Whereas, Almighty God, in His infinite wisdom and Divine Providence, has seen fit to remove from the activities of this present life the Hon. John L. Burleigh, who served as a member of the Board of Aldermen during the first two years of the consolidated City of Greater New York, representing the Forty-second Aldermanic District, Borough of Brooklyn; and

Whereas, The Hon. John L. Burleigh had shown his patriotism and love of country by serving as a soldier in the Union Army during the War of the Rebellion; his scholarship and ability by attaining to an eminent place in the legal profession of this City; his statesmanship and loyalty to his party and district by the distinguished services he rendered, and in civic life by his unsullied manhood and pre-eminent character, by his sturdy efforts for the right, by his charitable deeds, and by his friendship and love for his fellow men, he had won the esteem and regard of all with whom he came in contact.

Resolved, That while we deeply deplore the taking away of our friend and former associate in the midst of a distinguished career, we bow to the Will of the Supreme Being, who knows the beginning and end of all and who does all things for the best.

Whereas, The members of this Board have heard with profound sorrow and regret of the decease of the Hon. James J. Walsh, late City Magistrate, and feel impelled by our private feelings, as well as in the discharge of a public duty, to record our estimate of the pre-eminent abilities and high character which made him so valued a citizen and servant of our community; therefore be it

Resolved, That the public character and services of Judge Walsh demand commemoration; that, throughout his natural life, as a private citizen and as a public official, he devoted his superior intellectual endowments and practical wisdom to the service of his fellow men; that though he was distinguished for his fidelity to the obligations of the party connection to which he was attached, his fidelity to the obligations of the higher patriotic duties devolving upon him as a private citizen and a public official was even more conspicuous and admirable.

Resolved, That as respects his services to his community and country we would record our sense of his integrity, fidelity and distinguished abilities, and as respects his private character we would record a few words uttered by him in a campaign speech which are illustrative of the moral fibre of the man: "I stand for a clean Harlem. I want to make this district the pride of the City, the abode of decent living, home-loving people, who have pride enough in their neighborhood to keep it free from disorder, graft and vice."

Resolved, That the Clerk communicate a copy of these resolutions to the family of the deceased.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for school purposes in the

Borough of Richmond.

Being all the buildings, parts of buildings, etc., now standing on the land located at the northwest corner of Amboy and Richmond Valley roads, Richmond Valley, Borough of Richmond, formerly occupied as Public School 22, and which is more particularly described in a report on file in the office of the Collector of City

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 26, 1909, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, JUNE 11, 1909,

at 12 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

Failure to remove said buildings, appurtenances or any portion thereof within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in appliances used in the removal of said buildings.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The United Electric Service Company has under date of June 7, 1907, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate wires and other conductors, with the necessary poles, pipes, conduits and appliances, in, over and under the streets, avenues and highways within and belonging to The City of New York for the purpose of operating an electrical signal system for the calling of messengers, and an electrical burglar alarm system and fire alarm system; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 14, 1907, fixing the date for public hearing thereon as July 8, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Times" and the "New York Tribune," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the United Electric Service Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the United Electric Service Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the United Electric Service Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of , 1909, by and between The City of New York, hereinafter called the City, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the United Electric Service Company, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part; witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets, avenues and highways within the territory comprised in the Borough of Manhatan, for the purpose of connecting by means of such wires, call boxes, or other signalling apparatus, to be placed upon the premises of the subscribers, with offices of the Company, and thereby maintaining and operating an electrical signal system for the calling of messengers, an electrical burglary alarm system and a fire alarm system, and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The rights, privileges and authority herein granted shall not be construed to in any way give the Company the right, privilege or authority to engage in a telephone business, or to render telephone service, and this contract is entered into on the mutual and express understanding and agreement by and between the parties hereto, that the Company will not in any way engage in a telephone business or render telephone service, or claim the right so to do under this contract and the rights, privileges and authority therein and thereby granted and conferred.

Second—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company, its successors or assigns, for the term of fifteen (15) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than that sum required to be paid during the year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement, fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shal be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year prior to the termination of original term of this contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract or if the same be renewed then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the plant and property of the Company used for maintaining and operating an electrical signal system for the calling of messengers, an electrical burglary alarm system, and a fire alarm system within the streets and highways of the City shall become the property of the City without cost, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board, shall so order by resolution, the Company shall on thirty (30) days' notice from the Board remove any and all of its wires, or other electrical conductors, or any portion thereof, from any or all of the streets and public places within the limits of the City.

Fourth—The Company shall pay to the City for the said privilege, the following sums of money:

The sum of five thousand dollars ($5,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first five years of this contract an annual sum, which shall in no case be less than twelve hundred dollars ($1,200), and shall be equal to two (2) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of $1,200.

During the succeeding five years of this contract an annual sum which shall in no case be less than two thousand five hundred dollars ($2,500), and shall be equal to three (3) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of two thousand five hundred dollars ($2,500).

During the remaining five years of this contract an annual sum which shall in no case be less than four thousand five hundred dollars ($4,500), and which shall be equal to four (4) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of four thousand five hundred dollars ($4,500).

The minimum annual sums herein provided for shall be paid to the Comptroller of the City in equal quarterly payments in advance on the first days of January, April, July and October of each year. Whenever the percentage required to be paid shall exceed the minimum amounts, such sum over and above such minimum shall be paid to the Comptroller on or before December 1 in each year for the year ending September 30 next preceding.

Fifth—The said annual charges or payments, as above specified, shall continue throughout the whole term of the original contract, notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions as to payments, any statute or any condition herein contained to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

It is agreed that any and all payments to be made by the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests or enter into any agreement for a division of business interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporation without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The Board may by resolution direct the Company to install free of charge messenger call boxes or fire alarm signals, with the necessary appurtenances thereto, in any or all of the offices of the City situated in the portion of Manhattan in which the Company shall be operating such apparatus.

Upon written notification of the Board to the Company that such resolutions have been adopted the Company shall install such apparatus free of charge, and shall furnish service at rates not to exceed seventy-five (75) per cent. of the rates charged by the Company to any other individual or corporation for similar service.

Eighth—The Company shall construct, maintain and operate its messenger and alarm system, subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters under the Charter of the City, and in strict compliance with all laws or ordinances, now in force or which may be adopted, affecting companies operating electrical conductors in the City.

Ninth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the operation of the signal and alarm systems hereby authorized.

Tenth—The Company shall, within two years from the date on which this contract is signed by the Mayor, have in operation at least two thousand (2,000) messenger call boxes, otherwise this grant shall cease and determine.

Eleventh—The Company shall file with the Board, on the first day of November in each year, a map, plan or diagram upon which shall be plainly marked and designated the streets and public places in which are then laid and also those proposed to be laid, during the succeeding year, the several conduits and ducts necessary for the cables and wires used and to be used by the Company, together with a statement showing the number of ducts in each street and wires in each duct occupied.

Twelfth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Thirteenth—During the term of this contract or its renewal, the Board shall have absolute power to regulate all charges or rates of the Company for this service, provided that such rates shall be reasonable and fair, but the Company shall not charge at any time during the term of this contract, or its renewal, rates for messenger service in excess of the following:

In any direction from a district office or central station:

10 city blocks	$0 10
11 to 15 city blocks	15
16 to 20 city blocks	20
20 to 30 city blocks	30

—and for each additional 20 city blocks more than 30 city blocks, 5 cents.

Fourteenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein, except by consent of the Board, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—If the said Company, its successors or assigns, shall fail to maintain its structures in good condition throughout the full term of its occupany of such streets the Board may give written notice to the said Company specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time the said Company shall for each day thereafter during which the default or defect remains pay to the City a sum of one hundred dollars ($100) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

If, for a period of three consecutive months the messenger, fire alarm or burglary alarm systems of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings in law or in equity.

Eighteenth—The Company shall at all times keep accurate books of accounts and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the systems hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall submit a report to the Board not later than November 1 of each year, for the year ending September 30 next preceding, which shall state:

1. The amount of stock issued, for cash, for property;
2. The amount paid in as by last report;
3. The total amount of capital stock paid in;
4. The funded debt by last report;
5. The total amount of funded debt;
6. The floating debt as by last report;
7. The amount of floating debt;

12. The total income during the year, giving the amount from each class of business;
13. The total expenses for operation, including salaries;

—and such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing the Company shall pay a penalty of one hundred dollars ($100) per day until such statement is rendered, which may be collected by the Comptroller without notice.

Twentieth—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of five thousand dollars ($5,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company. In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements and the commencement and increase of construction, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the Comptroller of the City a penalty of $1,000 for each violation, and in case of any violation of the provisions relating to the illegal use of wires, the Company shall pay to the Comptroller of said City for each violation a penalty of not less than $100, and not more than $500, to be fixed by the said Comptroller.

The procedure for the imposition and collection of the penalties provided in the grant shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day, not less than five days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City, a sum sufficient to restore said security fund to the original amount of $5,000, and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions of this contract, which shall have been continued for a period of three months after notice given by the Corporation Counsel, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-third—The word "notice" wherever used in this contract, shall be deemed to mean a written notice. Every such notice to be served upon the Company shall be delivered at such office in the city as shall have been designated by the Company; or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the city, postage prepaid, addressed to the Company at the city. Delivery or mailing of such notice as and when above provided shall be equivalent to direct personal notice, and shall be deemed to have been given at the time of delivery or mailing.
