APPROVED PAPERS.

FOR WEEK ENDING JUNE 4, 1904.

No. 283.

Resolved, That, upon the application of the Commissioner of Correction, hereto annexed, the Board of Estimate and Apportionment is hereby requested, in pursuance of the provisions of subdivision 8, section 188 of amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty thousand dollars, the proceeds thereof to be applied to meet the expense set forth in the said communication of the Commissioner of Correction.

Adopted by the Board of Aldermen May 17, 1904.

Received from his Honor the Mayor May 31, 1904, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 284.

Whereas, The Board of Estimate and Apportionment at a meeting held March 4, 1904, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Hostler in the Police Department be fixed at the rate of two dollars and fifty cents (\$2.50) per day."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Hostler in the Police Department at the rate of two dollars and fifty cents (\$2.50) per day.

Adopted by the Board of Aldermen May 24, 1904.

Approved by the Mayor May 31, 1904.

No. 285.

Resolved, That the Presidents of the Boroughs of The City of New York be and they are each of them hereby authorized to close temporarily to traffic, any street, avenue or public highway, or a portion thereof, when in their judgment travel in the said street, avenue or public highway is deemed to be dangerous to life in consequence of there being carried on in said street, avenue or public highway, building operations, repairs to street pavements, or blasting for the purpose of removing rock from abutting property.

Adopted by the Board of Aldermen May 24, 1904.

Approved by the Mayor May 31, 1904.

No. 286.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 31, 1904:

"Resolved, That, subject to the concurrence of the Board of Aldermen, the Board of Estimate and Apportionment hereby authorizes the Commissioner of Parks, Boroughs of Manhattan and Richmond, to apply the sum of seventy-five thousand dollars (\$75,000), being the unexpended balance of the proceeds of the sale of Corporate Stock authorized to be issued pursuant to a resolution of said Board, adopted November 13, 1903, for the construction and improvement of small parks in the Borough of Manhattan, to wit: John Jay Park, De Witt Clinton Park, Thomas Jefferson Park and the small park at Thirty-fifth street and First avenue, to the construction and improvement of parks, parkways, boulevards and driveways in the boroughs of Manhattan and Richmond, for which Corporate Stock was authorized at the said meeting to the amount of seventy-five thousand dollars (\$75,000)."

Adopted by the Board of Aldermen May 24, 1904.

Approved by the Mayor May 31, 1904.

No. 287.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-three thousand five hundred and twenty dollars (\$23,520), to provide means for rebuilding a retaining-wall on the easterly side of Edgecombe avenue, between One Hundred and Forty-seventh and One Hundred and Forty-eighth streets, Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 29, 1904, and

authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified.

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding twenty-three thousand five hundred and twenty dollars (\$23,520), to provide means for rebuilding a retaining-wall on the easterly side of Edgecombe avenue, between One Hundred and Forty-seventh and One Hundred and Forty-eighth streets, Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-three thousand five hundred and twenty dollars (\$23,520), the proceeds whereof to be applied to the purpose aforesaid."

Adopted by the Board of Aldermen May 24, 1904.

Approved by the Mayor May 31, 1904.

No. 288.

Whereas, The Board of Estimate and Apportionment, at a meeting held May 13, 1904, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Sheriff's office, New York County, be fixed as follows:

No. 303.

AN ORDINANCE to Amend Section One Hundred and Nine of the Building Code. Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section one hundred and nine of the Building Code is hereby amended to read as follows:

Section 109. Theatres and Places of Public Amusement.—Every theatre or opera house, or other building intended to be used for theatrical or operatic purposes, or for public entertainments of any kind, hereafter erected for the accommodation of more than three hundred persons shall be built to comply with the requirements of this section. No building which, at the time of the passage of this Code is not in actual use for theatrical or operatic purposes, and no building hereafter erected not in conformity with the requirements of this section, shall be used for theatrical or operatic purposes, or for public entertainments of any kind, until the same shall have been made to conform to the requirements of this section. And no building hereinbefore described shall be opened to the public for theatrical or operatic purposes, or for public entertainments of any kind, until the Department of Buildings and the Fire Commissioner shall have approved the same in writing as conforming to the requirements of this section. Every such building shall have at least one front on the street, and in such front there shall be suitable means of entrance and exit for the audience, not less than twenty-five feet in width. In addition to the aforesaid entrances and exits on the street there shall be reserved for service in case of an emergency an open court or space in the rear and on the side not bordering on the street, where said building is located on a corner lot; and in the rear and on both sides of said building, where there is but one frontage on the street as hereinafter provided. The width of such open court or courts shall be not less than ten feet where the seating capacity is not over one thousand people, above one thousand and not more than eighteen hundred people twelve feet in width, and above eighteen hundred people fourteen feet in width. Said open court or courts shall extend the full length and height of the building and across on each side and rear thereof where its sides or side does not abut on a street or alley, and shall be of the same width at all points, and exits hereafter specified shall lead into such open courts. During the performance the doors or gates in the corridors shall be kept open by proper fastenings; at other times they may be closed and fastened by movable bolts or blocks. The said open courts and corridors shall not be used for storage purposes, or for any purpose whatsoever except for exit and entrance from and to the auditorium and stage, and must be kept free and clear during performances. The level of said corridors at the front entrance to the building shall be not greater than one step above the level of the sidewalk where they begin at the street entrance. The entrance of the main front of the building shall be not on a higher level from the sidewalk than four steps, unless approved by the Department of Buildings. To overcome any difference of level in and between courts, corridors, lobbies, passages and aisles on the ground floor, gradients shall be employed of not over one foot in twelve feet, with no perpendicular rises. From the auditorium opening into the said open courts or on the side street, there shall be not less than two exits on each side in each tier from and including the parquet and each and every gallery. Each exit shall be at least five feet in width in the clear and provided with doors of iron or wood; if of wood, the doors shall be constructed as hereinbefore in this code described. All of said doors shall open outwardly, and shall be fastened with movable bolts, the bolts to be kept drawn during performances. There shall be balconies not less than six feet in width in the said open court or courts at each level or tier above the parquet, on each side of the auditorium, of sufficient length to embrace the two exits, and from said balconies there shall be staircases extending to the ground level, with a rise of not over eight and one-half inches to a step and not less than nine inches tread, exclusive of the nosing. The staircase from the upper balcony to the next below shall not be less than forty-eight inches in width in the clear, and from the first balcony to the ground four feet in width in the clear where the seating capacity of the auditorium is for one thousand people or less four feet six inches in the clear where above one thousand and not more than eighteen hundred people, and five feet in the clear where above eighteen hundred people and not more than twenty-five hundred people, and not over five feet six inches in the clear where above twenty-five hundred people. All the before-mentioned balconies and staircases shall be constructed of iron throughout, including the floors, and of ample strength to sustain the load to be carried by them, and they shall be covered with a metal hood or awning, to be constructed in such manner as shall be approved by the Department of Buildings. Where one side of the building borders on the street, there shall be balconies and staircases of like capacity and kind, as before mentioned, carried to the ground. When located on a corner lot, that portion of the premises bordering on the side street and not required for the uses of the theatre may, if such portion be not more than twenty-five feet in width, be used for offices, stores or apartments, provided the walls separating this portion from the theatre proper are carried up solidly to and through the roof, and that a fireproof exit is provided for the theatre on each tier, equal to the combined width of exits opening on opposite sides in each tier, communicating with balconies and staircases leading to the street in manner provided elsewhere in this section; said exit passages shall be entirely cut off by brick walls from said offices, stores or apartments, and the floors and ceilings in each tier shall be fireproof. Nothing herein contained shall prevent a roof garden, art gallery or rooms for similar purposes being placed above a theatre or public building, provided the floor of the same forming the roof over such theatre or building shall be constructed of iron or steel and fireproof materials, and that said floor shall have no covering boards or sleepers of wood, but be of tile or cement. Every roof over said garden or rooms shall have all supports and rafters of iron or steel, and be covered with glass or fireproof materials, or both, but no such roof garden, art gallery or room for any public purpose shall be placed over or above that portion of any theatre or other building which is used as a stage. No workshop, storage or general property room shall be allowed above the auditorium or stage, or under the same, or in any of the fly galleries. All of said rooms or shops may be located in the rear or at the side of the stage, but in such cases they shall be separated from the stage by a brick wall, and the openings leading into said portions shall have fireproof doors on each side of the openings, hung to iron eyes built into the wall. No portion of any building hereafter erected or altered, used or intended to be used for theatrical or other purposes as in this section specified, shall be occupied or used as a hotel, boarding or lodging house, factory, workshop or manufactory, or for storage purposes, except as may be hereafter specially provided for. Said restriction relates not only to that portion of the building which contains the auditorium and the stage, but applies also to the entire structure in conjunction therewith. No store or room contained in the building, or the offices, stores or apartments adjoining, as aforesaid, shall be let or used for carrying on any business, dealing and articles designated as specially

hazardous in the classification of the New York Board of Fire Underwriters, or for manufacturing purposes. No lodging accommodations shall be allowed in any part of the building communicating with the auditorium. Interior walls built of fireproofing materials shall separate the auditorium from the entrance vestibule, and from any room or rooms over the same, also from lobbies, corridors, refreshment or other rooms. All staircases for the use of the audience shall be inclosed with walls of brick, or of fireproof materials approved by the Department of Buildings, in the stories through which they pass, and the openings to said staircases from each tier shall be the full width of said staircase. No door shall open immediately upon a flight of stairs, but a landing at least the width of the door shall be provided between such stairs and such door. A firewall, built of brick, shall separate the auditorium from the stage. The same shall extend at least four feet above the stage roof, or the auditorium roof, if the latter be the higher, and shall be coped. Above the proscenium opening there shall be an iron girder of sufficient strength to safely support the load above, and the same shall be covered with fireproof materials to protect it from the heat. Should there be constructed an orchestra over the stage, above the proscenium opening, the said orchestra shall be placed on the auditorium side of the proscenium fire-wall, and shall be entered only from the auditorium side of said wall. The moulded frame around the proscenium opening shall be formed entirely of fire-proof materials; if metal be used, the metal shall be filled in solid with non-combustible material and securely anchored to the wall with iron. The proscenium opening shall be provided with a fire-proof metal curtain, or a curtain of asbestos or other fire-proof material approved by the Department of Buildings, sliding at each end within iron grooves, securely fastened to the brick wall and extending into such grooves to a depth not less than six inches on each side of the opening. Said fire-proof curtain shall be raised at the commencement of each performance and lowered at the close of said performance, and be operated by approved machinery for that purpose. The proscenium curtains shall be placed at least three feet distant from the footlights at the nearest point. No doorway or opening through the proscenium wall, from the auditorium, shall be allowed above the level of the first floor, and such first floor openings shall have fire-proof doors on each face of the wall, and the doors shall be hung so as to be opened from either side at all times. There shall be provided over the stage, metal skylights of an area or combined area of at least one-eighth the area of said stage, fitted up with sliding sash and glazed with double thick sheet glass not exceeding one-twelfth of an inch thick, and each pane thereof measuring not less than 300 square inches, and the whole of which sky-light shall be so constructed as to open instantly on the cutting or burning of a hempen cord, which shall be arranged to hold said sky-lights closed, or some other equally simple approved device for opening them may be provided. Immediately underneath the glass of said sky-lights there shall be wire netting, but wire glass shall not be used in lieu of this requirement. All that portion of the stage not comprised in the working of scenery, traps and other mechanical apparatus for the presentation of a scene, usually equal to the width of the proscenium opening, shall be built of iron or steel beams filled in between with fire-proof material, and all girders for the support of said beams shall be of wrought iron or rolled steel. The fly galleries entire, including pin rails, shall be constructed of iron or steel, and the floors of said galleries shall be composed of iron or steel beams, filled with fire-proof materials, and no wood boards or sleepers shall be used as covering over beams, but the said floors shall be entirely fire-proof. The rigging loft shall be fire-proof. All stage scenery, curtains and decorations made of combustible material, and all woodwork on or about the stage shall be painted or saturated with some non-combustible material, or otherwise rendered safe against fire, and the finishing coats of paint applied to all wood work through the entire building shall be of such kind as will resist fire to the satisfaction of the Department of Buildings. The roof over the auditorium and the entire main floor of the auditorium and vestibule, also the entire floor of the second story of the front superstructure over the entrance, lobby and corridors, and all galleries and supports for the same in the auditorium shall be constructed of iron or steel and fireproof materials, not excluding the use of wood floorboards and necessary sleepers to fasten the same to, but such sleepers shall not mean timbers of support, and the space between the sleepers, excepting a portion under the stepping in the galleries, which shall be properly fire-stopped, shall be solidly filled with incombustible material up to under side of the floor boards. The fronts of each gallery shall be formed of fireproof materials, except the capping, which may be made of wood. The ceiling under each gallery shall be entirely formed of fireproof materials. The ceiling of the auditorium shall be formed of fireproof materials. All lathing, whenever used, shall be of wire or other metal. The partitions in that portion of the building which contains the auditorium, the entrance and vestibule and every room and passage devoted to the use of the audience shall be constructed of fireproof materials, including the furring of outside or other walls. None of the walls or ceilings shall be covered with wood sheathing, canvas or any combustible material. But this shall not exclude the use of wood wainscoting to a height not to exceed six feet, which shall be filled in solid between the wainscoting and the wall with fireproof materials. The walls separating the actors' dressing rooms from the stage and the partitions dividing the dressing rooms, together with the partitions of every passageway from the same to the stage, and all other partitions on or about the stage, shall be constructed of fireproof material approved by the Department of Buildings. All doors in any of said partitions shall be fireproof. All shelving and cupboards in each and every dressing room, property room or other storage rooms shall be constructed of metal, slate or some fireproof material. Dressing rooms may be placed in the fly galleries provided that proper exits are secured therefrom to the fire escapes in the open courts, and that the partitions and other matters pertaining to dressing rooms shall conform to the requirements herein contained, but the stairs leading to the same shall be fireproof. All dressing rooms shall have an independent exit leading directly into a court or street, and shall be ventilated by windows in the external walls; and no dressing room shall be below the street level. All windows shall be arranged to open, and none of the windows in outside walls shall have fixed sashes, iron grills or bars. All seats in the auditorium, excepting those contained in boxes, shall be not less than thirty-two inches from back to back, measured in a horizontal direction, and firmly secured to the floor. No seat in the auditorium shall have more than six seats intervening between it and an aisle on either side. No stool or seat shall be placed in any aisle. All platforms in galleries formed to receive the seats shall not be more than 21 inches in height of riser, nor less than 32 inches in width of platform. All aisles on the respective floors in the auditorium shall be not less than three feet wide where they begin, and shall be increased in width towards the exits in a ratio of one and one-half inches to five running feet. The foyers, lobbies, corridors, passages and rooms for the use of the audience, not including aisles spaced between seats, shall, on the first or main floor where the seating capacity exceeds 500 or more, be at least 16 feet clear, back of the last row of seats, and on each balcony or gallery at least 12 feet clear of the last row of seats. Gradients or inclined planes shall be employed instead of steps where possible to overcome slight difference of level in or between aisles, corridors and passages. Every theatre accommodating three hundred persons shall have at least two exits; when accommodating five hundred persons, at least three exits shall be provided; these exits not referring to or including the exits to the open court at the side of the theatre. Doorways of exit or entrance for the use of the public shall be not less than five feet in width, and for every additional one hundred persons or portions thereof to be accommodated, in excess of five hundred, an aggregate of twenty inches additional exit width must be allowed. All doors of exit or entrance shall open outwardly and be hung to swing in such a manner as not to become an obstruction in a passage or corridor, and no such doors shall be closed and locked during any representation, or when the building is open to the public. Distinct and separate places of exit and entrance shall be provided for each gallery above the first. A common place of exit and entrance may serve for the main floor of the auditorium and the first gallery, provided its capacity be equal to the aggregate capacity of the outlets from the main floor and the said gallery. No passage leading to any stairway communicating with any entrance or exit shall be less than four feet in width in any part thereof. All stairs within the building shall be constructed of fireproof material throughout. Stairs from balconies and galleries shall not communicate with the basement or cellar. All stairs shall have treads of uniform width and risers of uniform height throughout in each flight. Stairways serving for the exit of fifty people shall be at least four feet wide between railings or between walls, and for every additional fifty people to be accommodated six inches must be added to their width. The width of all stairs shall be measured in the clear

between hand rails. In no case shall the risers of any stairs exceed seven and a half inches in height, nor shall the treads, exclusive of nosings, be less than ten and one-half inches wide in straight stairs. No circular or winding stairs for the use of the public shall be permitted. Where the seating capacity is for more than one thousand people, there shall be at least two independent staircases, with direct exterior outlets, provided for each gallery in the auditorium, where there are not more than two galleries, and the same shall be located on opposite sides of said galleries. Where there are more than two galleries one or more additional staircases shall be provided, the outlets from which shall communicate directly with the principal exit or other exterior outlets. All said staircases shall be of width proportionate to the seating capacity as elsewhere herein prescribed. Where the seating capacity is for one thousand people, or less, two direct lines of staircases only shall be required, located on opposite sides of the galleries, and in both cases shall extend from the sidewalk level to the upper gallery, with outlets from each gallery to each of said staircases. At least two independent staircases, with direct exterior outlets, shall also be provided for the service of the stage and shall be located on the opposite sides of the same. All inside stairways leading to the upper galleries of the auditorium shall be inclosed on both sides with walls of fireproof materials. Stairs leading to the first or lower gallery may be left open on one side, in which case they shall be constructed as herein provided for similar stairs leading from the entrance hall to the main floor of the auditorium. But in no case shall stairs leading to any gallery be left open on both sides. When straight stairs return directly on themselves, a landing of the full width of both flights, without any steps, shall be provided. The outer line of landings shall be curved to a radius of not less than two feet, to avoid square angles. Stairs turning at an angle shall have a proper landing without winders introduced at said turn. In stairs, when two side flights connect with one main flight, no winders shall be introduced, and the width of the main flight shall be at least equal to the aggregate width of the side flights. All stairs shall have proper landings introduced at convenient distances. All inclosed staircases shall have, on both sides, strong hand-rails firmly secured to the wall about three inches distant therefrom and about three feet above the stairs, but said hand-rails shall not run on level platforms and landings where the same is more in length than the width of the stairs. All staircases eight feet and over in width shall be provided with a centre hand-rail of metal, not less than two inches in diameter, placed at a height of about three feet above the centre of the treads, and supported on wrought metal or brass standards of sufficient strength, placed not nearer than four feet nor more than six feet apart, and securely bolted to the treads or risers of stairs, or both, and at the head of each flight of stairs, on each landing, the post or standard shall be at least six feet in height, to which the rail shall be secured. Every steam boiler which may be required for heating or other purposes shall be located outside of the building, and the space allotted to the same shall be inclosed by walls of masonry on all sides, and the ceiling of such space shall be constructed of fireproof materials. All doorways in said walls shall have fireproof doors. No floor register for heating shall be permitted. No coil or radiator shall be placed in any aisle or passageway used as an exit, but all said coils and radiators shall be placed in recesses formed in the wall or partition to receive the same. All supply, return or exhaust pipes shall be properly incased and protected where passing through floors or near woodwork. Standpipes four inches in diameter shall be provided with hose attachments on every floor and gallery, as follows, namely: One on each side of the auditorium in each tier, also on each side of the stage in each tier, and at least one in the property room and one in the carpenter's shop, if the same be contiguous to the building. All such stand pipes shall be kept clear from obstruction. Said stand pipes shall be separate and distinct, receiving their supply of water direct from the power pump or pumps, and shall be fitted with the regulation couplings of the Fire Department, and shall be kept constantly filled with water by means of an automatic power pump or pumps, of sufficient capacity to supply all the lines of hose when operated simultaneously, and said pump or pumps shall be supplied from the street main and be ready for immediate use at all times during a performance in said building. In addition to the requirements contained in this section, the standpipes shall also conform to the requirements contained in section 102 of this Code. A separate and distinct system of automatic sprinklers, with fusible plugs, approved by the Department of Buildings, supplied with water from a tank located on the roof over the stage and not connected in any manner with the standpipes, shall be placed each side of the proscenium opening and on the ceiling or roof over the stage at such intervals as will protect every square foot of stage surface when said sprinklers are in operation. Automatic sprinklers shall also be placed, wherever practicable, in the dressing rooms, under the stage and in the carpenter shop, paint rooms, store rooms and property room. A proper and sufficient quantity of two and one-half inch hose, not less than one hundred feet in length, fitted with the regulation couplings of the Fire Department and with nozzles attached thereto, and with hose spanners at each outlet, shall always be kept attached to each hose attachment as the Fire Commissioner may direct. There shall also be kept in readiness for immediate use on the stage, at least four casks full of water, and two buckets to each cask. Said casks and buckets shall be painted red. There shall also be provided hand pumps or other portable fire extinguishing apparatus and at least four axes and two twenty-five-foot hooks, two fifteen-foot hooks, and two ten-foot hooks on each tier or floor of the stage. Every portion of the building devoted to the uses or accommodation of the public, also all outlets leading to the streets and including the open courts or corridors, shall be well and properly lighted during every performance, and the same shall remain lighted until the entire audience has left the premises. All gas or electric lights in the halls, corridors, lobby or any other part of said buildings used by the audience, except the auditorium, must be controlled by a separate shut-off, located in the lobby, and controlled only in that particular place. Gas mains supplying the building shall have independent connections for the auditorium and the stage, and provision shall be made for shutting off the gas from the outside of the building. When interior gas lights are not lighted by electricity other suitable appliances, to be approved by the Department of Buildings, shall be provided. All suspended or bracket lights surrounded by glass in the auditorium, or in any part of the building devoted to the public, shall be provided with proper wire-netting underneath. No gas or electric light shall be inserted in the walls, woodwork, ceilings, or in any part of the building, unless protected by fireproof materials. All lights in passages and corridors in said buildings, and wherever deemed necessary by the Department of Buildings, shall be protected with proper wire network. The footlights, in addition to the wire network, shall be protected with a strong wire guard and chain, placed not less than two feet distant from said footlights, and the trough containing said footlights shall be formed of and surrounded by fireproof materials. All border lights shall be constructed according to the best known methods, and subject to the approval of the Department of Buildings, and shall be suspended for ten feet by wire rope. All ducts or shafts used for conducting heated air from the main chandelier, or from any other light or lights, shall be constructed of metal and made double, with an air space between. All stage lights shall have strong metal wire guards or screens, not less than ten inches in diameter, so constructed that any material in contact therewith shall be out of reach of the flames of said stage lights and must be soldered to the fixture in all cases. The standpipes, gaspipes, electric wires, hose, footlights, and all apparatus for the extinguishing of fire or guarding against the same, as in this section specified, shall be in charge and under control of the Fire Department, and the Commissioner of said Department is hereby directed to see that the arrangements in respect thereto are carried out and enforced. A diagram or plan of each tier, gallery or floor, showing distinctly the exits therefrom, each occupying a space not less than fifteen square inches, shall be printed in black lines in a legible manner on the programme of the performance. Every exit shall have over the same on the inside the word "Exit" painted in legible letters not less than eight inches high.

Section 2. The provisions of the foregoing section shall not be construed to mean or made to apply to any theatre, opera house or building intended to be used for theatrical or operatic purposes, now erected or for which plans have heretofore been approved by the Superintendent of Buildings.

Section 3. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Section 4. This ordinance shall take effect immediately.

Adopted by the Board of Aldermen May 24, 1904.

Approved by the Mayor June 3, 1904.

P. J. SCULLY, City Clerk.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of Macomb's road, between its junction with Jerome avenue, opposite Marcy place, and Macomb's road, north of West One Hundred and Seventy-first street, in the Borough of The Bronx, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 17th day of June, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by this Board, May 20, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Macomb's road, between its junction with Jerome avenue opposite Marcy place and Macomb's road north of West One Hundred and Seventy-first street, in the Borough of The Bronx, City of New York, more particularly described as follows:

1. The grade at Jerome avenue and Marcy place to be 48.5 feet above mean high-water datum, as heretofore;

2. The grade at the tangent point at the eastern curb-line of Macomb's road, being 48.82 feet northerly of the intersection of the eastern curb-line of Macomb's road with the westerly curb-line of Jerome avenue, to be 51.5 feet above mean high-water datum;

3. The grade at a point in Macomb's road 95 feet southerly of the intersection of the southern side-line of West One Hundred and Seventy-first street with the western side-line of Macomb's road, to be 57.5 feet above mean high-water datum;

4. The grade at the intersection of Macomb's road with West One Hundred and Seventy-first street to be 56.0 feet above mean high-water datum;

5. The grade at the tangent point of the eastern curb-line of Macomb's road where the same connects with the southern curb-line of that part of Macomb's road, which runs in a northerly direction from Jerome avenue, to be 49.0 feet above mean high-water datum.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of June, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of June, 1904.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on

FRIDAY, JUNE 17, 1904,

at 12 o'clock M., at the Comptroller's office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in the following described property which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 24, 1896, and recorded in the Kings County Register's office on December 29, 1896.

Being all of that certain interior lot or parcel of land designated by the assessment No. 23 for the opening of East Twenty-eighth street, in the Town of Gravesend, and more particularly bounded and described as follows:

Beginning at a point in the interior of the block bounded by Voorhees avenue, East Twenty-seventh and East Twenty-eighth streets and Emmons avenue, which point is at the intersection of two lines, one drawn at right angles to Voorhees avenue, and one hundred (100) feet southerly therefrom, and the other line drawn at right angles to East Twenty-seventh street and one hundred (100) feet easterly therefrom; thence running easterly eighteen (18) feet; thence running southerly ten (10) feet; thence running nearly westerly nineteen (19) feet; thence running northerly fifteen (15) feet to the point or place of beginning.

The minimum or upset price at which the interest of the City in and to the said premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at the sum of three dollars and fifty cents (\$3.50), being \$2.21, the original amount of the sale, and interest thereon at the rate of 6 per cent. per annum from the date of sale, August 9, 1894, to May 9, 1904, the purchaser to pay the auctioneer's fees and the actual costs and disbursements necessitated by reason of the sale. The sale of said premises is to be made on the following terms and conditions:

The highest bidder will be required to pay the full amount of his bid or purchase money and the auctioneer's fee at the time of sale, together with the actual costs and disbursements for expenses of examination, advertising, conveyance, etc. The quit-claim deed for the above-described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board held May 11, 1904.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on

MONDAY, JUNE 30, 1904,

at 12 o'clock M., at the New York Real Estate Salesroom, No. 161 Broadway, the following described real estate belonging to the Corporation of The City of New York, viz.:

All that certain lot, piece or parcel of land, situate, lying and being in the Borough of Manhattan, City of New York, known as No. 28 Beaver street, bounded and described as follows, viz.:

Beginning at a point on the southerly side of Beaver street distant sixty-six feet two inches (66' 2") westerly from the southwesterly corner of Beaver and Broad streets; running thence southerly fifty feet (50') to the northerly side of Marketfield street; thence westerly along the northerly side of Marketfield street thirty-one feet seven inches (31' 7"); thence northerly fifty-three feet (53') to the southerly side of Beaver street; thence easterly along the southerly side of Beaver street thirty-one feet one inch (31' 1") to the point or place of beginning, be the said several dimensions more or less, premises being known as Lot No. 14, in Block 11, on the tax maps of the Borough of Manhattan, City of New York.

The minimum or upset price at which the said premises are to be sold is fixed and appraised by the Commissioners of the Sinking Fund at the sum of forty thousand dollars (\$40,000), and the sale is made upon the following:

TERMS AND CONDITIONS.

The highest bidder will be required to pay ten per cent. of the amount of his bid, together with the auctioneer's fees at the time of the sale; thirty per cent. upon the delivery of the deed, which shall be thirty days from the date of the sale; the remaining sixty per cent. either to be paid at the date of the de-

livery of the deed or at the option of the purchaser to remain on bond and mortgage for five years, with interest at the rate of six per cent. per annum, payable semi-annually, the mortgage to contain the customary thirty days' interest and ninety days' tax and assessment and insurance clauses.

The bond and mortgage may be paid off at any time within the term thereof on giving thirty days' notice to the Comptroller, or may be paid in installments of not less than five thousand dollars (\$5,000) on any day when interest is due, or on thirty days' notice. The bond and mortgage will be prepared by the Corporation Counsel, and the sum of twelve dollars and fifty cents (\$12.50) will be charged for drawing, acknowledging and recording the same.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right is reserved to reject any and all bids. Said land is sold subject to a lease made between the Mayor, Aldermen and Commonality of The City of New York, and John A. Aspinwall and Ambrose C. Kingsland, as executors of the last will and testament of William H. Aspinwall, deceased, of The City of New York, which lease is dated the 1st day of January, 1888, running for a period of twenty-one years, expiring January 1, 1909, and recorded in the book of Special Leases in the office of the Comptroller of The City of New York, page 442, and to the free use, by the Fire Department of The City of New York, of that portion of the building now occupied as a fuel station and more particularly described in said lease, for a period not exceeding six months.

Maps of said real estate may be seen on application at the Comptroller's office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held May 23, 1904.

FIRST DEPARTMENT.

In the matter of the application of the Board of Street Opening and Improvement of The City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to ALBANY ROAD (although not yet named by proper authority), from Bailey avenue to Van Cortlandt Park, in the Twenty-fourth Ward of The City of New York, as the same has been heretofore laid out and designated as a first-class street or road by the Department of Public Parks.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of June, 1904, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 29th day of June, 1904, at 11 o'clock A. M.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broad-

way, in the Borough of Manhattan, in said City, there to remain until the 6th day of July, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point formed by the intersection of the northeasterly line of Riverdale avenue with the southwesterly line of Broadway; running thence northeasterly along said line of Broadway to its intersection with the southwesterly line of East Two Hundred and Thirty-third street; thence southeasterly along said southwesterly line to its intersection with the southeasterly line of the New York and Putnam Railway; thence northeasterly along said line of railway to its intersection with a line parallel to the northerly line of Van Cortlandt Park, South, and distant 200 feet northerly therefrom; thence easterly along said parallel line to a point due north of the intersection of the centre lines of Van Cortlandt avenue and Bailey avenue; thence due south to the southerly line of Bailey avenue; thence easterly and southeasterly along said line of Bailey avenue to its intersection with the southwesterly line of East Two Hundred and Thirty-eighth street; thence southeasterly along said line of East Two Hundred and Thirty-eighth street to its intersection with the northwesterly line of Cannon place; thence southwesterly and southerly along said line of Cannon place and its southerly prolongation to its intersection with the northerly line of Heath avenue; thence westerly and southwesterly along the northerly and northwesterly line of Heath avenue to its intersection with the northeasterly line of Riverdale avenue; thence northwesterly along the northeasterly line of Riverdale avenue to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 6th day of October, 1904, at the opening of the Court on that day.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of the APPROACH TO MANHATTAN BRIDGE (Bridge No. 3) as laid out by the Board of Estimate and Apportionment on the 29th day of May, 1903, in the Fourth, Fifth and Eleventh Wards, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court for the hearing of motions, to be held in the County Court-house, in the Borough of Brooklyn, in The City of New York, on Tuesday, the 14th day of June, 1904, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue as an approach to the Manhattan Bridge, as laid out by the Board of Estimate and Apportionment in the Fourth, Fifth and Eleventh Wards, Borough of Brooklyn, City of New York, being the following-described lots, pieces or parcels of land, viz.

Beginning at a point in the southerly line of Nassau street distant 257.10 feet easterly from the easterly line of Jay street as the same are laid down on the map of the City.
1st. Thence easterly along the southern line of Nassau street 130.80 feet;
2d. Thence southerly deflecting 66 degrees 32 minutes 49 seconds to the right 3,669.39 feet to the northern line of Fulton street;
3d. Thence westerly along the northern line of Fulton street 180.86 feet;
4th. Thence northerly 3,586.14 feet to the point of beginning.

As shown on a map entitled "Map or Plan showing the locating and laying out of a street as an approach to the Manhattan Bridge, extending from Nassau street to the intersection of Flatbush

avenue and Fulton street, in the Fourth, Fifth and Eleventh Wards, Borough of Brooklyn, City of New York, prepared for the Board of Estimate and Apportionment under chapter 466 of the Laws of 1901." Dated New York, May 29, 1903, and filed in the office of the President of the Borough of Brooklyn, the Register of the County of Kings and the Corporation Counsel of The City of New York, on or about the 18th day of November, 1903. The land to be taken for this proceeding is located in Section 1, Blocks 98, 107A, 107B, 108, 118, 119, 120, 120A, 120B, 121, 132 and 133; and Section 7, Blocks 2047, 2048A, 2048B, 2049, 2059, 2060A, 2060B, 2061, 2062, 2078, 2079A, 2079B, 2080, 2081, 2084A, 2084B, 2085, 2093A, 2093B, 2106, 161, 162 of the Land Map of the County of Kings.

Dated NEW YORK, June 1, 1904.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
