E. F. BARRETT, Deputy Chamberlain.

Bellevue and Allied Hospitals.

A meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Monday, Feb. 26, 1917, at 4.30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. Paulding, Sachs, Farley, and Commissioner Kingsbury, Department of Public Charities. Excused, Mr. O'Keefe, Mr. Robbins and Mr. Stern.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows:

The Eye Service at Bellevue Hospital, under Dr. May, was opened this morning for the reception of patients.

Modification of schedules to provide for certain number of laundry employees, without maintenance, is requested. It is proposed that about 46 of the present staff shall live outside of the hospital.

This involves an increase in the appropriation of about \$12,000.

On motion, duly seconded and carried, it was resolved to authorize the modification of salary schedules to provide for laundry employees, as set forth in the report of the General Medical Superintendent.

COMMITTEE REPORTS.

The President presented a tabulation of bids received at the office of the Central Purchase Committee on Feb. 19, for eggs, and on Feb. 23, for potatoes. After consideration, on the recommendation of the Committee on Supplies, contracts were awarded to the low bidder on eggs, and to the low formal bidder on potatoes, as set forth on lines 4a and 10a. Bids received on lines 6, 6a and 6b were rejected, as there is a contract in force at the present time for potatoes for Gouverneur and Harlem Hospitals.

Mr. Farley reported that he had investigated and considered the request of the Simes Company, set forth in their letter of Feb. 15, regarding the completion of their contract for the installation of lighting fixtures in Pavilions I and K, and recommended that in view of the difficulties involved in completing a satisfac-

tory test for leaks of the gas piping of this building that the Simes Company be granted permission to hang the fixtures and, if in accordance with the specifications, to accept the work and waive the requirements of a full certificate from the Department of Water Supply, Gas and Electricity, in so far as it relates to that part of the work which cannot be finished on account of the impossibility of completing a satisfactory test to prove the tightness of the gas pipe system. After consideration, this report was approved.

Mr. Farley recommended the acceptance of the work under the contract of the T. J. Bradley Company for the installation of a new salt water line and pump at the Neponsit Beach Hospital for Children, the work for which was completed within the contract time, and in accordance with the specifications. It was so reported in a communication from the Supervising Engineer under date of Feb. 20. On motion, duly seconded and carried, this report was approved.

The Chairman of the Building Committee recommended that the Trustees authorize a request to the Board of Estimate and Apportionment to approve the preliminary and final contracts of McKim,

Mead and White for professional services as architects, in the preparation of plans and specifications for the alterations to the old buildings at Bellevue Hospital for the fire prevention work, and as this work is an alteration that the contracts be transmitted on a 10 per cent. basis. After consideration, on motion, duly seconded and carried, this report was approved.

Dr. Brannan presented a letter dated Feb. 22, from G. C. Shattick, asking if the department could give Foster Kennedy, serving without pay, leave of absence to go to France with the Harvard unit. After discussion, it was moved, seconded and carried, to approve such request for a leave of absence, but in view of the fact that the Neurological Service was only recently organized, to suggest that the Director nominate his assistants in order that appointments may be made before the leave of absence becomes effective.

COMMUNICATIONS.

The minutes of the Medical Board of Fordham Hospital for Feb. 9, were presented. On motion, duly seconded and carried, the appointments of Hyman A. Ossermann to the house staff, for fourteen months, to date from Jan. 9, 1917, and J. J. McGrath, as Director of the Second Surgical Division, were approved. The nominations of William E. Hendry and Louis J. Ferrara, the Assistant Surgeons to Out Patients (Nose and Throat), were referred to the Conference Committee. The resignation of Charles Lutz, as Assistant Physician to Out Patients, Children's Clinic, was accepted with regret.

Copies of two resolutions approved by the Board of Aldermen on February 6, granting permission to buy, in the open market, without public letting, fresh fruits and vegetables for the year 1917, and butter and eggs for the months of January and February, were presented. On motion, duly seconded and carried, these resolutions were ordered placed on file.

A letter dated Feb. 7, was presented from the Department of Finance, transmitting an executed copy of renewal of lease, authorized by the Commissioners of the Sinking Fund on Dec. 21, 1916, of the premises at 197 Monroe st., Manhattan, for two years from Jan. 1, 1917, at an annual rental of \$900, payable quarterly. On motion, duly seconded and carried, this communication was ordered placed on file.

A motion to adjourn the meeting was seconded and carried.

Notices of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held March 23, 1917, the following resolution was adopted:

Whereas, The Union Railway Company of New York City has, under date of January 11, 1917, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway extension to its existing system upon and along Amsterdam and Nagle avenues and Dyckman street from West 207th street to the right of way of the New York Central Railroad Company at or near the foot of said Dyckman street, Borough of Manhattan; and

Whereas, Section 172 of the Railroad Law and Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on February 23, 1917, fixing the date for a public hearing thereon as March 23, 1917, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Times" and "Evening Post," newspapers designated by the Mayor, and in the "City Record" for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Union Railway Company of New York City, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of the proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form

of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate this day of 1917, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and UNION RAILWAY COMPANY OF NEW YORK CITY, a domestic corporation (hereinafter called the Company), party of the second part, witnesses:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track street surface railway as an extension to its existing railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of Manhattan, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company in West 207th street at or near its intersection with Amsterdam avenue, thence southerly upon and along Amsterdam avenue to Nagle avenue, thence southwesterly upon and along Nagle avenue to Dyckman street, thence northwesterly upon and along Dyckman street to the easterly line of the right of way of the New York Central Railroad Company at the foot of said Dyckman street.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"Map showing proposed extension of the Union Railway Co. of New York City in the Borough of Manhattan, to accompany petition dated January 11, 1917, to the Board of Estimate and Apportionment."

—and signed by Edward A. Maher, Vice-President, and T. F. Mullaney, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof and is to be substantially followed; provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

SECTION 2. The grant of this right and privilege is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of the railway hereby authorized shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and copies of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and terminate.

Second—The said right and privilege to construct, maintain and operate the railway hereby authorized shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor, until June 10, 1925, with the privilege of renewal of said contract for the further period of twenty (20) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made is of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of the renewal privilege, and as a relinquishment of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day nine (9) months before the expiration of the original term of this contract, then the parties hereby agree that the annual rate for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained and agreed to by any two of such appraisers shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this right and privilege during the original term of this contract expiring June 10, 1925, the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the right and privilege hereby granted.

(b) During the first term of five (5) years, an annual sum which shall be equal to three (3) per cent of its gross annual receipts, but which sum shall not be less than one thousand dollars (\$1,000). During the remaining term expiring June 10, 1925, an annual sum which shall be

equal to five (5) per cent of its gross annual receipts, but which sum shall not be less than two thousand dollars (\$2,000).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from whatever source derived, either directly or indirectly, in any manner, out of or in connection with the operation of its railway, as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation.

The annual charges shall commence on the date upon which the Company obtains the permission and approval of the Public Service Commission, as required by Section 53 of the Public Service Commission Law. The Company hereby agrees to file its application with the Public Service Commission for such permission and approval within ten (10) days from the date upon which this contract is signed by the Mayor.

The annual charges, as above, shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

The annual charges herein provided for the original term and those which may be hereafter fixed for the renewal term of this contract are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law, as amended, and such charges as are required under Chapter 340 of the Laws of 1892 to be paid by the Company for the extension hereby authorized, if said act applies to or controls the Company in relation to the right and privilege hereby granted.

The City does not and shall not demand or require the payment by the Company of a percentage of gross receipts under the provisions of Chapter 340 of the Laws of 1892 on the gross receipts earned on the extension hereby authorized.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for similar rights or franchises at a different rate.

Fifth—The rights and privileges hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations or otherwise, unless the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation, merger or reorganization of corporations or otherwise. The filing of such agreement shall constitute a condition precedent to the passing to or vesting in such proposed successor in title to the rights of the Company of the rights and privileges hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right and privilege upon the same or other terms and conditions over the route heretofore described, and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a grant therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company pursuant to this contract; provided, however, that nothing in this clause contained shall estop the Company from appearing before the Board and being heard on any application for rights upon or along said route.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a grant, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company, and shall have the right to continue such operation and use of such property during the term of this contract or until the right to use such property under the terms of the right and privilege granted said corporation or individual by the City shall expire, provided such expiration is prior to the expiration of this contract or any renewal thereof; but such corporation or individual shall, before beginning such operation, give a good and sufficient bond to the Company guaranteeing the payment of any sum or sums which such corporation or individual may be required to pay to the Company for the use of its property. Provided, however, that the Board shall be the judge as to whether the bond is good and sufficient, in case there is a dispute with respect thereto between the Company and such corporation or individual. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within

said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company, one disinterested person shall be chosen by such corporation or individual and the two so chosen shall choose a third disinterested person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive, but the amount or amounts determined by said arbitrators shall not be less with due regard to the extent and duration of use than shall be sufficient to cover the proportionate cost of the tracks, wires and other equipment or structures used, including paying and additions and betterments thereto and of the proportionate current expenses of maintenance, depreciation and renewal, of regulation of traffic, of removal of snow and ice, of the sprinkling of streets, of the use of power and of the performance of such other duties and obligations as are imposed upon the Company in respect to the said railway, other than the payments to the City pursuant to this contract.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board, which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and terminate.

If either party fails to appoint an arbitrator as herein provided or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Appellate Division of the Supreme Court, First Department, upon the application of either party, and the decision of that court shall be final. In the event that said Appellate Division of the Supreme Court, First Department, should decline to assume jurisdiction in the matter, then and in such event such sum or sums shall be fixed by the Board, and such fixation by the Board shall be final and conclusive.

Seventh—Upon the termination of the original term of this contract, or if the contract be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the right and privilege hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and other property of the Company constructed or existing pursuant to this contract, within the streets and avenues, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at any time preceding the date upon which this contract shall terminate the Board shall so order by resolution and give notice to the Company, the Company shall, upon the termination of this contract, remove any and all of its tracks and other property constructed or existing pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway hereby authorized within thirty (30) days from the date upon which the copies of the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within three (3) months from the date of filing the copies of such consents or the date of such order; otherwise this right and privilege shall cease and terminate, and all sums which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City as liquidated damages for failure of the Company to comply with the terms of this contract; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or of any occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—The railway hereby authorized shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time as such additions and improvements are necessary in the opinion of the Board.

Tenth—The railway hereby authorized shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City. No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and for the proper restoration of such streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway hereby authorized, whether such electrical equipment be

upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—The portion of the railway hereby authorized on Amsterdam and Nagle avenues may be operated by overhead electric power substantially similar to the system now used by street surface railways in the Borough of The Bronx, provided that such motive power may be changed at any time during the term of this contract to any other motive power, except cable, locomotive, steam or horse power, upon the approval of the Board and in accordance with the provisions of law.

The portion of the railway hereby authorized on Dyckman street may be operated during the original term of this contract, expiring June 10, 1925, by overhead electric power substantially similar to the system now used by street surface railways in the Borough of The Bronx. From and after June 10, 1925, the date on which said original term expires, said portion of the railway hereby authorized on Dyckman street shall be operated by underground electric power substantially similar to the system then used by street surface railways in the Borough of Manhattan, or by any other motive power except cable, locomotive, steam, horse or overhead electric power, upon the approval of the Board and in accordance with the provisions of law.

The work of reconstructing said portion of the railway hereby authorized on Dyckman street for operation by underground electric power or by such other motive power as may be approved by the Board shall be commenced by the Company at least six (6) months prior to June 10, 1925, and shall be completed on or before said date.

Twelfth—Upon six (6) months' notice by the Board to the Company all wires for the transmission of power, except trolley wires for the operation of the railway, upon all or any portion of the route hereby authorized shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts, not less than three (3) inches in diameter, for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—No wires for the transmission of power shall, from and after June 10, 1925, be permitted on that portion of the railway hereby authorized on Dyckman street unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed, the Company shall provide two (2) ducts, not less than three (3) inches in diameter each, for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of its railway and by the City, as above.

Fourteenth—The rate of fare for any passenger upon the railway hereby authorized shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control, to any other point thereof, or any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fifteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Sixteenth—All cars operated upon the railway hereby authorized shall be equipped with proper fenders or wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated upon the railway hereby authorized shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eighteenth—All cars operated upon the railway hereby authorized shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Nineteenth—Cars on the railway hereby authorized shall be operated each day during the term of this contract at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be required by resolution of the Board.

Provided, however, that the Company during the first five (5) years of this contract shall not be required to operate cars between the hours of one (1) o'clock a. m. and five (5) o'clock a. m. each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Twentieth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall when and as often as directed so to do by the President of the Borough, sprinkle the pavement or space between its tracks, the rails of its track, and for a distance of two (2) feet beyond the rails on either side thereof.

Twenty-first—The Company shall at all times keep the streets and avenues upon which the railway hereby authorized is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-second—The Company shall pave and keep in permanent repair during the entire term of this contract that portion of the surface of the streets and avenues in which the railway hereby authorized is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough, said President may make the same at the expense of the Company. The City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-third—Any alteration to the sewerage or drainage systems or to any other subsurface or to any surface structures in the streets, required on account of the construction, maintenance or operation of the railway hereby authorized, shall be made at the sole cost of the Com-

pany. During any work of construction, reconstruction or repairs of the said railway, the Company shall also, at its own cost and expense, protect any and all existing structures belonging to the City. All work to be done by the Company pursuant to this provision shall be done in the manner prescribed by the proper City officials.

Twenty-fourth—The right and privilege hereby granted to operate the railway hereby authorized shall not be in preference or in hindrance to the right of the City to perform or carry on any public works and should the said railway in any way interfere with the construction or maintenance of such public works, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move its tracks and appurtenances in the manner directed by the City officials, having jurisdiction over such public works.

Twenty-fifth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-sixth—Upon one (1) year's notice from the Board, the Company shall, if the Board shall so determine by resolution, cease the operation of the stub-end terminal hereby authorized in Dyckman Street at or near the easterly line of the right of way of the New York Central Railroad Company, and shall, within sixty (60) days from the date of such notice, make application to the Board for the right to construct, maintain and operate a loop terminal upon streets to be designated by the Board, and shall, on or before the expiration of said one (1) year, enter into a contract for such loop terminal in substitution for the stub-end terminal hereby authorized.

Twenty-seventh—The Company shall submit to the Board a verified report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.

18. Total expenses for operation, including salaries.
19. Such other information in regard to the business of the Company as may be required by the Board.

Twenty-eighth—The Company shall at all times keep accurate books of account of its gross annual receipts, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding in such form as he may prescribe. Such report shall contain a statement of such gross annual receipts, the total miles in operation, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books and records of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers and employees under oath.

Twenty-ninth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board or any official of the City acting under the powers herein reserved, the right and privilege hereby granted may be forfeited by resolution of the Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Any false entry in the books of the Company or false statement in the reports to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the right and privilege hereby granted. Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the right and privilege hereby granted.

Thirtieth—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance and operation of the railway hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company shall repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-first—This grant is upon the express condition that the sum of nineteen thousand five hundred dollars (\$19,500), composed of the sums heretofore deposited by the Company with the Comptroller of the City as security for the faithful performance of the following named ordinances or contracts granting rights and privileges to the Company:

Or with any other provision of this contract which may affect the repair, protection and maintenance of the streets or of the City's structures within the streets.

—The City shall have the right to cause the work to be done or the defect to be remedied and to immediately reimburse itself for the cost of such work by deducting such cost from the security fund heretofore provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after demand has been made upon it, fail to pay to the City the cost of any alterations to the sewerage or drainage systems, occasioned by the construction, maintenance or operation of the railway hereby authorized, or fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the construction, maintenance or operation of the said railway, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect such costs or damages, with interest, by deducting the amount of the same from the security fund heretofore provided for. Date of ordinance or contract, Aug. 2, 1911; for railway on Madison Avenue Bridge; amount of deposit, \$5,000.

Date of ordinance or contract, March 28, 1912; for railway on Washington Bridge and 181st street; amount of deposit, \$2,000.

shall likewise form a security fund for the faithful performance by the Company of all the terms and conditions of this contract and for its compliance with all orders of the Board and of the officials of the City acting under the powers herein reserved. From the said fund, deductions may be made as hereinafter provided:

(a) Should the Company, within such time after notice as may be herein prescribed, or, where no time is prescribed, within such time as the Board or the proper officials of the City may hereafter prescribe, fail to comply with the provisions of this contract or with the orders of the Board or of the officials herein named or referred to, relating to:

- Watering of the streets.
- Removing of snow and ice.
- Paving and repairing of the streets.
- Protecting the City's structures during the construction, reconstruction or repair of the railway hereby authorized.
- Moving and protecting the Company's tracks, appurtenances or other structures during the performance of any public work, or as may be required on account of changing of the lines or grades of the streets.

Or with any other provision of this contract which may affect the repair, protection and maintenance of the streets or of the City's structures within the streets.

—The City shall have the right to cause the work to be done or the defect to be remedied and to immediately reimburse itself for the cost of such work by deducting such cost from the security fund heretofore provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after demand has been made upon it, fail to pay to the City the cost of any alterations to the sewerage or drainage systems, occasioned by the construction, maintenance or operation of the railway hereby authorized, or fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the construction, maintenance or operation of the said railway, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect such costs or damages, with interest, by deducting the amount of the same from the security fund heretofore provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(c) Should the Company fail to pay to the City the annual charges required to be paid by this contract within the time fixed for the payment thereof, the City shall have the right to collect the amount of such charges, with interest, by deducting the same from the security fund heretofore provided for. Such deduction shall be made by the Comptroller without further or other direction.

(d) Should the Company fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, then the Company may be required to pay to the City, as liquidated damages for each breach or violation, the following sums:

For failure to maintain the headway as herein prescribed or to properly heat or light its cars, or to equip its cars with proper fenders or wheel guards, the sum of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car which shall not be operated, heated, lighted or equipped in compliance with this contract, or with the orders of the Board or of the officials of the City having jurisdiction.

For failure to give efficient public service at rates not exceeding those herein fixed, or to maintain its structures and equipment in good condition throughout the whole term of this contract, the sum of two hundred and fifty dollars (\$250) for each day during which the default or defect remains.

For failure to comply with any other provision of this contract as to which liquidated damages are not fixed herein, the sum of fifty dollars (\$50) per day for each day during which such failure or default shall continue.

All of such sums shall be collected by deducting the same from the security fund heretofore provided for.

The procedure for the collection of such liquidated damages shall be as follows:

Whenever the Board shall have knowledge of any such breach or violation on the part of the Company, the Board shall give notice to the Company, specifying the nature of such breach or violation and the amount of liquidated damages which it is proposed to collect therefor, and directing its President or other officer to appear before the Board on a certain day, not less than ten (10) days after the service of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fail to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, the Board shall forthwith direct the Comptroller to collect such liquidated damages by deducting the amount of the same from the security fund heretofore provided for.

(e) Should the right and privilege hereby granted be forfeited pursuant to the provisions of this contract, or should such right and privilege be terminated upon the dissolution of the Company, as herein provided, the sum of five thousand dollars (\$5,000) shall be forfeited to the City as liquidated damages, for failure of the Company to perform this contract pursuant to the terms hereof, and the Comptroller upon the direction of the Board, shall collect such liquidated damages by deducting the sum named from the security deposit heretofore provided for.

(f) When making any deduction, pursuant to this contract, from the security fund heretofore provided for, the Comptroller may have recourse to any or all of the sums heretofore deposited under the ordinances or contracts above specified, and the Company shall, upon ten (10) days' notice from the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore said security fund to its original amount of nineteen thousand five hundred dollars (\$19,500). Should the Company fail to deposit such sum, the right and privilege hereby granted may be forfeited by the City as in this contract provided.

(g) Should any of the sums going to make up the security fund of nineteen thousand five hundred dollars (\$19,500), heretofore deposited with the Comptroller as hereinabove stated, be forfeited to the City or should any deductions be made therefrom pursuant to the provisions of any of the ordinances or contracts under which said sums were deposited, or pursuant to the provisions of any other contract heretofore or hereafter entered into with the Company for the performance of which such fund of nineteen thousand five hundred dollars (\$19,500) has been or shall be made to stand as security, the Company shall, upon ten (10) days' notice from

the Comptroller, deposit with the Comptroller a sum, either in money or securities, which shall be sufficient to restore said security fund to its original amount of nineteen thousand five hundred dollars (\$19,500). Should the Company fail to deposit such sum, the right and privilege hereby granted may be forfeited by the City as in this contract provided.

(h) Should any of the rights and privileges granted by any of the ordinances or contracts hereinabove specified expire by limitation prior to the date fixed for the expiration of the right and privilege hereby granted, the sum or sums deposited with the Comptroller under and pursuant to the said ordinances or contracts, or any of them, shall not be returned to the Company, but shall be held and retained by the Comptroller to the end that the security fund of nineteen thousand five hundred dollars (\$19,500), hereinabove provided for, shall be continued intact until the date of the termination of this contract.

(i) No action or proceeding or right under the provisions of this subdivision shall affect any other legal rights, remedies or causes of action belonging to the City.

The provisions for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by it of the annual charges, or of liquidated damages, are and shall be in addition to the City's right, as herein reserved, to forfeit the right and privilege hereby granted.

Thirty-second—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-third—The words "streets or avenues," and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, encountered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5 and the other provisions of the Railroad Law pertinent thereto shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf during the entire term of this contract, whether original or renewal, to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Whereas, In pursuance of such laws this Board adopted a resolution on May 5, 1916, fixing the date for public hearing thereon as June 2, 1916, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and "The Evening World," newspapers designated by the Mayor, and in the "City Record," for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Automatic Scoreboard Company, Inc., and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Automatic Scoreboard Company, Inc., containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Automatic Scoreboard Company, Inc., the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and executed in duplicate this day of 1917, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Automatic Scoreboard Company, Inc. (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in, through and under the streets and highways in the Borough of Manhattan in the City of New York, for the purpose of operating automatic baseball scoreboards, to be located on the premises of subscribers. It is expressly provided that the right and privilege hereby granted shall not include the right or privilege to construct, maintain or operate ducts, conduits or subways in any street or highway.

In lieu of laying or constructing its own wires or other electrical conductors, the Company is hereby authorized to rent or lease from any corporation wires or other electrical conductors which may have been lawfully constructed within the streets and highways.

Sec. 2. The grant of this right and privilege is subject to the following conditions:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor to and until December 31, 1921, with the privilege of renewal of said contract for the further period of five (5) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The time within which such application for renewal must be made is of the essence of this contract, and a failure of the Company to present its application within the time fixed shall be considered as an election on the part of the Company not to take advantage of its right to such renewal, in which event the franchise shall terminate on the last day of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day nine (9) months before the expiration of the original term of this contract, then the parties hereby agree that the annual rate for the renewal term shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and agreed to by any two of such appraisers shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The entire expense of such appraisal shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for this right and privilege, during the original term of this contract, expiring December 31, 1921, the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor and before anything is done in exercise of the right and privilege hereby granted, and the further sum of one thousand dollars (\$1,000) in cash on or before April 1, 1918.

The sums herein named are in addition to the annual sums required to be paid under paragraph (b) following.

(b) During the first year, or portion thereof, expiring December 31, 1917, a sum which shall

be equal to three (3) per cent. of its gross receipts for such year or portion thereof, but which sum shall not be less than four hundred dollars (\$400).

During the second year, expiring December 31, 1918, a sum which shall be equal to four (4) per cent of its gross receipts for such year, but which shall not be less than eight hundred dollars (\$800).

During the last three years, expiring December 31, 1921, an annual sum which shall be equal to five (5) per cent of its gross annual receipts, but which shall not be less than one thousand five hundred dollars (\$1,500).

The gross annual receipts mentioned above shall be the gross annual receipts of the Company, from whatever source derived, either directly or indirectly, in any manner, out of or in connection with the operation of automatic baseball scoreboards.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

The annual charges as above shall be paid into the treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The right and privilege hereby granted shall not be assigned or transferred, either in whole or in part, whether by consolidation, merger, reorganization or otherwise, or leased or sublet in any manner, either in whole or in part, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation, merger or reorganization of corporations, or otherwise, unless the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by each and all of the terms and conditions of this contract and agreeing to waive any more favorable conditions created by its charter or any statute relating to the consolidation, merger or reorganization of corporations or otherwise. The filing of such agreement shall constitute a condition precedent to the passing to, or vesting in such proposed successor in title to the rights of the Company, of the right and privilege hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which such succession in title is to take effect, the right and privilege hereby granted may be forfeited, or the consent of the City provided for herein may be revoked by resolution of the Board.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions.

Fifth—The wires or other electrical conductors and equipment, whether constructed by the Company or rented or leased from any corporation, shall not be used or employed for any other purpose than the operation of automatic baseball scoreboards, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes, nor to furnish service to premises used for illegal purposes.

Sixth—Should the Company lay or construct its own wires or other electrical conductors, the same shall be placed in ducts, conduits or subways maintained by the company or corporation having control of the electrical subway system under the provisions of law, or in ducts, conduits or subways maintained by the City, should the City hereafter construct its own subway system or succeed to the rights of any company or corporation maintaining any such system.

No cables, wires or other electrical conductors shall be strung by the Company above the surface of any street or highway.

Seventh—The wires or other electrical conductors hereby authorized shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City, and in strict compliance with all laws or ordinances or departmental rules or regulations now in force or hereafter enacted or adopted affecting the construction, maintenance or operation of wires or other electrical conductors.

No construction, reconstruction or repair of said wires or other electrical conductors or equipment within the streets shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and for the proper restoration of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such directions.

Eighth—During any work of construction, reconstruction or repair of the wires or other electrical conductors or equipment hereby authorized, the Company shall also, at its own cost and expense, protect any and all existing structures belonging to the City. All such work of construction, reconstruction or repair shall be done in the manner prescribed by the proper City officials. The right and privilege hereby granted to construct, maintain and operate wires or other electrical conductors shall not be in preference or in hindrance to the right of the City to perform or carry on any public works, and should the said wires or other electrical conductors or equipment of the Company in any way interfere with the construction or maintenance of such public works, whether the same be done by the City directly or by a contractor for the City, the Company shall, at its own cost and expense, protect or move its wires or other electrical conductors or equipment in the manner directed by the City officials having jurisdiction over such public works.

Ninth—The wires or other electrical conductors and equipment to be installed by the Company, whether the same be under streets and avenues or in and upon private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eleventh—Upon the termination of the original term of this contract, or, if the contract be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the company before such termination, any wires or other electrical conductors and

equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at any time preceding the date upon which this contract shall terminate, the Board shall so order, by resolution, and give notice to the Company, the Company shall, upon the termination of this contract, remove from the streets any and all of its wires or other electrical conductors and equipment constructed pursuant to this contract.

Twelfth—The plant, wires or other electrical conductors, connections, instruments and all appurtenances thereto shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to such plant, wires or other electrical conductors, connections, instruments and appurtenances from time to time as such additions or improvements are determined by the Board, after a hearing, to be reasonable and necessary. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Thirteenth—Upon the application of any person, firm or corporation whose premises are located within a distance of one mile in any direction from any central office maintained by the Company and who or which shall agree, in writing, to accept and pay for such service for at least one (1) month, the Company shall extend, or obtain the extension of, wires or other electrical conductors to such premises and furnish service to such applicant at rates not exceeding those herein prescribed or hereafter fixed by the Board, as herein provided.

Fourteenth—The rates to be charged by the Company for automatic baseball scoreboard service, which shall include the cost of installing and connecting the board, rental for the use of the board, and all service of any kind necessary for or incidental to the proper operation of the board, shall not exceed the following:

To subscribers making seasonal contracts, one hundred and eighty dollars (\$180) per board per season.

To subscribers making monthly contracts, thirty-five dollars (\$35) per board per month.

The seasonal service shall at least include the period beginning April 15 and ending October 15 in each year, but neither such seasonal service nor the monthly service above specified shall include service in connection with the so-called "World's Series" of baseball games, which shall be deemed to be special service. For such special service the Company may charge to seasonal or monthly subscribers not to exceed five dollars (\$5) per board per day in addition to the seasonal or monthly rate, and to subscribers for such special services only, not to exceed twenty dollars (\$20) per board per day.

The Board shall have power to regulate the maximum and minimum rates for all service and the Company agrees to abide by such rates, provided that they be reasonable and fair.

Fifteenth—Should the Company fail to carry on its operations for any period of two (2) consecutive months between April 15 and October 15, in any year, the Board may forfeit the right and privilege hereby granted.

Sixteenth—Should the Company lay or construct its own wires or other electrical conductors, in the ducts, conduits or subways of any company or corporation, or of the City, as herein provided, it shall file with the Board, not later than February 1 of each year, a map or plan upon which the wires or other electrical conductors laid or constructed during the year ending December 31 preceding shall be plainly indicated. The Company shall also file with the Department of Water Supply, Gas and Electricity, on or before the 10th day of each month, a map or plan plainly indicating the wires or other electrical conductors laid or constructed by it within the preceding month.

Seventeenth—The Company shall submit to the Board a report not later than February 1 of each year for the year ending December 31 next preceding, and at any other time upon request of the Board, which shall state:

Eighteenth—The Company shall at all times

keep accurate books of account of its gross annual receipts and shall, on or before February 1 of each year, make a verified report to the Comptroller of the business done by the Company for the year ending December 31 next preceding, in such form as he may prescribe. Such report shall contain a statement showing:

- (f) The receipts of the Company from any other source, and such other information as the Comptroller may require.

The Comptroller shall have access to the books and records of the Company for the purpose of ascertaining the correctness of its report and may examine its officers and employees under oath.

Nineteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board or of any official of the City acting under the powers herein reserved, the right and privilege hereby granted may be forfeited by resolution of the Board, which said resolution may contain a provision to the effect that the wires or other electrical conductors and equipment constructed by the Company under and pursuant to this contract shall become the property of the City without proceedings at law or in equity; provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring this right and privilege forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Any false entry in the books of the Company or false statement in its reports to the Comptroller as to a material fact, knowingly made by the Company, shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the right and privilege hereby granted.

Nothing herein contained shall affect in any way the right of the Company to apply to a court of competent jurisdiction for a review of any action of the Board forfeiting the right and privilege hereby granted.

Twentieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the right and privilege hereby granted, shall deposit with the Comptroller of the City the sum of three thousand dollars (\$3,000), either in money or securities to be approved by the Comptroller, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and for its compliance with all the orders of the Board and of the officials of the City acting under the powers herein reserved. From the said fund deductions may be made as hereinafter provided.

(a) Should the Company, within such time after notice as may be herein prescribed, or where no time is prescribed, within such time as the Board or the proper official of the City may hereafter prescribe, fail to comply with the provisions of this contract or with the orders of the Board or of the officials of the City herein named or referred to, relating to—

Protecting the City's structures during the construction, reconstruction or repair of the wires or other electrical conductors hereby authorized.

Moving and protecting the Company's wires or other electrical conductors during the performance of any public work or as may be required on account of the changing of the lines or grades of the streets.

Or with any other provision of this contract which may affect the repair, protection and maintenance of the streets or of the City's structures within the streets,

the City shall have the right to cause the work to be done or the defect remedied and to reimburse itself for the cost of such work, by deducting such cost, with interest, from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(b) Should the Company, within ten (10) days after demand has been made upon it, fail to repay to the City any damages caused to persons or property which the City shall be compelled to pay by reason of the construction, maintenance or operation of the wires or other electrical conductors hereby authorized, or by reason of any acts or defaults of the Company in connection therewith, the City shall have the right to collect damages, with interest, by deducting the amount of the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller upon the direction of the Board.

(c) Should the Company fail to pay to the City the annual charges required to be paid by this contract within the time fixed for the payment thereof, the City shall have the right to collect the amount of such charges, with interest, by deducting the same from the security fund hereinabove provided for. Such deduction shall be made by the Comptroller without further or other direction.

(d) Should the Company fail to comply with the provisions of this contract, or with the orders of the Board or of the officials of the City herein named or referred to, then the Company may be required to pay to the City, as liquidated damages for each breach or violation, the following sums:

For failure to give efficient public service at rates not exceeding those herein fixed, or to maintain its structures and equipment in good condition throughout the whole term of this contract, the sum of two hundred and fifty dollars (\$250) for each day during which the default or defect remains.

For failure to comply with any other provision of this contract as to which liquidated damages are not fixed herein, the sum of fifty dollars (\$50) per day for each day during which such failure or default shall continue.

All of such sums may be collected by deducting the same from the security fund hereinabove provided for.

The procedure for the collection of such liquidated damages shall be as follows:

Whenever the Board shall have knowledge of any such breach or violation on the part of the Company, the Board shall give notice to the Company, specifying the nature of such breach or violation and the amount of liquidated damages which it is proposed to collect therefor, and directing its President or other officer to appear before the Board on a certain day, not less than ten (10) days after the service of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fail to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, the Board shall forthwith direct the Comptroller to collect such liquidated damages by deducting the amount of the same from the security fund hereinabove provided for.

(e) In case of any deductions from the security fund pursuant to this contract, either for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by the City of the annual charges herein provided, or of liquidated damages, the Company shall, upon ten (10) days notice by the Comptroller, deposit with the Comptroller a sum, either in money or securities, sufficient to restore such security fund to its original amount of three thousand dollars (\$3,000), and in default thereof, the right and privilege hereby granted may be forfeited by the City as herein provided.

(f) Should the right and privilege hereby granted be forfeited pursuant to the provisions of this contract, or should such right and privilege be terminated upon the dissolution of the Company as herein provided, the security fund hereinabove provided for shall be forfeited to the City as liquidated damages for failure of the Company to perform this contract pursuant to the terms hereof.

No action or proceeding or right under the provisions of this subdivision shall affect any other legal rights, remedies or causes of action belonging to the City.

The provisions for the reimbursement of the City for work done by it or amounts expended by it on behalf of the Company, or amounts paid by it to any person by reason of any act or default of the Company, or for the collection by it of the annual charges, or of liquidated damages, are and shall be in addition to the City's right, as herein reserved, to forfeit the right and privilege hereby granted.

Twenty-first—The Company shall assume all liability to persons or property by reason of the construction, maintenance or operation of the wires or other electrical conductors and equipment hereby authorized, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company shall repay to the City the amount of any damages which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-second—This right and privilege is granted subject to whatever right, title or interest the owners of abutting property or others may have in or to the streets and highways in which the Company is authorized to lay, construct, maintain or operate its wires or other electrical conductors.

Twenty-third—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fourth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places, or any other property to which the City has title or over which the public has an easement, in, along or under which the Company is hereby authorized to construct, maintain or use wires or other electrical conductors.

Twenty-fifth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. The Company promises, covenants and agrees on its part and behalf, during the entire term of this contract, whether original or renewal, to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer from the street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right, on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further:

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done.
