N 060338 A ZRY

IN THE MATTER OF an application submitted by the Department of City Planning pursuant to Section 201 of the New York City Charter, for amendment of the Zoning Resolution of the City of New York relating to various sections concerning the creation of an R5D Zoning District.

The application for an amendment to the New York City Zoning Resolution was filed by the Department of City Planning on February 15, 2006, to create an R5D zoning district, which would allow moderate density multi-family buildings of all types, require a significant amount of accessory residential parking and require street tree and front yard planting. A modified application N 060338 (A) ZRY was filed on April 24, 2006. The modified application N 060338 (A) ZRY is the subject of this report.

Related Action

In addition to the amendment to the Zoning Resolution which is the subject of this report, the following application is being considered concurrently with this application:
