Commissioner Townsend presented a report from the Committee on By-Laws, Elections, and Qualifications, relative to the corporate control of the school moneys by the Board, as follows:

To the Board of Education:

In the matter of the resolution adopted on the 19th day of May, 1875, as follows:

Whereas, By a decision of the Supreme Court, rendered October, 1874, General Term, in the case of J. Kedian and another, respondents, against William H. Neilson, President of the Board of Education and others, appellants, it is declared that "The Board of Education was not a Department of the Municipal Government of the city of New York, and the provisions of the Charter of 1873, in reference to the payment of moneys from the city treasury, did not apply to that Board," and "that by the act of 1873 the Board of Education was . . . a distinctive educational branch of government, and was not made a part of the general city government," and that the several acts therein referred to contemplate that moneys required for the purposes of the Board of Education . . . shall be drawn out from the treasury of the city only by the draft of the President of said Board of Education, countersigned by the Clerk of said Board;" and

Whereas, It is manifest that the present system of payments through the Comptroller is of no pecuniary or other advantage to the city, but the contrary, inasmuch as a large additional expenditure is caused by the employment by the Comptroller of a clerical force for revising the expenditures of this Board, after the careful revision they receive from its proper committees, and the officers necessarily employed for this purpose; and

Whereas, Such system of payment is opposed to the decision of the Supreme Court herein quoted; therefore,

Resolved, That the Committee on By-laws, etc., be and they hereby are instructed to report to this Board, at its next stated meeting, what measures are necessary to be taken to enforce the right of this Board to the corporate control and disbursement of the funds apportioned for the purposes of public instruction, and which control and direct disbursement are important obligations of the Board, imposed upon it by the Laws of the State, as decided by the late decree of the Supreme Court.

The Committee on By-laws, etc., respectfully report:

That at the request and by the advisement of said Committee, the Chairman, Commissioner R. W. Townsend, addressed a letter to the Comptroller of the city, requesting him to place the moneys raised for the use of the Board of Education, to its credit with the Chamberlain, as was the practice before he adopted a different method, viz., the payment by himself of all the salaries and bills, and requesting an answer before the meeting of the Board.

That in reply to said communication the Comptroller returned the accompanying answer, to wit:

COMPTROLLER'S OFFICE,  
CITY OF NEW YORK, JUNE 2, 1875.

R. W. TOWNSEND, Esq., Chairman Committee on By-Laws, Elections and Qualifications of the Board of Education:

SIR—In answer to yours of the 28th instant, requesting to be informed before the meeting of your Committee on Wednesday next, whether this Department will comply with the requisitions which the Board of Education may make from time to time, to place the school moneys to its credit with the Chamberlain, it is obviously proper that the payments from the City Treasury should be made upon one uniform system. The existing method of auditing and paying the claims of the Board of Education was fixed upon in order to make the payments conform to the mode adopted in relation to all Departments and officers of the City Government.

I should, of course, object to changing the method now established in relation to such payments, except upon a complete investigation of the whole subject, and an authorized declaration of the law.

In respect to all payments required to be made from the City Treasury, whatever system I may prefer must, of course, yield to the law, and should your Board deem it necessary to take proceedings in the courts to change the method of paying the schools, I should wish to appear and present the full question, in order that the matter may be intelligently passed upon by the courts.

Very respectfully,

ANDREW H. GREEN, Comptroller.

That thereafter, and at a regular meeting of the Board of Education held on the 2d day of June, 1875, the following resolution was adopted, viz.:

Resolved, That the Comptroller be requested to place with the City Chamberlain the sum of three hundred and fifty thousand dollars (\$350,000), from the fund appropriated for public instruction for the year 1875, subject to the drafts of this Board on and after this date.

A copy of which was personally served upon the Comptroller on the 11th inst. by the Auditor of this Board, and a demand made that said money be placed with the City Chamberlain to the credit of this Board and subject to its drafts, and that the Comptroller has not complied with said demand.

In view of these facts the committee, in order to enforce the right of this Board to the corporate control and disbursement of the funds apportioned for the purposes of public instruction, and which control and direct disbursement are important obligations of this Board imposed upon it by the laws of the State as decided by the late judgment of the Supreme Court, respectfully submit for adoption the following resolution, viz.:

Resolved, That proceedings by mandamus be instituted to compel the Comptroller of the City and County of New York to place with the City Chamberlain, to the credit of the Board of Education, and subject to its drafts, the unexpended funds apportioned for this year and preceding years, for the purposes of public institutions in the City of New York, in such sums, and at such times, as said Board may by resolution determine; and that the President of the Board of Education be and he is hereby empowered and directed to employ counsel in behalf of said Board, to take proceedings by mandamus, or such other proceedings as may be necessary to effect the purposes of this resolution.

Respectfully submitted,

R. W. TOWNSEND,  
A. P. MAN,  
R. G. BEARDSLEE,  
HENRY P. WEST,  
FERDINAND TRAUD,

Committee on  
By-Laws, Elections,  
and Qualifications.

June 6, 1875.

On motion of Commissioner Man, the resolution was amended by adding thereto, "But it is the sense of the Board that the President of the Board should, in the first place, apply to the Comptroller, with a view to obtain an amicable adjustment of the matter in question."

Commissioner Townsend presented a report from the Committee on By-Laws, etc., relative to the claim of James McDonnell against the late School District No. 1, Town of West Farms, for \$5,222.00, recommending the payment of the same as a just obligation of the city under the law. Adopted.

Commissioner Herring presented a report from the Committee on Course of Study and School Books relative to the study of music in schools. Laid on the table, and entered in full on the minutes.

Commissioner Vermilye presented a report from the Finance Committee, recommending the appropriation of \$21,500, for the repairs, etc., to school buildings. Adopted.

Also, to appropriate \$375 for a piano for Primary School No. 44. Adopted.

Also, to appropriate \$2,370 for altering and fitting up premises No. 95 Attorney street for Primary School purposes. Adopted.

Also, to appropriate \$941.24 from the amount of moneys apportioned to Corporate Schools, for the "Nursery and Child's Hospital." Adopted.

Also, to pay bill of W. A. B. Wade for \$320, for extra services as Janitor of Grammar School No. 22. Adopted.

On motion, the Board then adjourned.

L. D. KIERNAN, Clerk.

## EXECUTIVE DEPARTMENT.

[Communication.]

EXECUTIVE DEPARTMENT, CITY HALL,  
NEW YORK, June 25, 1875.

Hon. HENRY G. STEBBINS,

President Department of Public Parks:

SIR—My attention has been called to the fact that proceedings have been instituted to have Commissioners of Estimate and Assessment appointed by the Supreme Court, on Monday next, in the matter of a parade ground in the upper part of the island.

I am surprised at this information, and had supposed that, after our conference on the subject in April last, the Department of Public Parks had decided that such proceedings should not be prosecuted.

I do not consider that there is any necessity or justification at this time for the large expenditure which would be required if these proceedings are continued. And I recommend that such steps be taken as will cause them to be withdrawn.

Very respectfully,

WM. H. WICKHAM,  
Mayor.

Whereas, By resolution and ordinance of the Common Council, approved by the Mayor, March 20, 1875, the Department of Parks was authorized and directed to pave the Third avenue, between Westchester avenue and the northern boundary of the Twenty-third Ward, with Belgian pavement, and no action has yet been taken by the said Department, to comply with the requirements of said resolution and ordinance; and

Resolved, That the said Commissioner of Public Works be and he is hereby requested to confer with the Board of Health, and if the proposition meets the approval of that Board, then that immediate steps be taken to compel the owners of property who are now, or lately have been, filling in this marsh with ashes, and other refuse material to conform to the grade of filling decided upon by the Commissioner of Public Works, and to deposit an amount of good and wholesome earth equal to that decided to be necessary for all that portion of the flats that has been or is to be filled in by contract with the Department of Public Works. ### JURORS.

#### NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

#### OFFICE OF THE COMMISSIONER OF JURORS.

NEW COUNTY COURT-HOUSE,  
NEW YORK, June 1, 1875.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

The Commissioner will receive applications for relief from those jurors who have served continuously and promptly for several years, or have done excessive jury service in the State Courts.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment
