To the Honorable the Board of Aldermen:

I return herewith, without approval, resolution of your Honorable Body, adopted May 14, 1895, to permit Charles Pascocello to place and keep a barber's pole in front of No. 208 West Fourteenth street, on the ground of the report of the Commissioner of Public Works that "complaints have been made to this Department of a barber's pole at that place, and a pole was once removed therefrom to the Corporation Yard."

W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to Charles Pascocello to place and keep a striped pole for barber-shop in front of his premises No. 208 West Fourteenth street, within the stoop-line, said pole not to extend more than four feet from the house-line, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. W. L. STRONG, Mayor.

Resolved, That permission be and the same is hereby given to Bernard McGuinness to place and keep a watering-trough on the sidewalk, near the curb, in front of his premises, No. 130 Hudson street, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council. REPORT:

That, having examined the subject, they find that a resolution has already been introduced, and is now pending before the Board, calling for the fencing of the vacant lots Nos. 316 to 322 East Forty-sixth street; and they now recommend that an additional resolution for fencing Nos. 324 and 326 East Forty-sixth street be introduced and adopted. PETITIONS.

By Alderman O'Brien—

To the Mayor and Board of Aldermen of the City of New York:

The Hebrew Benevolent and Orphan Asylum Society herewith submits, with a request for their

adoption, proposed resolutions giving your consent to the sale by the said Orphan Asylum of the property heretofore conveyed to the Orphan Asylum, and included in the block between Seventy-sixth and Seventy-seventh streets and Third and Lexington avenues.

The property in question was conveyed to the Hebrew Benevolent and Orphan Asylum Society by two deeds from the Mayor, Aldermen and Commonalty of the City of New York, recorded respectively in Liber 833 of Conveyances, page 333, and Liber 916 of Conveyances, page 232, which two deeds were conditioned upon the use of said property for the purposes of an orphan asylum.

The Hebrew Benevolent and Orphan Asylum Society, after the grant of said lands to it by the City, erected an Orphan Asylum on said property, and continued to use the same until about the year 1880, when the Orphan Asylum purchased with its own funds a plot of ground covering nearly two square blocks, and extending from One Hundred and Thirty-sixth to One Hundred and Thirty-eighth streets, and from Tenth avenue to the Boulevard, and erected thereon an Orphan Asylum building of much larger dimensions and proportions than its building on the old plot.

In 1874 legislation was passed authorizing the Mayor, Aldermen and Commonalty of the City of New York to change the said grant, so as to authorize the leasing or subletting of the property conveyed to the Orphan Asylum of said city, providing the proceeds of such leases be applied to the uses and purposes of the said Orphan Asylum Society.

The Board of Aldermen passed a resolution to that effect, which was approved by the Mayor December 31, 1874.

Subsequently an additional resolution to the same effect was passed by the Common Council, which was approved by the Mayor October 27, 1884.

Recently, and on or about the day of April, 1895, an act was passed by the Legislature of the State of New York empowering the Mayor, Aldermen, etc., to modify, alter or qualify any grant or conveyance heretofore made by them to the Hebrew Benevolent and Orphan Asylum Society of the City of New York, so as to permit or authorize the said society to sell and convey in fee simple absolute the whole or any part of the premises conveyed to said society by the Mayor, Aldermen and Commonalty of the City of New York, and further providing that said society thereupon devote the proceeds to the maintenance and support of said society and to the orphans, half orphans and indigent children under its charge.

The Orphan Asylum Society has not succeeded in letting a considerable portion of the property conveyed to it by the two deeds hereinbefore referred to and the property yields no income whatsoever.

The society therefore requests and desires that it be authorized and empowered to sell such property, binding itself to apply the proceeds of such sale to the purposes of the Orphan Asylum.

Very respectfully, HEBREW BENEVOLENT AND ORPHAN ASYLUM SOCIETY OF THE CITY OF NEW YORK, by HOADLY, LAUTERBACH & JOHNSON, Attorneys.

In connection herewith Alderman Goodman offered the following:

COMMUNICATIONS.

The President laid before the Board the following communication from Good Government Club X :

NEW YORK, May 25, 1895.

Honorable Board of Aldermen :

GENTLEMEN—The Grievance Committee of Good Government Club "X," realizing the urgent necessity of an improvement in the condition of streets in the thickly populated east side district of the city, adopted the inclosed resolution, which we hope will be given due consideration by your Body.

Any information desired relating to the district will be given with pleasure by the Committee.

Yours truly, THE GRIEVANCE COMMITTEE, JOSEPH BLUMBERG, Chairman.

Whereas, The condition of the streets in the vicinity of Hester, Suffolk, Division, Essex and Ludlow streets is such that it is a detriment to the health of the people residing in that part of the city, and is due to the fact they are used by a large number of venders of fish, meats, vegetables and other perishable articles of food, thereby endangering the health of the inhabitants of this thickly populated tenement-house district, especially during the summer season. In order to remove this danger and raise the standard of health, it is an absolute necessity that there be established a public market in the vicinity ; therefore be it

Resolved, That we request the Honorable Board of Aldermen to take cognizance of this condition of affairs, and ask that they set apart a district along the river front, or in any other location in this vicinity that they deem best, to be used as a public market.

Which was referred to the Committee on Street Cleaning.

UNFINISHED BUSINESS.

Alderman Goetz called up Special Order No. 3, being a report and resolutions, as follows :

NEW YORK, May 14, 1895.

To the Honorable the Board of Aldermen :

The undersigned Committee on Markets, to whom was recommended on April 9th ultimo (see Journal, page 70) a report relating to Essex Market, with instructions to ascertain from the Board of Health whether said premises were in a fit condition for occupancy as a school, beg leave to present the following communication and opinion bearing on the subject :

HEALTH DEPARTMENT, CRIMINAL COURT BUILDING, }
NEW YORK, April 19, 1895. }

WILLIAM H. TEN EYCK, Esq., Clerk of the Common Council, No. 8 City Hall, New York City :
SIR—In compliance with yours of April 10, requesting in behalf of Hon. Christian Goetz, Chairman of the Aldermanic Committee on Markets, an opinion as to whether Essex Market, from a sanitary standpoint, is or can be made fit for occupancy as a public school building, an inspection has been made of the premises by a Sanitary Officer of this Department, and I inclose herewith a copy of his report, which is approved by the Commissioners of Health.

Very respectfully, EMMONS CLARK, Secretary.

HEALTH DEPARTMENT, CENTRE, ELM, WHITE AND FRANKLIN STREETS, }
CRIMINAL COURT BUILDING, NEW YORK, April 17, 1895. }

To the Board of Health :

I, Frederick Sprenger, holding the position of a Sanitary Inspector in the Health Department of the City of New York, do report : That, on the 13th and 17th days of April, 1895, I personally examined and carefully inspected the premises situated Grand street, Essex Market place, Ludlow and Essex streets, and found the facts as follows : Said premises consist of a market, school, meeting rooms, etc., of which A. P. Fitch, of Stewart Building, Chambers street and Broadway, has charge, and in violation of section — of the Sanitary Code, were found in a condition dangerous to life and detrimental to health, for the following reasons, viz. : These premises consist of a three-story brick building, located between Grand street, Essex Market place, Ludlow and Essex streets. The first floor is occupied for school and market purposes, the second for school purposes, meeting rooms and two janitors' dwelling apartments, and the third floor is occupied entirely by the Volunteer Firemen's Association. There is a cellar under the greater portion of the building. Beneath a portion of the ground floor, occupied as a market, there is no cellar, the floor being a covering of stone flags, which at present are in a defective condition, being irregular, worn and sunken. The cellars are occupied for various business purposes, such as basket stores, book stores, second-hand furniture stores, etc., several cellars being vacant at present. There are several corroded hopper water-closets in Cellars Nos. 2, 4, 6 and 7, located in dark, poorly ventilated interior apartments. Said water-closets are flushed from the Croton supply pipes direct. In the vacant Cellar No. 8, at the corner of Essex and Grand streets, is a broken pan water-closet and broken and open sewer-pipes. The soil in cellar, where visible, was found, as a rule, damp. In the cellar at the corner of Essex Market place and Essex street is a defective and obstructed sink, obstructed and leaking sewer-pipes and a leaking Croton water-pipe. The bottom of this cellar contains an accumulation of sewage from which very offensive odors escape. The areas adjoining the cellars contain an accumulation of rubbish, consisting of sweepings, old paper and street dirt. On the ground floor in the market is a sewer pipe connecting with water-closets, and rain leader which is defective, having openings therein defectively closed. There are interior water-closet apartments on the first and second floors which do not ventilate directly to the external air. There are also disused basins and six water-closets nailed up on the second floor in the boys' water-closet apartment. The rooms on the several floors are of different dimensions, both small and large, some of which are poorly lighted. At present, on the second floor, there are two rooms used for school purposes, thirty-two feet in length, each having one window on the end facing on the street. One room is ten feet wide and contains thirty-two pupils, the other, fifteen feet six inches wide, containing forty-six pupils ; ceiling twelve feet one inch high. The rooms are heated by stoves in the rooms and passageways adjoining schoolrooms. There are no hallways or passageways through the building from street to street, so that good ventilation at present is not provided. In the janitor's apartments, on the second floor, Ludlow street side, is a loose connection in the waste-pipe under the sink. In the janitor's apartments of Hans Powell Post, G. A. R., on the second floor, Essex street side, is an open trap vent-pipe under sink, the vent-pipe having been cut open to remove obstructions.

In my opinion, in order to place said premises in good condition for school purposes would require considerable alteration in the building, and would recommend that the cellars and the ground surface beneath the building, where no cellar exists, be covered with non-absorbent material, so as to render the cellar bottom and ground surface impervious to dampness. That all plumbing fixtures be so arranged and located as to discharge through direct lines from the roof to the cellar, and the apartments ventilated to the external air direct. That hallways or passageways be provided on each floor, having through and through ventilation, and that the rooms and hallways be so arranged as to admit adequate light and air in all parts of the same.

(Signed)

FREDERICK SPRENGER, Sanitary Inspector.

EMMONS CLARK, Secretary.

A true copy.
The Committee, considering the vast amount of time which has been consumed in the effort to give all parties and interests involved full and proper hearing, the number of reports which have been presented and recommitment, and the strong opposition which has been manifested against the

proposition to condemn Essex Market and convert the premises into a school, have felt it incumbent to give the subject such renewed and careful thought which its importance demands, and to modify our recommendations conformably to the exact conditions as we now find them.

On January 15 last the matter was presented to the Board of Aldermen by Alderman Goetz, in the form of the following preamble and resolutions, and referred to the Committee on Markets :

"Whereas, Application has been made to the Comptroller of the City of New York, by the Board of School Trustees for the Tenth Ward of the City of New York, for leave to use the building known as Essex Market, in said city, for school purposes ; and

"Whereas, The said Comptroller has referred to the Counsel to the Corporation for his advice in the premises the said application ; and

"Whereas, The Counsel to the Corporation has advised the Comptroller that it will be necessary for the Common Council to declare the property in question no longer a public market, and by resolution assent to the use thereof for school purposes ; and

"Whereas, The report of the Engineer of the Finance Department shows that the said market exists only in name ; be it

"Resolved, That the premises known as Essex Market, in the City of New York, be discontinued as such, and that the said Essex Market be and the same hereby is declared to be no longer a public market ; and be it further

"Resolved, That the application of the Board of School Trustees for the use of the Essex Market for school purposes be and the same hereby is granted, and the use of the said premises by the School Trustees as aforesaid is hereby assented to and approved."

The opinion of the Counsel to the Corporation, above referred to, is as follows :

LAW DEPARTMENT—OFFICE OF THE COUNSEL TO THE CORPORATION, }
NEW YORK, November 23, 1894. }

Hon. ASHBEL P. FITCH, Comptroller :

SIR—I have received your letter of 21st instant, inclosing the papers referred to me by the Commissioners of the Sinking Fund, and requesting my opinion as to the powers of the Commissioners of the Sinking Fund or other body to discontinue the Essex Market and assign the premises to the Board of Education for school purposes.

It appears by the accompanying papers :

1. That the premises in question are now occupied in part for school purposes.

2. That at this time there are only two stand-holders in the remaining portion of the market, and the market no longer exists except in name.

3. That the use thereof for school purposes would be extremely advantageous and supply a pressing need for school accommodations.

By subdivision 19 of section 86 of the Consolidation Act, the Common Council is empowered to make ordinances in relation to the construction, repair, care and use of markets.

2. Pursuant to the authority thus conferred, the Common Council have designated Essex Market to be a public market of the City.

Vide § 32, art. 5, Revised Ordinances.

3. I understand that the stand-holders in the market hold their stands by revocable permits.

In order, therefore, to accomplish the purpose of devoting the premises in question to school purposes the following steps appear to me to be necessary :

1. That the Common Council should, by resolution or ordinance, declare the property in question is no longer a public market, and by resolution assent to the use thereof for school purposes.

2. That the Comptroller should revoke the permits of stand-holders in said market.

3. The Commissioners of the Sinking Fund will then have power to assent to the request of the School Trustees of the Tenth Ward that the premises be set apart and used for school purposes.

I remain, respectfully yours, WILLIAM H. CLARK, Counsel to the Corporation.

In order to thoroughly acquaint ourselves as to the condition of and the uses to which the Essex Market building was put to, the Committee made a personal inspection of the premises and ascertained that :

The top floor, covering a very large area, is occupied by the Volunteer Firemen's Association, which has been tendered, free of rent, under authority of an Act of the Legislature of 1888, as follows :

"The commissioners of the sinking fund of the city and county of New York, upon the request, by resolution, of the board of aldermen of said city, are hereby authorized to grant to the Volunteer Firemen's Association of the city of New York, the use of any public building or property or rooms in any of the public buildings of said city, which the mayor of said city shall certify is sufficient for the purpose, for the occupation of said Volunteer Firemen's Association of the city of New York, for the purposes of its organization, such occupation to continue so long as the same is occupied for such purposes and no longer."

That several Posts of the Grand Army of the Republic have been granted permission to use a large portion of the building, rent free, for meeting purposes.

That other organizations composed of veterans and also of sons of veterans have been permitted to occupy space in the building without charge.

That each of the above-mentioned bodies have expended large sums of money in appropriately fitting up their quarters and arranging them suitably for permanent use.

That the portion now occupied for school purposes is entirely inadequate to meet the urgent needs of the district, and that if the entire building, as asked for, could be converted into a school, nearly all, if not the entire number, unable now to obtain admission into the schools of the district, could be accommodated.

We learn that during the last year 1,969 applications for admission to the schools of the Tenth Ward were necessarily refused for lack of accommodations.

These figures are obtained from the respective Principals, and are as follows : Miss Thomson, 306 refused in Primary Department No. 20 ; Miss Loss, 449 refused in Primary Department No. 42 ; Miss Murdock, 296 refused in Primary Department No. 1 ; Miss Rogers, 174 refused in Primary Department No. 75 ; Miss Luner, 717 refused in Primary Department No. 7 ; Miss Connolly, 13 refused in Female Department No. 42, and Miss Moorhouse, 14 refused in Male Department No. 20. In addition to this number there are many truant and children put to work by their parents, who, under the law of 1894, will be sent to the schools by the truant officers next season.

At the public hearings the opposition to the resolution was based largely upon the claim that the present tenants, above referred to, had felt that the leases they possessed were of a permanent character, and that, as veterans who had risked their lives for the public good, they should not now be deprived of their homes. Those representing the Grand Army of the Republic were loudest and most persistent in their protestations.

The Committee, duly appreciating their sense of duty to the old soldiers, sailors and firemen, and fully admitting that all claims presented for recognition were such as to elicit our most favorable consideration, still felt that as public servants we could only follow one course ; that which afforded the greatest good to the greatest number, and accordingly presented the following recommendations :

"That, in order that the thousands of children in the Tenth Ward, now unable through lack of accommodations, may be afforded opportunity to enjoy the educational advantages of our public school system, it is recommended by your Committee that the Commissioners of the Sinking Fund be and they are hereby requested to provide permanent headquarters for the Volunteer Firemen's Association and temporary headquarters for the Posts of the Grand Army of the Republic, now meeting in Essex Market, in some other building, and that reimbursement to a reasonable amount be made to such organizations for any outlay of money expended in improvements in rooms now occupied by them in Essex Market."

These recommendations were not adopted because it was learned that certain stand-owners in the market who had not appeared at the public hearings desired opportunity to be heard. The report was accordingly recommitted and the opportunity sought afforded. Subsequently, the Committee recommended, with and by concurrence of the School Trustees, that the original report be adopted, so modified, however, as to permit a limited portion of the southeast corner of the building to be continued for market purposes, and also that those doing business in the basement be allowed to remain. Furthermore that the several Posts of the Grand Army of the Republic unite in the use of Hans Powell's quarters for the headquarters of all. This report was adopted by the Board of Aldermen and submitted to his Honor the Mayor for approval. Word was received that the Mayor did not favor the legislation which permitted the space referred to for market purposes to be so used, and, by resolution, the action of the Board was reconsidered, and the ordinance recalled from his Honor the Mayor for further consideration and amendment.

In this connection the Committee desire to state that it has been charged that favor has been extended to tenants desiring to remain because of certain political affiliations. This we disclaim, and wish to say that withholding justice in a business matter of this character because of political prejudice would be as uncalled for as granting unreasonable consideration because of political favoritism. Neither of these two elements have, however, operated towards the conclusions arrived at by the Committee.

Conformable to the desire of his Honor the Mayor, the Committee reported in favor of all the recommendations last presented, excepting that portion objected to by him ; and when such report was presented for consideration it was again recommitted with instructions to ascertain from the Board of Health the information herein referred to.

In view of the foregoing, and with a desire to serve the general public, at the sacrifice, if must be, of personal interest, we offer the following :

Resolved, That Essex Market be and it is hereby declared no longer a public market ; and that all tenants therein are permitted to remain in the exercise of their present privileges until such time as the Comptroller shall give them notice to surrender the same.

Resolved, That the Board of Education be and it is hereby authorized and empowered, with and by the consent of the Commissioners of the Sinking Fund, to convert the building known as Essex Market into school purposes, on condition that such alterations and improvements are made

thereto as are recommended by the Board of Health; and also on condition that the Building Department certify to its safety for the purpose indicated; and such tenants to remain in the occupancy of portions of the building as the Commissioners of the Sinking Fund may designate.

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to assent to the request of the School Trustees of the Tenth Ward, that the premises known as Essex Market be set apart and used for school purposes, on conditions hereinbefore mentioned.

Resolved, That the Commissioners of the Sinking Fund be requested and urged to provide permanent quarters for the Volunteer Firemen's Association of New York, amply adequate and satisfactory to the organization, and temporary quarters for such Grand Army Posts now meeting in Essex Market as are not willing to remain and occupy hereafter such portion of the Essex Market building as may be mutually determined the permanent headquarters of the G. A. R. in said premises by the Board of School Trustees and the respective Posts of the Grand Army of the Republic.

Resolved, That the Board of Estimate and Apportionment be requested to appropriate a reasonable amount to the Veteran Firemen's Association and to the Grand Army of the Republic, now meeting in Essex Market, to reimburse them for expense involved in fitting up their present quarters, and to enable them to place their new quarters in an acceptable condition.

Resolved, That all tenants now occupying stores, rooms or the basement of Essex Market be ordered to vacate at thirty days' notice, as soon as the Board of Education and the Sinking Fund Commissioners take affirmative action on the above-mentioned requests; this order to vacate not to apply to the Posts of the Grand Army of the Republic that mutually agree with the School Trustees on permanent quarters as above set forth.

CHRISTIAN GOETZ, ANDREW A. NOONAN, ELIAS GOODMAN, JOHN P. WINDOLPH, JOHN JEROMAN.

Alderman Goetz moved that the report be accepted and the resolutions adopted.

The President put the question whether the Board would agree with said motion. Which was decided in the negative by the following vote:

Affirmative—The President, the Vice-President, Aldermen Goetz, Goodman, Hackett, Marshall, Noonan, Olcott, Randall, Robinson, School, Ware, Wines, and Woodward—14.

Negative—Aldermen Brown, Burke, Campbell, Clancy, Dwyer, Goodwin, Kennefick, Lantry, Murphy, Oakley, O'Brien, Parker, Schilling, Tait, and Wind—15.

Alderman Clancy moved that the Committee on Markets be discharged from the further consideration of the subject.

The President put the question whether the Board would agree with said motion. Which was decided in the affirmative.

Alderman Marshall called up Special Order No. 4, being the majority and minority reports of the Committee on Railroads, as follows:

The Committee on Railroads, to whom was referred the applications heretofore presented to the Common Council of the City of New York by the Third Avenue Railroad Company and the Metropolitan Traction Company, respectively, for consent to the construction, maintenance and operation of branches or extensions of their existing railroads upon, through and along Kingsbridge road and various other streets and highways described in said applications, respectfully

REPORT:

That, pursuant to notices published according to law, hearings were had on said applications, at which all persons desirous of being heard were heard.

That your Committee is of the opinion that the construction and operation of such branches or extensions as proposed will furnish much needed facilities for travel and will be of great value generally to the people of the City by adding to the taxable value of the property along the route of said extensions or branches.

That the proposed route of the petitioners is through and along the same streets and avenues, with but slight exceptions; the most notable of which is the application for the use of a portion of St. Nicholas avenue by the Metropolitan Traction Company.

That, upon careful investigation, we find that St. Nicholas avenue can be readily abandoned without injury to the petitioner, and thus the said avenue be free from the presence thereupon of street surface railways, it being adapted to driving, and the only practical method of reaching the proposed Speedway, upon which the City is about to spend millions of dollars.

That, while reporting in favor of granting the application of the Third Avenue Railroad Company, for reasons hereinafter assigned, we feel and recommend that the petition of the Metropolitan Traction Company should not be laid aside or the interests of that corporation be prejudiced, because of the fact that the use of St. Nicholas avenue for railroad purposes is asked for. If, for sufficient cause, the Board of Aldermen believes the franchise should be given to the Metropolitan Traction Company, concurring with the Railroad Committee in its views as to St. Nicholas avenue, said company should not be denied because of the present desire to include St. Nicholas avenue in its proposed route.

That at the various public hearings the preponderance of sentiment in favor of the Metropolitan Traction Company was marked and noteworthy, and seemed to call for affirmative action by your Committee favorable to the application of said company. With due and proper regard, however, for the expressed views of those who appeared before us, and with a sense of appreciation of the demands of the residents, property-owners, etc., of the territory through which the proposed road is to be operated, we feel that it would be for the greatest good to the largest number to give the grant to the Third Avenue Railroad Company. It does not seem just to the people of the city at large to consider the wishes of those directly interested in the growth of the locality in and through which the new line of street surface railroad is to traverse. We consider,

That the existing line of the Third Avenue Railroad Company passing upon the east side of the city to One Hundred and Twenty-fifth street, and across One Hundred and Twenty-fifth street to the west side of the city, will enable a much larger number of people to obtain access to the territory along the line of such branches or extensions than would be enabled to obtain access thereto by means of any other line of railway operating principally upon the west side of the city.

That the Third Avenue Railroad Company has for many years been in occupation of a large portion of the territory to be affected by the granting of said application, and the facilities for transportation which it has thus afforded have contributed materially to build up that portion of the city.

That said company has heretofore presented within the last three years two other applications to this Board which have been duly considered, requesting the granting of extensions and branches, and was the first to ask for the franchise now sought.

That it is the opinion of your Committee that the application of the Third Avenue Railroad Company should be granted for the reason also, that at any sale which may take place the proportion of gross receipts for joint business which the Third Avenue Railroad Company must needs pay under the provisions of existing law to the successful bidder, if other than itself, is such as would admit of opposition and competition from the Metropolitan Traction Company, or other companies, but that if the application of the Metropolitan Traction Company should be granted the proportion of receipts for joint business which it would necessarily receive from the successful bidder, if other than itself, would be so excessive that no other company could afford to become a bidder at such sale, and the object of the statute under which this consent is to be sold, and which is to secure additional revenue to the City, would thereby be defeated.

Your Committee, therefore, respectfully present for adoption the following preamble and resolution:

Whereas, The Third Avenue Railroad Company, a corporation duly organized and existing under and by virtue of the laws of the State of New York, for the purpose of providing street railroad facilities for compensation, in the City of New York, has heretofore made application in writing to the Common Council of the City of New York for consent to the construction, maintenance, use and operation of a street railway upon and through streets and avenues in said city, mentioned in said application presented the 12th day of January, 1895, which application is in words and figures as follows, to wit:

To the Honorable the Common Council of the City of New York:

The petition of the Third Avenue Railroad Company respectfully shows:

That your petitioner is a corporation duly organized and incorporated under the laws of the State of New York, and has constructed and now operates a line of railroad extending, among other streets, upon the Bowery, Third avenue, One Hundred and Twenty-fifth street, Manhattan street and Tenth avenue, in the City of New York.

That your petitioner proposes to construct, maintain and operate a street surface railroad for public use in the City of New York, with double tracks, connecting with the tracks of said company already constructed and as branches or extensions thereof, upon and along the surface of streets, avenues and highways in the City of New York, as follows:

From the junction of Kingsbridge road, or Broadway, and West One Hundred and Sixty-second street, connecting there by suitable curves, switches and appliances with this company's railroad upon Amsterdam avenue; running thence northerly and northeasterly through and along Kingsbridge road, or Broadway, to and across the proposed new bridge over the Ship Canal; thence northerly through and along Kingsbridge road, or Broadway, from the proposed new bridge over the Ship Canal to and across the bridge over Spuyten Duyvil Creek at Broadway; thence northerly from the bridge over Spuyten Duyvil Creek, at Broadway, through and along Broadway to the city line.

Also from the junction of West One Hundred and Twenty-fifth street and St. Nicholas avenue, connecting there by suitable curves, switches and appliances with the company's railroad upon West One Hundred and Twenty-fifth street; running thence southerly on St. Nicholas avenue to a junction of said avenue with Manhattan avenue; thence southerly over and along Manhattan avenue to West One Hundred and Sixteenth street, with all the necessary connections, switches, turn-outs, cross-overs, sidings, turn-tables and suitable stands for the convenient working of said road and for the accommodation of the company's cars which may run over the same.

Also from the junction of Kingsbridge road, or Broadway, and Riverdale avenue, running thence northwesterly and northerly through, upon and along Riverdale avenue to the city line.

Also from the junction of Manhattan street and Eleventh avenue, or Boulevard, connecting there by suitable curves, switches and appliances with this company's railroad upon Manhattan

street; running thence northerly through, upon and along Eleventh avenue, or Boulevard, to the junction of Kingsbridge road, or Broadway, at or near One Hundred and Sixty-ninth street, with all the necessary connections, switches, turn-outs, cross-overs, sidings, turn-tables and suitable stands for the convenient working of said road and for the accommodation of the company's cars which may run over the same.

That your petitioner now owns and is operating in the City of New York, as part of one system, fourteen miles of railroad or thereabouts.

That said proposed extensions and branches will be about eleven miles or thereabouts in length and will become and be a part of said system and connected therewith.

That the construction of said railroad will greatly accommodate the public and promote the convenience thereof, and will afford additional and much needed facilities for travel to the territory through which said railroad will extend, and will enable your petitioner to transport persons from all points on its system over this extension as a part of a continuous line to their destination for one fare.

That the railroad proposed to be constructed, extended and maintained and operated by your petitioner, as hereinbefore set forth, is intended to be operated by any motive power other than steam locomotive power, which now or hereafter may be lawfully used or employed on its route.

Your petitioner further shows that, pursuant to the laws of this State, it is necessary for it to obtain the consent of the Common Council of the City of New York to enable it to construct, maintain and operate the railroad aforesaid, and, accordingly, your petitioner now applies to your Honorable Body for such consent.

Wherefore, your petitioner prays and makes application to the Common Council of the City of New York for its consent and permission to be granted to your petitioner, its successors, successor, lessees and assigns, to construct, maintain and operate a street surface railroad for public use, through, upon and along the avenues, streets and highways above set forth and described, together with all necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands for the convenient working of said railroad and for the accommodation of the company's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns.

Dated NEW YORK, January 14, 1895.

—as stated in its statement filed and made part hereof. Such consent to be subject to modification by the local authorities; and be it further

Resolved, That the conditions upon which, and not otherwise, the said consent is hereby given shall be and are as follows, to wit:

First—That the right, privilege and franchise of using the said streets and avenues to construct, maintain, use and operate a street surface railroad upon the said streets as branches or extensions of the road of the applicant, shall be sold at public auction to the bidder, which shall be a duly incorporated railroad corporation of this State, organized to construct, maintain and operate a street railroad in the city, for which such consent may be given, and which will agree to give the largest percentage per annum of the gross receipts of such branches or extensions as defined by section 93 of the "Railroad Law," with adequate security by a bond or undertaking in writing and under seal, in such form and amount and with such conditions and sureties as shall be required and approved by the Comptroller of said City for the fulfillment of said agreement, and for the commencement and completion of such road according to the plan or plans and on the route fixed for its construction within the time designated and prescribed therefor by law applicable thereto.

Second—That the bidder to which the said sale shall be made shall construct and put in operation a street railroad upon said branches or extensions, with all the necessary equipments and fixtures, the motive power to be used thereon to be horse or cable power, or any other power other than steam locomotive power, which other power may be consented to by the State Board of Railroad Commissioners, but no overhead trolley shall be used south of One Hundred and Sixty-second street, nor north of One Hundred and Sixty-second street, for a longer period than ten years after it shall have been first employed. The material to be of the best possible character, and the plans of street construction, turn-tables and turn-outs to be subject to the approval of the Commissioner of Public Works of said City.

Third—That the cars shall be run upon said branches or extensions at least as frequently as required by the ordinances of the City of New York, and if the right to construct or operate such branches or extensions shall be purchased at said sale by the company applying for this consent, the same shall be operated as a part of a continuous line of the applicant, so as to enable any passenger, by transfer tickets or otherwise, to obtain the benefit of a continuous ride for one fare to or from any point on said branches or extensions, and any point on the lines of railroad of the company applying for this consent, whether the same be owned or leased by said company. And if the right to construct said branches or extensions shall be purchased at said sale by any corporation other than the applicant for this consent, the said purchaser shall deliver and receive passengers at the point of junction with the road of the applicant upon a division of earnings from such joint business, in the proportion that the length of the extensions or branches sold shall bear to the entire length of the road of the company applying for this consent, whether owned or leased, together with the mileage of such branch or extension. And if the right to construct or operate such branches or extensions shall be purchased by the company applying for this consent, the percentage to be paid upon the gross receipts on behalf of said branches or extensions shall be calculated on such portion of the gross receipts of the applicant as shall bear the same proportion to the whole amount thereof as the length of such extensions or branches shall be to the entire length of its road, owned or leased.

Fourth—That no passenger shall be charged more than five cents for a continuous ride, from or to the above branch or extension, under the conditions as to connections hereinbefore provided.

Fifth—That the company receiving the franchise and operating said railroad shall at all times keep the street between its tracks, and two feet beyond the outer rail at each side of the street, clean and free and clear from dirt and snow, to be removed by said railroad company within such period of time as may be required by the Commissioner of Street Cleaning, and if not so removed the same may be taken away by the Commissioner of Street Cleaning, the expense involved to be charged to the railroad company, and collected by the Comptroller in the manner by which moneys due the City are collected under the law.

Sixth—That the Commissioner of Street Cleaning, for the purpose of removing snow, shall be permitted to use the tracks of the railroad company along the entire line of the road, with its connections, between the hours of one o'clock A.M. and five o'clock A.M., using on said roads proper vehicles, running on said tracks to points along the line, or to the end of the route, if deemed necessary;

such use of tracks not to interfere, however, with the operation of the cars of the said railroad company, or its schedule of time for the running of cars.

Seventh—That said railroad company shall pave the street along the route between the rails of its tracks and two feet in width outside of its tracks, to conform in all respects to the character of the pavement laid down on said street or streets, and keep the same in proper condition and repair; and if not so done the Commissioner of Public Works to have it done at the expense of the said railroad company, the amount to be collected by the Comptroller under due process of law.

Eighth—That the said railroad company shall apply to each car a proper fender and wheel guard, conformably to such laws and ordinances as may hereafter be enacted or adopted by the State or City authorities.

Ninth—That all cars of said railroad company shall be properly and sufficiently heated during cold weather, a failure to so heat the cars to subject the company to a penalty of ten dollars (\$10) per day for each car not so heated.

Tenth—That all laws or ordinances now in force, or which may be modified or adopted, affecting the surface railroads operating in this city, shall be strictly complied with, and especially article IV. of the General Railroad Law.

Eleventh—This consent is given upon the further conditions that the successful bidder at said sale, to whom this consent for the construction and operation of said branches or extensions shall be awarded, shall deposit at the time of said sale, with the Comptroller of said City, conducting the sale, to the order of the Mayor, the sum of \$250,000, which shall be by the said Mayor deposited in a Trust Company or National Bank of the City of New York to be selected by the said Mayor as a special deposit, subject to the conditions following:

Said money to be held as security that the said railroad, to construction of which consent is hereby given, shall be in good faith built and put in operation as contemplated by this consent within the time or times fixed by law, and, as expenditure upon said railroad for property, fixtures, machinery, street-work, equipment and franchises shall progress, said especial deposit shall be subject to drafts of the corporation engaged in said work, upon certificate of the Commissioner of Public Works that an amount equal to the amount drawn from time to time from said funds has been expended in good faith upon or for the purposes of said railroad, as herein in this section provided; and if, within the time prescribed by law from the time of said sale, said road shall not have been constructed, and be in operation, over the entire line or route, the said fund then on deposit shall be forfeited to said city, and, in case of failure on the part of any successful bidder at said sale to make such deposit at the time of such sale, a resale shall be immediately made upon the terms and conditions herein provided.

Said money to be held as security that the said railroad, to construction of which consent is hereby given, shall be in good faith built and put in operation as contemplated by this consent within the time or times fixed by law, and as expenditures upon said railroad for property, fixtures, machinery, street work, equipment and franchises shall progress, said special deposit shall be subject to drafts of the corporation engaged in said work, upon certificate of the Commissioner of Public Works that an amount equal to the amount drawn from time to time from said funds has been expended in good faith upon or for the purposes of said railroad, as herein in this section provided; and if, within the time prescribed by law from the time of said sale, said road shall not have been constructed, and be in operation, over the entire line or route, the said fund then on deposit shall be forfeited to said city, and, in case of failure on the part of any successful bidder at said sale to make such deposit at the time of such sale, a resale shall be immediately made upon the terms and conditions herein provided.

The Committee on Railroads, to which was referred the application of the Metropolitan Street Railway Company, bearing date February 11, 1895, for the consent of the Common Council to the construction, maintenance and operation of branches or extensions of its existing railroad upon, through and along Manhattan avenue, St. Nicholas avenue, Kingsbridge road, the Boulevard and other streets and highways particularly described in said Company's petition, do respectfully

REPORT:

That the Common Council gave public notice of such application, and of the time and place when the same would be first considered, by causing the said notice to be published daily for at least fourteen days prior to the hearing in two daily newspapers in the City of New York, to wit: in the "Press" and in the "Morning Advertiser," which papers were first designated for that purpose by his Honor the Mayor of the City, and that pursuant to such public notice, given as aforesaid, on March 14, 1895, and at public meetings held in pursuance thereof, whereat all persons so desiring were given an opportunity to be heard, and were heard, the said application was first duly considered by the Railroad Committee of the Common Council.

That your Committee is of opinion that the construction, maintenance and operation of the branches or extensions applied for by the Metropolitan Street Railway Company will furnish much-needed facilities for travel, and will be of great value generally to the public of the upper portions of the City of New York by furnishing additional means of railroad transportation in a locality which is at present without street railroads, and by such construction, and the subsequent improvement of abutting property, adding to the taxable value of property along the route of the proposed extensions or branches.

That the lines of railroad travel operated by the Metropolitan Street Railway Company, reaching as they do the southern portion of the City of New York by means of cable railroads on the easterly and westerly side of the City, to wit: on Columbus and Lexington avenues, connecting with the main Broadway cable line, and the transportation over the said railroads and the

extensions hereby applied for, for a single fare of five cents, present superior advantages to the public at large over the application of the Third Avenue Railroad Company, which is now pending before this Board, and your Committee is of opinion that the public generally will receive greater benefit from the use of the lines of the said Metropolitan Street Railway Company, together with its system of transfers, than can be furnished by the Third Avenue Railroad Company.

That, in the opinion of your Committee, there is nothing in the claim advanced by the Third Avenue Railroad Company that its application should be granted on the alleged ground that at any sale which may take place, the proportion of the gross receipts for joint business which the Third Avenue Railroad Company must needs pay, under the provisions of existing law, to the successful bidder if other than itself is such, as would admit of competition with the Metropolitan Street Railway Company, for the reason that the percentage to be received by any successful bidder other than the two companies above named, who should operate the road as an independent railroad, is so small, in view of the absence of local traffic in this portion of the city, that there would not remain a sufficient proportion of the gross receipts from such joint business as would be sufficient in amount to enable any independent company to operate the extensions or branches applied for with any profit or with a reasonable probability of earning its operating expenses.

In view, however, of the strenuous opposition offered by the owners of property upon St. Nicholas avenue, between One Hundred and Forty-fifth street and One Hundred and Sixty-ninth street, to the construction of any railroad in front of their property, on the ground that such railroad construction would interfere with and impede the use of said street for driving purposes and as an entrance to the Speedway, your Committee has determined to omit so much of the application of the Metropolitan Street Railway Company as would include this portion of St. Nicholas avenue. Although some opposition has been raised by property-owners on Kingsbridge road and on St. Nicholas avenue, south of this particular portion, to such elimination, still the Metropolitan Street Railway Company has secured the consents of property-owners south of One Hundred and Forty-fifth street to an amount far in excess of that required by law and exclusive of property owned by the City of New York, and your Committee is of opinion that the Metropolitan Street Railway Company, by reason of its connections to be made by way of the Amsterdam Avenue Line and One Hundred and Twenty-fifth street, will be enabled to furnish the Kingsbridge road property-owners sufficient transportation facilities for many years to come, while the contemplated facilities for the St. Nicholas avenue owners should be satisfactory for all immediate demands.

That at the various public hearings the voices of the residents of the districts through which said proposed extension would run, and who would be the constant patrons of such proposed extensions, were practically unanimous in favor of the Metropolitan Street Railway Company; hence, we believe, other things being equal, the demands of such residents should be respected and complied with.

Your Committee therefore respectfully report that the application of the Metropolitan Street Railway Company should be granted, except so far as to omit that portion of St. Nicholas avenue which lies between One Hundred and Forty-fifth street and One Hundred and Sixty-ninth street, and therefore submit the accompanying preambles and resolutions for adoption:

Whereas, The Metropolitan Street Railway Company, pursuant to the provisions of the Railroad Law, heretofore, and by petition bearing date February 11, 1895, made application in writing to the Common Council of the City of New York for its consent to be granted to said Metropolitan Street Railway Company, its successors, lessee or assigns, to extend, construct, operate and maintain a street surface railroad in the City of New York, connecting with the tracks of said company already constructed, and as extensions or branches thereof, on the streets, avenues, boulevards and highways hereinafter named; and

Whereas, The Common Council gave public notice of such application, and of the time and place when the same would be first considered, by causing the said notice to be published daily for at least fourteen days prior to the hearing in two daily newspapers in the City of New York, to wit, in the "Press" and in the "Morning Advertiser," which papers were first designated for that purpose by the Mayor of said city; and

Whereas, After public notice, given as aforesaid, and at public meetings duly held in pursuance of such notice, whereat all persons so desiring were given an opportunity to be heard, and were heard, such application has been first duly considered by the Railroad Committee of the Common Council, and which has reported in favor of granting the petitioners' application; and

Whereas, It satisfactorily appears that the length of the petitioners' line of railroad is eighty-one and sixty-one one-hundredths miles, and the length of the extensions or branches hereinafter named are twelve and six-tenths miles, or thereabouts; it is therefore

Resolved, That the consent of the Common Council of the City of New York be and it hereby is given to the Metropolitan Street Railway Company to construct, maintain and operate a double track street surface railroad for public use as extensions or branches of the road of said company in or upon the following streets, avenues, boulevards and highways in the City of New York, as follows:

Commencing at the company's existing railroad at the junction of One Hundred and Sixteenth street and Manhattan avenue, and connecting there by suitable curves, switches and appliances with the existing railroad upon the said street and avenue; running thence northerly in or upon Manhattan avenue to the junction of said avenue with St. Nicholas avenue; running thence northerly in or upon St. Nicholas avenue to One Hundred and Forty-fifth street; thence westerly along One Hundred and Forty-fifth street to the Boulevard; thence northerly in or upon the Boulevard or Eleventh avenue to the junction thereof with Fort George avenue.

Also from the junction of the Boulevard or Eleventh avenue, at or near One Hundred and Sixty-ninth street; running thence northerly and northeasterly in or upon Kingsbridge road or Broadway, to and across the new bridge over the Ship Canal; thence northerly through, upon or along Kingsbridge road, or Broadway, from the said new bridge over the Ship Canal to and across the bridge over Spuyten Duyvil creek, at Broadway, and thence northerly from the said bridge over the Spuyten Duyvil creek, at Broadway, in or upon Broadway to the northerly line of the City of New York.

Also from the junction of One Hundred and Forty-fifth street and the Boulevard, running thence southerly in or upon the Boulevard, or Eleventh avenue, to One Hundred and Twenty-fifth street, and running thence easterly in or upon One Hundred and Twenty-fifth street to Amsterdam avenue, there to connect by suitable curves, switches and appliances with the existing railroad upon Amsterdam avenue.

Also from the junction of One Hundred and Forty-fifth street and St. Nicholas avenue, running thence easterly in or upon One Hundred and Forty-fifth street to the Harlem river, with double tracks in each of said streets, avenues, boulevards and highways.

Together with all such necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands as shall be necessary for the convenient working of the said railroad and for the accommodation of the cars which may be run over the same.

Resolved, also, That the conditions upon which this consent is given, and not otherwise, shall be and are as follows:

That this consent of the Common Council to the construction, maintenance and operation of a street surface railroad as extensions or branches of the Metropolitan Street Railway, shall be sold at public auction to the bidder, which shall be a duly incorporated railroad corporation of this State, organized to construct, maintain and operate a street surface railroad in the City of New York, for which this consent may be given, and which shall agree to give the City the largest percentage per annum of the gross receipts of such branch or extension, as defined by section 93 of the Railroad Law of this State.

Second—Resolved, That cars shall be run upon such extensions or branches as frequently as the ordinances of the City of New York may require; and if the right to construct and operate such extensions or branches shall be purchased at said sale by the company applying for this consent, the same shall be operated as part of the continuous line of the applicant, so as to enable any passenger, by transfer tickets or otherwise, to obtain the benefit of a continuous ride, for one fare, to and from any point on said extensions or branches, or to any point on the lines of the railroad company applying for this consent, whether the same be owned or leased by said company. And if the right to construct and operate such extensions or branches shall be purchased at such sale by any corporation other than the applicant for this consent, such purchaser shall deliver and receive passengers without extra charge or compensation at the point or junction with the road of the applicant, upon a division of earnings from such joint business, in the proportion that the length of the extensions or branches so sold shall bear to the length of the road of the company applying for this consent, whether owned or leased, together with the mileage of such extensions or branches.

This consent is further conditioned that if the right to construct and operate such extensions or branches shall be purchased by the company applying for this consent, the percentage to be paid upon gross receipts on behalf of such extensions or branches shall be calculated upon such portion of the gross receipts of the applicant as shall bear the same proportion to the whole amount thereof as the length of such extensions or branches shall bear to the entire length of the road owned or leased.

Third—This consent is further conditioned that no passenger shall be charged more than five cents for a continuous ride upon, from or to the above branch or extension under the conditions as to connections herein in this consent provided.

Fourth—This consent is also given upon the condition that such extensions or branches may be operated by any power other than horse power or locomotive steam power, or the overhead trolley, and which last-mentioned power may be used only for a period of ten years from the date of the granting of the franchise, and only on that portion of the route above One Hundred and Sixty-second street.

Fifth—That the company receiving the franchise and operating said railroad shall, at all times, keep the street between its tracks, and two feet beyond the outer rail at each side of the street, clean and free and clear from dirt and snow, which must be removed by said railroad company within such period of time as may be required by the Commissioner of Street Cleaning; and if not so removed, the same may be taken away by the said Commissioner of Street Cleaning, and the

expense involved shall be charged to the railroad company and collected by the Comptroller in the manner moneys due the city are collected under the law.

Sixth—That the Commissioner of Street Cleaning shall be permitted to use the tracks of the railroad company along the entire line of the road, with its connections, between the hours of one o'clock A. M. and five o'clock A. M., running on said roads proper vehicles to points along the line, or to the end of the route, if deemed necessary; such use of tracks not to interfere, however, with the operation of the cars of the said railroad company, or its schedule of time for the running of cars.

Seventh—That said railroad company shall pave the street along the route between the rails of its tracks and two feet in width outside of its tracks, to conform in all respects to the character of the pavement laid down on said street or streets, and keep the same in proper condition and repair; and if not so done the Commissioner of Public Works may have it done at the expense of the said railroad company, the amount to be collected by the Comptroller under due process of law.

Eighth—That the said railroad company shall apply to each car a proper fender and wheel guard, which shall conform to such laws and ordinances as may hereafter be enacted or adopted by the City authorities.

Ninth—That all cars of said railroad company shall be properly and sufficiently lighted and heated in such manner as may be required by the ordinances of the City of New York.

Tenth—That all laws or ordinances now in force, or which may be adopted, affecting the surface railroads operating in this city, shall be strictly complied with, and especially article IV. of the General Railroad Law.

Eleventh—This consent is given upon the further conditions that the successful bidder at said sale, to whom this consent for the construction and operation of said branches or extensions shall be awarded, shall deposit at the time of said sale, with the Comptroller of said city, conducting the sale, to the order of the Mayor, the sum of \$250,000, which shall be by the said Mayor deposited in a trust company or National bank of the City of New York, to be selected by the said Mayor, as a special deposit subject to the conditions following:

Said money to be held as security that the said railroad, to the construction of which consent is hereby given, shall be in good faith built and put in operation, as contemplated by this consent, within the time or times fixed by law, and, as expenditures upon said railroad for property, fixtures, machinery, street-work, equipment and franchises shall progress said special deposit shall be subject to drafts of the corporation engaged in said work, upon certificate of the Commissioner of Public Works that an amount equal to the amount drawn from time to time from said funds has been expended in good faith upon or for the purposes of said railroad, as herein in this section provided; and if, within the time prescribed by law from the time of said sale, said road shall not have been constructed, and be in operation, over the entire line or route, the said fund then on deposit shall be forfeited to said city, and, in case of failure on the part of any successful bidder at said sale to make such deposit at the time of such sale, a resale shall be immediately made upon the terms and conditions herein provided.

BENJAMIN E. HALL, JOHN JEROLOMAN, Committee on Railroads.

Alderman Marshall moved the adoption of the majority report.

Alderman Olcott offered in connection therewith the following:

Whereas, The majority of the Railroad Committee of this Board, recommending the granting of the petition of the Third Avenue Railroad Company for the extension of its line up Kingsbridge road, etc., admits that the majority of the citizens and property-owners along the line of such extension are not in favor of the granting of said petition, but are in favor of the granting of a similar petition of the Metropolitan Traction Company; and

Whereas, There are a number of members of this Board, not members of the Railroad Committee thereof, who were not present at the public hearing given to the citizens of New York City with relation to said two petitions; and

Whereas, The expression of preference on the part of the citizens of that portion of the City of New York through which the proposed extension will run, and the arguments of all parties interested in the subject, may well and profitably be heard by all the members of the Board on this important subject; therefore

Resolved, That the consideration of the majority and minority report of the Railroad Committee be postponed until and made a special order for Tuesday, June 4, 1895, at 3 P. M.; and

Resolved, That a public hearing on the subject be granted by this entire Board to such citizens as desire to be heard, and that said public hearing be held on Saturday, June 1, 1895, at 2 P. M., at the Chambers of this Board.

The President put the question whether the Board would agree with said resolutions of Alderman Olcott. Which was decided in the affirmative by the following vote:

Affirmative—The President, the Vice-President, Aldermen Burke, Goodman, Hackett, Kennefick, Lantry, Noonan, O'Brien, Olcott, Randall, Robinson, School, Ware, Wiues, and Woodward—16.

Negative—Aldermen Brown, Campbell, Ciancy, Dwyer, Goetz, Goodwin, Marshall, Murphy, Oakley, Parker, Schilling, Tait, and Wund—13.

MOTIONS AND RESOLUTIONS AGAIN RESUMED.

By Alderman Brown—

Whereas, By the death of Walter Q. Gresham, Secretary of State, the Nation loses a loyal son, a brilliant statesman, and an unflinching patriot, as fearless in his love of right as unsparing of his hatred of wrong in all places; and

Whereas, Walter Q. Gresham in all his military and civil career preserved his reputation and good name spotless, even those opposed to him politically were forced to concede his sturdy integrity in all the walks of life; therefore be it

Resolved, That the Common Council deeply deplore the untimely death of Walter Q. Gresham, and extend their deep sympathy to his surviving relatives; and be it further

Resolved, That a copy of these resolutions, suitably engrossed, and duly authenticated by the Clerk of this Board, be forwarded to the family of the deceased; and be it further

Resolved, That as an additional mark of respect this Board do now adjourn.

The President put the question whether the Board would agree with said resolutions. Which was decided in the affirmative by a rising vote.

And the President declared that the Board stood adjourned until Tuesday, June 4, 1895, at 1 o'clock P. M.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at twenty (20) dollars.

The award of the contracts will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sums specified in the several forms of contracts, which are as follows:

For 10,000 feet 2½-inch hose, Eureka brand..... \$4,500 00
For 5,000 feet 2½-inch hose, Maltese Cross brand..... 2,500 00
For 3,000 feet 3-inch hose..... 2,500 00
For 5,000 feet 2½-inch P. G. hose..... 2,500 00

— and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, to the amount of five (5) per centum of the amount of the security required. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sums specified in the several forms of contracts, which are as follows:

For 10,000 feet 2½-inch hose, Eureka brand..... \$4,500 00
For 5,000 feet 2½-inch hose, Maltese Cross brand..... 2,500 00
For 3,000 feet 3-inch hose..... 2,500 00
For 5,000 feet 2½-inch P. G. hose..... 2,500 00

— and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required upon the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

OFFICE OF THE SECRETARY, No. 280 BROADWAY,
NEW YORK, May 22, 1895.

PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND WORK IN MAKING THE ALTERATION AND ADDITION TO THE RIFLE RANGE IN THE SEVENTH REGIMENT ARMORY BUILDING ON THE EASTERLY SIDE OF PARK AVENUE, EXTENDING FROM SIXTY-SIXTH TO SIXTY-SEVENTH STREET, NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR FURNISHING materials and work in making the alteration and addition to the Rifle Range in the Seventh Regiment Armory Building, on the easterly side of Park Avenue, extending from Sixty-sixth to Sixty-seventh Street, in the City and County of New York, will be received by the Armory Board, at the MAYOR'S OFFICE, CITY HALL, UNTIL 12 O'CLOCK M., MONDAY, THE 10TH DAY OF JUNE, 1895, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed, "Estimate for Furnishing Materials and Work in Making the Alteration and Addition to the Rifle Range in the Seventh Regiment Armory Building, on the easterly side of Park Avenue, extending from Sixty-sixth to Sixty-seventh Street," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties in the amount of FIVE THOUSAND DOLLARS (\$5,000).

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making any estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of TWO HUNDRED AND FIFTY DOLLARS (\$250). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or Clerk of the Board who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.
