The minutes of the meeting held November 2 were approved.

Arthur D. Storey, of 276 W. 115th st., appeared before the Commission, as directed, to explain the nature of the charges which had led up to his dismissal from the position of Inspector of Tenements in the Tenement House Department on February 21, 1907. The explanation of the candidate being satisfactory to the Commission, his application for the position of Probation Officer was accepted.

Joseph Curren, of 712 Tompkins ave., Rosebank, S. I., having failed to appear, as directed, to explain the charges which had led up to his dismissal from the position of Clerk in the Department of Education, on October 10, 1906, his application for the position of Probation Officer was rejected, pursuant to the provisions of paragraph 14 of Rule 7.

Daniel S. Garvey, of 348 17th st., Brooklyn, appeared before the Commission to explain the charges which had led up to his dismissal from the position of Patrolman in the Police Department on June 27, 1901. The matter was laid over pending the furnishing of certificates of character from recent employers of the candidate.

Peter Slavin, of 347 Furman st., Brooklyn, a candidate for the position of Patrolman-on-Aqueduct, having failed to appear, as directed, to answer the charge of impersonation in the mental examination, on motion, it was

Resolved, That the name of Peter Slavin be removed from the eligible list of Patrolman-on-Aqueduct, pursuant to the provisions of paragraph 14 of Rule 7.

Edward J. Gramm, of White Plains, N. Y., having failed to appear, as directed, to explain the circumstances which had led up to an arrest mentioned in his application for Inspector, Board of Water Supply, on motion, his applications for the positions of Inspector, Board of Water Supply, Rodman, and Inspector of Taxicabs were rejected, under the provisions of paragraph 14 of Rule 7.

The Secretary stated that Edward T. Higgins, of 454 2d st., Brooklyn, a candidate for Patrolman-on-Aqueduct, had failed to appear, as directed, relative to a discrepancy in his statements as to the date of birth; that two communications had been sent to Higgins, requesting that he produce proof of the date of his birth, but that no answer had been received. On motion, the Secretary was directed to communicate with Mr. Higgins, and state that certification of his name from the eligible list would be withheld, pending the furnishing of the necessary proof.

Leonard Cohn, of 50 W. 117th st., appeared before the Commission and requested that his name be removed from the blacklist, upon which it had been placed by reason of his dismissal from the Tenement House Department on May 25, 1906. The request was granted, and Mr. Cohn's applications for Probation Officer, Inspector of Weights and Measures and Process Server were accepted.

On the recommendation of the Committee on Transfers, the following transfers were approved:

Murphy from the position of Inspector of Masonry in the Department of Bridges to a similar position with that Board was disapproved, for the reason that while Mr. Murphy had been No. 1 on the preferred list for reappointment in the Department of Bridges, his name was No. 6 for reappointment in the Board of Water Supply.

2. That there was not in existence an eligible list for promotion to the position for which the examination was requested nor a preferred list from which it was reasonable to assume that vacancies could be filled.

3. That the foregoing restriction be applied to all requests for promotion examinations made since September 1, 1910.

4. That the substance of the recommendations made in paragraphs 1 and 2 be sent to the principal appointing officers.

On motion, the recommendation was adopted.

Resolved, That Miss Olga Rilke be and she hereby is appointed a Monitor in the office of the Commission, to be employed from time to time as her services may be required.

The Secretary called the attention of the Commission to the fact that the name of William Wiegand, of 700 E. 163d st., whose application for Examiner, Law Department, had been rejected at a previous meeting for unsatisfactory character, appeared upon the preferred list of Temporary Clerk. On motion, it was

Resolved, That the name of William Wiegand be and the same hereby is removed from the preferred list of Temporary Clerk, pursuant to the provisions of paragraph 14 of Rule 7.

The Secretary presented, with a request for instructions, the following applications for approval of transfers:

1. Request of the Commissioner of the Department of Bridges for the transfer (or change of title) of Bartholomew Hunt from Messenger, at \$1,200 per annum, to Clerk, at \$1,500 per annum.

2. Request of the Commissioner of the Department of Bridges for approval of the transfer (or change of title) of Edwin C. Gwinner from Messenger, at \$1,200 per annum, to Clerk, at \$1,500 per annum.

3. Request of the Corporation Counsel for approval of the transfer (or change of title) of William D. Jones from Stenographer and Typewriter, at \$1,500 per annum, to Clerk at \$1,500 per annum.

It appeared that there was one name on a preferred list of third grade Stenographer and Typewriter (male) and that there was also a preferred list of Clerk, third grade, made up of persons who had been suspended for lack of work or lack of appropriation, in accordance with section 1543 of the Charter. On motion, the Secretary was directed to refer the matter to the Corporation Counsel for an opinion as to the right of the Commission to approve the requested transfers or changes of title when there were preferred lists for the positions in question.

Reports were presented from the Assistant Secretary relative to the following applications which had been referred to him for investigation:

Resolved, That the application of John J. McKenna, of 15 W. 60th st., Borough of Manhattan, for Inspector, Board of Water Supply, be and the same is hereby rejected under the provisions of paragraph 14 of Rule VII., by reason of his dismissal from the position of Patrolman in the Police Department.

On motion, the Secretary was authorized to permit the following named candidates to amend their statements as to date of birth, where in error, to conform with the proof submitted:

Nathan Silverman, 68 and 70 McKibben st., Brooklyn, N. Y., Temporary Clerk.

Francis E. Clark, 2420 8th ave., New York City, Inspector of Light and Power.

On motion, the application was accepted.

A communication was presented from the Chief Examiner, dated November 9, forwarding a report of Examiner Fuld relative to the experience papers of Miss Charlotte I. Cameron, whose name appeared on the eligible list for Dietitian, and stating that Miss Cameron was high enough on the said list to be included in the next certification. On motion, the Secretary was directed to summon Miss Cameron before the Commission at the next meeting to explain certain statements in her experience paper, and to mark her not qualified on the eligible list pending the final disposition of the matter.

A communication was presented from the Chief Examiner, dated November 10, suggesting that Mr. C. C. Barbee, of Livingston Hall, Columbia University, be nominated for appointment as Monitor. On motion, it was

A report was presented from Mr. P. S. Hildreth, dated November 3, recommending, with the approval of the Chief Examiner, that an examination be held for two grades of Assistant Engineer in the Building Bureau at salaries of \$1,800 and \$2,400 per annum. On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with an open competitive examination for the position of Assistant Engineer, Bureau of Buildings, at \$1,800 and \$2,400 per annum.

A communication was presented from the Chief Examiner, dated November 12, forwarding the following report of Assistant Chief Examiner Conway with reference to the position of Inspector of Plumbing, and approving Mr. Conway's suggestions:

"I would suggest, therefore, that the course followed by the Civil Service Commission in other examinations of a technical or professional character be adopted in the case of Inspectors of Plumbing in all future examinations, which is, that a certificate of fitness from the qualifying Board which, in this case, is the Board of Examining Plumbers, be required as a prerequisite to the acceptance of the application for examination for the position of Inspector of Plumbing by the Civil Service Commission.

"Mr. Hayward was anxious to avoid unnecessary examinations by his Board, and for that purpose would like to have the Civil Service Commission provide a means of identifying those who are about to take our examination. To provide this, I would suggest that when the time for examination comes around, notice be stamped on each application given out by this office for the position of Inspector of Plumbing, to the effect that the application will not be received by the Civil Service Commission unless accompanied by a certificate of competency from the Board of Plumbers. The possession of the application would serve as a notice to the Board of Plumbers of the candidate's intention, and as the Board of Plumbers charges a fee for each examination given by them, we would be obliged to examine a fewer number of persons for that position than at present.

"I would also suggest that a short certificate be prepared for use during the life of the present eligible list to be signed by our Certification Clerk and sent to each candidate on his first certification to any Department."

On motion, the recommendations of the Assistant Chief Examiner were adopted. A report was presented from the Chief Examiner, dated November 11, relative to the request of the Board of Water Supply that the following qualifications be required of candidates for Patrolman-on-Aqueduct:

1. Minimum age, 21; maximum age, 40; 2. minimum height, 5 feet 7½ inches; 3. maximum height of 6 feet 1 inch; 4. minimum weight of 138 pounds; 5. maximum weight of 190 pounds; 6. a part of the examination to include actual demonstration of ability in horsemanship, and particular consideration to be given the care of horse and its equipment.

After consideration of the matter, the recommendations of the Board of Water Supply were adopted and the Secretary was directed to include in the advertisement of the examination the statement that candidates might be required to submit to a practical test in horsemanship.

A communication was presented from the Chief Examiner, dated November 14, forwarding a report of Assistant Chief Examiner Conway with reference to the recent examination for Veterinarian. On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with a new examination for the position of Veterinarian.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated November 15, relative to the request of the Superintendent of Buildings, Brooklyn, that an examination for promotion to third grade Clerk be held for Mr. Jacob Salzman. The report stated that there was in existence a promotion list for third grade Clerk in the Bureau of Buildings, Brooklyn, and that it did not appear that the exami-

nation had been requested in order to fill an actual vacancy or to anticipate the needs of the service during the coming year. On motion, the request was denied.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated November 11, relative to the request of the Superintendent of Buildings, Borough of Queens, for approval of the change of title of Mr. Daniel Campbell, Jr., from Inspector of Buildings to Assistant Engineer. The Examiner called attention to a report, dated October 7, in which he had stated that under the rules examinations for promotion to positions in the Engineering Service were limited to persons who had served in positions in Part 3 in the same class in the grade next lower; furthermore, that the position of Inspector of Buildings was not in line of promotion to Assistant Engineer and was not considered an engineering position within the meaning of the rules, and that he could see no reason for changing the recommendation made in his previous report. The Secretary was directed to communicate with the Superintendent of Buildings and inform him that under the rules the Commission was without power to extend eligibility for promotion to the position of Assistant Engineer to Inspectors of Buildings employed in the Building Bureau.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated November 15, relative to the request of the Secretary of the Board of Education that a non-competitive examination be held by which Miss Emma Krauss, a second grade Typewriting Copyist, might qualify for promotion to the position of Stenographer and Typewriter of the third grade. The report stated that Miss Krauss had been appointed a Typewriting Copyist on February 26, 1906, and, therefore, had served over three years in the grade; that she was eligible for non-competitive examination, as there was but one other Typewriting Copyist employed in the same office; also that the competitive eligible list of Stenographer and Typewriter established on March 3, 1909, showed that Miss Krauss had passed with an average rating of 92.70. After consideration of the matter, it was

Resolved, That the promotion of Miss Emma Krauss from second grade Typewriting Copyist to third grade Stenographer and Typewriter, at a salary of \$1,200 per annum, be and the same hereby is approved under the provisions of paragraph 23 of Rule 15, it appearing that Miss Krauss has qualified in an examination covering in its scope the grade to which promotion is made and that there are at the present time less than three persons employed in the same office who are eligible and willing to compete for promotion.

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn on the order of the Commissioner of Water Supply, Gas and Electricity, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy or cause to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchers or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit. The buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of any kind, extending down to the level of the cellar bottom, shall be removed from the premises or torn down. None of the dirt, debris or waste resulting from removal or demolition shall be allowed to remain on the premises. All of the foundation walls of all classes shall be taken down and removed. None of the buildings removed, in whole or in part, nor any of the dirt, debris or waste resulting from said removal or demolition shall be erected or placed within 600 feet of property belonging to The City of New York.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will result in forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by the purchaser or on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against them or any of them, and against and from all damage and costs to which they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

The Commissioner of Water Supply, Gas and Electricity reserves the right to reject any and all bids.
