Which was referred to the Committee on Public Works.

By Alderman O'Connor—

Petition to prevent heavy vehicles from passing on the north side of Washington Square, between 5 and 7 o'clock P.M., every Friday, during the performance of the Seventh Regiment Band in Washington Square.

Whereupon he offered the following resolution:

Resolved, That the Police Commissioners be directed to station officers on the corner of Washington Square and Fifth avenue, and on the corner of Washington Square and Macdougall street, on Friday afternoon of each week, when the band shall play in Washington Square, from 5 until 7 o'clock, with necessary instructions to divert from the north side of Washington Square, between Fifth avenue and Macdougall street, the tide of trucks and other vehicles, except pleasure carriages.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

##### MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting Michael Doyle to place and keep a storm-door at the entrance to premises No. 158 Avenue C.

A resolution similar to the above was passed by your Honorable Body on the 10th of April, which, for the reasons then stated, I did not approve. I am now informed that Mr. Doyle has erected this storm-door without any permission whatever, and although he asks permission "to place and keep," he really desires permission to "keep" what he has already "placed" in violation of law. Nor has Mr. Doyle complied with the ordinance (section 34, article IV.) adopted by your Honorable Body for the regulation of such structures, and I am informed that the occupant of the adjoining premises strongly and justly objects to the obstruction. I see no reason for changing the views set forth in my communication of April 24 relative to this structure.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to Michael Doyle to place and keep a storm-door at the entrance to his premises, No. 158 Avenue C, as shown on the annexed diagram, and to be within the stoop-line, the work done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting the Young Men's Christian Association to place an illuminated sign in front of the premises No. 2317 Third avenue.

From the letter accompanying the resolution I learn that the desired sign would project ten feet from the second story of the building and be two feet high and sixteen inches wide, whereas section 53, article IV. of the Revised Ordinances provides that "no person shall place, hang or suspend, at any greater distance than twelve inches in front of and from the wall of any house, store or other building, any sign, show-bill or show-board, under the penalty of ten dollars for each offense." The ordinance is a proper one, inasmuch as signs of the character contemplated are undoubtedly a source of danger, and in case of high winds are liable to fall upon the passer-by, and thus render the city liable in heavy damages. In my opinion no such privilege should be granted; therefore I am constrained to withhold my approval of this resolution, notwithstanding the commendable objects of the association asking such permission.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to the Young Men's Christian Association to place an illuminated sign from the second story of their premises, No. 2317 Third avenue; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, protesting against the location of a hospital for the reception of patients afflicted with contagious or infectious diseases, as proposed by the Health Department, at or near the foot of Seventeenth street, East river, and requesting the Health Department to choose a more isolated site and a less populous district.

It requires no expert knowledge to understand the importance of such a hospital as that which it is proposed to erect at the foot of East Sixteenth street, but as to the proper location and construction of the building it seems prudent to rely upon the Board of Health. I therefore transmit herewith to your Honorable Body a communication from the Board of Health on the subject of this resolution, and also a diagram showing the site of the proposed hospital. It seems to me that no site can be selected where less objection could be justly raised to the location of a structure to be used for such purposes, and at the same time be productive of the greatest good.

For these and the further reasons stated in the communication from the Board of Health, above referred to, I return the resolution without my approval.

FRANKLIN EDSON, Mayor.

Resolved, That this Common Council hereby protests against locating a hospital for the reception of patients afflicted with contagious or infectious diseases, as proposed by the Health Department, at or near the foot of Seventeenth street, East river, and so far as this Common Council has the power, as owner in its corporate capacity of the site for the proposed hospital, hereby forbids the location or erection of said hospital thereon, as it is near the centre of one of the most densely populated districts in this city, where liability to spread contagion among the people is the greatest; and, be it further

Resolved, That if, in the opinion of the Health authorities, such a building is indispensable, then it is hereby earnestly recommended that a more isolated site and less populous district be selected for its location and erection.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting B. H. Tutill to erect a storm-door in front of No. 114 Bleeker street.

This structure, as I am informed, has already been erected in violation of law; it is twelve feet high, twelve feet long, and projects five feet from the building. The applicant has, in no sense, complied with the ordinances of the Common Council, having submitted no plans and having the consent of none of his neighbors. I am informed that they justly complain of the structure, and I therefore think Mr. Tutill should not only have no permission "to erect" the storm-door in question, which he has already built, but should be required to remove it at once.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to B. H. Tutill to erect a storm-door in front of No. 114 Bleeker street; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting J. Thomas to erect a watering-trough on the northeast corner of Third street and Avenue D.

A resolution was passed by your Honorable Body on the 8th instant, permitting a watering-trough to be erected on the corner of Third street and Lewis street, only two short blocks from the proposed location of this one. The necessity for two watering-troughs in such close proximity is not pressing, while the necessity for economy in the use of water is extremely so. I therefore think the desired permission should not be granted.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to John Thomas to erect a watering-trough northeast corner of Third street and Avenue D, the work done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting Abrams & Levy to place posts and rafters for a canvas awning in front of premises No. 89 Bowery.

By the provisions of section 291, article XXX. of the Revised Ordinances, the applicants for an awning must have the consent of the occupants of the adjoining premises. In this case the occupant of premises No. 87 Bowery refuses his consent, although he desires an exactly similar privilege, and, therefore, the permission which Abrams & Levy desire cannot be justly granted. In my opinion, the provisions of the ordinance referred to should be insisted upon in all such cases.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to Abrams & Levy to place posts and rafters for a canvas awning, in front of premises No. 89 Bowery, to remain during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting James Magrath to retain the awning now in front of No. 87 Bowery.

Mr. Magrath, as I am informed, has not obtained the consent of the occupant of premises No. 85 Bowery, and therefore by the provisions of section 291, article XXX. of the Revised Ordinances, cannot justly obtain the permission which he asks.

It seems to me that the general ordinance to which I have referred is a very proper one, and that compliance with its provisions should be insisted upon, in order that no injustice or damage shall be done to one neighbor through the action of another in such matters.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to James Magrath to retain the awning now in front of his place of business, No. 87 Bowery; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting R. Scheyer & Son to retain various signs in front of premises No. 398 Grand street.

I am informed that one of the signs referred to in this resolution is a triangular pyramid eight feet in height and located on the sidewalk; the others hang from an awning frame. These are, in

my opinion, objectionable, because they both obstruct the sidewalk and are a source of danger in case of high winds. The occupants of adjoining premises also strongly object to them; therefore permission to retain them should not, in my judgment, be granted.

FRANKLIN EDSON, Mayor.

Resolved, That permission is hereby given to R. Scheyer & Son to retain a sign, not over three feet wide (triangular) on sidewalk in front of premises No. 398 Grand street; also three or four small signs under awning, said awning being a very high one.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting Kidney & Giblin to place and keep two poles in Sixty-fourth street, between First and Second avenue.

I am informed that these poles are to be used as masts for cranes and are to have beams about forty feet long attached some twelve feet above the sidewalk. The purpose is to transfer large blocks of stone by swinging them from trucks in the street over the sidewalk into the yards in front of which these poles are to be placed. It seems to me that this method of handling such material is extremely dangerous to passers-by, and I therefore think the permission sought should not be granted.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to Kidney & Giblin to place and keep two poles on the sidewalk, near the curb-stones, 90 feet apart, in Sixty-fourth street, south side, between First and Second avenues; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, authorizing the paving of Seventieth street, from Eighth avenue to the Boulevard, with granite-blocks.

Owing to a recent decision of the Court of Appeals, the proper grade of this block is not established according to law, and therefore it would be useless to authorize the work contemplated in this resolution until this objection is removed. When the grade is lawfully fixed, this or a similar resolution will be in order.

FRANKLIN EDSON, Mayor.

Resolved, That Seventieth street, from Eighth avenue to the Boulevard, be paved with granite-block pavement, and that crosswalks be laid where required at the intersecting avenues where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 23, 1883, permitting Simon Manges to retain a rolling canvas awning across the sidewalk in front of premises No. 81 Avenue A.

By complying with the provisions of section 291, article XXX. of the Revised Ordinances, Mr. Manges will have no difficulty in obtaining the permission he seeks, inasmuch as there are no objections from the occupants of the adjoining premises. Then the resolution would be unnecessary since the Bureau of Permits will entertain the request preferred therein.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to Simon Manges to retain a rolling canvas awning, with wooden frame, across the sidewalk in front of his place of business, No. 81 Avenue A; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 23, 1883, permitting L. Coari to place and keep a hand-cart on the street, for the sale of fruit, in front of No. 100 West Twenty-first street.

The permission asked for in this resolution properly comes under the jurisdiction of the Mayor's Marshal. Should the permission in this case be regulated by special ordinance, it would, in my opinion, be followed by hundreds like it, and thus impose upon the Common Council much labor which properly belongs elsewhere. Besides, it would practically nullify the general ordinance recently adopted by your Honorable Body for the regulation of such vendors.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and is hereby granted to L. Coari to place and keep a hand-cart on the street, for the sale of fruit, in front of No. 100 West Twenty-first street (southwest corner of Twenty-first street and Sixth avenue); such permission to continue during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting Henry Wirtz to place a stand in front of No. 118 West street.

The resolution is indefinite as to the dimensions of the proposed stand, the sidewalk at the place where it is proposed to erect the stand is quite narrow, and the street is a busy thoroughfare. Under these circumstances I think the desired permission should not be granted.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to Henry Wirtz to place a stand in front of No. 118 West street; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 29, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 23, 1883, permitting John Seufert to place a watering-trough in front of premises No. 1209 Second avenue.

I am informed that the wagon traffic on this portion of Lexington avenue is too limited to warrant the location of a watering-trough in this vicinity. In view of such a condition of affairs, I think that in the city's present need of water the desired permission should not be granted.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to John Seufert to place a watering-trough in front of No. 1209 Lexington avenue, the work to be done and water supplied at his own expense; under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 29, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 23, 1883, permitting Adolph Guber to place and keep a watering-trough in front of premises No. 626 Hudson street.

The proposed location of this trough is about thirty feet north of Jane street, on the east side of

Hudson street. Inasmuch as their is now a watering-trough on the northeast corner of Hudson and West Twelfth streets, one block distant, and inasmuch as the necessity for economy in the use of water is very pressing, I think the desired permission should not be granted.

FRANKLIN EDSON, Mayor.

Resolved, That permission and the same is hereby given to Adolph Guber to place and keep a watering-trough in front of his premises, No. 626 Hudson street, work to be done at his own expense, and under the direction of the Commissioner of Public Works; said permission to continue during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting Charles H. Flewitt to place and retain a show-case in front of No. 433 Sixth avenue.

This resolution does not define the position of the show-case or give its dimensions. With such permission as the above really grants, the applicant might place a very large show-case in the centre of the sidewalk. In its present form I cannot approve the resolution, nor do I think such obstruction should be allowed to be placed on the sidewalks.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to Charles H. Flewitt to place and retain a show-case in front of No. 433, Sixth avenue; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting James P. Mahon to place a post and emblematic sign within the curb-line at No. 221½ Centre street.

The resolution is too vague in its character; nothing is said as to the size or nature of this post, or as to the part of the sidewalk on which it is to be placed. While it might be unobjectionable, if its dimensions and location were known, it might, on the other hand, prove to be a far more serious obstruction than should be permitted. I cannot approve the resolution in its present form.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to James P. Mahon to place a post and emblematic sign within the curb-line in front of the premises No. 221½ Centre street; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, permitting William O'Connor to place a watering-trough in front of No. 532 West Fourteenth street.

A resolution exactly similar to the above was returned, with my reasons for disapproval, on the 9th of April. As I have in nowise changed the views I then entertained, I would respectfully refer your Honorable Body to my communication of that date.

FRANKLIN EDSON, Mayor.

Resolved, That permission be and the same is hereby given to William O. Connor to place and keep a watering-trough at No. 532 West Fourteenth street, work to be done at his own expense, and under the direction of the Commissioner of Public Works; such permission to continue during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, May 28, 1883.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 16, 1883, authorizing a walk across Chatham street, from No. 58 to the northeast corner of North William street.

There seems to be no especial necessity for a crosswalk at this point; besides, the grade is steep and the street already contains two railroad tracks. Under these circumstances I think the work should not be ordered.

FRANKLIN EDSON, Mayor.

Resolved, That a crosswalk be laid across Chatham street, from opposite the northeast corner of North William street to No. 58 Chatham street, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

#### REPORTS.

The Committee on Public Works, to whom were referred the two resolutions hereto annexed—one instructing your Committee "to examine and report to this Board its powers and duties in regard to granting permission to erect bay-windows, storm-doors, and other obstructions on the public highways and to report to this Board such general ordinance in relation to the subject as said Committee may deem advisable," and the other a resolution to repeal "Section 34 of article IV. of chapter 6 of Revised Ordinances of 1880" (regulating the erection of bay-windows, etc.), respectively

#### REPORT :

That, in referring the last resolution, the Board instructed your Committee to report at the next meeting, and in accordance with such direction the following is respectfully submitted :

An examination of the laws, ordinances and decisions in the higher courts of this State and City has convinced your Committee that it is not, legally, in the power of the Common Council (and it is very questionable if the power exists anywhere) to authorize or permit any encroachment into or upon any street, avenue, or other public highway, within the corporate limits of this city. These thoroughfares are held for the uses of the general public, are owned by the people in common, and no one person can legally be granted permanently, the exclusive use or occupation of any of them, or any part of any of them. This was held to be the law by the Court of Appeals, the highest court in this State, and is conclusive on this subject.

Your Committee are aware that many of our citizens, owners of property, believe they are entitled to certain privileges in the street beyond the line fixed for the erection of buildings; that there are area-lines and stoop-lines to which they have exclusive ownership; and that the purchase of the land carries with it the ownership in the public streets, to the lines above designated. This is a grave error, and a delusion that may yet subject many of such owners to much expense, should the people of the city ever claim what belongs to them.

It is true, at an early date in the history of this city, the Corporation designated stoop and area-lines, and permitted, under very strict regulations as to the manner of using these privileges, the occupation of one-tenth the width of the street, but in no case over seven feet, on which to erect stoops, and one-fifteenth, but in no case more than five feet, for area purposes. The stoops were required to be constructed with open backs, or sides, or railings, not wider than necessary for a convenient passage-way into the building, and in no case to exceed five feet in height; the areas were to be enclosed with a railing, with gates to open inwardly; and any violation of any of these requirements subjected the offender to a penalty of \$250. These ordinances are in full force and effect at the present day. And, what is a reprehensible fact, and anything but a complimentary commentary on the efficiency of the administration of the affairs of our local government, these ordinances are openly and flagrantly violated, daily and hourly, with the utmost impunity.

Bay-windows were restricted to the extent of one foot beyond the wall of the building by ordinance of the Common Council, and none but owners of stores availed themselves of the privilege, and although this ordinance has fallen into disuse and become obsolete, it has never been repealed, but is yet in full force and effect.

Within the past twenty years, however, many owners of property have acted as if they owned in fee a considerable portion of the public street on which their property fronts. In many of the streets in the upper portion of the city, where property is the most valuable, whole rows of buildings are erected, the stoops of which extend outwardly from the front wall fully fifteen feet, the restrictions as to height and mode of construction being totally disregarded; the areas are excavated outwardly nearly a like distance, while bay-windows project outwardly from four to six feet, with openings varying from ten to twenty feet, from every floor, beginning with the basement and ending with the top, usually the fifth story. In fact, your Committee have had their attention called to instances where owners of property have taken into their buildings, from the public streets, within a small fraction of as much space in square feet as they own of land surface on which their houses are built. Your Committee are at a loss to understand how such owners, if desirous of selling or otherwise disposing of their property, can convey it or give title thereto as the fee of the land upon which such bay-windows are erected, is in the Corporation of the City of New York, and not in the owner of the house, of which such bay-windows form a part. The fact that the Common Council permits, during its pleasure, this use of the public streets by private individuals, does not improve the matter, as it is not in the power of that body legally to make such a disposition of property held in common by the people of the city, and only complicates the title of the owner of the building, as no tenure can be more frail than that held during the pleasure of a legislative body, that it can recall, or that illegally permits the occupation of property it holds only in trust for others, any one of whom, if so disposed, can, at any time, eject the holder of the privilege, as he is simply a trespasser upon the property of the city.

Your Committee are very decidedly of opinion that action should be taken by your Honorable Body to prevent any further permanent encroachments by private individuals upon the public streets. So extensive, and, at times, so aggravating have they become, that unless put a stop to in a summary manner, there is no telling to what extent this evil practice will go. It is well, also, that these owners of private property should be made aware of the risk they incur in thus trespassing upon the property of our citizens, even though the trespass is seemingly sanctioned by the Common Council, during its pleasure. The Common Council certainly cannot legally sanction a violation of the law, or rightfully permit the private use of public property it only holds in trust for the people.

The charter of the city is clear and emphatic on this point. Subdivision 2<sup>d</sup> of section 17, article II., chapter 335, Laws of 1873 (Subdivision 3, of section 2, article IV., chapter 410, Laws of 1882), gives the Common Council power "to regulate the use of sidewalks, and PREVENT the extension of building-fronts and house-fronts within the stoop-lines." The Common Council clearly has power only to prevent such extensions, or encroachments, not to authorize or permit them. It is beyond question, therefore, that the Common Council of 1873, in framing and passing an ordinance or resolution recognizing the right of private individuals thus to encroach upon the public streets, and

prescribing the manner of obtaining such permission, exceeded its powers, and, in consequence, the resolution, or ordinance, is a nullity, and any privilege granted thereunder is worthless. The ordinance is contained in the edition of the Revised Ordinances of 1880, being section 34 of article IV., chapter 6, of said revision and was amended by resolution approved March 31, 1882. Both the ordinance and the amendment should be repealed. This is a necessary proceeding, as it will relieve the Common Council from the censure inevitable from continuing to act under an ordinance passed in contravention of law, and as no vested right has accrued to those who have been benefited by its illegal provisions, no injury can accrue to them by its repeal.

Those who have erected bay-windows and other projections to their buildings, and in doing so have encroached upon the public streets, will each have to take the consequences of his own illegal act, which may not be serious in their nature, until some purchaser refuses to take title to such a structure, by reason of the inability of the owner to establish an ownership to the land upon which such encroachments are built, or some injured citizen may compel his neighbor to remove the illegal structure.

The following resolution is therefore respectfully offered for your adoption :

Resolved, That section 34 of article IV., chapter 6, of the Revised Ordinances of 1880, and the resolution amending the same, approved March 31, 1882, be and they are hereby annulled, rescinded and repealed.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section twenty-four hundred and seventy-nine of the Code of Civil Procedure is amended so as to read as follows:

§ 2479. Where a new county has been heretofore, or is hereafter, erected, or territory has been heretofore, or is hereafter, transferred from one county to another, the jurisdiction of the surrogate's court of each of the counties affected thereby, to take the proof of a will, or to grant letters, depends upon the locality, when the petition is presented, of the place where the property of the decedent is situated, or where the event occurred, as the case may be, which determines jurisdiction. If, before the erection of the new county, or the transfer of the territory, letters have been granted, upon the ground that the decedent died or resided within the county, the surrogate's court from which they were issued has exclusive jurisdiction of the estate, and of all matters incidental thereto; and if the place where the decedent died or resided is embraced within another county, certified copies of any papers or proceedings, filed, entered, or recorded in the surrogate's court thereof, must be furnished on the payment of the fees therefor, by the proper officer, to any person interested in the estate; and upon the latter's request and payment of the fees therefor, the proper officer of the court so having jurisdiction must file, enter or record the same, in like manner and with like effect as the originals. Where the letters were granted upon any ground other than the decedent's death or residence within the county, the jurisdiction of the court from which they were issued remains unaffected by any change in the territorial limits of its county.

## HEALTH DEPARTMENT.

HEALTH DEPARTMENT—OFFICE OF THE SECRETARY,  
NO. 301 MOTT STREET,  
NEW YORK, May 23, 1883.

## PROPOSALS FOR ESTIMATES FOR ERECTING AND FINISHING A SEA WALL ON NORTH BROTHERS' ISLAND, CITY AND COUNTY OF NEW YORK.

ESTIMATES FOR ERECTING AND FINISHING a sea wall on North Brothers' Island, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 2.30 o'clock P. M. of the 5th day of June, 1883, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, inclosed "Estimate for Erecting and Finishing a Sea Wall on North Brothers' Island, City and County of New York," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

- 1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall neglect or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall neglect or refuse within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined and specifications and blank forms for bids or estimates obtained by application to the Secretary of the Board, at his office, 301 Mott street, New York.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.
