as follows :

That before acting upon the petition and application aforesaid, public notice was given of the time and place, when and where the same would be first considered, by the publication of said

notice daily for at least fourteen days, in two of the daily newspapers published in the City of New York, and which were designated by the Mayor of said city for such purpose, to wit, the New York "Sun" and the New York "Daily News," and that pursuant to such notice, a public hearing was had, whereat all persons desiring an opportunity to be heard, were heard; and your Committee, after such hearing of the facts and evidence presented to them, are of the opinion that the construction, maintenance and operation of the proposed extension or branch of the Lexington Avenue and Pavonia Ferry Railroad would be of great advantage to the public, as it would open a new route connecting with the Astoria Ferry and increase the facilities for travel on one continuous line, for one fare, by means of the Lexington Avenue and Pavonia Ferry Railroad and the lines operated in connection therewith.

Your Committee therefore recommend that the application of the Lexington Avenue and Pavonia Ferry Railroad Company be granted, and respectfully submit the following resolution:

Whereas, The Lexington Avenue and Pavonia Ferry Railroad Company, pursuant to the Railroad Law, heretofore and on the 21st day of March, 1893, made an application in writing to the Common Council of the City of New York for its consent and permission to be granted to said Lexington Avenue and Pavonia Ferry Railroad Company, its successor or successors, lessees and assigns, to extend the line of its railroad or route, and to build, maintain and operate an extension or branch of the same in the streets, avenues and highways in the City of New York, hereinafter named; and

Whereas, The Common Council caused public notice of such application, and of the time and place when the same would be considered, to be given, by publication daily for at least fourteen days prior to the hearing in two daily newspapers of the City of New York, to wit, in the New York "Sun" and in the New York "Daily News," which papers were lawfully designated for that purpose by the Mayor of said city; and

Whereas, After public notice given as aforesaid, and at a public meeting in pursuance thereof duly held, whereat all persons so desiring were given an opportunity to be heard and were heard, such application has been duly considered by the Common Council; it is therefore

Resolved, That the consent of the Common Council of the City of New York be and it hereby is given to the Lexington Avenue and Pavonia Ferry Railroad Company, its successor or successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use in the City of New York, with double tracks connecting with the railroad of said company on Lexington Avenue, and as an extension thereof, upon and over the surface of the following streets, avenues and highways in said City of New York, from its line at the junction of Lexington Avenue and East Ninety-sixth street, through, along and upon said East Ninety-sixth street to First Avenue, and thence through, along and upon First Avenue to East Ninety-third street, and thence through, along and upon said East Ninety-third street to Avenue A, and along and upon said Avenue A to a point at or near the entrance to the Astoria Ferry, together with all the necessary connections, switches, sidings, turnouts, turntables, cross-overs and suitable stands for the convenient working of said railroad and for the accommodation of the cars to be run over the same.

Resolved, That the conditions upon which, and not otherwise, this consent is given, shall be and are as follows:

That the right, privilege and franchise of using said streets, avenues and highways to construct, maintain and operate a street surface railroad thereon, as a branch or extension of the railroad of the Lexington Avenue and Pavonia Ferry Railroad Company, shall be sold at public auction to the bidder, which shall be a duly incorporated railroad corporation of this State, organized to construct, maintain and operate a street surface railroad in the City of New York, for which this consent may be given, and which shall agree to give the largest percentage per annum of the gross receipts of such branch or extension, as defined by section 93 of the Railroad Law of this State, with adequate security, by bond or undertaking, in writing and under seal, in such form and amount, and with such conditions and sureties as may be required and approved by the Comptroller of the City of New York for the fulfillment of said agreement and for the commencement and completion of such road, according to the plan or plans and along the route fixed for its construction and within the time designated and prescribed by the laws now prevailing and applicable thereto.

Resolved, That cars shall be run upon such branch or extension as frequently as the convenience of the public may require; and if the right to construct and operate such branch or extension shall be purchased at such sale by the company applying for this consent, the same shall be operated as part of the continuous line of the applicant, so as to enable any passenger, by transfer tickets or otherwise, to obtain the benefit of a continuous ride, for one fare, to and from any point on said branch or extension, to any point on the line of the railroad applying for this consent, whether the same be owned or leased by said company. And if the right to construct and operate such branch or extension shall be purchased at such sale by any corporation other than the applicant for this consent, such purchaser shall deliver and receive passengers, without extra charge or compensation, at the point of junction with the road of the applicant, upon a division of earnings from such joint business, in the proportion that the length of the extension or branch so sold shall bear to the length of the road of the company applying for this consent, whether owned or leased, together with the mileage of such branch or extension.

This consent is further conditioned that if the right to construct and operate such branch or extension shall be purchased by the company applying for this consent, the percentage to be paid upon gross receipts on behalf of such branch or extension shall be calculated upon such portion of the gross receipts of the applicant as shall bear the same proportion to the whole amount thereof as the length of such branch or extension shall be to the entire length of the road owned or leased.

This consent is further conditioned that no passenger shall be charged more than five cents for a continuous ride upon, from or to the above branch or extension under the conditions as to connections herein in this consent provided.

This consent is also given upon the condition that such extension or branch may be operated by horse-power or any power other than the overhead trolley system and locomotive steam power.

Resolved, further, That this consent is given upon the express condition that the provisions of article 4 of the Railroad Law pertinent thereto shall be complied with by the company acquiring the right to construct and operate such extension or branch.

The Committee on Railroads, to whom was referred the application of the Ninth Avenue Railroad Company for the consent of the Common Council of the City of New York to the construction, maintenance and operation of an extension of its railroad from its existing terminus at One Hundred and Twenty-fifth street and Amsterdam Avenue; thence through and along One Hundred and Twenty-fifth street to the Boulevard; thence through and along the Boulevard to West One Hundred and Thirtieth street, and thence westerly through and along One Hundred and Thirtieth street to and across Twelfth Avenue to the Fort Lee Ferry, do respectfully

#### REPORT

as follows:

That before acting upon the petition and application aforesaid, public notice was given of the time and place when and where the same would be first considered, by the publication of said notice daily for at least fourteen days in two of the daily newspapers published in the City of New York, and which were designated by the Mayor of said city for such purpose, to wit: The New York "Sun" and the New York "Daily News," and that, pursuant to such notice, a public hearing was had, whereat all persons desiring an opportunity to be heard were heard; and your Committee after such hearing of the facts and evidence presented to them are of the opinion that the construction and operation of the proposed extension of the Ninth Avenue Railroad would be of great advantage to the public, as it would furnish a continuous line of travel from Fort Lee Ferry at the North River to Fulton street and Broadway by means of the Ninth Avenue Railroad, for one fare, and that it would also, in the judgment of your Committee, be of great service to the public by increasing the facilities for travel on one continuous line for one fare by means of the Ninth Avenue Railroad and the lines operated in connection therewith.

Your Committee therefore recommend that the application of the Ninth Avenue Railroad Company be granted, and respectfully submit the following resolutions:

Whereas, The Ninth Avenue Railroad Company, pursuant to the Railroad Law, heretofore and on March 21, 1893, made an application in writing to the Common Council of the City of New York for its consent and permission to be granted to said Ninth Avenue Railroad Company, its successor, successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use in the City of New York, connecting with the tracks of said company already constructed, as an extension thereof, in the streets and avenues of the City of New York, hereinafter named; and

Whereas, The Common Council caused public notice of such application and of the time and place when the same would be considered, to be given by publication daily for at least fourteen days prior to the hearing, in two daily newspapers of the City of New York, to wit, in the New York "Sun" and in the New York "Daily News," which papers were lawfully designated for that purpose by his Honor the Mayor of said city; and

Whereas, After public notice given as aforesaid, and at a public meeting in pursuance thereof duly held, whereat all persons so desiring were given an opportunity to be heard and were heard, such application has been duly considered by the Common Council; it is therefore

Resolved, That the consent of the Common Council be and it hereby is given to said Ninth Avenue Railroad Company, its successor, successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use in the City

of New York, with double tracks connecting with the tracks of said company already constructed, as an extension thereof, upon and over the surface of the following streets, avenues and highways in the City of New York: Upon and along West One Hundred and Twenty-fifth street, from the junction of said street with the line of said company at Amsterdam Avenue, westerly to the Boulevard; thence along and upon the Boulevard in a northerly direction to West One Hundred and Thirtieth street; thence along and upon West One Hundred and Thirtieth street westerly to Twelfth Avenue, and thence across and along Twelfth Avenue to a point on the west side of said Avenue at or near Manhattan street, and at or near Fort Lee Ferry; together with all necessary connections, switches, sidings, turn-outs, turn-tables, curves and suitable stands for the convenient working of said railroad and for the accommodation of the car to be run thereon.

Resolved further, That the conditions upon which, and not otherwise, this consent is given shall be and are as follows:

That the right, privilege and franchise of using said streets and avenues to construct, maintain and operate a street surface railroad thereon as a branch or extension of the Ninth Avenue Railroad shall be sold at public auction to the bidder which shall be a duly incorporated railroad corporation of this State, organized to construct, maintain and operate a street surface railroad in the City of New York, for which this consent may be given, and which shall agree to give the largest percentage per annum of the gross receipts of such branch or extension, as defined by section 93 of the Railroad Law of this State, with adequate security, by bond or undertaking, in writing and under seal, in such form and amount, and with such conditions and sureties as may be required and approved by the Comptroller of the City of New York for the fulfillment of said agreement and for the commencement and completion of such road, according to the plan or plans and along the route fixed for its construction and within the time designated and prescribed by the laws now prevailing and applicable thereto.

Resolved, That cars shall be run upon such branch or extension as frequently as the convenience of the public may require; and if the right to construct and operate such branch or extension shall be purchased at said sale by the company applying for this consent, the same shall be operated as part of the continuous line of the applicant, so as to enable any passenger, by transfer tickets or otherwise, to obtain the benefit of a continuous ride, for one fare, to and from any point on said branch or extension to any point on the lines of the railroad company applying for this consent, whether the same be owned or leased by said company. And if the right to construct and operate such branch or extension shall be purchased at such sale by any corporation other than the applicant for this consent, such purchaser shall deliver and receive passengers without extra charge or compensation at the point of junction with the road of the applicant, upon a division of earnings from such joint business, in the proportion that the length of the extension or branch so sold shall bear to the length of the road of the company applying for this consent, whether owned or leased, together with the mileage of such branch or extension.

This consent is further conditioned that if the right to construct and operate such branch or extension shall be purchased by the company applying for this consent, the percentage to be paid upon gross receipts on behalf of such branch or extension shall be calculated upon such portion of the gross receipts of the applicant as shall bear the same proportion to the whole amount thereof as the length of such branch or extension shall be to the entire length of the road owned or leased.

This consent is further conditioned that no passenger shall be charged more than five cents for a continuous ride upon, from or to the above branch or extension under the conditions as to connections herein in this consent provided.

This consent is also given upon the condition that such extension or branch may be operated by horse power or any power other than the overhead trolley system and locomotive steam power.

Resolved, further, That this consent is given upon the express condition that the provisions of article 4 of the Railroad Law, pertinent thereto, shall be complied with by the company acquiring the right to construct and operate such extension or branch.

ANDREW A. NOONAN,

Committee  
on  
Railroads.

Adopted by the Board of Aldermen, December 19, 1893.  
Approved by the Mayor, January 8, 1894.

The Law Committee, to whom was referred the application of the Woman's Hospital for a release of all the right, title, interest, reversion or possibility of reversion which the Mayor, Aldermen and Commonality of the City of New York may or might have in the block of ground bounded by the Fourth Avenue, Forty-ninth street, Lexington Avenue and Fiftieth street, in the City of New York, and the resolution therefor, introduced at the meeting of the Board held on January 31, 1893, that such release be granted, do hereby

#### REPORT:

That they have been waited upon by the officers of and others interested in the hospital, and that, from their statements and from the observation of the members as well, the Committee have satisfied themselves that the present site of the hospital is unsuitable for hospital purposes because of the noise and other disturbances resulting from the constant passage along Fourth Avenue of a great number of cars and locomotives, thus injuriously affecting the condition of the patients in said hospital and making it unfit for continued use as a woman's hospital.

The hospital wishes to make largely increased accommodation, so as to take care, and better care, of a larger number of patients. This it is unwilling to do upon its present site, where the conditions are so unfavorable to successful results; so that if the hospital is to remain where it is, its usefulness and the benefits received from it by the City and State must be largely curtailed. In order to make provision for the future the hospital has purchased one parcel of land and has entered into arrangements for securing adjoining parcels on Eighth Avenue, between Ninety-second and Ninety-third streets, in this city, upon which it proposes to erect new buildings for hospital purposes which shall meet the present demands upon the institution and which will also provide for the future increase which past experience shows to be inevitable. Its action, however, in this regard is based upon the expectation that it will be able to sell its present site and apply the proceeds of such sale to the purchase of the new site and the erection of the new hospital. This it cannot do unless the release asked for from the City is granted. The Committee have been assured by the officers of the hospital that if this release is granted and the present site sold, all of the proceeds of such sale will be strictly applied to the purposes above mentioned. The work of the hospital is most meritorious and deserves every encouragement. Apart from the free beds which, under the terms of the act authorizing the release, must be afforded to the City by the hospital, a large number of out-door patients are treated, so that it is fair to say that the City is relieved from a considerable burden which would fall upon it in the treatment and care of patients who would otherwise become a public charge.

The interest of the City in the property in question is what is styled "a mere possibility of reversion," which, as a matter of law, cannot be sold or transferred to a stranger. It can ripen into a title only in case the Woman's Hospital abandons the property. This the hospital cannot do unless it is able to sell and use the proceeds of the present site in providing a new one and constructing thereon the necessary buildings. It cannot sell without a release of this possibility of reversion from the City. The City on its part cannot sell its possibility of reversion to a stranger. Its interest is, therefore, merely nominal, and, being without salable quality, has no pecuniary value. The most that it can do is to refuse the release asked for, the effect of which would be to compel the patients of the hospital to submit to the present unhealthy conditions affecting the site and to check the further expansion of the institution and its charitable work.

In view, then, of this condition and nature of the City's interest and of the great and beneficent work in which the hospital is engaged, it seems to your Committee that the public interests will be served by granting the release asked for. The Committee, however, recommend that there should be incorporated in the preamble to the resolution a recital of the assurances which have been received from the officers of the hospital, that the proceeds of the property when sold will be applied and appropriated solely for the purposes prescribed by the charter of the hospital, namely: "The treatment of the diseases peculiar to women, and the maintenance of a Lying-in Hospital."

Your Committee is of the opinion that the attempt to make these assurances in any way a condition upon which the resolution is made, or the grant in pursuance thereof is to take effect, would defeat the purposes of the grant, as it would tend to impair the absolute character of the title which purchasers would expect and demand.

While your Committee favors a method of appointment to such free beds which shall confer the nominating power upon the Aldermen in whose district the patient resides, there are legal difficulties in the way of passing such a resolution until after the release shall have been made, and the agreement relative to such free beds, required by the act of the Legislature authorizing the release, shall have been executed and filed with the Comptroller by the hospital. The Legislature requires that this agreement shall specify that patients for the free beds shall be nominated in such manner as may be provided for by ordinance or resolution to be passed by the Common Council thereafter; it is therefore premature for any resolution in that regard to be passed before the agreement in question is executed. If such a provision should be inserted in the resolutions herewith reported, it might be held to limit the effect of the agreement and thus vitiate the resolutions themselves, as the nature of the agreement which conditions the power of the Board to pass the resolutions is specifically set forth in the act of the Legislature authorizing the Board to grant the release.

As the matter is always within the power of the Board, your Committee, for the above reasons, recommends that action by the Board providing for the manner in which patients shall be nominated for the free beds be postponed until the agreement in question is made and filed, which must be done before any release can be executed and delivered to the hospital.

Your Committee therefore reports the resolution referred to it with the amendments above indicated, which resolution so amended is hereunto annexed, and recommends its adoption.

Whereas, The Mayor, Aldermen and Commonalty of the City of New York, in and by a certain indenture duly made and executed under its corporate seal, bearing date the fourth day of January, in the year one thousand eight hundred and fifty-nine, upon the consideration therein mentioned, did grant and convey to the Board of Governors of the New York State Woman's Hospital, incorporated by an act of the Legislature of the State of New York, entitled "An act to found a woman's hospital," passed April, 1857, and to their successors forever, all that certain block of land situate, lying and being in the Nineteenth Ward of the City of New York, that is to say, the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, to have and to hold the same to the said the Board of Governors of the New York State Woman's Hospital, and their successors, as long as the ground above specified should be used for the purposes of the said the New York State Woman's Hospital, and no longer, as fully and absolutely as the said the Mayor, Aldermen and Commonalty of the City of New York were authorized to convey the same; which said indenture was recorded in the office of the Register of the City and County of New York, in Liber 765 of Conveyances, at page 577, January 7, 1859; and

Whereas, Said indenture was made under and in pursuance of a resolution of the Common Council of the City of New York, duly passed pursuant to authority in that behalf contained in an act of the Legislature of the State of New York, passed April 17, 1858, known as chapter 324 of the Laws of 1858, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to convey certain lots of ground to the New York State Woman's Hospital," which said act provided as follows:

"Section 1. The Mayor, Aldermen and Commonalty of the City of New York are hereby authorized to convey to the Board of Governors of the New York State Woman's Hospital the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, containing thirty-two lots of ground or thereabouts; the said conveyance to be in consideration of one dollar lawful money of the United States, and to remain in full force and virtue as long as the ground herein specified shall be used for the purposes of such New York State Woman's Hospital, and no longer;" and

Whereas, Upon the execution and delivery of said indenture, the Woman's Hospital in the State of New York (that being the legal title of the hospital referred to in said indenture), by the Board of Governors thereof, entered into possession of said property and has constructed buildings thereon and has ever since been using the same for hospital purposes; and

Whereas, The Legislature of the State of New York has passed an act known as chapter 249 of the Laws of 1891, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to release their right, title and interest in certain lands in said city to the Woman's Hospital in the State of New York," in and by which the said the Mayor, Aldermen and Commonalty of the City of New York is authorized to release to said the Woman's Hospital in the State of New York all the right, title and interest, reversion or possibility of reversion which the Mayor, Aldermen and Commonalty of the City of New York may or might have in said block of ground; which said act also provides that the Common Council of said city, in authorizing such release, shall also require the said Woman's Hospital in the State of New York to enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York to provide and maintain in any hospital which may be established by it in said city, twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, to be nominated in such manner as may be provided for by ordinance or resolution, and in case no ordinance or resolution be passed by the Common Council in relation thereto, that then such nomination shall be made by the Mayor of said city; in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients; such agreement to be filed in the office of the Comptroller of said city. And which act further declares that upon the execution and delivery of such release by the Mayor, Aldermen and Commonalty of the City of New York, the title to said ground shall vest in said the Woman's Hospital of the State of New York in fee simple absolute; and

Whereas, The Woman's Hospital in the State of New York has made application to this Board for such release, and has offered to enter into the agreement in reference to the provision for free beds specified in said last-mentioned act, and hereinbefore recited; and

Whereas, It appears, from said application, that the use of said ground for the purpose of said hospital has become undesirable by reason of the noise and other disturbance caused by the constant passage along Fourth avenue, contiguous to said ground, of large number of cars and steam locomotives, thus injuriously affecting the condition of the numerous patients accommodated by said hospital, and rendering it desirable that said hospital should be moved to some other place presenting more favorable conditions; and

Whereas, It appears, from said application, that the removal of said hospital will involve the expenditure of large sums of money in the purchase of another site and in the erection of the necessary buildings thereon, but that the said hospital will be unable to provide the necessary funds therefor, and consequently to effect such removal, unless it is enabled to sell said ground and apply the proceeds towards the purchase of a new site and the construction, in part, of hospital buildings thereon; and

Whereas, Satisfactory assurances have been given by the officers of said hospital that if the said hospital is removed to another site, there will be applied towards the new site and the erection of new hospital buildings thereon the entire proceeds of the sale of said property, and that said property will be used for the purposes prescribed by the charter of the Hospital, that is to say, the treatment of the diseases peculiar to women and the maintenance of a lying-in hospital; and

Whereas, In the opinion of this Board, it is to the advantage of the public that said application be granted on the terms hereinafter set forth; now, therefore, be it

Resolved, That a release in the name and under the corporate seal of the Mayor, Aldermen and Commonalty of the City of New York, be made, executed and delivered to the Woman's Hospital in the State of New York, granting and releasing to said the Woman's Hospital in the State of New York, all the right, title, interest, reversion or possibility of reversion which the Mayor, Aldermen and Commonalty of the City of New York may or might have in said block of ground, to wit, the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, to the end that the title to said ground shall vest in said the Woman's Hospital in the State of New York in fee simple absolute. Said release shall be prepared by the Counsel to the Corporation, and approved by him as to form, and upon being so approved, the same shall be signed by the Mayor, and it shall be the duty of the Clerk of the Common Council to affix the seal of the City thereto and attest the same. Before the delivery of said release to said the Woman's Hospital in the State of New York, the said the Woman's Hospital in the State of New York shall make and enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York, to be approved as to form by the Counsel to the Corporation, and upon being duly executed by said the Woman's Hospital in the State of New York, to be filed in the office of the Comptroller of said city, binding said corporation, the Woman's Hospital in the State of New York, to maintain in any hospital which may be established by it in this city twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, who shall be nominated in such manner as may be provided for in any ordinance or resolution which may at any time be passed by the Common Council of the said city for that purpose, and in case no ordinance or resolution is so passed in relation thereto, then that such nomination shall be made by the Mayor of said city; but in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients. Upon the production to the Mayor of a certificate from the Comptroller of said city that such agreement has been so filed in his office, said release shall thereupon be delivered by said Mayor to said the Woman's Hospital in the State of New York.

Adopted by the Board of Aldermen, January 9, 1894.

This Board has heard, with the deepest sorrow, the news of the death of the Alderman representing the Twelfth Assembly District, William H. Murphy.

Expression of sympathy for those he loved can carry but little consolation in the first hours of grief, yet it is fitting that we, as a Board, should bear testimony to the world of his services in public life and of his worth and character as a man. During the years that he was a member of this Board his record was one of honor and integrity. Quiet and unassuming, courteous and kind, strong in his defense of the right, unyielding in his opposition to wrong, the City of New York loses in losing him an Alderman whose place it will be well nigh impossible to fill. In private life William H. Murphy was charitable and generous to those in need; was lovable and beloved, while as modest and as gentle as a child, he was an admirable example of a brave and noble man;

Resolved, That it is the sense of this Board that, in the death of William H. Murphy, we have not only lost an efficient, conscientious and able colleague, but what is more, we have lost a friend;

Resolved, That we offer our most respectful sympathy to the members of his family, and that a copy of these resolutions, suitably engrossed and authenticated by the Clerk of this Board, be sent to them;

Resolved, That, as a mark of the respect in which we hold his memory, this Board attend the funeral in a body;

Resolved, That, as a further mark of respect, the flags upon the City Hall be displayed at half-staff until after the funeral, and that the Aldermanic Chamber and the desk occupied by him be draped in black for a period of thirty days.

Adopted by the Board of Aldermen, January 9, 1894.

Resolved, That permission be and the same is hereby given to the Metropolitan Club to place and keep two (2) ornamental lamp-posts and lamps in front of Sixtieth street and Fifth avenue, provided the lamps be kept lighted during the same hours as the public lamps, that the posts shall not exceed the dimensions prescribed by law (eighteen inches square at the base), the lamps not to exceed two feet in diameter and not to be used for advertising purposes, the work to be done and gas supplied at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, January 10, 1894.

Approved by the Mayor, January 10, 1894.

Resolved, That the resolution permitting E. V. Foote to keep an ornamental lamp on north-west corner of Broadway and Twenty-fourth street, which was adopted by the Board of Aldermen on December 26, 1893, and approved by the Mayor on January 5, 1894, be and it is hereby annulled, rescinded and repealed.

Adopted by the Board of Aldermen, January 9, 1894.

Approved by the Mayor, January 10, 1894.

MICHAEL F. BLAKE, Clerk, Common Council.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person

be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

## TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

**ATTENTION IS CALLED TO THE RECENT** act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for Dry Goods, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

**THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.**

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above men-

tioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates. Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt, or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

PROPOSALS FOR ESTIMATES FOR FURNISHING AND DELIVERING ABOUT 1,200 TONS OF ANTHRACITE COAL.

ESTIMATES FOR FURNISHING AND DELIVERING about 1,200 tons of Anthracite Coal will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department on Pier "A," foot of Battery place, North River, in the City of New York, until 11 o'clock A. M. of

THURSDAY, JANUARY 25, 1894,  
at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Two Thousand Dollars.

The Engineer's estimate of the quantity of coal to be furnished and delivered is about 1,200 tons. It is expected that about 1,000 tons will be required to be delivered at the West Fifty-seventh Street yard of the Department of Docks, and that about 200 tons will be required to be delivered at the East Twenty-fourth Street Yard.

Where the City of New York owns the wharf, pier or bulkhead at which materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves, by personal examination, of the location of the proposed delivery of materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per ton to be specified by the lowest bidder, shall be due or payable for the entire work.

A ton of coal under these specifications shall be 2,240 pounds at air-dry weight.

The work to be done under this contract is to be commenced within ten days from the date of the receipt of an order from the Engineer to begin the delivery of

coal, and the delivery will be continued in lots of about 200 tons at such times and places and in such manner as may be directed by the Engineer, and the delivery of said coal will be fully completed on or before the 1st day of July, 1894; and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per ton, for furnishing and delivering coal, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blanks prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

PROPOSALS FOR ESTIMATES FOR FURNISHING ABOUT 8,000 BARRELS OF PORTLAND CEMENT.

ESTIMATES FOR FURNISHING ABOUT 8,000 barrels of Portland Cement will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North River, in the City of New York, until 11 o'clock A. M. of

THURSDAY, JANUARY 25, 1894.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Seven Thousand Dollars.

The cement required under the contract must be "Portland" cement, fully up to the standard of the best brands imported, and average at least 400 pounds gross weight to the barrel.

The quantity to be delivered under this contract is about 8,000 barrels.

It is estimated that about 5,000 barrels of this cement will be required to be quick setting, and that about 3,000 barrels will be slow setting; and it is further estimated that after about March 1 the deliveries will be required to be made so that about 600 barrels per week, more or less, will be required in each week.

It is expected that about 5,000 barrels will be required to be delivered at West Fifty-seventh Street Yard, and that about 3,000 barrels will be required to be delivered at East Twenty-fourth Street Yard.

The contract is to be fully completed and to terminate on the 1st day of July, 1894.

The damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the respective times specified for the fulfillment thereof may have expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

The empty barrels will be relinquished to the contractor, as provided for in the specifications, and bidders must estimate the value of the empty barrels when considering the price for which they will furnish the cement under the contract.

Bidders will state in their estimates the price for each barrel of cement to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath, or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. STEWART BUILDING, No. 280 BROADWAY,  
NEW YORK, January 9, 1894.

#### TO ARCHITECTS.

A general invitation is hereby extended to architects to furnish competitive designs for an armory building for the National Guard, State of New York, on the site recently acquired on the northerly side of Fourteenth street, extending through to Fifteenth street, commencing at a point on the northerly line of Fourteenth street, distant 175 feet 2 1/2 inches west from the westerly line of Sixth avenue; thence northerly and parallel with Sixth avenue, distance 103 feet 2 inches; thence westerly and parallel with Fourteenth street, distance 5 feet; thence northerly and parallel with Sixth avenue, distance 103 feet 4 inches to the southerly line of Fifteenth street; thence westerly along the southerly line of Fifteenth street, distance 220 feet 2 1/2 inches; thence southerly 206 feet 6 inches to the northerly line of Fourteenth street; thence easterly along the northerly line of Fourteenth street, distance 224 feet 10 1/4 inches, to the point or place of beginning.

The building to be designed to furnish accommodations for a regiment of infantry.

The front on Fourteenth street to be of rock-faced granite, and the front on Fifteenth street to be of brick with stone trimmings.

The roof to be of slate tile or other suitable material.

So much of the space covered by the building as may be necessary to be excavated to a depth sufficient for the accommodation of the boiler-rooms, rifle-range, water-closets, kitchen and range, armorer's room, lavatory, janitor's room, storage room, etc.

The designs to provide a main drill-room on the ground floor to cover as near as practicable the entire plot, reserving only so much as may be necessary for suitable main and side entrances on Fourteenth street and staircases to administration and company rooms and galleries above and basement below. An entrance to be provided on Fifteenth street opening into the main drill-room, and to be used only for an emergency.

Galleries to be provided for accommodation of visitors. The accommodation for officers, company-rooms, lockers, janitor's quarters, etc., to be suspended on Fourteenth and Fifteenth street fronts, in order to secure the greatest space on the ground floor for drill-room.

Consideration to be given to the necessary heating and lighting, the latter to be by combination gas and electric fixtures. Gun-racks and lockers to be provided for all the companies.

In order to secure conformity of drawings it is suggested that they be made on a scale of one-eighth of an inch to a foot.

The entire cost of the building, including all work and materials necessary to complete the same in every respect, both interior and exterior (other than fixtures for lighting, furniture for galleries, company and administration rooms, and which will be otherwise provided for), shall not exceed \$285,000, including the Architect's fees.

The Armory Board reserves the right to reject any or all plans that may be offered, if for any reason they deem it best so to do, and in case any plans are accepted as presented, or with alterations or suggestions of the Board, and it is subsequently found that contracts satisfactory to the Board can be made for the complete erection of the building, and the payment of the Architect's fees not to exceed the sum named, the Architect presenting such plans shall be engaged for the work, and his compensation for plans and superintendence shall be four per cent. of the amount of such contract. The plans must be presented with the view of inviting proposals for the erection of the building for a gross sum, and must be presented to the Committee on Plans at this office, on or before the 15th day of February, 1894.

The official map of the site is on file in the Register's office, and also in the Department of Public Works, and must be consulted by Architects for such information as they may need in that respect.
