the contract.  
Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal sum of an amount equal to one-half of the amount of the bid.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties, for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the work required, before making their estimates.

Bidders will state the price for repairing the hull and joiner work and the price for repairing the engine and boilers, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

For No. 2, eight hundred dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the work, etc., required, before making their estimates.

Bidders will state the price for doing the whole work, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued as set forth in the respective forms of contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment for the work, will be furnished at the office of the Department.
