THE CITY RECORD.

OFFICIAL JOURNAL.

Vol. XXIX.

NEW YORK, WEDNESDAY, JUNE 19, 1901,

NUMBER 8,549.

DEPARTMENT OF FINANCE.

Abstract of the transactions of the Bureau of the City Chamberlain for the week ending May 18, 1901.

OFFICE OF THE CITY CHAMBERGAIN, New YORK, John 1, 1901.

Hen. Ronger A. Van Wucz, Mayer Size- In pursuance of section 195, chapter 378 of the Laws of 1897, I have the honor to present herewith a report to May 18, 1901, of all moneys received by me and the amount of all sorrants paid by me since May 11, 1901, and the amount remaining to the credit of the City on May 18, 1901.

Very remarkfully.

Very tespectfully, PATRICK KERNAN, City Chamberlain.

LAVING OUT BONNER PLACE, BRONX. The following report from the Chief Topographical Engineer was read;

CITY OF NEW YORK,
PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,
TOFOGRAPHICAL BUREAU,
DRE HUNDRED AND SEVENTY-SEVENTH STREET AND THEED AVENUE,
NEW YORK, June 10, 1901.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

Mr. John H. Mooney, Secretary, Board of Public Improvements:

Siz.—In reply to the action taken by the Board of Public Improvements referring for report a communication from the President of the Borough of The Bronx, stating that the Local Board of the Twenty-first District on December 27, 1990, passed a resolution recommuning the laying out of Bonner place, between East One Hundred and Sixty-third street and East One Hundred and Sixty-fourth street, running easterly from Morris avenue 225 feet, a report was made by the Topographical Burson, February 26, 1901.

This report referred the matter back to the Local Board, which Board does not desire to change its original resolution, and I, therefore, submit herewith, for adoption and a public hearing, a map entitled "Map showing the laying out and focating of Bonner place, in the block bounded by East One Hundred and Sixty-third street, Morris avenue, East One Hundred and Sixty-fourth street and College avenue, running easterly from Morris avenue for 225 feet, in the Twenty-third Ward, Borough of The Bronx, City of New York."

Technical description in the matter is herewith attached.

Respectfully.

LOUIS A. RISSE,

Chief Topographical Engineer and Engineer of Concounse.

Chief Topographical Engineer and Engineer of Concourse.

The following resolution was thereupon unanimously adopted:

Resolved. That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest so to do, proposes to after the map or plan of The City of New York by laying our Bonner place, in the block bounded by East One Hundred and Sixty-third street, Morris avenue, East One Hundred and Sixty-fourth street and College avenue, running easterly from Morris avenue for two bundred and twenty-five feet, in the Borough of The Bronx, City of New York, more particularly described as follows:

Beginning at a point on the exercise line of Morris avenue, discoult two feet northedge of the

Heginning at a point on the eastern line of Morris avenue, distant 170 feet northerly of the north side of East One Hundred and Sixty-third street;

1. Thence easterly deflecting 90 degrees to the right for 225.0 feet;

2. Thence northerly deflecting 90 degrees to the left for 40.0 feet;

Thence westerly deflecting 90 degrees to the last for 225.0 feet to the eastern line of Morris

avenue 4. Thence anotherly along said east line of Morris avenue for 40.0 feet to the point of begin-

4. Thence somerly sinds sate that the President of this Board cause to be prepared, for submission to this Board, three similar maps or plans for certification and filing, in the manner required by law, showing as nearly as possible the nature and exient of the proposed laying out of the above-named place, and the location of the immediate adjacent or of intersecting open or established public streats, avenues, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed laying out of the above-named place at a meeting of this Board to be held in the office of this Board on the 3d day of July, 1901, at 2 o'clock P. M.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed laying out of the above-usuned place will be considered at a meeting of this Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 3d day of July, 1901.

LAYING OUT WELLES COURT, BRONK. LAYING OUT WEIHER COURT, DRONK.

ONE HUNDRED AND SEVENTY-SEVENTH STREET AND THIRD AVENUE.

NEW YORK,

PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,

TOYOGRAPHICAL HURBAU,

ONE HUNDRED AND SEVENTY-SEVENTH STREET AND THIRD AVENUE.

NEW YORK, June 10, 1901. The following report from the Chief Topographical Engineer was read :

Mr. JOHN H. MOONRY, Secretary, Board of Public Improvements:

Mr. John H. Mooney, Secretary, Board of Public Improvements:

Six.—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Borough of The Bronx, recommending that the final maps and profiles of the Twenty-third and Twenty-fourth Wards, now Borough of The Bronx, be abrered or amended by showing thereon Weiher court, laid out at a width of 25 feet, running casterly from the casterly side of Washington avenue a dinance of about 270 feet, I transmit herewith, for adoption and a public bearing, technical description and a map entitled "Map or plan showing the locating and laying out of Weiher court, in the block bounded by East One Hundred and Sixty-fourth street, Washington avenue, East One Hundred and Sixty-fith street and Third avenue, running cast of the casterly side of Washington avenue for about 266 feet, in the Twenty-third Ward, Eurough of The Bronx, City of New York."

Weiher court, as shown on the map submitted for adoption, differs slightly from the description of the same given in the resolution of the Local Board.

The dimensions were obtained from the Tax Maps and a map of the property subdividing same into lots. The differences are as follows:

Weiher-court is 25 feet wide for a distance of 105 feet from Washington avenue, and from

Weiher court is 23 feet wide for a distance of 105 feet from Washington avenue, and from there 35 feet for a distance of 101 feet, making a total length of 266 feet in place of 270 feet, as stated in the resolution.

Papers in the matter are herewith returned.

Respectfully, LOUIS A. RISSE, Chief Topographical Engineer and Engineer of Concourse,

Chief Topograph/cal Engineer and Engineer of Concourse.

The following resolution was then unanimously adopted:

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest so to do, proposes to after the map or plan of The City of New York by laying out Weither court, in the block bounded by East One Hundred and Sixty-fourth street, Washington avenue, East One Hundred and Sixty-fith street and Third avenue, running east of the easterly side of Washington avenue for about two hundred and sixty-six feet, in the Borough of The Bronx, City of New York, more particularly described as follows:

Beginning at a point in the eastern line of Washington avenue, distant 225 feet northerly of the northern side of East One Hundred and Sixty-fourth street;

1. Thence easterly along the northern side of Lot No. 10 for 105 feet;

2. Thence sentherly along the eastern line of Lot No. 10 for 1 feet;

3. Thence sesterly along the western line of Lot No. 10 for 35 feet;

4. Thence northerly along the western line of Lot No. 64 to 55, inclusive, to the eastern line of Lot No. 12;

of Lot No. 12;

6. Thence southerly along the eastern line of Lot No. 12 for 7 feet;

7. Thence westerly along the southern line of Lot No. 12 for 105 feet in the eastern line of

Washington avenue;
8. There contherly along the eastern line of Washington avenue for 25 feet to the point of

beginning.

Resolved, That the President of this Board cause to be prepared, for submission to this Board, three similar maps or plans for certification and filing, in the manner required by law, showing as nearly as possible the nature and extent of the proposed laying out of the above-named court and the location of the immediate adjacent or of intersecting open or established public streets, avenues, roads, squares or places, sufficient for the identification and location thereof.

Resolved. Thus this Board consider the proposed laying out of the above-named court at a

Resolved, That this Board consider the proposed laying out of the above-named court at a meeting of this Board to be held in the office of this Board on the 3d day of July, 1901, at 2 o'clock r. M.

Resolved, That the Secretary of this Board cause these resolutions and a position. Resolved. That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed laying out of the above-named court will be considered at a menting of this Board to be held at the aforesaid time and place, to be published in the CETY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 3d day of July, 1901.

LAYING OUT PARE BOUNDED BY FIRST AND SECOND AVERUES, THIRTY-PIPTH AND THIRTY-BIXTH STREETS, MANHATTAN.

The following report from the Chief Topographical Engineer was read :

Topographical Burgau, June 11, 1901.

Mr. John H. Mooney, Secretary, Board of Public Improvements: Sine-In reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Board of Manhattan, recommending that a map or plan of The City of New York be changed by laying out a public park on the land bounded by Second and First avenues, East Thirty-fifth and East Thirty-sixth streets, known as Block 941, Borough of Manhattan, I submit herewith, for adoption and public hearing, a map entitled "Map or plan showing the locating and laying out of a public park bounded by Second avenue, East Thirty-sixth street, First avenue and East Thirty-fifth street, in the Twenty-first Ward of the Romough of Manhattan."

the Borough of Manhartan."

This park was petitioned for by the Rev. W. J. Sinnett, D. D., and about four thousand others, for the reason that there is no provision made in this densely populated district for a public park or recreation ground. The nearest park is Madison Square Park, which is nearly a mile distant therefrom, and no park is laid out close to the East river from Corlears block to Eighty-

The block is entirely built up, and the valuation of the same, according to the Department

of Taxes and Assessments, is \$441,500.

The technical description for advertising of the public bearing will read similar to the title

shown on the map. Pagers in the matter herewith returned,

Respectfully, LOUIS A. RISSE, Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then unanimously adopted:

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deciming it for the public interest so to do, proposes to alter the map or plan of The City of New York by laying out as a public park the land bounded by Second avenue, East Thirty-sixth street, First avenue and East Thirty-first street, in the Twenty-first Ward, Burough of Manhattan, City of New York.

Resolved, That the President of this Board cause to be propared, for submission to this Board, three similar maps or plans for certification and filing, in the manner of the showing as nearly as possible the nature and extent of the proposed laying out as a public park of the above-named land, and the location of the immediate adjacent or of intersecting open or established public streets, avenues, reads, squares or places, sufficient for the identification and location thereof.

Resolved. That this Board considers the avenues of the identification and location Resolved.

Resolved, That this Board consider the proposed laying out as a public park of the above-named land at a meeting of this Board to be held in the office of this Board on the 26th day of June, 1901, at 2 o'clock P. M.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed Lying out as a public park of the above-named land will be considered at a meeting of this Board to be held at the afformation time and place, to be published in the CITY RECORD for sen days continuously, Sendays and legal holidays excepted, prior to the 26th day of June, 1901.

LAVING OUT WILLEST STREET, QUEENS,

The following report from the Chief Topographical Engineer was read:

CITY OF NEW YORK,
PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,
TOPOGRAPHICAL BUREAU,
ONE HUNDRED AND SEVENTY-SEVENTS! STREET AND THIRD AVENUE, NEW YORK, June 10, 1901.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

Six—In reply to the action taken by the Board of Public Improvements, recommending that Willett street he continued, from Carlton avenue to Kaplan avenue, in the Fourth Ward, Borough of Queens, I submit herewith, for adoption and recommendation for filing, a map entitled "Map or plan showing the laying out and extension of Willett street, from Carlton avenue to Kaplan avenue, is the Fourth Word (formerly Jamaica), Borough of Queens, City of New York,"

This proposed extension of Willett street was laid down on the tentative plan of the street system, and there is no objection therefore against this laying out.

Process in the matter are becautiful returned.

Papers in the matter are herewith returned,

Respectfully,
1.OUIS A. RISSE,
Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then adopted:

Whereas, The President of this Bland has prepared, completed and submitted to this Board, for its concurrence and approval, a map or plan of the final maps of the Borough of Queens, City of New York, showing the laying out and extension of Willest street, from Carlton avenue to Kaplan avenue, in the Fourth Ward, Borough of Queens, City of New York, located and laid out by the said President of this Board, in pursuance of section 433 of chapter 378, Laws of 4807.

Laws of 1897.

Resolved, That this Board does hereby give its consent and approval to the said map or plan of the final maps of the Borough of Queens, City of New York, prepared by the President of this Board, under authority of section 433 of chapter 378, Laws of 1897, and dated June

Resolved, That the President of this Board be and he is hereby designated and directed, in purmance of the provisions of said section 433 of chapter 378, Laws of 1897, to cause three similar acts of said map or plan of the said final maps of the Bosongh of Queens, City of New York, to be certified by him and by the Secretary of this Board, and in he filed in the manner now prescribed by law, one set so certified in the office of the Country Clerk of Queens County, one in the office of the Corporation Counsel and one in the office of this Board.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Cummissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Bridges, President of the Borough of Queens and President of the Board,

Negative—None.

LAVING OUT OCEAN AVENUE, QUEENS.

The following report from the Chief Topographical Engineer was read a TOPOGRAPHICAL BURRAU, June 11, 1901.

Mr. John H. Mooney, Secretary, Reard of Public Improvements:

SER—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Borough of Queens, recommending that Ocean avenue, in the Fourth Ward, Borough of Queens, be continued in a straight line from Rockaway road to the Old South read, I transmit herewith for adoption and recommendation for filing, a map entitled "Map or plans showing the locating and laying out of Ocean avenue, from Rockaway plank road to Old South read, in the Fourth Ward (formerly Jamaica), Borough of Queens."

One an avenue, as shown on this submitted map, is faid out on both sides of the New York and Rockaway Beach Railway at a width of 50 feet, and coincides with the avenue, which is shown on the tentative plan of the street system in the Fourth Ward of the Borough of Queens, and is at the same time a continuation of Ocean avenue, which is a existence northerly of the Rockaway plank road.

Papers in the matter are herewith returned.

Respectfully,
LOUIS A. RISSE,
Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then adopted:
Whereas, The President of this Board has prepared, completed and submitted to this Board, for its contrarrence and approval, a map or plan of the final maps of the Borough of Queens, City of New York, showing the locating and laying out of Ocean avenue, from Rockaway Plank road to Old South road, in the Fourth Ward, Borough of Queens, City of New York, located and laid out by the said President of this Board, in pursuance of section 433 of chapter

located and laid out by the said President or tans mound, in paramaters of 1897;

Resolved, That this Board does hereby give its consent and approval to the said map or plan of the final maps of the Eurough of Queens, City of New York, prepared by the President of this Board, under ambority of section 433 of chapter 378, Laws of 1897, and dated June 11, 1901.

Resolved, That the President of this Board to and he is hereby designated and directed, in pursuance of the provisions of said section 433 of chapter 378, Laws in 1897, to cause three similar sets of said map or plan of the said final maps of the Borough of Queens, City of New York, to be certified by him and by the Secretary of this Board, and to be filed in the manner now prescribed by law, one set so certified in the office of the County Clerk of Queens County, one in the office of the County Clerk of the Board.

Aftermative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Bridges, President of the Board.

Negative—None.

OPENING EAST THIRTY-PIRST STREET, BROOKLYN.

ONE HUNDERD AND SEVENTY-SEVENTH STREET AND THIRD AVENUE,

NEW YORK,

PRESIDENT OF HOARD OF PUBLIC IMPROVEMENTS,

TOFOGRAPHICAL BUREAU,

ONE HUNDERD AND SEVENTY-SEVENTH STREET AND THIRD AVENUE,

NEW YORK, June 10, 1901. The following report from the Chief Topographical Engineer was read :

Mr. Joint H. Moosey, Secretary, Board of Public Improvements:

Mr. Jones H. Monsey, Secretary, Board of Public Improvements:

Six—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Borough of Brooklyn, recommending that proceedings be initiated to open East Thirty-first street, between East Breadway (Church avenue) and Flatlands avenue, Borough of Brooklyn, I have to state that there is no legal obstacle against approving the resolution.

East Thirty-first street is shown on the Kings County Tuwn Survey Map, Volume 2, filed in the office of the Register of Kings County June 13, 1874.

There are no buildings on the land to be acquited.

This report relates to the resolution of the Local Brasil of the Borough of Brooklyn of Ocinber 30, 1896, and printed in the minutes of November 1, 1899.

Respectfully,

LOUIS A. RISSE,

Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then adopted:

"Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 970 of chapter 378, Laws of 1897, deems it for the public interest that the title to the lands and premises required for the opening and extending of East Thirty first street, between East Broadway (Church avenue) and Flatlands avenue, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

"Resolved, That the Bound of Public Improvements, deeming it for the public interest so to do, hereby requests the Corporation Coursel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, whenever the same has not heretofore term acquired, for the use of the public, to the lands, tenements and bereditaments that shall or may be required for the purpose of opening and extending East Thirty-first street, between East Broadway (Church avenue) und Flatlands avenue, in the Borough of Brooklyn, City of New York.

City of New York.

"Resolved, That the entire cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby."

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Bridges, President of the Borough of Brooklyn and President of the Board.

Negative—None.

Opening Gardene Avenue. Brooklyn.

OPENING GARDNER AVENUE, BROOKLYN.

The following communication from the President of the Borough of Brooklyn and report from the Corporation Counsel were placed on file :

BOROUGH OF BROOKLYS, June 7, 1901.

Board of Public Improvements :

GENTLEMES-I am in receipt of information to the effect that the report of the Commission GENTLEMEN-I am in receipt of information to the effect that the report of the Commission apointed for the opening of G ardner avenue, between Johnson avenue and Flushing avenue, hus been confirmed. The proceedings for the opening of this street were instituted in order that a sewer might be built therein. I request, therefore, that early action he taken on the recommendation of the Local Board of the Night District for the construction of a sewer in Gardner avenue, between Johnson avenue and Flushing avenue. The Local Board's recommendation was laid over on February 27, 1901. (See Minutes, Board of Public Improvements, page 524.)
The necessity for the construction of the sewer is explained in the report of the Department of Sowers which accompanied the resolution of the Local Board.

Yours very truly, EDWARD M. GROUT, President of the florough.

Hon. MAURICE V. HOLAHAN, President, of the Board of Public Improvements:

Sir.—I have received a communication from Mr. John H. Mooney, Secretary of the Board of Public Improvements, dated June 6, 1901, in which he requests to be informed whether the title to Gardner avenue, between Johnson avenue and Flushing avenue has been vessel in the City.

In reply thereto, I heg leave to state that on May 31, 1901, an under was entered in the Supreme Court, Kings County, confirming the report of the Commissioners of Estimate and Apportionment appointed in a proceeding instituted to acquire title to said street. On the confirmation of the said report, title to the street vested in The City of New York, as provided by the Greater New York Charter.

Respectfully yours.

Respectfully yours,
JOHN WHALEN, Corporation Counsel.

TOPOGRAPHICAL BUREAU, June 10, 1961.

Mr. John H. Mooney, Secretary, Board of Fublic Improvements:

Six—15 reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Borough of Manhatian, recommending to extend West One Hundred and Eighty-eighth street easterly from Amsterdam avenue to the new street not yet named, running from Washington Bridge to Amsterdam avenue at East One Hundred and Eighty-eighth street, Borough of Manhatian, I wish to state as follows:

A map or plan showing the street system in the Twelfth Ward, Borough of Manhatian, as modified and proposed by the Board of Public Improvements, was prepared in the Topographical Burean and submitted to the Board of Public Improvements for a public hearing and adontion.

adoption.

This plan was referred to the Local Board of the borough, where it is now under

consideration.

The extension of West One Hundred and Eighty-sizth street, from Amsterdam avenue easterly, if not shown on the above entitled map, and I wish to say that there is no objection against placing this extension of One Hundred and Eighty-sixth street on said map, the gradient being

not more than 6½ feet per hundred.

I suggest, therefore, that the Local Board when it makes its recommendation as to changes of this map include this extension of One Hundred and Eighty-sixth street, and that no further action be taken until the Local Board has come to a decision in relation to the modified map.

Papers in the matter are herewith returned.

Respectfully,
LOUIS A. RISSE,
Chief Topographical Engineer and Engineer of Concourse.

Chief Topographical

City of New York,

Persident of Hoard of Public Improvements,

Topographical Bureau,

One Hundred and Seventy-Seventh Street and Third Avenue,

New York, June 10, 1901.

Mr. John H. Mooney, Secretary, Board of Public Improvements:

Six—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Borough of Manhattun, recommending that proceedings be initiated to extend West One Hundred and Eighty-siath street, from Wadsworth avenue to Bruadway, Borough of Manhattan, I wish to state that this street is not laid out on the legal maps of the city, nor is it shown on the plan of the modified street system of the Twelth Ward, which was referred by the Board of Public Improvements to the Local Board of the Borough of Manhattan. of Manhattan,

I therefore suggest that the matter be referred to the Local Board to include the laying out of West One Hondred and Eighty-sixth street, from Wadsworth avenue to Broadway, with the other recommendations which probably will be made when the plan of the modified street system is returned to the Board of Public Improvements.

Papers in the matter are herewith returned.

Respectfully,

LOUIS A. RISSE,

Chief Topographical Engineer and Engineer at Concourse.

LAYING OUT WEST ONE HUNDRED AND SEVENTY-STATE AND ONE HUNDRED AND SEVENTY-SEVENTH STREETS, MANHATTAN.

The following communication from the City Clerk was placed on hie:

OFFICE OF THE CITY CLERK, June 6, 1901.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

Six—In compliance with your request of July 4, 1900, and by direction of the Council at its last examin, Tuesday, June 4, 1901, I have the honor to return herewith the documents in the matter of laying out West One Hundred and Seventy-seventh street, Manhattan, transmitted by you under date of May 24, 1900.

Very respectfully,

P. J. SCULLY, City Clerk.

WIDENING KINGSBRIDGE ROAD, MARHATTAN.

The following report from the Chief Topographical Engineer was read :

Topographical Bureau, New York, June 12, 1901.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

Mr. John H. Mooney, Saratary, Board of Public Improvements:

Siz.—In reply to the action taken by the Board of Public Improvements, referring back for further information a report made by the Topographical Bureau on March 20, 1901, in relation to the proposed laying out and widening of Kingsbridge road (Broadway), between Terrace View avenue and Ashley street, Borough of Manhattan, I wish to state as follows:

The City of New York, under chapter 399 of the Laws of 1896, acquired title to certain lands required for the construction of a bridge over Spuyten Duyvil creek, Borough of Manhattan, Considerable filling in had to be done for the approach to this bridge, and, as I understand, the sides of the land acquired were not supported by vertical retaining-walls and slopes were allowed which encroached on private property.

The owners of the lands between the Harlem river, Terrace View avenue, North, and Ashley street claim therefore that they have been damaged by this construction, and the Local Board of the Borough of Manhattan, in order to avoid any claims, recommended that Broadway be widened on both sides between the Harlem river, Terrace View avenue, North, and Ashley street, using the continuation of the base of the slope as the controlling line of the widening,

Respectfully,

LOUIS A, RISSE,

Chief Topographical Engineer and Engineer of Concourse.

Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then adopted:

Whereas, At a meeting of this Board held on the 27th day of March, 1901, resolutions were adopted proposing to alter the map or plan of The City of New York by laying out and widening Kingsbridge road or Broadway, between Terrace View avenue and Ashley street, and the northerly United States pierhead and bulkhead linn of the Spuyten Duyvil creek, in the Borough of Manhattan. City of New York, and for a meeting of this Board to be held in the office of this Board on the 17th day of April, 1901, at 2 o'clock P. M., at which meeting such proposed laying out and widening would be considered by this Board, and for a notice to all persons affected thereby of the aforesaid time and place at which such proposed laying out and widening would be considered, to be published in the CITY RECORD for at least ion days continuously, exclusive of Sondays and legal holidays, prior to the 17th day of April, 1901; and

Whereas, It appears from the affoliavit of the Supervisor of the City Record (that the aforesaid resolutions and notice have been published in the CITY RECORD for the days continuously, Sundays and legal holidays excepted, prior to the 17th day of April, 1901; and

Whereas, At the aforesaid time and place a public hearing was given to all persons affected by such proposed laying out and widening, who have appeared, and such proposed laying out and widening was duly considered by this Buard; now therefore be it

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 375. Laws of 1897, domining it for the public interest to alter the map or plan of The City of New York by laying out and widening Kingsbridge road or Broadway, between Terrace View avenue and Ashley street and the northerly United States pierhead and helkhead lare of the Spuyten Duyvil creek, in the Borough of Manhattan, City of New York, does levely favor and approve of the same s

This widening, which is required for the construction of the bridge over the Spuyten Duyvil creek, in the line of Broadway, consists in conforming the width of Broadway, between Terrace View avenue, North, and Ashley street and the southern line of the United States builthead-line to the lands acquired for the construction of the bridge crossing Sprayten Duyvil creek.

This widening is 35 fect on the west side and 30 feet on the case, side, Besolved, That the foregoing resolution, approving of the above-named proposed change in the map or plan of The City of New York by laying cut and widening Kingsbridge road, adopted by this Board, together with a statement of its reasons therefor, be transmitted to the Municipal Assembly for its action thereon.

Afternative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Sinet Cleaning, Commissioner of Sewers, Commissioner of Bridges, President of the Borough of Manhattan and President of the Board.

Negative—None.

Negative -None

In connection with the foregoing resolution, the following form of ordinance was approved for transmission to the Municipal Assembly :

IN MUNICIPAL ASSEMBLY.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:
That, in pursuance of section 436 of the Greater New York Charter, the following resolution of the Board of Public Improvements, adopted by that Board on the 12th day of June, 1901, be and the same is hereby approved, viz.:

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, doesning it for the public interest to alter the map ur plan of The City of New York by laying out and widening Kingsbridge road or Broadway, between Terrace View avenus and Ashley street, and the northerly United States pierhead and bulkhead line of the Spuyten Duyvil creek, in the Borough of Manhattan, City of New York, does hereby favor and approve of the same so as to lay out and widen the aforesaid road as follows: aforesaid road as follows

This widening, which is required for the construction of the bridge over the Spuyten Duyvil creek, in the line of Broadway, consists in conforming the width of Broadway, between Terrace View Avenac, North, and Ashley street and the southern line of the United States bulkhead-line to the lands acquired to: the construction of the bridge crossing Spuyten Duyvil creek.

This widening is 25 feet on the west side and 30 feet on the cast side.

CHANGE OF GRADES IN FIRST WARD, QUEENS,

The following report from the Chief Topographical Engineer was rend:

Topographical Bureau, New York, June 11, 1901.

Mr. Joun H. Mooney, Secretary, Board of Public Improvements:

Mr. John H. Mooney, Secretary, Beard of Public Improvements:

Six—I transmit herewith for adoption and a public hearing a map entitled "Map or plan showing the laying out and locating and the grades of the territory bounded by Jackson avenue, Skillman avenue, Heiser street, Greenpaint avenue, boundary line of the First Ward, Laurel Hill avenue, Hunter's Point avenue and Arch street, in the First Ward, Borough of Queens, City of New York."

This map or plan shows the amendments which were placed in the former filed map of Long Island City, and were approved by the Board of Public Improvements on the map entitled "Map or plan showing the street system in the First Ward, of the Borough of Queens (formerly Long Island City), as medified and proposed by the Board of Public Improvements," which map is now in the Manicipal Assembly for approval.

In addition to the laying out of new streets the grades in this district have been revised, which revision was necessitated by the very marked changes in the topography of that section since the original map of Long Island City in 1873 was filed.

I also transmit technical description for the purpose of advertising the public hearing in this matter.

Respectfully, LOUIS A. RISSE, Chief Topographical Engineer and Engineer of Concourse.

The following resolution was then unanimously adopted:

Resolved, That the Hoard of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming it for the public interest so to do, proposes to alter the map or pian of The City of New York by laying out and changing the grades in the territory bounded by Jackson avenue, Skillman avenue, Heiser street, Greenpoint avenue, boundary line of First Ward, Laurel Hill avenue, Huster's Point avenue and Arch street, in the First Ward, Borough of Queens, City of New York, more particularly described as follows:

Resolved, That the President of this Sourd cause to be prepared, for submission to this Board, three similar maps or plans for certification and sling, in the manner required by law, showing as nearly as possible the nature and extent of the proposed lay out and change of grades of the abovenamed territory and the location of the immediate adjacent or of intersecting open or established public streets, avenues, reads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed by out and change of grades of the abovenamed territory at a meeting of this Board to be held in the office of this Board on the 3d day
of July, 1901, at 2 o'clock P. M.

Kesolved, That the Secretary of this Board cause these resolutions, and a notice to all
persons affected thereby that the proposed by out and change of grades of the above-named
territory will be considered at a meeting of this Board to be held at the aforesaid time and place,
the be published in the CITY RECORD for ten days continuously, Sandays and legal holidays
excepted, prior to the 3d day of July, 1901.

COMMUNICATIONS FROM COMPORATION COUNSELL

The following communication from the Corporation Counsel was read :

LAW DEPARTMENT, June 8, 1901.

To the Honorable Board of Public Improvements, The City of New York, Hom. MAURICE F. HOLAHAN, President:

Siz.—I berewith submit for the action of your Honorable Board a form of ordinance entitled "An Ordinance Regulating Contracts for Public Works or Supplies and Agreements in Relation thereto by which The City of New York shall be Liable to Pay Money," which was referred to

thereto by which The City of New York shall be Liable to Pay Money," which was referred to this Department same months ago.

This continuous has been the subject of considerable study in this office in connection with the present practice of the City Departments, the result of which is that it is submitted to your Honorable floared with as lew changes in the revised ordinances of the Mayor, Alderman and Commonalty of The City of New York of December 31, 1896, as are deemed to be necessary to make it one form to The Greater New York Charter and to the practice of the City's Departments as modified by the said Charter. The phraseology of the old ordinances has been retained so far as was consistent with that of the Charter.

In my opinion this ordinance will effect the least change in the present methods of making and letting contracts for public work and supplies, and I therefore recommend it to the favorable consideration of your Honorable Board.

Respectfully yours.

Respectfully yours, JOHN WHALEN, Corporation Counsel.

The following resolution was then adopted:

Whereas, It is deemed necessary by the Corporation Counsel to amend the ordinance regulating contracts for work and supplies, which was approved by the Board of Public Improvements on the 21st day of March, 1900, and forwarded to the Municipal Assembly for adoption,

now be it

Resolved, That the form of ordinance regulating contracts for work and supplies, approved by this Board on March 21, 1900, he and hereby is rescinded and repealed, and it is further Resolved, That the return of said ordinance be requested from the Musicipal Assembly, Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Bridges and President of the Board, Negative—None.

The following resolution was then adopted:

Resolved, That the following ordinance, entitled "An Ordinance regulating contracts for work and supplies for The City of New York, and receiving proposals for furnishing the same," having duly originated with the Department concerned, he and is hereby approved by the Board of Public Improvements and recommended to the Municipal Assembly for immediate adoption.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Bridges and President of the Board.

Negative—None.

The ordinance is as follows:

IN MUNICIPAL ASSEMBLY.

An Commance regularing contracts for public works or supplies and agreements in relation therein by which The City of New York shall be liable to pay manney.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:
Section 1. All supplies to be fornished or work to be done for the Corporation of The City of New York, whether they are to be paid for out of the city treasury or out of trust moneys noder the control of or to be assessed or collected by the comparation, shall be fornished or performed by contract, except as is otherwise provided by law. (Revised Ordinances, 1897, section 344, assended.)

Sec. 2. The assembly Department, and officers agreement in the domain of the contract.

contract, except as is otherwise provided by law. (Revised Ordinances, 1897, section 344, amended.)

Soc. 2. The several Departments and officers empowered by law to make contracts on the part of the Corporation shall issue invitations for bids or proposals therefor by public notices, and shall advertise the same as provided by law when and after the said public notice and the terms of the said contract shall have been approved as to form by the Corporation Contract. There shall be kept by each of said Departments on appropriate hox, to be designated "Bid Box," with a proper agening in the top thereof to receive bids or proposals for which invitations have been issued. Such "Bid Box," shall be locked except at such times as it may be necessary to open the same to examine and decide upon bids or proposals, and the key thereof shall be retained by the head of the department. It shall be the duty of the bead of the department to deposit in said box the bids or proposals duly presented to him for work to be done or supplies to be furnished, under the direction of the department, immediately on the receipt thereof by him. (Id., sec. 345, amended.)

Sec. 3. The invitations for hids or proposals shall be in such form as may be prescribed by the Department making the same, and as shall be approved as to form by the Corporation Counsel and they shall contain the following particulars:

1. They shall require that the person making the bid or proposal shall furnish the same in a scaled covelope to the head of the appropriate Department at his office, on or before a day and hour therein named, not less than ten (10) days from the first publication thereof.

2. They shall state the quantity and quality of supplies or the nature and extent, as near as possible, of the work required or a reference to specifications or schedules where the quantity and quality of supplies, or the nature and extent, as near as possible, of the work is stated.

3. They shall state that the bids or proposals received will be publicly opened by the

contract.

5. They shall state the time or period within which the work must be done or the supplies furnished. (Id., sec. 346, amended.)

Sec. 4. Each hid or proposal shall contain:

1. The name and place of residence of the person or party making the same.

2. The names of all persons or parties inscreted with the bidder therein, and if no other person or party he so interested, the bid or proposal shall distinctly state that fact.

3. A statement that the bid or proposal is made without any connection with any other person or party making the bid or proposal for the same purpose, and that the bid or proposal is in all respects fair and without collesion or fraud.

4. A statement that no mamber of the Municipal Assembly, head of a Department, chief of a bureau, deputy thereof, or clerk therein, school commissioner, or other officer of the corporation is directly or indirectly interested therein, or in the supplies or the work to which it relates, or in any portion of the profits thereof, either as principal, sarety or otherwise. (Id., sec. 347, amended.)

Sec. 5. Each hid or proposal shall be verified by the oath or affirmation, in writing, of the

of a bureau, deputy thereof, or clerk therein, or in the supplies or the work to which it relation to investig var indiscusty interested therein, or in the supplies or the work to which it relation or in any portion of the profits thereof, either as principal, sarety or otherwise. (Id., sec. 347, amended.)

Sec. 5. Each bild or proposal shall be verified by the oath or affirmation, in writing, of the party enaking the bild or proposal is made by a firm it shall be verified by each and every member of the firm. (Id., sec. 346, smended.)

Sec. 6. Each hid or proposal shall be accompanied by the consent, in writing, of twe (a) hosseholders or irecholders in The City of New York, or of a responsible guaranty or surrough day authorized by law hid or proposal, they are it will, upon its being so awarded, become the penson or or its surreles for its fairful performance, and that if the contract he awarded the would be entitled upon its completion and that which the Corporation may be obliged to pay to the penson to whom the contract shall be awarded at any subsequent letting; the amount of the supplies to be furnished by which the bilds are tested. (Id., sec. 349, amended.)

Sec. 7. The consent mentioned in the last sections shall be accompanied by the oath or affirmation, its writing, of each of the persons signing the same, that he is a hosseholder or free holder in Than City of New York, and is worth the amount of the sounds were all his debts of exceptance and over an above that late the supplies of the contracts and substance of the contracts and state and in the bild or proposals, over and above all his debts of exceptance, as a formation of the supplies of the contracts and statement that it is authorized to do business under the laws of the company at the hard accompanied, a statement that it is authorized to do business ander the laws of the company at the hard accompaning, which shall have been made within a period of one year, and of any changes in its authorized mode in the same, the date of its presentati

small be completed and the contract shall be fully and completely performed. (Id., sec. 353, amended.)

Sec. 11. In all contracts for the performance of work or the farnishing of supplies, the time or period for the completion of such work and the farnishing and delivery of such supplies shall be specified and inserted thereis. (Id., sec. 354, amended.)

Sec. 12. In all contracts for public works or supplies, and agreements in relation thereto, by which the City shall be liable to pay money, the award, if any, must be to the lowest bidder unless the Board of Public Improvement, by the vote of a majority of its members, of whom the Mayor and Comptroller shall be two, shall determine that it is for the public interests that a bid other than the lowest should be accepted. No contract shall be made until the Comptroller certifies thereon that the necessary funds are provided and applicable thereto. (Sec. 416, Par. 13, the Greater New York Charter.)

Sec. 13. In all contracts for work for the Corporation upon any public building, or in any public street or place, in the performance of which accidents or injuries may happen to the person or property of another, a provision shall be inserted that the contractor shall place proper guards for the prevention of accidents and shall put up and keep at night suitable and sufficient lights during the performance of the work; and that he will indemnify the Corporation for damages or costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work. (Id., sec. 355, amended.)

Sec. 14. Every contract for supplies or work by the Corporation shall be accompanied by a bond in

the amount mentioned is the public notice therefor, executed by the persons or company consenting to become bound as sureties, or by such other persons or company as shall be substituted therefor, with the consent of the Comparisher, conditioned for the faithful performance of the contract and of the person signing the same, that each is a householder or freeholder in The City of New York, and of the person signing the same, that each is a householder or freeholder in The City of New York, and of the person of the contract, and stated in a public notice as hereinbefore prescribed. And it shall be the dary of the Comparisher or require such sureties to be further examined before himself or an officer authorized to admissister oaths departed by him, in respect to the items and deadle of their property, before approxing the adequacy and sufficiently of such sureties, and the several Departments of the city government and officers aforesaid by which every and each contract for work to be done or supplies to be furnished for the Corporation shall be made, in pursuance of this ordinance, shall have power and it shall be their darly to require and enforce the intiful execution of each and every contract so made by them; and in case the contractor or contractors shall had in any respects to perform the work or to furnish the supplies which he or they have contracted or render or fermin within the time limited for the performance of the same, then it shall he the daty of such Department or officers aforesaid to do and complete the same, then it shall he the daty of such Department or officers aforesaid to do and complete the same work or to furnish and deliver the said supplies in the manner provided for the performance of the same in the centract, and the cost of the same shall be charged against the delinquent contractor or contractors; provided, however, that the head of any Department or officers aforesaid by whom any such contract shall be made may, or good and sufficient cause, extend for a reasonable time the per

sec. 157.)

Sec. 16. The amount due contractors on all contracts, and on work now in progress under contracts, on account of regulating and paving streets, building sewers, ordered to be done by contract, by virtue of the previsions of law or ordinances of the Municipal Assembly, the expense whereof is to be assessed upon properly locally benefited thereby, shall be paid by the Comptroller from the Street Improvement Fund; but no money shall be paid on account of said assessments or contracts until a copy of the original contracts has been filted with the Comptroller of the city by the head of the Department having such work in charge, with a carribrate in writing from the head of such Department, stating the amount of work that has been completed and the amount due the contractor for such work according to the terms of the original contract; upon the amount thus certified and ascertained to be due to the contractor, the Comptroller shall pay seventy per cent. (70%). The remaining thirty per cent. (30%) shall be reserved until thirty days after the final completion and acceptance of the work. (Id., sec. 358, amended.)

Sec. 17. Whenever any payment shall become due upon any contract, according to the provisions therent or in accordance with any of the provisions of this ordinance, it shall be the duty of the head of Department or officer aforesaid having such work in charge to formsh to the person or party earlifed to such payments a certificate, in writing, specifying the contract upon which such payment is due and the amount due under such contract. (Id., sec. 360, amended.)

Sec. 18. It shall be the duty of the Comptroller on the presentation of such certificate to him, to pay the amount thereof and indorse such payment upon the contract beyond the amount of such certificate, and the final payment thereon shall not be made until the head of Department or officer aforesaid having such work in charge shall turnish the Comptroller, who shall file the same in his officer, a certificate signed by the head of such Department or officer aforesaid, that the work mentioned in such contract has been completed according to the terms of said contract, and to the satisfaction of the head of Department giving such certificate. (Id., sec. 362, amended.)

Sec. 19. Each and every contractor shall be required to have an affidavit from the Surveyor, setting forth the amount of work done or every description that may be charged in each bill or assessment list of and contract, and said affidavit shall be attached to said assessment list. The Inspector shall also fernish an affidavit attached to each contract that the work is done according to the plans and apocalizations, said affidavit to be attached to each assessment list before presented for confirmation. (lift, sec. 303.)

the plane and specifications, such about to be attached to each assessment list herore presented for confirmation. (bit., sec. 393.)

Sec. 20. No payment shall be made by the Comptroller for work done or supplies furnished except upon proper vombers rendered by the head of the appropriate Department, or other proper officer, board or commission for whom such work was done or supplies furnished. Such vonchers shall be made out in daplicate, and shall contain the certificates of such subordinate officers as the head of the Department and the Comptroller may require, and shall be of such form and purport as the Comptroller shall prescribe, and also a certificate of the head of the Department. One of the duplicate vouchers shall be trained in the Department of france for payment. A receipt for the amount paid shall be taken upon the vouchers sent to the Department of Finance. (Id., sec. 397, samuled.)

Sec. 21. REPORTS FROM COMMISSIONER OF WATER SUPPLY.

The following report from the Commissioner of Water Supply was read:

DEPARTMENT OF WATER SUPPLY, CITY OF NEW YORK, June 12, 1901.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements;

DEAR SIR—In the matter of the communication addressed to your floard by the President of the Borungh of Queens, dated March 19, ultimo, in reference to granting permission to the Woodbaven Water Supply Company to extend its water-main along the line of Shoe and Leather street, from Rockaway road to a point 200 feet west on Ferry street, I beg to say that from report made to me by the Chief Engineer of this Department, I find that there is no objection to the proposed water-main extension, the distance being 1,000 feet, on which there are 30 houses requiring water supply.

Very respectfully.

Very respectfully, WILLIAM DALTON, Commissioner of Water Supply.

The following resolution was then adopted a Resolved, by the Board of Public Improvements. That authority is hereby granted to the unissioner of Water Supply to issue a permit that will enable the Woodhaven Water Supply Company to extend its water-main along the line of Show and Leather street, from Rockaway road to a point two hundred lock west on Ferry street, in the Burengh of Queens, provided, however, that this permit is given and accepted apon she understanding, and the said water company by accepting and acting under this permit agrees, that an hydranis shall be erected by said company upon the line of the extendo of its water-mains for the tearing up of the streets in the construction of which this permit is given, and no payment far any such bydrants shall be demanded of said City, excepting where such hydrants are ordered by the said Lity, or its Water Department, in writing, and provided for the payment thereof is made by the Board of Estimate and Apportionment of said City; provided, further, that this permit is given and accepted upon the express condition that in case the City acquires the property and franchises of the tompany by condemnation or purchase, this permit shall not be deemed to salance the value of the franchise, but that under such processings the pipes shall be taken at their actual value, apart from any franchise value attaching therein.

Resolved, That the Commissioner of Highways is hereby anthorized to issue a permit to the Woodhaven Water Supply Company for opening the above work.

Astronative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Sawers, Commissioner of Bridges, President of the Borogh of Queens and President of the Board.

Negative—None, that this permit is given and accepted upon the understanding, and the said water company by

DEPARTMENT OF SEWERS, BOROUGH OF RICHMOND, NEW YORK, June 5, 1901.

Hon. JAMES KANE, Commissioner of Sewers, Non. 13 to 21 Park Row, New York City :

How. James Kane, Commissioner of Seners, Nos. 13 to 21 Park Row, New York City:

Dear Sin—In reply to your communication of June 1, relative to Arrietta street sewer outlet, permit use to say that I met a representative of the American Dock and Trust Company at the office of the American Corporation Counsel, Snapleton, in Brooklyn, on Monday afternoon, in relation to this matter, and at that conference it was agreed by the American Dock and Trust Company that if the City would discontinue the construction of the outlet at the face of the present dock of Staten Island Rapid Transit Railroad Company, they would take no further action in seeking to restrain the City in proceeding with the contract. As this outlet and the protective arib are each to be paid for by the brear foot, and considering the delay and obstruction that would result from further liftgation in the matter, I consider it to be for the best interest of the City that the outlet construction be limited at or near the face of the present pier, which will reduce the length of the outlet about 220 feet and eliminate all cribwork, thereby considerably reducing the cost of the sewer that at the best will be burdemone to the property affected. For these reasons I would respectfully ask that you have the necessary resolution passed by the Board of Public Improvements authorizing the Commissioner of Sewers to discontinue the construction of the outlet of the Arrients street sewer, Borough of Richmonsi, at a point sufficiently within the lace of the present Staten Island Rapid Transit Railroad pier to permit the operation of the drop bridge, and also to abundon all crib construction as shown on the plans of the work 1 the discontinuance and abandonment of said work to result in no cost or charge to The City of New York. New York.

I inclose copy of communication of the American Dock and Trust Company in relation to this matter.

Respectfully yours,
ed) HENRY P. MORRISON, Dupsty Commissioner and Chief Engineer. (Signed)

AMERICAN DOCK AND TRUST COMPANY, June 4, 1901. Han. HENRY P. MORRISON, Deputy Commissioner of Sewers and Chief Engineer, New Brighton, N. Y.:

DEAR SIR—We are informed by our counsel that in the matter of our suit involving the Arrietta street steer improvement, in which we are seeking to enjoin the City authorities from constructing a wooden flune sever outlet beyond the face of the present ferry pier at the foot of Arrietta street. Tompkinsville, that there is no serious objection to so enaforming and limiting the work without an order from the Court, and that you, representing the Commissioner of Sewers, are willing at this time to orge the limitation of the work to the face of the present ferry pier, so as not to interfere with its navigable approach, and that you will, by an agreement had with Mr. Luke D. Stapleton, Assistant Corporation Counsel, endeavor as soon as possible to secure a resolution of the Board of Fublic Improvements to limit the work at the point aforestal; and further, we are informed that the contractors for said work have no objections to orge the limitation of the work in the manner above mentioned.

work in the manner above mentioned.

Asking that you secure, at as early a date as possible, the resolution required to accomplish this by the floard of Public Improvements and the changing of the contract for the purpose, we are on our part, temporarily agreeing, in view of the passing of such resolution and upon the attaining of the above object, to discontinue proceedings, thereby saving ourselves further expense and to the City the expense of defending the injunction and not to the contractors the uncertainty of the progress and result of it.

Yours very truly,

AMERICAN DOCK AND TRUST COMPANY,

(Signed)

A. B. POUCH, Treasurer. work in the manner above mentioned.

MISCRILANBOUS COMMUNICATIONS.

The following communication was placed on file : To the Honorable the Board of Public Improvements of The City of New York:

GENTLEMEN.—The undersigned respectfully call the attention of your Honorable Board to the necessity of taking immediate steps for regulating, grading, etc., and otherwise improving that portion of Boulevard Latayette which has not yet been regulated and graded, from the junc-tion of the Boulevard at One Hundred and Fifty-sixth street to Broadway (Kingabridge road) at Declarate street. Because of Manhause.

kman street, Borough of Manhaman.

The Boulevard Lafayette was originally laid out one hundred (100) feet in width, and title to

The Boelevard Lafayette was originally laid out one summers (100).

The Boelevard Lafayette was originally laid out one summers (100).

Of this width, sixty lest on the westerly side was regulated, graded, curbed, flagged and manadamized, and the undersigned respectfully request that action be taken towards improving the remaining forty feet, this off-ording access to the property on the easierty side thread, and forming a continuous thoroughture for its full width, in connection with the extension of Riverade drive, from the Humbred and Thirty-fifth street contherly. Said forty feet to be improved and provisions made for a bridle path for equestrinos within the ilmit thereof.

Respectfully submitted.

PAUL T. PETERS and 20 others.

The following resolution was adopted:

Resolved, by the Board of Public Improvements, That, in pursuance of sections 415 and
423 of the Greater New York Charter, the construction of a sewer and appartenances in Hoe
street, from East One Hundred and Sixty-seventh street to Freeman street, in the Borough
of The Bronx, under the direction of the Commissioner of Sewers, be and the same hereby is
authorized and approved, there having been presented to said Board an estimate in writing, in
such detail as the said Board has directed, of the cost of the proposed work or improvement,

and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, the estimated cost of said work being twelve showand dollars. The said assessed value of the real estate included within the probable area of assessment is ninety four incurand six hundred and sifty dollars.

And the said Board does hereby determine that no portion of the cost and expense thereof shall be home and paid by The Uity of New York, but the whole of such cost and expense shall be assessed upon the property deemed to be beneficial through.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Bridges, President of the Borough of The Heisex and President of the Board.

Negrative—None.

Negative-None. Adjourned. Attest

JOHN H. MOONEY, Secretary.

LOCAL BOARDS.

TWENTY-FIRST DISTRICT, BOROUGH OF THE BRONX,

MINUTES.

Pursuant to rail by President Haffen, the members of the Local Beard, Twenty-tirst District, met on May 29, 1901, at 12 o'clock (moon), at the office of the President of the Barough of The Brenz, Municipal limiting, Cromon Park, One Handred and Seventy-seventh street and Third

Present-President Haffen, Councilman Hottenroth, Alderman Geiger, Alderman McGrath, Countries Murray.

Minutes of previous meeting were read and accepted.

HEARINGS.

Woodlawn Heights Section - Sewerage System.

Communications from the Woodlawn Trapayers' Association, dated April 22, 1901, and May 14, 1901, were read. At a meeting of the Local Board, Twenty-first District, on May 16 last, this matter was referred to the Department of Sewers (Bronx), for a report. Under date of May 28, 1901, Mr. J. H. Fitch, Engineer in Charge of Sewers, Borough of The Bronx, reported as

How, Louis F. HAYVEN, President, Borough of The Bronx ;

How, Louis F. Harven, President, Borough of The Bronz;

DEAR Six—In answer to the herein returned latter from Mr. George M. Conover, Secretary of the Woodlawn Taspayers' Association, submitting their petition for a sewer system to provide for the Woodlawn Heights section, I would report as Edinwer.

This is a matter that has long been under consideration by the Department of Sewers, and previous to the existence of this log seen under consideration by the Department of Sewers, and previous to the existence of this log seen under consideration by the Department of Sewers, and previous to the existence of the control of the Twenty taked and Twenty-fourth Warts. There have been many surveys made looking sewers the seminorary separate system for this district. It is, of course, impossible to outlet this system directly into the Bronz river at or near Woodlawn.

The only existing sewer into which it could be taken is the Webster avenue sewer. The Webster avenue is were at present extends to the summit north of Two Hundred and Fifth street, at an elevation of 91. The remainder of the fited sewer system north of this point on Webster avenue is due good to that at present no outlet is shown.

He could profe that the desired sewer could be brought to—that is, if it ran directly down to elsect avenue from Two Hundred and Thirty-third street—is the one mentioned that has an cieva iou, as stated, of 91.

The fited grade of the surface of the arrest at Webster avenue and Two Hundred and Thirty-third street is about 91, so that it can be seen that this line is an impossibility for lack of fall.

The only other available point that can be reached by the desired sewer is a buil's eye con-nection that is built into a 42-such line through bronx Park, being the outlet for the existing Wilmonsbridge system, emptying into the Webster avenue sewer at about the south line of Mosho u parkway

Mosho u parkway.

The elevation of the flow-line grade of this bull's eye is 53.45.

Assuming an elevation for the sewer at Two Hundred and Thirty-third street of about 80, or it teet telow the filed grade of the street, we would have a fall of about 26.5 feet from Two Hundred and Thirty-third street to the above-named bull's eye. The tength of this line, running it as directly as possible, is about 2 miles. This would give a fall of about 13.25 teet per mile, or about 0.25 per hundred.

In order to make this sufficient we would have to use a 36-inch sewer, which is the size

provided for by the buil's eye.

There have been several runtes surveyed for this sewer on different lines in an attempt to

find the best and cheapest.

Webster avenue used is, as before stated, out of the question for the reason that the cutting

Webster avenue useff is, as before stated, out of the question for the reason that the cutting on this avenue would as points reach to a depth of nearly 40 feet through rock.

The only other route that does not take as through various stretches of private property, to which there would endosblodly be great difficulty in obtaining a legal right of way, is the one that runs directly along the west tank of the Bronx river, between the river and the railroad. There would possibly be but inthe difficulty in obtaining the consent of the railroad company to the roustroot on of this sewer, but has location is an extremely expensive one, ranning as it does so close to the river as to make a retaining-wall necessary almost its entire length to prevent its sidning into the river, as the sewer in most cases would be practically on the surface of the railroad some.

Again, being so close to the railroad tracks, a brick sewer would hardly stand the vibration due to the constantly passing trains, and a pipe-line would be necessary, and this is inadvisable in a sewer of this size.

The cost of these two miles of sewer necessary to connect the Woodlawn district with the nearest available onflot, would at the best he so great that in my opinion it would be prohibitory for an outlet to a temporary separate system that would eventually have to be replaced by a permanent one. permanent one.

The benefit derived from the payment for this temporary system would consist in the use of

The benefit derived from the payment for this temporary system would consist in the use of it only for a few years.

There is it comes the alternative of precing a disposal works for this temporary system but it would. I takey, he difficult and expensive to obtain a suitable site for one in or about Woodlawn.

The solution of the difficulty, in my mind, is the pushing forward at once of some permanent relief for this section in the way of a large outlet sewer for the entire district of the Bronx valley, which should be accomplished in such a way that part of Westchester County should bear their share of the cost and receive tenefits thereby. The idea of a sewer running by funnel through to the Hudson river seems the most tensible and economical of all those suggested. However, should the people of Woodlawn reel disposal to spend the money necessary to outlet the temporary outlet like down to the sewer in Bronx Park, the same can be outlet. It is merely a question of the cost; that at a rough exempted hour place at less than \$150,000 for this line alone, exclusive of the sewers in Woodlawn itself.

Respectfully,

Respectfully, J. H. FITCH, Engineer in Charge.

After said report was read by the Secretary, Councilman Hottenroth moved that it be spread upon the numbers of the Lucal Board in full. Adopted.

Mr. Carl W. Schmiuke of Woodlawn appeared at the meeting. President Haffen handed him a copy of the above report and requested that the property-awners petition the Local Board as in what they desired in regard to this matter.

On motion, the matter was laid over until June 12, 1901.

Lights for the Borough of The Bronx.

Councilman Marray called atention to the great necessity of lighting many of the streets in the borough, especially where lights randed before streets were regulated and graded.

From information furnished the members of the Local Board it appeared that the Commissioner of Public Buildings, Lighting and Supplies had not a sufficient appropriation to further light the borough. On motion of Alderman Geiger, it was

Resolved, That the Local Board, Twenty-urst District, hereby requests the Municipal Assemily to request from the Board of Estimate and Apportionment an appropriation of twenty-five thou-and dollars (\$25,000) to defray the cost and expense of properly lighting the Borough of The Broax. Adopted unanumously.

Rapid Transit Rachary Construction in Brons Berough.

President Haffen suggested that June 6, 1301, at 10 a.st. he the date and time for the com-menterment of work on the rapid transit railway construction in this borough. He also suggested that the place be at the intersection of Brook and Westchester avenues; that they begin at the

west size and work east. Tors the feard concurred in.

Councilman Holtenroth moved that the contractor, sub-contractor, the Rapid Transit Commissioners and the Chief Engineer of Rapid Transit Construction be notified of the date, time,

ate. Adopted.

Alderman McGrath moved that the Mayor of the City be sent an invitation. Adopted.

Connectman Honercotte moved that the North Side Board of Trade be invited to the coremonies, as well as the Taxpayers' Alliance, and the various heads of Departments.

After some discussion it was resolved that the Board act as a committee of the whole to take action on the matter.

Borough of The Brons, Scientific Falloning, Council Fall, Council Falloning Council

Modification of Street System in that part of the Borough of The Bronx bounded by the Bronx Park, Webster Avenue, Flower Street, Park Avenue and Demomb Avenue.

This is a matter that was before the Joint Session of the Local Boards (Bronz) on April 25

last, page 55 of minutes. Since that date the following protest was received, viz.:

MAY 6, 1901.

Board of Public Improvements, Nos. 19-21 Park row:

GENTLEMEN—We, the undersigned property-owners hereby respectfully protest against the proposed change of map now before your Board (nod also in the Local Board, Twenty-first District, and Local

The following owners, between Weister avenue and Bronx River Bridge, on Olin avenue, are over two-thirds of the owners which have signed the following. The balance of land are cross stream which come is south of Olin avenue.

Respectfully,
IKVING TIOR, north side Olin avenue, Williamsbridge, yas fact.
MARIE WEBER, a subbeast corner Olin avenue, nor feet.
GEORGE W. O'CONNOR, southwest corner Olin avenue, to feet.
ISAAC N. HEBBERD, Olin avenue, about 230 feet.

Mr. Irving Tior appeared with counsel in opposition to the proposed change as it affected avenue. Mr. Hebberd also appeared to opposition to the widening of Olin avenue at this

Mr. McNamara and others appeared in favor of widening Duncomb avenue, as proposed, to

feet. The matter was finally laid over for executive session on June 12, 1901.

Ad ournment

MICHAEL J. GARVIN, Secretary.

LOCAL BOARD.

HOROUGH OF QUEENS.

The Local Board of the Borough of Queens, City of New York, held its meeting at temporary Borough Hall, Jackson avenue and Fifth street, Long Island City, on May 10, 1901.

Present—Councilman David L. Van Nostrand, Alderman Joseph Geiser, and the President of the Borough, Frederick Enwiey.

Minutes of previous meeting approved.

On metion, the following was adopted:

Whereas, This, the Local Buard in the Borough of Queens, City of New York, did in meeting assembled on April 19, 1901, make requisition that public hearing by had upon the proposition to recommend that Ditmars avenue, from Old Bowery Bay road to the bulkhead-line in the East river, in First Ward of horough in city aforesaid, be legally opened between the points above-named; and

river, in Frist Ward of horough in city anaessas, be regard opened stored public hearing thereon named; and

Whereas, This Board did in conformity with notice published afford public hearing thereon at which no purson appeared in opposition thereto; and

Whereas, It is the opinion of this Board, as declared at meeting held on May 10, 1901, that compliance with said proposition would be for the best interests of this City; therefore Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it give the aforestated matter its prompt and favorable consideration and service.

Also,

Also,

Whereas, The President of the Barough of Queens, City of New York, did submit to this the Local Board of said borough, at its meeting held on May 3, 1907, the pention of owners of real estate along the line of Time street, between Broadway and Januica avenue, in Firm Ward of said borough, for the legal opening of said street from and to the points aforesaid; and also the proposition of said Board that said street be legally opened from Jackson avenue to the bulk-head-line in the East river, in ward and horough aforesamed; and

Whereas, This Board did, in conformity with notice published, accord public hearing thereas, at which no person appeared in opposition thereto, and final action thereon deferred; and Whereas, It is the opinion of this Board, arrived at in meeting held on May 10, 1901, that compliance with said published and proposition would be for the best interess of the City; therefore

Resolved. That recommendation be and hereby is made to the Board of Public Improve-ments, City of New York, that it give the aforestated matter its prompt and tavorable considera-

tion and action.

Also,
Whereas, The President of the Borough of Queens, City of New York, did submit to this
the Local Board of and horough, at its meeting held on May 10, 1901, petition of owners of real
estate on Debevoise avenue, between Jamaica avenue and Broadway, in First Ward of borough
to city aforesaid, for the construction of a public sower in said avenue from and to the points

whereas, This Beard did, is accordance with notice published, afford public heaving thereon, at which no person appeared in apposition thereto; and Whereas, It is the opinion of this Board that compliance with said petition would be for the best interests of this City; therefore

Besolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it give the subject-matter of the petition is prompt and favorable consideration and action. consideration and action.

Whereas, The President of the Borough of Queens, City of New York, did salunit to this, the Local Board of said borough, at its meeting held on May to, 1901, pulition of owners of real estate on Debercoise avenue, in First Ward of borough in city afarenamed, that the existing public sewer is said avenue be continued on from point where it stops up to Uttmars avenue in said small and localists.

Whereas, This Bhard did in conformity with notice published faccord public hearing thereon, at which no person appeared in opposition thereto; and
Whereas, It is the opinion of this Board that compliance with said perition would be for the best interests of this City; therefore

Resolved, That recommensation be and bareby is made to the Board of Public Improve-ments, City of New York, that it give the subject-matter of the petition its prompt and favorable consideration and action.

Also,
Whereas, The President of the Borough of Queens, City of New York, did submit to this,
the Local Board of said Lorough, at its meeting held May 10, 1901, petition of owners of real
estate on Lawrence street for the construction of a public sewer in said street, about three
hundred and fifty feet from Bradford street to Sandford avenue, in (Plushing) Third Ward of
borough in city aboresaid; and
Whereas, This Board did in conformity with notice published accord public hearing thereon,
at which no person appeared in opposition thereto; and
Whereas, It is the opinion of this Board that compliance with said petition would be for the
best interests of this City; therefore
Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it give the subject-matter of the petition its prompt and favorable
consideration and action.

consideration and action. Also,
Whereas, The President of the Barcogh of Queens, City of New York, did submit to this, the
Local Board of said borough, at its meeting held May 10, 1901, patition of residents and taxpayers of (Finshing) Third Ward of borough in city eforenamed, for the flagging of the sidewalk
on the west side of Whitestone avenue, between Brandway and State street, in said ward and

on the west such is with the such as whereas, between remaining and State affect, in and ward and horough; and
Whereas, This Beard did, in conformity with notice published, accord public hearing thereon, at which no person appeared in opposition thereto; and
Whereas, It is the opinion of this Board that compliance with said petition would be for the heat interests of this City; therefore
Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it give the subject-matter of the petition its prompt and favorable consideration and action toward having the requirements of the residents in said section two medical to. responded to.

Also,

Also,

Whereas, The President of the Borough of Queens, City of New York, did automit to this, the Local Board of said borough, at its missting held on May 10, 1901, petition of residents and property-owners on Botanic place, from Brandway to Amily street, in (Flushing) Third Ward, Borough of Queens, City of New York, that a public water-main be laid in said place from and to the points above named; and

Whereas, It is the opinion of this Board that compliance with said petition would be for the best interests of this City; therefore

best interests of this City; therefore
Resolved, That recommendation be and hereby it made to the Board of Public Improvements, City of New York, that it give the subject matter of the petition its prompt and favorable consideration and action toward having the requirements of the petitioners and the reasilents of said section responded to.

Also,
Whereas, The President of the Borough of Queens, City of New York, did submit to this,
the Local Board of axid borough, in meeting assembled on March 15, 1901, polition of owners of
real estate in (Flushing) Third Ward of said borough, the title public water-mains to extended
through Fourteenth street, from Mitchell avenue to Bayside avenue, and in Myrtle avenue, from
Murray tane to birteenth street, in said ward, and final action thereon deletred; and
Whereas, it is the opinion of this Reard, arrived at in meeting held May 10, 1901, that
compilance with said pention would be for the last interests of this City; therefore
Resolved, That remainmendation be and hereby is made to the Board of Public Improvements, City of New York, that it give the subject matter of the petition its prompt and favorable
consideration and action.

Adjourned to May 24, 1901.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The following communication was received :

NEW YORK, May 20, 1901.

To the Honorable the Aqueduct Commissioners:

Re MUSCOUT DAM.

GENTLEMEN-We understand that Mr. John Owen is about to variet his farm to-morrow, the joth instant. We would exceen it a great favor if you will kindly grant us the privilege of

occupying same during the construction of the dam. We shall probably have a stable of from thirty to forty horses, and it is most essential that they be taken great care of in order to facilitate the progress of the work. By doing this you will greatly oblige as.

Very respectfully yours,

WILLIAMS & GERSTLE,

For EUREST E. STEELBURENE.

Commissioner Windolph moved that the same he referred to the Chief Engineer. Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Chief Engineer presented the following communication:

NEW YORK CENTRAL AND HUDSON RIVER RAILEGAD COMPANY, GRAND CENTRAL STATION, NEW YORK, May 20, 1901.

W. R. Hita, Chief Engineer, Aguaduct Commission, 280 Broadway, New York City :

DEAR SIR—Referring to our conversation, I attack hereto a blue-print showing the location of our bridge across the Croton river at Croton Falls, on the Harlem Division, upon which is indicated in red the location of a processed centre pier. Will you kindly advise me if there will be any objection on the part of the Croton Aqueduct Commissioners, or yourself, to the construction of this centre pier?

Yours very truly,

W. J. WILGUS, Chief Engineer.

Commissioner Power moved that the communication be referred to the Chief Engineer for

report.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

FRANK H. WARDER, Socretary pro tem.

APPROVED PAPERS.

No. 599.

Resolved, That the west side of the large opera-room on the second floor of the late Town Hall in Jamaica, Borough of Queens, he set apart for use of the Department of Buildings.

Adopted by the Board of Aldermen, May 28, 1901.

Adopted by the Council, May 28, 1901.

Received from his Honor the Mayor, June 11, 1901, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

JAS. KANE, Commissioner of Seware.

MUNICIPAL ASSEMBLY.

PUBLIC NOTICE.

AN ORDINANCE GRANTING TO THE WEST TENTH STREET CONNECTING RAILWAY COMPANY THE RIGHT OR FRANCHISE TO CONSTRUCT AND OPERATE A STREET SURFACE RAILROAD IN UPON AN' ALONG CERTAIN SIREETS. AVENUES, PARKWAYS AND HIGHWAYS IN THE CITY OF NEW YORK.

ALONG CERTAIN SIRVETS, AVENUES, PARKWAYS AND HIGHWAYS IN THE CITY OF NEW YORK.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

WHEREAS, THE WEST TENTH STREET sented to the Municipal Assembly of The City of New York, by presenting and filing with each house thereof, its application, in writing, for a grant of the franchise or right to use the streets, avenues, parkways and highways in The City of New York bereinafter mentioned, for the construction, maintenance and operation of a single-track street surface railroad in or upon the surface of the same; and

Whereas, The sand Municipal Assembly, by resolution adopted March 20, 1000, gave public notice of such application, and that at the Councilmanic Chamber, in the City Hall, in The City of New York, on the 10th day of April, 1000, at 2,30 o'clock in the afternoon, such application of anid milway company would be frat considered and a public hearing, in two daily papers published in The City of New York, viz., in the "New York Press" and in the New York journal and Advertiser," which papers were first designated, in writing, by his Honor the Mayor of said only, on March 28, 100; and

Whereas, After public notice given as aforemed and at a public hearing duly held in pursuance of such notice, whereat all persons so desiring were given an opportunity to be heard and were heard, such application was first considered by the Raitroad Committees of both houses of anid Municipal Assembly;

Section t. The Municipal Assembly of The City of New York heaven't company, subject to the conditions and provisions hereinafter set forth, the right and franchise to use the streets, avenues, parkways and highways, vis.: Commencing at the intersection of said West Tenth street with Gresswich avenue, all in the Borough of Manhatan, City of New York, running sandiwesterly with single crack-through, upon and along West tenth Street out following conceits, accounts, parkways and in ghways is soals subject to the following conditions:

York.

Sac. z. The grant of said franchise or right to use
said streets, avenues, partways and h ghways is made
subject to the following conditions:

Ser. 2. The grant of said franchise or right to use said erreers, avenues, parkways and highways is undessibled to the fallbusing conditions?

Piese—That the said right, privilege and franchise to construct and operate its said railway shall be hald and enjoyed by said railway company, its lesses or successors, for the sem of twenty five years with the privilege of a renewal of said grant for the further period of twenty-five years upon a fair revaluation of the right, such revaluation to be of the right, privilege and franchise to maintain and operate said railroad by itself, and not to include any value derived from the ownership, control or appraison of any other railroad, line or tracks by the grantee, its successors or assigns; provided, however, that the consent of the owners of one-half in value of the property bounded on such streets, avenues, parkways and highways shall be first obtained, or to lieu thereof the favorable extermination of three Commissioners, approved by the Appallate Division of the Supreme Court, that such railroad should be constructed and aperated.

Second—Upon the remination of the said franchise or right, whether original or renewed, there shall be a fair valuntion of the plant and property at the grantee in the streets, avenues, parkways and highways aforesand, with its appurtenances; and the said plant and property shall be and become the property of the City on the termination of the grant on paying the grantee such valuation. Such payment shall be at a fair valuation of the said plant and property as property, excluding any value derived from the franchise.

2 hind—The mode of determining the valuations and revaluations berein provided for shall be as follows: One distincessed freeholder shall be chosen by the Board of Estimate and Apportionment, one distincessed freeholder; shall be chosen at least sixty days prior to the expiration of the grant, or of the renewal thereof, and their reports shall be falled with the complete of the payments and independent appropriate of the r

aball he conclusive upon both parties.

Gracth—The said West Terth Street Connecting Rallway Company shall for and during the first five years after the commencement of the operation of any portion of its railroad, annually, on Rovember r, pay into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent. of its gross receipts for and during the year ending September yo next preceding; and after the expiration of such five years make a title annual payment into the treasury of the City, to the credit of the same fund, of five per cent. of its gross receipts, as required by section 95 of the Railroad Law, but such percentage of gross receipts shall not be less than one hundred and fifty sollars (\$100) annually to the first five years and not less than three hundred dollars (\$900) annually thereafter.

That but one first shall be exacted for passage over the railroad constructed under this grant and over the lines of any railroad system or systems operated in connection therewith, and that the gross receipts from joint hunivess shall be divided in the proportion that the length of said railroad operated hereunder shall bear to the entire length of the railroad system or systems which shall be operated in connection therewish, and that the grant and whenever this connection therewish, and of the railroad to be constructed betweender.

Whereyer and whenever this connection therewish, and of the railroad to be constructed betweender.

Whereyer and whenever this connection passway shall make it possible for the cars of a non-percentage paying line, the former line shall keep a separate and accurate account of all fares collected from passengers

who enter said cars upon the routes of percentage lines, and occount to the City for them the same as if they had been collected on the percentage line, and to pay the same percentages thereon as is now provided by law to be pard by the company apon whose route they operate MITAE—The said railroad may be operated by anderground electrical power substantially similar to the system of underground electrical tractical traction tow in use on the railroads in Second, Sath, Eighth, Lenox and Madison avenues in this city, and by any other motive power, except locomotive ateam power, which may be approved by the Board of Railroad Commissioners and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Matth—The said railroad shall be constructed and maintained subject to the supervision and control of the Commissioner of Highways and the Commissioner of Public Buildings, Lachting and Supplies of The City of New York, in all matters with respect to whoth aid Commissioner are respectively invested with the power of regulation and control by the Charter of said commissioner are respectively invested with the power of regulation and control by the Charter of said commissioner are respectively invested with the power of regulation and control by the Charter of said city; and the consent of the City, as owner of property bounded on West Tenth strest and on Christopher street, in hereby given to the operation of the valloads now or hereafter constructed on said streets by the forms of motive power provided in section fifth.

Sec. 3. The said grant is also upon the further conditions, namely:

First—The said railroad shall be constructed and operated in the latest improved manner of street rail-

forms of motive power provided in section fifth.

Sec. 3. The said grant is also upon the further conditions, namely:

First—The said railroad shall be constructed and operated in the latest improved manner of street railway construction, and the railroad and property of said company shall be maintained in good condition throughout the full term of this grant.

Le the Hidders of Six Per Cent. Gold Countidates Sinck of the County of New York, Payalle July

THE POLLOWING IS AN EXTRACT FROM the proceedings of the Commissioners of the Sasking Fund at a meeting held Torollay, February

to, 1991;
The Computation presented the following report and assumpanying resultance relative to the redesipation of six per eart. Gold Consultance Stock of the County of New York, maintaing July 1, 10, 1;

say percent. Gold Consultated Stock of the Centry of New York, matering July 1, 10, 11.

Cirre of a tw York. Directory of Fisher. Constructive's Orients, February 15, 1501.

To the Constructive's Orients, February 15, 1501.

To the Constructive of the Inching Final:

Generalization Six per sens, Gold Consolidated Stock, amounting or eight million eight hundred and eighty five themsond five hundred colliers (\$8.56, 500, which was traued by the Contry of New York prior to its consolidateou with the farmer City of New York prior to its consolidateou with the farmer City of New York prior and the City Dent (No. 1), under the provisions of section of the City Dent (No. 1), under the provisions of section or july chapter upf of the Laws of clay.

Under upf of the Laws of clay.

Under an assendment to the Constitution of the State of New York alloyted ut the general election held in the year 1850, the sund stock is exampted, for the delectes trative personness of section to of article VIII. of the Constitution, from classification as a City debt.

In view of the present senty demands upon the Utyle debt-courting capacity, expectably for rapid transit and bridge our trustum, it is desirable to return the advantage gained by such examption. This advantage would be preciseally loss us to the amount of said

stock if it were to be reduced out of the Sinking Fond, or if it were refunded by the fease of Comporate, Stock of The City of New York.

I therefore propose to extend the manurity of a considerable proposters, if not the whole of such stock, for persons not exceeding eventy years, under the unitarity maternal upon no by chapter for of the Laws of 1900 upon the best obtainable terms for the City.

It is not unlikely, however, that it may prove impressible as extend terms portions of said stock upon advantageous terms, and I therefore recommend that a residual to the Sinking Fand such particular as residual than the Sinking Fand such particular as residual.

Respectfully,

Respectfully (Signed) BIRD 5, COLER, Comptender.

Whereas, His per cent, Gold Consolidated Stock issued by the County of New York prior to its consolidation with the former City of New York, amounting to eight willion eight tundend and eighty-five thousand first handred delians (#1,85, yo.), matures July, 1901, and is payable from the Sinking Food for the Redemption of the City Debt (No. 1), under the provisions of section 23 of chapter 32 of the Laws of 1847.

Whereas, the Comptroller proposes, under the authority of chapter 50 of the Laws of 1847.

Whereas, the Comptroller proposes, under the authority of chapter 50 of the Laws of 1900, to extend to periods not extending twenty years the maunifyed as much of and much as the way be able to to extend upon terms advantageous to the City I therefore.

Resolved, That the Comptroller be und is harsby authorized to pay out of the Sinking Fund for the Redemption of the City I sels (No. 4), such portion of the air per cent. Gold Consolidated Stock of the Country of New York, payable July 1, 1901, as he may be unable to extend upon terms demond by him to be advantageous to the City.

The report was accepted and the resolution manimum allapted.

For the removes set furth in the foregoing report to the Commissioners of the Sinking Fund, the Comptroller of The City of New York will await himself of the provisions of the pier 6ys of the Laws of 1900, which reads as follows:

Снартва бра

or Acr to authorise the extension of the funded indebtedness of the counties of New York, Kings, Queens and Richmond.

ACCEPTED BY THE CITY.

Accourant of the Crey.

Bicame a law April 21, 1900, with the approval of the Governor. Panied, a majority being present.

The People of the State of New York, represented in tension and Assembly, for exact as follows:

Sections: It shall be lawful for the comparation of the chip of New York, in has discretion, to provide for the contention of all or any part of the imbled tadelmentors of the counties of New York, Kings, Quessia and Rachmond, as the same may from tome to time mature, certificates of word or brade so extended shall bear interest at a rate hot extending three and the half before an armonic and shall be starqued across that the service of work attending three and the half before a period not exceeding three that the first a period out exceeding three years.
